Dear Sir,

Re: ICRA rating for Rs. 2,500.00 crore Commercial Paper (CP) programme of TVS Credit Services Limited (TVSCSL)

Please refer to your request dated February 03, 2023 for revalidating the rating letter issued for the captioned programme.

We confirm that the [ICRA]A1+ (pronounced as ICRA A one plus) rating assigned to your captioned programme and last communicated to you vide our letter dated October 26, 2022 stands. Instruments with "[ICRA]A1" rating is considered to have very strong degree of safety regarding timely payment of financial obligations. Such instruments carry lowest credit risk. Within this category rating modifier {"+" (plus)} can be used with the rating symbols. The modifier reflects the comparative standing within the category.

Additionally, we wish to highlight the following with respect to the rating:

(a) If the instrument rated, as above, is not issued by you within a period of 3 months from the date of this letter, the rating would need to be revalidated before issuance;

(b) Subject to Clause (c) below, once the instrument is issued, the rating is valid throughout the life of the captioned programme (which shall have a maximum maturity of twelve months from the date of the issuance of the instrument).

(c) Notwithstanding anything containing in clause (b) above, ICRA reserves the right to review and/or, revise the above rating at any time on the basis of new information or unavailability of information or such circumstances, which ICRA believes, may have an impact on the aforesaid rating assigned to you.

The rating, as aforesaid, however, should not be treated as a recommendation to buy, sell or hold the CP issued by you. The rating is restricted to your CP Programme size of Rs. 2,500.00 crore only.

In case, you propose to enhance the size of CP Programme, the same would be required to be rated afresh. ICRA does not assume any responsibility on its part, for any liability, that may arise consequent to your not complying with any eligibility criteria, applicable from time to time, for issuance of CP.

You are requested to forthwith inform us about any default or delay in repayment of interest or principal amount of the instrument rated, as above, or any other debt instruments/ borrowing. You are also requested to keep us forthwith informed of any other developments which may have a direct or indirect impact on the debt servicing capability of the company including any proposal for re-schedulement or postponement of the repayment programmes of the dues/ debts of the company with any lender(s) / investor(s).

Further, you are requested to us inform immediately as and when the borrowing limit for the instrument rated, as above, or as prescribed by the regulatory authority (ies) is exceeded.

We thank you for your kind cooperation extended during the course of the rating exercise. Please let us know if you need any clarification.

We look forward to further strengthening our existing relationship and assure you of our best services.

With kind regards,

For ICRA Limited

Independent Auditor's Review Report on Unaudited Quarterly Standalone Financial Results and Year to Date Financial Results of TVS Credit Services Limited Pursuant to Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

The Board of Directors,
TVS Credit Services Limited,

1. We have reviewed the accompanying statement of Unaudited Standalone Financial Results of TVS Credit Services Limited (the 'Company'), for the quarter ended 30 September 2022 and the year to date results for the period 1 April 2022 to 30 September 2022 (the 'Statement') being submitted by the Company pursuant to the requirement of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations") and Paragraph 7 of Operational Circular SEBI/HO/DDHS/P/CIR/2021/613 "Continuous disclosure requirements for listed Commercial Paper" dated 10th August 2021 , as amended.
2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the Listing Regulations). Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 – "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters, so far as it does not contradict Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules thereunder.

Other Matter

5. Attention is drawn to the fact that the unaudited standalone financial results of the Company for the quarter ended 30 September 2021 were reviewed by predecessor auditors whose report dated 19th October 2021, expressed an unmodified conclusion on those unaudited standalone financial results. Our conclusion is not modified in respect of this matter.

Notes:

- The above financial results of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016, prescribed under section 133 of the Companies Act 2013 ('the Act') read with relevant rules issued thereunder and the other accounting principles generally accepted in India. Besides, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.
- The above financial results have been reviewed by the Audit Committee and subsequently approved by the Board of Directors of the Company at its meeting held on November 02, 2022 and subject to limited review carried out by statutory auditors, pursuant to Regulation 52 of the Securities Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and Paragraph 7 of Operational Circular SEBI/HO/DDHS/P/CIR/2021/613 "Continuous disclosure requirements for listed Commercial Paper" dated 10th August 2021, as amended.
- The financial results of the Company for the half year ended September 30, 2021 were subject to limited review by the previous auditors, M/s. Raghavan Chaudhuri & Narayanan, who have expressed an unqualified opinion vide report dated October 19, 2021.
- There is no separate reportable segment as per Ind AS 108 on 'Operating Segments' for the Company since the Company primarily engaged in the business of financing.
- During the quarter ended September 30, 2022 the Company allotted 81,08,108 equity shares to M/s. TVS Motor Company Limited by way of preferential issue.
- In terms of the requirement as per RBI notification no. RBI/2019-20/170 DOR (NBFC). CC.PD.No.109/22.10.106/2019-20 dated 13th March 2020 on Implementation of Indian Accounting Standards, Non-Banking Financial Companies (NBFCs) are required to create an impairment reserve for any shortfall in impairment allowances under Ind AS 109 and Income Recognition, Asset Classification and Provisioning (IRACP) norms (including provision on standard assets). The impairment allowances under Ind AS 109 made by the Company exceeds the total provision required under IRACP (including standard asset provisioning), as at September 30, 2022 and accordingly, no amount is required to be transferred to impairment reserve.
- The Reserve Bank of India (RBI) vide its circular no. RBI/2021-2022/125 DOR.STR.REC.68/21.04.048/2021-22, dated November 12, 2021 on "Prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) pertaining to Advances - Clarifications", had clarified / harmonized certain aspects of extant regulatory guidelines with a view to ensuring uniformity in the implementation of IRACP norms across all lending institutions. The Company has since taken necessary steps to implement the provisions of this circular under IRACP norms for regulatory purpose w.e.f. October 01, 2022, as clarified vide RBI circular no. RBI/2021-2022/158 DOR.STR.REC.85/21.04.048/2021-22 dated February 15, 2022. The aforementioned circulars have no impact on the financial results for the half year ended September 30, 2022, as the Company continues to prepare financial statements in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and the RBI circular dated March 13, 2020 on "Implementation of Indian Accounting Standards.
- During the year, to relieve COVID-19 pandemic related stress, the Company has invoked resolution plans for eligible borrowers based on the parameters laid down in accordance with the resolution policy approved by the Board of Directors of the Company and in accordance with the applicable guidelines issued by the RBI.
(i) Details of resolution plan implemented under the Resolution Framework for COVID-19-related Stress as per RBI circular dated August 6, 2020 and RBI/2021-2022/31/DOR.STR.REC.11 /21.04.048/2021-22 dated 5 May 2021 are given below:

**INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT ON THE CONSOLIDATED UNAUDITED
FINANCIAL RESULTS FOR THE QUARTER AND YEAR TO DATE ENDED 30 SEPTEMBER 2022**

The Board of Directors,
TVS Credit Services Limited,

1. We have reviewed the accompanying statement of Consolidated Unaudited Financial Results of TVS Credit Services Limited (the 'Parent Company'), and its subsidiaries (the Company and its subsidiaries together referred to as "the Group") for the quarter and half-year ended 30th September 2022 (the 'Statement') being submitted by the Company pursuant to the requirement of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations") and Paragraph 7 of Operational Circular SEBI/HO/DDHS/P/CIR/2021/613 "Continuous disclosure requirements for listed Commercial Paper" dated 10th August 2021, as amended.
2. This statement which is the responsibility of the Parent Company's Management has been compiled on the basis of the related Interim Consolidated Financial Statements prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards 34 (Ind AS 34) "Interim Financial Reporting", prescribed under Section 133 of the Companies Act, 2013 read with relevant rules thereunder, other accounting principles generally accepted in India, the circulars, guidelines and directions issued by Reserve Bank of India ("RBI") from time to time ("RBI guidelines") and compliance with Regulation 52 of the Listing Regulations. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. The Statement includes the results of the following entities.

Name of the Company	Relationship
TVS Two-Wheeler Mall Private Limited	Subsidiary
Harita ARC Private Limited	Subsidiary
TVS Housing Finance Private Limited	Subsidiary

5. We did not review the interim financial results of the 3 subsidiaries, included in this Statement, whose financial information reflects, total assets of Rs. 14.74 Crores as of September 30, 2022, total revenues of Rs. 0.16 and Rs. 0.35 Crores, for the quarter and period ended September 30, 2022 respectively, and total net profit after tax of Rs. 0.08 Crores and 0.26 crores for the quarter and period ended September 30, 2022 respectively, and total comprehensive income of Rs. 0.08 and 0.26 crores for the quarter and period ended September 30, 2022 respectively as considered in this Statement. These Figures have been furnished to us by the management. According to the information and explanations given to us by the Management, this interim financial information are not material to the Group.
6. Attention is drawn to the fact that the unaudited consolidated financial results of the Company for the corresponding quarter ended 30 September 2021 were reviewed by predecessor auditors whose report dated 19th October 2021, expressed an unmodified conclusion on those unaudited consolidated financial results, our conclusion is not modified in respect of this matter.
7. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of Consolidated Unaudited Financial Results, which includes the result of the subsidiaries, as given in the para 5 above, prepared in accordance with the applicable Indian Accounting Standards prescribed under Section 133 of the Companies Act 2013 and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

Notes:

- 1 The consolidated financial results include results of the following companies:

Sl. No.	Name of the Subsidiary	Proportion of Ownership (interest/voting power -%) as on September 30, 2022
1	Harita ARC Services Private Limited	100%
2	TVS Housing Finance Private Limited	100%
3	TVS Two Wheeler Mall Private Limited	100%

- 2 The above financial results of the Group have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016, prescribed under section 133 of the Companies Act 2013 ('the Act') read with relevant rules issued thereunder and the other accounting principles generally accepted in India. Besides, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.
- 3 The above financial results have been reviewed by the Audit Committee and subsequently approved by the Board of Directors of the Company at its meeting held on November 02, 2022 and subject to limited review by statutory auditors, pursuant to Regulation 52 of the Securities Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and Paragraph 7 of Operational Circular SEBI/HO/DDHS/P/CIR/2021/613 "Continuous disclosure requirements for listed Commercial Paper" dated 10th August 2021, as amended.
- 4 The financial results of the Group for the half year ended September 30, 2021 were audited by the previous auditors, M/s. Raghavan Chaudhuri & Narayanan, who have expressed an unqualified opinion vide report dated October 19, 2021.
- 5 There is no separate reportable segment as per Ind AS 108 on 'Operating Segments' for the Company since the Company primarily engaged in the business of financing.
- 6 In terms of the requirement as per RBI notification no. RBI/2019-20/170 DOR (NBFC). CC.PD.No.109/22.10.106/2019-20 dated 13th March 2020 on Implementation of Indian Accounting Standards, Non- Banking Financial Companies (NBFCs) are required to create an impairment reserve for any shortfall in impairment allowances under Ind AS 109 and Income Recognition, Asset Classification and Provisioning (IRACP) norms (including provision on standard assets). The impairment allowances under Ind AS 109 made by the Company exceeds the total provision required under IRACP (including standard asset provisioning), as at September 30, 2022 and accordingly, no amount is required to be transferred to impairment reserve.
- 7 The Reserve Bank of India (RBI) vide its circular no. RBI/2021-2022/125 DOR.STR.REC.68/21.04.048/2021-22, dated November 12, 2021 on "Prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) pertaining to Advances - Clarifications", had clarified / harmonized certain aspects of extant regulatory guidelines with a view to ensuring uniformity in the implementation of IRACP norms across all lending institutions. The Company has since taken necessary steps to implement the provisions of this circular under IRACP norms for regulatory purpose w.e.f. October 01, 2022, as clarified vide RBI circular no. RBI/2021-2022/158 DOR.STR.REC.85/21.04.048/2021-22 dated February 15, 2022. The aforementioned circulars have no impact on the financial results for the quarter ended September 30, 2022, as the Company continues to prepare financial statements in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and the RBI circular dated March 13, 2020 on "Implementation of Indian Accounting Standards.
- 8 Pursuant to SEBI Circular no. SEBI/HO/DDHS/DDHS/CIR/P/2019/115 dated 22 October 2019, all Commercial Paper issuance on or after 01 January, 2020 have been listed on the National Stock Exchange (NSE).
- 9 The figures for the quarter ended September 30, 2022 and September 30, 2021 are the balancing figures between reviewed figures in respect of the half year ended September 30, 2022 and September 30, 2021 and the reviewed figures for the quarter ended June 30, 2022 and June 30, 2021 respectively.
- 10 Figures of previous periods have been regrouped, wherever necessary, to make them comparable with the current period.

Success. Inspired by India.

Annual Report 2021-22

***TVS* CREDIT**

The small achievements of countless Indians add up to the huge achievement called India.

Depending on how you look at it, 75 years is both a long time and a short time. It's a long time in human terms, but short when we talk about the age of a nation. India is still a young nation, but it stands tall on the world stage.

To celebrate 75 years of our beautifully diverse nation, we dedicate our Annual Report for 2021-22 to the many strengths that make India a superpower. Interspersed with our own performance figures, you'll learn about the various facets of India that inspire us every day.

We're happy to report that in the past year, our Assets Under Management grew by 24%, well distributed across our various business portfolios. Disbursals grew by 45%, and income by 23%. In spite of every challenge, we focussed on delighting our customers and making them self-sufficient.

Each of our businesses grew in size and market share. We also covered more of India, experiencing the many wonders that make it great, and empowering even more of our countrymen and women to achieve and excel.

We hope you enjoy reading through our Annual Report, and feel as proud of our nation's progress as we are. We wish every Indian joy and fulfilment, as our country completes 75 glorious years.

**Empowering India.
One Indian at a time.**

EXPLANATORY STATEMENT IN TERMS OF SECTION 102 OF THE COMPANIES ACT, 2013

The following Explanatory statement sets out all the material facts relating to the 'special businesses' mentioned in the accompanying Notice dated 4th May, 2022 and shall be taken as forming part of the Notice.

Item No.3

The Board, on the recommendation of the Nomination and Remuneration Committee (NRC), considered the appointment of Ms.Kalpana Unadkat, (DIN 02490816) as a Non-Executive Independent Director of the Company (NE-ID), in terms of Sections 149 (read with Schedule IV to the Act, 2013), 150, 152, 160, 161, 164 and other applicable provisions of the Act, 2013 and the Companies (Appointment and Qualifications of Directors) Rules, 2014 and Regulation 17 of the Listing Regulations. In the opinion of the NRC and the Board, Ms.Kalpana Unadkat fulfils the conditions specified under the Act, 2013 and the rules made thereunder and the Listing Regulations, for the proposed appointment as a NE-ID by the shareholders of the Company and she is independent of the management of the Company.

NRC noted that integrity, qualification, expertise, experience of Ms Kalpana Unadkat would be sufficient / satisfactory to recommend her appointment as a NE-ID on the Board, as per the Nomination and Remuneration (NR) Policy of the Company. She has also enrolled with the database for Independent Directors as specified under the Companies (Appointment and Qualifications of Directors) Rules, 2014.

In terms of the provisions of Section 149 read with Schedule IV to the Act, 2013, the appointment of NE-ID will require approval of the shareholders of the Company. Hence, it is proposed that Ms.Kalpana Unadkat who was appointed as an Additional Director in the Board Meeting held on 28th July, 2021 and who holds office upto the date of ensuing AGM, be appointed as a NE-ID of the Company to hold office for a period of five consecutive years commencing from 28th July, 2021 and not liable to retire by rotation during her tenure of appointment.

The Company has received a consent in writing from Ms.Kalpana Unadkat to act as a Director in Form DIR-2, intimating to the effect that she is not disqualified to be appointed as a Director and a declaration in writing that she meets the criteria of independence as provided under Section 149(6) of the Act, 2013 and also under the Listing Regulations.

A copy of the draft letter of appointment setting out the terms and conditions of appointment of NE-ID will be available for inspection without any fee by the members at the Registered Office of the Company, at Chaitanya, No. 12, Khader Nawaz Khan Road, Nungambakkam, Chennai - 600006, Tamil Nadu, India, during the office hours.

The Company has also received a notice from a member under Section 160 of the Act, 2013, proposing the candidature of Ms.Kalpana Unadkat for the office of Director of the Company.

Except Ms.Kalpana Unadkat, Director, none of the other Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution as set out in Item No.3 of this Notice.

The Board, therefore, recommends the ordinary resolution, as set out in Item No. 3 of this Notice, for appointment of Ms.Kalpana Unadkat, as an Independent Director of the Company, for approval of the Shareholders.

Item No.4

The shareholders of the Company, at the Annual General Meeting held on 28th July, 2021, approved, a limit for exercising the powers of borrowing, by the Board of Directors (the Board), for the business purpose of the Company, up to a sum not exceeding ₹13,000 Cr at any one time, in terms of Section 180 (1)(c) of the Companies Act, 2013 (the Act 2013), notwithstanding that the money to be borrowed together with the monies already borrowed by the Company may exceed the aggregate of its paid-up share capital and free reserves apart from temporary loans obtained from the Company's Bankers in the ordinary course of business.

Considering the increased volume of business of the Company, the Directors have considered that it is desirable to enhance the borrowing powers from ₹13,000 Cr to ₹18,100 Cr subject to the approval of the shareholders in the ensuing general meeting.

The Board of Directors, therefore, recommend the special resolution as set out in Item No.4 of the accompanying Notice for approval by the shareholders of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution as set out in Item No.4 of the Notice.

Accordingly, the Board recommends the special resolution for approval by the shareholders, as set out in Item No.4 of this Notice.

Item No.5

The shareholders of the Company, at the Annual General Meeting held on 28th July, 2021, approved the proposal authorising the Board to create mortgages and/or charges in such a manner, as the Board may think fit, to secure such borrowings in terms of Section 180(1)(a) of the Act 2013 as may be insisted upon by the lenders.

In order to facilitate securing the borrowing made by the Company, it would be necessary to create mortgagees and/or charge on the assets or whole or part of the undertaking of the Company. Section 180(1)(a) of the Companies Act, 2013 provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the General Meeting.

The Board of Directors of the Company at its Meeting held on 11th April, 2022, has already approved the above stated proposal and recommended the same as contained in Item No. 5 of the Notice, to the Members of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution as set out in Item No.5 of the Notice.

Accordingly, the Board recommends the special resolution for approval by the shareholders, as set out in Item No.5 of this Notice.

Item No.6 & 7

In terms of Regulation 17(1C) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, the Company is required to get approval of the members for the appointment of a person on the Board of Directors at the next general meeting or within three months from the date of appointment, whichever is earlier.

The Board of Directors of the Company at its meeting held on 4th May, 2022 appointed Mr.G Venkatraman (holding DIN 08098890) as an additional and Non-Independent Director of the Company.

In compliance with the above regulations, the Board seeks the approval of the members for his appointment as a Director of the Company, liable to retire by rotation.

In pursuance of Section 203(3) read with Section 196 of the Companies Act, 2013 (the Act), the Board of Directors also appointed him as Director & Chief Executive Officer in the rank of Whole-Time Director (WTD) of the Company from 4th May, 2022 as per his existing terms of remuneration in accordance with the provisions of Section 198 read with Schedule V to the Act and as recommended by the Nomination and Remuneration Committee. He is subject to annual increment as per the Company policy.

Necessary agreement was entered into between the Company and Mr.G Venkatraman in this regard. The tenure of his appointment will be from 4th May, 2022 to 2nd December, 2025, co-terminus with his existing terms of appointment as Chief Executive Officer of the Company.

Mr.G Venkatraman holds the position of Chief Executive Officer of the Company and he is designated as Key Managerial Personnel in terms of Section 203 of the Act on 12th June, 2014.

The Company has also received a Notice from a member of the Company under Section 160 of the Act, 2013, proposing the candidature of Mr.G Venkatraman for the office of Director of the Company.

Except Mr.G Venkatraman, Director & Chief Executive Officer, none of the other Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolutions set out in Item Nos.6 & 7 of this Notice.

Accordingly, the Board recommends the resolutions, as set out in Item Nos. 6 & 7 in the Notice to be approved by the shareholders, by way of an ordinary resolution.

The Company also did Cross Selling to its existing customers to the tune of ₹801 Cr as against ₹536 Cr during the previous year, registering a growth of 49%.

2. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The year was marked by the severe second wave of the pandemic, supply chain disruptions and the onset of a super cycle of commodity price increases. The last quarter also witnessed the outbreak of geopolitical unrest and strife, which though localised to some extent, affected the entire globe.

However, 2021-22 will be remembered for the unparalleled resilience of human spirit across the world, even more so in the Indian populace, the Indian economy, industry, and the Company. In response to the pandemic, 11.4 billion and 1.86 billion doses of vaccine were delivered globally and in India, respectively.

Robust Growth of Indian economy in Fiscal 2022 as Activities Return to pre-COVID Levels

The Indian economy bounced back after the COVID-induced shock in fiscal 2021. It withstood the second wave of the COVID pandemic that hit India in April-June 2021 and the third wave in January 2022 as vaccination levels increased and the people and the Government learned to adapt their responses through experiences gained during the first wave. Increased vaccination coverage, reduction in mortality rates and ease of restrictions gave a fillip to private consumption and supported recovery of aggregate demand. The recovery was also supported by increased spending by the Government, strong pick-up in export demand, and the RBI continuing to support the incipient recovery by maintaining a low interest rate regime. The Indian economy regained its tag of being one of the fastest growing economies in the world.

As per the second advance of the National Statistical Office, the economy was estimated to have grown by 8.9% during fiscal 2022. Real GDP growth returned to pre-pandemic levels, though capacity utilisation and consumer confidence are yet to reach pre-pandemic levels, signalling further growth potential.

Economic Growth to continue to remain Robust in Fiscal 2023

As we step into fiscal 2023, the Company remains sanguine about the prospects for its business. The RBI, in its April 2022 monetary policy announcement, has projected GDP growth for fiscal 2023 at 7.2%. Further, 19 of the 22 high frequency indicators including railway freight, e-way bill volumes and coal production have returned to pre-pandemic levels and point towards a strong continuing recovery in the broader economy. This gathering momentum is expected to drive the remaining 3 indicators (automotive sales, steel consumption and air passenger traffic) also to positive territory. Growth in fiscal 2023 is expected to be holistic, supported by following factors:

- Strong rural demand supported by favourable rabi output and increase in crop prices.
- A pick-up in urban consumption demand due to increasing vaccination coverage, ease of restrictions and an increase in contact-intensive services that bore the brunt of the pandemic.
- Improving consumer sentiment as also indicated by RBI's Consumer Confidence Survey (April 2022) and a return to pre-pandemic levels.
- Normal monsoon as per the initial forecast of the India Meteorological Department.
- Uptick in CapEx spends by the Central and State Governments as also private corporates.

The focus of the Union Budget for fiscal 2023 on increasing Capital Expenditure (CapEx) despite walking a fiscal tightrope is extremely heartening as it creates a platform for higher growth. The Government's thrust on CapEx coupled with initiatives such as the Production Linked Incentive (PLI) Scheme is expected to give a push for improvement in investment activity. The lift in the consumption cycle is tied to broad-based pick-up in economic activity, which the Indian Government is trying to engineer through focus on investments. This is expected to enhance the growth potential of the Indian economy and, it is hoped, will bring endurance to growth in the medium term. The International Monetary Fund (IMF) projects India to remain the fastest growing major economy in the world in calendar year 2022.

GDP Growth (constant prices) for major global economies (CY 2022)

Source: IMF, CRISIL Research

Longer term, the Indian economy is expected to increase by ~2.5x to \$6.5 Trillion by 2030 with a real GDP growth rate in the range of 6-6.5%. Per capita income and vehicle ownership is expected to double by 2030 led by formalisation, digitisation and urbanisation.

The two greatest risks for the economy at this stage stems from inflationary pressures and supply side concerns. The super cycle of commodity prices that began in fiscal 2022 was further fuelled due to the war between Russia and Ukraine. It led to a significant spike in oil and commodity prices, thereby further exerting significant upward pressure on inflation. Taking cognisance of the spike in prices, the Government pro-actively increased subsidy on fertilisers in-order to absorb shocks on farm input prices due to rise in commodity prices. Supply chain challenges and increasing logistics costs due to the war and COVID-19 induced lockdowns in China are key areas of concern and will need to be monitored carefully.

Rural India Remained Resilient in Fiscal 2022; Structural Foundation Becoming Stronger

Rural demand remained strong in fiscal 2022 due to continued resilience from the agricultural sector and allied activities and rise in farm-based employment. Agriculture sector was least affected by the second wave of the pandemic. As per the second advance estimates of GVA at basic prices by economic activities (at current prices) provided by the National Statistical Office (NSO), agriculture sector witnessed growth of 9.8% in fiscal 2022 as agricultural activities continued unhindered with support from normal monsoons, reduced spread of COVID-19 due to lower population density in the rural areas, increased financial support by Government through Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA) and PM-Kisan Scheme, and other Government policies that led to timely supply of seeds and fertilisers during disruptions caused by the pandemic.

The structural foundation of the rural economy has become stronger due to increased spends under MNREGA and irrigation programmes, Direct Benefit Transfer (DBT) to the bank accounts of the

targeted population, the PM-Kisan Scheme, PM Ujjwala Yojana for cooking gas, PM Awas Yojana for housing, and Ayushman Bharat Scheme for healthcare. To supplement this, there has been a continuous improvement in rural infrastructure such as electricity and roads. Due to the Government initiatives, higher incomes in the hands of the rural populace have resulted in enhancing their ability and willingness to spend on discretionary products and services.

The RBI has also increased its thrust on digital payments in the rural economy by undertaking a number of steps such as giving a fillip to offline digital payments, enabling digital payments through feature phones, setting up of Payment Infrastructure Development Fund (PIDF) to enhance setting up of supporting infrastructure, and enhancing the functionality of e-wallets to bring them almost on par with bank accounts.

These structural changes will create more growth opportunities for the Company as it strives to expand its presence deeper into the semi-urban and rural areas.

Rising Middle India Population to Propel Economic Growth

Proportion of Middle India (defined as households with annual income of between ₹0.2 to 1 million) has been on a rise over the last decade and is expected to grow further with continuous increase in the GDP and household incomes, improvement in the literacy levels, increasing access to information and awareness and increase in the availability of necessities.

As per CRISIL Research estimates, there were 41 million households in India in this category as of fiscal 2012, and by fiscal 2022, this number touched 103 million. By fiscal 2030, the number of Middle India households is projected to increase to 181 million households. This growth in the number of middle-income households is expected to lead to enhanced opportunities for the Company, given that the Company's products are closely linked to consumption demand.

A large number of the households, which have entered the Middle-Income bracket in the last few years, are likely to be from semi-urban and rural areas, which are the key focus areas for the Company. Other indicators such as bank deposits, proportion of sales of e-retailers coming from small cities and towns, smartphone ownership, internet users and the proportion of users accessing social media portend a similar trend.

NBFCs Showed Strong Recovery in Credit in Fiscal 2022

Over the past decade, NBFCs have witnessed exceptional credit growth. The NBFCs suffered a blow after the IL&FS default in September 2018, which heightened risk perceptions amongst lenders. The outbreak of COVID-19 pandemic intensified challenges further as several NBFCs slowed down the loan book growth. But in the second half of fiscal 2021, the Indian economy showed signs of improvement, the effect of which was seen in the credit growth.

In fiscal 2022, the second wave of the COVID-19 pandemic led to weak demand for credit in the first quarter of the year. However, the pace of credit recovered afterwards. At the end of fiscal 2022, NBFC's retail credit is estimated to have grown by ~8.5% on-year. The pace of growth is expected to strengthen further in fiscal 2023 with economic growth expected to remain strong.

More importantly, many NBFCs have taken advantage of the pandemic to rethink their business strategies and enhance their structural resilience to both capitalise on growth opportunities and control risks. Increasingly, the focus is on enhancing digitalisation across the value chain, leveraging Big Data and analytics in business applications, partnerships and alliances with FinTechs and aggregators, and upping the ante on collections. Certain NBFCs have also enhanced focus on co-lending partnerships with banks. The pandemic put NBFCs to the test, but the sector has emerged stronger as a result of decent balance sheet expansion, raising additional capital, enhanced focus on collections and expanding liquidity buffers.

Large NBFCs with Strong Parentage and Access to Funding are Likely to Outperform

Nevertheless, the challenges being faced by NBFCs over the last 3-4 years are expected to hasten the pace of consolidation. Large players with a better credit profile, strong parentage and access to funding are likely to outperform the industry and grow at a much higher pace. The industry will, however, continue to witness the emergence of newer equity-funded NBFCs catering to specific customer segments. The COVID-19 pandemic and consequent acceleration in both adoption of technology and change in consumer habits is also increasing availability of data for credit decision-

making and it also has made it possible to build an NBFC lending business without investing large sums in having a brick-and-mortar presence on the ground.

The Company, given its strong parentage and access to funding, views the changes in the NBFC business landscape, as an opportunity to cultivate a stronger presence in focus areas through strategic interventions and partnerships with other firms.

The Company has undertaken several initiatives related to expanding the business and customer acquisition channels, strengthening the underwriting process, sharpening the collections and increasing the focus on analytics, and augmenting the skills of the human resources, which would further enhance the long-term, growth, efficiency and resilience of the business over the next few years.

Company's Disbursements Grew at a Healthy Pace of 45% on-Year in Fiscal 2022

Despite operations being disrupted for part of the year due to the pandemic, the Company registered an extremely strong 45% growth in disbursements with disbursals of ₹12,533 Cr as against ₹8,627 Cr last fiscal year.

The Company scaled up its Consumer vertical, comprising of Consumer Durable Loans and Personal Loans significantly through tie-ups with more OEMs, penetrating deeper in existing geographies, and increase in cross-sell of Personal Loans to existing customers. In aggregate, the Consumer vertical registered disbursement growth of 78% on-year in fiscal 2022.

Disbursement for Retail vertical comprises of Two-wheeler Loans & Used Car Loans and Commercial vertical, which comprises of Tractor Loans, Used Commercial Vehicle Loans & Business Loans, witnessed a growth of 28% and 43% on-year respectively in fiscal 2022. In the Two-Wheeler Loan segment, the Company was able to increase disbursements despite lacklustre two-wheeler sales through increased focus on enhancing penetration within sub-dealers and multi-brand outlets. In the Used Car Loans space, the strong presence was further fortified in the south through proactive moves towards channel management. Within Tractor Loans, the presence was expanded to multiple brands and also enhanced focus on Used Tractor Loans, which drove growth. In the Used Commercial Vehicle Loan space, the focus on ecosystem financing stood in good stead. In the Business Loans segment, while expanding the presence in focus segments, the Company also initiated a pilot in lending to small retail stores.

Geographically also, the Company has expanded its presence to 26 states, which has resulted in the portfolio becoming quite well diversified. The Southern states of Tamil Nadu, Kerala, Karnataka, Andhra Pradesh and Telangana accounted for 38% of the Company's AUM as of March 2022. No single state accounted for more than 15% of the portfolio as of March 2022.

With the aim to maintain well diversified mix of retail, consumer, and commercial business, the company will be focussing on building a long-term profitable commercial vertical and cross-selling of products to the existing customers. The Company's target population will continue to be mid income self-employed from semi-urban and rural areas. The Company is also scaling up its digital initiatives across the value chain and leveraging its existing physical presence to reduce overall costs and improve profitability.

Focus on Collections, Technology and Distribution aided the Company

The Company's sharp focus on collections, increasing distribution reach and investing in appropriate technology tools stood in good stead in this fiscal.

There has been seen a significant uptick in collections across all the business verticals. The Company has categorised the borrowers into multiple risk brackets based on their origination characteristics and repayment patterns to focus on accounts that are likely to show higher propensity for delays. Further, requisite actions at relatively earlier stages were undertaken when an account is overdue so as to enhance collections and recovery. The Company tied-up with various UPI and payment wallets in order to increase digital collections. In few asset classes such as Consumer Durable Loans, Personal Loans, Used Car Loans, the share of digital collections has significantly improved.

On the distribution side, there has been a deeper penetration into the hinterland in focus geographies, and augmented focus on partnerships and tie-ups to enhance reach and business in a cost-effective manner.

Adoption of technology across business was the other major focus area which has helped the Company to perform better in this fiscal. On the business acquisition side, technology has helped the Company to focus on right set of customers at the right time. For example, in Two-Wheeler Loan, Company has implemented the AD-Diya App, which enables self on-boarding of customers by its associate dealer partners, which has helped to grow the network in lower penetrated areas. There was a significant surge in digital leads especially across Used Car Loans, Personal Loans and Consumer Durable Loans. The Company also leveraged technology to improve engagement and penetration with the channel partners and also customers. On the underwriting and collections side as well, machine learning, artificial intelligence and analytics are increasingly being leveraged across various products with the objective of enhancing customer lifetime value.

Over fiscal 2023 as well, these efforts are expected to continue, thereby leading to more positive business outcomes for the Company.

Recovery Management

The Company brought in innovative solutions through technology and analytics to improve the effectiveness and efficiency of the collections process.

Collections Strategies Based on Analytics

The Company has put in place analytics to ascertain which customers are likely to miss payments, send reminders to customers, and drive payments from those who missed payments. Analytics induced collections for delinquent accounts has helped control forward flow across various buckets. The Company also started AI-driven actions for reducing net credit losses. Segmentation of customers and collection agents, and optimisation of collections allocation based on such segments and local geographies is also being done in an effective manner. Data analytics is being used for allocation of collection cases to the field staff, resulting in cost optimisation and improved productivity.

Push for Digital Repayments

The Company tied up with some FinTech companies to push the growth of digital collections. The Company is continuously investing in encouraging customers to make cashless payments through payment gateways and is tying up with digital platforms for this purpose. This will continue to be a key focus area for the Company in coming fiscals.

Data & Analytics

The Company aimed at leveraging analytical tools effectively and increased its focus on data and analytics by introducing a number of initiatives in this area.

Credit Underwriting Based on Machine Learning

The Company expanded the use of Machine Learning (ML) based decisions across its products and functions. In fiscal 2022, the Company leveraged ML-based credit underwriting for both New Tractor and Used Tractor Loans along with Two-Wheeler and Consumer Durable Loans. These automated, algorithmic models have improved credit performance and efficiencies. The Company has effectively deployed ML-enabled cross-sell strategy, which helps in identifying the eligible customers for cross-sell and also suggests the right product to be pitched to these customers.

Fraud Detection and Prevention

The Company has also invested in mitigating fraud risk with the launch of alert mechanisms to combat potential fraud at a customer, dealer or employee level. The Company has also put a fraud detection algorithm for overall enterprise operation. Fraud identification techniques have also been implemented to reduce occurrence of fraudulent activities.

Employee and Sales Force Management

The Company leveraged ML engines to predict attrition, frame retention strategies and design experiments to determine appropriate interventions in case of field personnel incentives. Moreover, the Company undertook analytics-based sales and collections initiatives to bring in right sales executives and collections agents to improve efficiencies.

Information Technology

The Company continues to focus on and invest in data privacy and information security, given their critical importance in enhancing the trust of customers on the Company. The Company strengthened its security landscape by implementing prioritised cyber security projects focussing on access management, network security, data protection and secured development. The technology assessments are being conducted for external technology partners. The Company successfully performed business continuity and disaster recovery drills at a regular frequency. The Company has implemented web-based controls to secure business critical applications and started performing continuous brand monitoring to avoid brand infringement and reputational risks. The Company has put in place additional system controls to enable work from home environment. Applicable regulatory and compliance standards have been adhered.

The Company has put in place a strong framework for data governance and management. Data privacy is also accorded the highest level of importance.

Marketing and Branding Initiatives

The Company continues to strive to create best-in-class user experience for its customers and channel partners and build greater brand awareness and salience amongst the target audience. Towards this end, the focus has been to enhance customer experience, to increase digital penetration in business acquisition and run targeted campaigns to enhance the positioning of the brand. The Company also implemented innovative ambient branding across dealerships in order to increase brand visibility and saliency.

Increasing Digital Penetration in Business Acquisition

Improvement in leads generated through digital channels and digital marketing was one of the major focus areas of the Company during the fiscal. With continued focus and efforts, the Company has witnessed over three times growth in digital sourcing. The Company also tied up with various inventory and aggregator platforms for sourcing business.

Focus on Digitalisation for improving customer experience

Improving customer experience by adopting digital means was the other focus area for the Company during fiscal. On same lines, the Company has launched Smart IVR to assist customers for making payments without any manual interventions. The Company has also enhanced the purview of self-services and digitalisation to enable higher percentage of services availability.

New Products Offerings and Branding Initiatives

With a focus to increase brand awareness, the Company has taken numerous steps such as deployment of innovative collaterals across 2,700+ consumer durable dealerships, 3,900+ Two-wheeler dealerships and 200+ tractor dealerships in India, usage of vernacular collaterals, BTL activation for Retailer Loans across 13 cities etc. The Company has also launched an engagement initiative for Two-Wheeler Loans, Tractor Loans and Used Car Loans channel partners to improve their experience at each stage right from empanelment. In terms of newer products, the Company launched a go-to market communication plan for Implement Loans by creating awareness at 60+ implement dealerships in Andhra Pradesh and 200+ dealerships in Tamil Nadu, distribution of vernacular collaterals etc.

Annual Campus Engagement Programme

The Company regularly engages with college campuses in order to enhance the visibility of the brand amongst the employees of tomorrow and also encourage the talented youth to come up with breakthrough ideas to solve business challenges. E.P.I.C Season 3, the annual campus engagement programme, witnessed 34,000 student registrations from across 2,100+ top colleges.

Recognition

Over the last year, the Company has won several marketing awards including 7 awards under various categories at the 11th PRCI Excellence Awards and Summit and Dare2Compete Awards wherein the Company's Campus Challenge – E.P.I.C was listed amongst the Top 20 Prestigious B-School Competitions and Top 20 Prestigious E-School Competitions.

Human Resources

People remain the most valuable asset of the Company. The Company has developed a robust human resource management framework to maximise employee performance. The Company is professionally managed with the senior management team having a rich experience and a long tenure with the Company. The Company has created a succession roadmap to build a leadership pipeline and has also undertaken many initiatives to develop organisational leadership and culture. As on 31st March, 2022, the Company had 17,158 employees on its rolls.

During the year, the Human Resources team undertook several initiatives under three major pillars – Technology, Analytics, and People.

Technology-Based Initiatives

The Company uses contemporary technology and automation for recruitment process, training, and performance monitoring to improve productivity. The Company has a portal named Bandhan, a DIY web application for timely management of all the employee-related aspects. The Company also leveraged voice bots (My Buddy) in 6 different vernacular languages for resolving employee queries in local languages. The Company has launched a platform based on artificial intelligence, which has aided in hastening the recruitment process.

During these challenging times, the Company also started mandatory day offs, virtual fun sessions and psychological counselling programmes (YourDost) in order to support the employees and ensure their well-being. The Company has also introduced a change management process programme named "Last Mile Connectivity" with the objective that the final employee desired to be benefited from the required action understands the initiative and responds accordingly.

Analytics-Based Initiatives

The Company undertook several initiatives in order to improve and strengthen the internal process. With the help of complex data and analytics, initiatives for strategic allocation of critical accounts to field collection executives based on their performance on field were launched. The Company has successfully implemented attrition prediction model in order to retain critical talent in the organisation.

Initiatives for Rewarding and Upskilling the Employee

The Company has launched employee recognition and training programmes to develop a talented workforce to meet day-to-day business challenges. The Company has launched a Career Accelerator Programme (CAP) named Aspire in order to upskill the employee base. A programme named New to Analytics has been launched in order to guide those employees who do not have much exposure in analytics.

Awards and Recognition

The Company has seen several recognitions come its way in fiscal 2022. Some of the key awards include "India's Leading BFSI & FinTech Companies 2022" organised by Dun & Bradstreet, "L&D Strategy of the year award at HR L&D Excellence Summit" organised by Business World and CII - Kaizen Award for Process Improvement at 5th CII National Kaizen Circle Competition 2022.

The Board has established the following Committees viz., Audit Committee: Nomination and Remuneration Committee, Corporate Social Responsibility Committee (CSR), Asset Liability Management Committee (ALCO), Risk Management Committee, Information Technology (IT) Strategy Committee, Senior Management Committee, Credit Sanction Committee and Stakeholders Relationship Committee.

Details of Composition of Committees, roles and responsibilities and meetings and the members' attendance are explained in the Corporate Governance Report attached with this report as Annexure – V.

Nomination and Remuneration Policy

Directors:

NRC will recommend the remuneration for Executive and Non-Executive Directors. This will be then approved by the Board and Shareholders. The Non-Executive Independent Directors are appointed to the Board of the Company in terms of regulatory requirements.

The Board has approved the payment of remuneration by way of profit related commission to the Non-Executive Independent Directors, for the financial year 2021-22, based on the recommendation of the Nomination and Remuneration Committee. The approval of the Shareholders by way of a special resolution was obtained at the twelfth Annual General Meeting held on 27th July, 2020, in terms of Sections 197 and 198 and any other applicable provisions of the Act, 2013.

Commission:

The Company benefits from the expertise, advice and inputs provided by the Independent Directors. The Independent Directors devote their valuable time in deliberating on strategic and critical issues in the course of the Board / Committee meetings of the Company and give their valuable advice, suggestions and guidance to the management of the Company, from time to time and hence Independent Directors are being paid by way of commission.

As approved by the Shareholders at the Annual General Meeting of the Company held on 27th July, 2020, Non-Executive and Independent Directors are being paid commission, subject to a maximum, as determined by the Board, for each such Director from the financial year 2021-22. Non-Executive Directors (NEDs) devote considerable time in deliberating the operational and other issues of the Company and provide valuable advice in regard to the management of the Company from time to time, and the Company also derives substantial benefit through their expertise and advice.

Key Managerial Personnel:

The remuneration of employees largely consists of basic salary, perquisites, allowances and performance incentives. Perquisites and retirement benefits are paid according to the Company's policy, subject to prescribed statutory ceiling.

The components of the total remuneration vary for different grades and are governed by the industry pattern, qualification & experience / merits and performance of each employee. The Company while deciding the remuneration package takes into consideration current employment scenario and remuneration package of the industry.

Criteria for Board Membership

Directors:

The Company will generally consider (i) Their relevant experience in Leadership/ Strategy / Finance/ Governance / Legal and Regulatory or other disciplines related to Company's business, and (ii) Having the highest personal and professional ethics, integrity and values.

Independent Directors:

Independent Director is a Director who has no direct or indirect pecuniary relationship with the Company and or any of its officers. They should meet all criteria specified in Section 149(7) of the Act, 2013 and rules made thereunder.

Related Party Transactions:

All contracts / arrangements entered by the Company during the period ended 31st March, 2022 with related parties were in the ordinary course of business and at arm's-length price in terms of Section 188 of the Act, 2013 read with the Companies (Meetings of Board and its powers) Rules, 2014.

Pursuant to the provisions of Section 134(h) of the Act, 2013 read with rule 8(2) of the Companies (Accounts) Rules 2014, the particulars of contracts or arrangements entered into by the Company with Related Parties have been done at arm's-length and are in the ordinary course of business.

Hence, no particulars are being provided in Form AOC-2. Related Party disclosures, as per IND-AS have been provided in Notes to the financial statement.

Risk Management

The Company, being in the business of financing of two-wheelers, used cars, new tractors and used tractors, three-wheelers, consumer durables, used commercial vehicles and business loans has to manage various risks. These risks include credit risk, liquidity risk, interest rate risk and operational risk. In order to strengthen risk management, the Company has put in place Enterprise Risk Management Framework to promote a proactive approach in reporting, measuring, evaluating and resolving risk associated with the business.

Risk assessment reports are periodically placed before the Risk Management Committee and the Asset Liability Management Committee for reviewing and monitoring these risks at periodic intervals.

Liquidity risk and interest rate risk arising out of maturity mismatch of assets and liabilities are managed through regular monitoring of the maturity profiles. Operational risks arising from inadequate or failed internal processes, people and systems or from external events are adequately addressed by the internal control systems and are continuously reviewed and monitored. Standard Operating Procedures are well documented to ensure enhanced control over processes and regulatory compliance.

7. Internal Control Systems

The Company's comprehensive and effective internal control system ensures smooth business operations, meticulously recording all transaction details and ensuring regulatory compliance and protecting the Company's assets from loss or misuse.

The Board is accountable for evaluating and approving the effectiveness of the internal controls, including financial, operational and compliance controls.

The internal control system is subject to continuous improvement, with system effectiveness assessed regularly. The internal control system is supported by an internal audit process for reviewing the adequacy and efficacy of the internal controls including its system and processes and compliance with regulations and procedures. Information provided to management is reliable and timely. The Company ensures the reliability of financial reporting and compliance with laws and regulations.

The Company is strengthening the controls by leveraging technology and centralising processes, enhancing monitoring and maintaining effective tax and treasury strategies.

The Audit Committee continues to monitor the effectiveness of internal control over the use of new technologies that impact the financial controls and reporting enterprise risk.

8. Internal Audit

As part of the effort to evaluate the effectiveness of the internal control systems, the Company's internal audit function reviews all the control measures on a periodic basis and recommends improvements, wherever appropriate. The Audit Committee regularly reviews the audit findings as well as the adequacy and effectiveness of the internal control measures.

The Company's internal control system is commensurate with its size, nature and operations.

9. Corporate Social Responsibility Initiatives

CSR activities have already been textured into the Company's value system through Srinivasan Services Trust (SST), established in 1996 with the vision of building self-reliant rural community.

Over 26 years of service, SST has played a pivotal role in changing lives of people in rural India by creating self-reliant communities that are models of sustainable development.

The Committee formulated and recommended a CSR Policy in terms of Section 135 of the Act, 2013 along with a list of projects/programmes to be undertaken for CSR spending in accordance with the Companies (Corporate Social Responsibility Policy) Rules, 2014. The projects/programmes undertaken by SST and other eligible Trusts are falling within the CSR activities as specified under Schedule VII to the Act, 2013.

Based on the recommendation of the CSR Committee, the Board has approved the projects/ programmes carried out as CSR for an amount of Rs.3.50 Cr for undertaking similar programmes / projects constituting more than 2% of the average net profits of the Company, made during the three immediately preceding financial years, towards CSR spending for the financial year 2021-22 and the Company has met the CSR spending through the Srinivasan Services Trust registered with the Ministry of Corporate Affairs.

Presently, SST works with communities and governments to empower India's rural poor through awareness, skills and training programmes. SST also does this by helping them find solutions that are sustainable, in areas ranging from economic development, and infrastructure to healthcare and education. SST encourages them to alter their attitudes and take ownership of changes that bring about lasting development.

SST is working in thousands of villages spread across Tamil Nadu, Karnataka, Maharashtra, Himachal Pradesh, and Andhra Pradesh. SST has focussed on the areas of economic development, health care, education, environment, social, infrastructure and water conservation actively in many villages. So far in the last 26 years, across SST, more than 60,000 women have been organised into Self-Help Group (SHGs), 2,500 village government infrastructures have been repaired and renovated, more than 290 water bodies have been desilted, to name a few of the activities.

SST has won the 'Outstanding Social Innovation' award at the CK Prahalad Awards 2021 under 'Bottom of the Pyramid' category. The award is a testament to the efforts SST has put in the last 26 years working in 2,500 villages in and around Southern India bringing about holistic development.

All of the projects undertaken through SST, for its CSR obligations, are within the limit and do not require impact assessment.

As required under Section 135 of the Act, 2013 read with Rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, the annual Report on CSR, containing the particulars of the projects / programmes approved and recommended by the CSR Committee and approved by the Board for the financial year 2021-22 are given by way of Annexure III attached to this Report.

It may also be noted that the CSR Committee has approved the projects or programmes to be undertaken by the SST and other eligible Trusts for the year 2022-23, preferably in local areas including the manner of execution, modalities of utilisation of funds and implementation schedules and also monitoring and reporting mechanism for the projects or programmes, as required under the Companies Amendment Act, 2020.

10. Policy on Vigil Mechanism

The Board has adopted a Policy on Vigil Mechanism in accordance with the provisions of the Act, 2013 which provides a formal mechanism for all Directors, employees and other stakeholders of the Company, to report to the management their genuine concerns or grievances about unethical behavior, actual or suspected fraud and any violation of the Company's Code of Business Conduct or Ethics policy.

The policy also provides a direct access to the Chairperson of the Audit Committee to make protective disclosures to the management about grievances or violation of the Company's Code of Business Conduct and Ethics. The policy is disclosed on the Company's website in the following link - www.tvscredit.com.

11. Sexual Harassment Policy

The Company has in place a Sexual Harassment Policy in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) (POSH) Act, 2013. The Company has an Internal Complaints Committee as required under POSH. During the year, 4 complaints were received and all of them were disposed of.

12. Significant and Material Orders

There are no significant and material orders passed by the regulators or courts or tribunals, which would impact the going concern status of the Company and its future operations.

13. Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

The Company, being a Non-Banking Finance Company, does not have any manufacturing activity and hence the reporting on "Conservation of Energy and Technology Absorption" does not arise.

Foreign currency expenditure in FY22 is Rs.35.19 Cr (previous year Rs.22.87 Cr). The Company did not have any foreign exchange earnings.

14. Material Changes and Commitments

There have been no material changes and commitments affecting the financial position of the Company, which have occurred between the end of the financial year of the Company to which the financial statements relate and to the date of the report.

15. Employees' Remuneration

Details of Employees receiving the remuneration in excess of the limits prescribed under Section 197 of the Act, 2013 read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are annexed as a statement and given in Annexure-II. In terms of first proviso to Section 136(1) of the Act, 2013 the Annual Report, excluding the aforesaid annexure is being sent to the Shareholders of the Company. The annexure is available for inspection at the Registered Office of the Company as mentioned in the Notice of AGM and any Shareholder interested in obtaining a copy of the said annexure may write to the Chief Executive Officer at the Registered Office of the Company.

16. Details of Loans / Guarantees / Investments Made

Furnishing the details of investments under Section 186 of the Act, 2013 for the financial year 2021-22 does not arise, since the Company has not made any investment during the year under review.

In terms of Rule 11(2) of the Companies (Meetings of Board and its Powers) Rules, 2014, NBFC Companies are excluded from the applicability of Section 186 of the Act, 2013, where the loans, guarantees and securities are provided in the ordinary course of its business.

On loans granted to the employees, the Company has charged interest as per its remuneration policy, in compliance with Section 186 of the Act, 2013.

17. Reporting of Fraud

The Auditors of the Company have not reported any fraud as specified under Section 143(12) of the Act, 2013.

18. Maintenance of Cost Records

The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Act, 2013 for the business activities carried out by the Company.

19. Adherence to RBI norms and standards

The Company has fulfilled the prudential norms and standards as laid down by RBI pertaining to income recognition, provisioning of non-performing assets and capital adequacy. The capital adequacy ratio of the Company is 18.64%, which is well above the prescribed minimum of 15% by RBI.

As a prudent practice, the Company's current provisioning standards are more stringent than Reserve Bank of India (RBI) prudential norms. In line with its conservative approach, the Company continues to strengthen its provisioning norms beyond the RBI regulation by accelerating the provisioning to an early stage of delinquencies based on past experience and emerging trends. The Company has also complied with direction of RBI with regard to COVID-19 regulatory package in terms of granting moratorium to eligible customers, asset classification and provisioning requirements.

The Fair Practices Code and KYC norms framed by RBI seek to promote good and fair practices by setting minimum standards in dealing with customers, increase transparency so that customers have a better understanding of what they can reasonably expect of the services being offered, encourage market forces through competition to achieve higher operating standards, promote fair and cordial relationships between customers and the finance Company and foster confidence in the NBFC system.

The Company has put in place all the Committees prescribed by RBI and have formulated a comprehensive Corporate Governance Policy. The Company has instituted a mechanism to monitor and review adherence to the Fair Practices Code, KYC norms and relevant policies as approved by the Board of Directors.

20. Acknowledgement

The Directors gratefully acknowledge the continued support and co-operation received from the holding Company, namely TVS Motor Company Limited and other investors. The Directors thank the bankers, investing institutions, customers, dealers of TVS Motor Company Limited and Tractors and Farm Equipment Limited and all channel partners for their valuable support and assistance.

The Directors wish to place on record their appreciation of the very good work done by all the employees of the Company during the year under review.

India's farmers have shown that where there is a will, there will always be growth.

The agricultural sector has grown in leaps and bounds, starting with the Green Revolution of the 1960s. The efforts of our farmers to make India self-sufficient in food, have been a big inspiration for our own growth. Our Tractor Loans business grew by 20% in the past year, while we also expanded our Agri-Implement Loan offerings. In growing, we helped countless farmers enjoy the fruit of their efforts.

The youth of India, and their boundless ambition, energise us to aim higher.

India is a country of the young, with over 65% of the population under the age of 35. This abundance of young energy has fuelled the country's growth, and our own too. Our team of over 17,000 professionals is constantly learning and looking for new ways to serve young customers, by enabling them to own essential products like mobile phones, tablets and two-wheelers.

Annexure-V to Directors' Report to the Shareholders

As part of the TVS Group, the Company has a strong legacy of fair, transparent and ethical governance practices. The Company's philosophy on corporate governance is founded on the fundamental ideologies of the Group viz., Trust, Value, Exactness and Passion for Customers.

The Company believes in ensuring corporate fairness, transparency, professionalism, accountability and propriety in total functioning of the Company, which are pre-requisites for attaining sustainable growth in this competitive corporate world. Report on the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of **TVS Credit Services Limited** ("the Company"), which comprise the Balance Sheet as on 31st March, 2022, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("The Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules 2015 as amended ("IND-AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as on 31st March, 2022 and its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SA") specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The following are the Key Audit Matters.

Key Audit Matter	How our audit addressed the Key matter
<p>Impairment Loss Allowance</p> <p>Management's judgements in the calculation of impairment allowances have significant impact on the standalone financial statements. The estimates regarding impairment allowances are complex and require a significant degree of judgement, which increased with implementation of Expected Credit Loss ("ECL") approach as required by IND-AS 109 relating to "Financial Instruments."</p> <p>Management is required to determine the expected credit loss that may occur over either a 12-month period or the remaining life of an asset, depending on the categorisation of the individual asset.</p> <p>The key areas of judgement include:</p> <ol style="list-style-type: none"> 1. Categorisation of loans in Stage I, II and III based on identification of: <ol style="list-style-type: none"> (a) Exposures with significant increase in credit risk since their origination and (b) Individually impaired / default exposures 2. Techniques used to determine Loss Given Default ('LGD') and Probability of Default ('PD') to calculate an ECL based on experience. 	<ul style="list-style-type: none"> • We obtained an understanding of management's assessment of impairment of loans and advances including the IND-AS 109 implementation process, internal rating model, impairment allowance policy and ECL modelling methodology. • We assessed the design and implementation and tested the operating effectiveness of controls over the modelling process including governance over monitoring of the model and approval of key assumptions. • We also verified the key judgements and assumptions relating to the macro-economic scenarios including the impact of COVID-19 pandemic and the associated probability weights. • We also assessed the approach of the Company for categorisation the loans in various stages reflecting the inherent risk in the respective loans. • For a sample of financial assets, we tested the correctness of staging, reasonableness of PD, accuracy of LGD and ECL computation. • We have also verified the compliance of circulars issued by Reserve Bank of India from time to time during the year on this subject.

Key Audit Matter	How our audit addressed the Key matter
<p>3. The impact of different future macroeconomic conditions in the determination of ECL.</p> <p>These judgements required the models to be reassessed including the impact of COVID-19 pandemic to measure the ECL.</p> <p>Management has made several interpretations and assumptions when designing and implementing models that are compliant with the standard.</p> <p>The accuracy of data flows and the implementation of related controls is critical for the integrity of the estimated impairment provisions. Given the significance of judgements and the high complexity related particularly to the calculation of ECL we considered this area as a Key Audit Matter.</p>	<p>As a result of the above audit procedures no material differences were noted. We confirm the adequacy of disclosures made in the financial statements.</p>
<p>IT Systems and Controls</p> <p>The Company's key financial accounting and reporting processes are highly dependent on the automated controls in information systems.</p> <p>Any control lapses, validation failures, incorrect input data and wrong extraction of data may result in the financial accounting and reporting records being mis-stated.</p>	<p>We tested a sample of key controls operating over the information technology in relation to financial accounting and reporting systems, including system access and system change management, programme development and computer operations.</p> <p>We tested the design and operating effectiveness of key controls over user access management which includes granting access right, new user creation, removal of user rights and preventative controls designed to enforce segregation of duties.</p> <p>We have focussed on user access management, change management, segregation of duties, system reconciliation controls and system application controls over key financial accounting and reporting systems.</p> <p>Reliance was also placed on the System Audit report of the Company.</p> <p>Based on our review, no material weakness was found in the IT Systems and Controls.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our Auditor's Report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially mis-stated.

If, based on the work we have performed, we conclude that there is a material mis-statement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015. This responsibility also includes maintenance of adequate accounting

records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material mis-statement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material mis-statement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material mis-statement when it exists. Mis-statements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material mis-statement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material mis-statement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 (Act)

We have audited the internal financial controls over financial reporting of **TVS Credit Services Limited** ("the Company") as of 31st March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company.
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and may not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1 Significant Accounting Policies forming part of Financial Statements

COMPANY BACKGROUND

TVS Credit Services Limited ('the Company') (CIN U65920TN2008PLC069758) is a public limited company incorporated and domiciled in India. The registered office is located at "Chaitanya", No. 12 Khader Nawaz Khan Road, Nungambakkam, Chennai – 600 006, Tamil Nadu, India. The Company is a subsidiary of TVS Motor Company Limited.

The Company received Certificate of Registration (No. N-07-00783) dated 13th April, 2010 from Reserve Bank of India (RBI) and commenced Non-Banking Financial activity thereon. The Company is a Systemically Important Non-Deposit taking Non-Banking Finance Company, as defined under Section 45-IA of Reserve Bank of India (RBI) Act, 1934. The Company is engaged in providing Automobile Finance, Consumer Loans and Small Business Loans. The Company is categorised as "NBFC - Investment and Credit Company (NBFC-ICC)" vide RBI circular DNBR (PD) CC.No.097/03.10.001/2018-19 dated 22nd February, 2019.

SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation of accounts

The financial results of the Company have been prepared in accordance with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

The financial statements have been prepared in accordance with Division III of Schedule III of Companies Act, 2013 notified by MCA on 11th October, 2018. Further, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- i. Certain financial assets and liabilities (including derivative instruments) are measured at fair value as stated in notes;
- ii. Defined benefit plans – plan assets measured at fair value.

c. Use of estimates

The preparation of financial statements require the management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d. Significant Estimates and Judgements

The areas involving critical estimates are:

- i. Determining inputs into the ECL measurement model - (Refer Note 35)
- ii. Estimation of defined benefit obligation - (Refer Note 33)

The areas involving critical judgements are:

- i. Classification of financial assets: Assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI (Solely Payments of Principal and Interest) on the principal amount outstanding.
- ii. Derecognition of financial assets and securitisation.
- iii. Categorisation of loan portfolios.

e. Property, Plant and Equipment (PPE)

Items of property, plant & equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

f. Depreciation

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Part C of Schedule II of the Companies Act, 2013 except in the case of mobile phone, based on the technical evaluation wherein the useful life is considered as 2 years.

Depreciation on PPE individually costing ₹5,000/- or less is provided 100% in the year of acquisition.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

Depreciation on fixed assets added/disposed of during the year is calculated on pro-rata basis with reference to the date of addition/disposal.

g. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

h. Intangible Assets

Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life. Software is amortised over 3 years period or the licence period whichever is lower on Straight Line basis.

i. Financial assets and financial liabilities**1. Classification**

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

- i. Amortised cost,
- ii. Fair value through Other Comprehensive Income (FVOCI), and
- iii. Fair value through Profit or Loss (FVTPL)

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business Model Assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because it reflects the best way the business is managed, and information is provided to the management.

Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial Liabilities

The Company classifies its financial liabilities, other than fully hedged foreign currency loans, financial guarantees and loan commitments, as measured at amortised cost or fair value through profit or loss.

2. Measurement

At initial recognition, the Company measures a financial assets that are not at FVTPL at its fair value plus/ (minus), transaction costs / origination Income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

i. Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

ii. Fair Value through Other Comprehensive Income (FVOCI):

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Fair Value through Profit or Loss (FVTPL):

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

iv. Investment in Subsidiaries:

Investments in Subsidiary and Associate are measured at cost as per IND-AS 27 – Separate Financial Statements.

3. Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

A. Interest Income:

1. Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.

2. For credit-impaired financial assets, interest income is calculated by applying the effective interest rate to their amortised cost of credit impaired assets. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.
3. Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.

B. Dividend Income:

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

C. Fees and Commission Income:

1. Fees and commission income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed and there is no significant financing component of the consideration.
2. Income in the nature of bounce and related charges are recognised on realisation, due to uncertainty in collection.
3. The Company recognises revenue from contract with customers based on five-step model as set out in IND-AS 115, Revenue from Contracts with Customers to determine when to recognise revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customers. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

D. Other Income:

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

4. Impairment of financial assets

The Company recognises loss allowance for Expected Credit Loss "ECL" on the following financial instruments that are not measured at FVTPL:

- i. Loans and Other receivables
- ii. Trade receivables

i. Loans and Other receivables

Expected credit losses are measured through a loss allowance at an amount equal to:

1. The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
2. Full lifetime expected credit losses (expected credit losses that result from all possible default events over the expected life of the financial instrument).

Both Life Time ECLs (LTECL) and 12 months ECLs are calculated on collective basis.

The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL
Stage 1	Up to 30 Days past due	12-Month ECL
Stage 2	31-90 Days Past Due	Life-time ECL
Stage 3	More than 90 Days Past Due	Life-time ECL

Measurement of ECL

ECL is a probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- Financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.

ii. Trade Receivables

For trade receivables only, the Company applies the simplified approach which requires life-time ECL to be recognised from initial recognition of the receivables.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost as a deduction from the gross carrying amount of the assets.

Collateral repossessed:

The Company does the regular repossession of collateral provided against the loans in case of default in agreed payments. The Company generally sell the asset repossessed to recover the underlying loan and does not use for internal operation. As per the Company's accounting policy, collateral repossessed are not recorded on the balance sheet.

Write-off:

Loans are written off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level. Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

5. Derecognition of financial assets and financial liabilities

A financial asset is derecognised only when:

- The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.
- Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.
- Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.
- On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) The consideration received (including any new asset obtained less any new liability assumed) and (ii) Any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

6. Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates derivatives taken on External Commercial Borrowings (ECB) as Cashflow Hedges (hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 34. Movements in the hedging reserve in shareholders' equity are shown in Note 22.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the "other comprehensive income". The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

7. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

j. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. They are recognised initially at their fair value and subsequently measured at amortised cost.

k. Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, Cash and Cash equivalents includes cash on hand, deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and positive balance in bank cash credit. Bank cash credit with negative balances are shown within borrowings in the balance sheet.

l. Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted on substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

- i. Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- ii. Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

Our tailor-made Business Loans, which grew by an amazing rate of 85%, have helped our customers to mobilise working capital, fund their expansion and fulfil other business needs, thereby taking them closer to their goals.

The Information Technology boom made India the innovation nation. We proudly tread the same digital path.

For the past few decades, Indian IT companies and professionals have led the way, and now they lead the world. This has inspired our tech-oriented growth model, too. Using the latest technology, we've built stronger relationships with both partners and customers. Machine learning, artificial intelligence and analytics are all playing their part here, as well as in our other essential functions like underwriting and collections.

m. Employee Benefits

- (a) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- (b) The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

(c) Post-Employment Obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees, pension plan for its senior managers; and
- Defined contribution plans such as provident fund.

i. Pension and Gratuity Obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

ii. Provident fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

n. Functional Currency**a. Functional and presentation currencies:**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e., in Indian rupees (INR) and all values are rounded off to nearest lakh except where otherwise indicated.

b. Transactions and balances:

- Foreign currency transactions are translated into functional currency using exchange rates at the date of transaction.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

o. Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest rate method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

p. Borrowings cost

Borrowing costs are expensed in the period in which they are incurred.

q. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of the transactions of non-cash nature.

r. Earnings Per Share

The basic earnings per share is computed by dividing the net profit/loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

s. Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Lease

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under IND-AS 116. The Company as a lessee, assesses, whether the contract is, or contains a lease. A contract is, or contains a lease if the contract involves:

- a. The use of an identified asset,
- b. The right to obtain substantially all the economic benefits from use of the identified asset,
- c. The right to direct the use of the identified asset.

The Company at the inception of the lease contract recognises a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the incremental borrowing rate.

For short-term leases and low value assets (assets of less than ₹500,000 in value) the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date, the Group relied on its assessment made applying IND-AS 17.

Lease payments have been classified as Cash flow used in financing activities.

u. Segment reporting

There is no separate reportable segment as per IND-AS 108 on 'Operating Segments' in respect of the Company.

v. Provisions

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

w. Contingent liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) The amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

x. Equity

Equity shares are classified as equity. Distributions to holders of an equity instrument are recognised by the entity directly in equity. Transaction costs of an equity transaction shall be accounted for as a deduction from equity.

NOTE 33 Employee Benefit Obligations (Contd.)

(ii) The following payments are expected contributions to the defined benefit plan in future years:

Particulars	
Within the next 12 months (next annual reporting period)	8.42
Between 2 and 5 years	18.20
Beyond 5 years	4.64
Total	31.26

(iii) Risk exposure:

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yield.

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

(iv) Defined contribution plans:

The Company's contribution to defined contribution plan viz., provident fund, of ₹25.99 (31st March, 2021: ₹18.75) has been recognised in the Statement of Profit and Loss. There are numerous interpretative issues relating to the Supreme Court (SC) judgement dated 28th February, 2019 on components / allowances paid to employees that need to be taken into account while computing an employer's contribution to provident fund under the EPF Act. The Company is in the process of evaluating the method of computation of its PF contribution in relation to above judgement and would record any further effect in its financial statements, on receiving further clarification on the subject.

(i) Fair value hierarchy

IND-AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three-level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under IND-AS 113 are described below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly-traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii. Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- The Management assessed that Cash and Cash equivalents, bank balance other than Cash and Cash equivalents, receivable, other financial assets, payables and other financial liabilities approximates their carrying amount largely due to short-term maturities of these instruments. The fair value of the investments have been considered as the carrying value of these investments since these investments have been made in the subsidiaries of the Company.
- The majority of borrowings are floating rate borrowings, the carrying value is representative of the fair value.
- The fair values for advance to related parties and rent advance were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.
- The fair value of forward foreign exchange contracts and cross currency interest rate swaps (CCIRS) is determined using forward exchange rates at the balance sheet date.

NOTE 35 Financial Risk Management

The Company's financial assets include loan and advances, investments and cash and cash equivalents that derive directly from its operations. The Company's financial liabilities comprise mainly borrowings from banks, commercial papers and debentures.

The Company is exposed to various risks such as credit risk, liquidity risk, foreign currency risks and interest rate risks.

The Board of Directors have the overall responsibility for the establishment of governance and oversight in relation to the Company's Risk management framework. The Board of Directors have established Committees such as the Risk Management Committee and Asset Liability Committee for developing and monitoring the Company's risk management policies and treasury policies. The Committees report regularly to the Board of Directors on its activities.

The Company's Risk management policies are established to identify and analyse the various risks faced by the Company, to set appropriate risk benchmarks limits and controls and to monitor risks and adherence to limits from time to time. The Risk Management Committee oversees how management monitors compliance with the risk management policies and procedures and other governance framework and reviews the adequacy of the risk management framework in relation to the various risks faced by the Company from time to time.

(A) Credit Risk

Credit risk refers to the risk when a counter party will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of Expected Credit Loss (ECL).

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on number of days past due information. The amount represents the gross carrying value of assets as on each reporting date.

Particulars	31 st March, 2022	31 st March, 2021

[#] Includes restructured contracts under one-time resolution framework vide RBI circular dated 6th August, 2020 and RBI/2 021- 22/31/ DOR.STR.REC.11 /21.04.048/2021-22 dated 5th May, 2021 irrespective of days past due on the reporting date.

^{*} Includes restructured contracts under Prudential Framework for Resolution of Stressed Assets vide circular RBI/2018-19/203 DBR. No.BP.BC.45/21.04.048/2018-19 dated 7th June, 2019 irrespective of days past due on the reporting date.

Other financial assets

Credit risk with respect to other financial assets are extremely low except "Other Financial Assets - Non Related Parties". Based on the credit assessment, the historical trend of low default is expected to continue. No provision for ECL has been created for Other Financial Assets except full provision on "Other Financial Assets - Non Related Parties".

Credit Quality

The Company has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loan assets under ECL model, the loan assets have been segmented into three stages.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 35 Financial Risk Management (Contd.)

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The Company has made the following assumptions in the ECL Model:

- “Loss given default” (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The Company has applied the following estimation technique in its ECL model:

- “Probability of default” (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.
- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenure.
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals.

The Company considers a broad range of forward-looking information with reference to external forecasts of economic parameters such as GDP growth, government borrowing, private consumption expenditure, policy interest rates, etc., as considered relevant so as to determine the impact of macro-economic factors on the Company's ECL estimates. The internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market/external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort.

The Company uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the Company considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the Board-approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated 27th March, 2020 and 17th April, 2020 relating to ‘COVID-19 – Regulatory Package’, the Company has offered moratorium up to six months on the payment of instalments falling due between 1st March, 2020 and 31st August, 2020 to all eligible borrowers. The Company has extended One-Time Resolution framework as for COVID-19-related Stress to eligible customers as per applicable RBI guidelines and as per the policy of the Company. The Company has classified all restructured accounts done under Prudential Framework for Resolution of Stressed Assets vide circular RBI/2018-19/203 DBR.No.BP.BC.45/21.04.048/2018-19 dated 7th June, 2019 in Stage 3 and with regard to restructured contracts done under one-time resolution framework vide RBI circular dated 6th August, 2020 and RBI/2021- 22/31/DOR.STR.REC.11 / 21.04.048/2021-22 dated 5th May, 2021 in Stage 2 irrespective of days past due status on the reporting date.

COVID-19 has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company's assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. Since the Company's impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

NOTE 35 Financial Risk Management (Contd.)

Definition of default

The Company considers a financial instrument is in default when the borrower becomes 90 days past due on its contractual payments. The Company considers loans under default as 'credit impaired' and classified as Stage-3 except for restructured contracts as disclosed above.

NOTE 35 Financial Risk Management (Contd.)

(B) Liquidity Risk

Liquidity risk is a risk that an entity will encounter difficulty in meeting financial obligations.

As per Company's policy, management ensures availability of sufficient fund either through instalment receivables/ sourcing through debts at each point of time. The fund requirement ascertained at the beginning of the period by taking into consideration instalment receivable, likely disbursement, loan instalment payment & other operational expenses. The Company is continuously getting good support from Bankers & Financial Institutions at the time of need.

i. Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

	31 st March, 2022	31 st March, 2021
Floating rate		
Expiring within one year (bank cash credit and other facilities)	1,215	1,428
Expiring beyond one year (bank loans)	-	-
	1,215	1,428

The bank cash credit and other facilities may be drawn at any time and may be terminated by the bank without notice.

ii. Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- All non-derivative financial liabilities, and
- Net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The table below summarises the maturity profile of the Company's non derivative financial liabilities based on contractual undiscounted payments as at the balance sheet date. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

No goal is too far. India's space programme has taught us this 'universal' truth!

From the moon to Mars and beyond, India has reached ambitious milestones, making even the most developed nations sit up and take notice. On our part, we are going further to empower Indians - we've come geographically nearer via our 31,000+ distribution points across the country, and virtually closer with the power of our digital assets. To us, financial inclusion is every bit as important as business growth.

India's athletes leave no stone unturned to become champions. How can we do any less?

This has been a glorious year for Indian sportspersons. With their own hard work complemented by perfect mentoring, they showed us their best-ever performance at the Olympics and other major sporting events. Similarly, we worked to enhance our own team members' skills and make them champions. We launched a Career Accelerator Programme called Aspire, a New To Analytics programme, and many more initiatives.

NOTE 35 Financial Risk Management (Contd.)

(C) Foreign Currency Risk Exposure:

Foreign exchange risk arises on financial instruments being denominated in a currency that is not the functional currency of the entity. The Company is exposed to foreign exchange risk due to continuous fluctuation in the foreign currency(USD) of the loan originated. The Company has entered into cross currency swaps (CCS)/forward contracts/ interest rate swap to fully hedge all foreign currency exchange risk on the principal and interest amount payable on borrowings.

	31 st March, 2022	31 st March, 2021
Financial liabilities		
Variable Foreign Currency Borrowings (USD 287 million) (Previous Year USD 187 million)	2,108.05	1,356.55
Derivative liabilities		
Hedged through forward contracts and CCS	2,108.05	1,356.55
Net exposure to foreign currency risk (Liabilities)	-	-

Sensitivity analysis:

The Company has hedged all its foreign currency exposures by entering into CCS/Forwards contracts, it shall not be subject to any sensitivity on settlement due to foreign currency fluctuation due to the movements in foreign exchanges i.e. USD. Forward Contract & Cross Currency Swap are to buy USD for Hedging Foreign Currency Loan.

Impact on Profit After Tax		
USD sensitivity	31 st March, 2022	31 st March, 2021
INR/USD Increases by 5%	-	-
INR/USD Decreases by 5%	-	-

(D) Fair Value Interest Rate Risk:

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March, 2022 and 31st March, 2021, the Company's borrowings at variable rate were mainly denominated in ₹.

The Company's floating rate borrowings are carried at amortised cost. For NBFC business, loan is the major source for running the business. In India, loans are generally available at Floating Interest Rate. And there are no such option available to obtain swap option for Floating Interest Rate linked to respective bank MCLR with fixed interest. Hence except foreign currency loans, other loans are not hedged. The Company has increased the component of fixed rate borrowings compared to last year by 22%.

(a) Interest rate risk exposure

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

	31 st March, 2022	31 st March, 2021
Variable rate borrowings	6,232.48	7,126.66
Total borrowings	12,964.11	10,154.75

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

31 st March, 2022			
	Weighted average interest rate	Balance	% of total loans
Cash credits, bank loans etc.	6.53%	6,232.48	48.07%
31 st March, 2021			
	Weighted average interest rate	Balance	% of total loans
Cash credits, bank loans etc.	7.04%	7,126.66	70.18%

An analysis by maturities is provided in note 35 B (ii) above.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 35 Financial Risk Management (Contd.)

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Other components of equity change as a result of an increase/decrease in the fair value of the cash flow hedges related to borrowings.

Impact on Profit After Tax		
Particulars	31 st March, 2022	31 st March, 2021
Interest rates – increase by 50 basis points (50 bps) *	31.16	38.00
Interest rates – decrease by 50 basis points (50 bps) *	(31.16)	(38.00)

* Holding all other variables constant

NOTE 36 Capital Management

(a) Risk management

The Risk Management policy includes identification of element of risks, including those which in the opinion of Board may lead to Company not meeting its financial objectives. The risk management process has been established across the Company and design to identify, access and frame a response to threat that affect the achievement of its objectives. Further it is embedded across all the major functions and revolve around the goals and objectives of the Company.

Maintaining optimal capital to debt is one such measure to ensure healthy returns to the shareholders. Company envisages maintaining gearing ratio of maximum 7 times to the total equity, the Company monitors the ratio as below:

	31 st March, 2022	31 st March, 2021
Net debt (total borrowings, less cash and cash equivalents)	12,007.88	9,501.62
Total Equity (as shown in the balance sheet)	1,863.64	1,563.70
Net debt to equity ratio	6.44	6.08

(b) Externally imposed capital restrictions

1. As per RBI requirements Capital Adequacy Ratio should be minimum 15%, not meeting RBI requirements will lead cancellation of NBFC licences issued by RBI.
2. As per various lending arrangements, with banks, TOL (Total Outside Liability) to TNW (Total Net Worth) ratio should be less than 8%, not meeting the said requirements may lead to higher interest rates.

The Company has complied with these covenants throughout the reporting period.

(vi) Institutional set-up for Liquidity Risk Management

The Company constituted an Asset Liability Management Committee as guideline issued by RBI to NBFCs. ALCO consists of members having requisite skill-set and expertise of the business and sector of the Company. ALCO monitors asset-liability mismatches to ensure that there are no excessive imbalances on either side of the balance sheet and also reviews Asset Liability Management strategy. The borrowing strategy of the Company has always been in tandem with assets composition with appropriate consideration for mitigation of interest rate and liquidity risk. ALCO also reviews the liquidity risk of the Company at regular intervals. The Company is maintaining adequate liquidity to manage its commitments.

The Company has taken various initiatives to raise funds at the cost commensurate with its rating by way of diversified funding mix with borrowings from Public sector banks, Private sector banks, Foreign Banks, Financial Institutions, ECB and Capital Markets. The Company raised subordinated debt (Tier 2) to the extent of ₹449 crore with maiden investment by leading Mutual funds and External Commercial Borrowings (ECB) to the tune of ₹752 crore on fully hedged basis during the year ended 31st March, 2022. Besides, the Company focussed on increasing composition of fixed rate instruments with higher tenure in order to utilise benefit of the low interest environment.

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **TVS Credit Services Limited** ("the Parent" / "the Holding Company") and its three subsidiaries, (the Parent / Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as on 31st March, 2022 and the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year ended 31st March, 2022, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under Section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards"), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as on 31st March, 2022 and their consolidated profit, and their consolidated cash flows for the year ended 31st March, 2022.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under Section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in the sub-paragraphs (a) and (b) of the Other Matter section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our Audit Addressed the Key Matter
<p>Impairment Loss Allowance</p> <p>Management's judgements in the calculation of impairment allowances have significant impact on the financial statements. The estimates regarding impairment allowances are complex and require a significant degree of judgement, which increased with implementation of Expected Credit Loss ("ECL") approach as required by IND-AS 109 relating to "Financial instruments."</p> <p>Management is required to determine the expected credit loss that may occur over either a 12-month period or the remaining life of an asset, depending on the categorisation of the individual asset.</p> <p>The key areas of judgement include:</p> <ol style="list-style-type: none"> 1. Categorisation of loans in Stage I, II and III based on identification of: <ol style="list-style-type: none"> (a) Exposures with significant increase in credit risk since their origination and (b) Individually impaired/default exposures. 	<ul style="list-style-type: none"> • We obtained an understanding of management's assessment of impairment of loans and advances including the IND-AS 109 implementation process, internal rating model, impairment allowance policy and ECL modelling methodology. • We assessed the design and implementation and tested the operating effectiveness of controls over the modelling process including governance over monitoring of the model and approval of key assumptions. • We also verified the key judgements and assumptions relating to the macro-economic scenarios including the impact of COVID-19 pandemic and the associated probability weights. • We also assessed the approach of the Group for categorisation of the loans in various stages reflecting the inherent risk in the respective loans.

Key Audit Matter	How our Audit Addressed the Key Matter
<p>2. Techniques used to determine Loss Given Default ('LGD') and Probability of Default ('PD') to calculate an ECL based on experience.</p> <p>3. The impact of different future macroeconomic conditions in the determination of ECL.</p> <p>These judgements required the models to be reassessed including the impact of COVID-19 pandemic to measure the ECL.</p> <p>Management has made several interpretations and assumptions when designing and implementing models that are compliant with the standard.</p> <p>The accuracy of data flows and the implementation of related controls is critical for the integrity of the estimated impairment provisions. Given the significance of judgements and the high complexity related particularly to the calculation of ECL we considered this area as a Key Audit Matter.</p>	<ul style="list-style-type: none"> For a sample of financial assets, we tested the correctness of staging, reasonableness of PD, accuracy of LGD and ECL computation. We have also verified the compliance of circulars issued by Reserve Bank of India from time to time during the year on this subject. <p>As a result of the above audit procedures, no material differences were noted. We confirm the adequacy of disclosures made in the financial statements.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's/Holding Company's Board of Directors is responsible for the other information. The other information comprises the Board Report, but does not include the consolidated financial statements, standalone financial statements, and our auditor's report thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries are traced from their financial statements audited by the other auditor.
- If, based on the work we have performed, we conclude that there is a material mis-statement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's/ Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated

cash flows of the Group in accordance with the Accounting Standards and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material mis-statement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent/ Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material mis-statement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material mis-statement when it exists. Mis-statements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material mis-statement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material mis-statement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent/Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entity within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the entity included

in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of mis-statements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) To evaluate the effect of any identified mis-statements in the consolidated financial statements.

We communicate with those charged with governance of the Parent/Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

- a. We did not audit the financial statements/financial information of three subsidiaries, whose financial statements / financial information reflect total assets of ₹14.39 crore as on 31st March, 2022, total revenues of ₹0.67 crore and net cash outflows amounting to ₹0.06 crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, and our report in terms of Sub-Section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of the other auditor.
- b. Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of other auditor on the separate financial statements of the subsidiaries referred to in the Other Matter section above we report, to the extent applicable that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the accounting Standards specified under Section 133 of the Act.
- e. On the basis of the written representations received from the Directors of the Parent/ Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries, none of the Directors of the Group, is disqualified as on 31st March, 2022 from being appointed as a Director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the Auditors' Reports of the Parent/Holding company and subsidiaries. Our report expresses an

unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended,
 - a. The managerial remuneration has been paid and provided in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act read with Schedule V to the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its financial statements in Note No.38.
 - ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts. The derivative contracts being in the nature of the hedge contracts, the Group does not anticipate any material losses from the same.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries incorporated in India.
 - iv.
 - (a) The respective Managements of the Company and its Subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that and to their auditors, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that and their auditors, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. The Group has not declared or paid any dividend during the year.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of TVS Credit Services Limited as of and for the year ended 31st March, 2022, we have audited the internal financial controls over financial reporting of TVS Credit Services Limited (hereinafter referred to as "Parent") its three Subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent company and its Subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiaries, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depends on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiaries, which is incorporated in India, in terms of their report referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiaries, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and (3) Provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material mis-statements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent which is a Company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on 31st March, 2022 based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

The Internal Financial Control Over Financial Reporting for the Subsidiaries in the Group is not applicable since the Company's turnover as per last audited financial statements is less than ₹50 crore and its borrowings from banks and financial institutions at any time during the year is less than ₹25 crore, the Company is exempted from getting an audit opinion with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls vide notification dated 13th June, 2017.

With the world's largest vaccination programme, India has proved that **every target is achievable.**

Our country and its citizens mobilised admirably to face the pandemic, creating history with the largest-ever vaccination drive. We were inspired by this to push our limits and win accolades across our various functions. We were ranked among the Best BFSI Brands of 2022 by both Dun & Bradstreet and The Economic Times, while our marketing initiatives bagged 7 honours at the PRCI Excellence Awards. Our campus challenge, E.P.I.C, was listed among the Top 20 Prestigious B-School Competitions.

The growing reach of the internet, along with affordable smartphones, has put India on the fast track of economic growth.

With over 750 million users and counting, India has the world's second largest population of internet users. This revolution has touched young people across cities, towns and villages, and fuelled their aspirations. To cater to their needs, we made it much easier to acquire our loan products and services online, through self-service channels such as the TVS Credit Saathi App and our website. As a result, we witnessed a threefold growth in our digitally-sourced business.

COMPANY BACKGROUND

TVS Credit Services Limited ('the Company') (CIN U65920TN2008PLC069758) is a public limited company incorporated and domiciled in India. The registered office is located at "Chaitanya", No.12 Khader Nawaz Khan Road, Nungambakkam, Chennai – 600006, Tamil Nadu, India. The Company with its subsidiaries is collectively referred to as a Group.

The Company received Certificate of Registration (No. N-07-00783) dated 13th April, 2010 from Reserve Bank of India (RBI) and commenced Non-Banking Financial activity thereon. The Company is a Systemically Important Non-Deposit taking Non-Banking Finance Company, as defined under Section 45-IA of Reserve Bank of India (RBI) Act, 1934. The Company is engaged in providing Automobile Finance, Consumer Durable Loans and Small Business Loans. The Company is categorised as "NBFC - Investment and Credit Company (NBFC-ICC)" vide RBI circular DNBR (PD) CC.No.097/03.10.001/2018-19 dated 22nd February, 2019.

SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation of accounts

The financial results of the Company have been prepared in accordance with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

The financial statements has been prepared in accordance with Division III of Schedule III of Companies Act, 2013 notified by MCA on 11th October, 2018. Further, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.

Principles of Consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter-Company transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are consistent with the policies adopted by the Group.

Non-controlling interests (if any) in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet, respectively.

The subsidiary companies considered in consolidated financial statements are:

S.No.	Name of the Subsidiary	Proportion of Ownership (Interest/Voting Power -%)		Reporting Date
		2021-22	2020-21	
1	Harita ARC Services Private Limited	100%	100%	31 st March, 2022
2	Harita Collection Services Private Limited	0%	100%	31 st March, 2022
3	TVS Commodity Financial Solutions Private Limited	0%	100%	31 st March, 2022
4	TVS Housing Finance Private Limited	100%	100%	31 st March, 2022
5	TVS Micro Finance Private Limited	0%	100%	31 st March, 2022
6	TVS Two Wheeler Mall Private Limited	100%	100%	31 st March, 2022

All the subsidiaries are incorporated in India

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- (a) Certain financial assets and liabilities (including derivative instruments) are measured at fair value as stated in notes;
- (b) Defined benefit plans – plan assets measured at fair value.

c. Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d. Significant estimates and judgements

The areas involving critical estimates are:

- (a) Determining inputs into the ECL measurement model - (Refer Note 33)
- (b) Estimation of defined benefit obligation - (Refer Note 32)

The areas involving critical judgements are:

- (a) Classification of financial assets: Assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI (Solely Payments of Principal and Interest) on the principal amount outstanding.
- (b) Derecognition of financial assets and securitisation.
- (c) Categorisation of loan portfolios

e. Property, plant and equipment (PPE)

Items of property, plant & equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

f. Depreciation

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Part C of Schedule II of the Companies Act, 2013 except in the case of mobile phone, based on the technical evaluation wherein the useful life is considered as 2 years.

Depreciation on PPE individually costing ₹5,000/- or less is provided 100% in the year of acquisition.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

Depreciation on fixed assets added/disposed of during the year is calculated on pro-rata basis with reference to the date of addition/disposal.

g. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the

assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

h. Intangible assets

Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life. Software is amortised over 3 years period or the licence period whichever is lower on straight line basis.

i. Financial Assets and financial liabilities

1) Classification

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

- (a) Fair value through other comprehensive income (FVOCI),
- (b) Fair value through profit or loss (FVTPL), and
- (c) Amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business Model Assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because it reflects the best way the business is managed, and information is provided to the management.

Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial Liabilities

The Company classifies its financial liabilities, other than fully hedged foreign currency loans, financial guarantees and loan commitments, as measured at amortised cost or fair value through profit or loss.

2) Measurement

At initial recognition, the Company measures a financial assets that are not at FVTPL at its fair value plus/ (minus), transaction costs/origination income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments.

i. Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

ii. Fair Value through Other Comprehensive Income (FVOCI):

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Fair Value through Profit or Loss (FVTPL):

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

iv. Investment in Subsidiaries:

Investments in Subsidiary and Associate are measured at cost as per Ind AS 27 – Separate Financial Statements.

3) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

A) Interest Income:

- (1) Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.
- (2) For credit-impaired financial assets, interest income is calculated by applying the effective interest rate to their amortised cost of credit impaired assets. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.
- (3) Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.

B) Dividend Income:

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

C) Fees and Commission Income:

- (1) Fees and commission income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed and there is no significant financing component of the consideration.
- (2) Incomes in the nature of bounce and related charges are recognised on realisation, due to uncertainty in collection.

- (3) The Company recognises revenue from contract with customers based on five-step model as set out in IND-AS 115, Revenue from Contracts with Customers to determine when to recognise revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customers. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

D) Other Income:

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

4) Impairment of financial assets

The Company recognises loss allowance for Expected Credit Loss "ECL" on the following financials instruments that are not measured at FVTPL:

- i. Loans and Other Receivables
- ii. Trade Receivables

i. Loans and Other receivables

Expected credit losses are measured through a loss allowance at an amount equal to:

- 1) The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- 2) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the expected life of the financial instrument).

Both Life Time ECLs (LTECL) and 12 months ECLs are calculated on collective basis.

The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL
Stage 1	30 Days past due	12-Month ECL
Stage 2	31-90 Days Past Due	Life-time ECL
Stage 3	More than 90 Days Past Due	Life-time ECL

Measurement of ECL

ECL is a probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- Financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.

ii. Trade Receivables

For trade receivables only, the Company applies the simplified approach which requires life-time ECL to be recognised from initial recognition of the receivables.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost as a deduction from the gross carrying amount of the assets.

Collateral repossessed:

The Company does the regular repossession of collateral provided against the loans in case of default in agreed payments. The Company generally sell the asset repossessed to recover the underlying loan and does not use for internal operation. As per the Company's accounting policy, collateral repossessed are not recorded on the balance sheet.

Write-off:

Loans are written-off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level. Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

5) Derecognition of financial assets and financial liabilities

A financial asset is derecognised only when:

- The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.
- Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.
- Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.
- On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) The consideration received (including any new asset obtained less any new liability assumed) and (ii) Any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

6) Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates derivatives taken on External Commercial Borrowings (ECB) as Cashflow Hedges (hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 33. Movements in the hedging reserve in shareholder's equity are shown in Note 21.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the "other comprehensive income". The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

7) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

j. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. They are recognised initially at their fair value and subsequently measured at amortised cost.

k. Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, Cash and Cash equivalents includes cash on hand, deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and positive balance in bank cash credit. Bank cash credit with negative balances are shown within borrowings in the balance sheet.

l. Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted on substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

- (i) Deferred income tax provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- (ii) Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

m. Employee Benefits

- (a) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- (b) The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

(c) Post-employment Obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees, pension plan for its senior managers; and
- Defined contribution plans such as provident fund.

(i) Pension and gratuity obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in ₹ is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(ii) Provident fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

n. Functional Currency

(a) Functional and presentation currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e., in Indian rupees (₹) and all values are rounded off to nearest Lakhs except where otherwise indicated.

(b) Transactions and balances:

- Foreign currency transactions are translated into functional currency using exchange rates at the date of transaction.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

o. Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest rate method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

p. Borrowings cost

Borrowing costs are expensed in the period in which they are incurred.

q. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions of non-cash nature.

r. Earnings Per Share

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

s. Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Lease

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under IND-AS 116. The Company as a lessee, assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

- (a) The use of an identified asset,
- (b) The right to obtain substantially all the economic benefits from use of the identified asset,
- (c) The right to direct the use of the identified asset.

The Company at the inception of the lease contract recognises a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the incremental borrowing rate.

For short-term leases and low value assets (assets of less than ₹5,00,000 in value), the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the group relied on its assessment made applying IND-AS 17.

Lease payments have been classified as Cash flow used in financing activities.

u. Segment reporting

There is no separate reportable segment as per IND-AS 108 on 'Operating Segments' in respect of the Company.

v. Provisions

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

w. Contingent liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) The amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

x. Equity

Equity shares are classified as equity. Distributions to holders of an equity instrument are recognised by the entity directly in equity. Transaction costs of an equity transaction shall be accounted for as a deduction from equity.

(All amounts in ₹ Crore unless otherwise stated)

Between 2 and 5 years	18.20
Beyond 5 years	4.64
Total	31.26

(iii) Risk exposure:

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yield.

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

(iv) Defined contribution plans:

The Company's contribution to defined contribution plan viz., provident fund, of ₹25.99 (31st March, 2021: ₹18.75) has been recognised in the Statement of Profit and Loss. There are numerous interpretative issues relating to the Supreme Court (SC) judgement dated 28th February, 2019 on components / allowances paid to employees that need to be taken into account while computing an employer's contribution to provident fund under the EPF Act. The Company is in the process of evaluating the method of computation of its PF contribution in relation to above judgement and would record any further effect in its financial statements, on receiving further clarification on the subject.

(i) Fair value hierarchy

IND-AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under IND-AS 113 are described below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii. Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- The Management assessed that Cash and Cash equivalents, bank balance other than Cash and Cash equivalents, receivable, other financial assets, payables and other financial liabilities approximates their carrying amount largely due to short-term maturities of these instruments. The fair value of the investments have been considered as the carrying value of these investments since these investments have been made in the subsidiaries of the Company.
- The majority of borrowings are floating rate borrowings, the carrying value is representative of the fair value.
- The fair values for advance to related parties and rent advance were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.
- The fair value of forward foreign exchange contracts and cross currency interest rate swaps (CCIRS) is determined using forward exchange rates at the balance sheet date.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 34 Financial Risk Management

The Company's financial assets include loan and advances, investments and cash and cash equivalents that derive directly from its operations. The Company's financial liabilities comprise mainly borrowings from banks, commercial papers and debentures.

The Company is exposed to various risks such as Credit risk, Liquidity risk, Foreign currency risks and Interest rate risks.

The Board of Directors have the overall responsibility for the establishment of governance and oversight in relation to the Company's Risk Management Framework. The Board of Directors have established Committees such as the Risk Management Committee and Asset Liability Committee for developing and monitoring the Company's risk management policies and treasury policies. The Committees reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the various risks faced by the Company, to set appropriate risk benchmarks limits and controls and to monitor risks and adherence to limits from time to time. The Risk Management Committee oversees how management monitors compliance with the risk management policies and procedures and other governance framework and reviews the adequacy of the Risk management framework in relation to the various risks faced by the Company from time to time.

(A) Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of Expected Credit Loss (ECL).

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on Number of Days past due information. The amount represents the gross carrying value of assets as on each reporting date.

Particulars	31 st March, 2022	31 st March, 2021

^{*} Includes restructured contracts under Prudential Framework for Resolution of Stressed Assets vide circular RBI/2018-19/203 DBR. No.BP.BC.45/21.04.048/2018-19 dated 7th June, 2019 irrespective of days past due on the reporting date.

Other financial assets

Credit risk with respect to other financial assets are extremely low except "Other Financial Assets - Non Related Parties". Based on the credit assessment, the historical trend of low default is expected to continue. No provision for ECL has been created for Other Financial Assets except full provision on "Other Financial Assets - Non Related Parties".

Credit quality

The Company has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loan assets under ECL model, the loan assets have been segmented into three stages.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 34 Financial Risk Management (Contd.)

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- “Loss given default” (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model:

- “Probability of Default” (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.
- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenure.
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals.

There is no change in estimation techniques or significant assumptions during the reporting period.

The Company considers a broad range of forward-looking information with reference to external forecasts of economic parameters such as GDP growth, government borrowing, private consumption expenditure, policy interest rates, etc., as considered relevant so as to determine the impact of macro-economic factors on the Company's ECL estimates. The internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market/external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

Assessment of Significant Increase in Credit Risk

When determining whether the risk of default has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the Board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated 27th March, 2020 and 17th April, 2020 relating to ‘COVID-19 – Regulatory Package’, the Company has offered moratorium up to six months on the payment of instalments falling due between 1st March, 2020 and 31st August, 2020 to all eligible borrowers. The Company has extended One-Time Resolution framework as for COVID-19-related stress to eligible customers as per applicable RBI guidelines and as per the policy of the Company. The Company has classified all restructured accounts done under Prudential Framework for Resolution of Stressed Assets vide circular RBI/2018-19/203 DBR.No.BP.BC.45/21.04.048/2018-19 dated 7th June, 2019 in Stage 3 and with regard to restructured contracts done under one-time resolution framework vide RBI circular dated 6th August, 2020 and RBI/2021- 22/31/ DOR.STR.REC.11 /21.04.048/2021-22 dated 5th May, 2021 in Stage 2 irrespective of days past due status on the reporting date.

COVID-19 has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company's assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. Since the Company's impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 34 Financial Risk Management (Contd.)

Definition of default

The Company considers a financial instrument is in default when the borrower becomes 90 days past due on its contractual payments. The financial services business considers Loans under default as 'credit impaired' and classified as Stage-3.

NOTE 34 Financial Risk Management (Contd.)

(B) Liquidity Risk

Liquidity risk is a risk that an entity will encounter difficulty in meeting financial obligations.

As per companies policy, management ensures availability of sufficient fund either through Instalment receivables/ sourcing through debts at each point of time. The Fund requirement ascertain at the beginning of the period by taking into consideration Instalment receivable, likely disbursement, Loan instalment payment & other operational expenses. The Company is continuously getting good supports from Bankers & Financial Institutions at the time of need.

NOTE 34 Financial Risk Management (Contd.)

(C) Foreign Currency Risk Exposure:

Foreign exchange risk arises on financial instruments being denominated in a currency that is not the functional currency of the entity. The Company is exposed to foreign exchange risk due to continuous fluctuation in the foreign currency(USD) of the loan originated. The Company has entered into cross currency swaps (CCS) /forward contracts/ Interest rate swap to fully hedge all foreign currency exchange risk on the principal and interest amount payable on borrowings

	31 st March, 2022	31 st March, 2021
Financial liabilities		
Variable Foreign Currency Borrowings (USD 287 million) (Previous Year USD 187 million)	2,108.05	1,356.55
Derivative liabilities		
Hedged through forward contracts and CCS	2,108.05	1,356.55
Net exposure to foreign currency risk (Liabilities)	-	-

Sensitivity analysis:

The Company has hedged all its foreign currency exposures by entering into CCS/Forwards contracts, it shall not be subject to any sensitivity on settlement due to foreign currency fluctuation due to the movements in foreign exchanges i.e. USD. Forward Contract & Cross Currency Swap are to buy USD for Hedging Foreign Currency Loan. The Company shall not maintained as per IND-AS 109 to be considered as Foreign Currency Loan.

Impact on Profit After Tax		
USD Sensitivity	31 st March, 2022	31 st March, 2021
INR/USD Increases by 5%	-	-
INR/USD Decreases by 5%	-	-

(D) Fair Value Interest Rate Risk:

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March, 2022 and 31st March, 2021, the Company's borrowings at variable rate were mainly denominated in INR.

The Company's floating rate borrowings are carried at amortised cost. For NBFC business, loan is the major source for running the business. In India, loans are generally available at Floating Interest Rate. And there are no such option available to obtain swap option for Floating Interest Rate linked to respective bank MCLR with Fixed Interest. Hence except foreign currency loans, other loans are not hedged. The Company has increased the component of fixed rate borrowings compared to last year by 22%.

(a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31 st March, 2022	31 st March, 2021
Variable rate borrowings	6,232.48	7,126.66
Total borrowings	12,964.11	10,154.75

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

Particulars		31 st March, 2022	
	Weighted average interest rate	Balance	% of total loans
Cash credits, bank loans etc.	6.53%	6,232.48	48.07%

Particulars		31 st March, 2021	
	Weighted average interest rate	Balance	% of total loans
Cash credits, bank loans etc.	7.04%	7,126.66	70.18%

An analysis by maturities is provided in note 34 B (ii) above.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 34 Financial Risk Management (Contd.)

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Other components of equity change as a result of an increase/decrease in the fair value of the cash flow hedges related to borrowings.

Impact on Profit After Tax		
Particulars	31 st March, 2022	31 st March, 2021
Interest rates – increase by 50 basis points (50 bps) *	31.16	38.00
Interest rates – decrease by 50 basis points (50 bps) *	(31.16)	(38.00)

* Holding all other variables constant

NOTE 35 Capital Management

(a) Risk management

The risk management policy includes identification of element of risks, including those which in the opinion of Board may lead to Company not meeting its financial objectives. The risk management process has been established across the Company and design to identify, access & frame a response to threat that affect the achievement of its objectives. Further it is embedded across all the major functions and revolve around the goals and objectives of the Company.

Maintaining optimal capital to debt is one such measure to ensure healthy returns to the shareholders. Company envisages maintaining gearing ratio of maximum 7 times to the total equity, the Company monitors the ratio as below:

further, and getting our customers
closer to their aspirations.**

TVS ***CREDIT***

Changing lives, the digital way.

Digital shapes almost every aspect of our lives today. For us at TVS Credit, digitalisation is a very effective means to an end: empowering people.

We use innovation to put our customers in touch with the products they need, and to deliver the superior service they want. In doing so, we bring countless people into the mainstream of financial inclusion.

In 2020-21 too, we employed technology to help our fellow Indians live a better life. Some discovered greater mobility through the vehicles we financed, others set up and grew their businesses, many more acquired the latest appliances.

We served our customers to the best of our ability across the length and breadth of the country, constantly guided by our values and equipped with our digital advantage.

Not only did we use digitalisation to serve our customers better, but we also empowered our employees with tools that made them happier, more productive professionals. In the following pages, you'll read about our performance in the past year, as we used technology to push the limits and bring joy to every life we touched.

**Empowering India.
One Indian at a time.**

EXPLANATORY STATEMENT IN TERMS OF SECTION 102 OF THE COMPANIES ACT, 2013

The following explanatory statement sets out all the material facts relating to the 'special businesses' mentioned in the accompanying Notice dated 26th April, 2021 and shall be taken as forming part of the Notice.

Item No. 4

The shareholders of the Company, at the Annual General Meeting held on 27th June, 2019, approved, a limit for exercising the powers of borrowing, by the Board of Directors (the Board), for the business purposes of the Company, up to a sum not exceeding ₹10,000 Cr at any one time, in terms of Section 180 (1)(c) of the Companies Act, 2013 (the Act 2013), notwithstanding that the money to be borrowed together with the monies already borrowed by the Company may exceed the aggregate of its paid-up share capital and free reserves apart from temporary loans obtained from the Company's Bankers in the ordinary course of business.

Considering the increased volume of business of the Company, the Directors have considered that it is desirable to enhance the borrowing powers from ₹10,000 Cr to ₹13,000 Cr, subject to the approval of the shareholders in the ensuing general meeting.

Similarly, the Board was also authorised to create mortgages and / or charges in such a manner, as the Board may think fit, to secure such borrowings in terms of Section 180(1) (a) of the Act 2013 as may be insisted upon by the lenders.

The Board of Directors therefore recommend the special resolution as set out in Item No. 4 of the accompanying Notice for approval by the shareholders of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution as set out at Item No. 4 of the Notice.

Accordingly, the Board recommends the Special Resolution for approval by the shareholders, as set out in Item No. 4 of this notice.

Item No. 5

The Members may note that for diversification of Company's business and for providing a range of financial products and services to its customers and venturing into used commercial vehicles, consumer durables and personal loan requires additional funds to satisfy the Capital Adequacy Ratio (CAR) norms fixed by the RBI and therefore it is proposed to approach the Holding Company for funding.

The Company proposes to issue shares on a preferential basis to TVS Motor Company Limited.

In terms of the provisions of Section 62 of the Act 2013 read with The Companies (Share Capital & Debentures) Rules, 2014, it provides, *inter alia*, that whenever it is proposed to increase the subscribed capital of a Company by issue of further shares, such shares may be offered to any persons, whether or not those persons, are holders of the equity shares of the Company, if authorised by way of a special resolution.

Similarly, in terms of Section 42 of the Act 2013 read with the Companies (Prospectus and Allotment of Securities) Rules, 2014, framed thereunder, any Company offering or making an invitation to subscribe to shares on a private placement basis, is required to obtain the prior approval of shareholders, by way of a special resolution, for each of the offers and invitations.

Therefore, the Board of Directors (the Board) decided to seek the consent of the shareholders accordingly by way of a special resolution, in terms of Sections 42 and 62 of the Act 2013 read with the Rules made thereunder, for the proposed issue, of 1,54,32,000 equity shares of ₹10/- each with a premium of ₹152 per share to TVS Motor Company Limited, subject to such terms and conditions as set out hereunder.

Given below is a statement of disclosures, as required under Rule 13(2)(d) of The Companies (Share Capital and Debenture) Rules 2014 read with Section 62(1)(c) of the Act 2013:

Objects of the Issue

The Company is in the process of diversifying its business and for providing a range of financial products and services to its customers and venturing into Used Tractor financing and Used Car financing requires additional funds to satisfy the capital adequacy ratio (CAR) norms fixed by the RBI.

The funding programme of the Company would have to be structured in such a way that the borrowing tenure matches with the lending tenure and that there would be no gap, as per the Reserve Bank of India (RBI) guidelines, which mandates for a minimum CAR of 15% out of which Tier I CAR should be 10%.

Accordingly, it has now been proposed to issue and allot 1,54,32,000 (One Crore Fifty Four Lakhs Thirty Two Thousand) equity shares in one or more tranches to TVS Motor Company Limited, subject to such terms and conditions as may be decided by the Board.

Pricing

The Company has obtained a valuation report from Mr Ganesh Natarajan, a registered valuer for determining the premium of shares at ₹152 per share as required under Section 62 read with Section 42 of the Act, 2013 and Rule 13 of the Companies (Share Capital and Debentures) Rules 2014. A copy of the report will be available for inspection by the members, free of cost, at the Registered Office of the Company, during normal business hours on any working day.

The price has been arrived at as on the date of the latest audited annual accounts for the year ended 31st March, 2021, approved by the Board at its meeting held on 26th April, 2021.

Class of persons to whom the allotment is proposed to be made

The Company proposes to issue further equity shares to TVS Motor Company Limited.

Intention of the Promoters / Directors / Key Management Personnel to subscribe to the Offer

The preferential issue is being made to the holding Company viz. TVS Motor Company Limited. The allottees are interested in the proposal to the extent of the equity shares to be allotted to them.

None of the other Directors / Key Managerial Personnel of the Company would be subscribing to this preferential issue of equity shares proposed to be issued by the Company.

Shareholding Pattern of the Company before and after the proposed issue of equity shares:

Proposed Time within which Allotment will be completed

The Company will complete the issue and allotment of shares, within a period of 12 months, from the date of passing of the special resolution, by the shareholders of the Company.

Subject to the above period, the allotment of shares will be completed within a period of sixty days from the date of receipt of application money.

Change in Control

There will be corresponding changes in the shareholding held by the holding Company consequent to preferential allotment.

Details of Preferential Allotment made during the year 2020-21

During the year 2020-21, the Company has offered, issued and allotted securities on a preferential basis. Following are the details:

Name of the Allottee	Date of Allotment	Kind of Shares Issued	No. of Shares Allotted	Face Value of the Shares Allotted	Premium Amount (If any)	Amount Received (in ₹)
TVS Motor Company Limited	21/09/2020	Equity Shares	33,77,700	₹10/-	₹138/-	49,98,99,600/-
	29/03/2021		33,77,700		₹138/-	49,98,99,600/-

Explanation

In terms of Section 62 of the Act, 2013, issue of equity shares on a preferential basis would require the approval of the shareholders in a general meeting by way of a special resolution.

The equity shares proposed to be issued shall rank pari passu with the existing equity shares of the Company and shall rank at par for the dividends that may be declared, if any, after allotment. The Equity Shares shall be subject to the memorandum and articles of association of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of this Notice.

Item No. 6

The Board at its meeting held on 26th April, 2021 had approved the issue of equity shares of ₹10/- each to TVS Motor Company Limited, the holding Company.

It will be necessary to increase the authorised share capital of the Company, with the approval of the shareholders, for issuing further shares by the Company. It is suggested that the Company may increase its authorised capital to ₹ 250 Cr, for accommodating the proposed investment.

It is therefore necessary to amend the capital clause of the Memorandum and Articles of Association of the Company (MoA), for increasing the authorised share capital of the Company.

None of the Executive Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of this Notice.

Inspection of Documents

Copy of the documents referred to in this explanatory statement will be available for inspection by the members, free of cost, at the Registered Office of the Company, during normal business hours on any working day.

Company's Performance

AUM crossed the ₹10,000 Cr milestone; Disbursements increased by 13% in Fiscal 2021

The Company crossed the milestone of having Assets Under Management (AUM) in excess of ₹10,000 Cr during fiscal 2021. The Company ended the year with AUM of around ₹11,200 Cr spread across Two-Wheeler Loans, Tractor Loans, Consumer Durable Loans, Used Commercial Vehicle Loans, Used Car Loans, Three-Wheeler Loans, Business Loans and Personal Loans. It is indeed a proud moment for us and we solicit your continued support to take the Company to even greater heights.

Pro-active steps taken by the Company in the previous years to diversify its asset base across a slew of retail-focussed products and expand its geographical presence aided the Company to mitigate the impact of the slowdown in the economy. Two-Wheeler Loans, which used to account for close to 50% of the AUM five years ago, accounted for ~37% of the AUM at the end of fiscal 2021. In a year when there was a significant contraction in growth across sectors, the Company witnessed a moderate 13% growth in disbursements to ₹8,627 Cr, backed by strong growth in Tractor Loans, Consumer Durable Loans and Business Loans.

Even while disbursements increased, the Company was cautious in extending loans, given the heightened uncertainty. Towards this end, the Company has enhanced its focus on analytics and tweaked its credit assessment engines to ensure that the customer selection is in line with the risk appetite of the Company.

The Company continued to keep a keen eye on profitability, while undertaking various initiatives like narrowing the focus on geographic presence, customer segments and brand in order to achieve optimum return on assets.

The Company also undertook a number of initiatives related to expanding the business, analytics, automation, collections and human resources, which would further enhance the efficiency and resilience of the business over the next few years.

Total income during the financial year 2020-21 increased to ₹2,240.93 Cr from ₹1,999.76 Cr, an increase of 12% over the previous year. The profit before tax and exceptional items for the year stood at ₹105.40 Cr as against ₹218.31 Cr during the previous year and the reduction is due to substantial loss of business during first quarter of the year, increase in investments on recovery related initiatives and higher level of COVID-related provisions.

The above financial performance is based on Indian Accounting Standards -(IND-AS). The Company has adopted (IND-AS) from 1st April, 2018 with effective transition date of 1st April, 2017 pursuant to MCA notification dated 31st March , 2016 and the financial statements has been prepared in accordance with Division III of Schedule III of Companies Act, 2013 notified by Ministry of Corporate Affairs (MCA) on 11th October, 2018.

Key Product-Wise Performance during the Financial Year

The Company disbursed ₹2,901 Cr of Two-Wheeler Loans as against ₹3,223 Cr in the previous year, registering a de-growth of 10%. The Company continues to be the leading financier for TVS Motor Company Ltd.

The Company disbursed ₹1,958 Cr in the Tractor Loan segment as against ₹1,169 Cr in the previous year, registering a growth of 67%.

The Company disbursed ₹366 Cr of Used Car Loans as against ₹740 Cr in the previous year, since it focussed only on profitable regions.

In Consumer Durable Loans, the Company disbursed ₹1,338 Cr to 6.7 Lakh customers as against ₹1,025 Cr to 5.2 Lakh customers in the previous year.

The Company scaled up its Used Commercial Vehicle finance and disbursed ₹623 Cr during the current year as against ₹574 Cr in the previous year.

The Company also scaled up its Business Loans segment and disbursed ₹898 Cr during the current year as against ₹326 Cr in the previous year.

The Company also did Cross Selling to its existing customers to the tune of ₹536 Cr as against ₹525 Cr during the previous year.

2. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Indian Economy demonstrated Resilience in face of Unprecedented Pain in Fiscal 2021

The Indian economy demonstrated resilience posting gains in H2 after a trying H1, supported by a multitude of government policy interventions, in the year gone by. The financial year 2020-21 began with the nationwide 42-day lockdown, a critical response to, what we now commonly refer to as, the first wave of COVID-19. This led to GDP contraction of 23% in the first quarter. But with the easing of the active cases and recognising the need for swift policy action during this extraordinary and uncertain time, the Government and the Reserve Bank of India (RBI) undertook a number of measures to improve liquidity in the system, support credit offtake and mitigate the impact of COVID-19 on asset quality. The economic challenges did manifest themselves in the form of collections efficiency initially, but with the multiple policy interventions of the Government and leveraging of technology by the Company, these challenges were met and largely mitigated in the second half of the year. Recovery in Quarter 2 was ahead of estimates with a 7% GDP decline instead of the estimated 11% decline. The Q3 & Q4 saw the GDP return to positive territory, posting gains of 0.4% and 1.5% (estimates), bringing the full year to a 7.9% decline. CRISIL estimates that the Indian economy shrunk by 8.0% in fiscal 2021, the first such instance in over forty years.

Rural India Performed Much Better, Becoming Structurally Far More Resilient

Given the headwinds due to COVID-19, the rural economy, which accounts for almost half of India's GDP, has withstood the COVID-induced shock much better than the large urban towns. This happened due to agricultural activity continuing unhindered, normal monsoons and reduced spread of COVID-19 given the lower population density in the rural areas. Also, the Government extended additional financial support through the Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA) and PM-Kisan Scheme, and rural India's relatively higher dependence on both manufacturing and agriculture as compared to services, helped the performance of rural India.

More importantly, rural India has become structurally far more resilient due to two consecutive years of good monsoon, increased spends under MNREGA and irrigation projects, Direct Benefit Transfer (DBT), the PM-Kisan, the PM Ujjwala Yojana for cooking gas, the PM Awas Yojana for Housing, and the Ayushman Bharat Scheme for Healthcare. Further, over the years, the rural infrastructure such as electricity and roads have also considerably improved. These steps have led to lesser leakages and higher incomes in the hands of the rural populace, thereby enhancing their ability and willingness to spend on discretionary products and services.

The RBI has also increased their thrust on digital payments in the rural economy by undertaking a number of steps such as planned issue of licences to New Umbrella Entities (NUE) to deepen the reach of digital payments, setting up a Payment Infrastructure Development Fund (PIDF) to enhance setting up of supporting infrastructure, and enhancing the functionality of e-wallets to bring them almost on par with bank accounts.

The Company's strong presence in the rural areas stood the Company in good stead. These structural changes in the rural areas have increased the resilience of the rural economy and will create more growth opportunities for the Company as it expands its distribution presence in rural areas.

Economy Expected to Bounce Back in Fiscal 2022

Going forward in fiscal 2022, there is a sense of optimism with global growth picking up, gradual increase in vaccination against COVID-19, and a counter-cyclical Union Budget pushing investments. The Budget's focus on pushing investments despite walking a fiscal tightrope would create a platform for a reasonable growth. A RBI study points that an increase in capex by the central and state governments by one rupee each induces an increase in output by ₹3.25 and ₹2.0, respectively. Given that the focus of the Budget was on investment rather than consumption push, the full impact of these spends will be seen in the near term via multiplier effects, and over time, through enhancement of productive capacity. The budgetary provisions thus help raise the medium-term prospects for the economy.

The resurgence of COVID infections being witnessed around the country since March 2021 does pose a risk to growth in the current fiscal. Many states have implemented localised restrictions in the form of weekend lockdowns, restricting non-essential businesses from operating and / or night curfews to prevent the spread of the infection. Factoring in these restrictions, few agencies have downgraded their GDP growth estimates for the year by 25-100 basis points. With vaccination gaining steam and market participants learning to work around the virus, the economic impact of any fresh lockdowns would be less pronounced compared to the previous fiscal.

NBFCs faced Multiple Challenges in Fiscal 2021

Over the last decade, Non-Banking Financial Companies (NBFCs) have witnessed phenomenal growth. The share of NBFCs in the overall systemic credit increased from 18% in fiscal 2015 to 23% as of fiscal 2020. NBFC credit grew at a healthy pace of ~16% CAGR over fiscals 2015 to 2019. However, a severe liquidity crisis following the debt default of IL&FS in mid-September 2018 created panic and led to investor confidence in lending to NBFCs dip. While the segment had just started to revive, COVID-19 has dealt a further blow to NBFCs, which are today facing a troika of challenges – asset quality in the wake of COVID-19, availability of funding at competitive costs, and increasing competition from banks flush with liquidity.

NBFCs Loan Book Flat in Fiscal 2021; Liquidity Concerns Largely Managed

CRISIL Research estimates that the loan book of NBFCs to remain more or less flat at the previous year's levels in fiscal 2021. While economic activity is gradually picking up, prevailing uncertainty

regarding the pandemic's further impact has resulted in lenders still taking a fairly cautious view on disbursements. In fact, growth in fiscal 2021 would be optimal for many NBFCs, arising due to lending under the emergency credit line scheme to MSMEs, and slower rundown in existing book due to moratorium and restructuring of loans.

On the brighter side, proactive measures announced by the regulator, along with gradual pick-up in collections, limited disbursements made by NBFCs and funding support from banks have ensured liquidity fears that spooked the market in the immediate aftermath of COVID-19 have been largely managed.

As of fiscal 2021, NBFCs had a total loan outstanding of around ₹29 Trillion. Retail assets (including auto finance, housing finance, microfinance, gold loans, education and consumer durable loans) are estimated to account for around 45% of this amount. MSME lending accounts for another 12% of total loans of NBFCs.

Stronger NBFCs with Healthy Liquidity and Access to Funding to Outperform

In fiscal 2022, with a rebound in GDP growth, we foresee disbursements of NBFCs also gaining moderate traction. CRISIL Research forecasts a ~6% growth in NBFC assets during the year, which would still be lower than nominal GDP growth, that is expected to be in the mid-teens. This is because access to funding remains a challenge, especially for smaller and mid-sized NBFCs which do not have a strong parentage and concerns linger over the impact of the pandemic on asset quality.

CRISIL Research expects the challenges being faced by NBFCs over the last 2-3 years to hasten the pace of consolidation. Large players with a better credit profile, strong parentage and access to funding are likely to outperform the industry and grow at a much higher pace. The industry will, however, continue to witness the emergence of newer equity-funded NBFCs catering to specific customer segments. The COVID-19 pandemic and consequent acceleration in both adoption of technology, change in consumer habits and increasing availability of data for credit decision-making has made it possible to build an NBFC lending business without investing large sums in having a brick-and-mortar presence on the ground.

Supreme Court Order Positive for Credit Culture

The Supreme Court order, in March 2021, lifting the standstill on classification of loan accounts and its refusal to direct the Government to grant complete waiver of interest on loans during the moratorium period or increase the moratorium period would also aid lenders. As a result, banks and NBFCs will now be able to classify an account on the basis of its overdue status and the data submitted to the Credit Information Companies (CICs) will also reflect the true status of an account.

The Supreme Court ruling is a shot in the arm for lenders as it ensures that the credit culture is not vitiated. Withdrawal of the standstill on recognition of NPAs will enable lenders to enforce various legal measures and support their recovery efforts.

Opportunities and Challenges in Fiscal 2022

The outlook for NBFCs is improving, but the macro-economic challenges seen over the last 2-3 years are by no means fully over. Given the Company's improving scale, diverse portfolio across various segments, and strong parentage, the Company is well placed to capitalise on the opportunities created by both economic growth and consolidation in the NBFC space. The opportunities and challenges for the Company, given the emerging milieu, are as follows:

Opportunities

- Double-digit growth in GDP expected, which should lead to increased lending opportunities across all the focus asset classes.
- Close co-ordination with TVS Motor to plan areas where disbursements can be increased by augmenting distribution and coming out with attractive schemes.
- Rural India should continue to see strong growth in agricultural incomes, especially if there is a normal monsoon for the third consecutive year.

- Strong liquidity position and continuing support from the parent company, TVS Motor, which would enable TVS Credit to both capitalise on growth opportunities and navigate any challenges in the external environment.
- Investment in strengthening the Company's sales, credit, collections and risk processes should yield strong dividends as the Company looks to further scale up the business while taking advantage of the expected pick-up in economic growth.
- Higher adoption of digital payment systems would enable the Company to streamline its collections process further and enhance efficiency.

Challenges

- Need to continue to keep a keen eye on any emerging challenges due to COVID-19 and accordingly recalibrate business plans and strategy.
- Tightly monitor asset quality and take corrective action as required, given the dynamic changes in external environment and the impact on the Company's borrower segment.
- Probability of upward pressure on funding costs and interest rates, given the Central Government's large budgeted borrowing programme for fiscal 2022.

Focus on Enhancing Distribution, Technology and Ecosystem aided the Company

Geographically, the Company has expanded its presence to 25 states, which has resulted in its portfolio becoming quite well diversified. The southern states of Tamil Nadu, Kerala, Karnataka, Andhra Pradesh and Telangana accounted for 38% of the Company's AUM as of March 2021.

The Company's focus on increasing distribution reach, investing in appropriate technology tools, and taking an ecosystem view has stood it in good stead in the challenging market environment. In Two-Wheeler Loans, the Company increased its penetration within the dealer and sub-dealer network. The Company has implemented the AD-Diya App, which enables self on-boarding of customers by its associate dealer partners. This has helped TVS Credit grow its network in lower penetrated areas.

Similarly, in case of other asset classes such as Tractor, Commercial Vehicle and Business Loans as well, the efforts to widen its suite of product offerings keeping in mind the customer requirements aided the Company in a difficult market environment. In tractors, for example, the Company provides finance to customers of multiple brands and also funds used tractors. The Used Commercial Vehicle Loans not only enable customers to fund their vehicle purchase but also helps them cover the operating costs incurred while plying their vehicles via the Company's ecosystem loan offerings.

Recovery Management

During the year, the Company has had a relentless and sharp focus on recovery and collections. The Company also successfully touched 100% mobile application usage penetration within its collections team.

Usage of Analytics and Statistical Tools

The Company's collections activities are driven by estimating probability of repayment at a customer level using a combination of On-Us and Off-Us attributes. With the help of analytical tools, segmentation of customers and collection agents, and optimisation of collections allocation based on such segments and local geographies have been rolled out. Statistical tools are used extensively to improve predictability in resolutions of delinquent customers and residual management to minimise loss to the Company. The Company focussed its approach based on region and pin code mapping of customers.

The Company has also invested in mitigating fraud risk with the launch of alert mechanisms to combat potential fraud at a customer, dealer or employee level.

Push for Digital Repayments

The pandemic has resulted in widespread changes in customer behaviour and hastened the adoption of technology. Nowhere is this as visible as in collections, where the Company has significantly managed to increase the proportion of digital repayments from customers through continuous engagement and

providing them with the right tools. The Company is continuously investing in encouraging customers to make cashless payment through payment gateways and tying up with digital platforms for this purpose. This will continue to be a key focus area for the Company.

Data & Analytics

The Company believes in leveraging data and analytical tools effectively as this will become one of the key differentiators amongst financiers in the future. The Company therefore, enhanced its focus on data and analytics through a number of focussed initiatives in this area.

Credit Assessment and Customer Acquisition

The Company expanded the use of Machine Learning (ML) based decisions across its products and functions. The Company leveraged ML-based credit underwriting for Two-Wheeler and Consumer Durable Loans. These automated, algorithmic models have improved credit performance and efficiencies. The Company plans to further expand ML-based models to the Used Car and Tractor Loans business. The Company added geographic and demographic variables related to COVID-19 to refresh the algorithmic models and fine tune collections and cross-sell programmes. In addition, the Company has deployed predictive models to accelerate the growth of Cross-Sell programmes and optimise exposure to customers of Business Loans and the InstaCard pilot programme through income estimation models.

Internal Sales Force Management

The Company leveraged ML engines to predict attrition and design of experiments in field personnel incentives to determine appropriate interventions. With the encouraging results of these pilots, the Company intends to launch this on a pan-India basis this year.

Model Monitoring and Data Management

With a heightened focus on deploying advanced analytics including machine learning and deep learning based tools, the Company has strengthened its processes for model monitoring – both from a model performance as well as model execution perspective. There is a continued focus on data enrichment from all possible sources – internal systems, third-party sources and business operations. Further, the Company has completed the data management and governance assessment to understand areas to strengthen underlying data to further artificial intelligence and algorithmic deployments. The data lake programme has also begun in full-swing to modernise the analytics data infrastructure.

Information Technology

The Company continues to focus on data privacy and information security, given their critical importance in enhancing the trust of the customers. The Company strengthened its security landscape by implementing prioritised cyber security projects focussing on access management, network security, data protection and secured development. Regulatory and compliance standards were adhered by completing IPv6 migration, applications VAPT and all mobile applications security wrapping. The Company successfully performed business continuity and disaster recovery drills at a regular frequency. The Company has implemented Web Application Firewall (WAF) to secure business critical applications and started performing continuous brand monitoring to avoid brand infringement and reputational risks. "Secure Internet on the move" was implemented for end points to connect from anywhere and on any networks. Red teaming assessment was also carried out to understand current posture of cyber security for the organisation.

Marketing Initiatives

Given the unprecedented situation due to the pandemic, the Company has taken numerous initiatives to ensure that the business continued in a smooth manner. The focus was on regular engagement with customers, channel partners, and employees through digital means.

Regular Communication with Employees, Channel Partners and Customers

When the pandemic struck and uncertainty was at its peak, the Company created a calendar for communication with its customers, channel partners, and employees to create awareness, engage,

and ensure business continuity. The employee communication focussed on critical elements such as general guidelines for COVID-19, precautions, and work from home guidelines. The Company proactively communicated to customers on the EMI moratorium facility and how they could make loan repayments safely through digital modes of payment in a hassle free-way.

New Products Offerings and Branding Initiatives

The Company introduced the InstaCard programme, which offers customers a continuous credit line for all their instant needs. This programme allows customers to make online and offline payments across a wide range of categories such as Lifestyle, Groceries, Shopping, Health, etc. To promote adoption and usage, an omni-channel communication campaign was executed. The Company also launched a Retailer Loan product specifically targeted at small retailers. Local retailer activations were done for this to build connect with this customer segment. To build brand saliency, ambient branding was done across several Two-Wheeler and Consumer Durable dealerships.

During the year, the Company also integrated systems with select ecosystem partners to enable instant flow of leads from the partners' system to the Company's Lead Management System. The Company also started mobility solutions for Business Loans products such as Term Loans, Overdraft & Invoice Financing with speedy sanctions.

Focus on Digitalisation

The Company strives to create the best-in-class user experience for its customers and channel partners through digital assets like the Saathi app, which has been made accessible in 5 regional languages. The Saathi app is available on both - the Android and iOS platform. Besides, the Company implemented WhatsApp Bot and a ChatBot on the Company's website, thus improving the self-service capabilities.

Human Resources

People remain the most valuable asset for the Company. The Company has developed a robust human resource management framework to maximise the employee performance. The Company is professionally managed with the senior management team having a rich experience and long tenure with the organisation. The Company has created a succession roadmap to build a leadership pipeline and has also undertaken many initiatives to develop organisational leadership and culture. As on 31st March, 2021, the Company had 15,782 employees on its rolls.

The Human Resources team undertook several initiatives during the year.

Employee Well-being

The health, safety and well-being of the employees were the topmost priorities this year. The Company has taken several steps such as setting up of regional task force in order to support employees, COVID-insurance to all the employees, emergency financial assistance, awareness creation, transport arrangements in case of medical emergencies, medical assistance for pregnant ladies/elderly parents and children, distribution of safety kits to all employees and regular disinfection of premises during the year. In order to support the families of the employees, the Company has launched a new programme called "Parivar – Employee Welfare Kitty", which will be utilised to support the families of those employees who lost their lives due to COVID-19. Keeping a people-first approach, pro-active work from home was initiated by the Company since March 2020.

Employee Engagement

During these challenging times, the Company has started mandatory day offs, virtual fun sessions and psychological counselling programmes (YourDost) in order to support the employees and ensure their well-being.

Technology-based Initiatives and Recognition

The Company uses contemporary technology and automation for recruitment process, training and performance monitoring to improve productivity. The Company has launched a new application called "Geo-Tagging – Employee Daily Work Management App" and Voice Bot assistance services for all the employees.

Talent Management and Development

The cornerstone of the Company's people strategy is to ensure that talent development, internal mobility, promotion, rewards and performance work in a well synchronised manner to reinforce its brand values – trustworthiness, innovation, proactiveness, empathy and confidence. The Company continuously focusses on talent management and leadership development processes including having development centres, individual development plans and upskilling programmes. The Company has also launched employee recognition and training programmes to develop and motivate a talented workforce to meet day-to-day business challenges.

Annual Campus Engagement Programme

The Company regularly engages with college campuses in order to enhance the visibility of the brand and to provide a platform for upcoming business leaders of tomorrow. E.P.I.C Season 2, the annual campus engagement programme, witnessed 20,000 student registrations from across 1,200+ colleges. This year's virtual edition saw the addition of the Finance Challenge along with the other 3 challenges – Strategy, IT and Analytics.

The Company duly complied with all the statutory compliances related to employment and labour laws.

Quality

In the journey towards excellence, the Company continues to focus on quality. The Company carries out periodic assessment of gaps and takes immediate actions to address such identified gaps, which has resulted in strengthening the process across the Company. The Company obtained ISO Quality ISO 9001/2008 and ISMS 27001:2013 certification in 2017 for all processing hubs and central operations. ISMS 27001:2013 recertification was obtained with coverage of all hubs of the Company.

Community Support Initiative

As part of the community support initiative – Saksham, the Company partnered with Yuva Parivartan to upskill 100 students in Karnataka and Maharashtra from low-income communities to revive, rebuild and reset the lives of youth affected due to the pandemic.

Awards and Recognition

Over the last year, the Company has won several awards such as Best BFSI Brand by Economic Times, India's Leading BFSI & Fintech Companies 2021 by Dun & Bradstreet, Flame Awards by Rural Marketing Association of India, Content Mogul by CMS Asia, Impact Digital Power 100 Award and Most Innovative Use of HR Technology by ACEF to name a few.

Funding

With equity infusion, participation from NBFCs, banks and financial institutions in the form of Tier 1 (Perpetual Debt Instrument) and Tier 2 capital (Subordinated Debt), the Company has an adequate Capital Adequacy Ratio (CAR) and Prudent Asset Liability Mix (ALM). The CAR as on 31st March, 2021 stood at 18.51%. As on 31st March, 2021, cumulative ALM mismatch (within 1 year Bucket) was positive 14.4% as against accepted mismatch of 15% as per RBI Guidelines.

During the year, the Company has obtained fresh sanctions to the tune of ₹3,906 Cr (including long & short-term borrowings) to meet its business requirement. The Company has raised maiden listed NCDs to the extent of ₹425 Cr under TLTRO and PCGS schemes. External Commercial Borrowings (ECB) to the tune of ₹722 Cr on fully hedged basis during FY21. In these challenging situations, the Company has taken various initiatives to raise funds at the cost commensurate with its rating by way of diversified funding mix with borrowings from Public sector banks, Private sector banks, Foreign Banks, Financial Institutions, ECB and Capital Markets. Besides, the Company focussed on increasing composition of fixed rate instruments with higher tenure in order to utilise benefit of the low interest environment.

All interest and principal repayments were paid on time. The assets of the Company which are available by way of security are sufficient to discharge the claims of the banks as and when they become due.

Nomination and Remuneration Policy

Directors:

NRC will recommend the remuneration for Executive and Non-Executive Directors. This will be then approved by the Board and shareholders. The Non-Executive Independent Directors are appointed to the Board of the Company in terms of regulatory requirements.

The Board has approved the payment of remuneration by way of profit-related commission to the Non-Executive Independent Directors, for the financial year 2020-21, based on the recommendation of the Nomination and Remuneration Committee. The approval of the shareholders by way of a special resolution was obtained at the twelfth Annual General Meeting held on 27th July, 2020, in terms of Sections 197 and 198 and any other applicable provisions of the Act 2013.

Commission:

The Company benefits from the expertise, advice and inputs provided by the IDs. The IDs devote their valuable time in deliberating on strategic and critical issues in the course of the Board / Committee meetings of the Company and give their valuable advice, suggestions and guidance to the management of the Company, from time to time and hence IDs are being paid by way of commission.

As approved by the shareholders at the Annual General Meeting of the Company held on 27th July, 2020, Non-Executive and Independent Directors are being paid commission, subject to the ceiling limit prescribed under the Act, 2013, for each such Director from the financial year 2020-21. Non-Executive Directors (NEDs) devote considerable time in deliberating the operational and other issues of the Company and provide valuable advice in regard to the management of the Company from time to time, and the Company also derives substantial benefit through their expertise and advice.

Key Managerial Personnel:

The remuneration of employees largely consists of basic salary, perquisites, allowances and performance incentives. Perquisites and retirement benefits are paid according to the Company's policy, subject to prescribed statutory ceiling.

The components of the total remuneration vary for different grades and are governed by the industry pattern, qualification and experience / merits and performance of each employee. The Company while deciding the remuneration package takes into consideration current employment scenario and remuneration package of the industry.

Criteria for Board Membership

Directors:

The Company will generally consider (i) Their relevant experience in Leadership/ Strategy / Finance/ Governance / Legal and Regulatory or other disciplines related to the Company's business, and (ii) Having the highest personal and professional ethics, integrity and values.

Independent Directors:

Independent Director is a Director who has no direct or indirect pecuniary relationship with the Company and or any of its officers. They should meet all criteria specified in Section 149(7) of the Act 2013 and rules made thereunder.

Related Party Transactions:

All contracts / arrangements entered by the Company during the period ended 31st March, 2021 with related parties were in the ordinary course of business and at arm's-length price in terms of Section 188 of the Act, 2013 read with the Companies (Meetings of Board and its powers) Rules, 2014.

Pursuant to the provisions of Section 134(h) of the Act, 2013 read with rule 8(2) of the Companies (Accounts) Rules 2014, the particulars of contracts or arrangements entered into by the Company with Related Parties have been done at arm's-length and are in the ordinary course of business.

Hence, no particulars are being provided in Form AOC-2. Related Party disclosures, as per IND-AS have been provided in Notes to the financial statement.

Risk Management Policy

The Company, being in the business of financing of two wheelers, used cars, new tractors and used tractors, three wheelers, consumer durables, used commercial vehicles and MSMEs has to manage various risks. These risks include credit risk, liquidity risk, interest rate risk and operational risk. In order to strengthen risk management, the Company is in the process of developing robust Enterprise Risk Management Framework and risk registers.

The risk management framework is based on assessment of all risks through proper analysis and understanding of the underlying risks before undertaking any transactions and changing or implementing processes and systems. This risk management mechanism is supported by regular review, control, self-assessments and monitoring of key risk indicators.

Risk assessment reports are periodically placed before the Risk Management Committee and the Asset Liability Management Committee for reviewing and monitoring these risks at periodic intervals.

Liquidity risks and interest rate risks arising out of maturity mismatch of assets and liabilities are managed through regular monitoring of the maturity profiles. Operational risks arising from inadequate or failed internal processes, people and systems or from external events are adequately addressed by the internal control systems and are continuously reviewed and monitored. Standard Operating Procedures are well documented to ensure enhanced control over processes and regulatory compliance.

7. Internal Control Systems

The Company's comprehensive and effective internal control system ensures smooth business operations, meticulously recording all transaction details and ensuring regulatory compliance and protecting the Company's assets from loss or misuse.

The Board is accountable for evaluating and approving the effectiveness of the internal controls, including financial, operational and compliance controls.

The internal control system is subject to continuous improvement, with system effectiveness assessed regularly. The internal control system is supported by an internal audit process for reviewing the adequacy and efficacy of the internal controls including its system and processes and compliance with regulations and procedures. Information provided to management is reliable and timely. Company ensures the reliability of financial reporting and compliance with laws and regulations.

The Company is strengthening the controls by leveraging technology and centralising processes, enhancing monitoring and maintaining effective tax and treasury strategies.

The Audit Committee continues to monitor the effectiveness of internal control over the use of new technologies that impact the financial controls and reporting enterprise risk.

8. Internal Audit

As part of the effort to evaluate the effectiveness of the internal control systems, the Company's internal audit function reviews all the control measures on a periodic basis and recommends improvements, wherever appropriate. The Audit Committee regularly reviews the audit findings as well as the adequacy and effectiveness of the internal control measures.

The Company's internal control system is commensurate with its size, nature and operations.

9. Corporate Social Responsibility initiatives

Pursuant to Section 135 of the Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Company at the Board Meeting held on 27th March, 2015 approved a policy on CSR and the policy is hosted on the website of the Company. Based on the recommendation of the CSR Committee, the Board has approved the projects / programmes carried out as CSR activities by Srinivasan Services Trust (SST), to a sum of ₹4.00 Cr constituting more than 2% of the average net profits of the Company, made during the three immediately preceding financial years, towards CSR spending for the financial year 2020-21.

CSR activities have already been textured into the Company's value system through SST, established in 1996 with the vision of building self-reliant rural community.

Over 25 years of service, SST has played a pivotal role in changing lives of people in rural India by creating self-reliant communities that are models of sustainable development.

The Company is eligible to spend on their ongoing projects/programmes, falling within the CSR activities specified under the Act, 2013, as mandated by the MCA for carrying out the CSR activities. As required under Section 135 of the Act, 2013 read with Rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Annual Report on CSR, containing the particulars of the projects / programmes approved and recommended by CSR Committee and approved by the Board for the financial year 2020-21 are given by way of Annexure III attached to this Report.

10. Policy on Vigil Mechanism

The Board has adopted a Policy on Vigil Mechanism in accordance with the provisions of the Act, 2013 which provides a formal mechanism for all Directors, employees and other stakeholders of the Company, to report to the management their genuine concerns or grievances about unethical behaviour, actual or suspected fraud and any violation of the Company's Code of Business Conduct or Ethics policy.

The policy also provides a direct access to the Chairperson of the Audit Committee to make protective disclosures to the management about grievances or violation of the Company's Code of Business Conduct and Ethics. The policy is disclosed on the Company's website in the following link- www.tvscredit.com.

11. Disclosure in terms of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Company has in place a Sexual Harassment Policy in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) (POSH) Act, 2013. The Company has an Internal Complaints Committee as required under POSH.

12. Significant and Material Orders

There are no significant and material orders passed by the regulators or courts or tribunals, which would impact the going concern status of the Company and its future operations.

13. Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

The Company, being a Non-Banking Finance Company, does not have any manufacturing activity and hence the reporting on "Conservation of Energy and Technology Absorption" does not arise.

Foreign currency expenditure in FY21 is ₹22.87 Cr (previous year ₹11.29 Cr). The Company did not have any foreign exchange earnings.

14. Material Changes and Commitments

There have been no material changes and commitments affecting the financial position of the Company, which have occurred between the end of the financial year of the Company to which the financial statements relate and to the date of the report.

15. Employees' Remuneration

Details of Employees receiving the remuneration in excess of the limits prescribed under Section 197 of the Act, 2013 read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are annexed as a statement and given in Annexure-II. In terms of first proviso to Section 136(1) of the Act, 2013 the Annual Report, excluding the aforesaid annexure is being sent to the Shareholders of the Company. The annexure is available for inspection at the Registered Office of the Company as mentioned in the Notice of AGM and any Shareholder interested in obtaining a copy of the said annexure may write to the Company Secretary at the Registered Office of the Company.

16. Details of Loans / Guarantees / Investments Made

Furnishing the details of investments under Section 186 of the Act, 2013 for the financial year 2020-21 does not arise, since the Company has not made any investment during the year under review.

In terms of Rule 11(2) of the Companies (Meetings of Board and its Powers) Rules, 2014, NBFC Companies are excluded from the applicability of Section 186 of the Act, 2013, where the loans, guarantees and securities are provided in the ordinary course of its business.

On loans granted to the employees, the Company has charged interest as per its remuneration policy, in compliance with Section 186 of the Act, 2013.

17. Reporting of Fraud

The Auditors of the Company have not reported any fraud as specified under Section 143(12) of the Act, 2013.

18. Maintenance of Cost Records

The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Act, 2013 for the business activities carried out by the Company.

19. Adherence to RBI Norms and Standards

The Company has fulfilled the prudential norms and standards as laid down by RBI pertaining to income recognition, provisioning of non-performing assets and capital adequacy. The capital adequacy ratio of the Company is 18.51%, which is well above the prescribed minimum of 15% by RBI.

As a prudent practice, the Company's current provisioning standards are more stringent than Reserve Bank of India (RBI) prudential norms. In line with its conservative approach, the Company continues to strengthen its provisioning norms beyond the RBI regulation by accelerating the provisioning to an early stage of delinquencies based on past experience and emerging trends. The Company has also complied with direction of RBI with regard to COVID-19 - regulatory package in terms of granting moratorium to eligible customers, asset classification and provisioning requirements.

The Fair Practices Code and KYC norms framed by RBI seek to promote good and fair practices by setting minimum standards in dealing with customers, increase transparency so that customers have a better understanding of what they can reasonably expect of the services being offered, encourage market forces through competition to achieve higher operating standards, promote fair and cordial relationships between customers and the finance Company and foster confidence in the NBFC system.

The Company has put in place all the Committees prescribed by RBI and have formulated a comprehensive Corporate Governance Policy. The Company has instituted a mechanism to monitor and review adherence to the Fair Practices Code, KYC norms, and Investment & Credit policies as approved by the Board of Directors.

20. ACKNOWLEDGEMENT

The Directors gratefully acknowledge the continued support and co-operation received from the holding Company, namely TVS Motor Company Limited and other investors. The Directors thank the bankers, investing institutions, customers, dealers of TVS Motor Company Limited and Tractors and Farm Equipment Limited and all channel partners for their valuable support and assistance.

The Directors wish to place on record their appreciation of the very good work done by all the employees of the Company during the year under review.

People shouldn't have to understand technology. Technology should understand people.

In the past year, we upgraded our Saathi app to communicate in seven languages. Now, many more of our customers from across India can apply for a new loan, make EMI payments, view loan details, raise requests and lots more from wherever they are, in just a few clicks. After all, language should never be a barrier to caring.

Our customers don't ask how many kilometres away we are. They ask, how many clicks away?

We've ensured that customers have multiple digital options to pay their EMIs, without having to visit our offices. We also ramped up our minimum touch on-boarding process with online contracts and video personal discussion, while introducing a WhatsApp bot and a Website chatbot for self-service.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IND-AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2021, the profit(financial performance including total Comprehensive Income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Board of Directors, for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND-AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher, than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance, a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

As required by the Section 143(3) of the Act, we report that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose our audit.
- In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
- The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with book of accounts.

- (d) In our opinion, the aforesaid standalone financial statements comply with Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014.
- (e) On the basis of written representations received from the Directors as on 31st March, 2021 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2021 from being appointed as Directors in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over the financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

- (h) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on the financial position in its standalone financial statements - Refer Note 39(3) to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, the Investor Education and Protection Fund by the Company.

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **TVS Credit Services Limited** ("the Company"), "Chaitanya", No.12, Khader Nawaz Khan Road, Chennai 600 006, as of **31st March, 2021** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's and Board of Directors Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained, and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and Directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Significant Accounting Policies forming part of Financial Statements

COMPANY BACKGROUND

TVS Credit Services Limited ('the Company') is a public limited company incorporated and domiciled in India. The registered office is located at "Chaitanya", No. 12, Khader Nawaz Khan Road, Nungambakkam, Chennai – 600 006, Tamil Nadu, India. The Company is a subsidiary of TVS Motor Company Limited.

The Company has received Certificate of Registration dated 13th April, 2010 from Reserve Bank of India (RBI) and commenced Non-Banking Financial activity thereon. The Company is categorised as Systemically Important Non-Banking Finance (Non-Deposit Accepting or Holding) Company, as defined under Section 45-IA of Reserve Bank of India (RBI) Act, 1934. The Company is engaged predominantly in Automobile Financing. The Company falls under the new category of "NBFC - Investment and Credit Company (NBFC-ICC)" post RBI merger of the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) in February 2019.

SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation of accounts

The financial results of the Company have been prepared in accordance with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

The financial statements has been prepared in accordance with Division III of Schedule III of Companies Act 2013 notified by MCA on 11th October, 2018. Further, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) are measured at fair value as stated in notes;
- Defined benefit plans – plan assets measured at fair value.

c. Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d. Significant estimates and judgements

The areas involving critical estimates are:

- Determining inputs into the ECL measurement model - (Refer Note 35)
- Estimation of defined benefit obligation - (Refer Note 33)

The areas involving critical judgements are:

- Classification of financial assets: Assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI (Solely Payments of Principal and Interest) on the principal amount outstanding
- Derecognition of financial assets and securitisation
- Categorisation of loan portfolios

e. Property, Plant and Equipment (PPE)

Items of property, plant & equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

f. Depreciation

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Part C of Schedule II of the Companies Act, 2013 except in the case of mobile phone, based on the technical evaluation wherein the useful life is considered as 2 years.

Depreciation on PPE individually costing ₹5,000/- or less is provided 100% in the year of acquisition.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

Depreciation on fixed assets added/disposed-off during the year is calculated on pro-rata basis with reference to the date of addition/disposal.

g. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

h. Intangible assets

Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life. Software is amortised over 3 years period or the licence period whichever is lower on Straight Line basis.

i. Financial Assets and Financial Liabilities:**1. Classification:**

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

- Fair value through other comprehensive income (FVOCI),
- Fair value through profit or loss (FVTPL), and
- Amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business Model Assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to the management.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial Liabilities

The Company classifies its financial liabilities, other than fully hedged foreign currency loans, financial guarantees and loan commitments, as measured at amortised cost or fair value through profit or loss.

2. Measurement:

At initial recognition, the Company measures a financial assets that are not at FVTPL at its fair value plus/ (minus), transaction costs / origination income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

i. Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

ii. Fair Value through Profit or Loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

3. Revenue Recognition:i. Income from Financing Activity

1. Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.

2. For financial assets that are not Purchases Originally Credit Impaired "POCI" but have subsequently become credit-impaired (or 'stage-3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost of credit impaired asset.
3. Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.

ii. Other Revenue from Operations

1. Fees and commission income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed and there is no significant financing component of the consideration.
2. Dividend income is recognised when the right to receive income is established.
3. Incomes in the nature of bounce and related charges are recognised on realisation, due to uncertainty in collections.

4. **Impairment of Financial Assets:**

The Company recognises loss allowance for Expected Credit Loss "ECL" on the following financial instruments that are not measured at FVTPL:

- i. Loans
- ii. Trade receivables
- iii. Other receivables

i. Loans and Other Receivables:

The Company measures loss allowances at an amount equal to lifetime ECL, except for financial instruments whose credit risk has not increased significantly since initial recognition, for which a 12-month ECL is computed.

Life-time ECL is based on the result from all possible default events over the expected life of the financial instrument.

12-month ECL is based on the result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL	Regulatory standards
Stage 1	30 Days Past Due	12-Month ECL	Equivalent to standard assets as per RBI
Stage 2	31-90 Days Past Due	Life-time ECL	
Stage 3	More than 90 Days Past Due	Life-time ECL	Equivalent to NPA assets as per RBI

Measurement of ECL

ECL is a probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit-impaired at the reporting date: As the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- Financial assets that are credit-impaired at the reporting date: As the difference between the gross carrying amount and the present value of estimated future cash flow.

ii. Trade Receivables:

For trade receivables only, the Company applies the simplified approach which requires lifetime ECL to be recognised from initial recognition of the receivables.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost as a deduction from the gross carrying amount of the assets.

Collateral repossessed

The Company does the regular repossession of collateral provided against the loans in case of default in agreed payments. The Company generally sell the asset repossessed to recover the underlying loan and does not use for internal operation. As per the Company's accounting policy, collateral repossessed are not recorded on the balance sheet.

Write-off

Loans are written-off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Financial assets that are written-off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

5. Derecognition of Financial Assets and Financial Liabilities:

A financial asset is derecognised only when:

The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) The consideration received (including any new asset obtained less any new liability assumed) and (ii) Any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

6. Derivatives:

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates derivatives taken on External Commercial Borrowings (ECB) as Cashflow Hedges (hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 34. Movements in the hedging reserve in shareholders' equity are shown in Note 22.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the "other comprehensive income". The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

7. Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

j. Trade and other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. They are recognised initially at their fair value and subsequently measured at amortised cost.

k. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the balance sheet.

l. Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

- i. Deferred income tax provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- ii. Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

m. Employee Benefits:

- a. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- b. The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

c. Post-employment Obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees, pension plan for its senior managers; and
- Defined contribution plans such as provident fund.

i. Pension and Gratuity Obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

ii. Provident Fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

n. Functional Currency:

a. Functional and Presentation Currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e., in Indian rupees (INR) and all values are rounded off to nearest lakh except where otherwise indicated

b. Transactions and Balances:

- Foreign currency transactions are translated into functional currency using exchange rates at the date of transaction.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

o. Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest rate method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain / (loss).

Finance charges are expensed in the period in which they are incurred.

p. Borrowings Cost

Borrowing costs are expensed in the period in which they are incurred.

q. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions of non-cash nature.

r. Earnings Per Share

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

s. Impairment of Non-Financial Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Lease

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under IND-AS 116.

The Company as a lessee, assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

- i. The use of an identified asset,
- ii. The right to obtain substantially all the economic benefits from use of the identified asset,
- iii. The right to direct the use of the identified asset.

The Company at the inception of the lease contract recognises a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the incremental borrowing rate.

For short-term leases and low value assets (assets of less than ₹ 5,00,000 in value) the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the group relied on its assessment made applying IND-AS 17.

Lease payments have been classified as cash flow used in financing activities.

u. Segment Reporting

There is no separate reportable segment as per IND-AS 108 on 'Operating Segments' in respect of the Company.

v. Provisions

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

w. Contingent Liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) The amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

x. Share-Based Payments

Equity-settled share-based payments for receipt of services are measured at the estimated average fair value of the equity instruments over the vesting period. The average fair value is determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

y. Equity

Equity shares are classified as equity. Distributions to holders of an equity instrument are recognised by the entity directly in equity. Transaction costs of an equity transaction shall be accounted for as a deduction from equity.

NOTE 33 Employee Benefit Obligations (Contd.)

(iii) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yield;

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

(iv) Defined contribution plans:

The Company's contribution to defined contribution plan viz., provident fund, of ₹ 18.75 (31st March, 2020: ₹ 17.86) has been recognised in the Statement of Profit and Loss. There are numerous interpretative issues relating to the Supreme Court (SC) judgement dated 28th February, 2019 on components / allowances paid to employees that need to be taken into account while computing an employer's contribution to provident fund under the EPF Act. The Company is in the process of evaluating the method of computation of its PF contribution in relation to above judgement and would record any further effect in its financial statements, on receiving further clarification on the subject.

NOTE 34 Fair Value Measurements (Contd.)

i. Fair value hierarchy

IND-AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under IND-AS 113 are described below:

Financial assets and liabilities measured at fair value - recurring fair value measurements (Level 2)	31 st March, 2021	31 st March, 2020
Financial assets		
Derivative Financial Instruments	-	23.63
Total financial assets	-	23.63
Financial liabilities		
Derivative Financial Instruments	14.57	-
Total financial assets	14.57	-

Fair value of Financial assets and liabilities carried at amortised cost (Level - 3)	31 st March, 2021	31 st March, 2020
Financial assets		
Loan to Employees	4.62	8.72
Advances to Related Parties	59.39	76.53
Security deposit for leased premises	7.49	7.54
Total financial assets	71.50	92.79

There were no transfers between any levels during the year.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value on instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii. Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of forward foreign exchange contracts and cross currency interest rate swaps (CCIRS) is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

All of the resulting fair value estimates are included in level 3 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

iii. Valuation process

Discount rates are determined using a market interest rate for a similar asset adjusted to the risk specific to the asset.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 34 Fair Value Measurements (Contd.)

iv. Fair value of financial assets and liabilities measured at amortised cost

31 st March, 2021	Carrying amount	Fair value
Financial assets		
Loan to Employees	4.62	4.62
Advances to Related Parties	73.21	59.39
Security Deposit for Leased Premises	7.49	7.49
Total financial assets	85.32	71.50
31 st March, 2020	Carrying amount	Fair value
Loan to Employees	8.72	8.72
Advances to Related Parties	78.20	76.53
Security Deposit for Leased Premises	7.54	7.54
Total financial assets	94.46	92.79

The fair values for advance to related parties and rent advance were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The majority of borrowings are floating rate borrowings, the carrying value is representative of the fair value.

NOTE 35 Financial Risk Management

(A) Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other Financial Assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment, the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other Financial Assets.

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on Number of Days past due information. The amount represents gross carrying amount.

Particulars	31 st March, 2021	31 st March, 2020
Gross Carrying value of Loans		
Stage-1 (Less than 30 Days)	9,539.60	8,407.16
Stage-2 (30-90 Days)	1,481.27	869.84
Stage-3 (More than 90 Days)	423.75	370.66
Total Gross Carrying Value on Reporting Date	11,444.62	9,647.66

Credit Quality

Financial services business has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loans assets under ECL model, the loan assets have been segmented into three stages.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 35 Financial Risk Management (Contd.)

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- “Loss given default” (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model :

- “Probability of default” (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.
- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenor.
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals. There is no change in estimation techniques or significant assumptions during the reporting period.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the Board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated 27th March, 2020 and 17th April, 2020 relating to ‘COVID-19 – Regulatory Package’, the Company has offered moratorium up to six months on the payment of instalments falling due between 1st March, 2020 and 31st August, 2020 to all eligible borrowers. The Company has extended One-Time Resolution framework as for COVID-19-related stress to eligible customers as per applicable RBI guidelines and as per the policy of the Company. The staging classification under ECL computation has been done based on the performance of the restructured accounts as per the revised term and conditions and credit risk assessment by the Company.

COVID-19 (including second wave) has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company’s assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. Since the Company’s impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

Definition of default

The Company considers a financial instrument is in default, when the borrower becomes 90 days past due on its contractual payments. The financial services business considers Loans under default as ‘credit impaired’ and classified as Stage-3.

NOTE 35 Financial Risk Management (Contd.)

(B) Liquidity Risk

The liquidity risk is a risk that an entity will encounter difficulty in meeting Financial obligations.

As per Company's policy, management ensures availability of sufficient fund either through Instalment receivables/ sourcing through debts at each point of time. The Fund requirement ascertained at the beginning of the period by taking into consideration Instalment receivable, likely disbursement, Loan instalment payment & other operational expenses. The Company is continuously getting good support from Bankers & Financial Institutions at the time of need.

i. Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

	31 st March, 2021	31 st March, 2020

Expiring within one year (bank overdraft and other facilities)	227.23	332.04
Expiring beyond one year (bank loans)	-	-
	227.23	332.04

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

ii. Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- All non-derivative financial liabilities, and
- net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

NOTE 36 Financial Risk Management

(a) Foreign currency risk exposure:

Foreign exchange risk arises on financial instruments being denominated in a currency that is not the functional currency of the entity. The Company is exposed to foreign exchange risk due to continuous fluctuation in the foreign currency (USD) of the loan originated. The Company has entered into cross currency swaps (CCS) /forward contracts/ Interest rate swap to fully hedge all foreign currency exchange risk on the principal and interest amount payable on borrowings.

	31 st March, 2021	31 st March, 2020
Financial liabilities		
Variable Foreign Currency Borrowings (USD 187 million) (PY USD 90 million)	1,356.55	634.84
Derivative liabilities		
Hedged through forward contracts	1,356.55	634.84
Hedged through CCS		
Net exposure to foreign currency risk (liabilities)	-	-

(b) Sensitivity analysis:

The Company has hedged all its foreign currency exposures by entering into CCS/Forwards contracts, it shall not be subject to any sensitivity on settlement due to the movements in foreign exchanges i.e. USD. Forward Contract & Cross Currency Swap are to buy USD for Hedging Foreign Currency Loan.

Impact on profit after tax		
	31 st March, 2021	31 st March, 2020
USD sensitivity		
INR/USD Increases by 5%	-	-
INR/USD Decreases by 5%	-	-

(i) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which exposes the Company to cash flow interest rate risk. During 31st March, 2021 and 31st March, 2020, the Company's borrowings at variable rate were mainly denominated in INR, USD.

The Company's floating rate borrowings are carried at amortised cost. For a NBFC business loan is the major source for running the business. In India, loans are mostly available at Floating Rate Interest. And there are no such option available to obtain an option for swapping the Floating Rate Interest linked to respective bank MCLR with Fixed Interest. Hence, except foreign currency loans, other loans are not hedged. The Company has increased the component of fixed rate borrowings compared to last year (more than 10%).

(a) Interest rate risk exposure

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

	31 st March, 2021	31 st March, 2020
Variable rate borrowings	7,126.66	7,173.54
Total borrowings	10,154.75	8,559.56

(All amounts in ₹ Crore unless otherwise stated)

NOTE 36 Financial Risk Management (Contd.)

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

31 st March, 2021			
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	7.04%	7,126.66	70.18%

31 st March, 2020			
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	8.30%	7,173.54	83.81%

An analysis by maturities is provided in note 35 B (ii) above.

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Other components of equity change as a result of an increase/decrease in the fair value of the cash flow hedges related to borrowings.

Impact on profit after tax		
	31 st March, 2021	31 st March, 2020
Interest rates – increase by 50 basis points (50 bps) *	38.00	32.03
Interest rates – decrease by 50 basis points (50 bps) *	(38.00)	(32.03)

* Holding all other variables constant

NOTE 37 Capital Management

(a) Risk management

The Risk Management policy includes identification of element of risks, including those which in the opinion of Board may lead to Company not meeting its financial objectives. The risk management process has been established across the Company and designs to identify, access & frame a response to threat that affect the achievement of its objectives. Further, it is embedded across all the major functions and revolve around the goals and objectives of the Company.

Maintaining optimal capital to debt is one such measure to ensure healthy returns to the shareholders. Company envisages maintaining gearing ratio of maximum 7 times to the total equity, the Company monitors the ratio as below:

	31 st March, 2021	31 st March, 2020
Net debt (total borrowings, less cash and cash equivalents)	9,501.62	8,202.20
Total Equity (as shown in the balance sheet)	1,563.70	1,372.03
Net debt to equity ratio	6.08	5.98

(b) Externally imposed capital restrictions

- 1) As per RBI requirements, Capital Adequacy Ratio should be minimum 15%, not meeting RBI requirements will lead to cancellation of NBFC licences issued by RBI.
- 2) As per various lending arrangements with banks TOL (Total Outside Liability) to TNW (Total Net Worth) ratio should be less than 8, not meeting the said requirements may lead to higher interest rates.

The Company has complied with these covenants throughout the reporting period.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 38 Leases

a. Lease Disclosures pertaining to Right-to-use Asset

The Company's pending litigations comprise of claims against the Company and proceedings pending with Statutory Authorities. The future cash flows on the above items are determinable only on receipt of decisions / judgements that are pending at various forums/authorities. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial results.

- Pursuant to a Business Transfer Agreement (BTA) entered into with TVS Finance and Services Limited (TVSFS) on 21st April, 2010, the Company acquired the retail finance business of TVSFS as a going concern along with the related assets (comprising of fixed assets, receivables, loans and advances and bank balances) of ₹50.75 crores and liabilities (comprising of borrowings from Banks and Institution, current liabilities and provisions) of ₹298.75 crores. TVSFS issued Unsecured Redeemable Bonds to the Company, for the excess of liabilities over assets of ₹248 crores. The bonds are redeemable between 7th and 12th year from the date of allotment. The said bonds have been purchased by TVS Motor Services Limited (TVSMS), the holding Company, during 2010-11 at book value and the same is repayable by TVSMS in 6 years. The advance from TVSMS to the Company pertaining to this transaction stands at ₹73.21 crores as at 31st March, 2021 as per IND-AS fair valuation. Advance is partly secured to the extent of ₹52.15 crores and balance portion of ₹21.06 crores is unsecured. Considering the intrinsic value of land lying with TVSMS and equity shares held by TVSMS in the Company, the unsecured advance is considered good and recoverable.
- Pursuant to para 2 of general instructions for preparation of financial statements of a NBFC as mentioned in Division III of Schedule III of The Companies Act, 2013, the current and non-current classification has not been provided.

With technology at their fingertips, our teams are always equipped to lend a helping hand.

Our employees are empowered with hand-held devices that help them serve customers faster and more efficiently, thereby earning trust and confidence. These tools enable spot decision-making and quick loan approval, while at the same time ensuring minimal documentation, leading to an enhanced customer experience.

We make robots work hard, so that people can work happy.

Using Robotic Process Automation across many of our functions, we have reduced turnaround time, brought down costs, scaled up and ensured round-the-clock process continuity with minimal human intervention. Without compromising on customer service, this has enabled our people to improve their productivity while cutting down stress levels.

(vi) Institutional set-up for liquidity risk management

The Company constituted an Asset Liability Management Committee as guideline issued by RBI to NBFCs. ALCO consists of members having requisite skill set and expertise of the business and sector of the Company. ALCO monitors asset liability mismatches to ensure that there are no excessive imbalances on either side of the balance sheet and also reviews Asset Liability Management strategy. ALCO also reviews the liquidity risk of the Company at regular intervals. The Company is maintaining adequate liquidity to manage its commitments.

The Company has taken various initiatives to raise funds at the cost commensurate with its rating by way of diversified funding mix with borrowings from Public sector banks, Private sector banks, Foreign Banks, Financial Institutions, ECB and Capital Markets. The Company has raised maiden listed NCDs to the extent of ₹425 crores under TLTRO and PCGS schemes and External Commercial Borrowings (ECB) to the tune of ₹722 crores on fully hedged basis during FY21. Besides, the Company focussed on increasing composition of fixed rate instruments with higher tenor in order to utilise benefit of the low interest environment.

Consolidated Financial Statements

2020-21

To the members of TVS Credit Services Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of TVS Credit Services Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31st March, 2021, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013, ('the Act') in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('IND-AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2021, the consolidated profit (consolidated financial performance including other comprehensive income), total comprehensive Income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI), together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013 and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significant in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1	Allowance for Impairment under IND-AS 109 IND-AS 109 requires the Company to provide for impairment of its loan receivables (designated at amortised cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. ECL involves an estimation of probability weighted loss on financial instruments over their life considering reasonable and supportable information about past events current conditions and forecasts of future economic conditions which could impact the credit quality of the Company's loans and advances.	Principal Audit Procedures Evaluated the reasonableness of the management estimates by understanding the process of ECL estimation and related assumptions and tested the controls around data extraction and validation. We have understood the Company's estimation of the stage allocation of the loan assets and understood the policy in place for computation of parameters required to arrive at the expected credit loss and verified for the consistency in application of the policy. We have performed, substantive checks on the calculation, including independent calculation of the parameters, that are estimated by the Company as part of computation of ECL. We have also conducted analytical tests including but not limited to trend analysis of the ECL number against the loan receivables in comparison to some of the other companies in the same business profile.

S.No.	Key Audit Matter	Auditor's Response
	In the process a significant degree of judgement has been applied by the management for:	
	a) Grouping of borrowers based on homogeneity by using appropriate statistical techniques	Tested the periods considered for capturing underlying data as base to PD and LGD calculations applied of group of Portfolio are in line with Company's recent experience of past observed periods.
	b) Estimation of losses for loan products with no/minimal historical defaults	Tested the ECL model including assumptions and underlying computation.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors, for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation Of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group, in accordance with the IND-AS and other accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of each of the companies in the Group, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group, are responsible for overseeing the financial reporting process of each of the companies in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher, than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company, its subsidiary companies which are companies incorporated in India has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the companies in the Group, to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the Directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company none of the Directors of the Group companies, is disqualified as on 31st March, 2021 from being appointed as a Director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group consisting of subsidiaries, which are all incorporated in India, and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. - Refer Note 38(3) to the consolidated financial statements.
 - Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2021, we have audited the internal financial controls over financial reporting of **TVS Credit Services Limited** (hereinafter referred to as the 'Holding Company'), "Chaitanya", No.12, Khader Nawaz Khan Road, Chennai 600 006, and its subsidiaries.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company, its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company, its subsidiary companies, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained, and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company, its subsidiaries, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies which are all incorporated in India, have, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by Institute of Chartered Accountants of India.

1. Significant Accounting Policies forming part of Financial Statements

BRIEF DESCRIPTION OF THE GROUP

TVS Credit Services Limited ('the Company') is a public limited company incorporated and domiciled in India. The registered office is located at "Chaitanya", No.12, Khader Nawaz Khan Road, Nungambakkam, Chennai – 600 006, Tamil Nadu, India. The Company with its subsidiaries is collectively referred to as a Group.

The Company has received Certificate of Registration dated 13th April, 2010 from Reserve Bank of India (RBI) and commenced Non-Banking Financial activity there on. The Company is categorised as Systemically Important Non-Banking Finance (Non-Deposit Accepting or Holding) Company, as defined under Section 45-IA of Reserve Bank of India (RBI) Act, 1934. The Company is engaged predominantly in Automobile Financing. The Company falls under the new category of "NBFC - Investment and Credit Company (NBFC-ICC)" post RBI merger of the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) in February 2019.

SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Preparation of Accounts:

The financial results of the Company have been prepared in accordance with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

The financial statements has been prepared in accordance with Division III of Schedule III of Companies Act 2013 notified by MCA on 11th October, 2018. Further, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.

Principles of Consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are consistent with the policies adopted by the Group.

Non-controlling interests (if any) in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet, respectively.

The subsidiary companies considered in consolidated financial statements are:

S.No.	Name of the Subsidiary	Proportion of Ownership (Interest/voting power -%)		Reporting Date
		2020-21	2019-20	
1	Haritha ARC Services Private Limited	100%	100%	31-03-2021
2	Haritha Collection Services Private Limited	100%	100%	31-03-2021
3	TVS Commodity Financial Solutions Private Limited	100%	100%	31-03-2021
4	TVS Housing Finance Private Limited	100%	100%	31-03-2021
5	TVS Micro Finance Private Limited	100%	100%	31-03-2021
6	TVS Two Wheeler Mall Private Limited	100%	100%	31-03-2021

All the subsidiaries are incorporated in India

b. Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) are measured at fair value as stated in notes;
- Defined benefit plans – plan assets measured at fair value.

c. Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. This note provides an overview of the areas that involved a higher degree of judgements or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d. Significant Estimates and Judgements

The areas involving critical estimates are:

- Determining inputs into the ECL measurement model - (Refer Note 34)
- Estimation of defined benefit obligation - (Refer Note 32)

The areas involving critical judgements are:

- Classification of financial assets: Assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI (Solely Payments of Principal and Interest) on the principal amount outstanding
- Derecognition of financial assets and securitisation
- Categorisation of loan portfolios

e. Property, Plant and Equipment (PPE)

Items of property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

f. Depreciation

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Part C of Schedule II of the Companies Act, 2013 except in the case of mobile phone, based on the technical evaluation wherein the useful life is considered as 2 years.

Depreciation on PPE individually costing ₹5,000/- or less is provided 100% in the year of acquisition.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

Depreciation on fixed assets added/disposed-off during the year is calculated on pro-rata basis with reference to the date of addition/disposal.

g. Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

h. Intangible Assets

Intangible assets acquired are recorded at their acquisition cost and are amortised on straight-line basis over its useful life. Software is amortised over 3 years period or the licence period whichever is lower on straight-line basis.

i. Financial Assets and Financial Liabilities:

1. Classification

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

- a. Fair value through other comprehensive income (FVOCI),
- b. Fair value through profit or loss (FVTPL), and
- c. Amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business Model Assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to the management.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial Liabilities

The Company classifies its financial liabilities, other than fully hedged foreign currency loans, financial guarantees and loan commitments, as measured at amortised cost or fair value through profit or loss.

2. Measurement

At initial recognition, the Company measures a financial asset that are not at FVTPL at its fair value plus/ (minus), transaction costs / origination income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

1. Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

Just serving our customers digitally isn't enough. Protecting them is just as important.

Keeping our customers' identities and data secure and confidential is a top priority for us. We are consistently strengthening our security landscape by planning and implementing cyber-security initiatives focussing on Identity and Access Management, Network Security, Data Security and Secure Software Development. Regulatory and compliance standards are strictly adhered to, while we have also built a robust system for business continuity and disaster recovery.

Our customers' needs are constantly evolving. So is our capability to predict them.

We believe that every new customer is a potential customer for life. And that's why, we apply advanced Machine Learning algorithms to assess creditworthiness of customers, and predict what product they will need from us next. Among other benefits, this has helped us to accelerate the growth of cross-sell programmes, while at the same time optimising our risk exposure.

2. Fair Value through Profit or Loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

3. Revenue Recognition

i. Income from Financing Activity

1. Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.
2. For financial assets that are not Purchases Originally Credit Impaired "POCI" but have subsequently become credit-impaired (or 'stage-3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost of credit impaired asset.
3. Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collections.

ii. Other Revenue from Operations

1. Fees and commission income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed and there is no significant financing component of the consideration.
2. Dividend income is recognised when the right to receive income is established.
3. Incomes in the nature of bounce and related charges are recognised on realisation, due to uncertainty in collections.

4. Impairment of Financial Assets

The Company recognises loss allowance for Expected Credit Loss "ECL" on the following financial instruments that are not measured at FVTPL:

- Loans
- Trade receivables
- Other receivables

i. Loans and Other Receivables

The Company measures loss allowances at an amount equal to lifetime ECL, except for financial instruments whose credit risk has not increased significantly since initial recognition, for which a 12-month ECL is computed.

Life-time ECL is based on the result from all possible default events over the expected life of the financial instrument.

12-month ECL is based on the result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL	Regulatory standards
Stage 1	30 Days Past Due	12-Month ECL	Equivalent to standard assets as per RBI
Stage 2	31-90 Days Past Due	Lifetime ECL	
Stage 3	More than 90 Days Past Due	Lifetime ECL	Equivalent to NPA assets as per RBI

Measurement of ECL

ECL is a probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit-impaired at the reporting date: As the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- Financial assets that are credit-impaired at the reporting date: As the difference between the gross carrying amount and the present value of estimated future cash flows.

ii. Trade Receivables:

For trade receivables only, the Company applies the simplified approach which requires lifetime ECL to be recognised from initial recognition of the receivables.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost as a deduction from the gross carrying amount of the assets.

Collateral repossessed

The Company does the regular repossession of collateral provided against the loans in case of default in agreed payments. The Company generally sell the asset repossessed to recover the underlying loan and does not use for internal operation. As per the Company's accounting policy, collateral repossessed are not recorded on the balance sheet.

Write-off

Loans are written-off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Financial assets that are written-off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

5. Derecognition of Financial Assets and Financial Liabilities:

A financial asset is derecognised only when:

The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) The consideration received (including any new asset obtained less any new liability assumed) and (ii) Any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

6. Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates derivatives taken on External Commercial Borrowings (ECB) as Cashflow Hedges (hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 33. Movements in the hedging reserve in shareholders' equity are shown in Note 21.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the "other comprehensive income". The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

7. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously

j. Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. They are recognised initially at their fair value and subsequently measured at amortised cost.

k. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the balance sheet.

l. Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted on substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

- i. Deferred income tax provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- ii. Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

m. Employee Benefits:

- a) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- b) The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.
- c) Post-Employment Obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees, pension plan for its senior managers; and
- Defined contribution plans such as provident fund.

i. Pension and Gratuity Obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

ii. Provident Fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

n. Functional Currency:

- a) Functional and presentation currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., in Indian rupees (INR) and all values are rounded off to nearest lakh except where otherwise indicated.

- b) Transactions and balances:

- Foreign currency transactions are translated into functional currency using exchange rates at the date of transaction.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

o. Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest rate method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

Finance charges are expensed in the period in which they are incurred.

p. Borrowings Cost

Borrowing costs are expensed in the period in which they are incurred.

q. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions of non-cash nature.

r. Earnings Per Share

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

s. Impairment of Non-Financial Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Lease

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under IND-AS 116.

The Company as a lessee, assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

- (a) The use of an identified asset,
- (b) The right to obtain substantially all the economic benefits from use of the identified asset,
- (c) The right to direct the use of the identified asset.

The Company at the inception of the lease contract recognises a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the incremental borrowing rate.

For short-term leases and low value assets (assets of less than ₹5,00,000 in value), the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the group relied on its assessment made applying IND-AS 17.

Lease payments have been classified as Cash flow used in financing activities.

u. Segment Reporting

There is no separate reportable segment as per IND-AS 108 on 'Operating Segments' in respect of the Company.

v. Provisions

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

w. Contingent Liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) The amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

x. Share-Based Payments

Equity-settled share-based payments for receipt of services are measured at the estimated average fair value of the equity instruments over the vesting period. The average fair value is determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

y. Equity

Equity shares are classified as equity. Distributions to holders of an equity instrument are recognised by the entity directly in equity. Transaction costs of an equity transaction shall be accounted for as a deduction from equity.

NOTE 32 Employee Benefit Obligations

Defined Benefit Obligation

The Company provides for gratuity employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised fund in India.

The Company operates defined benefit pension plan, which provide benefits to members in the form of a guaranteed level of pension payable for life. The level of benefits provided depends on members' length of service and their salary in the final years leading up to retirement.

(iii) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yield;

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings

(iv) Defined contribution plans:

The Company's contribution to defined contribution plan viz., provident fund, of ₹18.75 (March 31, 2020: ₹17.86) has been recognised in the Statement of Profit and Loss. There are numerous interpretative issues relating to the Supreme Court (SC) judgement dated 28th February, 2019 on components / allowances paid to employees that need to be taken into account while computing an employer's contribution to provident fund under the EPF Act. The Company is in the process of evaluating the method of computation of its PF contribution in relation to above judgement and would record any further effect in its financial statements, on receiving further clarification on the subject.

(i) Fair value hierarchy

IND-AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under IND-AS 113 are described below:

NOTE 33 Fair Value Measurements (Contd.)

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of forward foreign exchange contracts and cross currency interest rate swaps (CCIRS) is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

All of the resulting fair value estimates are included in level 3 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(iii) Valuation process

Discount rates are determined using a market interest rate for a similar asset adjusted to the risk specific to the asset.

(iv) Fair value of financial assets and liabilities measured at amortised cost

31 st March, 2021	Carrying amount	Fair value
Financial assets		
Loan to Employees	4.62	4.62
Advances to Related Parties	73.21	59.39
Security Deposit for Leased Premises	7.49	7.49
Total financial assets	85.32	71.50
31 st March, 2020	Carrying amount	Fair value
Loan to Employees	8.72	8.72
Advances to Related Parties	78.20	76.53
Security Deposit for Leased Premises	7.54	7.54
Total financial assets	94.46	92.79

The fair values for advance to related parties and rent advance were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The majority of borrowings are floating rate borrowings, the carrying value is representative of the fair value.

NOTE 34 Financial Risk Management

(A) Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other Financial Assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment, the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other Financial Assets.

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on Number of Days past due information. The amount represents gross carrying amount.

Particulars	31 st March, 2021	31 st March, 2020
Gross Carrying value of Loans		
Stage-1 (Less than 30 Days)	9,539.60	8,407.16
Stage-2 (30-90 Days)	1,481.27	869.84
Stage-3 (More than 90 Days)	423.75	370.66
Total Gross Carrying value on Reporting Date	11,444.62	9,647.66

Credit Quality

Financial services business has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loan assets under ECL model, the loan assets have been segmented into three stages.

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- “Loss given default” (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model:

- “Probability of default” (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.

(All amounts in ₹ Crore unless otherwise stated)

NOTE 34 Financial Risk Management (Contd.)

- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenor.
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals.

There is no change in estimation techniques or significant assumptions during the reporting period.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the Board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated 27th March, 2020 and 17th April, 2020 relating to 'COVID-19 – Regulatory Package', the Company has offered moratorium up to six months on the payment of instalments falling due between 1st March, 2020 and 31st August, 2020 to all eligible borrowers. The Company has extended One-Time Resolution framework as for COVID-19-related stress to eligible customers as per applicable RBI guidelines and as per the policy of the Company. The staging classification under ECL computation has been done based on the performance of the restructured accounts as per the revised terms and conditions and credit risk assessment by the Company.

COVID-19 (including second wave) has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company's assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. Since the Company's impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

Definition of default

The Company considers a financial instrument is in default when the borrower becomes 90 days past due on its contractual payments. The financial services business considers Loans under default as 'credit impaired' and classified as Stage-3.

Impairment loss

The expected credit loss allowance provision is determined as follows:

NOTE 35 Financial Risk Management

(a) Foreign currency risk exposure:

Foreign exchange risk arises on financial instruments being denominated in a currency that is not the functional currency of the entity. The Company is exposed to foreign exchange risk due to continuous fluctuation in the foreign currency (USD) of the loan originated. The Company has entered into cross currency swaps (CCS) /forward contracts/ Interest rate swap to fully hedge all foreign currency exchange risk on the principal and interest amount payable on borrowings.

	31 st March, 2021	31 st March, 2020
Financial liabilities		
Variable Foreign Currency Borrowings (USD 187 million) (PY USD 90 million)	1,356.55	634.84
Derivative liabilities		
Hedged through forward contracts	1,356.55	634.84
Hedged through CCS	-	-
Net exposure to foreign currency risk (liabilities)	-	-

(b) Sensitivity analysis:

The Company has hedged all its foreign currency exposures by entering into CCS / Forwards contracts, it shall not be subject to any sensitivity on settlement due to the movements in foreign exchanges i.e. USD. Forward Contract & Cross Currency Swap are to buy USD for Hedging Foreign Currency Loan.

Impact on profit after tax

INR/USD Increases by 5%	-	-
INR/USD Decreases by 5%	-	-

(All amounts in ₹ Crore unless otherwise stated)

NOTE 35 Financial Risk Management (Contd.)

(i) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March 2021 and 31st March 2020, the Company's borrowings at variable rate were mainly denominated in INR, USD.

The Company's floating rate borrowings are carried at amortised cost. For NBFC business loan is the major source for running the business. In India, loans are mostly available at Floating Rate Interest. And there are no such option available to obtain an option for swapping the Floating Rate Interest linked to respective bank MCLR with Fixed Interest. Hence, except foreign currency loans, other loans are not hedged. The Company has increased the component of fixed rate borrowings compared to last year (more than 10%).

(a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

	31 st March, 2021	31 st March, 2020
Variable rate borrowings	7,126.66	7,173.54
Total borrowings	10,154.75	8,559.56

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

	31 st March, 2021		
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	7.04%	7,126.66	70.18%
	31 st March, 2020		
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	8.30%	7,173.54	83.81%

An analysis by maturities is provided in Note 34 B (ii) above.

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Other components of equity change as a result of an increase/decrease in the fair value of the cash flow hedges related to borrowings.

	Impact on profit after tax	
	31 st March, 2021	31 st March, 2020
Interest rates – increase by 50 basis points (50 bps)*	38.00	32.03
Interest rates – decrease by 50 basis points (50 bps)*	(38.00)	(32.03)

* Holding all other variables constant.

EXPLANATORY STATEMENT IN TERMS OF SECTION 102 OF THE COMPANIES ACT, 2013

The following Explanatory statement sets out all the material facts relating to the 'special businesses' mentioned in the accompanying Notice dated 27th May, 2020 and shall be taken as forming part of the notice.

Item No. 4

The Board, on recommendation of the Nomination and Remuneration Committee (NRC), proposed the appointment of Mr. R Gopalan, (holding DIN: 01624555) as a Non-Executive Independent Director of the Company (NE-ID), in terms of Sections 149 (read with Schedule IV to the Act, 2013), 150, 152, 160, 161, 164 and other applicable provisions of the Act, 2013 and Companies (Appointment and Qualification of Directors) Rules 2014. In the opinion of the NRC and the Board, Mr. R Gopalan fulfils the conditions specified under the Act, 2013 and the rules made thereunder, for the proposed appointment as a NE-ID by the shareholders of the Company and he is independent of the management of the Company.

NRC evaluated his skills, experience and knowledge in the fields of finance, management, administration and corporate governance and other fit and proper criteria laid down under RBI Regulations. The Board considered that the proposed appointment of Mr. R Gopalan as Director will be of immense benefit to the Company.

The Board also felt that the core skills / expertise / competencies of Mr. R Gopalan would be required for the Company in the context of its business(es) and sector(s) to function effectively.

In terms of the provisions of Section 149 read with Schedule IV to the Act, 2013, the appointment of NE-ID will require approval of the shareholders of the Company. Hence, it is proposed that Mr. R Gopalan who was appointed as an Additional Director and who holds office up to the date of ensuing AGM be appointed as a NE-ID of the Company to hold office for a period of five consecutive years commencing from 20th July, 2019 and not liable to retire by rotation during his tenure of appointment.

The Company has received a consent in writing from Mr. R Gopalan to act as a Director in Form DIR-2, intimating to the effect that he is not disqualified to be appointed as a Director and a declaration in writing that he meets the criteria of independence as provided under Section 149(6) of the Act, 2013.

A copy of the draft letter of appointment setting out the terms and conditions of appointment of NE-ID will be available for inspection without any fee by the members at the Registered Office of the Company, during office hours as stated above.

The Company has also received a notice from a member under Section 160 of the Act, 2013, proposing the candidature of Mr. R Gopalan for the office of Director of the Company. Except Mr. R Gopalan, none of the Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution relating to his appointment as a NE-ID of the Company.

Accordingly, the Directors recommend the ordinary resolution in relation to appointment of Mr. R Gopalan as a NE-ID for approval of the shareholders, as set out in Item No.4 of this Notice.

Item No. 5

The Board, on recommendation of the NRC, proposed the appointment of Mr. B Sriram, (holding DIN: 02993708) as a Non-Executive Independent Director of the Company (NE-ID), in terms of Sections 149 (read with Schedule IV to the Act, 2013), 150, 152, 160, 161, 164 and other applicable provisions of the Act, 2013 and Companies (Appointment and Qualification of Directors) Rules 2014. In the opinion of the NRC and the Board, Mr. B Sriram fulfils the conditions specified under the Act, 2013 and the rules made thereunder, for the proposed appointment as a NE-ID by the shareholders of the Company and he is independent of the management of the Company.

NRC evaluated his skills, experience and knowledge in the fields of banking, finance, management and corporate governance and other fit and proper criteria laid down under RBI Regulations. The Board considered that the proposed appointment of Mr. B Sriram as Director will be of immense benefit to the Company.

The Board also felt that the core skills / expertise / competencies of Mr. B Sriram would be required for the Company in the context of its business(es) and sector(s) to function effectively.

In terms of the provisions of Section 149 read with Schedule IV to the Act, 2013, the appointment of NE-ID will require approval of the shareholders of the Company. Hence, it is proposed that Mr. B Sriram who was appointed as an Additional Director and who holds office up to the date of ensuing AGM be appointed as a NE-ID of the Company to hold office for a period of five consecutive years commencing from 12th October, 2019 and not liable to retire by rotation during his tenure of appointment.

The Company has received a consent in writing from Mr. B Sriram to act as a Director in Form DIR-2, intimating to the effect that he is not disqualified to be appointed as a Director and a declaration in writing that he meets the criteria of independence as provided under Section 149(6) of the Act, 2013.

A copy of the draft letter of appointment setting out the terms and conditions of appointment of NE-ID will be available for inspection without any fee by the members at the Registered Office of the Company, during office hours as stated above.

The Company has also received a notice from a member under Section 160 of the Act, 2013, proposing the candidature of Mr. B Sriram for the office of Director of the Company.

Except Mr. B Sriram, none of the Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution relating to his appointment as a NE-ID of the Company.

Accordingly, the Directors recommend the ordinary resolution in relation to appointment of Mr. B Sriram as a NE-ID for approval of the shareholders, as set out in Item No.5 of this Notice.

Item No. 6

In terms of Section 197 of the Act, 2013 remuneration payable to Non- Executive Directors would be within the limits specified for every year, subject to approval of the shareholders of the Company at a general meeting.

The Board was of the opinion that NEDs would have to be recognised and compensated:

- i. For their significant contributions towards achieving the present growth of the Company;
- ii. For the time spent by them in deliberating the operational and other issues, their increased involvement and participation in meetings of various committees and the Board and for advising the management of the Company;
- iii. Their increased role/functions and enhanced responsibility, consequent to the introduction of various compliance requirements under the Act and RBI regulations, from time to time and the Company also derives substantial benefit through their expertise and advice.

Any payment by way of remuneration to NEDs would require an approval of the shareholders of the Company as per the provisions of the Act.

The Board, therefore, decided to pay remuneration including commission to NEDs in such manner, as the Board may determine, from time to time, for each financial year, within the overall limit approved by the shareholders subject to performance of the Company.

Hence, the Board, at its meeting held on 27th May, 2020, approved this proposal on the recommendation of NRC to seek the approval of the shareholders for payment of remuneration commencing from 1st April, 2020 to such NEDs for each financial year and, therefore, recommends the special resolution, as set out in Item No.6 of this Notice.

All NEDs of the Company and their relatives are interested in the resolution set out at Item No.6 of this Notice.

Inspection of documents

Copy of the documents referred to in this Explanatory statement will be available for inspection by the members, free of cost, at the Registered Office of the Company, during normal business hours on any working day.

The Company disbursed ₹740 Cr of Used Car Loans as against ₹1,123 Cr in the previous year by focussing more on profitable areas.

The Company disbursed ₹1,172 Cr in overall Tractor Loan segment as against ₹832 Cr in the previous year, registering a growth of 41%.

In Consumer Durable Loans, the Company disbursed ₹1,025 Cr to 5.2 lakh customers as against ₹1,046 Cr to 5.3 lakh customers in the previous year.

The Company scaled up its Used Commercial Vehicle finance and disbursed ₹574 Cr during the current year as against ₹268 Cr in the previous year.

The Company also did Cross-Selling business to its existing customers to the tune of ₹525 Cr as against ₹479 Cr during the previous year registering a growth of 9.6%.

In line with Company's long-term vision of being preferred financier with diversified and profitable portfolios, the Company commenced Medium Small and Micro Enterprises (MSME) financing. The Company has scaled up MSME financing through 5 branches in Tamilnadu and Karnataka in addition to financing through Pan-India alliance programmes and made disbursement of ₹326 Cr during the financial year.

2. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Outlook

GDP outlook for FY21 is forecasted to be around 1.8% to 1.9% due to sharp contraction of private consumption as a result of large scale loss of income across the economy on account of COVID-19 outbreak. Besides, both domestic supply and demand disruptions (on the back of weak external demand) are expected to result in a sharp growth deceleration in FY21.

Current Account Deficit (CAD) outlook for FY21 will be around 0.2% of GDP due to culmination of softer prices of commodity and crude oil. 10-Yr G-sec yield stood at 6.2% as at end March 2020 as compared to 7.5% as at end March 2019. Outlook of FY21 will be expected to be higher at 6.5% despite lower inflation and softer policy rates, higher market borrowings amid fiscal slippage will push up yields.

Industry Developments

1. Non-Banking Finance Companies (NBFCs)

The Assets Under Management (AUM) of NBFCs grew by around 6% to 8% translating estimated value of ₹ 25.4 Trillion. AUM growth was at decadal low in FY20. There is de-growth in both Corporate loan segment and Retail loan segment. Retail loan de-growth was mainly due to demand slowdown in the vehicle segment, which contributes almost 50% to the overall Retail-NBFC AUM. Corporate loan growth shrinkage is due to weaker offtake in the small and medium enterprises (SME) segment led to slower growth.

Non-banks largely cater to the self-employed borrower segment in the retail space, where the cash flows are expected to be more volatile in the current situation vis-à-vis their salaried counterparts. Other non-bank (non-retail) exposures are to entities or SMEs with relatively moderate risk profiles, which accentuates their credit risk in the current scenario. The outlook for NBFCs is, therefore, negative at present, as the business growth and all key performance parameters (asset quality, solvency, liquidity and earnings) are expected to weaken over the next 1-2 quarters and recovery in the latter part of the next fiscal would depend on the overall economic turnaround. Non-banks, which are already facing funding constraints and an expected increase in delinquencies, are likely to focus more on collections at least in the near term. Non-bank are turning cautious and tightening lending norms post COVID-19, while reiterating concerns around unsecured retail credit.

2. Two-Wheeler

With around 18% year-on-year decline in wholesale despatches, the domestic Two-wheeler industry witnessed the worst volume contraction in more than a decade during FY2020. Over the past 18 months, the two-wheeler customer has been facing rising cost of ownership amidst slowing macroeconomic growth and liquidity constraints. Demand headwinds would continue over the near term amidst weak global and domestic economic sentiments which have been further aggravated by COVID-19 pandemic. Demand may revive, albeit at muted space, in second half of FY21, supported by pickup in economic activity, agri-trends and availability of BS-VI vehicles, which provides clean and safe mode of mobility. Two-wheeler demand largely rural-driven may recover at a faster pace than rest of the automotive industry.

The demand for personal mobility will increase due to customers' need to ensure personal safety. With the growing aspirations of common man and good financing options being made available, there is fundamental headroom for increase in penetration which will lead to increase in demand and growth in coming years

Two-wheeler finance is estimated to de-grow by 8% to 10% since affected by unprecedented COVID-19, however, the damage can be minimised to some extent because of increase in farm income due to Rabi harvest, improved rural development and availability of attractive financing options.

3. Passenger Vehicle

Domestic passenger vehicle (PV) industry is in the grip of slowdown for the last 4-6 quarters, amid slowdown in economy and tighter financing environment. Moreover, inventory destocking at dealerships has taken further toll on wholesale despatches. Impact of COVID-19 on economy and consumers' confidence will result in deferral of discretionary purchases like cars and H1FY21 likely to witness muted retail demand. Recovery in rural income and improvement in overall economic activity remain crucial to have any meaningful improvement in retail demand offtake.

Used Car sales are growing at greater than 20% CAGR in last 3 fiscal years mainly due to shorter car replacement cycles and increasing market penetration as more than 60% of used car purchase are by first time buyers. Considering de-growth of new passenger vehicle, lower cost factor, more preference to private transport due to COVID-19, the used car segment will comparatively fair better.

The used car segment is estimated to be bigger (in volume terms) than the new car market. Used car provides with an opportunity for affordable entry into car market and also some down-trading might happen due to the current economic conditions. Low finance penetration in this segment provides an opportunity for growth.

4. Tractor

The growth of Tractor declined in FY20, despite normal monsoon, mainly due to higher inventory levels, slowdown in rural construction activities, de-growth in Kharif production. Now Agri tractor demand contributes only 75% and commercial contributes 25%. It is expected that Agri tractor demand contribution will increase to 85% because of increase in crop output. In FY21, the tractor industry is expected to decline by 6%-8% owing to unprecedented COVID-19 crisis; however, it is the least affected segment comparatively. Above normal monsoon expectations and healthy reservoir levels should help growth revival.

NBFC credit performance to tractor is expected to be impacted by tepid tractor sales, further accentuated by the base effect of AUM growth in last year. With low rural income growth, low demand in commercial tractor sales, the outlook for FY21 is expected to decline by ~6%. The haulage segment (estimated to be 40-50% of the overall non-bank portfolio) would be affected as the economic activity slows. However, the agri segment would be relatively less impacted.

5. Consumer Durable

The consumer durables demand is estimated to decline by around 14-16% in FY21. On the supply side, companies will take some time to streamline the supply chain and manage inventories and are hopeful of revival in demand and opening of outlets with improvement in COVID-19 situation.

The loan disbursements in the consumer durables segment is set to de-grow at a rate of ~10-12% in FY21 owing to COVID-19 and tight credit underwriting norms might get implemented by NBFCs and lower income growth inducing customer to spend lower on discretionary items.

6. Commercial Vehicle (CV)

The slowdown in the domestic CV industry, which started from H2 FY2019, has accentuated during FY2020, with volumes contracting by sharp 19%. The segment has been impacted by double

whammy of excess capacity along with subdued freight availability, which has suppressed freight rates and kept profitability of fleet operators under pressure. Coupled with tight liquidity in the NBFC space, and expectations of a GST rate cut, fleet operators had deferred their vehicle purchases in the current scenario. In FY2021, CV industry is expected to de-grow by ~14% owing to slump in demand due to COVID-19 and increase in vehicle cost due to BS-VI. The customers will prefer used CV's since the cost of ownership will be lower and the industrial activity is expected to revive gradually. However, sizeable share of older vehicles plying the roads given subdued new CV volumes and regulatory restrictions on age of vehicles will be deterrent.

NBFC credit to new CV segment grew 11% year-on-year (y-o-y) while used CV segment registered a growth of 13% y-o-y. New CV disbursement rate is witnessing a downward trend since Q4 FY2019 as demand has slowed. In FY2021, new CV segment is expected to de-grow by ~15-17%, used CV by ~9-11% and overall ~9-10% owing to impact of COVID-19, lower industrial activity and subdued demand scenario. However, with growth of ecommerce industry and logistics aggregators, there will be increase in demand for SCV, LCV and ICV vehicles.

7. MSME

Currently accounting for 29% of India's GDP, the MSME sector comprises 63.3 million enterprises and employs more than 110 million of India's population across rural and urban areas. The MSME sector has registered a CAGR of around 10% in gross value addition over the last five years.

The COVID-19 impact has been devastating on Indian start-ups and SMEs which were considered the backbone of the Indian economy.

Owing to COVID-19, all the industries are hit tremendously with no activity and it is estimated that it will take at least six months for everything to get normalised. In such scenarios, the credit to MSME sector is estimated to de-grow by ~4% owing to adverse outcomes looming large on the economy and clampdown on economic activity in the past few weeks owing to COVID-19.

Opportunities

Even though NBFCs have been diversifying into various lending segments – niche presence in few specific segments has remained a key success mantra for most NBFCs. Developing suitable innovative products to address B2B requirements and digital lending solutions to SME ecosystems will be key focus areas of growth. With increasing presence across geographies, relatively faster turnaround time and adaption of new technology platforms, there is wider scope for NBFCs to improve their retail finance penetrations. Cross-selling of existing products, mining of existing good payment track customers in the current situation and generating fee-based income has also been the emerging opportunities.

Emerging technology-driven business models provides good opportunity to transform the lending and underwriting landscape by improving productivity, lowering cost, expansion of target market segment and geographical reach.

To ensure optimum utilisation of available opportunities, the Company will be focussing on :

- Working in close coordination with TVS Motor Company through integration of systems, providing attractive financing schemes and expansion on fast recovering geographies and segments
- Undertaking measures to improve productivity and optimise cost across products
- In Used CV financing, focus will be on SCV, LCV & ICV segments and extending finance to existing customers with proven track record along with tighter credit norms
- Since agri economy is least impacted by COVID-19, expansion to new tractor dealers with better credit will be explored
- High affordability and low risk segment customers for cross-selling
- Focus on current tie-ups and early revival sectors for MSME ecosystem finance along with tightening of credit filters across all sectors

- Leverage digital marketplaces and Fin Tech companies to co-originate MSME loans in the identified sectors

Threats

Due to minimal GDP outlook, NBFC credit growth will decline around 3% to 4% in extremely challenging environment. Underscoring that COVID-19 and its aftermath will affect many businesses, the SME and retail segments will be more affected than the corporate segment. Resumption of timely repayments after moratorium, which only provides near-term respite, remains doubtful, especially for the unorganised segments with limited alternative funding avenues. NPAs are expected to rise 150 bps to 200 bps in FY21 since debt servicing ability of borrowers likely to be hit due to pandemic-led economic slowdown. With low credit growth, challenges in recovery / collections, likely rise in credit cost, weakness in asset quality will adversely affect profitability in FY21.

New Regulatory Framework – Reserve Bank of India

Reserve Bank of India has issued following important guidelines to NBFCs during the year:

- Appointment of Chief Risk Officer (CRO) for NBFCs with asset size of more than ₹50 Billion
- Amending KYC master directions with reference to changes made in Aadhaar and Other Laws (amendment) Ordinance, 2019 and amendments made by GoI to the Prevention of Money-laundering (Maintenance of Records) Rules, 2005 vide Gazette Notification G.S.R. 108(E) dated 13th February, 2019, permitting Video-based Customer Identification Process (V-CIP) as a consent-based alternate method of establishing the customer's identity, for customer onboarding
- Prudential Framework for Resolution of Stressed Assets in terms of the provisions of Section 35AA of the Banking Regulation Act, 1949, for initiation of insolvency proceedings against specific borrowers under the Insolvency and Bankruptcy Code, 2016 (IBC)

Risk Management Policy

The Company, being in the business of financing of two-wheelers, used cars, new tractors and used tractors, three-wheelers, consumer durables, used commercial vehicles and MSME has to manage various risks. These risks include credit risk, liquidity risk, interest rate risk and operational risk. In order to strengthen risk management, the Company is in the process of developing robust Enterprise Risk Management Framework and risk registers.

Risk assessment reports are periodically placed before the Risk Management Committee and the Asset Liability Management Committee for reviewing and monitoring these risks at periodic intervals.

Liquidity risk and interest rate risk arising out of maturity mismatch of assets and liabilities are managed through regular monitoring of the maturity profiles. Operational risks arising from inadequate or failed internal processes, people and systems or from external events are adequately addressed by the internal control systems and are continuously reviewed and monitored. Standard Operating Procedures are well documented to ensure enhanced control over processes and regulatory compliance.

Internal Control Systems

The Company's comprehensive and effective internal control system ensures smooth business operations, meticulously recording all transaction details and ensuring regulatory compliance and protecting the Company's assets from loss or misuse.

The Board is accountable for evaluating and approving the effectiveness of the internal controls, including financial, operational and compliance controls.

The internal control system is subject to continuous improvement, with system effectiveness assessed regularly. The internal control system is supported by an internal audit process for reviewing the adequacy and efficacy of the internal controls including its system and processes and compliance with regulations and procedures. Information provided to management is reliable and timely. Company ensures the reliability of financial reporting and compliance with laws and regulations.

Company is strengthening the controls by leveraging technology and centralising processes, enhancing monitoring and maintaining effective tax and treasury strategies.

The Audit Committee continues to monitor the effectiveness of internal control over the use of new technologies that impact the financial controls and reporting enterprise risk.

Internal Audit

As part of the effort to evaluate the effectiveness of the internal control systems, the Company's internal audit function reviews all the control measures on a periodic basis and recommends improvements, wherever appropriate. The Audit Committee regularly reviews the audit findings as well as the adequacy and effectiveness of the internal control measures.

The Company's internal control system is commensurate with its size, nature and operations.

Corporate Social Responsibility initiatives

Pursuant to Section 135 of the Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Company at the Board Meeting held on 27th March, 2015 approved a policy on CSR and the policy is hosted on the website of the Company. Based on the recommendation of the CSR Committee, the Board has approved the projects / programmes carried out as CSR activities by Srinivasan Services Trust (SST), to a sum of ₹3.80 Cr constituting more than 2% of the average net profits of the Company, made during the three immediately preceding financial years, towards CSR spending for the financial year 2019-20.

CSR activities have already been textured into the Company's value system through SST, established in 1996 with the vision of building self-reliant rural community.

Over 24 years of service, SST has played a pivotal role in changing lives of people in rural India by creating self-reliant communities that are models of sustainable development. The Company spent an additional sum of ₹8 Cr by way of contribution to PM CARES Fund, which is covered under the CSR provisions of the Act, 2013.

The Company is eligible to spend on their ongoing projects/programmes, falling within the CSR activities specified under the Act, 2013, as mandated by the MCA for carrying out the CSR activities. As required under Section 135 of the Act, 2013 read with Rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Annual Report on CSR, containing the particulars of the projects / programmes approved and recommended by CSR Committee and approved by the Board for the financial year 2019-20 are given by way of Annexure III attached to this Report.

Policy on Vigil Mechanism

The Board has adopted a Policy on Vigil Mechanism in accordance with the provisions of the Act, 2013 which provides a formal mechanism for all Directors, employees and other stakeholders of the Company, to report to the management their genuine concerns or grievances about unethical behaviour, actual or suspected fraud and any violation of the Company's Code of Business Conduct or Ethics policy.

The policy also provides a direct access to the Chairperson of the Audit Committee to make protective disclosures to the management about grievances or violation of the Company's Code of Business Conduct and Ethics. The policy is disclosed on the Company's website in the following link www.tvscredit.com.

Sexual Harassment Policy

Company has in place a Sexual Harassment Policy in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) (POSH) Act, 2013. The Company has an Internal Complaints Committee as required under POSH.

During the year under review, there were no cases filed pursuant to the provisions of POSH.

Significant and material orders

There are no significant and material orders passed by the regulators or courts or tribunals, which would impact the going concern status of the Company and its future operations.

Conservation of energy, technology absorption, foreign exchange earnings and outgo

The Company, being a non-banking finance Company, does not have any manufacturing activity and hence the reporting on "Conservation of Energy and Technology Absorption" does not arise.

Foreign currency expenditure in FY20 is ₹11.29 cr (previous year ₹15.55 cr). The Company did not have any foreign exchange earnings.

Material changes and commitments

There have been no material changes and commitments affecting the financial position of the Company, which have occurred between the end of the financial year of the Company to which the financial statements relate and to the date of the report.

Employees' remuneration

Details of Employees receiving the remuneration in excess of the limits prescribed under Section 197 of the Act, 2013 read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are annexed as a statement and given in Annexure-II. In terms of first proviso to Section 136(1) of the Act, 2013, the Annual Report, excluding the aforesaid annexure is being sent to the Shareholders of the Company. The annexure is available for inspection at the Registered Office of the Company as mentioned in the Notice of AGM and any Shareholder interested in obtaining a copy of the said annexure may write to the Company Secretary at the Registered Office of the Company. Certain incentive / performance related payments for the financial year 2019-20 for SMPs have been reduced / deferred on account of COVID-19.

Details of Loans / Guarantees / Investments made

Furnishing the details of investments under Section 186 of the Act, 2013 for the financial year 2019-20 does not arise, since the Company has not made any investment during the year under review.

In terms of Rule 11(2) of the Companies (Meetings of Board and its Powers) Rules, 2014, NBFC Companies are excluded from the applicability of Section 186 of the Act, 2013, where the loans, guarantees and securities are provided in the ordinary course of its business.

On loans granted to the employees, the Company has charged interest as per its remuneration policy, in compliance with Section 186 of the Act, 2013.

Reporting of Fraud

The Auditors of the Company have not reported any fraud as specified under Section 143(12) of the Act, 2013.

Maintenance of Cost Records

The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Act, 2013 for the business activities carried out by the Company.

ADHERENCE TO RBI NORMS AND STANDARDS

The Company has fulfilled the prudential norms and standards as laid down by RBI pertaining to income recognition, provisioning of non-performing assets and capital adequacy. The capital adequacy ratio of the Company is 17% which is well above the prescribed minimum of 15% by RBI.

As a prudent practice, the Company's current provisioning standards are more stringent than Reserve Bank of India (RBI) prudential norms. In line with its conservative approach, the Company continues to strengthen its provisioning norms beyond the RBI regulation by accelerating the provisioning to an early stage of delinquencies based on past experience and emerging trends. The Company has also complied with direction of RBI with regard to COVID-19 - regulatory package in terms of granting moratorium to eligible customers, asset classification and provisioning requirements.

The Fair Practices Code and KYC norms framed by RBI seek to promote good and fair practices by setting minimum standards in dealing with customers, increase transparency, so that customers have a better understanding of what they can reasonably expect of the services being offered, encourage market forces through competition to achieve higher operating standards, promote fair and cordial relationships between customers and the finance company and foster confidence in the NBFC system.

The Company has put in place all the Committees prescribed by RBI and have formulated a comprehensive Corporate Governance Policy. The Company has instituted a mechanism to monitor and review adherence to the Fair Practices Code, KYC norms, and Investment & Credit policies as approved by the Board of Directors.

ACKNOWLEDGEMENT

The Directors gratefully acknowledge the continued support and co-operation received from the holding Company, namely TVS Motor Company Limited and other investors. The Directors thank the bankers, investing institutions, customers, dealers of TVS Motor Company Limited and Tractors and Farm Equipment Limited and all channel partners for their valuable support and assistance.

The Directors wish to place on record their appreciation of the very good work done by all the employees of the Company during the year under review.

First, set the benchmark. Then, raise it.

When you aim for improvement, excellence follows, whether in the sporting arena or in the financial services sector. Our efforts to scale greater heights this year led to our Tractor Loan business appreciating by 41%, while our Used Commercial Vehicle Loan business grew by 114%. We are happy to share that our Total Income grew by 23% over the last year.

TVSCREDIT

You may be good, but great lies ahead.

What makes a champion? The conviction that 'good' just isn't good enough. We strive to put this belief into practice at work, every day in every possible way. It inspires our 13,100 employees to never give up, no matter how long or winding the road, until they have reached their goal.

To the Members of TVS Credit Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of TVS Credit Services Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IND-AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S.No.	Key Audit Matter	Auditor's Response.
1	<p>Allowance for Impairment under IND-AS 109</p> <p>The standard prescribes provisioning of stage wise Expected Credit Loss (ECL) against the loans issued by the Company, with the value of provisioning being based upon the number of days the receivable is past its due.</p> <p>RBI vide its directive issued on 13th March, 2020 has mandated that ECL provision under IND-AS and the provision as required under IRACP norms of RBI shall be compared. In the event the provisioning under ECL norms of IND-AS is lower than that of the IRACP norms, the shortfall shall be provided by way of an appropriation from Profit after Tax to an "Impairment Reserve".</p>	<p>Principal Audit Procedures</p> <p>We have understood the Company's estimation of the stage allocation of the loan assets and understood the policy in place for computation of parameters required to arrive at the expected credit loss and verified for the consistency in application of the policy.</p> <p>We have performed, substantive checks on the calculation, including independent calculation of the parameters, that are estimated by the Company as part of computation of ECL. We have also engaged in analytical tests including but not limited to trend analysis of the ECL number against the loan receivables in comparison to some of the other companies in the same business profile.</p> <p>We have compared ECL provision as computed under IND-AS and the comparative requirement under IRACP norms of RBI, ECL provision computed under IND-AS was found to be higher than the requirement under IRACP. Hence, there was no requirement for an "Impairment Reserve".</p> <p>The Company has also made adequate disclosure in the notes forming part of financial statements regarding the provisions held and adhered to the disclosure requirements prescribed by the RBI.</p>

2	Application of IND-AS 116 From 1 st April, 2019, IND-AS 116 has to be applied on all applicable leasing contracts with the application and appropriate accounting treatment of identifying lease liability, right to use asset, interest on such lease.	Principal Audit Procedures The Company has employed an external agency to assist with the transition into IND-AS 116 during the financial year and has extensively documented, for each of its leases, based on a policy of general materiality, the applicability or non-applicability of the standard, to such lease. We have verified the new leases during the year for additional locations and have found that the approach applied is consistent to the policy in place and also in line with the requirements of the standard. We have also performed an independent verification of the calculation of the lease liability, interest on lease and right to use assets based on the information made available to us and found the results satisfactory.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon.

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholders' Information, but does not include the standalone financial statements and our Auditor's Report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Emphasis of Matter

As described in the Note no. 36 to the annual financial results, in respect of accounts overdue but standard as on 29th February, 2020 where moratorium benefit has been granted, the staging of those accounts as on 31st March, 2020 is based on the days past due status as on 29th February, 2020 in accordance with the Reserve Bank of India COVID-19 Regulatory Package and accordingly, the prescribed provision has also been carried in books for such accounts. Our opinion is not modified in respect of the above matter.

Responsibilities of the Management and Board of Directors, for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND-AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to

liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher, than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern
- Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) To evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance, a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose our audit.
- (b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with book of accounts.
- (d) In our opinion, the aforesaid standalone financial statements comply with Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014.
- (e) On the basis of written representations received from the Directors as on 31st March, 2020 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2020 from being appointed as Directors in term of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over the financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.
- (h) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on the financial position in its standalone financial statements- Refer Note 41(3) to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, the Investor Education and Protection Fund by the Company.

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **TVS Credit Services Limited** ("the Company"), "Chaitanya", No.12, Khader Nawaz Khan Road, Chennai - 600 006, as of **31st March, 2020** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's and Board of Directors Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained, and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Significant Accounting Policies forming part of Financial Statements

COMPANY BACKGROUND

TVS Credit Services Limited ('the Company') is a public limited company incorporated and domiciled in India. The registered office is located at "Chaitanya", No. 12 Khader Nawaz Khan Road, Nungambakkam, Chennai – 600 006, Tamil Nadu, India. The Company is a subsidiary of TVS Motor Company Limited.

The Company has received Certificate of Registration dated 13th April, 2010 from Reserve Bank of India (RBI) and commenced Non-Banking Financial activity thereon. The Company is categorised as Systemically Important Non-Banking Finance (Non-Deposit Accepting or Holding) Company, as defined under Section 45-IA of Reserve Bank of India (RBI) Act, 1934. The Company is engaged predominantly in Automobile Financing. The Company falls under the new category of "NBFC - Investment and Credit Company (NBFC-ICC)" post RBI merger of the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) during February 2019.

SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation of accounts:

The financial results of the Company have been prepared in accordance with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

The Company has adopted IND-AS from 1st April, 2018 with effective transition date of 1st April, 2017 pursuant to MCA notification dated 31st March, 2016 and financial statements has been prepared in accordance with Division III of Schedule III of Companies Act 2013 notified by MCA on 11th October, 2018. Further, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) are measured at fair value as stated in notes;
- Defined benefit plans – plan assets measured at fair value.

c. Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d. Significant estimates and judgements

The areas involving critical estimates are:

- Determining inputs into the ECL measurement model - (Refer Note 36)
- Estimation of defined benefit obligation - (Refer Note 34)

The areas involving critical judgements are:

- Classification of financial assets: Assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI (Solely Payments of Principal and Interest) on the principal amount outstanding
- Derecognition of financial assets and securitisation
- Categorisation of loan portfolios

e. Property, Plant and Equipment (PPE)

Items of property, plant & equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

f. Depreciation

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Part C of Schedule II of the Companies Act, 2013 except in the case of mobile phone, based on the technical evaluation wherein the useful life is considered as 2 years.

Depreciation on PPE individually costing ₹5,000/- or less is provided 100% in the year of acquisition.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

Depreciation on fixed assets added/disposed off during the year is calculated on pro-rata basis with reference to the date of addition/disposal.

g. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

h. Intangible assets

Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life. Software is amortised over 3 years period or the licence period whichever is lower on Straight Line basis.

i. Financial assets and financial liabilities:**1. Classification:**

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

- a) Fair value through other comprehensive income (FVOCI),
- b) Fair value through profit or loss (FVTPL), and
- c) Amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business Model Assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial liabilities

The Company classifies its financial liabilities, other than fully hedged foreign currency loans, financial guarantees and loan commitments, as measured at amortised cost or fair value through profit or loss.

2. Measurement:

At initial recognition, the Company measures a financial assets that are not at fair value through profit or loss at its fair value plus/(minus), transaction costs / origination income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

i. Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

ii. Fair Value through Profit or Loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

3. Revenue Recognition:

i. Income from Financing Activity

- a. Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.

When you embrace it, technology becomes the wind beneath your wings.

Technology never ceases to amaze us as it surges ahead. At TVS Credit, we have always used it to get closer to those Indians for whom financial assistance was but a distant dream. Towards this end, in the past year, we introduced our Chatbot and WhatsApp Bot to answer customer queries instantly, while we also simplified several processes through Robotics Process Automation.

TVSCREDIT

Those who adapt to change will always find success.

As we grew over the years, we adapted our business model and launched numerous products to fulfill the aspirations of our fellow Indians. To reflect this evolution of TVS Credit into a full-fledged financier, we launched our new Brand Identity last year.

TVSCREDIT

- b. For financial assets that are not Purchases Originally Credit Impaired "POCI" but have subsequently become credit-impaired (or 'stage-3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost and interest recognised is net of expected credit loss provision.
 - c. Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.
- ii. Other revenue from operations
 - a. Fees and commission income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed and there is no significant financing component of the consideration.
 - b. Dividend income is recognised when the right to receive income is established.
 - c. Incomes in the nature of bounce and related charges are recognised on realisation, due to uncertainty in collection.

4. Impairment of financial assets:

The Company recognises loss allowance for Expected Credit Loss "ECL" on the following financial instruments that are not measured at FVTPL:

- i. Loans
- ii. Trade receivables
- iii. Other receivables

i. Loans and Other receivables

The Company measures loss allowances at an amount equal to lifetime ECL, except for financial instruments whose credit risk has not increased significantly since initial recognition, for which a 12-month ECL is computed.

Life-time ECL is based on the result from all possible default events over the expected life of the financial instrument.

12-month ECL is based on the result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL	Regulatory standards
Stage 1	30 Days Past Due	12-Month ECL	Equivalent to standard assets as per RBI
Stage 2	31-90 Days Past Due	Life-time ECL	
Stage 3	More than 90 Days Past Due	Life-time ECL	Equivalent to NPA assets as per RBI

Measurement of ECL

ECL is a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.

ii. Trade Receivables:

For trade receivables only, the Company applies the simplified approach which requires lifetime ECL to be recognised from initial recognition of the receivables.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost as a deduction from the gross carrying amount of the assets.

Write-off

Loans are written off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

5. Derecognition of financial assets and financial liabilities:

A financial asset is derecognised only when:

The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

6. Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates derivatives taken on External Commercial Borrowings (ECB) as Cashflow Hedges (hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 35. Movements in the hedging reserve in shareholders' equity are shown in Note 22.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the "other comprehensive income". The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

7. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

j. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. They are recognised initially at their fair value and subsequently measured at amortised cost.

k. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the balance sheet.

l. Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

- i. Deferred income tax provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- ii. Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

The Taxation Laws (Amendment) Ordinance, 2019 contain substantial amendments in the Income Tax Act, 1961 and the Finance (No.2) Act, 2019 to provide an option to domestic companies to pay income tax at a concessional rate. The Company has elected to apply the concessional tax rate. Accordingly, the Company has recognised the provision for income tax and re-measured the net deferred tax assets at concessional rate for the year ended 31st March, 2020. Further, the opening net deferred tax asset has been re-measured at lower rate with a one-time impact recognised in the statement of profit and loss.

m. Employee Benefits:

- i. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- ii. The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

iii) Post-employment Obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees, pension plan for its senior managers; and
- Defined contribution plans such as provident fund.

a. Pension and gratuity obligation

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

b. Provident fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

n. Functional Currency:

i. Functional and presentation currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e., in Indian rupees (INR) and all values are rounded off to nearest crore except where otherwise indicated.

ii. Transactions and balances:

- Foreign currency transactions are translated into functional currency using exchange rates at the date of transaction.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

o. Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

Finance charges are expensed in the period in which they are incurred.

p. Borrowings cost

Borrowing costs are expensed in the period in which they are incurred.

q. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions of non-cash nature.

r. Earnings per share

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

s. Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Lease

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under IND-AS 116.

The Company as a lessee, assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

- i. The use of an identified asset,
- ii. The right to obtain substantially all the economic benefits from use of the identified asset,
- iii. The right to direct the use of the identified asset.

The Company at the inception of the lease contract recognises a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the incremental borrowing rate.

For short-term leases and low value assets (assets of less than ₹ 500,000 in value), the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date, the group relied on its assessment made applying IND-AS 17

Lease payments have been classified as Cash flow used in financing activities.

The new standard is mandatory for financial years commencing on or after 1st April, 2019 and early application is not permitted. The standard permits either a full retrospective or a modified retrospective approach for the adoption. Accordingly, the Company has adopted IND-AS 116, Leases, effective 1st April, 2019 using modified retrospective method of transition. Adoption of this standard did not have a material effect on audited financial results for the year ended 31st March, 2020.

u. Segment reporting

There is no separate reportable segment as per IND-AS 108 on 'Operating Segments' in respect of the Company.

v. Provisions

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

w. Contingent liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

x. Share-based payments

Equity-settled share-based payments for receipt of services are measured at the estimated average fair value of the equity instruments over the vesting period. The average fair value is determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

y. Equity

Equity shares are classified as equity. Distributions to holders of an equity instrument are recognised by the entity directly in equity. Transaction costs of an equity transaction shall be accounted for as a deduction from equity.

iii. Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yield.

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

iv. Defined contribution plans

The Company's contribution to defined contribution plan viz., provident fund, of ₹ 17.86 (31st March, 2019: ₹ 10.56) has been recognised in the Statement of Profit and Loss. There are numerous interpretative issues relating to the Supreme Court (SC) judgement dated 28th February, 2019 on components / allowances paid to employees that need to be taken into account while computing an employer's contribution to provident fund under the EPF Act. The Company is in the process of evaluating the method of computation of its PF contribution in relation to above judgement and would record any further effect in its financial statements, on receiving further clarification on the subject.

i. Fair value hierarchy

IND-AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under IND-AS 113 are described below:

Financial assets and liabilities measured at fair value - recurring fair value measurements (Level 2)	31 st March, 2020	31 st March, 2019
Financial assets		
Cross Currency Swap	-	15.03
Derivative Financial Instruments	23.63	-
Total financial assets	23.63	15.03
Fair value of Financial assets and liabilities carried at amortised cost (Level - 3)	31st March, 2020	31st March, 2019
Financial assets		
Loan to Employees	8.72	7.03
Advances to Related Parties	86.11	114.35
Security Deposit for Leased Premises	7.54	6.60
Total financial assets	102.38	127.98

There were no transfers between any levels during the year.

(All amounts in ₹ Crore, unless otherwise stated)

NOTE 35 Fair Value Measurements (Contd.)

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii. Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- The fair value of forward foreign exchange contracts and cross currency interest rate swaps (CCIRS) is determined using forward exchange rates at the balance sheet date
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis

All of the resulting fair value estimates are included in level 3 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

iii. Valuation process

Discount rates are determined using a market interest rate for a similar asset adjusted to the risk specific to the asset.

iv. Fair value of financial assets and liabilities measured at amortised cost

31 st March, 2020	Carrying amount	Fair value
Financial assets		
Loan to Employees	8.72	8.72
Advances to Related Parties	80.86	86.11
Security Deposit for Leased Premises	7.54	7.54
Total financial assets	97.13	102.38
31 st March, 2019	Carrying amount	Fair value
Loan to Employees	7.03	7.03
Advances to Related Parties	110.17	114.35
Security Deposit for Leased Premises	6.60	6.60
Total financial assets	123.80	127.98

The fair values for receivable from holding company and rent advance were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The majority of borrowings are floating rate borrowings, the carrying value is representative of the fair value.

NOTE 36 Financial Risk Management

(A) Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the creditworthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other Financial Assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment, the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other Financial Assets.

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on Number of Days past due information. The amount represents gross carrying amount.

Particulars	31 st March, 2020	31 st March, 2019
Gross Carrying value of Loans		
Stage-1 (Less than 30 Days)	8,407.16	7,767.27
Stage-2 (31-90 Days)	869.84	321.98
Stage-3 (More than 90 Days)	370.66	274.69
Total Gross Carrying Value on Reporting Date	9,647.66	8,363.94

Credit Quality

Financial services business has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loans assets under ECL model, the loan assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- "Loss given default" (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model:

- "Probability of default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months

(All amounts in ₹ Crore, unless otherwise stated)

NOTE 36 Financial Risk Management (Contd.)

- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenure
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals

There is no change in estimation techniques or significant assumptions during the reporting period.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the Board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated 27th March, 2020 and 17th April, 2020 relating to 'COVID-19 – Regulatory Package', the Company has offered moratorium upto three months on the payment of instalments falling due between 1st March, 2020 and 31st May, 2020 to all eligible borrowers.

For staging classification under ECL computation, the Company has exercised standstill option of asset classification for overdue standard accounts classified under Stage 2 as at 29th February, 2020, for which moratorium has been granted. Above relaxation has not been deemed to be automatically triggering significant increase in credit risk based on assessment of the Company. During the moratorium period, the Company continues to recognise interest income and has made the judgement that the granting of a moratorium period does not result in accounts becoming past due and automatically triggering Stage 3 classification criteria.

COVID-19 has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company's assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. The Company has followed same methodologies and assumptions for impairment loss allowance calculations followed in earlier quarters with additional consideration for COVID-19 related impact and the associated support packages in the measurement of impairment loss allowance. Since the Company's impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

Definition of default

The definition of default used for internal credit risk management purposes is based on RBI Guidelines. Under IND-AS, Loans to be in default when it is more than 90 days past due. The financial services business considers Loans under default as 'credit impaired'.

Impairment loss

The expected credit loss allowance provision is determined as follows:

NOTE 37 Financial Risk Management

(a) Foreign currency risk exposure

Foreign exchange risk arises on financial instruments being denominated in a currency that is not the functional currency of the entity. The Company is exposed to foreign exchange risk due to continuous fluctuation in the foreign currency (USD) of the loan originated. The Company has entered into cross currency swaps (CCS) / forward contracts/ Interest rate swap to fully hedge all foreign currency exchange risk on the principal and interest amount payable on borrowings.

	31 st March, 2020	31 st March, 2019
Financial liabilities		
Variable Foreign Currency Borrowings	634.84	252.68
Derivative liabilities		
Hedged through derivatives	634.84	-
Hedged through CCS	-	257.59
Net exposure to foreign currency risk (liabilities)	-	(4.90)

(b) Sensitivity analysis:

The Company has hedged all its foreign currency exposures by entering into CCS/ Forwards contracts, it shall not be subject to any sensitivity on settlement due to foreign currency fluctuation (USD). Forward Contract & Cross Currency Swap are to buy USD for Hedging Foreign Currency Loan.

Impact on profit after tax		
USD sensitivity	31 st March, 2020	31 st March, 2019
INR/USD Increases by 5%	-	(0.16)
INR/USD Decreases by 5%	-	0.16

(All amounts in ₹ Crore, unless otherwise stated)

NOTE 37 Financial Risk Management

(i) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March, 2020 and 31st March, 2019, the Company's borrowings at variable rate were mainly denominated in INR, USD.

The Company's floating rate borrowings are carried at amortised cost. For NBFC, business loan is the major source for running the business. In India, loans are mostly available at Floating Rate Interest. And there are no such option available to obtain an option for swapping the Floating Rate Interest with Fixed Interest. Hence, except foreign currency loans, other loans are not hedged.

(a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

	31 st March, 2020	31 st March, 2019
Variable rate borrowings	7,173.54	6,324.62
Total borrowings	8,559.56	7,317.76

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

	31 st March, 2020		
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	8.30%	7,173.54	83.81%
	31 st March, 2019		
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	9.12%	6,324.62	86.43%

An analysis by maturities is provided in Note 36 B (ii) above.

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Other components of equity change as a result of an increase/decrease in the fair value of the cash flow hedges related to borrowings.

	Impact on profit after tax	
	31 st March, 2020	31 st March, 2019
Interest rates – increase by 50 basis points*	32.03	23.93
Interest rates – decrease by 50 basis points*	(32.03)	(23.93)

* Holding all other variables constant.

(All amounts in ₹ Crore, unless otherwise stated)

NOTE 38 Capital Management

(a) Risk management

The Risk Management policy includes identification of element of risks, including those which in the opinion of Board may lead to Company not meeting its financial objectives. The risk management process has been established across the Company and designed to identify, access & frame a response to threat that affect the achievement of its objectives. Further, it is embedded across all the major functions and revolve around the goals and objectives of the Company.

Maintaining optimal capital to debt is one such measure to ensure healthy returns to the shareholders. Company envisages maintaining gearing ratio of 6 times to the total equity, the Company monitors the ratio as below Net Debt divided by total equity

	31 st March, 2020	31 st March, 2019
Net debt (total borrowings, less cash and cash equivalents)	8,202.20	7,240.72
Total Equity (as shown in the balance sheet)	1,372.03	1,151.10
Net debt to equity ratio	5.98	6.29

(b) Externally imposed capital restrictions

- As per RBI requirements, Capital Adequacy Ratio should be minimum 15%, not meeting RBI requirements will lead to cancellation of NBFC licenses issued by RBI
- As per various lending arrangements with banks TOL (Total Outside Liability) to TNW (Total Net Worth) ratio should be less than 8, not meeting the said requirements may lead to higher interest rates

The Company has complied with these covenants throughout the reporting period.

NOTE 39 Transition Notes on adoption of IND-AS 116

The Company has adopted IND-AS 116 'Leases' with the date of initial application being 1st April, 2019. IND-AS 116 replaces IND-AS 17 – Leases. The Company has applied IND-AS 116 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1st April, 2019. As a result, the comparative information has not been restated. In adopting IND-AS 116, the Company has applied the below practical expedients:

- The Company has not reassessed whether a contract is, or contains, a lease at the date of initial application
- The Company applied a single discount rate for all leases arrangements since they have reasonably similar characteristics
- The Company relied on its assessment of whether leases are onerous applying IND-AS 37, Provisions, Contingent Liabilities and Contingent Assets, immediately before the date of initial application as an alternative to performing an impairment review as per IND-AS 36 Impairment of assets
- The Company has treated the leases with remaining lease term of less than 12 months as "short term leases"
- The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition
- The Company used hindsight, such as in determining the lease term if the contract contains options to extend or terminate the lease.
- Effective 1st April, 2019, the Company has applied IND-AS 116 "Leases", using the modified retrospective approach. As a result, the Company has recognised Right of Use - assets amounting to ₹21.93 crores and lease liability of ₹24.89 crore, with net impact of ₹1.93 crore recognised in retained earnings as at 1st April, 2019 and ₹1.03 crore in deferred tax.

Measurement of lease liabilities

The lease liabilities as at 1st April, 2019 can be reconciled to the operating lease commitments as of 31st March, 2019, as follows:

Particulars	Amount
Operating lease commitments disclosed as at 31 st March, 2019	47.36
Weighted average incremental borrowing rate as at 1 st April, 2019	8.75%
Discounted using the lessee's incremental borrowing rate of at the date of initial application	37.44
Adjustments as a result of a different treatment of extension and termination options	(12.54)
Lease liabilities as at 1st April, 2019	24.89

The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial results.

- Pursuant to a Business Transfer Agreement (BTA) entered into with TVS Finance and Services Limited (TVSFS) on 21st April, 2010, the Company acquired the retail finance business of TVSFS as a going concern along with the related assets (comprising of fixed assets, receivables, loans and advances and Bank balances) of ₹ 50.75 crore and liabilities (comprising of borrowings from Banks and Institution, current liabilities and provisions) of ₹ 298.75 crore. TVSFS issued Unsecured Redeemable Bonds to the Company, for the excess of liabilities over assets of ₹ 248 crore. The bonds are redeemable between 7th and 12th year from the date of allotment. The said bonds have been purchased by TVS Motor Services Limited (TVSMS), during 2010-11 at book value and the same is repayable by TVSMS in 6 years. Instalment of ₹ 41.33 crore due in March 2020 has been paid by TVSMS. Accordingly, the advance from TVSMS to the Company pertaining to this transaction stands at ₹ 78.20 crore as at 31st March, 2020 as per IND-AS fair valuation. Advance is partly secured to the extent of ₹ 52.15 crore and balance portion of ₹ 26.05 crore is unsecured. Considering the intrinsic value of land lying with TVSMS and equity shares held by TVSMS in the Company, the unsecured advance is considered good and recoverable.
- Pursuant to para 2 of general instructions for preparation of financial statements of a NBFC as mentioned in Division III of Schedule III of The Companies Act, 2013, the current and non-current classification has not been provided.
- As at the balance sheet date, the Company has received dues of ₹ 0.01 crore (PY – ₹ 0.38 crore) included under bank balances, arising out of the assigned asset and the same is shown under payables (Note No. 14)

To the members of TVS Credit Services Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of TVS Credit Services Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31st March, 2020, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013, ('the Act') in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('IND-AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2020, the consolidated profit, consolidated total comprehensive Income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the *Code of Ethics issued by Institute of Chartered Accountants of India (ICAI)*, together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013 and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significant in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1	<p>Allowance for Impairment under IND-AS 109</p> <p>The standard prescribes provisioning of stage wise Expected Credit Loss against the loans issued by the Company, with the value of provisioning being based upon the number of days the receivable is past its due.</p> <p>RBI vide its directive issued on 13th March, 2020 has mandated that ECL provision under IND-AS and the provision as required under IRACP norms of RBI shall be compared. In the event, the provisioning under ECL norms of IND-AS is lower than that of the IRACP norms, the shortfall shall be provided by way of an appropriation from Profit after Tax to an "Impairment Reserve".</p>	<p>Principal Audit Procedures</p> <p>We have understood the Company's estimation of the stage allocation of the loan assets and understood the policy in place for computation of parameters required to arrive at the expected credit loss and verified for the consistency in application of the policy.</p> <p>We have performed, substantive checks on the calculation, including independent calculation of the parameters, that are estimated by the Company as part of computation of ECL. We have also engaged analytical tests including but not limited to trend analysis of the ECL number against the loan receivables in comparison to some of the other companies in the same business profile.</p> <p>We have compared ECL provision as computed under IND-AS and the comparative requirement under IRACP norms of RBI, ECL provision computed under IND-AS was found to be higher than the requirement under IRACP. Hence, there was no requirement for an "Impairment Reserve".</p> <p>The Company has also made adequate disclosure in the notes forming part of financial statements regarding the provisions held and adhered to the disclosure requirements prescribed by the RBI.</p>

S.No.	Key Audit Matter	Auditor's Response
2	Application of IND-AS 116 From 1 st April, 2019, IND-AS 116 has to be applied on all applicable leasing contracts with the application and appropriate accounting treatment of identifying lease liability, right to use asset, interest on such lease.	Principal Audit Procedures The Company has employed an external agency to assist with the transition into IND-AS 116 during the financial year and has extensively documented, for each of its leases, based on a policy of general materiality, the applicability or non-applicability of the standard, to such lease. We have verified the new leases during the year for additional locations and have found that the approach applied is consistent to the policy in place and also in line with the requirements of the standard. We have also performed an independent verification of the calculation of the lease liability, interest on lease and right to use assets based on the information made available to us and found the results satisfactory.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Emphasis of Matter

As described in the Note no. 35 to the consolidated financial statements, in respect of accounts overdue but standard as on 29th February, 2020 where moratorium benefit has been granted, the staging of those accounts as on 31st March, 2020 is based on the days past due status as on 29th February, 2020 in accordance with the Reserve Bank of India COVID-19 Regulatory Package and accordingly, the prescribed provision has also been carried in books for such accounts. Our opinion is not modified in respect of the above matter.

Responsibilities of Management and Board of Directors, for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group, in accordance with the IND-AS and other accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the each of the companies in the Group, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group, are responsible for overseeing the financial reporting process of each of the companies in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher, than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company, its subsidiary companies which are incorporated in India and outside India, has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the companies in the Group, to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are

therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements/financial information of six subsidiaries, whose financial statements / financial information reflect total assets of ₹13.14 crore as at 31st March, 2020, total revenues of ₹0.72 crore and net cash outflows amounting to ₹0.28 crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the Directors of the Holding Company as on 31st March, 2020 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, none of the Directors of the Group companies, is disqualified as on 31st March, 2020 from being appointed as a Director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group consisting of subsidiaries, which are all incorporated in India, and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. - Refer Note 40(3) to the consolidated financial statements.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting Standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2020, we have audited the internal financial controls over financial reporting of **TVS Credit Services Limited** (hereinafter referred to as the 'Holding Company'), "Chaitanya", No.12, Khader Nawaz Khan Road, Chennai - 600 006, and its subsidiaries.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company, its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company, its subsidiary companies, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained, and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company, its subsidiaries, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies which are all incorporated in India, have, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **31st March, 2020**, based on internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to its subsidiary companies and, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

SIGNIFICANT ACCOUNTING POLICIES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. Significant Accounting Policies forming part of Financial Statements

BRIEF DESCRIPTION OF THE GROUP

TVS Credit Services Limited ('the Company') is a public limited company incorporated and domiciled in India. The registered office is located at "Chaitanya", No. 12 Khader Nawaz Khan Road, Nungambakkam, Chennai – 600 006, Tamil Nadu, India. The Company with its subsidiaries is collectively referred to as the "Group".

The Company has received Certificate of Registration dated 13th April, 2010 from Reserve Bank of India (RBI) and commenced Non-Banking Financial activity thereon. The Company is categorised as Systemically Important Non-Banking Finance (Non-Deposit Accepting or Holding) Company, as defined under Section 45-IA of Reserve Bank of India (RBI) Act, 1934. The Company is engaged predominantly in Automobile Financing. The Company falls under the new category of "NBFC - Investment and Credit Company (NBFC-ICC)" post RBI merger of the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) during February 2019.

SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation of accounts:

The financial results of the Company have been prepared in accordance with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

The Company has adopted IND-AS from 1st April, 2018 with effective transition date of 1st April, 2017 pursuant to MCA notification dated 31st March, 2016 and financial statements has been prepared in accordance with Division III of Schedule III of Companies Act 2013 notified by MCA on 11th October, 2018. Further, the Company follows application guidance, clarifications, circulars and directions issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC) or other regulators, as and when they are issued and applicable.

Principles of Consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are consistent with the policies adopted by the Group.

Non-controlling interests (if any) in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet, respectively.

The subsidiary companies considered in consolidated financial statements are:

S.No.	Name of the Subsidiary	Proportion of Ownership (Interest/voting power -%)		Reporting Date
		2019-20	2018-19	
1	Haritha ARC Services Private Limited	100%	100%	31-03-2020
2	Haritha Collection Services Private Limited	100%	100%	31-03-2020
3	TVS Commodity Financial Solutions Private Limited	100%	100%	31-03-2020
4	TVS Housing Finance Private Limited	100%	100%	31-03-2020
5	TVS Micro Finance Private Limited	100%	100%	31-03-2020
6	TVS Two Wheeler Mall Private Limited	100%	100%	31-03-2020

All the subsidiaries are incorporated in India

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) are measured at fair value as stated in notes;
- Defined benefit plans – plan assets measured at fair value.

c. Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

d. Significant estimates and judgements

The areas involving critical estimates are:

- Determining inputs into the ECL measurement model - (Refer Note 35)
- Estimation of defined benefit obligation - (Refer Note 33)

The areas involving critical judgements are:

- Classification of financial assets: Assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI (Solely Payments of Principal and Interest) on the principal amount outstanding
- Derecognition of financial assets and securitisation
- Categorisation of loan portfolios

e. Property, Plant and Equipment (PPE)

Items of property, plant & equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

f. Depreciation

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Part C of Schedule II of the Companies Act, 2013 except in the case of mobile phone, based on the technical evaluation wherein the useful life is considered as 2 years.

Depreciation on PPE individually costing ₹5,000/- or less is provided 100% in the year of acquisition.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

Depreciation on fixed assets added/disposed off during the year is calculated on pro-rata basis with reference to the date of addition/disposal.

g. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

h. Intangible assets

Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life. Software is amortised over 3 years period or the licence period whichever is lower on Straight Line basis.

i. Financial assets and financial liabilities:

1. Classification

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

- a. Fair value through other comprehensive income (FVOCI),
- b. Fair value through profit or loss (FVTPL), and
- c. Amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business model assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial liabilities

The Company classifies its financial liabilities, other than fully hedged foreign currency loans, financial guarantees and loan commitments, as measured at amortised cost or fair value through profit or loss.

2. Measurement

At initial recognition, the Company measures a financial assets that are not at fair value through profit or loss at its fair value plus/(minus), transaction costs / origination Income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments.

a. Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual

terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

b. Fair Value through profit or loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

3. Revenue Recognition

a. Income from financing activity

- i. Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.
- ii. For financial assets that are not Purchases Originally Credit Impaired "POCI" but have subsequently become credit-impaired (or 'stage-3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost and interest recognised is net of expected credit loss provision.
- iii. Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.

b. Other revenue from operations

- i. Fees and commission income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed and there is no significant financing component of the consideration.
- ii. Dividend income is recognised when the right to receive income is established.
- iii. Incomes in the nature of bounce and related charges are recognised on realisation, due to uncertainty in collection.

4. Impairment of Financial Assets

The Company recognises loss allowance for Expected Credit Loss "ECL" on the following financial instruments that are not measured at FVTPL:

- i. Loans
- ii. Trade receivables
- iii. Other receivables
- i. Loans and Other receivables

The Company measures loss allowances at an amount equal to lifetime ECL, except for financial instruments whose credit risk has not increased significantly since initial recognition, for which a 12-month ECL is computed.

Life-time ECL is based on the result from all possible default events over the expected life of the financial instrument.

12-month ECL is based on the result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL	Regulatory standards
Stage 1	30 Days Past Due	12-Month ECL	Equivalent to standard assets as per RBI
Stage 2	31-90 Days Past Due	Lifetime ECL	
Stage 3	More than 90 Days Past Due	Lifetime ECL	Equivalent to NPA assets as per RBI

Measurement of ECL

ECL is a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.

ii. Trade Receivables:

For trade receivables only, the Company applies the simplified approach which requires lifetime ECL to be recognised from initial recognition of the receivables.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost as a deduction from the gross carrying amount of the assets.

Write-off

Loans are written off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

5. Derecognition of Financial Assets and Financial Liabilities:

A financial asset is derecognised only when:

The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

6. Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

When your reach and coverage rise, so does your performance.

Just faster is never enough - you have to go further, too. We did just that in order to get closer to our customers. One way in which we achieved this was to set up Used Commercial Vehicle Loan nano-branches near transport hubs. For the convenience of businesses, we opened several MSME Loan branches near industrial zones. We also expanded our Two Wheeler Loan network by increasing our presence in 485 TVS Motor dealerships.

TVSCREDIT

TVSCREDIT

The Company designates derivatives taken on foreign external currency borrowings (ECB) as Cashflow Hedges (hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions).

The Company documents at the inception of the hedging transaction, the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions.

The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 34. Movements in the hedging reserve in shareholders' equity are shown in Note 21.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the "other comprehensive income". The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

7. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

j. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. They are recognised initially at their fair value and subsequently measured at amortised cost.

k. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the balance sheet.

l. Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted on substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

i. Deferred income tax provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

ii. Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

The Taxation Laws (Amendment) Ordinance, 2019 contain substantial amendments in the Income Tax Act, 1961 and the Finance (No.2) Act, 2019 to provide an option to domestic companies to pay income tax at a concessional rate. The Company has elected to apply the concessional tax rate. Accordingly, the Company has recognised the provision for income tax and re-measured the net deferred tax assets at concessional rate for the year ended 31st March, 2020. Further, the opening net deferred tax asset has been re-measured at lower rate with a one-time impact recognised in the statement of profit and loss.

m. Employee benefits:

- a) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- b) The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

c) Post-employment Obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees, pension plan for its senior managers; and
- Defined contribution plans such as provident fund.

i. Pension and gratuity obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

ii. Provident fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

n. Functional currency:

a) Functional and presentation currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e., in Indian rupees (INR) and all values are rounded off to nearest lakh except where otherwise indicated

b) Transactions and balances:

- Foreign currency transactions are translated into functional currency using exchange rates at the date of transaction

- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss

o. Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

Finance charges are expensed in the period in which they are incurred.

p. Borrowings cost:

Borrowing costs are expensed in the period in which they are incurred.

q. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions of non-cash nature.

r. Earnings per share

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

s. Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Lease

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under IND-AS 116.

The Company as a lessee, assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:-

- (a) The use of an identified asset,
- (b) The right to obtain substantially all the economic benefits from use of the identified asset,
- (c) The right to direct the use of the identified asset.

The Company at the inception of the lease contract recognises a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the incremental borrowing rate.

For short-term leases and low value assets (assets of less than ₹ 500,000 in value) the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the group relied on its assessment made applying IND-AS 17.

Lease payments have been classified as Cash flow used in financing activities

The new standard is mandatory for financial years commencing on or after 1st April, 2019 and early application is not permitted. The standard permits either a full retrospective or a modified retrospective approach for the adoption. Accordingly, the Company has adopted IND-AS 116, Leases, effective 1st April, 2019 using modified retrospective method of transition. Adoption of this standard did not have a material effect on audited financial results for the year ended 31st March, 2020.

u. Segment reporting

There is no separate reportable segment as per IND-AS 108 on 'Operating Segments' in respect of the Company.

v. Provisions

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

w. Contingent liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

x. Share-based payments

Equity-settled share-based payments for receipt of services are measured at the estimated average fair value of the equity instruments over the vesting period. The average fair value is determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

y. Equity

Equity shares are classified as equity. Distributions to holders of an equity instrument are recognised by the entity directly in equity. Transaction costs of an equity transaction shall be accounted for as a deduction from equity.

NOTE 33 Employee Benefit Obligations

Defined Benefit Obligation

The Company provides for gratuity employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised fund in India.

The Company operates defined benefit pension plan, which provide benefits to members in the form of a guaranteed level of pension payable for life. The level of benefits provided depends on members' length of service and their salary in the final years leading up to retirement.

(iii) Risk exposure:

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yield;

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

(iv) Defined contribution plans:

The Company's contribution to defined contribution plan viz., provident fund, of ₹17.86 (31st March, 2019: ₹10.56) has been recognised in the Statement of Profit and Loss. There are numerous interpretative issues relating to the Supreme Court (SC) judgement dated 28th February, 2019 on components / allowances paid to employees that need to be taken into account while computing an employer's contribution to provident fund under the EPF Act. The Company is in the process of evaluating the method of computation of its PF contribution in relation to above judgement and would record any further effect in its financial statements, on receiving further clarification on the subject.

(i) Fair value hierarchy

IND-AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under IND-AS 113 are described below:

Financial assets and liabilities measured at fair value - recurring fair value measurements (Level 2)	31 st March, 2020	31 st March, 2019
Financial assets		
Cross Currency Swap	-	15.03
Derivative Financial Instruments	23.63	-
Total financial assets	23.63	15.03
Fair value of Financial assets and liabilities carried at amortised cost (Level - 3)	31st March, 2020	31st March, 2019
Financial assets		
Loan to Employees	8.72	7.03
Advances to Related Parties	86.11	114.35
Security Deposit for Leased Premises	7.54	6.60
Total financial assets	102.38	127.98

There were no transfers between any levels during the year.

(All amounts in ₹ Crore, unless otherwise stated)

NOTE 34 Fair Value Measurements (Contd.)

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of forward foreign exchange contracts and cross-currency interest rate swaps (CCIRS) is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

All of the resulting fair value estimates are included in level 3 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(iii) Valuation process

Discount rates are determined using a market interest rate for a similar asset adjusted to the risk specific to the asset.

(iv) Fair value of financial assets and liabilities measured at amortised cost

31 st March, 2020	Carrying amount	Fair value
Financial assets		
Loan to Employees	8.72	8.72
Advances to Related Parties	80.86	86.11
Security Deposit for Leased Premises	7.54	7.54
Total financial assets	97.13	102.38
31 st March, 2019	Carrying amount	Fair value
Loan to Employees	7.03	7.03
Advances to Related Parties	110.17	114.35
Security Deposit for Leased Premises	6.60	6.60
Total financial assets	123.80	127.98

The fair values for receivable from holding Company and rent advance were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The majority of borrowings are floating rate borrowings, the carrying value is representative of the fair value.

NOTE 35 Financial Risk Management

(A) Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other Financial Assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment, the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other Financial Assets.

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on Number of Days past due information. The amount represents gross carrying amount.

Particulars	31 st March, 2020	31 st March, 2019
Gross Carrying value of Loans		
Stage-1 (Less than 30 Days)	8,407.16	7,767.27
Stage-2 (31-90 Days)	869.84	321.98
Stage-3 (More than 90 Days)	370.66	274.69
Total Gross Carrying value on Reporting Date	9,647.66	8,363.94

Credit Quality

Financial services business has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loans assets under ECL model, the loan assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- "Loss given default" (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model:

- "Probability of default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.

(All amounts in ₹ Crore, unless otherwise stated)

NOTE 35 Financial Risk Management (Contd.)

- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenure
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals

There is no change in estimation techniques or significant assumptions during the reporting period.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the Board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated 27th March, 2020 and 17th April, 2020 relating to 'COVID-19 – Regulatory Package', the Company has offered moratorium up to three months on the payment of instalments falling due between 1st March, 2020 and 31st May, 2020 to all eligible borrowers.

For staging classification under ECL computation, the Company has exercised standstill option of asset classification for overdue standard accounts classified under Stage 2 as at 29th February 2020, for which moratorium has been granted. Above relaxation has not been deemed to be automatically triggering, significant increase in credit risk based on assessment of the Company. During the moratorium period, the Company continues to recognise interest income and has made the judgement that the granting of a moratorium period does not result in accounts becoming past due and automatically triggering Stage 3 classification criteria.

COVID-19 has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company's assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. The Company has followed same methodologies and assumptions for impairment loss allowance calculations followed in earlier quarters with additional consideration for COVID-19 related impact and the associated support packages in the measurement of impairment loss allowance. Since the Company's impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

Definition of default

The definition of default used for internal credit risk management purposes is based on RBI Guidelines. Under IND-AS, Loans to be in default when it is more than 90 days past due. The financial services business considers Loans under default as 'credit impaired'.

Impairment loss

The expected credit loss allowance provision is determined as follows:

NOTE 36 Financial Risk Management

(a) Foreign currency risk exposure:

Foreign exchange risk arises on financial instruments being denominated in a currency that is not the functional currency of the entity. The Company is exposed to foreign exchange risk due to continuous fluctuation in the foreign currency (USD) of the loan originated. The Company has entered into cross currency swaps (CCS) /forward contracts/ Interest rate swap to fully hedge all foreign currency exchange risk on the principal and interest amount payable on borrowings.

NOTE 36 Financial Risk Management (Contd.)

(i) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March, 2020 and 31st March, 2019, the Company's borrowings at variable rate were mainly denominated in INR, USD.

The Company's floating rate borrowings are carried at amortised cost. For NBFC, business loan is the major source for running the business. In India, loans are mostly available at Floating Rate Interest. And there are no such option available to obtain an option for swapping the Floating Rate Interest with Fixed Interest. Hence, except foreign currency loans, other loans are not hedged.

(a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

	31 st March, 2020	31 st March, 2019
Variable rate borrowings	7,173.54	6,324.62
Total borrowings	8,559.56	7,317.76

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

	31 st March, 2020		
	Weighted average interest rate	Balance	% of total loans
Bank overdrafts, bank loans etc.	8.30%	7,173.54	83.81%

NOTE 37 Capital management

a. Risk management

The Risk Management policy includes identification of element of risks, including those which in the opinion of Board may lead to Company not meeting its financial objectives. The risk management process has been established across the Company and designed to identify, access & frame a response to threat that affect the achievement of its objectives. Further, it is embedded across all the major functions and revolve around the goals and objectives of the Company.

Maintaining optimal capital to debt is one such measure to ensure healthy returns to the shareholders. Company envisages maintaining gearing ratio of 6 times to the total equity, the Company monitors the ratio as below Net Debt divided by total equity.

	31 st March, 2020	31 st March, 2019
Net debt (total borrowings, less cash and cash equivalents)	8,201.82	7,240.06
Total Equity (as shown in the balance sheet)	1,373.12	1,151.70
Net debt to equity ratio	5.97	6.29

b. Externally imposed capital restrictions

1. As per RBI requirements, Capital Adequacy Ratio should be minimum 15%, not meeting RBI requirements will lead to cancellation of NBFC licenses issued by RBI.
2. As per various lending arrangements with banks TOL (Total Outside Liability) to TNW (Total Net Worth) ratio should be less than 8, not meeting the said requirements may lead to higher interest rates..

The Company has complied with these covenants throughout the reporting period.

NOTE 38 Transition Notes on adoption of IND-AS 116

The Company has adopted IND-AS 116 'Leases' with the date of initial application being 1st April, 2019. IND-AS 116 replaces IND-AS 17 – Leases. The Company has applied IND-AS 116 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1st April, 2019. As a result, the comparative information has not been restated. In adopting IND-AS 116, the Company has applied the below practical expedients:

- a. The Company has not reassessed whether a contract is, or contains, a lease at the date of initial application
- b. The Company applied a single discount rate for all lease arrangements since they have reasonably similar characteristics
- c. The Company relied on its assessment of whether leases are onerous applying IND-AS 37, Provisions, Contingent Liabilities and Contingent Assets, immediately before the date of initial application as an alternative to performing an impairment review as per IND-AS 36 Impairment of assets
- d. The Company has treated the leases with remaining lease term of less than 12 months as "short term leases"
- e. The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition
- f. The Company used hindsight, such as in determining the lease term if the contract contains options to extend or terminate the lease.
- g. Effective 1st April, 2019, the Company has applied IND-AS 116 "Leases", using the modified retrospective approach. As a result, the Company has recognised Right of Use - assets amounting to ₹21.93 crore and lease liability of ₹24.89 crore, with net impact of ₹1.93 crore recognised in retained earnings as at 1st April, 2019 and ₹1.03 crore in deferred tax.

Measurement of lease liabilities

The lease liabilities as at 1st April, 2019 can be reconciled to the operating lease commitments as of 31st March, 2019, as follows:

Particulars	Amount
Operating lease commitments disclosed as at 31 st March, 2019	47.36
