As per our Company's Loan monitoring system, further disbursements/discounting/debit transaction is auto-prevented by the system once the limit expiry date is reached. Thus, further drawl is not be permitted by the system as there is no "auto-renewal" of credit facilities/limits, which have expired/lapsed. Renewal can be done one or more times in a year when the credit facility/limit expires or borrowers applies for new limit with enhancements or borrowers applies for revalidations of lapsed/expired credit facility/limit. Renewals can be with or without enhancement – it can also be with 'reduction' in credit limit, renewal of stressed cases are dealt with based on merits of the individual credit proposals. Renewals depend on the credit quality of the borrower at the time of renewal and the renewal is subject to the discretion of the sanctioning committee. Further, the facility type and amount sanctioned, terms and conditions stipulated, pricing/interest rate etc. approved at the time of renewal may be different from what the borrower enjoyed in the previous year/cycle. The Company also maintains the MIS of all credit approvals and their corresponding expiry dates, which are used to take necessary actions.

Express renewal policy is also applicable for accounts/borrowers satisfying certain criteria at the time of application for express renewal, wherein amount has to be 'regular' (based on repayment method), asset quality classification is 'Standard', internal credit rating/grading score is within 'Investment grade' as per our Company's internal credit rating model or valid external rating. In case of unrated accounts, approving authority decides on express renewal.
