MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMIC OVERVIEW

India's Economic Survey 2022-23 indicates that private investment gathered momentum during the current fiscal in all major sectors, including the textile sector. However, manufacturing industries like textiles, apparel and leather have been showing tepid growth as the export demand for these products remained soft due to slow global demand.

A quick study of the survey report by the Confederation of Indian Textile Industry (CITI) showed that the textile sector recorded private investment of about ₹ 10,000 crore in first half of 2022-23 (i.e., April 2022 to September 2022). But the investment slowed down to around ₹ 7,000 crore in second half of the current fiscal. Textile sector was underperformed compared to other economic sectors like steel, electricity, chemical, auto and pharma.

The growth in textile sector was disappointing because of tepid demand from global market. In the first eight months of the current fiscal, the sector could maintain positive growth (of 5.9 per cent year-on-year) only in May. The textiles sector growth remained negative in the remaining seven months from April to November 2022. The sector witnessed negative growth of 0.4 per cent in April 2022, 3.1 per cent in June, 9 per cent in July, 12.5 per cent in August, 13.9 per cent in September, 18.7 per cent in October and 9 per cent in November 2022.

As per the report, wearing apparel industry recorded growth in April (55.2 percent), May (69.9 percent), June (42.6 percent) and July 2022 (15.1 per cent). But it went into red in August (-18.3 per cent), September (-21.6 per cent), October (-36.6 per cent) and November 2022 (-11.7 per cent). Leather and related products noted growth of 5 per cent in April, 47.5 per cent in May and 1.9 per cent in June 2022. But they too turned negative in subsequent months and registered decline of 13.5 per cent in July, 16 per cent in August, 17.5 per cent in September, 25.5 per cent in October and 2 per cent in November 2022.

The survey indicated that most of the segments within the manufacturing sector, except the textile industry, witnessed growth in credit offtake in November 2022. Foreign Direct Investment (FDI) could not recover in the textile sector after COVID disruption in fiscal 2020-21.

Minister Goyal has encouraged the textile industry to utilise current ministry schemes, including the National Technical Textiles Mission and Scheme For Capacity Building In Textile Sector (Samarth). The dialogue focused on sustainability, R&D centre establishment, ESG compliance, and value-added product creation in the upcoming PM MITRA parks. A phased development of these parks for resource efficiency and better textile value chain integration was emphasized. Two action teams were proposed to study ESG norms and global best practice park design for future PM MITRA units.

Following Prime Minister Narendra Modi's 5F vision (Farm to fibre; fibre to factory; factory to fashion; fashion to foreign) to create a self-reliant India and strengthen its position in global textiles, a scheme was announced in the 2021-22 Union Budget to set up seven PM MITRA Parks. The PM MITRA scheme aims to establish an integrated textile value chain, reducing industry logistics costs. Expected to create about 100,000 direct and 200,000 indirect jobs per park spread over 1,000 acres, with proposed investment of around ₹ 70,000 crore, these parks will be developed through Public-Private Partnership.

INDIAN ECONOMIC PROSPECTIVE

The financial year 2022-23 opened with a firm belief that the pandemic was rapidly on the wane and that India was poised to grow at a fast pace and quickly ascend to the pre-pandemic growth path. The economy was expected to grow at 6.5 to 7% for FY23 despite pandemic recovery and the Russia-Ukraine war. India's economic growth in FY23 has been principally led by private consumption and capital formation.

Global growth has been projected to decline in 2023 and is expected to remain generally subdued in the following years as well. Outlook: 2023-24.

The consumers in US, Europe and other major markets have cut spending on clothing following a surge in inflation after the Ukraine war.

However, the overall Indian economy is relatively strong and is outperforming major economies; the textile sector is a notable exception. Exports which constituted 22% of industry have fallen significantly. Domestic market is flooded with cheap imported garments that have disrupted the local manufacturers.

India's recovery from the pandemic was relatively quick, and growth in the upcoming year will be supported by solid domestic demand and a pickup in capital investment. The Indian textile and apparel industry is expected to grow at 10% CAGR from 2019-20 to reach US\$ 190 billion by 2025-26. India has a 4% share of the global trade in textiles and apparels.

In 2022, the overall size of the home textiles & furnishing industry, including the unorganized sector, was about \$18-19 billion, of which \$8.2 billion was exported and remaining \$10 billion was domestic consumption. About 40% of domestic consumption in home textiles was for the bed & bath category alone. Still, over 95% of domestic demand is met by the unorganized and MSME sectors. Wider definition of furnishing will also include furniture and home décor accessories and these numbers would get better.

Even though India's outlook is positive for the upcoming financial year, the global outlook, especially the advanced economy are weighed down on account of a combination of a unique set of challenges expected to impart a few downside risks. This would have an impact on the export market for textile industry which has been tepid for most part of H2 of FY23. However, the inclusive and higher expected domestic consumption would compensate for the reduced exports.

OUTLOOK:

After the historical rise in cotton prices in the last cotton season, the new season cotton prices have reduced and remained at around INR 60-62K/candy. At the same time the yarn prices reduced disproportionately in comparison to yarn prices. On account of higher cotton prices, export of yarn, fabric and garment sector was hit badly. This has reduced in overall demand in textiles and has also affected the textile value chain. Many of the manufacturers in textile industry have operated their facility at partial loads for the last year. The Company also had to operate the facility at partial loads incurring huge costs. Further, the quantum of job-work basis being undertaken at our facility was reduced on account of financial in viability as a result of lower yarn prices.

OPPORTUNITY

Subdued domestic demand and declining export demand due to lockdowns in global markets on account of COVID-19 come as a double blow for textile companies. While domestic demand expected to revive in third quarter of FY22 with the onset of festive season and reopening of retail spaces, export demand would fairly depend on recovery of major economies such as the US and the UK & China.

As food and clothing will continue to remain key purchases, there is always hope for this industry.

THREATS

- safety and health of the workers and staff;
- disrupted supply chains
- lack of demand or the fear significant drop in demand
- Lack of liquidity.
- Cotton contamination and quality problem.
- Increased pressure on prices.
- Competition from international brands

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Company's Board of Directors is responsible for the Other Information. The Other Information comprises the information included in the Board's Report including Annexure to Board's Report (but does not include the Standalone Financial Statements, and our auditor's reports thereon).

Our opinion on the Standalone Financial Statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standard and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgement and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively or ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:-

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances,

we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purpose in accordance with generally accepted principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

Annexure 'A'

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure 'B'

(Referred to in paragraph "Report on Other Legal and Regulatory Requirements section of our report to the members of Pashupati Cotspin Limited of even date)

Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of Sec.143 of the Companies Act, 2013("the Act")

In conjunction with our audit of the consolidated financial statements of The **Pashupati Cotspin Limited** (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures, which are companies incorporated in India, as of that date.

Opinion:

In our opinion, to the best of our information and according to explanations given to us, the Holding Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as on March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reports issued by the Institute of Chartered Accountants of India. ("Guidance Note")

Management's Responsibility for Internal Financial Controls:

The Holding Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility:

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's Judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A Holding company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain

to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
