Gross NPA recognition policy (DPD)

The Company recognizes expected credit losses ("ECL") on all its financial assets including loan commitments and financial guarantees. The measurement of ECL is calculated considering 3 components: Probability of Default (PD), Loss given default (LGD) and Exposure at Default (EAD). The Company applies a three stage approach to measure ECL on financial assets as the assets migrate through the 3 stages based on the change in credit quality since initial recognition.

For financial assets that have become credit impaired, a lifetime ECL is recognized on the principal outstanding as at the period end. Exposures with Days past due (DPD) equal to or more than 90 days are classified as Stage 3.

3. Others

a. Lending policy/Credit Policy

Credit policy:

The credit policy of our Company, is the principal document for the credit operations of our Company, duly approved by the competent authority as approved the Board of Directors and serves as the guiding document of our Company. The broad objectives of the credit policy is to ensure efficient delivery of credit with focus on asset growth and quality along with continuous growth of loan assets which remains performing and standard at all times. The credit policy inter alia provides indicative guidelines specifying the measures to be taken for improving the credit delivery and customer satisfaction and to strengthen the risk management systems for appropriate pricing of credit risks and ensure close monitoring of the credit portfolio. The credit policy of our Company as also prescribes measures to prevent fresh slippages into NPAs along with various functionalities to innovate and evolve competitive products based on market requirements and also to suit our Company's risk appetite. While our Company has been making efforts towards improving the risk management practices on an on-going basis, the credit policy emphasizes on initiating a paradigm transition towards a completely integrated risk management system.

The Credit Risk Management of our Company focuses on identification, measuring monitoring and managing the assumed risks which inter alia includes a documented loan policy /product program(s), robust approval mechanism, effective loan administration in order to ensure overdue management and bad asset detection and remediation, loan review mechanism and portfolio management tool to manage portfolio level risks. Our Company also relies upon formal and conventional risk assessment viz the capacity and willingness of borrowers to repay and dependence primarily on cash flows for repayment with security taken to provide a secondary source of repayment, depending on respective product programs.

The Risk Management Group (RMG) of our Company ensures that the loan portfolio in our Company is in line with this credit policy and is in compliance with internal policies and regulatory guidelines with on-going improvement of the credit processes. It also tracks relevant sectors/industry and assess key industry risks on an on-going basis along with carrying detailed credit analysis and providing independent opinion to sanctioning committees which ensure that all risks are clearly identified and steps to mitigate are set out and adhered to. Our Company also does portfolio monitoring and portfolio “stress-testing” including proactively reviewing the portfolio based on market conditions and take corrective actions when such portfolio triggers are breached. The RMG also builds a robust ongoing credit coverage discipline on individual borrowers or a group of borrowers, as applicable to each business segment. Further, the RMG also facilitates setting up a Company-wide de-dupe repository and comprehensive defaulters’ list and the same is updated at regular intervals.

Any new product or variant of an existing product or review of any existing product is presented to the product approval committee in the form of a product program note, which is as per the format stipulated from time to time. The product program inter alia covers the following areas/subjects – product objective, product/program limit, target category of customers, target market which covers business models prevalent in the target market/customers, specific characteristics of the target market/target customers, specific characteristics of the target markets/customers which have a bearing on risk assessment, defined geographies, borrower profiles, etc and product features along with methodology for assessment of limits/loan amounts with approval matrix and deviation approval matrix with security and monitoring/MIS/overdues/reporting of irregularities with portfolio controls and diversification/delinquency rates and portfolio triggers and risk containment measures.

The credit assessment/appraisal process and guidelines are kept in view before a credit facility is approved/renewed and all the credit proposals are rigorously appraised. The credit appraisal process inter alia involves an in-depth study of the industry, financial, commercial, technical and managerial aspects of the borrower as warranted by the product program. The Credit Appraisal & Underwriting team of our Company independently carries out an in-depth credit analysis and market checks of the company/obligor/counterparties/guarantor/promoter/group companies/related parties and provides independent opinion on all the aspects as warranted by the product program. Appropriate credit filters are also designed to weed out cases with weak credit profile and filters are never a proxy to in-depth credit analysis and market reference checks. Each credit proposals are prepared in an appropriate format and placed before the appropriate sanctioning authority.

Credit appraisal format are as per the format in respective product program along with guidance notes. De-dupe / Bureau and other checks are carried out as a best practice to check if the Borrower is already having a relationship with the Company. Our Company also obtains information from multiple lenders/bankers so as to stay updated on Borrower’s credit health and account conduct with various lenders. Our Company also obtains independent opinion from various sources, including, from the existing bankers/lenders in respect of all new borrowers/parties to the loan on a “best-effort” basis, which are recorded along with reference checks.

Our Company uses prudent assessment criteria, such that our Company avoids taking up/financing a majority part of borrowers' credit needs. Suitable methodologies are developed and used by our Company-Credit assessment & underwriting team to assess the risks in structured transactions, including vetting the transactions structure by legal group of our Company.

The Credit assessment team also articulates the key risks in any structured transactions including operational/transactional risks, legal risks, compliance risks, market risks, reputation risks, etc. and suggest suitable mitigants for the same. As a prudent lending practice, all current relevant information about any borrower are glanced from the files and over-reliance on information stored in the minds of the dealing officer or his private files are avoided. A robust internal credit rating framework is vital for effective credit risk management.

Credit monitoring of structured and large deals are carried out with due diligence and annual review of financial ability of the borrower to serve the loan during the tenure of loan.

As per our Company's Loan monitoring system, further disbursements/discounting/debit transaction is auto-prevented by the system once the limit expiry date is reached. Thus, further drawl is not being permitted by the system as there is no "auto-renewal" of credit facilities/limits, which have expired/lapsed. Renewal can be done one or more times in a year when the credit facility/limit expires or borrowers applies for new limit with enhancements or borrowers applies for revalidations of lapsed/expired credit facility/limit. Renewals can be with or without enhancement – it can also be with 'reduction' in credit limit, renewal of stressed cases are dealt with based on merits of the individual credit proposals. Renewals depend on the credit quality of the borrower at the time of renewal and the renewal is subject to the discretion of the sanctioning committee. Further, the facility type and amount sanctioned, terms and conditions stipulated, pricing/interest rate etc. approved at the time of renewal may be different from what the borrower enjoyed in the previous year/cycle. The Company also maintains the MIS of all credit approvals and their corresponding expiry dates, which are used to take necessary actions.

Express renewal policy is also applicable for accounts/borrowers satisfying certain criteria at the time of application for express renewal, wherein amount has to be 'regular' (based on repayment method), asset quality classification is 'Standard', internal credit rating/grading score is within 'Investment grade' as per our Company's internal credit rating model or valid external rating. In case of unrated accounts, approving authority decides on express renewal.

As per RBI guidelines, Chief Risk officer participates all approval process for all large deals which are routed through different committees for approval as per prevailing delegation of authority.

For, Tata Capital Financial Services Limited.

- Notes:
- The market value of Rs. 103 lakhs of the building is on the basis of valuation done for March 31, 2022.
 - Receivables under financing activities consist of loans which are carried at amortised cost. The business model for managing these loans is "hold to collect" cash flows that are solely principal and interest. Accordingly these loans are not fair valued and the book value of loans (after netting of impairment) are considered as the value of security for the purposes of this certificate.
 - The Company has not disclosed market values for trade receivables because their carrying amounts are a reasonable approximation of market value.

Independent Auditor's Review Report on Unaudited Quarterly Standalone Financial Results and Year to Date Financial Results of Tata Capital Financial Services Limited Pursuant to Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

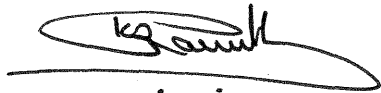

To the Board of Directors of Tata Capital Financial Services Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of Tata Capital Financial Services Limited ('the NBFC') for the quarter ended 30 September 2022 and the year to date results for the period 1 April 2022 to 30 September 2022 ('the Statement'), being submitted by the Company pursuant to the requirements of Regulation 52 of the Securities and Exchange Board of India ('SEBI') (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) ('the Listing Regulations').
2. The Statement, which is the responsibility of the NBFC's management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting ('Ind AS 34'), prescribed under section 133 of the Companies Act, 2013 ('the Act'), the circulars, guidelines and directions issued by the Reserve Bank of India ('the RBI') from time to time, applicable to the NBFC ('the RBI guidelines') and other accounting principles generally accepted in India and is in compliance with the presentation and disclosure requirements of Regulation 52 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 52 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement, or that it has not been prepared in accordance with the relevant prudential norms issued by the RBI in respect of income recognition, asset classification, provisioning, to the extent applicable to the NBFC, and other related matters.

5. The review of unaudited quarterly standalone financial results and year-to-date financial results for the period ended 30 September 2021, included in the Statement was carried out and reported by BSR & Co. LLP who has expressed unmodified conclusion vide their review report dated 21 October 2021, whose review report has been furnished to us and which has been relied upon by us for the purpose of our review of the Statement. Our conclusion is not modified in respect of this matter.
