A. Background:

1. Securities and Exchange Board of India (hereinafter referred to as "**SEBI**") during its internal market surveillance of social media platforms observed that certain accounts on social media platform "**X**" (erstwhile Twitter) were publishing posts which were in the nature of influencing public to invest in various scrips which primarily were found to be listed on the platform for Small and Medium-sized Enterprises (hereinafter referred to as "**SME Platform**"). Pursuant to the above observation and seeing the *prima facie* trading pattern of the Noticees, SEBI initiated an examination in the matter to look into possible violations of the provisions of the Securities and Exchange Board of India Act, 1992 (hereinafter referred to as "**SEBI Act**"), SEBI (Prohibition of Fraudulent and Unfair Trade Practices Relating to Securities Market) Regulations, 2003 (hereinafter referred to

as “**PFUTP Regulations**”) and/or any other Rules/Regulations made by SEBI thereunder.

2. Accordingly, an Investigating Authority (hereinafter referred to as “**IA**”) was appointed, under Section 11C of the SEBI Act to carry out investigation in the matter. Subsequently, after obtaining a Court Order, a search & seizure operation was carried out from January 21 to 24, 2026 at the premises of Noticees and during the said operation, certain electronic devices were seized, data was collected and statements were also recorded under oath. Based on the posts published on X Accounts and the trading pattern of Noticees, examination has been undertaken for the period December 01, 2023 to January 20, 2026 (examination period). However, wherever deemed necessary, reference has been made outside this period as well.

B. Summary of the instant matter

3. This is an interim order being passed during pendency of investigation as it has been noted that Noticees had *prima facie* engaged in fraud, manipulation and unfair trade practices. They indulged in providing stock recommendations with the intent to artificially inflate the market price of the scrip thereby profiting in a total of 82 scrips during the examination period. The Noticees first built-up buy positions in a particular scrip and subsequently disseminated contents and recommendations on the X Accounts and other social media platforms operated by them. Once the price went up, Noticees took contrary positions in their accounts and by selling shares made wrongful gains. Evidences have been collected for all 82 scrips, however for illustration purpose 6 instances have been demonstrated in this order in detail which shows the full chain of evidences as to how Noticees have indulged in the above fraud, manipulation and unfair trade practice and have collectively made *prima facie* wrongful gains of INR 20.25 crores. Evidences have also been discussed as to how Noticees were aware of the strict action being taken by SEBI even against small handlers and their apprehension as to how they could also be caught by SEBI.

4. Based on the above, findings have been determined and all the Noticees have been found to have violated provisions of SEBI Act and PFUTP Regulations. In addition, Noticees nos. 1 to 3 have also been found to have violated SEBI (Research Analyst) Regulations, 2014. Directions have been issued accordingly.

C. Details of Noticees:

5. In order to have a better understanding of the matter and the role played by Noticees, they have been broadly divided into two categories as under:

- i) Operators as well as Beneficiaries

The above category involves individuals, who are the content creators on X accounts, WhatsApp groups, Telegram Channels. They circulated posts, stock recommendations on the X accounts, WhatsApp groups and Telegram channels and operated the scheme. They also handled the trading accounts of Profit Makers/Beneficiaries. In the extant matter, Hemant Gupta (Noticee no.1); Rohan Gupta (Noticee no.2) and Aniket Gupta (Noticee no.3) are collectively referred to as Operators as well as Beneficiaries.

- ii) Profit Makers/Beneficiaries

Sharon Gupta (Noticee no.4), Leana Gupta (Noticee no.5) Rajani Gupta (Noticee no.6) and Purvangi Gupta (Noticee no.7) being connected to the Operators mentioned above are collectively referred to as "Profit Makers/Beneficiaries. The Noticee nos. 4 to 6 aided/ abetted/ connived in the scheme by providing their trading accounts for undertaking the impugned trades and Notice no. 7 traded in her account based on the advice of Operators.

D. Connections amongst Noticees

6. Based on the examination of the data contained in electronic devices, KYC details, CDR data and statement of Noticees, the following connections are noted amongst Noticees:

Table 1

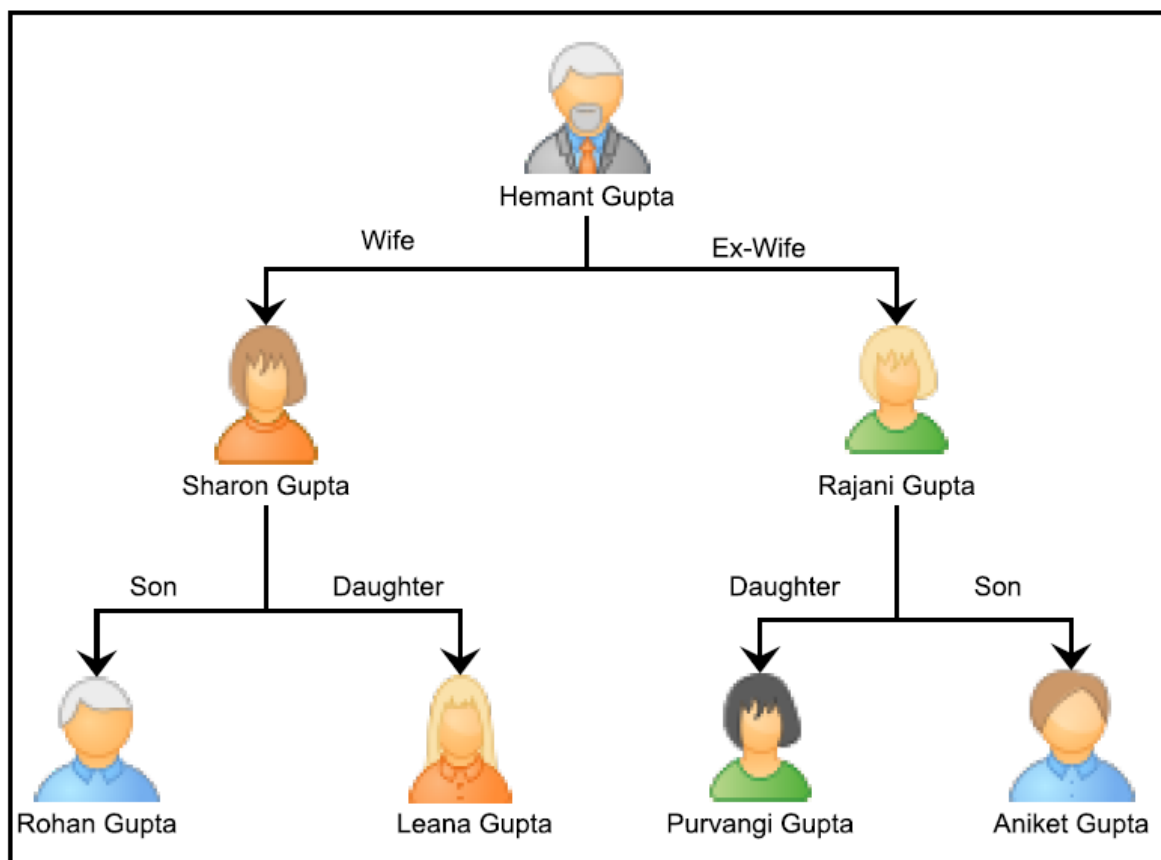

Sr. No	Name/PAN	Basis of Connection
1.	Hemant Gupta (Noticee No.1)	i) Husband of Sharon Gupta (Noticee No.4) and ex-husband of Rajani Gupta* (Noticee No.6) ii) Father of Rohan Gupta (Noticee No.2), Aniket Gupta (Noticee No.3), Leana Gupta (Noticee No.5) and Purvangi Gupta (Noticee No.7)
2.	Rohan Gupta (Noticee No. 2)	Son of Hemant Gupta (Noticee No.1) and Sharon Gupta (Noticee No.4) and Brother of Leana Gupta (Noticee No.5)
3.	Aniket Gupta (Noticee No. 3)	Son of Hemant Gupta (Noticee No.1) and Rajani Gupta (Noticee No.6) and brother of Purvangi Gupta (Noticee No.7)
4.	Sharon Gupta (Noticee No.4)	Wife of Hemant Gupta (Noticee No.1) and mother of Rohan Gupta (Noticee No.2) and Leana Gupta (Noticee No.5)
5.	Leana Gupta (Noticee No. 5)	Daughter of Hemant Gupta (Noticee No.1) and Sharon Gupta (Noticee No.4), sister of Rohan Gupta (Noticee No.2)
6.	Rajani Gupta (Noticee No. 6)	Ex-Wife of Hemant Gupta (Noticee No.1)* and mother of Aniket Gupta (Noticee No.3) and Purvangi Gupta (Noticee No.7)
7.	Purvangi Gupta (Noticee No. 7)	Daughter of Hemant Gupta (Noticee No.1) and Rajani Gupta (Noticee No.6) and sister of Aniket Gupta (Noticee No.3)

**Rajani Gupta in her statement dated January 21, 2026, mentioned Hemant Gupta as her Ex-Husband. Further, based on the KYC records obtained from KRAs, it is observed that she had mentioned Hemant Gupta as Husband and identifies Hemant as her middle name. However, Hemant Gupta vide his statement dated January 24, 2026 mentioned that he has/had no marital relationship with Rajani Gupta.*

7. A pictorial presentation of the connections between the Noticees is given below:

Figure 1

E. Key evidences collected during the ongoing investigation:

8. The following material/evidences have been collected during the ongoing investigation and examined:

- i) Data contained in electronic devices seized during search & seizure operation;
- ii) KYC details obtained from KRAs;
- iii) Client Application Forms (CAF) provided by Telecom Service Providers (TSP);
- iv) Call Data Records (CDR) of Noticees;
- v) Trading activities of Noticees;
- vi) Posts made on X and other social media platforms;
- vii) Statements of Noticees.

F. Details of the X accounts and other social media platforms used for posting stock recommendations:

9. On examination of X accounts handled by the Operators, it was noted that X account @WealthSolitaire, was managed by Rohan Gupta. A second X account, @desiwallstreet, was managed by Aniket Gupta. Further, X Corp. vide email dated January 22, 2026 and February 13, 2026, submitted the following information, details of the same are as follows:

Table 2

Sr. No.	Title of 'X' Account/ Display Name	Account creation date & time	Account Managed by	Email ID	Phone no.
1.	@WealthSolitaire	December 14, 2023 at 06:49:40 hrs.	Rohan Gupta	xxxxx20xxx@gmail.com	xxxxx0154xxx
2.	@desiwallstreet	June 1, 2020, 17:49:26 hrs	Aniket Gupta	xxxxxtguxxx30@gmail.com	xxxxx0624xxx

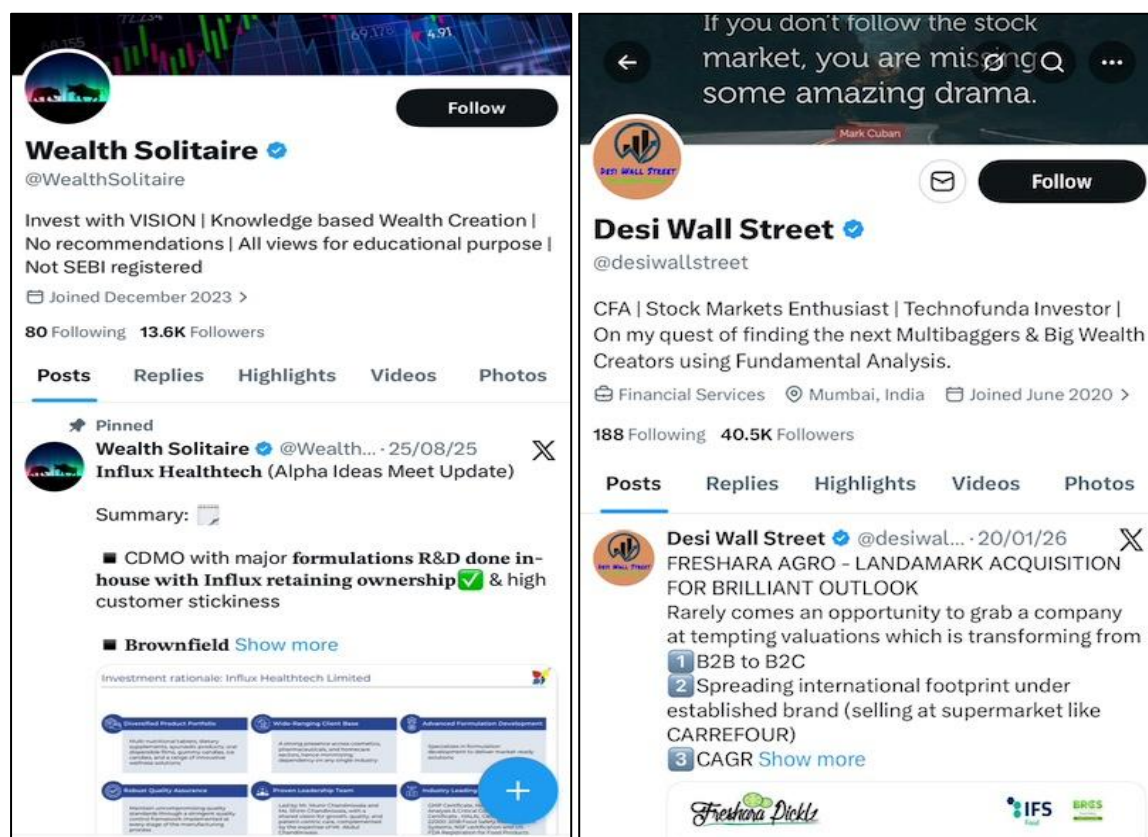

10. With respect to 'X' account @WealthSolitaire, it was noted that Sharon Gupta (Noticee no. 4), who is mother of Rohan Gupta, was the subscriber for the mobile number xxxxx0154xxx. Rohan Gupta (Noticee No. 2), in his statement dated January 23, 2026, confirmed that this mobile number "xxxxx54xxx" was his primary mobile number and also admitted that the said X account was created in December 2023 and was operated by him. The 'X' account @WealthSolitaire was having around 13,600 followers as on January 24, 2026.

11. 'X' account @desiwallstreet was managed by Aniket Gupta (Noticee No. 3) and he was subscriber to mobile no. xxxxx0624xxx. Aniket Gupta during his statement taken under oath dated January 23, 2026 admitted that this mobile no. xxxxx0624xxx was his primary number. The 'X' account @desiwallstreet was having around 40,500 followers as on January 22, 2026.

12. Screen shots of the 'X' accounts @WealthSolitaire and @desiwallstreet as appearing on the 'X' platform is as under:

Table 3

13. As seen from above screen shot, @WealthSolitaire platform describes itself as "Invest with VISION | Knowledge based Wealth Creation | No recommendations | All views for educational purpose | Not SEBI registered". As regards, @desiwallstreet, the account description states as "CFA | Stock Markets Enthusiast | on my quest of finding the next Multibaggers & Big Wealth Creators using Fundamental Analysis".

14. In addition to the aforesaid accounts on X, Noticees also created and administered various groups and channels on WhatsApp and Telegram platforms, some of which are listed in the table below

Table 4

**Upon perusal of the digital devices of Noticees, it was identified that Hemant Gupta had created more than 50 WhatsApp groups named “Den of Wealth” numbered sequentially as Den of Wealth 1, Den of Wealth 2, Den of Wealth 3, Den of Wealth 4 and so on. Also, 7 WhatsApp groups were created named “Dow Times” numbered sequentially as Dow Times 1, Dow Times 2 and so on.*

Hemant Gupta vide his statement dated January 24, 2026 stated that the said groups/channels was created and administered by him.

\$Aniket Gupta admitted that the telegram channel named BSE NSE Sensex Nifty Stocks Equity Research Reports is for the purpose of sharing reports and insights.

15. Further, Noticees were also found to be members of various public and private groups/channels on WhatsApp and Telegram platforms, which were having large number of members/subscribers and were related to securities market. Few examples of such groups/channels are illustrated below:

Table 5

Name of Group/ Channel	Social media platform	No of members/ subscribers of the Group/ Channel

G. Evidences of *modus operandi* adopted by Noticees:

16. Some of the private chats exchanged amongst Noticees show their intentional behaviour and actions to implement the scheme. The same is detailed below:

Table 6

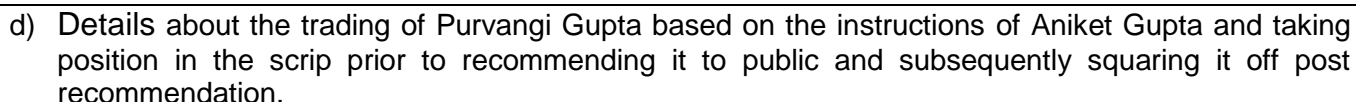

a) Communication among (Rohan Gupta & Hemant Gupta) via WhatsApp following their acquisition, including chats about consecutively hitting upper circuits	
Screenshot of Chat between Rohan Gupta & Hemant Gupta	Remarks
	<p><u>Explanation:</u> On January 11, 2024 at 11:07:31 AM, Rohan informed Hemant that he purchased 10 lots of Kay Cee Energy and Infra Ltd shares for investment purpose. In response, Hemant instructed Rohan to release tweet on the scrip immediately so that the scrip would hit back to back upper circuit for 4-5 days.</p> <p>It is to be noted that Rohan posted a tweet on the scrip Kay Cee Energy and Infra Ltd at 8:23 PM on the same day. Subsequently, the share hit an upper circuit of 5% on January 12, 2024.</p> <p>This indicates the confidence Noticees were having about the impact their posts would have on the scrip price.</p>
b) While discussing about the content to be posted in WhatsApp groups and Telegram channels, Hemant Gupta informs Aniket Gupta on the Target price to be added and the specific content which has to be highlighted over and above the content posted on X.

Total			1500	0	630950	0	420.63	0

From the trading data above, it is observed that, as instructed by Aniket Gupta, Purvangi Gupta on Sept 02, 2024 had purchased 1000 shares of Kalyani Cast Tech Ltd., for Rs.4.2 lakhs and another 500 shares at Rs.2.1 lakhs on Sept 03, 2024.

Subsequent to the purchase, as informed to Purvangi Gupta, Aniket Gupta started promoting the shares of Kalyani Cast Tech Ltd. to public. From Sept 04, 2024 to Sept 12, 2024, Aniket posted 5 tweets on his X handle regarding the scrip Kalyani Cast Tech Ltd. Details of posts made by Aniket Gupta on X are given below.

Date of Post on X	Scrip	Time of Post on X
04/09/2024	Kalyani Cast-Tech Ltd	10:47:00

WhatsApp Chat between Aniket Gupta and Purvangi Gupta

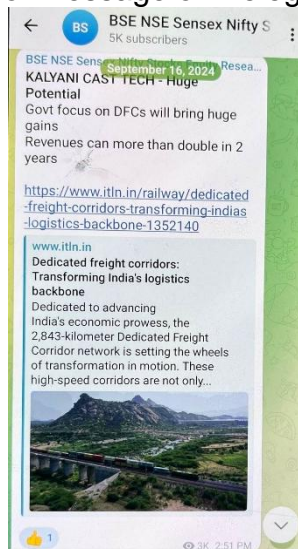

Explanation:

On September 16, 2024 at 09:27 AM, Aniket Gupta informed Purvangi Gupta to sell the shares of Kalyani Cast Tech Ltd. at a price of Rs.517 to Rs.518. In response, Purvangi Gupta acknowledged the message by saying ok.

Screenshot of message on Telegram channel

However, upon perusal of her trading account, it is observed that she did not sell any shares on September 16, 2024.

Subsequently on the same day at 02:51 PM, Aniket Gupta posted a message on the Telegram channel "BSE NSE Sensex Nifty Research Reports" containing 5k subscribers, stating positive updates about the scrip Kalyani Cast Tech Ltd., in contrary to instructing Purvangi Gupta to sell the shares earlier that day. It is to be noted that Purvangi Gupta is also an admin of the aforesaid telegram channel.

Trade data in the scrip of Kalyani Cast-Tech Limited:

Date	Name	Opening Balance	Gross Buy Vol	Gross Sell Vol	Gross Buy Value	Gross Sell Value	Avg Buy Price	Avg Sell Price
23/09/2024	PURVANGI HEMANT GUPTA	1500	0	1500	0	787500	0	525
Total			0	1500	0	787500	0	525

On September 23, 2024, it is observed that Purvangi Gupta sold her entire holdings of 1500 shares in the scrip for Rs.7.87 lakhs and earned a profit of Rs.1.56 lakh.

Explanation:

On September 24, 2024, Aniket Gupta informed Purvangi Gupta to sell the shares of Kalyani Cast Tech at Rs.590 to Rs.592 and book profits. In response, Purvangi Gupta informed Aniket Gupta that she already sold the shares of Kalyani Cast Tech Ltd.

From the above evidences, it is seen that Purvangi Gupta was following the modus of taking position in the scrip prior to issuing recommendations and squaring off the same post dissemination of recommendations. Accordingly, she traded in her account based on the instructions of Aniket Gupta and Hemant Gupta.

- e) Hemant Gupta, Rohan Gupta and Aniket Gupta, being aware that they need to avoid posting explicitly about buy/sell recommendation and target price in their posts on X to escape regulatory scrutiny. Screenshots of the conversations between Noticees communicating the same is given below.

Aniket Gupta to Hemant Gupta:
Sebi behind small handles as well. He doesn't even have 500 followers. Everyday many ppl getting targeted. Need to be very careful with our WhatsApp msgs also. Better to avoid any aggressive msgs and buy sell reco. Just fundamental reports enough. I am requesting u not to use words like sureshot, will be Multibagger, fair value so & so etc etc. We will get into big trouble.

Hemant Gupta to Aniket Gupta:
Avoid Sureshot. Fair value should be no problem. It is not TP.

Aniket Gupta to Hemant Gupta:
We have enough enemies & already complaints against us sent to SEBI by few ppl. **If we come in their eyesight, we'll be in big trouble. Lifetime of earnings will be gone.** A simple tweet is also enough to send a msg to our followers. We don't have to be desperate & aggressive to promote.

Explanation:

The above mentioned conversation between Aniket Gupta and Hemant Gupta on September 02, 2023 is self-explanatory on how Noticees were aware of the regulatory scrutiny with respect to unregistered stock recommendation activities on social media platforms. It can be seen that Aniket Gupta was explicitly informing Hemant Gupta to avoid giving buy sell recommendations for scrips and to forward only fundamental reports of companies. He also advised Hemant Gupta to stop using terms such as "Sureshot,

Multibagger, fair value” in order to stay away from the radar of SEBI. He was aware that they may come under regulatory lens in respect of such unlawful activities. Hence, he advised Hemant Gupta to adopt a more conservative approach by posting simple tweets on the scrips rather than being desperate and aggressive in promoting them, which may jeopardize the illegal profits made by them in case of regulatory scrutiny.

From the aforesaid conversations between Noticees, it is noted that they were well aware that the activities being undertaken by them were questionable and dubious and thus, devised strategies (such as not posting explicit buy/sell or target price recommendations on X platform) to avoid coming under the regulatory suspicion.

17. It is evident from the above chats that Noticees knowingly indulged in a scheme with an intent to avoid regulatory actions. They were fully aware of the regulatory requirement and that SEBI is strict on any such violation. Still they chose to continue their activities thinking that if they use some different words, they will not be caught.

H. Analysis of trading profile of Noticees:

18. Now I proceed to examine the matter based on trades executed by Noticees during the examination period. It is to be seen whether the trades executed by Noticees

and the recommendations posted on the X accounts and other social media channels are linked. It is also to be examined whether Noticees took advantage of upward movement of the price/volume in the scrips for which they posted recommendations and made profit from them.

- i) Since the examination period is taken from December 01, 2023 to January 20, 2026, pre- examination period is considered for equal duration from October 11, 2021 to November 30, 2023 for the purpose of comparative analysis. Accordingly, trading profile of Noticees was analysed and key *prima facie* findings of the same are explained in the forthcoming paragraphs.
- ii) A summary of the trading activity of Noticees during the Pre-examination period and examination period is as given below:

Table 7

#A calendar day refers to a unique trading day

*A Scrip day refers to a day in which the client has traded in a combination of trade date and unique symbol.

- iii) From the above table, it is observed that the Gross Trade Value of *Noticees* has increased from a total of Rs.548.62 crore during pre-examination period to Rs.1,023.40 crore during examination period, representing a considerable rise of 86%.
- iv) Also, total squared off profit of all *Noticees* combined increased from INR17.06 crore to INR 58.40 crore during the comparative periods indicating a massive growth of 242% in trading profits. Rohan Gupta and Sharon Gupta have been the biggest beneficiaries in value terms with Rs.50.03 crore of profit.
- v) It is also observed that the Average Gross Trade Value of 5 out of 7 *Noticees* during Examination Period has increased significantly in the range of 74% to 394% as compared to Pre-examination period. Further, the squared off profit made by 5 out of 7 *Noticees* during Examination Period has increased significantly in the range of 69% to 1140% as compared to Pre-examination period.

I. Illustrations of stock recommendations on 'X' accounts/social media platforms made by the Operators vis-à-vis trades carried out by the Profit Makers/Beneficiaries

1st Instance: Recommendations in the scrip Afcom Holdings Limited ("Afcom") during the period July 14, 2025 to July 31, 2025

19. In the scrip of Afcom Holdings Limited (listed on BSE SME platform), it is observed that Noticees, in a planned manner, built up sizeable positions prior to July 14, 2025. Thereafter, social media campaign publicly started from July 14, 2025, while the Noticees parallelly sold their holdings.

20. Rohan Gupta and Aniket Gupta, in collaboration with Hemant Gupta, through their X handles @wealthsolitaire and @desiwallstreet respectively, posted 07 tweets containing positive information/updates about the company/scrip Afcom in the month of July 2025, to purchase shares of the company, as illustrated below.

AFCON HOLDINGS - Major Strategic Development ▪ New International Route Hanoi, Vietnam Launched ▪ Strengthens AFCON's Southeast Asia & International logistics footprint
▪ Interline agreement with Viet Jet to enable cargo connectivity across India, South Korea, Taiwan, and Hong Kong via Vietnam Strategic Focus: Tap into high-growth trade routes and support end to end logistics for cross border ecommerce and value cargo imports into India **ALREADY DOING 2x WEEKLY FLIGHTS BETWEEN CHENNAI AND HANOI**
 AFCON is already carrying Cargo for ETIHAD & Virgin Atlantic Our industry/channel check indicate that similar agreements may be signed very soon with 2 more Airlines to enhance biz grip in APAC region AFCON is in overdrive to book biz for 3rd & 4th Aircrafts which are expected to be operational in August '25 As against existing cargo capacity of 44 Tons, capacity by March'26 will be 110 Tons (5x capacity) Air cargo industry is very highly regulated. Hence, sometimes there may be some delays in executing biz plans. But investors are safe in hands of Most Passionate promoters
H1 SHOULD BE ANOTHER RECORD BREAKING QUARTER

27. As on July 13, 2025, the aforementioned 04 Noticees on a cumulative basis were observed to be holding 1,89,360 shares of Afcom at a weighted average price of Rs.395.95 per share.

28. As seen from the above table, during the period July 14, 2025 to July 31, 2025, the Noticees viz. Rohan, Aniket, Sharon and Rajani on a cumulative basis had purchased 5,520 shares of Afcom valued at Rs.45.25 lakhs and sold 36,480 shares of Afcom valued at Rs.3.77 Crores.

Analysis of Price-Volume Impact for the period July 14, 2025 to July 31, 2025 in the scrip prior, during and post recommendations:

29. Impact of the recommendations on the Price and Volume of the scrip is shown in the following paragraphs. It is to be noted that the scrip Afcom is listed in the SME segment of BSE trading platform (BSE - SME: 544224). Accordingly, the impact of the recommendations on the Price and Volume of the scrip in BSE SME segment during the period prior, during and post recommendations is represented below:

Figure 2

30. Price impact in the scrip during the period of dissemination of tweets during the period July 14, 2025 to July 29, 2025 is given in the table below:

Table 11

Date	Closing Price	% Change in scrip price on close-to-close basis
14-Jul-25	821	-2.92%
15-Jul-25	808.75	-1.49%
16-Jul-25	813.45	0.58%
17-Jul-25	854.1	5.00%
18-Jul-25	896.8	5.00%
21-Jul-25	941.6	5.00%

22-Jul-25	988.65	5.00%
23-Jul-25	1038.05	5.00%
24-Jul-25	1089.95	5.00%
25-Jul-25	1091.95	0.18%
28-Jul-25	1037.4	-5.00%
29-Jul-25	1017.65	-1.90%

31. From the table above, it can be seen that the scrip price hit an upper circuit of 5% on consecutive 6 days during the period of dissemination of tweets by Noticees.

32. The details of significant impact on the price and trading volume of the scrip, as observed in the above graph is given below:

Table 12

Scrip/Contract tweeted about		AFCOM (544224)		
		July 07, 2025 to 11, 2025 (One week prior to recommendations)	July 14, 2025 to July 29, 2025 (Period during recommendations)	July 30, 2025 to Aug 05, 2025 (One week post recommendations)
Price Impact Post recommendations	Open price	860 (on 07/07/2025)	838 (on 14/07/2025)	1013.65 (on 30/07/2025)
	Close price	845.70 (on 11/07/2025)	1017.65 (on 29/07/2025)	975.20 (on 05/08/2025)
	% Change in scrip price	-1.7%	21.4%	-3.8%
Volume Impact Post recommendations	Avg. Trading vol. (number of shares traded/number of trading days)	22,320	95,400	56,448
Relevant Price Sensitive Corporate Announcement on the days of recommendations or the prior day		No	Yes*	No

* On July 18, 2025 at 05:41 PM, Company issued a press release on expanding its Asia footprint with strategic Vietnam foray.

33. From the above table, it can be seen that there was a significant impact on the price and trading volume of the scrip during the days of recommendations. The details of the same is stated as follows:

- i) During the period of tweets (July 14, 2025 to July 29, 2025), the scrip price rose by 21.4% whereas the week prior and post this period, the scrip price reduced by 1.7% and 3.8% respectively.
- ii) Similarly, the average trading volume in the scrip during the period of tweets increased significantly by 4.3 times compared to previous week. Further, during the succeeding week post the last tweet, the average trading volume in the scrip reduced from 95,400 to 56,448.

34. It is also noted that there was one relevant price-sensitive corporate announcement made by the company during the period of recommendation (i.e. on July 18, 2025 at 05:41 PM). Since the announcement was made post market hours, the impact of the announcement on price volume movement of the scrip would take effect on the following trading day (i.e. on July 21, 2025). Accordingly, upon analysing the price volume data of the scrip on July 21, 2025, it is observed that the scrip price rose by 5% on close to close basis as compared to previous trading day and around 67,440 shares were traded.

35. However, it is to be noted that the momentum in the price volume movement of the scrip took effect from July 14, 2025, i.e. from the day Noticees started disseminating tweets regarding the scrip Afcom. The table below shows a comparison on price volume movement of the scrip one week prior to the first tweet (July 04, 2025 to July 11, 2025) and one week post the first tweet i.e from July 14, 2025 to July 18, 2025, which is a day prior to the day on which the impact of the material corporate announcement would take effect (i.e. July 21, 2025).

Table 13

Date	Closing Price	Volume	% Change in scrip price on open to close basis	Average Volume during the period
07-Jul-25	861	23040	-1.70%	22,320
08-Jul-25	857.45	16800		
09-Jul-25	860.45	41520		
10-Jul-25	856.45	10320		

Date	Closing Price	Volume	% Change in scrip price on open to close basis	Average Volume during the period
11-Jul-25	845.7	19920		
14-Jul-25	821	86160	9.23%	89,520
15-Jul-25	808.75	69840		
16-Jul-25	813.45	73680		
17-Jul-25	854.1	109680		
18-Jul-25	896.8	108240		

36. Thus from the table below, it is evident that the scrip price increased by 9.23% in one week post first tweet as compared to a decrease of 1.7% in the week prior to the first tweet. Further, the average trading volume increased by 4.1 times on the week post the first tweet as compared to one week prior to that.

37. Further, on July 21, 2025 wherein, the impact of corporate announcement should have been observed, it is noted that the volume traded was 67,440 shares which was much lesser than the previous 2 days (July 17, 2025 and July 18, 2025) which saw more than 1.08 lakh shares traded. Hence, it is evident that the price volume movement in the scrip post July 14, 2025 was mainly due to the recommendations floated by Noticees rather than due to the impact made by the corporate announcement.

Profit made by Noticees in the scrip Afcom Holdings limited during the period of dissemination of tweets and recommendations:

38. From the above paragraphs, it is noted that Noticees Rohan Gupta, Aniket Gupta, Sharon Gupta and Rajani Gupta had traded in the scrip of Afcom during the days of dissemination of tweets and posts through various social media platforms (X platform, WhatsApp & Telegram channel).

39.The details of the profit made by the aforesaid Noticees in the scrip Afcom during the days of disseminations of tweets and recommendations are as follows:

43. As seen from the above table, as on July 15, 2025, Sharon Gupta had an opening balance of 65,760 shares of Afcom purchased at a weighted average price of ₹327.68 per share. Subsequently, post floating recommendations in social media platforms, Sharon Gupta sold 8,160 shares in the scrip valued at Rs.81.69 lakhs, thereby earning a gain of Rs.54.96 lakhs.

44. The aforementioned Noticees namely, Rohan Gupta , Aniket Gupta , Rajani Gupta and Sharon Gupta on a cumulative basis made a gain of Rs.2 Crores in the scrip of Afcom during the days of dissemination of tweets and recommendations.

Brief Summary of the illustration explained above in the scrip of Afcom for the period July 14, 2025 to July 31, 2025

45. The aforesaid illustration of the acts undertaken by Noticees namely, Hemant Gupta, Rohan Gupta, Rajani Gupta, Sharon Gupta and Aniket Gupta, in respect of their trading and communications in the scrip of Afcom during the period July 14, 2025 to July 31, 2025, shows the pattern followed by Noticees to generate profits:

Figure 3

46. As on July 14, 2025, Noticees had a combined holding of 1,89,360 shares of Afcom purchased at a weighted average price of Rs.395.95 per share. Subsequently, from July 14, 2025 to July 17, 2025, Noticees undertook relatively small valued transactions wherein they purchased a little quantity of 5520 shares valued at Rs.45.25 lakhs and sold 960 shares valued at Rs.7.73 lakhs. Accordingly, as on July 18, 2025, Noticees had a total holding of 1,93,680 shares of Afcom valued at Rs.7.90 Crores (weighted average price of Rs.407.99 per share).

47. It is seen that on July 17, 2025, a few hours after messaging about discussion of strategy for Afcom, Aniket messaged Hemant that he will put the scrip to upper circuit by promoting buying interest in his network and initiating social media promotion to public from next day.
48. The pattern illustrated above shows that platforms of X, Telegram and WhatsApp were utilised to publicise positive news/updates about the company giving assurance of guaranteed growth and returns with the intention of generating buying sentiment in the scrip. Terms such as “An absolute no brainer”, “To scale 1000 Cr revenues & 30% EBITDA margins for FY26”, “Co should trade at 6000 Cr mkt cap”, “potential to be a large cap by FY 28”, “Will be one of the quickest micro cap to large cap stories”, were posted.
49. The Noticees also provided recommendations on the scrip on WhatsApp and telegram channels/groups (administered by them as well as others) having large number of members/subscribers. Claims of capacity expansion, high revenues and profits in the coming years were disseminated to induce public interest in the scrip.
50. The Noticees also leveraged a corporate announcement made by the company on July 18, 2025 to further recommend the scrip on social media platforms. Purported updates from investor calls with the management of the company were also circulated while no such details of discussions were publicly announced by the company.
51. As a result of this promotional activity, a significant impact was observed in the trading price (21.4% increase) and trading volume (4 times) of the scrip. The scrip price hit an upper circuit of 5% consecutively on six days during the period of dissemination of tweets by Noticees as discussed above.
52. The data analysis shown in the preceding paragraphs also demonstrates that the price and volume movement in the scrip post July 14, 2025 was mainly due to the recommendations circulated by Noticees rather than due to the impact made by the corporate announcement.

53. As the buying interest was posted, Noticees parallelly offloaded some of their built-up positions during the period of promotional activity. Between July 18, 2025 to July 31, 2025, Noticees strategically sold 35,280 shares, representing more than 18% of their total holding of 1,93,680 shares. This divestment yielded them a substantial profit of Rs.2.24 crores. Further, it also increased the value of their remaining shareholding in the company (1,58,400 shares) by Rs.1.88 crores during July 18, 2025 to July 31, 2025.

54. It is also seen that Aniket Gupta, in his tweet dated July 14, 2025 informed public regarding Afcom that he has “added more to long term portfolio”. In this regard, it is noted that he had a total holding of 3,600 shares (along with Rajani Gupta) prior to July 14, 2025. While a total of 5,520 shares were purchased additionally on July 14, 2025 and July 17, 2025, however, he sold the entire holdings (9,120 shares) on July 29, 2025, which shows a clear contradiction to the statement made to public giving a recommendation of “long term” expectations in the scrip.

55. Further, from messages sent by Hemant Gupta on July 25, 2025, the malafide intent of Noticees is evident wherein he asked Rohan Gupta to sell shares in contradiction to the recommendation given to the public few hours ago to not sell their shares in Afcom.

2nd Instance: Recommendations in the scrip K2 Infragen Limited during the period June 10, 2024 to June 27, 2024:

56. In the scrip of K2 Infragen Limited (listed on NSE Emerge platform), it is observed that Noticees, in a planned manner, built up positions valued at Rs.2.36 crore during the period June 10 to June 18, 2024. Thereafter, they started social media campaign from June 19, 2024, providing buying recommendations in the scrip whereas Noticees sold their holdings to make substantial profit of Rs.1.22 Crore. Detailed illustration of the pattern followed by Noticees in this particular instance is explained in succeeding paragraphs.

Details of tweets posted in the scrip K2 Infragen Limited during the period June 19, 2024 to June 25, 2024:

57. Rohan Gupta and Aniket Gupta, in collaboration with Hemant Gupta, through their X accounts @WealthSolitaire and @desiwallstreet respectively, posted 4 tweets containing positive information/updates about the company/scrip K2 Infragen Limited ("K2 Infra") on June 19, 2024, June 20, 2024 and June 25, 2024 with the intention of gaining profits by luring public at large to purchase shares of the company, as illustrated below.

59. It is noted that each of the aforementioned tweets have garnered more than 40,000 views with the tweet on June 20, 2024 at 11:16 AM garnering more than 1.5 lakh views. All the tweets have been liked, shared and commented upon by the public.

60. The Noticees have used terms such as “most undervalued SME infra co”, “BIG GAME CHANGER”, “Our Next SME MULTIBAGGER IDEA”, “2 days, Back to back 20% UCs”, “a Highly Undervalued EPC Co Has potential to become another MULTIBAGGER”, etc.

61. Statements such as “My previous mention of a SME water infra Co (Teerth Gopicon) has become 3.5x in 2 months...K2 will also be a star in water infra” are employed to show the track record of their recommendations. The tweet on June 25, 2024 also urges others to report/share about the multibagger idea for wider reach. All these terms used are in the form of attracting buying interest by way of giving assured growth and returns.

Analysis of chats between Noticees during the above period:

62. During the on-going investigation data collected from digital devices of Noticees viz. Hemant Gupta, Rohan Gupta and Aniket Gupta, revealed that, apart from X account, the Operators circulated multiple messages related to the scrip K2 Infra to a large number of people individually as well as through multiple WhatsApp and Telegram channels/groups.

63.A brief chronology of such communications on WhatsApp and Telegram by Hemant Gupta, Rohan Gupta and Aniket Gupta is illustrated below.

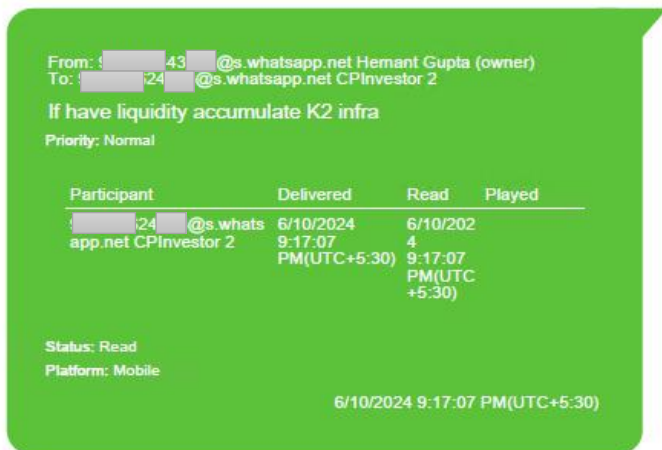

64.To establish a correlation between the dissemination of recommendations and Noticees’ trading patterns, the communications issued across various social media platforms have been categorized into two distinct phases:

Buy Phase: June 10–18, 2024 and Sell Phase: June 19–27, 2024.

Buy Phase:

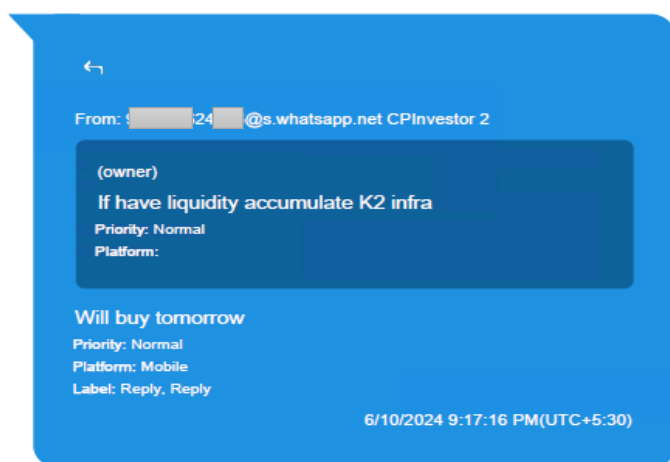

65.The following snapshots of WhatsApp chats illustrates the correspondence exchanged between Hemant Gupta, Rohan Gupta and Aniket Gupta, and their communications urging few individuals to buy the scrip of K2 Infra during the buy phase (i.e. from June 10 to 18, 2024)

69. From the table above, it can be seen that Noticees viz. Rohan, Aniket, Rajani and Sharon on a cumulative basis had purchased 1,56,000 shares of K2 Infra from

June 10 to 18, 2024 for Rs.2.36 Crore and sold 92,400 shares (59.23%) from June 19 to 27, 2024 for Rs.2.62 Crore.

Analysis of Price-Volume Impact for the period June 10, 2024 to June 27, 2024 in the scrip prior, during and post recommendations:

70. Impact of the recommendations made by Noticees on via various social media platforms (X, WhatsApp & Telegram) on the Price and Volume of the scrip is shown in the following paragraphs. It is to be noted that the scrip K2 Infra is listed on the NSE Emerge trading platform (**NSE - SME: K2INFRA**). Accordingly, the impact of the recommendations on the Price and Volume of the scrip in NSE Emerge segment one week prior, during and post recommendations is represented below:

Figure 4

71. Price Impact in the scrip during the days of recommendations (June 19 to June 25, 2024) is given in the table below.

Table 21

Date	Closing Price	% change in scrip price on close to close basis
19/06/2024	181.75	15.3%
20/06/2024	218.1	20.0%
21/06/2024	239.9	10.0%
24/06/2024	263.85	10.0%
25/06/2024	290.2	10.0%

72. From the table above, it can be seen that the price of the scrip increased by more than 10% on each trading day during the days of recommendations by Operators.

73. The details of significant impact on the price and trading volume of the scrip, as observed in the above graph is given below:

Table 22

Scrip/Contract tweeted about		K2 Infragen Limited (K2INFRA)		
		June 11 to June 18, 2024 (One week prior to recommendations)	June 19 to June 25, 2024 (Period during recommendations)	June 26, 2024 to July 02, 2024 (One week post recommendations)
Price Impact Post recommendations	Open price	153.95 (on 11/06/2024)	162.95 (on 19/06/2024)	304.70 (on 26/06/2024)
	Close price	157.65 (on 18/06/2024)	290.20 (on 25/06/2024)	308.95 (on 02/07/2024)

Volume Impact Post recommendations	Avg Trading vol (number of shares traded/number of trading days)	95,280	7,22,160	3,49,200
Relevant Price Sensitive Corporate Announcement on the days of recommendations or the prior days		No	No	No

74. From the above table, it can be seen that there was a significant impact on price and volume of the scrip during the period of recommendations from June 19, 2024 to June 25, 2024. The following key points are noted from above details:

- i) During the period of recommendations (June 19, 2024 to June 25, 2024), there was a price rise of 78% whereas the weeks prior and post this period saw a meagre change of 2.4% and 1.4%, respectively.
- ii) Average trading volume of the scrip increased by more than 7 times during the period of recommendations (7,22,160) compared to one week prior to recommendations (95,280) and got halved during the week post recommendations (3,49,200).

75. It is also noted that there were no relevant price-sensitive corporate announcements made by the company around the time of recommendation, which could justify the sudden rise in price and volume in the scrip K2 Infra.

Profit made by Noticees in the scrip K2 Infragen limited during the period of dissemination of tweets and recommendations:

76. From the above details, it is noted that the Noticees, namely Rohan Gupta, Aniket Gupta, Rajani Gupta and Sharon Gupta had traded in the scrip K2 Infra during the days of dissemination of tweets and posts through various social media platforms (X platform, WhatsApp & Telegram channel).

77. The details of profit earned by the aforementioned 04 Noticees in the scrip K2 Infra during the period June 10, 2024 to June 27, 2024 are as follows:

82. As noted from the above, Rajani Gupta acquired 3,600 shares of K2 Infragen Ltd. at a weighted average price of ₹150.05 per share on June 13, 2024, which is exactly one week prior to Rohan Gupta's first tweet in the scrip on June 19, 2024. Post Rohan's tweet on June 25, 2024, Rajani Gupta sold 2,400 shares in the scrip K2 Infragen Ltd during the period June 25-27, 2024, which is approximately 67.67% of the total position, thereby earning a profit of Rs.3.72 lakhs.

83. The aforementioned Noticees namely, Rohan Gupta , Aniket Gupta , Rajani Gupta and Sharon Gupta have cumulatively earned a profit of Rs.1.22 Crore in the scrip K2 Infragen Ltd during the days of dissemination of tweets and recommendations.

Brief Summary of the Instance: K2 Infragen Ltd - June 10, 2024 to June 27, 2024

84. The aforesaid illustration of the acts undertaken by Noticees viz. Hemant Gupta, Rohan Gupta, Sharon Gupta, Aniket Gupta and Rajani Gupta, in respect of their trading and communications in the scrip of K2 Infragen Ltd. during the period June 10, 2024 to June 27, 2024, shows a pattern followed by Noticees to generate profits:

Figure 5

85. During the buy phase (June 10, 2024 - Jun 18, 2024), Noticees coordinated amongst themselves to build up positions in the scrip of K2 Infra. A total purchase of Rs.2.36 Crore (1,56,000 shares) was made through family accounts.

86. Buying interest in the scrip was gradually generated during the period by recommending purchase of the scrip to few individuals. Once substantial positions were built-up, Noticees launched a social media promotional activity from June 19, 2024 onwards, which started their sale phase.

87. Platforms of X, telegram and WhatsApp were extensively used to publicise positive news/updates about the company with the intention of generating buying sentiment in the scrip. Terms such as “most undervalued SME infra co”, “BIG GAME

CHANGER”, “Our Next SME MULTIBAGGER IDEA”, “2 days, Back to back 20% UCs”, “a Highly Undervalued EPC Co Has potential to become another MULTIBAGGER” were posted.

88. The Noticees recommended the scrip on WhatsApp and telegram channels/groups (administered by them as well as others) having large number of members/subscribers. Exaggerated claims were made by giving recommendations of target price from INR 600 to INR 1000 while the scrip was trading in the range of INR 150 to INR 300.

89. As a result of this, a significant impact was also observed in the trading price (78% increase) and trading volume (7 times) of the scrip. It is also observed that the price of the scrip increased by more than 10% on each trading day during the days of dissemination of recommendations. Further, it is pertinent to note that there were no price impacting corporate announcement during the period.

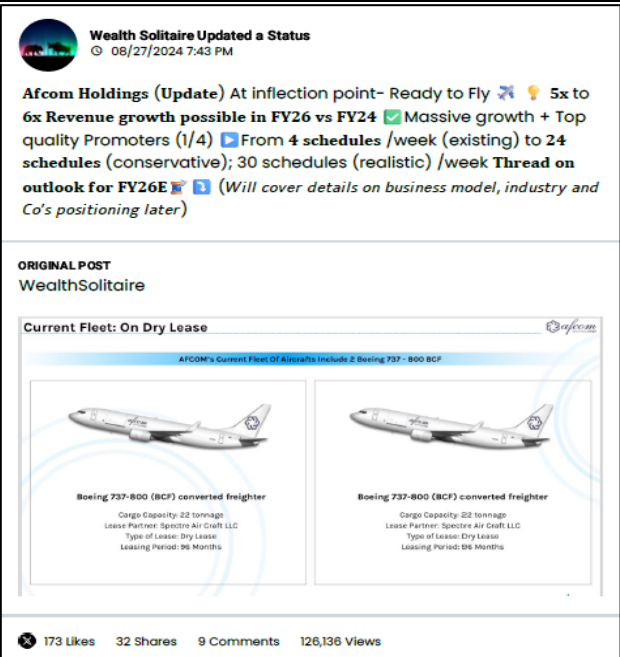

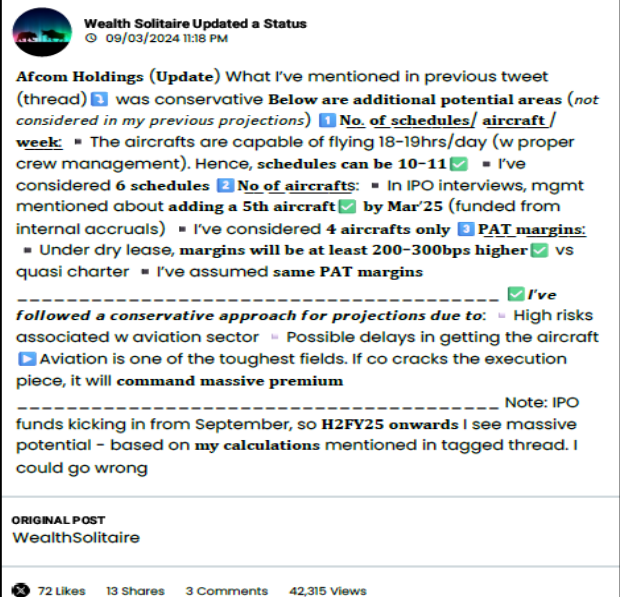

90. Noticees, once buying interest was posted, they parallelly offloaded their built-up positions during the period of promotional activity. Sales of 60% of total positions (92,400 shares out of 1,56,000 shares), from June 19 to 27, 2024, not only recouped the investment of INR 2.36 crore made prior to the promotional activity but also provided additional INR 26 lakhs on an immediate basis, with more than 60,000 shares (valued at Rs.1.87 Crore as on June 27, 2024) still held by Noticees. The Noticees effectively made a profit of Rs.1.22 crore by selling 92,400 shares of K2 Infra during the said period.

3rd Instance: Recommendations in the scrip Afcom Holdings Limited during the period August 22, 2024 to September 09, 2024:

91. In the scrip of Afcom Holdings Limited (listed on BSE SME platform), it is observed that the Noticees built up position of 3,02,400 shares valued at Rs.7.06 crore on the week of listing. Thereafter, social media campaign was publicly kick started giving recommendations to buy the scrip, whereas in contrary, Noticees off-loaded 43,200 shares in the scrip to make a substantial profit of Rs.94.36 lakhs. Detailed illustration of the pattern followed by Noticees in this particular instance is explained in succeeding paragraphs.

92. Rohan Gupta, in collaboration with Hemant Gupta, through his X account @WealthSolitaire posted 2 tweets containing positive information/updates about the company/scrip Afcom Holdings Limited ("Afcom") on August 27, 2024 and September 03, 2024 to purchase shares of the company. The details of his posts in X account are tabulated below:

93. It is observed that the first tweet garnered more than 1.25 lakh views while the second tweet had more than 40,000 views. Both the tweets have been liked, shared and commented upon by the public.

94. Rohan Gupta has used terms such as “At inflection point - Ready to fly”, “5x to 6x revenue growth possible in FY26 vs FY24”, “Massive growth + Top quality Promoters”, “If co cracks the execution piece, it will command massive premium”, “I see massive potential” etc. thereby giving promise of assured growth and returns.

Analysis of chats between Noticees during the above period :

95. During the on-going investigation data collected from digital devices of Noticees viz. Hemant Gupta, Rohan Gupta and Aniket Gupta, revealed that, apart from X, Noticees also circulated multiple messages related to the scrip Afcom to a large number of people individually as well as through multiple WhatsApp and Telegram channels/groups.

96. A brief chronology of such communications on WhatsApp and Telegram is illustrated below:

Explanation:

On August 24, 2024 at 10:26 AM, Aniket forwarded the above mentioned message to a WhatsApp group containing 225 members, characterizing Afcom's promoters as "Superlative" and its prospects as "Spectacular". The message also coaxed recipients to invest immediately in the scrip or else they would repent later for missing out, thereby promising guaranteed returns. A previous tweet dated August 22, 2024 made through Wealth Solitaire account at 11:25 PM regarding the scrip Afcom was also shared in the message.

Total		0	2400	-	10,34,520.00	-	431.05

Accordingly, Rohan & Sharon on a cumulative basis, sold 43,200 shares of Afcom Holdings Ltd., during the period August 28, 2024 (day post 1st tweet) to September 09, 2024 (one week post 2nd tweet).

Analysis of Trades executed by the Noticees for the period from August 22, 2024 to September 09, 2024 in the scrip Afcom Holdings Limited during the days of dissemination of tweets:

97. On analysing the trading accounts of Noticees, it is observed that Rohan Gupta and Sharon Gupta have traded in the scrip Afcom during the days of dissemination of tweets.

98. Trading was superficially observed from August 28, 2024 to September 09, 2024, including the dates on which tweets were posted. The details of Noticees' trade in the scrip of Afcom Holdings Ltd. during the period August 28, 2024 to September 09, 2024 is as follows:

Table 29

Date	Name	Opening Balance	Gross Buy Vol	Gross Sell Vol	Gross Buy Value	Gross Sell Value	Avg Buy Price	Avg Sell Price
28/08/2024	ROHAN GUPTA	2,18,400	0	4800	-	21,33,120.00	-	444.40

Total			0	43200	-	1,94,99,460.00	-	451.38

99. From the table above, it can be seen that Noticees viz. Rohan and Sharon on a cumulative basis had sold 43,200 shares of Afcom during the period Aug 28, 2024 to Sep 09, 2024 for a value of Rs.1.95 Crore.

100. It is pertinent to note that, as on Aug 27, 2024, Rohan and Sharon on cumulative basis were holding 3,02,400 shares of Afcom at a weighted average price of

Rs.233.74 per share. These shares were acquired few days back on August 09, 2024 and August 13, 2024. The shares of the company were listed on BSE SME platform on August 09, 2024.

Analysis of Price-Volume Impact during August 28, 2024 to September 09, 2024 in the scrip prior, during and post recommendations:

101. It is to be noted that the scrip Afcom is listed in the SME segment of BSE trading platform (BSE - SME: 544224). Accordingly, the impact of the recommendations on the Price and Volume of the scrip in BSE SME segment one week prior, during and post recommendations is represented below:

Figure 6

102. Price Impact in the scrip during the days of recommendations (Aug 28 to Sep 04, 2024) is given in the table below.

Table 30

Date	Closing Price	% change in scrip price on close to close basis
28-Aug-24	444.4	10%
29-Aug-24	422.2	-5%
30-Aug-24	401.1	-5%
02-Sep-24	421.15	5%
03-Sep-24	442.2	5%
04-Sep-24	464.3	5%

103. From the table above, it can be seen that the price of the scrip on the days of dissemination of tweets increased by 10% (on August 28, 2024) and 5% (on September 04, 2024) respectively.

104. The details of significant impact on the price and trading volume of the scrip, as observed in the above graph is given below:

Table 31

* Since the tweet was disseminated post market hours on August 27, 2024 at 07:43 PM, price volume impact on the scrip would take effect from the next trading day i.e. August 28, 2024.

Since the tweet was disseminated post market hours on September 03, 2024 at 11:18 PM, price volume impact on the scrip would take effect from the next trading day i.e. September 04, 2024.

105. From the above table, it can be seen that there was a significant impact on the price and trading volume of the scrip during the days of recommendations. The details of the same is stated as follows:

- i) During the period of tweets, the scrip price rose by 9.5% whereas it decreased by 12% during the succeeding week post the last tweet. Though it had also increased by 33% during one week prior probably on account of post listing gains, the fall of 12% in the week after the impact of posting was over is significant.

- ii) During the period of tweets, the average trading volume in the scrip increased significantly by 3.6 times compared to previous week. Further, during the succeeding week, post the last tweet, the average trading volume in the scrip reduced from 7,27,800 to 5,03,520.

106. It is also noted that there were no relevant price-sensitive corporate announcements made by the company around the time of recommendation, which could justify the sudden rise in price and volume in the scrip of Afcom.

Brief Summary of the Instance: Afcom Holdings Ltd.

112. The aforesaid modus operandi adopted by Noticees viz. Hemant Gupta, Rohan Gupta and Sharon Gupta, in respect of their trading and communications in the scrip of Afcom during the period August 22, 2024 to September 09, 2024, shows the following pattern followed by them to generate profits:

Figure 7

113. The Noticees made a total purchase of Rs.7.06 Crore (3,02,400 shares) through family accounts on the week of listing of the scrip on BSE SME platform.

114. Pursuant to a scheme publicised positive news/updates about the company with the intention of generating buying sentiment in the scrip. Terms such as “At inflection point - Ready to fly”, “5x to 6x revenue growth possible in FY26 vs FY24”, “Massive growth + Top quality Promoters”, “If co cracks the execution piece, it will command massive premium”, “I see massive potential”, “higher margin”, “miss now repent later”, “more than twice target price” etc. were highlighted to attract interest of followers on the X platform.

115. The Noticees promoted the scrip on WhatsApp and telegram channels/groups (administered by them as well as others) having large number of members/subscribers. Exaggerated claims were made by giving recommendations of target price of Rs.1000 - Rs.2000 while the scrip was trading in the range of Rs.400 to Rs.475, thereby luring public to buy the scrip. In addition, estimates of high revenues and profits in the coming years were claimed to generate attention of the public.
116. As a result of this promotional activity, a significant impact was also observed in the trading price (9.5% increase) and trading volume (7 times) of the scrip. It is also observed that the price of the scrip increased during the days of dissemination of recommendations. Further, it is pertinent to note that there were no price impacting corporate announcement during the period.
117. Once the recommendation for buy is posted, they parallelly offloaded some of their built-up positions during the period of promotional activity. This divestment yielded them a substantial profit of Rs.95 lakhs. It further got them a positional gain of INR 4.84 Crore (as on Sep 09, 2024) on the remaining holding of 2,59,200 shares due to the increase in scrip price pursuant to their social media promotions.

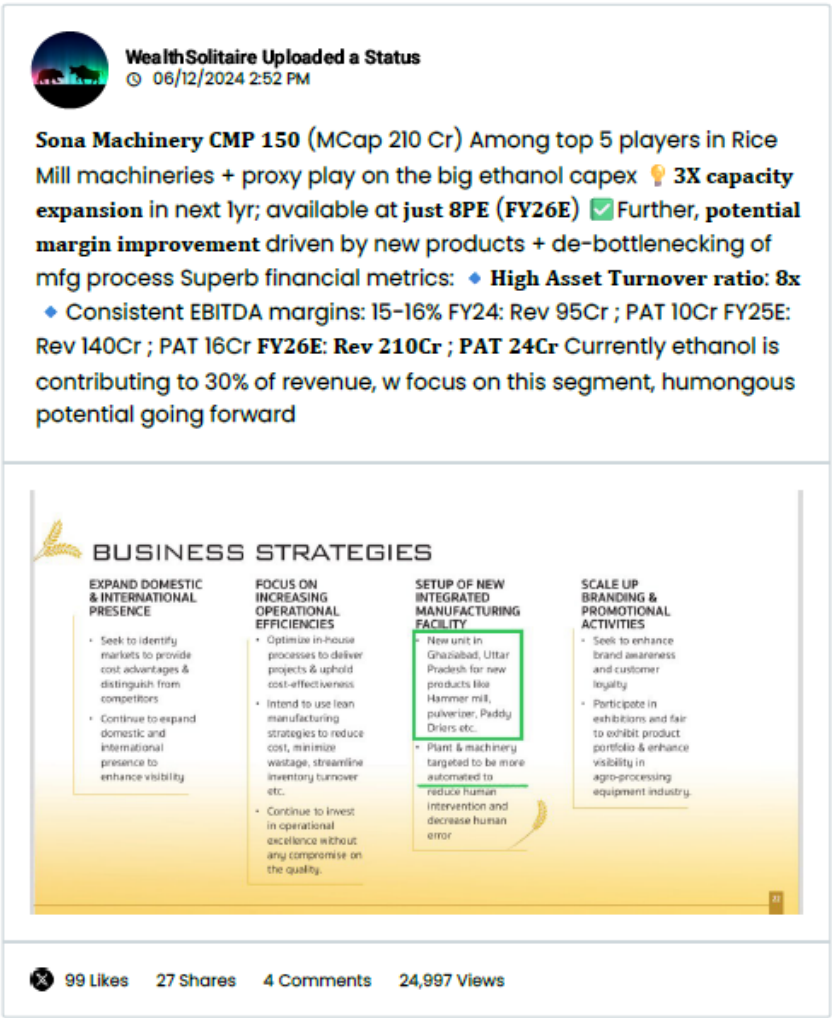

4th Instance: Recommendations in the scrip Sona Machinery Limited during the period June 07, 2024 to July 03, 2024:

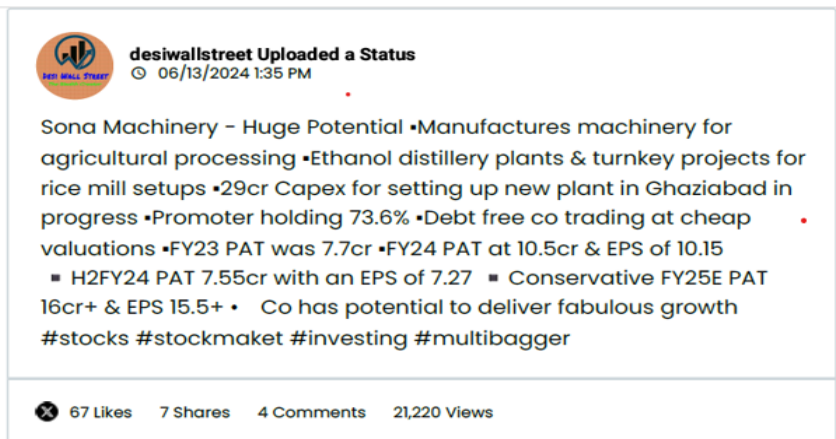

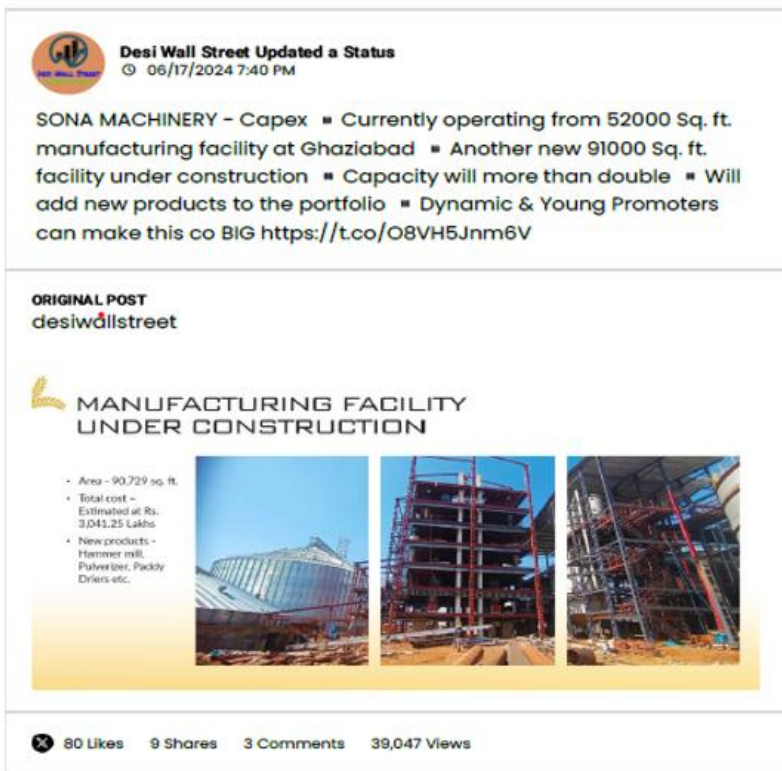

118. In the scrip of Sona Machinery Limited (listed on NSE Emerge platform), it is observed that Noticees, in a planned manner, built up a sizeable position of 1,13,000 shares valued at Rs.1.6 Crores during the period June 07 to 11, 2024. Thereafter, social media campaign was publicly kick started from June 12, 2024, with the intention of generating buying interest in the scrip, whereas in contrary, Noticees off-loaded 1,23,000 shares (including previous holdings of 10,000 shares) in the scrip to make a substantial profit of Rs.83.65 lakhs. Detailed illustration of the modus adopted by Noticees in this particular instance is explained in succeeding paragraphs.

Volume Impact Post recommendations	Avg Trading vol (number of shares traded/number of trading days)	1,16,714	3,03,875	1,71,000
Relevant Price Sensitive Corporate Announcement on the days of recommendations or the prior days		No	No	No

134. From the above table, it can be seen that there was a significant impact on price and volume of the scrip during the period of recommendations from June 12, 2024 to June 24, 2024, with key points noted as under:

- i) During the period of recommendations (June 12, 2024 to June 24, 2024), there was a price rise of 45.56% whereas, the week prior to the said period saw a meagre change of 0.75%.
- ii) As noted above, Noticees continued to provide recommendations post June 24, 2024 on WhatsApp and Telegram, which resulted in increase in share price by 6.98% during the period.

135. Average trading volume of the scrip increased by 2.6 times during the period of recommendations (3,03,875) compared to period prior to recommendations

(1,16,714). While the volumes reduced post June 24, 2024, however, they continued to be higher than the period prior to recommendations.

136. It is pertinent to note that there were no relevant price-sensitive corporate announcements made by the company around the time of recommendations, which could justify the sudden rise in price and volume in the scrip Sona Machinery.

142. From the table above, it is noted that Rajani Gupta had an opening balance of 3,000 shares of Sona Machinery purchased at a weighted average price of ₹141.60 per share as on June 11, 2024 and also purchased 1,000 more shares on the same day. Subsequently, post floating recommendations in social media platforms, Rajani Gupta sold her entire holdings of 4000 shares in the scrip during the period of recommendations and beyond (i.e from June 18, 2024 to July 03, 2024), thereby earning a profit of Rs.3.36 lakhs.

143. Accordingly, the afore-mentioned Noticees namely, Rohan Gupta, Aniket Gupta, Sharon Gupta and Rajani Gupta on a cumulative basis have made a gain of Rs.83.65 lakhs in the scrip Sona Machinery during the days of dissemination of tweets and recommendations.

Brief Summary of the 3rd Instance (Sona Machinery Ltd - June 07, 2024 to July 03, 2024):

144. The aforesaid illustration of the acts taken by Noticees viz. Hemant Gupta, Rohan Gupta, Aniket Gupta, Sharon Gupta and Rajani Gupta in respect of their trading and communications in the scrip of Sona Machinery Limited during the period June 07, 2024 to July 03, 2024, makes it evident that the following modus operandi was followed by Noticees to generate profits:

Figure 9

145. During the buy phase (June 07, 2024 - June 11, 2024), Noticees coordinated amongst themselves to build up positions in the scrip of Sona Machinery Ltd. A total purchase of Rs.1.6 Crore (1,13,000 shares) was made through family accounts. The Noticees had a holding of 13,000 shares as on June 07, 2024.

146. Recommendations to buy were gradually generated during the period by recommending purchase of the scrip to few individuals.

147. Once substantial positions were built-up, Noticees launched a social media promotional activity from June 12, 2024 onwards, which started their sale phase.
148. Platforms of X, Telegram and WhatsApp were extensively used to publicise positive news/updates about the company. Terms such as “3X capacity expansion in next 1 yr”, “available at just 8PE”, “Huge potential”, “providing excellent opportunity”, “MULTIBAGGER” “CORE PORTFOLIO STOCK”, “Target price at more than twice of current market price”, etc. were highlighted.
149. The Noticees recommended the scrip on WhatsApp and Telegram channels/groups (administered by them as well as others) having large number of members/subscribers. Exaggerated claims were made by giving recommendations of target price from INR 400 to INR 550 while the scrip was trading in the range of INR 150 to INR 250.
150. As a result of this promotional activity, a significant impact was also observed in the trading price (46% increase) and trading volume (2.6 times) of the scrip. It is also observed that the price of the scrip increased significantly on 4 out of 6 days on which recommendations were posted. Further, it is pertinent to note that there were no price impacting corporate announcements during the period.
151. As the buying interest was achieved through posting of recommendations, they parallelly offloaded their built-up positions during the period of promotional activity. The Noticees sold their holdings of 1,23,000 shares in the scrip during the said period and effectively made a profit of Rs.83.65 lakhs.
152. Thus, it is evident that over a concentrated 25-day window, Noticees executed their scheme by systematically accumulating a significant position of 1,13,000 shares (excluding prior holding of 11,000 shares) in the scrip. Once their position was established, they leveraged various social media platforms to aggressively recommend the stock to the public. Further, they simultaneously offloaded their entire holdings by liquidating a total of 1,23,000 shares and exited the scrip with a substantial profit of Rs.83.65 lakhs.

5th Instance: Strategic Accumulation and Promotion of Newly Listed Securities

153. A clear intent of Noticees to start social media circulation of their recommendations is seen in cases of many companies at the time of their listing. In several such instances, it is observed that Noticees purchased a newly listed scrip on the listing day or during initial few days of listing. Posts on X and other social media circulation were initiated only after Noticees purchased and built-up planned positions in the scrip. It is logical to assume that such buying decision for accumulating a scrip post-listing by Noticees would be pre-planned prior to the listing, however, there is not a single instance wherein such a scrip is advertised by Noticees prior to its listing. The scrips are promoted and recommended for purchase by the public only after purchase made by Noticees which demonstrates their malafide intention of gaining profits by influencing/inducing the investors in securities market.

154. Instances pertaining to above pattern followed by the Operators is explained in the forthcoming paragraphs.

DSM Fresh Foods (Zappfresh) CMP 132 MCap 294Cr (BSE SME) A very unique, one of a kind SME company listed recently DSM operating the brand 'Zappfresh' targets the USD 55 bn meat market which is 90% unorganised. Co has cracked the code: profitable + growth Via an omnichannel strategy (D2C + Horeca supplies + Meat shops)

Burman (Dabur) family office holding stake in Zappfresh Will cover details on the business soon. Initially covering my view on the valuation

Based on Revenue: FY26E revenue 220Cr (vs FY25 Rev 131Cr) (B2C 50%; B2B 50%) **B2C Sales 110Cr** Assigning a EV/Sales of 4x (conservative) (Licious last round was at 11x Sales when co was grew 62%) Though Licious is a category creator + leader, hence premium valuations. So considered a normal 4x EV/Sales in line with most D2C businesses **B2B Sales 110Cr** Assigning a EV/Sales of 1.0x Market generally values such a business at 0.8x forward / 1.0x trailing basis **Refer Hyperpure (Zomato) valuation by HDFC securities in Feb'25**

So intrinsic value is 550Cr (B2C 440Cr + B2B 110Cr) vs MCap just 294Cr

Based on PAT: FY26E PAT 16-18Cr (vs FY25 PAT of 9Cr) Most consumer brands trading at a PE ratio of 35-40 **Even at a conservative 32-35 PE multiple, potential MCap 540-590Cr vs MCap just 294Cr**

Above is an analysis on FY26 numbers. Further, full impact of IPO funds to come in FY27, so FY27 can see quantum jump Will soon post details of the business, industry, etc

Explanation:

On October 12, 2025 at 10:55 PM and October 16, 2025 at 1:51 PM, Rohan Gupta through his X account @WealthSolitaire posted regarding the scrip DSM Fresh Foods stating, "Very unique, one of a kind SME company", "Co has cracked the code: profitable + growth", "potential MCap 540-590Cr vs MCap just 294Cr", "this is a huge play on the booming e-commerce industry / digitalisation theme", "FY27 can see quantum jump" etc. thereby inducing public interest in the scrip to purchase the shares of the said company.

155. It is observed that the aforesaid content posted by Operators communicated about strong financials, operations and long term growth prospects of the company. By providing potential market capitalization to be almost double of prevailing market capitalization of the company, Noticees effectively provided a target price recommendation on the scrip. In contrast to such publications on

social media, Noticees took a divergent view themselves and started selling their holdings in the company from October 17, 2025 onwards and sold more than 26% of their purchases by November 07, 2025.

156. Trade data of Noticees for the period October 17, 2025 to November 07, 2025 is given below. :

Table 45

Total			0	117600	0	20938800	0	178.05

157. From the above table, it can be seen that Noticees, in contrast to their recommendations, sold 1,17,600 shares (26.49% of purchases) in the scrip between October 17, 2025 and November 07, 2025 valued at Rs.2.09 Crore and made a substantial profit of Rs.67.22 lakh (average price of purchase for such shares being INR 1.42 Crore). It is to be noted that such activity (without any corporate announcement during the period) not only enabled an immediate profit of Rs.67 lakh, but also increased the value of shares still held by Noticees

(3,26,400 shares valued at Rs.6.06 Crore as on November 07, 2025 which were purchased at average value of INR 3.95 Crore).

Explanation:

On September 29, 2025 at 01:35 AM, Aniket Gupta through his X account @desiwallstreet posted positive updates / information about the scrip Vashishtha Luxury Fashion Ltd stating, "FY27 should also grow another 50%", "co. can raise decent funds for humungous growth", "Tiny floating stock & Nano mcap should multiply co's valuations".

In addition to the aforesaid posts on X, Noticees also circulated posts on Telegram channels recommending purchase of scrip to the public. Some of these instances are shown below:

Posts on Telegram Channels:

September 25, 2025	September 25, 2025	September 30, 2025	October 01, 2025
			

Explanation:

On various days subsequent to the listing of Vashishtha Luxury Fashion Ltd and their purchase in the scrip, Noticees posted content about the company on Telegram channels having large number of members. Terms such as “Relentless growth possible”, “TP - 500”, “Do not miss. Unique Opportunity. Can get even 50-60 PE”, “35 cr mcap is peanuts”, “Should have 150 cr mcap comfortably next year”, “Vashishtha Luxury – TP: 250/350/500/1000” etc. were employed to recommend investors to purchase shares of the company.

159. It is observed that the aforesaid content posted by Operators communicated about growth prospects and increase in valuations of the company. They also recommended target price ranging from 2-6 times of the prevailing market price on Telegram channels. In contrast to such publications on social media, Noticees took a divergent view themselves and started selling their holdings in the company from September 25, 2025 onwards and sold entire holdings within 2 weeks by October 09, 2025.

160. Trade data of Noticees for the period September 25, 2025 to October 09, 2025 is given below.

Table 47

Date	Name	Opening Balance	Gross Buy Vol	Gross Sell Vol	Gross Buy Value	Gross Sell Value	Avg Buy Price	Avg Sell Price

Total			0	48000	0	9368100	0	195.17

161. From the above table, it can be seen that the Noticee, in contrast to their recommendations, sold entire holdings of 48,000 shares in the scrip between September 25, 2025 and October 09, 2025 valued at Rs.93.68 lakh and exited the scrip by making a substantial profit of Rs.21.59 lakhs, thus, giving them a return of 30% in less than 20 days.

Brief Summary of the above example:

Figure 11

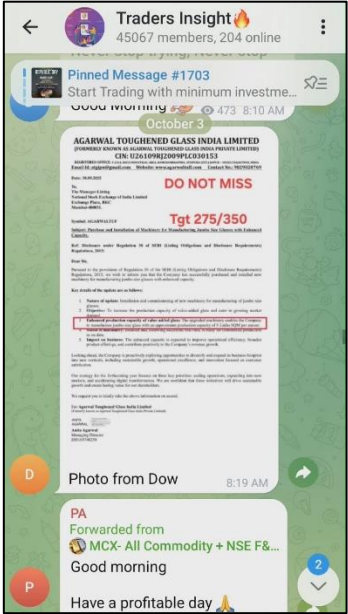

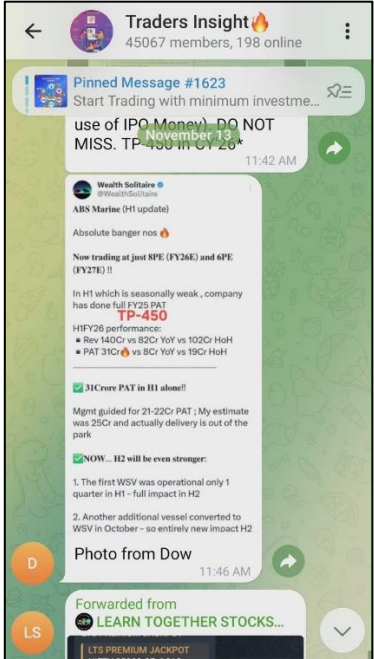

Samples of posts made by Operators on Telegram Channels having large number of members is given below:

162. In continuation to the above, it was also noted that Operators have deliberately avoided mentioning “target price” or “buy/sell” statements in their posts on X.

They have also regularly used disclaimers such as “DYODD” i.e. Do your own due diligence, “not a buy/sell recommendation”. Such strategy has been employed to give an impression that they are simply informing the public about fundamentals, operations, financials, etc. of a company and not giving any recommendations to buy or sell the scrip, which only a SEBI regulated entity is permitted. However, it is notable that the main focus of posts is to highlight bright future prospects about the company by giving special emphasis on increase in profits, revenues, margins, etc. The posts also boldly estimate about the potential revenues, expected profits, improved operations, etc. Thus, effectively, the posts are designed to generate public interest in the scrip and are nothing but a subtle method of giving buy recommendation. This strategy was adopted by the operators in their posts, as discussed in earlier part of the order (refer to part G of the order), to avoid any regulatory actions against them.

163. Explicit recommendations of buy/sell and target price are made through private chats on WhatsApp groups and Telegram channels as well as through connected network of individuals to avoid regulatory scrutiny of circulation of such explicit recommendations. It is also observed in many occasions that Operators posted about the positive corporate announcements made by the companies and added a highlighted target price on such posts. Such target price were observed to be much above or in multiples of the prevailing market price of those scrips thereby inducing investors to purchase by leveraging corporate announcements made by the listed companies. Few such screenshots of posts made in telegram channels having larger number of members are illustrated below.

Screenshot of Telegram Chat	Explanation
	<p>On October 03, 2025 at 08:19 AM, Hemant Gupta forwarded the corporate announcement containing updates on capacity expansion made by the company Agarwal Toughened Glass Limited to a Telegram Channel named “Traders Insight” containing more than 40,000 members. From the screenshot, it can be seen that Hemant had highlighted the specific pointer discussing about capacity expansion in red box and also highlighted statements like “DO NOT MISS”, “Tgt 275/350” to lure investors’ attention to purchase the scrip. It may also be noted that the said scrip was trading at around Rs.155 on that day and thus, the target price was recommended to be double of the prevailing market price.</p>
	<p>On November 13, 2025 at 11:46 AM, Hemant forwarded the screenshot of a tweet posted through the account of @WealthSolitaire to the Telegram Channel named “Traders Insight”. The tweet mentioned about a corporate announcement made by the company ABS Marine Services Limited containing half yearly financial updates. It can be seen that while the tweet did not explicitly mention any target price, however, the screenshot on Telegram additionally contained mention of “TP-450” in huge red font to attract investors’ attention.</p>

	Similar to the aforesaid instance, the target price was recommended to be nearly double of the prevailing market price of that scrip.

164. It is also noted that posts on X are published only after Noticees build up a position or have an existing position in a particular scrip. There is not a single post which mentions that they are going to purchase or buy the scrip. The Noticees never post that they are selling a particular scrip. While they regularly indicate about their positions in certain scrips using the terms such as “high conviction holding”, etc., exits being made in scrips are not publicized.

Comparative analysis of holdings of Noticees before and after the examination period:

165. The following table presents a comparative analysis of Noticees' holdings as of November 30, 2023 (the day preceding the examination) and January 20, 2026:

Table 49

PAN	Name	Market Value of Holding as on		% change in Holding
		November 30, 2023 (in lakhs)	January 20, 2026 (in lakhs)

AMFPG0655E	Purvangi Hemant Gupta	190.27	209.16	9.93
Grand Total		3,077.79	5,186.36	68.51

166. From the above table, it is observed that the Market Value of Noticees' holdings rose from INR 30.78 crore on November 30, 2023, to INR 51.86 crore by January 20, 2026, representing a significant increase of 68.51%.

Analysis of data on stock recommendations posted on 'X' accounts:

167. The following table presents the cumulative number of stock recommendations published by both X accounts throughout the period of December 01, 2023 to January 20, 2026:

Table 50

Particulars	@WealthSolitaire	@desiwallstreet	Total
Total no. of recommendations	208	523	731
No. of recommendations pertaining to mainboard scrips	46	361	407
No. of recommendations pertaining to SME scrips	162	162	324

168. From the table above, it is observed that the X account of Rohan Gupta was mainly focused on scrips pertaining to SME platform with more than 75% of total recommendations in SME scrips. On the other hand, the X account of Aniket Gupta recommended mainboard scrips more than twice of SME scrips.

Determination of Facts:

169. From the fact explained in the preceding paragraphs, it can be *prima facie* inferred that the Operators through their X accounts and other social media platforms posted positive business updates and their views/opinions, which were effectively stock recommendations of listed companies on stock exchanges with target price, assured growth and returns . The Operators carried out discussions and coordinated with each other about the target company's financials, operations, etc. They deliberated on the specific language of the posts, the documents to be attached, and the timing of the posts. On arriving at a consensus, Rohan Gupta / Aniket Gupta posted the agreed upon content on their X accounts viz. @WealthSolitaire and @desiwallstreet respectively. Immediately following the X posts, the links of the posts were shared in the private family groups. The Noticees, then leveraged their network of multiple Telegram

channels and WhatsApp groups to re-share these links, to increase the reach of the original posts to a broader audience of retail investors.

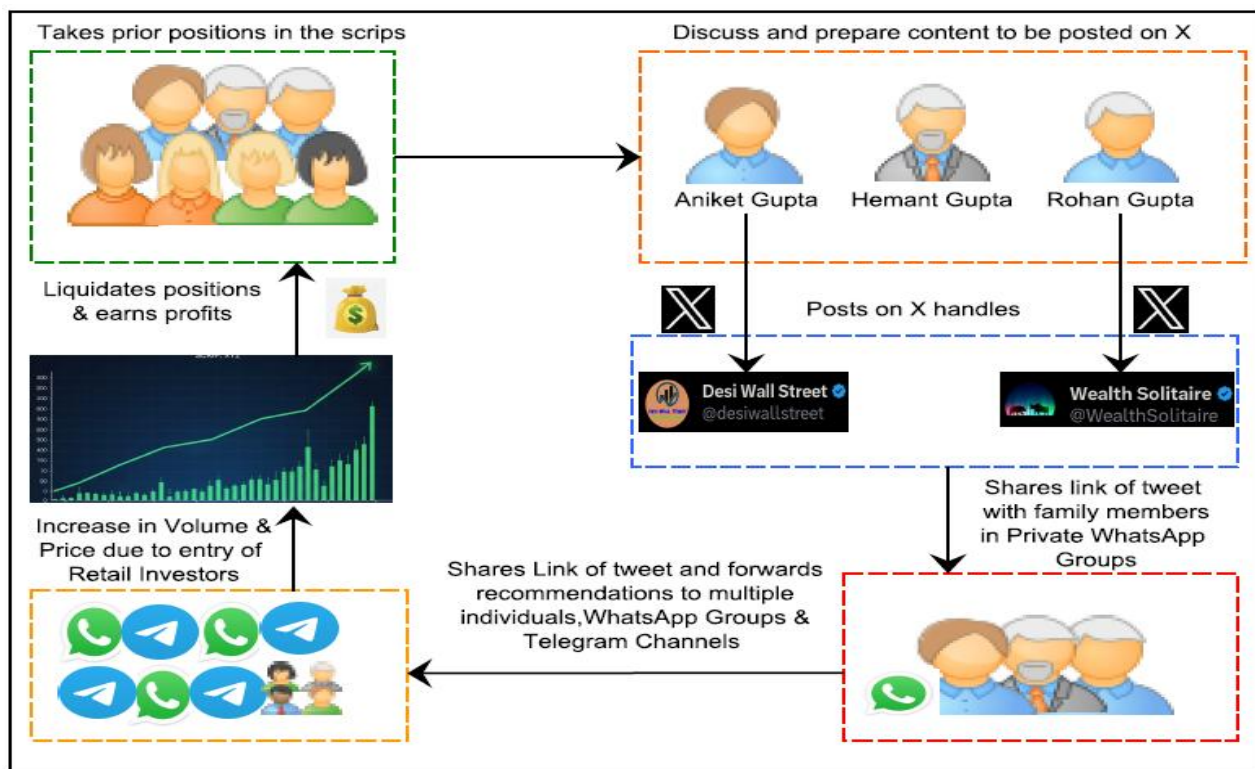

170. Additional content about such scrips was also circulated on Telegram channels and WhatsApp groups. This included large number of messages with buy recommendations as well as recommendations of target prices which were in multiples of prevailing market prices. There were various instances of where Operators highlighted target price of a scrip over and above the content posted on X and circulated the same in multiple Telegram channels and WhatsApp groups having large number of members/subscribers.
171. The Operators deliberately published their posts on X accounts in small cap/ SME scrips as they often had lower trading liquidity which allowed them to launch a coordinated social media promotional campaign. In many instances, it is also observed that Noticees also piggyback on corporate announcements made by the companies by proliferating such news/announcements on social media platforms with an attempt to create additional market impact and offloaded their existing positions during such period.
172. As discussed in earlier part of the order, the Noticee were aware that SEBI is keeping a close watch over social media posts and may take regulatory actions against them for their acts, the Operators deliberately avoided mentioning “target price” or “buy/sell” statements in some of their posts on X. They have also used disclaimers such as “DYODD” i.e. Do your own due diligence, “not a buy/sell recommendation”. Such strategy has been employed to give an impression that they are simply informing the public about fundamentals, operations, financials, etc. of a company and not giving any recommendations to buy or sell the scrip, which only a SEBI regulated entity is permitted. Though in substance they were giving “buy” recommendations with clear or disguised target price, assured growth in revenue/profits and doubling of price.
173. Though Operators have given above disclaimer, the essence of the communication is to convince/induce the investors to invest in the said scrip as

they are seen to be predicting future movement based on price volume data. This disclaimer does not seem to be genuine.

174. The Operators in their own accounts as well as in the accounts of the other Profit Makers/Beneficiaries took prior positions in the scrips. In multiple instances, it was noted that Noticees accumulated positions during the first few trading days after a stock's listing in the secondary market, especially on SME platform.

175. Pictorial representation of the modus adopted by Noticees is as under:

Figure 12

J. Role of Noticees involved in the fraudulent scheme:

176. From examination of the facts, *prima facie*, the role of Noticees is found as under:

- i) Hemant Gupta, Rohan Gupta and Aniket Gupta (Operators as well as profit makers): Hemant Gupta carried out discussions and coordination alongwith Rohan Gupta and Aniket Gupta to identify scrips thereafter devise a plan to take substantial positions in particular scrips and subsequently launched social

media campaign to generate public interest in those scrips. Hemant Gupta alongwith his sons, Rohan Gupta and Aniket Gupta were the force behind decisions related to timing of buying and selling scrips as well circulation on X and other social media platforms. Hemant Gupta extensively carried out networking on the Telegram channels and WhatsApp groups to broadcast the X posts and stock recommendations to its subscribers. There were various instances whereby the target price of a scrip which is over and above the content posted on X is circulated on multiple Telegram Channels and WhatsApp groups which had large number of members/subscribers. Rohan Gupta managed the X account @WealthSolitaire to post about the companies as decided in coordination with Hemant Gupta and Aniket Gupta managed the X account @desiwallstreet. Hemant Gupta accumulated positions in his own account as well as the accounts of Sharon Gupta and Leana Gupta. Rohan Gupta traded in his account and the accounts of Sharon Gupta and Leana Gupta while Aniket Gupta traded in his own account and the account of Rajani Gupta. The Operators thereafter offloaded the shares pursuant to recommendations posted and impact created on the social media platforms. Hemant Gupta alongwith Rohan Gupta and Aniket Gupta acted as Mastermind and executed the entire scheme.

- ii) Sharon Gupta : Provided trading account access by relinquishing control to Rohan Gupta and Hemant Gupta, who subsequently executed trades in her account to generate profits based on the orchestrated scheme.
- iii) Leana Gupta: Provided trading account access by relinquishing control to Rohan Gupta and Hemant Gupta, who subsequently executed trades within her account to generate profits based on the orchestrated scheme.
- iv) Rajani Gupta : Provided trading account access by relinquishing control to Aniket Gupta, who subsequently executed trades within her account to generate profits based on the orchestrated scheme.

- v) Purvangi Gupta : She was part of the private WhatsApp groups and telegram channels. Traded in her own account and earned profits under orchestrated scheme based on advice given by Hemant Gupta and Aniket Gupta.

K. Examination of violation of provisions of the SEBI Act and Regulations made thereunder

177. At this stage, it is essential to examine if the acts of Noticees are *prima facie* in violation of:

- (i) clauses (a), (b) and (c) of Section 12A of the SEBI Act, 1992 r/w sub-regulations (a), (b), (c) and (d) of regulation 3, sub-regulation (1) of regulation 4 and clauses (a), (d), (e) and (k) of sub-regulation (2) of regulation 4 of the PFUTP Regulations; and
- (ii) Sub-section (1) of section 12 of the SEBI Act, 1992 r/w sub-regulation (1) of the regulation 3 of the RA Regulations

In case answer to the above is in affirmative, it is required to be examined whether facts of the case warrant an urgent action in exercising powers bestowed upon SEBI under provisions of sections 11, 11B and 11D of the SEBI Act. All relevant provisions have been enumerated below for reference:

178. The text of the relevant legal provisions is reproduced below:

SEBI Act

“SEBI Act, 1992

Functions of Board.

Section 11

(1) Subject to the provisions of this Act, it shall be the duty of the Board to protect the interests of investors in securities and to promote the development of, and to regulate the securities market, by such measures as it thinks fit.

.....

(4) Without prejudice to the provisions contained in sub-sections (1), (2), (2A) and (3) and section 11B, the Board may, by an order, for reasons to be recorded in writing, in the interests of investors or securities market, take any of the

following measures, either pending investigation or inquiry or on completion of such investigation or inquiry, namely: —

- (a) suspend the trading of any security in a recognised stock exchange;*
- (b) restrain persons from accessing the securities market and prohibit any person associated with securities market to buy, sell or deal in securities;*
- (c) suspend any office-bearer of any stock exchange or self-regulatory organisation from holding such position;*
- (d) impound and retain the proceeds or securities in respect of any transaction which is under investigation;*
- (e) attach, for a period not exceeding ninety days, bank accounts or other property of any intermediary or any person associated with the securities market in any manner involved in violation of any of the provisions of this Act, or the rules or the regulations made thereunder:*

Provided that the Board shall, within ninety days of the said attachment, obtain confirmation of the said attachment from the Special Court, established under section 26A, having jurisdiction and on such confirmation, such attachment shall continue during the pendency of the aforesaid proceedings and on conclusion of the said proceedings, the provisions of section 28A shall apply:

Provided further that only property, bank account or accounts or any transaction entered therein, so far as it relates to the proceeds actually involved in violation of any of the provisions of this Act, or the rules or the regulations made thereunder shall be allowed to be attached;

- (f) direct any intermediary or any person associated with the securities market in any manner not to dispose of or alienate an asset forming part of any transaction which is under investigation:*

Provided that the Board may, without prejudice to the provisions contained in sub-section (2) or sub-section (2A), take any of the measures specified in clause (d) or clause (e) or clause (f), in respect of any listed public company or a public company (not being intermediaries referred to in section 12) which intends to get its securities listed on any recognised stock exchange where the Board has reasonable grounds to believe that

such company has been indulging in insider trading or fraudulent and unfair trade practices relating to securities market:

Provided further that the Board shall, either before or after passing such orders, give an opportunity of hearing to such intermediaries or persons concerned.

Power to issue directions and levy penalty.

Section 11B

(1) Save as otherwise provided in section 11, if after making or causing to be made an enquiry, the Board is satisfied that it is necessary, —

(i) in the interest of investors, or orderly development of securities market; or

(ii) to prevent the affairs of any intermediary or other persons referred to in section 12 being conducted in a manner detrimental to the interest of investors or securities market; or

(iii) to secure the proper management of any such intermediary or person, it may issue such directions, —

(a) to any person or class of persons referred to in section 12, or associated with the securities market; or

(b) to any company in respect of matters specified in section 11A, as may be appropriate in the interests of investors in securities and the securities market.

Explanation. — For the removal of doubts, it is hereby declared that the power to issue directions under this section shall include and always be deemed to have been included the power to direct any person, who made profit or averted loss by indulging in any transaction or activity in contravention of the provisions of this Act or regulations made thereunder, to disgorge an amount equivalent to the wrongful gain made or loss averted by such contravention.

Cease and desist proceedings

11D. If the Board finds, after causing an inquiry to be made, that any person has violated, or is likely to violate, any provisions of this Act, or any rules or regulations

made thereunder, it may pass an order requiring such person to cease and desist from committing or causing such violation:

Provided that the Board shall not pass such order in respect of any listed public company or a public company (other than the intermediaries specified under section 12) which intends to get its securities listed on any recognised stock exchange unless the Board has reasonable grounds to believe that such company has indulged in insider trading or market manipulation.

Registration of stock brokers, sub-brokers, share transfer agents, etc.

12. (1) No stock broker, sub-broker, share transfer agent, banker to an issue, trustee of trust deed, registrar to an issue, merchant banker, underwriter, portfolio manager, investment adviser and such other intermediary who may be associated with securities market shall buy, sell or deal in securities except under, and in accordance with, the conditions of a certificate of registration obtained from the Board in accordance with the regulations made under this Act.

Prohibition of manipulative and deceptive devices, insider trading and substantial acquisition of securities or control.

12A. No person shall directly or indirectly—

(a) use or employ, in connection with the issue, purchase or sale of any securities listed or proposed to be listed on a recognized stock exchange, any manipulative or deceptive device or contrivance in contravention of the provisions of this Act or the rules or the regulations made thereunder;

(b) employ any device, scheme or artifice to defraud in connection with issue or dealing in securities which are listed or proposed to be listed on a recognised stock exchange;

(c) engage in any act, practice, course of business which operates or would operate as fraud or deceit upon any person, in connection with the issue, dealing in securities which are listed or proposed to be listed on a recognised stock exchange, in contravention of the provisions of this Act or the rules or the regulations made thereunder;

Delegation

19. The Board may, by general or special order in writing delegate to any member, officer of the Board or any other person subject to such conditions, if any, as may be specified in the order, such of its powers and functions under this Act (except the powers under section 29) as it may deem necessary.

PFUTP Regulations

3. Prohibition of certain dealings in securities

No person shall directly or indirectly—

- (a) buy, sell or otherwise deal in securities in a fraudulent manner;
- (b) use or employ, in connection with issue, purchase or sale of any security listed or proposed to be listed in a recognized stock exchange, any manipulative or deceptive device or contrivance in contravention of the provisions of the Act or the rules or the regulations made there under;
- (c) employ any device, scheme or artifice to defraud in connection with dealing in or issue of securities which are listed or proposed to be listed on a recognized stock exchange;
- (d) engage in any act, practice, course of business which operates or would operate as fraud or deceit upon any person in connection with any dealing in or issue of securities which are listed or proposed to be listed on a recognized stock exchange in contravention of the provisions of the Act or the rules and the regulations made there under.

4. Prohibition of manipulative, fraudulent and unfair trade practices

(1) Without prejudice to the provisions of regulation 3, no person shall indulge in a manipulative, fraudulent or an unfair trade practice in securities markets.

179. Now, it is required to be examined whether the acts on the part of the *Noticees*, as discussed earlier, are in *prima facie* violation of provisions of law as mentioned above.

Violation of Section 12A of the SEBI Act and regulation 3 and 4 of PFUTP Regulations:

180. These provisions have been reproduced in the earlier paragraph. In brief, these provisions prohibit-

- (i) use of or employment of any manipulative or deceptive device or contrivance, in contravention of the provisions of the SEBI Act or rules or regulations;
- (ii) employment of any device scheme or artifice to defraud;
- (iii) engagement in any act, practice, course of business which operate/would operate as fraud or deceit upon any person in contravention of the provisions of the SEBI Act or rules or regulations;
- (iv) dealing in securities while in possession of material or non-public information or communicate such material or non-public information to any other person in contravention of the provisions of the SEBI Act or rules or regulations; or
- (v) dealing in securities which is manipulative, fraudulent or an unfair trade practice.

181. It may be noted that violation of any one of the above violations listed in the immediately preceding paragraph would result in the violation under the SEBI Act and PFUTP Regulations, though there can always be more than one violation.

182. I have already examined and established *prima facie* with evidence as to how Noticees devised a scheme and Noticees, namely Hemant Gupta, Rohan Gupta and Aniket Gupta, have induced investors to deal in securities (in this case “buy”) through circulation of stock recommendations on social media platforms. The Noticees had a *malafide* intention to cause increase in the price and volume of securities, thereby, creating a false or misleading appearance of demand for a particular scrip in securities market so that they can sell at a price which has increased due to artificially created demand through “buy” recommendations. The

Noticees have indulged in unfair trade practice as they executed sell trades while influencing the public in an opposite direction of buy and took an unfair advantage of the same to generate profits for themselves.

183. The Noticees disseminated information about the securities on various social media platforms wherein they had large number of followers and viewers. By providing stock recommendations of buy on such social media platforms and giving target price in multiples of prevailing market price, Noticees have displayed a misleading and reckless manner which was designed to influence the decision of investors dealing in securities market. This fraudulent inducement by Noticees was made with the sole objective of enhancing their profits by selling securities which they were recommending to other investors to buy. The Noticees knowingly concealed such material fact of taking contrary positions while giving recommendations in public. This also depicts that the content posted by them, which included projections of high growth prospects and unrealistically high returns, was intended to mislead investors in an unfair manner.

184. Thus, it is observed that Noticees have collectively dealt in securities in a fraudulent manner and devised a manipulative, fraudulent and an unfair trading scheme to defraud or deceive investors dealing in securities market. Further, Noticees namely, Sharon Gupta, Leana Gupta and Rajani Gupta aided and abetted the Operators in the fraudulent and manipulative scheme by providing access to their trading accounts; and Purvangi Gupta being aware of the scheme traded in her own account based on advice given by Hemant Gupta and Aniket Gupta to garner profits. Further, the posts on X were effectively designed to generate public interest in the scrip and are nothing but a convoluted method of giving buy recommendation without explicitly stating so. The explicit recommendations of buy/sell and target price are made on a large scale through private chats on WhatsApp groups and Telegram channels to avoid regulatory scrutiny of circulation of their explicit recommendations.

185. The Noticees have thus not only dealt in the shares of various scrips but the above dealing in securities by them was under a scheme devised to defraud the integrity of securities market as well as to adversely impact the investors dealing

with securities. All this put together clearly establishes that there is a *prime facie* violation of provisions of section 12A of the SEBI Act and regulation 3 and 4 of PFUTP Regulations as detailed above.

186. It will be relevant here to refer to the Palmer's Company Law, 25th Edition (2010), Volume 2 at page 11097 wherein the following has been stated: "Market manipulation is normally regarded as the "unwarranted" interference in the operation of ordinary market forces of supply and demand and thus undermines the "integrity" and efficiency of the market." The facts of this case clearly shows that *Noticees* have devised a scheme to interfere in the ordinary operation of market forces of supply and demand to make wrongful gains for themselves. Thus, this would *prima facie* qualify as manipulation and the scheme that they devised would qualify as manipulative scheme.

187. In this regard, reference is also made on the observations of Hon'ble Supreme Court in the matter of *SEBI and Ors. vs. Shri Kanaiyalal Baldevbhai Patel and Ors.* (2017 SCC Online SC 1148), wherein, the Hon'ble Court held as follows:

"31. Although unfair trade practice has not been defined under the regulation, various other legislations in India have defined the concept of unfair trade practice in different contexts. A clear cut generalized definition of the 'unfair trade practice' may not be possible to be culled out from the aforesaid definitions. Broadly trade practice is unfair if the conduct undermines the ethical standards and good faith dealings between parties engaged in business transactions. It is to be noted that unfair trade practices are not subject to a single definition; rather it requires adjudication on case to case basis. Whether an act or practice is unfair is to be determined by all the facts and circumstances surrounding the transaction. In the context of this regulation a trade practice may be unfair, if the conduct undermines the good faith dealings involved in the transaction. Moreover the concept of 'unfairness' appears to be broader than and includes the concept of 'deception' or 'fraud'. Coupled with the above, is the fact, the said conduct can also be construed to be an act of unfair trade practice, which though not a defined expression, has to be understood

comprehensively to include any act beyond a fair conduct of business including the business in sale and purchase of securities.”

188. I note that in this case too, the modus adopted by *Noticees* are held *prima facie* as unfair trade practice since their conducts undermines the ethical standards and good faith dealings between the Operators and the investors who have traded on the buy stock recommendations given by the Operators on ‘X’ platforms and telegram channels. The acts of Operators artificially created price/volume spurt due to the buy stock recommendation and gave them undue and unfair advantage of being able to carry out the execution of their sell orders at higher price and gain wrongful profits.

189. At this stage, it is pointed out that on various instances, the Hon’ble Courts have underscored the need to curb the manipulative and unfair trade practices in the securities market. In one of such cases, the Hon’ble Supreme Court, in the matter of ***N. Narayanan vs. Adjudicating Officer, SEBI*** [(2013) 12 SCC 152, while dealing with the concept of market abuse in securities market has inter alia held as follows:

“Prevention of market abuse and preservation of market integrity is the hallmark of Securities Law. Section 12A read with Regulations 3 and 4 of the Regulations 2003 essentially intended to preserve ‘market integrity’ and to prevent ‘Market abuse’. The object of the SEBI Act is to protect the interest of investors in securities and to promote the development and to regulate the securities market, so as to promote orderly, healthy growth of securities market and to promote investors protection. Securities market is based on free and open access to information, the integrity of the market is predicated on the quality and the manner on which it is made available to market. ‘Market abuse’ impairs economic growth and erodes investor’s confidence. Market abuse refers to the use of manipulative and deceptive devices, giving out incorrect or misleading information, so as to encourage investors to jump into conclusions, on wrong premises, which is known to be wrong to the abusers. The statutory provisions mentioned earlier deal with the situations where a person, who deals in securities, takes advantage of the impact of an action, may be manipulative, on the anticipated impact on the market resulting in the “creation of artificiality’.”

190. I further note that the Hon'ble Supreme Court in the matter of **Tarun Kumar Vs Assistant Directorate of Enforcement** (2023 INSC 1006) while dealing with an issue of economic offences, has underscored the use of technology by offenders and challenges posed by it for the investigating agencies. In exact words, the Hon'ble Court held as: *With the advancement of technology and Artificial Intelligence, the economic offences like money laundering have become a real threat to the functioning of the financial system of the country and have become a great challenge for the investigating agencies to detect and comprehend the intricate nature of transactions, as also the role of the persons involved therein. Lot of minute exercise is expected to be undertaken by the Investigating Agency to see that no innocent person is wrongly booked and that no culprit escapes from the clutches of the law."*

191. I note that in the instant matter, the Operators extensively used technological advancement by using social media platforms. SEBI also had to use advanced tools in obtaining the evidence without which it would have been challenging to bring together the well -knit scheme framed by Noticees in the instant matter.

192. In view of the preceding factual analysis and legal discussion in this order, I hold that there is a *prima facie* case of manipulative, fraudulent and unfair trade practice carried out by Noticees, which resulted in the accumulation of wrongful gains.

193. Thus, going through the analysis of facts and legal positions in the instant matter, as discussed in detailed earlier, I, *prima facie*, find as under:

- i) There is use of or employment of fraudulent/manipulative or deceptive device or contrivance, in contravention of the provisions of the SEBI Act or rules or regulations made thereunder, by *Noticees*.
- ii) There is employment of device scheme or artifice to defraud investors, as discussed earlier, by *Noticees*.
- iii) There is engagement in act, practice, course of business which operated as fraud or deceit upon investors in contravention of the provisions of the SEBI Act and regulations, as discussed earlier, by *Noticees*.

- iv) There is dealing in securities by *Noticees Nos. 1 to 7*, whereby Noticees nos. 1 to 3 posted stock recommendations on the 'X' accounts and telegram channels operated by them and further Noticee nos. 4 to 6 facilitated the execution of the aforesaid scheme by providing access to their trading accounts; and Noticee No. 7 knowing the scheme traded and earned profit, in contravention of the provisions of SEBI Act and regulations.
- v) There is dealing in securities which is fraudulent and an unfair trade practice, as discussed earlier in the trading accounts of *Noticee Nos. 1 to 7*.

194. Accordingly, it is held that, *prima facie* –

Noticees nos. 1 to 7 have violated sub clauses (a), (b) and (c) of Section 12A of the SEBI Act, 1992, sub-regulation (a), (b), (c) and (d) of regulation 3, and sub-regulation (1) of regulation 4 and sub-clauses (a), (d), (e) and (k) of sub-regulation (2) of regulation 4 of the PFUTP Regulations, 2003.

Violation of RA Regulations

195. Clause (fa) of sub-regulation (1) of regulation 2 of the SEBI (Research Analyst) Regulations, 2014 (hereinafter referred to as “**RA Regulations**”), which defined “consideration” was inserted on December 16, 2024. As per this definition, consideration may be in any form of economic benefit including non-cash benefit, received or receivable, directly or indirectly, in any form whether from client or otherwise for providing research services. The definition of “consideration” is inclusive in nature and it covers benefit derived from research activity in any form. In the instant matter, I note that Noticee Nos. 1 to 3 benefited from their recommendations and earned profit. Since December 16, 2024 the amendment definition of Research Analyst means a person who for consideration is engaged in the business of providing research services. Research services have been further defined to mean 8 activities, which include making buy recommendations, giving target price, providing trading call etc., even if the person does not use the title of research analyst. In this case, quite clearly, Noticee nos. 1 to 3 fall within the amended definition of Research Analyst.

196. The period under examination in the instant matter is from December 1, 2023 to January 20, 2026, which also covers the period prior to amendment i.e. December 16, 2024. During pre-amended period requirement of “consideration” was not there. So making “buy recommendation”, giving target price was included in the definition of Research Analyst even if there was no consideration. I note that the *prima facie* findings demonstrate that Noticee nos. 1 to 3 through their X Accounts and Telegram Channels imparted recommendations to invest in, purchase of securities. There are evidences of specific “buy” recommendations, suggestions of target price, forecasting the directional movement of specific stocks, buy/sell/hold’ recommendations as well as price targets in various securities listed on stock exchanges on social media platforms operated by them. Therefore, I find that the aforesaid activities also fall within the definition of Research Analysts as per the definition prior to the amendment.

197. It is observed that *Noticee nos. 1 to 3* have not registered themselves with SEBI as a Research Analyst under Regulation 3 of the RA Regulations. Such acts of *Noticee nos. 1 to 3*, which are in the nature of research analyst services was provided without obtaining registration under the RA Regulations and therefore *prima facie* found to be in violation of sub section (1) of section 12 of the SEBI Act, 1992 read with regulation 3 of the RA Regulations.

L. Calculation of Wrongful gains made by Noticees:

198. Analysis of comparison of total profit made by Noticees vis-à-vis profit made in recommended scrips during examination period is as under:

Table 51

PAN	Name	Total Profit earned during examination period (in lakhs)	Profit made in Recommended Scrips (in lakhs)	% of Profit made in recommended scrips to Total Profit
AIOPG9523G	Hemant Kumar Gupta	189.40	179.46	94.75%
BFGPG4350H	Rohan Gupta	3,806.92	3,484.11	91.52%

PAN	Name	Total Profit earned during examination period (in lakhs)	Profit made in Recommended Scrips (in lakhs)	% of Profit made in recommended scrips to Total Profit
ASDPG0999F	Aniket Hemant Gupta	297.69	278.44	93.53%
AIWPG2911N	Sharon Gupta	1,196.17	1,239.34	103.61%
BFGPG4349G	Leana Hemant Gupta	235.88	242.83	102.95%
AORPG0469G	Rajani Hemant Gupta	97.11	90.59	93.29%
AMFPG0655E	Purvangi Hemant Gupta	17.07	16.22	95.02%
Total		5,840.24	5,530.99	94.70%

199. From the data above, it is evident that Noticees had made almost entire (94.7%) profit in the scrips which were recommended by them via their X accounts. This clearly indicates that the recommendations posted in X accounts were the primary drivers of Noticees' trading gains during the examination period. It may also be noted that Noticees have made a total profit of approx. INR 55.31 crores in recommended scrips. There is a view that this entire profit of INR 55.31 can be termed as wrongful gains as it is related to the fraudulent, manipulative and unfair trade practice, as well as unregistered Research Analyst activities, listed above. However, it is understood that this is an interim order and investigation is still under progress. At this stage wrongful gains for the purpose of the interim order only is restricted to INR 20.25 crores. This amount is arrived at after considering wrongful gain made during T+2 days basis. T+2 at this stage is considered as two days post recommendations on X, which is explained later. This finding is preliminary and may change on further investigation.

200. Out of the total trades carried out by Noticees during the examination period, profit has been calculated only for those sell trades carried out on T+2 days, which synchronized with the posts made on X platform through the accounts of @WealthSolitaire and @desiwallstreet operated by Rohan Gupta and Aniket Gupta, respectively, in coordination with Hemant Gupta.

Profit is calculated based on the following methodology:

201. If the recommendation of a scrip was made on X before 3.30 pm on a trading day (T), then the profit is calculated for the sale trades made in that particular scrip on same day plus two trading days (T+2) based on the running weighted average cost price of the net holding as on the previous trading day.
202. If the recommendation was made after 3:30 pm on a trading day, then the profit is calculated for the sales made on next trading day (T) plus two trading days (T+2) based on the running weighted average cost price of the net holding as on the current trading day. Reason for the same being that impact of the post will come from the next trading day.
203. If the recommendation was made on a trading holiday, then the profit was calculated for the sales made on next trading day (T) plus two trading days (T+2) based on the running weighted average price of the net holding as on the previous trading day.
204. Rationale for the aforesaid methodology i.e. considering T+2 days interval post recommendation for calculating profit is based on the following factors:
- a) An analysis was undertaken to assess the impact on trading volumes in scrips consequent to the recommendations made on X platform by Operators. The analysis compares the trading volumes during the days following the effective date of recommendation (including T day as explained above) against trading volumes during a similar number of days immediately preceding the recommendation.
 - b) For the purpose of analysis, all scrips in which Noticees have posted recommendations on X platform have been considered.
 - c) Methodology: The analysis was carried out through the following steps:
 - i) Impact over a period of T+2 days: For a particular recommendation on a particular scrip, total trading volumes in that scrip for the period from T day to T+2 day was compared with total trading volumes for the period

from T-1 day to T-3 day. The variance between these two periods was calculated, and the average of all such variances across all recommendations made on X platform was determined.

- ii) Impact over a period of T+7 days: Similar to above, average variance in total trading volumes between the period from T day to T+7 day and T-8 day to T-1 day was determined for all recommendations.
 - iii) Impact over a period of T+12 days: Similar to above, average variance in total trading volumes between the period from T day to T+12 day and T-13 day to T-1 day was determined for all recommendations.
 - iv) Impact over a period of T+15 days: Similar to above, average variance in total trading volumes between the period from T day to T+15 day and T-16 day to T-1 day was determined for all recommendations.
- d) A brief summary of the comparison of these average variances is as follows:

Table 52

Period of Analysis		Average of the variances of trading volumes for the periods mentioned in first column calculated across all scrips
Pre-Recommendation Period	Post Recommendation Period	
T-3 day to T-1 day	T day to T+2 day	99% Increase
T-8 day to T-1 day	T day to T+7 day	54% increase
T-13 day to T-1 day	T day to T+12 day	41% increase
T-16 day to T-1 day	T day to T+17 day	37% increase

- e) A summary of this analysis is illustrated in the diagram below:

Figure 13

- f) The objective of this analysis is to measure the impact of the recommendations, made on X in a particular scrip, on the change in liquidity (increase in trading volume) of that scrip in the market during subsequent trading days. While data was analysed upto T+15 days, the T+2 metric is seen to be the most analytically strong for the following reasons:
- i) The data demonstrates that the maximum volume variance (99% increase in trading volume) occurs within the T+2 window. This shows that the maximum initial momentum and the most direct causal effect of recommendations on social media platforms and market reaction remained effective for 2 days.
 - ii) The impact of recommendation on trading volume diminishes over time. By T+7 days, the average volume variance compared to the similar period preceding the recommendations drops to 54%, further receding to a level of 37% by T+15 days. This indicates that the correlation between the recommendations and trading volume weakens as the time horizon extends.
 - iii) It is pertinent to mention that trading volume of any scrip may also be affected by corporate announcements related to the company and other market factors. It is logical to assume that the trading volume beyond T+2 days may be influenced more by subsequent market news / corporate announcements and other macro-economic factors rather than by the recommendations on X. Focusing on T+2 day period minimizes

the impact of such factors from the impact of recommendations made by Noticees.

205. Considering the above factors, the T+2 interval is *prima facie* found to be the most conservative metric for profit calculation for the purpose of the interim order.

206. Basis the examination of manipulative trades vis-à-vis the recommendations made, the ill-gotten gains have been calculated for positional trades in cash segment carried out on the exchange platform.

207. Considering the aforesaid profit calculation methodology, Scrip wise summary of the wrongful gains made by Noticees by executing the aforesaid fraudulent scheme is given below:

* The Noticees have made profit in 82 scrips, in which a total of 537 recommendations were made during the Examination period.

208. The details of calculation of profit is provided at **Annexure A** of this order. It is clarified that out of above 82 instances, evidences have been produced in this order for 6 instances (2 instances for Afcom Holdings Ltd). Evidences for other scripts would be available for inspection by Noticees and would also be supplied to the Court when asked for. Further, it is clarified that calculation for the purposes of interim order would have no impact on final determination on investigation. For example, at this stage calculation is based on T+2 following posting of recommendations on X. In investigation further examination may be made as to whether impact of recommendations in these 82 scrips could also be seen through posting on whatsapp and telegram.

M. Joint and several liability:

209. Summary of the wrongful gains made by Noticees by executing the aforesaid fraudulent scheme is given below:

Table 54

S. No.	Entity Name	Profit (in Rs.)	Noticees responsible
1.	Hemant Kumar Gupta	76,99,875.38	Hemant Kumar Gupta, Rohan Gupta, Aniket Gupta
2.	Rohan Gupta	13,61,89,366.62	
3.	Aniket Gupta	1,89,42,605.21	
4.	Sharon Gupta	2,99,23,448.17	Sharon Gupta, Hemant Kumar Gupta, Rohan Gupta and Aniket Gupta.
5.	Leana Gupta	27,01,888.84	Leana Gupta, Hemant Kumar Gupta, Rohan Gupta and Aniket Gupta
6.	Rajani Gupta	66,33,596.23	Rajani Gupta, Hemant Kumar Gupta, Rohan Gupta and Aniket Gupta
7.	Purvangi Gupta	4,29,454.36	Purvangi Gupta
Total for the aforesaid Noticees		20,25,20,234.83	-

210. As discussed in detail in earlier part of the order, based on the role played by Noticees joint and several liability has been determined in case of Noticees (other than Purvangi Gupta). This is for the reason that, Hemant Gupta, Rohan Gupta and Aniket Gupta have jointly master minded the scheme of making wrongful gains and Sharon Gupta, Leana Gupta and Rajani Gupta have made their accounts available to Hemant Gupta, Rohan Gupta and Aniket Gupta. In the case of Purvangi Gupta *prima facie* finding of not making her jointly and severally liable at this stage may change post investigation.

N. Need of interim ex-parte order

211. Having discussed the acts on the part of Noticees being *prima facie* in violations of the SEBI Act, and regulations made thereunder, it would be important to examine the requirement to pass this interim ex-parte order.

212. Sub-section (4) of section 11 and section 11B mandate SEBI to restrain persons from accessing the securities market and prohibit any person associated with securities market from buying, selling or dealing in securities and to issue “such directions as may be necessary” in the interest of investors of the securities market.

In the present case, the on-going investigation has *prima facie* highlighted the scheme and device orchestrated intricately by *Noticees* whereby the Operators by posting stock recommendations on various scrips on their X Accounts and social media platforms induced the general public to deal in the securities purely based on misleading and unsolicited stock tips and thus enabling the beneficiaries to liquidate their holdings at an inflated price. I have also highlighted the large number of followers on X account and social media platforms where the stock recommendation on various scrips were posted.

213. It is observed that while the X accounts, @WealthSolitaire and @desiwallstreet are operational, Noticees have not posted recommendations on these accounts since the search & seizure operation conducted by SEBI on January 21, 2026. However, there is a possibility that Noticee may continue to post recommendations through other social media accounts as well. Thus, there is a need to take appropriate enforcement actions in order to prevent such activities by Noticees.

214. As noted at paragraph 165 above, Noticees had a total holdings of INR 51.86 Crore as on January 20, 2026. Further, it is observed that subsequent to search & seizure (S&S) operation conducted by SEBI, Noticees have continued to trade in the securities market. A comparative assessment of the trades done by Noticees during the period January 25, 2026 to May 14, 2026 (period post S&S operation) and similar duration period prior to S&S operation (October 07, 2025 to January 24, 2026) is summarized below:

Table 55

Total			4,767.19	5,351.27	584.07	938.06	6,226.47	5,288.40

215. From the above, it is observed that Noticees recorded net sales of INR 5,288.40 lakhs post S&S operation which is an astronomical increase from INR 584.07 lakhs sold during the preceding comparable period. This data clearly indicates that Noticees are undertaking rapid and continual liquidation of their holdings post S&S operation. It is also observed that while gross buy and gross sell value were similar during the period prior to S&S, Noticees have drastically reduced their purchases and increased their sales in the securities market. It is also noted that all Noticees are net sellers in the period post S&S operation whereas five of them were net buyers during the period prior to S&S operation. Thus, there is a clear rise of wrongful gains escaping regulatory reach.

216. Considering the above factors, pending detailed investigation in the matter, in order to prevent further abuse of market, restore market integrity and to secure wrongful gains, in the interest of the investing public and considering the scale of the liquidation of holdings by Noticees, a need for appropriate/urgent enforcement action is warranted to pass interim directions against Noticees at this stage. Interim directions are also required to impound the wrongful gains made by Noticees in their bank accounts, demat accounts and trading accounts, which may be siphoned off beyond regulatory reach.

217. I note that Section 11 of the SEBI Act confers a duty on the Board to protect the interests of investors in securities and to promote the development of and to regulate the securities market. In a way all these three objects are interlinked. In order to develop the securities market, it is necessary that the interest of investors is protected. Any manipulation in the market would adversely impact the interest of investors. This would result in loss of trust of these investors in the securities

market impacting market integrity. A robust securities market is important for the growth and development of the economy. Hence, it is important that market is regulated and steps are taken to discourage any manipulation or wrong practice in order to protect the interest of investors as well to develop the securities market. Accordingly, to achieve the objectives of the SEBI Act, SEBI has been authorized to take such measures as its things fit. Thus, the power to take all measures as may be necessary to discharge its duty under the statute has been conferred in widest amplitude. Pursuant to the said objective, PFUTP Regulations have been formulated with the main objective of preventing fraudulent activities in order to boost investor confidence in the securities market and to provide an environment conducive to increased participation and investment in the securities market.

218. The facts of this case demonstrate clear scheme of manipulation to harm the interest of investors by misguiding them to take position in securities so that Profit Makers/ Beneficiaries could make profit at the cost of such investors. Wrongful gains made by these Noticees come, directly or indirectly, from the pockets of innocent investors who unaware of the fraudulent scheme follow the advice posted on the X Accounts and social media platforms handled by the Operators. Hence, it is necessary that whenever such schemes are noticed, steps are taken to intervene and stop further damage to securities market. Further, the wrongful gains generated from such schemes need to be disgorged.

219. Keeping in views the above discussion, I am of the view that it is a fit case to pass interim ex-parte order to insulate the securities market from the mischievous act of Noticees and also to prevent these Noticees in conducting similar activities which are *prima facie* against the interest of investors as well as against the development of securities market. Further, there is an urgency to protect the wrongful gains from getting siphoned off beyond the regulatory reach.

220. Apart from the above discussion, there is another reason for passing of this interim ex-parte order. Investors education is very important as it empowers investors to protect their own interest. It is important for investors to exercise due diligence before they find it appropriate to enter into transactions or dealing in

securities. Such decision of investors ought to be based on reliable information and not been influenced by the information planted by unregistered Investment Advisers and Research Analysts who gain at the cost of established market mechanism. It is seen that such social media have been used as a mechanism to entice innocent investors to trade in securities. Therefore, it become imperative to educate investors so that they protect themselves from been lured by unregistered Investment Advisers and Research Analysts using the social media platform to deal in securities thus violating the securities market norms. Like many other past orders from SEBI, this order also intends to spread the awareness that one should not trust any recommendation from unregistered entities and due diligence should always be exercised before acting on such recommendations.

221. The RA Regulations have been formulated with the main objective of regulating research activities to safeguard the interests of investors. Registration of such research analyst activity with SEBI is mandatory under the relevant regulations of SEBI to make research analysts accountable for their services by requiring them to comply with the criteria set out in the relevant provisions of these Regulations.
222. Under the RA Regulations, a comprehensive framework has been laid down with the sole objective of protection of investors' interest. There are entry barriers in terms of networth requirements, educational qualification and experience. Further, research analysts are required to back their trading calls with research reports. It is also mandated that they will not give any assured guarantee, fixed return/profit and they shall not provide any promise or assurance of favourable review in its research report making disclosures to the clients, etc. However, by acting as a research analyst, Noticee nos. 1 to 3 have been able to circumvent all the regulatory requirements pertaining to a research analyst.
223. Noticee nos. 1 to 3 are not registered with SEBI as Research Analyst. However, despite being not registered, Noticees have been providing research analyst services to a large number of their subscribers. The Noticees have been recklessly misleading, soliciting and inducing the investors to deal in the

securities market on the basis of stock analysis, without having the requisite registration certificate as mandated under securities laws.

224. In view of the aforesaid findings, it is necessary to take urgent preventive action in this matter to prevent Noticee nos. 1 to 3 through their X Accounts and social media platforms from misleading the public, inducing or influencing investors to deal in securities and engaging in unregistered research analyst activities. Therefore, an ex-parte interim order is required to be issued against Noticee nos. 1 to 3 so that they cease and desist from carrying out such unregistered activities.

225. If interim directions are not issued, many unsuspecting investors may fall prey to the activities of Noticee nos. 1 to 3 under the assumption that they are providing registered and regulated research analyst services.

226. The X Accounts and Telegram Channels operated by Noticee nos. 1 to 3 have significant presence over the social media platforms. There is a likely chance that being influenced by the social media presence and followership, gullible investors may continue to fall prey to the unregistered research analyst activities of Noticees.

227. The aforesaid discussions makes it imperative to take emergent necessary action to prevent further damage to the interest of investors that may be caused by the unregistered research analyst activity of the Noticee nos. 1 to 3 and therefore, the same needs to be stopped immediately by regulatory intervention.

228. At this stage, I place reliance on the order of the Hon'ble Securities Appellate Tribunal, passed in the case of *Amalendu Mukherjee Vs. SEBI* (Appeal (L) no. 169 of 2020), wherein the Hon'ble Tribunal has underscored the necessity of passing impounding orders by *inter alia* observing as:

"We are of the opinion that the WTM is empowered under the SEBI Act and the Regulations to pass an ex-parte order in order to protect the interests of securities market and the investors. If such impounding order is not passed, it may result in defeating the ultimate direction of disgorgement if any, as there would be chances of such monies being dissipated by the appellant. ..."

Ex parte interim order

229. After analysing all the evidences on record, I hold that this is a fit case to exercise powers of passing interim order pending investigation so as to insulate the securities market and to protect the wrongful gains, which may go beyond regulatory reach. Accordingly, I, in exercise of the powers conferred upon me under sub-section (1) of section 11, sub-section (4) of section 11, sub-section (1) of section 11B and section 11D read with section 19 of the SEBI Act, hereby by way of the present *interim* order, issue the following directions, which shall remain in force until further orders:

- i) An amount of INR 20,25,20,234.83, being the total wrongful gains earned by *Noticees* from the alleged violations, shall be impounded, jointly and severally in manner provided in Table no. 54 . *Noticees* within 15 days from the date of service of this order are directed to open fixed deposit accounts in any *Noticees'* name or jointly/severally as per Table no. 54 with lien marked in favour of SEBI and the monies kept therein shall not be released without the prior permission from SEBI. The fixed deposit account/s shall be for, the amount of wrongful gains as calculated in Table no. 54.
- ii) *Noticees nos. 1 to 7* shall be restrained from buying, selling or dealing in securities, either directly or indirectly, in any manner with immediate effect.
- iii) *Noticees nos. 1 to 3 shall cease and* desist from offering unregistered research analyst services from acting as or holding themselves out to be research analyst. They shall cease to solicit or undertake such activity or any other unregistered or fraudulent activity in the securities market, directly or indirectly, in any manner whatsoever.
- iv) Banks, where *Noticees* are holding bank accounts, shall be directed that no debits shall be made, without permission of SEBI, in respect of the bank accounts held jointly or severally by *Noticees*, except for the purposes of transfer of funds to the Fixed Deposit Account/s as mentioned in the Table no. 54 above.

- v) Depositories shall also be directed that no debit shall be made, without permission of SEBI, in respect of the demat accounts held by *Noticees*. However, credits, if any, into the accounts may be allowed.
- vi) Banks and the Depositories are directed to ensure that all the aforesaid directions are strictly enforced. Further, debits in the bank accounts may also be allowed for amounts available in the account in excess of the amount to be impounded. Banks are allowed to debit the accounts for the purpose of complying with this Order.
- vii) The Registrar and Transfer Agents shall ensure that, they neither permit any transfer nor redemption of securities, including Mutual Funds units, held by *Noticees*.
- viii) *Noticees* shall not dispose of or alienate any of their assets/properties, till such time the amount of wrongful gain is credited to an interest bearing fixed deposit account except with the prior permission of SEBI.
- ix) *Noticees* are further directed to provide a full inventory of all their assets whether movable or immovable, or any interest or investment or charge in any of such assets, including property, details of all their bank accounts, demat accounts, holdings of shares/securities if held in physical form and mutual fund investments and details of companies in which they hold substantial or controlling interest immediately but not later than 15 days of this Order.
- x) The directions stipulated in paragraphs (ii), (iv), (v),(vi), (vii) and (viii) shall cease to apply upon compliance with direction as stipulated in subparagraph (i) of this paragraph.
- xi) If the *Noticees* have any open position in any exchange traded derivative contracts, as on the date of the order, they can close out /square off such open positions within 3 months from the date of order or at the expiry of such contracts, whichever is earlier. The *Noticees* are permitted to settle the pay-in and pay-out obligations in respect of transactions, if any, which have taken place before the close of trading on the date of this order. Banks and depositories are allowed to debit the accounts for the purpose of complying with this direction.

230. A detailed investigation by SEBI with respect to violations mentioned in this order as well as for other violations, if any, is already undergoing which may be completed expeditiously without being influenced by the findings in this order.
231. The above directions shall take effect immediately and shall be in force until further orders.
232. The foregoing *prima facie* observations contained in this Order are made on the basis of the material available on record. The *Noticees* named in the order may, within 21 days from the date of receipt of this Order, file their reply/objections, if any, to this Order and may also indicate whether they desire to avail an opportunity of personal hearing on a date and time to be fixed in that regard.
233. This order is without prejudice to the right of SEBI to take any other action that may be initiated against *Noticees* in accordance with law, including but not limited to levy of penalty and issuance of directions.
234. A copy of this Order shall be served upon *Noticees*, Exchanges, Depositories, RTAs and Banks for necessary action and compliance with the above direction
