Circular Ref. No: 02/2025	

All Members,

#### NSE Launches Market-SOC

SEBI, vide circular dated August 20, 2024, has issued the Cyber Security and Cyber Resilience Framework (CSCRF) in order to enhance the scope of the current cybersecurity and cyber resilience framework, to ensure the need for uniformity of cybersecurity guidelines for all REs and to strengthen the mechanism to deal with cyber risks, threats, incidents, etc., the Cybersecurity and Cyber Resilience Framework (CSCRF) for SEBI Regulated Entities (REs). As compliance with the cybersecurity guidelines may be onerous for smaller REs due to the lack of knowledge and expertise in cybersecurity and the cost factor involved in setting up own SOC, CSCRF mandates Exchanges to set up Market SOC (M-SOC) with the objective of providing cybersecurity solutions to certain categories of REs, thereby providing cyber hygiene for the Indian securities market ecosystem by offering cost-effective solutions.

Towards this, NSE has partnered with M/s. Aujas Cybersecurity Limited as a Managed Security Services Provider to provide Market SOC Services to the required REs.

Members are requested to contact the following personnel to avail the Market-SOC services:
