Chairman's Message

Dear Shareholders,

It is a great privilege to be able to share my thoughts with you for the first time since taking over as the Chairman and Managing Director of SRF Limited in April 2022.

This year, we bid farewell to the patriarch of our Group, Mr. Arun Bharat Ram, who expressed his desire to step down as the Executive Chairman and Director of SRF Limited. The amount of value SRF has created under his leadership – is extraordinary, as he leaves behind a strong foundation for future generations. Having said that, SRF will continue to benefit from his valuable knowledge and wisdom from time-to-time as a mentor to the Board of Directors and the management.

As I take on the role of Chairman and Managing Director with a great sense of responsibility and humility, I look forward to leading SRF into the future with an outstanding team at my side.

Firmly rooted. Growing responsibly.

We chose “Firmly rooted. Growing responsibly” as the theme of our annual report this year as we prepare to shape our future growth journey based on a powerful combination of experience and energy. Experience of a Company that has succeeded for decades, and the energy of a young Company with fresh opportunities. SRF products touch millions of lives every day and we work hard to remain relevant and current to the customers we serve and respond appropriately to changes taking place in our environment.

As an organisation that continues to evolve, grow, and progress into the future, we are also making concerted efforts towards identifying our ESG (Environmental, Social and Governance) risks and opportunities. It was therefore imperative for us to adopt ESG as part of our Company aspirations. In March 2022, we introduced and launched our Company's new ASPIRATIONS 2030. The five pillars of our ASPIRATIONS 2030 are:

We will continuously strive to be known for our:

- Professional Reputation and Value System
- Customer Advocacy
- Innovation and Technology Leadership
- Operational Excellence
- Environment & Social Responsibility

Our efforts in ESG encompass management of water use, protecting ecosystems and reducing community impacts related to operations, among others. I invite you to read the ESG section of this report for more on our work towards our environmental responsibility.

Financial Performance

FY 2021- '22 was an extraordinary year. Despite the ongoing COVID-19 pandemic, widespread supply bottlenecks, and increasingly higher energy and raw materials prices, we achieved robust operational and financial performance.

From a financial point of view, in FY 2021- '22, the Company achieved a 58% increase in profit after tax at ₹ 1,889 crore compared to ₹ 1,198 crore last year. The Company's revenue for the year stood at ₹ 12,434 crore as against ₹ 8,400 crore in the previous year, recording an overall growth of 48%.

Business Performance

Let me now talk about some of the milestones achieved by each of our business segments during the year.

Chemicals Business

In FY 2021 – '22, the Chemicals Business accomplished strong growth of 43.8% Year-over-Year (Y-o-Y) to achieve record revenues of ₹ 5,240.8 crore.

Our Specialty Chemicals Business performed remarkably well in the year, driven by strong demand in both the exports and domestic markets. Our new product portfolio is being enhanced continuously, which also helps us expand and strengthen our customer base further. Our customers are demanding more-and-more complex molecules, a demand that is being met by our robust in-house R&D team, giving the Company an overall edge in the marketplace. With rapid strides in the development of new products and process technologies, we launched four new products in the agrochemicals and two in the pharmaceuticals segment during the year. In addition, we are also seeing traction in the Active Ingredients (AI) space and building our capabilities on this front.

As we grow our revenues, we will continue to invest in this business to sustain healthy growth rates over the next few years. In this regard, I am pleased to share that the Board of Directors have approved the setting up of dedicated facilities to produce

As an organisation that continues to evolve, grow, and progress into the future, we are also making concerted efforts towards identifying our ESG (Environmental, Social and Governance) risks and opportunities.

agrochemicals intermediates at Dahej, Gujarat, at a cost upwards of ₹ 200 crore. In addition to that, the Board approved a project to set up a Pharma Intermediates Plant (PIP) at a cost of ₹ 190 crore, which will strengthen SRF's pharma capabilities. Similar investments alongside improved efficiencies, optimum utilisation of capacities, and other initiatives to reduce the environmental costs of manufacturing were also announced throughout the year.

Overall, as India's largest specialty chemicals player, SRF, in FY 2021- '22, continued to maintain its 'preferred partner' status with most of its marquee global customers.

Poised for sustainable growth, our Fluorochemicals Business delivered a strong performance during the year. This was largely on account of higher volumes in refrigerants, blends, and chloromethanes, in both the domestic and exports markets. Our capabilities on backward integration allow us to control costs as well

as propel the business forward.

Furthermore, in our constant endeavour to offer cutting-edge products to our customers, we enhanced our portfolio by introducing Anhydrous Hydrogen Chloride (AHCL) for pharmaceutical applications and ramping-up production of other key products in the Industrial Chemicals segment. Our Pharma propellant, which is sold under the brand name of Dymel® HFA 134a/P witnessed a significant increase in sales, expanding to new geographies and consolidating its customer footprint across the globe.

With large capex such as Polytetrafluoroethylene (PTFE), chloromethane (CMS), etc. likely to capitalise in the next few quarters, we are looking forward to exciting times ahead in the Fluorochemicals Business.

Packaging Films Business

In FY 2021 – '22, our Packaging Films Business witnessed robust growth of 45.2% Y-o-Y to achieve

record revenues of ₹ 4,779.2 crore. Both our domestic and international facilities delivered strong performance and contributed to the overall growth. Over-the-years, SRF's Packaging Films Business has established itself as a renowned player in the worldwide packaging industry, with a growing market presence across 100+ countries with multi-country and multi-substrate presence. This is a result of the Business' 'Easy to do Business with' philosophy, our geographical spread, along with continued focus on enhancing efficiencies, innovative practices, and cost-competitiveness.

During the year, the Company made an important announcement to further enhance our leadership position in this segment. We have allocated a capex of ₹ 425 crore to set up an Aluminium Foil manufacturing facility near Indore in Madhya Pradesh, India, which is expected to be commercialised in approx. 20 months. Our new BOPP film line, which is currently under construction in Indore is also on track and expected to be commissioned in the forthcoming quarter.

I am also happy to share that during the year, our Packaging Films Business was recognised with two prestigious awards. Our facility at Indore was conferred the Quality Sustainability Award at the international convention, organised by the International Academy for Quality (IAQ). SRF FLEXIPAK, our South African facility received the 'Sword of Honour' from the British Safety Council, demonstrating our emphasis on superior Environment, Health, Safety (EHS) practices.

As a market leader, our focus on sustainability initiatives is our responsibility and we will continue to work towards innovating films that have a lower environmental footprint. We aim to foster the 'Circular Economy' where we increasingly bring waste materials back into the economy.

Technical Textiles Business

In FY 2021 – '22, our Technical Textiles Business demonstrated promising results of 68.1% Year-over-Year to achieve healthy revenues of ₹ 2,085.2 crore. This was achieved on the back of highest-ever sales volumes from the Belting Fabrics and the Polyester Industrial Yarn segments. This contributed to partially offsetting the weak demand for Nylon Tyre Cord Fabrics. Overall, the Company is actively focusing on improving its operational efficiency and productivity parameters in this segment.

Other Businesses

In our Other Businesses, SRF continues to maintain market leadership in the Coated Fabrics Business, with a high-volume share driven by improved sourcing initiatives and plant efficiency. In the Laminated Fabrics Business, SRF retained its price & volume leadership, with the facility operating at full capacity, achieving its highest-ever sales in the fourth quarter. However, realisations in this segment were adversely impacted by the continuing surplus supply situation.

Our People are our Real Assets

I would like to emphasise at this point that our passionate workforce is our core business asset. I want to thank the employees of SRF for their hard work, dedication, and resilience in scripting our success story.

As most of our teams have now returned to our offices, I have had the opportunity to rediscover the collaborative culture that makes us such a unique and extraordinary Company.

Expanding our Community Impact

SRF Foundation, the CSR arm of SRF, has deep expertise in supporting transformative education initiatives at local and grassroots levels, including improving student-learning outcomes for more than one lakh fifty thousand students in India. We also go beyond traditional education by imparting vocational skill training to the youth, making them employable and contributing citizens of our country.

More importantly, our employees worldwide share our passion for community service. They volunteer and leverage their skills and experience to make a difference in the world. I am grateful to my team for their commitment towards making a positive change in our society.

In closing

On behalf of the Board and management, I thank you, our shareholders, for your continued support. I am confident that, with the actions we have outlined to continue driving growth, we will create long-term and sustainable value for our stakeholders.

Stay well.

Sincerely,

Ashish Bharat Ram

Sustainability is at the Heart of our Governance Framework

Codes and Policies for Best-in-Class Governance

At SRF, we believe robust policies and practices including ESG considerations are key driving forces in decision-making. We are periodically reconceptualising and reimagining our strategies to keep up with the ever-changing business environment and evolving consumer needs. Our policies provide specific guidance to employees on their ethical/

behavioural standards to uphold our organisation's values and ensure that business is conducted in an ethical and responsible manner. While following these policies is mandatory for all our employees, we also encourage all other stakeholders to adopt and adhere to the same. SRF has laid out the following codes and policies to govern its business in a responsible way:

Codes & Policies

- Code of Practices and Procedures for Fair Disclosure of UPSI
- Code of Conduct for Prevention of Insider Trading
- Code of Conduct for Directors and Senior Management Personnel

- Nomination, Appointment and Remuneration
- Health & Safety
- Human Rights
- Whistle Blower
- Corporate Social Responsibility
- Anti-Corruption and Bribery
- Material Subsidiary Companies
- Dealing with Related Party Transactions
- Dividend Distribution
- Preservation of Documents

The Company's Code of Conduct (CoC) testifies the organisation's commitment towards conducting its business with utmost integrity, honesty and accountability. It ensures compliance with internal standards of business practices and covers aspects such as regulatory compliance, fair employment practices, environment, health and safety, conflicts of interest and safeguarding the Company's assets.

The principles enumerated in the Code of Conduct have been complied with by the Board members and senior management representatives. The CoC coupled with the Whistle-blower policy reinforces the stated values of the Company and promotes ethical behaviour for conducting business in the most transparent manner.

In the current reporting period, there were no cases of conflict of interest and no disciplinary action was taken by any law enforcement agency for the charges of bribery / corruption on Directors / KMPs / employees / workers.

Regulatory Compliance - Our Pride

To further reinforce the Company's core values beyond regulatory compliances, we have established a Values Steering Committee, which includes the Joint Managing Director and some members from the Corporate leadership team. They are responsible for conducting fair and transparent investigations of reported issues, independently and take corrective or disciplinary actions.

SRF has implemented an IT system based 'Compliance Manager' tool, which tracks the status of compliances on defined frequency for required periods. With a view to ensure total compliance with applicable legal frameworks, this tool provides capability and offers timely and intelligible disclosures for effective monitoring and reporting.

During the current reporting period, no case has been filed by any stakeholder regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour

(Business Responsibility Report Principle 1 & 9)

SRF actively participates in discussions and discourses on growth and sustainable development in various industry forums. Over the years, the Company has been proactively collaborating with several industry associations to share best practices, address industry concerns, and implement measures for driving industry growth and fostering economic development in the country. Currently, SRF is a member of the following industry associations and forums:

Industry Associations

Confederation of Indian Industry	■	National Safety Council	■
Refrigerant Gases Manufacture Association	■	Centre for Chemical Process Safety	■
Indian Chemical Council	■	The Synthetic & Rayon Textiles Export Promotion Council	■
CHEMEXCIL	■	Delhi Chamber of Commerce	■

Creating Shared Value Through Extensive Stakeholder Engagement

SRF believes that stakeholder engagement is essential for understanding the needs and perspectives of all stakeholders. We take a collaborative approach when it comes to working with stakeholders – both internal and external.

This strong partnership is pivotal in tapping new opportunities and in building effective business strategies for the future.

(Business Responsibility Report Principle 4)

Our stakeholders include Regulatory Bodies, Shareholders, Suppliers, Customers, Employees and Local Communities. Furthermore, we have identified disadvantaged, vulnerable, and marginalised stakeholders from local communities. We are in the process of implementing various measures, identified through need assessment surveys, for their upliftment. Lastly, the strategies and measures are implemented through various Corporate Social Responsibility (CSR) initiatives in collaboration with the government and local communities.

Inclusive Stakeholder Engagement Process

To conduct business in a transparent and ethical manner, SRF has identified key stakeholders through a prioritisation exercise undertaken in consultation with the Company's management. The detailed stakeholder engagement process is explained below:

Monitor and Report

- Ensure effective, timely documentation of consultation process and learning points
- Report back to stakeholders on commitments and performance related to identified material issues
- Ensure transparency in the stakeholder engagement

Identify

- Identify internal and external stakeholders relevant to SRF
- Identify and prioritise key issues critical to each of the identified stakeholder groups

Stakeholder Engagement Process

Engage & Consult

- Engage with each stakeholder group through interviews, etc.
- Share contextual information with stakeholders
- Follow-up sessions for feedback on identified material issues

Plan

- Establish objectives and scope of the stakeholder engagement
- Allocate time, resources and responsibilities
- Design engagement strategy
- Design modes of communication for each stakeholder

The stakeholder engagement exercise undertaken has been detailed out in the table below. It captures the key stakeholder groups identified, expectations of stakeholders, mode of engagement and key topics and concerns discussed with each stakeholder group.

Materiality Assessment Driving Long-Term Value Creation

Materiality assessment helps in identifying and prioritising key environmental, social and governance aspects which influences the Company's strategy, investments and business in the long run.

Given the importance of materiality assessment, we ensure continuous review of existing material topics and identification of new focus areas. For the same, SRF conducted a rigorous materiality assessment exercise in FY 2020 - '21 across all the three businesses - Chemicals, Packaging Films and Technical Textiles, following globally recognised ESG frameworks, peer benchmarking and extensive stakeholder consultations.

During the year FY 2021 - '22, SRF reviewed the material aspects identified last year. In conclusion, no new material aspects or concerns have emerged for the organisation or stakeholders for this year. SRF aims to revisit the detailed materiality assessment exercise periodically to ensure emerging material issues are captured in the materiality of the organisation. At SRF, we continue to map the Company's progress against identified material aspects and take necessary actions wherever necessary, to improve the overall business outcomes and value for stakeholders.

Below highlights the key material aspects of SRF:

Managing Risks Strategically for a Sustainable Tomorrow

We have built robust systems and processes across our organisation that enable us to proactively identify, analyse and mitigate risks that may impact our operations today and in the future.

The risk landscape continues to evolve radically at a fast pace. SRF's approach for risk management flourishes on the ability to demonstrate agility and proactive management of unforeseen risks. The Company is committed for creating sustainable position through an in-depth understanding and management of material risks, as well as maximising value by unleashing new opportunities.

SRF practises well-defined and established enterprise-level Risk Management Framework which is entrenched in the core business strategy and planning process of the organisation. This enhances its ability

to manage risks and transform risks into opportunities as practically as possible. The Framework is governed by an overarching Risk Management Policy (approved by the Board) which clearly articulates the Company's approach for managing risks across the organisation.

The Enterprise Risk Management Framework encapsulates key aspects of effective management of risks. This contributes to building a strong internal control system based on a proactive approach to risk management rather than a reactive one. The risk management process and steps are highlighted below:

The Board of Directors have established a dedicated Risk Management Committee (RMC), which, inter alia, drives continuous efforts to identify various types of risks including ESG Risks, oversees the implementation of the risk management measures and suggests future action plans, wherever required.

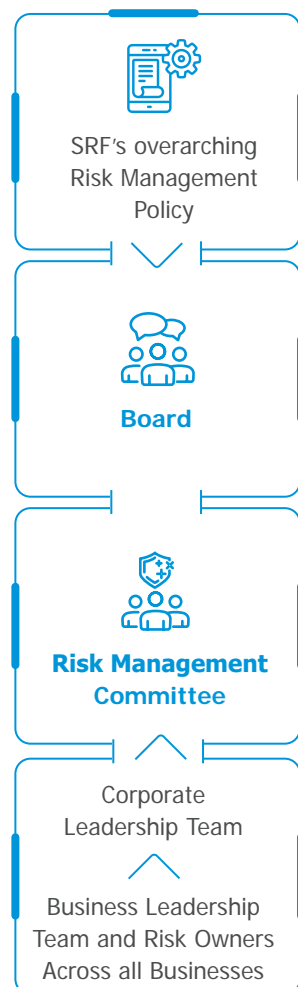

The Committee also aids the Audit Committee in analysing the efficacy of the Risk Management System and assists the Board in framing, implementing, monitoring, and revising the Risk Management Policy. The Committee is competent to identify, assess and manage both traditional and emerging business risks. It ensures that stakeholder interests are protected, business objectives are met, and long-term growth is enabled.

Risk categorisation and prioritisation is done on a high, medium, and low category basis as defined by the Risk Management Framework. Further, Business

Leadership Team and Risk Owners, report risks and mitigation plans to Corporate Leadership Team and subsequently to the Risk Management Committee for review. We also have a robust framework of Control Self-Assessment (CSA) which continuously verifies compliances with existing policies and procedures.

The risks identified by the Company broadly fall into the following categories viz. **strategic risks, operational risks, regulatory risks, financial and reporting risks, and IT & cyber risks.** (ESG risks are mapped under the appropriate categories of risks) **(Business Responsibility Report Principle 6)**

Enterprise-Level Risk Management Framework

Strategy

Sustainability is at the core of our corporate ethos and is reflected in every aspect of the business. The leadership is strongly committed towards driving performance keeping sustainability as a focused item – SRF's Aspirations 2030 lays down long-term roadmap for engagement with our investors, business partners, communities including focused approach on environment and social responsibility.

Sustainability is in our DNA and reflected in every aspect of our business functions and strategies. Our strategic pillars of sustainability include protection of natural resources, health and safety of our employees, responsible governance, and wellbeing of local communities. We combine strategic focus areas with our Aspirations to create a roadmap for the future. SRF follows practices and measures that enable long-term value creation for all its stakeholders while also maintaining a culture of ethics and integrity.

Our strategic focus area is guided by our Aspirations guidelines, which give us a clear view on what we strive to achieve in a sustainable manner to create long-term shared value.

One of the main mantras of SRF is - to evolve continuously. We have not only revisited and redefined 'Aspirations 2025', but we have also launched 'Aspirations 2030' as a sign of our strong commitment for a sustainable future.

At SRF, we are committed towards building an organisation that is focused on holistic and sustainable value creation. This commitment is built on the 'Core Values' of the organisation coupled with 'Aspirations 2030.' These provide a strategic direction towards a sustainable business future to enhance stakeholder

value. The overarching core values **"RINEW"- Respect, Integrity, Non-Discrimination, Excellence and Well-being**, form an intrinsic part of the organisation, helping in achieving the key pillars of the aspirations. The details of the key pillars of the 'Aspiration 2030' are elaborated below:

Operational excellence

Creating new and differentiated offerings that deliver superior customer value through innovations and improvements in quality, cost, efficiency, or environmental benefits, supported by digital technologies for efficiency and reliability. In addition, nurturing a capable workforce that continues to develop new solutions and provide advanced technical support. Implementation of various facets of the Total Quality Management (TQM) way to create new benchmarks across multiple dimensions of Quality, Cost, Delivery, Safety, Health & Environment and Morale (QCDSM).

Professional reputation and value system

In line with the core values, SRF strives to attract, retain and nurture talent that demonstrates high levels of ethics and integrity while delivering high quality products to its customers, thereby enhancing the brand value and reputation of the Company.

Customer advocacy

Building a customer-focused, agile and lean organisation, becoming a trusted, long-term partner of choice with the customers through innovative offerings and strong customer relationships.

Innovation and Technology Leadership

The Company constantly focuses on developing and investing in new technologies and developing new-age products to lead the way in serving the emerging needs of customers and deliver value over the long run. SRF's focus on adequate allocation of resources to effectively implement systems and initiatives is helping in creating sustainable value on an ongoing basis. The Company will continue to focus on the key strategic areas that have contributed to driving improvements across the ESG material aspects.

Environment & Social Responsibility

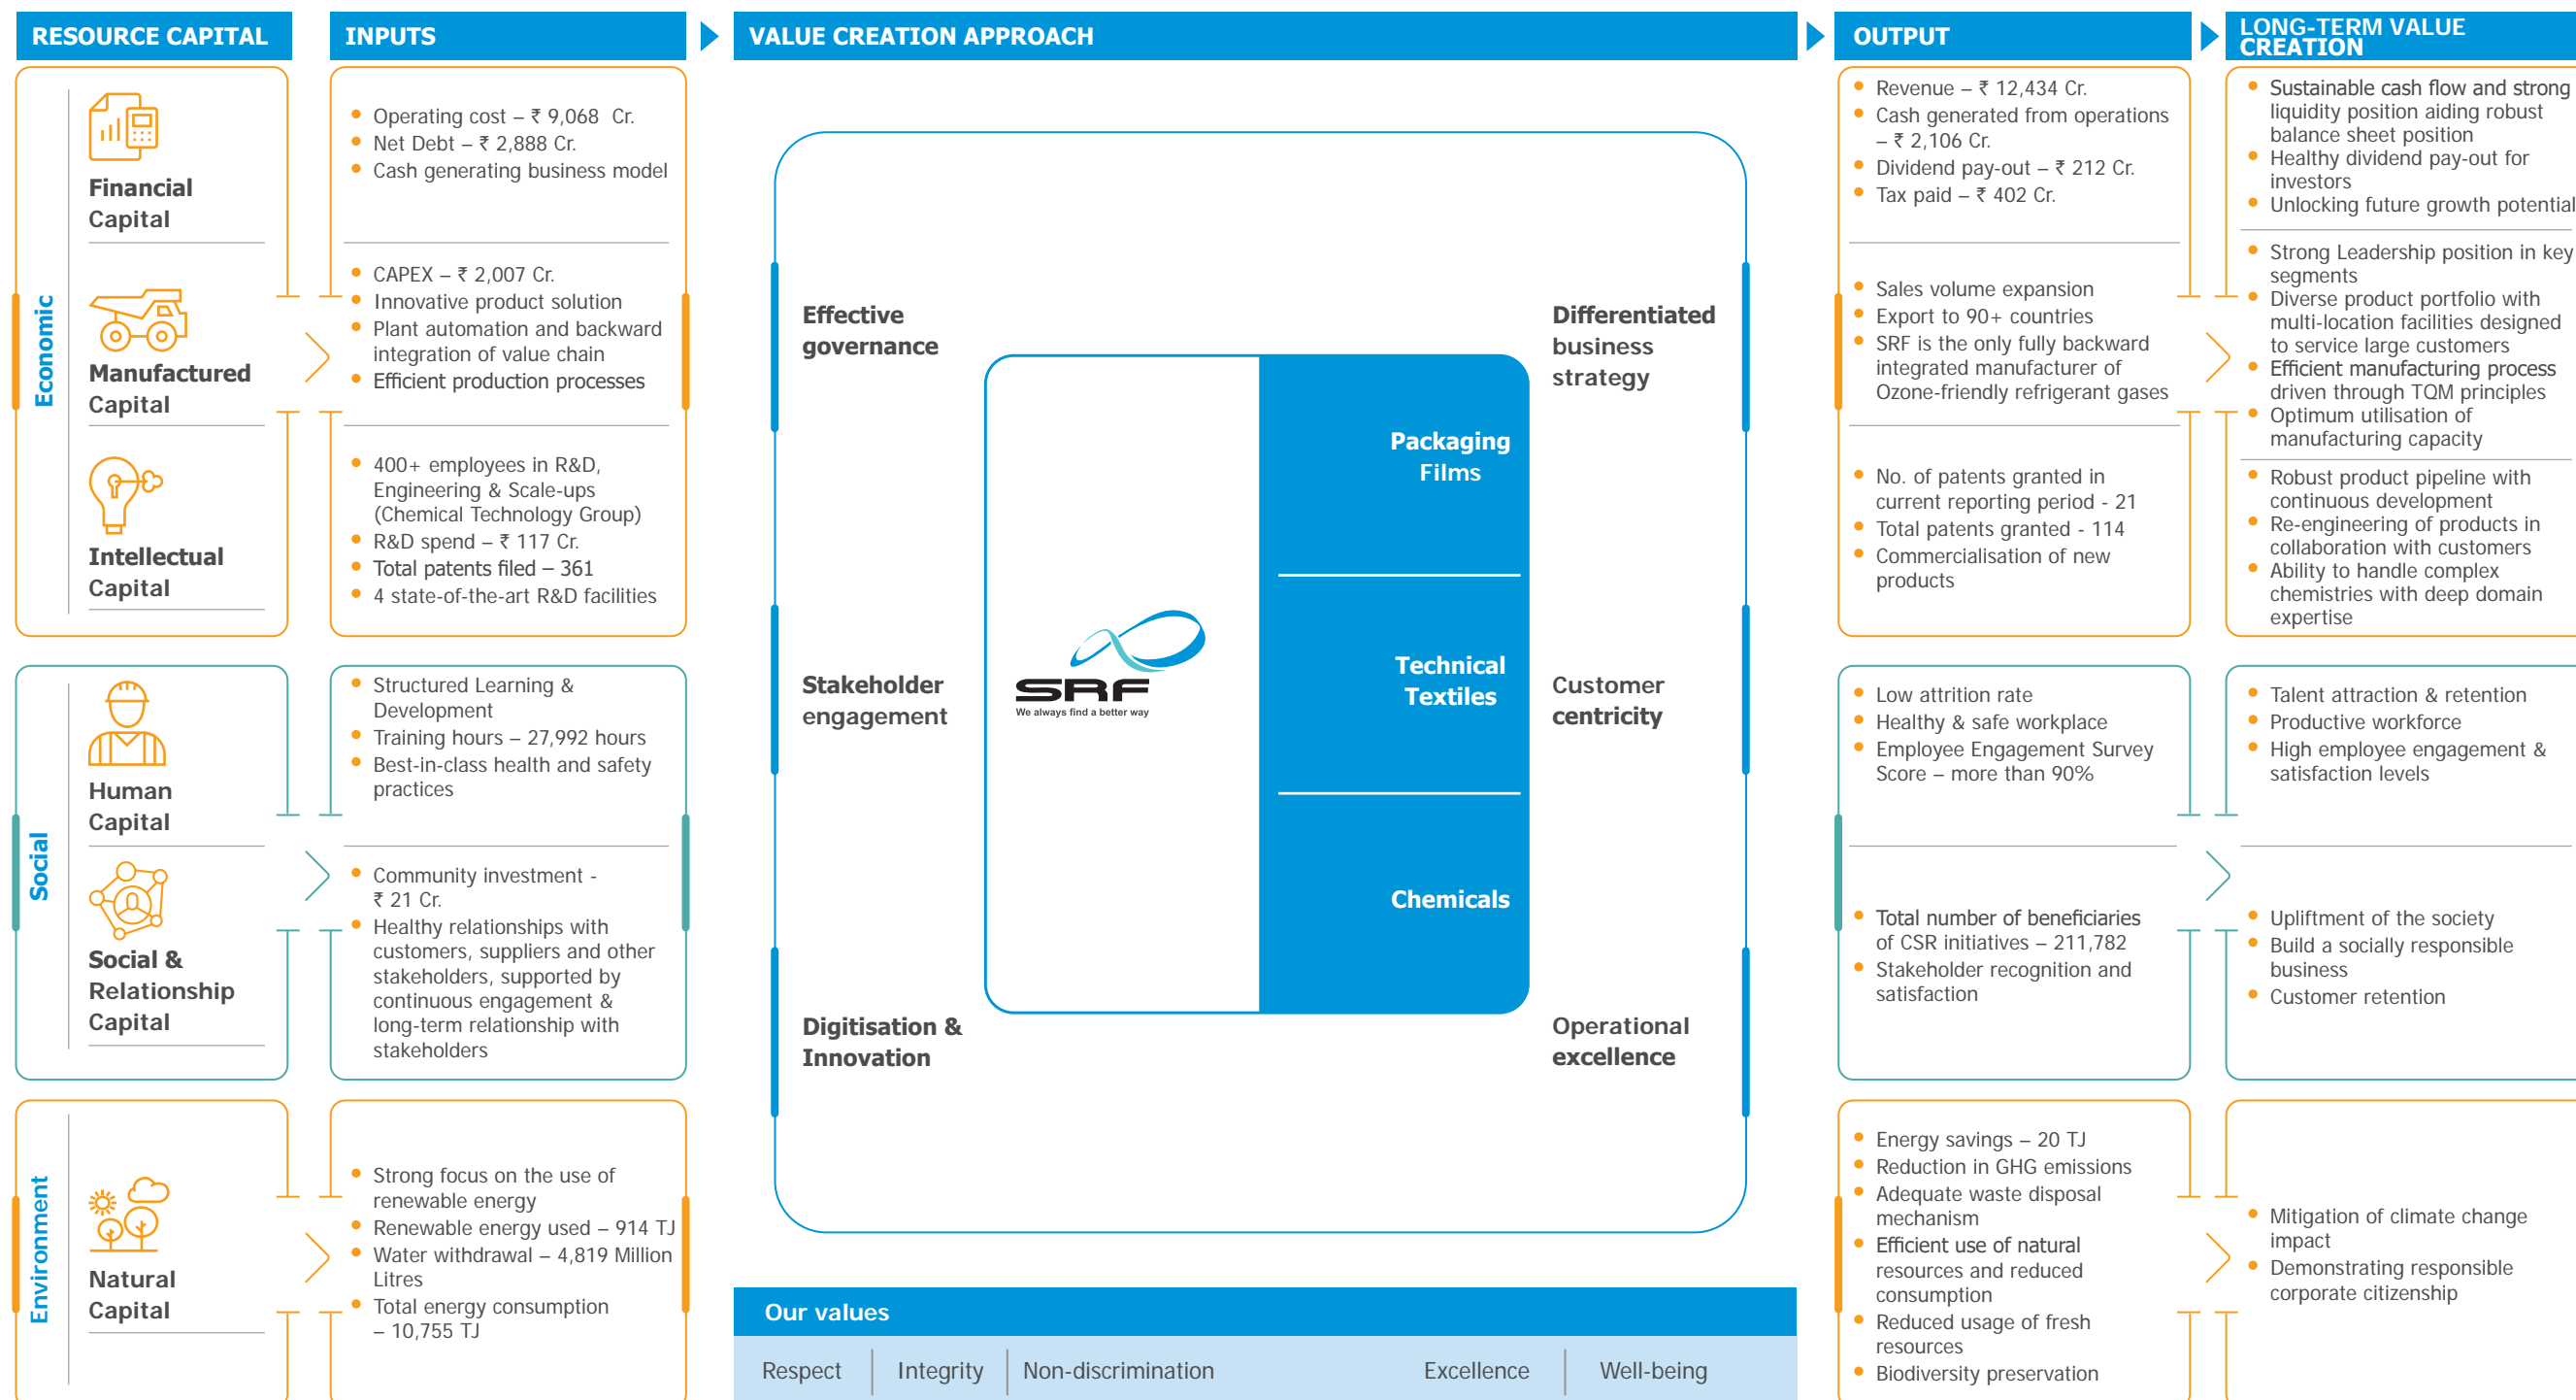

Our Environment and Social Responsibility will focus on four main aspects: We will benefit the communities where we work. We will embrace diversity, equality and inclusion in our workforce. We will enhance our focus on the 3R's - Recycle, Reuse and Reduce. We will transition from traditional energy to renewable energy in the future.

SRF looks through the lens of ESG before making any key decisions on the six capitals and business strategy and planning. The details of the ESG priorities of SRF are highlighted in the table below:

Value Creation Model

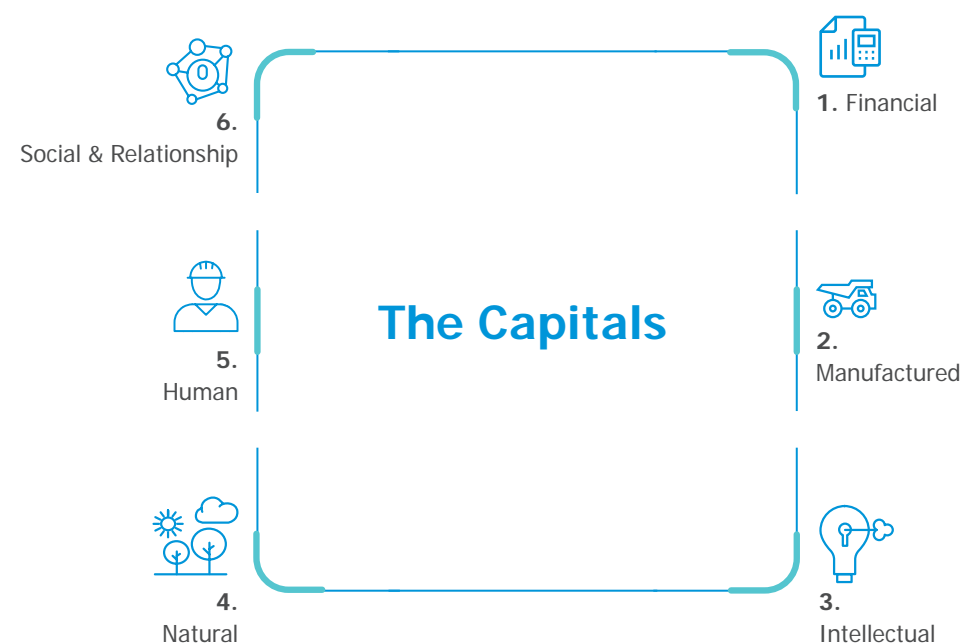

DRIVING BUSINESS WITH VALUES

The Six Capitals

The Company has reported its performance across the six capitals of the IR framework, namely **Financial, Manufactured, Intellectual, Natural, Human and Social & Relationship**. All these six capitals have created a strong base, further aiding growth and value for stakeholders. These capitals are an ideal blend of top-tier talent, state-of-the-art manufacturing capabilities, cutting-edge technologies, world-class R&D facilities, strong financials, robust governance practices, and transparency.

At SRF, we follow a rigorous resource allocation method which is a result of meticulous planning, evaluation and conscious efforts for achieving desired return on investments which ensures the best results. This report demonstrates the performance and progress of SRF across the following six capitals against the identified material aspects:

1. Financial Capital

- Sources include debt and equity financing and cash generated by operations and investments
- Funds are being invested in various CAPEX projects throughout the business

2. Manufactured Capital

- Investments are focused on expansion, bringing efficiency and upgrading existing equipment and infrastructure

3. Intellectual Capital

- Huge investments focused on the sustainability and innovation agenda for a competitive edge
- Due assessment of the returns on investment against the extent to which it might aid business growth

4. Natural Capital

- Natural capital inputs such as raw materials, water, fuel and renewable energy, etc., critical to operate efficiently
- Allocation of financial and human capital to secure long-term availability of the inputs

5. Human Capital

- Investment in hiring the right people for the right job so as to maintain its status as 'employer of choice'
- Assessing the necessary skills and specialisation to deliver on the objectives

6. Social & Relationship Capital

- Fundamental part that the stakeholders play in creating and sustaining an enabling external environment for the business to flourish in
- Consideration of all relevant factors while making investment decisions

FINANCIAL CAPITAL

The Company's strategic actions continue to exhibit SRFs dynamic financial management which is in line with its long-term and short-term goals. As one of the leading players in the industry, we continue to offer strong financial performance, both in terms of growth and profitability.

- Dividend Pay Out – ₹ 212 Cr.
- Profit After Tax (PAT) – ₹ 1,889 Cr.
- EBITDA – ₹ 3,146 Cr.

At SRF, we firmly believe that combining operational excellence with prudent financial resource allocation is critical to long-term value creation. We channelise our efforts towards maximising value for all stakeholders by implementing differentiated sustainable business practices, optimal utilisation of resources and maintaining a strong balance sheet. SRF has been focusing on growing its market presence and expanding its product portfolio by building a solid long-term sustainable business model. The Company has ensured uninterrupted business operations by mitigating business risks at source and generating returns sustainably for shareholders. We have employed prudent financial management strategies, such as sensible allocation of funds across various capitals, technology-led investments and smart branding that has allowed us to generate higher financial returns consistently and build long-term value for our stakeholders.

The financial performance, which include - revenue, expenses, and new future opportunities, is monitored and evaluated on a regular basis, and reported publicly as and when required. While securing its position as a profitable Company, the funds generated are used to create value across all capitals, guaranteeing that the benefits of growth have a ripple effect across the Company.

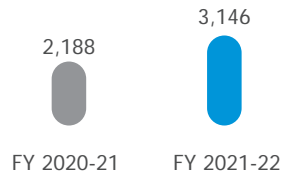

Revenue & EBITDA/Revenue (₹ Cr.)

The Company's focus areas are resource allocation and utilisation. Internal policies of SRF, such as those for CAPEX proposals and investment rules, establish the concepts and promote sensible capital allocation. The Company continues to assess and implement various capital structure options, maintaining a balanced equity and debt mix, producing strong cash inflows, and creating and maintaining a strong balance sheet. Our major goal is to provide our shareholders with a long-term favourable return on investments, and we ensure that any material developments that could have a negative impact on our financial position are reported and translated in our business strategies.

SRF works towards achieving optimum utilisation of financial capital across all its business verticals. The Company has taken various interventions to increase productivity, improve operational efficiency, progress towards digitalisation which in turn reduces operational cost and enhances the return value. All the stringent efforts implemented by SRF over the years and the robust financial planning has helped us in attaining an increase of 48% in revenue and ~44% in EBITDA over FY 2020 - '21.

Our value creation capacity is largely underpinned by our strong manufacturing capabilities. We utilise state-of-the-art facilities and highly efficient manufacturing processes to produce reliable and quality products. With our diverse portfolio, we strive to provide the highest quality of sustainable, industrial and specialty intermediates. We have achieved economies of scale through backward integration. We never compromise on our product quality and as a result we have established long-term relationships with our customers.

In most of its business categories in India, the Company is a market leader and has a large global presence with exports to more than 90 countries.

Our Manufacturing Process

Technical Textiles Business (Four manufacturing sites in India)

The Company is not only the largest manufacturer of technical textiles in India, but also enjoys a global leadership for most of the products under this business.

SRF is one of the largest manufacturers of a spectrum of standard and specialty Bi-axially Oriented Polyethylene.

Packaging Films Business (Three manufacturing sites in India)

Chemicals Business (Two manufacturing sites in India)

Only Indian manufacturer of ozone-friendly HFCs and specialty agro chemicals backed with strong integrated value chain.

Note: SRF has two additional businesses viz. Coated Fabrics and Laminated Fabrics that are not included

Our strategies and plans of action are guided by our motto – ‘continuous improvement’. Our principle – ‘We always find a better way’ – is reflected in the high-quality products that we deliver to our customers. It is also demonstrated through our innovations, technological advancements, employee engagement, professional management, transparent governance, and inclusive growth.

We constantly work toward improving the way our products and services are designed, manufactured, made available, consumed and disposed to ensure

minimum environmental impact. Our cutting-edge industrial facilities, good quality control systems, robust distribution network and efficient supply chain mechanism ensure that products are delivered safely and efficiently. The Company has an efficient maintenance system for optimum use of its machinery to achieve operational excellence. Our continual improvement mechanism is supported by the overarching Total Quality Management (TQM) system that paves the way for high levels of operational efficiency.

Key Initiatives to Advance Towards Green Chemistry

SRF is the first Indian Company to obtain the ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers) certification for R-467A, a low GWP refrigerant blend for stationary air-conditioning application by in-house patented technology

Innovative alternatives implemented to achieve better atom efficiency in several reactions. For instance, innovative chemistry developed to achieve more than 98% atom efficiency in bromination reaction at ton scale in an environment-friendly manner

Development of environment-friendly products with low global warming potential (GWP), low ODS potential, low carbon footprint, and sustainable hydrofluorocarbon (HFC) blends

Sulphur-based chlorinating reagents replaced with simple reagents for chlorination reaction

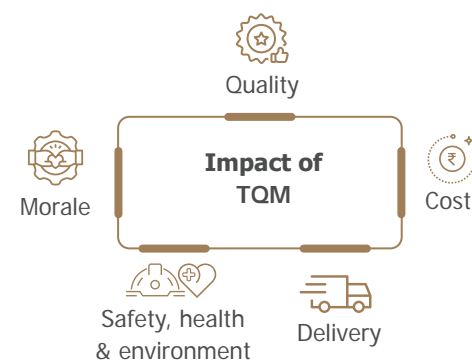

Hazardous reagents and solvents replaced with non-hazardous chemicals

Total Quality Management (TQM)

The SRF management way is built on the principles and methods of Total Quality Management. This management system is based on the triad of satisfying requirements of stakeholders and customers today and tomorrow, by applying systematic and scientific methods and tools, and involving every employee in making ongoing improvements.

The application of TQM practices cuts across the entire value chain of SRF's businesses, from product conceptualisation, development, projects, manufacturing operations and sales, and to the support and enabling functions as well. Guided by the Company's values of promoting customer centricity and 'Easy to Do Business With', the TQM way of working enables us to flexibility adapt to evolving customer aspirations and shifting market dynamics, so as to deliver diverse solutions to customers while maximising efficiency in operations. The methods of TQM are applied in determining the best strategic choices as well as achieving superior operational outcomes of QCDSM.

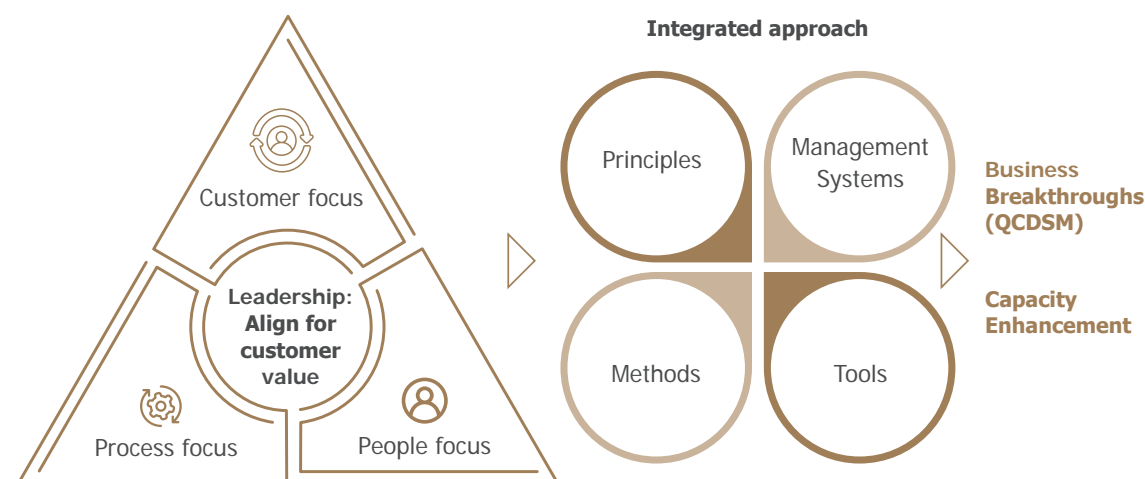

The core of the TQM framework emphasises a strong quality assurance system in each of its businesses, spanning the full product lifecycle from product planning and R&D, through the development stages, setting up of facilities, raw material procurement, manufacturing operations and supply of finished products. The method of continuous improvement or PDCA (Plan-Do-Check-Act) cycle is applied to all work systems, from the upstream planning stage through to

implementation, so to enable system outcomes which meet user's requirements of functionality, quality and availability at the lowest cost.

SRF's management way integrates principles, methodologies, management systems and a wide variety of tools, to ensure outcomes for customers as well as building capabilities for the future.

SRF's long-term problem-solving and capability-building program, titled PSP, gained further momentum in the year gone by. This program focuses on enhancing the analytical skills, enabling us challenge difficult business problems and establish new benchmarks in quality, throughput, yields, efficiencies, reducing breakdowns, improving delivery times, satisfaction levels etc. In the last year, 76 new people were certified as Blue problem-solving, taking the no. of people currently certified to nearly 430. The program has cumulatively certified over 893 people over the years since launch. In addition, the higher level PSP Silver program

enabled over 20 high impact technical projects to be completed across the Company. The projects enabled SRF develop new or improved products to meet customer requirements in an efficient manner, improved supply chain practices, raised plant efficiencies and throughput, besides continuing to raise technical competencies. Overall, they resulted in approx. ₹ 95 crore in annualised recurrent savings in the last financial year.

SRF's program on building strong execution and project management capabilities, titled "Execution Themes" program, gained momentum last year. Overall, nearly 200 employees are enrolled in the program, with 19 employees certified last year, taking the total to 43.

Building on our long-standing successes in problem solving, SRF launched its first advanced course on Data Science, with a chosen set of functional specialists across the Company. The program is part of SRF's strategic shift to utilise the power of digital, industrial IoT, machine learning, and IT enablement to build capabilities in solving complex problems, with the power of emerging digital technologies and toolkits, both for managing routine operations efficiently as well as making quantum improvements.

The TQM function continued on its own digitalisation journey, refurbishing the online TQM content portal, introducing basic TQM education through e-learning modules and using hybrid models of training and guidance on projects. The strategic thrusts of SRF's TQM application will continue towards making its operations ever-more customer focused, agile and lean, and building a strong foundation for a digital future.

Raw Materials

Our primary manufacturing processes use large quantity of key raw materials and various incidental materials; therefore we strive for sustainable sourcing of materials focusing on minimum use of fresh raw materials by recycling and reusing materials to the highest extent possible.

SRF sources its raw materials through a broad network of suppliers and vendors. The focus area for SRF is to move towards local procurement of raw materials to support local businesses and reduce the associated environmental impact. Across SRF 40-50% of key raw materials are sourced locally.

(Business Responsibility Report: Principle 2)

The detailed break-up of key raw materials by consumption across the three businesses of SRF in the last three years is highlighted in the graphs below:

Chemicals Business: Key Raw Material Consumption (MT)

Packaging Films Business: Key Raw Material Consumption (MT)

Technical Textiles Business: Key Raw Material Consumption (MT)

SRF continues to enhance the usage and share of recycled input materials in its manufacturing processes through its product reengineering and innovation. Furthermore, through increased reuse of input materials, waste generated at source is also minimised.

Our Certifications and Accreditations

SRF's efforts on sustainability have been recognised and rewarded on multiple platforms. SRF has received several prestigious industry awards in recognition of its expertise and purpose-led approach from various stakeholders, viz., customers, suppliers, and accreditation agencies. Below is a brief highlight on the same:

- CII-SR EHS Excellence (Bronze) Award - 2021 for commitment in EHS practices in the large-scale industry category (won by Technical Textiles Business)
- Certificate of Sustainability by BW BUSINESSWORLD – Top 50 category
- Mr. Ashish Bharat Ram, CMD of SRF Ltd. conferred the "Transformational Leader Award - Mid Cap Company category" for 2020 by the Asian Centre for Corporate Governance & Sustainability
- Highly Commended Winner of the Best Working Capital Management Solution at the Adam Smith Awards Asia 2021
- SRF Annual Report FY 2020 - '21 wins a Silver and a spot in the Top 100 Communications Materials at the Global Communications Competition, the 2021 Spotlight Awards by the League of American Communications Professionals LLC
- SRF's Packaging Films Business – Indore conferred the Quality Sustainability Award at the international convention, organised by the International Academy for Quality (IAQ)
- TTB Gummidipoondi was conferred the 'CORONA WARRIOR AWARD-2021'
- TTB Gwalior was recognised with a certificate of appreciation for relief work in the flood-hit areas of Bhind district (MP) by the Collector
- SRF Limited won the ROTARY CSR AWARD 2021 for exemplary work in BASIC EDUCATION & LITERACY

INTELLECTUAL CAPITAL

We aim to progressively enhance strategic excellence and enrich customer experience through strategic investments in research and development, innovation and technological advancement.

- Commercialisation of new products

SRF believes that research and development (R&D) is a key driver for achieving growth by any organisation. Our R&D investments and programs are directed towards the evolving market and climate change requirements.

SRF's Aspirations 2030 emphasises the Company's commitment to innovation. A qualified in-house R&D team specialises on developing new technologies, resulting in world-class product development centres with cutting-edge in-process and product testing facilities, as well as analysis and product development

technologies. We also collaborate with prestigious research institutes to leverage technical expertise in identified areas, and we collaborate with customers to identify evolving needs for further product and service development, allowing us to stay on top of new innovations and evolving skill sets to develop new products and processes.

R&D activities have set up four dedicated R&D centres located across Tamil Nadu, Rajasthan, Haryana and Madhya Pradesh.

Chemicals Business

- The Chemicals Technology Group (CTG) at SRF is actively engaged in the development of new products and process technologies for our Specialty Chemicals and Fluorochemicals businesses
- The CTG employs more than 400 research minds to develop innovative green chemistries, achieve process improvements and demonstrate viability of new chemistries for the future
- Our exemplary team of scientists and engineers, who come from prestigious institutions, work on R&D projects to improve the quality of products and enhance efficiency processes and operations

Packaging Films Business

- Packaging Films Business strives to create efficient, differentiated, safer and sustainable packaging solutions
- Our technology-driven credentials, globally harmonised quality systems and in-house resin manufacturing, allows upstream modifications and helps us improve continuously
- This R&D centre is fully equipped with a pilot polymerisation plant, pilot printing, lamination and coating machine and other state-of-the-art equipment to simulate customer processes on pilot scale, offering a key advantage to reduce concept-to-market cycle times

Technical Textiles Business

- The R&D facility for Technical Textiles Business includes pilot facilities for polymerisation, spinning, twisting, and dipping, enabling ideation and development of new products and also raising internal technical capabilities for current products.

Accelerating Digital Transformation

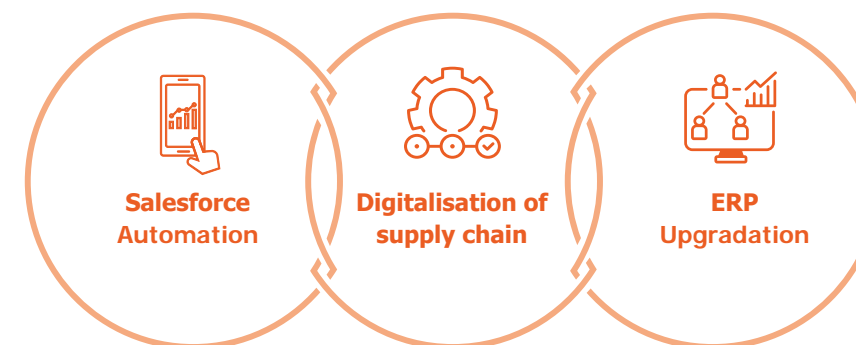

SRF has worked diligently to achieve operational excellence by focusing on resource optimisation and producing high-quality, long-lasting products through the incorporation of digitisation into its core business strategy and across its value chain.

The Company has invested in futuristic and scalable digital platforms to initiate enterprise

transformation through process digitisation and digital workflows, analytics, automation, and cloud product suites. This has helped in accelerating strategic decision-making and modernising the Company's IT landscape. This has also been pivotal in mobilising a digitally empowered workforce and have a competitive edge in the evolving business market, thereby creating value for its customers.

Key Focus Areas

SRF supply chain efficiency focuses on three critical areas as part of the operational excellence efforts, asset optimisation and sales and marketing effectiveness as listed below:

Salesforce Automation - SRF plans to implement Customer Relationship Management (CRM) across all manual sales management processes to achieve complete digitalisation. This initiative has already been implemented in Technical Textiles Business and the plan is to scale it to other businesses in the future.

Digitalisation of Supply Chain - SRF plans to digitalise its entire value chain by increased supplier interactions through a supplier information and engagement portal.

ERP Upgradation - To increase the operational effectiveness, the current ERP system is being updated with the introduction of new modules. For instance, SRF is in the process of building an Enterprise Command Centre on the current ERP system. This will monitor data and information in real-time, ensuring optimisation and efficiency in operations.

NATURAL CAPITAL

As the world is shifting to a low-carbon economy and embracing sustainable practices to develop greener solutions, SRF continues to strive to maximise resource efficiency, thereby minimising the impact of its operations on the environment.

With sustainability at the core of our organisation, we work towards making a positive impact on the environment beyond complying with applicable laws and regulations. During the year, we have directed focused efforts to optimise our resource consumption, including initiatives to reduce energy and water consumption, waste generation and emissions. At present the Company does not have any project related to Clean Development Mechanism.

Furthermore, SRF complies with all applicable environmental regulations and periodically conducts Environmental Impact Assessments, wherever required. We have implemented environmental management systems in accordance with ISO 14001 standards across several plant facilities and reinforced the Company's Environment Health & Safety Policy across businesses in line with our commitment to environmental protection. **(Business Responsibility Report: Principle 6)**

Key strategic focus areas for climate change mitigation and environment protection

Energy Management

We are committed to optimising energy consumption throughout our operations and reducing the associated carbon footprint to combat climate change. As part of SRF's energy management strategy, we have set a high priority for the implementation of energy management systems and processes. SRF has taken calibrated steps to optimise energy needs while increasing the share of renewable energy in the overall energy mix of the Company. Below highlights the details of our direct and indirect energy consumption:

We have a total of 18.95 MW installed capacity of renewable energy, which includes an onsite 5 MW solar power plant and an offsite 13.95 MW wind power plant. In FY 2021 - '22, our energy consumption from renewable sources stood at 914 TJ (including biomass consumption). Going forward, we are driving efforts towards implementing solar power generation projects and entering into power purchase agreements with third-party agencies to increase our share of renewable energy in our total energy mix.

Total Energy consumption (TJ)

Energy Intensity (TJ/Crore ₹)

We have adopted a systematic approach to optimise our energy consumption levels. We have retrofitted lightening and replaced high energy consuming manufacturing equipment in our Chemicals, Packaging films and Technical Textiles business. Our total energy savings are 5,504 MWh (20 TJ). Details of savings achieved in each business is tabulated below:

Energy savings initiatives

2,803 MWh	1,231 MWh	1,470 MWh	5,504 MWh
Chemicals Business	Packaging Films Business	Packaging Films Business	TOTAL SAVINGS

(Business Responsibility Report: Principle 6)

SRF is committed to progressively reducing greenhouse gas (GHG) emissions by identifying significant emission sources and implementing plans to minimise the carbon footprint. We take a proactive and vigilant approach towards tackling issues of climate change. As part of this process, we develop greenhouse gas (GHG) emissions inventories to map our impacts and identify opportunities for improvement. With our efforts in emission monitoring and GHG inventurisation, SRF's Fluorochemicals Business is first Indian chemical Company to obtain ISO 14064-1:2006 certification for GHG emissions verification.

(Business Responsibility Report: Principle 6)

Air Emissions

SRF has installed a real-time air emissions monitoring system to ensure that emissions from manufacturing processes are continuously monitored and kept to a minimum. Automated monitoring mechanisms are in place to ensure air emissions from manufacturing processes are in check. Stack monitoring for utilities like boilers, diesel generators etc. are conducted on

a regular basis. We are compliant with the mandates of respective Pollution Control Boards of the states in which we operate. As on 31st March 2022, there is one pending notice received from the State Pollution Control Board, which was resolved subsequently.

(Business Responsibility Report: Principle 6)

Water Management

The Company's strategic focus areas towards effective water management include reducing water consumption with water-efficient technologies, recycling and reusing treated wastewater in operations and increasing rainwater harvesting.

SRF is maximising its efforts to ensure efficient water management to reduce dependency on freshwater and ensure optimum utilisation. We have installed wastewater purification systems to ensure that the quality of wastewater generated is within the permissible limits set by the respective Pollution Control Boards. In addition, we re-use treated wastewater for humidification and the development of green-belt areas. The Company conducts ETP/STP

treated wastewater monitoring through third-party agencies to monitor wastewater quality characteristics before discharging the treated wastewater into garden areas.

We have a continued focus on rainwater harvesting for groundwater recharge as well as utilisation within the plants. As on date, PFB - Indore (SEZ), Bhiwadi, TTBM and TTBT Plants have installed rainwater harvesting systems.

In FY 2021 - '22, our water withdrawal stood at 4,819 Million Litres, which was procured from various sources including state municipal corporation, third-party water, etc. About 1,696 Million Litres of total water consumption was met through recycled wastewater. The graphs below depict the water procured and the recycled wastewater reused within the plants across.

Water Withdrawal (Million Litres)

*Water withdrawal data of FY 2020 - '21 has been updated and includes rainwater harvested and reused

Water Recycled (Million Litres)

*Water recycled data of FY 2020 - '21 has been updated and includes steam condensate water recovery

Waste Management

Our waste management strategy focuses on internal waste management including - measurement and categorisation of waste, and following the 3R principle - Reduce, Reuse and Recycle.

In PFB unit, we recycle non-usable metallised BOPET film waste by unique demetallisation process. The Company is also collaborating with cement companies to utilise fly ash generated from our operations as an input in their production process.

(Business Responsibility Report: Principle 2 & 6)

Biodiversity Management

SRF considers biodiversity to be a critical concern and has taken several steps to preserve biodiversity in the areas surrounding our business units. We conducted several reforestation campaigns in and around our business units and with the schools that are part of our CSR programs to increase biodiversity. We also conduct Environmental Impact Assessments to ensure business operations are conducted in a way that protect biodiversity in the neighbouring communities. SRF's units are not located around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required.

Human Resource Management: Focus Areas

SRF recognises that knowledgeable and skilled human capital propels a Company in the right direction. Human capital is both valuable and crucial for our business operations and for creation of long-term value for its stakeholders. It is our constant endeavour to evolve as a relationship-based Company that recognises and nurtures the unique capabilities of its employees. We seek to promote diversity and inclusivity by providing a conducive environment for professional advancement.

SRF is committed to creating a safe and healthy work environment that helps increase productivity and enhance employee happiness. Our people centric policy, established by the human resource team, helps us ensure an engaging and participatory workplace.

Our employees play a vital role in attaining our business objectives. To nurture the talent pool, SRF places a strong emphasis on cultivating a culture of learning and motivation while focusing on increasing productivity and efficiency among the employees. For this purpose, we ensure continuous training and better health and safety practices. Furthermore, to support growth and well-being of employees, SRF ensures protection and promotion of human rights, ensures diversity and equal opportunities to all, and focuses on appropriate and timely reward and recognition. SRF's Human Resource Management is driven by its core Values **(RINEW)** that guide the Company's actions and behaviours:

Our Values

Diversity and Inclusion

The Company is progressively working towards creating an empowering environment that embraces diversity and inclusion. SRF is committed towards fostering a diverse and inclusive workplace, free from any sort of harassment and/or discrimination based on gender identity, age, ethnicity, sexual orientation, disability, faith, or marital status. SRF has adopted the Women's Empowerment Principles, along with 3,000 other organisations around the world, partnering with UN Women on the critical journey of achieving gender

equality. The principle emphasises the business case for corporate action to promote gender equality and women's empowerment. SRF is an equal opportunity employer that values a gender-balanced workforce.

SRF places focus on sensitising people, especially leadership, to constantly challenge the hidden biases, and providing policies that support and encourage people from diverse backgrounds.

Training and Development

SRF believes that an organisation's growth is directly linked to the growth and development of its employees. For this purpose, we offer on-the-job learning modules and trainings for all our employees to give them a chance to grow and enhance their skills.

To boost employees' morale and meet dynamic organisational needs, we, at SRF, have a well-managed Training and Development process under which we conduct regular training programs and modules. These modules are divided into three categories, i.e., Technical, Behavioural and Functional. Under our Training and Development process, we identify individual training needs, and prepare an annual training calendar for all employees. Additionally, customised training programs are also deployed to attain the intended outcomes. The focus of

development has shifted from being reactive to being proactive, keeping in mind new requirements imposed by the changing environment. Research suggests that post COVID, a competency that will decide the future of organisations is 'Emotional Intelligence' of the organisation's human capital. SRF too, places emphasis on this competency and conducted several developmental initiatives across the organisation covering the entire management under this. For the year ahead, 'Agility' and 'resilience' have been added to the list of competencies that need emphasis.

Not only this, we, at SRF, also believe in instilling a culture of safety at the workplace. For this, we conduct safety and self-defence trainings, fitness classes and employee assistance programs as part of our well-being initiatives.

Below table highlights training hours of contractual and permanent employees during FY 2021 - '22:

S. No.	Total training hours for permanent and contractual employees	FY 2019 - '20		FY 2020 - '21		FY 2021 - '22

* In brief, during the year, 70% of the employees were covered under Health, Safety and Skill Training.

(Business Responsibility Report Principle 3)

Skill Evaluation System

Our skill evaluation system enables us to evaluate and improve the skill level of our employees. The skill level measurement is based on 3 core parameters: Assignment, Observation, and Interview, with each having different weightages. As a practice, we annually evaluate a majority of our employees on their skill sets over a range of technical parameters including:

Job-specific competencies

Skill-specific competencies

Soft skill competencies

Environment, health
and safety

Emergency response plan

(Business Responsibility Report Principle 3)

Human Rights

SRF has a long history of upholding and preserving human rights and is against all forms of discrimination and human rights violations. SRF has a zero-tolerance approach for human rights violations.

A strong leadership commitment is essential in building and maintaining an ethical culture where human rights are given utmost priority. SRF's Human Right Policy covers the following aspects:

- Protection against forced and/or child labour
- Providing equal opportunity

- Commitment towards compliance and adherence to all applicable laws pertaining to human rights
- Protection against sexual harassment at the workplace
- Providing a healthy and safe work environment
- Encourage formation of various committees that have representation from the workforce and make suggestions on measures to improve working conditions in the Company
- Committed to ensure continuous upgradation of the skills and competence of employees

- Well-being of employees
- Reporting human rights violations

The Code of Conduct and the Whistle-blower policies are the pillars of the Human Rights policy in the organisation. SRF maintains strict adherence towards protection of human rights with supplier/contractor and does not employ anybody below the age of eighteen years. SRF also prohibits the use of forced

or compulsory labour across all units and discourages the same with the business associates/partners like suppliers, contractors, etc. During the current reporting period, there were no complaints relating to child labour, forced labour, involuntary labour at SRF. However, there were three complaints related to sexual harassment which were duly resolved. There are no outstanding complaints at the end of the financial year.

(Business Responsibility Report: Principle 3 & 5)

SRF provides a healthy work environment and offers equal growth opportunities to all its employees. The Company's leave policy includes provisions for maternity and paternity leaves for all employees. Equal opportunities are provided to those who re-join after availing parental leave. Detailed break-up of parental leave entitlement and usage of these by employees in the last three years is highlighted below:

Parameter	FY 2019 - '20	FY 2020 - '21	FY 2021 - '22
Number of employees entitled to parental leaves during reporting period	6,299	6,386	6,674

Performance Management and Feedback

Performance development reviews and feedback are critical pillars that shape the growth trajectory of employees in an organisation. At SRF, employees are evaluated on a regular basis and relevant positive as well as constructive feedback is provided to them to help identify their strengths and weaknesses. Adequate support is provided to them to help in minimising gaps and in leveraging their strengths.

SRF has adopted a robust performance management and development system which helps the organisation sustain a fair and transparent culture. All employees, at all levels, are evaluated and career development assessments and roadmaps are prepared accordingly.

As part of creating an open and transparent work culture, managers are encouraged to use 360-degree feedback mechanisms to receive regular feedback and adjust their working style accordingly.

SRF's compensation philosophy is designed to ensure promotion of meritocracy, and rewards that are commensurate with a role's market value. In fact, we maintain a high percentile position in the talent marketplace, especially for critical roles and resources. All roles are evaluated using a well-established and reliable methodology and accordingly grade structures are implemented. This is done once every 2-3 years to remain aligned to the market.

Rewards and Recognition

SRF has implemented a Rewards and Recognition that is solely based on merit and helps in encouraging and retaining a rich talent pool. The Rewards and Recognition program includes monetary, non-monetary, informal day-to-day and semi-formal and non-monetary recognition.

- Special Achievement Awards
- Significant Contribution Award
- Protsahan Awards

Online Rewards and Recognition

With a view to place higher focus on reward and recognition, SRF has named its R&R policy - PRAISE. Under this policy, one can find several modes of recognition, both formal and in-formal, that are available at the disposal of our empowered managers. These include multiple avenues such as spot awards, special achievement/significant contribution awards, birthday vouchers, well done, thank you, nice idea cards, etc., along with the annual 'protsahan' awards.

The local HRs also arrange in-person and/or group recognition events at regular frequency in order to ensure public appreciation of awardees.

Development of Rewards and Recognition Online Portal

SRF designed and developed an online Reward and Recognition portal internally that caters to entire SRF India. Below are the key highlights of the portal:

- Auto-triggered wishes and vouchers on birthdays, with an intimation to the entire team
- Flexible solutions for managers and colleagues so they can extend a Spot Award to a subordinate/colleague (redeemable online)
- Option for managers to recommend a subordinate for a Special Achievement Award or a Significant Contribution Award
- Virtually appreciation of subordinate/colleague with a Thank you, Nice Idea and/or Well-Done card

Employee Engagement

Maintaining a high level of Employee engagement is the cornerstone of SRF's human resource management philosophy. Employee engagement activities are held on a regular basis and these help in building a strong relationship with all employees. The Company has adopted a systematic approach to assess the satisfaction levels of employees through an annual Employee Engagement Survey. The survey is crucial for the identification of critical areas of improvement, key issues or concerns, and recommendations

for the future along with corrective action plans. According to the Employee Engagement Survey, the overall employee engagement was more than 90%. Several other externally conducted surveys like the Gallup Survey and the eNPS also offer anonymous options to employees to share their feedback. In addition, open houses and discussions with senior management are also conducted on a regular basis to solicit feedback from employees for the betterment of the organisation and well-being of all.

*eNPS is a score that indicates a former employee's willingness to re-join the Company. Gallup Survey is an employee engagement survey. Both are calculated independently by an external agency.

eNPS

- In FY 2021- '22, eNPS was recorded as 66%, which is the highest in the last 3 years and shows an 18% increase from last year
- Industry average for eNPS for manufacturing sector is 26%

Gallup Survey

- 91% women said they feel safe working at SRF
- 85% employees are confident in the ability of the leadership to successfully face the challenges ahead
- 80% employees said they have a work environment where people can try, fail, and learn from mistakes

Grievance Redressal Mechanisms

At SRF, we are cognizant of the value of grievance redressal systems and use these to strengthen stakeholder relationships and ensure efficient business operations. SRF has put in place formal grievance procedures that help in effective implementation of policies, protection of human rights and steering the organisation towards a more sustainable future. SRF offers several platforms to seek feedback and suggestions from its employees ensuring an inclusive culture across the organisation.

Labour Relations

SRF believes in creating a culture of open communication so as to build a strong and healthy relationship with its workers. SRF has implemented robust systems, such as SA 8000, across several plants. They also monitor and ensure wellbeing of workers and provide a safe and productive work environment. The Company has set up various committees that have representatives of both management and workers and these provide a platform for communication and ensure transparency. These include employee

For this purpose, 'People Redbook Systems' have been put in place at various locations. These grievance handling systems provide a platform to employees to voice their grievances. Employees and workers can anonymously submit their grievances in offices and plants through complaint and suggestion boxes. The grievance procedures clearly outline the resolution process in a fair and independent manner while respecting confidentiality.

associations, canteen committees, health & safety committees, etc., and significantly contribute to workers' well-being and satisfaction.

These associations are recognised by the management and provide a forum for interaction and resolution of issues between management and employees. These employee associations have about 26% of permanent employees as members.

(Business Responsibility Report: Principle 3)

100%

of total eligible employees are covered by PF and gratuity benefits and 7% by ESI

Occupational Health and Safety

SRF strongly believes that safety is an integral part of conducting business. As a responsible organisation, SRF strives to ensure a safe and healthy working environment for its workforce.

To keep the employees safe, SRF educates them on the importance of safety practices and trains them to deal with adverse events and at the same time, trains them on ways to avoid such incidents. This is done through regular safety trainings and mock drills.

The Company strives to achieve zero injury/fatality/incidents/accidents across all its plants and manufacturing units. The Company handles, stores

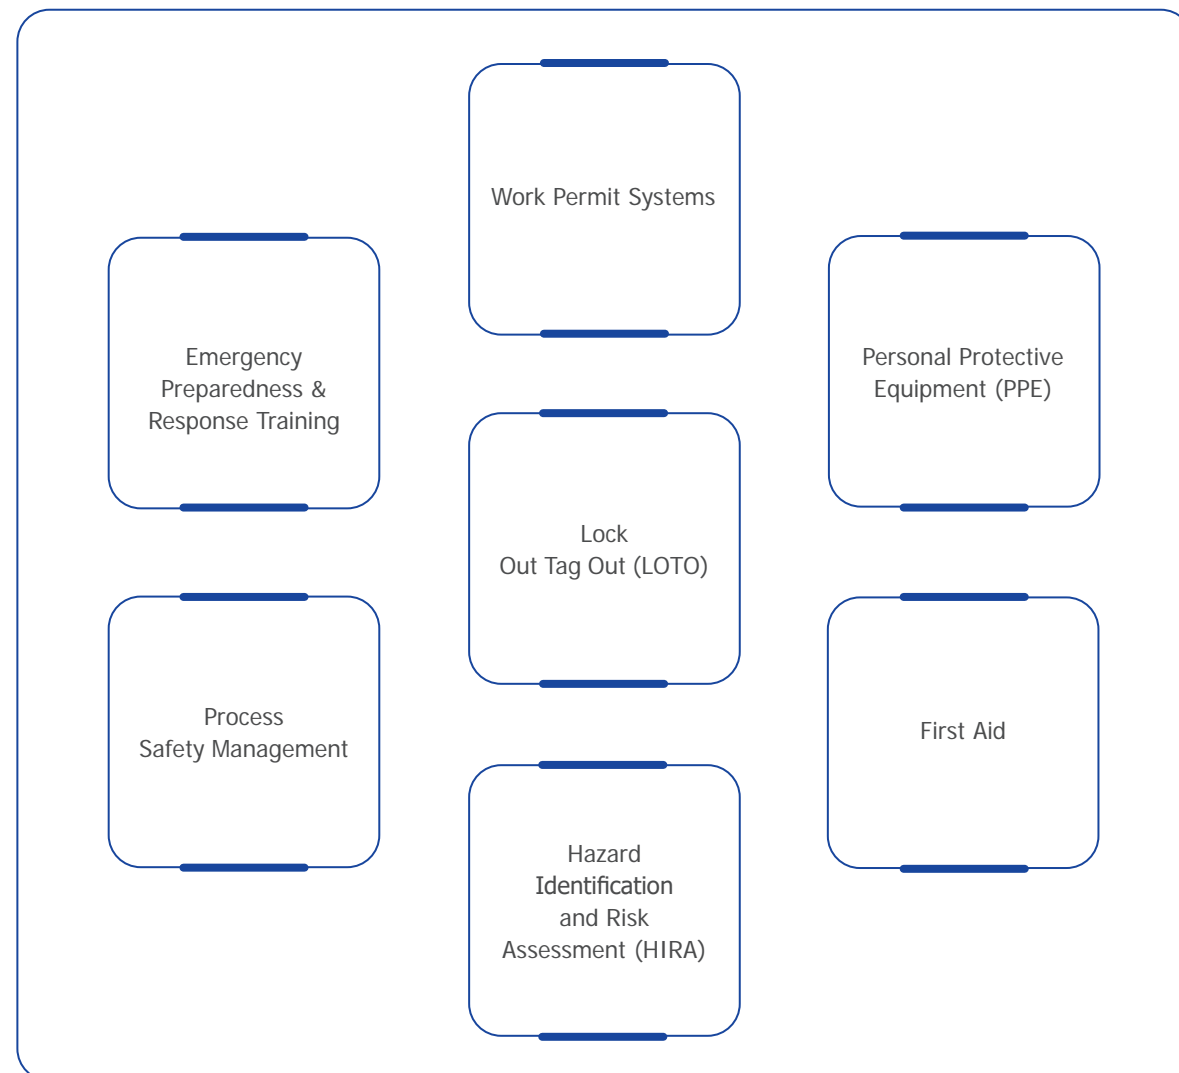

and distributes its products in an environment conscious manner.

Emergency response plans, safety procedures and processes have been deployed across the organisation to ensure a healthy and safe workplace.

In addition to the above, EHS committees have been formed across plants to build a safety-oriented culture across the organisation. This helps in ensuring proactive identification and avoidance of safety incidents. SRF has systems in place to monitor and address issues at an early stage and help take pre-emptive measures and report near-miss incidents.

During the year, no complaints were made by employees and workmen on working conditions and health and safety issues.

Concerted efforts are directed towards conducting health and safety trainings for the entire workforce on several aspects related to health and safety to drive a cultural transformation around safety in the organisation. The focus is also to bring about behavioural change even at the shop floor level through continuous trainings, awareness programs and proactive identification of unsafe situations. These include the following: -

Creating a safe workplace amidst the rising COVID-19 pandemic

SRF has undertaken several efforts to mitigate the impact of the unprecedented COVID-19 pandemic on its business and stakeholders. Some of the key initiatives undertaken amidst the rising COVID-19 cases in the county are mentioned below:

- Staying virtually connected with employees
- Reaching out to employees in distress
- Implementation of guidelines and measures for ensuring social distancing and safe hygiene practices for common services
- Deploying extensive communication including health/travel-related advisories
- Ensuring scheduled sanitisation of workplace, vehicles and rest rooms
- Enforcing guidelines for security personnel and admin staff in maintaining discipline
- COVID-19 Insurance Policy coverage
- Providing financial assistance to employees in need
- Ensuring supplies, including food and medicines to employees in need
- Tie-ups with virtual doctor programs to assist employees in need
- Creating awareness on safe and healthy work practices for all employees and imparting behavioural trainings
- Identifying areas of potential health hazards and taking necessary action

- Stakeholder recognition and satisfaction

(Business Responsibility Report: Principle 8)

SRF has made sincere efforts toward building strong and thriving relationships with all relevant stakeholders. These include customers, suppliers, local communities, etc. The Company has been consciously pursuing the agenda of empowering stakeholders to create sustainable value for all.

Besides building sustainable social capital, the Company has taken adequate measures to ensure that its operations do not have any impact on the environment or the ecosystems where our units operate.

Transforming Lives in Local Communities

At SRF, we believe in inclusive growth for all. We have committed ourselves to transforming the lives of local communities through meaningful initiatives, especially for the upliftment of disadvantaged and marginalised sections of society. Towards this end, we ensure continuous monitoring and improvements in our CSR initiatives so we can adequately address the emerging needs of the local communities and create shared value for all. The focus of such initiatives are to provide Quality Education, Empower Youths through Vocational Skill Development, Art and Culture promotions, Healthcare, Natural Resource Management and Disaster Management.

The SRF Foundation oversees all of our CSR activities in India, including one of our largest community programs. Before implementing any CSR project, we conduct a needs assessment of the local communities around our operating units through a dialogue with them. This exercise provides us with useful insights

about the prevailing issues, needs and aspirations of the communities as well as their apprehensions regarding the project, if any. It also enables us in seeking the necessary community support for the efficient and timely implementation of the project. The CSR team collaborates with Government, NGOs and local community members in implementing the necessary interventions. We also encourage our employees to volunteer for social activities at all our plant locations under the aegis of our CSR Council.

(Business Responsibility Report: Principle 8)

The local communities are vested with full responsibility and ownership of the programs, post their completion by SRF. This enables successful adoption and sustenance of these CSR programs. It also enables capacity building of local communities. We monitor the outcomes and milestones of our programs and carry out independent impact assessments at regular intervals. We recently conducted the social impact assessment for our ongoing CSR programs at Mewat district in Haryana and Bharuch district in Gujarat.

The contribution by SRF Foundation has been recognised by several agencies of the Government of India. The Foundation has received prominent awards such as the National CSR Award in Challenging Circumstance by Government of India, Best Corporate Foundation in Education Category by CSR Times and ICSI CSR Excellence Award by Institute of Company Secretaries of India.

Water Treatment Plant at Delhi Golf Club

SRF provided financial support to Delhi Golf Club in developing "Bio STP Technology". This technology involves extracting sewage water up to 3 MLD from NDMC pipeline running through the Golf Course and processing it to obtain irrigable water.

The salient advantages of this technology are as follows:

- DGC will have adequate water throughout the year to maintain the two golf courses and its associated facilities
- The treatment technology is proven
- The method is efficient and cost effective
- The process is environment-friendly and safe

Wow on Wheels (WoW)

'HP WoW' vehicle is a 20-seater computer and IT-enabled vehicle powered by green energy and backed by numerous software suites and cloud integration. This program is implemented by SRF Foundation as a mobile solution to help bridge the digital divide between urban and rural areas. This is achieved by bringing easy information technology access to the isolated and disadvantaged groups. It promotes IT enabled education through e-learning modules and basic computer literacy courses for children living in the rural areas. With added services of Common Service Centre (CSC), it benefits the local population by providing a hassle-free access to Government programs and initiatives.

Rural Education Program

Under the Rural Education Program, SRF Foundation is working towards upgradation of infrastructure in Government schools. These schools are transformed into 'Model Schools' by providing them with upgraded physical infrastructure along with digital tools. Some of the upgrades include - improved sanitation facilities, access to clean drinking water, technology application, mobile science education, sports and games promotion, construction of well-equipped libraries and science labs, BaLA (Building as learning aid) paintings etc.

Apart from the physical transformation of schools, the SRF Foundation imparts leadership and curriculum training to teachers and the School Management Committees (SMCs). The Foundation works closely with them to raise the quality of teaching and create the best possible learning environment in these schools.

Flood Relief – Bhind, Madhya Pradesh

The SRF Foundation worked relentlessly to support the flood-affected Mehgaon, Raun, and Amayan Tehsils of Bhind district and its adjoining areas when heavy rains ravaged the Bhind District of Madhya Pradesh. When constant rain brought life to a halt and caused widespread damage, SRF Foundation mobilised its team and distributed relief kits to provide immediate sustenance to the affected families. As a part of Corporate Social Responsibility, the SRF Foundation distributed 500 packets of food, which consisted of 17 items worth ₹ 7,27,483, along with clothes and other possible help for flood relief under Disaster Management. SRFF's prompt response and goodwill was welcomed as well, for which SRFF was awarded a token of appreciation by the Commissioner of Chambal Division, Shri Ashish Saxena (IAS) himself.

Flood Relief – Gummidipoondi, Tamil Nadu

Heavy rains pounded Tamil Nadu's Thiruvallur district, dumping over 1,000 mm of rain in just four weeks, and they wreaked havoc on people's lives and property. The disaster was of such a magnitude that the Revenue Officers - Tahsildar and Revenue

Flood Relief – Manali, Tamil Nadu

Severe rain in Manali, Tamil Nadu in 2021 adversely impacted the lives of thousands of people. SRF Foundation contributed in the process of helping out the Tamil Nadu Rescue Force, consisting of police officers, by providing them with 40 pairs of gum boots, so that their safety remains assured while aiding others. The Foundation also did its part for the community by arranging for 200 bedsheets, 100 pillows and 32 bed covers for the disaster-struck people. The provision of food was also done, for both the policemen and the people in affected communities.

Inspector of Gummidipoondi approached SRF Foundation to assist in the recovery efforts of the affected people in and around the Gummidipoondi area of Thiruvallur. The Foundation also ensured the delivery of 101,038 in sponsored essential provisional items such as **rice, dal, oil, and food to the 500 flood-affected families.**

COVID-19 Response

SRFF organised several vaccination camps for COVID-19 that have managed to reach 115 local communities in the country in the year 2021-22. This camp was organised in collaboration with Sharda Hospitals to reach places where reach of vaccines through conventional methods was difficult and where there was heightened fear and distrust of the vaccine among the people. Overall, pan-India SRF Foundation's noble actions impacted 15,000 people through vaccination drives.

During the second wave, the Foundation also provided oxygen support to severely-affected areas and impacted 1,000 beneficiaries through oxygen concentrators and 200 people through oxygen plants. Additionally, also provided essential anti-COVID equipment such as masks and sanitisers to the students at Government High School, Manali to help them battle this dangerous virus. These recipients of these goods in the school included more than 30 Teachers and 500 students.

Vocational Skills

Basic Electrician Training Program

SRF Foundation offers skill training in basic electrician trade through 13 centres across country. The trainees are from the poorer parts of rural society. A total of 401 people were trained in basic electrician training programme in 2021-22, with more than 60% of them being placed.

Spoken English Training Program

The teach India is a spoken English Program being run by SRF Foundation since 2010 in Nuh Block of district Nuh (Mewat) aims to build proficiency in the spoken aspect of the English Language. The students completing the course can seek good job in various MNCs in the service sector such as Retail Chains, Food outlets, call centers, schools, NGOs etc. and can easily earn about ₹ 8-12 k per month. Last year, 249 students successfully completed the Spoken English Language course.

Basic Computer Literacy Program

In 2017, SRF Foundation launched the Basic Computer Training Program aiming to provide knowledge and the required skill set to the youth of Nuh, Mewat, Haryana under its Rural Vocational Skills Program (RVSP). This is a three-month-long program which is free of cost for the students. During the course, students learn about MS Word, MS Excel, MS PowerPoint, and the internet. They also learn about personality development through personality development classes. During the financial year of 2020- '21, the program successfully mobilised 247 students in 4 batches. All 247 students completed the course.

401 people

were trained in basic electrician training programme in 2021-22

Partnering with Customers in their Growth Journey

SRF engages with its customers in diverse and meaningful ways to build sustainable and trust-based partnership with them. The Company seeks customer feedback through periodic customer satisfaction surveys. We utilise robust resolution mechanisms to ensure that customer feedback is incorporated on a regular basis, and corrective measures are taken promptly.

As on 31st March 2022, 5% of the total complaints received during the financial year were pending for resolution.

(Business Responsibility Report: Principle 9)

Product Labelling

To maintain transparency in terms of information disclosure, SRF ensures that all important and relevant

information about the product is disclosed in the labels. This includes instructions pertaining to usage of the product, product grade, dimensions, gross weight, and any other applicable regulatory requirements. Other details such as material factsheet, safety instructions, Zero ODS, information related to handling of product, hazard class (for hazardous materials), or any other special information requested by the customer is also disclosed in the labels.

In addition to the required state and national laws, our Chemicals business comply with all applicable international rules and regulations, such as the e Globally Harmonised System (GHS), Classification, Labelling and Packaging (CLP) notification, International Maritime Dangerous Goods (IMDG) Code, etc.

(Business Responsibility Report: Principle 9)

Sustainable Product Offerings

We believe that the key to building a sustainable business is to offer products that are sustainable, affordable and accessible to all. Toward this end, SRF has been consciously pursuing the development of sustainable products by investment in design thinking, disruptive innovation and new technology deployment.

Some of the key products are highlighted below:

R125 refrigerant gas is ozone-safe and has zero Ozone-depleting substances (ODS)

Low-micron Packaging Films offer low carbon footprint with sustained Quality parameters

Socially and environmentally responsible product offerings by SRF

Thermal-resistant BOPP offers ease of recyclability

R422B is a non-toxic/ nonflammable refrigeration gas, that contains zero ODS and has a very low global warming potential (GWP)

(Business Responsibility Report: Principle 2)

Sustainable Supply Chain

SRF constantly works towards nurturing sustainable relationships with its supply chain partners by building trust, fair treatment, and transparency in all procurement-related decisions. We have made consistent effort to work with suppliers who are ethical and believe in sustainable development. We are also taking steps to improve the environmental footprint of our supply chain. As part of our ongoing drive to optimise natural resource management, we are now integrating recycled raw materials in our business operations.

We procure a wide range of raw materials and other products from various suppliers. We prefer sourcing locally from farmers and manufacturers wherever possible to support the local economy. We also encourage our contractors to hire workers from neighbouring towns and villages. Our chemical plant in Bhiwadi procures mustard husk from small farmers in Haryana and Rajasthan.

Our Company incorporates ESG aspects related to health and safety, human rights, labour laws, environment, etc. within the supplier agreements. We follow a Code of Conduct for assessing the ESG performance of our suppliers. A self-assessment exercise in accordance with the SA-8000 standard

is carried out for the suppliers and vendors. Additionally, SRF also undertakes the 'Supplier Quality System' assessment by evaluating them on various parameters like resource management, compliance with environmental requirements and certifications, customer complaint handling, storage etc. The Company follows a structured process which includes identification of gaps implementation of corrective action plans to address these in a timely manner. Based on the outcome of this assessment, rating is also provided to key suppliers. SRF conducts awareness meetings on procurement procedures and requirements with the suppliers on a regular basis to align them with the Company's expectations regarding sustainability and product quality.

(Business Responsibility Report: Principle 2)

In order to improve efficiency and optimisation levels across supply chain, SRF is in the process of automating its supply chain. All manual processes, such as supply chain mapping for raw material, have been digitised. The system generates production batches automatically, thereby eliminating manual intervention and improving the overall efficiency of the system. In some key segments, SRF also plans to integrate the customer and supplier portals to gain quick access to information on key supply chain metrics.

6.	Any other reason (please specify)	SRF manufactures intermediate products which are largely supplied to other industries for manufacturing of the final product. Any sustainability initiative has to consider the final product as a whole for which the manufacturer of the final product is responsible.	SRF is a member of various industrial and trade bodies. We actively participate in these forums on issues and policy matters that impact the interest of our stakeholders. We prefer to be a part of the broader policy development process by making representations to Chambers of Commerce, giving our comments on the proposed amendments in the relevant legislations and being a part of discussions with the representatives of the relevant authorities in open forums. Hence, we do not feel such a policy is necessary for us.	SRF is a business to business player and, as such, the customers are largely manufacturing companies which have stringent quality control measures in place and the quality of the product supplied by SRF is a part of the agreements with them. The product is manufactured as per the agreed parameters and specifications.

None of the Directors or Key Managerial Personnel or their relatives except Mr. Vellayan Subbiah, are in any way concerned or interested, financially or otherwise, in the Resolution.

The Board recommends the ordinary resolution set out in item no. 5 of the Notice for approval by the members.

Item No. 6

The Board, on the recommendation of the Audit Committee, has approved the appointment of the Cost Auditors to conduct audit of the cost records of the Company for the financial year ending March 31, 2023 at the remuneration as provided in the resolution.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

None of the Directors or Key Managerial Personnel or their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution.

Both the cost auditors had rendered satisfactory service during their last tenure, therefore the Board of Directors recommend Ordinary Resolution set out at Item No. 6 of the Notice for approval by the members.

Item No. 7

The Board of Directors of the Company, based on the recommendation of the Nomination and Remuneration Committee had approved the appointment of Mr. Raj Kumar Jain (DIN:01741527), as an Additional Non-Executive Independent Director of the Company with effect from May 09, 2022 under Sections 149, 150, 152 and other applicable provisions of the Companies Act, 2013 (the "Act") and the Articles of Association of the Company.

In accordance with the provisions of Section 149 read with Schedule IV of the Act, appointment of Independent Director requires approval of the members of the Company. Further, pursuant to Regulation 17(1C) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations"), effective from January 1, 2022, a listed entity shall ensure that the approval of members for appointment of a person on the Board of Directors is taken at the next general meeting or within a time period of three months from the date of appointment, whichever is earlier.

Mr Raj Kumar Jain is qualified to be appointed as a director in terms of Section 164 of the Act and has given his consent to act as a director. The Company has also received declaration from Mr Raj Kumar Jain that he meets the criteria of independence as prescribed under Section 149(6) of the Act and the Listing Regulations.

The Company has also received notice under Section 160 of the Act from a member proposing the candidature of Mr Raj Kumar Jain for the office of an Independent Director of the Company. Mr Raj Kumar Jain is independent of the management and possesses appropriate skills, experience and knowledge. Considering the extensive knowledge, experience as well as his educational background,

appointment of Mr Raj Kumar Jain as an Independent Director is in the interest of the Company.

Details of Mr Raj Kumar Jain pursuant to the provisions of (i) Listing Regulations and (ii) Secretarial Standard on General Meetings ("SS-2") issued by the Institute of Company Secretaries of India are given below :-

Mr. Raj Kumar Jain (63) founded Bounce Inc. in 2020. Bounce Inc. is a boutique management and operations consulting firm helping clients with India market entry, operating efficiency improvement and 'phygital' transformation initiatives.

Mr. Raj Kumar Jain has also served as Chief Executive Officer, Bennett, Coleman & Co. Ltd. (The Times Group), India's largest Media Company across Print, Television, Out of Home and Digital Business.

Mr. Raj Kumar Jain spearheaded entry of Walmart Inc. into India through a JV with Bharti Group. He led the business to establish a Pan India Wholesale Cash & Carry, Multi format Retail and Supply Chain Business.

Mr. Raj Kumar Jain was APAC Head, Marketing & Supply Chain at Whirlpool Corporation based in Shanghai, China. During his 10 years at Whirlpool, he also served as MD & CEO of Whirlpool India Ltd. and launched the Whirlpool Brand in India.

Mr. Raj Kumar Jain started his career at Hindustan Lever Ltd. His successful and distinctive career spanning over 16 years in Unilever India and U.K. included several key managerial positions in Sales, Marketing, and Supply Chain.

Mr. Raj Kumar Jain is Ex-Chairperson of the Board of American Chamber of Commerce & Industry (AMCHAM), served on the advisory board of HOPE Foundation. He also served on the Board of ASCI (The Advertising Standards Council of India).

The nomination and remuneration committee has considered his diverse skills, Consulting Experience, Engineering Background, Analytical Ability, Customer Centricity and vast global business experience, among others, as being some of the skills identified by the Board for an Independent Director. In view of the above, the nomination and remuneration committee and the Board are of the view that Mr. Raj Kumar Jain

possesses the requisite skills and capabilities, which would be of immense benefit to the Company, and hence, it is desirable to appoint him as an independent director.

Mr Raj Kumar Jain (DIN:01741527) has no shareholding in the Company. He is a member of Audit Committee.

None of the Directors or Key Managerial Personnel or their relatives except Mr. Raj Kumar Jain, are in any way concerned or interested, financially or otherwise, in the Resolution.

The Board recommends the special resolution set out in item no. 7 of the Notice for approval by the members.

Item No. 8

As per the provisions of Section 42 of the Companies Act, 2013 read with Companies (Prospectus and allotment of Securities) Rules, 2014, private placement of redeemable, non-convertible debentures requires approval of shareholders by way of special resolution. However, the Company may pass a special resolution once in a year for all the offers or invitation for such debentures during the year.

In order to provide for resources for financing of capital expenditure requirements, re-financing of existing debt, general corporate purposes and such other purposes of the Company as are allowed by the applicable laws, the Company may be required

to offer or invite subscription for secured/ unsecured redeemable non-convertible debentures, in one or more series/tranches on private placement. Further, SEBI circular dated November 26,2018 require that 25% of the incremental borrowings by a large corporate (as defined in that circular) during a financial year shall be met by way of issuance of debt securities in accordance with applicable SEBI regulations.

Pricing of debentures is determined and impacted by general economic conditions and monetary policy, Company specific rating and outlook of the investor on the Company.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution.

In view of the above, the Board of Directors recommend the Special Resolution set out at Item No. 8 of the Notice for approval of the members authorising the Board to issue redeemable, non-convertible Debentures by private placement for an aggregate amount not exceeding ₹ 1500 crores, in one or more tranches, during the period of one year from the date of this Annual General Meeting.

Annexure - VII to the Board's Report

Conservation of Energy – Measures taken:

1. Laminated Fabrics Business, Kashipur

- Saved 424582 Kwh / annum by Banbury A, Banbury B and Mixing mill A automation on calender line
- Saved 89.6 MT of furnace oil / annum by integrating hot oil circulating systems of PFB & LFB
- Saved 27588 Kwh / annum by efficient operation of compressed air systems

2. Coated Fabrics Business, Gummidipoondi

- Savings of 340 MT Husk in solid fired thermic fluid heater by efficient operation and maintenance of system and production planning

3. Packaging Film Business, Indore (SEZ)

- Saved 3,43,314 KWH by installation of close loop cooling tower and reducing cooling load from utility chillers for Line I Chill Roll, Machine Direction Oriented (MDO), Take up and Transfer (TUT) and Air Handling Units (AHUs)
- Saved 2,04,820 KWH by upgradation of Line I and Line II air washers, line II & metallizer AHUs (Air Handling Unit) and exhaust blower fan with new energy efficient (EC-5) plug fans - Amount spent – 59.80 lacs
- Saved 1,18,000 KWH by optimization of chilled water pump for head, flow, and energy efficient motors - Amount spent (34.86 lacs)

4. Packaging Films Business, Indore DTA

- Saved 1,31,500 KWH from installation of drive in hot oil system of BOPP line to optimize oil flow without compromising the process and quality
- Saved 235 MT of pet coke by commissioning ash recirculation system in pet coke heater
- Saved 20 KL water by using cooling tower water in place of chilled water from Tetra Ethylene Glycol (TEG) cooling system

5. Packaging Films Business, Kashipur

- Saving of 50,000 KWH by replacing one more piston type vacuum pump by installation of energy efficient vacuum pump in metallizer. Amount spent – INR 26.56 lacs
- Saved 30,000 KWH by installation of Solar Geyser in guest house and canteen.

6. FCB Bhiwadi

- Saved 1.8 lac units of electricity, 400 MT of steam and 90 MT of LSHS in AHF plant by implementing the following measures:
 - a. Shifting crude tank from ground floor to first floor to increase the pump suction head
 - b. Changing crude HF Pump from centrifugal to positive displacement pump
 - c. Improving the condensers & reboiler cleaning process using hydro jetting
 - d. Replacing the distillation column with improved internal design

- e. Changing the drift eliminator design from honeycomb type to wooden type
 - f. Modifying the cooling water circuit design
 - Saved 3.5 lac units of electricity by improving the C1 recycling design in CMS plant
 - Saved 0.12 lac units of electricity by replacing old lighting luminaires with LEDs
 - Saved 0.20 lac units of electricity by installing a variable frequency drive in AHF plant
 - Saved 0.10 lac units of electricity by reducing and optimizing the heat load of rotary UPS panel
- 7. FCB Dahej**
- Saved 235 MT of furnace oil in -134a plant by optimizing the fuel air ratio to ensure complete combustion of fuel
 - Saving of 14 lac units of electricity by improving the heat transfer coefficient of brine chiller
 - Saved 2.9 lac units of electricity by optimizing operations to take advantage of favorable climatic conditions
 - Saved 9.5 lac units of electricity by optimizing and re-routing the air compressor load
 - Saved 0.5 lac units of electricity by installing new energy efficient motors
 - Saved 0.15 lac units of electricity by replacement of CFL to LED fixture
 - Saved 0.15 lac units of electricity by installing light detector Resistor (LDR) and timer

- 8. SCB Bhiwadi**
- Water conservation of 45 KL / day by various water saving & control measures implemented at site
 - Saving of 206 MT steam (₹ 2.8 lacs) by optimizing steam traps & installation of tracer traps
 - Saving of 2.04 lacs units of electricity (₹ 17.15 lacs) by installing variable frequency drives in equipment
 - Saving of 3827 units of electricity (₹ 0.31 lacs) in lighting by replacing conventional lights with LEDs
- 9. SCB Dahej**
- Savings of 532 MWH (₹ 29.26 lacs /annum) by replacing brine with chilled water from process chiller
 - Savings of 50.4 MWH (₹ 2.77 lacs /annum) by exchanger replacement in brine package
 - Savings of 1360 MWH (₹ 74.8 lacs /annum) by power consumption optimization through pumping system
 - Savings of 133 MWH (₹ 7.31 lacs /annum) through heat load optimizations for CT
 - Savings of 776 MWH (₹ 42.68 lacs /annum) by installation of automated systems
 - Saving of 321.4 MWH (₹ 17.67 lacs /annum) by improving power factor
 - Savings of 566.9 MWH (₹ 31.18 lacs / annum) by utilization & removal of VFD / soft starter
 - Other savings of ₹ 9.42 lacs /annum
- 10. Technical Textile Business – Gwalior**
- Annualized saving of 8.30 lacs kwh achieved by replacing conventional air blowers with energy efficient mono block fans in air washers

- Annualized saving of 0.50 lacs kwh achieved by Installing energy efficient cooling water pump
- Annualized saving of 0.53 lacs kwh achieved by Installing energy efficient chilled water pump
- Annualized saving of 0.72 lacs kwh achieved by replacing chilled water coils of quench air washer plant-I

11. Technical Textile Business – Manali

- Annualized saving of 1.95 lacs kwh achieved by installation of new EC fans in Textile AHU 1B & AHU 2
- Annualized saving of 0.13 lacs kwh achieved by installation of energy efficient motor (IE4 – 90KW) in spinning extruder (1 no's)
- Annualized saving of 1.12 lacs kwh achieved by air power consumption optimization by ultrasonic study and leakage arresting

12. Technical Textile Business – Gummidipoondi

- Annualized saving of 1.72 lacs kwh achieved in semi variable power by installation of CC2 twisting machines in the same textile shed
- Annualized saving of 1.40 lacs kwh achieved by optimizing twister traveler weight
- Annualized saving of 0.65 lacs kwh achieved by 4 zone operation in dipping
- Annualized saving of 1.26 lacs kwh achieved by compressed air power savings through better SPC & air loss reduction through ultrasonic leak detector
- Annualized saving of 3.99 lacs kwh achieved by chillers and auxiliary change overs from high capacity to lower capacity w.r.t heat load and better SPC

- Annualized saving of 0.58 lacs kwh achieved by fan speeds regulations in lean production period, stopping fans in accordance to heat load and ambient condition in Textile AHUs power
- Annualized saving of 1.66 lacs kwh achieved by PIY take up fan speeds regulations in accordance to heat load and ambient condition

13. Technical Textile Business – Viralimalai

- Annualized saving of 0.15 lacs kwh achieved by optimization of lighting (replacement mercury / fluoro cent with LED fittings)
- Annualized saving of 0.18 lacs kwh achieved by replacing TFO- motor from 40 HP to 30 HP and weft motor from 50 HP to 30 HP
- Annualized saving of 0.08 lacs kwh achieved by replacing Sulzer RUTI loom motor capacity from 10 HP to 5 HP
- Annualized saving of 0.20 lacs kwh achieved by Installed energy efficient air compressor in Plant 2

Capital Investment on Energy Conservation Equipment:

TTBM:

- Installation of energy efficient motor (IE4 – 90KW) in spinning extruder (1 no's). Total investment - ₹4.5 lacs
- Installation of new EC fans in Textile AHU 1B & AHU 2. Total investment - ₹ 45 lacs

TTBV:

- The energy efficient air compressor for plant 2 is a capex of ₹6.65 lacs

Packaging Film Business, Indore SEZ

- Installation reinforced chain flaps in line II HS9 model chain – INR 426 lacs

- Installation of 3-way metal separator system for Line II co-extruders – INR 65.72 lacs
- Installation of lightning protection system (IS/IEC 62305-2 code)- INR 45.12 lacs
- Infrastructure for smooth utilization of de-metallized fluff – INR 40.47 lacs
- Restructuring of Power Control Circuit (PCC) by installation of 2 MVA energy efficient transformers – INR 28.61 lacs
- Installation of New design Heat Exchanger in Line I Air Drying Unit (ADU)- INR 9 lacs

SCB Bhiwadi:

- Conversion of energy monitoring meters: ₹ 25 lacs
- Renewable energy utilization at warehouses: ₹ 15 lacs
- Installation of energy efficient compressors: ₹ 40 lacs
- Cooling tower upgradation of plants: ₹ 45 lacs
- VFD installation of ₹ 15 lacs

SCB Dahej:

- Investment in providing heat exchanger to stop brine chiller: ₹ 6 lacs
- Investment in providing higher capacity evaporator in brine package: ₹ 9 lacs
- Investment in installation of automated systems: ₹ 33 lacs
- Other investments of ₹ 2.4 lacs

SCB: Technology Absorption

Technology plays a pivotal role in development of complex products within shorter timelines for the Specialty Chemicals Business. The technology teams at SRF are actively engaged in development

of new molecules used as intermediates by the Pharmaceutical and Agrochemical customers. The inhouse R&D helps development of novel cost-effective routes for both new and existing products, while multiple teams in the Chemical Technology Group focus on innovation in cost effective processes development and overcoming the technology barriers to scale up the production to meet market demand.

During the year, several molecules were developed for the global innovators, that were challenging in terms of quality and technological parameters. The Business successfully demonstrated its capability to address innovators' demand at different scales ranging from a few grams to few hundred metric tons by producing a number of high-value products from both dedicated and flexible manufacturing assets at its sites at Bhiwadi and Dahej. The focus of the Business is to create value for its customers by addressing complexity across the value chain.

The technological teams in conjunction also worked on improving the technology, lowering the cost of production, and expanding the plants' capacities.

Some of the areas where technology has been absorbed in this period are:

- Building capabilities and exploring novel technologies to develop new age molecules
- Capacity and production yields of several product were significantly enhanced
- Improvement of in-process norms to reduce costs
- Focus on automation to improve process stability and costs
- Strong emphasis on waste generation minimization and ensuring process safety
- Enhanced efforts to create and protect IP

The Business would continue to benefit from technology absorption as it continues to invest in the

technological advancements, people, and processes, to enhance learnings, and overall value proposition for the customers.

TTB:

"The R&D centre of Technical Textiles Business is located at Manali, Chennai. Equipped with state-of-the-art Pilot facilities and sophisticated testing laboratories for evaluating Polymers, Fibers and fabrics, the TTB-R&D centre aims at maximizing competitiveness of Technical Textiles Business through market oriented new product/ technology development. In this regard, the R&D centre has developed many variants of Polyester Industrial Yarns as reinforcements in geotextiles and Aramid based reinforcement fabric for hoses, each tailor-made for the respective application.

Apart from the developments in existing business space, novel products involving Nano-technology are also being developed by this centre in close association with leading Academic and Research Institutes in India and abroad for various research projects. TTB-R&D also works in close collaboration with major

customers for joint developments in the field of Tyre cords, belting fabrics and other Mechanical Rubber Good reinforcements"

Management Discussion & Analysis

In the following pages, the Management will provide its perspective on the operating and financial performance of the Company during FY 2021 - '22 and an outlook of the business performance in the coming years.

Businesses

SRF Limited is a chemical-based, multi-business conglomerate engaged in the manufacturing of industrial and specialty intermediates. The Company is widely recognised and well respected for its R&D capabilities globally, especially in the niche domain of chemicals. SRF Limited is a market leader in most of its business segments in India with a significant global presence. The Company has operations in four countries namely India, Thailand, South Africa, and Hungary. SRF has commercial interests in more than ninety countries and classifies its businesses as Technical Textiles Business (TTB), Chemicals Business (CB), Packaging Films Business (PFB), and Other Businesses.

Technical Textiles Business

FY 2021 - '22 started on a difficult note with lockdown restrictions due to the second wave of COVID-19. However, the Technical Textiles Business (TTB) continued to operate all its manufacturing plants with strict adherence to safety measures resulting in top-notch product quality.

In addition, the Business faced supply chain challenges, but no plants were shut down due to shortage.

Tyre Cord Fabrics (TCF)

Nylon Tyre Cord Fabric (NTCF) segment witnessed strong demand during the first six months of the year due to pent-up demand from replacement and OEM markets. However, in H2, the market witnessed steep decline because of low original equipment (OE) tyre sales and a subdued replacement market. This led to lower capacity utilisation of TCF in H2 FY 2021 - '22.

Belting Fabrics (BF)

Steel, cement, coal, and power generation industries are key end-user industries for the Belting Fabrics segment. Each of these industries experienced high growth in FY 2021 - '22. These market dynamics led to a significant increase in business volume. The belting fabrics segment also commercialised a few key high-end Value-Added Products (VAPs), which contributed to the Business delivering its best results in FY 2021 - '22. Furthermore, the BF segment completed its approved capacity expansion projects in FY 2021 - '22.

Polyester Industrial Yarn (PIY)

The Polyester Industrial Yarn (PIY) segment achieved increased volume in FY 2021 - '22. Despite an unfavourable product mix, the performance of the segment remained stable. PIY segment will further consolidate its position in FY 2022 - '23 and focus on profitable product sales mix.

Outlook

In FY 2022 - '23, all trends point to a positive outlook for the Indian economy, infrastructure development,

and agricultural growth. This is likely to have a positive affect on the performance of the Technical Textiles Business. We expect an improvement in demand & hence enhanced capacity utilisation.

Chemicals Business

The **Chemicals Business** comprises two different product segments, namely **Fluorochemicals** and **Specialty Chemicals**.

Fluorochemicals

Refrigerants & Propellants and Industrial Chemicals

FY 2021 - '22 has been a volatile year, with many uncertainties throughout the year. The year started on a positive outlook, which was soon hit by COVID-19 second wave, semiconductor chip shortage, supply chain issues, force majeure by suppliers, among others. This impacted the domestic refrigerant market negatively. However, the international markets remained strong throughout the year, and we were able to leverage on this opportunity, resulting in our exports sales going up significantly.

The industrial chemicals market witnessed growth due to an expansion in the pharma and agrochemicals

segments. SRF was able to maintain its share and launched one new product early in the year. Dymel®/ Propellants witnessed an increased market share along with entry in new geographies.

Both our sites had stable and safe operations throughout the year. Regardless of various negative external factors, the overall business performance has been stable and higher than last year.

Outlook

Despite disrupted recovery, higher inflation, rise in energy and raw material prices, supply chain bottlenecks, we anticipate an increase in demand on account of pent-up refrigerants requirement in the domestic market and in the industrial chemicals segment.

Exports are likely to remain stable. More specifically, in the United States, with our current reasonable business share and a positive market outlook, we expect to register healthy performance, going forward.

Overall, the Business is anticipated to improve its performance with the commissioning of new plants like CMS, PTFE, along with other cost improvement initiatives including supply chain stabilisation.

Specialty Chemicals Business

In FY 2021 - '22, the Specialty Chemicals Business (SCB) maintained its growth momentum, despite being impacted by the 2nd wave of pandemic, which resulted in challenges such as availability of manpower and other resources. Nevertheless, both sites managed uninterrupted production. In the later part of the year, the Business encountered challenges, such as rising crude prices, logistics issues, and global shortage of some input material that increased the prices of key raw materials required in various processes.

The Business focussed on the customers' key products and their developmental project requirements, while ensuring the production capacities were optimally utilised during the year. This ensured continuity of customers' supply chain. The synergetic effort of all the teams ensured that even in challenging times, the Business maintained its growth trajectory and continued advancing on its key strategic priorities.

The agility demonstrated in supplying some critical and complex intermediates in challenging times was lauded by all our customers. Demonstration of operational excellence by both the sites also helped the Business successfully convert market opportunities into commercial propositions.

Furthermore, we continued our 'Innovation and Technology Leadership' journey by launching several new agrochemical and pharma intermediates. In addition, we also enhanced production capacities of several plants at both the sites, while reducing consumption norms of some raw materials, thereby offsetting the impact of higher raw material prices to some extent.

The Business continues to evaluate its capabilities vis-à-vis the market needs and takes measures to secure its ability to deliver complex specialty products to meet the customers' requirements. During the year, we enhanced our market positioning by commissioning three new dedicated plants.

During the year, SCB secured the Board's approval to build its fourth Multipurpose Plant and a new Pharma Intermediates facility, among other new upcoming facilities at Dahej, Gujarat. The Business continues to make investment towards safer, cleaner,

We continued our 'Innovation and Technology Leadership' journey by launching several new agrochemical and pharma intermediates.

The Business focussed on the customers' key products and their developmental project requirements, while ensuring the production capacities were optimally utilised during the year.

and leaner operations, and further strengthen its sustainability initiatives.

Outlook

The Specialty Chemicals Business remains focussed on agrochemical and pharmaceutical segments, where it collaborates with major global innovators for process development, commercialisation, and production of complex, new-age molecules having downstream application in agrochemical and pharmaceutical segments.

With sustainability and environment at the heart of product development, the Business will continue in its endeavour to deliver better value to its customers. We remain committed to invest in emerging and futuristic technologies, while focussing on operational excellence to grow sustainably.

Chemicals Technology Group

The Chemicals Technology Group (CTG) has been instrumental in bringing path-breaking technologies for new products' development and introduction of new chemistries for the growth of the Fluorochemicals and Specialty Chemicals Businesses.

During the year, CTG continued to boost its capabilities and added new technologies, to support the Businesses. The centrepiece of the sustained growth momentum was technological advances and breakthroughs achieved by our team of researchers and scientists. Today, CTG has transformed into the innovation and technology leadership centre at SRF, developing a variety of new technologies and platforms to bolster SRF into next-level technology play.

For over two decades, CTG has enabled the Business growth in Fluorinated molecules and now it is increasingly engaged in the development of complex non-Fluorinated intermediates. It is crucial to keep on enhancing CTG's capabilities and support systems with rising complexity in developing products and reducing timelines for delivery to market. The R&D and scale-up facilities at Bhiwadi were augmented during the year and a new R&D facility has been commissioned at Bhiwadi to achieve this. In addition, the R&D has been integrated into one location at Bhiwadi, to further improve the collaborative efforts of researchers and scientists.

R&D worked on 57 molecules and many products were successfully taken up for process development. More than 20 molecules were taken up for the scale-up studies and 70% were commercially produced in multipurpose and dedicated plants.

The dedicated R&D facilities, developmental labs, and pilot plant facilities, having many scientists and engineers are working together to achieve the innovation and technology leadership at SRF. SRF continues to invest in R&D for creating propositions for the future and Capital and Revenue expenditures of ~₹ 110 crore was spent during FY 2021 - '22.

R&D worked on 57 molecules and many products were successfully taken up for process development. More than 20 molecules were taken up for the scale-up studies and 70% were commercially produced in multipurpose and dedicated plants.

In FY 2021 - '22, CTG filed fifty-two patents taking the total count to three hundred and sixty-one patents filed so far. Twenty-one patents were granted in FY 2021 - '22 taking the total count of patents granted to the Company to one hundred and fourteen.

Packaging Films Business

FY 2021 - '22 has been a good year for the Packaging Films Business (PFB). Increased demand for food packaging accompanied by hard work and passion of the team and our 'Easy To Do Business With (ETDBW)' philosophy, helped the Business achieve its best-ever performance.

All plants maximised their production, kept costs under control and created their own benchmarks. We could achieve our highest ever output of almost 3,07,000 MT during the year while sustaining best-in-industry cost structures. While optimising our assets to the fullest, we continuously strive to maintain a safe and healthy environment at our plants. In our journey of enhancing our Value-Added Products (VAPs) portfolio,

we launched several new products and grew overall BOPET VAP sales significantly over the previous year. Our team worked relentlessly to start the new BOPP film plant at Thailand despite severe travel restrictions and limited availability of supplier personnel and field experts on-site due to COVID-19 pandemic. Work on the upcoming BOPP film line in India is also progressing well and timely vertical start-up of this line will be an important focus area for us in FY 2022 - '23.

Even during challenging circumstances, the Business is driven by its philosophy of ETDBW, which keeps us focussed on serving our customers every day. Sustainability initiatives continue to remain amongst the topmost priorities for the Business. Recognising our commitment and contribution towards various sustainability-related initiatives, we were recently recognised with the prestigious award for Quality & Sustainability by the International Academy for Quality, a well-reputed global forum for promoting quality & sustainability initiatives.

Outlook

In recent times, several new film lines have been announced in India and globally. In future, we might witness an oversupplied market resulting in pressure on profitability. In FY 2022 - '23, SRF's primary focus will be on running its plants optimally and keeping costs under control. Our manufacturing capability in VAPs has been enhanced by the recent addition of paper metallisation and Alox coating assets and we plan to leverage our capabilities fully to further enhance our VAP portfolio. Efforts will be directed towards the vertical start-up of the BOPP line in India, both in terms of production and sales. In addition, we will continue our work on various sustainability

initiatives driven by the '3R' approach - Reduce, Reuse and Recycle. During the year, we will also keep a close watch on the macro scenario and will remain flexible to adapt our strategy accordingly.

Other Businesses

Coated and Laminated Fabrics Businesses

Coated and Laminated Fabrics Businesses were negatively impacted in the first quarter due to the situation arising from the COVID-19 pandemic. Demand for Coated Fabrics recovered during the year as restrictions on events and outdoor activities eased. SRF continued its price and volume leadership in Laminated Fabrics (LF) Business by selling at full capacity and achieving its highest-ever sales during the year. However, margins remained under pressure in LF as increase in costs could not be passed on completely to the customer due to excess supply.

Outlook

In FY 2022 - '23, we expect the demand to pick up as all restrictions on outdoor events have been lifted. In addition, with an overall revival in economic activity, the Business is anticipating healthy performance. In both the Businesses, the focus will be on increasing sales and working on various cost reduction initiatives.

Human Resources

At SRF, we ensured that we made our people feel a strong sense of security and belongingness, concern for their well-being and above all, a sense of safety, especially in their toughest times. The year began with a devastating wave of the pandemic, and the entire country grappled with it. Our prime focus at this time was to provide 'whatever' was needed by our people. From proper treatment to financial and/or emotional support to medicines to medical equipment, whatever was needed, was provided to the best of our abilities.

In the backdrop of COVID-19, financial well-being also became an important component of employee happiness and therefore, the organisation made concerted efforts to relieve this financial strain by placing increased importance on compensation and benefits, not just limited to but focussing more on COVID-related benefits such as higher insurances, access to proper medical treatment, timely and free vaccination, amongst the many other areas covered.

HR at SRF has been working with agility to reshape and automate its processes, provide custom-made decisions aligning to individual needs. To understand these individual needs even better, we reached

out to Gallup and hope to soon roll out customised solutions in areas that matter most. One such solution was the automated induction plan which was rolled out last year.

Both development and diversity have been at the forefront when it comes to the strategic agenda for the HR function. Building and sustaining diversity by making fundamental cultural changes will remain at the core of the organisational agenda till we are able to achieve desired targets in this space. On the development front, building emotional intelligence through specially-crafted programs for different people in different career stations became a key success factor. Development through special flagship journeys also picked a lot of steam leading to both acceptance and recognition of these.

Industrial Environment

The organisation's overall employee relations remained positive throughout the year. This was a result of our consistent efforts towards keeping our employees engaged. Various initiatives were implemented at the plants that encouraged participation and collaboration. We maintained a pleasant and cordial working environment across all manufacturing locations and witnessed a high in productivity at most of our manufacturing locations.

The total number of permanent employees at SRF stands at **7,389** at the close of business on March 31, 2022. Of these, **6,674** are based at our Indian locations.

Information Technology

Information Technology supported the hybrid work environment with staff working from different locations, bridging the distances very effectively through collaboration solutions. As the working practices stabilised in the new normal, the IT focus shifted to strategic growth projects and core systems modernisation this year.

The ERP system which is the main system of records and transaction processing for the Company is undergoing a generational upgrade which will provide many new-age enhancements and business benefits. As part of this project, the underlying hardware capacity was enhanced, and the database versions of all mission-critical applications were migrated to the latest versions. This provides room for the growth aspirations of the Company on reliable platforms.

The annual planning and budgeting activity is now digitised across all business units giving SRF the benefit of electronically visualising multiple scenarios as the start of the year. The monthly supply chain planning in the Chemicals Business is now fully automated with production batch planning and sourcing being optimally determined considering the market demand and the production capacity constraints, leading to optimal supply chain inventory holding and on-time availability to customers.

There were some Fin-Tech solutions deployed this year in supplier bill discounting and financial consolidation. An automated solution was deployed whereby vendors

Building and sustaining diversity by making fundamental cultural changes will remain at the core of the organisational agenda till we are able to achieve desired targets in this space.

can auction on a marketplace to bid for early payment of their invoices. The quarterly consolidation and preparation of financial books is a time-consuming exercise. This process was It-enabled on an application which facilitated automated consolidation while consolidating the budget variance explanations and notes to accounts from the finance teams.

In the current scenario, it is important to give our new recruits a streamlined and good experience. The entire recruitment process was digitised to improve the turnaround time while improving the repository of candidates. The employee on-boarding process was also automated to ensure a uniform experience for new joiners.

Information security continues to a major focus area considering the volatile global situation. Solutions were put in place to protect and recover the SRF IT assets from a ransomware attack while also limiting its ability to spread. Automated Vulnerability management solution was put in place to discover and plug security gaps across the enterprise.

SRF will continue to invest in essential Information Technologies to keep operations running optimally while giving businesses an edge to compete globally with innovative offerings.

Community Partnerships

Building on its long-term commitment to the sustainable and inclusive growth of the community, SRF Foundation, the Corporate Social Responsibility arm of SRF Limited, expanded its scope of work and

took concrete steps in compliance with Section 135 of the Companies Act 2013 during FY 2021 - '22.

The Foundation continued to focus on the identified areas of Education, Vocational Skills, Environment, Rural Development, Disaster Management, Promotion of Arts and Culture and affirmative action on sustainable basis. Furthermore, it strengthened its Public Private Community Partnership (PPCP) model to positively affect the lives of people.

FY 2021 - '22 witnessed the strengthening of the Foundation's Education Program. SRF Foundation turns Government schools into dynamic centres of education. These schools are transformed into "Model Schools" through physical infra and digital development as well as the academic and school leadership transformation. Today, we have reached 414 Government schools across 24 locations in 12 states directly and indirectly by collaborating with likeminded partners providing quality education to more than 1,52,529 students, and training 4,401 teachers and headmasters.

To promote digital inclusion, SRF Foundation is working on KidSmart Centres, World on Wheels & GetSmart Mobile Digital Labs, Common Services Lab, and Digital Smart TV Classroom Programs in the intervention locations. In addition, the SRF Foundation is committed to turning schools into centres of innovation through future skills programs such as Tinker Coding Program, Atal Community Innovation Centers, Coding for Girls, and ATAL Tinkering Labs.

SRF Foundation undertook several new initiatives to improve the employability of people around its plant locations by providing vocational skills in partnerships with Amway India and Schneider Electric. This initiative benefited 897 school dropout youth and women from the marginalised community in FY 2021- '22. The Foundation also supported a child nutrition program through its project, 'Power of 5'.

Through its Natural Resource Management (NRM) program, SRF Foundation continued to reach the economically weaker families near its manufacturing plant in Bhiwadi, Rajasthan to improve their livelihood by adopting the watershed-based livelihood and environment conservation approach. In FY 2021 - '22, the program benefited more than 12,320 people in 35 villages around SRF Bhiwadi plant in the Tijara block where rainfall is below normal, by maintaining 206 earthen dams and ensuring the proper usage of these dams.

SRF Foundation conducted vaccination drive for more than 15,000 people, installed oxygen plants, and provided 60 oxygen concentrators for the benefit of the marginalised community around SRF plant locations.

As part of disaster management, we performed flood relief work in Gwalior, Gummidipoondi and Manali locations by distributing ration kits, blankets, and food to 3,376 people.

During the year, the Foundation was conferred the CSR Times Award (Gold category) for our Rural Education Program.

Internal Control System and Internal Audit

Being an enabling function, Internal Audit & Risk Management steers and coordinates the internal controls and risk management system. It provides standard operating procedures, methods, and tools, which forms the basis for enterprise risk management and internal control process.

The Internal Audit team develops a comprehensive annual internal audit plan employing systematic approach, which is risk-based audit area identification commensurate with the size and nature of business activities of the Company. In addition, the statutory auditor assesses the fundamental suitability of

internal audit for ensuring the effectiveness of internal financial controls as part of its audit of the annual financial statements. The Internal Audit plan is approved by the Audit Committee, which also reviews compliance to the said plan. The Company has a well-documented system of internal financial controls in place commensurate with its size, scale, and complexity of operations. These controls have been designed to provide reasonable assurance with respect to recording and providing reliable financial and operational information, complying with applicable laws, safeguarding assets, executing transactions with proper authorisation, and ensuring compliance with corporate policies. The controls based on the prevailing business conditions and processes have been tested by internal/reputed external auditors during the year and no reportable material weaknesses in the design or effectiveness were observed.

The Internal Audit team also monitors and evaluates the efficacy and adequacy of internal control systems in the Company, the ERP solutions, the accounting procedures, and policies at all locations. Based on the gaps reported in the internal audit report, process owners undertake corrective actions in their respective areas and thereby strengthen the controls. Any significant audit observations and corrective actions thereon are presented to the Audit Committee.

The Audit Committee reviews the reports submitted by the Internal Auditors (both internal and external) in each of its meetings. The Company also has a robust and comprehensive framework of Control Self-Assessment (CSA), which promotes

self-compliance monitoring mechanism in accordance with laid down policies and procedures, regulatory environment through IT-enabled platform such as CSA tool and Compliance Manager.

Risk Management

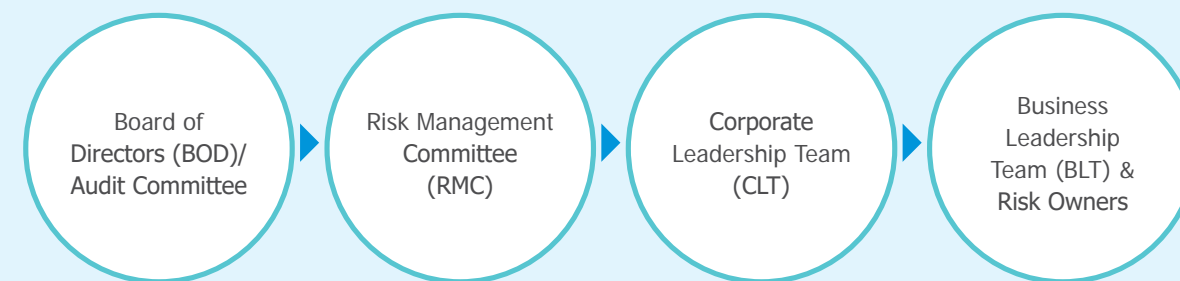

The Company has developed and implemented a Risk Management Framework, which is approved by the Board. Further, Board has constituted a Risk Management Committee (RMC) to oversee key risks and assist the Board in efficient management of risk management process.

The Risk Management Policy, inter alia, includes identification therein of elements of risk, including those, which in the opinion of the Board/RMC may threaten the existence of the Company or may have a significant material impact. Risk management process has been an integral part of the Company strategy and planning process. The Company has established a risk management framework to identify, assess and frame a response to threats that can affect its business objectives and stakeholders. Further, it is embedded across all the major functions and revolves around the goals and objectives of the organisation. The responsibility of tracking and monitoring the key risks of the business/function periodically and implementing suitable mitigation plans proactively is with the senior executives of various business/functional units.

Risk Management Process

Risk Governance Structure

The key roles and responsibilities regarding risk management in the Company are summarised as follows:

Registrar and Share Transfer Agents

M/s KFin Technologies Limited (Formerly known as KFin Technologies Private Limited), Hyderabad are the Registrar and Share Transfer Agent of the Company for handling both electronic and physical shares.

Share Transfer System

As per SEBI Notification No. SEBI/LAD-NRO/ GN/2018/24 dated June 8, 2018 and further amendment vide Notification No. SEBI/LAD-NRO/ GN/2018/49 dated November 30, 2018 request for effecting transfer of securities (except in case of transmission or transposition of securities) shall not be processed from April 01, 2019 unless the securities are held in dematerialized form with the depositories. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. To enhance ease of dealing in securities markets by investors, SEBI has decided that listed companies shall henceforth issue the securities in dematerialized form only (vide Gazette Notification no. SEBI/LADNRO/ GN/2022/66 dated January 24, 2022) while processing the service request mentioned in the above notification (viz., Issue of duplicate securities certificate, Claim from Unclaimed Suspense Account, Transmission, Transposition etc).

Depository System

Shareholders can trade in the Company's shares only in electronic form. The process for getting the shares de-materialised is as follows:

- Shareholder submits the shares certificate along with De-materialisation Request Form (DRF) to Depository Participant (DP)

- DP processes the DRF and generates a unique De-materialisation Request No
- DP forwards the DRF and share certificates to the Registrar and Share Transfer Agent (RTA)
- RTA after processing the DRF confirms or rejects the request to Depositories
- If confirmed by the RTA, depositories give the credit to shareholder in his /her account maintained with DP

This process takes approximately 10-15 days from the date of receipt of DRF.

As the trading in the shares of the Company can be done only in the electronic form, it is advisable that the shareholders who have the shares in physical form get their shares dematerialised.

Dematerialisation of Shares & Liquidity

As on March 31, 2022, out of 29,64,21,025 Equity Shares of ₹ 10/- each, 29,29,07,644 shares (98.81%) were held in electronic form by 2,13,171 shareholders and balance 35,13,381 shares (1.19%) were held by 7,660 shareholders in physical form.

Independent Auditor's Report

To the Members of SRF Limited

**Report on the Audit of the Standalone
Financial Statements**

Opinion

We have audited the standalone financial statements of SRF Limited (the "Company"), which comprise the standalone balance sheet as at 31 March 2022, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Description of Key Audit Matter

Accounting for derivatives

The key audit matter	How the matter was addressed in our audit
An important element of Company's fund-raising strategy involves various types of borrowings including foreign currency denominated borrowings and a combination of fixed and floating interest rates, and also foreign currency denominated loans and advances to other parties. The Company's operating activities are also exposed to significant foreign exchange risk (refer to note 38 of the standalone financial statements).	In view of the significance of the matter we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence: <ul style="list-style-type: none"> Tested the design, implementation and operating effectiveness of controls over the Company's treasury and other related functions which directly impact the relevant account balances and transactions, including hedge accounting. For selected samples via statistical sampling, obtained external confirmations from counterparties of the year end positions as well as agreed to original agreements.

The Company uses derivative financial instruments to mitigate foreign currency risk and interest rate risk primarily through foreign currency forward exchange contracts and interest rate swaps.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Accounting for derivatives

The key audit matter	How the matter was addressed in our audit
Further, the Company has been using hedge relationship designation as per criteria set out in relevant Indian accounting standards. Accounting thereof and related presentation and disclosures of these transactions require significant judgement.	<ul style="list-style-type: none"> – Performed sample tests of valuation and accounting of these transactions. In doing so we have involved valuation specialists to assist us in carrying out aforesaid procedure, as considered necessary.
Given the significant level of judgement and estimation involved and the quantitative significance, we have determined this to be a key audit matter.	<ul style="list-style-type: none"> – Assessed the adequacy of disclosures in the financial statements in respect of both non-derivative and derivative financial instruments.

Other Information

The Company’s Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company’s annual report, but does not include the standalone financial statements and our auditor’s report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s and Board of Directors’ Responsibilities for the Standalone Financial Statements

The Company’s Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards

(Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report

that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in

our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the “Annexure A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a) The Company has disclosed the impact of pending litigations as at 31 March 2022 on its financial position in its standalone

financial statements - Refer Note 31 to the standalone financial statements.

- b) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 38 to the standalone financial statements.
- c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- d) (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 41 (g) (viii) to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in the note 41 (g) (ix) to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- e) The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on Standalone Financial Statements

With reference to the Annexure A referred to in the Independent Auditor's Report of even date to the members of the Company on the standalone financial statements for the year ended 31 March 2022, we report the following:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified

in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. As informed to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value as at 31 March 2022 (₹ in Crores)	Held in the name of	Whether promoter, director or their relative or employee	Period held since	Reason for not being held in the name of the Company/ Remarks
Land at Bharuch, Dahej, Gujarat	109.29 (carried cost)	Gujarat Industrial Development Corporation ('GIDC') at Dahej, Gujarat	No	From June 2009 onwards (by multiple allotment orders)	The execution of lease deed of land in respect of 1,165,437 square meters of leasehold land already allotted (out of a total of 1,181,776 square meters) to the Company is pending. We understand that, as a process agreed with GIDC, the same will be executed once the entire/ substantial portion of the above piece of land is allotted/ handed over to the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventories, except goods-in-transit, have been physically verified by the management during the year. For goods-in-transit, subsequent evidence of receipts till date of the report has been linked with inventory records. In our opinion, the frequency of such verification is reasonable, and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis

(a) Based on the audit procedures carried out by us and, as per the information and explanations given to us, the Company has provided loans, or stood guarantee, to any other entity as below:

Particulars	Guarantees (₹ Crores)	Loans (₹ Crores)
Aggregate amount during the year		
- Subsidiaries	190.84	230.20
- Others (Employees)	-	28.12
Balance outstanding as at the balance sheet date		
- Subsidiaries	1,614.94	565.72
- Others (Employees)	-	22.75

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, the investments made and guarantees provided during the year, and the terms and conditions of the grant of loans and guarantees provided during the year, are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular except for the loan of ₹ 2.75 Crores

of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in, provided guarantees, and granted loans to companies and other parties, in respect of which the requisite information is as below. The Company has not made any investments in, provided guarantees and granted loans to firms or limited liability partnership.

given to SRF Altech Limited, which is repayable on demand. As informed to us, the Company has demanded repayment of the loan during the year and the same has been received during the year. The interest on this loan was not due during the year ended 31 March 2022. Thus, there has been no default on the part of the party to whom the money has been lent. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, following instance of loan, falling due during the year, was settled by a fresh loan:

Name of the party	Aggregate amount settled by fresh loan	Percentage of the aggregate to the total loans granted during the year
SRF Global BV	₹ 227.45 Crores	88.05%

- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the Company has not granted any loans, or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment, except for the following loan to a related party as defined in Clause (76) of Section 2 of the Companies Act, 2013 ("the Act").

Particulars	Related Party
Loan repayable on demand	₹ 2.75 Crores
Percentage of loans granted to the total loans	1.06%

- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made and loans, guarantees and security given by the Company, in our opinion, the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") have been complied with.
- deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues have been regularly deposited by the Company with the appropriate authorities.

Annexure B

to the Independent Auditors' report on the standalone financial statements of SRF Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of SRF Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors,

the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1 Corporate Information, Significant Accounting Policies and Significant Accounting Judgements, Estimates and Assumptions

A CORPORATE INFORMATION

SRF Limited ("the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company's equity shares are listed at the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at The Galleria, DLF Mayur Vihar, Unit No. 236 and 237, Second Floor, Mayur Vihar Place, Noida Link Road, Mayur Vihar Phase I Extn, Delhi - 110091. The Company's parent company is KAMA Holdings Limited.

The principal activities of the Company are manufacturing, purchase and sale of technical textiles, chemicals, packaging films and other polymers.

The standalone financial statements were authorised for issue in accordance with a resolution of the directors on May 9, 2022.

B SIGNIFICANT ACCOUNTING POLICIES

1 Basis of Preparation

These standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act 2013 ("the Act") as amended thereafter and other relevant provisions of the Act.

The standalone financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

- Defined benefit plans - plan assets measured at fair value less present value of defined benefit obligation

- Share-based payments

The standalone financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency and all values are rounded to the nearest crores, except when otherwise indicated.

The principal accounting policies are set out below.

2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

- Held primarily for the purpose of trading

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle

- It is held primarily for the purpose of trading

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

3 Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any.

All items of property, plant and equipment have been measured at fair value at the date of transition to Ind AS. The Company have opted such fair valuation as deemed cost at the transition date i.e. April 1, 2015.

Cost of acquisition or construction is inclusive of freight, duties, non-recoverable taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, upto the date of commissioning of the assets.

Likewise, when a major inspection for faults is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items of property, plant and equipment and depreciated accordingly.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital Work in Progress: Project under which assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the Company intends to use these for a period of more than 12 months.

4 Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the cost of assets less their residual values on straight line method on the basis of estimated useful life of assets determined by the Company which are different from the useful life as prescribed in Schedule II of the 2013 Act. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	40-50 years
Buildings (including temporary structures)	5-60 years
Plant and equipment	2-40 years
Furniture and fixtures	3-20 years
Office equipment	3-20 years
Vehicles	4-5 years

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Freehold land is not depreciated.

Depreciation is calculated on a pro rata basis except assets costing upto ₹ 5,000 each, which are fully depreciated in the year of purchase.

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The useful lives considered are as follows:

Trademarks / Brand	10-30 years
Technical Knowhow	30-40 years
Software	3-5 years
Other intangibles	2.5-8 years

The Company has elected to continue with the carrying value of all of its intangibles assets recognised as on April 1, 2015 measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

6 Research and development expenditure

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

for the production of new or substantially improved products and processes.

Such development costs are capitalised if they can be reliably measured, the product or process is technically and commercially feasible and the Company has sufficient resources to complete the development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

7 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any

goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

8 Impairment of tangible and intangible assets other than goodwill

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognised when the carrying amount of an asset or CGU exceeds its recoverable amount. In such cases, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after 5th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

9 Leasing

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset through the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
 - the Company has the right to operate the asset; or
 - the Company designed the asset in a way that predetermines how and for what purpose it will be used.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

An entity shall reassess whether a contract is, or contains, a lease only if the terms and conditions of the contract are changed.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Company as lessee

The Company accounts for assets taken under lease arrangement in the following manner:

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

10 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Borrowing costs incurred for the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

In case of a specific borrowing taken for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised shall be the actual borrowing costs incurred during the period less any interest income earned on temporary investment of specific borrowing pending expenditure on qualifying asset.

In case funds are borrowed generally and such funds are used for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised are calculated by applying the weighted average capitalisation rate on general borrowings outstanding during the period, to the expenditures incurred on the qualifying asset.

If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

11 Foreign Currencies

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

(i) Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit and Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to exchange differences arising from cash flow hedges to the extent that the hedges are effective and those covered below.

(ii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016:

Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance useful life of the assets.

(iii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016:

The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 is treated in accordance with Ind AS 21/ Ind AS 109. Refer point (i) above.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

12 Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

- (a) Raw materials, packing materials and stores and spares (including fuel) - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. The aforesaid items are valued at Net Realisable Value if the finished products in which they are to be incorporated are expected to be sold at a loss.
- (b) Traded goods, Stock in progress and finished goods- Direct cost plus appropriate share of overheads.
- (c) By products - At estimated realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

13 Provisions, contingent liabilities and contingent assets

Provisions

The Company recognises a provision when there is a present obligation (legal or constructive) as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate

asset, but only when the reimbursement is virtually certain.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

Contingent assets

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

(All amounts in ₹ Crores, unless otherwise stated)

14 Revenue recognition

a) Sale of goods

Revenue from sale of products is recognised upon transfer of control of products to customers at the time of shipment to or receipt of goods by the customers. Service income is recognised as and when the underlying services are performed. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as goods and services tax and applicable discounts and allowances.

Any fees including upfront fees received in relation to contract manufacturing arrangements is recognised on straight line basis over the period over which the Company satisfies the underlying performance obligations. Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash as per contractual terms. Advance from customers ("contract liability") is recognised when the Company has received consideration from the customer before it delivers the goods.

b) Interest and dividend income

Interest income is recognised when it is probable that the economic benefits will flow to the Company using the effective interest rate and the amount of income can be measured

reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

c) Export Incentives

The benefit accrued under the Duty Drawback scheme and other schemes as per the Export and Import Policy in respect of exports made under the said Schemes is included under the head "Revenue from Operations" under 'Export and other Incentives'. Also refer policy on "government grants".

15 Taxation

Income tax expense represents the sum of current tax and deferred tax.

a) Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income or in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Notes to the standalone financial statements

(All amounts in ₹ Crores, unless otherwise stated)

b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income or in equity.

Deferred tax assets/liabilities are not recognised for below mentioned temporary differences:

- (i) At the time of initial recognition of goodwill;
- (ii) Initial recognition of assets or liabilities (other than in a business combination) at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT asset is recognised in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

The Company considers whether it is probable that a taxation authority will accept an uncertain tax treatment. If the Company concludes that it is probable that the taxation authority will accept an uncertain tax treatment, the Company determines the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment used or planned to be used in its income tax filings. However, if the Company concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, the Company reflects the effect of uncertainty in determining the related taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates.

16 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.

17 Employee benefits

Short-term employee benefits

Wages and salaries including non monetary benefits that are expected to be settled within the operating cycle after the end of the period in which the related services are rendered, are measured at the undiscounted amount expected to be paid.

Defined contribution plans

Provident fund administered through Regional Provident Fund Commissioner, Superannuation Fund and Employees' State Insurance Corporation are defined contribution schemes. Contributions to such schemes are charged to the statement of profit and loss in the year when employees have rendered services entitling them to contributions. The Company has no obligation, other than the contribution payable to such schemes.

Defined benefit plans

The Company has defined benefit gratuity plan and provident fund for certain category of employees administered through a recognised provident fund trust. Provision for gratuity and provident fund for certain category of employees administered through a recognised provident fund trust are determined on an actuarial basis at the end of the year and charged to Statement of Profit and Loss, other than remeasurements. The cost of providing these benefits is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Other long-term employee benefits

The Company also has other long-term employee benefits in the nature of compensated absences and long term retention pay. Provision for compensated absences and long term retention pay are determined on an actuarial basis at the end of the year and charged to Statement of Profit and Loss. The cost of providing these benefits is determined using the projected unit credit method.

Share based payments

Equity settled share based payments to employees under SRF Long Term Share Based Incentive Plan (SRF LTIP) are measured at the fair value (which is the

market price less exercise price) of the equity instruments on the grant date. This compensation expense is amortised over the remaining tenure over which the employees renders their service on a straight line basis.

18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets of the Company are classified in three categories:

- At amortised cost
- At fair value through profit and loss (FVTPL)
- At fair value through other comprehensive income (FVTOCI)

Financial Asset is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets not classified as measured at amortised cost or FVTOCI as are measured at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity Investments

All equity investments in the scope of Ind AS 109 are measured at fair value.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Equity instruments which are held for trading are measured at fair value through profit and loss.

For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments.

Investments representing equity interest in subsidiaries are carried at cost less any provision for impairment.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the Company has transferred substantially all the risks and rewards of the asset, or (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay. Any gain or loss on derecognition is recognised in profit or loss.

When the Company has retained substantially all the risks and rewards of ownership of the transferred asset, the Company continues to recognise the transferred asset in its entirety and recognises a financial liability for the consideration received.

Impairment of financial assets

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

B) Financial liabilities and Equity instruments Initial recognition and measurement

All financial liabilities are recognised initially at fair value, net of directly attributable transaction costs, if any.

The Company's financial liabilities includes borrowings, trade and other payables including financial guarantee contracts and derivative financial instruments.

Subsequent measurement Borrowings

Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction costs) and the redemption/repayment amount is recognised in profit and loss over the period of the borrowings using the effective interest rate method.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified entity fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Equity instrument

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

21 Derivative and non derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments (such as forward currency

Notes to the standalone financial statements

(All amounts in ₹ Crores, unless otherwise stated)

contracts, interest rate swaps and full currency swaps) or non derivative financial assets / liabilities to hedge its foreign currency risks and interest rate risks. The Company has opted for "Hedge Accounting" for all its derivative as well as non-derivative financial instrument used for hedging. Accordingly, at the inception of the hedge the Company formally designates a hedge relationship between the 'hedging instrument' and 'hedged item' which determines the initial recognition of the financial instrument as Fair Value Hedge or Cashflow hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated. These financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit and loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in statement of profit and loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

The Company uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised in the statement of profit and loss. In some cases, the Company separates the premium element and the spot element of a forward contract and designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedging relationships. In such cases, the changes in the fair value of the premium element of the forward contract or the foreign currency basis spread of the financial instrument is accumulated in a separate component of equity as 'cost of hedging'. The changes in the fair value of such premium element or foreign currency basis spread are reclassified to profit or loss as a reclassification adjustment on a straight-line basis over the period of the forward contract or the financial instrument.

The Company also designates non derivative financial liabilities, such as foreign currency borrowings from banks, as hedging instruments for the hedge of foreign currency risk associated with highly probable forecasted transactions and, accordingly, applies cash flow hedge accounting for such relationships.

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast transaction occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as

a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, the hedge accounting will be discontinued prospectively. Any cumulative gain or loss previously recognised in other comprehensive income remains separately in other equity if the forecast transaction or the foreign currency firm commitment is expected to occur else the amount shall be immediately reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment.

22 Fair value measurement

The Company measures some of its financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

23 Segment Reporting

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the standalone financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

24 Dividend

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

25 Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. The appropriate level of management must be committed to a plan to sell, an active programme to locate a buyer and complete the plan has been initiated, the sale is considered highly

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

probable and is expected within one year from the date of classification.

Non-current assets (or disposal groups) held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately from other assets and liabilities in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or
- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit and loss.

26 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

C SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the

estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes.

- Classification and lease term determination of leasing arrangement – Note 1.B.9
- Derecognition of trade receivables and hedge effectiveness - Note 1.B.20
- Fair value measurement of derivative instruments – Note 1.B.22
- Assessment of useful life of property, plant and equipment and intangible asset – Note 1.B.4
- Recognition and estimation of tax expense including determination of applicable tax rate for measuring deferred tax balances – Note 1.B.15
- Estimation of assets and obligations relating to employee benefits (including actuarial assumptions) – Note 1.B.17
- Assessment of impairment of financial assets and non-financial assets – Note 1.B.20 and Note 1.B.8
- Recognition and measurement of contingencies: key assumptions about the likelihood and magnitude of an outflow of resources – Note 1.B.13

- The Company has entered into receivables purchase agreements with banks to unconditionally and irrevocably sell, transfer, assign and convey all the rights, titles and interest of the Company in the receivables as identified. Receivables sold as on March 31, 2022 are of ₹ 714.62 Crores (Previous year: ₹ 343.46 Crores). The Company has derecognized these receivables as it has transferred its contractual rights to the banks with substantially all the risks and rewards of ownership and retains no control over these receivables as the banks have the right to further sell and transfer these receivables with notice to the Company.
- During the previous year the Company had sold, with recourse, trade receivables amounting to ₹ 47.15 Crores to a bank for cash proceeds. These trade receivables were not derecognised because the Company retained substantially all of the risks and rewards, primarily credit risk. The amounts received on such transfer were recognised as a secured bank loan (refer note 15).
- No customer represents more than 10% (Previous year: Nil) of the total balances of trade receivables.

These shares were issued at an issue price of ₹ 4,250 per share (including securities premium of ₹ 4,240 per share) for an aggregate consideration of ₹ 750 Crores. The proceeds (net of share issue expenses of ₹ 11.99 Crores charged off against securities premium) were utilised for repayment of borrowings.

Terms/ rights attached to equity shares :

The Company has only one class of equity shares having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The final dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. The Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the Company.

During the year ended March 31, 2022, first interim dividend of ₹ 12 per share (before issue of bonus shares) and second interim dividend of ₹ 4.75 per share (post issue of bonus shares) were recognised as distributions to equity shareholders, aggregating ₹ 211.89 Crores (Previous year: ₹ 24 per share before issue of bonus shares, aggregating ₹ 141.31 Crores).

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

33 EMPLOYEE BENEFITS

33.1 Defined contribution plans:

Amounts recognized in the statement of profit and loss are as under:

	Year ended March 31, 2022	Year ended March 31, 2021
Superannuation fund (Refer to note (i) below)	0.59	0.61
Provident fund administered through Regional Provident Fund Commissioner (Refer to note (ii) below)	15.11	14.02
Employees' State Insurance Corporation	0.40	0.43
National Pension Scheme	1.71	1.34
	17.81	16.40

The expenses incurred on account of the above defined contribution plans have been included in Note 25 "Employee Benefits Expenses" under the head "Contribution to provident and other funds".

(i) Superannuation fund

The Company makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance Company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the Company also participate in a defined contribution superannuation plan maintained by the Company. The Company has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the

(All amounts in ₹ Crores, unless otherwise stated)

Company provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the Company administers the benefits through a recognised Provident Fund Trust. The Company has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. For other employees contributions are made to the Regional Provident Fund Commissioners. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the Company has an obligation to make good the shortfall, if any, between the yield on the investments of the trust and the yield mandated by the Government and these are considered as Defined Benefit Plans and are accounted for on the basis of an actuarial valuation.

33.2 Defined benefit plans

The Company sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the Company. These plans are:

- Gratuity
 - Provident fund for certain category of employees administered through a recognised provident fund trust
- (i) These plans typically expose the company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in value of the liability.

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plans liability.

(ii) The principal assumption used for the purpose of the actuarial valuation were as follows:

	As at March 31, 2022		As at March 31, 2021	
	Gratuity	Provident Fund	Gratuity	Provident Fund
Discount Rate	7.16%	7.16%	6.69%	6.69%
Expected statutory interest rate	-	8.10%	-	8.50%
Salary increase	8.00%	-	7.00%	-
Retirement Age (years)	58	58	58	58
Mortality Rates	IALM (2012-14)	IALM (2012-14)	IALM (2012-14)	IALM (2012-14)
Withdrawal rate				
Upto 30 years	20.00%	20.00%	20.00%	20.00%
31 to 44 years	7.00%	7.00%	7.00%	7.00%
Above 44 years	8.00%	8.00%	8.00%	8.00%

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

(iii) Amounts recognised in statement of profit and loss in respect of these benefit plans are as follows:

	Year ended March 31, 2022		Year ended March 31, 2021	
	Gratuity	Provident Fund	Gratuity	Provident Fund
Current Service cost	9.09	7.73	8.03	6.75
Interest expenses (net of expected return on plan assets)	0.30	-	1.07	-
	9.39	7.73	9.10	6.75

The current service cost and the net interest expenses for the year are included in Note 25 "Employee Benefits Expenses" under the head "Contribution to provident and other funds".

Gratuity:

Plan assets comprises primarily of investment in HDFC Group Unit Linked Plan fund and ICICI Prudential Life Fund. The average duration of the defined benefit obligation is 9.12 years (Previous year: 9.14 years). The Company expects to make a contribution of ₹ 10.58 Crores (Previous year: ₹ 8.76 Crores) to the defined benefit plans during the next financial year.

Provident fund:

The plan assets have been primarily invested in government securities and corporate bonds.

(viii) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting period, while holding all other assumptions constant.

	12.26	11.57

(i) Long Term Retention Pay

The Company has a Long Term Retention Pay Plan which covers employees selected on the basis of their current band and their long term value to the Company. The incentive is payable in three year blocks subject to achievement of certain performance ratings. The Company also has a scheme for talent retention of certain identified employees under which an incentive is payable over a period of three years.

34 EMPLOYEE SHARE BASED PAYMENTS

The Company has an Employee Share Purchase Scheme (SRF Long Term Share Based Incentive Plan) to provide equity settled share based payments to eligible employees. The expenses related to the grant of shares under the Scheme are accounted for on the basis of fair value of the share on the grant date (which is the market price of the Company's share on the date of grant less exercise price). The fair value so determined is expensed on a straight line basis over the remaining tenure over which the employees renders their services.

The movement of number of equity shares granted, their fair value and the share based payment expense recognised during the year are as under:

35 SEGMENT REPORTING

Based on the guiding principles laid down in Indian Accounting Standard (Ind AS) - 108 "Segment Reporting", the Chairman & Managing Director of the Company is the Chief Operating Decision Maker (CODM) and for the purposes of resource allocation and assessment of segment performance the business of the Company is segregated in the segments below:

- Technical Textiles business: includes nylon tyre cord fabric, belting fabric, polyester tyre cord fabric and industrial yarns and its research and development
- Chemicals business: includes refrigerant gases, industrial chemicals, speciality chemicals, fluorochemicals & allied products and its research and development.
- Packaging Film business: includes polyester films and polypropylene films.
- Others: includes coated fabric, laminated fabric and other ancilliary activities.

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure includes expenses incurred on common services provided to the segments, which are not directly identifiable.

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments. These amounts relate to continuing operations, unless otherwise stated. (Refer to note 40 with regard to information in relation to discontinued operations).

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and property plant and equipment and intangible assets, net of allowances and provisions, which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities and do not include deferred income taxes. While most of the assets / liabilities can be directly attributed to individual segments, the carrying amount of certain assets / liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

38 FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

38.1 Capital Management

The Company manages its capital to ensure that it will be able to continue as a going concern and provide reasonable return to the shareholders by maintaining a reasonable balance between debt and equity. The capital structure of the Company consists of net debt (borrowings net of cash and cash equivalents, deposit accounts with maturity beyond three months upto twelve months and current investments) and total equity of the Company. The Company is not subject to any externally imposed capital requirements. The Company's management reviews the capital structure of the Company on periodic basis. As part of its review, the management considers the cost of capital and risk associated with each class of capital. The Company also evaluates its gearing measures using Debt Equity Ratio to arrive at an appropriate level of debt and accordingly evolves its capital structure.

The following table provides the details of the debt and equity at the end of the reporting periods :

	As at March 31, 2022	As at March 31, 2021

The following methods/ assumptions were used to estimate the fair values:

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair valuation of non-current financial assets has been disclosed to be same as carrying value as there is no significant difference between carrying value and fair value.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

- The fair value of other long-term borrowings is estimated by discounting future cash flows using current rates (applicable to instruments with similar terms, currency, credit risk and remaining maturities) to discount the future payouts.
- The fair value is determined by using the valuation model/ technique with observable/ non-observable inputs and assumptions.
- Investment value excludes investment in subsidiaries which are shown at cost in balance sheet as per Ind AS 27 "Separate financial statements".

There are no transfers between Level 1, Level 2 and Level 3 during the year ended March 31, 2022 and March 31, 2021.

Level 1:

Quoted prices in the active market: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with significant observable inputs: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of over the counter (OTC) derivative contracts, open ended mutual funds, bonds and debentures.

Level 3:

Valuation techniques with significant unobservable inputs: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value is determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

- Investments in mutual funds and bonds / debentures: Fair value is determined by reference to quotes from the financial institutions.
- Derivative contracts: The Company has entered into various foreign currency contracts and interest rate swaps contracts to manage its exposure to fluctuations in foreign exchange rates and interest rate respectively. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the authorized dealers banks and forward exchange rates at the balance sheet date.
- Unquoted equity investments: Fair value is determined based on the recoverable value as per agreement with the investee.

38.3 Financial Risk Management

The Company is exposed to various financial risks arising from its underlying operations and finance activities. The Company is primarily exposed to market risk (i.e. interest rate and foreign currency risk) and to credit risk and liquidity risk. The Company's Corporate Treasury function plays the role of monitoring financial risk arising from business operations and financing activities.

Financial risk management within the Company is governed by policies and guidelines approved by the senior management and the Board of Directors. These policies and guidelines cover interest rate risk, foreign currency risk, credit risk and liquidity risk. Company policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the Company. Review of the financial risk is done on a monthly basis by the Managing Director and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the Company's results and financial position.

In accordance with its financial risk management policies, the Company manages its market risk exposures by using specific type of financial instruments duly approved by the Board of Directors as and when deemed appropriate. It is the Company's policy and practice neither to enter into derivative transactions for speculative purpose, nor for any purpose unrelated to the underlying business. The Board of Directors / Managing Director reviews and approves policies for managing each of the above risks.

38.3.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowings, deposits, investments and derivative financial instruments. The Company enters into derivative contracts as approved by the Board to manage its exposure to interest rate risk and foreign currency risk.

A. Foreign Currency Risk Management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the Company is attributable to Company's operating activities, investing activities and financing activities.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

In the operating activities, the Company's exchange rate risk primarily arises when revenue / costs are generated in a currency that is different from the reporting currency (transaction risk). In compliance with the Board approved policy, the Company manages the net exposure on a rolling 12 month basis and for exposures between 12 to 36 months, hedging is done based on specific exposure. The information is monitored by the Audit committee and the Board of Directors on a quarterly basis. This foreign currency risk exposure of the Company are mainly in U.S. Dollar (USD), Euro (EUR), Japanese Yen (JPY) and British Pound Sterling (GBP). The Company's exposure to foreign currency changes for all other currencies is not material.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in ₹ are as follows:

	Assets		Liabilities	
	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021

Foreign exchange derivative and non-derivative financial instruments

The Company uses derivative as well as non-derivative financial instruments for hedging financial risks that arise from its commercial business or financing activities. The Company's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within of 1 to 36 months for hedges of forecasted sales, purchases, loans and liabilities and capital expenditures. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivative contracts outstanding at the end of the reporting period:

B. Interest Rate Risk Management

Interest rate risk arises from movements in interest rates which could have effects on the Company's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings. The Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts, calculated by reference to an agreed principal amount outstanding at the time of inception of the swap. Out of the total long term borrowings, the amount of fixed interest loan is ₹ 938.35 Crores and floating interest loan is ₹ 916.26 Crores (Previous year: Fixed interest loan ₹ 898.59 Crores and Floating interest loan ₹ 917.02 Crores).

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate long term borrowings, as follows:

	Year ended March 31, 2022		Year ended March 31, 2021	
	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %
Increase in profit before tax by	1.29	0.99	2.85	0.52

In case of increase in interest rate by above mentioned percentage, there would be a comparable negative impact on the profit before tax as mentioned above.

Managing interest rate benchmark reform and associated risks

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates (IBORs) with alternative nearly risk-free rates (referred to as 'IBOR reform'). The Company has exposures to USD-LIBOR and EUR-IBOR on its financial instruments. The Company has renegotiated all working capital facilities agreements and have moved to new benchmarks, wherever IBOR reforms had mandated.

As per the IBOR reform regulations, USD LIBOR based contracts entered into on or before December 31, 2021 are allowed to continue utilising the facility until the maturity date, provided such date is before June 30, 2023. The Company has certain loans which falls under this category and accordingly, the management has taken a decision to continue on 1 Month / 3 Months / 6 Months LIBOR. All the EUR denominated long term loans of the Company are linked to EURIBOR and thus not impacted by IBOR reforms.

Notes to the standalone financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

The Company has two loans (USD-LIBOR benchmark linked) which are maturing after June 2023 and the management has planned to migrate these loans to SOFR (secured overnight financing rate) benchmark prior to June 2023, along with IRS contract, if any. The management does not envisage any significant impact on the financial statements due to the migration.

Interest Rate Swap Contracts

Under interest rate swap (IRS) contracts, the Company agrees to exchange the difference between fixed and floating rate interest amounts calculated on the agreed notional principal amounts. Such contracts enables the Company to mitigate the risk of changing interest rates.

The following table details the IRS contracts outstanding at the end of the reporting period:

Outstanding Contracts*	No of Deals		Contract Value of Foreign Currency (In Millions)		Maturity			
					Up to 12 months Nominal Amount*		More than 12 months Nominal Amount*	
	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021
IRS Contracts*	4	4	20.28	31.05	90.76	85.49	62.79	141.68

* Sensitivity on the above IRS contracts in respect of interest rate exposure is insignificant

Each of the above trades are in the nature of cash flow hedges and are effective hedges. The mark to market on these trades is therefore routed through Cash flow Hedge Reserve. The interest rate swap and the interest payments on the loan are paid simultaneously and are charged off to the statement of profit and loss.

38.3.2 Credit Risk Management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables, loans and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with counterparties who meet the parameters specified in Investment Policy of the Company. The investment policy is reviewed by the Company's Board of Directors on an annual basis and if required, the same may be updated during the year. The investment policy specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counterparty's potential failure.

Expected credit loss on financial assets:

To manage credit risk for trade receivables, the Company establishes credit approvals and credit limits, periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

With regard to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties, from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on these financial assets other than as detailed below.

Other than financial assets mentioned above, none of the Company's financial assets are impaired, as there are no indications that defaults in payments obligation would occur.

38.3.3 Liquidity Risk Management

Liquidity risk is the risk of non-availability of financial facilities available to the Company to meet its financial obligations. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy. Any deviation from the policy has to be approved by the Treasury Management comprising of Managing Director, Chief Financial Officer and Treasury Head. The Company assesses the concentration of risk with respect to refinancing its debt, guarantee given and funding of its capital expenditure needs of the future. The Company manages its liquidity by holding appropriate volumes of liquid assets which are available for its disposal on T +1 basis and by maintaining open credit lines with banks / financial institutions.

The table below analyze the Company's financial liabilities into relevant maturity profiles based on their contractual maturities:

Independent Auditor's Report

To the Members of SRF Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of SRF Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2022, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2022, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on separate financial statements of components audited by them, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Accounting for derivatives

The key audit matter	How the matter was addressed in our audit
<p>An important element of Group’s fund-raising strategy involves various types of borrowings, including, foreign currency denominated borrowings and a combination of fixed and floating interest rates, and also foreign currency denominated loans and advances to other parties. The Group’s operating activities are also exposed to significant foreign exchange risk (refer to note 40 of the consolidated financial statements).</p> <p>The Group uses derivative financial instruments to mitigate foreign currency risk and interest rate risk primarily through foreign currency forward exchange contracts and interest rate swaps.</p> <p>Further, the Group has been using hedge relationship designation as per criteria set out in relevant Indian accounting standards.</p> <p>Accounting thereof and related presentation and disclosures of these transactions require significant judgement.</p> <p>Given the significant level of judgement and estimation involved and the quantitative significance, we have determined this to be a key audit matter.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> – Tested the design, implementation and operating effectiveness of controls over the Group’s treasury and other related functions which directly impact the relevant account balances and transactions, including hedge accounting. – For selected samples via statistical sampling, obtained external confirmations from counterparties of the year end positions as well as agreed to original agreements. – Performed sample tests of valuation and accounting of these transactions. In doing so we have involved valuation specialists to assist us in carrying out aforesaid procedure, as considered necessary. – Assessed the adequacy of disclosures in the financial statements in respect of both non-derivative and derivative financial instruments.

Other Information

The Holding Company’s Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company’s annual report, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s and Board of Directors’ Responsibilities for the Consolidated Financial Statements

The Holding Company’s Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors/Trustees of the companies/entity included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company/entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors/ Trustees of the companies/entity included in the Group are responsible for assessing the ability of each company/entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/ Trustees either intends to liquidate the Company/ Entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors/Trustees of the companies/entity included in the Group are responsible for overseeing the financial reporting process of each company/entity.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis

for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the consolidated financial statements of which

we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial information of eight subsidiaries, whose financial information reflect total assets (before consolidation adjustments) of ₹ 4,120.82 Crores as at 31 March 2022, total revenues (before consolidation adjustments) of ₹ 2,613.96 Crores and net cash inflows (before consolidation adjustments) amounting to ₹ 79.23 Crores for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports

have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial information of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the reports of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 (A) As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries as were audited by other auditors, as noted in

the "Other Matters" paragraph, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, as noted in the "Other Matters" paragraph:
- a) The consolidated financial statements disclose the impact of pending litigations as at 31 March 2022 on the consolidated financial position of the Group. Refer Note 33 to the consolidated financial statements.
 - b) Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 40 to the consolidated financial statements in respect of such items as it relates to the Group.
 - c) There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company during the year ended 31 March 2022. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by its subsidiary companies incorporated in India during the year ended 31 March 2022.
 - d) (i) The respective managements of the Company and its subsidiaries, which are incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of its knowledge and belief, as disclosed in the note 47(f)(i) to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in

any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The respective managements of the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively, that, to the best of its knowledge and belief, as disclosed in the note 47(f)(ii) to accounts, no funds have been received by the Holding Company or any of such subsidiaries from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in

the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.

- e) The dividend declared or paid during the year by the Holding Company is in compliance with Section 123 of the Act. The subsidiary companies incorporated in India have neither declared nor paid any dividend during the year.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B

to the Independent Auditors' report on the consolidated financial statements of SRF Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2022, we have audited the internal financial controls with reference to consolidated financial statements of SRF Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria

established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists,

and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection

of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

1 CORPORATE INFORMATION

SRF Limited ("the Company") is a public limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company's equity shares are listed at the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at The Galleria, DLF Mayur Vihar, Unit No. 236 and 237, Second Floor, Mayur Vihar Place, Noida Link Road, Mayur Vihar Phase I Extn, Delhi - 110091. The Company's parent company is KAMA Holdings Limited.

The principal activities of the Company and its subsidiaries (together the Group) are manufacturing, purchase and sale of technical textiles, chemicals, packaging films and other polymers.

The consolidated financial statements were authorised for issue in accordance with a resolution of the directors on May 09, 2022.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act 2013 ("the Act") as amended thereafter and other relevant provisions of the Act.

The consolidated financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- Defined benefit plans - plan assets measured at fair value less present value of defined benefit obligation
- Share based payments

The functional currency of the Company is 'INR'. The functional currencies of Group companies are USD, THB, ZAR and EURO. The financial statements are presented in INR and all values are rounded to the nearest crores, except when otherwise indicated.

The consolidated financial statements incorporate the financial statements of the holding group and its subsidiaries. Control is achieved when the group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the group gains control until the date when the group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Necessary adjustments are made in the consolidated financial statements of subsidiaries to bring their accounting policies in line with the Company's accounting policies if any.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

The subsidiaries considered in the preparation of these consolidated financial statements are: -

Name of subsidiary	Country of incorporation	Proportion of ownership as at March 31, 2022	Proportion of ownership as at March 31, 2021
Indian Subsidiaries			
SRF Holiday Home Limited	India	100%	100%
SRF Altech Limited	India	100%	-
SRF Employees Welfare Trust (Controlled Trust)	India	*	*
Foreign Subsidiaries			
SRF Global BV	Netherlands	100%	100%
SRF Europe Kft (100% subsidiary of SRF Global BV)	Hungary	100%	100%
SRF Industries (Thailand) Limited (100% subsidiary of SRF Global BV)	Thailand	100%	100%
SRF Industex Belting (Pty) Limited (100% subsidiary of SRF Global BV)	Republic of South Africa	100%	100%
SRF Flexipak (South Africa) (Pty) Limited (100% subsidiary of SRF Global BV)	Republic of South Africa	100%	100%

* By virtue of management control

The group owns 22.60% (Previous year – 22.60%) in Malanpur Captive Power Limited and the same has not been considered for the purposes of consolidation, since the group does not exercise significant influence over Malanpur Captive Power Limited.

The group owns 26.32% (Previous year – 26.32%) in Vaayu Renewable Energy (Tapti) Private Limited and the same has not been considered for the purposes of consolidation, since the group does not exercise significant influence over Vaayu Renewable Energy (Tapti) Private Limited.

The principal accounting policies are set out below.

2.2 Current versus non-current classification

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The group classifies all other liabilities as non-current.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the group has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

2.3 Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any.

All items of property plant and equipment have been measured at fair value at the date of transition to Ind AS. The Group have opted such fair valuation as deemed cost at the transition date i.e. April 1, 2015.

Cost of acquisition or construction is inclusive of freight, duties, non recoverable taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, upto the date of commissioning of the assets

Likewise, when a major inspection for faults is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items of property, plant and equipment and depreciated accordingly.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital Work in Progress: Project under which assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the group intends to use these for more than a period of 12 months.

2.4 Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the cost of assets less their residual values on straight line method on the basis of estimated useful life of assets determined by the Group which are different from the useful life as prescribed in Schedule II of the 2013 Act. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	40-50 years
Buildings (including temporary structures)	5-60 years
Plant and equipment	2-40 years
Furniture and fixtures	3-20 years
Office equipment	3-20 years
Vehicles	4-5 years

Freehold land is not depreciated.

Depreciation is calculated on a pro rata basis except, assets costing upto ₹ 5,000 each, which are fully depreciated in the year of purchase.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is derecognised.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The useful lives considered are as follows:

Trademarks / Brand	10-30 years
Technical Knowhow	30-40 years
Software	3-5 years
Other intangibles	2.5-12 years

The group has elected to continue with the carrying value of all of its intangibles assets recognised as on April 1, 2015 measured as per

the previous GAAP and use that carrying value as its deemed cost as of transition date.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised on disposal or when no future economic benefit are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

2.6 Research and development expenditure

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes.

Such development costs are capitalised if they can be reliably measured, the product or process is technically and commercially feasible and the Group has sufficient resources to complete the development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

2.7 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2.8 Impairment of tangible and intangible assets other than goodwill

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual

impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognised when the carrying amount of an asset or CGU exceeds its recoverable amount. In such cases, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast, which are prepared separately for each of the group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after 5th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

2.9 Leasing

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assess whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset through the period of use; and
- the Group has the right to direct the use of the asset. The Group has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision

about how and for what purpose the asset is used is predetermined, the Group has the right to direct the use of the asset if either:

- the Group has the right to operate the asset; or
- the Group designed the asset in a way that predetermines how and for what purpose it will be used

An entity shall reassess whether a contract is, or contains, a lease only if the terms and conditions of the contract are changed.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Group as lessee

The Group accounts for assets taken under lease arrangement in the following manner:

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

2.10 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or

sale are capitalised as part of the cost of the asset. Borrowing costs incurred for the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

In case of a specific borrowing taken for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised shall be the actual borrowing costs incurred during the period less any interest income earned on temporary investment of specific borrowing pending expenditure on qualifying asset.

In case funds are borrowed generally and such funds are used for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised are calculated by applying the weighted average capitalisation rate on general borrowings outstanding during the period, to the expenditures incurred on the qualifying asset.

If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

2.11 Foreign Currencies

Transaction and balances

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

- (i) Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

reported using the exchange rate at the date of transaction. Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit and Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to exchange differences arising from cash flow hedges to the extent that the hedges are effective and those covered below.

- (ii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016

Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance useful life of the assets.

- (iii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016

The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 is treated in accordance with Ind AS 21/ Ind AS 109. Refer point (i) above.

2.12 Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

- (a) Raw materials, packing material and stores and spares including fuel - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. The aforesaid items are valued below cost if the finished

products in which they are to be incorporated are expected to be sold at a loss.

- (b) Traded goods, Stock in progress and finished goods- Direct cost plus appropriate share of overheads.

- (c) By products - At estimated realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.13 Provisions, contingent liabilities and contingent assets

Provisions

The group recognised a provision when there is a present obligation (legal or constructive) as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made.

When the group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

control of the group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

Contingent assets

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

2.14 Revenue recognition

a) Sale of goods

Revenue from sale of products is recognised upon transfer of control of products to customers at the time of shipment to or receipt of goods by the customers. Service income is recognised as and when the underlying services are performed. The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as sales tax/value added tax and goods and services tax and applicable discounts and allowances.

Any fees including upfront fees received in relation to contract manufacturing

arrangements is recognised on straight line basis over the period over which the Group satisfies the underlying performance obligations. Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash as per contractual terms. Advance from customers ("contract liability") is recognised when the group has received consideration from the customer before it delivers the goods.

b) Interest and dividend income

Interest income is recognised when it is probable that the economic benefits will flow to the group using the effective interest rate and the amount of income can be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably).

c) Export incentive

The benefit accrued under the Duty Drawback scheme and other schemes as per the Export and Import Policy in respect of exports made under the said Schemes is included under the head "Revenue from Operations" under 'Export and other incentives'. Also refer policy on "Government Grants"

2.15 Taxation

Income tax expense represents the sum of the current tax and deferred tax.

a) Current tax

Current income tax assets and liabilities are measured at the amount expected to

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss account i.e. in Other comprehensive income or equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the group has a legally enforceable right for such set off.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets

are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax relating to items recognised outside profit or loss is recognised in other comprehensive income or in equity.

Deferred tax assets/liabilities are not recognised for below mentioned temporary differences:

- At the time of initial recognition of goodwill;
- Initial recognition of assets or liabilities (other than in a business combination) at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the group will pay normal income tax. Accordingly, MAT asset is recognised in the consolidated Balance Sheet when it is probable that future economic benefit associated with it will flow to the group.

The group considers whether it is probable that a taxation authority will accept an

Notes to the consolidated financial statements

uncertain tax treatment. If the group concludes that it is probable that the taxation authority will accept an uncertain tax treatment, the group determines the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment used or planned to be used in its income tax filings. However, if the group concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, the group reflects the effect of uncertainty in determining the related taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates.

2.16 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the group recognizes as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the consolidated balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.

2.17 Employee benefits

Short term employee benefits

Wages and salaries including non monetary benefits that are expected to be settled within the operating cycle after the end of the period

in which the related services are rendered are measured at the undiscounted amount expected to be paid

Defined contribution plans

Provident fund administered through Regional Provident Fund Commissioner, Superannuation Fund, National pension scheme and Employees' State Insurance Corporation are defined contribution schemes. Contributions to such schemes are charged to the statement of profit and loss in the year when employees have rendered services entitling them to the contributions. The group has no obligation, other than the contribution payable to such schemes.

Defined benefit plans

The group has defined benefit plan such as gratuity, provident fund for certain category of employees administered through a recognised provident fund trust and legal severance plans.

Provision for gratuity, provident fund for certain category of employees administered through a recognised provident fund trust and legal severance plans are determined on an actuarial basis at the end of the year and charged to consolidated statement of profit and loss, other than remeasurements. The cost of providing these benefits is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to consolidated statement of profit and loss in subsequent periods.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Other long term employee benefits

The group also has other long term benefits plan such as compensated absences and retention pay. Provision for compensated absences and long term retention pay are determined on an actuarial basis at the end of the year and charged to consolidated Statement of Profit and Loss. The cost of providing these benefits is determined using the projected unit credit method.

Share based payments

Equity settled share based payments to employees under SRF Long Term Share Based Incentive Plan (SRF LTIP) are measured at the fair value (which is the market price less exercise price) of the equity instruments on the grant date. This compensation cost relating to employee stock purchase scheme is amortised over the remaining tenure over which the employees renders their service on a straight line basis.

2.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity

and a financial liability or equity instrument of another entity.

A) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets of the group are classified in three categories:

- At amortised cost
- At fair value through profit and loss (FVTPL)
- At fair value through other comprehensive income (FVTOCI)

Financial asset is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the consolidated

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets not classified as measured at amortised cost or FVOCI as are measured at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity Investments

All equity investments in the scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are measured at fair value through profit and loss.

For all other equity instruments, the group may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income.

The group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the group has transferred substantially all the risks and rewards of the asset, or (ii) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained. Any gain or loss on derecognition is recognised in profit or loss.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

When the group has retained substantially all the risks and rewards of ownership of the transferred asset, the group continue to recognise the transferred asset in its entirety and recognise a financial liability for the consideration received.

Impairment of financial assets

The group recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

B) Financial liabilities and Equity instruments

Initial recognition and measurement

All financial liabilities are recognised initially at fair value, net of directly attributable transaction costs, if any.

The group's financial liabilities include borrowings and trade and other payables including derivative financial instruments.

Subsequent measurement

Borrowings

Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction cost) and the redemption/repayment amount is recognised in profit and loss over the

period of the borrowings using the Effective interest rate method.

Trade and other payables

Trade and other payables represent the liabilities for goods and services provided to the group prior to the end of the financial year which are unpaid.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Equity Instruments

Equity Instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Debt or equity instruments issued by the group are classified as either financial liability or as equity in accordance with the substance of contractual arrangements and the definitions of a financial liabilities and an equity instruments.

2.21 Derivative and Non Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The group uses derivative financial instruments (such as forward currency contracts, interest rate swaps and full currency swaps) or non derivative financial assets/liabilities to hedge its foreign currency risks and interest rate risks. The group has opted for "Hedge Accounting" for all its derivative as well as non-derivative financial instrument used for hedging. Accordingly, at the inception of the hedge the group formally designates a hedge relationship between the 'hedging instrument' and 'hedged item' which determines the initial recognition of the financial instrument as Fair Value Hedge or Cashflow hedge. The documentation includes the group's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated. These financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit and loss when the hedge item affects profit and loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the consolidated statement of profit and loss. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in consolidated profit and loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the consolidated statement of profit and loss.

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised in the consolidated statement of profit and loss. In some cases, the group separates the premium element and the spot element of a forward contract and designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedging relationships. In such cases, the changes in the fair value of the premium element of the forward contract or the foreign currency basis spread of the financial instrument is accumulated in a separate component of equity as 'cost of hedging'. The changes in the fair value of such premium element or foreign currency basis spread are reclassified to profit or loss as a reclassification adjustment on a straight-line basis over the period of the forward contract or the financial instrument.

The Group also designates certain non derivative financial liabilities, such as foreign currency borrowings from banks, as hedging instruments for the hedge of foreign currency risk associated with highly probable transactions and, accordingly, applies cash flow hedge accounting for such relationships.

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast transaction occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, the hedge accounting will be discontinued prospectively. Any cumulative gain or loss previously recognised in other comprehensive income remains separately in

other equity if the forecast transaction or the foreign currency firm commitment is expected to occur else the amount shall be immediately reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment.

2.22 Fair value measurement

The group measures some of its financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.23 Foreign Currency translation reserve

On consolidation, the assets and liabilities of foreign operations are translated into Rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to

that particular foreign operation is recognised in profit or loss.

2.24 Segment reporting

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the group's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

2.25 Dividend

The group recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.26 Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. The appropriate level of management must be committed to a plan to sell, an active programme to locate a buyer and complete the plan has been initiated, the sale is considered highly probable and is expected within one year from the date of classification.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Non-current assets (or disposal groups) held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately from other assets and liabilities in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or
- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit and loss.

2.27 Business combinations

The Group accounts for business combinations using the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs.

The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment.

If consideration transferred is less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in

other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase.

2.28 Recent Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

3 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes.

- Classification and lease term determination of leasing arrangement – Note 2.9
- Derecognition of trade receivables and hedge effectiveness- Note 2.20
- Fair value measurement of derivative instruments – Note 2.22
- Assessment of useful life of property, plant and equipment and intangible asset – Note 2.4
- Recognition and estimation of tax expense including determination of applicable tax rate for measuring deferred tax balances– Note 2.15
- Estimation of assets and obligations relating to employee benefits (including actuarial assumptions) – Note 2.17
- Assessment of impairment of financial assets and non-financial assets – Note 2.20 and Note 2.8
- Recognition and measurement of contingencies: key assumptions about the likelihood and magnitude of an outflow of resources – Note 2.13

Notes:

- Borrowing cost capitalised during the year ₹ 18.41 crores (Previous year: ₹13.07 Crores) with a capitalisation rate ranging from 0.40% to 3.55% (Previous year: 0.5% to 8.09%).
- The industrial freehold land measuring 32.41 acres at the group's plant in Gummudipoondi, Tamil Nadu had been acquired by the Company w.e.f. January 1, 2001 pursuant to a scheme of amalgamation sanctioned by the Hon'ble High court of Judicature at Madras and the Hon'ble High court of Delhi. Out of the said land, there is a dispute on a land parcel of 2.74 acres. Based on the legal documentation available, the management is of the view that the said dispute is not tenable.
- Capital expenditure incurred during the year includes ₹ 8.49 crores (Previous year - ₹ 13.46 crores) on account of research and development. Depreciation for the year includes depreciation on assets deployed in research and development as per note 47 (a) below.
- Refer to note 18.1 for information on PPE pledged as security by the group. Additionally, non funded working capital facilities from banks amounting to ₹ 37.80 crores (previous year: 58.50) are secured by hypothecation of Captive Power Plant (CPP) and HFC134A plant situated at Dahej in state of Gujarat.
- Refer to note 47 (c) for additions/adjustments on account of exchange difference during the year.
- The group accounts for all capitalizations of property, plant and equipment through capital work in progress, and, therefore, the movement in capital work in progress is the difference between closing and opening balance of capital work in progress as adjusted by additions in property, plant and equipment and intangible assets.
- Disposals during the current year include property, plant and equipment classified as assets held for sale. Refer note 42 C below.

- The group has entered into receivables purchase agreements with banks to unconditionally and irrevocably sell, transfer, assign and convey all the rights, titles and interest of the group in the receivables as identified. Receivables sold as on March 31, 2022 are of ₹ 756.96 crores (Previous year: ₹ 369.12 Crores). The group has derecognized these receivables as it has transferred its contractual rights to the banks with substantially all the risks and rewards of ownership and retains no control over these receivables as the banks have the right to further sell and transfer these receivables with notice to the group.
- During the previous year the group had sold, with recourse, trade receivables amounting to ₹ 47.15 Crores to a bank for cash proceeds. These trade receivables were not derecognised because the group retained substantially all of the risks and rewards, primarily credit risk. The amounts received on such transfer were recognised as a secured bank loan (Refer note 18).
- There is no customer who represents more than 10% (Previous year - Nil) of the total balances of trade receivables.
- Refer Note 18.1 for information on trade receivables pledged as security by the group.

(All amounts in ₹ Crores, unless otherwise stated)

Foreign subsidiaries	Year ended March 31, 2022	Year ended March 31, 2021
Contribution to provident fund	1.47	1.21
Skill, development and Social Security Fund	4.87	3.10
Pension fund	1.63	1.53
	7.97	5.84

The expenses incurred on account of the above defined contribution plans have been included in Note 27 "Employee Benefits Expenses" under the head "Contribution to provident and other funds."

(i) Superannuation fund

The Company makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance Company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the Company also participate in a defined contribution superannuation plan maintained by the Company. The Company has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the Company provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the group administers the benefits through a recognized Provident Fund Trust. For other employees contributions are made to the Regional Provident Fund Commissioners. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the group has an obligation to make good for the shortfall, if any, between the yield on the investments of the trust and the yield mandated by the Government and these are considered as Defined Benefit Plans and are accounted for on the basis of an actuarial valuation.

36.2 Defined benefit plans

The group sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the group. These plans are:

- Gratuity
 - Provident fund for certain category of employees administered through a recognised provident fund trust
 - Legal Severance pay & Health care (Unfunded) as applicable with respect to foreign entities
- (i) **These plans typically expose the company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.**

Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of the providing the above benefits and will thus result an increase in value of the liability.

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of the plan participants both during and after the employment. An increase in the life expectancy of plan participants will increase the plan's liability.

(ii) The principal assumption used for the purpose of the actuarial valuation were as follows:

Indian entities	As at March 31, 2022		As at March 31, 2021	
	Gratuity	Provident Fund	Gratuity	Provident Fund

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. An actuarial valuations involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date.

The present value of defined benefit obligation and the related current service cost and past service cost were measured using projected unit credit method.

(iii) Amounts recognised in statement of profit and loss in respect of these benefit plans are as follows:

38 SEGMENT REPORTING

Based on the guiding principles laid down in Indian Accounting Standard (Ind AS) - 108 "Segment Reporting", the Chairman and Managing Director of the Company is the Chief Operating Decision Maker (CODM) and for the purposes of resource allocation and assessment of segment performance, the business of the Group is segregated in the segments below:

- Technical Textiles business: includes nylon tyre cord fabric, belting fabric, polyester tyre cord fabric and industrial yarns and its research and development
- Chemicals business: includes refrigerant gases, industrial chemicals, speciality chemicals, fluorochemicals & allied products and its research and development.
- Packaging Film business: includes polyester films and polypropylene films.
- Others: include coated fabric, laminated fabric and other ancillary activities

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure includes expenses incurred on common services provided to the segments, which are not directly identifiable.

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments. These amounts relate to continuing operations, unless otherwise stated. (Refer to note 42 with regard to information in relation to discontinued operations).

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and property plant and equipment and intangible assets, net of allowances and provisions, which are reported as direct offsets in the consolidated balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities and do not include deferred income taxes. While most of the assets / liabilities can be directly attributed to individual segments, the carrying amount of certain assets / liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

During the current year, Company has issued and allotted 236,980,820 fully paid up Bonus Equity shares of ₹ 10 each in the ratio of 4:1 (i.e. 4 Bonus Equity shares for every 1 existing equity share of the Company) to the shareholders who held shares on October 14, 2021 (Record date). Accordingly, basic and diluted earnings per share has been calculated based on the weighted average number of shares outstanding in the current and previous year, as adjusted by issuance of bonus shares.

40 FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

40.1 Capital Management

The group manages its capital to ensure that it will be able to continue as a going concern and provide reasonable return to the shareholders by maintaining a reasonable balance between debt and equity. The capital structure of the group consists of net debt (borrowings net of cash and cash equivalents, deposits accounts with maturity beyond three months upto twelve months and current investments) and total equity of the group. The group is not subject to any externally imposed capital requirements. The group's management reviews the capital structure of the group on periodic basis. As part of its review, the management considers the cost of capital and risk associated with each class of capital. The group also evaluates its gearing measures using Net Debt Equity Ratio to arrive at an appropriate level of debt and accordingly evolves its capital structure.

The following methods / assumptions were used to estimate the fair values:

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair valuation of non-current financial assets has been disclosed to be same as carrying value as there is no significant difference between carrying value and fair value.
- Fair value of other long-term borrowings is estimated by discounting future cash flows using current rates (applicable to instruments with similar terms, currency, credit risk and remaining maturities) to discount the future payouts.
- The fair value is determined by using the valuation model/technique with observable/non-observable inputs and assumptions.

There are no transfers between Level 1, Level 2 and Level 3 during the Year ended March 31, 2022 and March 31, 2021.

Level 1:

Quoted prices in the active market: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with significant observable inputs: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of over the counter (OTC) derivative contracts, open ended mutual funds and bonds/debentures.

Level 3:

Valuation techniques with significant unobservable inputs: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value is determined

in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

- Investments in mutual funds and bonds/debentures: Fair value is determined by reference to quotes from the financial institutions.
- Derivative contracts: The group has entered into various foreign currency contracts and interest rate swaps contracts to manage its exposure to fluctuations in foreign exchange rates and interest rate respectively. These financial exposures are managed in accordance with the group's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the authorized dealers banks and forward exchange rates at the balance sheet date.
- Unquoted equity investments: Fair value is determined based of the recoverable value as per agreement with the investee.

Reconciliation of Level 3 fair value measurements	Unlisted equity instruments

Purchase of investment	-
As at March 31, 2021	4.16
Purchase of investment	-
As at March 31, 2022	4.16

Sensitivity of the fair value measurement to changes in unobservable inputs for financial instruments in Level 3 level of hierarchy is insignificant.

40.3 Financial Risk Management

The group is exposed to various financial risks arising from its underlying operations and finance activities. The group is primarily exposed to market risk (i.e. interest rate and foreign currency risk) and to credit risk and liquidity risk. The Group's Corporate Treasury function plays the role of monitoring financial risk arising from business operations and financing activities.

Financial risk management within the group is governed by policies and guidelines approved by the senior management and the Board of Directors. These policies and guidelines cover interest rate risk, foreign currency risk, credit risk and liquidity risk. Group policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the group. Review of the financial risk is done on a monthly basis by the Managing Director and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the group's results and financial position.

In accordance with its financial risk management policies, the group manages its market risk exposures by using specific type of financial instruments duly approved by the Board of Directors as and when deemed appropriate. It is the group's policy and practice neither to enter into derivative transactions for speculative purpose, nor for any purpose unrelated to the underlying business. The Board of Directors / Managing Director reviews and approves policies for managing each of the above risks.

40.3.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowings, deposits, investments and derivative financial instruments. The group enters into derivative contracts as approved by the Board to manage its exposure to interest rate risk and foreign currency risk.

A. Foreign Currency Risk Management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the group is attributable to group's operating activities, investing activities and financing activities.

In the operating activities, the group's exchange rate risk primarily arises when revenue / costs are generated in a currency that is different from the reporting currency (transaction risk). In compliance with the Board approved policy, the Group manages the net exposure on a rolling 12 month basis and for exposures between 12 to 36 months, hedging is done based on specific exposure. The information is monitored by the Audit committee and the Board of Directors on a quarterly basis. This foreign currency risk exposure of the group are mainly in U.S. Dollar (USD), Euro (EUR), Japanese Yen (JPY) and British pound sterling (GBP). The group's exposure to foreign currency changes for all other currencies is not material.

The carrying amounts of the group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in ₹ are as follows:

	Assets		Liabilities	
	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021

Foreign exchange derivative and non-derivative financial instruments

The group uses derivative as well as non derivative financial instruments for hedging financial risks that arise from its commercial business or financing activities. The group's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within 1 to 36 months for hedges of forecasted sales, purchases, loans and liabilities and capital expenditures. When a derivative is entered into for the purpose of being a hedge, the group negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

B. Interest Rate Risk Management

Interest rate risk arises from movements in interest rates which could have effects on the group's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. The group's exposure to the risk of changes in market interest rates relates primarily to the group's long-term debt obligations with floating interest rates.

The group manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings. The group enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed principal amount outstanding at the time of inception of the swap. Out of the total long term borrowings, the amount of fixed interest loan is ₹ 938.35 Crores and floating interest loan is ₹ 1,562.94 Crores (Previous year: Fixed interest loan ₹ 898.62 Crores and Floating interest loan ₹ 1,531.65 Crores).

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the group's profit before tax is affected through the impact on floating rate long term borrowings, as follows:

	Year ended March 31, 2022		Year ended March 31, 2021	
	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %
Increase in profit before tax by	1.29	1.96	2.85	1.44

In case of increase in interest rate by above mentioned percentage, there would be a comparable negative impact on the profit before tax as mentioned above.

Managing interest rate benchmark reform and associated risks

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates (IBORs) with alternative nearly risk-free rates (referred to as 'IBOR reform'). The group has exposures to USD-LIBOR and EUR-IBOR on its financial instruments. The group has renegotiated all working capital facilities agreements and have moved to new benchmarks, wherever IBOR reforms had mandated.

As per the IBOR reform regulations, USD LIBOR based contracts entered into on or before December 31, 2021 are allowed to continue utilising the facility until the maturity date, provided such date is before June 30, 2023, the group has certain loans which falls under this category and accordingly, the management has taken a decision to continue on 1 Month / 3 Months / 6 Months LIBOR.

All the EUR denominated long term loans of the Group are linked to EURIBOR and thus not impacted by IBOR reforms.

Notes to the consolidated financial statements

for the year ended March 31, 2022

(All amounts in ₹ Crores, unless otherwise stated)

The group have two loans (USD LIBOR benchmark linked) which are maturing after June 2023 and the management has planned to migrate these loans to Secured Overnight Financing Rate (SOFR) benchmark prior to June 2023, along with IRS contract, if any. The management does not envisage any significant impact on the consolidated financial statements due to the migration.

Interest Rate Swap Contracts

Under interest rate swap (IRS) contracts, the group agrees to exchange the difference between fixed and floating rate interest amounts calculated on the agreed notional principal amounts. Such contracts enables the group to mitigate the risk of changing interest rates.

The following table details the IRS contracts outstanding at the end of the reporting period:

Outstanding Contracts	No of Deals		Contract Value of Foreign Currency (In Millions)		Maturity			
					Up to 12 months		More than 12 months	
	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021
IRS Contracts*	4	4	20.28	31.05	90.76	85.49	62.79	141.68

Each of the above trades are in the nature of cash flow hedges and are effective hedges. The mark to market on these trades is therefore routed through Cash flow Hedge Reserve. The interest rate swap and the interest payments on the loan are paid simultaneously and are charged to statement of profit and loss.

* Sensitivity on the above IRS contracts in respect of interest rate exposure is insignificant

40.3.2 Credit Risk Management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The group is exposed to credit risk from its operating activities (primarily trade receivables, loans and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by the group's treasury department in accordance with the group's policy. Investments of surplus funds are made only with counterparties who meet the parameters specified in Investment Policy of the groups. The investment policy is reviewed by the group's Board of Directors on an annual basis and if required, the same may be updated during the year. The investment policy specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counterparty's potential failure.

Expected credit loss on financial assets:

To manage credit risk for trade receivables, the group establishes credit approvals and credit limits, periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

With regard to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties, from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for excepted credit loss has been provided on these financial assets other than as detailed below.

Reversed / utilised during the year	(0.17)	(2.35)
As at March 31, 2022	2.74	3.45

Other than financial assets mentioned above, none of the group's financial assets are impaired, as there are no indications that defaults in payments obligation would occur.

40.3.3 Liquidity Risk Management

Liquidity risk is the risk of non-availability of financial facilities available to the group to meet its financial obligations. The group's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy. Any deviation from the policy has to be approved by the Treasury Management comprising of Managing Director, Chief Financial Officer and Treasury Head. The group assesses the concentration of risk with respect to refinancing its debt, guarantee given and funding of its capital expenditure according to needs of the future. The group manages its liquidity by holding appropriate volumes of liquid assets which are available for its disposal on T +1 basis and by maintaining open credit lines with banks / financial institutions.

CHAIRMAN'S MESSAGE

ARUN BHARAT RAM
CHAIRMAN, SRF LIMITED

Dear Shareholders,

As I reflect on an exceptionally difficult year, one thing is clear – we have all been impacted by COVID-19. The cruelty of this pandemic has been unparalleled and my heart goes out to all those who are grieving the passing of loved ones, to those who have lost their jobs, and to business owners who have been forced to shut down. While it has been a tough year for many and there are still immediate and pressing matters such as economic relief and equitable and widespread vaccination rollout to address, I am hopeful that better days are ahead.

Through all the challenges, I have deeply admired the resilience of my 7,000 extraordinary colleagues at SRF, who demonstrated dedication and professionalism, and kept the business moving forward. I am also grateful to our customers and to you, our shareholders, for your unwavering trust in the Company.

THE YEAR IN REVIEW

Accelerating Growth. Scaling New Heights.

FY21 gave us an opportunity to prove our steadfastness in critical times to all our stakeholders: customers, employees, business partners, and the community.

From a financial point of view, in FY 2020-21, your Company achieved a 31% increase in profit after tax at ₹ 1,198 crore compared to ₹ 916 crore last year. Your Company's revenue for the year stood at ₹ 8,400 crore as against ₹ 7,209 crore in the previous year, recording an overall growth of 17%. We grew market share across our businesses and continued to make significant investments in building our capabilities, nurturing talent, expanding our technology prowess, all the while maintaining credit discipline and a healthy balance sheet.

Coming to our specific Businesses now, I would like to talk about some of the milestones achieved by each of our business segments in FY 2020-21.

Chemicals Business

In FY 2020-21, the **Chemicals Business** accomplished strong growth of 23% Year-over-Year (Y-o-Y) to achieve record revenues of ₹ 3,645 crore.

In the **Specialty Chemicals Business**, our ongoing efforts to commercialize molecules for both the agrochemicals and pharmaceuticals segments are well on track and we continue to maintain a healthy product pipeline for the future. SRF's Specialty Chemicals Business is a 'Preferred Partner' with most of its global customers and I am happy to share that we have been honored with the 'Syngenta Supplier Award 2020 for Performance' during the year.

As we grow our revenues, we will continue to invest in this segment to sustain healthy growth rates over the next few years. In this regard, I am also pleased to share that your Company will be setting up a 4th Multi-Purpose Plant (MPP) at Dahej, Gujarat. As the Business is growing, it is essential to augment

facilities to capitalize on emerging business opportunities. With an expanding product portfolio, a new MPP facility will further support your Company's endeavors to tap emerging business opportunities and ensure a robust pipeline of new, cutting-edge products in the future. Similar investments alongside improved efficiencies, and optimum utilization of capacities, should enable us to deliver operational excellence and result in even better performance, going forward.

In the **Fluorochemicals Business**, our prudent investments in capacities, R&D, innovation, and technology has established us as one of the very few, fully backward-integrated producers globally. To build on this foundation and take it to a new level, the team delivered another first during the year and commissioned a state-of-the-art refrigerant application lab at our chemical manufacturing facility in Bhiwadi, Rajasthan. These are significant steps in what has been an ongoing journey of growing our R&D competence and we are already seeing important new benefits.

During the year, your Company also made an important announcement to set up an additional facility to produce 95,000 MT per annum of Chloromethanes at Dahej, Gujarat. This will take our total capacity to above 190,000 MT, making SRF a global player in Chloromethanes.

Our expansion plans are a big part of our overall vision of becoming a strong force in the global chemical industry and playing a much larger role in our customers' success.

Packaging Films Business

In FY 2020-21, our **Packaging Films Business** witnessed robust growth of 26% Y-o-Y to achieve record revenues of ₹ 3,292 crore. Scale, operating leverage, better margins, and strong demand from marquee customers across the globe helped establish SRF as a renowned player in the global packaging industry.

“THROUGH ALL THE CHALLENGES, I HAVE DEEPLY ADMIRERED THE RESILIENCE OF MY 7,000 EXTRAORDINARY COLLEAGUES AT SRF, WHO DEMONSTRATED DEDICATION AND PROFESSIONALISM, AND KEPT THE BUSINESS MOVING FORWARD. I AM ALSO GRATEFUL TO OUR CUSTOMERS AND TO YOU, OUR SHAREHOLDERS, FOR YOUR UNWAVERING TRUST IN THE COMPANY.”

”

With a new BOPET film line in Rayong, Thailand and the startup of our operations in Hungary, SRF's plants now have a combined annual capacity of 270,000 tons of BOPET and BOPP films, making us one of the biggest producers of both types of films.

As I write this note, we are nearing the commissioning of SRF's first BOPP film plant at Rayong, Thailand. Back home in India, civil work for SRF's new BOPP line & Metallizer at Indore is also progressing as per schedule.

With the support of our esteemed customers, we are confident of a vertical start-up of all our new lines that we hope to ramp up to maximum capacities in the months to come.

Technical Textiles Business

Technical Textiles Business had an encouraging performance in FY21, aided by a quick recovery in the tyre industry. Customers continue to favour domestic supplies owing to supply volatility, which has resulted in imports substitution.

In Belting Fabrics, our focus has been on customization of fabric required by our customers from time-to-time. With our investment in modernization, capacity expansion and technological upgradation, we are aiming to build our Belting Fabrics facility in Viralmalai, India as one of the largest single-location belting fabrics sites in the world.

Other Businesses

In our **Other Businesses**, SRF continues to maintain market leadership in the **Coated Fabrics Business**, with a high-volume share driven by improved sourcing initiatives and plant efficiency. Despite the COVID-19

induced lockdown, the **Laminated Fabrics Business** also performed well. SRF's semi-hot product has been well-received, and we are seeing an increase in volumes. On the other hand, due to severe oversupply conditions, margin pressure is expected to continue in this segment.

Unlocking full potential

During the year, your Company raised ₹ 750 crore from institutional investors by way of Qualified Institutional Placement. I am happy to share that your Company received an astounding response from marquee global and domestic investors, which is a testament of the robust systems and processes that we have in place. This is SRF's future growth capital and going forward, will enable suitable organic growth over the next twelve-to-eighteen months.

What our people mean to us

Our strong FY21 performance was possible because of the passion and tireless effort of our employees.

It was our highest priority to ensure the health of our employees, while also securing operations, supply chains, deliveries, and service to our customers. We committed to our employees that we would not eliminate any roles because of the COVID-19 pandemic. We also implemented efforts to support employees, including free, on-demand physical, mental and emotional healthcare programs.

As we move forward, we will make every possible effort to build, develop and retain a diverse talent pipeline while fostering a culture where everyone feels seen, heard, and empowered to thrive.

Our Community Outreach

Embedded in SRF's DNA is a responsibility to help people not be left behind. During the year, your Company remained committed to support COVID-19 relief work following the second wave in India and several more initiatives.

SRF Foundation, the corporate social responsibility arm of SRF and our CSR volunteers worked very hard to provide emergency response through the distribution of family essential kits, kits for frontline workers, vital drugs and hospital support material like oxygen concentrators and ICU beds to the community around our plant locations in India and overseas. Besides monetary support to various NGOs working to provide COVID-19 relief across the country, the team was also involved in conducting COVID-19 vaccination camps for the local community around our plant locations. With the help of professionals, SRF Foundation also set up oxygen generation plants in Amreli district of Gujarat and the Dhar district of Madhya Pradesh for community use.

In addition, SRF Foundation has been working on-the-ground to support the educational needs of children across our intervention schools by bridging the digital divide between rural and urban India, through innovative methods, so that **Learning never stops!** Our Vocational Skill training centres are imparting trainings to the youth to make them employable and contributing citizens of our country.

My deepest gratitude to the team for their commitment towards making a positive change in our society.

Our Sustainability Performance

At SRF, sustainability is a key business driver and a critical component of our success. In this year's Annual Report, we have, for the first time presented a holistic view of our value creation that goes beyond financials to equally important metrics of **Environment, Social, and Governance**. We are committed to ensuring our business practices are sustainable in every way possible, be it in the adoption of new technologies that enable a better, cleaner future or in the way we manage finite resources efficiently and care for our customers, employees, communities and the planet.

On behalf of the Board and management, I once again wish to thank you, our shareholders, for your continued support. We remain committed to creating long-term value for you every day.

Please be safe and stay well.

Sincerely,

Arun Bharat Ram
Chairman

KEY ESG PERFORMANCE HIGHLIGHTS

GOVERNANCE

At SRF, an effective governance framework is one of the key enablers for driving success and creating long-term value for all its stakeholders. The corporate governance structure is aligned with the Company's core values that are deeply rooted and practiced across the organization. The Board is committed towards creating an eco-system which promotes effective decision-making, accountability and financial prudence. Robust processes and systems are put in place that support and build organisational capabilities for capitalizing various opportunities across all levels. This reinforces SRF's commitment to operate with highest standards of integrity, ethics and transparency to earn and maintain the trust of its people, customers, vendors, communities and other relevant stakeholders.

The governance framework places emphasis on the adoption of best practices to ensure

that the compliances with the applicable regulations are met stringently, thus demonstrating transparent and responsible behaviour beyond legal norms. SRF encourages a culture of accountability and responsibility for all activities with the integration of sustainability into its decision-making processes. SRF's Board has a good mix of different age groups, experience and diverse backgrounds to foster better debate and decision-making. This ensures a clear distinction in the roles pertaining to the Board members and the Company's executive management. SRF has formed various committees under the Board of Directors to enhance effectiveness in managing key issues and focussing on critical areas with subject-specific expertise, ensuring objective decisions. The figure below highlights the key Board committees and the governance structure formulated at SRF:

1 Corporate Leadership Team (CLT)

CLT comprises of the Chairman, the Managing Director and the Deputy Managing Director, respective business CEO's, CFO, CIO and CHRO. The CLT provides guidance for making all the major business decisions at the Group level.

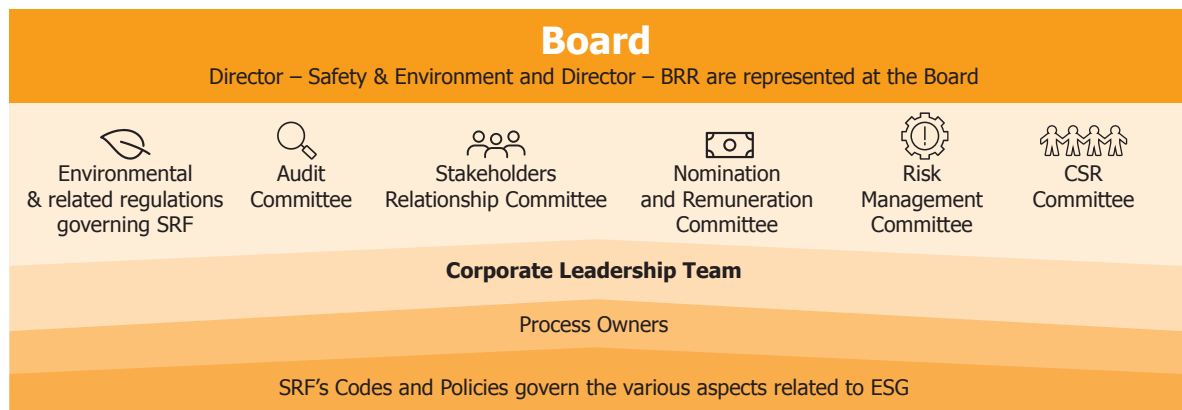

2 Business Leadership Team (BLT)

The members of the team are various heads of functions, including marketing, strategic sourcing, HR, Finance, IT, Operations and TQM.

3 Unit Leadership Team (ULT)

The ULT is led by the plant operations head. The ULT is constituted by the heads of different functions within the plant, such as, HR, Safety, Finance, Engineering, Production and Processes.

SRF's governance structure

(For details on composition, responsibilities and main activities of the Board and Board Committees for FY 2020-21, please refer to the 'Statutory Committees of the Board' section, Page 141)

Focus on sustainability

Over the years, there has been a steady evolution in SRF's governance framework with a focus on corporate responsibility, sustainability and inclusive growth. SRF follows holistic strategic planning and execution process built on the TQM principles. SRF's Board is assisted by a management team driving business growth and compliance with governance principles.

The Corporate Leadership Team is entrusted to provide strategic direction to drive the ESG agenda of the Company. They ensure adequate capital allocation for effective implementation and continuous review of key ESG initiatives implemented by the respective businesses across the Company. The Director – Safety & Environment, represented at the Board-level, is responsible

for compliance with the laws and implementing initiatives related to safety, health and environment across all business units of SRF.

The governance framework is structured on a three-tier system. The Business CEOs drive and oversee business performance at the Group-level and present performance report to the Board on a quarterly basis. The CLT implements strategies across the organization through the Business Leadership Team and Process Owners.

Codes and Policies

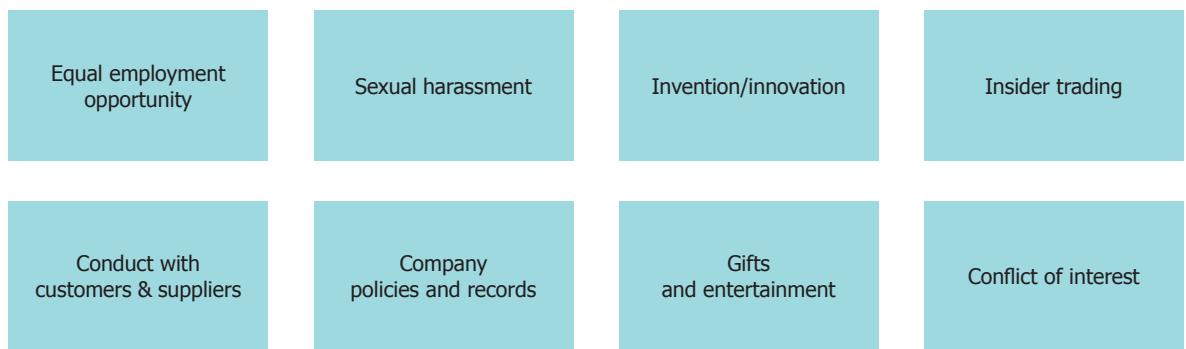

The Code of Conduct defines the Company's highest standards of professionalism to maintain trust and build sustainable and long-term relationships with its stakeholders. SRF's Code of Conduct provides a clear guidance for conducting business

transactions across all levels. The principles enumerated in the Code of Conduct must be complied upon by the Board members and senior management. All Directors/ Officers are also expected to demonstrate their behaviour in line with SRF's Code of Conduct to set the highest standards of professional and personal integrity, honesty and ethical conduct. SRF's Code of Conduct is applicable to the Group, including all its employees, including those of its subsidiaries.

 Business Responsibility Report
Principle 1

The figure below highlights the key aspects of the Code of Conduct. (For more details, please refer to the 'Code of Conduct' section, Page 140)

Key aspects of the Code of Conduct

SRF's internal governance mechanism focusses on promoting value creation and lays significant emphasis on ensuring compliance with applicable laws and regulations. SRF has laid out the following policies to ensure effective governance:

SRF has developed a robust system to ensure compliance with its codes and policies. The Company has established a Values Steering Committee which comprises of the Deputy Managing Director and other Corporate Leadership representatives. The Committee has been entrusted with the appropriate authority to conduct fair and transparent investigations of the issues reported and recommend disciplinary and corrective action(s) based on the outcome of the investigation. To ensure the veracity of the process, an independent access is available to the whistle blower for reporting any concerns to the Chairman of the audit committee. During the year, no complaints have been received under the provisions of the Whistle-blower Policy.

 Business Responsibility Report
Principle 1

Regulatory Compliance

SRF has a defined mechanism to oversee matters related to compliance. An internally developed tool called 'Compliance Manager' is in place to constantly monitor and update the status related to each non-compliance. A defined escalation matrix is defined to monitor non-compliance for its businesses. SRF provides timely and comprehensible disclosures in all the reports and documents that are filed or submitted to ensure complete conformity with applicable legal norms. In the current reporting period, there were no incidents of fines levied or non-compliance with respect to environmental and social aspects.

The Company's strict adherence to the Code of Conduct ensures that a defined governance framework is in place that enables businesses to engage with and provide value to the consumers in a responsible manner. During the reporting year, no case has been filed by any stakeholder regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour.

 Business Responsibility Report
Principle 9

Industry Associations

As a responsible corporate entity, SRF aims to create shared value for all its stakeholders and contribute towards industry-growth and nation building. The Company is a member of various industry and trade associations and actively participates in cross-industry forums to enable sharing of best practices, represent industry concerns and implement various reforms and measures for the betterment of the industry and society at large.

SRF continues to collaborate and work with various industry associations and forums to recommend measures and advocate initiatives that foster

advancement of the industry and larger public good.

STAKEHOLDER ENGAGEMENT

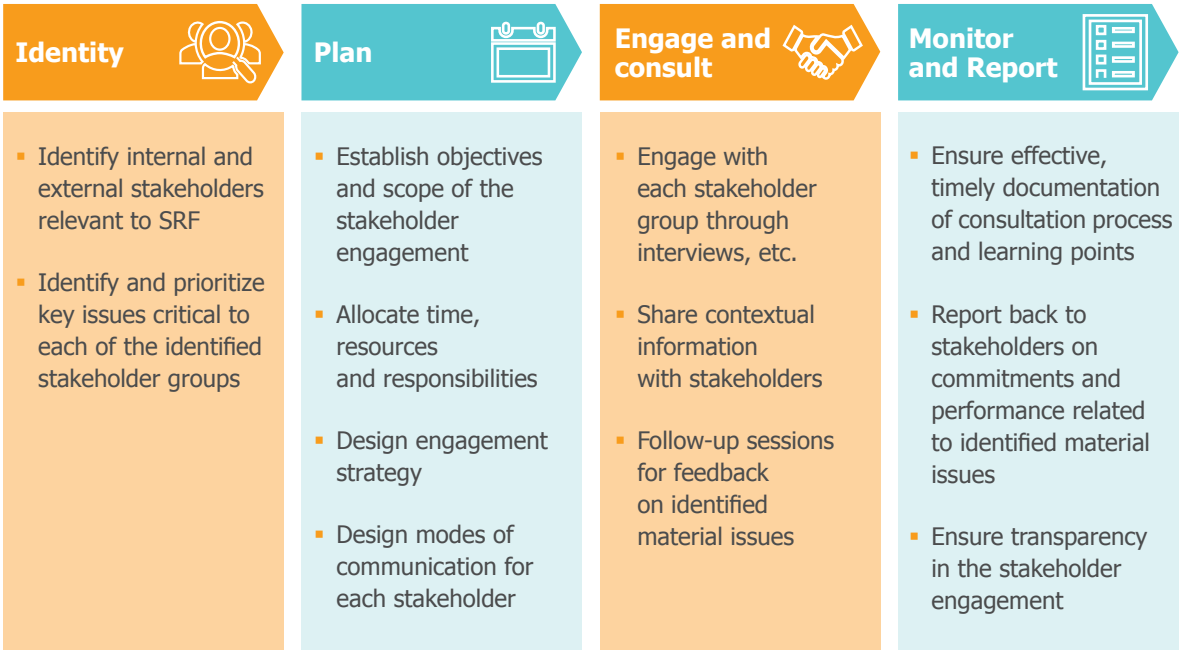

The Company’s key stakeholders include employees, investors, suppliers/vendors, regulatory bodies, customers and local communities. SRF believes that it is pivotal to continuously engage with relevant stakeholders to understand their expectations, address their concerns and disseminate pertinent information. This ensures adequate attention to stakeholder requirements and guides the

Company’s strategic plans as well as actions, thereby making them true partners in progress. It is an endeavour of the Company to engage with its internal and external stakeholders through various platforms to facilitate dialogues on an ongoing basis. Additionally, the Company has also identified disadvantaged, vulnerable and marginalized stakeholders from the local

communities. The Company has a process in place to identify key intervention areas based on need assessment survey. SRF engages with them in partnership with the Government or the local communities through various Corporate Social Responsibility (CSR) activities.

MATERIALITY ASSESSMENT

SRF has adopted a systematic approach to identify the key material issues critical to the Company and its stakeholders.

In the current reporting period, an extensive materiality assessment exercise has been conducted to identify and analyse key material issues that may potentially impact value creation for its stakeholders and businesses of the Company. It forms the basis for SRF to define its key ESG focus areas and drive action thereon.

SRF followed an inclusive approach to assess the key material aspects relevant to its business and stakeholders. Material issues were identified across the three business verticals, namely Chemicals, Technical Textiles and Packaging Films Businesses. SASB and MSCI frameworks were considered to

identify sector-specific material issues across each business. After the identification of sector-specific material issues using globally recognized frameworks, industry specific material issues were mapped for each business vertical and a benchmarking exercise of material issues was conducted, and a consolidated list of key material issues for SRF was prepared. Deliberation with internal stakeholders representing the three businesses was conducted to finalise the material aspects for the Company. SRF endeavours to ensure integration of the identified key material aspects in business decisions and drive improvements in the identified areas in the future. Material aspects have been grouped under the three key pillars - **Environment, Social and Governance**.

RISK MANAGEMENT

SRF has a robust risk management framework, integrated with the company strategy and planning, for identifying and managing existing and emerging business risks. The Company has established a well-defined **Enterprise Risk Management System** which encompasses identification, assessment, monitoring and mitigation of risks to achieve business objectives by implementing vigorous internal control system and response strategy well in advance. The Board has laid down a **Risk Management Policy** and has also established a dedicated **Risk Management Committee**, governed by the Board of Directors, to make persistent efforts for identifying various types of risks, laying mitigation measures and defining future action plan. The Board of Directors, with the assistance of the Risk Management Committee, monitors and reviews the risks

and mitigation strategies defined by the relevant stakeholders. The Committee also assists the Board in framing, implementing, monitoring and reviewing the Risk Management Policy and assists the Audit Committee in evaluating the effectiveness of the Risk Management System. The committee is equipped to identify, assess and manage traditional as well as emerging business risks, thereby protecting stakeholder interests, achieving business objectives and enabling sustainable growth.

Each business vertical, through the Business Leadership Team and risk owners, is responsible for tracking and monitoring the key risks relevant to each business and implements appropriate mitigation plans on a periodic basis. It also ensures that the identified risks are classified and prioritized into high, medium and low as per risk management framework. The key

risks and mitigation plans are reported to the Corporate Leadership Team for review and further reviewed by the Risk Management Committee.

SRF has identified **Strategic, Regulatory, Operational, Financial, and IT and cyber-security risks** relevant to its business. ESG risks are mapped under the appropriate categories of risks. Some of the measures to mitigate these risks, include energy optimisation, reduction of GHG emissions, optimum resource utilisation, minimizing the usage of virgin materials, safety culture, employee development and growth, etc. The figure below gives details on the identified risks and mitigation strategies adopted by SRF.

STRATEGY

Considering the volatile and dynamic external environment, and emerging business risks, SRF has defined key priorities to ensure uninterrupted growth and business sustainability. SRF's strategic direction towards carving a sustainable business future is built on its 'Core Values' and 'Aspirations 2025'. These together form the guiding force that drives business performance and strengthens market position, while addressing the material aspects pivotal to the Company for enhancing stakeholder value.

The 'Aspirations 2025' are supported by the overarching Core Values **"RINEW" - Respect, Integrity, Non-Discrimination, Excellence and Well-being**. The values are instrumental in achieving the key pillars of the aspirations, including operational excellence, customer advocacy, pushing boundaries of innovation, and nurturing talent that enhance the Company's reputation and brand value. The details of the key pillars of the 'Aspiration 2025' are elaborated below:

Operational excellence: Creating new and differentiated offerings that deliver superior customer value through innovations and improvements in quality, cost, efficiency or environmental benefits, supported by digital technologies for efficiency and reliability. In addition, nurturing a capable workforce that continues to develop new solutions and provide

advanced technical support. Implementation of various facets of the Total Quality Management (TQM) way to create new benchmarks across multiple dimensions of Quality, Cost, Delivery, Safety, Health & Environment and Morale (QCDSM).

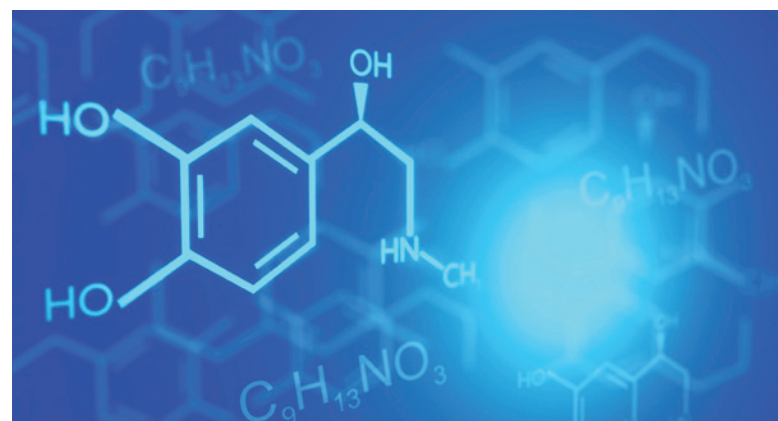

Professional reputation and value system: In line with the core values, SRF strives to attract, retain and nurture talent that demonstrate high levels of ethics and integrity while delivering high quality products to its customers, thereby enhancing the brand value and reputation of the Company.

Customer advocacy: Building a customer-focussed, agile and lean organisation, becoming a trusted, long-term partner of choice with the customers through innovative offerings and strong customer relationships.

Innovation and Technology Leadership: The Company constantly focuses on developing and investing in new technologies and developing new-age products

to lead the way in serving the emerging needs of customers and deliver value over the long run.

SRF is currently in the process of developing a structured ESG strategy encompassing defined targets and action plan to demonstrate progress on a year-on year basis. However, the Company's strategic approach coupled with an agile outlook that ensures the ESG parameters are built into its decision making, which further helps in achieving performance improvements across the identified material aspects critical to the Company and stakeholders. SRF's focus on adequate allocation of resources to effectively implement systems and initiatives is helping in creating sustainable value on an ongoing basis. The Company will continue to focus on the key strategic areas that have contributed in driving improvements across the ESG material aspects.

The details of the ESG strategic focus areas are highlighted in the figure below:

VALUE CREATION MODEL

The value creation model provides insights into how SRF utilizes business inputs and leverages its business strategy to create long-term value for all its stakeholders, environment and society at large.

THE SIX “CAPITALS”

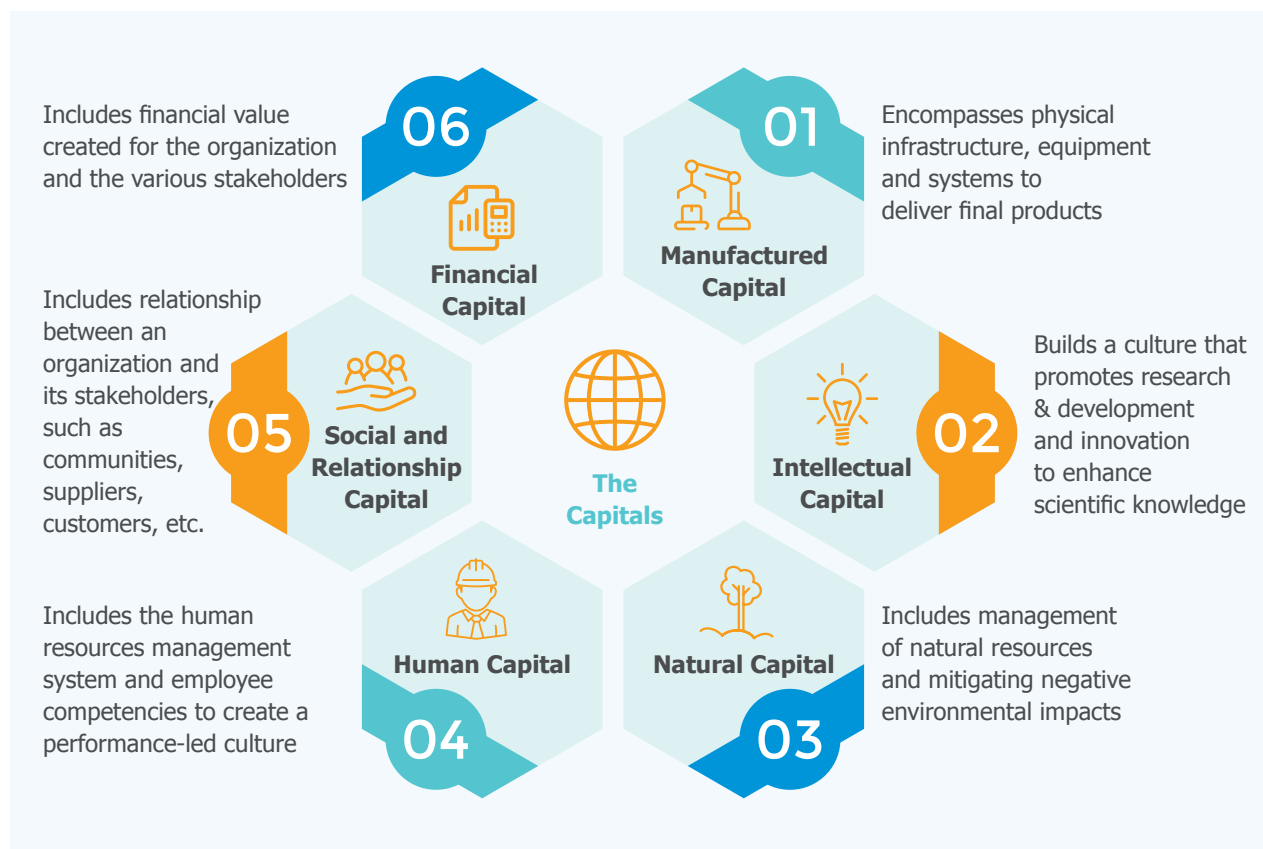

SRF aims to create long-term value for its stakeholders through differentiated business strategy, resource allocation, robust business processes, identifying opportunities and mitigating risks, and undertaking key initiatives to enhance performance.

SRF has made an extension from the traditional form of disclosure

to include a wider range of factors which have a significant impact on the Company’s performance while creating value over the short, medium and long-term. The idea is to foster a sustainable change by promoting an integrated approach towards corporate reporting, and reflect the Company’s philosophy, business strategies, initiatives and strengths

towards financial and non-financial value creation.

SRF has reported its performance across identified key material aspects in the following six capitals: **Manufactured, Intellectual, Human, Natural, Social and Relationship** and **Financial**.

EXPORTS TO COUNTRIES

SRF operates businesses across 11 manufacturing plants in India, encompassing the Chemicals, Technical Textiles and Packaging Films Businesses which serve several key industries globally. The Company is a market leader in most of its business segments across India and commands a significant presence globally with exports to more than 75 countries.

The Company has focussed its efforts towards operating optimally while delivering high-quality products for long-term value creation. SRF relies on state-of-the-art plant facilities, stringent quality control processes coupled with a strong distribution network and efficient supply chain model that enables delivery of products in a safe and efficient manner. The Company has rigorous maintenance processes to enhance life of its assets to achieve the highest level of operational efficiency, enabling businesses to be recognised as preferred and credible partners. The Company has established a strong presence across the value chain through backward integration, ensuring uninterrupted business operations and consistent deliveries in a cost-effective manner. Despite the unprecedented challenges due to the COVID-19 pandemic, SRF's motivated manpower and resilient business processes enabled continued manufacturing operations and delivery of high-quality products to its customers in a safe and time-bound manner. SRF's efficient manufacturing processes are driven by TQM principles and digital interventions

which ensure optimum utilization of manufacturing capacity.

The section below highlights the key raw material consumed across business segments to manufacture products and the critical role of TQM system and processes in delivering quality products in a cost-effective, and socially and environmentally responsible manner.

Raw Materials

SRF is aware of the criticality of raw materials availability for serving its customers. Being cognisant of the perils of over utilisation of limited resources, SRF is committed to sustainable sourcing, optimum utilisation of natural resources and use of recycled material for manufacturing products.

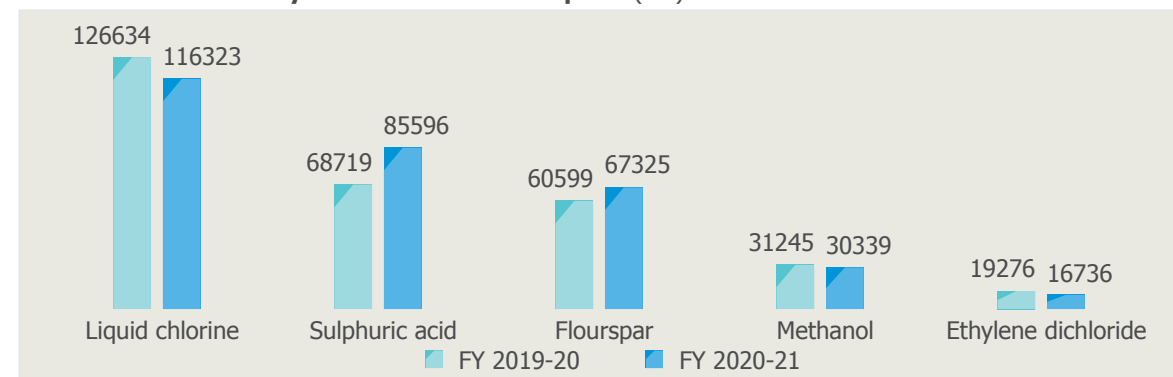

(For details on optimum utilisation of natural resources, please refer to the 'Natural Capital' section, Page 44)

SRF constantly strives to source raw materials sustainably through a strong network of suppliers. For the procurement of raw materials, the Company works in collaboration with producers or suppliers to create shared value. The idea is also to gradually expand focus on locally sourced materials to uplift local producers, establish efficient supply chain and, at the same time, mitigate the impacts on the environment across the value chain. The PFB – Indore (SEZ) Plant is certified as per the Understanding the Responsible Sourcing Audit (URSA).

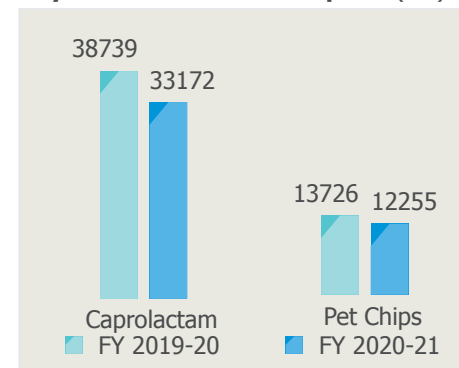

(For details on local procurement and supply chain practices, please refer to the 'Social & Relationship Capital', Page 56)

The detailed break-up of the major raw materials by consumption across the three businesses of SRF in the last two years is highlighted in the graphs below:

Chemical Business: Key raw material consumption (MT)

Technical Textiles Business: Key raw material consumption (MT)

Packaging Films Business: Key raw material consumption (MT)

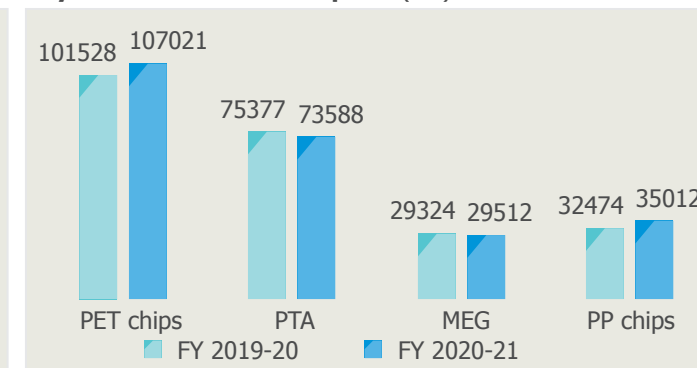

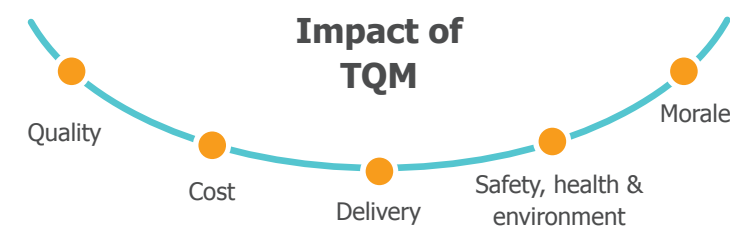

Figure 5: Key input raw materials consumed at SRF across businesses

SRF is striving towards maximizing the share of recycled input materials in its manufacturing processes. The Company plans to put concentrated efforts to increase this share and drive its ambition towards manufacturing products in a sustainable manner.

Business Responsibility Report
Principle 2

Total Quality Management (TQM)

SRF has adopted TQM as its "management way" since the early 1990s, winning the coveted Deming Prize in two businesses. The TQM way encompasses organisation-wide activities from

strategy deployment down to implementation across levels and embedding a culture of 'continual improvement' in all areas. SRF has the strength and flexibility to adapt to evolving customer aspirations and shifting market dynamics to deliver unique and sustainable solutions.

The TQM way focuses on the triad of customer, people

and processes to create lasting outcomes in all areas. The principles result in designing customer-focused and efficient business processes that span the full product lifecycle from product planning and R&D, through the development stages, setting up of new facilities, raw material procurement, manufacturing operations and delivery of finished products.

With customer-centricity at the core, the system establishes systemic improvements to raise organizational competence to address future challenges. The TQM umbrella encompasses principles, methodologies, management systems and tools to achieve the twin aims of creating value for customers as well as improving internal management capabilities for tomorrow.

SRF's manufacturing plants are accredited to various international standards, viz., ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 standards. In addition, business-specific certifications include ISO 50001:2018 for PFB – Indore (SEZ) Plant, ISO 22000:2005 for PFB – Indore (SEZ) and PFB – Kashipur Plants, and HALAL India certifications for PFB – Indore (SEZ) Plant, Social Accountability SA 8000:2014 for Chemicals Business and PFB - Indore (SEZ) and PFB – Kashipur Plants, BRCGS for PFB – Indore (DTA) Plant, NABL accreditation for Chemicals Business and "Responsible Care" certification from the Indian Chemical Council. Furthermore, the PFB – Indore (SEZ) and the PFB – Indore (DTA) plants comply to Standards Organization of Nigeria Conformity Assessment Programme (SONCAP) as per the ISO 15988:2003 and ISO 17555:2003 standards respectively. The Dahej Plant of Chemicals Business and all the plants of Packaging Films Business are certified as per the OSHAS 18001:2007 Standard.

In addition, one of SRF's products, which is a key

ingredient in the pharmaceutical industry, is compliant with the Current Good Manufacturing Practices (CGMP) regulations. SRF's manufacturing facilities have over the years, also been bestowed with prestigious awards and recognition from various stakeholders, viz., customers, suppliers and accreditation agencies.

With strong commitment towards the various aspects of ESG, SRF has been awarded a number of recognitions during the reporting year. These include ICC Award for Excellence in Management of Health & Safety to SRF Bhiwadi, 9th India CSR Award – 'Best STEM Education Project Through Partnership (Large Impact)', 7th Enabling North-east Awards as Finalist by the North-East Development Foundation & Digital Empowerment Foundation, CII - EHS Excellence Award for FY 2020-21 and the Occupational Health & Safety Award to TTBT

by the National Safety Council. At the core of the TQM practices is the Problem-Solving Program (PSP) which continues to build strong capabilities across the Company to solve challenging problems. PSP focuses on enhancing the analytical skills of employees.

During FY 2020-21, the TQM function created a definitive shift towards embracing digitalisation initiatives, making relevant content available online to employees, using hybrid models of training and guidance on projects, and utilising advanced analytics in solving complex problems. SRF plans to continue these strategic directional changes in the future to enable its pursuit of becoming an even more customer-focused and agile organisation, with a strong foundation built on operational excellence.

R&D SPEND

SRF drives business growth by integrating Research and Development (R&D) capabilities with its core business strategy to attain a competitive edge in the market. R&D is integral to the businesses as the Company focuses on developing customized and differentiated process technologies. The Company’s R&D investments and programs are directed towards meeting market demand and customer needs and help in delivering exceptional performance. Continuous development and re-engineering of products in collaboration with customers helps the Company to handle complex chemistries. The Company focuses on continuous improvement in current processes and developing innovative skill sets for new products and process development to enable faster growth and sustainability. This is coupled with advancements in digitalisation and automation to deliver greater value to all stakeholders on a continuous basis.

Dedicated R&D facility to enable Innovation

SRF’s Aspirations 2025 focuses on being an innovation driven Company, with R&D capabilities at the forefront for developing new technologies. To accomplish this, SRF has committed substantial effort, funds and other resources towards R&D activities and have set up five dedicated R&D centres located across Tamil Nadu, Rajasthan, Haryana and Madhya Pradesh.

The Company’s R&D facilities, engineering labs and pilot plant facilities are key to the

Company’s growth. A qualified in-house R&D team focuses on developing new technologies that are used in manufacturing new chemicals and intermediates for agricultural and pharmaceutical customers, as well as variants of packaging films and technical textile products for different applications. The Company’s world-class product development centres are equipped with cutting-edge in-process and product testing facilities and technologies for analysis and product development. SRF engages and collaborates with premier research institutes, customers for joint process/product development for accelerating innovation which further enables SRF to augment product stewardship and enhance customer experience.

A dedicated Chemicals Technology Group (CTG) comprising of more than 400 highly motivated researchers are involved in technology development, scaling up and commercialisation of new manufacturing facilities for the Chemicals Business. R&D capabilities are focused on continuous process improvement and developing efficient processes by exploring new chemistries and scaling them up for successful commercialisation. SRF also incorporates social and environment risks and concerns such as effective handling of by-product streams during process development and product manufacturing. The Company has been focusing on developing environmentally sustainable products with lower global warming potential (GWP), lower ODS potential, lower

carbon footprint and sustainable hydrofluorocarbon (HFC) blends. SRF is the first Indian company to obtain the ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers) certification for R-467A, a low GWP refrigerant blend for stationary air-conditioning application by in-house patented technology.

The R&D facility for Technical Textile Business includes pilot facilities for polymerization, spinning, twisting and dipping, enabling ideation and development of new products, and also raising internal technical capabilities for current products.

The R&D center for packaging business at Indore is fully equipped with a pilot polymerization plant, pilot printing, lamination and coating machine and other high-end analytical and testing equipment to simulate customer processes on a pilot scale, offering a key advantage to reduce concept-to-market cycle times. It has technology-driven credentials, globally harmonized quality systems and in-house resin manufacturing facilities, allowing upstream modifications and continuous improvements. Various new solutions have been developed in the areas of printability, enhanced performance, metallized and see-through barriers, aesthetics and industrial functionalities. Details of the R&D and innovation centers at SRF are listed in the Table 1.

Over a period of time, SRF has made capital investments of more than INR 200 Crores towards establishing R&D facilities, with an annual expenditure of nearly INR 100 Crores. During the same period, the Company	

filed 36 patents, taking the cumulative total to 309. Out of this, 23 patents were granted this year. As on 31st March 2021, the Company has a total of 93 patents rights for its in-house products.

Advancing automation and digitalisation

SRF has embarked upon a digital transformation journey by leveraging new and innovative technologies aligned with the evolving business needs. The Company has been relentlessly working towards strategically investing in digital solutions and accelerating smooth digital transition. In the times of the ongoing COVID-19 pandemic, the various digital interventions undertaken by SRF have significantly enhanced resilience and helped in developing a digitally empowered and agile workforce to deliver to its customers in an uninterrupted manner.

SRF has an integrated ERP platform for the integration of key applications for achieving high efficiency levels. The idea is to enhance operating effectiveness, while delivering greater value to the stakeholders, environment and society. In FY 2020-21, the Company undertook several initiatives that augmented automation of various processes. For instance, SRF undertook the replacement of paper with digital processes enabled with cloud drives to store digital documents, thereby reducing environmental footprint. Industrial Internet of Things (IIoT) has been implemented to improve product quality, as well as to reduce power consumption.

In its endeavor to leverage technology, SRF has developed and implemented the following modules for some of the business segments.

	Customer Portal: To digitize the flow of information and transactions with customers
	Requisition Entry by Customers: The entry flows to SRF’s Oracle Order Management system as sales orders
	Self-service features: Features like periodic balance confirmation, document downloads (Invoices, COA), returnable management, and ad-hoc queries like payments, orders, pending dispatches etc.
	Customer chatbot: To provide information on the products of the Company, enhance customer experience and facilitate the process of customer enquiry
	SOUL: E-learning solution launched for employee training and development
	ATS: Complete automation of the entire recruitment process

With the onset of the COVID-19 pandemic and the subsequent measures imposed to limit physical interaction, SRF worked on accelerating the digital footprint across geographies and business processes, which enabled improvement in business efficiencies as well as helped reduce the carbon footprint. For instance, SRF has launched the Business Process Management (BPM) platform to convert manual processes into digital workflows, automated data analytics and exception reporting, thus enabling faster decision making.

NATURAL CAPITAL

OPTIMISING THE USE OF NATURAL RESOURCES
FOR A SUSTAINABLE FUTURE

The Company is driving concentrated efforts towards optimum utilization of natural resources by investing in various resource efficiency initiatives. As a responsible organization, SRF aims to strike a balance between progressive industrial growth and conservation of natural resources. SRF adheres to all applicable environmental norms and strives to perform

beyond the legal mandate by deploying stringent environmental management practices. The Safety, Health & Environment Policy extending across businesses and Group, reinforces the commitment of the Company towards environment protection.

 Business Responsibility Report
Principle 6

SRF has implemented the ISO 14001:2015 Environmental Management System Standard across its Chemicals and Packaging Films Businesses. Under the aegis of this standard, SRF conducts aspect-impact assessment and Environmental Impact Assessments for both new projects or expansions, using third-party specialized services in the relevant field.

Energy Management

Being an energy-intensive industry, SRF constantly strives to optimize energy consumption across its operations and reduce the associated carbon footprint to fight climate change. As part of SRF's strategy towards energy management, high importance is placed on the implementation of energy management systems and processes, efficient utilization of energy, deployment of innovative and state-of-the-art solutions to reduce demand and increase the share of renewable energy sources in the Company's energy mix.

792 TJ

ENERGY CONSUMED FROM
RENEWABLE SOURCES AND
BIOMASS IN FY 2020-21

During the current reporting period, the total energy consumption at SRF was 8,615 TJ, of which 7,067 TJ was direct energy and 1,548 TJ was indirect energy. About 522 TJ of energy was consumed onsite utilizing rice husk, groundnut shell and mustard husk as fuels in the biomass boilers.

In FY 2020-21, energy consumption from renewable sources was 270 TJ, of which 124 TJ was from purchased green electricity. Currently, the total plant capacity from renewable energy sources is 18.95 MW, which includes an onsite solar power plant with an installed

capacity of 5 MW and an offsite wind power plant with an installed capacity of 13.95 MW.

The Company continues to take up various energy efficiency initiatives by implementing new and innovative technologies and focusing on increasing the share of renewable energy sources. The Company's endeavor is to replicate these best practices across all sites. (For the key initiatives, please refer to the 'Director's Report' section)

 Business Responsibility Report
Principle 6

Emissions

By implementing various energy efficiency measures, coupled with the use of renewable energy, SRF is constantly driving efforts to reduce its carbon footprint. SRF's Fluorochemicals Business is the first chemical company in India to obtain the ISO 14064-1:2006 certification for the verification of GHG emissions. In the past, SRF also implemented an approved CDM project for incarceration of HFC-23. The project helped in reducing emissions in the range of 3 to 4 Million tCO₂e.

SRF has implemented real-time air emissions monitoring system to ensure that emissions from the manufacturing processes are minimized. Necessary checks are in place to keep the air emission levels well below the permissible limits defined by the State Pollution Control Boards. During the reporting year, there has been no instance of show cause or legal notices received from the Central Pollution Control

Board or the respective State Pollution Control Boards.

 Business Responsibility Report
Principle 6

Water Management

At SRF, water is recognized as a critical resource for business continuity across the entire value chain. SRF is making concentrated efforts to ensure efficient water management to reduce dependency on freshwater and ensure optimum utilization. The Company's strategic focus areas towards effective water management

includes reducing water consumption with water-efficient technologies, recycling and reusing treated wastewater in operations, and enhance rainwater harvesting initiatives.

In FY 2020-21, about 4,613 million Litres of water was procured from various sources including state municipal corporation, third-party water, etc. Additionally, 675 million Litres of total water consumption was met through recycled wastewater. The graphs below depict the water procured and the recycled wastewater reused within the plants across SRF:

SRF Indore (DTA) unit of Packaging Films, Manali, Gwalior & Viralmalai Plants of Technical Textiles and Bhiwadi Plant of Chemical Business are zero liquid discharge facilities. This means 100% of treated wastewater is reused within the facility, ensuring no discharge to the external environment. Recycle water is used in manufacturing process, gardening, flushing or cleaning purposes within the plants. Treated wastewater quality parameters for all wastewater treatment plants are monitored and maintained as per the legal norms.

There has been a continued focus on rainwater harvesting for groundwater recharge as well as utilization within the Plants. As on date, PFB - Indore (SEZ) and TTBM Plants have installed

rainwater harvesting systems. The harvested rainwater is utilized within the plant premises for cooling and manufacturing processes, respectively, thereby reducing dependency on freshwater.

Additionally, with an endeavor to increase groundwater table, CB – Bhiwadi Plant has constructed earthen dams in neighboring villages for the benefit of the local communities. (For details, please refer to the case study titled, 'Natural Resource Management (NRM) Project' under the Social and Relationship Capital). PFB – Kashipur Plant has also installed rainwater harvesting system for groundwater recharge. In the coming years, SRF aims to expand rainwater harvesting across all its facilities

to reduce dependency on freshwater sources.

Waste Management

Tackling the challenge of waste management requires a circular economy approach, including reduction in waste generation and exploring opportunities to recycle and reuse waste. SRF focuses on reuse of large part of process waste back into production to reduce the use of virgin raw materials.

(For details, please refer to the 'Manufactured Capital' section, Page 37).

To efficiently manage waste, SRF diligently follows the principle of **3R – Reduce, Reuse and Recycle** and strives to operate in a 'closed-loop' through circularity in operations.

Along with a strong emphasis on minimizing waste generation, SRF carries out the careful segregation towards efficient handling, storage and disposal of waste materials across all its facilities. The Company has standard operating procedures for safe handling, storage and disposal of waste generated across all facilities. During the reporting period, there has been no incident of any significant spills at the manufacturing plants or during the transportation of waste for disposal. The Company is collaborating with several

authorized waste management agencies and other industries for efficient and optimum disposal in an environmentally responsible manner.

Biodiversity Management

SRF believes that rich biodiversity plays a pivotal role in the development of a healthy and sustainable environment and encourages efforts to conserve and promote biodiversity. The Company

has undertaken proactive measures to study and manage biodiversity in and around its plant locations. Environmental Impact Assessments are carried out, wherever required, to ensure business operations are conducted in a way that protect biodiversity in the neighboring communities.

'MY GARDEN' IN SRF'S PLANT LOCATED IN TAMIL NADU

SRF has developed two 'My Gardens' in the periphery of the Technical Textile Business's plant in Thiruvallur district in Tamil Nadu. The objective was to develop greenbelt in the area and encourage biodiversity. To implement this initiative, employees proactively engaged to spread awareness and participated in the plantation of saplings. 50 fruit trees and 40 rose saplings have been planted so far.

HUMAN CAPITAL

AN AGILE WORKFORCE FOR INCLUSIVE GROWTH

SRF considers human capital as one of the key enablers for successful implementation of their business strategies. The Company lays great emphasis on building a culture of learning and growth to nurture the talent pool. SRF's core values '**RINEW**' are always upheld at all levels within the organization, and thus ensure the achievement of both organizational as well as personal goals.

There is a strong focus on creating an engaging experience for employees by providing a favorable working environment that offers opportunities to develop skills, maintain high standards of health, safety and well-being and ensure inclusive growth. Health and safety parameters are considered to be of paramount importance, and thus the organization lays great emphasis on building

a safe and secure workplace for its employees.

Through the Talent Transformation Framework, SRF constantly encourages people to learn, develop and discover the potential for professional growth within the organization. This has helped SRF in building an engaging and productive workforce to achieve organizational objectives and create long-term value for all.

Human Resources Management

The Company focuses on attracting, developing and retaining the right talent across its business verticals. SRF diligently promotes diversity and inclusion, human rights, continuous learning and development for skill upgradation and employee engagement to create a value-based culture where employees excel along with business growth.

Diversity and Inclusion

SRF is committed towards building an inclusive workplace that encourages the principles of diversity and inclusion and ensures equal opportunity without any discrimination based on gender, age, caste, race, religion, etc. SRF recognizes the uniqueness of each individual and accepts and respects individual differences. The Company has taken proactive steps to maintain gender diversity, create a mix of diverse work experience and backgrounds, and encourage

disability inclusion by providing equal opportunities to persons with disability.

During the current reporting period, the female workforce across the management levels has increased by more than 7% compared to FY 2019-20. During the same period, SRF also employed 15 people with disabilities.

SRF provides a healthy work environment and offers equal growth opportunities to all its employees. The Company's leave policy includes provision for maternity and paternity leaves for all married employees. In addition, various flexible leave options such as marriage, bereavement, and celebration leaves for employees are also available. Sabbaticals are also offered to eligible employees.

Training and Development

SRF is committed towards the professional development of its workforce and has carefully created a conducive environment that encourages employees to acquire new skills and build on their competence levels. SRF has a structured approach towards training and development of management and non-management staff.

Our workforce is skilled to handle various roles at our manufacturing facilities and undergo formal skill development through a rigorous implementation of the skill matrix methodology. Regular trainings along with learning and development e-modules play a vital part in keeping the employee spirits high, improve performance and retain talent.

SRF offers training methodologies that are tailored to the job profiles and business segments. The training modules are broadly classified under the following three categories: Technical, Behavioural and Functional. Training needs of each employee are identified, and a training calendar is developed after consultation with employees and their managers. In addition, a training portal called 'SOUL'

In brief, during the year 76% of Permanent employees, 85% of Permanent women employees, 97% of Casual/Temporary/ Contractual Employees and 93% of Employees with Disabilities were given safety / skill upgradation training.

Business Responsibility Report
Principle 3

During the current reporting period, training hours have reduced compared to the previous year because of the shift to online mode of training due to COVID-19 crisis. During the reporting year, classroom trainings have been discontinued to maintain the COVID-19 protocols. Most of the digital trainings have been

for a shorter duration keeping in mind the virtual environment and attention span of employees, thereby impacting the total training hours. The Company continues to endeavor to transition towards a hybrid model (a combination of digital platforms as well as classroom trainings) to impart behavioral trainings, thus enabling a larger impact.

Performance Management and Feedback

Another critical aspect of employee development and career advancement is the system of regular performance feedback and appraisal for employees. In terms of the evaluation process for employees, periodic performance assessments are conducted, and feedback is duly provided for improvement. SRF has a performance management system that has evolved with time. The organization ensures proper evaluation of management cadre employees on the achievement status of their key performance indicators. During the reporting year, all employees across the senior, middle and junior management levels received performance feedback and underwent a formal career development review through the performance appraisal system. SRF's 360-degree feedback mechanism also assists managers in modifying their working style from time to time, while

promoting a sense of openness in the working environment.

With deeply integrated functions and processes across the organization, the Company provides a platform to grow through job rotation, skill enhancement and career advancement opportunities.

Rewards and Recognition

To motivate and retain talent, SRF has put in place a Rewards and Recognition Programme that is purely based on merit and focuses largely on instant gratification. This has been established on the principles of fairness and transparency. The Rewards and Recognition Programme encompasses monetary rewards, non-monetary rewards and informal day-to-day appreciation across the organization. Apart from exceptional performance, SRF also rewards employees for their long service.

Automation and Analytics in HR

Over the last few years, SRF's Human Resources team has focused on automation of almost all transactional processes so that HR can spend more time with people, understanding their needs and offer support wherever needed. In addition, special focus on building analytics on 'People Data' has aided effective decision making.

Human Rights

SRF is committed to keep human rights intact across its organization as well as across its business partners. The Code of Conduct and Whistleblower Policy sets out the commitment of the Company to protect human rights. The Company provides a safe and productive work environment through the implementation of systems, processes and structured training programmes pertaining to human rights norms and policies, including prohibition of child labor, forced labor, discrimination based

on any grounds either in hiring process or among employees and prevention of sexual harassment. SRF has zero tolerance towards violation of human rights across the organization.

Clearly documented policies and procedures are in place to ensure effective resolution in case of any violation. This forms the foundation of the Company's commitment towards ethical conduct across all levels. The Code of Conduct and Whistleblower Policy mandates and helps in ensuring that employees take utmost care while selecting vendors, business partners, suppliers, etc. SRF maintains strict adherence towards mitigating human rights violation within the organization. During FY 2020-21, there were no complaints or incidents relating to child labor, forced labor, involuntary labor, discrimination or sexual harassment at SRF.

Business Responsibility Report
Principle 3 & 5

Employee engagement

Empowerment and well-being of employees are of utmost importance at SRF and there is a strong belief that motivated employees are a key to organizational success. Regular employee engagement programs are conducted to ensure strong bonding between the employees and the Company. These initiatives also ensure a connect between SRF and the family members of the employees. The Company has a structured process for conducting an annual employee engagement survey for identification of various key areas of improvement,

key concerns, and gathering suggestions for future improvements. During the year, overall engagement score as per Employee Engagement Survey 2020 was 93%. This rate has consistently increased over the last few years. In addition to this, several other periodic surveys, open houses and meetings with senior management are conducted to give employees ample opportunities to voice their opinion. The Company also regularly reaches out to its former employees to collect unbiased views on improvements that can be incorporated. The current eNPS* score is much above the industry average.

*eNPS is a score that indicates a former employee's willingness to re-join the Company. This is calculated independently by an external agency.

Grievance Mechanism

SRF offers several platforms to seek feedback and suggestions from its workforce to build an inclusive culture across the organization. This is done through well-established grievance mechanisms, feedback surveys, employee associations, etc.

- A grievance mechanism system known as the 'People Redbook System' is in place to provide a platform for employees to voice their grievances and ensure they are heard. Offices and plants are equipped with adequate complaint and suggestion boxes where employees and workers can anonymously submit their grievances. The grievance procedures clearly highlight the resolution process in a

fair and independent manner while maintaining respect for confidentiality.

- An annual employee feedback survey is conducted to address employees' concerns and to seek suggestions to bring positive changes to the culture of the Company.

Labour Relations

SRF greatly values the healthy labour relations that the organization has been able to develop at its businesses and plants. The organization places a lot of focus of catering to the leadership needs of people and provide multiple avenues to satiate this need by way of leading various groups and committees formed such as the transport committee, the canteen committee, etc. In addition, developing a strong bond with not just the employee but also his family helps SRF nurture long term healthy relations. Overall welfare of the employees and their families remain a focus area.

The Company has established employee associations, recognized by the management, to provide a platform for dialogue between the management and employees. This helps in seeking suggestions and resolve issues in a fair manner on a continuous basis. About 17% of the permanent employees are members of the employee association.

Business Responsibility Report
Principle 3

Occupational Health and Safety

Safety is an integral part of SRF's business philosophy. As a responsible organization, SRF strives to ensure a safe and healthy working environment for its workforce. The Company is committed to design, manufacture, handle, store and distribute its products in a healthy and safe manner to ensure well-being of employees, stakeholders and the communities at large.

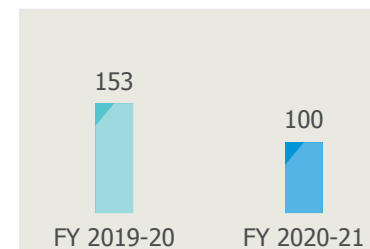

SRF's approach for a healthy and safe working environment for its employees is centered around accomplishing the culture of zero injury/fatality/accident incidents at its plants. SRF strives to achieve this by following the guidelines of the Company's Health and Safety Manual and initiatives led by health and safety committees across the organization. Additionally, all the Plants of SRF's Packaging Films

Business have been certified in accordance with the OHSAS 18001:2007 Standard, which is an international occupational health and safety management system. Also, these plants conform to the Five Star Occupational Health & Safety Standard. SRF is also pleased to highlight that the Bhiwadi Plant of Chemicals Business has recorded zero major accidents in the last 19 years.

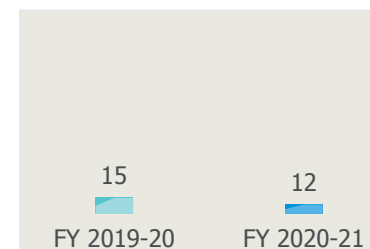

Compared to FY 2019-20, there has been a reduction of 53 first-aid cases or cases involving minor accidents for all employees across SRF. During the reporting year, there has also been no case of dangerous occurrence, i.e., cases involving bursting of a plant due to higher steam pressure, collapse or failure of a crane, explosion, fire, burst-out, leakage of molten metal, collapse of any infrastructure, leakage incidence of toxic gases or hazardous substances, bursting of centrifugal machines, etc.

The graphs below highlight the health and safety performance* over the last two years.

Health and Safety Training

The Company endeavors to create awareness and embed health and safety in the Company culture by delivering robust health and safety trainings to its workforce to ensure well-being of each employee. Since SRF believes that achieving a safe work environment is a responsibility shared by all employees, such trainings help in developing a culture where each individual takes responsibility of maintaining high standards of health, safety and well-being. This ensures the presence of competent safety practitioners across business operations. The table below details the break-up of total trainings

hours for permanent employees covering aspects related to environment, health and safety.

During the current reporting period, EHS training hours have reduced compared to FY 2019-20 levels largely due to safety protocols arising out of the COVID-19 pandemic. Classroom's trainings have been discontinued and the Company has transitioned to the online mode to deliver trainings to its employees. Online trainings were offered in shorter duration to enable better retention by the trainees, thereby impacting the training hours.

EHS Committees

SRF has created EHS Committees to bring about a behavioral change on health and safety across all its facilities. These committees comprise of employees from both the management as well as the non-management workforce. The purpose of these committees is to ensure that all operations meet the requirements of the organization's EHS Policy and any relevant aspects concerning health, safety and environment are diligently dealt with. SRF has placed systems to monitor and address issues at an early stage to take pre-emptive measures and report near-miss incidents.

Creating a safe workplace amidst the rising COVID-19 pandemic

Amidst the rising COVID-19 cases across the country, operations at SRF were shut down in order to help curb its spread. SRF realized that to bring in employees to the plants to meet the business requirement while complying with regulatory norms, a safe and secure workplace was needed. SRF got into action to draw out immaculate plans and procedures. SRF ensured that the employees remain motivated, satisfied and safe throughout the COVID-19 situation, while effectively contributing to organisational goals.

Some of the major initiatives were directed towards:

- Staying virtually connected with employees.
- Reaching out to employees in distress.
- Implementation of guidelines and measures for ensuring social distancing and safe hygiene practices for common services.
- Deploying extensive communication including health/travel-related advisories.
- Ensuring scheduled sanitization of workplace, vehicles and rest rooms.
- Enforcing guidelines for security personnel and admin staff in maintaining discipline.
- COVID-19 Insurance Policy coverage.
- Providing financial assistance to employees in need.
- Ensuring supplies, including food and medicines to employees in need.
- Tie-ups with virtual doctor programs to assist employees in need.
- Creating awareness on safe and healthy work practices for all employees and imparting behavioural trainings.
- Identifying areas of potential health hazards and taking necessary actions.

SOCIAL AND RELATIONSHIP CAPITAL

CREATE LONG-TERM RELATIONSHIPS WITH STAKEHOLDERS AND CONTRIBUTE TO THE UPLIFTMENT OF LOCAL COMMUNITIES

CORPORATE AWARD FOR EXCELLENCE IN CSR BY THE PRESIDENT OF INDIA

'CSR in Challenging Circumstances – North India'.

SRF strives to maintain mutually respectful and beneficial relationships with its stakeholders, including customers, suppliers, and local communities that thrive in the vicinity of its plants. The Company puts relentless efforts to create a positive impact on local communities to empower them and contribute to the socio-economic upliftment of the society at large.

Upliftment of local communities

To create a meaningful impact in the lives of the communities, SRF places a firm belief on having a purpose intrinsic to the fabric of the society. The SRF Foundation spearheads all the CSR-related activities in India, running one of the largest community programs in and around SRF's manufacturing plant locations as well as in other parts of the country.

SRF Foundation plays an active role in championing the cause of quality education, vocational skill development, promotion of art & culture, preventive healthcare and natural resource management. Need Assessment Survey is conducted to identify the key areas of intervention

in the local communities. The Foundation also implements initiatives by collaborating with the Government, Corporates and NGOs. This helps in expanding the reach and addressing pressing issues in larger communities through effective mechanisms. After the implementation of the initiatives, Impact Assessment Study is conducted to assess the impact created on local communities. For instance, the SRF Foundation carried out impact assessment studies of Mewat Rural Education Program and Mewat Rural Vocational Program in association with International Management Institute to assess the impact of its efforts.

To ensure successful adoption and sustainability of the community development initiatives, SRF undertakes all its CSR activities in partnership with the local communities. The communities not only engage with the project planning and implementation phases, but also take full ownership of the projects. To ensure active community participation, SRF has also formed various community-based groups, such as School Management Committees, Village Development

Committees, etc., to strengthen implementation of the projects.

CSR initiatives of the Company are focussed on disadvantaged, vulnerable and marginalized stakeholders from the local communities. The Company has a process in place to identify key intervention areas based on need assessment survey. SRF engages with them in partnership with the Government or the local communities through various Corporate Social Responsibility (CSR) and Affirmative Action Interventions.

In FY 2020-21, SRF spent nearly INR 10.18 Crores on various CSR activities, including education, Natural Resource Management (NRM), art & culture, etc. During the same period, SRF also spent INR 2.5 Crores as COVID-19 response expenditure. Beyond the CSR contributions, SRF also contributed INR 1.0 Crore towards the Madhya Pradesh CM Relief Fund to help mitigate the economic impact of the COVID-19 pandemic. Some of the key initiatives are highlighted below.

 Business Responsibility Report
Principle 8

COVID-19 RESPONSE

As the plight of people worsened due to the COVID-19 pandemic restrictions and the subsequent loss of livelihood, the SRF Foundation stepped in to protect the lives of people in the communities. It was ensured through effective distribution of grocery and food packets, masks, sanitizers, gloves and PPE kits to those in need. During the uncertain times, the SRF Foundation also extended its support to the local NGOs, government officials, local administration, healthcare workers, police personnel and other essential service providers. Apart from providing essential items, medical kits, temperature guns, ICU cots and meals distribution, financial assistance was provided to the communities, as well as to hospitals and government authorities. Nearly 100 employees of SRF have been involved throughout the implementation of the program.

Impact created: 23,775 beneficiaries across 8 locations in India

NATURAL RESOURCE MANAGEMENT (NRM) PROJECT

The NRM project continues to reach the marginalised sections of the society and improve their livelihood by adopting the watershed-based practices and environment conservation approach. Hydrological and Environment studies have been conducted in 35 villages around SRF Bhiwadi Plant in the Tijara block where rainfall is below normal. Based on the study, 206 earthen dams have been constructed till date for harvesting rainwater. The aim is to recharge groundwater equal to double the amount of extraction at the Bhiwadi Plant. The project also helped local farmers by levelling 1,850 hectares of privately-owned barren and gullied lands and planting 3.5 lakh Aruneem plants. 15 employees of SRF have been directly involved in the implementation of the project.

Impact created: 8,700 people | 35 villages, Alwar

DIGITAL EDUCATION PROGRAM

The Digital Education Program has a vision to transform India into a digitally empowered society and knowledge economy by imparting quality education and developing digital skills.

The project is implemented by SRF Foundation in collaboration with various government departments and functionaries such as State/ District Education Departments, private, local and village institutions, panchayats, etc. The focus is on improving infrastructure and academic facilities and promoting digital-based learning.

Nearly 240 employees have been involved over the entire span of the project.

1,36,311 students, 2,161 teachers spread over 472 schools and 1,11,095 community members in 19 locations and across 9 states have benefitted from this program.

Impact created: 1.3 lakhs students; 2,161 teachers; 1.1 lakhs community members | 9 States

VOCATIONAL SKILLS PROGRAM

The SRF Foundation has initiated the Vocational Skills Program with the mantra of 'Connect the Unconnected' to provide economic security to the rural youth, by making both the skills and opportunities available to them.

The SRF Foundation works in a collaborative manner, wherein, it partners with every stakeholder that can or does play a significant role in imparting the necessary skills and develop employable youth to secure their livelihood.

Out of all the trainees trained since 2011, majority of them have secured placements and the rest of them have opened their own businesses.

The impact assessment of the program has been conducted twice and 60 employees of SRF have been involved in the implementation of the program since its inception.

Impact created: Nuh: 100 students every year since 2011; Gwalior and Gummidipoondi: 200 students every year since 2018 | 29 Villages

Partnering with customers in their growth

SRF undertakes various initiatives for nurturing relationship with its customers to secure the position of a trusted and long-term partner of choice. The values are built on the foundation of long-term, transparent and trust-based relationships through continuous engagement and innovation. Customer feedback is of immense importance for SRF. Thus, the Company seeks customer feedback through customer satisfaction surveys conducted in a periodic manner. Robust systems and resolution mechanisms are in place to ensure customer feedback is incorporated and corrective action is taken.

As on 31st March 2021, overall SRF had 7.85% of pending customer complaints for resolution.

 Business Responsibility Report
Principle 9

Product labelling

SRF is cognizant of the criticality of providing adequate product information on all its products to ensure transparency with its customers. SRF largely manufactures intermediates and supplies to industrial customers. The Company provides the necessary information and instructions for use of its products, product grade, dimensions, gross weight and other necessary regulatory requirements, as applicable. Additionally, material facts sheet, safety instructions, precautions to be taken while handling the product, Hazard Class in case of hazardous materials, and any other specific information requested by the customer is also shared.

In addition, the Chemicals Business also labels the Zero ODS potential in their products, wherever required. Over and above the mandated state and national laws, the Chemicals

Business also follows all applicable international rules and regulations, such as, Globally Harmonized System (GHS), Classification, Labelling and Packaging (CLP) notification, International Maritime Dangerous Goods (IMDG) Code, etc., while displaying information on product label.

 Business Responsibility Report
Principle 9

Sustainable product offerings

Considering the growing demand of customers for environmentally and socially responsible products and the grave issue of climate change, SRF has been consciously driving its resources to develop sustainable products. The Company aims to manufacture products taking into consideration the social and environmental concerns, risks and opportunities. Some of the key products are highlighted below:

SOCIALLY AND ENVIRONMENTALLY RESPONSIBLE PRODUCT OFFERINGS BY SRF

- R125 refrigerant gas is ozone-safe and has zero ozone depleting substances (ODS)
- R422B is a non-toxic/non-flammable refrigeration gas, that contains zero ODS and has a very low global warming potential (GWP)
- Low-micron Packaging Films offer low carbon footprint with sustained quality parameters
- Thermal-resistant BOPP offers ease of recyclability

 Business Responsibility Report
Principle 2

Sustainable supply chain

SRF procures all the key raw materials from reliable and sustainable sources by establishing strong relationship with suppliers and other business partners to ensure uninterrupted operations and business continuity. SRF has introduced digital interventions to combat supply chain disruptions and has put efforts to automate processes using the Business Process Management platforms. In some of the key segments, SRF also plans to integrate the customer and supplier portals to gain a good control on the key supply chain metrics. For the sourcing of critical raw materials, the Company has entered into long-term contracts with the vendors for continuous supply and formulae-driven price discovery agreements.

The Company firmly believes in fostering its supply chain with high standards of health and safety, human rights, business integrity and the environment protection, among

other parameters. This not only generates value for the Company, but also helps in mitigating the inherent risks associated with its intricate supply chain. For instance, the Chemicals Business at SRF has a Code of Conduct in place that assesses the ESG aspects (Health and Safety, Human Rights, etc.) of their strategic suppliers. The Business carries out a periodic self-assessment of vendors and suppliers in accordance with the SA 8000 standard. In addition to this, SRF undertakes the supplier quality system assessment and development exercises on a periodic basis for its key suppliers by evaluating them on various parameters, such as, Resource Management, Planning of Product Realisation, Design and Development, Production, Compliance to Environmental requirements and Certifications, Customer Complaint Handling, Handling and Storage, etc. The Company follows a structured process, which includes gaps identification and establishment

of corrective action plans to ensure gaps are corrected in a timely manner. Based on the outcome of the assessment, rating is also provided to key suppliers.

Sustainable sourcing of materials is a key focus area. SRF places reliance on local sourcing, wherever possible. Across SRF, 50-75% of key raw materials are sourced locally. As a constant endeavour to optimise natural resource management and continually improve on the environmental performance, During FY 2020-21, the Packaging Films Business consumed about 45 MT/month of PET flakes and Recycled PET Resin at its Kashipur plant. This share constituted nearly 8% of the total A-category raw material consumption of the plant on an annual average basis.

SRF continues to maximise value for all stakeholders by the implementation of differentiated business strategies, optimum utilization of resources, strengthening business processes that aid in building a sustainable business model. The financial performance, including revenue, expenses, new future opportunities among others, are regularly assessed, monitored on a periodic basis and reported publicly wherever required. While growing as a profitable business, the funds generated are utilised to create value across all other capitals, ensuring that the benefits of growth are far-reaching.

The Company focuses on capitalizing opportunities by growing its market presence and current product portfolio. This enables SRF to deliver long-term sustainable returns to shareholders by increasing market capitalization and higher dividend pay-out. Optimum allocation and use of resources are the key focus areas within the Company. SRF's internal policies for CAPEX proposal, investment policies, among others set the principles and facilitate prudent capital allocation. The Company continues to evaluate and

implement various capital structure strategies, follow a balanced approach of equity and debt mix, generating healthy cash inflows, and building a robust balance sheet.

SRF strives to ensure optimum utilisation of financial capital across all its business verticals. The Company is constantly taking initiatives to boost productivity and achieve operational efficiency, thereby reducing operational costs and creating better returns for shareholders. To achieve this, SRF is strategically focussing on initiatives such as digitalisation, energy efficiency, waste management, etc.

Through continuous focus on strengthening its financial capital, the Company has attained a key position in the industry across all business verticals and plans to move in the same direction to sustain its position in the future.

(Details on the financial performance of the Company are provided in Consolidated section page 250).

IMPLICATIONS OF COVID-19 ON ECONOMIC PERFORMANCE

The COVID-19 pandemic has been an unprecedented crisis in human mankind and has affected individuals, businesses and countries globally. The spread of the pandemic reshaped the social norms and attitudes and plunged the world economy into a downturn.

Due to the pandemic and subsequent lockdown, the Company witnessed slowdown in demand for products across sectors, leading to significant reduction in cash inflows and sales, thereby impacting the overall revenue of the Company.

SRF has been relentlessly and proactively focusing on enhancing its financial strength and minimizing the impact of the pandemic on its operations. The Company operated during lockdown in compliance with the advisories issued by the Government of India and local authorities, ensuring high levels of health and safety for its workforce. The Company carried out fund flow planning and enhanced short-term and medium-term borrowing to mitigate risks pertaining to liquidity. SRF ensured close monitoring of customer demand and production capacity and maintained an efficient product mix by prioritising product manufacturing.

Going forward, the Company will continue to monitor the volatile environment, as it evolves, and take necessary measures to ensure business continuity.

BUSINESS RESPONSIBILITY REPORT

[As per Regulation 34(2)(f) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

About SRF

SRF Limited is a chemical based multi-business entity engaged in the manufacturing of industrial and specialty intermediates. The Company is widely recognized and well respected for its R&D capabilities globally, especially in the niche domain of chemicals. 6.	Any other reason (please specify)	SRF manufactures intermediate products which is largely supplied to other industries for manufacturing of the final product. Any sustainability initiative has to consider the final product as a whole for which the manufacturer of the final product is responsible.	SRF is a member of various industrial and trade bodies. We actively participate in these forums on issues and policy matters that impact the interest of our stakeholders. We prefer to be a part of the broader policy development process through making representations to Chambers of Commerce, giving our comments on the proposed amendments in the relevant legislations and being a part of discussions with the representatives of the relevant authorities in open forums. Hence, we do not feel such a policy is necessary for us.	SRF is a business-to-business player and, as such, the customers are largely manufacturing companies which have stringent quality control measures in place and the quality of the product supplied by SRF is a part of the agreements with them. The product is manufactured as per the agreed parameters and specifications.

TRANSFORMING LIVES. BRINGING SMILES.

PANKAJ GHOSHAL
TRAINEE, NOIDA, UTTAR PRADESH
SRF FOUNDATION'S CAPGEMINI INDIA DIGITAL LITERACY CENTER

It was young Pankaj's unfulfilled dream to learn how to operate a computer.

Being visually impaired and belonging to a low-income household were major impediments in his learning journey.

When SRF Foundation set up the Capgemini India Digital Literacy Centre in his neighborhood, he saw a ray of hope. The free-of-cost computer learning course was exactly what Pankaj needed. Upon enrolment, his trainer paid special attention to his learning needs by providing him access to screen reading software like Non-Visual Desktop Access (NVDA) and other necessary aids. Today, Pankaj can confidently browse the web, operate applications like Microsoft Word, Paytm, Amazon, among others. He has his personal email account and can pay bills, purchase essentials, and apply for higher education online.

More power to the indomitable spirit of Pankaj and several young boys and girls like him.

AASIM WASIM
TRAINEE, NUH, MEWAT,
SRF FOUNDATION'S SCHNEIDER ELECTRIC BASIC ELECTRICIAN TRAINING PROGRAM

Hailing from a small village in the Nuh district of Mewat, Aasim Wasim is the youngest in a family of eight. Struggling to make ends meet, Aasim started unsuccessfully searching for a job, right after completing high school. Instead of getting dejected, he enrolled himself at SRF Foundation's Schneider Electric Basic Electrician Training Program which is a free-of-cost, four-month program and learned a great deal. The training program equipped him with skills to start his own electrical shop with a meagre investment of ₹ 5,000. Today, he earns approx. ₹ 20,000 per month, ensuring a better livelihood for his entire family.

KANIKA SINGH
TEACHER — GREATER NOIDA-UTTAR PRADESH,
SRF FOUNDATION'S INDIGO SCHOOL
ADOPTION PROGRAM

It was her love for Science that inspired Kanika to become a schoolteacher. Her goal was to instill in her students the inquisitiveness to explore and discover the world of Science. However, due to the unavailability of a well-equipped Science laboratory in the school, she couldn't fully achieve her goal.

The School underwent a massive infrastructural transformation after it was adopted by SRF Foundation and IndiGo under the flagship School Adoption Program. With a fully stacked and functional Science Lab now, Kanika can demonstrate experiments and strengthen the understanding of concepts among her students.

FARJANA
TRAINEE-MEWAT, HARYANA SRF FOUNDATION'S
TEACH INDIA (TIMES GROUP) SPOKEN
ENGLISH PROGRAM

Farjana joined a free course in Spoken English, conducted by SRF Foundation in collaboration with Teach India, close to her village in Mewat. The course prepared her to face interviews with confidence and helped her secure job offers. Today, she is employed at Dr. Himmat Rai Memorial Hospital.

She is the first girl in her family who is economically independent and supporting her family financially.

She feels free, happy, and more self-confident. SRF Foundation's Spoken English Program has given wings to several girls like Farjana to go out there and chase their dreams.

UDAYAJYOTHI
ASSISTANT TEACHER, BENGALURU, KARNATAKA
SRF FOUNDATION'S BRILLIO DIGITAL BASED
LEARNING PROGRAM

Innumerable teachers and educators including Udayajyothi in government and private schools all over the country have been facing difficulties in using a webcam and microphone to teach their students after the COVID-19 induced lockdown was put in place.

Conducting online classes was proving to be more difficult than the regular classes for Udayajyothi until the launch of the Digital Based Learning Program by Brillio and SRF Foundation.

The program equipped teachers with the know-how on integrating online tools in imparting quality education to students. By overcoming the technological barrier and utilizing her learning, Udayajyothi successfully conducted online classes not only for the students of her own school, but 30 other schools too.

She has been invited by the Government to Karnataka to train other teachers as part of its 'DD Chandana Samveda Program'.

In addition, she has created her YouTube channel, where she is learning, teaching and growing every day.

SANJANA
BHIWADI, RAJASTHAN
RURAL EDUCATION PROGRAM

Hit by the pandemic, little Sanjana's parents were worried about her future. With no guidance or supervision, Sanjana had slowly begun to lose interest in studies.

It was at this crucial time that SRF Foundation implemented several innovative educational initiatives, to help children like Sanjana find their way back to academics.

WhatsApp-based classes with regular assignments was conducted. The teachers responded with remarks and cleared doubts through the App.

SRF Foundation also launched the Mohalla classes to effectively engage the students in learning. With strict COVID-19 protocols in place, a mix of offline and online mode of education was put in place. Other academic and extra-curricular activities were also undertaken to help children like Sanjana stay motivated.

We are confident that Sanjana's future is secure.

SHUBH PREETI
TEACHER - BHIWADI, RAJASTHAN,
RURAL EDUCATION PROGRAM

Shubh Preeti is one of the most dedicated teachers to be associated with SRF Foundation's Rural Education Program. Belonging to a small town, her dream was to make education accessible to all.

During the pandemic, her students suffered a great deal. As a concerned educator, Shubh Preeti started looking for avenues to help her students cope with the changes happening around them. It is at this time that SRF Foundation launched 'Mohalla classes' across its intervention locations. Shubh got involved from the beginning and continues to educate her students through the Mohalla classes.

Strict COVID-19 protocols are observed while conducting classes in the open for students. The initiative has proved to be very effective and has ensured continuity of school education for a lot of children.

ILLIYAS KHAN
FARMER - BHIWADI, RAJASTHAN
NATURAL RESOURCE MANAGEMENT PROGRAM

Iliyas Khan is another beneficiary of the Natural Resource Management Program. He lives in Guwalda, a small village in Alwar district of Rajasthan.

Under its Natural Resources Management Program, SRF Foundation supported farmers like Iliyas through projects such as rainwater harvesting, waste land restoration, large scale plantation, agriculture intervention, livestock promotion, micro-enterprise development, etc.

Benefitting from the program, Iliyas was able to procure more animals to domesticate. With the help of his animals, he was able to plant more saplings in his farmland. This resulted in an increase in the production of crops.

The NRM program also built paals (dams) for farmers like him, who could benefit from the availability of clean drinking water for the animals and to irrigate the lands.

The Galleria, DLF Mayur Vihar,
Unit No. 236 & 237, 2nd Floor, Mayur Place,
Mayur Vihar Phase I Extension, New Delhi-110091.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SRF Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

We report that-

- Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
- We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed, provide a reasonable basis for our opinion.
- We have not verified the correctness and appropriateness of the financial statements of the Company.
- Wherever required, we have obtained the Management representation about the compliances of laws, rules and regulations and happening of events etc.

- The compliance of the provisions of the corporate and other applicable laws, rules, regulation, standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.
- The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.
- We adhered to best professional standards and practices as could be possible while carrying out audit during the lock-down conditions due to Covid-19. The Company made due efforts to make available the relevant records and documents which were verified through online means to conduct and complete the audit in the aforesaid lock-down conditions.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2021 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- The Companies Act, 2013 ("the Act") and the rules made thereunder;

- The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, where applicable;
- The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

ANNEXURE VII TO THE BOARD'S REPORT

A) Conservation of Energy – Measures taken:

1. Laminated Fabrics Business, Kashipur

- Saved 224054 Kwh / annum by Banbury A and Banbury B machine batch optimization on calender line
- Saved 94 MT of furnace oil / annum by integrating hot oil circulating systems of PFB & LFB
- Saved 15840 Kwh / annum by eliminating 1 no. hot oil circulating system from hot lamination line
- Saved 3.6 KL / annum of HSD fuel by extending EOT crane rail up to FG area

2. Coated Fabrics Business, Gummidipoondi

- Savings of 2,30,000 Kwh / annum from average coating production/day increase, VFD installation in cooling tower fan motor and one number of energy saving fan replacement in cooling tower gives power savings
- Savings of 172 MT furnace oil (from Aug 20 to Mar 21) from the installation of solid fired thermic fluid heater in place of furnace oil fired thermic fluid heater

3. Packaging Film Business, Indore (SEZ)

- Saved 18,88,950 KWH from chilled water system by installation of energy efficient AHU, chilled water operated FCU's, installation of chill roll cooling water circulation pump
- Saved 2,41,850 KWH from compressed air optimization for energy by switching between high pressure and required pressure of compressed air at various points
- Saved 1,92,850 KWH from installation of energy efficient cutters at Erema

4. Packaging Films Business, Indore DTA

- Saved 7,20,000 KWH from installation of closed loop cooling tower for metalizer-5 air handling unit

- Saved 1,65,000 KWH by incorporating system set point integrating Dornier system with temperature requirement at chill roll through closed loop cooling tower
- Saved 90,000 KWH by implementing automated batch conveying of recycled chips from Erema to main extruder
- Saved 47,200 KWH by implementing direct conveying of recycled fluff to main extruder through conveyor eliminating the requirement of being routed through Erema being converted into recycled chips
- Saved 18,000 KWH by installing variable frequency drive in 2 pumps of TDO cooling zone
- Saved 13,500 KWH by installing energy efficient fans for cooling towers

5. Packaging Films Business, Kashipur

- Saving of 50,000 KWH by completely replacing piston type vacuum pumps by installation of energy efficient vacuum pump in metallizer
- 104000 KWH saved by replacing DC drive with AC drive system in primary slitter
- Optimized the water consumption & energy involved in water transferring by installing auto operation valves & level controllers

6. FCB Bhiwadi

- Saving of 0.16 lac units of electricity (₹ 1.3 lac) by improving the stability of AHF plant with non-Chinese spar by developing effective cleaning process for sulphur separator
- Saving of 2.39 lac units of electricity (₹ 19.7 lac) in F22 plant by developing a closed system for chloroform storage and stabilizing HF distillation process to reduce moisture leading to better catalyst performance and hence increased production
- Saving of 2.33 lac units of electricity (₹ 19.2 lac) in CMS plant by improving process capability using AIMS & PIMS

(under IOT projects) resulting in higher plant throughput

- Saving of 0.44 lac units of electricity in CMS utilities & 2.09 lac units of electricity (₹ 20.9 lac) in F22 utilities by improving heat transfer coefficient in condensers and evaporators of brine refrigeration system using IOT based performance monitoring and accordingly performing hydro jet cleaning and replacement of two condensers
- Saving of 4.37 lac units of electricity (₹ 36.1 lac) in F32 Plant by optimizing the chilled brine temperature requirement in process from -10 °C to -5 °C
- Saving of 1.52 lac units of electricity (₹12.5 lac) in F134a plant by replacing chilled brine with cooling water in product purification section leading to reduction of chilled brine demand
- Saving of 346.0 MT steam (₹ 4.7 lac) in F32 & F134a plants by optimizing reflux ratio of product column and crude column
- Saving of 29.5 MT LSHS (₹ 11.8 lac) in R134a plant by optimizing heat load & eliminating the requirement of exchanger E102AA leading to reduction in overall hot oil requirement
- Saving of 0.18 lac (₹ 1.5 lac) units of electricity in CMS by installing new energy efficient motors
- Saving of 0.297 lac units of electricity (₹ 2.38 lac) in AHF Plant by installing variable frequency drives in P-219, P-490 & BL-490 equipment
- Saving of 7060 units of electricity (₹ 0.6 lac) in lighting by replacing conventional lights with LEDs

7. FCB Dahej

- Saved 8 billion Kcal by optimizing condensing load & maintaining turbine vacuum in captive power plant
- Saved 7 million Kcal by condensate heat recovery
- Saved 2.7 lakh Kcal per hour by increasing the efficiency of air pre-heater by replacing tube bundles
- Saved 0.90 lakh KW of power by optimizing ESP loading as per SPM parameter

8. SCB Bhiwadi

- Savings of 14.25MT of steam (₹ 1 Lacs) by installation of improved steam traps.
- Savings of 1.18 Lacs KWH (₹ 10.1 Lacs) due to VFD provision in equipment.
- Water conservation of 30 KL/day by various water saving & control measures implemented at site.

9. SCB Dahej

- Savings of 29.57 Lacs KWH (₹ 170.1 Lacs/annum) due to power consumption optimization
- Savings of 7.54 Lacs KWH (₹ 43.3 Lacs/annum) by stopping the plant's water chiller and replacing it by chilled water from process chiller
- Savings of 2.25 Lacs KWH (₹ 12.9 Lacs/annum) due to timer automation in the plant
- Savings of 1.74 Lacs KWH (₹ 10 Lacs/annum) by power consumption optimization through pumps optimization
- Savings of 1.04 Lac KWH (₹ 6 Lacs/annum) by optimizing UPS usage
- Savings of 65916 KWH (₹ 3.8 Lacs/annum) by optimization of heaters making 2 heaters run out of 4 heaters
- Savings of 51846 KWH (₹ 3 Lacs/annum) due to replacement of CFL/250W by LED lights
- Savings of 45000 KWH (₹ 2.6 Lacs/annum) by removal of VFD /soft starter

10. Technical Textile Business – Gwalior

Power consumption reduction in air conditioning area

- Replaced conventional blowers with mono block fans in Air washers, 54,000 KWH p.a. power units saved.
- Installed energy efficient FRP fans by replacing metallic fans textile air washers, 2,67,000 KWH p.a. power units saved.
- Replaced dyno drive with inverter in textile plant-1 air washer, 14,000 KWH p.a. power units saved.

Power consumption reduction in refrigeration area

- Carried out Corocoating in chilled water and cooling tower pumps (6 nos) in refrigerant plant. 30,000 KWH p.a. power units saved.

- Installed energy efficient smaller capacity pump in utility cooling tower. 32,000 KWH p.a. power units saved.

- Installed energy efficient in cooling towers. 33,000 KWH p.a. power units saved.

Power consumption reduction in others area

- Installed energy efficient motor, in chilled water and utility cooling tower pumps. 14,000 KWH p.a. power units saved.
- LED lights in plant. 70,000 KWH p.a. power units saved.

11. Technical Textile Business – Manali

- Installation of new 660TR chiller and use it along with existing McQuay chiller- Annualized saving-1366560 KWH p.a.
- Installation of Energy efficient Motors (IE-3 standard) in Spinning and utility (2 nos) - Annualized saving- 17787 KWH p.a.
- Installation of LED lights in Textile, Utility and Canteen (910 nos) - Energy saving- 58270 KWH p.a.
- Automation of lighting system with help of Presence detectors & Digital Timers in the plant- Energy saving- 33557 KWH p.a.

12. Technical Textile Business – Gummidipoondi

- Installed energy efficient chiller. 11,28,000 KWH p.a. power units saved.
- Re-location of 13 twisters from zone-4 to stop AHU # 4. 6,25,000 KWH p.a. power units saved.
- Installed SSM cheese winder. 2,24,000 KWH p.a. power units saved
- Installed EC fans in PIY Take-up AHUs RAFs. 2,33,000 KWH p.a. power units saved
- Installed energy efficient motor for utility section. 43,000 KWH p.a. power units saved
- Compressed air power savings through better SPC & air loss reduction through ultrasonic leak detector. 72,000 KWH p.a. power units saved
- Textile AHUs power optimization through DM. 83,000 KWH p.a. power units saved

- Office & Canteen AHUs stoppage by providing pedestal & table fans, 24,000 KWH p.a. power units saved.

13. Technical Textile Business – Viralmalai

- Optimization of Lighting (Replacement Mercury / Fluro cent with LED fittings). 35,604 KWH p.a. power units saved.
- Optimization of Twister motor capacity. 63,576 KWH p.a. power units saved.
- Sulzer RUTI main motor switch OFF during machine idle time. 10,488 KWH p.a. power units saved.

Capital Investment on Energy Conservation Equipment:

TTBM:

- Installation of new 660TR chiller and use it along with existing McQuay chiller
- Installation of Energy efficient Motors (IE-3 standard) in Spinning and utility (2 nos).

TTBG:

- Installed energy efficient FRP fans by replacing metallic fans textile air washers.
- Installed energy efficient smaller capacity pump in utility cooling tower.
- Installed energy efficient in cooling towers.
- Installed energy efficient motor, in chilled water and utility cooling tower pumps.

TTBT:

- Installed energy efficient chiller.
- Installed SSM cheese winder.
- Installed EC fans in PIY Take-up AHUs RAFs.
- Installed energy efficient motor for utility section.

TTBV:

- Optimization of Twister motor capacity.

Packaging Film Business, Indore SEZ

- Installation Closed Loop Cooling Towers at various production points - INR 232 Lacs
- Installation of Energy Efficient Cutters at Erema INR 247.21 Lacs

Packaging Films Business, Indore DTA

- Closed Loop Cooling Tower installed at Metalizer-5 air handling unit amount ₹ 25.97 Lakhs

SCB Bhiwadi:

- VFD provision in Pumps: ₹ 1.98 Lacs

SCB Dahej:

- Investment in providing chilled water from process chiller: ₹ 3.5 Lacs
- Installation of timer automation in plant: ₹ 1 Lacs
- Replacement of CFL/250W by LED lights: ₹ 0.5 Lacs

B) SCB: Technology Absorption

At SRF, the technology plays a key role in development of complex products that are benchmarked in terms of quality and technical challenge. The Chemical Technology Group at SRF actively engages in supporting the Specialty Chemicals Business in producing a number of complex and high-value products from both dedicated and flexible manufacturing assets at its sites at Bhiwadi and Dahej. The Business is catering to global innovators in Agrochemical and Pharmaceutical space and delivers them Advanced Intermediates/APIs for their end-products. The focus of the Business is to create value for its customers by addressing complexity across the value chain.

Apart from developing complex new age molecules, the R&D and technology teams also help in designing new plants and scaling up the capacity of existing plants with a focus on improving the technology being used, lowering the cost of production, improving yields, and optimizing the overall throughput.

Some of the areas where technology has been absorbed in this period are:

- Augmenting capabilities to cater efficiently from market assessment to meeting customer needs

- Building process development capabilities to go beyond reported chemistries and technologies by developing novel processes
 - Developing new products and maintaining a robust pipeline of futuristic products
 - Capacity and production yields of several product were significantly enhanced
 - Strong emphasis on waste generation minimization and ensuring process safety
 - Enhanced efforts to create and protect IP
- The Business continues to invest in technology, its people, and processes, to enhance the value proposition for its customers.

TTB:

The R&D centre of Technical Textiles Business is located at Manali, Chennai. Equipped with state-of-the-art Pilot facilities and sophisticated testing laboratories for evaluating Polymers, Fibers and fabrics, the TTB-R&D centre aims at maximizing competitiveness of Technical Textiles Business through market oriented new product/technology development. In this regard, the R&D centre has developed many variants of Polyester Industrial Yarns for as reinforcements in geotextiles, fiber reinforced composites etc., and Aramid based reinforcement fabric for hoses, each tailor-made for the respective application.

Apart from the developments in existing business space, novel products involving Nano-technology are also being developed by this centre in close association with leading Academic and Research Institutes in India and abroad for various research projects. TTB-R&D also works in close collaboration with major customers for joint developments in the field of Tyre cords, belting fabrics and other Mechanical Rubber Good reinforcements.

MANAGEMENT DISCUSSION & ANALYSIS

IN THE FOLLOWING PAGES, THE MANAGEMENT WILL PROVIDE ITS PERSPECTIVE ON THE OPERATING AND FINANCIAL PERFORMANCE OF THE COMPANY DURING FY 2020- '21 AND AN OUTLOOK OF THE BUSINESS PERFORMANCE IN THE COMING YEARS.

Businesses

SRF Limited is a chemical based multi-business conglomerate engaged in the manufacturing of industrial and specialty intermediates. The company is widely recognized and well respected for its R&D capabilities globally, especially in the niche domain of chemicals. SRF Limited is a market leader in most of its business segments in India with a significant global presence. The company has operations in four countries namely, India, Thailand, South Africa, and Hungary. SRF has commercial interests in more than seventy-five countries and classifies its businesses as Technical Textiles Business (TTB), Chemicals Business (CB), Packaging Films Business (PFB), and Other Businesses.

Technical Textiles Business

FY 2020- '21 began on a difficult note with the entire country under strict lockdown restrictions to control the surge of COVID-19. This resulted in the shutdown of all TTB manufacturing plants. However, as the unlock process started, all plants re-started operations, with strict safety protocols while maintaining product quality. By the end of H1 – 2020 – '21, all TTB segments witnessed a strong revival. Increased Government spending in infra sectors, focus on personal mobility, import restrictions on Chinese tyres and container shortage resulting in higher sea freight triggered an increase in domestic demand.

Tyre Cord Fabrics

Nylon Tyre Cord Fabric segment registered strong demand from both Original Equipment (OE) and replacement sectors during H2 – 2020 – '21. Restriction in tyre imports from China led to an increase in domestic tyre production across all segments resulting in an overall growth in demand for Tyre Cord Fabrics (TCF). TCF segment also executed yarn capacity expansion and debottlenecking projects in FY 2020- '21.

Belting Fabrics

Belting Fabrics segment is a key supplier to end-user industries, namely, steel, cement, coal, and power generation. In FY 2020- '21, all these industries witnessed a de-growth, thereby resulting in pressure on margins. However, with an increased focus on Value-Added Products (VAPs) and an integrated value chain, the Business was able to increase the overall

market share and sales volume to domestic as well as export markets.

With the ongoing expansion projects and a strong portfolio of VAPs, SRF will further consolidate its position in both the domestic as well as the global market in FY 2021- '22.

Polyester Industrial Yarn

Polyester Yarn segment witnessed a strong revival in H2 FY 2020 – '21 due to increased demand from the auto segment and stronger push in infra sectors. The continued focus on increasing sales of VAPs helped keep the margins healthy, despite the Chinese continuing to dump yarn into India at very low prices.

The healthy margins trend is expected to continue in FY 2021- '22 as well.

Outlook

The Technical Textiles Business is likely to perform well in FY 2021- '22, owing to a revival in demand of all major end-user industries.

Chemicals Business

The **Chemicals Business** comprises two different product segments, namely Fluorochemicals and **Specialty Chemicals**.

Fluorochemicals

Refrigerants & Propellants and Industrial Chemicals
FY 2020- '21 was a tough year for the refrigerants market globally. Auto and air-conditioner market

declined initially, which resulted in a significant drop in refrigerant market demand along with selling prices. It was only in the latter part of the year that some revival in demand was witnessed, although the international prices remained subdued throughout the year. However, Industrial Chemicals market performed well due to the growth in pharma and agrochemicals segment. The Industrial Chemicals Business was able to maintain its market share and launched a new product- Methyl Chloride in its CMS portfolio.

Both Chemicals sites witnessed stable and safe operations during COVID-19 and nearly all the plants operated at full capacity during the second half of the year. We successfully launched our first ASHRAE product F 467A in the international market. In addition, we received the European Pharmacopoeia certificate for our Dymel® product segment, along with the addition of new customers and geographies in this space. We continue to improve our process capability and were able to develop innovative processes in existing operations and filed new patents during the year.

Overall performance for this year was lower than last year with latter half of the year being significantly better, almost reaching pre-COVID-19 levels.

Outlook

The The Business is expected to do well on the back of robust GDP growth projections for major economies and India. In addition, the surge projected in domestic A/C and refrigerator production capacities in lieu of various Government policies and initiatives like the ban on pre-charged ACs imports, PLI, Atma Nirbhar Bharat or increase in personal mobility resulting in a boost to the auto sector augurs well for the Business. Furthermore, with increased spending on healthcare and favourable Government policies, the pharma and agrochemical segments will also continue to grow. Exports are also likely to remain firm with positive outlook in the US Economy, where we have already established a reasonable business share.

Overall, the Business is expected to improve its performance with better capacity utilization and commissioning of new plants like CMS in the latter half of the year 2021- '22, sales ramp-up of AHCL and other cost improvement initiatives including supply chain stabilization along with keeping a close watch on how the macro scenario moves. The Business

BOTH CHEMICALS SITES WITNESSED STABLE AND SAFE OPERATIONS DURING COVID-19 AND NEARLY ALL THE PLANTS OPERATED AT FULL CAPACITY DURING THE SECOND HALF OF THE YEAR. WE SUCCESSFULLY LAUNCHED OUR FIRST ASHRAE PRODUCT F 467A IN THE INTERNATIONAL MARKET.

will focus on maintaining its market share of F 134a, F 32, F 125, HFC Blends and Methylene Chloride, aside from its ongoing efforts to pursue growth in Industrial Chemicals with the addition of new products in its portfolio.

Specialty Chemicals Business

The Specialty Chemicals Business maintained its growth momentum during the year. COVID-19 related interruptions affected the Business mostly in the first quarter of the FY. The Business received support from the market despite the global pandemic. We focused on the customers' key products and their developmental project requirements, while at the same time ensuring that the production capacities were optimally utilized during the year.

Both the sites managed production despite COVID-19 induced manpower challenges. This ensured continuity of customers' supply chain. The Business captured the market opportunities and translated them into

commercial propositions. The agility demonstrated in supplying some critical and complex intermediates was acknowledged by our customers and we were also bestowed the 'Syngenta Supplier Award 2020 for Performance' during the year.

The Business continues to remain focused on agrochemical and pharmaceutical space, where we collaborate with major global innovators for process development, commercialization, and production of complex new age molecules having downstream application in agrochemical and pharmaceutical segments.

During the year, the Business launched several new agrochemical and pharma intermediates and remained steadfast on its 'Innovation and Technology Leadership' journey. The production capacity of several products was enhanced significantly at both the sites. Three new dedicated plants were also commissioned

during FY 2020 – '21. The Business made continual investment towards cleaner and leaner operations, in line with further strengthening its sustainability initiatives. All these measures have further enhanced the positioning of the Business in its ability to deliver complex specialty products and related intermediates.

Outlook

The Business continues to engage with global innovators to develop new-age products in our chosen markets and strives to serve its customers despite the ongoing challenges posed by the pandemic. The Business, supported by its customers, is expected to continue showcasing its ability to supply critical intermediates and meet customers' emerging needs. The Business will continue in its efforts to deliver better value to its customers as it remains committed to invest in emerging and futuristic technologies, while having a strong focus on operational excellence to sustain growth.

Chemicals Technology Group

The Chemicals Technology Group (CTG) has been continually augmenting its capabilities and helping in driving the technology curve for the Fluorochemicals and Specialty Chemicals Businesses.

CTG has been developing a variety of new technologies and platforms to bolster SRF into next level of technology play. CTG is actively supporting both the Specialty Chemicals and the Fluorochemical Businesses gain prominence in their respective Business areas.

CTG has enabled the Business growth in Fluorinated molecules where it holds over three decades of manufacturing expertise. CTG is now increasingly engaged in the development of complex non-Fluorinated intermediates. With more-and-more complex products being introduced by the Business in the market and to meet further challenging chemistries and complex needs of customers, it is imperative to boost CTG's capabilities and support systems. The R&D and scale-up facilities

at Bhiwadi are being augmented to achieve this. SRF will continue to invest in CTG, which has been dedicatedly working on enhancing SRF's technology development capabilities by developing more efficient and sustainable processes. CTG is envisaged to facilitate the Businesses in their journey of Innovation and Technology Leadership, which is key in driving sustainable growth at SRF.

The two dedicated R&D facilities, engineering lab and pilot plant facilities, employing many scientists and engineers work together to achieve the innovation and technology leadership at SRF. SRF continues to invest in R&D for creating propositions for the future and Capital and Revenue expenditures of more than ₹ 100 Cr. were spent during FY 2020- '21.

CTG worked on more than 50 molecules and 80% products were successfully taken up for process development. Around 15 molecules were taken up for the scale-up studies and were commercially produced in multipurpose and dedicated plants.

In FY 2020- '21, CTG filed thirty-six patents taking the total count to three hundred and nine patents filed so far. Twenty-three patents were granted in FY 2020- '21 taking the total count of patents granted to the company to ninety-three.

Packaging Films Business

FY 2020- '21 has been a good year for the Packaging Films Business (PFB). This Business is a part of the essential goods value chain and hence was able to operate its plants during the nationwide lockdown. Increased demand for food packaging accompanied by the hard work and passion of the team contributed towards the larger goal of 'Easy To Do Business With (ETDBW)' and helped the Business achieve its best-ever performance.

All plants maximized their production, keeping costs under control and creating their own benchmarks. We could achieve an output of almost 2,50,000 MT during the year while sustaining the best-in-industry cost structures. In our journey of adding more VAPs in our portfolio, the Business launched fourteen new products and the overall VAP sales grew by more than 20% over previous year. Our team worked relentlessly to start the new BOPET film plant at Thailand, making it the first-ever remote commissioning of a film line anywhere in the world. Subsequently, the team also commissioned and operationalized the new BOPET film line in Hungary and a resin plant in Thailand amidst severe travel restrictions, limiting availability of supplier personnel and field experts on-site. While utilizing our assets to the maximum, we continuously strive to maintain a safe and healthy environment at our plants. In FY21, we received 5 Star rating for Occupational Health and Safety (OHS) from the British Safety Council for our facility in South Africa. Our expansion of BOPP film line at both Thailand and India are also progressing well and timely vertical startup of both the lines will be one of our most important agenda items.

The Business is driven by the philosophy of –ETDBW, even during challenging circumstances and that is what keeps us focused towards serving our customers every day. In the year 2020, Sustainability initiatives slowed down in the packaging industry, however, as a responsible player, we have continued with our initiatives and participation in various international forums. Sustainability will remain amongst the top-most priorities for the Business in 2021.

Outlook

During the coming year, we expect to face some temporary disruptions especially on the supply chain front caused by the COVID-19 pandemic and it will result in financial impact on almost all organizations. In recent times, several new film plant expansions have also been announced across the world and in the future, we might witness an oversupplied market resulting in pressure on profitability. At present, it is difficult to predict the demand. We expect that in the coming year, the supply of Packaging films will exceed demand, leading to pressure on margins.

In FY 2021- '22, SRF's primary focus will be on running its plants optimally, keeping costs under control and continuing our work on VAPs. Effort will also be directed towards maximum utilization of the new BOPP facility in Thailand starting in the first quarter. Furthermore, we will continue our work on the sustainability initiatives driven by the '3R' approach - Reduce, Reuse and Recycle.

During the year, we will keep a close watch on the macro scenario and be flexible to adapt our strategy accordingly.

Other Businesses

Coated and Laminated Fabrics Business

Under the Other Businesses segment, both Coated and Laminated Fabrics performed well in FY 2020- '21. Despite adverse market situation, Coated Fabrics Business recorded its best-ever performance and Laminated Fabrics Business has also been able to achieve the targeted profitability. Both the Businesses were impacted during the first quarter due to the situation arising from the COVID-19 pandemic.

Outlook

In FY 2021- '22, we expect some temporary disruptions in the market due to COVID-19 pandemic. For both the Businesses, the focus will be on increasing the sales and continue work on various cost reduction initiatives.

Human Resources

COVID-19 pandemic has been one of the biggest human health and economic crises faced by mankind in almost a century. During this period, the initial focus of the Human Resources (HR) team was to ensure

the safety of our people. Providing proper insurance cover, 'no questions asked' financial assistance to people struggling with the virus and looming hospitals bills, on-call medical treatment for employees, etc. were some of the initiatives undertaken by the HR department.

Well-being of our people was at the core of everything that we did, including tie-ups with professional counselors to ensure psychological welfare of our people.

When it comes to well-being, we do not restrict ourselves to just our employees. A massive drive to provide for the needy was conducted at all locations of SRF. Our own SRF employees came to the forefront and fulfilled an important duty towards the society.

During this time, it became evident that automation and virtualization was the new essential. As a function, HR focused on automation of most of its processes and ensured nothing was stalled due to the external changes. In the event, several processes were also revamped completely to suit the new reality. This included the ones adjusting to working-from-home or putting in place strict protocols to ensure the safety of the staff in the factories.

Most importantly, we made the promise of 'no job losses due to the pandemic'. The organization fulfilled its promise and continues to do so. We also kept every single commitment made prior to the pandemic. All job offers made were honored. All financial commitments made to people prior to the pandemic were fulfilled. A healthy and more than industry average increment and bonus was announced for employees.

Industrial Environment

The organization's overall employee relations remained mostly positive throughout the year. This was a result of our concerted efforts towards curbing the fear of the unknown and related anxiety amongst people. This was done by ensuring proper support and timely and consistent communication. We kept our employees engaged and conducted various initiatives both virtually and in-person. We maintained a pleasant and cordial working environment across all manufacturing locations and witnessed an increase in productivity at several manufacturing locations.

THE TOTAL NUMBER OF PERMANENT EMPLOYEES AT SRF STANDS AT 6,956 AT THE CLOSE OF BUSINESS ON MARCH 31, 2021. OF THESE, 6,386 ARE BASED AT OUR INDIAN LOCATIONS.

The total number of permanent employees at SRF stands at 6,956 at the close of business on March 31, 2021. Of these, 6,386 are based at our Indian locations.

Information Technology

The primary focus of Information Technology during the year was to keep employees connected and productive during the COVID-19 crisis. Our investment in cloud solutions like Office365 were utilized to ensure employees could get access to information and applications from anywhere securely on authorized devices. Collaboration platforms were used to enable various teams to work together with features like online meetings, video conferencing and shared libraries. Even critical plant commissioning was made possible through video assisted support from experts around the globe. A new e-learning platform was deployed so that the lockdown time could be well-utilized to hone employee knowledge and skills.

Ensuring employee asset and data safety was of prime importance considering the increased

exposure of employees outside the secured network perimeter of SRF. Secure VPN solutions, information classification and protection solutions, cloud proxy solutions ensured that the employee home zone was also converted to a safe zone for enterprise data. Employee credentials were protected using Microsoft cloud authentication solutions doubly protected with multi-factor authentication. A security and incident event management system was deployed to track all events on our gateway firewalls.

The IT infrastructure is undergoing a transformation to incorporate cloud-based applications. An important component of this is the network that is being re-structured with a software defined wide area network solution. Many of our plant and office locations were moved to this platform that helps in intelligently routing network traffic to our data centers or to the internet directly from the plants in a secure manner. This improves performance, latency while reducing downtimes.

Another focus area this year was on automation to ensure operations keep working in the current

circumstances. The Government requirements of e-invoicing and e-way bill were addressed with automated solutions integrated with Government portals. Many manual processes that took time were automated on BPM platforms with rule and decision engines defined. Shopfloor automation solutions were put in place to augment workers on the shopfloor. Multiple projects were done using Industrial Internet of Things (IIOT) tools to improve process efficiencies, costs, and quality of products.

We reached out to our external stakeholders with a customer portal for our Chemicals Business giving dealers the flexibility to place online orders. The supplier portal will connect our key suppliers similarly. We extended an online vendor bill discounting solution for vendors to bid for early payment against discounts.

Our investment in technologies helped us tide over the uncertain times. We will continue to use these technologies and invest in essential technologies to keep operations running while giving business an edge to compete with innovative offerings.

Community Partnerships

Building on its long-term commitment to the sustainable and inclusive growth of the community, SRF Foundation, the corporate social responsibility arm of SRF Limited, expanded its scope of work and took concrete steps in compliance with Section 135 of the Companies Act 2013 during FY 2020- '21.

The Foundation continued to focus on the identified areas of education, vocational skills, natural resource management, child nutrition and affirmative action on a sustainable basis. Furthermore, it strengthened its Public Private Community Partnership (PPCP) model to positively affect the lives of people.

FY 2020- '21 witnessed the strengthening of the Foundation's education program. Today, we have reached 276 Government schools across 21 locations in nine states directly, providing quality education to more than 81,310 students. By collaborating with likeminded partners, we work with 212 Government & Private schools indirectly, positively affecting the lives of 3,800 students and 261 teachers in these schools. The Foundation continued its work towards improving infrastructure and academic facilities under the School Education Program, and promoting digital-based learning through KidSmart Centers, World on Wheels & GetSmart-Mobile Digital Labs, Common Services Lab, Digital Based Learning, and Digital theatres. The Foundation also supported a child nutrition program through its project 'Power of 5'.

SRF Foundation undertook several new initiatives to improve the employability of people around our plant locations by providing vocational skills in partnerships with Schneider Electrical and The Times of India.

SRF Foundation, through its Natural Resource Management (NRM) program continued to reach the economically weaker families near its manufacturing plant at Bhiwadi in Rajasthan and improve their livelihood by adopting the watershed-based livelihood and environment conservation approach. In FY 2020- '21, the Foundation conducted certain Hydrological and Environment studies in 35 villages around SRF Bhiwadi Plant in the Tijara block where rainfall is below normal, and the findings helped us create 206 earthen dams.

This year was marked by the sudden outbreak of COVID-19 pandemic. To help those in need, SRF Foundation contributed 63,139 ration kits and 4,585 health kits to 23,775 families in eight locations across India.

In recognition of our work, SRF Foundation was bestowed with several awards for meaningful contribution to school education. We were honored with the Best STEM Education Project – Through Partnership (Large Impact) by the India CSR Network. Furthermore, we were the finalist at the 7th eNabling North East Awards, organized by the North East Development Foundation & Digital Empowerment Foundation.

Internal Control System and Internal Audit

Internal Audit & Risk Management is an enabling function, which steers and coordinates the internal controls and risk management system of the organization. It provides standard operating procedures, methods, and tools, which forms the basis for Enterprise Risk Management and internal control process.

The Internal Audit team develops a comprehensive annual internal audit plan employing systematic approach, which is risk-based audit area identification, commensurate with the size and nature of business activities of the company. In addition, the statutory auditor, assesses the fundamental suitability of the internal audit to ensure the effectiveness of internal financials controls, as part of its audit of the annual financial statements. The Internal Audit plan is approved by the Audit Committee, which also reviews compliance to the said plan. The company has a well-documented system of internal financial controls in place, commensurate with its size, scale, and complexity of operations. These controls have been designed to provide reasonable assurance with respect to recording and providing reliable financial and operational information, complying with applicable laws, safeguarding assets, executing transactions with proper authorization, and ensuring compliance with corporate policies. The controls based on the prevailing business conditions and processes have been tested by internal/external auditors during the year and no reportable material weaknesses in the design or effectiveness was observed.

The Internal Audit team also monitors and evaluates the efficacy and adequacy of internal control systems in the company, the ERP solutions, the accounting procedures, and policies at all locations. Based on the gaps reported in the internal audit report, process owners undertake corrective actions in their respective areas and thereby strengthen the controls. Any significant audit observations and corrective actions thereon are presented to the Audit Committee.

The Audit Committee reviews the reports submitted by the Internal Auditors (both internal and external) in each of its meetings. The company also has a robust and comprehensive framework of Control Self-Assessment (CSA), which promotes self-compliance monitoring mechanism in accordance with laid down policies and procedures, regulatory environment through IT enabled platform such as CSA tool and Compliance Manager.

Risk Management

The company has developed and implemented a Risk Management Framework, which is approved by the Board. Further, the Board has constituted a Risk Management Committee (RMC) to oversee key risks and assist the Board in efficient management of risk management process.

The Risk Management Policy, inter alia, includes identification therein of elements of risk, including those, which in the opinion of the Board/RMC may threaten the existence of the company.

TODAY, WE HAVE REACHED 276 GOVERNMENT SCHOOLS ACROSS 21 LOCATIONS IN NINE STATES DIRECTLY, PROVIDING QUALITY EDUCATION TO MORE THAN 81,310 STUDENTS.

Risk management process has been the integral part of the company strategy and planning process. The company has established a risk management framework to identify, assess and frame a response to threats that can affect its business objectives and stakeholders. Further, it is embedded across all the major functions and revolves around the goals and objectives of the organization. The responsibility of tracking and monitoring the key risks of the business/function periodically and implementing suitable mitigation plans proactively is with the senior executives of various business/functional units.

Risk Management Process

The key roles and responsibilities regarding risk management in the company are summarized as follows:

1. Board of Directors (BOD) & the Audit Committee:

- The Board of Directors hold the overall responsibility for an effective risk management system. The Audit Committee of the Board examines the appropriateness and effectiveness of the risk management system at least once a year and reports to the Board.

- Review the risks that may threaten the existence of the company.
- Consider the recommendation of Risk Management Committee on Risk Management Plan/ Policy.

2. Risk Management Committee (RMC):

- Oversee company's risk management framework.
- Review key risks and compliance of risk management policy.
- Review risk portfolio and mitigation strategies and updates the Board & Audit Committee on the same.
- Assist the Board/Audit Committee in evaluating the effectiveness of Risk Management System.

3. Corporate Leadership Team (CLT):

- Develop risk management framework and policy.
- Review key risks and mitigation action plan.
- Review effectiveness of risk mitigation strategies; develop counter measure if any and update the same to RMC.

4. Business Leadership Team (BLT) & Risk Owners:

- Identification, classification, and prioritization of risks into high, medium, and low as per risk management framework.
- Identify and implement risk mitigation measures.
- Periodically review mitigation measures status, develop counter measures, if any.
- Provide status update of key risks to the CLT.

Risk Classification

All the risks have been broadly classified into the following categories:

Strategic Risk

Risks arising out of macro-economics and other external conditions, which can significantly impact the company's strategic business decision, future aspiration, and financial performance.

Financial & Reporting Risk

Financial risk arising due to various uncertainties in the financial market or inadequate financial reporting.

Operational Risk

Risks of loss due to insufficient resources, inadequate processes or failure thereof, or insufficient skill or people.

IT and Cyber Risk

Potential loss due to non-availability of technical infrastructure or appropriate software technology, impact on data integrity, data theft or loss of Intellectual Property Right (IPR) due to compromised network security.

Regulatory Risk

Risks arising out of regulatory non-compliances.

During FY 2020- '21, significant changes in the key financial ratios as per listing regulations were as follows:

Ratios	FY 20-21	FY 19-20	% Change	Remarks
Interest Coverage Ratio = (EBDITA - Current Tax) / Gross Interest	13.57	8.06	68.24%	Better operating margins and scale leading to a higher EBDIT, lower cost of borrowing and an overall reduction in borrowing leading to better interest coverage
Current Ratio = Current Assets / Current Liabilities	1.43	0.95	50.70%	Higher operating cash flows, QIP inflows, and lower maturities of long-term borrowings in next financial year leading to a better current ratio.
Debt Equity Ratio = Total Debt / Equity	0.42	0.59	28.28%	Qualified Institutional Placement of ₹ 750 crore during FY '21 led to a higher equity base and reduced gross borrowings, better operating margins also aided in higher operating cash flows leading to a lower debt profile.
Return on Net Worth= PAT/ Net Worth	14.70%	20.80%	-29.35%	FY '20 PAT (Including Discontinuing Operations) was higher due to one-time sale of the Engineering Plastics Business, Deferred Tax Re-measurements, and utilization of brought forward capital losses. Also, QIP issuance of ₹ 750 crore during FY '21 led to a higher Net Worth.

CORPORATE GOVERNANCE REPORT

Philosophy of the Company on Corporate Governance

For SRF Limited (SRF), good corporate governance means adoption of best practices to ensure that the Company operates not only within the regulatory framework, but is also guided by broader business ethics. The adoption of such corporate practices — based on transparency and proper disclosures — ensures accountability of the persons in charge of the Company and brings benefits to investors, customers, creditors, employees and the society at large.

Registrar and Share Transfer Agents

M/s KFin Technologies Private Limited (Formerly known as Karvy Fintech Private Limited), Hyderabad are the Registrar and Share Transfer Agent of the Company for handling both electronic and physical shares.

Share Transfer System

As per SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 08, 2018 and further amendment vide Notification No. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018 request for effecting transfer of securities (except in case of transmission or transposition of securities) shall not be processed from April 01, 2019 unless the securities are held in dematerialized form with the depositories. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form.

Depository System

Shareholders can trade in the Company's shares only in electronic form. The process for getting the shares de-materialised is as follows:

- Shareholder submits the shares certificate along with De-materialisation Request Form (DRF) to Depository Participant (DP)

- DP processes the DRF and generates a unique De-materialisation Request No
- DP forwards the DRF and share certificates to the Registrar and Share Transfer Agent (RTA)
- RTA after processing the DRF confirms or rejects the request to Depositories
- If confirmed by the RTA, depositories give the credit to shareholder in his /her account maintained with DP

This process takes approximately 10-15 days from the date of receipt of DRF.

As the trading in the shares of the Company can be done only in the electronic form, it is advisable that the shareholders who have the shares in physical form get their shares dematerialised.

Dematerialisation of Shares & Liquidity

As on March 31, 2021, out of 5,92,45,205 Equity Shares of ₹ 10/- each, 5,84,37,368 shares (98.64%) were held in electronic form by 67276 shareholders and balance 8,07,837 shares (1.36%) were held by 8,664 shareholders.

Commodity price risk or foreign exchange risk and hedging activities

During the year 2020-21, the Company had managed the foreign exchange risk and hedged to the extent considered necessary. The Company enters into forward contracts for hedging foreign exchange exposures against exports and imports. There is no direct hedgeable commodity risk that the Company has on any of its raw materials or finished products. Thus, the Risk Management Policy covers only net forex exposure on account of its imports and exports.

The details of foreign currency exposure are disclosed in the Note No. 38 to the Financial Statements.

INDEPENDENT AUDITORS' REPORT

To the Members of SRF Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of SRF Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2021, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

The key audit matter

Accounting for derivatives

An important element of Company's fund-raising strategy involves various types of borrowings including foreign currency denominated borrowings and a combination of fixed and floating interest rates, and also foreign currency denominated loans and advances to other parties. The Company's operating activities are also exposed to significant foreign exchange risk (refer to note 38 of the standalone financial statements).

The Company uses derivative financial instruments to mitigate foreign currency risk and interest rate risk primarily through foreign currency forward exchange contracts and interest rate swaps.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:

- Tested the design, implementation and operating effectiveness of controls over the Company's treasury and other related functions which directly impact the relevant account balances and transactions, including hedge accounting.
- For selected samples via statistical sampling, obtained external confirmations from counterparties of the year end positions as well as agreed to original agreements.

The key audit matter

Further, the Company has been using hedge relationship designation as per criteria set out in relevant Indian accounting standards.

Accounting thereof and related presentation and disclosures of these transactions require significant judgement.

Given the significant level of judgement and estimation involved and the quantitative significance, we have determined this to be a key audit matter.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the

How the matter was addressed in our audit

- Performed sample tests of valuation and accounting of these transactions. In doing so we have involved valuation specialists to assist us in carrying out aforesaid procedure, as considered necessary.
- Assessed the adequacy of disclosures in the financial statements in respect of both non-derivative and derivative financial instruments.

assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the

economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may

cause the Company to cease to continue as a going concern; and

- evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

ANNEXURE A to the Independent Auditors' report on the standalone financial statements of SRF Limited for the year ended 31 March 2021

Statement on matters specified in paragraphs 3 and 4 of the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets (property, plant and equipment).
- b) According to the information and explanations given to us, the Company has a regular programme of physical verification of its property, plant and equipment by which all fixed assets (property, plant

and equipment) are verified, in a phased manner, over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain assets have been physically verified by the Management during the current year. As informed to us, no material discrepancies were noticed on such verification.

- c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed/ lease deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold/ leasehold, are held in the name of the Company as at the balance sheet date, except the following:

Particulars of the land and building	Gross Block 31 March 2021 (₹ in crores)	Net Block 31 March 2021 (₹ in crores)	Remarks
Land at Gummudipoondi	1.21	1.21	Out of the Industrial Free hold land measuring 32.41 acres at the Company's plant in Gummudipoondi, the Company does not have clear title to 2.43 acres.
Land at Bharuch, Dahej	108.55 (Carried cost)	108.55 (Carried cost)	The execution of lease deed of land in respect of 1,149,550 square meters of leasehold land allotted to the Company by Gujarat Industrial Development Corporation at Dahej, Gujarat is pending.

- (ii) The inventories, except goods in transit, have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. According to the information and explanations given to us, the discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in the books of account.

- (iii) According to the information and explanations given to us, the Company has granted unsecured loans to a company covered in the register maintained under Section 189 of the Companies Act, 2013 ('the Act'):

- a) In our opinion, the rate of interest and other terms and conditions on which the loans have been granted to the aforesaid company listed in the register maintained

under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company;

- b) In case of the loans granted to the aforesaid company, listed in the register maintained under Section 189 of the Act, the schedule of repayment of the principal and payment of interest has been stipulated in the loan agreement and, as per the terms stipulated, no amount was due during the current year;
- c) There are no overdue amounts in respect of the loans granted to the aforesaid company listed in the register maintained under Section 189 of the Act. Accordingly, para 3 (iii) (c) of the Order is not applicable.

According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act.

- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits from the public. Accordingly, paragraph 3(v) of the Order is not applicable.
- (vi) The Central Government has prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act for activities carried out by the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost

records under Section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records.

- (vii) According to the information and explanations given to us, in respect of statutory dues:

- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' state insurance, Income-tax, Sales-tax, Goods and Services Tax ("GST"), Service tax, Duty of customs, Duty of excise, Value added tax, Cess and other material statutory dues, as applicable, have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' state insurance, Income-tax, Sales-tax, GST, Service tax, Duty of customs, Duty of excise, Value added tax, Cess and other material statutory dues, as applicable, were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no dues in respect of Income-tax, Sales-tax, Service tax, Duty of custom, Duty of excise, GST and Value added tax, as applicable, which have not been deposited with the appropriate authorities on account of any dispute except for the following:

ANNEXURE B to the Independent Auditors' report on the standalone financial statements of SRF Limited for the year ended 31 March 2021

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of SRF Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures

that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material

misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

1. Corporate Information, Significant Accounting Policies and Significant Accounting Judgements, Estimates and Assumptions

A Corporate Information

SRF Limited ("the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company's equity shares are listed at the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at The Galleria, DLF Mayur Vihar, Unit No. 236 and 237, Second Floor, Mayur Vihar Place, Noida Link Road, Mayur Vihar Phase I Extn, Delhi - 110091. The Company's parent company is KAMA Holdings Limited.

The principal activities of the Company are manufacturing, purchase and sale of technical textiles, chemicals, packaging films and other polymers.

The standalone financial statements were authorised for issue in accordance with a resolution of the directors on May 5, 2021.

B Significant Accounting Policies

1. Basis of Preparation

These standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act 2013 ("the Act") as amended thereafter and other relevant provisions of the Act.

The standalone financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

- Defined benefit plans - plan assets measured at fair value less present value of defined benefit obligation

- Share-based payments

The standalone financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency and all values are rounded to the nearest crores, except when otherwise indicated.

The principal accounting policies are set out below.

2. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

3. Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any.

All items of property, plant and equipment have been measured at fair value at the date of transition to Ind AS. The Company have opted such fair valuation as deemed cost at the transition date i.e. April 1, 2015.

Cost of acquisition or construction is inclusive of freight, duties, non-recoverable taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, upto the date of commissioning of the assets.

Likewise, when a major inspection for faults is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items of property, plant and equipment and depreciated accordingly.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital Work in Progress: Project under which assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the Company intends to use these for a period of more than 12 months.

4. Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the cost of assets less their residual values on straight line method on the basis of estimated useful life of assets determined by the Company which are different from the useful life as prescribed in Schedule II of the 2013 Act. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	40-50 years
Buildings (including temporary structures)	5-60 years
Plant and equipment	2-40 years
Furniture and fixtures	3-20 years
Office equipment	3-20 years
Vehicles	4-5 years

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Freehold land is not depreciated.

Depreciation is calculated on a pro rata basis except assets costing upto ₹ 5,000 each, which are fully depreciated in the year of purchase.

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

5. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The useful lives considered are as follows:

Trademarks / Brand	10-30 years
Technical Knowhow	30-40 years
Software	3 years
Other intangibles	2.5-8 years

The Company has elected to continue with the carrying value of all of its intangibles assets recognised as on April 1, 2015 measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

6. Research and development expenditure

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

for the production of new or substantially improved products and processes.

Such development costs are capitalised if they can be reliably measured, the product or process is technically and commercially feasible and the Company has sufficient resources to complete the development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

7. Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to

the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

8. Impairment of tangible and intangible assets other than goodwill

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognised when the carrying amount of an asset or CGU exceeds its recoverable amount. In such cases, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified,

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after 5th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

9. Leasing

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease

if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset through the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
 - the Company has the right to operate the asset; or
 - the Company designed the asset in a way that predetermines how and for what purpose it will be used

An entity shall reassess whether a contract is, or contains, a lease only if the terms and conditions of the contract are changed.

At inception or on reassessment of a contract that contains a lease component, the Company allocates

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Company as lessee

The Company accounts for assets taken under lease arrangement in the following manner:

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on a straight- line basis over the lease term.

10. Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Borrowing costs incurred for the period from commencement of activities relating to construction/ development of the qualifying asset upto the date of capitalisation of such asset are

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

added to the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

In case of a specific borrowing taken for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised shall be the actual borrowing costs incurred during the period less any interest income earned on temporary investment of specific borrowing pending expenditure on qualifying asset.

In case funds are borrowed generally and such funds are used for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised are calculated by applying the weighted average capitalisation rate on general borrowings outstanding during the period, to the expenditures incurred on the qualifying asset.

If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

11. Foreign Currencies

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

(i) Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Any gains or losses arising

due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit and Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to exchange differences arising from cash flow hedges to the extent that the hedges are effective and those covered below.

(ii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016:

Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance useful life of the assets.

(iii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016:

The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 is treated in accordance with Ind AS 21/ Ind AS 109. Refer point (i) above.

12. Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

(a) Raw materials, packing materials and stores and spares (including fuel) - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in ₹ Crores, unless otherwise stated)

weighted average basis. The aforesaid items are valued at Net Realisable Value if the finished products in which they are to be incorporated are expected to be sold at a loss.

- (b) Traded goods, Stock in progress and finished goods- Direct cost plus appropriate share of overheads.
- (c) By products - At estimated realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

13. Provisions, contingent liabilities and contingent assets

Provisions

The Company recognises a provision when there is a present obligation (legal or constructive) as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

Contingent assets

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

14. Revenue recognition

a) Sale of goods

Revenue from sale of products is recognised upon transfer of control of products to customers at the time of shipment to or receipt of goods by the customers. Service income is recognised as and when the underlying services are performed. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as goods and services tax and applicable discounts and allowances.

Any fees including upfront fees received in relation to contract manufacturing arrangements is recognised on straight line basis over the period over which the Company satisfies the underlying performance obligations. Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash as per contractual terms. Advance from customers ("contract liability") is recognised when the Company has received consideration from the customer before it delivers the goods.

b) Interest and dividend income

Interest income is recognised when it is probable that the economic benefits will flow to the Company using the effective interest rate and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

c) Export Incentives

The benefit accrued under the Duty Drawback scheme and other schemes as per the Export and Import Policy in

respect of exports made under the said Schemes is included under the head "Revenue from Operations" under 'Export and other Incentives'. Also refer policy on "government grants".

15. Taxation

Income tax expense represents the sum of current tax and deferred tax.

a) Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income or in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income or in equity.

Deferred tax assets/liabilities are not recognised for below mentioned temporary differences:

- (i) At the time of initial recognition of goodwill;
- (ii) Initial recognition of assets or liabilities (other than in a business combination) at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT asset is recognised in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

The Company considers whether it is probable that a taxation authority will accept an uncertain tax treatment. If the Company concludes that it is probable that the taxation authority will accept an uncertain tax treatment, the Company determines the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment used or planned to be used in its income tax filings. However, if the Company concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, the Company reflects the effect of uncertainty in determining the related taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates.

16. Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.

17. Employee benefits

Short-term employee benefits

Wages and salaries including non monetary benefits that are expected to be settled

within the operating cycle after the end of the period in which the related services are rendered, are measured at the undiscounted amount expected to be paid.

Defined contribution plans

Provident fund administered through Regional Provident Fund Commissioner, Superannuation Fund and Employees' State Insurance Corporation are defined contribution schemes. Contributions to such schemes are charged to the statement of profit and loss in the year when employees have rendered services entitling them to contributions. The Company has no obligation, other than the contribution payable to such schemes.

Defined benefit plans

The Company has defined benefit gratuity plan and provident fund for certain category of employees administered through a recognised provident fund trust. Provision for gratuity and provident fund for certain category of employees administered through a recognised provident fund trust are determined on an actuarial basis at the end of the year and charged to Statement of Profit and Loss, other than remeasurements. The cost of providing these benefits is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Other long-term employee benefits

The Company also has other long-term employee benefits in the nature of compensated absences and long term retention pay. Provision for compensated absences and long term retention pay are determined on an actuarial basis at the end of the year and charged to Statement of Profit and Loss. The cost of providing these benefits is determined using the projected unit credit method.

Share based payments

Equity settled share based payments to employees under SRF Long Term Share Based Incentive Plan (SRF LTIP) are measured at the fair value (which is the market price less exercise price) of the equity instruments on the grant date. This compensation expense is amortised over the remaining tenure over which the employees renders their service on a straight line basis.

18. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

19. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

20. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets of the Company are classified in three categories:

- At amortised cost
- At fair value through profit and loss (FVTPL)
- At fair value through other comprehensive income (FVTOCI)

Financial Asset is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss.

The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets not classified as measured at amortised cost or FVTOCI as are measured at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity Investments

All equity investments in the scope of Ind AS 109 are measured at fair value.

Equity instruments which are held for trading are measured at fair value through profit and loss.

For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments.

Investments representing equity interest in subsidiaries are carried at cost less any provision for impairment.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the balance sheet) when:

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the Company has transferred substantially all the risks and rewards of the asset, or (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay. Any gain or loss on derecognition is recognised in profit or loss.

When the Company has retained substantially all the risks and rewards of ownership of the transferred asset,

the Company continues to recognise the transferred asset in its entirety and recognises a financial liability for the consideration received.

Impairment of financial assets

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

B) Financial liabilities and Equity instruments

Initial recognition and measurement

All financial liabilities are recognised initially at fair value, net of directly attributable transaction costs, if any.

The Company's financial liabilities includes borrowings, trade and other payables including financial guarantee contracts and derivative financial instruments.

Subsequent measurement

Borrowings

Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction costs) and the redemption/repayment amount is recognised in profit and loss over the period of the borrowings using the effective interest rate method.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified entity fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Equity instrument

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

21. Derivative and non derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments (such as forward currency contracts, interest rate swaps and full currency swaps) or non derivative financial assets / liabilities to hedge its foreign currency risks and interest rate risks. The Company has opted for "Hedge Accounting" for all its derivative as well as non-derivative financial instrument used for hedging. Accordingly, at the inception of the hedge the Company formally designates a hedge relationship between the 'hedging instrument' and 'hedged item' which determines the initial recognition of the financial instrument as Fair Value Hedge or Cashflow hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated. These financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit and loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the

firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in statement of profit and loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

The Company uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised in the statement of profit and loss. In some cases, the Company separates the premium element and the spot element of a forward contract and designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedging relationships. In such cases, the changes in the fair value of the premium element of the forward contract or the foreign currency basis spread of the financial instrument is accumulated in a separate component of equity as 'cost of hedging'. The changes in the fair value of such premium element or foreign currency basis spread are reclassified to profit or loss as a reclassification adjustment on a straight-line basis over the period of the forward contract or the financial instrument.

The Company also designates non derivative financial liabilities, such as foreign currency borrowings from banks, as hedging instruments for the hedge of foreign currency risk associated with highly probable forecasted transactions and, accordingly, applies cash flow hedge accounting for such relationships.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast transaction occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, the hedge accounting will be discontinued prospectively. Any cumulative gain or loss previously recognised in other comprehensive income remains separately in other equity if the forecast transaction or the foreign currency firm commitment is expected to occur else the amount shall be immediately reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment.

22. Fair value measurement

The Company measures some of its financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing

the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

23. Segment Reporting

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the standalone financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

24. Dividend

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

25. Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. The appropriate level of management must be committed

to a plan to sell, an active programme to locate a buyer and complete the plan has been initiated, the sale is considered highly probable and is expected within one year from the date of classification.

Non-current assets (or disposal groups) held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately from other assets and liabilities in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or
- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit and loss.

26. Recent pronouncements

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law

C Significant accounting judgements, estimates and assumptions

The preparation of financial statements requires management to make judgments,

estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes.

- Classification and lease term determination of leasing arrangement – Note 1.B.9
- Derecognition of trade receivables and hedge effectiveness - Note 1.B.20
- Fair value measurement of derivative instruments – Note 1.B.22
- Assessment of useful life of property, plant and equipment and intangible asset – Note 1.B.4
- Recognition and estimation of tax expense including determination of applicable tax rate for measuring deferred tax balances – Note 1.B.15
- Estimation of assets and obligations relating to employee benefits (including actuarial assumptions) – Note 1.B.17
- Assessment of impairment of financial assets and non-financial assets – Note 1.B.20 and Note 1.B.8
- Recognition and measurement of contingencies: key assumptions about the likelihood and magnitude of an outflow of resources – Note 1.B.13

**** Amount deposited against contingent liability ₹ 3.09 Crores (Previous year: ₹ 5.68 Crores)

*** Includes demand by Madhya Pradesh Paschim Kshetra Vidyut Vitaran Company Ltd. (MPPKVV Ltd) of ₹ 11.40 Crores (Previous year: ₹ 10.06 Crores) which is disputed by the Company.

All the above matters are subject to legal proceedings in the ordinary course of business. In the opinion of the management, the legal proceedings, when ultimately concluded, will not have a material effect on the results of the operations or financial position of the Company.

- b. (i) The Company has been served with show cause notices regarding certain transactions as to why additional customs / excise duty / service tax amounting to ₹ 18.58 Crores (Previous year: ₹ 25.61 Crores) should not be levied. The Company has been advised that the contention of the department is not tenable and hence the show cause notice may not be sustainable.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

- (ii) The Company had received a draft assessment order for assessment year 2016-17 on December 29, 2019 in which adjustments amounting to ₹ 367.37 Crores were proposed on account of transfer pricing adjustments etc. which were pending before Dispute Resolution Panel as at March 31, 2021. On April 30, 2021 the Company has received the final assessment order wherein adjustments amounting to ₹ 118.49 Crores have been made on account of transfer pricing adjustments, research and development expenditure and others etc. and demand of ₹ 22.66 Crores has been raised. The Company will file rectification application against research and development disallowance as well as towards certain computation error and for rest of the issues, appeal will be filed before ITAT. Based on the facts of the case and the Company's assessment, the Company is of the view that the proposed adjustments are not likely to sustain.

- (iii) The Company has received a show cause notice for assessment year 2017-18 on April 23, 2021 wherein adjustments amounting to ₹ 377.44 Crores have been proposed on account of transfer pricing adjustments, research and development expenditure and others etc. Draft assessment order is yet to be passed by the National E-Assessment Centre. Based on the facts of the case and the Company's assessment, the Company is of the view that the proposed adjustments are not likely to sustain.

- c. In February 2019, the Honorable Supreme Court of India in its judgement opined on the applicability of allowances that should be considered to measure obligations under Employees Provident Funds and Miscellaneous Provisions Act, 1952. The Company believes that there are interpretative challenges on the application of judgement retrospectively and therefore had applied the judgement on a prospective basis from previous year onwards.

	16.40	15.80

The expenses incurred on account of the above defined contribution plans have been included in Note 25 "Employee Benefits Expenses" under the head "Contribution to provident and other funds".

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

(i) Superannuation fund

The Company makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance Company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the Company also participate in a defined contribution superannuation plan maintained by the Company. The Company has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the Company provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the Company administers the benefits through a recognised Provident Fund Trust. The Company has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. For other employees contributions are made to the Regional Provident Fund Commissioners. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the Company has an obligation to make good the shortfall, if any, between the yield on the investments of the trust and the yield mandated by the Government and these are considered as Defined Benefit Plans and are accounted for on the basis of an actuarial valuation.

33.2 Defined benefit plans

The Company sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the Company. These plans are:

- Gratuity
- Provident fund for certain category of employees administered through a recognised provident fund trust

(i) These plans typically expose the company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in value of the liability.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plans liability.

(ii) The principal assumption used for the purpose of the actuarial valuation were as follows:

	As at March 31, 2021		As at March 31, 2020	
	Gratuity	Provident Fund	Gratuity	Provident Fund
Discount Rate	6.69%	6.69%	6.77%	6.77%
Expected statutory interest rate	-	8.50%	-	8.50%
Salary increase	7.00%	-	7.00%	-
Retirement Age (years)	58	58	58	58
Mortality Rates	IALM (2012-14)	IALM (2012-14)	IALM (2012-14)	IALM (2012-14)
Withdrawal rate				
Upto 30 years	20.00%	20.00%	20.00%	20.00%
31 to 44 years	7.00%	7.00%	7.00%	7.00%
Above 44 years	8.00%	8.00%	8.00%	8.00%

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

(iii) Amounts recognised in statement of profit and loss in respect of these benefit plans are as follows:

	Year ended March 31, 2021		Year ended March 31, 2020	
	Gratuity	Provident Fund	Gratuity	Provident Fund
Current Service cost	8.03	6.75	7.19	6.07
Interest expenses (net of expected return on plan assets)	1.07	-	0.64	-
	9.10	6.75	7.83	6.07

The current service cost and the net interest expenses for the year are included in Note 25 "Employee Benefits Expenses" under the head "Contribution to provident and other funds".

Gratuity:

Plan assets comprises primarily of investment in HDFC Group Unit Linked Plan fund. The average duration of the defined benefit obligation is 9.14 years (Previous year: 9.08 years). The Company expects to make a contribution of ₹ 8.76 Crores (Previous year: ₹ 8.68 Crores) to the defined benefit plans during the next financial year.

Provident fund:

The plan assets have been primarily invested in government securities and corporate bonds.

(viii) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting period, while holding all other assumptions constant.

33.3 Other long-term employee benefit

Amounts recognized in the statement of profit and loss in note 25 "Employee Benefits expense" under the head "Salaries and wages, including bonus" are as under:

	Year ended March 31, 2021	Year ended March 31, 2020
Long term retention pay (Refer to note (i) below)	-	0.14
Compensated absences	11.57	11.26
	11.57	11.40

(i) Long Term Retention Pay

The Company has a Long Term Retention Pay Plan which covers employees selected on the basis of their current band and their long term value to the Company. The incentive is payable in three year blocks subject to achievement of certain performance ratings. The Company also has a scheme for talent retention of certain identified employees under which an incentive is payable over a period of three years.

34. Employee Share Based Payments

The Company has an Employee Share Purchase Scheme (SRF Long Term Share Based Incentive Plan) to provide equity settled share based payments to certain employees. The expenses related to the grant of shares under the Scheme are accounted for on the basis of fair value of the share on the grant date (which is the market price of the Company's share on the date of grant less exercise price). The fair value so determined is expensed on a straight line basis over the remaining tenure over which the employees renders their services.

There were no equity shares granted during the current and previous year. Based on the grants made in earlier years, the Company has recognised ₹ 0.98 Crore as share based payment expense during the current year (Previous year: ₹ 0.98 Crore).

35. Segment Reporting

Based on the guiding principles laid down in Indian Accounting Standard (Ind AS) - 108 "Segment Reporting", the Managing Director of the Company is the Chief Operating Decision Maker (CODM) and for the purposes of resource allocation and assessment of segment performance the business of the Company is segregated in the segments below:

- Technical Textiles business: includes nylon tyre cord fabric, belting fabric, polyester tyre cord fabric and industrial yarns and its research and development
- Chemicals business: includes refrigerant gases, industrial chemicals, speciality chemicals, fluorochemicals & allied products and its research and development.
- Packaging Film business: includes polyester films and polypropylene films.
- Others: includes coated fabric, laminated fabric and other ancilliary activities.

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure includes expenses incurred on common services provided to the segments, which are not directly identifiable.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments. These amounts relate to continuing operations, unless otherwise stated. (Refer to note 40 with regard to information in relation to discontinued operations).

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and property plant and equipment and intangible assets, net of allowances and provisions, which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities and do not include deferred income taxes. While most of the assets / liabilities can be directly attributed to individual segments, the carrying amount of certain assets / liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

38. Financial Instruments and Risk Management

38.1 Capital Management

The Company manages its capital to ensure that it will be able to continue as a going concern and provide reasonable return to the shareholders by maintaining a reasonable balance between debt and equity. The capital structure of the Company consists of net debt (borrowings net of cash and cash equivalents, deposit accounts with maturity beyond three months upto twelve months and current investments) and total equity of the Company. The Company is not subject to any externally imposed capital requirements. The Company's management reviews the capital structure of the Company on periodic basis. As part of its review, the management considers the cost of capital and risk associated with each class of capital. The Company also evaluates its gearing measures using Debt Equity Ratio to arrive at an appropriate level of debt and accordingly evolves its capital structure.

The following table provides the details of the debt and equity at the end of the reporting periods :

	As at March 31, 2021	As at March 31, 2020
Debt	2,652.71	2,752.12

The following methods/ assumptions were used to estimate the fair values:

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair valuation of non-current financial assets has been disclosed to be same as carrying value as there is no significant difference between carrying value and fair value.
- The fair value of other long-term borrowings is estimated by discounting future cash flows using current rates (applicable to instruments with similar terms, currency, credit risk and remaining maturities) to discount the future payouts.
- The fair value is determined by using the valuation model/ technique with observable/ non-observable inputs and assumptions.
- Investment value excludes investment in subsidiaries which are shown at cost in balance sheet as per Ind AS 27 "Separate financial statements".

There are no transfers between Level 1, Level 2 and Level 3 during the year ended March 31, 2021 and March 31, 2020.

(All amounts in ₹ Crores, unless otherwise stated)

Level 1:

Quoted prices in the active market: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with significant observable inputs: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of over the counter (OTC) derivative contracts, open ended mutual funds, bonds and debentures.

Level 3:

Valuation techniques with significant unobservable inputs: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value is determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

- Investments in mutual funds and bonds / debentures: Fair value is determined by reference to quotes from the financial institutions.
- Derivative contracts: The Company has entered into various foreign currency contracts and interest rate swaps contracts to manage its exposure to fluctuations in foreign exchange rates and interest rate respectively. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the authorized dealers banks and forward exchange rates at the balance sheet date.
- Unquoted equity investments: Fair value is determined based on the recoverable value as per agreement with the investee.

Sensitivity of the fair value measurement to changes in unobservable inputs for financial instruments in Level 3 level of hierarchy is insignificant.

38.3 Financial Risk Management

The Company is exposed to various financial risks arising from its underlying operations and finance activities. The Company is primarily exposed to market risk (i.e. interest rate and foreign currency risk) and

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

to credit risk and liquidity risk. The Company's Corporate Treasury function plays the role of monitoring financial risk arising from business operations and financing activities.

Financial risk management within the Company is governed by policies and guidelines approved by the senior management and the Board of Directors. These policies and guidelines cover interest rate risk, foreign currency risk, credit risk and liquidity risk. Company policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the Company. Review of the financial risk is done on a monthly basis by the Managing Director and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the Company's results and financial position.

In accordance with its financial risk management policies, the Company manages its market risk exposures by using specific type of financial instruments duly approved by the Board of Directors as and when deemed appropriate. It is the Company's policy and practice neither to enter into derivative transactions for speculative purpose, nor for any purpose unrelated to the underlying business. The Board of Directors/ Managing Director reviews and approves policies for managing each of the above risks.

38.3.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowings, deposits, investments and derivative financial instruments. The Company enters into derivative contracts as approved by the Board to manage its exposure to interest rate risk and foreign currency risk.

A. Foreign Currency Risk Management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the Company is attributable to Company's operating activities, investing activities and financing activities.

In the operating activities, the Company's exchange rate risk primarily arises when revenue / costs are generated in a currency that is different from the reporting currency (transaction risk). In compliance with the Board approved policy, the Company manages the net exposure on a rolling 12 month basis and for exposures between 12 to 36 months, hedging is done based on specific exposure. The information is monitored by the Audit committee and the Board of Directors on a quarterly basis. This foreign currency risk exposure of the Company are mainly in U.S. Dollar (USD), Euro (EUR), Japanese Yen (JPY) and British Pound Sterling (GBP). The Company's exposure to foreign currency changes for all other currencies is not material.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in ₹ are as follows:

Foreign exchange derivative and non-derivative financial instruments

The Company uses derivative as well as non-derivative financial instruments for hedging financial risks that arise from its commercial business or financing activities. The Company's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within of 1 to 36 months for hedges of forecasted sales, purchases, loans and liabilities and capital expenditures. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

B. Interest Rate Risk Management

Interest rate risk arises from movements in interest rates which could have effects on the Company's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings. The Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts, calculated by reference to an agreed principal amount outstanding at the time of inception of the swap. Out of the total long term borrowings, the amount of fixed interest loan is ₹ 899 Crores and floating interest loan is ₹ 917 Crores (Previous year: Fixed interest loan ₹ 838 Crores and Floating interest loan ₹ 1,026 Crores).

NOTES TO THE FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate long term borrowings, as follows:

	Year ended March 31, 2021		Year ended March 31, 2020	
	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %
Increase in profit before tax by	2.85	0.52	1.48	1.09

In case of increase in interest rate by above mentioned percentage, there would be a comparable negative impact on the profit before tax as mentioned above.

Managing interest rate benchmark reform and associated risks

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates (IBORs) with alternative nearly risk-free rates (referred to as 'IBOR reform'). The Company has exposures to USD-LIBOR and EUR-IBOR on its financial instruments that will be replaced or reformed as part of these market-wide initiatives. There is uncertainty over the timing and the methods of transition. The management monitors the Company's transition to alternative rates. The management evaluates the extent to which contracts reference IBOR cash flows, whether such contracts will need to be amended as a result of IBOR reform and how to manage communication about IBOR reform with counterparties.

The Company holds interest rate swaps for risk management purposes which are designated in cash flow hedging relationships. The interest rate swaps have floating legs that are linked to USD LIBOR. Hedging relationships impacted by IBOR reform may experience ineffectiveness attributable to market participants' expectations of when the shift from the existing IBOR benchmark rate to an alternative benchmark interest rate will occur. This transition may occur at different times for the hedged item and hedging instrument, which may lead to hedge ineffectiveness.

Some of the Company's existing USD LIBOR cash flow hedging relationships extend beyond the anticipated cessation date for USD LIBOR. The Company will apply the amendments to Ind AS 109 issued via Companies (Indian Accounting Standards) Amendment Rules, 2020 issued by the Ministry of Corporate Affairs on 24 July 2020, to those hedging relationships directly affected by IBOR reform, as applicable.

Interest Rate Swap Contracts

Under interest rate swap (IRS) contracts, the Company agrees to exchange the difference between fixed and floating rate interest amounts calculated on the agreed notional principal amounts. Such contracts enables the Company to mitigate the risk of changing interest rates.

NOTES TO THE FINANCIAL STATEMENTS

Each of the above trades are in the nature of cash flow hedges and are effective hedges. The mark to market on these trades is therefore routed through Cash flow Hedge Reserve. The interest rate swap and the interest payments on the loan are paid simultaneously and are charged off to the statement of profit and loss.

38.3.2 Credit Risk Management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables, loans and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with counterparties who meet the parameters specified in Investment Policy of the Company. The investment policy is reviewed by the Company's Board of Directors on an annual basis and if required, the same may be updated during the year. The investment policy specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counterparty's potential failure.

Expected credit loss on financial assets:

To manage credit risk for trade receivables, the Company establishes credit approvals and credit limits, periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties, from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on these financial assets other than as detailed below.

Loss allowance for the following financial assets have been recognised by the Company:

	Note No.	As at March 31, 2021	As at March 31, 2020
Loans - current	6	2.74	2.74
Trade receivables	10	3.96	2.46

38.3.3 Liquidity Risk Management

Liquidity risk is the risk of non-availability of financial facilities available to the Company to meet its financial obligations. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy. Any deviation from the policy has to be approved by the Treasury Management comprising of Managing Director, Chief Financial Officer and Treasury Head. The Company assesses the concentration of risk with respect to refinancing its debt, guarantee given and funding of its capital expenditure needs of the future. The Company manages its liquidity by holding appropriate volumes of liquid assets which are available for its disposal on T + 1 basis and by maintaining open credit lines with banks / financial institutions.

The table below analyze the Company's financial liabilities into relevant maturity profiles based on their contractual maturities:

INDEPENDENT AUDITORS' REPORT

To the Members of SRF Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of SRF Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2021, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2021, of its consolidated profit and other comprehensive income, consolidated

changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter

Accounting for derivatives

An important element of Group's fund-raising strategy involves various types of borrowings including foreign currency denominated borrowings and a combination of fixed and floating interest rates, and also foreign currency denominated loans and advances to other parties. The Group's operating activities are also exposed to significant foreign exchange risk (refer to note 40 of the consolidated financial statements).

How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:

- Tested the design, implementation and operating effectiveness of controls over the Group's treasury and other related functions which directly impact the relevant account balances and transactions, including hedge accounting.

The key audit matter

The Group uses derivative financial instruments to mitigate foreign currency risk and interest rate risk primarily through foreign currency forward exchange contracts and interest rate swaps.

Further, the Group has been using hedge relationship designation as per criteria set out in relevant Indian accounting standards.

Accounting thereof and related presentation and disclosures of these transactions require significant judgement.

Given the significant level of judgement and estimation involved and the quantitative significance, we have determined this to be a key audit matter.

How the matter was addressed in our audit

- For selected samples via statistical routines, obtained external confirmations from counterparties of the year end positions as well as agreed to original agreements.
- Performed sample tests of valuation and accounting of these transactions. In doing so we have involved valuation specialists to assist us in carrying out aforesaid procedure, as considered necessary.
- Assessed the adequacy of disclosures in the financial statements in respect of both non-derivative and derivative financial instruments.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial

statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company. and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of

the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design

audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which

we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements of seven subsidiaries, whose financial information reflect total assets of ₹ 3,586.81 crores (before consolidation adjustments) as at 31 March 2021, total revenues of ₹ 1,476.49 crores (before consolidation adjustments) and net cash inflows amounting to ₹ 33.40 crores (before consolidation adjustments) for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the audit reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not

modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) the consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) in our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
- e) on the basis of the written representations received from the directors of the Holding Company as on 31 March 2021 taken on

record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act; and

- f) with respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, as noted in the 'Other Matters' paragraph:

- i. the consolidated financial statements disclose the impact of pending litigations as at 31 March 2021 on the consolidated financial position of the Group. Refer Note 33 to the consolidated financial statements.
- ii. provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 40 to the consolidated financial statements in respect of such items as it relates to the Group.
- iii. there are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Holding Company or its subsidiary company incorporated in India during the year ended 31 March 2021.

- iv. the disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2021.

C. With respect to the matter to be included in the Auditor's report under section 197(16):

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary company incorporated in India which was not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary company to its directors is in accordance with the provisions of Section 197 of

the Act. The remuneration paid to any director by the Holding Company and its subsidiary company is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A to the Independent Auditors' report on the consolidated financial statements of SRF Limited for the year ended 31 March 2021

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of SRF Limited as of and for the year ended 31 March 2021, we have audited the internal financial controls with reference to consolidated financial statements of SRF Limited (hereinafter referred to as "the Holding Company") and such company incorporated in India under the Companies Act, 2013 which is its subsidiary company, as of that date.

In our opinion, the Holding Company and such company incorporated in India which is its subsidiary company, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of

adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary company in terms of their

reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India. Our opinion is not qualified in respect of this matter.

The consolidated financial statements were authorised for issue in accordance with a resolution of the directors on May 05, 2021.

2. Significant Accounting Policies

2.1 Basis of Preparation

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act 2013 ("the Act") as amended thereafter and other relevant provisions of the Act.

The consolidated financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- Defined benefit plans - plan assets measured at fair value less present value of defined benefit obligation
- Share based payments

The functional currency of the Company is 'INR'. The functional currencies of Group companies are USD, THB, ZAR and EURO. The financial statements are presented in INR and all values are rounded to the nearest crores, except when otherwise indicated.

The consolidated financial statements incorporate the financial statements of the holding group and its subsidiaries. Control is achieved when the group :

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the group gains control until the date when the group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Necessary adjustments are made in the consolidated financial statements of subsidiaries to bring their accounting policies in line with the Company's accounting policies if any.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

The subsidiaries considered in the preparation of these consolidated financial statements are:

Name of subsidiary	Country of incorporation	Proportion of ownership as at March 31, 2021	Proportion of ownership as at March 31, 2020
Indian Subsidiaries			
SRF Holiday Home Limited	India	100%	100%
SRF Employees Welfare Trust (Controlled Trust)	India	*	*
Foreign Subsidiaries			
SRF Global BV	Netherlands	100%	100%
SRF Europe Kft (100% subsidiary of SRF Global BV)	Hungary	100%	100%
SRF Industries (Thailand) Limited (100% subsidiary of SRF Global BV)	Thailand	100%	100%
SRF Industex Belting (Pty) Limited (100% subsidiary of SRF Global BV)	Republic of South Africa	100%	100%
SRF Flexipak (South Africa) (Pty) Limited (100% subsidiary of SRF Global BV)	Republic of South Africa	100%	100%

*By virtue of management control

The group owns 22.60% (Previous year – 22.60%) in Malanpur Captive Power Limited and the same has not been considered for the purposes of consolidation, since the group does not exercise significant influence over Malanpur Captive Power Limited.

The group owns 26.32% (Previous year – 26.32%) in Vaayu Renewable Energy (Tapti) Private Limited and the same has not been considered for the purposes of consolidation, since the group does not exercise significant influence over Vaayu Renewable Energy (Tapti) Private Limited.

The principal accounting policies are set out below.

2.2 Current versus non-current classification

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

- Held primarily for the purpose of trading

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

their realisation in cash and cash equivalents, the group has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

2.3 Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any.

All items of property plant and equipment have been measured at fair value at the date of transition to Ind AS. The Group have opted such fair valuation as deemed cost at the transition date i.e. April 1, 2015.

Cost of acquisition or construction is inclusive of freight, duties, non recoverable taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, upto the date of commissioning of the assets

Likewise, when a major inspection for faults is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items of property, plant and equipment and depreciated accordingly.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital Work in Progress: Project under which assets are not yet ready for their intended use

are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the group intends to use these for more than a period of 12 months.

2.4 Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the cost of assets less their residual values on straight line method on the basis of estimated useful life of assets determined by the Group which are different from the useful life as prescribed in Schedule II of the 2013 Act. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	40-50 years
Buildings (including temporary structures)	5-60 years
Plant and equipment	2-40 years
Furniture and fixtures	3-20 years
Office equipment	3-20 years
Vehicles	4-5 years

Freehold land is not depreciated.

Depreciation is calculated on a pro rata basis except, assets costing upto ₹ 5,000 each, which are fully depreciated in the year of purchase.

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is derecognised.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The useful lives considered are as follows:

Trademarks / Brand	10-30 years
Technical Knowhow	30-40 years
Software	3 years
Other intangibles	2.5-8 years

The group has elected to continue with the carrying value of all of its intangibles assets recognised as on April 1, 2015 measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful

life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised on disposal or when no future economic benefit are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

2.6 Research and development expenditure

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes.

Such development costs are capitalised if they can be reliably measured, the product or process is technically and commercially feasible and the Group has sufficient resources to complete the development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

2.7 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2.8 Impairment of tangible and intangible assets other than goodwill

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognised when the carrying amount of an asset or CGU exceeds its recoverable amount. In such cases, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast, which are prepared separately for each of the group's CGU's to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after 5th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount,

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

2.9 Leasing

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assess whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset through the period of use; and
- the Group has the right to direct the use of the asset. The Group has this right when it has the decision- making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision about how and for what purpose the asset is used is predetermined, the Group has the right to direct the use of the asset if either:
 - the Group has the right to operate the asset; or
 - the Group designed the asset in a way that predetermines how and for what purpose it will be used

An entity shall reassess whether a contract is, or contains, a lease only if the terms and conditions of the contract are changed.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Group as lessee

The Group accounts for assets taken under lease arrangement in the following manner:

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Group's estimate of the amount expected to be payable

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight- line basis over the lease term.

2.10 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Borrowing costs incurred for the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

In case of a specific borrowing taken for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised shall be the actual borrowing costs incurred during the period less any interest income earned on temporary investment of

specific borrowing pending expenditure on qualifying asset.

In case funds are borrowed generally and such funds are used for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised are calculated by applying the weighted average capitalisation rate on general borrowings outstanding during the period, to the expenditures incurred on the qualifying asset.

If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

2.11 Foreign Currencies

Transaction and balances

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

- (i) Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit and Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to exchange differences arising from cash flow hedges to the extent that the hedges are effective and those covered below.
- (ii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance useful life of the assets.

- (iii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 is treated in accordance with Ind AS 21/ Ind AS 109. Refer point (i) above.

2.12 Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

- Raw materials, packing material and stores and spares including fuel - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. The aforesaid items are valued below cost if the finished products in which they are to be incorporated are expected to be sold at a loss.
- Traded goods, Stock in progress and finished goods- Direct cost plus appropriate share of overheads.
- By products - At estimated realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.13 Provisions, contingent liabilities and contingent assets

Provisions

The group recognised a provision when there is a present obligation (legal or constructive)

as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made.

When the group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

Contingent assets

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

2.14 Revenue recognition

a) Sale of goods

Revenue from sale of products is recognised upon transfer of control of products to customers at the time of shipment to or receipt of goods by the customers. Service income is recognised as and when the underlying services are performed. The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as sales tax/value added tax and goods and services tax and applicable discounts and allowances.

Any fees including upfront fees received in relation to contract manufacturing arrangements is recognised on straight line basis over the period over which the Group satisfies the underlying performance obligations. Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash as per contractual terms. Advance from customers ("contract liability") is recognised when the group has received consideration from the customer before it delivers the goods.

b) Interest and dividend income

Interest income is recognised when it is probable that the economic benefits will flow to the group using the effective interest rate and the amount of income can

be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably).

c) Export incentive

The benefit accrued under the Duty Drawback scheme and other schemes as per the Export and Import Policy in respect of exports made under the said Schemes is included under the head "Revenue from Operations" under 'Export and other incentives'. Also refer policy on "Government Grants"

2.15 Taxation

Income tax expense represents the sum of the current tax and deferred tax.

a) Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss account i.e. in Other comprehensive income or equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the group has a legally enforceable right for such set off.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax relating to items recognised outside profit or loss is recognised in other comprehensive income or in equity.

Deferred tax assets/liabilities are not recognised for below mentioned temporary differences:

- (i) At the time of initial recognition of goodwill;
- (ii) Initial recognition of assets or liabilities (other than in a business combination) at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- (iii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the group will pay normal income tax. Accordingly, MAT asset is recognised in the consolidated Balance Sheet when it is probable that future economic benefit associated with it will flow to the group.

The group considers whether it is probable that a taxation authority will accept an uncertain tax treatment. If the group concludes that it is probable that the taxation authority will accept an uncertain tax treatment, the group determines the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment used or planned to be used in its income tax filings. However, if the group concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, the group reflects the effect of uncertainty in determining the related taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates.

2.16 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the group recognizes as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the consolidated balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.

2.17 Employee benefits

Short term employee benefits

Wages and salaries including non monetary benefits that are expected to be settled within the operating cycle after the end of the period in which the related services are rendered are measured at the undiscounted amount expected to be paid

Defined contribution plans

Provident fund administered through Regional Provident Fund Commissioner, Superannuation Fund, National pension scheme and Employee's State Insurance Corporation are defined contribution schemes. Contributions to such schemes are charged to the statement of profit and loss in the year when employees have rendered services entitling them to the contributions. The group has no obligation, other than the contribution payable to such schemes.

Defined benefit plans

The group has defined benefit plan such as gratuity, provident fund for certain category of employees administered through a recognised provident fund trust and legal severance plans.

Provision for gratuity, provident fund for certain category of employees administered through a recognised provident fund trust and legal severance plans are determined on an actuarial basis at the end of the year and charged to consolidated statement of profit and loss, other than remeasurements. The cost of providing these benefits is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to consolidated statement of profit and loss in subsequent periods.

Other long term employee benefits

The group also has other long term benefits plan such as compensated absences and retention pay. Provision for compensated absences and long term retention pay are determined on an actuarial basis at the end of the year and charged to consolidated Statement of Profit and Loss. The cost of providing these benefits is determined using the projected unit credit method.

Share based payments

Equity settled share based payments to employees under SRF Long Term Share Based Incentive Plan (SRF LTIP) are measured at the fair value (which is the market price less exercise price) of the equity instruments on the grant date. This compensation cost relating to employee stock purchase scheme is amortised over the remaining tenure over which the employees renders their service on a straight line basis.

2.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets of the group are classified in three categories:

- At amortised cost
- At fair value through profit and loss (FVTPL)
- At fair value through other comprehensive income (FVTOCI)

Financial asset is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the consolidated statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets not classified as measured at amortised cost or FVOCI as are measured at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity Investments

All equity investments in the scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are measured at fair value through profit and loss.

For all other equity instruments, the group may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

The group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the group has transferred substantially all the risks and rewards of the asset, or (ii) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred

asset to the extent of the group's continuing involvement. In that case, the group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained. Any gain or loss on derecognition is recognised in profit or loss.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

When the group has retained substantially all the risks and rewards of ownership of the transferred asset, the group continues to recognise the transferred asset in its entirety and recognise a financial liability for the consideration received.

Impairment of financial assets

The group recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

B Financial liabilities and Equity instruments

Initial recognition and measurement

All financial liabilities are recognised initially at fair value, net of directly attributable transaction costs, if any.

The group's financial liabilities include borrowings and trade and other payables including derivative financial instruments.

Subsequent measurement

Borrowings

Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction cost) and the redemption/repayment amount is recognised in profit and loss over the period of the borrowings using the Effective interest rate method.

Trade and other payables

Trade and other payables represent the liabilities for goods and services provided to the group prior to the end of the financial year which are unpaid.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Equity Instruments

Equity Instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Debt or equity instruments issued by the group are classified as either financial liability or as equity in accordance with the substance of contractual arrangements and the definitions of a financial liabilities and an equity instruments.

2.21 Derivative and Non Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The group uses derivative financial instruments (such as forward currency contracts, interest rate swaps and full currency swaps) or non derivative financial assets/liabilities to hedge its foreign currency risks and interest rate risks. The group has opted for "Hedge Accounting" for all its derivative as well as non-derivative financial instrument used for hedging. Accordingly, at the inception of the hedge the group formally designates a hedge relationship between the 'hedging instrument' and 'hedged item' which determines the initial recognition of the financial instrument as Fair Value Hedge or Cashflow hedge. The documentation includes the group's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated. These financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in ₹ Crores, unless otherwise stated)

value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit and loss when the hedge item affects profit and loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the consolidated statement of profit and loss. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability

with a corresponding gain or loss recognised in consolidated profit and loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the consolidated statement of profit and loss.

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised in the consolidated statement of profit and loss. In some cases, the group separates the premium element and the spot element of a forward contract and designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedging relationships. In such cases, the changes in the fair value of the premium element of the forward contract or the foreign currency basis spread of the financial instrument is accumulated in a separate component of equity as 'cost of hedging'. The changes in the fair value of such premium element or foreign currency basis spread are reclassified to profit or loss as a reclassification adjustment on a straight-line basis over the period of the forward contract or the financial instrument.

The Group also designates certain non derivative financial liabilities, such as foreign currency borrowings from banks, as hedging instruments for the hedge of foreign currency risk associated with highly probable transactions and, accordingly, applies cash flow hedge accounting for such relationships.

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in ₹ Crores, unless otherwise stated)

expense is recognised or when a forecast transaction occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, the hedge accounting will be discontinued prospectively. Any cumulative gain or loss previously recognised in other comprehensive income remains separately in other equity if the forecast transaction or the foreign currency firm commitment is expected to occur else the amount shall be immediately reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment.

2.22 Fair value measurement

The group measures some of its financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or

by selling it to another market participant that would use the asset in its highest and best use. The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1– Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2– inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3- inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.23 Foreign Currency translation reserve

On consolidation, the assets and liabilities of foreign operations are translated into Rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

2.24 Segment reporting

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the group's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

2.25 Dividend

The group recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.26 Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amounts will be recovered principally through a

sale transaction rather than through continuing use. The appropriate level of management must be committed to a plan to sell, an active programme to locate a buyer and complete the plan has been initiated, the sale is considered highly probable and is expected within one year from the date of classification.

Non-current assets (or disposal groups) held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately from other assets and liabilities in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or
- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit and loss.

2.27 Recent Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards.

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements

are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law

3. Significant accounting judgements, estimates and assumptions

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes.

- Classification and lease term determination of leasing arrangement – Note 2.9
- Derecognition of trade receivables and hedge effectiveness- Note 2.20
- Fair value measurement of derivative instruments – Note 2.22
- Assessment of useful life of property, plant and equipment and intangible asset – Note 2.4
- Recognition and estimation of tax expense including determination of applicable tax rate for measuring deferred tax balances– Note 2.15
- Estimation of assets and obligations relating to employee benefits (including actuarial assumptions) – Note 2.17
- Assessment of impairment of financial assets and non-financial assets – Note 2.20 and Note 2.8
- Recognition and measurement of contingencies: key assumptions about the likelihood and magnitude of an outflow of resources – Note 2.13

Notes:

- At March 31, 2021, there was no recognised deferred tax liability (Previous year : Nil) for taxes that would be payable on the unremitted earnings of certain of the Company's subsidiaries. The Company has determined that undistributed profits of its subsidiaries will not be distributed in the foreseeable future.
- Section 115BAA of the Income Tax Act, 1961 was introduced by the Taxation Laws (Amendment) Ordinance, 2019. During the previous year, based on the estimate of expected timing of exercising of the option under Section 115BAA, the Company had re-measured its deferred tax balances. Consequently, tax credit of ₹ 136.11 Crores (net of MAT adjustment of ₹ 74.02 crores) was recorded in the Statement of Profit and Loss during the year ended March 31, 2020.
- MAT credit entitlement of ₹ 74.02 Crores (out of total ₹ 87.85 Crores generated during the previous year) expiring in the financial year ending March 31, 2035 is not recognised in the statement of profit and loss of the previous year, due to expected timing of exercising of the option under section 115BAA of Income Tax Act, 1961.
- As on March 31, 2019 there were capital losses of ₹ 186.32 Crores expiring in the financial year ending March 31, 2023 on which no deferred tax asset was created, due to lack of probability of future capital gains against which such deferred tax assets can be realised. Pursuant to recognition of long term capital gain in the previous year, such capital losses were set off in previous year. Also refer Note 42 (A).

- The group has entered into receivables purchase agreements with banks to unconditionally and irrevocably sell, transfer, assign and convey all the rights, titles and interest of the group in the receivables as identified. Receivables sold as on March 31, 2021 are of ₹ 369.12 crores (Previous year: ₹ 502.55 Crores). The group has derecognized these receivables as it has transferred its contractual rights to the banks with substantially all the risks and rewards of ownership and retains no control over these receivables as the banks have the right to further sell and transfer these receivables with notice to the group.
- The group sold, with recourse, trade receivables amounting to ₹ 47.15 Crores (Previous Year: Nil) to a bank for cash proceeds. These trade receivables have not been derecognised because the group retains substantially all of the risks and rewards, primarily credit risk. The amounts received on such transfer have been recognised as a secured bank loan (Refer note 18)
- There is no customer who represents more than 10% (Previous year - Nil) of the total balances of trade receivables.

*** Includes demand by Madhya Pradesh Paschim Kshetra Vidyut Vitaran Company Ltd. (MPPKVV Ltd) of ₹ 11.40 Crores (Previous year: ₹ 10.06 Crores) which is disputed by the Company.

All the above matters are subject to legal proceedings in the ordinary course of business. In the opinion of the management, the legal proceedings, when ultimately concluded, will not have a material effect on the results of the operations or financial position of the group.

- b. (i) The Company has been served with show cause notices regarding certain transactions as to why additional customs / excise duty / service tax amounting to ₹ 18.58 Crores (Previous year: ₹ 25.61 Crores) should not be levied. The Company has been advised that the contention of the department is not tenable and hence the show cause notice may not be sustainable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

- (ii) The Company had received a draft assessment order for assessment year 2016-17 on December 29, 2019 in which adjustments amounting to ₹ 367.37 Crores were proposed on account of transfer pricing adjustments etc. which were pending before Dispute Resolution Panel as at March 31, 2021. On April 30, 2021 the Company has received the final assessment order wherein adjustments amounting to ₹ 118.49 Crores have been made on account of transfer pricing adjustments, research and development expenditure and others etc. and demand of ₹ 22.66 crores have been raised. The Company will file rectification application against research and development disallowance as well as towards certain computation error and for rest of the issues, appeal will be filed before ITAT. Based on the facts of the case and the Company's assessment, the Company is of the view that the proposed adjustments are not likely to sustain.

- (iii) The Company has received a show cause notice for assessment year 2017-18 on April 23, 2021 wherein adjustments amounting to ₹ 377.44 Crores have been proposed on account of transfer pricing adjustments, research and development expenditure and others etc. Draft assessment order is yet to be passed by the National E-Assessment Centre. Based on the facts of the case and the Company's assessment, the Company is of the view that the proposed adjustments are not likely to sustain.

- c. In February 2019, the Honourable Supreme Court of India in its judgement opined on the applicability of allowances that should be considered to measure obligations under Employees Provident Funds and Miscellaneous Provisions Act, 1952. The Company believes that there are interpretative challenges on the application of judgement retrospectively and therefore had applied the judgement on a prospective basis from previous year onwards.

- d. The amounts shown above represents the best possible estimates arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the different legal processes which have been invoked by the group or the claimants as the case may be and therefore cannot be predicted accurately or relate to a present obligations that arise from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate cannot be made.

Skill, development and Social Security Fund	3.10	0.78
Pension fund	1.53	1.05
	5.84	3.07

The expenses incurred on account of the above defined contribution plans have been included in Note 27 "Employee Benefits Expenses" under the head "Contribution to provident and other funds"

(i) Superannuation fund

The Company makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance Company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the Company also participate in a defined contribution superannuation plan maintained by the Company. The Company has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the Company provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the group administers the benefits through a recognized Provident Fund Trust. For other employees contributions are made to the Regional Provident Fund Commissioners. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the group has an obligation to make good for the shortfall, if any, between the yield on the investments of the trust and the yield mandated by the Government and these are considered as Defined Benefit Plans and are accounted for on the basis of an actuarial valuation.

36.2 Defined benefit plans

The group sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the group. These plans are:

- Gratuity
- Provident fund for certain category of employees administered through a recognized provident fund trust.
- Legal Severance pay & Health care (Unfunded) as applicable with respect to foreign entities

(i) These plans typically expose the group to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of the providing the above benefits and will thus result an increase in value of the liability.

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of the plan participants both during and after the employment. An increase in the life expectancy of plan participants will increase the plan's liability.

(ii) The principal assumption used for the purpose of the actuarial valuation were as follows:

Indian entities	As at March 31, 2021		As at March 31, 2020	
	Gratuity	Provident Fund	Gratuity	Provident Fund

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. An actuarial valuations involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date.

The present value of defined benefit obligation and the related current service cost and past service cost were measured using projected unit credit method.

(iii) Amounts recognized in statement of profit an loss in respect of these benefit plans are as follows:

37. Employee Share Based Payments

The Company has an Employee Share Purchase Scheme (SRF Long Term Share Based Incentive Plan) to provide equity settled share based payments to certain employees. The expenses related to the grant of shares under the Scheme are accounted for on the basis of fair value of the share on the grant date (which is the market price of the Company's share on the date of grant less exercise price). The fair value so determined is expensed on a straight line basis over the remaining tenure over which the employees renders their services.

There were no equity shares granted during the current and previous year. Based on the grants made in earlier years, the Company has recognised ₹ 0.96 crore as share based payment expense during the current year (Previous year ₹ 0.98 crores).

38. Segment Reporting

Based on the guiding principles laid down in Indian Accounting Standard (Ind AS) - 108 "Segment Reporting", the Managing Director of the Group is the Chief Operating Decision Maker (CODM) and for the purposes of resource allocation and assessment of segment performance, the business of the Group is segregated in the segments below:

- Technical Textiles business: includes nylon tyre cord fabric, belting fabric, polyester tyre cord fabric and industrial yarns and its research and development
- Chemicals business: includes refrigerant gases, industrial chemicals, speciality chemicals, fluorochemicals & allied products and its research and development.
- Packaging Film business: includes polyester films and polypropylene films.
- Others: include coated fabric, laminated fabric and other ancillary activities

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure includes expenses incurred on common services provided to the segments, which are not directly identifiable.

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments. These amounts relate to continuing operations, unless otherwise stated. (Refer to note 42 with regard to information in relation to discontinued operations).

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and property plant and equipment and intangible assets, net of allowances and provisions, which are reported as direct offsets in the consolidated balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities and do not include deferred income taxes. While most of the assets / liabilities can be directly attributed to individual segments, the carrying amount of certain assets / liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

40. Financial Instruments and Risk Management

40.1 Capital Management

The group manages its capital to ensure that it will be able to continue as a going concern and provide reasonable return to the shareholders by maintaining a reasonable balance between debt and equity. The capital structure of the group consists of net debt (borrowings net of cash and cash equivalents, deposits accounts with maturity beyond three months upto twelve months and current investments) and total equity of the group. The group is not subject to any externally imposed capital requirements. The group's management reviews the capital structure of the group on periodic basis. As part of its review, the management considers the cost of capital and risk associated with each class of capital. The group also evaluates its gearing measures using Debt Equity Ratio to arrive at an appropriate level of debt and accordingly evolves its capital structure.

The following table provides the details of the debt and equity at the end of the reporting periods:

	As at March 31, 2021	As at March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The following methods / assumptions were used to estimate the fair values:

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair valuation of non-current financial assets has been disclosed to be same as carrying value as there is no significant difference between carrying value and fair value.
- Fair value of other long-term borrowings is estimated by discounting future cash flows using current rates (applicable to instruments with similar terms, currency, credit risk and remaining maturities) to discount the future payouts.
- The fair value is determined by using the valuation model/technique with observable/non-observable inputs and assumptions.

There are no transfers between Level 1, Level 2 and Level 3 during the Year ended March 31, 2021 and March 31, 2020

Level 1:

Quoted prices in the active market: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with significant observable inputs: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of over the counter (OTC) derivative contracts, open ended mutual funds and bonds/debentures

Level 3:

Valuation techniques with significant unobservable inputs: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value is determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

- Investments in mutual funds and bonds/debentures: Fair value is determined by reference to quotes from the financial institutions.
- Derivative contracts: The group has entered into various foreign currency contracts and interest rate swaps contracts to manage its exposure to fluctuations in foreign exchange rates and interest rate respectively. These financial exposures are managed in accordance with the group's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the authorized dealers banks and forward exchange rates at the balance sheet date.
- Unquoted equity investments: Fair value is determined based of the recoverable value as per agreement with the investee.

40.3 Financial Risk Management

The group is exposed to various financial risks arising from its underlying operations and finance activities. The group is primarily exposed to market risk (i.e. interest rate and foreign currency risk) and to credit risk and liquidity risk. The Group's Corporate Treasury function plays the role of monitoring financial risk arising from business operations and financing activities.

Financial risk management within the group is governed by policies and guidelines approved by the senior management and the Board of Directors. These policies and guidelines cover interest rate risk, foreign currency risk, credit risk and liquidity risk. Group policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the group. Review of the financial risk is done on a monthly basis by the Managing Director and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the group's results and financial position.

In accordance with its financial risk management policies, the group manages its market risk exposures by using specific type of financial instruments duly approved by the Board of Directors as and when deemed appropriate. It is the group's policy and practice neither to enter into derivative transactions for speculative purpose, nor for any purpose unrelated to the underlying business. The Board of Directors / Managing Director reviews and approves policies for managing each of the above risks.

40.3.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowings, deposits, investments and derivative financial instruments. The group enters into derivative contracts as approved by the Board to manage its exposure to interest rate risk and foreign currency risk.

A. Foreign Currency Risk Management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the group is attributable to group's operating activities, investing activities and financing activities.

In the operating activities, the group's exchange rate risk primarily arises when revenue / costs are generated in a currency that is different from the reporting currency (transaction risk). In compliance

Foreign exchange derivative and Non Derivative financial instruments

The group uses derivative as well as non derivative financial instruments for hedging financial risks that arise from its commercial business or financing activities. The group's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within 1 to 36 months for hedges of forecasted sales, purchases, loans and liabilities and capital expenditures. When a derivative is entered into for the purpose of being a hedge, the group negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivative contracts outstanding at the end of the reporting period:

The following table details the group's sensitivity to a 1% increase and decrease in the ₹ against the relevant foreign currency. The sensitivity analysis includes only outstanding forward exchange contracts as tabulated above and adjusts their translation at the period end for 1% change in forward rates. A positive number below indicates an increase in profit before tax or vice-versa.

B. Interest Rate Risk Management

Interest rate risk arises from movements in interest rates which could have effects on the group's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. The group's exposure to the risk of changes in market interest rates relates primarily to the group's long-term debt obligations with floating interest rates.

The group manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings. The group enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed principal amount outstanding at the time of inception of the swap. Out of the total long term borrowings, the amount of fixed interest loan is ₹ 898.62 Crores and floating interest loan is ₹ 1,531.65 Crores (Previous year : Fixed interest loan ₹ 995.04 Crores and Floating interest loan ₹ 2,096.36 Crores)

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the group's profit before tax is affected through the impact on floating rate long term borrowings, as follows:

	Year ended March 31, 2021		Year ended March 31, 2020	
	₹ loans interest rate decreases by 0.50%	Foreign currency loans interest rate decreases by 0.15%	₹ loans interest rate decreases by 0.50%	Foreign currency loans interest rate decreases by 0.15%
Increase in profit before tax by	2.85	1.44	1.48	2.70

In case of increase in interest rate by above mentioned percentage, there would be a comparable negative impact on the profit before tax as mentioned above.

Managing interest rate benchmark reform and associated risks

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates (IBORs) with alternative nearly risk-free rates (referred to as 'IBOR reform'). The Group has exposures to USD-LIBOR and EUR-IBOR on its financial instruments that will be replaced or reformed as part of these market-wide initiatives. There is uncertainty over the timing and the methods of transition. The management monitors the Group's transition to alternative rates. The management evaluates the extent to which contracts reference IBOR cash flows, whether such contracts will need to be amended as a result of IBOR reform and how to manage communication about IBOR reform with counterparties.

The Group holds interest rate swaps for risk management purposes which are designated in cash flow hedging relationships. The interest rate swaps have floating legs that are linked to USD LIBOR. Hedging relationships impacted by IBOR reform may experience ineffectiveness attributable to market participants' expectations of when the shift from the existing IBOR benchmark rate to an alternative benchmark interest rate will occur. This transition may occur at different times for the hedged item and hedging instrument, which may lead to hedge ineffectiveness.

Some of the Group's existing USD LIBOR cash flow hedging relationships extend beyond the anticipated cessation date for USD LIBOR. The Group will apply the amendments to Ind AS 109 issued via Companies (Indian Accounting Standards) Amendment Rules, 2020 issued by the Ministry of Corporate Affairs on July 24, 2020, to those hedging relationships directly affected by IBOR reform, as applicable.

Refer below for details regarding interest rate swaps.

Interest Rate Swap Contracts

Under interest rate swap (IRS) contracts, the group agrees to exchange the difference between fixed and floating rate interest amounts calculated on the agreed notional principal amounts. Such contracts enables the group to mitigate the risk of changing interest rates.

The following table details the IRS contracts outstanding at the end of the reporting period:

Outstanding Contracts	No of Deals		Contract Value of Foreign Currency (In Millions)		Maturity			
					Up to 12 months Nominal Amount*		More than 12 months Nominal Amount*	
					(₹ Crores)		(₹ Crores)	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
IRS Contracts*	4	3	31.05	15.05	85.49	26.71	141.68	86.99

Each of the above trades are in the nature of cash flow hedges and are effective hedges. The mark to market on these trades is therefore routed through Cash flow Hedge Reserve. The interest rate swap and the interest payments on the loan are paid simultaneously and are charged to statement of profit and loss.

*Sensitivity on the above IRS contracts in respect of interest rate exposure is insignificant

40.3.2 Credit Risk Management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The group is exposed to credit risk from its operating activities (primarily trade receivables, loans and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by the group's treasury department in accordance with the group's policy. Investments of surplus funds are made only with counterparties who meet the parameters specified in Investment Policy of the groups. The investment policy is reviewed by the group's Board of Directors on an annual basis and if required, the same may be updated during the year. The investment policy specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counterparty's potential failure.

Expected credit loss on financial assets:

To manage credit risk for trade receivables, the group establishes credit approvals and credit limits, periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2021

(All amounts in ₹ Crores, unless otherwise stated)

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties, from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for excepted credit loss has been provided on these financial assets other than as detailed below.

Loss allowance for the following financial assets have been recognised by the group:

	Note No.	As at March 31, 2021	As at March 31, 2020
Loans - current	8	2.74	2.74
Trade receivables	13	5.03	3.61
		7.77	6.35

Movement of loss allowance :

	Loans (current and non current)	Trade receivables

Provided during the year	0.24	11.70
Reversed/ utilised during the year	(0.24)	(10.28)
As at March 31, 2021	2.74	5.03

Other than financial assets mentioned above, none of the group's financial assets are impaired, as there are no indications that defaults in payments obligation would occur.

40.3.3 Liquidity Risk Management

Liquidity risk is the risk of non-availability of financial facilities available to the group to meet its financial obligations. The group's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy. Any deviation from the policy has to be approved by the Treasury Management comprising of Managing Director, Chief Financial Officer and Treasury Head. The group assesses the concentration of risk with respect to refinancing its debt, guarantee given and funding of its capital expenditure according to needs of the future. The group manages its liquidity by holding appropriate volumes of liquid assets which are available for its disposal on T +1 basis and by maintaining open credit lines with banks / financial institutions.

The table below analyse the group's financial liabilities into relevant maturity profiles based on their contractual maturities:

MESSAGE FROM THE CHAIRMAN

On the business front, your company performed well and achieved several milestones in FY 2019-20

Dear Shareholders,

As I sit down to pen my message for the Annual Report FY 2019-20 at a desk in my home, I am reminded of a quote by one of India's most revered poets, Rabindranath Tagore, *"You can't cross the sea merely by standing and staring at the water."* Staying resilient and agile in difficult situations is the only way we can respond efficaciously and adapt to changing times swiftly.

With the COVID-19 pandemic paralyzing the world and causing disruption to the magnitude never experienced before, your company quickly shifted focus on safeguarding the safety and well-being of employees, ensuring business continuity while considering all the relevant guidelines, and supporting the community we live and operate in. Driven by a strong belief that an organization's strength is in its employees, your company announced that there will be no job losses due to the COVID-19 situation at SRF.

Creating Value: The SRF Way

On the business front, your company performed well and achieved several milestones in FY 2019-20, despite the dynamic domestic and global macro-economic challenges. Viewed from a financial lens, your company achieved a 55% increase in profit after tax at ₹916 crore compared to ₹592 crore last year. Your company's revenue for the year stood at ₹7,209 crore as against ₹7,100 crore in the previous year, recording an overall growth of 2%. This growth was primarily on account of strong performance reported in the Chemicals Business and the Packaging Films Business. While we saw challenges in our Technical Textiles Business due to the auto sector slowdown and an overall sluggish pace of economic activity, we have, however, over the years built a

robust multi-business entity, which holds us in good stead. Strategic innovations across businesses, backed by strong R&D team have helped the company effectively face such external uncertainties.

Coming to our specific Businesses, I would like to talk about some of the milestones achieved by each of our business segments in FY 2019-20.

In the Fluorochemicals Business, we commissioned multiple facilities during the year that enhanced our HFC capacities further. We view this as a key expansion for the company that will drive growth from this segment in the coming years. I am also proud that R-467A, a drop-in substitute for F-22 that our R&D team developed in-house, received certification by the American Society of Heating, Refrigeration and Air-Conditioning Engineers, commonly referred to as ASHRAE. It is the first-ever refrigerant gas from India to receive this certification. An approval by ASHRAE is testimony to the fact that SRF is at the forefront of major fluorine-based gas transitions set by international regulations to reduce the global emissions of greenhouse gases. During the year, the Business also announced the setting up of an integrated Polytetrafluoroethylene (PTFE) plant along with an R 22 plant as feedstock. With this, your company is all set to enter the Fluoro polymer space, a new business segment and further enhance our value chain in the Fluorine segment. The overall performance of our Fluorochemicals Business was stable during the year despite prolonged and severe slowdown in the auto and white goods sector, leading to a low demand of refrigerants. However, the volumes of Chloromethanes contributed positively to the overall revenues of the Business.

Given the COVID-19 impact on various industries, we expect the demand for refrigerants from OEMs to remain low in the near-term. Having said that, I am confident of the growth momentum reviving and your company is well positioned to leverage on our existing facilities to deliver superior performance in the future.

The Specialty Chemicals Business has done very well during the year and increased the capacities of most of its flagship products. Moreover, the Business has made significant advances to improve the overall efficiencies in all new products, with a focus on running all the plants to maximum capacities and debottlenecking them as the need arises. A healthy demand from both the agrochemical and pharma segments has been encouraging and with the right investments that your company has made in this Business, we are ready to seize all opportunities that arise in the future. At the beginning of the year, we had projected an outlook of 40-50% revenue increase in the Specialty Chemicals Business. I am happy to share that our overall revenues for the Business are in excess of ₹1,650 crore, which is higher than what we had indicated.

In addition, the Business is working on sustainability with a more determined effort to reduce our carbon footprint as well as use less water in our processes. Overall, we continue to be optimistic that new product opportunities will emerge in both the agrochemical and pharma segments and exhibit a positive trajectory for the Business, and we expect to report a healthy performance in FY 2020-21 as well.

The Packaging Films Business has had a good year. Our continued strides towards maximizing contribution by keeping costs under control, improving the product mix and working towards sustainability initiatives is what sets us apart. Both the BOPET and BOPP films segments delivered steady returns to the overall performance. During the year, your company announced the setting up of a BOPP film line in Thailand, making it our third BOPP line, with facilities in South Africa, Indore and now Thailand.

Sustainability initiatives remain one of our top priorities, going forward. The Government of India is working aggressively on reducing the use of 'Single-Use Plastics'. This directive pertains to the use of single-use plastic products such as plastic plates, cutlery, straw, plastic beverage bottles, etc. Our products do not cater to any of these end use products and multi layered packaging is not a part of the definition of single use plastics. With the help of our in-house R&D, we will continue working out processes that enable us to use more recycled chips in our film production.

As stated earlier, the performance of the Technical Textiles Business (TTB) was subdued due to a sluggish domestic demand. However, the Business continued to focus on enhancing the operational excellence parameters at all its plant locations through cost saving and energy efficient methodologies.

During the year, we also announced the closure of the TTB plant at Rayong, Thailand as it was becoming economically unviable to continue running the plant. While these measures are difficult, they are also necessary to enhance competitiveness.

In Coated Fabrics, your company continues to maintain price and volume leadership in the domestic market. By adding textile capacity on a regular basis, we have not only increased our share but also made ourselves more competitive. The Laminated Fabrics segment has also seen an increase in the sales volume on a year-on-year basis in an over-supplied market. This is despite a lot of States banning the use of flex material as a signage solution.

You would remember that in May 2019, the company had announced the sale of its Engineering Plastics Business to DSM India. The closing conditions of the transition were completed in the second quarter of FY 2019-20 and the sale of the Business has now been achieved.

Before I close, I want to reiterate that your company cares deeply for its people and the communities in which

we operate. We have an important role to play during the COVID-19 crisis and commit ourselves to support the communities, especially the migrant workers who have lost their livelihood, as well as the authorities who are fighting tirelessly against the spread of coronavirus. SRF Foundation, the corporate social responsibility arm of SRF Limited is working to provide emergency response through the distribution of family essential kits, kits for frontline workers and hospital support material. Additionally, the team of SRF Foundation is working with their partners to support the education and learning needs of children across our intervention schools by bridging the digital divide through innovative methods.

In conclusion, I am confident of our growth potential and business opportunities that each of our segments exhibit. As the domestic and international operating environment improves gradually, I am optimistic of a healthy performance. This is possible due to our investments in world-class infrastructure, competent resources, superior R&D capabilities and a strong adherence to safety protocols, which is a cornerstone of our sustainability endeavors. I am also confident of creating sustained value for all our stakeholders as we progressively step into FY 2020-21.

On behalf of the Board of Directors of SRF Limited, I want to thank all employees of SRF and the management team for your hard work. I would also like to thank the investors and shareholders for your continued trust, confidence, and support.

Sincerely,

Arun Bharat Ram

Annexure VIII to BOARD'S REPORT

A) Conservation of Energy – Measures taken:

1. Laminated Fabrics Business, Kashipur

- Saved 130,680 KWH / annum by converting cold lamination line CL-2 into semi hot lamination line
- Saved 229.90 MT of FO / annum by integrating hot oil circulating systems of PFB & LFB
- Saved 25,740 KWH / annum by installing on line slitting facility at the lamination machines
- Saved 47,520 KWH / annum by eliminating 1 No hot oil circulating system from semi hot lamination line

2. Coated Fabrics Business, Gummidipoondi

- VFD panel installed to reduce the fan and pump for energy conservation which gives power saving of -2,50,000 KWH/annum
- Led light installation, cooling tower fan switching off and chiller setting optimizing in winter season which gives power saving of -3,00,000-KWH/annum

3. Packaging Films Business, Indore (SEZ)

- Saved 40,87,917 KWH (July-19 to Mar-20) i.e. 54,50,556 KWH/annum from chilled water system by installation of energy efficient AHU, chilled water operated FCU's, installation of chill roll cooling water circulation pump
- Saved 6,11,398 KWH (July-19 to Mar-20) i.e. 8,15,197 KWH/annum from Line-2 TDO system by optimization of blowers speed and by automation of motor start/stop sequences according to plant running MODES
- Saved 1,94,354 KWH (July-19 to Mar-20) i.e. 2,59,139 KWH/annum from air compressors by installation of lean phase CP conveying system, compressed air optimization for energy and air quality

4. Packaging Films Business, Indore DTA

- Saved 14,00,000 KWH/annum from extruder oil heating unit by shifted it on oil injection loop heating and stop the electrical heating
- Saved 4,20,000 KWH /annum in TDO by reducing the speed of penthouse blowers
- Saved 1,75,000 KWH /annum from chill roll cooling pump by reducing the speed of pump in mode-1
- Saved 1,75,000 KWH/annum from crystallizer blower by reducing the speed of blower motor in standby mode
- Saved 70,000 KWH/ annum from RMH by start the erema chips batching system & stop the blower during the batch completion
- Saved 70,000 KWH /annum from pet coke boiler by running the secondary loop pump on VFD
- Saved 16,425 KWH/annum from open loop cooling tower by replacement of energy efficient fan of one cooling tower

5. Packaging Films Business, Kashipur

- Saving of 50,600 KWH by replacing piston type vacuum pump with installation of energy efficient vacuum pump in metallizer
- 3,11,000 KWH saved by replacing DC drive with Ac drive system in main plant and slitter
- Optimised the energy of main plant AHU with temperature controller

6. Fluorochemicals Business Bhiwadi

- Saving of 25638 lacs kcal of energy (₹ 44.95 lacs) by steam recovery from LP gland seal of turbine in CPP
- Saving of 9886 lacs kcal of energy (₹ 11.5 lacs) by steam condensate recovery
- Saving of 3290.4 lacs kcal of energy (₹ 8.82 lacs) from vacuum Pump system in turbine

- Saving of 13585 KWH of electricity (₹ 1.1 lacs) by replacing conventional CFLs with LED lights
- Saving of 14003 KWH of electricity (₹ 1.14 lacs) by providing variable frequency drives in AHF Plant

7. Fluorochemicals Business Dahej

- Saving of 0.34 lacs KWH per annum (₹ 1.93 lacs) by replacing conventional lights by LED lights

8. Specialty Chemicals Business Bhiwadi

- Savings of 2.15 lacs KWH (₹ 16.1 lacs) by installation of energy efficient chiller
- Savings of 1.35 lacs KWH (₹ 10.1 lacs) due to internal design change in cooling tower pumps
- Savings of 1.05 lacs KWH (₹ 7.9 lacs) due to VFD provision in pumps
- Savings of 63875 KWH (₹ 4.8 lacs) by changing the internal design in hot oil pumps for P2 plant
- Savings of 43140 KWH (₹ 3.24 lacs) by replacement of old steam traps

9. Specialty Chemicals Business Dahej

- Savings of 29.57 lacs KWH (₹ 170.1 lacs/ annum) due to power consumption optimization by stopping the idle running equipment
- Savings of 7.54 lacs KWH (₹ 43.3 lacs/ annum) by stopping the PP-1 plant's HVAC water chiller and replacing it by chilled water from process chiller
- Savings of 2.25 lacs KWH (₹ 12.9 lacs/ annum) due to installation of Rotary Switch/ Timer in the plant
- Savings of 1.74 lacs KWH (₹ 10 lacs/annum) by power consumption optimization through pump impeller trimming
- Savings of 1.04 lacs KWH (₹ 6 lacs/annum) by operating UPS in ECO-Mode
- Savings of 65916 KWH (₹ 3.8 lacs/annum) by isolating 2 heaters (air dryer 1709 B

and C heaters) out of total 4 heaters and running the system on remaining 2 heaters

- Savings of 51846 KWH (₹ 3 lacs/annum) due to replacement of CFL/250W by LED lights
- Savings of 45000 KWH (₹ 2.6 lacs/annum) by removal of VFD /soft starter

10. Technical Textiles Business – Gwalior

- Saving of 370000 KWH p.a. power by replacing conventional blowers with mono block fans in Air washers.
- 90000 KWH p.a. power saved by installing energy efficient FRP fans by replacing metallic fans textile air washers.
- Replaced chilled water coils in quench air washer and saved 160000 KWH power p.a.
- Corocoating carried out in utility and process cooling tower pumps and energy saved 50000 KWH p.a.
- Installed inverter in process cooling tower pumps and replaced feed water pump, saved 99000 KWH p.a.
- Installed energy efficient motor, capacitors, inverter and saved 187000 KWH p.a.
- Reduction in compressed air consumption by installing modified air guides in spinning. Power saved 408000 KWH p.a.
- 190000 KWH power saved by providing LED lights in plant.

11. Technical Textiles Business – Manali

- Installed Energy efficient Motors (IE-3 standard) in Utility (12 no's). Saved power 250277 KWH p.a.
- Replaced energy saving LED lights in Textile, Utility & Canteen (174 no's) from conventional light. Energy saving- 192996 KWH p.a.
- Automation of lighting system with help of Presence detectors & Timers in the plant- Energy saving- 16104 KWH p.a.
- Stopping of baby cooling tower, and lined up main tower without any changes in

polymerization. Annualised Power savings – 34444 KWH

- Reduction in consumption of compressed air for Looms in Textile from 75 CFM to 55 CFM by changing relay nozzle types and adopting best practices – Energy saving- 44650 KWH p.a.

12. Technical Textiles Business – Gummidipoondi

- Saving of 25348 KWH p.a. of power through Hollow FRP blades, VFD installation for Utility cooling tower fan
- Saving of 43169 KWH p.a. of power through installation of energy efficient pumps.
- Saving of 50680 KWH p.a. of power through reduction in compressed air losses by tracing the leaks through Ultrasonic leak detector
- Savings of 42453 KWH p.a. through Installation of VFD for Textile AHUs, Office AHU & WTP filter water pump.
- Savings of 42435 KWH p.a. through Installation of energy efficient motors for 840D twisters.
- Savings of 23508 KWH p.a. by Installation of VFD for PIY 3313 air blower.
- Savings of 25316 KWH p.a. by automation of lighting system in Dipping & stores areas.

13. Technical Textiles Business – Viralimalai

- Saved power 7139 KWH p.a. by optimization of the Twister motor Capacity.
- Saved power 12787 KWH p.a. by Auto Cutoff of HSD Roof exhaust.
- Achieved a savings of 23414 KWH p.a. by replacing the conventional light to energy efficient LED.

Capital Investment on Energy Conservation Equipment:

Coated Fabrics

- Solid fired thermic fluid heater investment for ₹ 2.4 cr which will give annual saving on energy is ₹ 100 lacs.

Packaging Films Business, Indore SEZ

Description of Asset	Amount
• Energy efficient AHU's (Air Handling unit) with TFA	227.09 lacs

Technical Textiles Business Gummidipoondi:

- Installation of VFD & hollow blades for Utility Cooling tower fans.
- EC fans for TW AHUs

B) Technology Absorption

Specialty Chemicals Business:

The Specialty Chemicals Business produces a number of high-value products from both dedicated and flexible manufacturing assets. The Business is engaged with reputed domestic as well as global innovators for developing new products in our chosen markets. The focus has been to leverage the company's expertise for products used in the agrochemical and pharmaceutical industries.

The Business relies on R&D and technology development at SRF to develop new age molecules for leading innovators in Agrochemical and Pharmaceutical space. These molecules are used as intermediates in the development of the final product. Apart from developing new age molecules, the R&D and technology teams also help in scaling up the capacity of existing products with a focus on lowering the cost of production and also improving the existing design parameters to increase the yields and thus the overall throughput.

Some of the areas where technology has been absorbed in this period are:

- Building process development capabilities to go beyond reported chemistries and technologies by developing novel processes
- Enhance capabilities to cater efficiently from market assessment to meeting customer needs
- Capacity and production yields of several product were significantly enhanced
- Strong emphasis on waste generation minimization
- Technological learnings from new projects were deployed horizontally to enrich overall delivery

The Business would continue to invest in technologies and research that enables continuous process improvements and technological advancements.

Technical Textiles Business:

The R&D centre of Technical Textiles Business is located at Manali, Chennai. Equipped with state-of-the-art Pilot facilities and sophisticated testing laboratories for evaluating Polymers, Fibers and fabrics, the TTB-R&D centre aims at maximizing competitiveness of Technical Textiles Business through market oriented new product/technology development. In this regard, the R&D centre has developed many variants of Polyester Industrial Yarns for as reinforcements in geotextiles, fiber reinforced composites etc., and Aramid based reinforcement fabric for hoses, each tailor-made for the respective application.

Apart from the developments in existing business space, novel products involving Nano-technology are also being developed by this centre in close association with leading Academic and Research Institutes in India and abroad for various research projects. TTB-R&D also works in close collaboration with major customers for joint developments in the field of Tyre cords, belting fabrics and other Mechanical Rubber Good reinforcements.

SRF Limited is a market leader in most of its business segments in India with a significant global presence. The company has operations in three countries namely India, Thailand and South Africa and an upcoming facility in Hungary. SRF has commercial interests in more than seventy-five countries and classifies its businesses as Technical Textiles Business (TTB), Chemicals Business (CB), Packaging Films Business (PFB), and Other Businesses.

Technical Textiles Business

FY 2019-20 witnessed a VUCA environment as the auto sector faced one of its worst crises ever, adversely impacting the Technical Textiles Business. Sales of every vehicle segment registered a double digit de-growth thereby eroding significant profits especially in case of Nylon Tyre Cord Fabric. During the year, the business also closed its Nylon Tyre Cord Fabric plant at Rayong (Thailand) due to high costs and lack of visibility on reaching profitable operations anytime in the near future. Because of this, the business witnessed de-growth in terms of both revenues and profitability. However, the Belting Fabrics segment performed better in terms of margins and registered a healthy EBIDTA.

Overall, the domestic capacity was underutilized due to poor demand in both Tyre Cord Fabric and Polyester Industrial Yarn segments.

Tyre Cord Fabrics

The Nylon Tyre Cord segment registered de-growth in EBIDTA due to low off-take in the OE sector. Replacement demand was also impacted due to financing issues, rural distress and job losses. Slow income growth also led to reduced purchasing power of the consumer that impacted the auto industry overall. As a result, most of the tyre companies cut back on production to reduce the pipeline inventory.

On the positive side, the plants of Technical Textiles Business continued to improve their operational parameters.

Belting Fabrics

With the steel industry growing at a healthy rate, Belting Fabrics registered a stable domestic demand growth vis-à-vis last year. However, Chinese posed stiff competition to compensate their sale loss in the US and resorted to aggressive pricing. The business however managed to post healthy EBIDTA and margins on the back of strengthened Value Added Products (VAPs) sales and exports.

On the operational front, the additional capacity commissioned was successfully utilized to cater to the growing demand and increased exports. The business continues to focus on rapid development of VAPs.

Polyester Industrial Yarn

The demand for Polyester Yarn segment witnessed a decline owing to slowdown in the auto and infra sectors. Even after the imposition of Anti-Dumping Duty, Chinese continued to dump yarn into India at lower prices creating a situation of oversupply. Overall, the business suffered due to sharp decline in demand, oversupply by the Chinese and aggressive pricing competition.

However, the business continued to focus on ramping up the sales of Value Added Products.

Outlook

The Technical Textiles Business is likely to get impacted in FY 2020-21 owing to the situation created by the COVID-19 pandemic. The situation may start to improve in the second half of the fiscal for NTCF, Belting Fabrics and PIY segments.

Chemicals Business

The Chemicals Business comprises two different product segments, namely Fluorochemicals and Specialty Chemicals.

Fluorochemicals

The Fluorochemicals Business (FCB) derives its revenue from the sale of refrigerants, pharma propellants and industrial chemicals. FCB has its manufacturing operations at Bhiwadi in Rajasthan and Dahej in Gujarat. With the ongoing business enhancement and debottlenecking projects currently underway, the Business is continuing its journey on the growth path.

Refrigerants & Propellants

SRF is the domestic market leader in the refrigerants space. Exports to more than 60 countries worldwide account for a significant portion of the overall revenue. The refrigerant product range marketed under the company's FLORON® brand includes F-22, F-134a, F-32 and HFC Blends such as F-404A, F-407C, and F-410A and newly-added products like F 600a and F 152a.

Market share in refrigerator segment increased with the launch of F 600a.

The business serves reputed OEMs manufacturing air-conditioners, refrigerators, pharmaceuticals, chillers and automobiles. SRF is the only Indian manufacturer of HFC 134a, HFC 125 and HFC 32 refrigerants, which have been developed using indigenous technology. SRF has commissioned new facilities for HFCs, which has further strengthened our competitive advantage in all three major HFCs, namely HFC 134a, 32 and 125. Today, we are positioned as one of the very few, best-in-class, fully backward integrated producers in the world. SRF has also successfully converted all the customers for Dymel® HFC 134a pharmaceutical propellant.

SRF is all set to enter into another segment i.e. Fluoropolymer business through its ongoing additional F 22 capacity and new Poly-tetrafluoroethylene capacity project at Dahej.

Industrial Chemicals

SRF's main products in the Chloromethane space are Methylene Chloride, Chloroform and Carbon Tetra Chloride, which are used by the pharma and agrochemical customers. Other products in this

segment are Trichloroethylene, Perchloroethylene, Tetrahydrofuran and Dilute Hydrofluoric Acid. The Business is poised to gain in terms of revenue and profitability from this segment. In the coming years, we are planning to add a couple of new products in the Industrial Chemicals space.

Outlook

With the overall sentiment in the market continuing to remain uncertain in FY21 due to COVID-19, we expect a demand slowdown for the coming year especially in the OEM space. However, Business is expected to improve its performance with better capacity utilization and other cost improvement initiatives along with keeping a close watch on how the Macro scenario moves. The Business will focus on maintaining its share of F 134a, F 32, F 125, HFC Blends and Methylene Chloride, apart from its ongoing efforts to pursue growth in Industrial Chemicals with the addition of new products to its portfolio.

Specialty Chemicals Business

The Specialty Chemicals Business expanded during the year and continues to remain focused on agrochemical and pharmaceutical space, where it collaborates with the major global innovators for process development, commercialization, and production of complex new-age molecules having downstream application in agrochemical and pharmaceutical segments. In the last three decades, the Business has developed world-class expertise in Fluorination chemistry and is also emerging as a champion in some of the non-Fluorinated, difficult-to-execute chemistries.

The Business witnessed some interruptions in operations in the first quarter at Dahej site due to shut down. However, the Business picked up momentum thereafter and captured the market opportunities in the agro space. This led to record sales in the second half of the year.

During the year, the Business launched six new agro intermediates and three pharma intermediates and remained steadfast on its innovation and technology leadership journey. The production capacity of several products was enhanced significantly at both the sites. In order to bolster the efforts to improve sustainability, a RO system was commissioned at the Dahej site to enable the use of recycled water from plants. The Business also made continual investment on improving the technological strength, process

improvements and focused cost control efforts. Such measures have enhanced both the positioning of the Business and its capabilities to deliver complex agrochemicals and related intermediates.

Outlook

The Business has emerged as a global leader in demonstrating its ability to supply some of the most critical intermediates to its customers. Efforts to deliver better value to the customers will continue as the Business remains committed to invest in improving its technological prowess, while having a strong focus on operational excellence. This will help the Business in taking on new-age challenging molecules.

The participation of the Business in agrochemicals market is in line with the global trends. However, the market is still susceptible to pricing pressure coming from crude pricing, unpredictable weather conditions in the customers' market and the more recent impact of COVID-19 on economies. SRF is currently working on various projects, which will gradually see fructification in the future.

The Business holds an optimistic outlook for the coming quarters as it continues to stay invested in the long-term projects to drive growth in the Specialty Chemicals space.

Chemicals Technology Group

The Chemicals Technology Group (CTG) has been instrumental in driving the development of new products and process technologies for the Fluorochemicals and Specialty Chemicals Businesses. Over the years, CTG has introduced a number of technologies that were new to SRF. It is the key force driving SRF up in the value chain of agrochemical and pharma intermediates as well as the new generation refrigerants.

CTG's key focus has been on the niche area of Fluorinated molecules, however, during the year it contributed significantly in the development of complex non-Fluorinated intermediates as well. The complexity of the molecules are increasing and so is the capability of CTG. The R&D and the scale-up facilities are also being augmented at Bhiwadi. This will further boost the capability of CTG, enabling it to meet the challenging and complex needs of the customers. CTG has been dedicatedly working on enhancing SRF's technology development capabilities by developing more efficient processes, by working on

novel chemistries and scaling them up for successful commercialization. With a clear vision of technology leadership and innovation, new product development having complex technology requirements will be the key driver of success and sustainable growth of SRF.

The two dedicated R&D facilities, engineering lab and pilot plant facilities, employing many scientists and engineers, work together to achieve the innovation and technology leadership at SRF. SRF continues to invest in R&D for creating propositions for the future and Capital and Revenue expenditures of ₹ 33.09 crore and ₹ 99.68 crore was spent respectively during FY 2019-20 for R&D.

Comprehensively, R&D team worked on 69 molecules and 38 products were successfully taken up for process development. A total of 16 scale-up campaigns were carried out by the pilot plant, 34 campaigns were taken up in the commercial multipurpose plants and 15 campaigns were completed in the dedicated plants. In FY 2019-20, CTG filed Thirty Five patents taking the total count to Two Hundred and Five patents filed so far. Thirty Seven patents were granted in FY 2019-20 taking the total count of patents granted to the company to Seventy.

Packaging Films Business

FY 2019-20 has been a good year for the Business. BOPP market started recovering from the down cycle and BOPET market remained balanced. Improved market sentiment accompanied by the hard work and passion of every team member contributed towards the larger goal of 'Easy To Do Business With (ETDBW)' and helped the Business achieve its best ever performance.

All units improved their efficiencies resulting in ~4% volume growth while sustaining the best in industry cost structures. In our journey of Value Added Products (VAPs), five new products were launched and VAP sales grew by more than 20% over previous year. While utilizing our assets to the maximum, we continuously strive to maintain a safe and healthy environment at our plants. In FY 2019-20, we received the "Sword of Honour" and 5 Star Rating for Occupational Health and Safety (OHS) from the British Safety Council for both our plants in Indore. Our expansions at both Hungary and Thailand are also progressing well and vertical start-up of both the lines will be one of the most important agenda items for the coming year.

Towards the end of the year, the Business faced some disruption because of the COVID-19 pandemic, which is expected to impact business at least in the initial period of FY 2020-21.

Outlook

FY 2020-21 has started on the note of COVID-19 pandemic affecting the global economy. The pandemic will affect production, create supply chain and market disruption and will result in financial impact on almost all organizations. The scenario is too uncertain to predict the demand. We expect that supply of Packaging Films will exceed demand leading to a pressure on margins as many small convertors might remain shut for a considerable time period and many new capacities are also likely to start both in BOPET and BOPP.

In FY21, SRF's primary focus will be on running its plants optimally, keeping costs under control and continue to work on VAPs. The efforts will also be directed towards maximum utilization of the two new BOPET facilities starting in the first quarter. We will also continue our work on the sustainability initiatives driven by the '3R' approach – Reduce, Reuse and Recycle.

During the year, we will keep a close watch on the macro scenario and will be flexible to adapt our strategy accordingly.

Other Businesses

Coated and Laminated Fabrics

Under the Other Businesses segment, both Coated and Laminated Fabrics performed well in FY 2019-20. Coated Fabrics Business recorded its best-ever performance. Despite adverse market situation, Laminated Fabrics Business has been able to successfully hold the fort and has achieved targeted sales number. Both the Businesses were impacted in March 2020 due to the situation arising from the COVID-19 pandemic.

Outlook

In FY21, we expect the market to remain subdued, at least in the initial part of the year, due to the fallout of the COVID-19 pandemic. For both the Businesses, the focus will be on maximizing the asset utilization and continue work on various cost reduction initiatives.

Human Resources

The recipe of any successful performance assessment system pivots around two key ingredients – correctly defined deliverables and constructive feedback on performance. At the onset of the year, the organization identified these two aspects as key focus areas for the year, with transparency and efficient automation being the cornerstone of all improvements. Today, the key deliverables, called Control Points, are properly defined in an automated module, monitored regularly and updated from time to time and in line with the changes that take place during the year. Furthermore, the organization moved away from the archaic and age-old practice of only managers initiating feedback when they deemed fit. We empowered people substantially by providing them a formal mechanism to seek feedback from their managers through the year. Providing feedback has also been mandated for a few levels in the organization.

With the automation of the promotion process, HR can now boast of almost all its transactional processes being automated and having more time at hand to deal with strategic level matters or matters needing personalized touch of our 'hi-tech' HR.

Traditionally, HR has been more 'feeling' than 'analyzing' and a fundamental shift in this approach was initiated a few years back when we started using analytics in HR. After years of laboring towards institutionalizing this change, our efforts fructified. A special recognition from an external forum – SHRM, came our way as an acknowledgement of the initiatives implemented by this function. This gave the function the much-needed impetus. Reporting HR data through real-time dashboards is another feather in the cap of the HR Analytics team.

Our commitment to complying with labour related statutes springs from the organization's DNA. While, the industry struggled with the newfound understanding of the Provident Fund Act, we chose to be the first few organizations to set things in order so that the interest of employees was protected.

HR witnessed a landmark year as the sale of our Engineering Plastics Business brought with itself an abundance of learning opportunities. The transition for our people was seamless with minimal disturbance for most.

Another interesting and prophetic change was the introduction of a more relaxed 'work from home'

policy. Towards the end of the year, we found ourselves grappling with the unfortunate reality of a pandemic and the economic and psychological fallouts of it. With the promise of no job losses because of the pandemic, the organization continues to put the interest and well-being of its employees first.

Industrial Environment

The organization's overall employee relations remained positive throughout the year. This was a result of our consistent efforts towards keeping our employees engaged. Various initiatives were implemented at the plants that encouraged participation and collaboration. We maintained a pleasant and cordial working environment across all manufacturing locations and witnessed an increase in productivity at several manufacturing locations.

The total number of permanent employees at SRF stands at 6,677 at the close of business on March 31, 2020. Of these, 6,299 are based at our Indian locations.

Information Technology

The year started with many IT projects to disassociate the Engineering Plastics Business (EPB) to independent operation systems that could be transitioned to DSM. We worked closely with the DSM team to ensure that the EP business operations continued during the transition to their systems. Over the year, we also enabled all our IT systems on our new international locations and plant extensions.

We improved resilience of core information systems like the ERP by migrating to virtual, fault tolerant systems ready for cloud transition. The Disaster recovery of such key systems was subsequently setup in cloud to ensure continuity in the event of disruptive events at the main data centers. Some new technology solutions were added in our R&D centers to improve our ability to conduct research and experiments.

We continued our efforts to automate more processes using Business Process Management technology tools and platforms, thereby resulting in improved process efficiency while reducing efforts and time taken. Master management activities, credit hold processes and other sales processes were optimized. The advanced supply chain planning solution was stabilized in Fluorochemicals business to help improve our monthly planning activities around production,

dispatches, procurement based on the sales demand across the world. Customer and supplier portals are being launched soon to better integrate with our partners. Operational dashboards have helped SRF over the year to have a good control on the key metrics. These were also upgraded and improved on newer platforms that support secure access on multiple devices from anywhere.

We increased coverage of modern workplace solutions based on cloud solutions like Office365. Adequate identity and data protection solutions were deployed to enable safe and secure working of employees from anywhere while protecting the intellectual property of SRF. This was a significant enabler that helped the company at the financial year end when the COVID crisis struck and overnight employees were asked to work from home. The collaboration solutions combined with secure VPN gateways to SRF data centers ensured that all essential SRF applications were accessible to employees who could seamlessly collaborate over secure audio/video conferencing solutions. The investments made over the years to modernize the SRF IT environment paid good dividends during these tough times.

Community Partnerships

Building on its long-term commitment to the sustainable and inclusive growth of the community, SRF Foundation, the corporate social responsibility arm of SRF Limited, expanded its scope of work and took concrete steps in compliance with Section 135 of the Companies Act 2013 during FY 2019-20. The Foundation continued to focus on the identified areas of education, vocational skills, natural resource management and affirmative action on a sustainable basis. Further, it strengthened its Public Private Community Partnership (PPCP) model to positively affect the lives of people.

FY 2019-20 witnessed the strengthening of the Foundation's education program. Today, we have reached 269 Government schools across 21 locations in nine states directly, providing quality education to more than 78,714 students. By collaborating with like-minded partners, we work with 110 Government & Private schools indirectly, positively affecting the lives of 1,300 students in these schools. The Foundation continued its work towards improving infrastructure and academic facilities under the School Education Program, and promoting digital-based learning through

KidSmart Centers, World on Wheels & GetSmart-Mobile Digital Labs, Common Services Lab, Digital Based Learning and Digital Theatres. The Foundation also undertook several new initiatives to improve the employability of people around our plant locations by providing vocational skills through partnerships with Rama Krishna Polytechnic, Schneider Electrical and The Times of India.

SRF Foundation, through its Natural Resource Management (NRM) program continued to reach the economically weaker families near its manufacturing plant at Bhiwadi in Rajasthan and improve their livelihood by adopting the watershed-based livelihood and environment conservation approach. In FY 2019-20, the Foundation conducted certain Hydrological and Environment studies in 35 villages around SRF Bhiwadi Plant in the Tijara block where rainfall is below normal and the results helped create a way forward plan.

During the year, SRF Foundation was recognized with various awards for its contribution to school education. We were honored with the maiden National CSR Award in Challenging Circumstances (North) by the Government of India and also by the Indian Institute of Corporate Affairs. Furthermore, we received the 4th ICSI CSR Excellence Award by the Institute of Company Secretaries of India for Best Corporate in Medium Category. We were also awarded the CSR Times Award - 2019 as 'Best Corporate Foundation' in Education Category during the 6th National CSR Summit. Moreover, we were adjudged the Best Partner in Digital Citizenship by Capgemini India.

In addition, SRF's Chemicals Business was felicitated by the Government of Rajasthan with the "Rajasthan State Bhamashah Award" for support to elementary education in the Bhiwadi region.

Internal Controls Systems and Internal Audit

The Internal Audit team develops an annual internal audit plan based on the risk profile of the business activities. The Internal Audit plan is approved by the Audit Committee, which also reviews compliance to the said plan.

The company has a well-documented system of internal controls in place commensurate with its size, scale and complexity of operations. These controls have been designed to provide reasonable assurance

with respect to recording and providing reliable financial and operational information, complying with applicable laws, safeguarding assets, executing transactions with proper authorization and ensuring compliance with corporate policies. The controls based on the prevailing business conditions and processes have been tested by internal/external auditors during the year and no reportable material weaknesses in the design or effectiveness was observed.

The Internal Audit team also monitors and evaluates the efficacy and adequacy of internal control systems in the company, the ERP solutions, the accounting procedures and policies at all locations. Based on the gaps reported in internal audit report, process owners undertake corrective actions in their respective areas and thereby strengthen the controls. Any significant audit observations and corrective actions thereon are presented to the Audit Committee.

The Audit Committee reviews the reports submitted by the Internal Auditors (both internal and external) in each of its meetings. The company also has a robust and comprehensive framework of Control Self-Assessment (CSA), which continuously verifies compliances with laid down policies and procedures and help in plugging the control gaps.

Risk Management

The company has developed and implemented a Risk Management Policy, which is approved by the Board.

The Risk Management Policy, inter alia, includes identification therein of elements of risk, including those, which in the opinion of the Board may threaten the existence of the company. Risk management process has been established across the company and is designed to identify, assess and frame a response to threats that affect the achievement of its objectives. Further, it is embedded across all the major functions and revolves around the goals and objectives of the organization. The responsibility of tracking and monitoring the key risks of the business/function periodically and implementing suitable mitigation plans proactively is with the senior executives of various business/functional units.

Risk Management Committee has been constituted by the Board of Directors in February 2019 to oversee key risks and assist the Board in efficient management of organizational risk. The scope of the Risk Management Committee [RMC] as defined by SRF is as under:

1. Oversee key risks, including strategic, financial, operational, compliance and cyber security risks.
2. Assist the Board in framing, implementing, monitoring and reviewing the risk management plan / policy of the company.
3. Assist the Audit Committee in evaluating the effectiveness of Risk Management System.

During FY20, the return on net worth of the Company is 20.80% vis-à-vis 13.20% in FY19. There is a change of 57.57% over the previous year due to an increase in operations, better operating margins and profit recognized on sale of EP business. Other Significant changes in key financial ratios as per listing regulations were:

Ratios	FY 19-20	FY 18-19	% Change	Remarks
Interest Coverage Ratio	8.06	5.67	42.24	Due to increased operations, better operating margins and profit recognised on sale of EP business
Operating Profit Margin %	18.80	13.43	39.97	
Net Profit Margin %	15.21	8.01	89.93	
Debt Equity Ratio	0.59	0.79	25.87	During the year debt was reduced due to higher cash flows arising from increased operations, better operating margins and proceeds from sale of EP business

Corporate Governance Report

Philosophy of the Company on Corporate Governance

For SRF Limited (SRF), good corporate governance means adoption of best practices to ensure that the Company operates not only within the regulatory framework, but is also guided by broader business ethics. The adoption of such corporate practices — based on transparency and proper disclosures — ensures accountability of the persons in charge of the Company and brings benefits to investors, customers, creditors, employees and the society at large.

As required under Listing Regulations, the Company has obtained a certificate from a Practicing Company Secretary that none of the directors on the board of the Company has been debarred or disqualified from being appointed or continuing as directors of companies by the Board/Ministry of Corporate Affairs or any such statutory authority.

Independent Directors on the Board are Non-Executive Directors.

Our definition of 'Independence' of Directors is derived from Regulation 16 of Listing Regulations, and Section 149(6) of the Companies Act, 2013. Based on the confirmation / disclosures received from the Directors and on evaluation of the relationships disclosed, all Non-Executive Directors other than Dr. Meenakshi Gopinath are Independent in terms of Regulation 16 of Listing Regulations and Section 149(6) of the Companies Act, 2013.

The Company has received declarations from all the Independent Directors confirming that they meet the criteria of independence as prescribed both under the Companies Act and Listing Regulations. In terms of Regulation

25(8) of SEBI Listing Regulations, they have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations and that they are independent of the management.

None of the Directors on the Board holds directorships in more than ten public companies. None of the Independent Directors serves as an independent director on more than seven listed entities. None of the Directors is a member of more than ten Board level committees nor are they Chairman of more than five committees in which they are members.

Independent Directors' Meeting

In accordance with the applicable provisions of Companies Act, 2013 and Listing Regulations, a meeting of the Independent Directors of the Company was held on February 3, 2020, without the attendance of Non-Independent Directors and members of the management.

Familiarisation Programme

Your Company has put in place familiarisation programme for all its Directors including the Independent Directors with regard to their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, the business models of the Company etc and the familiarisation programme for the Independent Directors is available on the website of the Company at the link <http://www.srf.com/investor-relations/investors.html#governance>

Number of Board Meetings

During 2019-20, the Board of Directors met four times on the dates as referred below in Table 2. The gap between any two Board Meetings did not exceed 120 days.

Registrar and Share Transfer Agents

M/s KFin Technologies Private Limited (Formerly known as Karvy Fintech Private Limited), Hyderabad are the Registrar and Share Transfer Agent of the Company for handling both electronic and physical shares.

Share Transfer System

As per SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018 and further amendment vide Notification No. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018 request for effecting transfer of securities (except in case of transmission or transposition of securities) shall not be processed from April 01, 2019 unless the securities are held in dematerialized form with the depositories. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form.

Depository System

Shareholders can trade in the Company's shares only in electronic form. The process for getting the shares dematerialised is as follows:

- Shareholder submits the shares certificate along with De-materialisation Request Form (DRF) to Depository Participant (DP)
- DP processes the DRF and generates a unique De-materialisation Request No
- DP forwards the DRF and share certificates to the Registrar and Share Transfer Agent (RTA)
- RTA after processing the DRF confirms or rejects the request to Depositories
- If confirmed by the RTA, depositories give the credit to shareholder in his /her account maintained with DP

This process takes approximately 10-15 days from the date of receipt of DRF.

As the trading in the shares of the Company can be done only in the electronic form, it is advisable that the shareholders who have the shares in physical form get their shares dematerialised.

Dematerialisation of Shares & Liquidity

As on March 31, 2020 there were 51821 shareholders holding 56,616,962 shares in electronic form. This constitutes 98.50 per cent of the total paid-up share capital of the Company.

2A If answer to S. No. 1 against any principle, is 'No', please explain why : (Tick upto 2 options)

S. No.	Question	Principle 2 : Sustainability in life-cycle of products	Principle 7 : Responsible public policy advocacy	Principle 9 : Customer value
1.	The Company has not understood the Principles			
2.	The company is not at a stage where it finds itself in a position to formulate and implement the policies on specified principles			
3.	The company does not have financial or manpower resources available for the task			
4.	It is planned to be done within next 6 months			
5.	It is planned to be done within the next 1 year			
6.	Any other reason (please specify)	SRF manufactures intermediate products which are largely supplied to other industries for manufacturing of the final product. Any sustainability initiative has to take into account the final product as a whole for which the manufacturer of the final product is responsible	SRF is a member of various industrial and trade bodies. We actively participate in these forums on issues and policy matters that impact the interest of our stakeholders. We prefer to be a part of the broader policy development process through making representations to Chambers of Commerce, giving our comments on the proposed amendments in the relevant legislations and being a part of discussions with the representatives of the relevant authorities in open forums. Hence, we do not feel such a policy is necessary for us.	SRF is a business to business player and as such the customers are largely manufacturing companies which have stringent quality control measures in place and the quality of the product supplied by SRF is a part of the agreements with them. The product is manufactured as per the agreed parameters and specifications

3. Governance related to BR

Indicate the frequency with which the Board of Directors, Committee of the Board or CEO to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year

The financial year 2019-2020 is the fourth year for which the provisions of Business

Responsibility Reporting of the Listing Regulations are applicable to the Company. The Company is publishing BRR report for financial year 2019-20 as part of its Annual Report. The Annual Report is available on the website of the Company at <https://www.srf.com/investor-relations/investors.html#investorinfo>.

The Chemicals Business of the Company has been publishing a Sustainability Report every two years. The last report for 2015-17 is available at <http://www.srf.com/pdf/Sustainability/SRFSustainabilityReport2015-17final.pdf>.

Section E : Principle-wise performance

Principle 1

1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs / Others?

The integrity of our people and fairness in organizational and business dealings is of utmost importance to all in SRF. As a responsible and leading organization, SRF conducts its business with utmost integrity. This is exemplified in our Values which are not just strong words but a way of life, reflected in our day-to-day behavior. We have the following policies in place which form the foundation of our Company's commitment towards ethical conduct at all levels:

- Code of Conduct: SRF has its Code of Conduct which is applicable to all the employees of the Company including the employees of the subsidiaries. It does not extend to the suppliers/contractors/NGOs etc. It is a must for every employee in all the business units/subsidiaries to follow the values enshrined in the Code of Conduct in their day to day activities. All employees must read and understand this Code and abide by it.
- Whistle-Blower Policy: This Policy is applicable to the Directors of the Company or a person who is in direct or indirect employment with the company who makes a protected disclosure under this policy. This Policy provides a platform to these

stakeholders for making any communication made in good faith that discloses or demonstrates evidence of any fraud or unethical activity within the company and had provisions to ensure protection of the whistleblower against victimization for the disclosures made by him/her.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the Management?

During the reporting period, no complaint was received under the provisions of Whistle-Blower Policy.

Principle 2

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

- I. Development of HFC-467A, which has zero ODP.

2. Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Yes, the company has procedures in place to evaluate sustainability of suppliers which are reviewed periodically. The raw material and packaging purchased is tightly specified due to hazardous nature of our products and no compromise is permissible on specifications.

3. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Yes, the Company sources packing materials and has awarded contracts like security, canteen, employee transport, housekeeping and other repairs and maintenance through local

sources. As we deal in hazardous substances, our purchases are mostly from organized sector. However, we do buy some engineering items from small producers and we help them improve their product quality by improving their engineering skills. We also hire contractors from the areas neighboring our plant and improve their capability by imparting training in various fields like safety, hazard handling, compliances etc.

4. Does the Company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%).

Sludge generated during treatment of effluent from the Effluent Treatment Plant has a composition similar to the raw material of Chemical Business viz. Fluorospa. Hence, 100% sludge is mixed with fresh raw material and used in manufacturing of Anhydrous Hydrogen Fluoride to recover the fluoride value in the sludge. Product recycling is negligible.

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year

S. No.	Category	No. of complaints filed during the Financial Year	No. of complaints pending as at end of the Financial Year
1.	Child labour/forced labour/involuntary labour	0	0
2.	Sexual harassment	0	0
3.	Discriminatory employment	0	0

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

a. Permanent Employees	79%
b. Permanent Women Employees	72%
c. Casual/Temporary/Contractual Employees	96%
d. Employees with Disabilities	94%

Principle 3

1. Please indicate the total number employees.

Permanent employees : 6299

2. Please indicate the total number of employees hired on temporary/contractual/casual basis

Temporary/contractual/casual basis : 4997

3. Please indicate the number of permanent women employees: 243

4. Please indicate the number of permanent employees with disabilities: 17

5. Do you have an employee association that is recognized by Management?

Yes

6. What percentage of your permanent employees is Members of this recognized employee association?

13%

Principle 4

1. Has the company mapped its internal and external stakeholders? Yes/No

Yes, SRF has mapped its internal and external stakeholders. We recognise employees, communities surrounding our operations, business associates (network of suppliers, stockists and dealers), customers, shareholders and regulatory authorities as our key stakeholders.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders.

Yes, the Company has identified disadvantaged, vulnerable & marginalized stakeholders from the local community and the work force and has also engaged them for their socio-economic development through various CSR and Affirmative Action interventions. Local communities have been engaged under the CSR framework to work on good quality teaching-learning opportunities with the use of technology for children from low socio-economic status communities, and livelihood project infrastructure for youth who could not complete education. There are a few small and medium sized customers in one of our other businesses viz. Laminated fabrics business who look up to us for working Capital support.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

Yes, the Company, in partnership with the Govt. and the local communities, has taken many initiatives under Affirmative Action and CSR focused upon Education, Skill and Livelihood development of the local community. In addition, recruitment of the equally qualified people from the local community is also encouraged. To minimize the Business' environmental impact on the community, an integrated Natural Resource Management project (NRM) is also under implementation with its regular impact assessment

Principle 5

1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures /Suppliers / Contractors /NGOs/Others?

We have the Code of Conduct and Whistleblower Policy which covers issues related to human rights. The details of these two policies have been covered elsewhere in this Report. We do not deal with any supplier/contractor if it is in violation of human rights and we do not employ any person below the age of eighteen. We also

prohibit the use of forced or compulsory labour at all our units and discourage the same with our business associates.

The said policies discourage violation of SRF values and provide a fair and transparent mechanism for reporting any such violation. The Whistleblower Policy consists of a Value Steering Committee which investigates the disclosure made by the Whistleblower and recommends disciplinary or corrective action based on the outcome of the investigation. This policy also provides direct access to the Chairman of the Audit Committee in appropriate and exceptional cases. The system is designed to ensure confidentiality and protect the complainant from being victimized. False allegations are also dealt with disciplinary action in accordance with the Policy. A quarterly report of the summary of disclosures received and action recommended/taken to the Audit Committee .

Any amendment or modification in the Whistleblower Policy would be approved in writing by the Managing Director of the Company and would be placed before the Audit Committee for its noting.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

No complaint was received pertaining to human rights violation during the past financial year.

Principle 6

1. Does the policy related to Principle 6 cover only the company or extends to the Group/ Joint Ventures/Suppliers/Contractors / NGOs/others.

The Safety, health and environment policy of the company covers all its Business verticals and it applies to the contractors working for the company by way of incorporating the safety health and environment compliances in the agreement and in certain cases cover the interest of customers/ suppliers/ transporters/ contractors etc.

2. Does the company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

Yes, the company is complying with the guidelines of Montreal protocol, Kyoto protocol and other such regulations notified by Government of India. Chemicals Business has already phased out substances like Halons & Chlorofluorocarbons which had high ozone depleting potential. HCFC-22 is being phased out as per guidelines of Montreal protocol. Power is being sourced from own windmills (13.95 MW capacity) and through a SPV arrangement (22.4 MW capacity). A 5 MW solar power plant in one of the plants has been commissioned. The company also has Biomass boilers using rice husk and similar fuel for its steam requirement and Thermic fluid heating requirements.

3. Does the company identify and assess potential environmental risks? Y/N

Yes, the company disposes its hazardous wastes to authorized agencies as identified by the Pollution Control Board. The company also disposes its e-waste to authorized agencies. The company has a well-defined on site and off site emergency plans in place for dealing with any environmental risks, which is audited and inspected by the Directorate of Industrial safety and health. The Company is certified in ISO 14001 (environmental management system). Under this standard, we have identified & assessed environmental aspect & its impact for all the major activities being performed at the site. We also conduct Environmental impact assessment (EIA) from time to time or at the time of setting up of new plant or expansion with the help of third-party expert.

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

In the past the company had an approved CDM project for incarceration of HFC-23. This helped in reduction of emission to the tune of 3 to 4

Million MT of Co2 equivalent. But even after the CDM project got over, the company has not allowed emission of HFC-23. The Company had filed environmental compliance report.

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.

Yes, apart from sourcing of energy through wind power, solar power and biomass fuel, the company has taken initiative in converting all its lighting to energy efficient LED lights, usage of energy efficient motors, transformers etc. for various drives and reusing of the waste heat. The company also recycles its packing materials made of paper (paper tubes / cartons / corrugated boards etc.) to minimize usage. The captive power plant at Bhiwadi site of Chemicals Business consists of Biomass Boiler, where mustard husk and wood chips are used as fuel to generate steam. Bhiwadi is a zero discharge site. Through our Natural Resources Management project we replenish almost double water every year against what we consume.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes, the company complies with all the Central Pollution Control Board /State Pollution Control Board norms of emission and waste generation.

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

Nil

Principle 7

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Independent Auditors' Report

To the Members of

SRF Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of SRF Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2020, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Accounting for derivatives

An important element of Company's fund-raising strategy involves various types of borrowings including foreign currency denominated borrowings and a combination of fixed and floating interest rates. The Company's operating activities are also exposed to significant foreign exchange risk (refer to note 38 of the standalone financial statements).

The Company uses derivative financial instruments to mitigate foreign currency risk and interest rate risk primarily through foreign currency forward exchange contracts and interest rate swaps.

Further, the Company has been using hedge relationship designation as per criteria set out in relevant Indian accounting standards.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters:

In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:

- Tested the design, implementation and operating effectiveness of controls over the Company's treasury and other related functions which directly impact the relevant account balances and transactions, including hedge accounting.
- For selected samples, obtained external confirmations from counterparties of the year end positions as well as agreed to original agreements.
- Performed sample tests of valuation and accounting of these transactions. In doing so we have involved valuation specialists to assist us in carrying out aforesaid procedure, as considered necessary.

Accounting thereof and related presentation and disclosures of these transactions require significant judgement.

Given the significant level of judgement and estimation involved and the quantitative significance, we have determined this to be a key audit matter.

Impact of adopting the new income tax regime

See notes 17 and 29 to the standalone financial statements.

With effect from financial year 2019-2020, the Income Tax Act provides an option of paying income taxes at a lower rate subject to complying with certain prescribed conditions ('new tax regime'). The Company has opted to shift to the new tax regime from a financial year in the future.

Accordingly, the deferred tax balances which are expected to reverse subsequent to the Company shifting to the new tax regime in the specified future year were remeasured and the consequential amount was recognised in the Standalone Statement of Profit and Loss of the current year. This amount is considered to be significant.

The determination of the point in time at which the Company would shift to the new tax regime involves significant judgement and estimation [including, consideration of uncertainties associated with COVID 19 pandemic, refer note 41(g)], regarding forecasting future taxable profits and realisation of MAT credit entitlement (an item of deferred tax assets). Since the impact of remeasurement of deferred tax balances as stated above is sensitive to these judgements and estimates, it affects the amount of deferred tax balances (including MAT credit) that are reversed in the Standalone Statement of Profit and Loss of the current year.

Given the significant level of judgement involved and the quantitative significance, we have determined this to be a key audit matter.

- Assessed the adequacy of disclosures in the financial statements in respect of both non-derivative and derivative financial instruments.

In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:

- Examined the implications of the new provisions on the tax position of the Company to assess the impact of adopting the new tax regime from the specified future financial year.
- Obtained budgets/ business plans, underlying the projections prepared by the Company
- Challenged key assumptions used in the projections based on business plans, historical data and trends, based on our knowledge of business.
- Assessed the recoverability of MAT credit entitlement (an item of deferred tax assets) against the forecast future taxable profits.
- Assessed the adequacy of related disclosures in the standalone financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the

other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.

- conclude on the appropriateness of the Management's and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

to the Independent Auditors' report on the standalone financial statements of SRF Limited for the year ended 31 March 2020

Statement on matters specified in paragraphs 3 and 4 of the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets (property, plant and equipment).
- b) According to the information and explanations given to us, the Company has a regular programme of physical verification of its property, plant and equipment by which all fixed assets (property, plant and equipment) are verified, in a phased manner, over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain assets have been physically verified by the Management during the current year. As informed to us, no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed/ lease deed provided to us, we report that, the title deeds, comprising all the immovable properties (land and buildings) which are freehold/ leasehold, are held in the name of the Company as at the balance sheet date, except the following:

Particulars of the land and building	Gross Block 31 March 2020 (₹ in crores)	Net Block 31 March 2020 (₹ in crores)	Remarks
Land at Gummudipoondi	1.21	1.21	Out of the Industrial freehold land measuring 32.41 acres at the Company's plant in Gummudipoondi, the Company does not have clear title to 2.43 acres.
Land at Bharuch, Dahej	108.55 (Carried cost)	108.55 (Carried cost)	The execution of lease deed of land in respect of 1,149,550 square meters of leasehold land allotted to the Company by Gujarat Industrial Development Corporation at Dahej, Gujarat is pending.

- (ii) The inventories, except goods in transit, have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. According to the information and explanations given to us, the discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in the books of account.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, paragraph 3 (iii) of the Order is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and

186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities.

- (v) According to the information and explanations given to us, the Company has not accepted any deposits from the public. Accordingly, paragraph 3(v) of the Order is not applicable.
- (vi) The Central Government has prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act for activities carried out by the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records.
- (vii) According to the information and explanations given to us in respect of statutory dues:
- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of

to the Independent Auditors' report on the standalone financial statements of SRF Limited for the year ended 31 March 2020

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

[Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Opinion

We have audited the internal financial controls with reference to financial statements of SRF Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company, considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of

reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process

designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

1 Corporate Information, Significant Accounting Policies and Significant Accounting Judgements, Estimates and Assumptions

A Corporate Information

SRF Limited ("the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company's equity shares are listed at the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at The Galleria, DLF Mayur Vihar, Unit No. 236 and 237, Second Floor, Mayur Vihar Place, Noida Link Road, Mayur Vihar Phase I Extn, Delhi - 110091. The Company's parent and ultimate holding company is KAMA Holdings Limited.

The principal activities of the Company are manufacturing, purchase and sale of technical textiles, chemicals, packaging films and other polymers.

The standalone financial statements were authorised for issue in accordance with a resolution of the directors on June 4, 2020.

B Significant Accounting Policies

1 Basis of Preparation

These standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act 2013 ("the Act") as amended thereafter and other relevant provisions of the Act.

The standalone financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- Defined benefit plans - plan assets measured at fair value less present value of defined benefit obligation
- Share-based payments

The standalone financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency and all values are rounded to the nearest crores, except when otherwise indicated.

The principal accounting policies are set out below.

2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

3 Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any.

All items of property, plant and equipment have been measured at fair value at the date of transition to Ind AS. The Company have opted such fair valuation as deemed cost at the transition date i.e. April 1, 2015.

Cost of acquisition or construction is inclusive of freight, duties, non-recoverable taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, upto the date of commissioning of the assets.

Likewise, when a major inspection for faults is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then

they are accounted for as separate items of property, plant and equipment and depreciated accordingly.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital Work in Progress: Project under which assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the Company intends to use these for a period of more than 12 months.

4 Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the cost of assets less their residual values on straight line method on the basis of estimated useful life of assets determined by the Company which are different from the useful life as prescribed in Schedule II of the 2013 Act. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	40-50 years
Buildings (including temporary structures)	5-60 years
Plant and equipment	2-40 years
Furniture and fixtures	15 years
Office equipment	3-20 years
Vehicles	4-5 years

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Freehold land is not depreciated.

Depreciation is calculated on a pro rata basis except assets costing upto ₹ 5,000 each, which are fully depreciated in the year of purchase.

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The useful lives considered are as follows:

Trademarks / Brand	10-30 years
Technical Knowhow	30-40 years
Software	3 years
Other intangibles	2.5-8 years

The Company has elected to continue with the carrying value of all of its intangibles assets recognised as on April 1, 2015 measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

6 Research and development expenditure

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes.

Such development costs are capitalised if they can be reliably measured, the product or process is technically and commercially feasible and the Company has sufficient resources to complete the development and to use or sell the asset.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

7 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

8 Impairment of tangible and intangible assets other than goodwill

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognised when the carrying amount of an asset or CGU exceeds its recoverable amount. In such cases, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

to project future cash flows after 5th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

9 Leasing

Effective April 1, 2019, the Company has applied Ind AS 116 using modified retrospective approach and, therefore, the comparative information has not been restated and continues to be reported under Ind AS 17. The details of accounting policies under Ind AS 17 are disclosed separately, if they are different from those under Ind AS 116 and the impact of changes is disclosed in note 37.

Policy applicable from April 1, 2019

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset through the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
 - the Company has the right to operate the asset; or
 - the Company designed the asset in a way that predetermines how and for what purpose it will be used

An entity shall reassess whether a contract is, or contains, a lease only if the terms and conditions of the contract are changed.

This policy is applicable to contracts entered into, or changed, on or after 1 April 2019.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Company as lessee

The Company accounts for assets taken under lease arrangement in the following manner:

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is

recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Policy applicable before April 1, 2019

In the comparative period, a lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

Finance leases

Assets held under finance lease are initially recognised as assets at the fair value at the inception of lease or at the present value of the minimum lease payments, whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing cost.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases

Lease rental expenses from operating leases is generally recognised on a straight line basis over the term of the relevant lease. Where the rentals

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

10 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Borrowing costs incurred for the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

In case of a specific borrowing taken for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised shall be the actual borrowing costs incurred during the period less any interest income earned on temporary investment of specific borrowing pending expenditure on qualifying asset.

In case funds are borrowed generally and such funds are used for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised are calculated by applying the weighted average capitalisation rate on general borrowings outstanding during the period, to the expenditures incurred on the qualifying asset.

If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

11 Foreign Currencies

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

(i) Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit and Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to exchange differences arising from cash flow hedges to the extent that the hedges are effective and those covered below.

(ii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016:

Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance useful life of the assets.

(iii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016:

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 is treated in accordance with Ind AS 21 / Ind AS 109.

12 Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

- (a) Raw materials, packing materials and stores and spares (including fuel) - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. The aforesaid items are valued at Net Realisable Value if the finished products in which they are to be incorporated are expected to be sold at a loss.
- (b) Traded goods, Stock in progress and finished goods- Direct cost plus appropriate share of overheads and excise duty, wherever applicable.
- (c) By products - At estimated realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

13 Provisions and Contingent Liabilities

Provisions

The Company recognises a provision when there is a present obligation (legal or constructive) as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made.

When the Company expects some or all of a provision to be reimbursed, for example, under

an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

14 Revenue recognition

a) Sale of goods

Revenue from sale of products is recognised upon transfer of control of products to customers at the time of shipment to or receipt of goods by the customers. Service income is recognised as and when the underlying services are performed. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as goods and services tax and applicable discounts and allowances.

Any fees including upfront fees received in relation to contract manufacturing arrangements is recognised on straight line basis over the period over which the Company satisfies the underlying performance obligations. Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash as per contractual terms. Advance from customers ("contract liability") is recognised when the Company has received consideration from the customer before it delivers the goods.

b) Interest and dividend income

Interest income is recognised when it is probable that the economic benefits will flow to the Company using the effective interest rate and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

c) Export Incentives

The benefit accrued under the Duty Drawback scheme and other schemes as per the Export and Import Policy in respect of exports made

under the said Schemes is included under the head "Revenue from Operations" under 'Export and other Incentives'.

15 Taxation

Income tax expense represents the sum of current tax and deferred tax.

a) Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income or in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income or in equity.

Deferred tax assets/liabilities are not recognised for below mentioned temporary differences:

- (i) At the time of initial recognition of goodwill;
- (ii) Initial recognition of assets or liabilities (other than in a business combination) at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT asset is recognised in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

The Company considers whether it is probable that a taxation authority will accept an uncertain

tax treatment. If the Company concludes that it is probable that the taxation authority will accept an uncertain tax treatment, the Company determines the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment used or planned to be used in its income tax filings. However, if the Company concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, the Company reflects the effect of uncertainty in determining the related taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates.

16 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.

17 Employee benefits

Short-term employee benefits

Wages and salaries including non monetary benefits that are expected to be settled within the operating cycle after the end of the period in which the related services are rendered and measured at the undiscounted amount expected to be paid.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Defined contribution plans

Provident fund administered through Regional Provident Fund Commissioner, Superannuation Fund and Employees' State Insurance Corporation are defined contribution schemes. Contributions to such schemes are charged to the statement of profit and loss in the year when employees have rendered services entitling them to contributions. The Company has no obligation, other than the contribution payable to such schemes.

Defined benefit plans

The Company has defined benefit gratuity plan and provident fund for certain category of employees administered through a recognised provident fund trust. Provision for gratuity and provident fund for certain category of employees administered through a recognised provident fund trust are determined on an actuarial basis at the end of the year and charged to Statement of Profit and Loss, other than remeasurements. The cost of providing these benefits is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Other long-term employee benefits

The Company also has other long-term employee benefits in the nature of compensated absences and long term retention pay. Provision for compensated absences and long term retention pay are determined on an actuarial basis at the end of the year and charged to Statement of Profit and Loss. The cost of providing these benefits is determined using the projected unit credit method.

Share based payments

Equity settled share based payments to employees under SRF Long Term Share Based Incentive Plan (SRF LTIP) are measured at the fair value (which is the market price less exercise price) of the equity instruments on the grant date. This compensation expense is amortised over the remaining tenure over which the employees renders their service on a straight line basis.

18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Subsequent measurement

For purposes of subsequent measurement, financial assets of the Company are classified in three categories:

- a) At amortised cost
- b) At fair value through profit and loss (FVTPL)
- c) At fair value through other comprehensive income (FVTOCI)

Financial Asset is measured at amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets not classified as measured at amortised cost or FVTOCI as are measured at FVTPL. Financial assets included within

the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity Investments

All equity investments in the scope of Ind AS 109 are measured at fair value.

Equity instruments which are held for trading are measured at fair value through profit and loss.

For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments.

Investments representing equity interest in subsidiaries are carried at cost less any provision for impairment.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the balance sheet) when:

- a) The rights to receive cash flows from the asset have expired, or
- b) The Company has transferred its rights to receive cash flows from the asset

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the Company has transferred substantially all the risks and rewards of the asset, or (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than

trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

B) Financial liabilities and Equity instruments

Initial recognition and measurement

All financial liabilities are recognised initially at fair value, net of directly attributable transaction costs, if any.

The Company's financial liabilities includes borrowings, trade and other payables including financial guarantee contracts and derivative financial instruments.

Subsequent measurement

Borrowings

Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction costs) and the redemption/repayment amount is recognised in profit and loss over the period of the borrowings using the effective interest rate method.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified entity fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Equity instrument

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

21 Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments (such as forward currency contracts,

interest rate swaps) or non-derivative financial assets / liabilities to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit and loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- a) Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability.
- b) Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in statement of profit and loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

The Company uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised in the statement of profit or loss.

The Company also designates non derivative financial liabilities, such as foreign currency borrowings from banks, as hedging instruments for the hedge of foreign currency risk associated with highly probable forecasted transactions and, accordingly, applies cash flow hedge accounting for such relationships.

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast transaction occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in other comprehensive income remains separately in other equity until the forecast transaction occurs or the foreign currency firm commitment is met.

22 Fair value measurement

The Company measures some of its financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- a) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- b) Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- c) Level 3 — Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

23 Segment Reporting

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the standalone financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

24 Dividend

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

25 Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. The appropriate level of management

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

must be committed to a plan to sell, an active programme to locate a buyer and complete the plan has been initiated, the sale is considered highly probable and is expected within one year from the date of classification.

Non-current assets (or disposal groups) held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately from other assets and liabilities in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- a) Represents a separate major line of business or geographical area of operations,
- b) Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or
- c) Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit and loss.

26 Applicability of New and Revised Ind AS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

C Significant accounting judgements, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the

application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes.

- Leasing arrangement (classification and accounting) – Note 1.B.9
- Financial instruments - Note 1.B.20
- Fair value measurement – Note 1.B.22
- Assessment of useful life of property, plant and equipment and intangible asset – Note 1.B.4
- Recognition and estimation of tax expense including deferred tax– Note 1.B.15
- Estimation of assets and obligations relating to employee benefits (including actuarial assumptions) – Note 1.B.17
- Estimated impairment of financial assets and non-financial assets – Note 1.B.8
- Recognition and measurement of contingency: Key assumption about the likelihood and magnitude of an outflow of resources – Note 1.B.13

- (i) Section 115BAA of the Income Tax Act, 1961 was introduced by the Taxation Laws (Amendment) Ordinance, 2019. Based on the current estimate of expected timing of exercising of the option under Section 115BAA, the Company has re-measured its deferred tax balances. Consequently, credit of ₹ 136.11 Crores (net of MAT adjustment of ₹ 74.02 Crores) has been recorded in the Statement of Profit and Loss during the year.
- (ii) MAT credit entitlement of ₹ 74.02 Crores (out of total ₹ 87.85 Crores generated during the year) expiring in the financial year ending March 31, 2035 is not recognised in the statement of profit and loss of the current year, due to expected timing of exercising of the option under section 115BAA of Income Tax Act, 1961.
- (iii) As on March 31, 2019 there were capital losses of ₹ 186.32 Crores expiring in the financial year ending March 31, 2023 on which no deferred tax asset was created, due to lack of probability of future capital gains against which such deferred tax assets can be realised. Pursuant to recognition of long term capital gain in the current year, such capital losses have been set-off (Refer note 40).

- b. The Company has been served with show cause notices regarding certain transactions as to why additional customs/excise duty / service tax amounting to ₹ 25.61 Crores (Previous year: ₹ 20.10 Crores) should not be levied. The Company has been advised that the contention of the department is not tenable and hence the show cause notice may not be sustainable.

The Company has received a draft assessment order for assessment year 2016-17 in which adjustments amounting to ₹ 367.37 Crores have been proposed on account of transfer pricing adjustments etc. which are pending before Dispute Resolution Panel. Based on the transfer pricing study, facts of the case and applicable case laws, the company is of the view that the proposed adjustments will not sustain.

- c. In February 2019, the Honorable Supreme Court of India in its judgement opined on the applicability of allowances that should be considered to measure obligations under Employees Provident Funds and Miscellaneous Provisions Act, 1952. The Company believes that there are interpretative challenges on the application of judgement retrospectively and therefore has applied the judgement on a prospective basis.

33. Employee Benefits

33.1 Defined contribution plans:

Amounts recognized in the statement of profit and loss are as under:

	Year ended March 31, 2020	Year ended March 31, 2019
Superannuation fund (Refer to note (i) below)	0.65	0.58
Provident fund administered through Regional Provident Fund Commissioner (Refer to note (ii) below)	12.58	9.73
Employees' State Insurance Corporation	0.58	1.13
National Pension Scheme	1.99	1.78
	15.80	13.22

The expenses incurred on account of the above defined contribution plans have been included in Note 25 "Employee Benefits Expenses" under the head "Contribution to provident and other funds".

(i) Superannuation fund

The Company makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance Company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the Company also participate in a defined contribution superannuation plan maintained by the Company. The Company has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the Company provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the Company administers the benefits through a recognised Provident Fund Trust. The Company has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. For other employees contributions are made to the Regional Provident Fund Commissioners. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the Company has an obligation to make good the shortfall, if any, between the yield on the investments of the trust and the yield mandated by the Government and these are considered as Defined Benefit Plans and are accounted for on the basis of an actuarial valuation.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

33.2 Defined benefit plans

The Company sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the Company. These plans are:

- (a) Gratuity
- (b) Provident fund for certain category of employees administered through a recognised provident fund trust
- (i) **These plans typically expose the company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk**

Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in value of the liability.

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plans liability.

- (ii) **The principal assumption used for the purpose of the actuarial valuation were as follows:**

	As at March 31, 2020		As at March 31, 2019	
	Gratuity	Provident Fund	Gratuity	Provident Fund
Discount Rate	6.77%	6.77%	7.66%	7.66%
Expected statutory interest rate	-	8.50%	-	8.65%
Salary increase	7.00%	-	7.00%	-
Retirement Age (years)	58	58	58	58
Mortality Rates	IALM (2012-14)	IALM (2012-14)	IALM (2006-08)	IALM (2006-08)
Withdrawal rate				
Upto 30 years	20.00%	20.00%	20.00%	20.00%
31 to 44 years	7.00%	7.00%	7.00%	7.00%
Above 44 years	8.00%	8.00%	8.00%	8.00%

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

(iii) Amounts recognised in statement of profit and loss in respect of these benefit plans are as follows:

	Year ended March 31, 2020		Year ended March 31, 2019	
	Gratuity	Provident Fund	Gratuity	Provident Fund

Gratuity:

Plan assets comprises primarily of investment in HDFC Group Unit Linked Plan fund. The average duration of the defined benefit obligation is 9.08 years (Previous year: 8.99 years). The Company expects to make a contribution of ₹ 8.68 Crores (Previous year: ₹ 7.01 Crores) to the defined benefit plans during the next financial year.

Provident fund:

The plan assets have been primarily invested in government securities and corporate bonds.

(viii) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting period, while holding all other assumptions constant.

33.3 Other long-term employee benefit

Amounts recognized in the statement of profit and loss in note 25 "Employee Benefits expense" under the head "Salaries and wages, including bonus" are as under:

	Year ended March 31, 2020	Year ended March 31, 2019
Long term retention pay (Refer to note (i) below)	0.14	0.17
Compensated absences	11.26	6.93
	11.40	7.10

(i) Long Term Retention Pay

The Company has a Long Term Retention Pay Plan which covers employees selected on the basis of their current band and their long term value to the Company. The incentive is payable in three year blocks subject to achievement of certain performance ratings. The Company also has a scheme for talent retention of certain identified employees under which an incentive is payable over a period of three years. Based on actuarial valuation, the Company has accrued the above mentioned amounts.

34. Employee Share Based Payments

The Company has an Employee Share Purchase Scheme (SRF Long Term Share Based Incentive Plan) to provide equity settled share based payments to certain employees. The expenses related to the grant of shares under the Scheme are accounted for on the basis of fair value of the share on the grant date (which is the market price of the Company's share on the date of grant less exercise price). The fair value so determined is expensed on a straight line basis over the remaining tenure over which the employees renders their services.

There were no equity shares granted during the current year. The number and fair value of equity shares granted during the previous year are as under:

	Year ended March 31, 2019
Number of equity shares granted during the year	60,000
Market price on the grant date (₹ per equity share)	1,724.73
Exercise price (₹ per equity share)	10.00
Fair value on the grant date (₹ per equity share)	1,714.73

35. Segment Reporting

Based on the guiding principles laid down in Indian Accounting Standard (Ind AS) - 108 "Segment Reporting", the Managing Director of the Company is the Chief Operating Decision Maker (CODM) and for the purposes of resource allocation and assessment of segment performance the business of the Company is segregated in the segments below:

- Technical Textiles business: includes nylon tyre cord fabric, belting fabric, polyester tyre cord fabric and industrial yarns and its research and development
- Chemicals business: includes refrigerant gases, chloromethane, pharmaceuticals, fluorochemicals & allied products and its research and development.
- Packaging Film business: includes polyester films.
- Others: includes coated fabric, laminated fabric and other ancillary activities.

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure includes expenses incurred on common services provided to the segments, which are not directly identifiable.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments. These amounts relate to continuing operations, unless otherwise stated. (Refer to note 40 with regard to information in relation to discontinued operations).

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and property plant and equipment and intangible assets, net of allowances and provisions, which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities and do not include deferred income taxes. While most of the assets / liabilities can be directly attributed to individual segments, the carrying amount of certain assets / liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

38. Financial Instruments and Risk Management

38.1 Capital Management

The Company manages its capital to ensure that it will be able to continue as a going concern and provide reasonable return to the shareholders by maintaining a reasonable balance between debt and equity. The capital structure of the Company consists of net debt (borrowings net of cash and cash equivalents and current investments) and total equity of the Company. The Company is not subject to any externally imposed capital requirements. The Company's management reviews the capital structure of the Company on periodic basis. As part of its review, the management considers the cost of capital and risk associated with each class of capital. The Company also evaluates its gearing measures using Debt Equity Ratio to arrive at an appropriate level of debt and accordingly evolves its capital structure.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The following table provides the details of the debt and equity at the end of the reporting periods:

	As at March 31, 2020	As at March 31, 2019
Debt	2,752.12	3,103.12
Cash and cash equivalents	98.26	162.80
Current investments	198.50	100.49
Net debt	2,455.36	2,839.83
Total equity	4,684.25	3,918.64
Net debt to equity ratio	0.52	0.72

During the current year, investment in mutual funds have been considered in computation of net debt considering the short term nature of these investments. The comparative figures have been recomputed and disclosed accordingly.

The following methods/ assumptions were used to estimate the fair values:

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair valuation of non-current financial assets has been disclosed to be same as carrying value as there is no significant difference between carrying value and fair value.
- The fair value of other long-term borrowings and lease liabilities is estimated by discounting future cash flows using current rates (applicable to instruments with similar terms, currency, credit risk and remaining maturities) to discount the future payouts.
- The fair value is determined by using the valuation model/ technique with observable/ non-observable inputs and assumptions.
- Investment value excludes investment in subsidiaries which are shown at cost in balance sheet as per Ind AS 27 "Separate financial statements".

There are no transfers between Level 1, Level 2 and Level 3 during the year ended March 31, 2020 and March 31, 2019.

Level 1:

Quoted prices in the active market: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Level 2:

Valuation techniques with significant observable inputs: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of over the counter (OTC) derivative contracts and open ended mutual funds.

Level 3:

Valuation techniques with significant unobservable inputs: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value is determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments and financial guarantees contracts.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

- (i) Investments in mutual funds: Fair value is determined by reference to quotes from the financial institutions.
- (ii) Derivative contracts: The Company has entered into various foreign currency contracts and interest rate swaps contracts to manage its exposure to fluctuations in foreign exchange rates and interest rate respectively. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the authorized dealers banks and forward exchange rates at the balance sheet date.
- (iii) Unquoted equity investments: Fair value is determined based on the recoverable value as per agreement with the investee.
- (iv) Financial guarantee contracts: Financial guarantee contracts are recognised initially as a liability at fair value determined based on comparative quotations from banks for provision of similar guarantees.

Reconciliation of Level 3 fair value measurements	Unlisted equity instruments	Financial Guarantee Contracts
As at March 31, 2018	0.12	5.73
Sale of investment	(0.01)	-
Income recognised in profit and loss	-	(3.18)

Purchase of investment	4.05	-
Income recognised in profit and loss	-	(2.55)
As at March 31, 2020	4.16	-

Sensitivity of the fair value measurement to changes in unobservable inputs for financial instruments in Level 3 level of hierarchy is insignificant.

38.3 Financial Risk Management

The Company is exposed to various financial risks arising from its underlying operations and finance activities. The Company is primarily exposed to market risk (i.e. interest rate and foreign currency risk) and to credit risk and liquidity risk. The Company's Corporate Treasury function plays the role of monitoring financial risk arising from business operations and financing activities.

Financial risk management within the Company is governed by policies and guidelines approved by the senior management and the Board of Directors. These policies and guidelines cover interest rate risk, foreign currency risk, credit risk and liquidity risk. Company policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the Company. Review of the financial risk is done on a monthly basis by the Managing Director and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the Company's results and financial position.

In accordance with its financial risk management policies, the Company manages its market risk exposures by using specific type of financial instruments duly approved by the Board of Directors as and when deemed appropriate. It is the Company's policy and practice neither to enter into derivative transactions for speculative purpose, nor for any purpose unrelated to the underlying business. The Board of Directors/ Managing Director reviews and approves policies for managing each of the above risks.

38.3.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowings, deposits, investments and derivative financial instruments. The Company enters into derivative contracts as approved by the Board to manage its exposure to interest rate risk and foreign currency risk.

A. Foreign Currency Risk Management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the Company is attributable to Company's operating activities and financing activities.

In the operating activities, the Company's exchange rate risk primarily arises when revenue / costs are generated in a currency that is different from the reporting currency (transaction risk). In compliance with the Board approved policy, the Company manages the net exposure on a rolling 12 month basis and for exposures between 12 to 36 months, hedging is done based on specific exposure. The information is monitored by the Audit committee and the Board of Directors on a quarterly basis. This foreign currency risk exposure of the Company are mainly in U.S. Dollar (USD), Euro (EUR), Japanese Yen (JPY) and British Pound Sterling (GBP). The Company's exposure to foreign currency changes for all other currencies is not material.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in ₹ are as follows:

Foreign currency sensitivity analysis

The Company is mainly exposed to changes in USD, EUR, JPY and GBP exchange rates.

The following table details the Company's sensitivity to a 1% increase and decrease in the ₹ against the relevant foreign currency. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for 1% change in foreign currency rates. USD	3.78	(3.78)	3.45	(3.45)
EUR	5.78	(5.78)	3.88	(3.88)

Foreign exchange derivative contracts

The Company uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business or financing activities. The Company's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within of 1 to 24 months for hedges of forecasted sales, purchases and capital expenditures. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivative contracts outstanding at the end of the reporting period:

B. Interest Rate Risk Management

Interest rate risk arises from movements in interest rates which could have effects on the Company's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings. The Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts, calculated by reference to an agreed principal amount outstanding at the time of inception of the swap. Out of the total long term borrowings, the amount of fixed interest loan is ₹ 838 Crores and floating interest loan is ₹ 1,026 Crores (Previous year: Fixed interest loan ₹ 853 Crores and Floating interest loan ₹ 1215 Crores).

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate long term borrowings, as follows:

Notes to the Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

	Year ended March 31, 2020		Year ended March 31, 2019	
	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %
Increase in profit before tax by	1.48	1.09	2.09	1.20

In case of increase in interest rate by above mentioned percentage, there would be a comparable negative impact on the profit before tax as mentioned above.

Interest Rate Swap Contracts

Under interest rate swap (IRS) contracts, the Company agrees to exchange the difference between fixed and floating rate interest amounts calculated on the agreed notional principal amounts. Such contracts enables the Company to mitigate the risk of changing interest rates.

The following table details the IRS contracts outstanding at the end of the reporting period:

Outstanding Contracts	No. of Deals		Contract Value of Foreign Currency (In Millions)		Maturity			
					Up to 12 months Nominal Amount* (₹ Crores)		More than 12 months Nominal Amount* (₹ Crores)	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
IRS Contracts*	3	4	15.05	23.13	26.71	54.24	86.99	105.58

* Sensitivity on the above IRS contracts in respect of interest rate exposure is insignificant

Each of the above trades are in the nature of cash flow hedges and are effective hedges. The mark to market on these trades is therefore routed through Cash flow Hedge Reserve. The interest rate swap and the interest payments on the loan are paid simultaneously and are charged off to the statement of profit and loss.

38.3.2 Credit Risk Management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables, loans and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with counterparties who meet the parameters specified in Investment Policy of the Company. The investment policy is reviewed by the Company's Board of Directors on an annual basis and if required, the same may be updated during the year. The investment policy specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counterparty's potential failure.

Expected credit loss on financial assets:

To manage credit risk for trade receivables, the Company establishes credit approvals and credit limits, periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties, from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on these financial assets other than as detailed below.

Loss allowance for the following financial assets have been recognised by the Company:

	Note No.	As at March 31, 2020	As at March 31, 2019
Loans - non-current	6	-	0.07
Loans - current	6	2.74	2.74
Trade receivables	10	2.46	1.64
		5.20	4.45

Movement of loss allowance :

	Loans (current and non current)	Trade receivables

Provided during the year	0.31	1.56
Reversed during the year	(0.38)	(0.74)
As at March 31, 2020	2.74	2.46

Other than financial assets mentioned above, none of the Company's financial assets are impaired, as there are no indications that defaults in payments obligation would occur.

38.3.3 Liquidity Risk Management

Liquidity risk is the risk of non-availability of financial facilities available to the Company to meet its financial obligations. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy. Any deviation from the policy has to be approved by the Treasury Management comprising of Managing Director, Chief Financial Officer and Treasury Head. The Company assesses the concentration of risk with respect to refinancing its debt, guarantee given and funding of its capital expenditure needs of the future. The Company manages its liquidity by holding appropriate volumes of liquid assets which are available for its disposal on T +1 basis and by maintaining open credit lines with banks / financial institutions.

The table below analyze the Company's financial liabilities into relevant maturity profiles based on their contractual maturities:

(g) In March 2020, the World Health Organization declared COVID-19 to be a pandemic. Consequent to this, Government of India declared a national lockdown on March 25, 2020, which has impacted the business activities of the Company. The Company has assessed the impact that may result from this pandemic on its liquidity position, carrying amounts of receivables, inventories, tangible and intangible assets, investments, and other assets / liabilities. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has considered internal and external information available till the date of approval of these financial statements and has assessed its situation.

In that context and based on the current estimates, the Company believes that COVID-19 is not likely to have any material impact on its financial statements, liquidity or ability to service its debt or other obligations. However, the overall economic environment, being uncertain due to COVID-19, may affect the underlying assumptions and estimates in future, which may differ from those considered as at the date of approval of these financial statements. The Company would closely monitor such developments in future economic conditions and consider their impact on the financial statements of the relevant periods.

Independent Auditors' Report

To the Members of

SRF Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of SRF Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2020, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2020, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

The key audit matter

Accounting for derivatives

An important element of Group's fund-raising strategy involves various types of borrowings including foreign currency denominated borrowings and a combination of fixed and floating interest rates. The Group's operating activities are also exposed to significant foreign exchange risk (refer to note 40 of the consolidated financial statements).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters:

How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:

- Tested the design, implementation and operating effectiveness of controls over the Group's treasury and other related functions which directly impact the relevant account balances and transactions, including hedge accounting.

The key audit matter

The Group uses derivative financial instruments to mitigate foreign currency risk and interest rate risk primarily through foreign currency forward exchange contracts and interest rate swaps.

Further, the Group has been using hedge relationship designation as per criteria set out in relevant Indian accounting standards.

Accounting thereof and related presentation and disclosures of these transactions require significant judgement.

Given the significant level of judgement and estimation involved and the quantitative significance, we have determined this to be a key audit matter.

Impact of adopting the new income tax regime

See notes 9 and 31 to the consolidated financial statements.

With effect from financial year 2019-2020, the Income Tax Act provides an option of paying income taxes at a lower rate subject to complying with certain prescribed conditions ('new tax regime'). The Group has opted to shift to the new tax regime from a financial year in the future.

Accordingly, the deferred tax balances which are expected to reverse subsequent to the Holding Company shifting to the new tax regime in the specified future year were remeasured and the consequential amount was recognised in the Consolidated Statement of Profit and Loss of the current year. This amount is considered to be significant.

The determination of the point in time at which the Holding Company would shift to the new tax regime involves significant judgement and estimation [including, consideration of uncertainties associated with COVID 19 pandemic, refer note 46(e)], regarding forecasting future taxable profits and realisation of MAT credit entitlement (an item of deferred tax assets). Since the impact of remeasurement of deferred tax balances as stated above is sensitive to these judgements and estimates, it affects the amount of deferred tax balances (including MAT credit) that are reversed in the Consolidated Statement of Profit and Loss of the current year.

Given the significant level of judgement involved and the quantitative significance, we have determined this to be a key audit matter.

How the matter was addressed in our audit

- For selected samples, obtained external confirmations from counterparties of the year end positions as well as agreed to original agreements.
- Performed sample tests of valuation and accounting of these transactions. In doing so we have involved valuation specialists to assist us in carrying out aforesaid procedure, as considered necessary.
- Assessed the adequacy of disclosures in the financial statements in respect of both non-derivative and derivative financial instruments.

In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:

- Examined the implications of the new provisions on the tax position of the Holding Company to assess the impact of adopting the new tax regime from the specified future financial year.
- Obtained budgets/ business plans, underlying the projections prepared by the Holding Company
- Challenged key assumptions used in the projections based on business plans, historical data and trends, based on our knowledge of business.
- Assessed the recoverability of MAT credit entitlement (an item of deferred tax assets) against the forecast future taxable profits.
- Assessed the adequacy of related disclosures in the consolidated financial statements.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient

and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors;
- conclude on the appropriateness of Management's and Board of Director's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- obtain sufficient appropriate audit evidence regarding the financial information of such

entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated

in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial information of seven subsidiaries whose financial information reflect total assets of ₹ 2,813.91 crores (before consolidation adjustments) as at 31 March 2020, total revenues of ₹ 1,009.47 crores (before consolidation adjustments) and net cash flows amounting to ₹ 8.58 crores for the year ended on that date, as considered in the consolidated financial statements. These financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the audit reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified

in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c) the consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) in our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act;
 - e) on the basis of the written representations received from the directors of the Holding Company as on 31 March 2020 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors

of the Group companies incorporated in India is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act; and

- f) with respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, as noted in the 'Other Matters' paragraph:

- i. the consolidated financial statements disclose the impact of pending litigations as at 31 March 2020 on the consolidated financial position of the Group. Refer Note 33 to the consolidated financial statements;
- ii. provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 40 to the consolidated financial statements in respect of such items as it relates to the Group;
- iii. there have been no delays in transferring amounts to the Investor Education and

Protection Fund by the Holding Company or its subsidiary company incorporated in India during the year ended 31 March 2020; and

- iv. the disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2020.

C. With respect to the matter to be included in the Auditor's report under section 197(16):

In our opinion and according to the information and explanations given to us and based on the report of the statutory auditors of the subsidiary Company incorporated in India which was not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary company is not in excess of the limits laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditors' report on the consolidated financial statements of SRF Limited for the year ended 31 March 2020

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

[Referred to in paragraph A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Opinion

In conjunction with our audit of the consolidated financial statements of SRF Limited as of and for the year ended 31 March 2020, we have audited the internal financial controls with reference to consolidated financial statements of SRF Limited (hereinafter referred to as "the Holding Company") and such company incorporated in India under the Companies Act, 2013 which is its subsidiary company, as of that date.

In our opinion, the Holding Company and such company incorporated in India which is its subsidiary company, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal controls stated in the Guidance Note. These responsibilities include the design, implementation

and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the relevant subsidiary company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India. Our opinion is not qualified in respect of this matter.

- Share based payments

The functional currency of the Company is 'INR' and its subsidiaries are their respective local currencies. The financial statements are presented in INR and all values are rounded to the nearest crores, except when otherwise indicated.

The consolidated financial statements incorporate the financial statements of the holding group and its subsidiaries. Control is achieved when the group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the group gains control until the date when the group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Necessary adjustments are made in the consolidated financial statements of subsidiaries to bring their accounting policies in line with the Company's accounting policies if any.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The group owns 22.60% (Previous year – 22.60%) in Malanpur Captive Power Limited and the same has not been considered for the purposes of consolidation, since the group does not exercise significant influence over Malanpur Captive Power Limited.

The group owns 26.32% (Previous year – 26.32%) in Vaayu Renewable Energy (Tapti) Private Limited and the same has not been considered for the purposes of consolidation, since the group does not exercise significant influence over Vaayu Renewable Energy (Tapti) Private Limited.

The principal accounting policies are set out below.

2.2 Current versus non-current classification

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

their realisation in cash and cash equivalents, the group has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

2.3 Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any.

All items of property plant and equipment have been measured at fair value at the date of transition to Ind AS. The Group have opted such fair valuation as deemed cost at the transition date i.e. April 1, 2015.

Cost of acquisition or construction is inclusive of freight, duties, non recoverable taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, upto the date of commissioning of the assets

Likewise, when a major inspection for faults is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items of property, plant and equipment and depreciated accordingly.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital Work in Progress: Project under which assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the group intends to use these for more than a period of 12 months.

2.4 Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the cost of assets less their residual values on straight line method on the basis of estimated useful life of assets determined by the Group which are different from the useful life as prescribed in Schedule II of the 2013 Act. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	40-50 years
Buildings (including temporary structures)	5-60 years
Plant and equipment	2-40 years
Furniture and fixtures	15 years
Office equipment	3-20 years
Vehicles	4-5 years

Freehold land is not depreciated.

Depreciation is calculated on a pro rata basis except, assets costing upto ₹ 5,000 each, which are fully depreciated in the year of purchase.

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The useful lives considered are as follows:

Trademarks / Brand	10-30 years
Technical Knowhow	30-40 years
Software	3 years
Other intangibles	2.5-8 years

The group has elected to continue with the carrying value of all of its intangibles assets recognised as on April 1, 2015 measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

The amortisation period and the amortisation method for an intangible asset with a finite useful

life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised on disposal or when no future economic benefit are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

2.6 Research and development expenditure

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes.

Such development costs are capitalised if they can be reliably measured, the product or process is technically and commercially feasible and the Group has sufficient resources to complete the development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

2.7 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2.8 Impairment of tangible and intangible assets other than goodwill

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-

generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognised When the carrying amount of an asset or CGU exceeds its recoverable amount. In such cases, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast, which are prepared separately for each of the group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after 5th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

recognised impairment losses no longer exist or have decreased. If such indication exists, the group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

2.9 Leasing

Effective April 1, 2019, the group has applied Ind AS 116 using modified retrospective approach and, therefore, the comparative information has not been restated and continues to be reported under Ind AS 17. The details of accounting policies under Ind AS 17 are disclosed separately, if they are different from those under Ind AS 116 and the impact of changes is disclosed in note 43.

Policy applicable from April 1, 2019

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assess whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset through the period of use; and

- the Group has the right to direct the use of the asset. The Group has this right when it has the decision- making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision about how and for what purpose the asset is used is predetermined, the Group has the right to direct the use of the asset if either:

- the Group has the right to operate the asset; or
- the Group designed the asset in a way that predetermines how and for what purpose it will be used

An entity shall reassess whether a contract is, or contains, a lease only if the terms and conditions of the contract are changed.

This policy is applicable to contracts entered into, or changed, on or after 1 April 2019.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Group as lessee

The Group accounts for assets taken under lease arrangement in the following manner:

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Policy applicable before April 1, 2019

In the comparative period, a lease arrangement is classified as either a finance lease or an

operating lease, based on the substance of the lease arrangement.

Finance leases

Assets held under finance lease are initially recognised as assets at the fair value at the inception of lease or at the present value of the minimum lease payments, whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing cost.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases

Lease rental expenses from operating leases is generally recognised on a straight line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

2.10 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Borrowing costs incurred for the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

In case of a specific borrowing taken for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised shall be the actual borrowing costs incurred during the period less any interest income earned on temporary investment of specific borrowing pending expenditure on qualifying asset.

In case funds are borrowed generally and such funds are used for the purpose of acquisition, construction or production of a qualifying asset, the borrowing costs capitalised are calculated by applying the weighted average capitalisation rate on general borrowings outstanding during the period, to the expenditures incurred on the qualifying asset.

If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

2.11 Foreign Currencies

Transaction and balances

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

- (i) Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the

closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit and Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to exchange differences arising from cash flow hedges to the extent that the hedges are effective and those covered below.

- (ii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016

Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance useful life of the assets.

- (iii) Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016

The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1, 2016 is treated in accordance with Ind AS 21/ Ind AS 109.

2.12 Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

- (a) Raw materials, packing material and stores and spares including fuel - Cost

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. The aforesaid items are valued below cost if the finished products in which they are to be incorporated are expected to be sold at a loss.

- (b) Traded goods, Stock in progress and finished goods- Direct cost plus appropriate share of overheads and excise duty, wherever applicable
- (c) By products - At estimated realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.13 Provisions and Contingent Liabilities

Provisions

The group recognised a provision when there is a present obligation (legal or constructive) as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made.

When the group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

2.14 Revenue recognition

a) Sale of goods

Revenue from sale of products is recognised upon transfer of control of products to customers at the time of shipment to or receipt of goods by the customers. Service income is recognised as and when the underlying services are performed. The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as sales tax/value added tax and goods and services tax and applicable discounts and allowances.

Any fees including upfront fees received in relation to contract manufacturing arrangements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

is recognised on straight line basis over the period over which the Group satisfies the underlying performance obligations. Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash as per contractual terms. Advance from customers ("contract liability") is recognised when the group has received consideration from the customer before it delivers the goods.

b) Interest and dividend income

Interest income is recognised when it is probable that the economic benefits will flow to the group using the effective interest rate and the amount of income can be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably).

c) Export incentive

The benefit accrued under the Duty Drawback scheme and other schemes as per the Export and Import Policy in respect of exports made under the said Schemes is included under the head "Revenue from Operations" under 'Export and other incentives'.

2.15 Taxation

Income tax expense represents the sum of the current tax and deferred tax.

a) Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to

compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss account i.e. in Other comprehensive income or equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the group has a legally enforceable right for such set off.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax relating to items recognised outside profit or loss is recognised in other comprehensive income or in equity.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Deferred tax assets/liabilities are not recognised for below mentioned temporary differences:

- (i) At the time of initial recognition of goodwill;
- (ii) Initial recognition of assets or liabilities (other than in a business combination) at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- (iii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the group will pay normal income tax. Accordingly, MAT asset is recognised in the consolidated Balance Sheet when it is probable that future economic benefit associated with it will flow to the group.

The group considers whether it is probable that a taxation authority will accept an uncertain tax treatment. If the group concludes that it is probable that the taxation authority will accept an uncertain tax treatment, the group determines the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment used or planned to be used in its income tax filings. However, if the group concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, the group reflects the effect of uncertainty in determining the related taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates.

2.16 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the group recognizes as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the consolidated balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.

2.17 Employee benefits

Short term employee benefits

Wages and salaries including non monetary benefits that are expected to be settled within the operating cycle after the end of the period in which the related services are rendered and measured at the undiscounted amount expected to be paid

Defined contribution plans

Provident fund administered through Regional Provident Fund Commissioner, Superannuation Fund, National pension scheme and Employees' State Insurance Corporation are defined contribution schemes. Contributions to such schemes are charged to the statement of profit and loss in the year when employees have rendered services entitling them to the contributions. The group has no obligation, other than the contribution payable to such schemes.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Defined benefit plans

The group has defined benefit plan such as gratuity, provident fund for certain category of employees administered through a recognised provident fund trust and legal severance plans.

Provision for gratuity, provident fund for certain category of employees administered through a recognised provident fund trust and legal severance plans are determined on an actuarial basis at the end of the year and charged to consolidated statement of profit and loss, other than remeasurements. The cost of providing these benefits is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to consolidated statement of profit and loss in subsequent periods.

Other long term employee benefits

The group also has other long term benefits plan such as compensated absences and retention pay. Provision for compensated absences and long term retention pay are determined on an actuarial basis at the end of the year and charged to consolidated Statement of Profit and Loss. The cost of providing these benefits is determined using the projected unit credit method.

Share based payments

Equity settled share based payments to employees under SRF Long Term Share Based Incentive Plan (SRF LTIP) are measured at the fair value (which is the market price less exercise price) of the equity instruments on the grant date. This compensation cost relating to

employee stock purchase scheme is amortised over the remaining tenure over which the employees renders their service on a straight line basis.

2.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets of the group are classified in three categories:

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

- a) At amortised cost
- b) At fair value through profit and loss (FVTPL)
- c) At fair value through other comprehensive income (FVTOCI)

Financial asset is measured at amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the consolidated statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets not classified as measured at amortised cost or FVOCI as are measured at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity Investments

All equity investments in the scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are measured at fair value through profit and loss.

For all other equity instruments, the group may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income.

The group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the balance sheet) when:

- a) The rights to receive cash flows from the asset have expired, or
- b) The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the group has transferred substantially all the risks and rewards of the asset, or (ii) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred

Notes to the Consolidated Financial Statements

(All amounts in ₹ Crores, unless otherwise stated)

control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

Impairment of financial assets

The group recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

B) Financial liabilities and Equity instruments

Initial recognition and measurement

All financial liabilities are recognised initially at fair value, net of directly attributable transaction costs, if any.

The group's financial liabilities include borrowings and trade and other payables including derivative financial instruments.

Subsequent measurement

Borrowings

Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction cost) and the redemption/repayment amount is recognised in profit and loss over the period of the borrowings using the Effective interest rate method.

Trade and other payables

Trade and other payables represent the liabilities for goods and services provided to the group prior to the end of the financial year which are unpaid.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Equity Instruments

Equity Instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Debt or equity instruments issued by the group are classified as either financial liability or as equity in accordance with the substance of

Notes to the Consolidated Financial Statements

(All amounts in ₹ Crores, unless otherwise stated)

contractual arrangements and the definitions of a financial liabilities and an equity instruments.

2.21 Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The group uses derivative financial instruments (such as forward currency contracts, interest rate swaps) or non derivative financial assets/liabilities to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit and loss when the hedge item affects profit and loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

At the inception of a hedge relationship, the group formally designates and documents the hedge relationship to which the group wishes to apply hedge accounting and the

risk management objective and strategy for undertaking the hedge. The documentation includes the group's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the consolidated statement of profit and loss. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in consolidated profit and loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the consolidated statement of profit and loss.

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised in the consolidated statement of profit and loss.

The Group also designates certain non derivative financial liabilities, such as foreign currency borrowings from banks, as hedging instruments for the hedge of foreign currency risk associated with highly probable transactions and, accordingly, applies cash flow hedge accounting for such relationships.

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast transaction occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in other comprehensive income remains separately in other equity until the forecast transaction occurs or the foreign currency firm commitment is met.

2.22 Fair value measurement

The group measures some of its financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an

orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- a) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- b) Level 2 — inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

- c) Level 3 — inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.23 Foreign Currency translation reserve

On consolidation, the assets and liabilities of foreign operations are translated into Rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

2.24 Segment reporting

Based on “Management Approach” as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the group’s performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

2.25 Dividend

The group recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.26 Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. The appropriate level of management must be committed to a plan to sell, an active programme to locate a buyer and complete the plan has been initiated, the sale is considered highly probable and is expected within one year from the date of classification.

Non-current assets (or disposal groups) held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately from other assets and liabilities in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- a) Represents a separate major line of business or geographical area of operations,
- b) Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or
- c) Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit and loss.

2.27 Applicability of new and revised Ind AS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

3 Significant accounting judgements, estimates and assumptions

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes.

- Leasing arrangement (classification and accounting) – Note 2.9
- Financial instruments - Note 2.20
- Fair value measurement – Note 2.22
- Assessment of useful life of property, plant and equipment and intangible asset – Note 2.4
- Recognition and estimation of tax expense including deferred tax– Note 2.15
- Estimation of assets and obligations relating to employee benefits (including actuarial assumptions) – Note 2.17
- Estimated impairment of financial assets and non-financial assets – Note 2.20 and Note 2.8
- Recognition and measurement of contingency: Key assumption about the likelihood and magnitude of an outflow of resources – Note 2.13

Notes:

- At March 31, 2020, there was no recognised deferred tax liability (Previous year : Nil) for taxes that would be payable on the unremitted earnings of certain of the Group's subsidiaries. The Group has determined that undistributed profits of its subsidiaries will not be distributed in the foreseeable future.
- Section 115BAA of the Income Tax Act, 1961 was introduced by the Taxation Laws (Amendment) Ordinance, 2019. Based on the current estimate of expected timing of exercising of the option under Section 115BAA, the Company has re-measured its deferred tax balances. Consequently, credit of ₹ 136.11 Crores (net of MAT adjustment of ₹ 74.02 crores) has been recorded in the Statement of consolidated Profit and Loss during the year.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

- (iii) MAT credit entitlement of ₹ 74.02 Crores (out of total ₹ 87.85 Crores generated during the year) expiring in the financial year ending March 31, 2035 is not recognised in the statement of profit and loss of the current year, due to expected timing of exercising of the option under section 115BAA of Income Tax Act, 1961.
- (iv) As on March 31, 2019 there were capital losses of ₹ 186.32 Crores expiring in the financial year ending March 31, 2023 on which no deferred tax asset was created, due to lack of probability of future capital gains against which such deferred tax assets can be realised. Pursuant to recognition of long term capital gain in the current year, such capital losses have been set-off. Also refer note 42(A).

***Amount deposited against contingent liability ₹ 0.49 Crores (Previous year: ₹ 0.08 Crore)

****Amount deposited against contingent liability ₹ 5.68 Crores (Previous year: ₹ 7.14 Crores)

*****In the matter of a demand for Stamp duty related to Tyrecord Division at Malanpur, Gwalior, Madhya Pradesh, the Division Bench of the Hon'ble High Court of Madhya Pradesh decided in favour of Revenue department during the year. The Company's petition in the Supreme Court was dismissed. The Company has paid the entire duty demand of ₹ 28.82 crores (including penalty of ₹ 5.09 crores) during the year.

***Includes demand by Madhya Pradesh Paschim Kshetra Vidyut Vitaran Company Ltd. (MPPKVV Ltd) of ₹ 10.06 Crores which is disputed by the Company.

All the above matters are subject to legal proceedings in the ordinary course of business. In the opinion of the management, the legal proceedings, when ultimately concluded, will not have a material effect on the results of the operations or financial position of the group.

- b The Company has been served with show cause notices regarding certain transactions as to why additional customs / excise duty / service tax amounting to ₹ 25.61 Crores (Previous year: ₹ 20.10 Crores) should not be levied. The Company has been advised that the contention of the department is not tenable and hence the show cause notice may not be sustainable.

The Company has received a draft assessment order for assessment year 2016-17 in which adjustments amounting to ₹ 367.37 Crores have been proposed on account of transfer pricing adjustments etc. which are pending before Dispute Resolution Panel. Based on the transfer pricing study, facts of the case and applicable case laws, the company is of the view that the proposed adjustments will not sustain.

- c In February 2019, the Honorable Supreme Court of India in its judgement opined on the applicability of allowances that should be considered to measure obligations under Employees Provident Funds and Miscellaneous Provisions Act, 1952. The Company believes that there are interpretative challenges on the application of judgement retrospectively and therefore has applied the judgement on a prospective basis.

- d The amounts shown above represents the best possible estimates arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the different legal processes which have been invoked by the group or the claimants as the case may be and therefore cannot be predicted accurately or relate to a present obligations that arise from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate cannot be made.

36.1 Defined contribution plans:

Amounts recognized in the statement of profit and loss are as under:

Indian entities	Year ended March 31, 2020	Year ended March 31, 2019
Superannuation fund (Refer to note (i) below)	0.65	0.58
Provident fund administered through Regional Provident Fund Commissioner (Refer to note (ii) below)	12.58	9.73
Employees' State Insurance Corporation	0.58	1.13

Contribution to provident fund	1.24	2.01
Skill, development and Social Security Fund	0.78	1.43
Pension fund	1.05	1.03
	3.07	4.47

The expenses incurred on account of the above defined contribution plans have been included in Note 27 "Employee Benefits Expenses" under the head "Contribution to provident and other funds"

(i) Superannuation fund

The Company makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance Company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the Company also participate in a defined contribution superannuation plan maintained by the Company. The Company has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the Company provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the group administers the benefits through a recognized Provident Fund Trust. For other employees contributions are made to the Regional Provident Fund Commissioners. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the group has an obligation to make good for the shortfall, if any, between the yield on the investments of the trust and the yield mandated by the Government and these are considered as Defined Benefit Plans and are accounted for on the basis of an actuarial valuation.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

36.2 Defined benefit plans

The group sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the group. These plans are:

- (a) Gratuity
- (b) Provident fund for certain category of employees administered through a recognized provident fund trust.
- (c) Legal Severance pay & Health care (Unfunded) as applicable with respect to foreign entities

- (i) **These plans typically expose the group to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.**

Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest Risk

The plan exposes the group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of the providing the above benefits and will thus result an increase in value of the liability.

Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of the plan participants both during and after the employment. An increase in the life expectancy of plan participants will increase the plan's liability.

- (ii) **The principal assumption used for the purpose of the actuarial valuation were as follows:**

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date.

The present value of defined benefit obligation and the related current service cost and past service cost were measured using projected unit credit method.

Provident fund:

The plan assets have been primarily invested in government securities and corporate bonds.

(viii) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting period, while holding all other assumptions constant.

	11.40	7.10

(i) Long Term Retention Pay

The group has a Long Term Retention Pay Plan which covers employees selected on the basis of their current band and their long term value to the Company. The incentive is payable in three year blocks subject to achievement of certain performance ratings. The Company also has a scheme for talent retention of certain identified employees under which an incentive is payable over a period of three years. Based on actuarial valuation, the Company has accrued the above mentioned amounts.

37. Employee Share Based Payments

The Company has an Employee Share Purchase Scheme (SRF Long Term Share Based Incentive Plan) to provide equity settled share based payments to certain employees. The expenses related to the grant of shares under the Scheme are accounted for on the basis of fair value of the share on the grant date (which is the market price of the Company's share on the date of grant less exercise price). The fair value so determined is expensed on a straight line basis over the remaining tenure over which the employees renders their services.

There were no equity shares granted during the current year. The number and fair value of equity shares granted during the previous year are as under:

	Year ended March 31, 2019
Number of equity shares granted during the year	60,000.00
Market price on the grant date (₹ per equity share)	1,724.73
Exercise price (₹ per equity share)	10.00
Fair value on the grant date (₹ per equity share)	1,714.73

38. Segment Reporting

Based on the guiding principles laid down in Indian Accounting Standard (Ind AS) - 108 "Segment Reporting", the Managing Director of the group is the Chief Operating Decision Maker (CODM) and for the purposes of resource allocation and assessment of segment performance the business of the group is segregated in the segments below:

- Technical Textiles business: includes nylon tyre cord fabric, belting fabric, polyester tyre cord fabric and industrial yarns and its research and development
- Chemicals business: includes refrigerant gases, chloromethane, pharmaceuticals, fluorochemicals & allied products and its research and development.
- Packaging Film business: includes polyester films.
- Others: includes coated fabric, laminated fabric and other ancilliary activities

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure includes expenses incurred on common services provided to the segments, which are not directly identifiable.

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments. These amounts relate to continuing operations, unless otherwise stated. (Refer to note 42 with regard to information in relation to discontinued operations).

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and property plant and equipment and intangible assets, net of allowances and provisions, which are reported as direct offsets in the consolidated balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities and do not include deferred income taxes. While most of the assets / liabilities can be directly attributed to individual segments, the carrying amount of certain assets / liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

40. Financial Instruments and Risk Management

40.1 Capital Management

The group manages its capital to ensure that it will be able to continue as a going concern and provide reasonable return to the shareholders by maintaining a reasonable balance between debt and equity. The capital structure of the group consists of net debt (borrowings net of cash and cash equivalents and current investments) and total equity of the group. The group is not subject to any externally imposed capital requirements. The group's management reviews the capital structure of the group on periodic basis. As part of its review, the management considers the cost of capital and risk associated with each class of capital. The group also evaluates its gearing measures using Debt Equity Ratio to arrive at an appropriate level of debt and accordingly evolves its capital structure.

Notes to the Consolidated Financial Statements

The following methods / assumptions were used to estimate the fair values:

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair valuation of non-current financial assets has been disclosed to be same as carrying value as there is no significant difference between carrying value and fair value.
- Fair value of other long-term borrowings and lease liabilities is estimated by discounting future cash flows using current rates (applicable to instruments with similar terms, currency, credit risk and remaining maturities) to discount the future payouts.
- The fair value is determined by using the valuation model/technique with observable/non-observable inputs and assumptions.

There are no transfers between Level 1, Level 2 and Level 3 during the Year ended March 31, 2020 and March 31, 2019

Level 1:

Quoted prices in the active market: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with significant observable inputs: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of over the counter (OTC) derivative contracts and open ended mutual funds.

Level 3:

Valuation techniques with significant unobservable inputs: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value is determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices

from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

- (i) Investments in mutual funds: Fair value is determined by reference to quotes from the financial institutions.
- (ii) Derivative contracts: The group has entered into various foreign currency contracts and interest rate swaps contracts to manage its exposure to fluctuations in foreign exchange rates and interest rate respectively. These financial exposures are managed in accordance with the group's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the authorized dealers banks and forward exchange rates at the balance sheet date.
- (iii) Unquoted equity investments: Fair value is determined based of the recoverable value as per agreement with the investee

Reconciliation of Level 3 fair value measurements	Unlisted equity instruments
As at March 31, 2018	0.12
Sale of investment	(0.01)
As at March 31, 2019	0.11
Purchases of investment	4.05
As at March 31, 2020	4.16

Sensitivity of the fair value measurement to changes in unobservable inputs for financial instruments in Level 3 level of hierarchy is insignificant.

40.3 Financial Risk Management

The group is exposed to various financial risks arising from its underlying operations and finance activities. The group is primarily exposed to market risk (i.e. interest rate and foreign currency risk) and to credit risk and liquidity risk. The Group's Corporate Treasury function plays the role of monitoring financial risk arising from business operations and financing activities.

Financial risk management within the group is governed by policies and guidelines approved by the senior management and the Board of Directors. These policies and guidelines cover interest rate risk, foreign currency risk, credit risk and liquidity risk. Group policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the group. Review of the financial risk is done on a monthly basis by the Managing Director and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the group's results and financial position.

In accordance with its financial risk management policies, the group manages its market risk exposures by using specific type of financial instruments duly approved by the Board of Directors as and when deemed

(All amounts in ₹ Crores, unless otherwise stated)

appropriate. It is the group's policy and practice neither to enter into derivative transactions for speculative purpose, nor for any purpose unrelated to the underlying business. The Board of Directors / Managing Director reviews and approves policies for managing each of the above risks.

40.3.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowings, deposits, investments and derivative financial instruments. The group enters into derivative contracts as approved by the Board to manage its exposure to interest rate risk and foreign currency risk.

A. Foreign Currency Risk Management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the group is attributable to group's operating activities and financing activities.

In the operating activities, the group's exchange rate risk primarily arises when revenue / costs are generated in a currency that is different from the reporting currency (transaction risk). In compliance with the Board approved policy, the Group manages the net exposure on a rolling 12 month basis and for exposures between 12 to 36 months, hedging is done based on specific exposure. The information is monitored by the Audit committee and the Board of Directors on a quarterly basis. This foreign currency risk exposure of the group are mainly in U.S. Dollar (USD), Euro (EUR), Japanese Yen (JPY) and British pound sterling (GBP). The group's exposure to foreign currency changes for all other currencies is not material.

The carrying amounts of the group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in ₹ are as follows:

	Assets		Liabilities	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019

JPY	-	-	6.87	7.72
GBP	4.13	4.85	0.26	0.58

Foreign currency sensitivity analysis

The group is mainly exposed to changes in USD, EURO, JPY and GBP exchange rates.

The following table details the group's sensitivity to a 1% increase and decrease in the ₹ against the relevant foreign currency. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for 1% change in foreign currency rates. A positive number below indicates an increase in profit before tax or vice-versa.

Foreign exchange derivative contracts

The group uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business or financing activities. The group's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within 1 to 24 months for hedges of forecasted sales, purchases and capital expenditures. When a derivative is entered into for the purpose of being a hedge, the group negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivative contracts outstanding at the end of the reporting period:

B. Interest Rate Risk Management

Interest rate risk arises from movements in interest rates which could have effects on the group's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. The group's exposure to the risk of changes in market interest rates relates primarily to the group's long-term debt obligations with floating interest rates.

The group manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings. The group enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed principal amount outstanding at the time of inception of the swap. Out of the total long term borrowings, the amount of fixed interest loan is ₹ 995.04 Crores and floating interest loan is ₹ 2,096.36 Crores (Previous year : Fixed interest loan ₹ 853 Crores and Floating interest loan ₹ 1,757 Crores)

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the group's profit before tax is affected through the impact on floating rate long term borrowings, as follows:

	Year ended March 31, 2020		Year ended March 31, 2019	
	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %	₹ loans interest rate decreases by 0.50 %	Foreign currency loans interest rate decreases by 0.15 %
Increase in profit before tax by	1.48	2.70	2.09	2.01

In case of increase in interest rate by above mentioned percentage, there would be a comparable negative impact on the profit before tax as mentioned above.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

(All amounts in ₹ Crores, unless otherwise stated)

Interest Rate Swap Contracts

Under interest rate swap (IRS) contracts, the group agrees to exchange the difference between fixed and floating rate interest amounts calculated on the agreed notional principal amounts. Such contracts enables the group to mitigate the risk of changing interest rates.

The following table details the IRS contracts outstanding at the end of the reporting period:

Outstanding Contracts	No. of Deals		Contract Value of Foreign Currency (In Millions)		Maturity			
					Up to 12 months Nominal Amount* (₹ Crores)		More than 12 months Nominal Amount* (₹ Crores)	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
IRS Contracts*	3	4	15.05	23.13	26.71	54.24	86.99	105.58

Each of the above trades are in the nature of cash flow hedges and are effective hedges. The mark to market on these trades is therefore routed through Cash flow Hedge Reserve. The interest rate swap and the interest payments on the loan are paid simultaneously and are charged to statement of profit and loss.

*Sensitivity on the above IRS contracts in respect of interest rate exposure is insignificant

40.3.2 Credit Risk Management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The group is exposed to credit risk from its operating activities (primarily trade receivables, loans and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by the group's treasury department in accordance with the group's policy. Investments of surplus funds are made only with counterparties who meet the parameters specified in Investment Policy of the groups. The investment policy is reviewed by the group's Board of Directors on an annual basis and if required, the same may be updated during the year. The investment policy specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counterparty's potential failure.

Expected credit loss on financial assets:

To manage credit risk for trade receivables, the group establishes credit approvals and credit limits, periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties, from which these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on these financial assets other than as detailed below.

Provided during the year	0.17	1.88
Reversed during the year	(0.24)	(0.76)
As at March 31, 2020	2.74	3.61

Other than financial assets mentioned above, none of the group's financial assets are impaired, as there are no indications that defaults in payments obligation would occur.

40.3.3 Liquidity Risk Management

Liquidity risk is the risk of non-availability of financial facilities available to the group to meet its financial obligations. The group's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy. Any deviation from the policy has to be approved by the Treasury Management comprising of Managing Director, Chief Financial Officer and Treasury Head. The group assesses the concentration of risk with respect to refinancing its debt, guarantee given and funding of its capital expenditure according to needs of the future. The group manages its liquidity by holding appropriate volumes of liquid assets which are available for its disposal on T +1 basis and by maintaining open credit lines with banks / financial institutions.

The table below analyze the group's financial liabilities into relevant maturity profiles based on their contractual maturities:

	Less than 1 year	More than 1 year and upto 5 years	More than 5 years	Total

The cumulative exchange loss/ (gain) added/ (adjusted) and remaining unamortised as at March 31, 2020 is ₹ 299.84 Crores (Previous year: ₹ 256.03 Crores).

- (d) The group was required to spend ₹ 12.00 Crores (Previous year: ₹ 10.38 Crores) on corporate social responsibility activities under section 135 of the Companies Act, 2013 out of which ₹ 12.00 Crores (Previous year: ₹ 10.38 Crores) has been spent.
- (e) In March 2020, the World Health Organization declared COVID-19 to be a pandemic. Consequent to this, Government of India declared a national lockdown on March 25, 2020, which has impacted the business activities of the group. The group has assessed the impact that may result from this pandemic on its liquidity position; carrying amounts of receivables; inventories; tangible and intangible assets; investments; and other assets/liabilities. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the group has considered internal and external information available till the date of approval of these financial statements and has assessed its situation.

In that context and based on the current estimates, the group believes that COVID - 19 is not likely to have any material impact on its financial statements, liquidity or ability to service its debt or other obligations. However, the overall economic environment, being uncertain due to COVID-19, may affect the underlying assumptions and estimates in future, which may differ from those considered as at the date of approval of these financial statements. The group would closely monitor such developments in future economic conditions and consider their impact on the financial statements of the relevant periods.

Limited Review Report on unaudited standalone financial results of SRF Limited for the quarter ended 30 September 2022 and year-to-date results for the period from 1 April 2022 to 30 September 2022 pursuant to Regulation 33 and Regulation 52(4) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021

To the Board of Directors of SRF Limited

1. We have reviewed the accompanying Statement of unaudited standalone financial results of SRF Limited ("the Company") for the quarter ended 30 September 2022 and year-to-date results for the period from 1 April 2022 to 30 September 2022 ("the Statement").
2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 and Regulation 52(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

B S R & Co. LLP

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 and Regulation 52(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Limited Review Report on unaudited consolidated financial results of SRF Limited for the quarter ended 30 September 2022 pursuant to Regulation 33 and Regulation 52(4) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021

To the Board of Directors of SRF Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of SRF Limited (“the Parent”), and its subsidiaries (the Parent and its subsidiaries together referred to as “the Group”) for the quarter ended 30 September 2022 and year-to-date results for the period from 01 April 2022 to 30 September 2022 (“the Statement”), being submitted by the Parent pursuant to the requirements of Regulation 33 and Regulation 52(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (“Listing Regulations”), as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021.
2. This Statement, which is the responsibility of the Parent’s management and approved by the Parent’s Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 and Regulation 52(4) of the Listing Regulations, as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the following entities:

Holding Company:

SRF Limited

Subsidiaries:

- a. SRF Global BV
- b. SRF Flexipak (South Africa) (Pty) Limited
- c. SRF Industries (Thailand) Limited
- d. SRF Industex Belting (Pty) Limited

BSR & Co. (a partnership firm with Registration No. BA61223) converted into BSR & Co. LLP (a Limited Liability Partnership with LLP Registration No. AAB-8181) with effect from October 14, 2013

Registered Office:

14th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center,
Western Express Highway, Goregaon (East), Mumbai - 400063

Subsidiaries (continued):

- e. SRF Europe Kft
- f. SRF Holiday Home Limited
- g. SRF Employees Welfare Trust (controlled trust)
- h. SRF Altech Limited

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and Regulation 52(4) of the Listing Regulations, as prescribed in Securities and Exchange Board of India operational circular SEBI/HO/DDHS/P/CIR/2021/613 dated 10 August 2021, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We did not review the interim financial information of three Subsidiaries included in the Statement, whose interim financial information reflect total assets of Rs. 3,342.47 crores (before consolidation adjustments) as at 30 September 2022 and total revenues of Rs. 759.82 crores (before consolidation adjustments) and Rs. 1,614.40 crores (before consolidation adjustments), total net profit after tax of Rs. 39.23 crores (before consolidation adjustments) and Rs. 142.53 crores (before consolidation adjustments) and total comprehensive income of Rs. 38.97 crores (before consolidation adjustments) and Rs. 142.17 crores (before consolidation adjustments), for the quarter ended 30 September 2022 and for the period from 1 April 2022 to 30 September 2022 respectively, and cash outflows (net) of Rs. 28.93 crores (before consolidation adjustments) for the period from 1 April 2022 to 30 September 2022, as considered in the unaudited consolidated financial results. These interim financial information have been reviewed by other auditors whose reports have been furnished to us by the Parent's management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion is not modified in respect of this matter.

7. The subsidiaries mentioned in paragraph 6 above are located outside India whose interim financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by other auditors under generally accepted auditing standards applicable in their respective countries. The Parent's management has converted the financial information of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have reviewed these conversion adjustments made by the Parent's management. Our conclusion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the reports of other auditors and the conversion adjustments prepared by the management of the Parent and reviewed by us.

Our conclusion is not modified in respect of this matter.

BSR & Co. LLP

8. The Statement includes the interim financial information of four Subsidiaries which have not been reviewed, whose interim financial information reflect total assets of Rs. 266.58 crores (before consolidation adjustments) as at 30 September 2022 and total revenues of Rs. 40.21 crores (before consolidation adjustments) and Rs. 74.83 crores (before consolidation adjustments), total net profit after tax of Rs. 3.98 crores (before consolidation adjustments) and Rs. 1.97 crores (before consolidation adjustments) and total comprehensive income of Rs. 3.98 crores (before consolidation adjustments) and Rs. 1.97 crores (before consolidation adjustments), for the quarter ended 30 September 2022 and for the period from 1 April 2022 to 30 September 2022 respectively, and cash outflows (net) of Rs. 5.08 crores (before consolidation adjustments) for the period from 1 April 2022 to 30 September 2022, as considered in the Statement. According to the information and explanations given to us by the Parent's management, these interim financial information are not material to the Group.

Our conclusion is not modified in respect of this matter.
