39. PARTICULARS OF EMPLOYEES AND RELATED INFORMATION:

In terms of the provisions of Section 197(12) of the Act read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, a statement containing the disclosures pertaining to remuneration and other details as required under the Act and the above Rules are The disclosures as specified under Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The percentage increase in remuneration of each Director, Chief Financial Officer and Company Secretary during the financial year 2021- 2022, ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the financial year 2021-2022 and the comparison of remuneration of each Key Managerial Personnel (KMP) against the performance of the Company are given in **Annexure I**.

40. SECRETARIAL STANDARDS:

The Company complies with the Secretarial Standards, issued by the Institute of Company Secretaries of India, which are mandatorily applicable to the Company. The same has also been confirmed by Secretarial Auditors of the Company in the Secretarial Audit Report as attached in **Annexure-II**.

41. DETAILS OF APPLICATION MADE OR ANY PROCEEDING PENDING UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016:

There are no application made during the financial year 2021-22 by or against the company and there are no proceedings pending under the Insolvency and Bankruptcy Code, 2016.

42. DETAILS OF DIFFERENCE BETWEEN AMOUNT OF THE VALUATION DONE AT THE TIME OF ONE TIME SETTLEMENT AND THE VALUATION DONE WHILE TAKING LOAN FROM THE BANKS OR FINANCIAL INSTITUTIONS ALONG WITH THE REASONS THEREOF:

The company is not required to conduct the valuation by the bank and valuation done at the time of One time settlement during the period under review.

43. ACKNOWLEDGEMENT:

Your Directors wish to place on record their appreciation and sincere thanks to the State Governments, Government agencies, Banks & Financial Institutions, customers, shareholders, vendors and other related organizations, who through their continued support and co- operation have helped, as partners in your Company's progress. Your Directors, also acknowledge the hard work, dedication and Commitment of the employees.

ANNEXURE I

DISCLOSURES PURSUANT TO SECTION 197(12) OF THE COMPANIES ACT, 2013 READ WITH RULE 5(1) OF COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014 ARE AS UNDER:

1. The ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the financial year 2021-22.

Name of the Directors	Designation	Remuneration	Median Remuneration (MR)	Ratio No. of times to MR
Archit Parakh	Chairman and Managing Director	250000	14900	16.77
Arpit Parakh	Whole-time Director	250000	14900	16.77
Namita Bai Parakh	Non-Executive Director	-	-	-
Gyan Das Manikpuri	Non-Executive Director	-	-	-
Ramakant Sarda	Independent Director	-	-	-
Nandkishor Bhutada	Independent Director	-	-	-

2. The percentage increase in remuneration of each Director, CFO, CEO, Company Secretary for the financial year 2021-22 as compared to 2020-21:

Name of the Directors	Designation	Remuneration 2020-21	Remuneration 2021-22	% Increase/ (Decrease)
Archit Parakh	Chairman and Managing Director	12,00,000.00	30,00,000.00	150%
Arpit Parakh	Whole-time Director	12,00,000.00	30,00,000.00	150%
Namita Bai Parakh	Non-Executive Director	-	-	-
Gyan Das Manikpuri	Executive Director	-	-	-
Ramakant Sarda	Independent Director	-	-	-
Nandkishor Bhutada	Independent Director	-	-	-
Basant Vyas	CFO	5,74,982.00	6,46,640.00	12.46%
Aakash Agrawal	CS	3,38,200.00	3,96,000.00	17.09%

Notes:-The figures have been annualized for calculating % increase in remuneration.

3. The percentage increase in the median remuneration of the employees in the Financial Year (2021-22)- There was 25.22% increase in the median remuneration of employee's during 2021-22.

4. The numbers of permanent employee's on rolls of the company-There were 91 permanent employees on the rolls of Company as on March 31, 2022 except executive Directors.

5. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

Average percentage increase in salary of the Company's employees was 25-30%. The total managerial remuneration for the Financial Year 2021-22 was Rs. 60 Lacs. Increments in remuneration of employees are as per the appraisal / Remuneration Policy of the Company.

6. Affirmation that the remuneration is as per the Remuneration Policy of the Company. It is hereby affirmed that the remuneration paid is as per the Remuneration Policy for Directors, Key Managerial Personnel and other Employees.

INFORMATION AS PER SECTION 197 (12) OF THE COMPANIES ACT, 2013 READ WITH THE RULE 5 (2) & (3) OF THE (APPOINTMENT AND REMUNERATION) RULES, 2014 AS AMENDED, AND FORMING PART OF THE DIRECTORS' REPORT FOR THE YEAR ENDED ON MARCH 31, 2022.

A. THE NAME OF TOP 10 EMPLOYEES IN TERMS OF REMUNERATION DRAWN:

Sr. No	Name	Designation	Gross Remuneration Drawn per month
1	Arpit Parakh	Whole-time Director	250000
2	Archit Parakh	Chairman and Managing Director	250000
3	Abhay Parakh	Vice President	100000
4	Najibul Hasan Ansari	General Manager Plant	72000

NOTES:

1. The nature of employment in all above cases is contractual as per the rules and conditions of the Company.
2. Remuneration includes basic salary, allowances, perquisites, contribution to provident fund and other funds as per Company Policy.
3. None of the employee own more than 2% of the equity shares of the Company as on March 31, 2022.
4. No employee is relative of any director or manager of the Company except Mr. Abhay Parakh Cousin Brother of Archit Parakh and Arpit Parakh.

ANNEXURE II
SECRETARIAL AUDIT REPORT

FORM NO. MR-3

(For The Financial Year Ended 31/03/2022)

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
Jainam Ferro Alloys (I) Limited

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Jainam Ferro Alloys (I) Limited** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Our responsibility is to express an opinion on the Compliance of applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable auditing standards issued by the Institute of Company Secretaries of India (ICSI). The auditing standards require that the auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliances with the applicable laws and maintenance of records.

Due to inherent limitations of audit including internal, financial and operating controls, there is an unavoidable risk that some material misstatements or material non compliances may not be detected; even through the audit is properly planned and performed in accordance with the standards.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has during the audit period covering the financial year ended on **31st March, 2022 (hereinafter called the 'Audit period')** complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Jainam Ferro Alloys (I) Limited for the financial year ended on **31st March, 2022** according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, **are not applicable to the company during the reporting period;**
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Securities Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; **Not Applicable for the period under review;**
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008: **Not Applicable for the period under review;**
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009: **Not Applicable for the period under review;**

- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998: **Not Applicable for the period under review;**
 - i. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible and Redeemable Preference Shares) Regulations, 2013: **Not Applicable for the period under review;**
 - j. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - k. The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018:
- vi. other laws applicable to the Company as per the representation given by the company.

We have also examined compliance with the applicable clauses of the following:

- ❖ Secretarial Standards issued by The Institute of Company Secretaries of India.
- ❖ The Listing Agreements entered into by the Company with National Stock Exchange of India Ltd. (NSE) (SME) as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:-

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- Decision at the Board Meeting, as represented by the management and recorded in minutes, were taken unanimously.
- Adequate notice is given to all directors for resolution(s) passed by circulation, and draft resolution(s) together with necessary papers, if any, were sent within the prescribed time frame.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the company has issue and allotted shares to public by fresh issue of 13,02,000 (Thirteen Lacs Two Thousand) equity shares and through offer for sale of 15,00,000 (Fifteen Lacs) equity shares in pursuance of the above referred laws, rules, regulations and guidelines etc.

We further report that the Company has responded appropriately to notices received, if any, from various statutory/ regulatory authorities including initiating actions for corrective measures, wherever found necessary.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. INDUSTRY OVERVIEW:

The company is engaged in various products such as Ferro manganese, Silicon manganese and Ferro manganese slag and rise in demand for steel and metal alloys; and growth in automobile and construction industries are driving the ferrosilicon market. It has various features such as Impeccable Chemical Composition, free from impurities, corrosion proof, fire anti-oxidant characteristics low melting point and sturdiness. Ferroalloys market will progress in positive direction due to there ability to enhance properties of various types of alloys and steel. They help in adding various alloying elements in desired quantities in the most technical and economic ways. The product plays a very significant role in industrial development. The major end-use of ferroalloys is in automotive, railways, construction and various mechanical engineering industries. High energy consumption during production along with increasing fuel prices across the globe may hinder the growth of market in coming years.

2. FERROALLOYS INDUSTRY:

GLOBAL:

The global ferroalloys market is expected to grow on account of rising steel production around the world. The ferroalloys include ferrochrome, ferrosilicon, ferromanganese and ferromolybdenum, among others. Various types of ferroalloys have different purposes in the production of steel. For instance, ferrovanadium in steelmaking is used to provide strength against alkalis and acids such as sulphuric and hydrochloric acid. It provides corrosion resistance and enhances tensile strength of casting & welding electrodes.

Nearly 85 to 90% of all the ferroalloys are used in the production of steel. Therefore, production and consumption of steel and related products have a huge impact on the pricing of ferroalloys and vice versa. Cost of ferroalloy is one of the key criteria for deciding suitable ferroalloy for the production of a particular grade of steel. Specification of steel is also an important factor while calculating the costs of steelmaking. For instance, specific grade of steel with low phosphorous can be manufactured using two methods viz. either by the use of normal steelmaking process, which uses expensive ferroalloys with low phosphorous content or by increasing the refining time and basicity of slag to reduce phosphorous at low levels.

As per the World Steel Association, the global production of crude steel reached 1,950.5 million tons in 2021, an increase of 3.7% from 2020. China was the leading producing country with production of 1,032.8 million tons in 2021. China was followed by India, Japan, the U.S., Russia, South Korea, Turkey and Germany. These leading countries are expected to remain the key markets for ferroalloy producers. As the economy gradually recovered from the effects of the pandemic, chromium ore output increased by 24.8% to 34.89 million tonnes in 2021 from 27.96 million tonnes in 2020. South Africa continued to be the largest producer of chromium in 2021 with 21.06 million tonnes followed by India with 4.19 million tonnes.

INDIA:

Ferro-alloys are one of the important inputs in the manufacture of alloys and special steel. They impart special properties to steel. The alloys provide increased resistance to corrosion, improves hardness and tensile strength at high temperature, gives wear and abrasion resistance and increases creep strength, etc. The growth of Ferro-alloys Industry

is, thus, linked with the development of the Iron and Steel Industry, Foundry Industry and to some extent Electrode Industry. The principal ferroalloys are chromium, manganese and silicon. The product series consists mainly of ferro-manganese, silico-manganese, ferro-silicon and ferro-chrome.

Ferro-alloys are classified into two main categories, viz, bulk ferro-alloys and noble ferroalloys. Owing to high cost of power, Ferro-alloys Industry has not been operating to its full capacity in India. The Electricity cost accounts over 40 % to 70 % of total cost of production, depending on the Ferro Alloys produced.

At present, major portion of the ferro-alloys produced is exported. Ferro-manganese, silicomanganese, ferro-silicon, high carbon ferro-chrome and charge-chrome are exported after meeting the domestic requirements. India has sufficient highly skilled technical manpower and the latest equipment technology for production of ferro-alloys. India ranks 1st in the world for the export of Sillico Manganese & ranks 4th in the world for export of Ferro Manganese.

3. MARKET TRENDS:

The Asia Pacific region has the largest ferro alloys market share, and this trend is projected to continue in the next years. This region is generating increasing ferroalloys market share due to consumer discretionary income growth and the region's growing construction industry. There are following key points based on the market trends of the Industry:

- Asia Pacific has the greatest market share, and this area is often regarded as leading the worldwide market by creating the greatest ferroalloys market share among other regions. The region's construction industry and disposable income are growing, which is boosting market expansion and increasing the ferroalloys market share.
- The use of ferroalloys in the automotive industry, as well as the increasing use of matrix alloys, is expected to drive growth in the European areas throughout the reviewed period.
- The North American area region is predicted to expand due to increased demand for ferroalloys in various end-use sectors such as metallurgy, electronics, construction, aerospace, medical devices and automotive.
- Market players are adopting many strategies such as acquisition, mergers, contract, agreement and partnership to expand their business.
- End-users such as electronics, automotive and construction are expected to enhance the global market as well as the demand for ferroalloys.

Ferroalloys Market Report Highlights:

4. FUTURE OUTLOOK:

With rapid industrialization, rising construction activities as well as infrastructure development around the world, and high product usage across applications such as automotive, power, pipes, fittings and valves, industrial machinery, among others, the metals and alloys market is expected to grow significantly in the coming years. Depending on the process of steel making and the type of steel being manufactured, the requirement of different ferroalloys varies widely.

Indian Ferroalloys Industry has immense potential and capability to compete in the international market. On the positive side, India produces some of the finest ferroalloys in the world. Indian ferroalloys are extensively preferred in Europe. India exports potential is indeed bright with very high growth prospects. As per the steel world report, ferroalloys Industry is estimated to grow at a CAGR of 5.9% between 2017 to 2025 and is expected to reach a valuation of US\$ 188.7 Bn by 2025. India is expected to show strong growth in usage of steel in the coming years because of its robust economy, massive infrastructure needs and expansion of industrial production. India is expected to become one of the leading steel consuming nations in the next decade. In this scenario, the Ferroalloys Industry estimates that the consumption of ferroalloys will increase domestically and internationally in the coming years. Some of the Ferroalloy Producers have already gone for expansion and some new units are coming up.

As per the National Steel Policy, 2017, Ferroalloy is a power intensive industry. Hence, captive power generation in the ferroalloys plants will be extensively supported. Since the demand for ferroalloys is likely to grow along with steel production in the country, the Industry would have to be encouraged to set up larger units to achieve adequate economies of scale. Efforts in the direction of providing necessary raw materials linkages and stable supply of power to the Ferroalloy units must be rendered priority.

5. OVERVIEW OF THE COMPANY AND ITS BUSINESS:

Our Company was originally incorporated as Jainam Infraways Private Limited in March 2014. We are currently manufacturing two types of Ferro Alloys namely, Ferro Manganese (FeMn) and Silico-manganese (SiMn). Both the alloys are largely used in Steel industry. Ferro-manganese adds strength, toughness and other properties to steel. Silico manganese provides additional silicon which is a stronger De-oxidant in manufacturing steel. Our Company also generates revenue from its trading activities of manganese ore, used as a raw material in manufacturing Ferro alloys.

In the year 2016, our Company took over the property of ferro alloy plant of M/s Raghuvir Ferro Alloys Private Limited vide Sale deed dated June 21, 2016. Pursuant to the sale deed the company acquired the entire factory of M/s Raghuvir Ferro Alloys Private Limited having its factory located at Plot No. 103 to 113 & 130 to 136/A & 137, Sector-C, Urla Industrial Area, Raipur, Chhattisgarh- 492003, India including Super Structure Factory Shed, Administrative Buildings, Plant and Machinery, Weigh Bridge, Electrical Installation, Office equipment together with all rights, concessions, licenses and other privileges and the allotted manganese ore mines at K.H. No. 8/2,

9/1, 10/1, 10/2 and 14/1, Village Jagantola, Tehsil – Baihar, District Balaghat, Madhya Pradesh with valid lease period upto 2028 which was later extended upto 2058 by the State Government vide Extension Lease Deed dated April 11, 2018. .

Thereafter we started commercial production with one furnace having designed capacity of 9 MVA with 5000 KVA power load for the production of Ferro alloys of the different grades. Buyout by the response from the market in June 2017, the company started one more furnace having designed capacity of 6 MVA with 4000 KVA power load for the same manufacturing activity. The products manufactured by our Company are primarily used in manufacturing of steel and in foundry activities. It is used as an alloying element which enhances some key physical properties of steel like elasticity, ultimate tensile, strength and toughness etc. Sometimes addition of some elements in the form of alloys is done deliberately to liquid steel for developing abrasion resistance, wear resistance and corrosion resistance properties. Apart from using manganese alloys for alloying the steel, they are also widely used for deoxidizing, desulphurization & refining of steel. Phosphorus and other elements can also be controlled depending on customer specification. Smaller quantities of alloys are used as reductant in order to produce other metals. Besides their use in plain carbon steel and alloy steel plants, Ferro alloys are consumed by the foundries and electrode industries. A very specific application of refined manganese alloys is a constituent in the coating of welding electrodes. In ceramic industries, manganese alloys are used in small quantities.

Our customers include companies like Steel Authority of India Ltd, Jindal Stainless Ltd (Jajpur), Jayaswal Neco Industries Limited, Jindal Steel & Power Ltd (Raigarh), Ahmedabad Metal & Alloys, Ascent Enterprises, Saarloha Advanced Materials Pvt Ltd, BRGD Ingot Pvt Ltd, Shri Madhav International, JSW Steel Limited (Bellary).

OUR COMPETITIVE STRENGTHS

We believe that the following are our primary competitive strengths:

➤ Quality Assurance

Our Company is dedicated towards quality of our products, processes and input raw material. Our Company had been accredited with “ISO 9001:2015” Certification for Quality Management System and “ISO 14001:2015” Certification for Environmental Management System for Manufacturing of Ferro Alloys such as Ferro Manganese & Silico Manganese. We adhere to quality standards as prescribed by our customers to meet the desired chemical composition; hence we get repetitive orders from our buyers. Delivering Quality products on time is one of our prime objective. We dedicate resources for quality assurance to ensure that quality norms are continually met. We also have quality control checks before any consignment of Raw material is accepted since it has a direct impact on the quality of Finished Product.

➤ Customer Satisfaction

Customer satisfaction is very important for the growth of any business. We have developed a significant and mutually beneficial business relationship with our customers and it can be reflected in the repeat orders we get from our customers. THE MEMBERS OF JAINAM FERRO ALLOYS (I) LIMITED
RAIPUR (C.G.)

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **JAINAM FERRO ALLOYS (I) LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss, Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements"), which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2022 and its Profit, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key Audit Matters	How our audit addressed the key audit matter
Utilization of funds raised through public issue towards Working Capital Requirements of the company	
The company has raised Rs. 911.40 Lacs through its IPO in October 2021 out of which Rs. 677.60 Lacs was raised to meet working capital requirements of the company. The company imports its raw material from outside India and the said imports are done on the basis of Letter of Credits (LC's) issued by the bank of the company. The bank has sanctioned an	<p>Our audit procedures included, among others the following:</p> <ul style="list-style-type: none"> • Analysis of the flow of fund which was received through the IPO. • Analysis of the changes in the overall receivables/payables of the company in the post-issue period viz. a viz. the pre issue period.

overall limit of Rs. 21 Crores for LC's, but the company's requirement of LC's is more than this amount. The bank of the company has facilitated sanction of further LC's above Rs. 21 Crores, on the basis of furnishing adequate required margin in the form of Fixed Deposits (FD's) by the company with the same Bank. The funds of Rs. 677.60 Lacs raised through IPO are utilized by the company for creation of FD's which are lien marked against issuance of LC's which are further used for import of raw material by the company, which constitutes towards the working capital requirements of the company.

This is a key audit matter as significant analysis and judgement is involved to establish the utilization of funds raised.

- Obtaining confirmation of outstanding balances of FD's lien marked against LC's issued.
- Assessed and reviewed the disclosures made by the Company in the standalone financial statements.

Emphasis of Matters

We draw attention to the following matters in the notes to the financial statements: -

1. *Refer Note No. 39 to the financial statements, which describes regarding certain disclosures relating to SSI Enterprises & Micro/Small/Medium Enterprises.*

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the state of affairs, profit/loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act read with the companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that gives true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors Are Also Responsible for Overseeing the Company's Financial Reporting Process.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is included in Annexure A. This description forms part of our auditor's report.

ANNEXURE A TO THE AUDITORS REPORT

Responsibilities for Audit of Financial Statement

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- v. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- vi. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- vii. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- viii. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE AUDITORS REPORT

Independent Auditor's Report on Internal Financial Controls over Financial Reporting

[Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our Report of even date to the members of JAINAM FERRO ALLOYS (I) LIMITED On the accounts of the company for the year ended 31st March, 2022]

Opinion

We have audited the internal financial controls over financial reporting of **JAINAM FERRO ALLOYS (I) LIMITED** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".] These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that,

in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

4. In our opinion and according to the information and explanation given to us, the company has complied with the provisions of section 185 and 186 of the act, with respect to the loans, advances and investments made.
5. The Company has not accepted any deposits from public. Accordingly, paragraph 3 (v) of the order is not applicable to the Company in respect of the repayment of the principal amount.
6. We have broadly reviewed the books of accounts maintained by the Company pursuant to the Order of the Central Government for maintenance of Cost records in respect of Ferro Alloys and are of the opinion that prima facie the prescribed accounts and records have been made and maintained.
7. In respect of statutory dues:
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues including income tax, GST, sales tax, wealth tax, service tax, custom duty, excise duty, cess, Provident Fund and other material statutory dues applicable to it have been regularly deposited during the year by the Company with the appropriate authorities. As informed

to us, Investor Education & Protection Fund Act are not applicable to the Company and hence they do not have any dues on these accounts.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income tax, GST, sales tax, value added tax, duty of customs, service tax, cess, and other material statutory dues were in arrears as at 31st March, 2022 for a period of more than six months from the date they became payable.

- b) According to the information and explanations given to us, there are no dues of amounts payable in respect of provident fund, income tax, GST, sales tax, value added tax, duty of customs, duty of excise, service tax, cess, wealth tax and other material statutory dues applicable to it, which have not been deposited with appropriate authorities on account of any dispute.
8. The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
9. In respect of borrowings by the company: -
 - a) In our opinion and according to the information and explanations given to us and as per the books and records examined by us, the company has not defaulted in repayment of dues to a financial institution, bank or debenture holder.
 - b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - c) Term loans were applied for the purpose for which the loans were obtained.
 - d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
 - e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
10. In respect of Funds raised by the company: -
 - a) During the year, the Company was listed in NSE Emerge SME Platform and raised funds through an IPO in the month of October 2021. Based upon the audit procedures performed and the information and explanations given by the management, we report that, moneys raised by way of initial public offer were applied for the purposes for which those are raised. Further, no debt instruments were offered during the year

Nature of the fund raised	Purpose for which funds were raised	Total Amount Raised	Amount utilized for the other purpose	Unutilized balance as at balance sheet date	Details of default	Subsequently rectified
Initial Public Offer	To meet working capital requirement	677.60	677.60	Nil	NA	NA
	General Corporate Purpose	185.00	205.36	Nil*	NA	NA
	Offer Expenses	48.80	28.44	Nil*	NA	NA
Total		911.40	911.40	Nil		

*The surplus amount of offer expenses is utilized towards General Corporate Purpose as mentioned in Clause "Objects of an Issue" of Prospectus dated 22nd September 2021.

- b) The Company has not made any preferential allotment or private placement of shares/fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
11. In respect of Frauds done on or by the company: -
- a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year.
- b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor/secretarial auditor or by using Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related party are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. In respect of Internal Audit System: -
- a) The Company has an internal audit system commensurate with the size and nature of its business.
- b) The internal audit report of the Company issued by the internal auditor, for the period under audit has been considered by us.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected to him. Accordingly, paragraph 3(xv) of the Order is not applicable.
16. In respect of applicability of provisions of the Reserve Bank of India Act, 1934: -
- a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- c) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.
17. The Company has not incurred cash losses in the current year and in the immediately preceding financial year.
18. There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
19. On the basis of the financial ratios disclosed in note to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of

the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

20. The provisions of section 135 of the act are not applicable on the company for the F.Y. 2021-22 and accordingly requirement to report on Clause 3(xx) of the Order is not applicable to the Company.
21. The company is not required to prepare consolidated financial statements in accordance with section 129 of the act and accordingly requirement to report on Clause 3(xxi) of the Order is not applicable to the Company.

SIGNIFICANT ACCOUNTING POLICIES

CORPORATE INFORMATION

Jainam Ferro Alloys (I) Limited (the 'Company') is a Public Limited Company incorporated in India on the 6th day of March 2014 under the Companies Act 2013. The company is involved in the business of manufacturing of Ferro Alloy Metals.

STATEMENT OF COMPLIANCE

The financial statements comply, in all material aspects, with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the 2013 Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

BASIS OF PREPARATION AND PRESENTATION

The financial statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the 2013 Act.

CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

The preparation of the financial statements requires management to make estimates, assumptions and judgments that affect the reported balances of assets and liabilities and disclosures as at the date of the financial statements and the reported amounts of income and expense for the periods presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates considering different assumptions and conditions. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are discussed below.

DEFERRED INCOME TAX ASSETS AND LIABILITIES

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

The amount of total deferred tax assets could change if management estimates of projected future taxable income or if tax regulations undergo a change.

USEFUL LIVES OF PROPERTY, PLANT AND EQUIPMENT ('PPE') AND INTANGIBLE ASSETS

Management reviews the estimated useful lives and residual value of PPE and Intangibles at the end of each reporting period. Factors such as changes in the expected level of usage, technological developments and product life-cycle, could significantly impact the economic useful lives and the residual values of these assets. Consequently, the future depreciation charge could be revised and may have an impact on the profit of the future years.

EMPLOYEE BENEFIT OBLIGATIONS

Employee benefit obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments. These include the estimation of the appropriate discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, the employee benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

PROVISIONS AND CONTINGENCIES

From time to time, the Company is subject to legal proceedings, the ultimate outcome of each being subject to uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount can be reasonably estimated. Significant judgement is required when evaluating the provision including, the probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances. Contingent liabilities are disclosed in the notes forming part of the financial statements. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

FOREIGN CURRENCY TRANSLATION

The functional currency of Jainam Ferro Alloys (I) Limited (i.e. the currency of the primary economic environment in which the Company operates) is the Indian Rupee (₹).

On initial recognition, all foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Monetary assets and liabilities, denominated in a foreign currency, are translated at the exchange rate prevailing on the Balance Sheet date and the resultant exchange gains or losses are recognised in the Statement of Profit and Loss.

PROPERTY, PLANT AND EQUIPMENT

An item of property, plant and equipment is recognized as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it and subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of PPE includes interest on borrowings directly attributable to the acquisition, construction or production of a qualifying asset. A qualifying asset is an asset that necessarily takes a substantial period of time to be made ready for its intended use or sale. Borrowing costs and other directly attributable cost are added to the cost of those assets until such time as the assets are substantially ready for their intended use, which generally coincides with the commissioning date of those assets.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision is met. Machinery spares that meet the definition of PPE are capitalized and depreciated over the useful life of the principal item of an asset.

All other repair and maintenance costs, including regular servicing, are recognized in the Statement of Profit and Loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognized. Where an item of property, plant and equipment comprises major components having different useful lives, these

components are accounted for as separate items.

PPE acquired and put to use for projects are capitalized and depreciation thereon is included in the project cost till the project is ready for commissioning.

Depreciation methods, estimated useful lives and residual value

Depreciation on PPE (except leasehold improvements and PPE acquired under finance lease) is calculated using the Written down Value Method to allocate their cost, net of their residual values, over their estimated useful lives. However, leasehold improvements and PPE acquired under finance lease are depreciated on a straight-line method over the shorter of their respective useful lives or the tenure of the lease arrangement. Freehold land is not depreciated.

Schedule II to the Companies Act 2013 prescribes the useful lives for various class of assets. For certain class of assets, based on technical evaluation and assessment, Management believes that the useful lives adopted by it reflects the periods over which these assets are expected to be used. Accordingly for those assets, the useful lives estimated by the management are different from those prescribed in the Schedule. Management's estimates of the useful lives for various class of fixed assets are as given below:

ASSET	USEFUL LIFE
Factory Building	15 Years
Office Equipment	3 to 5 Years
Furniture & Fixtures	5 Years
Plant & Machinery	5 Years
Motor Vehicles	Upto 8 Years

Useful lives and residual values of assets are reviewed at the end of each reporting period. Losses arising from the retirement of, and gains or losses arising from disposal/adjustments of PPE are recognised in the Statement of Profit and Loss.

INTANGIBLE ASSET

Capital work-in-progress ('CWIP') and intangible assets under development

Projects under commissioning and other CWIP/ intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

Subsequent expenditures relating to property, plant and equipment are capitalized only when it is probable that future economic benefit associated with these will flow to the Company and the cost of the item can be measured reliably.

Advances given to acquire property, plant and equipment are recorded as non-current assets and subsequently transferred to CWIP on acquisition of related assets.

INVESTMENT PROPERTY

Investment properties are land and buildings that are held for long term lease rental yields and/ or for capital appreciation. Investment properties are initially recognized at cost including transaction costs. Subsequently investment properties comprising buildings are carried at cost less accumulated depreciation and accumulated Impairment losses, if any.

Depreciation on buildings is provided over the estimated useful lives as specified in above note for property plant and equipment above. The residual values, estimated useful lives and depreciation method of investment properties are reviewed, and adjusted on prospective basis as appropriate, at each reporting date. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

An investment property is de-recognized when either the investment property has been disposed of or do not meet the criteria of investment property i.e. when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the Statement of Profit and Loss in the period of de-recognition.

RESEARCH AND DEVELOPMENT EXPENSES

Research expenses are charged to the Statement of Profit and Loss as expenses in the year in which they are incurred. Development costs are capitalized as an intangible asset under development when the following criteria are met:

- The project is clearly defined, and the costs are separately identified and reliably measured;
- The technical feasibility of the project is demonstrated;
- The ability to use or sell the products created during the project is demonstrated;
- The intention to complete the project exists and use or sale of output manufactured during the project;
- A potential market for the products created during the project exists or their usefulness, in case of internal use, is demonstrated, such that the project will generate probable
- Future economic benefits; and
- Adequate resources are available to complete the project.

These development costs are amortized over the estimated useful life of the projects or the products they are incorporated within. The amortization of capitalized development costs begins as soon as the related product is released to production.

NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets (including disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

Non-current assets classified as held for sale are not depreciated or amortized from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Balance Sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and:

- represents a separate major line of business or geographical area of operations and;
- Is part of a single coordinated plan to dispose of such a line of business or area of operations.

The results of discontinued operations are presented separately in the Statement of Profit and Loss.

FINANCIAL INSTRUMENTS

Investments and other financial assets:

Classification

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through OCI, or through profit or loss), and
- Those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or through OCI.

For investments in debt instruments, this will depend on the business model in which the investment is held.

For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through OCI.

The Company's policy is to reclassify debt investments when and only when its business model for managing those assets changes.

Debt instruments

Measurement

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost**

Assets that are held for collection of contractual cash flows, where those cash flows represent solely payments of principal and interest, are measured at amortised cost. A gain or loss on a debt investment (unhedged) that is subsequently measured at amortised cost is recognised in the Statement of Profit and Loss when the asset is derecognised or impaired.

- **Fair value through other comprehensive income ('FVTOCI')**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are recorded through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is de-recognised, the cumulative gain or loss previously recognised in OCI is transferred from OCI to Other equity.

- **Fair value through profit or loss ('FVTPL')**

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL (unhedged) is recognised net in the Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. When the financial asset is de-recognised, the cumulative gain or loss previously recognised in OCI is reclassified to equity. Dividends from such investments are recognised in the Statement of Profit and Loss within other income when the Company's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value with a maturity within three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, which are unrestricted for withdrawal and usage.

Derecognition of financial assets

- A financial asset is de-recognised only when the Company has transferred the rights to receive cash flows from the financial asset; or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company transfers an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. Where the Company has transferred substantially all risks and rewards of ownership, the financial asset is de-recognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised. Where the Company has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Debt and equity instruments

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities comprise borrowings, trade payables and other liabilities. These are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the EIR method. The EIR is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period. Changes to the carrying amount of a financial liability as a result of renegotiation or modification of terms that do not result in derecognition of the financial liability, is recognised in the Statement of Profit and Loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, its obligations are discharged, cancelled or they expire.

Presentation

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

Derivatives and hedging activities

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange. When the Company opts to undertake hedge accounting, the Company documents, at the inception of the hedging transaction, the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows or fair values of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

Derivatives are initially recognised at fair value on the date the derivative contract is entered into and are subsequently re measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

Derivatives that are not designated as hedges

When derivative contracts to hedge risks are not designated as hedges, such contracts are accounted through FVTPL.

As at the year-end, there were no designated accounting hedges.

The entire fair value of a hedging derivative is classified as a noncurrent asset or liability when the remaining maturity of the hedged item exceeds 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item does not exceed 12 months.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value.

IMPAIRMENT

Financial assets (other than at fair value)

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and debt instruments carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. In respect of trade receivables the Company applies the simplified approach permitted by Ind AS 109 - Financial Instruments, which requires expected lifetime losses to be recognised upon initial recognition of the receivables.

PPE, CWIP and Intangible Assets

The carrying values of assets / cash generating units ('CGU') at each Balance Sheet date are reviewed to determine whether there is any indication that an asset may be impaired. If any indication of such impairment exists, the recoverable amount of such assets / CGU is estimated and in case the carrying amount of these assets exceeds their recoverable amount, an impairment loss is recognised in the Statement of Profit and Loss. The recoverable amount is the higher of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. Assessment is also done at each Balance Sheet date as to whether there is indication that an impairment loss recognized for an asset in prior accounting periods no longer exists or may have decreased, consequent to which such reversal of impairment loss is recognised in the Statement of Profit and Loss.

INVENTORIES

Inventories are valued at lower of cost (on First In First Out basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, taxes and duties. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

REVENUE RECOGNITION

Sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Interest income

For all debt instruments measured either at amortised cost or at FVTOCI, interest income is recorded using the EIR method.

Dividend income

Dividend income is accounted for when Company's right to receive the income is established.

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

LEASES

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance Leases:

Lease arrangements in which substantially all risks and rewards of ownership of the under-lying assets are transferred to the Company, are classified as finance lease.

Assets held under finance leases are initially recognised at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation. Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability.

Operating leases:

The leases which are not classified as finance lease are operating leases.

Lease arrangements where the risks and rewards of ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

BORROWING COSTS

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of qualifying assets is added to the cost of the assets upto the date the asset is ready for its intended use. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

GOVERNMENT GRANTS

Government grants and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants and subsidies will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Balance sheet and transferred to the Statement of Profit and Loss on systematic and rational basis over the useful lives of the related asset.

SEGMENT REPORTING

The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the Managing Director and Chief Executive Officer (who is the Company's chief operating decision maker) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in conformity with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities shall be identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue shall be accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis shall be included under 'unallocated revenue / expenses / assets / liabilities'.

INCOME TAX

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the Statement of Profit or Loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items

that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to realise the asset or to settle the liability on a net basis.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in OCI or directly in equity.

Deferred tax assets include a credit for the Minimum Alternate Tax ('MAT') paid in accordance with the tax laws, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT asset is recognized as deferred tax assets in the Balance Sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

PROVISIONS AND CONTINGENCIES

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate of the amount can be made. Provisions are determined based on best estimate required to settle the obligation at the Balance Sheet date. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of the money is material). The increase in the provisions due to passage of time is recognized as interest expense. Provisions are reviewed as at each reporting date and adjusted to reflect the current estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

DIVIDEND

Final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.
