**Annexure – 1****Important instructions regarding mock trading session**

1. Refer to Exchange consolidated circular download ref no NSE/MSD/45703 dated September 15, 2020 for Interactive Connectivity Parameters.
2. Installation procedure for NEAT+ is available on extranet path /common/Installation\_Procedure.
3. All the outstanding orders shall be purged before the start of each trading session. Members using NNF software should clear the outstanding orders in their systems before the start of each trading session.
4. Trades resulting from this session shall not attract any obligation in terms of funds pay-in and/or pay-out.
5. Members are requested to note that NOTIS application shall not be available during the mock session.
6. Members who voluntarily want to participate may do so by following instructions as provided in Annexure 1 and re-login into live environment to check the connectivity and to avoid login problems on Monday, March 15, 2021. Members not desirous of participating in the mock session, should take care to ensure that their internal systems are accordingly tuned for not participating in the mock.
7. Kindly refer to the website of NSE at [www.nseindia.com](http://www.nseindia.com) for any information which may be updated by the Exchange on the mock trading session.
8. In case of any queries please call Toll Free no: 1800 266 0050.

**Annexure – 2****Pre-requisites / General guidelines for participating in the Mock environment**

All members eligible to trade in FO segment in live market are enabled for participating in the mock trading sessions with their existing user ids, IP and Box Id mapping that of the live environment. Accordingly, members are requested to ensure the following:

1. You are able to successfully telnet the Exchange host from the IP you wish to participate
2. The Box ID with appropriate messages has been created on the IP in the respective segments you wish to participate.
3. In case you wish to participate via Non-NEAT frontend (NNF) applications, kindly ensure that the User Id is of type dealer, is converted for NNF and is mapped with the IP.
4. Members are required to set appropriate branch and / user limits from their corporate manager terminal in the respective segments, prior to placing orders in the Mock.
5. Members are requested to send requests via email pertaining to following activities with the details of User ID and segment for Exchange action only for the purpose of MOCK participation
  - a. Pro enablement
  - b. CTCL conversion
  - c. Password Reset for Corporate Manager user id
  - d. Unlocking of Corporate Manager user id
6. Password Reset / Unlocking of all other types of user ids should be done from the corporate manager user id by the member in the respective segments.
