Circular Ref. No: 018/2022

All Members,

Sub: Segregation and Monitoring of Collateral at Client Level

This is in continuation to circular no 015/2022 (NCL/CD/51870) dated April 01,2022. In view of the implementation of segregation of collateral at client level, members may take note of the below:

- Members are required to provide access to collateral allocation module (to allocate client level collaterals) in NMASS using super admin and admin id.
- The current facility of transfer of cash/FDR/Bank Guarantee through CIM shall be withdrawn. Members can use the file upload mechanism or modification of collateral screen to effect the transfer of collateral from one segment to another
- The current facility of TM limit setting and CP limit setting shall be withdrawn. Members can use the file upload mechanism or modification of collateral screen to allocate collaterals to TM PRO or CP. The total TM/CP collateral shall be sum of collateral allocated and non-cash securities repledged with CC for such TM PRO or CP
- Members willing to register for API for client collateral allocation in production are requested to provide details as per Annexure 1
