Circular Ref. No : 833/2014	

To All Members,

Sub: Co-location Services at NSEIL Premises

This has reference to circular Download Ref No- NSE/MEM/22872 dated March 05, 2013 regarding Co-location services at NSEIL premises. As stated in aforesaid circular the maximum permissible IPs for Full rack are 30, out of which maximum 15 IPs could be used for Order connectivity (interactive messages) and rest 15 for Market Data (Tick By Tick). Further, vide circular Download Ref No- NSE/FAOP/26120 and NSE/CD/26121 dated March 10, 2014 it was notified to members that Exchange shall provide Tick by Tick data on multicast.

Taking into consideration the deployment of TBT on Multicast and the various representations that we have received from Members, it is now proposed to increase the Order connectivity (interactive messages) to 20 from 15 subject to the maximum permissible IPs on full rack of 30.

The power consumption of maximum 6 KVA per full rack and 3.5 KVA per half rack would continue and therefore we wish to inform all members to kindly stay within the maximum limit.
