SURVEILLANCE

1. Introduction of Periodic Call Auction Session for Illiquid Securities **(NSE/CMTR/23063 dated March 26, 2013)**

SEBI vide its circular no. CIR/MRD/DP/38 /2013 dated December 19, 2013, had Rationalized criteria for identifying Illiquid Scrip's which shall trade in Periodic Call Auction and had provided the following criteria for identifying illiquid securities:

- Average daily turnover of less than Rs.2 lakhs calculated for previous two quarters; and
- The scrip is classified as illiquid at all Exchanges where it is traded.

Further, average daily trading turnover shall be computed as daily trading turnover /total no of available trading days in a month (including any special trading days). For the purpose of computation of turnover, all trades in EQ, BE, BT, IL and BL series shall be considered. Securities available for trading but not traded shall also be considered.

It may be noted that following exclusions shall be made whilst drawing up the above list as agreed between the Exchanges:

- Securities commencing trading during the quarter will be excluded. However, security made available for trading on the first day of the beginning of the quarter shall be considered.
- Exchange traded funds (ETF) and Mutual Funds to be excluded.
- Securities having derivative products or trading at No price band shall be excluded.
- Equity Linked securities (i.e., partly paid-up equity shares/convertible warrants E1, W1 etc....), DVR, debt instruments, preference shares to be excluded.

The securities satisfying the above criteria shall be available for trading only through periodic call auction (circular no. NSE/CMTR/23063 dated March 26, 2013). This list shall be reviewed every quarter. Securities shall be moved from periodic call auction mechanism to normal trading session if the following criteria are met:

- The scrip has remained in periodic call auction for at least two quarters.
- It is not classified as illiquid as per criteria mentioned above.
- Further, Scrip will be moved out from periodic call auction if the following exclusion criteria are met:
- Scrips with average market capitalization more than Rs.10Cr; or
- (Mcap of last working day of preceding two quarters will be considered. For example, Average of Mcap as on September 30, 2013, and December 31, 2013)
- Scrips where company is paying dividend in at least two out of last three years; or

National Stock Exchange of India

Circular

[Go to Index](#)

- (Dividend declared in the previous 3 financial years will be considered. For example, FY 2010- 11, 2011- 12, 2012- 13)
- Scrips where company is profitable in at least 2 out of last 3 years, and not more than 20% of promoter's shareholding is pledged in the latest quarter and book value is 3 times or more than the face value.
- (Consolidated/Standalone profits of previous 3 financial years will be considered. For example, FY 2010- 11, 2011- 12, 2012- 13)
- Securities under GSM stage III/IV or under ASM IBC Stage I/II during the review period then it shall be exempted from shortlisting under PCAS.

The scrips satisfying the above criteria shall be shortlisted as Illiquid securities and will be a part of Periodic Call Auction Session. Rest all will be move out of Periodic Call Auction Session. This list shall be reviewed every quarter.

Further to the above-mentioned criteria in case of securities moving out of PCAS following criteria will also be considered: -

SEBI vide its Circular Nos CIR/ISD/3/2011 dated June 17, 2011, SEBI/Cir/ISD/1/2012 dated March 30, 2012 and SEBI directions dated October 25, 2013 related to "promoter shareholding less than 99% in demat form" had provided that all non-compliant companies which are in Trade for Trade, Periodic Call Auction Session or under suspension shall remain under Trade for Trade till the time the promoters of the respective companies fully comply with the said SEBI norms.

The list of common illiquid scrips shall be prepared on the 4th working trading day of the quarter, in co-ordination with other Exchanges. A circular to that effect shall be issued on the same day (circular shall be effective on 2nd working Monday of the quarter). Further, the list shall be forwarded to CM Trade department for necessary action.

2. Graded Surveillance Measure **(NSE/SURV/42790 dated November 29, 2019)**

Graded Surveillance Measure is a pre-emptive surveillance measure introduced to enhance market integrity and safeguard interest of investors. It is implemented on securities that witness an abnormal price rise not commensurate with financial health and fundamentals like Earnings, Book value, Fixed assets, Net-worth, P/E multiple, etc. Upward revision is done daily. Lower revision is done monthly. The working for inclusion and exclusion of securities from GSM framework is done on a quarterly basis.

The list of such securities identified under GSM shall be informed to the market participants from time to time and shall be available on the exchange's website.

Measure in respect of companies with high Promoter as well as non- Promoter 'Encumbrance' as per Reg. 28(3) of SEBI (SAST) Regulation 2011 – Exchange circular - NSE/SURV/51189 dated January 31, 2022

In continuation to various measures already implemented, SEBI and Exchanges in a joint meeting have decided to levy minimum margin of 75% on the stocks (including stocks in derivatives segment) that satisfy certain conditions based on pledge holding of both promoter as well as non-promoter and price variation criteria.

8. Surveillance measure in respect of companies with high promoter pledge **NSE/SURV/42507 dated October 24, 2019**

8.1 In continuation to various Surveillance measures already implemented, SEBI and Exchanges in a joint meeting have decided to levy minimum margin of 35% on the stocks (including stocks in derivatives segment) that satisfy the following criteria:

- I. Market Capitalization is greater than Rs.1000 crores.
AND
- II. Pledged holding of the promoter accounts for more than 25% of the total number of the issued shares of the company,
AND
- III. Concentration of Top 25 clients in trading during the last 30 days is 30% or more,
AND
- IV. High-Low Price variation in the scrip in the last 3 months is greater than 40%.

The above surveillance measure is without prejudice to the right of SEBI and Exchanges to take any other surveillance measures, in any manner, on a case-to-case basis or holistically depending upon the situation and circumstances as may be warranted.

8.2 Surveillance measure in respect of companies with high promoter pledge -Update NSE/SURV/42507 dated October 24, 2019 regarding "Surveillance measure in respect of companies with high promoter pledge" was reviewed.

In this regard, it was decided that to cover the potential risk to securities, 'encumbrance' as per Reg. 28(3) of SEBI (SAST) Regulation 2011 as amended from time to time, shall be used for shortlisting the securities.

The current definition of encumbrance as per the above regulation is as under:

- a. Any restriction on the free and marketable title to shares, by whatever name called, whether executed directly or indirectly.
- b. Pledge, lien, negative lien, non-disposal undertaking; or
- c. Any covenant, transaction, condition or arrangement in the nature of encumbrance, by whatever name called, whether executed directly or indirectly."

Securities previously shortlisted under the said surveillance measure in respect of companies with high promoter pledge shall continue to remain under the said measure, if they meet the above criteria as per the shareholding pattern submitted to the Exchange under regulation 31 of LODR.

Henceforth, for the purpose of short listing of securities under the said measure, the Stock Exchanges shall take into account all encumbrances viz., the sum total of all types of encumbrances (by whatever name called), as on date of shortlisting of securities.

Further, the highest value of the encumbrance, from amongst the data as available with the Stock Exchanges and the Depositories, shall be taken.

All other provisions of the aforesaid circular remain unchanged.

9. Surveillance measure for scrips with low Non-Promoter holding **(NSE/SURV/55579 dated February 10, 2023)**

17. High Order to Trade Ratio (OTR) (NSE/SURV/45016 dated July 14, 2020)

Trading Members have to place real-time monitoring systems to identify algorithms that may not behave as expected and take measures to impede any possible instances of order flooding. To ensure proper trading in the market and fair use of the trading platform, the Exchange has introduced economic deterrence in the form of suspension of property trading rights of Trading Members in all segments across all Exchanges.

Penal Charges and Actions: -

Daily Algo Order to Trade Ratio	Existing Charges (per algo order)	Revised Charges (per algo order)
Less than 50	Nil	Nil
50 to less than 250 (Incremental Basis)	2 Paise	2 Paise
250 to less than 500 (Incremental Basis)	10 Paise	10 Paise
500 to less than 1000 (Incremental Basis)	10 Paise	15 Paise
1000 to less than 2000 (Incremental Basis)		20 Paise
2000 or more than 2000 (Incremental Basis)		25 Paise

In addition to the above, in case, if the ratio is 2000 or more on three occasions in the previous thirty trading days (on rolling basis), the concerned member shall not be permitted to place any orders for the first 15 minutes on the next trading day as a cooling off action. In Equity Derivatives and Currency Derivatives segment, the current mechanism of permitting to enter orders in risk reduction mode shall continue. However, in Equity segment member shall be able to place orders only after 15 minutes of the normal market open.

In order to discourage repetitive instances of high daily order-to-trade ratio, there will be an additional penalty in form of suspension of proprietary trading right of the trading member for the first trading hour on the next trading day in case a trading member is penalized for maintaining high daily order to trade ratio, provided penalty was imposed on the trading member on more than ten occasions in the previous thirty trading days (on rolling basis).

18. Order Based Surveillance Measure-Persistent Noise Creators **(NSE/SURV/52992 dated July 15, 2022)**

SEBI and Exchanges in a joint meeting decided that, in order to further strengthen the order level surveillance mechanism, there shall be an additional order-based surveillance measure to deter persistent noise creators i.e. excessive order modifications/ cancellations with an intent to avoid execution. The proposed measures are likely to help the retail trader against the 'noise' that is created by the high-frequency traders, who use Algorithms to place, bid/ask.

This order-based surveillance measure – Persistent Noise Creators (PNC) shall be applicable on the daily trading activity at the Client / Proprietary account level in a security / contract and shall be based on the following parameters:

Noise 1:

- Persistent order modifications by the Client / Proprietary account leading to maintained / deferred / lowering of order execution priority which has accounted for a considerable percentage of the overall modifications in the respective contract / security

AND

- High Order to Trade Ratio (OTR) in value terms (i.e., Value of all Orders Entered / Modified / Cancelled in a Security / Contract by a Client / Proprietary account vis-à-vis Value of all Trades in the Security / Contract by a Client / Proprietary account

AND

- High Number / Instances of Order modifications

Noise 2:

- Persistent order modifications by the Client / Proprietary account leading to maintained / deferred / lowering of order execution priority which has accounted for a considerable percentage of his own modifications in the respective contract / security

AND

- High Order to Trade Ratio (OTR) in value terms (i.e. Value of all Orders Entered / Modified / Cancelled in a Security / Contract by a Client / Proprietary account vis-à-vis Value of all Trades in the Security / Contract by a Client / Proprietary account

AND

- High Number / Instances of Order modifications

20. Unique Identifier for Algorithms **(NSE/SURV/39958 dated January 15, 2019 & NSE/SURV/50154 dated October 29, 2021)**

All Algorithmic orders emanating from the system to be tagged with the unique identifier as specified by Exchange from time to time. To enable members to tag their algorithmic orders appropriately in compliance of the above SEBI circular, Exchange has made the necessary provision on the member portal ENIT for members to source the unique identifier allotted for each algorithm.

Unique ‘Algo Id’ shall be assigned to each algorithm approval taken from the Exchange. Members shall be solely responsible to ensure that each algorithmic order is appropriately tagged with the correct ‘Algo Id’ as assigned to the algo in ENIT. The ‘Algo Id’ shall be displayed on ENIT under the path Trading

> NNF Approval > Approval MIS (Report) and can also be downloaded as an excel file (option available in the same path).

The Exchange checks whether all Algorithmic orders are tagged with the unique identifier allocated by the Exchange. In case of any deviation is observed, the Exchange levies a penalty . The penalty structure is as follows:

Existing Penalty	Revised Penalty
Rs. 10,000/- per day	Rs. 10,000/- per day for up to 5 instances, post 5 instance Rs. 50,000/- per day

The 13th digit of the 15-digit NNF id represents the flag for Algo/Non-Algo. If the 13th digit is 0, it depicts the NNF id is an Algo id and if the 13th digit is 1, the id is classified as non-Algo. The Exchange checks whether any NNF id updated as Algo is tagged with an valid Algo ID registered with the Exchange. In case of any mismatch observed in Algo ID or not entered at all, Exchange levies the aforesaid penalty.

To enable Trading Members to take immediate corrective action, a mismatch file can be downloaded through FTP on the following location:

25. Modification of Client Codes (All Segments) **(NSE/INVG/56395 dated April 17, 2023)**

With an objective to reduce order entry mistakes and to discourage client code modifications, levy of penalty in all cases of client code modification as applicable was considered appropriate and accordingly a penalty structure was implemented.

The relevant Exchange circulars w.r.t modification of Client Codes of Non-Institutional Trades is as under:

- NSE/INVG/2011/18484 dated July 29, 2011
- NSE/INVG/2011/18716 dated August 26, 2011
- NSE/INVG/24045 dated July 31, 2013
- NSE/SURV/27878 dated October 21, 2014
- NSE/INVG/31729 dated February 12, 2016
- NSE/INVG/35398 dated July 19, 2017
- NSE/INVG/41356 dated June 20, 2019
- NSE/INVG/41459 dated June 28, 2019
- NSE/INVG/42106 dated September 11, 2019

The framework for Client Code (Non-Institutional / Institutional client category) Modification monitoring and penalty is as under:

25.1 Penalty on Client Code Modification where either original code or modified client code is non-institutional client category:

25.1.1 As per Exchange circulars – NSE / INVG / 2011 / 18484 dated July 29, 2011, NSE / INVG / 2011 / 18716 dated August 26, 2011, and NSE / INVG / 35398 dated July 19, 2017, any client code modification from a non-institutional client category to non-institutional / institutional client category shall be subject to penalty. Further, client code modification

National Stock Exchange of India Circular

from an institutional client category to non-institutional client category shall be subject to penalty.

25.1.2 The following penalty structure will be applicable:

“a” as % of “b”	Penalty as % of “a”
≤ 5	1
> 5	2

Where:

“a” = Value (turnover) of non-institutional trades where client codes have been modified by a trading member in a segment during a calendar month.

“b” = Value (turnover) of non-institutional trades of the trading member in the segment during the calendar month.

25.2 Designated ERROR account

25.2.1 As per Exchange circular - NSE/INVG/2011/18716 dated August 26, 2011, Trading members would be required to disclose the client codes which are classified as ‘Error Accounts’ to the Exchange at the time of UCC upload.

25.2.2 The naming convention w.r.t classification of Error Accounts by the Trading Member will be as under:

25.2.2.1 The client code of the designated error account should have the nomenclature as “ERROR” or “ERROR%” where % is a number.

25.2.2.2 The name of the designated error account should have the nomenclature as “TM Name - Error Account”.

25.2.2.3 In cases where the trading member fails to maintain a single active designated “ERROR” account, a penalty of Rs. 10,000 per month of violation will be applicable. Further, after 3 months disciplinary action shall be initiated.

25.3 Modification to ERROR client code category and Liquidation of trades transferred to ERROR account.

25.3.1 As per Exchange circular - NSE/INVG/2011/18716 dated August 26, 2011, shifting of any trade (institutional or non-institutional) to the error account of the trading member shall not be treated as modification of client code provided the positions arising out of trades in error account are subsequently liquidated / closed out in the market and not shifted to some other client code.

25.3.2 Trading Members will be provided with a timeline of 3 working days (including the day of trade) to square off / liquidate their trades flowing into error account. In case trades / open positions are not liquidated or squared off within the prescribed time limit, a penalty as prescribed in para 17.1.2 would be applicable. This timeline is subject to availability of liquidity in the scrip/contract. In case the liquidity is not sufficient, the Trading Member should approach the Exchange within one trading day if sufficient liquidity is not available at the Exchange. The square off / liquidation must be done at the earliest. The decision of the Exchange on the question of “Availability of liquidity” will be final and binding.

25.3.3 In case from the ERROR account, modification is done to some other client code, a penalty at the rate of 2% of traded value will be levied. In case of such repeated instances, in addition to the penalty levied further disciplinary action as deemed fit would be initiated.

25.3.4 Exchange will periodically review the trades flowing to “error accounts” of the brokers. For suspicious or unusual modifications observed, suitable disciplinary action would be initiated.

25.3.5 Trading Members are required to implement internal controls to minimize the instance of modifications into Error account to avoid disciplinary action proceedings from the Exchange. Internal controls implemented by brokers will be checked as a part of Inspection.

25.4 In addition to the above, client code modifications wherein both the two client codes (original code and modified code) are of institutional category the framework for monitoring and penalty will be as under:

25.4.1 Modification between client codes of two entities which are of the institutional category will be allowed only if the modification from both client codes is from different schemes / sub-accounts of / managed by the same Institution. Such modifications shall not be subject to penalty. For FPIs, the group will be considered as uploaded by Members under the facility of “FPI Client Mapping – File Upload” as provided in “16.5 OTR allocation for Foreign Portfolio Investor (FPI)” under “Part B” of circular “NCL/CMPT/50876 dated January 03, 2022”.

25.4.2 With respect to trades settled through DVP mechanism, Trading Members would need to report the name of entities to whom the trades were settled. The original client would be the client in whose client code the trades were executed, and the modified client code will be the PAN in whose name trades were settled through DVP mechanism. In the event that, the Exchange finds that modified client code is not of / managed by the same institution, penalty shall be levied.

25.4.3 Any modification between two client codes which are of institutional category and do not satisfy the criteria mentioned in para 17.4.1 above i.e., modification between two unrelated institutional clients will be subject to penalty.

For 17.4.2 and 17.4.3, the applicable penalty on such modifications will be computed as below:

Where:

“a” = Value (turnover) of institutional trades where client codes (unrelated institutional clients) have been modified by a trading member in a segment during a calendar month.

“b” = Value (turnover) of institutional trades of the trading member in the segment during a calendar month.

25.5 Reasons for client code modification and error trades.

25.5.1 As per Exchange circular - NSE/INVG/41459 dated June 28, 2019, and NSE/INVG/42106 dated September 11, 2019, Trading members would be required to provide the reasons for client code modification and error trades.

25.5.2 The facility of providing the reasons based on objective criteria have been provided in ENIT portal at:

Compliance => Client Code Modification => Client Code Modification Reason

25.5.3 The reason for modification is mapped as following:

Reason Code	Description
0	Modified to Error
1	Error due to communication or Punching / Typing Error such that the original client code / name and the modified client code / name are similar to each other
2	Modification with Relatives (as per Companies Act, 2013)
3	Allocation to related schemes / sub-accounts

25.6 Frequent Client Code Modifications.

25.6.1 In addition to the penalty levied as stated above, Exchange shall undertake disciplinary actions as deemed fit in terms of Rules, Byelaws and Regulations of the Exchange against Trading Members who undertake frequent client code modifications.

25.6.2 For para 6.1, such instances of client code modification mentioned below shall not be considered while computing the frequency of client code modifications.

25.6.2.1 Modification to ERROR account which is liquidated within 3 working days.

25.6.2.2 Modification between two client codes which are of institutional client category and belong to same group as specified in para 17.4.1 above.

25.7 Procedure of waiver of penalty

25.7.1 With reference to Exchange Circular - NSE / INVG / 2011 / 18484 dated July 29, 2011, the following will be classified as genuine errors for the purpose of client code modification:

25.7.1.1 Error due to communication and / or punching or typing such that the original client code / name and the modified client code / name are similar to each other.

25.7.1.2 Modification within relatives ('Relative' for this purpose would mean as defined under Companies Act, 2013).

25.7.2 Subject to the reasons mentioned above, Trading Members may kindly note that the request for waiver of penalty along with reasons and relevant supporting documents should be submitted to the Exchange within a period of 3 calendar months from the date of levy of penalty failing which request for waiver shall not be accepted.

26. Penalty on Abnormal / Non-Genuine Transactions **(NSE/INVG/46662 dated December 16, 2020)**

Exchange has issued circulars - NSE/INVG/39647 dated December 13, 2018, NSE/INVG/40175 dated February 07, 2019, NSE/INVG/43144 dated January 07, 2020, and NSE/INVG/43435 dated February 04, 2020, pertaining to Abnormal / Non-Genuine Transactions.

Trading Members are aware that in compliance of SEBI master circular no. SEBI/ HO/ MIRSD/ DOS3/ CIR/ P/ 2018/ 104 dated July 04, 2018 (clause 2.6), members are required to monitor transactions of their clients, excerpts of which are as follows –

- Intermediary to have understanding of their client's activity to identify deviations in transactions by regularly monitoring them.
- The intermediary shall pay special attention to all complex unusually large transactions / patterns which appear to have no economic purpose.
- The background including all documents/office records /memorandums/clarifications sought pertaining to such transactions and purpose thereof shall also be examined carefully and findings shall be recorded in writing.

In this regard, in order to assist trading members in identifying such type of transactions, certain indicative scenarios have been listed below which may need additional attention and examination by the trading member:

- Trading activity of client(s) concentrated in a specific security / contract which is/are not traded very frequently or trading with low volumes with client squaring up its position within a short span of time. Additionally, factors such as clients earning significant profit or incurring losses on account of such transactions, their consistent contribution to daily average volumes of security / contract may also be looked at.
- Fresh positions are being created in the contracts very close to their respective expiry or on the day of expiry.
- Large quantities being traded during last half an hour which account for significant percentage to total traded quantity without change in beneficial ownership.

- Securities /contracts where the total traded volume of the client vis a vis the average daily traded volumes in that security is significant.
- Additional emphasis to be given to Securities / Contracts where surveillance actions such as Additional Surveillance Measure, Graded Surveillance Measure, Periodic call auction, Trade for Trade etc.

Trading Members may please note that these alerts and guidance note is indicative and not exhaustive and hence should exercise necessary caution and due diligence at all times.

In this regard, Trading Members are advised to refrain from entering into abnormal / non- genuine transactions executed by the market participants primarily with an objective of transferring profit / loss between the concerned entities or creation of artificial volume in securities/contracts.

The Exchange shall send necessary advice/caution letter to the Trading members and initiate appropriate disciplinary actions against the members concerned in case the activity is observed to be abnormal/non-genuine. Exchange shall levy a penalty of 100% of the traded value/ profit made/ loss incurred as a result of the trades on the trading members for both profit and loss making abnormal / non-genuine transactions after following the due process & providing necessary opportunity to the trading member for clarification in the matter.

The decision whether a trade or trades is / are abnormal / non-genuine would be of the Exchange which would be final and binding.

The Exchange may also consider taking appropriate disciplinary actions against the member concerned for multiple instances of such abnormal / non-genuine trades as per the Rules, Regulations and Byelaws of the Exchange.

Further it is clarified that as per NSE circular no NSE/INVG/5911 dated March 10, 2005, members are advised to put in place appropriate internal systems and procedures at their end for checking such orders / transactions before transmitting to the trading system of the Exchange.

The provisions of this circular shall be applicable across all segments i.e., Cash Market, Currency Derivatives, Equity Derivatives and Commodity Derivatives.

- NSE/INVG/16703 dated January 05, 2011
- NSE/INVG/26173 dated March 13, 2014.

Attention of the Trading Members is drawn to the following extract from Rule 9(12)(i) of the Prevention of Money-Laundering (Maintenance of Records) Rules 2005.

“Rule 9 (12) (i) Every reporting entity shall exercise ongoing due diligence with respect to the business relationship with every client and closely examine the transactions in order to ensure that they are consistent with their knowledge of the client, his business and risk profile and where necessary, the source of funds.”

Trading Members are required to comply with the above-mentioned circulars. Trading Members are also Reporting Entities for the above provisions, and it has come to the notice of the Exchange that, pay-in/ pay-out obligations/ margin/ exposure for some clients are not consistent with the income level/ net worth uploaded by the Trading Member for such clients.

Further, Trading Members have surveillance obligations under circular NSE/SURV/48818 dated July 01, 2021, which includes generation of alerts and taking appropriate actions with respect to above stated provisions. The above circular includes provisions of disciplinary actions for non-fulfilment of surveillance obligations of trading members.

Members are advised to take note of the above and ensure compliance.

- 28.5** Verification of unsolicited messages: Exchange shall be considering references of unsolicited messages / videos / other references that are received at designated email ids or mobile number along with other details as informed on the Exchange website under head 'Investors Beware'. Before updating the 'For Information / Current Watch list', the Exchange shall ascertain the veracity / genuineness of references so received and seek clarification from concerned companies as may be necessary.

The aforesaid measure is without prejudice to the rights of SEBI and Exchanges to take any further actions, in any manner, as may be warranted.

Members are advised to take note of the above and ensure compliance with aforementioned requirements, as may be applicable.

28.6 Caution towards dealing with unsolicited videos and messages circulated in social media – Update

28.6.1 Exchange has received multiple references where messages/ videos are being circulated with recommendations to deal in certain scrips. Such recommendations are being circulated to investors by unregistered or unauthorised entities inducing them to deal in these stocks. The circulation of such posts is not only detrimental to the interest of the investors but also adversely affects the integrity of the securities market.

28.6.2 Exchange has issued various circulars cautioning market participants on unsolicited messages being circulated by unregistered or unauthorized entities via social media platforms like WhatsApp, Telegram, etc. and advising Trading members to carry out necessary due diligence before releasing the pay-out to the clients

28.6.3 Based on the unusual price/ volume variation and other factors as deemed fit by the Exchange such scrips may be shortlisted for surveillance action which may inter alia include reduction of price band, levy of additional margins, shifting the scrip in Trade for Trade segment, including the scrip in Periodic Call auction framework, etc.

28.6.4 Accordingly, based on the unusual price / volume variation / trading concentration and other factors such scrips may be shortlisted for surveillance action similar to GSM Stage IV which is as under:

- Trade for Trade with price band of 5% or lower as applicable
and
- Trading permitted once a week (Every Monday / 1st trading day of the week)
and
- ASD (100% of trade value) to be deposited by the Buyers with no upward movement.

28.6.5 It may be noted that the shortlisting of securities in above mechanism is purely on account of market surveillance, and it should not be construed as an adverse action against the concerned company.

28.6.6 Trading members are advised to monitor unusual trading pattern by any of their clients / group of clients having significant selling / trading / dealing concentration in relation to circulation of such videos / messages. Trading members are also required to educate their clients / investors by way of social media / SMS campaigns / mailers, etc. advising clients / investors to beware of unregistered Investment advisors, offering assured returns and seeking trading credentials.

28.6.7 Any non-compliance in the matter shall be viewed seriously and may attract further action which may inter alia include disciplinary action as deemed fit in terms of Rules, Byelaws and Regulations of the Exchange provided the facts and circumstances so demand.

28.6.8 The aforesaid measure is without prejudice to the rights of SEBI and Exchanges to take any further actions, in any manner, as may be warranted.
