## Annexure – 2

# National Stock Exchange of India Limited

## Pre-requisites / General guidelines for participating in the Mock environment

| Pre-requisites / General guidelines Heads | Details                                                                                                                                                                                                                                                                                                     |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility                               | All members enabled for trading in the Commodity Derivatives (CD) segment in the live market are automatically eligible for mock trading.<br>Participation is enabled using existing User IDs, IPs, and Box ID mappings from the live environment.                                                          |
| Telnet Connectivity                       | Ensure you can successfully telnet the Exchange host from the IP address you intend to use.                                                                                                                                                                                                                 |
| Box ID Setup                              | Confirm that the Box ID is created on the IP with appropriate messages for the segment you wish to trade in.                                                                                                                                                                                                |
| NNF Application Users                     | If using Non-NEAT Frontend (NNF):<br>a) User ID must be of dealer type.<br>b) It must be converted for NNF.<br>c) It must be mapped with the IP.                                                                                                                                                            |
| Branch/User Limits                        | Set appropriate branch and user limits from the Corporate Manager Terminal before placing orders in the mock session.                                                                                                                                                                                       |
| Exchange Requests for Mock Participation  | Send email requests for the following actions with User ID and segment details:<br><br>a) Pro Enablement<br>b) CTCL Conversion (only dealer IDs)<br>c) Password Reset for Corporate Manager User ID<br>d) Unlocking of Corporate Manager User ID<br>e) Change of Trading Rights (e.g., PRO to CLI, PRO+CLI) |
| Password Management                       | Corporate Manager User ID: Exchange will assist with reset/unlock via email.<br>Other User IDs: Members must reset/unlock these themselves using the Corporate Manager Terminal.                                                                                                                            |

### Annexure – 3

#### Important guidelines in case of switchover of trading system to Disaster Recovery (DR) Site

1. Kindly note below points after switch over to DR site:
  - a. Trades of primary site will be available in Previous Trades window.
  - b. Trades can be modified/cancelled using Multiple Trade Modification and Cancellation window respectively.
  - c. Messages of primary site will be available in TWS Message Area.

---

## **National Stock Exchange of India Limited**

2. If user renames or deletes the User folder and re-login the NEAT+ terminal, then data of primary site shall not be available in the functional window as mentioned above point.
