Promoters – Tata Motors Finance Solutions Ltd (TMFSL) (Formerly Rajasthan Leasing Private Limited) is a company promoted by TMF Holdings Limited (TMFHL) (Formerly Tata Motors Finance Limited). Tata Motors Finance Solutions Limited (TMFSL) is registered with the Reserve Bank of India as a non deposit taking systemically important non-banking financial company.

Tata Group: TMFL is part of Tata Group founded by Jamsetji Tata in 1868. The Tata group is a global enterprise, headquartered in India, comprising 30 companies across 10 verticals. The group operates in more than 100 countries across six continents, with a mission 'To improve the quality of life of the communities we serve globally, through long-term stakeholder value creation based on Leadership with Trust'.

In 2021-22, the revenue of Tata companies, taken together, was \$128 billion (INR 9.6 trillion). These companies collectively employ over 935,000 people.

Each Tata company or enterprise operates independently under the guidance and supervision of its own board of directors. There are 29 publicly-listed Tata enterprises with a combined market capitalisation of \$311 billion (INR 23.6 trillion) as on March 31, 2022

Tata Motors Limited:

Tata Motors Limited is a leading global automobile manufacturer with a portfolio that covers a wide range of cars, sports vehicles, buses, trucks and defence vehicles. Tata Motors is part of the USD 110 billion Tata group founded by Jamsetji Tata in 1868. Tata Motors is India's largest and the only OEM offering extensive range of integrated, smart and e-mobility solutions company. Tata Motors has operations in India, the UK, South Korea, Thailand, South Africa and Indonesia through a strong network of 134 subsidiaries, associate companies and joint ventures. Among them is Jaguar Land Rover, in the UK and Tata Daewoo in South Korea.

Tata Motors is the country's market leader in commercial vehicles and among the top four in passenger vehicles. It is also the world's fifth-largest truck and fourth-largest bus manufacturer. Tata Motors commercial and passenger vehicles are being marketed in several countries in Europe, Africa, the Middle East, South Asia, South East Asia, South America, CIS and Russia.

6. Asset Liability Management (ALM) Disclosures:

6.1. NBFCs seeking to list their CPs shall make disclosures as specified in Chapter III of the SEBI circular No SEBI/ DDHS/ P/ CIR/ 2021/ 613 dated August 10, 2021 for NBFCs in SEBI Circular

I Details with regard to the lending done by the issuer out of the issue proceeds of debt securities and commercial papers issued in last three years:

The core business of the Issuer is (a) providing financing to customers for purchase of used vehicles and construction equipment; (b) providing financing to dealers and vendors of Tata Motors Limited; and (c) making investments in PTCs pursuant to securitization of receivables originated by Tata Motors Limited. One of the key sources of the funds for the Issuer is debt securities and the Company has utilized the proceeds of the issuance of debt securities in the past 3 years ((which is an amount equal to **Rs. 1885 Cr through issuance of debt securities and amount of Rs. 9272 Cr through issuance of commercial paper**)) *inter alia* towards (i) providing financing to customers for purchase of used vehicles and construction equipment; (ii) providing financing to dealers and vendors of Tata Motors Limited; and (iii) making investments in PTCs pursuant to securitization of receivables originated by Tata Motors Limited.

- a. Lending policy: Should contain overview of origination, risk management, monitoring and collections

The Issuer's Operations – Overview of the Lending Process

Initial Evaluation and Approval Process

On an applicant being identified and completion of such person's application, a field executive obtains information from the applicant including the details of the vehicle to be financed, the 'know your customer' documentation of the applicant, details of the background of the applicant (including existing financial indebtedness of the applicant) and the potential of the applicant to service the loan. The Issuer also requires applicants to obtain a guarantee in respect of the applicant's obligations towards the Issuer or have a co-borrower for the loan being financed by the Issuer.

On receipt of the requisite information from the field executives, the applications are evaluated basis various parameters specified in the Issuers policies. The proposal is approved by the relevant authority/committee based on the delegation of powers. Typically, the time taken from a potential customer applying for a loan and submitting all relevant documents to the sanction of the loan is only three business days.

The Issuer provides financing in the form of working capital loans, term loans, convertible and non-convertible debentures, channel finance and adhoc limits of maturities between 30 days to 6 years to dealers and vendors of Tata Motors Ltd (its Parent company). The initial evaluation and approval process include an proposal based on assessment of the credit covering background check, financial assessment, end use of funds and analysis of various parameters specified in the Issuers policies on vendor finance, dealer finance and channel finance. The proposal is approved by the relevant authority/committee based on the the delegation of powers.

Disbursement

On completion of the approval process, the customers execute the relevant loan and security documentation and create the security in respect of such loan in favour of the Issuer. The vehicle financed by the Issuer or other security such as hypothecation of stock, property, personal and corporate guarantees as approved in the credit assessment is taken as a collateral by the Issuer against the loan. The contents of the loan documents are explained to the customers by the Issuer's field executives. The Issuer monitors the completeness of the documentation and the creation and perfection of the security in favour of the Issuer.

Loan Administration and Monitoring

The Issuer provides its customers with the ability to choose the mode of payment which they would want to

utilise for effecting payments to the Issuer in respect of the loans disbursed. Repayments on the loans are made in periodic instalments in accordance with the relevant repayment schedules applicable to the loan. In addition to the Issuer's risk management systems, which identify and set individual limits based on credit quality and sectoral limits, the Issuer also has in place a complete and effective post-sanction follow-up system that monitors and tracks the status of loans and other credit facilities. The follow-up system reviews and interprets information and data that identifies potential increases in credit risks and any incipient signs of credit stress and allows the Issuer to deal with such credit exposures in a timely manner. Loan repayment by the Issuer's customers is also tracked on a regular basis centrally through a team which monitors instalments due and loan defaults. The Issuer's internal teams also monitor the compliance by the customers with the terms and conditions of the loans disbursed. In particular, for the first 12 months of the lifecycle of a loan, the credit and sales team of the Company are required to work closely together to avoid/keep loan delinquencies to the minimum. While the Issuer provides its customers with the traditional modes of effecting payments, the Issuer has also enabled acceptance of payment through various digital and electronic payment modes. The Issuer has also set up cash deposit machines with the functionality of payment confirmations being shared through a short messaging service to the customer.

Collection and Recovery

The Issuer believes that its loan recovery procedure is well suited to all kinds of markets. The Issuer contacts customers prior to the relevant due dates to ensure that delays in payment are avoided. The Issuer's collection team has been structured and clustered into separate groups for different asset classes in early delinquency buckets. On any customer missing any payment which is due, the Issuer's field executives initiate communication with such customers to identify the reasons for default and to initiate appropriate action to ensure payment of the outstanding amounts forthwith. In the event of default under a loan agreement, the Issuer may initiate the process for repossessing collateral and may use external agencies to repossess collateral.

Multiple loans to the same entity often contain clauses for set off and /or cross default. The loans given to dealers often get repaid through the retail disbursements of Tata Motors Finance at the dealership.

Risk Management

Risk management forms an integral part of the Issuer's business. The Issuer's objective in its risk management processes is to measure and monitor the various risks that the Issuer is subject to and to follow policies and procedures to address these risks. The key risks and risk-mitigation principles that the Issuer applies to address these risks are set out below:

Credit Risk

Credit risk is the risk of loss that may occur from the default by the Issuer's customers under its loan agreements. Customer defaults and inadequate collateral may lead to higher NPAs. The Issuer manages its credit risk by employing advanced credit assessment procedures, setting credit limits, obtaining security in respect of the loans. The Issuer also believes that its credit approval mechanism, credit control process, audit and risk management policies and direct interaction with its customers helps the Issuer to maintain asset quality. The Issuer ensures that prudent loan-to-value ratios are adhered to while lending. The Issuer ensures prompt collection and proper storage of post-disbursement documents in accordance with its internal policies.

Interest Rate Risk

The Issuer is subject to interest rate risk, principally because the Issuer lends to customers at fixed interest rates and for periods that may differ from its funding sources, which bear fixed and floating rates. The Issuer assesses and manages the interest rate risk on its balance sheet by managing its assets and liabilities. Rates are highly sensitive to many factors beyond the Issuer's control, including the monetary policies of the RBI, domestic and international economic and political conditions, inflation and other factors. The Issuer maintains an asset liability management policy and the Asset Liability Supervisory Committee of the Issuer's board of directors which oversees the implementation of the policy. The Issuer manages this risk by including an appropriate proportion of the fixed rate funding as part of its funding sources (primarily through issuance of non-convertible debentures), leveraging its valuation capabilities to create good quality loans assets with stable, attractive yields. Additionally, the Issuer is able to enter into securitisation and direct assignment transactions on an ongoing basis which involves the sale of its loan assets (in particular, those loan assets originated by the Issuer are classified as priority sector lending in terms of the directions of the RBI), the proceeds whereof are typically used for creation of new loan assets which also aids in managing interest rate risk.

Operational Risk

Operational risks are risks arising from inadequate or failed internal processes, people and systems or from external events. To mitigate such risk, the Issuer has adopted a comprehensive system of internal controls, established systems and procedures to monitor transactions and undertaking contingency planning. The Issuer has strengthened the operational risk management by putting a formal operational risk management framework in place. Under this framework, various operational risks are identified through a self-assessment process. The identified risks are then categorised in terms of criticality based on their impact and vulnerability. These risks are monitored on a periodic basis by adopting a key-risk indicator approach. The Issuer has deployed an online platform called 'Risk Monitor' to monitor and review the operational risks.

Liquidity Risk

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate price and tenure. Such risk which could require the Issuer to raise funds or liquidate assets on unfavourable terms. This risk is mitigated by the Issuer through a mix of strategies, including assignment of receivables and short-term funding and forward-looking resource mobilisation based on projected disbursements and maturing obligations. These strategies minimise the Issuer's potential inability to meet its liabilities at an appropriate cost, or of appropriate tenure, and business requirements as they become due. The Issuer has developed expertise in mobilising long-term and short-term funds at competitive interest rates based on the requirements of the situation. For instance, the Issuer structures its indebtedness to adequately cover the average three-year tenure of loans that it extends. The Issuer generally does not deploy funds raised from short-term borrowing for long-term lending. Liquidity risk is also monitored through liquidity gap reports which categorises all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturity, especially in the short term. The Issuer also has access to contingency lines of funding from banks and its parent company to mitigate any shortfalls. The Issuer also maintains significant cash balances in accordance with its asset liability policy. The RBI has on 4 November 2019 issued a circular on liquidity risk management framework for NBFCs and core investment companies which revises the extant guidelines on liquidity risk management for NBFCs ("Revised LRM Circular"). The Issuer has accordingly implemented the requirements of the Revised LRM Circular.

Cash Management Risk

Our branches collect a substantial amount of our customers' payments in cash. A lack of proper cash management practices could lead to losses. To address such cash management risks, the Issuer has developed advanced cash management checks that are employed at every level to track and tally accounts. In addition, the Issuer conduct regular audits to ensure the highest levels of compliance with its cash management systems. The Issuer has introduced cash deposit machines in thier branches which reduces human intervention in the process of cash collections and aids in reducing risk.

Asset risk

Asset risks arise due to the decrease in the value of the collateral over time and the selling price of a repossessed asset may be less than the total loan amount outstanding. At the time of sourcing loan assets, the Issuer manages asset risk by following its internal policies and processes on loan to value ratios and also by structuring the amortisation schedule after taking into account the typical economic life of the vehicle being financed. The Issuer engages experienced repossession agents to repossess assets of defaulting customers and the Issuer ensures that such agents deal with its customers in accordance with the applicable legal processes and policies of the Issuer. The Issuer has collection teams in place to closely monitor its repossession processes and the repossession agents including the service levels stipulated in their contracts. This monitoring aids in timely repossession of assets in delinquent cases which mitigates this risk.

Foreign Exchange Risk

While substantially all the Issuer's revenues are denominated in INR, the Issuer expects to incur indebtedness denominated in currencies other than INR. As at **December 31, 2022**, the Issuer had an outstanding external commercial borrowing of **U.S.\$15 million**, the proceeds of which has been used utilised for onward lending purposes. The Issuer does not have any unhedged foreign currency exposure and its entire foreign currency exposure is appropriately hedged. The issuer will raise Foreign Currency Borrowings from market from time time as per Board Approved Risk Management Policy

Information Technology Risk

Information technology related risks arise as a result of not keeping up with market and the ever-constantly evolving regulatory requirements. The Issuer has dynamic procedures in place to keep up with such evolving regulatory requirements

b. Classification of loans/advances given to associates, entities/person relating to the board, senior management, promoters, others, etc as of **Dec 31, 2022**.: - NA

S No.	Name of the Borrower (A)	Amount of Advances /exposures to such borrower (Group) (Rs. Crore) (B)	Percentage of Exposure (C)= B/Total AUM	Classification

Mumbai- 400051

Dear Sir/Madam,

Sub: Approval for Listing of Commercial Paper issued on Private Placement Basis amounting to INR 10cr under ISIN No. INE477S14BK4

We, the Issuer, hereby, inter alia, confirm the following:-

The Issuer or any of its promoters or directors are not wilful defaulters. However, (a) one of our independent directors, Mr. Naseer Munjee was also an 'independent director' on the board of directors of Reid & Taylor (India) Limited ("RTIL") and we understand that the name of RTIL is on the Reserve Bank of India ("RBI") defaulter list and we understand that RTIL has been classified by certain banks as a wilful defaulter. In this regard, the name of Mr. Munjee is also been mentioned against the name of RTIL as an independent director of RTIL. Mr. Nasser Munjee ceased to be director of RTIL with effect from September 5, 2013.

In this regard, it is pertinent to refer to the Reserve Bank of India' circular dated April 23, 2015, bearing reference number DBR.No.CID.BC.89/20.16.001/2014-15, which states as follows (and the master circular on wilful defaulter dated July 1, 2015 issued by the Reserve Bank of India which contains an identical exemption):

"In view of the above statutory provisions, a non-whole time director should not be considered as a defaulter unless it is conclusively established that

a. he was aware of the fact of default by the borrower by virtue of any proceedings recorded in the Minutes of the Board or a Committee of the Board and has not recorded his objection to the same in the Minutes, or,

b. the default had taken place with his consent or connivance.

However, the above exception will not apply to a promoter director, even if not a whole time director."

We understand from Mr. Munjee that neither paragraph a nor b above apply in their respective cases and Mr. Munjee was not promoter directors of RTIL. Accordingly, we state that, though Mr. Munjee's name currently continues to appear on the RBI defaulter list/ the list of suit filed/non-suit filed cases maintained with CIBIL in his capacity as independent directors of RTIL, they should not be considered as a defaulters/ wilful defaulters in terms of the RBI directions and the continuance of their name in the list is erroneous.

Yours faithfully,

For Tata Motors Finance Solutions Limited

Independent Auditor's Limited Review Report on the quarter and year to date financial results under Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended

To,
The Board of Directors,
Tata Motors Finance Solutions Limited
14, 4th floor, Sir H.C. Dinshaw Building
16, Horniman circle,
Fort, Mumbai: 400001

We have reviewed the accompanying Statement of unaudited financial results of **Tata Motors Finance Solutions Limited** ('the NBFC') for the quarter and nine months ended December 31, 2022 (initialled by us for identification) ('the Statement'). This Statement is the responsibility of the NBFC's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

Independent Auditor's certificate for Security Cover on Listed Non-Convertible Debt securities issued by Tata Motors Finance Solutions Limited for the quarter ended December 31, 2022

1. We have been requested by Tata Motors Finance Solutions Limited ('the Company') to certify the details disclosed in the accompanying 'Statement of Security Cover' ('the Statement') prepared in accordance with the Securities and Exchange Board of India (the 'SEBI') circular No. SEBI/HO/MIRSD/MIRSD_CRADT/CIR/P/2022/67 dated May 19, 2022 (the 'Circular') including compliance with all the covenants in respect of listed non-convertible debt securities issued by the Company for onward submission to IDBI Trusteeship Services Limited and Vistra ITCL India Limited (the 'Debenture Trustees'), SEBI and National Stock Exchange (NSE).

Accordingly, this certificate is issued in accordance with our engagement letter dated December 9, 2021.

Management's Responsibility

2. Pursuant to this requirement, the preparation and presentation of the Statement is the responsibility of management of Tata Motors Finance Solutions Limited (the 'Company') including the creation and maintenance of all accounting and other records and documents supporting its contents. This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the Statement and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances.
3. The Company's management takes full and exclusive responsibility for the accuracy and completeness of the Statement and its preparation in accordance with the requirements of the Debenture Trustees and for providing all relevant information to them in this regard

Auditor's responsibility

4. Pursuant to this requirement it is our responsibility to provide a reasonable assurance on whether the details disclosed in the Statement are, in all material respects, have been accurately extracted from the Condensed Interim unaudited financial statements, books and other relevant records of the Company for the quarter ended December 31, 2022.

LLP IN : AAH - 3437
REGISTERED OFFICE : ESPLANADE HOUSE, 29, HAZARIMAL SOMANI MARG, FORT, MUMBAI 400 001
TEL : (91) (22) 6158 6200, 6158 7200 FAX : (91) (22) 6158 6275

5. We have reviewed the Condensed Interim unaudited financial statements referred to in paragraph 5 above, of the Company for the quarter ended December 31, 2022, on which we issued an Interim Review report dated January 19, 2023. Our review of these Condensed Interim unaudited financial statements was conducted in accordance with the Standard on Review Engagement (SRE 2410) - Review Of Interim Financial Information Performed By The Independent Auditor Of The Entity issued by the Institute of Chartered Accountants of India (the 'ICAI') prepared in accordance with Indian Accounting Standard (Ind AS) 34 - 'Interim Financial Reporting' and other recognized accounting practices and policies.
6. We conducted our examination in accordance with the 'Guidance Note on Reports or Certificates issued for Special Purposes (Revised 2016)' issued by the ICAI. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, "Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements".

Opinion

8. Based on our examination as above, and information, explanations and representations given to us, in our opinion, the details disclosed in the accompanying Statement, in all material respects, have been completely and accurately extracted from the Condensed Interim unaudited financial statements, books and other relevant records of the Company for the quarter ended December 31, 2022.

Restrictions of use

9. This certificate has been issued at the request of the Company for onward submission to the Debenture Trustees, SEBI and to the NSE . As a result, this certificate may not be suitable for any other purpose and is intended solely and entirely for the information of and use of the Debenture Trustees, SEBI, NSE and management of the Company. Accordingly, our certificate should not be quoted or referred to in any other document or made available to any other person or persons without our prior written consent. Also, we neither accept nor assume any duty or liability for any other purpose or to any other party to whom our certificate is shown or into whose hands it may come without our prior consent in writing.
