All Members,

New Extranet Availability - GlobalScape Extranet

In reference to Item 4 and Part C of Exchange consolidated circular ref. no. 44483 dated May 27, 2020, Exchange is pleased to announce a new and enhanced **GlobalScape** Extranet facility for the members to access common and member specific data. Salient features for this facility are as follows:

1. Enhanced security features (including 2 factor authentication)
2. Faster file transfer
3. High availability and better uptime
4. Better file monitoring options
5. API integration, etc.

Members may note that the new GlobalScape Extranet shall be made available in parallel to the existing Extranet services with effect from **July 11, 2022**. The new Extranet shall be first made available for CD segment. For other segments, a separate circular shall be issued by the Exchange.

Exchange shall be publishing the API specification document for accessing the new Extranet services and file transfers subsequently.

Members may refer to the attached User manual (Annexure 1) for details wrt. URL, Login, navigation, etc. for connecting to the new Extranet.

Members are requested to actively test their Access, Permissions, Download functionality and Files availability on the new Extranet and provide their valuable feedback and observations to the below mentioned contact details.
