#### **Economic Review**

#### Global Economy and Outlook

The global economy witnessed a challenging CY2024. While fluctuations in commodity prices led to inflation in both developed and developing nations, persistent geopolitical issues resulted in supply chain disruptions. Additionally, the global economy recorded the sharpest increase in interest rates in 40 years.

(source:https://www.imf.org/en/Publications/W EO/Issues/2024/04/16/world-economic-outlook-april-2024)

However, several economies demonstrated resilience in these times of adversity. Emerging markets and developing nations such as India, Mexico and Vietnam observed robust growth and foreign capital inflow. Furthermore, with debottlenecking of supply chains and easing of restrictive monetary policies, global inflation rate fell from 6.8% in CY2023 to 5.9% in CY2024. (source:

https://www.imf.org/en/Publications/WEO/Iss ues/2024/04/16/world-economic-outlook-april-2024) Certain low-income and frontier economies also reclaimed their position in the market.

#### Indian Economy Overview and Outlook

Despite a sluggish global economy, India maintained its trajectory as one of the fastest growing economies in the world. This economic growth can be primarily attributed to robust domestic consumption and less reliance on foreign imports. While government initiatives facilitated domestic demand, increased investments to bolster manufacturing sector and improve digital and physical infrastructure mitigated supply chain issues effectively. The government's emphasis on improving infrastructure, as evident through initiatives such as the PM Gati Shakti National Master Plan, logistics upgradation and industrial corridors, is anticipated to increase industrial competitiveness and spur future growth. In FY2024, India's GDP touched 7.6% with Current Account Deficit (CAD) at 1.9% of GDP. With the improvement of business accessibility, the general investment climate is growing more favourable. Furthermore, with rising consumer confidence, progression of markets increasing labour and private consumption, the Government aims to improve capital investment and lower budget deficit. (source:

On the other hand, the European Union comprises Germany, Spain, France, Italy and Portugal at the forefront with a value of more than one-fifth of the global textile industry. India is the third-largest textile manufacturing industry and is responsible for more than 6% of the total textile production globally. With rapid industrialisation and the advent of technology, textile industry is incorporating modern installations to increase the production of textiles. The industry is also observing a paradigm shift towards natural fibers such as cotton, silk, linen, wool, hemp, jute, and cashmere. These fibers are favoured for their low density and high strength compared conventional fibers, leading to a rise in demand for fiber fabrics. Additionally, post-pandemic awareness of hygiene products has contributed to the growing popularity of natural fiber fabrics in the textile industry. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### **Key Audit Matters**

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The result of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

#### **Key Audit Matters**

#### Exposure in associate entity

The exposure in associate entity i.e. carrying amount of the Company's investments, loans and advances, trade & other receivables.

Their recoverability is dependent on associate entity generating enough cash flows in future, estimation of which requires significant management judgement.

We do not consider valuation of these investments and recovery of associate receivables, payables to be at a high risk of significant misstatement. However, due to their materiality in the context of the Company's financial statement, this is considered to be the area that had a significant effect on the company audit.

Refer Note 12 forming part of the notes to the Standalone Financial Statements.

#### How was the matter addressed in our audit

We compared the carrying value of these investments, loans and advances, trade & other receivables and trade payables with the associate financial statements to identify whether their net assets were in excess of their carrying amount and assessed whether the associate have historically been profit making.

We evaluated the associate entities statement of profit and loss and projected statement of cash flows with management assumptions relating to key inputs such as projected long-term growth and discount rates and assessing the managements assumptions over the recoverability of intercompany receivables against our own knowledge of the trading performance of the associate entity.

We have also assessed the appropriateness of the disclosure in the Standalone Financial Statements in accordance with the applicable financial reporting framework.

#### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### Responsibility of Management and those charged with governance for standalone financial statement

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and

estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the audit of standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including
  the disclosures, and whether the standalone financial statements represent the underlying transactions
  and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

# c) Current/Non -Current Classification:

All assets & liabilities are presented as Current or Non-Current as per the Company's normal operating cycle and other criteria set out in Schedule III of Companies Act, 2013. Based on nature of business, the company has ascertained its operating cycle as 12 months for the purpose of Current/Non-Current classification of assets and liabilities.

# d) Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses related to acquisition, installation of the concerned assets and any attributable cost of bringing the asset to the condition for the intended use. Borrowing costs attributable to the acquisition or construction of a qualifying asset are also capitalized as a part of the cost of the asset.

# Depreciation on Property, Plant and Equipment:

Depreciation on Property, Plant and Equipment is calculated on a written down value basis using the rates arrived at based on the useful lives estimated by the management. The estimated useful life of the assets is as under:

Particulars	Useful Lives of the Assets estimated by the management (years)
Factory Building	30
Building	60
Plant & Machinery*	25
Electrical & Fitting	10
Furniture & Fixtures	10
Vehicles	8
Computers	3
Air Conditioner	5
Laboratory	10
Office Equipment	5

\*For this class of assets, based on internal technical assessment and past experience, the Management believes that the useful life as given above, best represent the period over which the Management expects the use of the assets. The useful lives of these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

# De-recognition:

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

# e) Impairment:

The carrying amounts of the Company's Property Plant and Equipment and intangible assets are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognized whenever the carrying amount of an assets or its Cash Generating Unit (CGU) exceeds its recoverable amount. The impairment loss, if any, is recognized in the Statement of Profit and Loss in the period in which impairment takes place.

Recoverable amount is higher of an asset's fair value less cost to sell and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For calculating present value, future cash flows are discounted using a pre-tax discount rate that reflects current market rates and the risk specific to the assets. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Where an impairment loss subsequently reverses, the carrying amount of a n asset is increases to the revised estimate of its recoverable amount, however subject to the increased carrying amount

not exceeding the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized for the asset in prior accounting periods.

The result of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

# **Key Audit Matters**

# How was the matter addressed in our audit

# Exposure in associate entity

The exposure in associate entity i.e. carrying amount of the Company's investments, loans and advances, trade & other receivables.

Their recoverability is dependent on associate entity generating enough cash flows in future, estimation of which requires significant management judgement.

We do not consider valuation of these investments and recovery of associate receivables, payables to be at a high risk of significant misstatement. However, due to their materiality in the context of the Company's financial statement, this is considered to be the area that had a significant effect on the company audit.

Refer Note 12 forming part of the notes to the Consolidated Financial Statements.

We compared the carrying value of these investments, loans and advances, trade & other receivables and trade payables with the associate financial statements to identify whether their net assets were in excess of their carrying amount and assessed whether the associate have historically been profit making.

We evaluated the associate entities statement of profit and loss and projected statement of cash flows with management assumptions relating to key inputs such as projected long-term growth and discount rates and assessing the managements assumptions over the recoverability of intercompany receivables against our own knowledge of the trading performance of the associate entity.

We have also assessed the appropriateness of the disclosure in the Consolidated Financial Statements in accordance with the applicable financial reporting framework.

#### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

# Responsibility of Management and those charged with governance for consolidated financial statement

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the audit of consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether
  due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a
  material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

#### r) Current/Non -Current Classification:

All assets & liabilities are presented as Current or Non-Current as per the Company's normal operating cycle and other criteria set out in Schedule III of Companies Act, 2013. Based on nature of business, the company has ascertained its operating cycle as 12 months for the purpose of Current/Non-Current classification of assets and liabilities.

#### s) Property, Plant and Equipment:

Cost includes expenses related to acquisition, installation of the concerned assets and any attributable cost of bringing the asset to the condition for the intended use. Borrowing costs attributable to the acquisition or construction of a qualifying asset are also capitalized as a part of the cost of the asset.

# Depreciation on Property, Plant and Equipment:

Depreciation on Property, Plant and Equipment is calculated on a written down value basis using the rates arrived at based on the useful lives estimated by the management. The estimated useful life of the assets is as under:

Particulars	Useful Lives of the Assets estimated by the management (years)
Factory Building	30
Building	60
Plant & Machinery*	25
Electrical & Fitting	10
Furniture & Fixtures	10
Vehicles	8
Computers	3
Air Conditioner	5
Laboratory	10
Office Equipment	5

\*For this class of assets, based on internal technical assessment and past experience, the Management believes that the useful life as given above, best represent the period over which the Management expects the use of the assets. The useful lives of these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

# De-recognition:

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

### t) Impairment:

The carrying amounts of the Company's Property Plant and Equipment and intangible assets are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognized whenever the carrying amount of an assets or its Cash Generating Unit (CGU) exceeds its recoverable amount. The impairment loss, if any, is recognized in the Statement of Profit and Loss in the period in which impairment takes place.

Recoverable amount is higher of an asset's fair value less cost to sell and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For calculating present value, future cash flows are discounted using a pre-tax discount rate that reflects current market rates and the risk specific to the assets. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Where an impairment loss subsequently reverses, the carrying amount of a n asset is increases to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized for the asset in prior accounting periods.

#### u) Investment in Associate:
