Circular Ref. No: 37/2020	

All Members,

Mock Trading Sessions Advisory

The Exchange currently holds various mock trading sessions in one or more segments as provided below:

Mock Type	Member participation	Frequency
Mandatory compliance mock	Mandatory (for Algos)	Monthly as per published mock calendar
Internal mock	Optional	Adhoc
BCP mock	Optional, but Exchange recommended	Quarterly

Wherever required and feasible, the Exchange provides prior intimation of mock trading sessions through the issuance of a detailed circular with relevant details.

This circular is to intimate the market participants that the Exchange would conduct internal mock / BCP mock drills on non-trading days in order to ensure testing of internal systems, planned releases, bug fixes, DR readiness, other technology up gradations, etc. Given that these mocks are internal to the Exchange, there would be no intimation that would be given to the market participants about the same.

Members are requested to note the above and make necessary arrangements/changes in their internal systems/parameters to ensure they do not connect/interact with the Exchange systems during such mock trading sessions, in case they do not wish to participate.

Further, it is also advised that member systems should be configured to ensure that their live market orders are not sent to Exchange trading system on any non-trading day/non-trading time as per the Exchange published holiday/timing calendars. Members who connect/interact with the Exchange during such mock trading sessions should ensure that the orders / trades from such sessions are cleaned-up in their internal systems and not carried forward to next live trading day.

Trades resulting from such mock trading sessions shall not attract any obligation in terms of funds/securities pay-in and/or pay-out. Ancillary non-trading applications viz. NOTIS etc. may not be available during such mock trading sessions.
