The names would be as per the Depositories' records on the relevant record date fixed for the purpose of redemption. All such Debentures will be simultaneously redeemed through appropriate debit corporate action. The list of beneficiaries as of the relevant record date setting out the relevant beneficiaries' name and account number, address, bank details and DP's identification number will be given by the Depositories to the Issuer and the Registrar. Based on the information provided above, the Issuer/Registrar will dispatch the cheque for interest / Coupon payments to the beneficiaries. If permitted, the Issuer may transfer payments required to be made in relation to any by electronic transfer of funds/RTGS, to the bank account of the Debenture Holder for redemption and interest/ Coupon payments.

XXV. Joint-Holders

Where two or more persons are holders of any Debenture(s), they shall be deemed to hold the same as joint holders with benefits of survivorship in the same manner and to the same extent and be subject to the same restrictions and limitations as in the case of the existing equity shares of the Company, subject to other provisions contained in the Articles of Association of the Company.

XXVI. Mode of Transfer

The Debentures shall be transferable and transmittable in the same manner and to the same extent and be subject to the same restrictions and limitations as in the case of the existing equity shares of the Company. The provisions relating to transfer and transmission, nomination and other related matters in respect of equity shares of the Company, contained in the Articles of Association of the Company, shall apply mutatis mutandis to the transfer and transmission of the Debentures and nomination in this respect.

The Debentures held in dematerialised form shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant Depositories of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, Coupon will be paid/ redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories under all circumstances. In cases where the transfer formalities have not been completed by the transferor, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer. The normal procedure followed for transfer of securities held in dematerialized form shall be followed for transfer of these Debentures held in electronic form. The transferor should give delivery instructions containing details of the transferee's depository account to his Depository. Investors may note that subject to applicable law, the Debentures of the Issuer would be issued and traded in dematerialised form only.

XXVII. Succession

In the event of demise of the sole holder of the Debentures, the Company will recognize the executor or administrator of the deceased Debenture holder, or the holder of succession certificate or other legal representative as having title to the Debentures. The Company shall not be bound to recognize such executor, administrator or holder of the succession certificate, unless such executor or administrator obtains probate or letter of administration or such holder is the holder of succession certificate or other legal representation, as the case may be, from a court in India having jurisdiction over the matter. The Directors of the Company may, in their absolute discretion, where they think fit, dispense with production of probate or letter of administration or succession certificate or other legal representation, in order to recognize such holder as being entitled to the Debentures standing in the name of the deceased Debenture holder on production of sufficient documentary proof and / or indemnity.

XXVIII. Governing law

The Debentures shall be construed to be governed in accordance with Indian Law.

The courts and tribunals at Mumbai shall have exclusive jurisdiction in connection with any dispute arising out of or in connection with this Debentures. The Debenture Holders and the Debenture Trustee shall not be prevented from taking proceedings relating to a dispute in any other courts and tribunals with jurisdiction. To the extent allowed by applicable law, the Debenture Holders and the Debenture Trustee may take concurrent proceedings in any number of jurisdictions. Over and above the aforesaid Terms and Conditions, the said Debentures shall be subject to the Terms and Conditions to be incorporated in the Debentures to be issued to the Debenture Holders and the Debenture Trust Deed.

INDEPENDENT AUDITORS' REPORT

TO,

THE MEMBERS OF VEDIKA CREDIT CAPITAL LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **VEDIKA CREDIT CAPITAL LIMITED**, which comprise the Balance Sheet as at **31/03/2023**, the Statement of Profit and Loss, the cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Auditor's Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at **31/03/2023**, and its **Profit and its cash flows** for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to notes to the financial results which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management. Our opinion is not modified in respect of this matter.

Responsibility of Management and Those Charged with Governance (TCWG)

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making

judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists,

we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

Scope limitation due to COVID-19

Our Opinion expressed in the present report is based on the limited information, facts and inputs made available to us through electronic means by the management. We wish to highlight that due to the COVID-19 induced restrictions on physical movement and strict timelines, the audit team could not visit any branch for undertaking the required audit procedures.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub section (11) of Section 143 of the Companies Act, 2013. We give in the Annexure A statements on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- (c) The Balance Sheet, the Statement of Profit and Loss, and the cash flow statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31/03/2023 taken on record by the Board of Directors, none of the directors is disqualified as 31/03/2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**"Annexure B" to the Independent Auditor's Report of even date on the Standalone
Financial Statements of VEDIKA CREDIT CAPITAL LIMITED.**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section
143 of the Companies Act, 2013.**

We have audited the internal financial controls over financial reporting of VEDIKA CREDIT CAPITAL LIMITED as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence amount the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issues by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 31, MARCH 2023

(All amount in Lakhs unless otherwise stated)

A.1 Corporate Information

Vedika Credit Capital Limited is a limited company ("The Company") and incorporated under the provisions of the Companies Act, 2013 having Corporate Identification No. is (CIN) U67120WB1995PLC069424 on March 15, 1995. The Company is engaged in micro finance lending activities, providing financial services to poor women in urban India who are organised as Joint Liability Group (JLGs) / Self Help Groups (SHGs). The Company provides small value collateral free loans upto Rs. 100,000 for tenure upto 2 years. The NBFC - MFI licence from RBI has been granted to the Company with effect from on 3rd June, 2015.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors on 29th May, 2023

- A.2.** The financial statements comply in all material aspects with Indian Accounting Standards ('Ind AS' or 'the Accounting Standards') notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. All amount disclosed in the financial statements and notes have been rounded off to the nearest Rupees Lakhs as per the requirements of Schedule III, unless otherwise stated.

B. Basis of preparation of Financial Statements

a) Basis of preparation & presentation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of Companies Act, 2013 (the act) along with other relevant provisions of the Act and the Master Direction - Non-Banking-Financial Company Systemically Important Non-Deposit taking Company and deposit taking company (Reserve bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI. The financial statements have been prepared on a going concern basis.

The Company had prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 and the Master Directions - Non-Banking-Financial Company Systemically Important Non-Deposit taking Company (hereinafter referred as 'previous GAAP'). The financial statements are presented in Indian Rupees (INR) and all values are rounded to the lakhs, except when otherwise indicated.

The regulatory disclosures as required by Master Directions for Non-Banking Financial Company - Systemically Important Non-Deposit taking Company Directions, 2016 issued by the RBI ('RBI Master Directions') to be included as a part of the Notes forming part of the financial statements as prepared as per the requirements.

b) Basis of measurement

The financial statements have been prepared on an accrual basis as a going concern and under the historical cost convention except for the assets and liabilities measured at fair value as follows.

- certain financial assets and liabilities and contingent consideration is measured at fair value;
- assets held for sale - measured at fair value less cost to sell;
- defined benefit plans - plan assets measured at fair value; and
- share-based payments - measured at fair value

c) Presentation of financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 35. Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

1 Summary of significant accounting policies

1.1 Use of estimates

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

1.1.1 Business Model Assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principle and Interest ('SPPI') and the business model test. The Company determines the business model at a level that reflects how Company's of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

1.1.2 Impairment losses on financial assets

The measurement of impairment losses across all categories of financial assets except assets valued at Fair value through P&L (FVTPL), requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's Expected credit loss (ECL) calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include:

- The Company's model, which assigns Probability of default (PD)s
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a Lifetime expected credit loss (LTECL) basis
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, and the effect on PDs, Exposure at default (EAD)s and Loss given default (LGD)s

1.1.3 Fair value measurement:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

1.1.4 Effective interest rate method

The Company's EIR methodology, recognises interest income using a internal rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans and other characteristics of the product life cycle (including prepayments). This estimation, by nature, requires an element of judgment regarding the expected behavior and life-cycle of the instruments, as well other fee income/expense that are integral parts of the instruments.

1.2 Cash and cash equivalents

Cash and cash equivalent comprises cash in hand, demand deposits & time deposits and short term investments with original maturity of less than three months.

1.3 Revenue recognition

1.3.1 Interest and similar income

Interest income, for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter year, where appropriate, to the gross carrying amount of the financial asset. The calculation of the effective interest rate takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes transaction costs and fees that are an integral part of the contract but not future credit losses. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets, other than credit-impaired assets under stage 3. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3,' the Company recognises interest income on arrears basis.

1.3.2 Fee and commission income

All other financial charges such as cheque return charges, legal charges, collection charges etc are recognized on receipt basis. These charges are treated to accrue on realization, due the uncertainty of their realization.

1.3.3 Other Income

Income on units of mutual funds is recognized on receipt basis as and when redeemed in cash based on the NAV of redemption date. The company also recognises gain on fair value change of mutual fund measured at FVTPL. All Other income is recognized on accrual basis of accounting principle.

1.4 Property, plant and equipment (PPE) and other Intangible assets

PPE are stated at acquisition cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price, non-refundable taxes or levies, borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Intangible Assets

Intangible Assets are recognized only if it is probable that the future economic benefits that are attributable to assets will flow to the enterprise and the cost of the assets can be measured reliably. Computer software which is not an integral part of the related hardware is classified as an intangible asset. Intangible assets are measured and recorded at cost and carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized on a straight line basis over the estimated useful economic life as determined by management. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

1.5 Depreciation and Amortization

Depreciation on property, plant and equipment's is calculated on straight line basis. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 as under:

Particular	Useful Life (years)
Furniture and Fixtures	10
Vehicle	8
Computer, printers	3-6
Office Equipment	5

Salvage Value of the assets has been taken @5% of Original Cost (except intangible assets) as prescribed in Schedule II.

Depreciation on assets acquired/ sold during the period is recognized on a pro-rata basis to the statement of profit and loss from/ upto the date of acquisition/ sale.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial period end and adjusted prospectively, if appropriate.

Amortization

The intangible assets are amortized on a straight line basis over the estimated useful economic life. The Company estimates the useful life of an intangible asset will not exceed five years from the date when the asset is available for use. If the persuasive evidence exists to the affect that useful life of an intangible asset exceeds five years, the Company amortizes the intangible asset over the best estimate of its useful life.

1.6 Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

1.7 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

1.8 Contingent liabilities and assets

The Company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will not be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible.
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are reviewed at each balance sheet date. Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

1.9 Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

1.10 Taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

1.11 Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.12 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.13 Financial Assets

1.13.1 Initial recognition and measurement

The financial asset is held within a business model with the objective to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. Financial assets, with the exception of loans and advances to customers, are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. Loans and advances to customers are recognised when funds are disbursed. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them.

Accordingly, the Company measures Bank balances, Loans & advances, Trade receivables and other financial instruments at amortised cost.

1.13.2 Classification and subsequent measurement

The financial asset at amortised cost subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gain and losses and impairment are recognised in statement of profit and loss. Any gain and loss on derecognition is recognised in statement of profit and loss.

For the purpose of subsequent measurement, financial assets are classified in three categories:

- Debt instrument at amortised cost
- Debt instrument at fair value through other comprehensive income (FVTOCI)
- Debt instrument and equity instruments at fair value through profit or loss (FVTPL)

1.13.2.1 Debt instruments at amortised costs

A debt instrument is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit and loss.

1.13.2.2 Debt instruments at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

1.13.2.3 Debt instruments at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL.

However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

1.13.2.4 Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

1.14 Financial Liabilities

1.14.1 Initial recognition and measurement

Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is designated as on initial recognition. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

The Company's financial liabilities include loans, debentures and borrowings including bank overdrafts and trade & other payables.

1.14.2 Loans, Debenture and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of profit and loss.

1.14.3 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

1.14.4 Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

1.14.3 Reclassification of financial assets and liabilities

The Company doesn't reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

1.15 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows,

based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

1.16 Impairment of financial assets

1.16.1 Overview of the ECL principles

The Company records allowance for expected credit losses for all loans and other debt financial assets not held at FVTPL, (in this section all referred to as "financial instruments"). Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined further in notes.

The 12months ECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on individual basis, depending on the nature of the underlying portfolio of financial instruments.

The company has established a policy to perform an assessment, at the end of each reporting period, whether credit risk of a financial asset has increased significantly since initial recognition and while determining this & estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available with the company. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Based on the above process, the Company group its loans into Stage 1, Stage 2, Stage 3, as described below:

Stage 1: When loans are first recognised, the group recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3

Stage 2: When a loan has shown a significant increase in credit risk since origination, the company records an allowance for the LTECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.

Stage 3: Loans considered credit-impaired. The Company records an allowance for the LTECLs.

1.16.2 The calculation of ECLs

The Company calculates ECLs based on a probability weighted scenarios and historical data to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The key elements of the ECL calculations are as follows:

- PD - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed year, if the facility has not been previously derecognised and is still in the portfolio.
- EAD - The Exposure at Default is the current exposure as on the reporting date.
- LGD - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on actual cash flows received from the financial asset, including from the realisation of any collateral and discounted by EIR. It is usually expressed as a percentage of the EAD.

The maximum year for which the credit losses are determined is the expected life of a financial instrument.

The mechanics of the ECL method are summarised below:

Stage 1: The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: For loans considered credit-impaired, the Company recognizes the lifetime expected credit losses for these loans. The method is similar to that for stage 2 assets, with the PD set at 100%.

1.16.3 Definition of Default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes more than 90 days past due on its contractual payments.

1.16.4 Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or LTECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

1.16.5 Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, Consumer Price Index, Unemployment rates, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays are embedded in the methodology to reflect such macro-economic trends reasonably.

1.16.6 Write-offs

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference recorded as an expense in the period of write off. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

29 FAIR VALUE OF FINANCIAL INSTRUMENTS

29.1 Fair values of Financial Instruments not measured at Fair Value

The carrying amounts and fair value of the Company's financial instruments are reasonable approximations of fair values at financial statement level.

Valuation Techniques

The management assessed that cash and cash equivalents, bank balances other than cash and cash equivalents, other financial assets, trade payable, lease liability and other financial liabilities approximate their carrying amount largely due to short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties, other than a forced or liquidation sale. The following method and assumption were used to estimate the fair value of Financial asset and liabilities.

Loans- Most of the loans are repriced frequently, with interest rate of loans reflecting current market pricing. Hence carrying value of loans is deemed to be equivalent of fair value.

Debt securities and borrowing (other than debt securities) are fixed rate borrowings and fair value of these fixed rate borrowings is determined by discounting expected future contractual cash flows using current market interest rates charged for similar new loans and carrying value approximates the fair value for fixed rate borrowing at financial statement level.

29.2 Fair values of hierarchy

The following table provides the fair value measurement hierarchy of the company's asset and liabilities.

31 RISK MANAGEMENT

The Company's Principal financial liabilities comprise borrowings. The main purpose of these financial liabilities is to finance the Company's operations. At the other hand company's Principal financial assets include loans and cash and cash equivalents that derive directly from its operations.

As a lending institution, Company is exposed to various risks that are related to lending business and operating environment. The Principal Objective in Company's risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks. The Company's risk governance structure operates with a robust board and risk management committee with a clearly laid down charter and senior management direction and oversight. The board oversees the risk management process and monitors the risk profile of the company directly as well as through its subcommittees including the Asset Liability Management Committee and the Risk Management Committee. The key risks faced by the company are liquidity risk, credit risk, Concentration risk, market risk, interest rate risk and Operational Risk.

32 Objective and Policies

(A) Liquidity risk

Liquidity Risk refers to the risk that the Company will encounter difficulty in meeting its financial obligations primarily associated with financial liabilities. The objective of Liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirement. Liquidity risk may arise because of the possibility that the company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances caused by a difference in the maturity profile of Company assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. The Company manages liquidity risk by maintaining adequate cash reserves and undrawn credit facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

To limit this risk, management has arranged for diversified funding sources and adopted a policy of availing funding in line with the tenor and repayment pattern of its receivables and monitors future cash flows and liquidity on a daily basis. The company has developed internal control processes and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and the availability of unencumbered receivables which could be used to secure funding by way of assignment if required.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial liabilities

Particulars	(Amount in Lakhs)	
	Maturity profile of Financial liabilities as on March 31, 2023	
	Borrowings	Other Financial liabilities
1 Day to 31 Days / One month	2,955.55	402.38
Over 1 month to 2 month	2,964.55	231.01
Over 2 month to 3 month	3,154.52	254.68
Over 3 month to 6 month	10,855.36	294.44
Over 6 month to 1 year	12,645.28	323.79
Over 1 year to 3 years	37,991.97	-
Over 3 years to 5 years	3,090.00	-
Over 5 years	-	-
Total	73,657.28	1,506.31

(B) Credit risk

Credit risk arises when a borrower is unable to meet financial obligations under the loan agreement to the Company. This could be either because of wrong assessment of the borrower's repayment capabilities or due to uncertainties in future. The effective management of credit risk requires the establishment of appropriate credit risk policies and processes.

The company has comprehensive and well-defined credit policies across all products and segments for mitigating the risks associated with them. Company gives due importance to prudent lending practices and have implemented suitable measures for risk mitigation, which include verification of credit history from credit information bureaus, cash flow analysis, physical verifications of a customer's business and residence and field visits and required term cover for insurance.

The company has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals.

(C) Concentration of Risk/Exposure

Concentration of credit risk arise when a number of counterparties or exposures have comparable economic characteristics, or such counterparties are engaged in similar activities or operate in same geographical area or industry sector so that collective ability to meet contractual obligations is uniformly affected by changes in economic, political or other conditions.

(D) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market variables. Such changes in the values of financial instruments may result from changes in the interest rates, credit, and other market changes. The Company's exposure to market risk is primarily on account of interest rate risk and liquidity risk.

(E) Interest Rate Risk

The Company is subject to interest rate risk, primarily since it lends to customers at rates and for maturity years that may differ from funding sources. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Company seek to optimize borrowing profile between short-term and long-term loans. The Company adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks.

Change in interest rate affects Company's earnings (measured by NII or NIM) and corresponding net worth, Hence it is essential for the Company to not only quantify the interest rate risk but also to manage it proactively. The Company mitigates its interest rate risk by keeping a balanced mix of borrowings. The Company lends at fixed rate of interest thus, the company is not exposed to interest rate risk on loans.

(F) Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. Operational risk is associated with human error, system failures and inadequate procedures and controls. It is the risk of loss arising from the potential that inadequate information system; technology failures, breaches in internal controls, fraud, unforeseen catastrophes, or other operational problems may result in unexpected losses.

The Company recognizes that operational risk event types that have the potential to result in substantial losses includes internal fraud, External fraud, employment practices and workplace safety, clients, products and business practices, business disruption and system failures, damage to physical assets, and finally execution, delivery and process management.

The Company cannot expect to eliminate all operational risks, but it endeavors to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of concurrent audit.

The company has put in place a robust Disaster Recovery (DR) plan and Business Continuity Plan (BCP) is further put in place to ensure seamless continuity of operations including services to customers, when confronted with any adverse events.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Vedika Credit Capital Limited

Report on the audit of the financial statements

Opinion

We have audited the financial statements of **Vedika Credit Capital Limited** ("the Company"), which comprise the balance sheet as at 31 March 2024, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the

financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible

for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act.

- (e) On the basis of the written representations received from the directors as on 31 March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended; in our opinion and to the best of our information and according to the explanations given to us, the Company being a private Company, Section 197 of the Act related to the managerial remuneration is not applicable.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on the financial position in its financial statements - Refer Note 28 (b)(iii) to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Note 28 (d) to the financial statements.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. Refer Note 28 (c) to the financial statements.
 - iv.
 - a. The Management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested either from borrowed funds or share premium or any other sources or kind of funds by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of it's knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above; contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March 2024, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, as amended is applicable for the Company only with effect from 1 April, 2023, therefore, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, as amended, on the preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.

(b) In our opinion and according to the information and explanations given to us the investments made, security given and the terms and conditions of grant of all loans and advances in the nature of loans are not, prima facie, prejudicial to the Company's

interest. According to the information and explanations given to us, the Company has not provided any guarantee during the year,

- (c) In respect of loans and advances in the nature of loans, granted by the Company as part of its business for providing loans to customers, the schedule of repayment of principal and payment of interest has been regular. Refer notes 4 to the financial statements for summarized details of such loans/advances which are receivable from borrowers as on 31st March 2024. With regards to the nature of the Company's business and the voluminous nature of loan transactions, it will be cumbersome to furnish client-wise details of amount due, due date for repayment or receipt and the extent of delays in respect of loans and advances which were not repaid / paid when they were due or were repaid / paid with a delay, in the normal course of lending business.

Further, except for loans where there are delays or defaults in repayments of principal and / or interest as at balance sheet date, in respect of which the Company has disclosed assets classification / staging in note 64 to financial statement in accordance with the Indian Accounting Standard (Ind AS) and the guidelines issued by Reserve Bank of India, the parties are repaying the principal accounts as stipulated, and are also regular in payment if interest, as applicable.

- (d) In respect of loans and advances in the nature of loans, the aggregate amount of loans, where any installment is overdue for more than 90 days as at 31 March 2024 is Rs. 677.72 Lakhs. In our opinion and according to the information and explanation given to us, reasonable steps have been taken by the Company for recovery of the overdue amount of principal and interest thereon.
- (e) The Company's principal business is to give loans. Accordingly, the provisions of clause 3(iii)(e) of the Order are not applicable.
- (f) According to the information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans which are either repayable on demand or without specifying any terms or period of repayment.

- iv. According to the information and explanations given to us, the Company has not entered into any transaction covered under Sections 185 and 186 of the Act.
- v. According to the information and explanations given to us, the Company has neither accepted any deposits nor the amounts which are deemed to be deposits during the year and further the Company had no unclaimed deposits at the beginning of the year within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- vi. According to the information and explanations given to us, the Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of Company's products/ services. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.

vii.

- (a) In our opinion and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, cess and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable. The operations of the Company during the year do not give rise to the liabilities of sales-tax, service tax, duty of customs, duty of excise and value added tax.
- (b) According to the information and explanations given to us, there are no statutory dues referred to in sub-clause (a) that have not been deposited with the appropriate authorities on account of any dispute.

viii.

According to the information and explanations given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

Annexure B

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' of the Independent Auditor's Report of even date to the members of Vedika Credit Capital Limited, on the financial statements for the year ended 31 March 2024)

Independent Auditor's report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Vedika Credit Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India ("the ICAI") and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A Company's internal financial controls with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

A.1 Corporate Information

Vedika Credit Capital Limited is a limited company ("The Company") and incorporated under the provisions of the Companies Act, 1956 and an existing company under the provisions of the Companies Act, 2013 having Corporate Identification No. is (CIN) U67120WB1995PLC069424 on March 15, 1995. The Company is engaged in micro finance lending activities, providing financial services to poor women in urban India who are organised as Joint Liability Group (JLGs) / Self Help Groups (SHGs). The Company provides small value collateral free loans upto Rs. 100,000 for tenure upto 2 years. The NBFC - MFI licence from RBI has been granted to the Company with effect from on 3rd June, 2015.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors on 02nd May, 2024.

A2. The financial statements comply in all material aspects with Indian Accounting Standards ('Ind AS' or 'the Accounting Standards') notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

All amount disclosed in the financial statements and notes have been rounded off to the nearest Rupees Lakhs as per the requirements of Schedule III, unless otherwise stated.

B. Basis of preparation of Financial Statements

a) Basis of preparation & presentation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of Companies Act, 2013 (the act) along with other relevant provisions of the Act and the Master Direction - Non-Banking-Financial Company Systemically Important Non-Deposit taking Company and deposit taking company (Reserve bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI. The financial statements have been prepared on a going concern basis.

The Company had prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 and the Master Directions - Non-Banking-Financial Company Systemically Important Non-Deposit taking Company (hereinafter referred as 'previous GAAP'). The financial statements are presented in Indian Rupees (INR) and all values are rounded to the lakhs, except when otherwise indicated.

The regulatory disclosures as required by Master Directions for Non-Banking Financial Company - Systemically Important Non-Deposit taking Company Directions, 2016 issued by the RBI ('RBI Master Directions') to be included as a part of the Notes forming part of the financial statements as prepared as per the requirements.

b) Basis of measurement

The financial statements have been prepared on an accrual basis as a going concern and under the historical cost convention except for the assets and liabilities measured at fair value as follows.

- certain financial assets and liabilities and contingent consideration is measured at fair value;
- assets held for sale – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value; and
- share-based payments – measured at fair value

c) Presentation of financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 33. Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

1 Summary of significant accounting policies

1.1 Use of estimates

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised. Although these estimates are based on the management's best knowledge of Current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

1.1.1 Business Model Assessment

Impairment losses on financial assets

1.1.2 The measurement of impairment losses across all categories of financial assets except assets valued at Fair value through P&L (FVTPL), requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's Expected credit loss (ECL) calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include:

- The Company's model, which assigns Probability of default (PD)s
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a Lifetime expected credit loss (LTECL) basis
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, and the effect on PDs, Exposure at default (EAD)s and Loss given default (LGD)s

Fair value measurement:

1.1.3 When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Effective Interest rate method

1.1.4 The Company's EIR methodology, recognises interest income using a Internal rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans and other characteristics of the product life cycle (including prepayments). This estimation, by nature, requires an element of judgment regarding the expected behavior and life-cycle of the instruments, as well other fee income/expense that are integral parts of the instruments.

Cash and cash equivalents

1.2 Cash and cash equivalent comprises cash in hand, demand deposits & time deposits and short term investments with original maturity of less than three months.

1.3 Revenue recognition

Interest and similar income

Interest income, for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter year, where appropriate, to the gross carrying amount of the financial asset. The calculation of the effective interest rate takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes transaction costs and fees that are an integral part of the contract but not future credit losses. Transaction costs include incremental costs that

1.3.1 are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets, other than credit-impaired assets under stage 3. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3,' the Company recognises interest income on receipts basis.

Fee and commission income

1.3.2 All other financial charges such as cheque return charges, legal charges, collection charges etc are recognized on receipt basis. These charges are treated to accrue on realization, due the uncertainty of their realization.

Other Income

1.3.3 Income on units of mutual funds is recognized on receipt basis as and when redeemed in cash based on the NAV of redemption date. The company also recognises gain on fair value change of mutual fund measured at FVTPL. All Other income is recognized on accrual basis of accounting principle.

Property, plant and equipment (PPE) and other Intangible assets

PPE are stated at acquisition cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price, non-refundable taxes or levies, borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

1.4

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Intangible Assets

Intangible Assets are recognized only if it is probable that the future economic benefits that are attributable to assets will flow to the enterprise and the cost of the assets can be measured reliably. Computer software which is not an integral part of the related hardware is classified as an intangible asset. Intangible assets are measured and recorded at cost and carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized on a straight line basis over the estimated useful economic life as determined by management. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation and Amortization

1.5 Depreciation on property, plant and equipment's is calculated on straight line basis. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 as under:

Particular	Useful Life (years)
Furniture and Fixtures	10
Vehicle	8
Computer, printers	3-6
Office Equipment	5

Salvage Value of the assets has been taken @5% of Original Cost (except intangible assets) as prescribed in Schedule II.

Depreciation on assets acquired/ sold during the period is recognized on a pro-rata basis to the statement of profit and loss from/ upto the date of acquisition/ sale.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial period end and adjusted prospectively, if appropriate.

Amortization

The Intangible assets are amortized on a straight line basis over the estimated useful economic life. The Company estimates the useful life of an intangible asset will not exceed five years from the date when the asset is available for use. If the persuasive evidence exists to the affect that useful life of an intangible asset exceeds five years, the Company amortizes the intangible asset over the best estimate of its useful life.

Impairment of non-financial assets

1.6

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Provisions

1.7

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities and assets

1.8

The Company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will not be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible.
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are reviewed at each balance sheet date. Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

Retirement and other employee benefits

1.9

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Taxes

1.10

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Earning per share

- 1.11 Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Financial instruments

- 1.12 A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.13 Financial Assets

Initial recognition and measurement

The financial asset is held within a business model with the objective to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

- 1.13.1 Financial assets, with the exception of loans and advances to customers, are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. Loans and advances to customers are recognised when funds are disbursed. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them.

Accordingly, the Company measures Bank balances, Loans & advances, Trade receivables and other financial instruments at amortised cost.

Classification and subsequent measurement

The financial asset at amortised cost subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gain and losses and impairment are recognised in statement of profit and loss. Any gain and loss on derecognition is recognised in statement of profit and loss.

1.13.2

For the purpose of subsequent measurement, financial assets are classified in three categories:

- Debt instrument at amortised cost
- Debt instrument at fair value through other comprehensive income (FVTOCI)
- Debt instrument and equity instruments at fair value through profit or loss (FVTPL)

Debt instruments at amortised costs

A debt instrument is measured at the amortised cost if both the following conditions are met:

- 1.13.2.1
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit and loss.

Debt instruments at FVTOCI

- 1.13.2.2 A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:
- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
 - The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instruments at FVTPL

- 1.13.2.3 FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

1.13.2.4 Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

1.14 Financial Liabilities

Initial recognition and measurement

- 1.14.1 Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is designated as on initial recognition. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

The Company's financial liabilities include loans, debentures and borrowings including bank overdrafts and trade & other payables.

Loans, Debenture and borrowings

- 1.14.2 After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of profit and loss.

1.14.3 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

1.14.4 Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Reclassification of financial assets and liabilities

- 1.14.3 The Company doesn't reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

1.15 Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows,

based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

1.16 Impairment of financial assets

Overview of the ECL principles

- 1.16.1 The Company records allowance for expected credit losses for all loans and other debt financial assets not held at FVTPL, (in this section all referred to as 'financial instruments'). Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined further in notes.

The 12months ECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on individual basis, depending on the nature of the underlying portfolio of financial instruments.

The company has established a policy to perform an assessment, at the end of each reporting period, whether credit risk of a financial asset has increased significantly since initial recognition and while determining this & estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available with the company. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Based on the above process, the Company group its loans into Stage 1, Stage 2, Stage 3, as described below:

Stage 1: When loans are first recognised, the group recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3

Stage 2: When a loan has shown a significant increase in credit risk since origination, the company records an allowance for the LTECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.

Stage 3: Loans considered credit-impaired. The Company records an allowance for the LTECLs.

The calculation of ECLs

1.16.2

The Company calculates ECLs based on a probability weighted scenarios and historical data to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The key elements of the ECL calculations are as follows:

- PD - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed year, if the facility has not been previously derecognised and is still in the portfolio.
- EAD - The Exposure at Default is the current exposure as on the reporting date.
- LGD - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on actual cash flows received from the financial asset, including from the realisation of any collateral and discounted by EIR. It is usually expressed as a percentage of the EAD.

The maximum year for which the credit losses are determined is the expected life of a financial instrument.

The mechanics of the ECL method are summarised below:

Stage 1: The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: For loans considered credit-impaired, the Company recognizes the lifetime expected credit losses for these loans. The method is similar to that for stage 2 assets, with the PD set at 100%.

1.16.3 Definition of Default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes more than 90 days past due on its contractual payments.

1.16.4 Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or LTECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

Forward looking information

1.16.5

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, Consumer Price Index, Unemployment rates, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays are embedded in the methodology to reflect such macro-economic trends reasonably.

Write-offs

1.16.6

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference recorded as an expense in the period of write off. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

29 FAIR VALUE OF FINANCIAL INSTRUMENTS

29.1 Fair values of Financial Instruments not measured at Fair Value

The carrying amounts and fair value of the Company's financial instruments are reasonable approximations of fair values at financial statement level.

Valuation Techniques

The management assessed that cash and cash equivalents, bank balances other than cash and cash equivalents, other financial assets, trade payable, lease liability and other financial liabilities approximate their carrying amount largely due to short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties, other than a forced or liquidation sale. The following method and assumption were used to estimates the fair value of Financial asset and liabilities.

Loans- Most of the loans are repriced frequently, with interest rate of loans reflecting current market pricing. Hence carrying value of loans is deemed to be equivalent of fair value.

Debt securities and borrowing (other than debt securities) are fixed rate borrowings and fair value of these fixed rate borrowings is determined by discounting expected future contractual cash flows using current market interest rates charged for similar new loans and carrying value approximates the fair value for fixed rate borrowing at financial statement level.

29.2 Fair values of hierarchy

The following table provides the fair value measurement hierarchy of the company's asset and liabilities.

31 RISK MANGEMENT

The Company's Principal financial liabilities comprise borrowings. The main purpose of these financial liabilities is to finance the Company's operations. At the other hand company's Principal financial assets include loans and cash and cash equivalents that derive directly from its operations.

As a lending institution, Company is exposed to various risks that are related to lending business and operating environment. The Principal Objective in Company's risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks. The Company's risk governance structure operates with a robust board and risk management committee with a clearly laid down charter and senior management direction and oversight. The board oversees the risk management process and monitors the risk profile of the company directly as well as through its subcommittees including the Asset Liability Management Committee and the Risk Management Committee. The key risks faced by the company are liquidity risk, credit risk, Concentration risk, market risk, interest rate risk and Operational Risk.

32.1 Objective and Policies

(A) Liquidity risk

Liquidity Risk refers to the risk that the Company will encounter difficulty in meeting its financial obligations primarily associated with financial liabilities. The objective of Liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirement. Liquidity risk may arise because of the possibility that the company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances caused by a difference in the maturity profile of Company assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. The Company manages liquidity risk by maintaining adequate cash reserves and undrawn credit facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

To limit this risk, management has arranged for diversified funding sources and adopted a policy of availing funding in line with the tenor and repayment pattern of its receivables and monitors future cash flows and liquidity on a daily basis. The company has developed internal control processes and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and the availability of unencumbered receivables which could be used to secure funding by way of assignment if required.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial liabilities

Particulars	Maturity profile of Financial liabilities as on March 31, 2024		Maturity profile of Financial liabilities as on March 31, 2023	
	Borrowing	Other Financial liabilities	Borrowings	Other Financial liabilities
1 Day to 31 Days / One month	4,167.71	388.37	2,955.55	402.38

Over 3 month to 6 month	12,701.55	403.34	8,857.69	294.44
Over 6 month to 1 year	15,616.64		12,645.28	323.79
Over 1 year to 3 years	46,767.01		40,102.31	-
Over 3 years to 5 years	4,603.35		3,086.41	-
Over 5 years	508.06		-	-
Total	94,287.06	1,385.49	73,657.24	1,506.31

(B) Credit risk

Credit risk arises when a borrower is unable to meet financial obligations under the loan agreement to the Company. This could be either because of wrong assessment of the borrower's repayment capabilities or due to uncertainties in future. The effective management of credit risk requires the establishment of appropriate credit risk policies and procedures.

The company has comprehensive and well-defined credit policies across all products and segments for mitigating the risks associated with them. Company gives due importance to prudent lending practices and have implemented suitable measures for risk mitigation, which include verification of credit history from credit information bureaus, cash flow analysis, physical verifications of a customer's business and residence and field visits and required term cover for insurance.

The company has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals.

(C) Concentration of Risk/Exposure

Concentration of credit risk arise when a number of counterparties or exposures have comparable economic characteristics, or such counterparties are engaged in similar activities or operate in same geographical area or industry sector so that collective ability to meet contractual obligations is uniformly affected by changes in economic, political or other conditions.

(D) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market variables. Such changes in the values of financial instruments may result from changes in the interest rates, credit, and other market changes. The Company's exposure to market risk is primarily on account of interest rate risk and liquidity risk.

(E) Interest Rate Risk

The Company is subject to interest rate risk, primarily since it lends to customers at rates and for maturity years that may differ from funding sources. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Company seek to optimize borrowing profile between short-term and long-term loans. The Company adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks.

Change in interest rate affects Company's earnings (measured by NII or NIM) and corresponding net worth, Hence it is essential for the Company to not only quantify the interest rate risk but also to manage it proactively. The Company mitigates its interest rate risk by keeping a balanced mix of borrowings. The Company lends at fixed rate of interest thus, the company is not exposed to interest rate risk on loans.

(F) Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. Operational risk is associated with human error, system failures and inadequate procedures and controls. It is the risk of loss arising from the potential that inadequate information system; technology failures, breaches in internal controls, fraud, unforeseen catastrophes, or other operational problems may result in unexpected losses.

The Company recognizes that operational risk event types that have the potential to result in substantial losses includes Internal fraud, External fraud, employment practices and workplace safety, clients, products and business practices, business disruption and system failures, damage to physical assets, and finally execution, delivery and process management.

The Company cannot expect to eliminate all operational risks, but it endeavors to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of concurrent audit.

The company has put in place a robust Disaster Recovery (DR) plan and Business Continuity Plan (BCP) is further put in place to ensure seamless continuity of operations including services to customers, when confronted with any adverse events.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
VEDIKA CREDIT CAPITAL LIMITED

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of **VEDIKA CREDIT CAPITAL LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31st, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and statement of Cash Flows for the year then ended, and Notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013** ("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2025, its Profits including other Comprehensive Income, its Cash Flows and the Changes in Equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SA's) specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our Report. We are independent of the Company in accordance with the code of ethics issued by The Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a

basis for our opinion.

Information other than the Financial Statements and Auditors' Report thereon

4. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, but does not include the financial statements and our auditor's report thereon.
5. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
6. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
7. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Managements and Board of Director's Responsibility for the Financial Statements

8. The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other Comprehensive Income, Cash Flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind As) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going

concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - b. Obtain an understanding of internal controls relevant to the audit, in order to design audit procedures better appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
 - c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditors report to the related disclosures in the

financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date our Auditors Report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- e. Evaluate the overall presentation, structure and content of the financial statements including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

14. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure "A"**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
15. As required by Section 143(3) of the Act, we report that:
- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

- d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended;
- e. On the basis of the written representations received from the Directors as on March 31, 2025 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31st, 2025 from being appointed as a Director in terms of Section 164 (2) of the Act;
- f. With respect to the adequacy of the Internal Financial Controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting,
- g. With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;
- i. The financial statements disclose the impact of pending litigations as at March 31st, 2025 on the financial position of the Company and its joint operation to the standalone financial statements - Refer Note 28 (d) to the financial statements.

Annexure "B" to the Independent Auditor's Report

(Referred to in paragraph 15 (f) under 'Report on other legal and regulatory requirements' section of our report to the Members **VEDIKA CREDIT CAPITAL LIMITED** of even date.

Report on the internal financial controls over financial reporting under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls over Financial Reporting of **VEDIKA CREDIT CAPITAL LIMITED** ("the Company") as at March 31st, 2025, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and planned perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2025, based on the internal control over financial reporting criteria established

by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

A.1 Corporate Information

Vedika Credit Capital Limited is a limited company ("The Company") and incorporated under the provisions of the Companies Act, 1956 and an existing company under the provisions of the Companies Act, 2013 having Corporate Identification No. is (CIN) U67120WB1995PLC069424 on March 15, 1995. The Company is engaged in micro finance lending activities, providing financial services to poor women in urban India who are organised as Joint Liability Group (JLGs) / Self Help Groups (SHGs). The NBFC - MFI licence from RBI has been granted to the Company with effect from on 3rd June, 2015.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors on 21st May 2025.

A2.

The financial statements comply in all material aspects with Indian Accounting Standards ('Ind AS' or 'the Accounting Standards') notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. All amount disclosed in the financial statements and notes have been rounded off to the nearest Rupees Lakhs as per the requirements of Schedule III, unless otherwise stated.

B. Basis of preparation of Financial Statements

a) Basis of preparation & presentation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of Companies Act, 2013 (the act) along with other relevant provisions of the Act and the Master Direction - Non-Banking-Financial Company Systemically Important Non-Deposit taking Company and deposit taking company (Reserve bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI. The financial statements have been prepared on a going concern basis.

The Company had prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 and the Master Directions - Non-Banking-Financial Company Systemically Important Non-Deposit taking Company (hereinafter referred as 'previous GAAP'). The financial statements are presented in Indian Rupees (INR) and all values are rounded to the lakhs, except when otherwise indicated.

The regulatory disclosures as required by Master Directions for Non-Banking Financial Company - Systemically Important Non-Deposit taking Company Directions, 2016 issued by the RBI ('RBI Master Directions') to be included as a part of the Notes forming part of the financial statements as prepared as per the requirements.

b) Basis of measurement

The financial statements have been prepared on an accrual basis as a going concern and under the historical cost convention except for the assets and liabilities measured at fair value as follows.

- certain financial assets and liabilities and contingent consideration is measured at fair value;
- assets held for sale – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value; and
- share-based payments – measured at fair value

c) Presentation of financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 33. Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

1 Summary of significant accounting policies

1.1 Use of estimates

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised. Although these estimates are based on the management's best knowledge of Current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

Business Model Assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principle and Interest ('SPPI') and the business model test. The Company determines the business model at a level that reflects how Company's of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset

1.1.1

was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business mode and so a prospective change to the classification of those assets.

Impairment losses on financial assets

The measurement of impairment losses across all categories of financial assets except assets valued at Fair value through P&L (FVTPL), requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

1.1.2

The Company's Expected credit loss (ECL) calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include:

- The Company's model, which assigns Probability of default (PD)s
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a Lifetime expected credit loss (LTECL) basis
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, and the effect on PDs, Exposure at default (EAD)s and Loss given default (LGD)s

Fair value measurement:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

1.1.3

Effective Interest rate method

The Company's EIR methodology, recognises interest income using an internal rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans and other characteristics of the product life cycle (including prepayments). This estimation, by nature, requires an element of judgment regarding the expected behavior and life-cycle of the instruments, as well other fee income/expense that are integral parts of the instruments.

1.1.4

Cash and cash equivalents

- 1.2 Cash and cash equivalent comprises cash in hand, demand deposits & time deposits and short term investments with original maturity of less than three months.

1.3 Revenue recognition

Interest and similar income

Interest income, for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter year, where appropriate, to the gross carrying amount of the financial asset. The calculation of the effective interest rate takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes transaction costs and fees that are an integral part of the contract but not future credit losses. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

1.3.1

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets, other than credit-impaired assets under stage 3. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3,' the Company recognises interest income on receipts basis.

Fee and commission income

1.3.2

All other financial charges such as cheque return charges, legal charges, collection charges etc are recognized on receipt basis. These charges are treated to accrue on realization, due the uncertainty of their realization.

Other Income

1.3.3

Income on units of mutual funds is recognized on receipt basis as and when redeemed in cash based on the NAV of redemption date. The company also recognises gain on fair value change of mutual fund measured at FVTPL. All Other income is recognized on accrual basis of accounting principle.

Property, plant and equipment (PPE) and other Intangible assets

PPE are stated at acquisition cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price, non-refundable taxes or levies, borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

1.4

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Intangible Assets

Intangible Assets are recognized only if it is probable that the future economic benefits that are attributable to assets will flow to the enterprise and the cost of the assets can be measured reliably. Computer software which is not an integral part of the related hardware is classified as an intangible asset. Intangible assets are measured and recorded at cost and carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized on a straight line basis over the estimated useful economic life as determined by management. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation and Amortization

1.5

Depreciation on property, plant and equipment's is calculated on straight line basis. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 as under:

Particular	Useful Life (years)
Furniture and Fixtures	10
Vehicle	8
Computer, printers	3-6
Office Equipment	5

Salvage Value of the assets has been taken @5% of Original Cost (except intangible assets) as prescribed in Schedule II.

Depreciation on assets acquired/sold during the period is recognized on a pro-rata basis to the statement of profit and loss from/ upto the date of acquisition/ sale.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial period end and adjusted prospectively, if appropriate.

Amortization

The Intangible assets are amortized on a straight line basis over the estimated useful economic life. The Company estimates the useful life of an intangible asset will not exceed five years from the date when the asset is available for use. If the persuasive evidence exists to the affect that useful life of an intangible asset exceeds five years, the Company amortizes the intangible asset over the best estimate of its useful life.

Impairment of non-financial assets

- 1.6 The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Provisions

- 1.7 Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities and assets

- 1.8 The Company does not recognize a contingent liability but discloses its existence in the financial statements Contingent liability is disclosed in the case of:
- A present obligation arising from past events, when it is not probable that an outflow of resources will not be required to settle the obligation
 - A present obligation arising from past events, when no reliable estimate is possible.
 - A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are reviewed at each balance sheet date. Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

Retirement and other employee benefits

- 1.9 Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Taxes

- 1.10 Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain, as the case may be, that sufficient future taxable income will be available

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Earning per share

- 1.11 Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Financial instruments

- 1.12 A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.13 Financial Assets

Initial recognition and measurement

The financial asset is held within a business model with the objective to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

- 1.13.1 Financial assets, with the exception of loans and advances to customers, are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. Loans and advances to customers are recognised when funds are disbursed. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them.

Accordingly, the Company measures Bank balances, Loans & advances, Trade receivables and other financial instruments at amortised cost.

Classification and subsequent measurement

The financial asset at amortised cost subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gain and losses and impairment are recognised in statement of profit and loss. Any gain and loss on derecognition is recognised in statement of profit and loss.

1.13.2

For the purpose of subsequent measurement, financial assets are classified in three categories:

- Debt instrument at amortised cost
- Debt instrument at fair value through other comprehensive income (FVTOCI)
- Debt instrument and equity instruments at fair value through profit or loss (FVTPL)

Debt instruments at amortised costs

A debt instrument is measured at the amortised cost if both the following conditions are met:

- 1.13.2.1
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit and loss.

Debt instruments at FVTOCI

- 1.13.2.2 A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instruments at FVTPL

- 1.13.2.3 FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

1.13.2.4 Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

1.14 Financial Liabilities

Initial recognition and measurement

1.14.1

Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is designated as on initial recognition. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

The Company's financial liabilities include loans, debentures and borrowings including bank overdrafts and trade & other payables.

Loans, Debenture and borrowings

1.14.2

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of profit and loss.

1.14.3 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

1.14.4 Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Reclassification of financial assets and liabilities

- 1.14.5** The Company doesn't reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

Fair value measurement

- 1.15** The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date using valuation techniques.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows,

based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

1.16 Impairment of financial assets

Overview of the ECL principles

- 1.16.1** The Company records allowance for expected credit losses for all loans and other debt financial assets not held at FVTPL, (in this section all referred to as 'financial instruments'). Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined further in notes.

The 12months ECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on individual basis, depending on the nature of the underlying portfolio of financial instruments.

The company has established a policy to perform an assessment, at the end of each reporting period, whether credit risk of a financial asset has increased significantly since initial recognition and while determining this & estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available with the company. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Based on the above process, the Company groups its loans into Stage 1, Stage 2, Stage 3, as described below:

Stage 1: When loans are first recognised, the group recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3

Stage 2: When a loan has shown a significant increase in credit risk since origination, the company records an allowance for the LTECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.

Stage 3: Loans considered credit impaired. The Company records an allowance for the LTECLs.

The calculation of ECLs

1.16.2

The Company calculates ECLs based on a probability weighted scenarios and historical data to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The key elements of the ECL calculations are as follows:

- PD - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed year, if the facility has not been previously derecognised and is still in the portfolio.
- EAD - The Exposure at Default is the current exposure as on the reporting date.
- LGD - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on actual cash flows received from the financial asset, including from the realisation of any collateral and discounted by EIR. It is usually expressed as a percentage of the EAD.

The maximum year for which the credit losses are determined is the expected life of a financial instrument.

The mechanics of the ECL method are summarised below:

Stage 1: The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: For loans considered credit-impaired, the Company recognizes the lifetime expected credit losses for these loans. The method is similar to that for stage 2 assets, with the PD set at 100%.

1.16.3 Definition of Default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes more than 90 days past due on its contractual payments.

1.16.4 Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or LTECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

Forward looking information

1.16.5

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, Consumer Price Index, Unemployment rates, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays are embedded in the methodology to reflect such macro-economic trends reasonably.

Write-offs

1.16.6

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference recorded as an expense in the period of write off. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

29 FAIR VALUE OF FINANCIAL INSTRUMENTS

29.1 Fair values of Financial Instruments not measured at Fair Value

The carrying amounts and fair value of the Company's financial instruments are reasonable approximations of fair values at financial statement level.

Valuation Techniques

The management assessed that cash and cash equivalents, bank balances other than cash and cash equivalents, other financial assets, trade payable, lease liability and other financial liabilities approximate their carrying amount largely due to short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties, other than a forced or liquidation sale. The following method and assumption were used to estimates the fair value of Financial asset and liabilities.

Loans- Most of the loans are repriced frequently, with interest rate of loans reflecting current market pricing. Hence carrying value of loans is deemed to be equivalent of fair value.

Debt securities and borrowing (other than debt securities) are fixed rate borrowings and fair value of these fixed rate borrowings is determined by discounting expected future contractual cash flows using current market interest rates charged for similar new loans and carrying value approximates the fair value for fixed rate borrowing at financial statement level.

29.2 Fair values of hierarchy

The following table provides the fair value measurement hierarchy of the company's asset and liabilities.

Quantitative disclosure fair value measurement hierarchy of Asset & Liabilities as at March 31, 2025

31 RISK MANGEMENT

The Company's Principal financial liabilities comprise borrowings. The main purpose of these financial liabilities is to finance the Company's operations. At the other hand company's Principal financial assets include loans and cash and cash equivalents that derive directly from its operations.

As a lending institution, Company is exposed to various risks that are related to lending business and operating environment. The Principal Objective in Company's risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks. The Company's risk governance structure operates with a robust board and risk management committee with a clearly laid down charter and senior management direction and oversight. The board oversees the risk management process and monitors the risk profile of the company directly as well as through its subcommittees including the Asset Liability Management Committee and the Risk Management Committee. The key risks faced by the company are liquidity risk, credit risk, Concentration risk, market risk, interest rate risk and Operational Risk.

32.1 Objective and Policies

(A) Liquidity risk

Liquidity Risk refers to the risk that the Company will encounter difficulty in meeting its financial obligations primarily associated with financial liabilities. The objective of Liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirement. Liquidity risk may arise because of the possibility that the company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances caused by a difference in the maturity profile of Company assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. The Company manages liquidity risk by maintaining adequate cash reserves and undrawn credit facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

To limit this risk, management has arranged for diversified funding sources and adopted a policy of availing funding in line with the tenor and repayment pattern of its receivables and monitors future cash flows and liquidity on a daily basis. The company has developed internal control processes and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and the availability of unencumbered receivables which could be used to secure funding by way of assignment if required.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial liabilities

Particulars	(Amount in Lakhs)			
	Maturity profile of Financial liabilities as on March 31, 2025		Maturity profile of Financial liabilities as on March 31, 2024	
	Borrowings	Other Financial liabilities	Borrowings	Other Financial liabilities

Over 1 month to 2 month	3,954.32	236.57	4,427.25	180.81
Over 2 month to 3 month	4,097.44		5,495.49	412.97
Over 3 month to 6 month	13,237.63		12,701.55	403.34
Over 6 month to 1 year	23,248.08		15,616.64	
Over 1 year to 3 years	41,268.90		46,767.01	
Over 3 years to 5 years	8,335.90		4,603.35	
Over 5 years	535.26		508.06	
Total	98,384.41	424.21	94,287.06	1,385.49

(B) Credit risk

Credit risk arises when a borrower is unable to meet financial obligations under the loan agreement to the Company. This could be either because of wrong assessment of the borrower's repayment capabilities or due to uncertainties in future. The effective management of credit risk requires the establishment of appropriate credit risk policies and processes.

The company has comprehensive and well-defined credit policies across all products and segments for mitigating the risks associated with them. Company gives due importance to prudent lending practices and have implemented suitable measures for risk mitigation, which include verification of credit history from credit information bureaus, cash flow analysis, physical verifications of a customer's business and residence and field visits and required term cover for insurance.

The company has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals.

(C) Concentration of Risk/Exposure

Concentration of credit risk arise when a number of counterparties or exposures have comparable economic characteristics, or such counterparties are engaged in similar activities or operate in same geographical area or industry sector so that collective ability to meet contractual obligations is uniformly affected by changes in economic, political or other conditions.

(D) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market variables. Such changes in the values of financial instruments may result from changes in the interest rates, credit, and other market changes. The Company's exposure to market risk is primarily on account of interest rate risk and liquidity risk.

(E) Interest Rate Risk

The Company is subject to interest rate risk, primarily since it lends to customers at rates and for maturity years that may differ from funding sources. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Company seeks to optimize borrowing profile between short-term and long-term loans. The Company adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervises an interest rate sensitivity report periodically for assessment of interest rate risks.

Change in interest rate affects Company's earnings (measured by Nil or NIM) and corresponding net worth. Hence it is essential for the Company to not only quantify the interest rate risk but also to manage it proactively. The Company mitigates its interest rate risk by keeping a balanced mix of borrowings. The Company lends at fixed rate of interest thus, the company is not exposed to interest rate risk on loans.

(F) Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. Operational risk is associated with human error, system failures and inadequate procedures and controls. It is the risk of loss arising from the potential that inadequate information system; technology failures, breaches in internal controls, fraud, unforeseen catastrophes, or other operational problems may result in unexpected losses.

The Company recognizes that operational risk event types that have the potential to result in substantial losses includes Internal fraud, External fraud, employment practices and workplace safety, clients, products and business practices, business disruption and system failures, damage to physical assets, and finally execution, delivery and process management.

The Company cannot expect to eliminate all operational risks, but it endeavors to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of concurrent audit.

The company has put in place a robust Disaster Recovery (DR) plan and Business Continuity Plan (BCP) is further put in place to ensure seamless continuity of operations including services to customers, when confronted with any adverse events.

E. Institutional set-up for liquidity risk management

The Board has the overall responsibility for management of liquidity risk. The Board decides the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits approved by it. The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating the overall risks including liquidity risk. The meetings of RMC are held at quarterly intervals. The Asset Liability Management Committee (ALCO) is responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions at an entity level. The minutes of ALCO meetings are placed before the RMC during its quarterly meetings for its noting.

Detailed Rationale

Infomerics assigns/reaffirms its ratings to bank loan facilities and Non-convertible debentures of Vedika Credit Capital Limited (VCCL) as it continues to derive comfort from, comfortable

Press Release

capitalisation with proven track record of capital raising ability of the promoters, improved financial profile, adequate systems and processed and experienced management. However, the ratings are constrained by highly leveraged capital structure, average asset quality and inherent risks associated with MFI Industry coupled with intense competition.

Outlook is stable on account of consistent improvement in the overall financial profile of the company and expected growth in AUM in the near to medium term on the back of comfortable capitalisation.

Key Rating Sensitivities:

Upward Factors

- Substantial and sustained growth in AUM while maintaining healthy capitalisation, profitability and asset quality.

Downward Factors

- Adverse movements in collection efficiency resulting in increased credit costs.
- Substantial deterioration in AUM levels, profitability, capitalisation levels, liquidity and asset quality.

List of Key Rating Drivers with Detailed Description

Key Rating Strengths

Comfortable capitalisation with proven track record of capital raising by promoters

VCCL has maintained a comfortable capital adequacy ratio (CRAR) over the years. Total CRAR was comfortable at 29.66% as on 31 March 2025 (23.47% as on March 31, 2024). During FY25, the promoters have infused fresh capital of Rs. 50.00 crore through dilution of equity. Moreover, the promoters plan to raise funds to the tune of Rs 100.00 crore in FY26 through further dilution of equity.

Press Release

Improved financial profile

VCCLs AUM has consistently grown over the years and is currently at Rs 1,452.30 Crore in FY25 (refers to the period from 1 April 2024 to 31 March 2025) (Rs 1,379.50 Crore in FY24) which includes Rs 974.51 Crore of own book portfolio and Rs 477.79 Crore of managed loan book. For FY25, company reported total income of Rs 265.55 Crore and PAT of Rs 30.78 crore when compared to total income of Rs 229.21 crore and PAT of Rs 27.86 Crore in FY24. NIM remained healthy at 13.28% for FY25 (11.11% for FY24).

Adequate systems and processes

VCCL has installed good tracking and MIS systems, which are adequate to support future growth expansion. Further, the company has installed monitoring systems to ensure credit bureau checks and loan utilisation checks being conducted in all cases. Further, VCCL has invested significantly in technology to ensure the real-time availability of collection data, e-verification of customer details and cashless disbursements. Internal audits are conducted regularly, and the scope and coverage are in line with industry practices.

Experienced and professional management team

The promoters are engaged into the microfinance business since 2007. Presently, VCCL is managed by a seven-directors governing body headed by Mr. Ummed Mal Jain (Chairman) and his son Mr. Gauta, Jain (Managing Director) who are having more than three decades of experience in the financing and MFI sector. Besides, all the governing body members are well versed with the intricacies of the business operation of microfinance and NBFC.

Key Rating Weaknesses

Average asset quality

VCCL has managed to keep its collection efficiency around 99% in FY25 despite the challenges faced by MFI industry. VCCL though remains exposed to risks associated with the MFI business which recently faced collection efficiency issues due to various external factors, was able to maintain its asset quality when compared to other players in the industry given its stringent credit appraisal process and loan monitoring systems. The GNPA increased to 2.06% in FY25 from 0.73% in FY24, while NNPA was nil as on March 31, 2025. VCCL's ability

Press Release

to sustain the asset quality in the new originations and maintain field discipline will be important from a credit perspective.

Leveraged capital structure

Despite promoters infusing funds on an ongoing basis, majority of the growth is funded by external debt which has resulted in a leveraged capital structure. VCCLs overall gearing decreased to 3.45x as on 31 March 2025 (4.60x as on 31 March 2024) due to capital infusion by promoters in FY25. Going forward, reducing the gearing levels further will be a key rating monitorable.

Inherent risks associated with MFI industry coupled with intense competition

Despite venturing into MSME lending, VCCLs product diversification remains low with the concentration primarily being in the microfinance segment which has recently faced headwinds due to various external factors. Also, the company's portfolio remains relatively risky, given the unsecured nature of the loans. Unsecured lending to the marginal borrower profile and the political and operational risks associated with microlending may result in high volatility in the asset quality indicators. The microfinance industry is prone to socio-political and operational risks, which could negatively impact the company's operations and thus its financial position as has been seen during the pandemic coupled with severe competition by other NBFCs and Banks.

Press Release

Liquidity: Strong

VCCLs liquidity remains strong given the lower tenure of loans extended against higher tenure of loans availed. As on 31 March 2025, VCCL has a adequately matched ALM profile with no negative cumulative mismatches across all the buckets. Also, the company has cash and bank balance of Rs 142.47 Crores, unmarked FDs of Rs 7.34 Crore and unutilised bank facilities of Rs 115.00 Crore.

About the company

VCCL is a Non-Banking Financial Company – Microfinance Institution (NBFC-MFI) registered under Reserve Bank of India (RBI). It started its microfinance on-lending operation in the year 2007 with its head office in Ranchi (Jharkhand), by providing small ticket size loan to poor woman in rural and semi-urban area through Joint Lending Group (JLG) based system and MSME loans.

EXPLANATORY STATEMENT AS PER SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102 of the Companies Act, 2013, the Following explanatory statement sets out all material information for the business mentioned in the accompanying notice dated 17.04.2025

Section 42 of the Companies Act, 2013 read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 ("**Prospectus and Allotment Rules**") deals with private placement of securities by a company. Rule 14(1) of the Prospectus and Allotment Rules prescribes that in case of an offer or invitation to subscribe to securities, the Company shall obtain previous approval of its shareholders/ members ("Members") by means of a special resolution. Rule 14(1) of the Prospectus and Allotment Rules further prescribes that in case of the issue of debentures exceeding the limits prescribed therein, it shall be sufficient to obtain such previous approval only once in a year for all the offers or invitations for such debentures issued during a period of 1 (one) year from the date of passing of the aforementioned special resolution.

In order to augment resources for on-lending by the Company, repayment/ refinance of existing debt, general corporate purposes etc. the Company may invite subscription for issue and allotment of debentures ((i) subordinated, (ii) listed or unlisted, (iii) secured or unsecured, (iv) rated or unrated, (v) redeemable or irredeemable, (vi) convertible or non-convertible, (vii) any others (as may be determined)) including green shoe option and market linked, to be issued by the Company, in one or more series/ tranches on private placement basis. The Debentures proposed to be issued, may be issued at the issue price (including premium, if any) as may be decided by the Board on the basis of various factors including the interest rate/effective yield determined, based on market conditions prevailing at the time of the issue(s).

Pursuant to Rule 14(1) of the Prospectus and Allotment Rules, the following disclosures are being made by the Company to the Members:

PARTICULARS OF THE OFFER INCLUDING DATE OF PASSING BOARD RESOLUTION	
	Rule 14(1) of the Prospectus and Allotment Rules prescribes that where the amount to be raised through offer or invitation of Debentures (as defined above) exceeds the limit prescribed, it shall be sufficient if the company passes a previous special resolution only once in a year for all the offers or invitations for such Debentures during the year. In view of this, pursuant to this resolution under Section 42 of the Companies Act, 2013, the specific terms of offer/ issue shall be decided from time to time, within a period of 1 (one) year from the date of the aforementioned resolution. In line with Rule 14(1) of the Prospectus and Allotment Rules, the date of the relevant board resolution shall be mentioned/ disclosed in the private placement offer and application letter for each offer/ issue of Debentures.

KINDS OF SECURITIES OFFERED AND THE PRICE AT WHICH THE SECURITY IS BEING OFFERED	<p>Debentures ((i) subordinated, (ii) listed or unlisted, (iii) secured or unsecured, (iv) rated or unrated, (v) redeemable or irredeemable, (vi) convertible or non-convertible, (vii) any others (as may be determined)) including green shoe option and market linked.</p> <p>The Debentures will be offered/ issued at an issue price, which will be decided by the Board for each specific issue, on the basis of the interest rate/ effective yield determined, based on market conditions prevailing at the time of the respective issue.</p>
BASIS OR JUSTIFICATION FOR THE PRICE (INCLUDING PREMIUM, IF ANY) AT WHICH THE OFFER OR INVITATION IS BEING MADE	Not applicable, as the securities proposed to be issued (in multiple issues/tranches) are Debenture instruments which will be issued at an issue price in accordance with terms to be decided by the Board, in discussions with the identified investor(s).
NAME AND ADDRESS OF VALUER WHO PERFORMED VALUATION	Not applicable as the securities proposed to be issued (in multiple issues/ tranches) are debt instruments.
AMOUNT WHICH THE COMPANY INTENDS TO RAISE BY WAY OF SECURITIES	The amount of each offer/ issue of Debentures shall be decided by the Board or any committee constituted by the Board from time to time, within a period of 1 (one) year from the date of the aforementioned resolution, provided that the amounts of all such Debentures at any time issued within the period of 1 (one) year from the date of passing of the aforementioned shareholders resolution shall not exceed the limit specified in the resolution under Section 42 of the Companies Act, 2013.
MATERIAL TERMS OF RAISING OF SECURITIES, PROPOSED TIME SCHEDULE, PURPOSES OR OBJECTS OF OFFER, CONTRIBUTION BEING MADE BY THE PROMOTERS OR DIRECTORS EITHER AS PART OR OFFER THE OF SEPARATELY IN FURTHERANCE PRINCIPLE OF OBJECTS; TERMS OF ASSETS CHARGED AS SECURITIES	The specific terms of each offer Issue of Debentures shall be decided by the Board from time to time, within a period of 1 (one) year from the date of the resolution, aforementioned discussions with the respective investor(s). These disclosures will be specifically made in each private placement offer and application letter for each offer/ issue.

Accordingly, consent of the Members is sought in connection with the aforesaid issue of Debentures and they are requested to authorize the Board to issue such Debentures during the year on private placement basis up to INR 1000 Crore (Indian Rupees One Thousand Crore) as stipulated above, in one or more tranches.

None of the directors and key managerial personnel of the Company and their relatives are concerned or interested, financially or otherwise, in this resolution except to the extent of their shareholding (if any) in the Company and proposed number of securities that to be allotted in due course.

In view of above, the board of directors recommends the passing of this resolution as Special Resolution.

EXPLANATORY STATEMENT AS PER SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102 of the Companies Act, 2013, the Following explanatory statement sets out all material information for the business mentioned in the accompanying notice dated 17.04.2025

Section 180(1)(c) and Section 180(1)(a) of the Companies Act, 2013 stipulates obtaining prior approval of the Shareholders of the Company by way of Special Resolution for exercising the specified powers of the Board of Directors relating to borrowing and selling/disposing off etc. of an undertaking of the Company respectively.

Accordingly, company time to time had enhanced the limit as per the business requirement.

Further the fund requirement of the Company has enhanced, and so there is a requirement for loan. However, the required loan exceeds the limits as prescribed under Section 180(1)(c) by the shareholders and therefore it requires the consent of the members of the Company by way of a Special Resolution to revise the same. Hence, the Special Resolution for authorizing the Board of Directors to borrow from time to time, as they may think fit, notwithstanding that the money or monies to be borrowed together with monies already borrowed by the company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business), exceeds the aggregate of the paid-up share capital of the Company and its free reserves, that is to say, reserves not set apart for any specific purposes, provided however, outstanding at any point of time not shall not exceed a sum of Rs. 2500.00 Crores (Rupees Two thousand Five Hundred Crores Only) is proposed for this purpose.

Further in case of preferential allotment of debentures (Debentures), the Company is required to get approval from the shareholders if the offer or invitation to NCDs exceed the limits prescribed in section 180 (1)(c) of the Act.

None of the Directors, Key Managerial Personnel or their relatives are in any way concerned or otherwise interested in this resolution.

EXPLANATORY STATEMENT AS PER SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102 of the Companies Act, 2013, the Following explanatory statement sets out all material information for the business mentioned in the accompanying notice dated 17.04.2025

Section 180(1)(c) and Section 180(1)(a) of the Companies Act, 2013 with effect from September 12, 2013, which stipulates obtaining prior approval of the Shareholders of the Company by way of Special Resolution for exercising the specified powers of the Board of Directors relating to borrowing and selling/disposing off etc. of an undertaking of the Company respectively.

Further In order to facilitate secured borrowing made by the Company to meet enhanced requirement of the fund as it would be necessary to create charge on the assets or whole or part of the undertaking of the Company there is a requirement to revise the limit so as provided to the board i.e., power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company outstanding at any point of time up to Rs. 2500.00 Crores (Rupees Two thousand Five Hundred Crores Only) which requires consent of the members of the Company by way of a Special Resolution. Hence, the Special Resolution for authorizing the Board of Directors to sell/dispose off etc. of an undertaking of the Company not exceeding a sum of Rs. 2500.00 Crores (Rupees Two thousand Five Hundred Crores Only) outstanding is proposed for this purpose.

None of the Directors, Key Managerial Personnel or their relatives are in any way concerned or otherwise interested in this resolution.

Ranchi-834001, Jharkhand

Dear Sir/Madam,

Sub.: In-principle approval for listing of Non-Convertible Securities on private placement basis.

This is with reference to your application requesting in-principle approval for General Information Document dated June 11, 2025 for proposed listing of Non-Convertible Securities on private placement basis to be issued in various tranches by Vedika Credit Capital Limited. In this regard, the Exchange is pleased to grant in-principle approval for the said issue, subject to adequate disclosures to be made in the General Information Document / Key Information Document in terms of SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 as amended from time to time, applicable SEBI Circulars and other applicable laws in this regard and provided the Company prints the Disclaimer Clause as given below in the General Information Document / Key Information Document after the SEBI disclaimer clause:

“As required, a copy of this General Information Document / Key Information Document has been submitted to National Stock Exchange of India Limited (hereinafter referred to as NSE). It is to be distinctly understood that the aforesaid submission or in-principle approval given by NSE vide its letter via ref. No.: NSE/LIST/9197 dated June 12, 2025 or hosting the same on the website of NSE in terms of SEBI (Issue And Listing of Non-Convertible Securities) Regulations, 2021 as amended from time to time, should not in any way be deemed or construed that the document has been cleared or approved by NSE; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this document; nor does it warrant that this Issuer’s securities will be listed or will continue to be listed on the Exchange; nor does it take any responsibility for the financial or other soundness of this Issuer, its promoters, its management or any scheme or project of this Issuer.

Every person who desires to apply for or otherwise acquire any securities of this Issuer may do so pursuant to independent inquiry, investigation and analysis and shall not have any claim against the Exchange whatsoever by reason of any loss which may be suffered by such person consequent to or in connection with such subscription /acquisition whether by reason of anything stated or omitted to be stated herein or any other reason whatsoever”

Please note that the approval given by us should not in any way be deemed or construed that the General Information Document / Key Information Document has been cleared or approved by NSE; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this document; nor does it warrant that the securities will be listed or will continue to be listed on the Exchange; nor does it

Ref. No.: NSE/LIST/9197

take any responsibility for the financial or other soundness of the Company, its promoters, its management or any scheme or project.

The in-principle approval granted by the Exchange is subject to the Issuer submitting to the Exchange prior to opening of the issue and at the time of listing, a valid credit rating letter/rationale covering the total issuance amount under the Key Information Document.

Kindly also note that these debt instruments may be listed on the Exchange after the allotment process has been completed, provided the securities of the issuer are eligible for listing on the Exchange as per our listing criteria and the issuer fulfills the listing requirements of the Exchange. The issuer is responsible to ensure compliance with all the applicable guidelines issued by appropriate authorities from time to time including SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 as amended from time to time, applicable SEBI Circulars, and other applicable laws in this regard.

Specific attention is drawn towards Para 1 of Chapter XV of SEBI Operational Circular No. SEBI/HO/DDHS/P/CIR/2021/613 dated August 10, 2021. Accordingly, Issuers of privately placed debt securities in terms of Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 and for whom accessing the electronic book platform (EBP) is not mandatory shall upload details of the issue with any one of the EBPs within one working day of allotment of securities. The details can be uploaded using the following links:

<https://www.nse-ebp.com><https://www.nseebp.com/ebp/rest/reportingentity?new=true>

This in-principle approval shall be valid for a period of one year from the date of opening of the first issue of securities under this General Information Document. Kindly note that such first issue of securities under this General Information Document should be opened within one year from the date of this letter.

Kindly note, this Exchange letter should not be construed as approval under any other Act /Regulation/Rule/Bye laws (except as referred above) for which the Company may be required to obtain approval from other department(s) of the Exchange. The Company is requested to separately take up matter with the concerned departments for approval, if any.

Yours faithfully,
For National Stock Exchange of India Limited

ANNEXURE X: ILLUSTRATION OF BOND CASH FLOWS

Illustration of Cash Flow

The cash flows emanating from the non-convertible securities according to the day count convention (Actual/Actual) shall be mentioned in the Key Information Document, by way of an illustration.

For the purpose of standardization, if the coupon/ dividend payment date of the non- convertible securities falls on a Sunday or a holiday, the coupon payment shall be made on the next working day. However, the dates of the future payments would continue to be as per the schedule originally stipulated in the offer document. If the maturity date of the debt securities, falls on a Sunday or a holiday, the redemption proceeds shall be paid on the previous working day. In order to ensure consistency, a uniform methodology shall be followed for calculation of interest/ dividend payments in the case of leap year. If a leap year (i.e. February 29) falls during the tenor of a security, then the number of days shall be reckoned as 366 days (Actual/ Actual day count convention) for the entire year, irrespective of whether the interest/ dividend is payable annually, half yearly, quarterly or monthly.

2.	Response to Outstanding Demand	5	5,40,59,675
3.	Appeal preferred by the Company	2	5,06,32,000
Indirect Tax			
1.	TDS**	5	5,51,691.78

These are outstanding demand pending for response which are mainly due to improper query or unworthy reasons which do not have grounds for further query to be raised. Vedika has a pending demand case with ITAT(Appeal) Kolkata for an amount of Rs.70.09 Lakhs which is likely to be in favour of Vedika Credit Capital Ltd.

The response in the major two cases have been filed. In one of the cases the Income tax department has raised issue for treatment of share application money and has treated as income, due to which the resolution is pending to be closed and in other case, the loan availed from one of the lender is treated as cash credit the closure is pending with the department.

The response to the demand notice issued are the cases in which the expense is disallowed by the income tax department which are in normal course of the business. These are likely to be in favour of the company.

3. MISCELLANEOUS

3.1 Governing Law

This Agreement and the rights and obligations of the Parties hereunder shall be governed by and construed as per laws in India, without reference to its conflict of law principles.

3.2 Jurisdiction

- (a) The Company agrees that the courts and tribunals at the Location of Dispute Resolution shall have exclusive jurisdiction to settle any disputes which may arise out of or in connection with this Agreement and that accordingly any suit, action or proceedings (together referred to as "Proceedings") arising out of or in connection with this Agreement may be brought in such courts or the tribunals and the Company irrevocably submits to and accepts for itself and in respect of its property, generally and unconditionally, the jurisdiction of those courts or tribunals.
- (b) The Company irrevocably waives any objection now or in future, to the laying of the venue of any Proceedings in the courts and tribunals at the Location of Dispute Resolution and any claim that any such Proceedings have been brought in an inconvenient forum and further irrevocably agree that a judgment in any Proceedings brought in the courts and tribunals at the Location of Dispute Resolution shall be conclusive and binding upon them and may be enforced in the courts of any other jurisdiction, (subject to the laws of such jurisdiction) by a suit upon such judgment, a certified copy of which shall be conclusive evidence of such judgment, or in any other manner provided by law.
- (c) Nothing contained in this Clause 3, shall limit any right of the Trustee to take Proceedings in any other court or tribunal of competent jurisdiction, nor shall the taking of Proceedings in

one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction whether concurrently or not and the Company irrevocably submits to and accepts for itself and in respect of its property, generally and unconditionally, the jurisdiction of such court or tribunal, and the Company irrevocably waives any objection it may have now or in the future to the laying of the venue of any Proceedings and any claim that any such Proceedings have been brought in an inconvenient forum.

- (d) The Company hereby consents generally in respect of any Proceedings arising out of or in connection with the Agreement to the giving of any relief or the issue of any process in connection with such Proceedings including, without limitation, the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such Proceedings.
- (e) To the extent that the Company may in any jurisdiction claim for itself or its assets immunity from suit, execution, attachment (whether in aid of execution, before judgement or otherwise) or other legal process and to the extent that in any such jurisdiction there may be attributed to itself or its assets such immunity (whether or not claimed), the Company hereby irrevocably agrees not to claim and hereby irrevocably waives such immunity. Company irrevocably agrees that, should any party take any proceedings anywhere, no immunity from those proceedings, from attachment of their assets or from execution of judgment shall be claimed by them or with respect to their assets. The Company irrevocably agrees that it and its assets are, and shall be, subject to such proceedings, attachment.
- (f) Any disputes, differences between the Company and the Debenture Trustee (acting for itself and in its individual capacity) and arising out of or in connection with the activities of the Debenture Trustee in the securities market (acting for itself and in its individual capacity) shall be settled through any dispute resolution mechanism and procedures specified by SEBI in accordance with the Securities and Exchange Board of India (Alternative Dispute Resolution Mechanism) (Amendment) Regulations, 2023 ("SEBI ADR Procedures"), if the resolution of the Dispute through the SEBI ADR Procedures is mandatory under applicable Law, or applicable to the Parties under applicable Law in connection with the Issue. The Parties further agree that, nothing contained in this Clause 3 shall limit any right of the Debenture Trustee to bring in any action against the Company in any other court or tribunal of competent jurisdiction nor shall the taking of such action in one or more jurisdictions preclude the taking of such action in any other jurisdiction whether concurrently or not and the Company irrevocably submits to and accepts for itself and in respect of its property, generally and unconditionally, the jurisdiction of such court or tribunal
- (g) Save and except for the disputes, differences between the Company and the Debenture Trustee arising out of or in connection with the activities of the Debenture Trustee in the securities market as provided in Clause 3.2 (f) above, the courts and tribunals at the Location of Dispute Resolution shall have exclusive jurisdiction to settle any dispute arising out of or in connection with the Transaction Documents (including a dispute regarding the existence, validity or termination of this Agreement) and the Debentures, and that accordingly any suit, action or proceedings arising out of or in connection with the Transaction Documents and/or the Debentures may be brought in such courts and tribunals.
