Annexure – 3

Important guidelines in case of switchover of trading system to Disaster Recovery (DR) Site

1. Kindly note below points after switch over to DR site:
 - a. Trades of primary site will be available in Previous Trades window.
 - b. Trades can be modified/cancelled using Multiple Trade Modification and Cancellation window respectively.
 - c. Messages of primary site will be available in TWS Message Area.
2. If user renames or deletes the User folder and re-login the NEAT+ terminal, then data of primary site shall not be available in the functional window as mentioned above point.

Annexure – 4

Additional features on NEAT:

- Order slicing in multiples of freeze quantity
- Dissemination of Indicative close price of Indices

A) Order slicing:

In order to allow users to slice large quantities of orders in multiples of the freeze quantity limit, the Exchange is pleased to introduce an ordering slicing feature on NEAT terminal. The said feature shall function as per below:

1. The user will have an option to Enable/Disable Order Slicing feature on the NEATPlus TWS under the Dialog > “Order Entry Default” section at user level.
2. Default value shall be set as disabled / unticked.

National Stock Exchange of India Limited

3. If the order slicing feature is disabled / unticked, then order entry behaviour w.r.t freeze quantity validation shall remain as existing.
4. If the Order Slicing feature is enabled / ticked by the user, then the order slicing feature shall be enabled for the specific user and below mentioned additional flow shall be enabled in order entry.
5. The selected order slicing value (Enable or Disable) shall be retained in case of application re-installation.
6. At order entry (Buy/Sell), if the user enters the order quantity more than the applicable freeze quantity for the security, a pop-up alert as shown below shall appear on the TWS for the user: "Order qty is greater than Freeze Qty <Value: Quantity freeze limit>. Do you want to slice the order in Multiple of Freeze Qty?"

7. The user will have option to select 'Yes' or 'No', by default the cursor shall be on "No".
8. If the user selects "No", the window will be routed back to quantity field in order entry window to modify the quantity and existing warning message of "Quantity is greater than freeze quantity." shall be displayed on the screen.

National Stock Exchange of India Limited

9. If the user selects “Yes”, user will get another pop-up message having details about order slicing as per below:
“Order shall get sliced in <Number of orders resulting out of slicing> different orders, totalling quantity of <Original order quantity>. Please confirm if you wish to place all the orders?”

10. If the user selects “No”, then window will be routed back to the quantity field in the “Order entry” window and the existing warning message of “Quantity is greater than freeze quantity” shall be displayed on the screen.
11. If the user proceeds with slicing of the order, then the order window will remain in the foreground with a message “Order entry in progress” while order is being processed. Once all the sliced orders are placed, a message of “Order complete” will be displayed on the screen.
12. Order slicing is applicable for below type of orders:
- Regular lot (RL)
 - Stop loss (SL).
13. All other order related features i.e., order mod/cxl/COL/Kill switch/SL trigger/outstanding order/online backup shall be applicable to confirmed sliced orders.
14. Order slicing feature is not applicable for market orders, offline orders and orders modification.
15. Below is the sample illustration of order slicing calculation:

For ABC, Expiry: MAY 2024
 Freeze Quantity = 21000
 Order Quantity entered by user = 45000
 Sliced Order Quantity:
 Order Quantity 1: 21000
 Order Quantity 2: 21000
 Order Quantity 3: 3000

16. For a particular contract, if the quantity freeze is not in multiple of its lot size, then the order shall be rejected as per the existing functionality.

B) Dissemination of Indicative Close Price of Indices

1. Indicative Close Price (ICP) of Indices shall be displayed on NEATPlus TWS under INDEX WINDOW. The dissemination of ICP shall commence 30 mins prior to normal market close.
