Discount Rates - Up by 1%	52,914	53,682	-2.40%	-2.20%
Discount Rates - Down by 1%	55,573	56,176	2.50%	2.30%

**(ix). Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

**a. Liability risks**

**a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

**b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit

payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

#### 41. Earnings per share (EPS)

Particulars	As at 31-03-2020	As at 31-03-2019
Profit after tax before exceptional items	34,47,629	33,16,720
Add: exceptional items	-	-

Basic and diluted Earnings Per Share (In Rupees) – after exceptional item	54,670.47	52,594.58

#### 42. Segment Information

##### i. Description of segment and principal activities

The Chief Operational Decision Maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. Mining and Sand Operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### ii. Segment revenue and expense

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

##### iii. Segment assets and liabilities

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs 67,28,557 thousand is derived from three customers and 100% of revenue from sand operations are derived from single customer.

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

Particulars	For the year ended 2019-20			
	Mining Projects	Sand Operations	Unallocated	Total
<b>Segment Revenue</b>				
External Revenue *	1,01,77,668	31,19,243	-	1,32,96,910
<b>Total Segment Revenue</b>	<b>1,01,77,668</b>	<b>31,19,243</b>	<b>-</b>	<b>1,32,96,910</b>

\* Segment Revenue includes other income which is directly attributable to each segment.

Particulars	For the year ended 2019-20			
	Mining Projects	Sand Operations	Unallocated	Total
<b>Segment Results</b>				
Profit/(Loss)	52,14,843	(4,07,508)	-	48,07,335

**44. Note on sand operations**

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for Internal Transport and Sand Door Delivery across the state.
- c. As per oral instructions from the Government, it has been stipulated that company will be reimbursed for all its actual expenditures and will be provided with a margin. Consequently, revenue from sand operations has been recognized as follows. However, written representations from the government regarding rates are not available.
  - i. Excavation, loading and ramp maintenance services at Rs.127 per MT (Inclusive of GST).
  - ii. Sand Boatman Excavation services recognised at rates ranging from Rs. 345 per MT to Rs. 375 per MT (inclusive of GST).
  - iii. Internal Transportation Services at Rs.4.90 per km per MT (inclusive of GST) and same has been paid to the respective transporter without any mark up to the company.

- iv. Door Delivery Transportation Services at the rates specified in GO No M.S. 40 dated 10.08.2020 (inclusive of GST) and same has been paid to respective transporter without any mark up to the company.

The reach wise and party wise details of Agency Income and Transportation Income is not available. The same have been initially recognized based on the output from the Code Tree Software. However, the data from Code Tree Software is presently not available and relevant supporting to the Sale Vouchers are also not available. Due to the non-availability of records as explained above, we are unable to reconcile the difference between Quantity billed to Director Mines and Geology in Agency Income (83,07,052 MTs) and Quantity booked in Sand Excavation Expenditure (76,63,936 MTs) amounting to 6,43,116 MTs. Similarly, the difference between Internal Transportation Income and Internal Transportation Expense amounting to Rs. 29,27,22,581 could not be reconciled.

- d. Payments to the Sand Excavation, Internal transportation Expense have been based on the certification by the District sand officer/ District Sand In charge (DSO /DSI). The relevant office documents that authorize an individual as District sand officer/ District Sand In charge (DSO /DSI) for certifying bills such as employee's name, role of authorization, and their specimen signature are missing. In the cases where the certification is not available, the payments were processed based on the invoices submitted by the vendors.
- e. The data from the software developed by M/s Code Tree Software Solutions was used for recognizing Agency Income and Transportation Income. However, on conclusion of the sand operations in May 2021, the Sand portal as well as the agreement with M/s Code Tree was discontinued. Despite several requests, Code Tree software solutions Private Limited has not handed over the sand portal data till date. Hence, the sand portal data used by the company for recognizing income and expenditure could not be reconciled with the books.
- f. Regarding the Door Delivery of Sand
- i. Due to large number of transactions involved in the door-to-door delivery charges, daily reconciliations have not been made.
- ii. Considering the voluminous of data, payments were made through HDFC bank on consolidated basis to individual transporters for the completed trips based on trip-completion confirmation recorded on the Sand portal. Basic KYC details such as Name, PAN. etc. regarding Sand Door delivery Transporters were not available on record.
- iii. Considering the large number of transactions (more than 7,000 trips per day on average), the payments were made to the transporters based on Sand Portal data and the Transporters were not insisted to submit invoices for each trip. Hence, invoices are not available.

- iv. We do not possess the required records to reconcile the difference between the Sand Transportation Door Delivery Income and Sand Transportation Door Delivery Expense, which amounts to Rs. 7,83,52,411/-.
- g. The details of the receipts have not been provided to us by Director of Mines and Geology due to which we could not reconcile the sale entries with receipt entries. Accordingly, the balance in Trade Receivable in the name of Director of Mines and Geology amounting to Rs. 20,32,31,193/- is subject to reconciliation for want of records.
- h. We have not maintained any kind of stock registers including stock movement register at the sand reaches/ stock yards for capturing excavation, dispatch and internally transported quantities. Further any reconciliation of such stock and stock movement records with books of accounts could not be completed due to non-availability of such records.
- i. The vouchers nor supporting's were maintained for the bulk payments of Door Delivery of Transportation of Sand and Boatsmen Charges. On many days during the year, the total transactions as per books could not be matched with the transactions as per bank statement and further reconciliation could not be made due to non-availability of records as mentioned above.
- j. Further, due to no standard operating procedures approved for sand as such, there were many cases where Sand Receipt amounts were received from End Customers directly in our bank account without routing it through Director of Mines and Geology. The information regarding such as details of customers, quantity of sand dispatched and value of sand dispatched are not known to the company. The same also was never reconciled with Director of Mines and Geology. The receipts were received in various mode of payments such as DDs, UPIs and Cash directly deposited in our Bank Account. The share owed to Director of Mines and Geology was also never transferred back to them due to non-availability of details. Accordingly, all such amounts have been classified under Unknown Receipts and have been classified as Current Liability due to pending reconciliation with Director of Mines and Geology.
- k. With regards to sand operations through desiltation by Boatsman societies, the following is submitted:
- i. In the districts of East and West Godavari, the operations of boatman societies were directly managed by the respective district administration, but no formal communication or order regarding this arrangement is available on record. The responsibility for operations was transferred to the corporation in December 2019 (West Godavari) & January 2020 (East Godavari).
- ii. Since sand transactions were made by the District Administration, the details of the sale transactions are available with them and the same is not available with the company.

- iii. The pending payments during the period when operations were done by district administration was certified and advised to the company for payment, which was undertaken.
- The District Collector, East Godavari remitted an amount of Rs. 8,51,78,158 on 20th February 2020, which remained in their bank account as on date. As in the initial days of operations of the boatsman societies were handled by the districts administration and subsequently handed over to the company, the details of quantities handled by the respective district administrations were not provided to the company. However, we have not been provided with the details of payments made directly to the boatmen or the receipts from the Director of Mines and Geology (Sand), and therefore, we could not include these transactions in our books due to the lack of records.
  - Regarding West Godavari, sand boatsman entries for the period from 01/10/2019 to 21/11/2019 were processed based on a letter dated 18th November 2019 from the District Collector, amounting to Rs. 7,49,73,153. However, we have not been provided with the details of payments made directly by the boatmen or the receipts from the Director of Mines and Geology (Sand). Additionally, the letter dated 18th November 2019 is currently not available in our records.
  - Since then, the corporation has been paying all the bills based on certificates from the respective District Collector/DSO/Tahsildar as applicable. However, due to non-availability of records, the supporting vouchers are not available in respect of below expenditures.
    - ◆ Sand Boatsmen Excavation Expenses of West Godavari district amounting to Rs.7,56,55,256 for the excavation of 3,61,326 MT's from the period 01-10-2019 to 09-01-2020.
    - ◆ Sand Boatsmen Excavation Expenses of East Godavari district amounting to Rs.8,60,11,418 for the excavation of 3,84,271 MT's from the period 26-11-2019 to 31-03-2020.
- iv. No verification of Basic KYC details of the Boatsman Societies such as PAN, Proof of Constitution, GSTIN, etc. were necessitated and accordingly, not available on record. Since they did not provide PAN details, while IT TDS was deducted, the challans were not included in the TDS return at the time of filing. As such, majority of these challans were lying unconsumed at end of Financial Year.
- v. The price for excavation of sand per MT varied from Rs.177/MT to Rs.233/MT. The approval/contract/supporting's for the above-mentioned prices are not available with the company.
- vi. There was no written instruction from the Government as to whether the above price is inclusive/exclusive of GST. As explained in sub-para above, there is no practice of collection of GST for these sand supplies while with the District Administration. Therefore, we have assumed the above price is excluding GST while passing the entries in our books.

- vii. We do not possess the required records to reconcile the difference between Quantity billed to Director Mines and Geology in Agency Income on account of Excavation of Sand Boatsmen (18,95,192 MTs) and Quantity booked in Sand Boatsmen Excavation Charge Expenses (14,24,707MTs), amounting to 4,70,485 MTs. As In the initial days of operations of the boatsman societies were handled by the districts administration and subsequently handed over to the company, the details of quantities handled by the respective district administrations were not provided to the company. Hence this difference in quantities could not be reconciled.

- I. in view of the complexities involved in the transactions, volume of transactions and due to non-availability of data during the lock down period on account of COVID – 19, we could not complete the detailed reconciliation of TDS, GST, GST TDS.

**45. The following subsidiaries/associates/joint venture companies are not consolidated for the following reasons:**

Subsidiaries	
Name of the subsidiary	Reason
Ongole iron ore mining company private limited	The company has not commenced the operations due to agreement cancelled by the GOAP and suffers from significant impairment in its ability to transfer the funds to the investor.
Andhra phosphate private limited	The company lease rights were expired and not renewed. Hence it is not carrying on any activity.
APMDC - SCCL Suliari coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Nuagon coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Associates	
Name of the associate	Reason
Aswani mineral development private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Arham minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Isra minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.

Margasree granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Ongole minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
RLP granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
SRAP minerals private limited	The company has not commenced the operations and became in operative.
AP coastal sand & metals private limited	The lease rights and MOU have been cancelled by the GOAP. Hence the company became in operative.
Andhra Pradesh tribal mining private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
<b>Joint Ventures</b>	
<b>Name of the joint venture</b>	<b>Reason</b>
Andhra baryte corporation private limited	The company has not commenced the operations and non-operative.
Andhra Pradesh iron ore company limited	The company has not commenced the operations and non-operative.
Gimpex AP barytes beneficiation private limited	The company has not commenced the operations and non-operative.
Tr mex barite private limited	The company has not commenced the operations and non-operative
V.V minerals private limited	The joint venture agreement was expired in the financial year 2013 and same has not been renewed by the government. In absence of joint venture agreement as on the date of preparation of CFS, same has not been considered for consolidation.
Alliance Andhra Pradesh black granites private limited	The joint venture agreement was cancelled by the GOAP. Hence the company became in operative.
Pallavared granite private limited	The company's share of losses in joint venture has exceeded its interest in the joint venture. Hence, we have discontinued recognising its share of further losses. The company's interest in the joint venture is the carrying amount of the investment determined using the equity method together with any long term interests that, in substance, form part of the company's net investment in the joint venture.

**46. Deferred tax asset /(liability)**

Construction/ acquisition of any assets	-	-
Purpose other than above	73,084	75,620

**48. Treatment demerger plan in the Books of accounts**

- a. The AP Re-organization Act 2014 has bifurcated the combined Andhra Pradesh state into Andhra Pradesh & Telangana.
- b. Section 53 of the AP Re-organization Act 2014 provides the basis and procedure for distribution of Assets & Liabilities between both the states in respect of head office and location basis for other projects.
- c. In line with the provisions of the Act, the demerger plan for bifurcation of assets & liabilities of APMDC as on 01.06.2014 between APMDC and TSMDC was prepared.
- d. The then Principal Secretary (Ind & Comm.), and Chairman, APMDC (United State) addressed letters on 24.10.2014 to all the bank instructing them to freeze the accounts of APMDC as on 01.06.2014 and directed them not to permit any transactions.
- e. The Demerger plan was discussed by the boards of APMDC and TSMDC. After detailed deliberations, consensus was arrived between APMDC and TSMDC and the formula for bifurcation was approved.
- f. The Demerger Plan was subsequently presented before the expert appraisal committee (EAC) constituted for this purpose. The EAC also approved the demerger plan and sent its recommendations to the respective governments.

- g. As per the Demerger Plan, the Assets & Liabilities of APMDC (Head Office) are to be split between APMDC and TSMDC in the following ratio.

- APMDC –58.32%
- TSMDC –41.68%

- h. APMDC has sent demerger plan to the Andhra Pradesh State Government and the same has been approved by GOAP vide G.O.Ms.No 19 dated 29.01.2019.

- i. The approval of the Telangana State Government is still pending. VC&MD, APMDC has addressed TSMDC vide Lr. No APMDC/F&A/Demerger/2019 20/1959 dated 06.11.2019 to take up the issue with the Telangana State Government and complete the pending formalities.

Distribution of the assets & liabilities of common pool as on 01.06.2014 are given below:

Equity & Liabilities	Common Pool	AP	TS
Ratio		58.32%	41.68%

#### **Amounts held in current accounts, fixed deposits, sweep accounts**

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs.78,50,479/- Thousands (Sweep accounts of Rs.75,954 /- and fixed deposits of Rs.77,74,525 /-) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its latter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on.

#### **49. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government Order (GO) from Energy. Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the Secretary to Government (Mines), Industries & Commerce Department and also on 08-02-2017duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100 crores and disbursed an amount of Rs.60 crore during the financial year 2017-18 and the balance amount of Rs.40 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the loan

agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs. in, Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
Total		100.00

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### 50. Loan to Machilipatnam Urban Development Authority (MUDA)

Company has received a Government Order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### 51. Advance to Rayalaseema steel corporation limited

Company has paid an amount of Rs.3.27 crores to Rayalaseema steel corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed, in view of the uncertainty in realising the

advanced amount, an amount of Rs.3.27 crores have been provided towards provision for doubtful advance.

#### **52. Advance to AP High Grade Steel Limited**

As per the endorsement of Special Chief Secretary, Industries & Commerce Department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to District Collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404th meeting held on 17-07-2020.

Further, no agreement has executed between the company and AP High Grade Steels Limited as on 31<sup>st</sup> March, 2020, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and District Collector, YSR Kadapa district, an amount of Rs.3.00 crores have been provided towards provision for doubtful advance.

#### **53. Loan to M/s. Thriveni Earth Movers Private Limited**

During the year M/s. Thriveni Earth Movers Private Limited, an excavation contractor, carried out certain developmental works such as construction of overpass and the introduction of the electrical rope shovel, which is first of its kind at barytes project. Due to which they have incurred substantial expenses and are requesting a loan of Rs. 40 crores against the bank guarantee, and same to be deducted in 18 instalments from the running bills. Accordingly, corporation has sanctioned an amount of Rs. 40 crores on October 18, 2019 at the prevailing interest rates.

Further, M/s. Thriveni Earth Movers Private Limited stated in its letter dated March 12, 2020, that they have expanded their investment in procurement of mining equipment and other capital expenditure at Mangampet Barytes project in view of achieving the targets set by the corporation. Due to which their company is undergoing in financial crunch and requested for an amount of Rs.35 Crores. Recognising the contractor's significant investment in mine development, and the performance of the contractor is satisfactory so far, the corporation release an amount of Rs.30 Crores on March 18, 2020, against the bank guarantee. This amount to be deducted in 13 instalments from the ongoing bills, with the applicable prevailing interest rates.

#### **54. Non valuation of Inventory**

##### **a. C+D+W Grade of Barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, the sales of current financial year, and also considering the current orders in hand as on balance sheet date closing stock is

recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and the remaining stock (50.19 lakhs MTs) is considered without value.

#### b. Inventory of Ball clay at Dwaraka Tirumala

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS Contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT every year.

As per the terms and conditions of the agreement with RCS Contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which the stock available shall be the sole property of the company. During the year, the company terminated the contract with the RCS Contractor for violation of the mining rules, and the contractor handed over the stock of 2.13 lakh MT (including 2.128 lakhs MT of 2<sup>nd</sup> Grade), which the company has not valued.

#### 55. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors

## 57. Non adoption of previous year financials at the general meeting by the Members

The financial statements of the company for the year ended 31<sup>st</sup> March, 2018 and 31<sup>st</sup> March, 2019 are considered but not adopted by the members of the company at the adjourned annual general meetings held 17<sup>th</sup> September, 2022 and 16<sup>th</sup> November, 2022 respectively, due to non-completion of supplementary audit by the Comptroller and Audit General of India (C & AG). Pending completion of supplementary audit by the Comptroller and Audit General of India (C & AG), for the year ended 31<sup>st</sup> March, 2018 and 31<sup>st</sup> March, 2019, the board of directors of the company in their meeting held on 21<sup>st</sup> October, 2022 approved the financial statements for the ending 31<sup>st</sup> march, 2019. The reported amounts as on 31<sup>st</sup> march, 2020 may undergo change, based on the final comments of the Comptroller and Audit General of India (C & AG) for the year ended 31<sup>st</sup> March, 2018 and 31<sup>st</sup> March, 2019 subsequent approval at annual general meetings. Necessary adjustments if any will be made in subsequent years.

## 58. Ind AS 116 Leases

Ministry of corporate Affairs has notified "The Companies (Indian Accounting Standards) Amendment Rules, 2019 dated March 30, 2019 which inter alia include the new standard on Leases Ind AS 116 replacing the existing standard Ind AS 17, to be effective from the April 1, 2019. The company has applied the standard to its leases using modified retrospective approach and comparative information is not restated.

This has resulted in the recognising of Right-of-Use Assets of Rs.24,478/- thousands with a corresponding lease liability of Rs. 27,526/- thousands and the difference of Rs. 3,048/- has been adjusted to the opening equity (retained earnings) as of April 01, 2019. The impact on profit for the period is not material.

## 59. General

- Some of the balances appearing under trade receivables, trade payables, advances, security deposits, unknown receipts and other payables are subject to confirmations, subsequent reconciliations and consequential adjustment required if any.
- Amounts incurred towards power, fuel charges and excavation and transportation charges for run of mine and overburden have been reported separately in respective note no's 32 and 33 for better presentation purposes.
- Figures of the previous year have been regrouped/rearranged wherever considered necessary, so as to conform to the classification of the current year.
- All amounts have been reported in thousands unless otherwise stated/mentioned, except for the share data and earning per share (EPS).

## INDEPENDENT AUDITOR'S REPORT

To  
The Members of  
The Andhra Pradesh Mineral Development Corporation Limited

### **Report on the Audit of the Standalone Financial Statements**

#### **Disclaimer of Opinion**

We were engaged to audit the accompanying standalone Ind AS financial statements of The Andhra Pradesh Mineral Development Corporation Limited ("the Company"), which comprise the standalone Balance Sheet as at March 31, 2021, the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity for the year then ended and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements")

We do not express an opinion on accompanying standalone financial statements of the Company. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

#### **Basis for Disclaimer of Opinion**

- i) The company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Company has passed entries for Interest Income on Fixed Deposits, Interest Accrued on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income Tax of the erstwhile entity was recovered from the Company's Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

S.No	Name of the ledger	Note no	Classification	Amount	Dr/Cr
1	Demerger Adjustment	18	Other Financial liability(non-current)	58,47,13,883	Cr
2	Int. on FDR's, BGs & Sweep (SBI) to Telangana	18	Other Financial liability(non-current)	1,48,36,82,797	Cr

3	APMDC Telangana Region Advance (Cr)	18	Other Financial liability(non-current)	91,24,99,128	Cr
4	APMDC - ISMDC - Advances	9	Other Non-current Assets	21,89,97,218	Dr
5	Demerger Adj Acc of FD's & FD Kept for BG's	9	Other Non-current Assets	1,32,86,82,758	Dr

17	Int. on Sweep account SBI, Khairatabad	26	Other Income	33,93,823	Cr
18	Vijayawada (bank)	12	Cash and cash equivalents	1,80,07,426	Dr

ii) The company is required to disclose contingent liabilities as per Ind AS 37. The best estimate of amount of contingent liabilities created and disclosed in notes on accounts as at March 31, 2021 by the company could not be audited by us, as the company has not provided the related legal litigation files for our clear understanding and verification.

iii) The following Ledger balances as on March 31, 2021 are subject to receipt of utilisation certificates and confirmation from the respective party/ statutory authority:

Name of the Ledger	Party/ Authority Name	Balance as at March 31, 2021 (in Rs.)
Adv.to EE Panch Raj Dep (RJPT)	EE Panchayat Raj, Rajampet	53,90,237
Deposit with RDQ Rajampet (Rehabilitation)	Regional District Officer, Cuddapah	85,32,478
Deposit with District Collector (Rehabilitation)	District Collector, Cuddapah	1,16,36,37,861
Deposit With Sub Treasury (Rajampet)	Regional District Officer, Cuddapah	2,38,50,796

Due to non-availability of utilisation certificates and confirmation from the respective parties/ statutory authorities, we are unable to ascertain whether the above balances have been utilised or lying unutilized as advance/ deposit. In the absence of sufficient and appropriate audit evidence, we are unable to comment upon the resultant impact on the standalone financial statements of the Company.

- iv) In respect of property, plant and equipment, Fixed Asset Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Further, in respect of additions to Property, Plant and Equipment during the year, no supporting's are available for verifying the date put to use. In the absence of the same, in many of the cases the date of invoice has been assumed as date put to use except in the cases where other evidences such as statutory approval certificates were available for determining the date put to use. Further, in respect of Purchase of CCTV Monitoring Systems from M/s Apple Vision, the Invoice Copies could not be matched with Purchase Orders. The DSO certificates evidencing installation also could not be produced. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the standalone financial statements. Further, we are also not able to comment upon the effect on current year depreciation and consequent impact on the carrying value of Property, Plant and Equipment due to assuming date put to use as specified above.
- v) Interest for delay in payment of consideration as prescribed in Clause No 16(ii)(c) of the Agreement with M/s Pallava Red Granite Private Limited (Joint Venture) dated 3<sup>rd</sup> March 2008 and M/s Andhra Pradesh Granite (Midwest) Private Limited (Joint Venture) dated 4<sup>th</sup> June 2007 has not been ascertained by the Company. The agreement is silent about "due date for payment in different scenarios" due to which we are unable to ascertain the liability. Accordingly, the resultant impact on the standalone Financial Statements could not be ascertained.
- vi) The company has balances in Security Deposit payable to Contractors, Security Deposit from Suppliers, Security Deposit from Others, Deposit from Customer, EMD payable, Stale Cheques Payable, Exp of Entep. Social Resp. Payable, Non-Current Deposits, Penalty Suspense, Deposit for Stamp Duty Payable and Deposit for Court fees payable amounting to Rs. 67.22 Crores (Cr Balance). Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Considering non reconciliation and non-confirmation and further taking into consideration various disputes with vendors & non availability of records, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.
- vii) The Company has balances in Sales Tax Payable of Rs. 1.22 Crores (Credit), APVAT Payable of Rs.1.32 Crores (Credit) and Deposit with Sales Tax Department of Rs. Rs. 5.90 Crores (Debit). The documents pertaining to the Long Pending Tax cases are not available due to which we are unable to ascertain the correctness of the balances in the respective ledgers and the resultant impact on the standalone financial statements. Further, the contingent liability, if any on the above cases is also not ascertainable.
- viii) The Company has balances in Income Tax Assets amounting to Rs. 65.76 Crores which are pending on account of various disputes at different forums. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Further, the Company has been generally filing Income Tax Returns based on Provisional Financials without fully complying with the provisions of Income Tax Act.

Any consequential effect on account of actual tax liability based on the audited financial statements with effect from FY 2014-15 on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the standalone financial statements.

- x) The company has Trade Receivables balance amounting to Rs. 142.07 Crores and advance from customers amounting to Rs. 20.20 crores. Balance confirmations from Parties under Trade Receivables amounting to Rs. 142.07 Crores and Advance from Customers amounting to Rs. 20.20 crores have not been obtained. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements. Further, corporation has no regular system to maintain ageing analysis of trade receivables.
- xi) We were informed that the balance in the following ledgers are pending final settlement on account of pending court proceedings:-

S.No	Name of the ledger	Amount	Dr/Cr
1	Sri M.Ramakrishna Reddy	50,82,476	Dr
2	Sri B.Kurnaraswamy Reddy	51,55,150	Cr
3	M/s V.L.C-S.C.K.C-IV	5,42,81,225	Dr
4	Sr. R.V Ramana	1,13,403	Dr

The up to date status of the court proceedings are not available on record. Further, the balance in the respective ledgers are subject to confirmation and reconciliation on account of the disputes between the parties and the company. Considering non-reconciliation and non-confirmation and taking into further consideration, various disputes with parties, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.

- xii) The Company has released an interest free unsecured loan of Rs. 100 Crores during Financial Year 2017-18 and 2018-19 to M/s Ardhra Pradesh State Fiber Net Limited ("APSFN"). The loan is repayable in 4 yearly installments starting from Financial Year 2018-19 and ending in Financial Year 2021-22. M/s APSFN has not repaid the installments due in Financial Year 2018-19, Financial Year 2019-20 and Financial year 2020-21 as per terms of the agreement. Further installments have also not been repaid till date. Further, the latest financials of APSFN are not available. In the absence of availability of audited financial statements from Financial Year 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFN, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.
- xiii) The Company has released unsecured loan of Rs. 200 Crores to M/s Machilipatnam Urban Development Authority ("MUDA") on 01/11/2018 bearing interest at 8% per annum and repayable in 45 days. Though the due date for repayment is 15<sup>th</sup> December 2018, the said loan has not been repaid as on date also. In the absence of any financial information/supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements.

- xiii) The company has accounted for interest on credit sales amounting to Rs. 2.18 crores for the financial year 2020-21. The basis along with the calculation for accounting interest on credit sales and Penalty Receipts from buyers has not been provided. The contractual copies which contain the terms and conditions for levying interest and penalty have not been provided. Further, the Accrual entry for the unbilled interest income as on 31<sup>st</sup> March 2021 has not been recognised which is not in line with the accounting policy followed by the company. Considering the non-availability of the records we are not able to ascertain and comment on the correctness of the Income recognised under the head Interest on credit sales and penalty receipts from buyers and the outstanding balance under the head Interest accrued on credit sales as on 31<sup>st</sup> March 2021. Accordingly, the resultant impact on the standalone financial statements could not be ascertained.
- xiv) Balance in Suspense Account amounting to Rs. 1,17,75,403 has been classified under Other Current Liabilities as the details pertaining to the transactions in the account are not available. Accordingly, the resultant impact on the standalone financial statements could not be ascertained.
- xv) Sand Inventory records pertaining to Sand Operations were not provided to us for verification due to which inventory records could not be matched with inventory handled as per the financial statements. The data from the software which was used for running Sand Portal has not been provided to us for our verification. The reports from the software were used for tracking the entire operations of sand and is the source for details pertaining to sale amounts received from Department of Mines and Geology, Sand Stock available at each site, Sand Stock in Transit and payments made to Sand Project Contractors using Sand Portal Data. In the absence of the data from the software,
- a) Sales pertaining to Agency Services and Transportation Services provided to Director of Mines and Geology entered in the books could not be verified with the Software data. The Sale vouchers and supporting documents have not been made available to us for our verification. The details pertaining to reach, stock yard, stock depot and party on which The Company earned Income such as Agency Service and Transportation Service have not been provided. As per the explanations provided to us, the consideration for each service (i.e Agency Service, Internal Transportation Service and Door Delivery Transportation Service) to Director Mines and Geology has been orally agreed upon and there is no written communication to authenticate the same. Further, the details of amounts received from Director of Mines and Geology are not available and no reconciliation has been provided for the sale and receipt entries in Director of Mines and Geology Trade Receivable Ledger. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Income pertaining to Agency Services, Transportation Services recognised in Sand Operations and Balance in Trade Receivable ledger of Director of Mines and Geology.
  - b) Excavation Charges (includes Loading, Heaping, Ramp Maintenance and Pattadar Beneficiary Charges) were paid to Sand Contractors at rates agreed upon by the Company and the Contractor by way of agreement. The Quantity excavated is derived from the District Sand Officer (hereinafter referred to as "DSO") certification enclosed to the invoice. However, in many cases the DSO certificates are not available on record and even in cases where the DSO certificates are available the same could not be authenticated as there was no documentation of the specimen signature of the certifying authority. In a case where the certificate from DSO is not available, the expenditure was recognised based on the Invoice submitted by the Contractor and payment was partially processed subject to receipt of certification.

- c) As per the financial statements for Financial Year 2020-21, no reconciliation has been provided with respect to Agency Income on account of Sand Excavation, Charges and billed to Director Mines and Geology up to 31<sup>st</sup> March 2021. Considering the non-availability of records as detailed above for our verification and no proper explanation from the Management, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Excavation Charges recognised in Sand Operations.
- d) Internal Transportation Charges (i.e. Sand Transport from pattalands/ desiltation points/ stockyards to sand depots/ other stockyards) payable to Transporter are calculated at Rs. 4.9 per Ton per kilo meter (inclusive of GST) as given in Government Orders from time to time and as per the individual Agreements entered by the Company with the Transporters. The transportation charges payable has to be derived based on the Kilometers as certified by the Director of Mines and Geology (hereinafter referred to as "DMG")/DSO through GPS based vehicle tracking devices. However, the Kilometers certification from DMG/DSO is not available in majority of the cases. In cases where the certification is not available, Kilometers as agreed upon by APMDC and the contractor were taken as the basis for passing the entries for transportation charges. Considering the non-availability of records for our verification as specified above, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Internal Transportation Services recognised in Sand Operations.
- e) Sand Door Delivery Charges were paid to Transporters based on the report generated from the software. The payment entry was directly debited to expenditure head "Sand Transportation Door Delivery". The vouchers and supporting documents such as invoices and trip sheets have not been made available to us for verification. The only evidence available is the bank statement but the details of the payee are not reflecting in the bank statement. The details of Vendors such as Name and PAN have also not been provided to us for verification. TDS was deducted on Door Delivery Payments but there is no evidence such as TDS certificates to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Door Delivery Transportation Charges payable to Transporter are calculated as per the base rates for Door Delivery as given in Government Orders. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Door Delivery Transportation Services recognised in Sand Operations.
- f) Sand Boatsmen Excavation charges were paid to Boatsmen Societies based on the excavation reports certified by the District Collector/DSO/Online Portal Data. However, in many of the cases, Proper supporting's are not available for verification, the details of which are as follows:
- i. Excavation of sand by Boatsmen Societies in East Godavari and West Godavari districts was initially booked at Rs.211 per MT. Later on, the prices varied from Rs.177 per MT to Rs.233 per MT, depending on the reach where the sand was excavated in respect of West Godavari District. However, the approval/supporting/contract/LOA (as applicable) for the above-mentioned excavation rates have not been provided for our verification. Due to non-availability of the records, we are not able to ascertain whether the excavation rate is inclusive of GST or exclusive of GST.

- ii. Sand Excavation Invoices by the Boatsmen Societies are not available on record. All the payments were made either based on District Collector/ DSO certification/ Online Portal Data. The KYC details of the Society such as PAN, Proof of Identity, GSTIN etc. are also not available. The details of the payee are also not reflecting in the bank statement. Bank payment vouchers and relevant supportings could not be provided.
- iii. TDS was deducted on Excavation Charges paid to Boatsmen Societies but there is no evidence such as TDS certificates of the Deductees to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Further TDS GST has not been deducted on any of the payments made to Boatsmen Societies.

Considering the non-availability of records as detailed above for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Boatsman Excavation Charges recognised in Sand Operations.

- g) Due to the above reasons, the reconciliation of Balances of TDS payable, TDS payable under GST and GST Ledgers with the respective statutory records is pending. Considering non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.
- h) The Management has not conducted physical verification of the stock lying at Sand Reach, Stock Yards and Stock Depots. The Company has not recognised any Unbilled Revenue on Agency Services and Transportation Services provided to Director of Mines and Geology but not billed in Financial Year 2020-21. In the absence of the sufficient audit evidence, we are unable to satisfy ourselves by alternative means as to the amount of Unbilled Revenue to Department of Mines and Geology not recognised in books as on 31<sup>st</sup> March 2021.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, are not applicable to the Company as it is an unlisted company.

#### **Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

#### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### **Auditors' Responsibilities for the Audit of the Standalone Financial Statements**

Our responsibility is to conduct an audit of the standalone financial statements in accordance with Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

We are independent of the Company in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the standalone financial statements in India under the Act, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Act.

#### **Other Matters**

1. The financial statements of the Company for the year ended March 31, 2018, March 31, 2019 and March 31, 2020 respectively are not adopted by the members of the company at the adjourned Annual General Meeting held on 17<sup>th</sup> September, 2022, 16<sup>th</sup> November 2022 and 22<sup>nd</sup> August 2023 respectively due to non-completion of supplementary audit by the Comptroller and Auditor General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Auditor General of India (C&AG), for the year ended March 31, 2018, March 31, 2019 and March 31, 2020, the Board of Directors of the Company in their meeting held on 10<sup>nd</sup> October 2023 approved the financial statements for the year ended March 31, 2021.

Consequently, we have conducted our audit for the year ended March 31, 2021 considering the opening balances based on the financial statements as approved by the Board and audited by previous auditors for the year ended March 31, 2020, March 31, 2019 and March 31, 2018 respectively. The reported amounts as on March 31, 2021 are subject to final comments of the Comptroller and Auditor General of India (C&AG) for the year ended March 31, 2018, March 31, 2019 and March 31, 2020 and subsequent approval at the Annual General Meetings.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 'A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
  - a) As described in the Basis for Disclaimer of Opinion paragraph, we sought but were unable to obtain all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The standalone Balance Sheet, the standalone Statement of Profit and Loss (including other comprehensive income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - d) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
  - e) The matter described in the Basis for Disclaimer of Opinion section may have an adverse effect on the functioning of the Company.
  - f) As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 164 (2) of the Companies Act, 2013 is not applicable, as the Company is a Government Company.
  - g) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Disclaimer of Opinion paragraph above.
  - h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
  - i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the company.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether the company has disclosed the impact of pending litigations on its financial position in its standalone financial statements- Refer Note 36 to the Standalone financial statements
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
3. We are enclosing our report in terms of Section 143 (5) of the Act, on the directions and sub-directions issued by the Comptroller and Auditor General of India on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, in the Annexure- C.

### **Annexure - A to the Independent Auditors' Report**

(Referred to in paragraph 1 under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2021)

With reference to Annexure – A referred to in the Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2021, we report the following:

- (i) In respect of Company's fixed assets
  - a) In our opinion, the Company has not maintained proper records showing full particulars such as location, asset identification number, state of the asset, quantity, etc.
  - b) In the absence of any documents being made available to substantiate the conduct of physical verification and no policy/ laid down procedure on the same, we are unable to comment on the process of physical verification of fixed assets by the company.
  - c) In respect of immovable properties, title deeds/possession certificates are not available in respect of 1.61 Acres at Mangampeta (Carrying Amount: Rs. 23,43,985) and 2.07 Acres at Dwarakatirumala (Carrying Amount: Rs. 1,877). Further, in respect of the other lands, only Possession Certificates issued by concerned authorities are available on record.
- (ii) Physical verification of Inventory has been conducted by the Management during the year. However, there are no laid down procedures for physical verification of inventory at reasonable intervals and accordingly, we are unable to comment upon the same.
- (iii) According to the information and explanations given to us, the Company has not maintained register as prescribed under Section 189 of Companies Act, 2013. Accordingly, we are unable to report on the reporting requirements as specified in Clause (iii) of the Paragraph 3 of the Order.
- (iv) As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 185 and 186 of the Companies Act, 2013 are not applicable as the Company is a Government Company and has obtained necessary approval from the Ministry/ State Government. Hence reporting under Clause (iv) of Paragraph 3 of the Order is not applicable.
- (v) The company has received amounts towards supply of material but have not been adjusted within a period of three hundred and sixty days. Accordingly, these amounts are deemed deposits. The register of deposits as required to be maintained has not been provided for our verification. The entire outstanding is overdue and there is a default on repayment of deposit. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other Tribunal.
- (vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of section 148 of the Act for the company in our opinion. However, no cost records have been provided for our verification due to which we are unable to comment on whether the same have been made and maintained.

- (vii) (a) According to the information and explanations given to us and on the basis of examination of the records of the Company subject to the matters described in Basis for Disclaimer of Opinion paragraph, the Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Goods and Service Tax, Duty of Customs, Cess and other material statutory dues as applicable with appropriate authorities except for dues towards tax deducted at source under Income Tax Act, tax deducted at source under GST which are as tabulated below. Further, few statutory dues such as District Mineral Foundation, Merit and Cess could not be paid on account of non-availability of payment portal.

S.No	Name of Statute	Nature of Dues	Period to which amount relates	Amount in Rupees
1	Income Tax Act	Tax deducted at Source	2019-20	8,32,824
2	Central Goods and Services Tax, Act	Tax deducted at Source	2019-20	1,29,16,730
3	Income Tax Act	Tax deducted at Source	2018-19	5,01,375
4	Mines and Minerals (Development Regulation Act)	District mineral foundation	2016-17 to 2019-20	13,71,60,972
5	Mines and Minerals (Development Regulation Act)	Merit	2016-17 to 2019-20	90,66,196
6	Mines and Minerals (Development Regulation Act)	Cess	2016-17 to 2019-21	12,93,66,241
7	Mines and Minerals (Development Regulation Act)	Royalty from Sub-leaseholders	2018-19 to 2019-21	11,32,003

- (b) According to the information and explanations given to us and on the basis of examination of the records of the Company subject to the matters described in Basis for Disclaimer of Opinion paragraph, the following Statutory dues have not been deposited by the company on account of disputes:

S.No	Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount in Rupees
1	Income Tax Act		ITAT	2011-12(A.Y)	5,49,46,047
2	Income Tax Act		ITAT	2012-13	1,10,70,279
3	Income Tax Act		ITAT		27,31,630
4	Income Tax Act		CIT Appeals	2016-17(A.Y)	36,55,65,643

5	VAT/Sales Tax	Tax on Explosive-2 <sup>nd</sup> Sale-Penalty	Tribunal	1998-99	2,87,647
				1999-00	3,36,253
				2000-01	5,08,165
6	VAT/Sales Tax	Tax on Explosive-2 <sup>nd</sup> Sale-Penalty	Tribunal	2007-08	3,92,913
7	VAT/Sales Tax	Tax on Explosive-2 <sup>nd</sup> Sale and consideration	Tribunal	2008-09	1,00,47,014
				2008-09	33,49,005
		Penalty Interest		2008-09	6,02,871
8	VAT/Sales Tax	Consideration	Tribunal	2009-12	2,32,95,681
		Penalty		2009-12	83,61,030

The aforesaid details are provided solely based on the details made available by the company which could not be independently verified for want of information and records except for AY 2016-17.

- (viii) The Company has no loans or borrowings from financial institutions, bank and Government. The Company has not issued any debentures during the year.
- (ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Hence reporting under clause (ix) of paragraph 3 of the Order is not applicable.
- (x) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) As per Notification GSR 463 [E] dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 197 of the Companies Act, 2013 are not applicable as the Company is a Government Company. Hence reporting under Clause (xi) of Paragraph 3 of the Order is not applicable.
- (xii) The Company is not a Nidhi company. Accordingly, Clause (xii) of Paragraph 3 of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, Clause (xiv) of Paragraph 3 of the Order is not applicable.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, Clause (xv) of Paragraph 3 of the Order is not applicable.

- (xvi) The nature of the business and activities of the Company are such that the Company is not required to obtain registration under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, Cause (xvi) of Paragraph 3 of the Order is not applicable.

## **Annexure - B to the Independent Auditors' Report**

[Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2021]

### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') and Standard on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.

Because of the matter described in the Disclaimer of Opinion section below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls system with reference to the standalone financial statements of the Company.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis for Disclaimer of Opinion**

According to the information and explanations given to us, the Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2021.

The following material weaknesses/ limitations have been identified in the operating effectiveness of the Company's internal financial control over financial reporting.

- a) The system of internal financial controls over financial reporting with regard to the Company were not made available to enable us to determine if the Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2021.
- b) The company did not have effective internal audit system commensurate with the size, nature and complexities of the business.
- c) The company did not have an appropriate internal control system for obtaining confirmation of balances on a periodic basis and reconciliation of unmatched Receivables and Payables.
- d) The Company did not have a system for periodical verification of inventory and Property, Plant and Equipment.
- e) The company does not have system of timely posting of entries in the ERP software. Further, the company does not have an integrated system which has led to accounting lapses such as Non-Reconciliation of Inter-Unit Transactions.
- f) In respect of sand operations,
  - i) The company does not have proper documents evidencing "dispatch/ sale quantities of sand" and has no standard operating procedures in place for confirmation of quantities.
  - ii) Periodic Reconciliation of Bank Balances have not been done.
  - iii) Non reconciliation of book balances of statutory ledgers with statutory records on account of filing the statutory returns based on provisional figures.

- iv. Non maintenance of registers/records such as cheque book register, fixed asset register, BG registers, FMD/PSD register, register of contractors and register of tender schedules so d.

**Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer Opinion paragraph above and based on the information and explanation given to us, the Company has not adequately established its internal financial control over financial reporting on criteria based on or considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting Issued by the Institute of Chartered Accountants of India

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the standalone financial statements of the Company as at March 31, 2021 and the disclaimer has affected our opinion on the standalone financial statements of the Company and we have issued a Disclaimer of opinion on the standalone financial statements of the Company.

**ANNEXURE-C to the Independent Auditors' Report**

**Report on Directions Issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013**

Sl.No	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1.	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics. However, many areas have not been covered under the ERP such as Accounting of Inventory, Depreciation, etc. which are manually maintained. Based on Manual Stores Consumption Reports, consolidated entries are posted in to the IT System periodically. However, there are no implications of processing of Inventory consumption accounting outside IT system on the integrity of accounts subject to matters specified in Basis for Disclaimer opinion paragraph
2.	Whether there is any restructuring of an existing loan or cases of waiver /write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated.	According to the information and explanations give to us and based on our examination of the records of the Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Company. As such there is no financial impact involved.
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such Funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilised, returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realised on these works, with full quantitative details may be detailed.	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies.
2.	Where Grants are received from Central or State government(s)/ other user department(s) or their agencies,	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no

	<p>a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;</p> <p>b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;</p>	grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.
3.	Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease)	There are no long term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.
4.	Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately	According to the information and explanations given to us and on the basis of our examination of the records of the company, The Company has accounted Taxes on Expenditure appropriately, wherever applicable.
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable / its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p> <p>e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;</p>	<p>The Company has been maintaining Public Deposit Account vide account No: 11000093601.</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been given by any other Government or agencies except the State Government during the year.</p> <p>c) During the year company has not raised any loans.</p> <p>d) There are no restrictions or additional permissions required for withdrawing the funds from this account.</p> <p>e) There are no returned/ unpaid bills as on 31-03-2021.</p>

6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no funds which have been raised by the company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly.
7.	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided.	As physical verification of property, plant and equipment report and as confirmed by the management, no such instances have taken place during the year.
8.	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	The Management has physically verified the inventory and stores and spares in FY 2020-21 and shortage / excess found and deterioration / obsolescence in the quality are properly taken into account and the procedures followed by the company in this regard are satisfactory.
9.	Whether the cost incurred on abandoned projects has been written off?	According to the information and explanations given to us, no projects have been abandoned by the company during the year.
10.	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not received any amounts for projects/schemes.
11.	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalised and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated	We have disclaimed our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Disclaimer of Opinion paragraph, we are unable to comment upon the same
12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	Our audit for FY 2020-21 started in FY 2023-24. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2020-21.

13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	The company has submitted modified Mining Plan in respect of Mangampeta Mine in FY 2018-19 and the same has been approved by Deputy Director of Mines and Geology, Kadapa.
14.	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Our audit for FY 2020-21 started in FY 2023-24. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2020-21.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified	According to the explanations given to us and on perusal of mining plans submitted to us, the company has not disbanded and discontinued any mines during the year covered under our audit.
15.	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	The Company has provided for Provision for Mine Closure Cost in line with Accounting Policy referred to in Note 2(p) of the Standalone financial statements.

## Notes forming part of the Financial Statements

### 1. Corporate Information

The Andhra Pradesh Mineral Development Corporation Ltd., was incorporated on 24th Feb., 1961 as a wholly owned undertaking of the Government of Andhra Pradesh for the development of mineral resources and promotion of mineral-based industries in Andhra Pradesh including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products. The administrative office of the company is situated at 294/10, 100 ft road, Kanuru Village, Penamuru Mandal, Vijayawada, Andhra Pradesh 521137.

### 2. Significant Accounting Policies

#### a. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendment Rules, 2020 and relevant provisions of the Companies Act, 2013.

#### b. Basis of preparation

The standalone financial statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair values/ amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### c. Functional and presentation currency

The standalone financial statements are presented in Indian rupees, which is also the functional currency for all its operations. All financial information presented in Indian rupees has been rounded to the nearest thousands, unless stated otherwise.

#### d. Use of Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

### **Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

### **Formulation of accounting Policies**

Accounting policies are formulated in a manner that result in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:

- i. represent faithfully the financial position, financial performance and cash flows of the Company;
- ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
- iii. are neutral, i.e., free from bias;
- iv. are prudent; and
- v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geomining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for atleast 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the company has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect, service taxes and GST.

### iii. Dividend

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

### iv. Interest Income

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

### g. Property, plant and equipment

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the Property, Plant and Equipment are ready for use, as intended by the Management. When part of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013 on written down value basis. except for certain assets where the useful life is determined by technical assessment / Company's past experiences. Assets acquired under finance lease and leasehold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Mining property assets (incl. decommissioning cost) is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

#### **h. Intangible assets**

Intangible assets are measured on initial recognition at cost. They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining rights which are amortised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

#### **i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the Company at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in Subsidiary, Associates and Joint Ventures are measured at cost as per Ind AS 27 – Separate Financial Statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 8,00,000 MTs from financial year 2018-19 onwards and the remaining stock is considered without value (Refer note no. 53).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee upto the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**Post-employment obligation**

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

**Defined Benefit Plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

**Defined contribution plan**

Employee benefits in the form of provident fund, pension fund, superannuation fund and employees state insurance are defined contribution plans. The Company recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

**n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented with in other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in statement of Profit and Loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred. As per the mine closure guidelines issued by the Department of Mines and Geology, Government of Andhra Pradesh on 27<sup>th</sup> Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3 lakh per hectare for category A mines and Rs. 2 lakh per hectare for category B mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The Company has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan. Mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books.

Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation can not be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 42 for segment information presented.

#### **r. Leases**

The company has adopted Ind AS 116-Leases effective from 1<sup>st</sup> April 2019, using modified retrospective method. The company has applied the standard to its lease with the cumulative impact recognised on the date of initial application (1<sup>st</sup> April, 2019). Accordingly, previous period information has not been restated.

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the company recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

**Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

**i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the statement of Profit and Loss. This category generally applies to trade and other receivables.

**ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**II. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**III. De-recognition of financial liabilities**

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional Items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data,
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company. The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management.

**ab. Stripping cost**

The stripping cost incurred during the production phase of a surface mine is recognised as an asset if such cost provides a benefit in terms of improved access to ore in future periods and following criteria are met:

- It is probable that the future economic benefits (improved access to an ore body) associated with the stripping activity will flow to the entity,
- The entity can identify the component of an ore body for which access has been improved, and
- The costs relating to the improved access to that component can be measured reliably.

**ac. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 1.00% of the previous year turnover of the company.

#### Nature and purpose of reserves

##### General reserve

General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.

##### Reserve for bad and doubtful debts

Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.

##### Retained earnings

Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

### 38. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and credit worthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	2020-21	2019-20
Ageing	>12 Months	>12 Months
Gross carrying amount	3,77,960	3,77,960
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,77,960	3,77,960
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2020-21	2019-20
Ageing	<12 Months	<12 Months
Gross carrying amount	10,42,706	14,89,634
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	10,42,706	14,89,634

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

##### I. Commercial risk

##### a. Sale price risk

Particulars	Impact on profit	
	2020-21	2019-20
Selling price increase by 5%		
Barytes	2,65,295	5,08,883
Agency services	6,43,716	1,55,962
Selling price decrease by 5%		
Barytes	(2,65,295)	(5,08,883)
Agency services	(6,43,716)	(1,55,962)

**b. Packing material price risk**

Particulars	Impact on profit			
	2020-21		2019-20	
	Increase by 5%	Increase by 5%	Increase by 5%	Decrease by 5%
Product name:				
Packing material	-	-	(410)	410

**c. Excavation & Transport Charges risk**

Particulars	Impact on profit			
	2020-21		2019-20	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense.				
Excavation & transport charges for run of mine	(21,435)	21,435	(16,748)	16,748
Excavation & transport charges for overburden	(1,21,463)	1,21,463	(1,13,909)	1,13,909

**39. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st March 2021**

Particulars	Contractual cash flows			
	Carrying amount	Total	Less than 12 months	More than 12 months
<b>Non-derivative financial liabilities:</b>				
Trade payables	10,70,340	10,70,340	10,70,340	-

**vii. Significant estimates: Sensitivity analysis**

Discount rate, salary escalation rate and withdrawal rate are significant actuarial assumptions. The change in Present value of defined benefit obligation for a change of 100 basis points from the assumed assumption is given below:

**Effect on gratuity valuation**

Particulars	Defined benefit obligation (Rs.In.'000')		(% of change)	
	As at 31-03-2021	As at 31-03-2020	As at 31-03-2021	As at 31-03-2020
Under base scenario	47,649	59,039	0.00%	0.00%
Salary escalation - up by 1%	50,936	61,802	6.90%	4.70%
Salary escalation - down by 1%	44,658	56,512	-6.28%	-4.30%
Withdrawal rates - up by 1%	48,095	59,362	0.94%	0.50%
Withdrawal rates - down by 1%	47,154	58,682	-1.04%	-0.60%
Discount rates - up by 1%	45,043	56,933	-5.47%	-3.60%
Discount rates - down by 1%	50,567	61,386	6.12%	4.00%

**viii. Effect on leave encashment valuation**

Particulars	Defined benefit obligation (Rs.In.'000')		(% of change)	
	As at 31-03-2021	As at 31-03-2020	As at 31-03-2021	As at 31-03-2020
Under base scenario	45,319	54,194	0.00%	0.00%
Salary escalation - up by 1%	47,281	55,996	4.30%	3.30%
Salary escalation - down by 1%	43,472	52,485	-4.10%	-3.20%
Withdrawal rates - up by 1%	45,484	54,317	0.40%	0.20%
Withdrawal rates - down by 1%	45,143	54,064	-0.40%	-0.20%
Discount rates - up by 1%	43,802	52,914	-3.30%	-2.40%
Discount rates - down by 1%	46,958	55,573	3.60%	2.50%

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

**x. Liability risks**

**a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

**b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

**41. Earnings per share (EPS)**

Particulars	As at	As at
	31-03-2021	31-03-2020
Profit after tax before exceptional items	13,24,193	34,41,691
Add: exceptional items	-	-
Profit after tax after exceptional items	13,24,193	34,41,691
Profit available for equity shareholders	13,24,193	34,41,691
Weighted number of equity shares outstanding	63,062	63,062
Nominal Value of equity share	1,000	1,000
Basic and diluted earnings per share (In Rupees) – before exceptional item	20,998.27	54,576.32
Basic and diluted earnings per share (In Rupees) – after exceptional item	20,998.27	54,576.32

**42. Segment Information**

**i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

**ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

**iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs. 31,70,242 (Thousands) (P.Y 67,28,557 Thousand) is derived from three customers and 100% of revenue from sand operations are derived from single customer.

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

**a. Segment reporting for the financial year 2020-21**

Particulars	For the year ended 2020-21			
	Mining projects	Sand operations	Unallocated	Total

**44. Note on sand operations**

- The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities

- i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state.
- c. As per oral instructions from the Government, it has been stipulated that company will be reimbursed for all its actual expenditures and will be provided with a margin. Consequently, revenue from sand operations has been recognized as follows. However, written representations from the Government regarding rates are not available.
- i. Excavation, loading and ramp maintenance services at Rs.127 per MT (Inclusive of GST).
  - ii. Sand boatsman excavation services recognised at rates ranging from Rs. 345 per MT to Rs. 375 per MT (inclusive of GST).
  - iii. Internal transportation services at Rs.4.90 per km per MT (inclusive of GST) and same has been paid to the respective transporter without any mark up to the company.
  - iv. Door delivery transportation services at the rates specified in GO No M.S. 40 dated 10.08.2020 (inclusive of GST) and same has been paid to respective transporter without any mark up to the company.

The reach wise and party wise details of agency income and transportation income are not available. The same have been initially recognized based on the output from the Code tree software. However, the data from code tree software is presently not available and relevant supporting to the sale vouchers are also not available.

- d. Payments to the sand excavation, internal transportation expense have been based on the certification by the district sand officer/ district sand in charge (DSO /DSI). The relevant office documents that authorize an individual as District sand officer/ District Sand In charge (DSO /DSI) for certifying bills such as employee's name, role of authorization, and their specimen signature are missing. In the cases where the certification is not available, the payments were processed based on the invoices submitted by the vendors.

- e. The data from the software developed by M/s. Code tree software solutions was used for recognizing Agency Income and Transportation Income. However, on conclusion of the sand operations in May 2021, the Sand portal as well as the agreement with M/s Code tree was discontinued. Despite several requests, Code tree software solutions Private Limited has not handed over the sand portal data till date. Hence, the sand portal data used by the company for recognizing income and expenditure could not be reconciled with the books.
- f. Regarding the Door Delivery of Sand
- Due to large number of transactions involved in the door-to-door delivery charges, daily reconciliations have not been made.
  - Considering the voluminous of data, payments were made through HDFC bank on consolidated basis to individual transporters for the completed trips based on trip-completion confirmation recorded on the Sand portal. Basic KYC details such as Name, PAN. etc. regarding Sand Door delivery Transporters were not available on record.
  - Considering the large number of transactions (more than 7,000 trips per day on average), the payments were made to the transporters based on Sand Portal data and the Transporters were not insisted to submit invoices for each trip. Hence, invoices are not available.
- g. The details of the receipts have not been provided to us by the director of mines and geology due to which we could not reconcile the sale entries with receipt entries. Accordingly, the balance in trade receivable in the name of director of mines and geology amounting to Rs. 50,91,93,352/- is subject to reconciliation for want of records.
- h. We have not maintained any kind of stock registers including stock movement register at the sand reaches/ stock yards for capturing excavation, dispatch and internally transported quantities. Further any reconciliation of such stock and stock movement records with books of accounts could not be completed due to non-availability of such records.
- i. Neither vouchers nor supporting documents were maintained for the bulk payments of door delivery of transportation of sand and Boatsmen charges. On many days during the year, the total transactions as per books could not be matched with the transactions as per bank statement and further reconciliation could not be made due to non-availability of records as mentioned above.
- j. Further, due to no standard operating procedures approved for sand as such, there were many cases where Sand Receipt amounts were received from end customers directly in our bank account without routing it through the director of mines and geology. The information regarding such as details of customers, quantity of sand dispatched and value of sand dispatched are not known to the company. The same also was never reconciled with Director of Mines and Geology. The receipts were

received in various modes of payments such as DDs, UPIs and cash directly deposited in our bank account. The share owed to director of mines and geology was also never transferred back to them due to non-availability of details. Accordingly, all such amounts have been classified under unknown receipts and have been classified as current liability due to pending reconciliation with the director of mines and geology.

k. With regards to sand operations through desiltation by boatsman societies, the following is submitted:

- i. In the districts of East and West Godavari, the operations of boatman societies were directly managed by the respective district administration, but no formal communication or order regarding this arrangement is available on record. The responsibility for operations was transferred to the corporation in December 2019 (West Godavari) & January 2020 (East Godavari).
  - ii. Since sand transactions were made by the district administration, the details of the sale transactions are available with them and the same is not available with the company.
  - iii. The pending payments during the period when operations were done by district administration was certified and advised to the company for payment, which was undertaken.
  - iv. Since then, the corporation has been paying all the bills based on certificates from the respective District Collector/DSO/Tahsildar as applicable. However, due to non-availability of records, the supporting vouchers are not available in respect of below expenditures.
  - v. No verification of Basic KYC details of the Boatsman Societies such as PAN, Proof of Constitution, GSTIN, etc. were necessitated and accordingly, not available on record. Since they did not provide PAN details, while IT TDS was deducted, the challans were not included in the TDS return at the time of filing. As such, majority of these challans were lying unconsumed at end of Financial Year.
  - vi. The price for excavation of sand per MT varied from Rs.177/MT to Rs.233/MT. The approval/contract/supporting's for the above-mentioned prices are not available with the company.
  - vii. There was no written instruction from the Government as to whether the above price is inclusive/ exclusive of GST. As explained in sub-para above, there is no practice of collection of GST for these sand supplies while with the District Administration. Therefore, we have assumed the above price is excluding GST while passing the entries in our books.
- l. In view of the complexities involved in the transactions, volume of transactions and due to non-availability of data during the lock down period on account of COVID - 19, we could not complete the detailed reconciliation of TDS, GST, GST TDS.

**45. Deferred tax asset /(liability)**

Particulars	As at 31-03-2021	As at 31-03-2020

#### **Amounts held in current accounts, fixed deposits, sweep accounts**

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs.8,341,061/- Thousands (sweep accounts of Rs.77,873 /- and fixed deposits of Rs.8,263,188/-) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its latter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on.

#### **48. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy. Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017 duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the

loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was entered with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
Total		100.00

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **49. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good. Further, no interest has been recognised in the books of accounts.

#### **50. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that

company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

#### **S1. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year an additional amount of Rs.9.00 crores has been paid totalling to Rs.11.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount of Rs.9.00 crores have been provided towards additional provision for doubtful advance during the year, totalling to Rs.11.00 crores till 31-03-2021.

#### **52. Loan to M/s. Thriveni Earth Movers Private Limited**

During the previous year M/s. Thriveni Earth Movers Private Limited, an excavation contractor, carried out certain developmental works such as construction of overpass and the introduction of the electrical rope shovel, which is first of its kind at barytes project. Due to which they have incurred substantial expenses and are requesting a loan of Rs. 40.00 crores against the bank guarantee, and same to be deducted in 18 instalments from the running bills. Accordingly, corporation has sanctioned an amount of Rs. 40.00 crores on October 18, 2019 at the prevailing interest rates.

Further, M/s. Thriveni Earth Movers Private Limited stated in its letter dated March 12, 2020, that they have expanded their investment in procurement of mining equipment and other capital expenditure at Mangampet Barytes project in view of achieving the targets set by the corporation. Due to which their company is undergoing in financial crunch and requested for an amount of Rs.35.00crores. Recognising the contractor's significant investment in mine development, and the performance of the contractor is satisfactory; the corporation released an amount of Rs.30.00crores on March 18, 2020 against the bank guarantee. Total advance amount of Rs.70.00 crores has been repaid during the year along with the applicable interest in full.

### 53. Non valuation of inventory

#### a. C+D+W Grade of barytes

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, the sales of current financial year, and also considering the current orders in hand as on balance sheet date closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and the remaining stock (59.22 lakhs MTs) is considered without value

#### b. Inventory of Ball clay at Dwaraka Tirumala

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which the stock available shall be the sole property of the company. During the previous year, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020. The Closing stock as on 31.03.2021 is 2.04 lakh MT (including 470 MTs of 1<sup>st</sup> Grade), which the company has not valued.

### 54. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area In Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Madanpur	713.95
	<b>Total</b>	<b>2,556.86</b>

## 55. Additional information

## 56. Non adoption of previous year financials at the general meeting by the Members

The financial statements of the company for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019 and 31<sup>st</sup> March 2020 are considered but not adopted by the members of the company at the adjourned annual general meetings held 17<sup>th</sup> September, 2022, 16<sup>th</sup> November, 2022 and 22<sup>nd</sup> August, 2023 respectively, due to non-completion of supplementary audit by the Comptroller and Audit General of India (C & AG). Pending completion of supplementary audit by the Comptroller and Audit General of India (C & AG), for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, and 31<sup>st</sup> March, 2020, the board of directors of the company in their meeting held on 22<sup>nd</sup> August, 2023 approved the financial statements for the ending 31<sup>st</sup> March, 2020. The reported amounts as on 31<sup>st</sup> March, 2021 may undergo change, based on the final comments of the Comptroller and Audit General of India (C & AG) for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019 and 31<sup>st</sup> March, 2020 subsequent approval at annual general meetings. Necessary adjustments if any will be made in subsequent years.

## 57. General

- During the year company has operated public deposits accounts (PD Account) with the treasury department Government of Andhra Pradesh (GoAP). No funds have been credited to this account given by any other government or agencies except the GoAP. There are no restrictions or additional permissions required for withdrawing the funds from this account. There are no returned/unpaid bills under this account as on March 31, 2021.

- b. Some of the balances appearing under trade receivables, trade payables, advances, security deposits, unknown receipts, other payables and deposits with various Government Authorities are subject to confirmations, subsequent reconciliations and consequential adjustment required if any.
- c. Amounts incurred towards power, fuel charges and excavation and transportation charges for run of mine and overburden have been reported separately in respective note no's 32 and 33 for better presentation purposes.
- d. Figures of the previous year have been regrouped/rearranged wherever considered necessary, so as to confirm to the classification of the current year.
- e. All amounts have been reported in thousands unless otherwise stated/mentioned, except for the share data and earnings per share (EPS).

## INDEPENDENT AUDITOR'S REPORT

To  
The Members of  
The Andhra Pradesh Mineral Development Corporation Limited

### **Report on the Audit of the Consolidated Financial Statements**

#### **Disclaimer of Opinion**

We were engaged to audit the accompanying Consolidated Ind AS financial statements of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended and notes to the Consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated financial statements")

We do not express an opinion on accompanying Consolidated financial statements of the Group. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these Consolidated financial statements

#### **Basis for Disclaimer of Opinion**

1. We draw attention to Note No. 45 of the consolidated financial statements where in the company has stated the reasons for not consolidating the Subsidiaries, Associates and joint ventures as tabulated below. In the absence of audited financial statements, management certified accounts for the year ended March 31, 2021 and further reasons as detailed in Note No 45, the transactions of subsidiaries and share in profit/losses of joint ventures and associates of the below mentioned entities are not incorporated in these consolidated financial statements. The list of such entities are as tabulated below:

S.No	Name of the Company	Nature of Holding	% of Holding
1	Ongole iron ore mining company pvt ltd	Subsidiary	51.00%
2	Andhra phosphate private limited	Subsidiary	50.00%
3	APMDCL SCCL Suliari coal company Ltd	Subsidiary	51.00%
4	Nuagun coal company Ltd	Subsidiary	50.00%
5	Andhra Baryte Corporation Private Limited	Joint Venture	11.00%
6	Andhra Pradesh Iron Ore Company Ltd	Joint Venture	11.00%
7	Gimpex AP Barytes Beneficiation Private Limited	Joint Venture	11.00%
8	Trimex Baryte Private Limited	Joint Venture	11.00%
9	V.V Minerals Private Limited	Joint Venture	12.35%
10	Alliance Andhra Pradesh Black Granites Pvt Ltd	Joint Venture	11.00%
11	Pallava Red Granite Private Limited	Joint Venture	11.00%
12	Aswani Mineral Development Private Ltd	Associate	26.00%

13	Arham Minerals Exports (P) Ltd	Associate	26.00%
14	Isra Minerals Exports (P) Ltd	Associate	26.00%
15	Margasree Granites (P) Ltd	Associate	26.00%
16	Ongole Minerals Exports (P) Ltd	Associate	26.00%
17	RLP Granites (P) Ltd	Associate	26.00%
18	SRAP Minerals Private Limited	Associate	26.00%
19	A.P.Coastal Sand & Metals Pvt Ltd	Associate	26.00%
20	Andhra Pradesh Tribal Mining (P) Ltd	Associate	26.00%

In the absence of information, we are unable to quantify the impact on the Group's financials. Further, in respect of all the above entities, the carrying value of the investment (net of impairment/ provision) in Holding Company's books is NIL.

Holding Company's Basis for Disclaimer Opinion (As stated in the report of standalone financial statements)

- ii) The Holding company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Holding Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Holding Company has passed entries for Interest Income on Fixed Deposits, Interest Accrued on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income Tax of the erstwhile entity was recovered from the Holding Company's Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

S.No	Name of the ledger	Note no	Classification	Amount	Dr/Cr

iii) The Holding company is required to disclose contingent liabilities as per Ind AS 37. The best estimate of amount of contingent liabilities created and disclosed in notes on accounts as at March 31, 2021 by the Holding company could not be audited by us, as the Holding company has not provided the related legal litigation files for our clear understanding and verification.

iv) The following Ledger balances as on March 31, 2021 are subject to receipt of utilisation certificates and confirmation from the respective party/ statutory authority:

Name of the Ledger	Party/ Authority Name	Balance as at March 31 2021 (In Rs.)
Adv. to EE Panc. Raj Dep (RJPT)	EE Panchayat Raj, Rajampet	53,90,237
Deposit with RDO Rajampet (Rehabilitation)	Regional District Officer, Cuddapah	85,32,478
Deposit with District Collector (Rehabilitation)	District Collector, Cuddapah	1,16,36,37,861
Deposit With Sub Treasury (Rajampet)	Regional District Officer, Cuddapah	2,38,50,796

Due to non-availability of utilisation certificates and confirmation from the respective parties/ statutory authorities, we are unable to ascertain whether the above balances have been utilised or lying unutilized as advance/ deposit. In the absence of sufficient and appropriate audit evidence, we are unable to comment upon the resultant impact on the Consolidated financial statements.

vi) In respect of property, plant and equipment, Fixed Asset Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Further, in respect of additions to Property, Plant and Equipment during the year, no supportings are available for verifying the date put to use. In the absence of the same, in many of the cases the date of invoice has been assumed as date put to use except in the cases where other evidences such as statutory approval certificates were available for determining the date put to

use. Further, in respect of Purchase of CCTV Monitoring Systems from M/s Apple Vision, the Invoice Copies could not be matched with Purchase Orders. The DSO certificates evidencing installation also could not be produced. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the Consolidated financial statements. Further, we are also not able to comment upon the effect on current year depreciation and consequent impact on the carrying value of Property, Plant and Equipment due to assuming date put to use as specified above.

- vi) Interest for delay in payment of consideration as prescribed in Clause No 16(ii)(c) of the Agreement with M/s Pallava Red Granite Private Limited (Joint Venture) dated 3<sup>rd</sup> March 2008 and M/s Andhra Pradesh Granite (Midwest) Private Limited (Joint Venture) dated 4<sup>th</sup> June 2007 has not been ascertained by the Holding Company. The agreement is silent about "due date for payment in different scenarios" due to which we are unable to ascertain the liability. Accordingly, the resultant impact on the Consolidated Financial Statements could not be ascertained.
- vii) The Holding company has balances in Security Deposit payable to Contractors, Security Deposit from Suppliers, Security Deposit from Others, Deposit from Customer, EMD payable, Stale Cheques Payable, Exp of Entep. Social Resp. Payable, Non-Current Deposits, Penalty Suspense, Deposit for Stamp Duty Payable and Deposit for Court Fees payable amounting to Rs. 67.22 Crores (Cr Balance). Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Considering non reconciliation and non-confirmation and further taking into consideration various disputes with vendors & non availability of records, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.
- viii) The Holding Company has balances in Sales Tax Payable of Rs. 1.22 Crores (Credit), APVAT Payable of Rs.1.32 Crores (Credit) and Deposit with Sales Tax Department of Rs. Rs. 5.90 Crores (Debit). The documents pertaining to the Long Pending Tax cases are not available due to which we are unable to ascertain the correctness of the balances in the respective ledgers and the resultant impact on the Consolidated financial statements. Further, the contingent liability, if any on the above cases is also not ascertainable.
- ix) The Holding Company has balances in Income Tax Assets amounting to Rs. 65.76 Crores which are pending on account of various disputes at different forums. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Further, the Holding Company has been generally filing Income Tax Returns based on Provisional Financials without fully complying with the provisions of Income Tax Act. Any consequential effect on account of actual tax liability based on the audited financial statements with effect from FY 2014-15 on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the Consolidated financial statements.
- x) The Holding company has Trade Receivables balance amounting to Rs. 142.07 Crores and advance from customers amounting to Rs. 20.20 crores. Balance confirmations from Parties under Trade Receivables amounting to Rs. 142.07 Crores and Advance from Customers amounting to Rs. 20.20 crores have not been obtained. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.

- xi) We were informed that the balance in the following ledgers are pending final settlement on account of pending court proceedings:-

S.No	Name of the ledger	Amount	Dr/Cr
1	Sri M.Ramakrishna Reddy	90,82,476	Dr
2	Sri B Kumaraswamy Reddy	51,55,150	Cr
3	M/s V.L.C-S.C.K.C-JV	5,42,81,229	Dr
4	Sri R.V Ramana	1,13,403	Dr

The up to date status of the court proceedings are not available on record. Further, the balance in the respective ledgers are subject to confirmation and reconciliation on account of the disputes between the parties and the Holding company. Considering non-reconciliation and non-confirmation and taking into further consideration, various disputes with parties, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.

- xii) The Holding Company has released an interest free unsecured loan of Rs. 100 Crores during Financial Year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly installments starting from Financial Year 2018-19 and ending in Financial Year 2021-22. M/s APSFL has not repaid the installments due in Financial Year 2018-19 Financial Year 2019-20 and Financial Year 2020-21 as per terms of the agreement. Further installments have also not been repaid till date. Further, the latest financials of APSFL are not available. In the absence of availability of audited financial statements from Financial Year 2017-18 and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.
- xiii) The Holding Company has released unsecured loan of Rs. 200 Crores to M/s Machilipatnam Urban Development Authority ("MUDA") on 01/11/2018 bearing interest at 8% per annum and repayable in 45 days. Though the due date for repayment is 15<sup>th</sup> December 2018, the said loan has not been repaid as on date also. In the absence of any financial information/supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements.
- xiv) The Holding company has accounted for interest on credit sales amounting to Rs. 2.18 crores for the financial year 2020-21. The basis along with the calculation for accounting interest on credit sales and Penalty Receipts from buyers has not been provided. The contractual copies which contain the terms and conditions for levying interest and penalty have not been provided. Further, the Accrual entry for the unbilled interest income as on 31<sup>st</sup> March 2021 has not been recognised, which is not in line with the accounting policy followed by the Holding company. Considering the non-availability of the records, we are not able to ascertain and comment on the correctness of the Income recognised under the head Interest on credit sales and penalty receipts from buyers and the outstanding balance under the head interest accrued on credit sales as on 31<sup>st</sup> March 2021. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.

- xv) Balance in Suspense Account amounting to Rs. 1,17,75,403 has been classified under Other Current Liabilities as the details pertaining to the transactions in the account are not available. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.
- xvi) Sand Inventory records pertaining to Sand Operations were not provided to us for verification due to which inventory records could not be matched with inventory handled as per the financial statements. The data from the software which was used for running Sand Portal has not been provided to us for our verification. The reports from the software were used for tracking the entire operations of sand and is the source for details pertaining to sale amounts received from Department of Mines and Geology, Sand Stock available at each site, Sand Stock in Transit and payments made to Sand Project Contractors using Sand Portal Data. In the absence of the data from the software,
- a) Sales pertaining to Agency Services and Transportation Services provided to Director of Mines and Geology entered in the books could not be verified with the Software data. The Sale vouchers and supporting documents have not been made available to us for our verification. The details pertaining to reach, stock yard, stock depot and party on which The Company earned Income such as Agency Service and Transportation Service have not been provided. As per the explanations provided to us, the consideration for each service (i.e Agency Service, Internal Transportation Service and Door Delivery Transportation Service) to Director Mines and Geology has been orally agreed upon and there is no written communication to authenticate the same. Further, the details of amounts received from Director of Mines and Geology are not available and no reconciliation has been provided for the sale and receipt entries in Director of Mines and Geology Trade Receivable Ledger. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Income pertaining to Agency Services, Transportation Services recognised in Sand Operations and Balance in Trade Receivable ledger of Director of Mines and Geology.
- b) Excavation Charges (includes Loading, Heaping, Ramp Maintenance and Pattadar Beneficiary Charges) were paid to Sand Contractors at rates agreed upon by the Holding Company and the Contractor by way of agreement. The Quantity excavated is derived from the District Sand Officer (hereinafter referred to as "DSO") certification enclosed to the invoice. However, in many cases the DSO certificates are not available on record and even in cases where the DSO certificates are available the same could not be authenticated as there was no documentation of the specimen signature of the certifying authority. In a case where the certificate from DSO is not available, the expenditure was recognised based on the Invoice submitted by the Contractor and payment was partially processed subject to receipt of certification. Considering the non-availability of records as detailed above for our verification and no proper explanation from the Management, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Excavation Charges recognised in Sand Operations.
- c) Internal Transportation Charges (i.e. Sand Transport from pattalands/ desiltation points/ stockyards to sand depots/ other stockyards) payable to Transporter are calculated at Rs. 4.9 per Ton per kilometer (inclusive of GST) as given in Government Orders from time to time and as per the individual Agreements entered by the Holding Company with the Transporters. The transportation charges payable has to be derived based on the Kilometres as certified by the Director of Mines and Geology (hereinafter referred to as "DMG")/DSO through GPS based vehicle tracking devices.

However, the Kilometres certification from DMG/DSO is not available in majority of the cases. In cases where the certification is not available, Kilometres as agreed upon by APMDC and the contractor were taken as the basis for passing the entries for transportation charges. It has been informed to us that Internal Transport Charges receivable from Director of Mines and Geology are also at the same kilometres and rate per kilometer however, no supporting has been provided to support the claim. Considering the non-availability of records for our verification as specified above, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Internal Transportation Services recognised in Sand Operations.

- d) Sand Door Delivery Charges were paid to Transporters based on the report generated from the software. The payment entry was directly debited to expenditure head "Sand Transportation Door Delivery". The vouchers and supporting documents such as invoices and trip sheets have not been made available to us for verification. The only evidence available is the bank statement but the details of the payee are not reflecting in the bank statement. The details of Vendors such as Name and PAN have also not been provided to us for verification. TDS was deducted on Door Delivery Payments but there is no evidence such as TDS certificates to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Door Delivery Transportation Charges payable to Transporter are calculated as per the base rates for Door Delivery as given in Government Orders. It has been informed to us that Door Delivery Transport Charges receivable from Director of Mines and Geology are also at the same rates but however, no supporting has been provided to support the claim. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Door Delivery Transportation Services recognised in Sand Operations.
- e) Sand Boatsmen Excavation charges were paid to Boatsmen Societies based on the excavation reports certified by the District Collector/DSO/Online Portal Data. However, in many of the cases, Proper supportings are not available for verification, the details of which are as follows:
  - 1) Excavation of sand by Boatsmen Societies in East Godavari and West Godavari districts was initially booked at Rs.211 per MT. Later on, the prices varied from Rs.177 per MT to Rs.233 per MT, depending on the reach where the sand was excavated in respect of West Godavari District. However, the approval/supporting/contract/LOA (as applicable) for the above-mentioned excavation rates have not been provided for our verification. Due to non-availability of the records, we are not able to ascertain whether the excavation rate is inclusive of GST or exclusive of GST.
  - 2) Sand Excavation Invoices by the Boatsmen Societies are not available on record. All the payments were made either based on District Collector/ DSO certification/ Online Portal Data. The KYC details of the Society such as PAN, Proof of Identity, GSTIN etc. are also not available. The details of the payee are also not reflecting in the bank statement. Bank payment vouchers and relevant supportings could not be provided.
  - 3) TDS was deducted on Excavation Charges paid to Boatsmen Societies but there is no evidence such as TDS certificates of the Deductees to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Further TDS GST has not been deducted on any of the payments made to Boatsmen Societies.

Considering the non availability of records as detailed above for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Boatsman Excavation Charges recognised in Sand Operations.

- fi) Due to the above reasons, the reconciliation of Balances of TDS payable, TDS payable under GST and GST Ledgers with the respective statutory records is pending. Considering non reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.
- g) The Management has not conducted physical verification of the stock lying at Sand Reach, Stock Yards and Stock Depots. The Holding Company has not recognised any Unbilled Revenue on Agency Services and Transportation Services provided to Director of Mines and Geology but not billed in Financial Year 2020-21. In the absence of the sufficient audit evidence, we are unable to satisfy ourselves by alternative means as to the amount of Unbilled Revenue to Department of Mines and Geology not recognised in books as on 31<sup>st</sup> March 2021.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, are not applicable to the Holding Company as it is an unlisted company.

#### **Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the Consolidated financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

## **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Group including its associates and joint ventures in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates and joint ventures for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management included in the group and of its associates and joint ventures is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of each company.

## **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our responsibility is to conduct an audit of the Group's Consolidated financial statements in accordance with Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these Consolidated financial statements.

We are independent of the Group in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the Consolidated financial statements in India under the Act, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Act.

## **Other Matters**

The financial statements of the Holding Company for the year ended March 31, 2018, March 31, 2019 and March 31, 2020 respectively are not adopted by the members of the Holding company at the adjourned Annual General Meeting held on 17<sup>th</sup> September, 2022, 16<sup>th</sup> November 2022 and 22<sup>nd</sup> August, 2023 respectively due to non completion of supplementary audit by the Comptroller and Auditor General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Auditor General of India (C&AG), for the year ended March 31, 2018, March 31, 2019 and March 31, 2020 the Board of Directors of the Holding Company in their meeting held on 10<sup>th</sup> October 2023 approved the financial statements for the year ended March 31, 2021.

Consequently, we have conducted our audit for the year ended March 31, 2021 considering the opening balances based on the financial statements as approved by the Board and audited by previous auditors for the year ended March 31, 2020, March 31, 2019 and March 31, 2018 respectively. The reported amounts as on March 31, 2021 are subject to final comments of the Comptroller and Auditor General of India (C&AG) for the year ended March 31, 2018, March 31, 2019 and March 31, 2020 and subsequent approval at the Annual General Meetings.

We did not audit the financial statements/financial information of one Joint Venture. The consolidated financial statements include the Group's share of Net Profit of Rs 30.54 lakhs for the year ended March 31, 2021 in respect of the one joint venture. This financial statements/financial information have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the joint venture, and our report in so far as it relates to the aforesaid joint venture, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements and our report on other legal and regulatory requirements below is not modified in respect of the above matters

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143 (3) of the Act, we report that:

- a) As described in the Basis for Disclaimer of Opinion paragraph, we sought but were unable to obtain all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether proper books of account as required by law have been kept by the Holding company so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
- e) The matter described in the Basis for Disclaimer of Opinion section may have an adverse effect on the functioning of the Group.
- f) As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 164 (2) of the Companies Act, 2013 is not applicable as the Holding Company is a Government Company.
- g) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Disclaimer of Opinion paragraph above.

h) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'.

i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended

Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the Holding company.

j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us.

i. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether the Group has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements- Refer Note 36 to the Consolidated financial statements.

ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

2. We are enclosing our report in terms of Section 143 (5) of the Act, on the directions and sub-directions issued by the Comptroller and Auditor General of India on the basis of such checks of the books and records of the Holding Company as we considered appropriate and according to the information and explanations given to us, in the Annexure- B

## **Annexure - A to the Independent Auditors' Report**

[Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2021]

### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities as of March 31, 2021 in conjunction with our audit of the Consolidated financial statements of the Holding Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding company included in the Group are responsible for establishing and maintaining internal financial controls with reference to Consolidated financial statements based on the internal control over financial reporting criteria established by the Companies/Entities, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to Consolidated financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting with reference to Consolidated financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") and Standard on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.

Because of the matter described in the Disclaimer of Opinion section below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls over financial reporting of the Holding company.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis for Disclaimer of Opinion**

According to the information and explanations given to us, the Holding Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the Holding company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2021.

The following material weaknesses/ limitations have been identified in the operating effectiveness of the Holding Company's internal financial control over financial reporting:

- a) The system of internal financial controls over financial reporting with regard to the Holding Company were not made available to enable us to determine if the Holding Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2021.
- b) The Holding company did not have effective internal audit system commensurate with the size, nature and complexities of the business.
- c) The Holding company did not have an appropriate internal control system for obtaining confirmation of balances on a periodic basis and reconciliation of unmatched Receivables and Payables.
- d) The Holding Company did not have a system for periodic verification of inventory and Property, Plant and Equipment.
- e) The Holding company does not have system of timely posting of entries in the ERP software. Further, the Holding company does not have an integrated system which has led to accounting apor such as Non-Reconciliation of Inter-Unit Transactions.
- f) In respect of sand operations of the Holding company.

- i. The Holding company does not have proper documents evidencing "dispatch/ sale quantities of sand" and has no standard operating procedures in place for confirmation of quantities.
- ii. Periodic Reconciliation of Bank Balances have not been done
- iii. Non reconciliation of book balances of statutory ledgers with statutory records on account of filing the statutory returns based on provisional figures
- iv. Non maintenance of registers/records such as cheque book register, fixed asset register, 3G registers, FMD/PSD register, register of contractors and register of tender schedules sold.

#### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer Opinion paragraph above and based on the information and explanation given to us, the Holding Company has not adequately established its internal financial control over financial reporting on criteria based on or considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the Consolidated financial statements of the Holding company as at March 31, 2023 and the disclaimer has affected our opinion on the Consolidated financial statements of the Holding company and we have issued a Disclaimer of opinion on the Consolidated financial statements of the Holding company.

# ANNEXURE-B to the Independent Auditors' Report

## Report on Directions issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013

Sl.No	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1.	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Holding Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics. However, many areas have not been covered under the ERP such as Accounting of Inventory, Depreciation, etc. which are manually maintained. Based on Manual Stores Consumption Reports, consolidated entries are posted in to the IT System periodically. However, there are no implications of processing of Inventory consumption accounting outside IT system on the integrity of accounts subject to matters specified in Basis for Disclaimer opinion paragraph.
2.	Whether there is any restructuring of an existing loan or cases of waiver /write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated.	According to the information and explanations give to us and based on our examination of the records of the Holding Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Company. As such there is no financial impact involved.
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such Funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilised, returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realised on these works, with full quantitative details may be detailed.	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies.
2.	Where Grants are received from Central or State government(s)/ other user department(s) or their agencies,	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there

	<p>a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;</p> <p>b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;</p>	are no grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.
3.	Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease)	There are no long term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS
4.	Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, The Company has accounted Taxes on Expenditure appropriately, wherever applicable.
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable/ its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not,</p> <p>e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;</p>	<p>The Holding Company has been maintaining Public Deposit Account vide account No 11000093601</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been given by any other Government or agencies except the State Government during the year.</p> <p>c) During the year company has not raised any loans.</p> <p>d) There are no restrictions or additional permissions required for withdrawing the funds from this account.</p> <p>e) There are no returned/ unpaid bills as on 31-03-2021.</p>

6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no funds which have been raised by the Holding company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly.
7.	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided.	As physical verification of property, plant and equipment could not take place during the year, we are unable to comment upon the same.
8.	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	The Management of the holding company has physically verified the inventory and stores and spares in FY 2020-21 and shortage / excess found and deterioration / obsolescence in the quality are properly taken into account and the procedures followed by the company in this regard are satisfactory.
9.	Whether the cost incurred on abandoned projects has been written off?	According to the information and explanations given to us, no projects have been abandoned by the Holding company during the year.
10.	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, the Holding company has not received any amounts for projects/schemes.
11.	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalised and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have disclaimed our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Disclaimer of Opinion paragraph, we are unable to comment upon the same.

12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	Our audit for FY 2019-20 started in FY 2022-23. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2019-20.
13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	The Holding company has submitted modified Mining Plan in respect of Mangampeta Mine in FY 2018-19 and the same has been approved by Deputy Director of Mines and Geology, Kadapa.
14.	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Our audit for FY 2019-20 started in FY 2022-23. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2019-20.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified.	According to the explanations given to us and on perusal of mining plans submitted to us, the Holding company has not disbanded and discontinued any mines during the year covered under our audit.
16.	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	The Holding Company has provided for Provision for Mine Closure Cost in line with Accounting Policy referred to in Note 2(p) of the Consolidated financial statements.

## Notes to the consolidated financial statements

### 1. Corporate information

The Andhra Pradesh Mineral Development Corporation Ltd ("The Company") and its subsidiaries (collectively referred to as "The Group") are principally engaged in development of mineral resources and promotion of mineral based industries in India including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products.

### 2. Significant accounting policies

#### a. Statement of compliance

These consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair values/ amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### b. Basis of consolidation

The consolidated financial statements ("CFS") relate to Andhra Pradesh Mineral Development Corporation ("the Company") and its subsidiary companies (the Company and its subsidiaries collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis

- I. The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in un-realised profits or losses, in accordance with Indian accounting standard 110 - "Consolidated Financial Statements".
- II. In the case of investment in subsidiaries, where the Company's shareholding is less than 100%, non-controlling interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.
- III. An associate is an entity over which the group is in a position to exercise significant influence over operating and financial policies
- IV. A Joint arrangement is an arrangement of which two or more parties have joint control. Joint control is considered when there is contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Investments in joint arrangements are classified as either joint operations or joint venture. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

V. Investment in associates/joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

VI. The difference between the cost of investment in the subsidiaries, joint ventures, and associates and the Company's share of net assets at the time of acquisition of shares in the subsidiaries, joint ventures and associates is recognized in the financial statements as goodwill or capital reserve as the case may be.

**c. Functional and presentation currency**

The consolidated financial statements are presented in Indian rupees, which is also the functional currency for all its operations. All financial information presented in Indian rupees has been rounded to the nearest thousands, unless stated otherwise.

**d. Use of Judgements, estimates and assumptions**

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

**Judgements**

In the process of applying the group accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

**Formulation of accounting policies**

Accounting policies are formulated in a manner that result in consolidated financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind As that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the group;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e. free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The group operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of Property, Plant and Equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the group's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for atleast 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the group's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The group has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable.

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the group has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect, service taxes and GST.

**iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

**iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis. Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

**g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the property, plant and equipment are ready for use, as intended by the management. When part so fan item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in schedule II of the Companies Act, 2013 on written down value basis. except for certain assets where the useful life is determined by technical assessment / Group's past experiences. Assets acquired under finance lease and lease hold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Mining property assets (incl. decommissioning cost) is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

**h. Intangible assets**

Intangible assets are measured on initial recognition at cost. They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining rights which are amortised using a unit-of-production method based on the data available with the group as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

**i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to statement of profit and loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the group at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in subsidiary, associates and joint ventures are measured at cost as per Ind AS 27 – Separate financial statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 8,00,000 MTs from financial year 2018-19 onward and the remaining stock is considered without value (Refer note no. 54).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### **Post-employment obligation**

The Group operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

#### **Defined benefit plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government Bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

#### **Defined Contribution Plan**

Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Group recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

#### **n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in statement of profit and loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate

pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred.

As per the mine closure guidelines issued by the department of mines and geology, Government of Andhra Pradesh on 27th Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3.00 Lakh per hectare for category A mines and Rs. 2.00 lakh per hectare for category B mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The group has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan. Mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

**q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 42 for segment information presented.

**r. Leases**

The group has adopted Ind AS 116-Leases effective from 1<sup>st</sup> April 2019, using modified retrospective method. The company has applied the standard to its lease with the cumulative impact recognised on the date of initial application (1<sup>st</sup> April, 2019). Accordingly, previous period information has not been restated.

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Group does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the group takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Group becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

**Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

**i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

**ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the group may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency. Debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The group de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The group de-recognizes financial liabilities when and only when, the group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in Statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional Items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the group is such that its disclosure improves the understanding of the performance of the group, such income or expense is

classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and Evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed. Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the group will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the group. The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management.

**ab. Stripping cost**

The stripping cost incurred during the production phase of a surface mine is recognised as an asset if such cost provides a benefit in terms of improved access to ore in future periods and following criteria are met:

- It is probable that the future economic benefits (improved access to an ore body) associated with the stripping activity will flow to the entity,
- The entity can identify the component of an ore body for which access has been improved, and
- The costs relating to the improved access to that component can be measured reliably.

**ac. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 1.00% of the previous year turnover of the company.

**The Andhra Pradesh Mineral Development Corporation Limited**  
**Property, Plant and Equipment, Capital work in progress, Intangible assets, Intangible assets under development, Right of use asset for the year ended March 31, 2021**

#### Nature and purpose of reserves

##### General reserve

General reserve is created by the company by appropriating the balance of retained earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.

##### Reserve for bad and doubtful debts

Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.

##### Retained earnings

Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

### 3B. Financial risk management

#### A. Management of credit risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	2020-21	2019-20
Ageing	>12 Months	>12 Months
Gross carrying amount	3,77,960	3,77,960
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,77,960	3,77,960
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2020-21	2019-20
Ageing	<12 Months	<12 Months
Gross carrying amount	10,42,706	14,89,634
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	10,42,706	14,89,634

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

##### i. Commercial risk

###### a. Sale price risk

Particulars	Impact on profit	
	2020-21	2019-20
Selling price increase by 5%		
Barytes	2,65,295	5,08,883
Agency services	6,43,716	1,55,962
Selling price decrease by 5%		
Barytes	(2,65,295)	(5,08,883)
Agency services	(6,43,716)	(1,55,962)

**b. Packing material price risk**

Particulars	Impact on profit			
	2020-21		2019-20	
	Increase by 5%	Increase by 5%	Increase by 5%	Decrease by 5%
Product name:				
Packing material	-	-	(410)	410

**c. Excavation & transport charges risk**

Particulars	Impact on profit			
	2020-21		2019-20	
	Increase by 5%	Increase by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(21,435)	21,435	(16,748)	16,748
Excavation & transport charges for overburden	(1,21,463)	1,21,463	(1,13,909)	1,13,909

**39. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st March 2021**

Particulars	Contractual cash flows			
	Carrying amount	Total	Less than 12 months	More than 12 months
<b>Non-derivative financial liabilities:</b>				
Trade payables	10,70,340	10,70,340	10,70,340	-

**vii. Significant estimates: Sensitivity analysis**

Discount rate, salary escalation rate and withdrawal rate are significant actuarial assumptions. The change in present value of defined benefit obligation for a change of 100 basis points from the assumed assumption is given below:

**Effect on gratuity valuation**

Particulars	Defined benefit obligation (Rs.In.'000')		(% of change)	
	As at 31-03-2021	As at 31-03-2020	As at 31-03-2021	As at 31-03-2020
Under base scenario	47,649	59,039	0.00%	0.00%
Salary escalation - Up by 1%	50,936	61,802	6.90%	4.70%
Salary escalation - Down by 1%	44,658	56,512	-6.28%	-4.30%
Withdrawal rates - Up by 1%	48,095	59,362	0.94%	0.50%
Withdrawal rates - Down by 1%	47,154	58,682	-1.04%	-0.60%
Discount rates - Up by 1%	45,043	56,933	-5.47%	-3.60%
Discount rates - Down by 1%	50,567	61,386	6.12%	4.00%

**viii. Effect on leave encashment valuation**

Particulars	Defined benefit obligation (Rs.In.'000')		(% of change)	
	As at 31-03-2021	As at 31-03-2020	As at 31-03-2021	As at 31-03-2020
Under base scenario	45,319	54,194	0.00%	0.00%
Salary escalation - Up by 1%	47,281	55,996	4.30%	3.30%
Salary escalation - Down by 1%	43,472	52,485	-4.10%	-3.20%
Withdrawal rates - Up by 1%	45,484	54,317	0.40%	0.20%
Withdrawal rates - Down by 1%	45,143	54,064	-0.40%	-0.20%
Discount rates - Up by 1%	43,802	52,914	-3.30%	-2.40%
Discount rates - Down by 1%	46,958	55,573	3.60%	2.50%

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

**x. Liability risks**

**a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

**b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

**41. Earnings per share (EPS)**

Particulars	As at 31-03-2021	As at 31-03-2020
Profit after tax before exceptional items	13,54,728	34,47,629
Add: exceptional items	-	-
Profit after tax after exceptional items	13,54,728	34,47,629
Profit available for equity shareholders	13,54,728	34,47,629
Weighted number of equity shares outstanding	63,062	63,062
Nominal value of equity share	1,000	1,000
Basic and diluted earnings per share (In Rupees) – before exceptional item	21,482.48	54,670.47
Basic and diluted earnings per share (In Rupees) – after exceptional item	21,482.48	54,670.47

**42. Segment Information****i. Description of segment and principal activities**

The Chief Operational Decision Maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

**ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

**iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs. 31,70,242/- Thousands (P.Y 67,28,557/- Thousands) is derived from three customers and 100% of revenue from sand operations are derived from single customer.

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

**a. Segment reporting for the financial year 2020-21**

Particulars	For the year ended 2020-21

maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.

- ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at sand reaches and stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state.
- c. As per oral instructions from the Government, it has been stipulated that company will be reimbursed for all its actual expenditures and will be provided with a margin. Consequently, revenue from sand operations has been recognized as follows. However, written representations from the government regarding rates are not available.
- i. Excavation, loading and ramp maintenance services at Rs.127 per MT (Inclusive of GST).
  - ii. Sand boatsman excavation services recognised at rates ranging from Rs. 345 per MT to Rs. 375 per MT (inclusive of GST).
  - iii. Internal transportation services at Rs.4.90 per km per MT (inclusive of GST) and same has been paid to the respective transporter without any mark up to the company.
  - iv. Door delivery transportation services at the rates specified in GO No M.S. 40 dated 10.08.2020 (inclusive of GST) and same has been paid to respective transporter without any mark up to the company.

The reach wise and party wise details of agency income and transportation income are not available. The same have been initially recognized based on the output from the code tree software. However, the data from code tree software is presently not available and relevant supporting to the sale vouchers are also not available.

- d. Payments to the sand excavation, internal transportation expense have been based on the certification by the district sand officer/ district sand In charge (DSO /DSI). The relevant office documents that authorize an individual as district sand officer/ district sand In charge (DSO /DSI) for certifying bills such as employee's name, role of authorization, and their specimen signature are missing. In the cases where the certification is not available, the payments were processed based on the invoices submitted by the vendors.

- e. The data from the software developed by M/s Code Tree Software Solutions was used for recognizing agency Income and transportation income. However, on conclusion of the sand operations in May 2021, the sand portal as well as the agreement with M/s Code Tree was discontinued. Despite several requests, Code Tree software solutions Private Limited has not handed over the sand portal data till date. Hence, the sand portal data used by the company for recognizing income and expenditure could not be reconciled with the books.
- f. Regarding the door delivery of sand
- Due to large number of transactions involved in the door-to-door delivery charges, daily reconciliations have not been made.
  - Considering the voluminous of data, payments were made through HDFC bank on consolidated basis to individual transporters for the completed trips based on trip-completion confirmation recorded on the sand portal. Basic KYC details such as Name, PAN. etc. regarding sand door delivery transporters were not available on record.
  - Considering the large number of transactions (more than 7,000 trips per day on average), the payments were made to the transporters based on sand portal data and the transporters were not insisted to submit invoices for each trip. Hence, invoices are not available.
- g. The details of the receipts have not been provided to us by director of mines and geology due to which we could not reconcile the sale entries with receipt entries. Accordingly, the balance in trade receivable in the name of director of mines and geology amounting to Rs. 50,91,93,352/- is subject to reconciliation for want of records.
- h. We have not maintained any kind of stock registers including stock movement register at the sand reaches/ stock yards for capturing excavation, dispatch and internally transported quantities. Further any reconciliation of such stock and stock movement records with books of accounts could not be completed due to non-availability of such records.
- i. The vouchers nor supporting's were maintained for the bulk payments of door delivery of transportation of sand and boatsmen charges. On many days during the year, the total transactions as per books could not be matched with the transactions as per bank statement and further reconciliation could not be made due to non-availability of records as mentioned above.
- j. Further, due to no standard operating procedures approved for sand as such, there were many cases where sand receipt amounts were received from end customers directly in our bank account without routing it through director of mines and geology. The information regarding such as details of customers, quantity of sand dispatched and value of sand dispatched are not known to the company. The same also was never reconciled with director of mines and geology. The receipts were received in

various mode of payments such as DDs, UPIs and cash directly deposited in our Bank Account. The share owed to director of mines and geology was also never transferred back to them due to non-availability of details. Accordingly, all such amounts have been classified under unknown receipts and have been classified as current liability due to pending reconciliation with director of mines and geology.

k. With regards to sand operations through desiltation by boatsman societies, the following is submitted:

i. In the districts of East and West Godavari, the operations of boatman societies were directly managed by the respective district administration, but no formal communication or order regarding this arrangement is available on record. The responsibility for operations was transferred to the corporation in December 2019 (West Godavari) & January 2020 (East Godavari).

ii. Since sand transactions were made by the district administration, the details of the sale transactions are available with them and the same is not available with the company.

iii. The pending payments during the period when operations were done by district administration was certified and advised to the company for payment, which was undertaken.

Since then, the corporation has been paying all the bills based on certificates from the respective District Collector/DSO/Tahsildar as applicable. However, due to non-availability of records, the supporting vouchers are not available in respect of below expenditures.

iv. No verification of basic KYC details of the Boatsman Societies such as PAN, Proof of constitution, GSTIN, etc. were necessitated and accordingly, not available on record. Since they did not provide PAN details, while IT TDS was deducted, the challans were not included in the TDS return at the time of filing. As such, majority of these challans were lying unconsumed at end of financial year.

v. The price for excavation of sand per MT varied from Rs.177/MT to Rs.233/MT. The approval/contract/supporting's for the above-mentioned prices are not available with the company.

vi. There was no written instruction from the Government as to whether the above price is inclusive/exclusive of GST. As explained in sub-para above, there is no practice of collection of GST for these sand supplies while with the district administration. Therefore, we have assumed the above price is excluding GST while passing the entries in our books.

l. In view of the complexities involved in the transactions, volume of transactions and due to non-availability of data during the lock down period on account of COVID – 19, we could not complete the detailed reconciliation of TDS, GST, GST TDS.

**45. The following subsidiaries/associates/joint venture companies are not consolidated for the following reasons:**

<b>Subsidiaries</b>	
<b>Name of the subsidiary</b>	<b>Reason</b>
Dngole iron ore mining company private limited	The company has not commenced the operations due to agreement cancelled by the GOAP and suffers from significant impairment in its ability to transfer the funds to the investor.
Andhra phosphate private limited	The company lease rights were expired and not renewed. Hence it is not carrying on any activity.
APMDC - SCCL Suliari coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Nuagon coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
<b>Associates</b>	
<b>Name of the associate</b>	<b>Reason</b>
Aswani mineral development private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Arham minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.

#### Amounts held in current accounts, fixed deposits, sweep accounts

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs 83,41,061/- thousands (Sweep accounts of Rs.77,873 /- and fixed deposits of Rs.82,63,188/-) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its letter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on

#### **49. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government Order (GO) from Energy. Infrastructure & Investment (Airports) department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce Department and also on 08-02-2017duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100 crores and disbursed an amount of Rs.60 crore during the financial year 2017-18 and the balance amount of Rs.40 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **50. Loan to Machilipatnam Urban Development Authority(MUDA)**

Company has received a Government Order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, board of directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good. Further, no interest has been recognised in the books of accounts.

#### **51. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

## **52. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce Department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to District Collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels limited as on 15<sup>th</sup> September, 2020. During the year an additional amount of Rs.9.00 crores has been paid totalling to Rs.11.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and District Collector, YSR Kadapa district, hence, an amount of Rs.9.00 crores have been provided towards additional provision for doubtful advance during the year, totalling to Rs.11.00 crores till 31-03-2021.

## **53. Loan to M/s. Thriveni Earth Movers Private limited**

During the previous year M/s. Thriveni Earth Movers Private Limited, an excavation contractor, carried out certain developmental works such as construction of overpass and the introduction of the electrical rope shovel, which is first of its kind at barytes project. Due to which they have incurred substantial expenses and are requesting a loan of Rs. 40.00 crores against the bank guarantee, and same to be deducted in 18 instalments from the running bills. Accordingly, corporation has sanctioned an amount of Rs. 40.00 crores on October 18, 2019 at the prevailing interest rates.

Further, M/s. Thriveni Earth Movers Private limited stated in its letter dated March 12, 2020, that they have expanded their investment in procurement of mining equipment and other capital expenditure at Mangampet Barytes project in view of achieving the targets set by the corporation. Due to which their company is undergoing in financial crunch and requested for an amount of Rs.35.00crores. Recognising the contractor's significant investment in mine development, and the performance of the contractor is satisfactory; the corporation released an amount of Rs.30.00crores on March 18, 2020 against the bank guarantee. Total advance amount of Rs.70.00 crores has been repaid during the year along with the applicable interest in full.

## **54. Non valuation of Inventory**

### **a. C+D+W grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W grade of barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, the sales of current financial year, and also considering the current orders in hand as on balance sheet date closing stock is

recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and the remaining stock (59.22 lakhs MTs) is considered without value.

#### b. Inventory of Ball clay at Dwaraka Tirumala

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS Contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which the stock available shall be the sole property of the company. During the previous year, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020. The closing stock as on 31.03.2021 is 2.04 lakh MT (including 470 MTs of 1<sup>st</sup> Grade), which the company has not valued.

#### 55. Leasehold lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Madanpur	713.95
	<b>Total</b>	<b>2,556.86</b>

## 57. Non adoption of previous year financials at the general meeting by the members

The financial statements of the company for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019 and 31<sup>st</sup> March 2020 are considered but not adopted by the members of the company at the adjourned annual general meetings held 17<sup>th</sup> September, 2022, 16<sup>th</sup> November, 2022 and 22<sup>nd</sup> August, 2023 respectively, due to non-completion of supplementary audit by the Comptroller and Audit General of India (C & AG). Pending completion of supplementary audit by the Comptroller and Audit General of India (C & AG), for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, and 31<sup>st</sup> March, 2020, the board of directors of the company in their meeting held on 22<sup>st</sup> August, 2023 approved the financial statements for the ending 31<sup>st</sup> March, 2020. The reported amounts as on 31<sup>st</sup> March, 2021 may undergo change, based on the final comments of the Comptroller and Audit General of India (C & AG) for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019 and 31<sup>st</sup> March, 2020 subsequent approval at annual general meetings. Necessary adjustments if any will be made in subsequent years.

## 58. General

- During the year company has operated public deposits accounts (PD Account) with the treasury department Government of Andhra Pradesh (GoAP). No funds have been credited to this account given by any other government or agencies except the GoAP. There are no restrictions or additional permissions required for withdrawing the funds from this account. There are no returned/unpaid bills under this account as on March 31, 2021.
- Some of the balances appearing under trade receivables, trade payables, advances, security deposits, unknown receipts, other payables and deposits with various Government Authorities are subject to confirmations, subsequent reconciliations and consequential adjustment required if any.
- Amounts incurred towards power, fuel charges and excavation and transportation charges for run of mine and overburden have been reported separately in respective note no's 32 and 33 for better presentation purposes.

- d. Figures of the previous year have been regrouped/rearranged wherever considered necessary, so as to confirm to the classification of the current year.
- e. All amounts have been reported in thousands unless otherwise stated/mentioned, except for the share data and earning per share (EPS).

## **INDEPENDENT AUDITOR'S REPORT**

To  
The Members of  
The Andhra Pradesh Mineral Development Corporation Limited

### **Report on the Audit of the Standalone Financial Statements**

#### **Disclaimer of Opinion**

We were engaged to audit the accompanying standalone Ind AS financial statements of The Andhra Pradesh Mineral Development Corporation Limited ("the Company"), which comprise the standalone Balance Sheet as at March 31, 2022, the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity for the year then ended and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

We do not express an opinion on accompanying standalone financial statements of the Company. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

#### **Basis for Disclaimer of Opinion**

- i) The company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Company has passed entries for Interest Income on Fixed Deposits, Interest Accrued on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income Tax of the erstwhile entity was recovered from the Company's Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

S.No	Name of the ledger	Note no	Classification	Amount	Dr/Cr
1	Demerger Adjustment Int. on FDR's, BGs & Sweep	19	Other Financial liabilities (non-current)	62,14,09,063	Cr
2	{SBI} to Telangana	19	Other Financial liabilities (non-current)	1,62,94,83,736	Cr

3	APMDC Telangana Region Advance (Cr)	19	Other Financial liabilities (non-current)	87,58,03,948	Cr
4	APMDC - ISMDL - Advances	9	Other Non-current Assets	21,89,97,208	Dr
5	Demerger Adj Acc of FD's & FD Kept for BG's	9	Other Non-current Assets	1,46,70,13,303	Dr
6	Fixed deposits (Above 365 Days)	0	Other Financial Assets (Non-Current)	7,32,66,76,657	Dr

15	Int. on FD kept for BG	28	Other Income	37,62,237	Cr
16	Interest on FDR BG - Without Lien	28	Other Income	3,62,90,734	Cr
17	Int. on Sweep account SBI, Khairatabad	28	Other Income	24,56,795	Cr
18	Vijayawada (bank)	6	Cash and cash equivalents	1,85,20,834	Dr

i) The company is required to disclose contingent liabilities as per Ind AS 37. The best estimate of amount of contingent liabilities created and disclosed in notes on accounts as at March 31, 2022 by the company could not be audited by us, as the company has not provided the related legal litigation files for our clear understanding and verification

iii) The following Ledger balances as on March 31, 2022 are subject to receipt of utilisation certificates and confirmation from the respective party/ statutory authority:

Name of the Ledger	Party/ Authority Name	Balance as at March 31, 2022 (In Rs.)
Adv.to LL Panch Raj Dep (RUP)	EE Panchayat Raj, Rajampet	53,90,237
Deposit with RDO Rajampet (Rehabilitation)	Regional District Officer, Cuddapah	85,32,478
Deposit with District Collector (Rehabilitation)	District Collector, Cuddapah	1,50,26,13,755
Deposit With Sub Treasury (Rajampet)	Regional District Officer, Cuddapah	2,38,50,796

Due to non-availability of utilisation certificates and confirmation from the respective parties/ statutory authorities, we are unable to ascertain whether the above balances have been utilised or lying unutilized as advance/ deposit. In the absence of sufficient and appropriate audit evidence, we are unable to comment upon the resultant impact on the standalone financial statements of the Company.

- iv) In respect of property, plant and equipment, the Fixed Assets Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Further, in respect of additions to Property, Plant and Equipment during the year, no supporting evidences are available for verifying the dates of put to use. In the absence of the same, in many of the cases the date of invoice has been assumed to be as date of put to use except in the cases where other evidences such as statutory approval certificates were available for determining the date put to use. Further, in respect of Purchase of CCTV Monitoring Systems from M/s Apple Vision, the Invoice Copies could not be matched with Purchase Orders. The DSO certificates evidencing installation also could not be produced. Accordingly, we are unable to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the standalone financial statements. Further, we are also unable to comment upon the effect on current year depreciation and consequent impact on the carrying value of Property, Plant and Equipment due to assuming date put to use as specified above.
- v) Interest for delay in payment of consideration as prescribed in Clause No 16(ii)(c) of the Agreement with M/s Pallava Red Granite Private Limited (Joint Venture) dated 3<sup>rd</sup> March 2008 and M/s Andhra Pradesh Granite (Midwest) Private Limited (Joint Venture) dated 4<sup>th</sup> June 2007 has not been ascertained by the Company. The agreement is silent about "due date for payment in different scenarios" due to which we are unable to ascertain the liability. Accordingly, the resultant impact on the standalone Financial Statements could not be ascertained.
- vi) The company has balances in Security Deposit payable to Contractors, Security Deposit from Suppliers, Security Deposit from Others, Deposit from Customer, EMD payable, Stale Cheques Payable, Exp of Entep. Social Resp. Payable, Non-Current Deposits, Penalty Suspense, Deposit for Stamp Duty Payable and Deposit for Court fees payable amounting to Rs. 337.50 Crores (Cr Balance). Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Considering non reconciliation and non-confirmation and further taking into consideration various disputes with vendors & non availability of records, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.
- vii) The Company has balances in Sales Tax Payable of Rs. 1.22 Crores (Credit), APVAT Payable of Rs.1.32 Crores (Credit) and Deposit with Sales Tax Department of Rs. Rs. 5.90 Crores (Debit). The documents pertaining to the Long Pending Tax cases are not available due to which we are unable to ascertain the correctness of the balances in the respective ledgers and the resultant impact on the standalone financial statements. Further, the contingent liability, if any on the above cases is also not ascertainable.
- viii) The Company has balances in Income Tax Assets amounting to Rs. 65.76 Crores which are pending on account of various disputes at different forums. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Further, the Company has been generally filing Income Tax Returns based on Provisional Financials without fully complying with the provisions of Income Tax ACT.

Any consequential effect on account of actual tax liability based on the audited financial statements with effect from FY 2014-15 on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the standalone financial statements.

- ix) The company has Trade Receivables balance amounting to Rs. 302.45 Crores and advance from customers amounting to Rs. 11.92 crores. Balance confirmations from Parties under Trade Receivables amounting to Rs. 302.45 Crores and Advance from Customers amounting to Rs. 11.92 crores have not been obtained. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements. Further, corporation has no regular system to maintain ageing analysis of trade receivables.
- x) We were informed that the balance in the following ledgers are pending final settlement on account of pending court proceedings:

S.No	Name of the ledger	Amount	Dr/Cr
1	Sri M.Ramakrishna Reddy	90,82,476	Dr
2	Sri B.Kumaraswamy Reddy	51,55,150	Cr
3	M/s V.L.C-S.C.K.C JV	5,42,81,229	Dr
4	Sri R V Ramana	1,13,403	Dr

The up to date status of the court proceedings are not available on record. Further, the balances in the respective ledgers are subject to confirmation and reconciliation on account of the disputes between the parties and the company. Considering non-reconciliation and non-confirmation and taking into further consideration, various disputes with parties, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.

- xi) The Company has released an interest free unsecured loan of Rs. 100.00 Crores during Financial Year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly installments starting from Financial Year 2018-19 and ending in Financial Year 2021-22. M/s APSFL has not repaid the installments due in Financial Year 2018-19, Financial Year 2019-20, Financial year 2020-21 and financial year 2021-22 as per terms of the agreement. Further installments have also not been repaid till date. Further, the latest financials of APSFL are not available. In the absence of availability of audited financial statements from Financial Year 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.
- xii) The Company has released unsecured loan of Rs. 200.00 Crores to M/s Machilipatnam Urban Development Authority ("MUDA") on 01/11/2018 bearing interest at 8% per annum and repayable in 45 days. Though the due date for repayment is 15<sup>th</sup> December 2018, the said loan has not been repaid as on date also. In the absence of any financial information/supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements.

- xiii) The company has accounted for interest on credit sales amounting to Rs. 1.69 crores for the financial year 2021-22. The basis along with the calculation for accounting interest on credit sales and Penalty Receipts from buyers has not been provided. The contractual copies which contain the terms and conditions for levying interest and penalty have not been provided. Further, the Accrual entry for the unbilled interest income as on 31<sup>st</sup> March 2022 has not been recognised which is not in line with the accounting policy followed by the company. Considering the non-availability of the records we are not able to ascertain and comment on the correctness of the Income recognised under the head Interest on credit sales and penalty receipts from buyers and the outstanding balance under the head Interest accrued on credit sales as on 31<sup>st</sup> March 2022. Accordingly, the resultant impact on the standalone financial statements could not be ascertained.
- xiv) Balance in Suspense Account amounting to Rs. 1,26,47,375 has been classified under Other Current Liabilities as the details pertaining to the transactions in the account are not available. Accordingly, the resultant impact on the standalone financial statements could not be ascertained.
- xv) Sand Inventory records pertaining to Sand Operations were not provided to us for verification due to which inventory records could not be matched with inventory handled as per the financial statements. The data from the software which was used for running Sand Portal has not been provided to us for our verification. The reports from the software were used for tracking the entire operations of sand and is the source for details pertaining to sale amounts received from Department of Mines and Geology, Sand Stock available at each site, Sand Stock in Transit and payments made to Sand Project Contractors using Sand Portal Data. In the absence of the data from the software, it is to report that:
- a) Sales pertaining to Agency Services and Transportation Services provided to Director of Mines and Geology entered in the books could not be verified with the Software data. The Sale vouchers and supporting documents have not been made available to us for our verification. The details pertaining to reach, stock yard, stock depot and party on which The Company earned Income such as Agency Service and Transportation Service have not been provided. As per the explanations provided to us, the consideration for each service (i.e Agency Service, Internal Transportation Service and Door Delivery Transportation Service) to Director Mines and Geology has been orally agreed upon and there is no written communication to authenticate the same. Further, the details of amounts received from Director of Mines and Geology are not available and no reconciliation has been provided for the sale and receipt entries in Director of Mines and Geology Trade Receivable Ledger. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Income pertaining to Agency Services, Transportation Services recognised in Sand Operations and Balance in Trade Receivable ledger of Director of Mines and Geology.
  - b) Excavation Charges (includes Loading, Heaping, Ramp Maintenance and Pattadar Beneficiary Charges) were paid to Sand Contractors at rates agreed upon by the Company and the Contractor by way of agreement. The Quantity excavated is derived from the District Sand Officer (hereinafter referred to as "DSO") certification enclosed to the invoice. However, in many cases the DSO certificates are not available on record and even in cases where the DSO certificates are available the same could not be authenticated as there was no documentation of the specimen signature of the certifying authority. In a case where the certificate from DSO is not available, the expenditure was recognised based on the Invoice submitted by the Contractor and payment was partially processed subject to receipt of certification.

Considering the non-availability of records as detailed above for our verification and no proper explanation from the Management, we are not able to ascertain the impact and correctness of the expenditure pertaining to Sand Excavation Charges recognised in Sand Operations.

- c) As per the financial statements for Financial Year 2021-22, no reconciliation has been provided with respect to Agency Income on account of Sand Excavation, Charges and billed to Director Mines and Geology up to 31<sup>st</sup> March 2022. Considering the non-availability of records as detailed above for our verification and no proper explanation from the Management, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Excavation Charges recognised in Sand Operations.
- d) Internal Transportation Charges (i.e. Sand Transport from pattalands/ desiltation points/ stockyards to sand depots/ other stockyards) payable to Transporter are calculated at Rs. 4.9 per Ton per kilo meter (inclusive of GST) as given in Government Orders from time to time and as per the individual Agreements entered by the Company with the Transporters. The transportation charges payable has to be derived based on the Kilometers as certified by the Director of Mines and Geology (hereinafter referred to as "DMG")/DSO through GPS based vehicle tracking devices. However, the Kilometers certification from DMG/DSO is not available in majority of the cases. In cases where the certification is not available, Kilometers as agreed upon by APMDC and the contractor were taken as the basis for passing the entries for transportation charges. Considering the non-availability of records for our verification as specified above, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Internal Transportation Services recognised in Sand Operations.
- e) Sand Door Delivery Charges were paid to Transporters based on the report generated from the software. The payment entry was directly debited to expenditure head "Sand Transportation Door Delivery". The vouchers and supporting documents such as invoices and trip sheets have not been made available to us for verification. The only evidence available is the bank statement but the details of the payee are not reflecting in the bank statement. The details of Vendors such as Name and PAN have also not been provided to us for verification. TDS was deducted on Door Delivery Payments but there is no evidence such as TDS certificates to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Door Delivery Transportation Charges payable to Transporter are calculated as per the base rates for Door Delivery as given in Government Orders. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Door Delivery Transportation Services recognised in Sand Operations.
- f) Sand Boatsmen Excavation charges were paid to Boatsmen Societies based on the excavation reports certified by the District Collector/DSO/Online Portal Data. However, in many of the cases, Proper supporting's are not available for verification, the details of which are as follows:
  - i. Excavation of sand by Boatsmen Societies in East Godavari and West Godavari districts was initially booked at Rs.211 per MT. Later on, the prices varied from Rs.177 per MT to Rs.233 per MT, depending on the reach where the sand was excavated in respect of West Godavari District. However, the approval/supporting/contract/LOA (as

applicable) for the above-mentioned excavation rates have not been provided for our verification. Due to non-availability of the records, we are not able to ascertain whether the excavation rate is inclusive of GST or exclusive of GST.

- ii. Sand Excavation Invoices by the Boatsmen Societies are not available on record. All the payments were made either based on District Collector/ DSO certification/ Online Portal Data. The KYC details of the Society such as PAN, Proof of Identity, GSTIN etc. are also not available. The details of the payee are also not reflecting in the bank statement. Bank payment vouchers and relevant supportings could not be provided.
- iii. TDS was deducted on Excavation Charges paid to Boatsmen Societies but there is no evidence such as TDS certificates of the deductees to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Further TDS GST has not been deducted on any of the payments made to Boatsmen Societies.

Considering the non-availability of records as detailed above for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Boatsman Excavation Charges recognised in Sand Operations.

- g) Due to the above reasons, the reconciliation of Balances of TDS payable, TDS payable under GST and GST Ledgers with the respective statutory records is pending. Considering non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, are not applicable to the Company as it is an unlisted company.

#### **Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available. And in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

## **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## **Auditors' Responsibilities for the Audit of the Standalone Financial Statements**

Our responsibility is to conduct an audit of the standalone financial statements in accordance with Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

We are independent of the Company in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the standalone financial statements in India under the Act, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Act.

## **Other Matters**

1. The financial statements of the Company for the year ended March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2020 and March 31, 2021 respectively are not adopted by the members of the company at the adjourned Annual General Meeting held on 17<sup>th</sup> September, 2022, 16<sup>th</sup> November 2022, 22<sup>nd</sup> August 2023 and 22<sup>nd</sup> September 2023 respectively due to non-completion of supplementary audit by the Comptroller and Auditor General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Auditor General of India (C&AG), for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021, the Board of Directors of the Company in their meeting held on 22<sup>nd</sup> November, 2023 approved the financial statements for the year ended March 31, 2022.

Consequently, we have conducted our audit for the year ended March 31, 2022 considering the opening balances based on the financial statements as approved by the Board, audited by us for the year ended March 31, 2021, and audited by the previous auditors for the year ended March 31, 2020, March 31, 2019 and March 31, 2018 respectively. The reported amounts as

on March 31, 2022 are subject to final comments of the Comptroller and Auditor General of India (C&AG) for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021 and subsequent approval at the Annual General Meetings.

2. Note No.45 and Note No.57 of notes to the accounts has to be considered in respect sand and survey stones businesses.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 'A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
  - a) As described in the Basis for Disclaimer of Opinion paragraph, we sought but were unable to obtain all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The standalone Balance Sheet, the standalone Statement of Profit and Loss (including other comprehensive income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts.
  - d) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
  - e) The matter described in the Basis for Disclaimer of Opinion section may have an adverse effect on the functioning of the Company.
  - f) As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 164 (2) of the Companies Act, 2013 is not applicable, as the Company is a Government Company.
  - g) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Disclaimer of Opinion paragraph above.
  - h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.

- ii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the company.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether the company has disclosed the impact of pending litigations on its financial position in its standalone financial statements- Refer Note 37 to the Standalone financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.

iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provided any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

b. The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that representations under sub clause [a] and [b] above, contain any material mis statement

v. The Company has not declared or paid any dividend during the year

3. We are enclosing our report in terms of Section 143 (5) of the Act, on the directions and sub-directions issued by the Comptroller and Auditor General of India on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, in the Annexure- C.

### **Annexure - A to the Independent Auditors' Report**

(Referred to in paragraph 1 under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2022)

With reference to Annexure – A referred to in the Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2022, we report the following:

- (i) In respect of Company's fixed assets
  - a) A. In our opinion, the Company has not maintained proper records showing full particulars such as location, asset identification number, state of the asset, quantity, etc., of its fixed assets (property, plant and equipment).  
  
B. The company has not maintained proper records showing full particulars of its intangible assets.
  - b) In the absence of any documents being made available to substantiate the conduct of physical verification and no policy/ laid down procedure on the same, we are unable to comment on the process of physical verification of fixed assets by the company.
  - c) In respect of immovable properties, title deeds/possession certificates are not available in respect of 1.61 Acres at Mangampeta (Carrying Amount: Rs. 23,43,985) and 2.07 Acres at Dwarakatirumala (Carrying Amount: Rs. 1,877). Further, in respect of the other lands, only Possession Certificates issued by concerned authorities are available on record.
  - d) According to the information and explanations given to us and on the basis of our examination of the record of the company, the company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Physical verification of Inventory has been conducted by the Management during the year. However, there are no laid down procedures for physical verification of inventory at reasonable intervals and accordingly, we are unable to comment upon the same.
  - e) According to the information and explanations given to us and on the basis of our examination of the record of the company, any proceedings have not been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made there under.
- (ii) In respect of inventory
  - A. (a) The physical verification of inventory has been conducted at reasonable intervals by the Management.
  - (b) The coverage and procedure of physical verification of inventory followed by the management is reasonable, adequate and appropriate in relation to the size of company and the nature of its business.
  - (c) The company has maintained proper records of inventory. The discrepancies noticed on such verification between the physical stocks and book stocks were not material for each class of inventory and the same have been properly dealt with in the books of accounts.

8. According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not availed any working capital loans during the year
- (iii) According to the information and explanations given to us, the Company has not maintained register as prescribed under Section 189 of Companies Act, 2013. Accordingly, we are unable to report on the reporting requirements as specified in Clause (ix) of the Paragraph 3 of the Order.
- (iv) As per Notification GSR 403 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 185 and 186 of the Companies Act, 2013 are not applicable as the Company is a Government Company and has obtained necessary approval from the Ministry/ State Government. Hence reporting under Clause (iv) of Paragraph 3 of the Order is not applicable.
- (v) The company has received amounts towards supply of material but have not been adjusted within a period of three hundred and sixty days. Accordingly, these amounts are deemed deposits. The register of deposits as required to be maintained has not been provided for our verification. The entire outstanding is overdue and there is a default on repayment of deposit. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other Tribunal
- (vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of section 148 of the Act for the company in our opinion. However, no cost records have been provided for our verification due to which we are unable to comment on whether the same have been made and maintained.
- (vii) (a) According to the information and explanations given to us and on the basis of examination of the records of the Company subject to the matters described in Basis for Disclaimer of Opinion paragraph, the Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Goods and Service Tax, Duty of Customs, Cess and other material statutory dues as applicable with appropriate authorities except for dues towards tax deducted at source under Income Tax Act, tax deducted at source under GST which are as tabulated below. Further, few statutory dues such as District Mineral Foundation, Merit and Cess could not be paid on account of non availability of payment portal.

S.No	Name of Statute	Nature of Dues	Period to which amount relates	Amount in Rupees
1	Income Tax Act	Tax deducted at Source	2019-20	8,32,824
2	Central Goods and Services Tax, Act	Tax deducted at Source	2019-20	1,29,10,730
3	Income Tax Act	Tax deducted at Source	2018-19	5,01,375
4	Mines and Minerals (Development Regulation Act)	District mineral foundation	2016-17 to 2019-20	13,71,60,972

5	Mines and Minerals Merit (Development Regulation Act)	2016-17 to 2019-20	90,66,196
6	Mines and Minerals Cess (Development Regulation Act)	2016-17 to 2021-22	17,56,45,426
7	Mines and Minerals Royalty from Sub leaseholders (Development Regulation Act)	2018-19 to 2021-22	12,92,491

- (b) According to the information and explanations given to us and on the basis of examination of the records of the Company subject to the matters described in Basis for Disclaimer of Opinion paragraph, the following Statutory dues have not been deposited by the company on account of disputes:

S.No	Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount in Rupees
1	Income Tax Act		ITAT	2011-12(A.Y)	5,49,46,047
2	Income Tax Act		ITAT	2012-13	1,10,70,279
3	Income Tax Act		ITAT		27,31,630
4	Income Tax Act		CIT Appeals	2016-17(A.Y)	36,55,65,643
5	VAT/Sales Tax	Tax on Explosive-2 <sup>nd</sup> Sale-Penalty	Tribunal	1998-99 1999-00 2000-01	2,87,647 3,36,253 5,08,165
6	VAT/Sales Tax	Tax on Explosive-2 <sup>nd</sup> Sale-Penalty	Tribunal	2007-08	3,92,913
7	VAT/Sales Tax	Tax on Explosive-2 <sup>nd</sup> Sale and consideration Penalty Interest	Tribunal	2008-09 2008-09 2008-09	1,00,47,014 33,49,005 6,02,821
8	VAT/Sales Tax	Consideration Penalty	Tribunal	2009-12 2009-12	2,32,95,681 83,61,030

The aforesaid details are provided solely based on the details made available by the company which could not be independently verified for want of information and records except for AY 2016-17.

- (viii) According to the information and explanations given to us, and on the basis of our examination of the records of the company, there are no such instances noticed where transactions are not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). There is no previously unrecorded income which has been properly recorded in the books of account during the year.

(ix) In respect of loans availed

- (a) According to the information and explanations give to us and on the basis of our examination of the records of the Company, The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year. Accordingly, clause 3 (ix) (a) of the order is not applicable.
- (b) According to the information and explanations give to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank of financial institution or government of government authority.
- (c) According to the information and explanations give to us by the management, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short-term basis by the Company. Accordingly, Clause 3(ix) (d) of the Order is not applicable.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company. We report that the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiaries as defined under the Companies Act, 2013. Accordingly, Clause 3(ix) (e) of the order is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, Clause 3(ix) (f) of the order is not applicable.

(x) (a) The Company has not raised any monies by way of initial public offer or further public offer (including debt instruments) or taken any term loan during the year.

- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year under review in terms of provisions of section 42 and section 62 of the Companies Act, 2013.

(xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit. In the absence of adequate records and material evidences, we are unable to comment whether any fraud has taken place or not.

- (b) No Audit Report in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 has been filed by the auditors with Central Government in terms of provisions of sub section 12 of Section 143 of the Companies Act.

- (c) According to the information and explanations given to us, no whistle blower complaint has been received by the company during the year.

- (xii) The Company is not a Nidhi company. Accordingly, Clause (xii) of Paragraph 3 of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) The company did not have effective internal audit system commensurate with the size, nature and complexities of the business
- (b) The Reports of the Internal Auditors for the period under audit were considered.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, Clause (xv) of Paragraph 3 of the Order is not applicable.
- (xvi) The nature of the business and activities of the Company are such that the Company is not required to obtain registration under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, Clause (xvi) of Paragraph 3 of the Order is not applicable.
- (xvii) According to the information and explanations given to us, the company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- (xviii) There has not been any resignation of the statutory auditors during the year.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dated of realisation of financial assets and payments of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not Capable of meeting its liabilities existing at the date of balance sheet date. We however, state that this is not an assurance as to the futures viability of the Company. We further neither state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date. Will get discharged by the Company as and when they fall due.
- (xx) (a) According to the information and explanation given to us and based on our examination of the records of the company, in respect of CSR Expenditure other than ongoing CSR projects, there were amount Rs. 9,71,878 remaining unspent u/s 135 (5) of the Companies Act, the company did not transfer the unspent amount, which is required to be transferred to a fund specified in Schedule VII to the Companies Act within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act;

(b) There is no such amount remaining unspent under sub-section (5) of section 135 of the Companies Act, pursuant to any ongoing project, which has been required to be transferred to special account in compliance with the provision of subsection (6) of section 135 of the said Act

## **Annexure - B to the Independent Auditors' Report**

(Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2022)

### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ('the Company') as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') and Standard on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.

Because of the matter described in the Disclaimer of Opinion section below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls system with reference to the standalone financial statements of the Company.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis for Disclaimer of Opinion**

According to the information and explanations given to us, the Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2022

The following material weaknesses/ limitations have been identified in the operating effectiveness of the Company's internal financial control over financial reporting:

- a) The system of internal financial controls over financial reporting with regard to the Company were not made available to enable us to determine if the Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2022.
- b) The company did not have effective internal audit system commensurate with the size, nature and complexities of the business.
- c) The company did not have an appropriate internal control system for obtaining confirmation of balances on a periodic basis and reconciliation of unmatched Receivables and Payables.
- d) The Company did not have a system for periodical verification of Property, Plant and Equipment.
- e) The company does not have system of timely posting of entries in the ERP software. Further, the company does not have an integrated system which has led to accounting lapses such as Non-Reconciliation of Inter-Unit Transactions.
- f) In respect of sand operations,
  - i. The company does not have proper documents evidencing "dispatch/ sale quantities of sand" and has no standard operating procedures in place for confirmation of quantities.
  - ii. Periodic Reconciliation of Bank Balances have not been done.
  - iii. Non reconciliation of book balances of statutory ledgers with statutory records on account of filing the statutory returns based on provisional figures.

- iv Non maintenance of registers/records such as cheque book register, fixed asset register, BG registers, EMD/PSD register, register of contractors and register of tender schedules sold

**Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer Opinion paragraph above and based on the information and explanation given to us, the Company has not adequately established its internal financial control over financial reporting on criteria based on or considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the standalone financial statements of the Company as at March 31, 2022 and the disclaimer has affected our opinion on the standalone financial statements of the Company and we have issued a Disclaimer of opinion on the standalone financial statements of the Company.

# ANNEXURE-C to the Independent Auditors' Report

## Report on Directions issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013

Sl.No	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1.	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics. However, many areas have not been covered under the ERP such as Accounting of Inventory, Depreciation, etc. which are manually maintained. Based on Manual Stores Consumption Reports, consolidated entries are posted in to the IT System periodically. However, there are no implications of processing of Inventory consumption accounting outside IT system on the integrity of accounts subject to matters specified in Basis for Disclaimer opinion paragraph
2.	Whether there is any restructuring of an existing loan or cases of waiver /write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated.	According to the information and explanations give to us and based on our examination of the records of the Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Company. As such there is no financial impact involved.
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilised, returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realised on these works, with full quantitative details may be detailed.	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies.
2.	Where Grants are received from Central or State government(s)/ other user department(s) or their agencies,	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no

	<p>a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;</p> <p>b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;</p>	grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.
3.	Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease)	There are no long term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.
4.	Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately	According to the information and explanations given to us and on the basis of our examination of the records of the company, The Company has accounted Taxes on Expenditure appropriately, wherever applicable.
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable / its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p>	<p>The Company has been maintaining Public Deposit Account vide account No: 11000093601.</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been given by any other Government or agencies except the State Government during the year.</p> <p>c) During the year, the company raised a term loan for investment in the suliyari coal mine, and the same has been initiated and utilised for the purpose for which it is availed. No amount has been deposited in the PD Account from this term loan.</p> <p>d) There are no restrictions or additional permissions required for withdrawing the funds from this account.</p>

	e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;	e) There are no returned/ unpaid bills as on 31-03-2022.
6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no funds which have been raised by the company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly.
7.	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided.	As per the physical verification of property, plant and equipment report submitted by NSRK & Associates and as confirmed by the management, no such instances have taken place during the year.
8.	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	The Management has physically verified the inventory and stores and spares in FY 2021-22 and shortage / excess found and deterioration / obsolescence in the quality are properly taken into account and the procedures followed by the company in this regard are satisfactory.
9.	Whether the cost incurred on abandoned projects has been written off?	According to the information and explanations given to us, no projects have been abandoned by the company during the year.
10.	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not received any amounts for projects/schemes.
11.	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalised and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have disclaimed our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Disclaimer of Opinion paragraph, we are unable to comment upon the same.
12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	Our audit for FY 2021-22 started in FY 2023-24. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2021-22.

13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	The company has submitted modified Mining Plan in respect of Mangampeta Mine in FY 2018-19 and the same has been approved by Deputy Director of Mines and Geology, Kadapa.
14.	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Our audit for FY 2021-22 started in FY 2023-24. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2021-22.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified.	According to the explanations given to us and on perusal of mining plans submitted to us, the company has not disbanded and discontinued any mines during the year covered under our audit.
16.	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	The Company has provided for Provision for Mine Closure Cost in line with Accounting Policy referred to in Note 2(p) of the Standalone financial statements.

## Notes forming part of the Financial Statements

### 1. Corporate Information

The Andhra Pradesh Mineral Development Corporation Ltd., was incorporated on 24th Feb., 1961 as a wholly owned undertaking of the Government of Andhra Pradesh for the development of mineral resources and promotion of mineral based industries in Andhra Pradesh including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products. The administrative office of the company is situated at 294/1D, 100 ft road, Kanuru Village, Penamaluru Mandal, Vijayawada, Andhra Pradesh-521137.

### 2. Significant Accounting Policies

#### a. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendment Rules, 2020 and relevant provisions of the Companies Act, 2013.

#### b. Basis of preparation

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for the certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments) and defined benefit and other long term employee benefits that have been measured at fair value as required by relevant Ind AS. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### c. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The standalone financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

#### d. Use of Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period.

Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

### **Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

### **Formulation of accounting Policies**

Accounting policies are formulated in a manner that result in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the Company;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e., free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geominig terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the company has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect, service taxes and Goods and Service Tax.

### **iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

### **iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

### **g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the Property, Plant and Equipment are ready for use, as intended by the Management. When part sofa item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013 on written down value basis, except for certain assets where the useful life is determined by technical assessment / Company's past experiences. Assets acquired under finance lease and leasehold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Mining property assets (incl. decommissioning cost) is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

#### **h. Intangible assets**

Intangible assets are measured on initial recognition at cost. They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining rights which are amortised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

#### **i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the Company at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in Subsidiary, Associates and Joint Ventures are measured at cost as per Ind AS 27 – Separate Financial Statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 8,00,000 MTs from financial year 2018-19 onwards and the remaining stock is considered without value (Refer note no. 53).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**Post-employment obligation**

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

**Defined Benefit Plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

**Defined contribution plan**

Employee benefits in the form of provident fund, pension fund, superannuation fund and employees state insurance are defined contribution plans. The Company recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

**n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented with in other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in statement of Profit and Loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred. As per the mine closure guidelines issued by the Department of Mines and Geology, Government of Andhra Pradesh on 27<sup>th</sup> Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3 lakh per hectare for category A mines and Rs. 2 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The Company has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan. Mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is

restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

#### **r. Leases**

The company has adopted Ind AS 116-Leases effective from 1<sup>st</sup> April 2019, using modified retrospective method. The company has applied the standard to its lease with the cumulative impact recognised on the date of initial application (1<sup>st</sup> April, 2019). Accordingly, previous period information has not been restated.

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the company recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which

it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale.

Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

**Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

**i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the statement of Profit and Loss. This category generally applies to trade and other receivables.

**ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**III. De-recognition of financial liabilities**

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods, and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or

other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company. The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management.

**ab. Stripping cost**

The stripping cost incurred during the production phase of a surface mine is recognised as an asset if such cost provides a benefit in terms of improved access to ore in future periods and following criteria are met:

- It is probable that the future economic benefits (improved access to an ore body) associated with the stripping activity will flow to the entity,
- The entity can identify the component of an ore body for which access has been improved, and
- The costs relating to the improved access to that component can be measured reliably

**ac. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 1.00% of the previous year turnover of the company.

**The Andhra Pradesh Mineral Development Corporation Limited**

Total		2,65,432	2,14,788
Nature and purpose of reserves			
General reserve			
General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.			
Reserve for bad and doubtful debts			
Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debts.			
Retained earnings			
Retained earnings are the profits that the company has earned at date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and credit worthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined /modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	2021-22	2020-21
<b>Ageing</b>	<b>&gt;12 Months</b>	<b>&gt;12 Months</b>
Gross carrying amount	3,780	3,780
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,780	3,780
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2021-22	2020-21
<b>Ageing</b>	<b>&lt;12 Months</b>	<b>&lt;12 Months</b>

Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	<b>26,466</b>	<b>10,427</b>

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

**i. Commercial risk**

**a. Sale price risk**

Particulars	Impact on profit	
	2021-22	2020-21
Selling price increase by 5%		
Barytes	4,889	2,653
Agency services	861	6,437
Selling price decrease by 5%		
Barytes	(4,889)	(2,653)
Agency services	(861)	(6,437)

**b. Excavation & Transport Charges risk**

Particulars	Impact on profit			
	2021-22		2020-21	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(279)	279	(214)	214
Excavation & transport charges for overburden	(1,105)	1105	(1,215)	1,215

**40. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st March 2022**

Mortality rates - up by 10%	499	-	0.00%	-
Mortality rates - down by 10%	498	-	0.00%	-

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

2

#### **x Liability risks**

##### **a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

##### **b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

#### **42. Earnings per share (EPS)**

Particulars	As at 31-03-2022	As at 31-03-2021
Profit after tax before exceptional items	29,773	13,242
Add: exceptional items	-	-
Profit after tax after exceptional items	29,773	13,242

<b>Basic and diluted earnings per share (In Rupees) – before exceptional item</b>	<b>47,211.87</b>	<b>20,998.27</b>
<b>Basic and diluted earnings per share (In Rupees) – after exceptional item</b>	<b>47,211.87</b>	<b>20,998.27</b>

#### **43. Segment Information**

##### **i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### **ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

##### **iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

iv. **Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

v. **Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs. 73,542 Lakhs is derived from four customers (P.Y 31,702 Lakhs from three customers) and 100% of revenue from sand operations are derived from single customer.

vi. **Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

a. **Segment reporting for the financial year 2021-22**

Particulars	For the year ended 2021-22			Total
	Mining projects	Sand operations	Unallocated	
<b>Segment revenue</b>

**45. Note on sand operations**

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles

- ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state.
- c. As per oral instructions from the Government, it has been stipulated that company will be reimbursed for all its actual expenditures and will be provided with a margin. Consequently, revenue from sand operations has been recognized as follows. However, written representations from the Government regarding rates are not available.
- i. Excavation, loading and ramp maintenance services at Rs.127 per MT (Inclusive of GST).
  - ii. Sand boatsman excavation services recognised at rates ranging from Rs. 345 per MT to Rs. 375 per MT (inclusive of GST).
  - iii. Internal transportation services at Rs.4.90 per km per MT (inclusive of GST) and same has been paid to the respective transporter without any mark up to the company.
  - iv. Door delivery transportation services at the rates specified in GO No M.S. 40 dated 10.08.2020 (inclusive of GST) and same has been paid to respective transporter without any mark up to the company.

The reach wise and party wise details of agency income and transportation income are not available. The same have been initially recognized based on the output from the Code tree software. However, the data from code tree software is presently not available and relevant supporting to the sale vouchers are also not available.

- d. Payments to the sand excavation and internal transportation expense have been based on the certification by the district sand officer/ district sand in charge (DSO /DSI). The relevant office documents that authorize an individual as District sand officer/ District Sand In charge (DSO /DSI) for certifying bills such as employee's name, role of authorization, and their specimen signature are missing. In the cases where the certification is not available, the payments were processed based on the invoices submitted by the vendors.
- e. The data from the software developed by M/s. Code tree software solutions was used for recognizing Agency Income and Transportation Income. However, on conclusion of the sand operations in May 2021, the Sand portal as well as the agreement with M/s Code tree was discontinued. Despite several requests, Code

tree software solutions Private Limited has not handed over the sand portal data till date. Hence, the sand portal data used by the company for recognizing income and expenditure could not be reconciled with the books.

f. Regarding the Door Delivery of Sand

- i. Due to large number of transactions involved in the door-to-door delivery charges, daily reconciliations have not been made.
- ii. Considering the voluminous amount of data, payments were made through HDFC bank on consolidated basis to individual transporters for the completed trips based on trip-completion confirmation recorded on the Sand portal. Basic KYC details such as Name, PAN. etc. regarding Sand Door delivery Transporters were not available on record.
- iii. Considering the large number of transactions (more than 7,000 trips per day on average), the payments were made to the transporters based on Sand Portal data and the Transporters were not insisted to submit invoices for each trip. Hence, invoices are not available.

g. The details of the receipts have not been provided to us by the director of mines and geology due to which we could not reconcile the sale entries with receipt entries. Accordingly, the balance in trade receivable in the name of director of mines and geology amounting to Rs.169,87,00,208/- is subject to reconciliation for want of records.

h. We have not maintained any kind of stock registers including stock movement register at the sand reaches/ stock yards for capturing excavation, dispatch and internally transported quantities. Further any reconciliation of such stock and stock movement records with books of accounts could not be completed due to non-availability of such records.

i. Neither vouchers nor supportings were maintained for the bulk payments of door delivery of transportation of sand and Boatsmen charges. On many days during the year, the total transactions as per books could not be matched with the transactions as per bank statement and further reconciliation could not be made due to non-availability of records as mentioned above.

j. Further, due to no standard operating procedures approved for sand as such, there were many cases where Sand Receipt amounts were received from end customers directly in our bank account without routing it through the director of mines and geology. The information regarding such as details of customers, quantity of sand dispatched and value of sand dispatched are not known to the company. The same also was never reconciled with Director of Mines and Geology. The receipts were received in various modes of payments such as DDs, UPIs and cash directly deposited in our bank account. The share owed to director of mines and geology was also never transferred back to them due to non-availability of details. Accordingly, all such

amounts have been classified under unknown receipts and have been classified as current liability due to pending reconciliation with the director of mines and geology.

- k. With regards to sand operations through desiltation by boatsman societies, the following is submitted:
- i. In the districts of East and West Godavari, the operations of boatman societies were directly managed by the respective district administration, but no formal communication or order regarding this arrangement is available on record. The responsibility for operations was transferred to the corporation in December 2019 (West Godavari) & January 2020 (East Godavari).
  - ii. Since sand transactions were made by the district administration, the details of the sale transactions are available with them and the same is not available with the company.
  - iii. The pending payments during the period when operations were done by district administration was certified and advised to the company for payment, which was undertaken.
  - iv. Since then, the corporation has been paying all the bills based on certificates from the respective District Collector/DSO/Tahsildar as applicable. However, due to non-availability of records, the supporting vouchers are not available in respect of below expenditures.
  - v. No verification of Basic KYC details of the Boatsman Societies such as PAN, Proof of Constitution, GSTIN, etc. were necessitated and accordingly, not available on record. Since they did not provide PAN details, while IT TDS was deducted, the challans were not included in the TDS return at the time of filing. As such, majority of these challans were lying unconsumed at end of Financial Year.
  - vi. The price for excavation of sand per MT varied from Rs.177/MT to Rs.233/MT. The approval/contract/supportings for the above-mentioned prices are not available with the company.
  - vii. There was no written instruction from the Government as to whether the above price is inclusive/ exclusive of GST. As explained in sub-para above, there is no practice of collection of GST for these sand supplies while with the District Administration. Therefore, we have assumed the above price is excluding GST while passing the entries in our books.
- l. In view of the complexities involved in the transactions, volume of transactions and due to non-availability of data during the lock down period on account of COVID – 19, we could not complete the detailed reconciliation of TDS, GST, GST TDS.
- m. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.

- Finalised the cut-off date for transition of sand operations to new agency
- Cancelled all pending orders and refunded the amount of cancelled bookings.
- Handed over sand reaches
- Transferred balance sand stocks in depots
- Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de-siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedure laid down in the Government Order

#### 48. Treatment of demerger plan in the Books of accounts

- The AP Re-organization Act 2014 has bifurcated the combined Andhra Pradesh state into Andhra Pradesh & Telangana

2

- b. Section 53 of the AP Re-organization Act 2014 provides the basis and procedure for distribution of Assets & Liabilities between both the states in respect of head office and location basis for other projects
- c. In line with the provisions of the Act, the demerger plan for bifurcation of assets & liabilities of APMDC as on 01.06.2014 between APMDC and TSMDC was prepared.
- d. The then Principal Secretary (Ind & Comm.), and Chairman, APMDC (United State) addressed letters on 24.10.2014 to all the bank instructing them to freeze the accounts of APMDC as on 01.06.2014 and directed them not to permit any transactions.
- e. The demerger plan was discussed by the boards of APMDC and TSMDC. After detailed deliberations, consensus was arrived between APMDC and TSMDC and the formula for bifurcation was approved.
- f. The demerger plan was subsequently presented before the expert appraisal committee (EAC) constituted for this purpose. The EAC also approved the demerger plan and sent its recommendations to the respective Governments.
- g. As per the demerger plan, the assets & liabilities of APMDC (head office) are to be split between APMDC and TSMDC in the following ratio.
  - APMDC –58.32%
  - TSMDC –41.68%
- h. APMDC has sent demerger plan to the Andhra Pradesh state government and the same has been approved by GOAP vide G.O.Ms.No 19 dated 29.01.2019.
- i. The approval of the Telangana State Government is still pending. VC&MD, APMDC has addressed TSMDC vide Lr. No. APMDC/F&A/Demerger/2019-20/1959 dated 06.11.2019 to take up the issue with the Telangana State Government and complete the pending formalities.

**Distribution of the assets & liabilities of common pool as on 01.06.2014 are given below:**

Equity & liabilities	Common pool	AP	TS
Ratio		58.32%	41.68%
<b>Shareholder's Funds</b>

Other current assets	4,255	2,481	1,773
<b>Total</b>	<b>1,37,231</b>	<b>80,033</b>	<b>57,198</b>

#### **Amounts held in current accounts, fixed deposits, sweep accounts**

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs.86.384/- Lakhs (sweep accounts of Rs.787/- and fixed deposits of Rs 85,597/-) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its latter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on.

#### **49. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy, Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs 100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also

confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMOC Loan/226/2017 dated 04-07-2017 received from the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
Total		100.00

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **50. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **51. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

#### **52. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.11.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.11.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

#### **53. Non valuation of inventory**

##### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, the sales of current financial year, and also considering the current orders in hand as on balance sheet date closing stock is

recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and the remaining stock (67.29 lakhs MTs) is considered without value.

#### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company. During the previous year, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.03.2022 is 1.78 lakh MT (including 220 MTs of Grade – 1) which the company has not valued.

#### **54. Leasehold Lands**

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Madanpur	713.95
<b>Total</b>		<b>2,556.86</b>

#### **55. Term loan from the State Bank of India**

During the year, company has availed a term loan of Rs.918.00 crores from the state Bank of India, Industrial finance Branch, Guntur for meeting part of the project cost of Suliyari coal mine, Madhya Pradesh repayable through 102 equal monthly instalments from September, 2022. This facility is secured by way of exclusive charge over total fixed and current assets of the company. The company has drawn an amount of Rs.505.52 crores till 31-03-2022 and has been regular in repayment of interest and principal amounts on due dates.

**56. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSFSCCL)**

Company has received a letter from APSFSCCL with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSFSCCL. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 for which Deposit certificates have been obtained from the APSFSCCL. Further, APMDCL has received interest regularly till 31-03-2022 and during the year APMDCL has not withdrawn any amounts deposited with the APSFSCCL.

**57. Note on Survey Stones**

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Such a project was being undertaken after a gap of a century, but using modern technology for fool proof mapping of lands in 17,000 villages across the state in three phases. Accordingly, APMDCL was instructed with the responsibility of procuring & supplying the granite survey stones with the prescribed specifications to the Settlement and Land Records Department. Accordingly, during the year an amount of Rs.5.31 crores has been spent and same has been included in other expenditure. Further, revenue of Rs.5.31 crores (including unbilled revenue of Rs 1.15 crores) has been recognised without any mark up and same has been included in other income.

**58. Commencement of commercial operations in Suliari Coal project, Madhya Pradesh.**

The company has commenced its commercial operations on 10-03-2022 in its Suliari Coal Project, Madhya Pradesh and same has been notified to the Nominated authority, Ministry of Coal, New Delhi. During the year 22,900 MT's of coal has been produced. Of which, 87.35 MT's coal has been dispatched leaving a closing stock of 22,812.65 MT's. All Evaluation expenditures incurred till 09-03-2022 totalling to Rs.1360.71 crores have been capitalised as Intangible asset. Amortisation expenses have been recognised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved by the Nominated Authority, Ministry of Coal, Government of India.

## **INDEPENDENT AUDITOR'S REPORT**

**To**  
**The Members of**  
**The Andhra Pradesh Mineral Development Corporation Limited**

### **Report on the Audit of the Consolidated Financial Statements**

#### **Disclaimer of Opinion**

We were engaged to audit the accompanying Consolidated Ind AS financial statements of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended and notes to the Consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated financial statements").

We do not express an opinion on accompanying Consolidated financial statements of the Group. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these Consolidated financial statements.

#### **Basis for Disclaimer of Opinion**

- i) We draw attention to Note No: - 46 of the consolidated financial statements where in the company has stated the reasons for not consolidating the Subsidiaries, Associates and joint ventures as tabulated below. In the absence of audited financial statements, management certified accounts for the year ended March 31, 2022 and further reasons as detailed in Note No. 46, the transactions of subsidiaries and share in profit/losses of joint ventures and associates of the below mentioned entities are not incorporated in these consolidated financial statements. The list of such entities are as tabulated below:

S.No	Name of the Company	Nature of Holding	% of Holding
1	Ongole iron ore mining company pvt ltd	Subsidiary	51.00%
2	Andhra phosphate private limited	Subsidiary	50.00%
3	APMDC SCCL Suliyan coal company ltd	Subsidiary	51.00%
4	Nuagon coal company ltd	Subsidiary	50.00%
5	Andhra Baryte Corporation Private Limited	Joint Venture	11.00%
6	Andhra Pradesh Iron Ore Company Ltd	Joint Venture	11.00%
7	Gimpex AP Barytes Beneficiation Private Limited	Joint Venture	11.00%
8	Trimex Barite Private Limited	Joint Venture	11.00%
9	V.V Minerals Private Limited	Joint Venture	12.36%
10	Alliance Andhra Pradesh Black Granites Pvt Ltd	Joint Venture	11.00%
11	Pallava Red Granite Private Limited	Joint Venture	11.00%

12	Aswani Mineral Development Private Ltd	Associate	26.00%
13	Arham Minerals Exports (P) Ltd	Associate	26.00%
14	Isra Minerals Exports (P) Ltd	Associate	26.00%
15	Mangasree Granites (P) Ltd	Associate	26.00%
16	Ongole Minerals Exports (P) Ltd	Associate	26.00%
17	RLP Granites (P) Ltd	Associate	26.00%
18	SRAP Minerals Private Limited	Associate	26.00%
19	A.P.Coastal Sand & Metals Pvt Ltd	Associate	26.00%
20	Andhra Pradesh Tribal Mining (P) Ltd	Associate	26.00%

In the absence of information, we are unable to quantify the impact on the Group's financials. Further, in respect of all the above entities, the carrying value of the investment (net of impairment/ provision) in Holding Company's books is NIL.

Holding Company's Basis for Disclaimer Opinion (As stated in the report of standalone financial statements):

- ii) The Holding company has passed entries for bifurcation as per AP Reorganization Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Holding Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Holding Company has passed entries for Interest Income on Fixed Deposits, Interest Accrued on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income Tax of the erstwhile entity was recovered from the Holding Company's Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

S.No	Name of the ledger	Note no	Classification	Amount	Dr/Cr
1	Demerger Adjustment Int. on FDR's, DGs & Sweep [SBI] to Telangana	19	Other Financial liabilities(non-current)	62,14,09,063	Cr

ii) The Holding company is required to disclose contingent liabilities as per Ind AS 37. The best estimate of amount of contingent liabilities created and disclosed in notes on accounts as at March 31, 2022 by the Holding company could not be audited by us, as the Holding company has not provided the related legal litigation files for our clear understanding and verification.

iv) The following Ledger balances in holding company as on March 31, 2022 are subject to receipt of utilisation certificates and confirmation from the respective party/ statutory authority:

Name of the Ledger	Party/ Authority Name	Balance as at March 31 2022 (in Rs.)
Adv. to EE Panch. Raj Dep (RJPT)	EE Panchayat Raj, Rajampet	53,90,237
Deposit with RDO Rajampet (Rehabilitation)	Regional District Officer, Cuddapah	85,32,478
Deposit with District Collector (Rehabilitation)	District Collector, Cuddapah	1,50,26,13,755
Deposit With Sub Treasury (Rajampet)	Regional District Officer, Cuddapah	2,38,50,796

Due to non-availability of utilisation certificates and confirmation from the respective parties/ statutory authorities, we are unable to ascertain whether the above balances have been utilised or lying unutilized as advance/ deposit. In the absence of sufficient and appropriate audit evidence, we are unable to comment upon the resultant impact on the Consolidated financial statements

v) In respect of property, plant and equipment of holding company, Fixed Asset Register providing details such as Identification Number, Location of the Assets are not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Further, in respect of additions to Property, Plant and Equipment during the year, no supportings are available for verifying the date put to use. In the absence of the same, in many of the cases the date of invoice has been assumed as date put to use except in

the cases where other evidences such as statutory approval certificates were available for determining the date put to use. Further, in respect of Purchase of CCTV Monitoring Systems from M/s Apple Vision, the Invoice Copies could not be matched with Purchase Orders. The DSO certificates evidencing installation also could not be produced. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the Consolidated financial statements. Further, we are also not able to comment upon the effect on current year depreciation and consequent impact on the carrying value of Property, Plant and Equipment due to assuming date put to use as specified above.

- vi) Interest for delay in payment of consideration as prescribed in Clause No 16(ii)(c) of the Agreement with M/s Pallava Red Granite Private Limited (Joint Venture) dated 3<sup>rd</sup> March 2008 and M/s Andhra Pradesh Granite (Midwest) Private Limited (Joint Venture) dated 4<sup>th</sup> June 2007 has not been ascertained by the Holding Company. The agreement is silent about "due date for payment in different scenarios" due to which we are unable to ascertain the liability. Accordingly, the resultant impact on the Consolidated Financial Statements could not be ascertained.
- vii) The Holding company has balances in Security Deposit payable to Contractors, Security Deposit from Suppliers, Security Deposit from Others, Deposit from Customer, EMD payable, Stale Cheques Payable, Exp of Entep. Social Resp. Payable, Non-Current Deposits, Penalty Suspense, Deposit for Stamp Duty Payable and Deposit for Court Fees payable amounting to Rs. 337.50 Crores (Cr Balance). Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Considering non reconciliation and non-confirmation and further taking into consideration various disputes with vendors & non availability of records, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.
- viii) The Holding Company has balances in Sales Tax Payable of Rs. 1.22 Crores (Credit), APVAT Payable of Rs.1.32 Crores (Credit) and Deposit with Sales Tax Department of Rs. Rs. 5.90 Crores (Debit). The documents pertaining to the Long Pending Tax cases are not available due to which we are unable to ascertain the correctness of the balances in the respective ledgers and the resultant impact on the Consolidated financial statements. Further, the contingent liability, if any on the above cases is also not ascertainable.
- ix) The Holding Company has balances in Income Tax Assets amounting to Rs. 65.76 Crores which are pending on account of various disputes at different forums. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Further, the Holding Company has been generally filing Income Tax Returns based on Provisional Financials without fully complying with the provisions of Income Tax Act. Any consequential effect on account of actual tax liability based on the audited financial statements with effect from FY 2014-15 on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the Consolidated financial statements.
- x) The Holding company has Trade Receivables balance amounting to Rs. 302.45 Crores and advance from customers amounting to Rs. 11.92 crores. Balance confirmations from Parties under Trade Receivables amounting to Rs. 302.45 Crores and Advance from Customers amounting to Rs. 11.92 crores have not been obtained. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements. Further, corporation has no regular system to maintain ageing analysis of trade receivables.

- xi) We were informed that the balance in the following ledgers of holding company are pending final settlement on account of pending court proceedings. -

S.No	Name of the ledger	Amount	Dr/Cr
1	Sri M.Ramakrishna Reddy	90,82,476	Dr
2	Sri B.Kumaraswamy Reddy	51,55,150	Cr
3	M/s V.L.C-S.C.K.C-IV	5,42,81,229	Dr
4	Sri R.V Ramana	1,13,403	Dr

The up to date status of the court proceedings are not available on record. Further, the balance in the respective ledgers are subject to confirmation and reconciliation on account of the disputes between the parties and the Holding company. Considering non reconciliation and non-confirmation and taking into further consideration, various disputes with parties, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.

- xii) The Holding Company has released an interest free unsecured loan of Rs. 100 Crores during Financial Year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly installments starting from Financial Year 2018-19 and ending in Financial Year 2021-22. M/s APSFL has not repaid the installments due in Financial Year 2018-19, Financial Year 2019-20, Financial Year 2020-21 and Financial year 2021-22 as per terms of the agreement. Further installments have also not been repaid till date. Further, the latest financials of APSFL are not available. In the absence of availability of audited financial statements from Financial Year 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.
- xiii) The Holding Company has released unsecured loan of Rs. 200 Crores to M/s Machilipatnam Urban Development Authority ("MUDA") on 01/11/2018 bearing interest at 8% per annum and repayable in 45 days. Though the due date for repayment is 15<sup>th</sup> December 2018, the said loan has not been repaid as on date also. In the absence of any financial information/supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements.
- xiv) The Holding company has accounted for interest on credit sales amounting to Rs. 1.69 crores for the financial year 2021-22. The basis along with the calculation for accounting interest on credit sales and Penalty Receipts from buyers has not been provided. The contractual copies which contain the terms and conditions for levying interest and penalty have not been provided. Further, the Accrual entry for the unbilled interest income as on 31<sup>st</sup> March 2022 has not been recognised, which is not in line with the accounting policy followed by the Holding company. Considering the non-availability of the records we are not able to ascertain and comment on the correctness of the income recognised under the head Interest on credit sales and penalty receipts from buyers and the outstanding balance under the head Interest accrued on credit sales as on 31<sup>st</sup> March 2022. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.

- xv) Balance in Suspense Account of holding company amounting to Rs. 1,26,47,375 has been classified under Other Current Liabilities as the details pertaining to the transactions in the account are not available. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.
- xvi) Sand Inventory records pertaining to Sand Operations of holding company were not provided to us for verification due to which inventory records could not be matched with inventory handled as per the financial statements. The data from the software which was used for running Sand Portal has not been provided to us for our verification. The reports from the software were used for tracking the entire operations of sand and is the source for details pertaining to sale amounts received from Department of Mines and Geology, Sand Stock available at each site, Sand Stock in Transit and payments made to Sand Project Contractors using Sand Portal Data. In the absence of the data from the software, it is to report that:
- a) Sales pertaining to Agency Services and Transportation Services provided to Director of Mines and Geology entered in the books could not be verified with the Software data. The Sale vouchers and supporting documents have not been made available to us for our verification. The details pertaining to reach, stock yard, stock depot and party on which The Company earned Income such as Agency Service and Transportation Service have not been provided. As per the explanations provided to us, the consideration for each service (i.e Agency Service, Internal Transportation Service and Door Delivery Transportation Service) to Director Mines and Geology has been orally agreed upon and there is no written communication to authenticate the same. Further, the details of amounts received from Director of Mines and Geology are not available and no reconciliation has been provided for the sale and receipt entries in Director of Mines and Geology Trade Receivable Ledger. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Income pertaining to Agency Services, Transportation Services recognised in Sand Operations and Balance in Trade Receivable ledger of Director of Mines and Geology.
  - b) Excavation Charges (includes Loading, Heaping, Ramp Maintenance and Pattadar Beneficiary Charges) were paid to Sand Contractors at rates agreed upon by the Holding Company and the Contractor by way of agreement. The Quantity excavated is derived from the District Sand Officer (hereinafter referred to as "DSO") certification enclosed to the invoice. However, in many cases the DSO certificates are not available on record and even in cases where the DSO certificates are available the same could not be authenticated as there was no documentation of the specimen signature of the certifying authority. In a case where the certificate from DSO is not available, the expenditure was recognised based on the Invoice submitted by the Contractor and payment was partially processed subject to receipt of certification. Considering the non-availability of records as detailed above for our verification and no proper explanation from the Management, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Excavation Charges recognised in Sand Operations.
  - c) As per the financial statements for Financial Year 2021-22, no reconciliation has been provided with respect to Agency Income on account of Sand Excavation, Charges and billed to Director Mines and Geology up to 31<sup>st</sup> March 2022. Considering the non-availability of records as detailed above for our verification and no proper explanation from the Management, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Sand Excavation Charges recognised in Sand Operations.

- d) Internal Transportation Charges (i.e. Sand Transport from pattalands/ desiltation points/ stockyards to sand depots/ other stockyards) payable to Transporter are calculated at Rs. 4.9 per Ton per kilometer (inclusive of GST) as given in Government Orders from time to time and as per the individual Agreements entered by the Holding Company with the Transporters. The transportation charges payable has to be derived based on the Kilometers as certified by the Director of Mines and Geology (hereinafter referred to as "DMG")/DSO through GPS based vehicle tracking devices. However, the Kilometers certification from DMG/DSO is not available in majority of the cases. In cases where the certification is not available, Kilometers as agreed upon by APMDC and the contractor were taken as the basis for passing the entries for transportation charges. Considering the non-availability of records for our verification as specified above, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Internal Transportation Services recognised in Sand Operations.
- e) Sand Door Delivery Charges were paid to Transporters based on the report generated from the software. The payment entry was directly debited to expenditure head "Sand Transportation Door Delivery". The vouchers and supporting documents such as invoices and trip sheets have not been made available to us for verification. The only evidence available is the bank statement but the details of the payee are not reflecting in the bank statement. The details of Vendors such as Name and PAN have also not been provided to us for verification. TDS was deducted on Door Delivery Payments but there is no evidence such as TDS certificates to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Door Delivery Transportation Charges payable to Transporter are calculated as per the base rates for Door Delivery as given in Government Orders. Considering the non-availability of records for our verification, we are not able to ascertain the impact and correctness of the Expenditure pertaining to Door Delivery Transportation Services recognised in Sand Operations.
- f) Sand Boatsmen Excavation charges were paid to Boatsmen Societies based on the excavation reports certified by the District Collector/DSO/Online Portal Data. However, in many of the cases, Proper supporting's are not available for verification, the details of which are as follows:
- 1) Excavation of sand by Boatsmen Societies in East Godavari and West Godavari districts was initially booked at Rs.211 per MT. Later on, the prices varied from Rs.177 per MT to Rs.233 per MT, depending on the reach where the sand was excavated in respect of West Godavari District. However, the approval/supporting/contract/LOA (as applicable) for the above-mentioned excavation rates have not been provided for our verification. Due to non-availability of the records, we are not able to ascertain whether the excavation rate is inclusive of GST or exclusive of GST.
  - 2) Sand Excavation Invoices by the Boatsmen Societies are not available on record. All the payments were made either based on District Collector/ DSO certification/ Online Portal Data. The KYC details of the Society such as PAN, Proof of Identity, GSTIN etc. are also not available. The details of the payee are also not reflecting in the bank statement. Bank payment vouchers and relevant supportings could not be provided.

- 3) TDS was deducted on Excavation Charges paid to Boatsmen Societies but there is no evidence such as TDS certificates of the Deductees to prove whether TDS deducted has been remitted and filed with the Income Tax Department. Further TDS/GST has not been deducted on any of the payments made to Boatsmen Societies.

Considering the non-availability of records as detailed above for our verification, we are not able to ascertain the impact and correctness of the expenditure pertaining to Sand Boatsman Excavation Charges recognised in Sand Operations.

- g) Due to the above reasons, the reconciliation of Balances of TDS payable, TDS payable under GST and GST Ledgers with the respective statutory records is pending. Considering non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, are not applicable to the Holding Company as it is an unlisted company.

#### **Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the Consolidated financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

#### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Group including its associates and joint ventures in accordance with the Ind AS and other accounting principles generally accepted in

India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates and joint ventures for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management included in the group and of its associates and joint ventures is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of each company.

#### **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our responsibility is to conduct an audit of the Group's Consolidated financial statements in accordance with Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these Consolidated financial statements.

We are independent of the Group in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the Consolidated financial statements in India under the Act, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Act.

#### **Other Matters**

The financial statements of the Holding Company for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021 respectively are not adopted by the members of the Holding company at the adjourned Annual General Meeting held on 17<sup>th</sup> September, 2022, 16<sup>th</sup> November 2022, 22<sup>nd</sup> August, 2023 and 22<sup>nd</sup> September 2023 respectively due to non-completion of supplementary audit by the Comptroller and Auditor General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Auditor General of India (C&AG), for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021, the Board of Directors of the Holding Company in their meeting held on 22<sup>nd</sup> November 2023 approved the financial statements for the year ended March 31, 2022.

Consequently, we have conducted our audit for the year ended March 31, 2022 considering the opening balances based on the financial statements as approved by the Board and audited by us for the year ended March 31, 2021, and audited by the previous auditors for the year ended March 31, 2020, March 31, 2019 and March 31, 2018 respectively. The reported amounts as on March 31, 2022 are subject to final comments of the Comptroller and Auditor General of India (C&AG) for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021 and subsequent approval at the Annual General Meetings.

We did not audit the financial statements/financial information of one Joint Venture. The consolidated financial statements include the Group's share of Net Profit of Rs 278.69 lakhs for the year ended March 31, 2022 in respect of the one joint venture. This financial statements/financial information have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the joint venture, and our report in so far as it relates to the aforesaid joint venture, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements and our report on other legal and regulatory requirements below is not modified in respect of the above matters.

Note No.45 and Note No 58 of notes to the accounts has to be considered in respect sand and survey stones businesses.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143 (3) of the Act, we report that:

- a) As described in the Basis for Disclaimer of Opinion paragraph, we sought but were unable to obtain all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether proper books of account as required by law have been kept by the Holding company so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts.
- d) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph of our report, we are unable to state whether the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
- e) The matter described in the Basis for Disclaimer of Opinion section may have an adverse effect on the functioning of the Group.
- f) As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 164 (2) of the Companies Act, 2013 is not applicable as the Holding Company is a Government Company.
- g) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Disclaimer of Opinion paragraph above.

h) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'.

i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the Holding company.

j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether the Group has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements- Refer Note 37 to the Consolidated financial statements.

ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the group to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provided any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

b. The Management has represented, that, to the best of its knowledge and belief, on funds have been received by the group from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that representations under sub clause [a] and [b] above, contain any material mis-statement.

v. The Group has not declared or paid any dividend during the year

2. We are enclosing our report in terms of Section 143 (5) of the Act, on the directions and sub-directions issued by the Comptroller and Auditor General of India on the basis of such checks of the books and records of the Holding Company as we considered appropriate and according to the information and explanations given to us, in the Annexure- B.

## **Annexure - A to the Independent Auditors' Report**

(Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2022)

### **Report on the Internal Financial Controls with reference to financial statements under Clause (d) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities as of March 31, 2022 in conjunction with our audit of the Consolidated financial statements of the Holding Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding company included in the Group are responsible for establishing and maintaining internal financial controls with reference to Consolidated financial statements based on the internal control over financial reporting criteria established by the Companies/Entities, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to Consolidated financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting with reference to Consolidated financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") and Standard on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.

Because of the matter described in the Disclaimer of Opinion section below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls over financial reporting of the Holding company.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis for Disclaimer of Opinion**

According to the information and explanations given to us, the Holding Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over Financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the Holding company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2022

The following material weaknesses/ limitations have been identified in the operating effectiveness of the Holding Company's internal financial control over financial reporting:

- a) The system of internal financial controls over financial reporting with regard to the Holding Company were not made available to enable us to determine if the Holding Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2022.
- b) The Holding company did not have effective internal audit system commensurate with the size, nature and complexities of the business.
- c) The Holding company did not have an appropriate internal control system for obtaining confirmation of balances on a periodic basis and reconciliation of unmatched Receivables and Payables.
- d) The Holding Company did not have a system for periodical verification of Property, Plant and Equipment.
- e) The Holding company does not have system of timely posting of entries in the ERP software. Further, the Holding company does not have an integrated system which has led to accounting lapses such as Non-Reconciliation of Inter-Unit Transactions.

f) In respect of sand operations of the Holding company,

- i. The Holding company does not have proper documents evidencing "dispatch/ sale quantities of sand" and has no standard operating procedures in place for confirmation of quantities.
- ii. Periodic Reconciliation of Bank Balances have not been done.
- iii. Non reconciliation of book balances of statutory ledgers with statutory records on account of filing the statutory returns based on provisional figures.
- iv. Non maintenance of registers/records such as cheque book register, fixed asset register, BG registers, EMD/PSD register, register of contractors and register of tender schedules sold.

**Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer Opinion paragraph above and based on the information and explanation given to us, the Holding Company has not adequately established its internal financial control over financial reporting on criteria based on or considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the Consolidated financial statements of the Holding company as at March 31, 2022 and the disclaimer has affected our opinion on the Consolidated financial statements of the Holding company and we have issued a Disclaimer of opinion on the Consolidated financial statements of the Holding company.

# ANNEXURE-B to the Independent Auditors' Report

## Report on Directions issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013

Sl.No	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1.	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Holding Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics. However, many areas have not been covered under the ERP such as Accounting of Inventory, Depreciation, etc. which are manually maintained. Based on Manual Stores Consumption Reports, consolidated entries are posted in to the IT System periodically. However, there are no implications of processing of Inventory consumption accounting outside IT system on the integrity of accounts subject to matters specified in Basis for Disclaimer opinion paragraph.
2.	Whether there is any restructuring of an existing loan or cases of waiver /write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated.	According to the information and explanations give to us and based on our examination of the records of the Holding Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Company. As such there is no financial impact involved.
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such Funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilised, returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realised on these works, with full quantitative details may be detailed.	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies.

2.	<p>Where Grants are received from Central or State government(s)/ other user department(s) or their agencies,</p> <p>a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;</p> <p>b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;</p>	<p>According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.</p>
3.	<p>Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease)</p>	<p>There are no long term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.</p>
4.	<p>Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately</p>	<p>According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, The Company has accounted Taxes on Expenditure appropriately, wherever applicable.</p>
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable/ its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p>	<p>The Holding Company has been maintaining Public Deposit Account vide account No: 11000093601.</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been given by any other Government or agencies except the State Government during the year.</p> <p>c) During the year, the company raised a term loan for investment in the suliyari coal mine, and the same has been initiated and utilised for the purpose for which it is availed. No amount has been deposited in the PD Account from this term loan.</p> <p>d) There are no restrictions or additional permissions required for withdrawing the funds from this account.</p>

e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;	e) There are no returned/ unpaid bills as on 31-03-2022.
6. Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no funds which have been raised by the Holding company for which payment of principal or interest or both are met by the State Government or its agencies, directly or Indirectly.
7. Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided.	As per the physical verification of property, plant and equipment report submitted by NSRK & Associates and as confirmed by the management, no such instances have taken place during the year.
8. Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	The Management of the holding company has physically verified the inventory and stores and spares in FY 2021-22 and shortage / excess found and deterioration / obsolescence in the quality are properly taken into account and the procedures followed by the company in this regard are satisfactory.
9. Whether the cost incurred on abandoned projects has been written off?	According to the information and explanations given to us, no projects have been abandoned by the Holding company during the year.
10. Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, the Holding company has not received any amounts for projects/schemes.
11. Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalised and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have disclaimed our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Disclaimer of Opinion paragraph, we are unable to comment upon the same.

12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	Our audit for FY 2021-22 started in FY 2022-23. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2021-22.
13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	The Holding company has submitted modified Mining Plan in respect of Mangampeta Mine in FY 2018-19 and the same has been approved by Deputy Director of Mines and Geology, Kadapa.
14.	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Our audit for FY 2021-22 started in FY 2022-23. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2021-22.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified.	According to the explanations given to us and on perusal of mining plans submitted to us, the Holding company has not disbanded and discontinued any mines during the year covered under our audit.
16.	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	The Holding Company has provided for Provision for Mine Closure Cost in line with Accounting Policy referred to in Note 2(p) of the Consolidated financial statements.

## Notes to the consolidated financial statements

### 1. Corporate information

The Andhra Pradesh Mineral Development Corporation Ltd ("The Company") and its subsidiaries (collectively referred to as "The Group") are principally engaged in development of mineral resources and promotion of mineral-based industries in India including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products.

### 2. Significant accounting policies

#### a. Statement of compliance

These consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair values/ amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### b. Basis of consolidation

The consolidated financial statements ("CFS") relate to Andhra Pradesh Mineral Development Corporation ("the Company") and its subsidiary companies (the Company and its subsidiaries collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

- I. The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in un realised profits or losses, in accordance with Indian accounting standard 110 - "Consolidated Financial Statements".
- II. In the case of investment in subsidiaries, where the Company's shareholding is less than 100%, non controlling interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.
- III. An associate is an entity over which the group is in a position to exercise significant influence over operating and financial policies.
- IV. A joint arrangement is an arrangement of which two or more parties have joint control. Joint control is considered when there is contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Investments in joint arrangements are classified as either joint operations or joint venture. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

V. Investment in associates/joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

VI. The difference between the cost of investment in the subsidiaries, joint ventures, and associates and the Company's share of net assets at the time of acquisition of shares in the subsidiaries, joint ventures and associates is recognized in the financial statements as goodwill or capital reserve as the case may be.

**c. Functional and presentation currency**

The consolidated financial statements are presented in Indian rupees, which is also the functional currency for all its operations. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless stated otherwise.

**d. Use of Judgements, estimates and assumptions**

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

**Judgements**

In the process of applying the group accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

### **Formulation of accounting policies**

Accounting policies are formulated in a manner that result in consolidated financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind As that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a.** relevant to the economic decision-making needs of users and
- b.** reliable in that financial statements:

- i. represent faithfully the financial position, financial performance and cash flows of the group;
- ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
- iii. are neutral, i.e. free from bias;
- iv. are prudent; and
- v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The group operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of Property, Plant and Equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

### **e. Current and non-current classification**

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the group's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the group's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The group has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable.

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the group has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except for Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect, service taxes and Goods and Service Tax.

**iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

**iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

**g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the property, plant and equipment are ready for use, as intended by the management. When part so fan item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in schedule II of the Companies Act, 2013 on written down value basis. except for certain assets where the useful life is determined by technical assessment / Group's past experiences. Assets acquired under finance lease and lease hold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Mining property assets (incl. decommissioning cost) is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

**h. Intangible assets**

Intangible assets are measured on initial recognition at cost. They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining rights which are amortised using a unit-of-production method based on the data available with the group as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

**i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to statement of profit and loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the group at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in subsidiary, associates and joint ventures are measured at cost as per Ind AS 27 – Separate financial statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 8,00,000 MTs from financial year 2018-19 onward and the remaining stock is considered without value (Refer note no. 54).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### **Post-employment obligation**

The Group operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

#### **Defined benefit plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government Bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

#### **Defined Contribution Plan**

Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Group recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

#### **n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in statement of profit and loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate

pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred.

As per the mine closure guidelines issued by the department of mines and geology, Government of Andhra Pradesh on 27th Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3.00 Lakh per hectare for category A mines and Rs. 2.00 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The group has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan. Mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

**q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

**r. Leases**

The group has adopted Ind AS 116-Leases effective from 1<sup>st</sup> April 2019, using modified retrospective method. The company has applied the standard to its lease with the cumulative impact recognised on the date of initial application (1<sup>st</sup> April, 2019). Accordingly, previous period information has not been restated.

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the group recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Group does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the group takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

#### **x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Group becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

##### **Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

##### **i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

##### **ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other

Comprehensive Income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the group may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency. Debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The group de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The group de-recognizes financial liabilities when and only when, the group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in Statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional Items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the group is such that its disclosure improves the understanding of the performance of the group, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and Evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed. Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the group will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the group. The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management.

**ab. Stripping cost**

The stripping cost incurred during the production phase of a surface mine is recognised as an asset if such cost provides a benefit in terms of improved access to ore in future periods and following criteria are met:

- It is probable that the future economic benefits (improved access to an ore body) associated with the stripping activity will flow to the entity,
- The entity can identify the component of an ore body for which access has been improved, and
- The costs relating to the improved access to that component can be measured reliably.

**ac. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 1.00% of the previous year turnover of the company.

**The Andhra Pradesh Mineral Development Corporation Limited**  
Property, Plant and Equipment, Capital work in progress, Intangible assets, Intangible assets under development, right of use asset for the year ended March 31, 2022

#### 16.3 Additional notes

##### Reconciliation of number of equity shares outstanding at the beginning and at the end of the reporting period

Particulars	As at March 31, 2022	As at March 31, 2021
Shares outstanding at the beginning of the year	63,062	63,061
Shares issued during the year	-	-
Shares outstanding at the end of the year	63,062	63,062

#### 16.2 Rights, preferences and restrictions attached to equity shares

The company has one class of equity shares having a par value of Rs 1,000/- per share. Each equity shareholder is entitled to one vote per share. In the event of the liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferred amounts. The distribution will be in proportion to number of equity shares held by the shareholders.

#### 16.5 The details of shares in the Company held by each shareholder holding more than 5% shares

Name of the share holder	As at March 31, 2022	As at March 31, 2021
Government of the Andhra Pradesh, represented by its Joint Secretary to Government, Industries & Commerce Department,	63,059 (100%)	63,055 (100%)

#### Nature and purpose of reserves

##### General reserve

General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.

##### Reserve for bad and doubtful debts

Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.

##### Retained earnings

Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	2021-22	2020-21
<b>Ageing</b>	<b>&gt;12 Months</b>	<b>&gt;12 Months</b>
Gross carrying amount	3,780	3,780
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,780	3,780
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2021-22	2020-21
<b>Ageing</b>	<b>&lt;12 Months</b>	<b>&lt;12 Months</b>

Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	<b>26,466</b>	<b>10,427</b>

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

**i. Commercial risk**

**a. Sale price risk**

Particulars	Impact on profit	
	2021-22	2020-21
Selling price increase by 5%		
Barytes	4,889	2,653
Agency services	861	6,437
Selling price decrease by 5%		
Barytes	(4,889)	(2,653)
Agency services	(861)	(6,437)

**b. Excavation & Transport Charges risk**

Particulars	Impact on profit			
	2021-22		2020-21	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(279)	279	(214)	214
Excavation & transport charges for overburden	(1,105)	1105	(1,215)	1,215

**40. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st March 2022**

Particulars	Contractual cash flows			
	Carrying amount	Total	Less than 12 months	More than 12 months
<b>Non-derivative financial liabilities:</b>

Mortality rates- down by 10%	498	-	0.00%	-

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

**x. Liability risks**

**a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

**b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

**42. Earnings per share (EPS)**

Particulars	As at 31-03-2022	As at 31-03-2021
Profit after tax before exceptional items	30,051	13,547
Add: exceptional items	-	-
Profit after tax after exceptional items	30,051	13,547
Profit available for equity shareholders	30,051	13,547

Nominal Value of equity share	1,000	1,000
Basic and diluted earnings per share (In Rupees) – before exceptional item	47,653.81	21,482.48
Basic and diluted earnings per share (In Rupees) – after exceptional item	47,653.81	21,482.48

**43. Segment Information**

**i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

**ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

**iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs. 73,542 Lakhs is derived from four customers (P Y 31,702 Lakhs from three customers) and 100% of revenue from sand operations are derived from single customer.

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

**a. Segment reporting for the financial year 2021-22**

Particulars	For the year ended 2021-22			
	Mining projects	Sand operations	Unallocated	Total
<b>Segment revenue</b>

**45. Note on sand operations**

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.

- ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b.** Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state.
- c.** As per oral instructions from the Government, it has been stipulated that company will be reimbursed for all its actual expenditures and will be provided with a margin. Consequently, revenue from sand operations has been recognized as follows. However, written representations from the Government regarding rates are not available.
- i. Excavation, loading and ramp maintenance services at Rs.127 per MT (Inclusive of GST).
  - ii. Sand boatsman excavation services recognised at rates ranging from Rs. 345 per MT to Rs. 375 per MT (inclusive of GST).
  - iii. Internal transportation services at Rs.4.90 per km per MT (inclusive of GST) and same has been paid to the respective transporter without any mark up to the company.
  - iv. Door delivery transportation services at the rates specified in GO No M.S. 40 dated 10.08.2020 (inclusive of GST) and same has been paid to respective transporter without any mark up to the company.

The reach wise and party wise details of agency income and transportation income are not available. The same have been initially recognized based on the output from the Code tree software. However, the data from code tree software is presently not available and relevant supporting to the sale vouchers are also not available.

- d.** Payments to the sand excavation and internal transportation expense have been based on the certification by the district sand officer/ district sand in charge (DSO /DSI). The relevant office documents that authorize an individual as District sand officer/ District Sand In charge (DSO /DSI) for certifying bills such as employee's name, role of authorization, and their specimen signature are missing. In the cases where the certification is not available, the payments were processed based on the invoices submitted by the vendors.
- e.** The data from the software developed by M/s. Code tree software solutions was used for recognizing Agency Income and Transportation Income. However, on conclusion of the sand operations in May 2021, the Sand portal as well as the agreement with M/s Code tree was discontinued. Despite several requests, Code

tree software solutions Private Limited has not handed over the sand portal data till date. Hence, the sand portal data used by the company for recognizing income and expenditure could not be reconciled with the books.

**f. Regarding the Door Delivery of Sand**

- i. Due to large number of transactions involved in the door-to-door delivery charges, daily reconciliations have not been made.
  - ii. Considering the voluminous amount of data, payments were made through HDFC bank on consolidated basis to individual transporters for the completed trips based on trip-completion confirmation recorded on the Sand portal. Basic KYC details such as Name, PAN. etc. regarding Sand Door delivery Transporters were not available on record.
  - iii. Considering the large number of transactions (more than 7,000 trips per day on average), the payments were made to the transporters based on Sand Portal data and the Transporters were not insisted to submit invoices for each trip. Hence, invoices are not available.
- g.** The details of the receipts have not been provided to us by the director of mines and geology due to which we could not reconcile the sale entries with receipt entries. Accordingly, the balance in trade receivable in the name of director of mines and geology amounting to Rs.169,87,00,208/- is subject to reconciliation for want of records.
- h.** We have not maintained any kind of stock registers including stock movement register at the sand reaches/ stock yards for capturing excavation, dispatch and internally transported quantities. Further any reconciliation of such stock and stock movement records with books of accounts could not be completed due to non-availability of such records.
- i.** Neither vouchers nor supportings were maintained for the bulk payments of door delivery of transportation of sand and Boatsmen charges. On many days during the year, the total transactions as per books could not be matched with the transactions as per bank statement and further reconciliation could not be made due to non-availability of records as mentioned above.
- j.** Further, due to no standard operating procedures approved for sand as such, there were many cases where Sand Receipt amounts were received from end customers directly in our bank account without routing it through the director of mines and geology. The information regarding such as details of customers, quantity of sand dispatched and value of sand dispatched are not known to the company. The same also was never reconciled with Director of Mines and Geology. The receipts were received in various modes of payments such as DDs, UPIs and cash directly deposited in our bank account. The share owed to director of mines and geology was also never transferred back to them due to non-availability of details. Accordingly, all such

amounts have been classified under unknown receipts and have been classified as current liability due to pending reconciliation with the director of mines and geology.

- k. With regards to sand operations through desiltation by boatsman societies, the following is submitted:
- i. In the districts of East and West Godavari, the operations of boatman societies were directly managed by the respective district administration, but no formal communication or order regarding this arrangement is available on record. The responsibility for operations was transferred to the corporation in December 2019 (West Godavari) & January 2020 (East Godavari).
  - ii. Since sand transactions were made by the district administration, the details of the sale transactions are available with them and the same is not available with the company.
  - iii. The pending payments during the period when operations were done by district administration was certified and advised to the company for payment, which was undertaken.
  - iv. Since then, the corporation has been paying all the bills based on certificates from the respective District Collector/DSO/Tahsildar as applicable. However, due to non-availability of records, the supporting vouchers are not available in respect of below expenditures.
  - v. No verification of Basic KYC details of the Boatsman Societies such as PAN, Proof of Constitution, GSTIN, etc. were necessitated and accordingly, not available on record. Since they did not provide PAN details, while IT TDS was deducted, the challans were not included in the TDS return at the time of filing. As such, majority of these challans were lying unconsumed at end of Financial Year.
  - vi. The price for excavation of sand per MT varied from Rs.177/MT to Rs.233/MT. The approval/contract/supportings for the above-mentioned prices are not available with the company.
  - vii. There was no written instruction from the Government as to whether the above price is inclusive/exclusive of GST. As explained in sub-para above, there is no practice of collection of GST for these sand supplies while with the District Administration. Therefore, we have assumed the above price is excluding GST while passing the entries in our books.
- l. In view of the complexities involved in the transactions, volume of transactions and due to non-availability of data during the lock down period on account of COVID – 19, we could not complete the detailed reconciliation of TDS, GST, GST TDS.
- m. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.

- i. Finalised the cut-off date for transition of sand operations to new agency
- ii. Cancelled all pending orders and refunded the amount of cancelled bookings.
- iii. Handed over sand reaches
- iv. Transferred balance sand stocks in depots
- v. Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de-siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedure laid down in the Government Order.

**46. The following subsidiaries/associates/joint venture companies are not consolidated for the following reasons:**

<b>Subsidiaries</b>	
<b>Name of the subsidiary</b>	<b>Reason</b>
Ongole iron ore mining company private limited	The company has not commenced the operations due to agreement cancelled by the GOAP and suffers from significant impairment in its ability to transfer the funds to the investor.
Andhra phosphate private limited	The company lease rights were expired and not renewed. Hence it is not carrying on any activity.
APMDC - SCCL Suliya coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Nuagon coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
<b>Associates</b>	
<b>Name of the associate</b>	<b>Reason</b>
Aswanimineral development private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Arhamminerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Israminerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Margasreegranites private limited	Due to continuous defaults the company has been

	strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Ongoleminerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
RLP granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
SRAP minerals private limited	The company has not commenced the operations and became in operative.
AP coastal sand & metals private limited	The lease rights and MOU have been cancelled by the GOAP. Hence the company became in operative.
Andhra Pradesh tribal mining private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
<b>Joint Ventures</b>	
<b>Name of the Joint venture</b>	<b>Reason</b>
Andhra baryte corporation private limited	The company has not commenced the operations and non-operative.
Andhra Pradesh iron ore company limited	The company has not commenced the operations and non-operative.
Gimpex AP barytes beneficiation private limited	The company has not commenced the operations and non-operative.
Trimexbarite private limited	The company has not commenced the operations and non-operative.
V.V minerals private limited	The joint venture agreement was expired in the financial year 2013 and same has not been renewed by the government. In absence of joint venture agreement as on the date of preparation of CFS, same has not been considered for consolidation.
Alliance Andhra Pradesh black granites private limited	The joint venture agreement was cancelled by the GOAP. Hence the company became in operative.
Pallavaredgranite private limited	The company's share of losses in joint venture has exceeded its interest in the joint venture. Hence, we have discontinued recognising its share of further losses. The company's interest in the joint venture is the carrying amount of the investment determined using the equity method together with any long term interests that, in substance, form part of the company's net investment in the joint venture.

**49. Treatment of demerger plan in the Books of accounts**

- The AP Re-organization Act 2014 has bifurcated the combined Andhra Pradesh state into Andhra Pradesh & Telangana.
- Section 53 of the AP Re-organization Act 2014 provides the basis and procedure for distribution of Assets & Liabilities between both the states in respect of head office and location basis for other projects.
- In line with the provisions of the Act, the demerger plan for bifurcation of assets & liabilities of APMDC as on 01.06.2014 between APMDC and TSMDC was prepared
- The then Principal Secretary (Ind & Comm.), and Chairman, APMDC (United State) addressed letters on 24.10.2014 to all the bank instructing them to freeze the accounts of APMDC as on 01.06.2014 and directed them not to permit any transactions.
- The demerger plan was discussed by the boards of APMDC and TSMDC. After detailed deliberations, consensus was arrived between APMDC and TSMDC and the formula for bifurcation was approved.
- The demerger plan was subsequently presented before the expert appraisal committee (EAC) constituted for this purpose. The EAC also approved the demerger plan and sent its recommendations to the respective Governments.

- g. As per the demerger plan, the assets & liabilities of APMDC (head office) are to be split between APMDC and TSMDC in the following ratio.
- APMDC –58.32%
  - TSMDC –41.68%
- h. APMDC has sent demerger plan to the Andhra Pradesh state government and the same has been approved by GOAP vide G.O.Ms.No 19 dated 29.01.2019.
- i. The approval of the Telangana State Government is still pending. VC&MD, APMDC has addressed TSMDC vide Lr. No. APMDC/F&A/Demerger/2019-20/1959 dated 06.11.2019 to take up the issue with the Telangana State Government and complete the pending formalities.

**Distribution of the assets & liabilities of common pool as on 01.06.2014 are given below:**

Equity & liabilities	Common pool	AP	TS
<b>Ratio</b>		<b>58.32%</b>	<b>41.68%</b>

### **Amounts held in current accounts, fixed deposits, sweep accounts**

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs.86,384/- Lakhs (sweep accounts of Rs.787/- and fixed deposits of Rs.85,597/-) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its latter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on.

### **50. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy. Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017 duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the

loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **51. Loan to Machilipatnam Urban Development Authority(MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **52. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all

transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

### **53. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.11.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.11.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

### **54. Non valuation of inventory**

#### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, the sales of current financial year, and also considering the current orders in hand as on balance sheet date closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and the remaining stock (67.29 lakhs MTs) is considered without value.

#### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company. During the previous year, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.03.2022 is 1.78 lakh MT (including 220 MTs of Grade – 1) which the company has not valued.

## 55. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Madanpur	713.95
<b>Total</b>		<b>2,556.86</b>

## 56. Term loan from the State Bank of India

During the year, company has availed a term loan of Rs.918.00 crores from the state Bank of India, Industrial finance Branch, Guntur for meeting part of the project cost of Suliyari coal mine, Madhya Pradesh repayable through 102 equal monthly installments from September, 2022. This facility is secured by way of exclusive charge over total fixed and current assets of the company. The company has drawn an amount of Rs.505.52 crores till 31-03-2022 and has been regular in repayment of interest and principal amounts on due dates.

## 57. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSFSCCL)

Company has received a letter from APSFSCCL with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSFSCCL. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 for which Deposit certificates have been obtained from the APSFSCCL. Further, APMDCL has received interest regularly till 31-03-2022 and during the year APMDCL has not withdrawn any amounts deposited with the APSFSCCL.

## 58. Note on Survey Stones

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Such a project was being undertaken after a gap of a century, but using modern technology for foolproof mapping of lands in 17,000 villages across the state in three phases. Accordingly, APMDCL was instructed with the responsibility of procuring & supplying the granite survey stones with the prescribed specifications to the Settlement and Land Records Department. Accordingly, during the year an amount of Rs.5.31 crores has been spent and same has been included in other expenditure. Further, revenue of Rs.5.31 crores (including unbilled revenue of Rs.1.15 crores) has been recognised without any mark up and same has been included in other income.

#### 59. Commencement of commercial operations in Suliari Coal project, Madhya Pradesh.

The company has commenced its commercial operations on 10-03-2022 in its Suliari Coal Project, Madhya Pradesh and same has been notified to the Nominated authority, Ministry of Coal, New Delhi. During the year 22,900 MT's of coal has been produced. Of which, 87.35 MT's coal has been dispatched leaving a closing stock of 22,812.65 MT's. All Evaluation expenditures incurred till 09-03-2022 totalling to Rs.1360.71 crores have been capitalised as Intangible asset. Amortisation expenses have been recognised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved by the Nominated Authority, Ministry of Coal, Government of India.

#### 60. Additional information

## **INDEPENDENT AUDITOR'S REPORT**

To  
The Members of  
The Andhra Pradesh Mineral Development Corporation Limited

### **Report on the Audit of the Standalone Financial Statements**

#### **Qualified Opinion**

We have audited the accompanying standalone financial statements of The Andhra Pradesh Mineral Development Corporation Limited ("the Company"), which comprise the standalone Balance Sheet as at March 31, 2023, the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity for the year then ended and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and best of our information and according to the explanations given to us, except for the effects of the matters described in the "Basis for Qualified Opinion" section of our report, the aforesaid standalone financial statements give the information required by the companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March 2023, the profit and comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Qualified Opinion**

1. The company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Company has passed entries for Interest Income on Fixed Deposits, Interest Accrued on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income Tax of the erstwhile entity was recovered from the Company's Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

S.No	Name of the ledger	Note no	Classification	Rs. in lakhs	Dr/Cr
1	Demerger Adjustment	18	Other Financial liability(non-current)	67.19	Cr
2	Int. on FDR's, BGs & Sweep (SBI) to Telangana	18	Other Financial liability(non-current)	38,300.24	Cr
3	APMDC Telangana Region Advance (Cr)	18	Other Financial liability(non-current)	8,253.32	Cr
4	APMDC - TSMDC - Advances	9	Other Non-current Assets	2,189.97	Dr
5	Demerger Adj Acc of FD's & FD kept for BG's	9	Other Non-current Assets	16,019.73	Dr

16	Interest on FDR BG - Without Lien	26	Other Income	448.05	Cr
17	Int. on Sweep account SBI, Khairatabad	26	Other Income	38.54	Cr
18	Vijayawada (bank)	12	Cash and cash equivalents	198.03	Dr

2. The company is required to disclose contingent liabilities as per Ind AS 37. The best estimate of amount of contingent liabilities created and disclosed in notes on accounts as at March 31, 2023 by the company could not be audited by us, as the company has not provided the related legal litigation files for our clear understanding and verification.

4. The following Ledger balances as on March 31, 2023 are subject to receipt of utilization certificates and confirmation from the respective party/ statutory authority:

Name of the Ledger	Party/ Authority Name	Balance as at March 31, 2023 Rs. in lakhs
Adv.to EE Panc. Raj Dep (RPT)	EE Panchayat Raj, Rajampet	53.90
Deposit with RDO Rajampet [Rehabilitation]	Regional District Officer, Cuddapah	86.65
Deposit with District Collector [Rehabilitation]	District Collector, Cuddapah	18,971.61
Deposit With Sub Treasury - (Rajampet)	Regional District Officer, Cuddapah	238.50

Due to non-availability of utilization certificates and confirmation from the respective parties, statutory authorities, we are unable to ascertain whether the above balances have been utilized or lying unutilized as advance/ deposit. In the absence of sufficient and appropriate audit evidence, we are unable to comment upon the resultant impact on the standalone financial statements of the Company.

4. In respect of property, plant and equipment, Fixed Asset Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the standalone financial statements.
5. The company has balances in Security Deposit payable to Contractors, Security Deposit from Suppliers, Security Deposit from Others, Deposit from Customer, EMD payable, Stale Cheques Payable, Exp of Entep. Social Resp. Payable, Non-Current Deposits, Penalty Suspense, Deposit for Stamp Duty Payable and Deposit for Court fees payable amounting to Rs. 185.57 Crores (Cr Balance). Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Considering non reconciliation and non-confirmation and further taking into consideration various disputes with vendors & non availability of records, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.
6. The Company has balances in Sales Tax Payable of Rs. 1.22 Crores (Credit), APVAT Payable of Rs 1.32 Crores (Credit) and Deposit with Sales Tax Department of Rs. Rs. 5.90 Crores (Debit). The documents pertaining to the Long Pending Tax cases are not available due to which we are unable to ascertain the correctness of the balances in the respective ledgers and the resultant impact on the standalone financial statements. Further, the contingent liability, if any on the above cases is also not ascertainable.
7. The Company has balances in Income Tax Assets amounting to Rs. 65.76 Crores which are pending on account of various disputes at different forums. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Further, the Company has been generally filing Income Tax Returns based on Provisional Financials without fully complying with the provisions of Income Tax Act

Any consequential effect on account of actual tax liability based on the audited financial statements with effect from FY 2014-15 on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the standalone financial statements.

8. The company has Trade Receivables balance amounting to Rs. 398.82 Crores and advance from customers amounting to Rs. 296.01 crores. Balance confirmations from Parties under Trade Receivables amounting to Rs. 398.82 Crores and Advance from Customers amounting to Rs. 296.01 crores have not been obtained. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements. Further, corporation has no regular system to maintain ageing analysis of trade receivables.
9. We were informed that the balance in the following ledgers are pending final settlement on account of pending court proceedings: -

Sl.no	Name of the ledger	Amount	Dr/Cr
1	Sri Ramakrishna Reddy	90,82,476	Dr
2	Sri B.Kumaraswamy Reddy	51,55,150	Cr
3	M/s V.L.C-S.C.K.C.V	5,47,81,729	Dr
4	Sri R.V Ramana	1,13,403	Dr

The up-to-date status of the court proceedings are not available on record. Further, the balances in the respective ledgers are subject to confirmation and reconciliation on account of the disputes between the parties and the company. Considering non-reconciliation and non-confirmation and taking into further consideration, various disputes with parties, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.

10. The Company has released an interest free unsecured loan of Rs. 100 Crores during Financial Year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly installments starting from Financial Year 2018-19 and ending in Financial Year 2021-22. M/s APSFL has not repaid the installments due in Financial Year 2018-19, Financial Year 2019-20, Financial year 2020-21 and financial year 2021-22 as per terms of the agreement. Further installments have also not been repaid till date. Further, the latest financials of APSFL are not available. In the absence of availability of audited financial statements from Financial Year 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognized in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.
11. The Company has released unsecured loan of Rs. 200 Crores to M/s Machilipatnam Urban Development Authority ("MUDA") on 03/11/2018 bearing interest at 8% per annum and repayable in 45 days. Though the due date for repayment is 15<sup>th</sup> December 2018, the said loan has not been repaid as on date also. In the absence of any financial information/supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements.

12. Balance in Suspense Account amounting to Rs. 1.80 crores have been classified under Other Current Liabilities as the details pertaining to the transactions in the account are not available. Accordingly, the resultant impact on the standalone financial statements could not be ascertained.
13. During the year company has paid an amount of Rs. 22.91 crores against outstanding balances pertaining to sand operations and which was carried over from the previous year financials on which we have issued a disclaimer of opinion.

#### **Disclaimer of opinion for the previous year**

We draw attention to our audit report dated 22<sup>nd</sup> November 2023, wherein we issued a disclaimer of opinion on the financial statements for the year ended 2021-2022. This disclaimer was due to non-maintenance of records pertaining to the sand operations undertaken by the company previously and same have been discontinued in the previous year. Further, there are no transactions in the sand operations except payment of an amount of Rs. 22.91 crores against outstanding payables.

#### **Emphasis of matter Paragraph**

We draw attention to Note 57 of the financial statements, which describes the commencement of the supply of survey stones by the Company to the Survey, Settlement, and Land Records (SSLR) Department, Andhra Pradesh, during the year under review, as per the minutes of the Board of Directors meeting held on 13-05-2021. However, there is no proper Memorandum of Understanding (MoU) in place between APMDCL and the SSLR Department for the supply of survey stones.

To meet the supply requirements, the Company has initiated setting up of four Granite Cutting, Polishing and Engraving Units in Prakasam, Chittoor, Srikakulam and Anantapuram Districts on turnkey Basis in Andhra Pradesh. During the period, the Prakasam District plant has commenced its operations and operated through an O&M. However, there is no progress in respect of other units.

Our opinion is not modified in respect of this matter.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, are not applicable to the Company as it is an unlisted company.

#### **Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the

other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

#### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### **Auditors' Responsibilities for the Audit of the Standalone Financial Statements**

Our responsibility is to conduct an audit of the standalone financial statements in accordance with Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Qualified Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

We are independent of the Company in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the standalone financial statements in India under the Act, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Act.

#### **Other Matter**

The financial statements of the Company for the year ended March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2021 and March 31, 2022 respectively are not adopted by the members of the company at the adjourned Annual General Meeting held on 17<sup>th</sup> September, 2022, 16<sup>th</sup> November 2022, 22<sup>nd</sup> August 2023, 10<sup>th</sup> October 2023 and 22<sup>nd</sup> November 2023, respectively due to non-completion of supplementary audit by the Comptroller and Auditor General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Auditor General of India (C&AG), for the year ended March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2021 and March 31, 2022 the Board of Directors of the Company in their meeting held on 22<sup>nd</sup> November, 2023 approved the financial statements for the year ended March 31, 2022.

Consequently, we have conducted our audit for the year ended March 31, 2023 considering the opening balances based on the financial statements as approved by the Board and audited by previous auditors for the year ended, March 31, 2020, March 31, 2019 and March 31, 2018 respectively and

audited by us for the financial year ended 2021, and march 31,2022. The reported amounts as on March 31, 2023 are subject to final comments of the Comptroller and Auditor General of India (C&AG) for the year ended March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2021 and March 31, 2022 subsequent approval at adjourned Annual General Meetings

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 'A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit except for the matter as described in the Basis for our Qualified opinion paragraph.
  - b. Except for the matter described in the Basis for Qualified Opinion paragraph, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The standalone Balance Sheet, the standalone Statement of Profit and Loss (including other comprehensive income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - d. Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid financial statements comply with the Indian Accounting standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
  - e. The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on future cashflows of the Company.
  - f. As per Notification GSR 463 (E) dated 5th June 2015 Issued by the Ministry of Corporate Affairs, the provisions of section 164 (2) of the Companies Act, 2013 is not applicable, as the Company is a Government Company.
  - g. The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
  - h. With respect to the adequacy of the internal financial controls with reference to standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure D".
  - i. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the company.

- j. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. Due to the possible effects of the matters described in the Basis for Qualified Opinion paragraph, we are unable to state whether the company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. Refer Note 36 to the Standalone financial statements.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There are no amounts which required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv. [a] The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provided any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries  
  
 (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and  
  
 (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that representations under sub clause (a) and (b) above, contain any material mis-statement.
  - v. The Company has not declared any dividend's during the year
3. We are enclosing our report in terms of Section 143 (5) of the Act, on the directions and sub-directions issued by the Comptroller and Auditor General of India on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, in the Annexure-C.

### Annexure - A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2023)

With reference to Annexure – A referred to in the Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2023, we report the following:

**1. In respect of Company's Property, Plant and Equipment and Intangible Assets:**

- a) According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company has not maintained proper records showing full particulars such as location, asset identification number, state of the asset, quantity, etc., property, plant and equipment and intangible assets.
- b) There is no documented policy/ laid down procedures for conducting physical verification of Property, Plant and Equipment. Hence, we are unable to comment on the process of physical verification of Property, Plant and Equipment by the company.
- c) In respect of immovable properties, title deeds/possession certificates are not available in respect of 1.61 Acres at Mangampeta (Carrying Amount: Rs. 23,43,985) and 2.07 Acres at Dwaraka Tirumala (Carrying Amount: Rs. 1,877). Further, in respect of the other lands, only Possession Certificates issued by concerned authorities are available on record.
- d) According to the information and explanations given to us and on the basis of our explanation of the company, the company has not revalued its property, plant and equipment or intangible assets or both during the year. Therefore, the Clause 3(i)(d) of the order is not applicable to the company.
- e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceeding initiated or are pending against the company for holding any benami property under the Benami Transaction Prohibition Act 1988. Therefore, the Clause 3(i)(e) of the Order is not applicable to the Company.

**2. In respect of inventory**

- A. i. The physical verification of inventory has been conducted at reasonable intervals by the Management.
  - ii. The coverage and procedure of physical verification of inventory followed by the management is reasonable, adequate and appropriate in relation to the size of company and the nature of its business.
  - iii. The company has maintained proper records of inventory. The discrepancies noticed on such verification between the physical stocks and book stocks were not material for each class of inventory and the same have been properly dealt with in the books of accounts.
- B. According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not availed any working capital loans during the year.

3. According to the information and explanations given to us, the Company has not maintained register as prescribed under Section 189 of Companies Act, 2013. Accordingly, we are unable to report on the reporting requirements as specified in Clause (iii) of the Paragraph 3 of the Order.
4. As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 185 and 186 of the Companies Act, 2013 are not applicable as the Company is a Government Company and has obtained necessary approval from the Ministry/ State Government. Hence reporting under Clause (iv) of Paragraph 3 of the Order is not applicable.
5. The company has received amounts towards supply of material but have not been adjusted within a period of three hundred and sixty days. Accordingly, these amounts are deemed deposits. The register of deposits as required to be maintained has not been provided for our verification. The entire outstanding is overdue and there is a default on repayment of deposit. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other Tribunal.
6. The maintenance of cost records has been specified by the Central Government under sub-section (1) of section 148 of the Act for the company in our opinion. However, no cost records have been provided for our verification due to which we are unable to comment on whether the same have been made and maintained.
7. a. According to the information and explanations given to us and on the basis of examination of the records of the Company subject to the matters described in Basis for Qualified Opinion paragraph, the Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Goods and Service Tax, Duty of Customs, Cess and other material statutory dues as applicable with appropriate authorities except for dues towards tax deducted at source under Income Tax Act, tax deducted at source under GST which are as tabulated below. Further, few statutory dues such as District Mineral Foundation, Merit and Cess could not be paid on account of non-availability of payment portal.

Sl.no	Name of Statute	Nature of Dues	Period to which amount relates	Amount in Rupees
1	Income Tax Act	TDS	2019-20	8,32,824
2	Central Goods and Services Tax, Act	TDS	2019-20	1,29,16,730
3	Mines and Minerals (Development Regulation Act)	District mineral foundation	2016-17 to 2019-20	13,71,60,972
4	Mines and Minerals (Development Regulation Act)	Merit	2016-17 to 2019-20	94,19,538
5	Mines and Minerals (Development Regulation Act)	Cess	2016-17 to 2022-23	23,14,59,105
6	Mines and Minerals (Development Regulation Act)	Royalty from Sub leaseholders	2018-19 to 2022-23	33,21,310

- (b) According to the information and explanations given to us and on the basis of examination of the records of the Company subject to the matters described in Basis for Qualified Opinion paragraph, the following Statutory dues have not been deposited by the company on account of disputes:

Sl.no	Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount in Rupees
1	Income Tax Act	Demand	ITAT	2011-12(A.Y)	5,49,46,047

11	CESTAT	Service tax on Seigniorage	CESTAT Hyderabad	2021-22	1,77,63,051

The aforesaid details are provided solely based on the details made available by the company which could not be independently verified for want of information and records except for AY 2016-17.

8. According to the information and explanations given to us, and based on examination of the books of accounts of the company, the company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

9. In respect of loans availed

- a. According to the information and explanations give to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- b. According to the information and explanations give to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or lender.
- c. According to the information and explanations give to us by the management, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- d. According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short-term basis by the Company. Accordingly, Clause 3(ix) (d) of the Order is not applicable.
- e. According to the information and explanations given to us and on an overall examination of the financial statements of the company. We report that the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiaries as defined under the Companies Act, 2013. Accordingly, Clause 3(ix) (e) of the order is not applicable.
- f. According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, Clause 3(ix) (f) of the order is not applicable.

10. Initial public offer or further public offer

- a. The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, 3 (x) (a) of the Order is not applicable to the Company.
- b. According to the information and explanations given to us, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially optionally convertible) during the year. Accordingly, Clause 3 (x)(b) of the Order is not applicable.

11. Frauds

- a. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- b. There is no Audit Report in Form AD1-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 has been filed by the auditors with Central Government in terms of provisions of sub section 12 of Section 143 of the Companies Act.
- c. According to the information and explanations given to us, no whistle blower complaint has been received by the company during the year.

12. The Company is not a Nidhi company. Accordingly, Clause (xii) of Paragraph 3 of the Order is not applicable.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
14. Internal Audit system
- a. The Company has an internal audit system, but in our opinion which is inadequate to commensurate with the size and nature of its business.
  - b. The Reports of the Internal Auditors for the period under audit were considered.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, Clause (xv) of Paragraph 3 of the Order is not applicable.
16. The nature of the business and activities of the Company are such that the Company is not required to obtain registration under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, Clause (xvi) of Paragraph 3 of the Order is not applicable.
17. According to the information and explanations given to us, the company has not incurred cash losses in the financial year and in the immediately preceding financial year.
18. According to the information and explanation given to us and on the basis of our examination of the records of the Company, there has been no resignation of the statutory auditors during the year. Accordingly, Clause 3 (xviii) of the Order is not applicable and hence not commented upon.
19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dated of realization of financial assets and payments of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not Capable of meeting its liabilities existing at the date of balance sheet date. We however, state that this is not an assurance as to the futures viability of the Company. We further neither state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date. Will get discharged by the Company as and when they fall due.
20. a. There are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act.

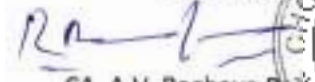

- b. There are no unspent amounts in respect of ongoing projects, that are required to be transferred to special account in compliance of provision of sub section (6) of section 135 of Companies Act

## **Annexure - B to the Independent Auditors' Report**

(Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2023)

### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Basis for Qualified Opinion**

According to the information and explanations given to us, the Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2023

The following material weaknesses/ limitations have been identified in the operating effectiveness of the Company's internal financial control over financial reporting

- a. The system of internal financial controls over financial reporting with regard to the Company were not made available to enable us to determine if the Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2023
- b. The Company has an internal audit system, but in our opinion which is inadequate to commensurate with the size and nature of its business.
- c. The company did not have an appropriate internal control system for obtaining confirmation of balances on a periodic basis and reconciliation of unmatched Receivables and Payables. The ERP system was unable to generate detailed reports of respective balances, including opening, current year transaction, and closing balances, along with their ageing analysis.

- d. There is no documented policy/ laid down procedures for conducting physical verification of Property, Plant and Equipment
- e. The company does not have system of timely posting of entries in the ERP software. Further, the company does not have an integrated system which has led to accounting lapses such as Non-Reconciliation of Inter branch transactions.
- f. The company does not have adequate internal control system in place for monitoring the interest earned on the fixed deposits and timely renewal of fixed deposits
- g. It was observed that the calculation of depreciation and amortization for Property, Plant, and Equipment (PPE) and intangible assets is not automated through the Enterprise Resource Planning (ERP) system. Instead, these calculations are performed manually by the finance team.
- h. It was observed that the opening balances of financial data were maintained in one domain division of the Enterprise Resource Planning (ERP) system, while subsequent entries were recorded in a different division. This inconsistency, attributed to inadequate internal controls, poses a risk to the integrity and accuracy of financial records.
- i. During the course of our audit, we observed that the company has deposits with various authorities. However, the company is not maintaining a deposit/advance register that records details such as the parties to whom deposits/advances have been made, the purpose of such deposits/advances, and other relevant information. Additionally, utilization certificates for such deposits/advances have not been obtained. This deficiency in internal controls adversely affects the company's ability to present a true and fair view of its financial position, as required by the applicable financial reporting framework. We recommend the company implement robust processes to maintain detailed records of all deposits and advances, along with obtaining and reviewing utilization certificates to strengthen internal financial controls.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual financial statements will not be prevented or detected on a timely basis.

We have considered the material weakness identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the standalone financial statements of the Company as at March 31, 2023 and these, material weakness has affected our opinion on the standalone financial statements of the Company and we have issued a Qualified opinion on the financial statements

# ANNEXURE-C to the Independent Auditors' Report

## Report on Directions Issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013

Sl.no	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1.	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics. However, many areas have not been covered under the ERP such as Accounting of Inventory, Depreciation, etc. which are manually maintained. Based on Manual Stores Consumption Reports, consolidated entries are posted in to the IT System periodically. However, there are no implications of processing of Inventory consumption accounting outside IT system on the integrity of accounts subject to matters specified in Basis for Qualified opinion paragraph.
2.	Whether there is any restructuring of an existing loan or cases of waiver /write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated.	According to the information and explanations give to us and based on our examination of the records of the Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Company. As such there is no financial impact involved.
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such Funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilised, returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realised on these works, with full quantitative details may be detailed	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies.

2.	<p>Where Grants are received from Central or State government(s)/ other user department(s) or their agencies,</p> <p>a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;</p> <p>b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;</p>	<p>According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.</p>
3.	<p>Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease)</p>	<p>There are no long-term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.</p>
4.	<p>Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately</p>	<p>According to the information and explanations given to us and on the basis of our examination of the records of the company, The Company has accounted Taxes on Expenditure appropriately, wherever applicable.</p>
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable / its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p> <p>e) The quantitative details of the bills sent for clearing against the PD account balances but</p>	<p>The Company has been maintaining Public Deposit Account vide account No: 11000093601.</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been given by any other Government or agencies except the State Government during the year.</p> <p>c) During the year company has utilized additional limit from the existing loans.</p> <p>d) There are no restrictions or additional permissions required for withdrawing the funds from this account.</p> <p>e) There are no returned/ unpaid bills as on 31-03-2023.</p>

	not cleared/ returned unpaid as on the reporting date along with age-wise analysis;	
6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no funds which have been raised by the company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly.
7.	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided.	As per the information and explanations provided by the management, there are no such instances taken place and reported during the year.
8.	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	The Management has physically verified the inventory and stores and spares in FY 2022-23 and shortage / excess found and deterioration / obsolescence in the quality are properly taken into account and the procedures followed by the company in this regard are satisfactory.
9.	Whether the cost incurred on abandoned projects has been written off?	According to the information and explanations given to us, no projects have been abandoned by the company during the year.
10.	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not received any amounts for projects/schemes.
11.	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalised and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have Qualified our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Qualified Opinion paragraph, we are unable to comment upon the same.
12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	Our audit for FY 2022-23 started in FY 2024-25. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2022-23.

13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	The company has submitted modified Mining Plan in respect of Mangampeta Mine in FY 2018-19 and the same has been approved by Deputy Director of Mines and Geology, Kadapa.
14.	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Our audit for FY 2022-23 started in FY 2024-25. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2022-23.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified.	According to the explanations given to us and on perusal of mining plans submitted to us, the company has not disbanded and discontinued any mines during the year covered under our audit.
16.	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	The Company has provided for Provision for Mine Closure Cost in line with Accounting Policy referred to in Note 2(p) of the Standalone financial statements.

## Notes forming part of the Financial Statements

### 1. Corporate Information

The Andhra Pradesh Mineral Development Corporation Ltd., was incorporated on 24th Feb., 1961 as a wholly owned undertaking of the Government of Andhra Pradesh for the development of mineral resources and promotion of mineral-based industries in Andhra Pradesh including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products. The administrative office of the company is situated at 294/1D, 100 ft road, Kanuru Village, Penamalur Mandal, Vijayawada, Andhra Pradesh-521137.

### 2. Significant Accounting Policies

#### a. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendment Rules, 2020 and relevant provisions of the Companies Act, 2013.

#### b. Basis of preparation

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for the certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments) and defined benefit and other long term employee benefits that have been measured at fair value as required by relevant Ind AS. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### c. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The standalone financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

#### d. Use of Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed.

Accounting estimates could change from period to period

Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

#### **Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

#### **Formulation of accounting Policies**

Accounting policies are formulated in a manner that result in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the Company;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e., free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geomining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the company has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect, service taxes and Goods and Service Tax.

### **iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established

### **iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest Income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims [including interest on delayed realization from customers] are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

### **g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the Property, Plant and Equipment are ready for use, as intended by the Management. When parts of a item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the Company at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in Subsidiary, Associates and Joint Ventures are measured at cost as per Ind AS 27 – Separate Financial Statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 12,00,000 MTs from financial year 2022-23 onwards and the remaining stock is considered without value (Refer note no. 53).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**Post-employment obligation**

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

**Defined Benefit Plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

#### **Defined contribution plan**

Employee benefits in the form of provident fund, pension fund, superannuation fund and employees state insurance are defined contribution plans. The Company recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

#### **n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

#### **o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented with in other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in statement of Profit and Loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred. As per the mine closure guidelines issued by the Department of Mines and Geology, Government of Andhra Pradesh on 27<sup>th</sup> Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3 lakh per hectare for category A mines and Rs. 2 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The company has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan.

In the case of Barytes, mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The

provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

In the case of coal, mining plan is prepared for entire life of the mine and provision has to be made for shortfall in the quantity of overburden not removed as per the standard stripping ratio. Excess quantity of overburden removed over and above the standard stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

#### **r. Leases**

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and  
The company has right to direct the use of the asset.

At the date of commencement of the lease, the company recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale.

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### **Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

##### **i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the statement of Profit and Loss. This category generally applies to trade and other receivables.

##### **ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

##### **iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

##### **iv. De-recognition of financial assets**

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

#### **Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

##### **i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in statement of profit and loss as other income or finance costs.

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially

vable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company. The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management. Amortization of exploration intangible assets commences in the year when commercial operations begin. The amortization expense is then calculated using the unit of production method, which allocates the cost of the exploration intangible assets based on the ratio of the current period's production to the total estimated reserves as per the approved mining plan.

**ab. Stripping cost**

The stripping cost incurred during the production phase of a surface mine is recognised as an asset if such cost provides a benefit in terms of improved access to ore in future periods and following criteria are met:

- It is probable that the future economic benefits (improved access to an ore body) associated with the stripping activity will flow to the entity,
- The entity can identify the component of an ore body for which access has been improved, and
- The costs relating to the improved access to that component can be measured reliably.

**ac. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 2.00% of the previous year turnover of the company.

<b>Total</b>	-	-	-	<b>1,34,145</b>	<b>1,34,146</b>

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

Expected credit loss for trade receivables under simplified approach is as under:

Particulars	2022-23	2021-22
<b>Ageing</b>	<b>&gt;12 Months</b>	<b>&gt;12 Months</b>
Gross carrying amount	3,524	3,524
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,524	3,524
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2022-23	2021-22
<b>Ageing</b>	<b>&lt;12 Months</b>	<b>&lt;12 Months</b>
Gross carrying amount	33,260	26,601
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	33,260	26,601

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

i. Commercial risk

a. Sale price risk

Particulars	Impact on profit	
	2022-23	2021-22
Selling price increase by 5%		
Barytes & Coal	10,100	4,889
Agency services	-	861
Survey Stones	409	-
Selling price decrease by 5%		
Barytes & Coal	(10,100)	(4,889)
Agency services	-	(861)
Survey Stones	(409)	-

b. Excavation & Transport Charges risk

Particulars	Impact on profit			
	2022-23		2021-22	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(327)	327	(279)	279
Excavation & transport charges for overburden	(1,883)	1,883	(1,105)	1,105
Excavation of Coal & OB Removal	(1,603)	1,603	-	-

40. Management of liquidity risk

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

As at 31st March 2023

Particulars	Contractual cash flows			
	Carrying amount	Total	Less than 12 months	More than 12 months
<b>Non-derivative financial liabilities:</b>				
Trade payables	18,468	18,468	18,468	-

**vii. Significant estimates: Sensitivity analysis**

Discount rate, salary escalation rate and withdrawal rate are significant actuarial assumptions. The change in Present value of defined benefit obligation for a change of 100 basis points from the assumed assumption is given below:

**Effect on gratuity valuation**

Particulars	Defined benefit obligation (Rs.in.Lakhs)		[% of change]	
	As at 31-03-2023	As at 31-03-2022	As at 31-03-2023	As at 31-03-2022
Under base scenario	694	546	0.00%	0.00%
Salary escalation - up by 1%	713	579	2.75%	6.07%
Salary escalation - down by 1%	672	511	-3.16%	-6.44%
Withdrawal rates - up by 1%	700	550	0.91%	0.72%
Withdrawal rates - down by 1%	687	542	-1.02%	-0.80%
Discount rates - up by 1%	656	509	-5.52%	-6.88%
Discount rates - down by 1%	737	589	6.26%	7.79%
Mortality rates- up by 10%	694	546	0.05%	0.04%
Mortality rates- down by 10%	693	546	-0.05%	-0.04%

**viii. Effect on leave encashment valuation**

Particulars	Defined benefit obligation (Rs.in.Lakhs)		[% of change]	
	As at 31-03-2023	As at 31-03-2022	As at 31-03-2023	As at 31-03-2022
Under base scenario	706	498	0.00%	0.00%
Salary escalation - up by 1%	735	523	4.10%	5.00%
Salary escalation - down by 1%	678	475	-3.90%	-4.70%
Withdrawal rates - up by 1%	706	499	0.00%	0.20%
Withdrawal rates - down by 1%	705	497	-0.10%	-0.20%
Discount rates - up by 1%	683	478	-3.20%	-4.00%
Discount rates - down by 1%	730	520	3.50%	4.40%
Mortality rates- up by 10%	706	499	0.00%	0.00%
Mortality rates- down by 10%	706	498	0.00%	0.00%

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

**x. Liability risks****a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

**b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

**42. Earnings per share (EPS)**

Particulars	As at 31-03-2023	As at 31-03-2022
Profit after tax before exceptional items	58,966	29,772
Add: exceptional items	-	-
Profit after tax after exceptional items	58,966	29,772
Profit available for equity shareholders	58,966	29,772
Weighted number of equity shares outstanding	63,062	63,062
Nominal Value of equity share in Rs.	1,000	1,000
<b>Basic and diluted earnings per share (In Rupees) – before exceptional item</b>	<b>93,504.62</b>	<b>47,211.87</b>
<b>Basic and diluted earnings per share (In Rupees) – after exceptional item</b>	<b>93,504.62</b>	<b>47,211.87</b>

**43. Segment Information****i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

**ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

**iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs.1,40,544 Lakhs is derived from five customers (P.Y 73,542 Lakhs from four customers).

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

**a. Segment reporting for the financial year 2022-23**

Particulars	For the year ended 2022-23

#### 45. Note on sand operations

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stock yards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stock yard, ramp maintenance, loading of sand into dispatch vehicles at the stock yard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stock yards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state for the period from 05-09-2019 to 14-05-2021.
- c. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.
  - i. Finalised the cut-off date for transition of sand operations to new agency
  - ii. Cancelled all pending orders and refunded the amount of cancelled bookings.
  - iii. Handed over sand reaches
  - iv. Transferred balance sand stocks in depots
  - v. Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de-siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedure laid down in the Government Order. Further, during the current financial year corporation has paid an amount of Rs.22.91 crores against pending bills.

**48. Treatment of demerger plan in the Books of accounts**

- The AP Re-organization Act 2014 has bifurcated the combined Andhra Pradesh state into Andhra Pradesh & Telangana.
- Section 53 of the AP Re-organization Act 2014 provides the basis and procedure for distribution of Assets & Liabilities between both the states in respect of head office and location basis for other projects.
- In line with the provisions of the Act, the demerger plan for bifurcation of assets & liabilities of APMDC as on 01.06.2014 between APMDC and TSMDC was prepared
- The then Principal Secretary (Ind & Comm.), and Chairman, APMDC (United State) addressed letters on 24.10.2014 to all the bank instructing them to freeze the accounts of APMDC as on 01.06.2014 and directed them not to permit any transactions.
- The demerger plan was discussed by the boards of APMDC and TSMDC. After detailed deliberations, consensus was arrived between APMDC and TSMDC and the formula for bifurcation was approved

- f. The demerger plan was subsequently presented before the expert appraisal committee (EAC) constituted for this purpose. The EAC also approved the demerger plan and sent its recommendations to the respective Governments.
- g. As per the demerger plan, the assets & liabilities of APMDC (head office) are to be split between APMDC and TSMDC in the following ratio.
- APMDC – 58.32%
  - TSMDC – 41.68%
- h. APMDC has sent demerger plan to the Andhra Pradesh state government and the same has been approved by GOAP vide G.O.Ms.No 19 dated 29.01.2019.
- i. The approval of the Telangana State Government is still pending. VC&MD, APMDC has addressed TSMDC vide Lr. No. APMDC/F&A/Demerger/2019-20/1959 dated 06.11.2019 to take up the issue with the Telangana State Government and complete the pending formalities.

**Distribution of the assets & liabilities of common pool as on 01.06.2014 are given below:**

Equity & liabilities	Common pool	AP	TS
Ratio		58.32%	41.68%
<b>Shareholder's Funds</b>

<b>Total</b>	<b>1,37,231</b>	<b>80,033</b>	<b>57,198</b>

#### **Amounts held in current accounts, fixed deposits, sweep accounts**

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs.89,402/- Lakhs (sweep accounts of Rs.809/- and fixed deposits of Rs. 88,593/-) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its latter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on.

#### **49. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy. Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the

loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.In.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFCL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **50. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **51. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all

transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

## **52. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.11.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.11.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

## **53. Non valuation of inventory**

### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 8,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and due to further rise demands for C+D+W Grade of barytes and based on the sales of current financial year, and also considering the current orders in hand as on balance sheet date 2022-23, closing stock is considered for 12,00,000 MTs from existing 8,00,000 MTs and the remaining stock (78.37 lakhs MTs) is considered without value.

### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT's every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company.

During the financial year 2019-20, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh

agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.03.2023 is 1.63 lakh MT's (including 151 MTs of Grade - 1) which the company has not valued.

#### 54. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Madanpur	713.95
	<b>Total</b>	<b>2,556.86</b>

#### 55. Term loan from the State Bank of India

During the financial year 2020-21, company has availed a term loan of Rs.918.00 crores from the state Bank of India, Industrial finance Branch, Guntur for meeting part of the project cost of Suliyari coal mine, Madhya Pradesh and same is repayable through 102 equal monthly instalments from September, 2022. This facility is secured by way of exclusive charge over total fixed and current assets of the company. The company has been regular in repayment of interest and principal amounts on due dates.

#### 56. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSFSCCL)

Company has received a letter from APSFSCCL with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSFSCCL. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 and 250.00 crores during the current financial year totalling to Rs.555.00 crores till 31-03-2023 for which Deposit certificates have been obtained from the APSFSCCL. APMDCL has received interest regularly till 31-03-2023 and during the year APMDCL has not withdrawn any amounts deposited with the APSFSCCL.

#### 57. Note on Survey Stones

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Accordingly issued a Government memo No.INC01 MG/10/2022 M III DATED 02.09.2022 and Go Ms.No:33 dated 30.05.2023 entrusted APMDCL with the responsibility of procurement and supply of survey stones to meet the requirement of SS & LR department for the prestigious programme (YSR Jagananna Shaswata Bhu Hakku mariyu Bhu Raksha

Pathakam) and fixed prices for various activities i.e. Production and transportation of survey stones along with service charge of 7% of the value of survey stones supplied.

Accordingly, software application has been developed through an outside agency to track all activities connected with supply, transportation and delivery of survey stones to the designated places provided by the SS & LR department from time to time. Further necessary tax Invoices have been raised on the SS & LR department for the survey stones supplied with mark up of 7% as per the GO.

#### **58. Commencement of commercial operations in Suliari Coal project, Madhya Pradesh.**

The company has commenced its commercial operations on 10-03-2022 in its Suliari Coal Project, Madhya Pradesh and same has been notified to the Nominated authority, Ministry of Coal, New Delhi. During the first year of operations 22,900 MT's of coal has been produced. Of which, 87.35 MT's coal has been dispatched leaving a closing stock of 22,812.65 MT's as of 31-03-2022. All Evaluation expenditures incurred till 09-03-2022 totalling to Rs.1360.71 crores have been capitalised as Intangible asset. Amortisation expenses have been recognised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved by the Nominated Authority, Ministry of Coal, Government of India.

During the current year, 1,941,507.45 MT's of coal has been produced (Cumulative 1,964,407.45 MT's) and 1,420,268.44 MT's has been dispatched (Cumulative 1,420,355.79 MT's) leaving a closing stock of 544,051.66 MT's as of 31-03-2023. Further, an additional amount of Rs. 144.54 crores has been incurred on project intangible assets.

#### **59. Additional information**

#### **60. Non adoption of previous year financials at the general meeting by the Members**

The financial statements of the company for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March 2020, 31<sup>st</sup> March 2021 and 31<sup>st</sup> March 2022 are considered but not adopted by the members of the company at the adjourned annual general meetings held 17<sup>th</sup> September, 2022, 16<sup>th</sup> November, 2022, 22<sup>nd</sup> August, 2023, 10<sup>th</sup> October 2023 and 22<sup>nd</sup> November 2023 respectively, due to non completion of supplementary audit by the Comptroller and Audit General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Audit General of India (C & AG), for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March, 2020, 31<sup>st</sup> March 2021 and 31<sup>st</sup> March 2022, the board of directors of the company in their meeting held on 22<sup>nd</sup> November, 2023 approved the

financial statements for the ending 31<sup>st</sup> March, 2022. In view of this, the reported amounts as on 31<sup>st</sup> March, 2023 may undergo change, based on the final comments of the Comptroller and Audit General of India (C & AG) for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March, 2020, 31<sup>st</sup> March 2021 and 31<sup>st</sup> March 2022 and subsequent approval at annual general meetings. Necessary adjustments if any will be made in subsequent years.

#### 61. General

- Some of the balances appearing under trade receivables, trade payables, advances, security deposits, unknown receipts, other payables and deposits with various Government Authorities are subject to confirmations, subsequent reconciliations and consequential adjustment required if any.
- Amounts incurred towards power, fuel charges and excavation and transportation charges for run of mine and overburden have been reported separately in respective note no's 33 and 34 for better presentation purposes.
- Figures of the previous year have been regrouped/rearranged wherever considered necessary, so as to conform to the classification of the current year.
- All amounts have been reported in Rs. in lakhs unless otherwise stated/mentioned, except for the share data and earnings per share (EPS). Further, Rs. (0) mentioned in the financial statements represents value less than Rs.0.50 lakhs.

**INDEPENDENT AUDITOR'S REPORT**

**To**  
**The Members of**  
**The Andhra Pradesh Mineral Development Corporation Limited**

**Report on the Audit of the Consolidated Financial Statements**

**Qualified Opinion**

We were engaged to audit the accompanying Consolidated Ind AS financial statements of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended and notes to the Consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (here in after referred to as "Consolidated financial statements").

In our opinion and best of our information and according to the explanations given to us, except for the effects of the matters described in the "Basis for Qualified Opinion" section of our report, the aforesaid Consolidated financial statements give the information required by the companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March 2023, the profit and comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Qualified Opinion**

- i} We draw attention to Note No 46 of the consolidated financial statements where in the Group has stated the reasons for not consolidating the Subsidiaries, Associates and joint ventures as tabulated below. In the absence of audited financial statements, management certified accounts for the year ended March 31, 2023 and further reasons as detailed in Note No 46, the transactions of subsidiaries and share in profit/losses of joint ventures and associates of the below mentioned entities are not incorporated in these consolidated financial statements. The list of such entities are as tabulated below.

Sl.no	Name of the Company	Nature of Holding	% of Holding
1	Ongole iron ore mining company pvt ltd	Subsidiary	51.00%
2	Andhra phosphate private limited	Subsidiary	50.00%
3	APMDC SCCL Suliari coal company ltd	Subsidiary	51.00%
4	Nuagon coal company ltd	Subsidiary	50.00%
5	Andhra Baryte Corporation Private Limited	Joint Venture	11.00%
6	Andhra Pradesh Iron Ore Company Ltd	Joint Venture	11.00%
7	Gimpex AP Barytes Beneficiation Private Limited	Joint Venture	11.00%
8	Trimex Baryte Private Limited	Joint Venture	11.00%
9	V.V Minerals Private Limited	Joint Venture	12.36%
10	Alliance Andhra Pradesh Black Granites Pvt Ltd	Joint Venture	11.00%
11	Pallava Red Granite Private Limited	Joint Venture	11.00%
12	Aswani Mineral Development Private Ltd	Associate	26.00%
13	Arham Minerals Exports (P) Ltd	Associate	26.00%
14	Isra Minerals Exports (P) Ltd	Associate	26.00%
15	Margasree Granites (P) Ltd	Associate	26.00%
16	Ongole Minerals Exports (P) Ltd	Associate	26.00%
17	RLP Granites (P) Ltd	Associate	26.00%
18	SRAP Minerals Private Limited	Associate	26.00%
19	A.P.Coastal Sand & Metals Pvt Ltd	Associate	26.00%
20	Andhra Pradesh Tribal Mining (P) Ltd	Associate	26.00%

In the absence of information, we are unable to quantify the impact on the Group's financials. Further, in respect of all the above entities, the carrying value of the investment (net of Impairment/ provision) in Holding Company's books is NIL.

Holding Company's Basis for Qualified Opinion (As stated in the report of standalone financial statements):

- ii) The Holding company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Holding Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Holding Company has passed entries for Interest Income on Fixed Deposits, Interest Accrued on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income Tax of the erstwhile entity was recovered from the Holding Company's Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

Sl.no	Name of the ledger	Note no	Classification	Rs in Lakhs	Dr/Cr
1	Demerger Adjustment	19	Other Financial liabilities(non-current)	67.19	Cr
2	Int. on FDR's, BGs & Sweep (SBI) to Telangana	19	Other Financial liabilities(non-current)	18,300.24	Cr
3	APMDC Telangana Region Advance (Cr)	19	Other Financial liabilities(non current)	8,253.32	Cr
4	APMDC - TSMDC - Advances	9	Other Non-current Assets	2,189.97	Dr
5	Demerger Adj Acc of FD's & FD Kept for BG's	9	Other Non-current Assets	16,019.73	Dr
6	Fixed deposits (Above 365 Days)	6	Other Financial Assets (Non-Current)	76,045.23	Dr
7	Fixed Deposit kept for Bank Guarantee	6	Other Financial Assets (Non-Current)	1,229.11	Dr
8	Fixed Deposits - BG - Without Lien	6	Other Financial Assets (Non-Current)	11,952.48	Dr
9	Sweep Account (SBI, Khairatabad)	6	Other Financial Assets (Non-Current)	808.59	Dr
10	Interest Accrued on Fixed deposit	14	Other Financial Assets (Current)	3,259.67	Dr
11	Int. Accr. on FDR kept for BGs	14	Other Financial Assets (Current)	38.71	Dr
12	Int. Accr. on FDR kept for BG - Without Lien	14	Other Financial Assets (Current)	619.31	Dr
13	Int. accr on sweep a/c (SBI)	14	Other Financial Assets (Current)	547.73	Dr
14	Int. on Fixed Deposits	28	Other Income	3714.24	Cr
15	Int. on FD kept for BG	28	Other Income	392.18	Cr
16	Interest on FDR BG - Without Lien	28	Other Income	448.05	Cr
17	Int. on Sweep account SBI Khairatabad	28	Other Income	38.54	Cr
18	Vijayawada (bank)	6	Cash and cash equivalents	198.03	Dr

iii) The Holding company is required to disclose contingent liabilities as per Ind AS 37. The best estimate of amount of contingent liabilities created and disclosed in notes on accounts as at March 31, 2023.

- iv) The following Ledger balances in holding company as on March 31, 2023 are subject to receipt of utilisation certificates and confirmation from the respective party/ statutory authority:

Name of the Ledger	Party/ Authority Name	Balance as at March 31, 2023 Rs. In lakhs
Adv.to EE Panc.Raj Dep(RPT)	EE Panchayat Raj, Rajampet	53.90
Deposit with RDO Rajampet (Rehabilitation)	Regional District Officer, Cuddapah	86.65
Deposit with District Collector (Rehabilitation)	District Collector, Cuddapah	18,971.61
Deposit With Sub Treasury (Rajampet)	Regional District Officer, Cuddapah	238.50

Due to non-availability of utilisation certificates and confirmation from the respective parties/ statutory authorities, we are unable to ascertain whether the above balances have been utilised or lying unutilized as advance/ deposit. In the absence of sufficient and appropriate audit evidence, we are unable to comment upon the resultant impact on the Consolidated financial statements.

- v) In respect of property, plant and equipment of holding company, Fixed Asset Register providing details such as Identification Number, Location of the Assets are not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the financial statements.
- vi) The Holding company has balances in Security Deposit payable to Contractors, Security Deposit from Suppliers, Security Deposit from Others, Deposit from Customer, EMD payable, Stale Cheques Payable, Exp of Entep. Social Resp. Payable, Non-Current Deposits, Penalty Suspense, Deposit for Stamp Duty Payable and Deposit for Court Fees payable amounting to Rs. 185.57 Crores (Cr Balance). Party wise Ledger has not been maintained further, confirmations from Parties are also not available. Considering non reconciliation and non-confirmation and further taking into consideration various disputes with vendors & non availability of records, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.
- vii) The Holding Company has balances in Sales Tax Payables for Rs. 1.22 crores (credit), APVAT Payable of Rs 1.32 Crores (Credit) and Deposit with Sales Tax Department of Rs. Rs. 5.90 Crores (Debit) The documents pertaining to the Long Pending Tax cases are not available due to which we are unable to ascertain the correctness of the balances in the respective

ledgers and the resultant impact on the consolidated financial statements. Further, the contingent liability, if any on the above cases is also not ascertainable.

- viii) The Holding Company has balances in Income Tax Assets amounting to Rs. 65.76 Crores which are pending on account of various disputes at different forums. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Further, the Holding Company has been generally filing Income Tax Returns based on Provisional Financials without fully complying with the provisions of Income Tax Act. Any consequential effect on account of actual tax liability based on the audited financial statements with effect from FY 2014-15 on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the Consolidated financial statements
- ix) The Holding company has Trade Receivables balance amounting to Rs. 398.82 Crores and advance from customers amounting to Rs.296.01 crores. Balance confirmations from Parties under Trade Receivables amounting to Rs. 398.82 Crores and Advance from Customers amounting to Rs. 296.01 crores have not been obtained. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements. Further, corporation has no regular system to maintain ageing analysis of trade receivables
- x) We were informed that the balance in the following ledgers of holding company are pending final settlement on account of pending court proceedings: -

Sl.no	Name of the ledger	Amount	Dr/Cr
1	Sri M.Ramakrishna Reddy	90,82,476	Dr
2	Sri B.Kumaraswamy Reddy	51,55,150	Cr
3	M/s V.L.C.S.C.K.C-JV	5,42,81,229	Dr
4	Sri R.V Ramana	1,13,403	Dr

The up to date status of the court proceedings are not available on record. Further, the balance in the respective ledgers are subject to confirmation and reconciliation on account of the disputes between the parties and the Holding company. Considering non-reconciliation and non-confirmation and taking into further consideration, various disputes with parties, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.

- xi) The Holding Company has released an interest free unsecured loan of Rs. 100 Crores during Financial Year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly installments starting from Financial Year 2018-19 and ending in Financial Year 2021-22. M/s APSFL has not repaid the installments due in Financial Year 2018-19, Financial Year 2019-20, Financial Year 2020-21 and Financial year 2021-22 as per terms of the agreement. Further installments have also not been repaid till date. Further, the latest financials of APSFL are not available. In the absence of availability of audited financial statements from Financial Year 2017-18 and subsequent years and

other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.

- xii) The Holding Company has released unsecured loan of Rs. 200 Crores to M/s Machilipatnam Urban Development Authority("MUDA") on 01/11/2018 bearing interest at 8% per annum and repayable in 45 days. Though the due date for repayment is 15<sup>th</sup> December 2018, the said loan has not been repaid as on date also. In the absence of any financial information/supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements.
- xiii) Balance in Suspense Account of holding company amounting to Rs. 1.80 Crores has been classified under Other Current Liabilities as the details pertaining to the transactions in the account are not available. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.
- xiv) During the year company has paid an amount of Rs.22.91 Crores against outstanding balances pertaining to sand operations and which was carried from the previous year financials on which we have issued a disclaimer of opinion.

#### **Disclaimer of opinion for the previous year**

We draw attention to our audit report dated 22'November 2023.wherein we issued a disclaimer of opinion on the financial statements for the year ended 2021-2022. This disclaimer was due to unavailability of records pertaining to the sand operations undertaken by the company previously and same have been discontinued in the previous year. Further, there are no transactions in the sand operations except payment of an amount of Rs 22.91 Crores against outstanding payables.

#### **Emphasis of matter Paragraph**

We draw attention to Note 58 of the financial statements, which describes the commencement of the supply of survey stones by the Company to the Survey, Settlement, and Land Records (SSLR) Department, Andhra Pradesh, during the year under review, as per the minutes of the meeting held on 13-05-2021. However, there is no proper Memorandum of Understanding (MoU) in place between APMDC and the SSLR Department for the supply of survey stones.

To meet the supply requirements, the Company has initiated setting up of four Granite Cutting, Polishing and Engraving Units in Prakasam, Chittoor, Srikakulam and Anantapuram Districts on turnkey Basis in Andhra Pradesh. During the period, the Prakasam District plant has commenced its operations and operated through an O&M. However, there is no progress in respect of other units

Our opinion is not modified in respect of this matter.

**Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, are not applicable to the Holding Company as it is an unlisted company.

**Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the Consolidated financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

**Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Group including its associates and joint ventures in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates and joint ventures for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management included in the group and of its associates and joint ventures is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of each company.

#### **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our responsibility is to conduct an audit of the Group's Consolidated financial statements in accordance with Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these Consolidated financial statements.

We are independent of the Group in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the Consolidated financial statements in India under the Act, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Act.

#### **Other Matters**

The financial statements of the Holding Company for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021 respectively are not adopted by the members of the Holding company at the adjourned Annual General Meeting held on 17<sup>th</sup> September, 2022, 16<sup>th</sup> November 2022, 22<sup>nd</sup> August, 2023 and 10<sup>th</sup> October 2023 respectively due to non-completion of supplementary audit by the Comptroller and Auditor General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Auditor General of India (C&AG), for the year ended March 31, 2018, March 31, 2019, March 31, 2020 and March 31, 2021, the Board of Directors of the Holding Company in their meeting held on 22<sup>nd</sup> November 2023 approved the financial statements for the year ended March 31, 2022.

Consequently, we have conducted our audit for the year ended March 31, 2023 considering the opening balances based on the financial statements as approved by the Board and audited by previous auditors for the year ended, March 31, 2020, March 31, 2019 and March 31, 2018 respectively and audited by us for the financial year ended 2021, and March 31, 2022. The reported amounts as on March 31, 2023 are subject to final comments of the Comptroller and Auditor General of India (C&AG) for the year ended March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2021 and March 31, 2022 subsequent approval at adjourned Annual General Meetings.

We did not audit the financial statements/financial information of one Joint Venture. The consolidated financial statements include the Group's share of Net Profit of Rs 272 lakhs for the year ended March 31, 2023 in respect of the one joint venture. This financial statements/financial information have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the joint venture.

and our report in so far as it relates to the aforesaid joint venture, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements and our report on other legal and regulatory requirements below is not modified in respect of the above matters

#### **Report on Other Legal and Regulatory Requirements**

1 As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit except for the matter as described in the basis for our Qualified opinion paragraph.
- b) Except for the matter described in the Basis for Qualified Opinion paragraph, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts.
- d) Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid financial statements comply with the Accounting standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on future cashflows of the Company.
- f) As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 164 (2) of the Companies Act, 2013 is not applicable as the Holding Company is a Government Company.
- g) The Modification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
- h) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'
- i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the Holding company.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. Due to the possible effects of the matters described in the Basis for Qualified Opinion paragraph, we are unable to state whether the Group has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements- Refer Note 37 to the Consolidated financial statements.
  - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There are no amounts which required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the group to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provided any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
  - b. The Management has represented, that, to the best of its knowledge and belief, on funds have been received by the group from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
  - c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that representations under sub clause [a] and [b] above, contain any material mis-statement.
  - v. One of the joint venture company AP Granites (Midwest) pvt ltd has declared dividend during the year. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

2. We are enclosing our report in terms of Section 143 (5) of the Act, on the directions and sub-directions issued by the Comptroller and Auditor General of India on the basis of such checks of the books and records of the Holding Company as we considered appropriate and according to the information and explanations given to us, in the Annexure- B.

### **Annexure - A to the Independent Auditors' Report**

(Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2023)

#### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

1. We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding company and its subsidiaries together refer to as "the group"), its associates and jointly controlled entities as of March 31, 2023 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the holding company included in the group are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Companies/entities, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated

financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Basis for Qualified Opinion**

According to the information and explanations given to us, the holding Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the holding Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2023

The following material weaknesses/ limitations have been identified in the operating effectiveness of the Company's internal financial control over financial reporting:

- a. The system of internal financial controls over financial reporting with regard to the holding Company were not made available to enable us to determine if the holding Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2023.
- b. The holding Company has an internal audit system, but in our opinion which is inadequate to commensurate with the size and nature of its business.
- c. The holding company did not have an appropriate internal control system for obtaining confirmation of balances on a periodic basis and reconciliation of unmatched Receivables and Payables. The ERP system was unable to generate detailed reports of respective balances, including opening, current year transaction, and closing balances, along with their ageing analysis.
- d. There is no documented policy/ laid down procedures for conducting physical verification of Property, Plant and Equipment
- e. The holding company does not have system of timely posting of entries in the ERP software. Further, the company does not have an integrated system which has led to accounting lapses such as Non-Reconciliation of Inter branch transactions.
- f. The Holding company does not have adequate internal control system in place for monitoring the interest on the fixed deposits and timely renewal of the fixed deposits.
- g. It was observed that the calculation of depreciation and amortization for Property, Plant, and Equipment (PPE) and intangible assets is not automated through the Enterprise Resource Planning (ERP) system. Instead, these calculations are performed manually by the finance team.
- h. It was observed that the opening balances of financial data were maintained in one domain division of the Enterprise Resource Planning (ERP) system, while subsequent entries were recorded in a different division. This inconsistency, attributed to inadequate internal controls, poses a risk to the integrity and accuracy of financial records.

- i. During the course of our audit, we observed that the company has deposits with various authorities. However, the company is not maintaining a deposit/advance register that records details such as the parties to whom deposits/advances have been made, the purpose of such deposits/advances, and other relevant information. Additionally, utilization certificates for such deposits/advances have not been obtained. This deficiency in internal controls adversely affects the company's ability to present a true and fair view of its financial position, as required by the applicable financial reporting framework. We recommend the holding company implement robust processes to maintain detailed records of all deposits and advances, along with obtaining and reviewing utilization certificates to strengthen internal financial controls.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual financial statements will not be prevented or detected on a timely basis.

We have considered the material weakness identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the consolidated financial statements of the Holding Company as at March 31, 2023 and these, material weakness has affected our opinion on the consolidated financial statements of the Holding Company and we have issued a Qualified opinion on the Consolidated financial statements.

# ANNEXURE-B to the Independent Auditors' Report

Report on Directions issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013

Sl.no	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the Implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The holding Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics. However, many areas have not been covered under the ERP such as Accounting of Inventory, Depreciation, etc. which are manually maintained. Based on Manual Stores Consumption Reports, consolidated entries are posted in to the IT System periodicaly. However, there are no implications of processing of Inventory consumption accounting outside IT system on the integrity of accounts subject to matters specified in Basis for Qualified opinion paragraph.
2.	Whether there is any restructuring of an existing loan or cases of waiver /write off of debts/loans/interest etc made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated.	According to the information and explanations give to us and based on our examination of the records of the Holding Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Company. As such there is no financial impact involved
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such Funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilised, returned, assets created	According to the information and explanations given to us and on the basis of our examination of the records of the holding company, there are no works executed with the funds of

	up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realized on these works, with full quantitative details may be detailed.	Central or State government(s)/ other user department(s) or their agencies.
2.	<p>Where Grants are received from Central or State government(s)/ other user department(s) or their agencies,</p> <p>a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;</p> <p>b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;</p>	According to the information and explanations given to us and on the basis of our examination of the records of the holding company, there are no grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.
3.	Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease)	There are no long-term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.
4.	Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately	According to the information and explanations given to us and on the basis of our examination of the records of the holding company, The Holding Company has accounted Taxes on Expenditure appropriately, wherever applicable.
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but</p>	The holding Company has been maintaining Public Deposit Account vide account No: 11000093601

	<p>claimed by the Company as receivable / its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p> <p>e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;</p>	<p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been given by any other Government or agencies except the State Government during the year.</p> <p>c) During the year holding company has utilized additional limit from the existing loans.</p> <p>d) There are no restrictions or additional permissions required for withdrawing the funds from this account.</p> <p>e) There are no returned/ unpaid bills as on 31-03-2023.</p>
6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the holding company, there are no funds which have been raised by the holding company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly.
7.	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided.	As per the information and explanations provided by the management, there are no such instances taken place and reported during the year.
8.	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/	The Management of the holding company has physically verified the inventory and stores and spares in FY 2022-23 and shortage / excess found and deterioration / obsolescence in the quality are properly taken into account and the

	obsolescence in the quality which may result into overvaluation of stock?	procedures followed by the company in this regard are satisfactory.
9.	Whether the cost incurred on abandoned projects has been written off?	According to the information and explanations given to us, no projects have been abandoned by the holding company during the year.
10.	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the holding company, the holding company has not received any amounts for projects/schemes.
11.	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalised and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have Qualified our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Qualified Opinion paragraph, we are unable to comment upon the same.
12	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	Our audit for FY 2022-23 started in FY 2024-25. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2022-23.
13	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	The holding company has submitted modified Mining Plan in respect of Mangampeta Mine in FY 2018-19 and the same has been approved by Deputy Director of Mines and Geology, Kadapa.
14	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Our audit for FY 2022-23 started in FY 2024-25. Accordingly, we are unable to comment upon the same as we have not visited the mine during the Financial Year 2022-23.
15	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified.	According to the explanations given to us and on perusal of mining plans submitted to us, the holding company has not disbanded and discontinued any mines during the year covered under our audit.

16	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	The holding Company has provided for Provision for Mine Closure Cost in line with Accounting Policy referred to in Note 2(p) of the consolidated financial statements.

## Notes to the consolidated financial statements

### 1. Corporate information

The Andhra Pradesh Mineral Development Corporation Ltd ("The Company") and its subsidiaries (collectively referred to as "The Group") are principally engaged in development of mineral resources and promotion of mineral-based industries in India including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products.

### 2. Significant accounting policies

#### a. Statement of compliance

These consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair values/ amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### b. Basis of consolidation

The consolidated financial statements ("CFS") relate to Andhra Pradesh Mineral Development Corporation ("the Company") and its subsidiary companies (the Company and its subsidiaries collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

- I. The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in un realised profits or losses, in accordance with Indian accounting standard 110 - "Consolidated Financial Statements".
- II. In the case of investment in subsidiaries, where the Company's shareholding is less than 100%, non-controlling interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.
- III. An associate is an entity over which the group is in a position to exercise significant influence over operating and financial policies.
- IV. A joint arrangement is an arrangement of which two or more parties have joint control. Joint control is considered when there is contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Investments in joint arrangements are classified as either joint operations or joint venture. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

- V. Investment in associates/joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.
- VI. The difference between the cost of investment in the subsidiaries, joint ventures, and associates and the Company's share of net assets at the time of acquisition of shares in the subsidiaries, joint ventures and associates is recognized in the financial statements as goodwill or capital reserve as the case may be.

**c. Functional and presentation currency**

The consolidated financial statements are presented in Indian rupees, which is also the functional currency for all its operations. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless stated otherwise.

**d. Use of Judgements, estimates and assumptions**

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

**Judgements**

In the process of applying the group accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

### **Formulation of accounting policies**

Accounting policies are formulated in a manner that result in consolidated financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind As that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a.** relevant to the economic decision-making needs of users and
- b.** reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the group;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e. free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The group operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of Property, Plant and Equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

### **e. Current and non-current classification**

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the group's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or

• It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the group's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The group has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable.

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the group has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except for Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect, service taxes and Goods and Service Tax.

**iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

**iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

**g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the property, plant and equipment are ready for use, as intended by the management. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in schedule II of the Companies Act, 2013 on written down value basis, except for certain assets where the useful life is determined by technical assessment / Group's past experiences. Assets acquired under finance lease and lease hold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Mining property assets (incl. decommissioning cost) is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

**h. Intangible assets**

Intangible assets are measured on initial recognition at cost. They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining rights which are amortised using a unit-of-production method based on the data available with the group as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

**i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to statement of profit and loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the group at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in subsidiary, associates and joint ventures are measured at cost as per Ind AS 27 – Separate financial statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 12,00,000 MTs from financial year 2022-23 onward and the remaining stock is considered without value (Refer note no. 54).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### **Post-employment obligation**

The Group operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

#### **Defined benefit plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government Bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

#### **Defined Contribution Plan**

Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Group recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

#### **n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in statement of profit and loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate

pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred.

As per the mine closure guidelines issued by the department of mines and geology, Government of Andhra Pradesh on 27th Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3.00 Lakh per hectare for category A mines and Rs. 2.00 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

In the case of Barytes, mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

In the case of coal, mining plan is prepared for entire life of the mine and provision has to be made for shortfall in the quantity of overburden not removed as per the standard stripping ratio. Excess quantity of overburden removed over and above the standard stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

### **r. Leases**

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the group recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Group does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the group takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair

value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

#### **x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Group becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

##### **Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

##### **i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

##### **ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the group may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency. Debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The group de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- ♦ it has been incurred principally for the purpose of repurchasing it in the near term, or
- ♦ on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short-term profit-taking; or
- ♦ it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The group de-recognizes financial liabilities when and only when, the group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in Statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional Items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the group is such that its disclosure improves the understanding of the performance of the group, such income or expense is

classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and Evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed. Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the group will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the group. The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management. Amortization of exploration intangible assets commences in the year when commercial operations begin. The amortization expense is then calculated using the unit of production method, which allocates the cost of the exploration intangible assets based on the ratio of the current period's production to the total estimated reserves as per the approved mining plan.

**ab. Stripping cost**

The stripping cost incurred during the production phase of a surface mine is recognised as an asset if such cost provides a benefit in terms of improved access to ore in future periods and following criteria are met:

- It is probable that the future economic benefits (improved access to an ore body) associated with the stripping activity will flow to the entity,
- The entity can identify the component of an ore body for which access has been improved, and
- The costs relating to the improved access to that component can be measured reliably.

**ac. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 2.00% of the previous year turnover of the company.

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	2022-23	2021-22
Ageing	>12 Months	>12 Months
Gross carrying amount	3,524	3,524
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,524	3,524
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2022-23	2021-22
Ageing	<12 Months	<12 Months
Gross carrying amount	33,260	26,601
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	33,260	26,601

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

# **i. Commercial risk**

## **a. Sale price risk**

Particulars	Impact on profit	
	2022-23	2021-22
Selling price increase by 5%		
Barytes & Coal	10,100	4,889
Agency services	-	861
Survey Stones	409	-
Selling price decrease by 5%		
Barytes & Coal	(10,100)	(4,889)
Agency services	-	(861)
Survey Stones	(409)	-

## **b. Excavation & Transport Charges risk**

Particulars	Impact on profit			
	2022-23		2021-22	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense				
Excavation & transport charges for run of mine	(327)	327	(279)	279
Excavation & transport charges for overburden	(1,883)	1,883	(1,105)	1,105
Excavation of Coal & OB Removal	(1,603)	1,603	-	-

## **40. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st March 2023**

Particulars	Contractual cash flows

Mortality rates- up by 10%	706	499	0.00%	0.00%
Mortality rates- down by 10%	706	498	0.00%	0.00%

#### **ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

#### **x. Liability risks**

##### **a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

##### **b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

#### **42. Earnings per share (EPS)**

Particulars	As at 31-03-2023	As at 31-03-2022
Profit after tax before exceptional items	59,126	30,051
Add: exceptional items	-	-
Profit after tax after exceptional items	59,126	30,051
Profit available for equity shareholders	59,126	30,051
Weighted number of equity shares outstanding	63,062	63,062
Nominal Value of equity share in Rs.	1,000	1,000
Basic and diluted earnings per share (In Rupees) – before exceptional item	93,758.22	47,653.81
Basic and diluted earnings per share (In Rupees) – after exceptional item	93,758.22	47,653.81

#### **43. Segment Information**

##### **i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### **ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

**iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs.1,40,544 Lakhs is derived from five customers (P.Y 73,542 Lakhs from four customers).

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue"

**a. Segment reporting for the financial year 2022-23**

Particulars	For the year ended 2022-23			
	Mining projects	Sand operations	Unallocated	Total
Segment revenue				
External revenue *	2,02,002	-	8,189	2,10,191
Total segment revenue	2,02,002	-	8,189	2,10,191

\* Segment Revenue includes other income which is directly attributable to each segment.

Particulars	For the year ended 2022-23			
	Mining projects	Sand operations	Unallocated	Total
Segment Results				
Profit/(Loss)	97,984	-	-	97,984

#### 45. Note on sand operations

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stock yards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stock yard, ramp maintenance, loading of sand into dispatch vehicles at the stock yard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stock yards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state for the period from 05-09-2019 to 14-05-2021.
- c. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.
  - i. Finalised the cut-off date for transition of sand operations to new agency
  - ii. Cancelled all pending orders and refunded the amount of cancelled bookings.
  - iii. Handed over sand reaches
  - iv. Transferred balance sand stocks in depots
  - v. Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de-siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedure laid down in the Government Order. Further, during the current financial year corporation has paid an amount of Rs.22.91 crores against pending bills.

46. The following subsidiaries/associates/joint venture companies are not consolidated for the following reasons:

Subsidiaries	
Name of the subsidiary	Reason
Ongole iron ore mining company private limited	The company has not commenced the operations due to agreement cancelled by the GOAP and suffers from significant impairment in its ability to transfer the funds to the investor.
Andhra phosphate private limited	The company lease rights were expired and not renewed. Hence It is not carrying on any activity.
APMDC - SCCL Suliyan coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Nuagon coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Associates	
Name of the associate	Reason
Aswani mineral development private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Arham minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Isra minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Margasree granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Ongole minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
RLP granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
SRAP minerals private limited	The company has not commenced the operations and became in operative.
AP coastal sand & metals private limited	The lease rights and MOU have been cancelled by the GOAP. Hence the company became in

Andhra Pradesh tribal mining private limited	operative. Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
<b>Joint Ventures</b>	
<b>Name of the joint venture</b>	<b>Reason</b>
Andhra baryte corporation private limited	The company has not commenced the operations and non-operative.
Andhra Pradesh iron ore company limited	The company has not commenced the operations and non-operative
Gimpox AP barytes beneficiation private limited	The company has not commenced the operations and non-operative
Trimex barite private limited	The company has not commenced the operations and non-operative.
V.V minerals private limited	The joint venture agreement was expired in the financial year 2013 and same has not been renewed by the government. In absence of joint venture agreement as on the date of preparation of CFS, same has not been considered for consolidation.
Alliance Andhra Pradesh black granites private limited	The joint venture agreement was cancelled by the GOAP. Hence the company became in operative.
Pallavared granite private limited	The company's share of losses in joint venture has exceeded its interest in the joint venture. Hence, we have discontinued recognising its share of further losses. The company's interest in the joint venture is the carrying amount of the investment determined using the equity method together with any long term interests that, in substance, form part of the company's net investment in the joint venture.

#### 49. Treatment of demerger plan in the Books of accounts

- The AP Re-organization Act 2014 has bifurcated the combined Andhra Pradesh state into Andhra Pradesh & Telangana.
- Section 53 of the AP Re-organization Act 2014 provides the basis and procedure for distribution of Assets & Liabilities between both the states in respect of head office and location basis for other projects.
- In line with the provisions of the Act, the demerger plan for bifurcation of assets & liabilities of APMDC as on 01.06.2014 between APMDC and TSMDC was prepared.
- The then Principal Secretary (Ind & Comm ), and Chairman, APMDC (United State) addressed letters on 24.10.2014 to all the bank instructing them to freeze the accounts of APMDC as on 01.06.2014 and directed them not to permit any transactions.
- The demerger plan was discussed by the boards of APMDC and TSMDC. After detailed deliberations, consensus was arrived between APMDC and TSMDC and the formula for bifurcation was approved.
- The demerger plan was subsequently presented before the expert appraisal committee (EAC) constituted for this purpose. The EAC also approved the demerger plan and sent its recommendations to the respective Governments.
- As per the demerger plan, the assets & liabilities of APMDC (head office) are to be split between APMDC and TSMDC in the following ratio.
  - APMDC –58.32%
  - TSMDC –41.68%
- APMDC has sent demerger plan to the Andhra Pradesh state government and the same has been approved by GOAP vide G O Ms.No 19 dated 29.01.2019.
- The approval of the Telangana State Government is still pending. VC&MD, APMDC has addressed TSMDC vide Lr. No. APMDC/F&A/Demerger/2019-20/1959 dated 06.11.2019 to take up the issue with the Telangana State Government and complete the pending formalities.

Distribution of the assets & liabilities of common pool as on 01.06.2014 are given below:

Equity & liabilities	Common pool	AP	TS
<b>Ratio</b>		<b>58.32%</b>	<b>41.68%</b>
<b>Shareholder's Funds</b>			
Share capital	631	368	263
Reserve & surplus	1,04,281	60,817	43,464
Deferred Govt. grants	-	-	-
<b>Current/ non-current liabilities</b>			
Deferred tax liability	24	14	9
Trade payables	23,380	13,635	9,745
Other current liabilities	6,668	3,889	2,779
Provisions	1,072	625	447
<b>Total</b>	<b>1,36,056</b>	<b>79,348</b>	<b>56,708</b>

Assets	Common Pool	AP	TS
<b>Non-Current Assets</b>			
Property, Plant and Equipment	344	201	143
Non-Current Investment	499	291	208
Loans & Advances	36,600	21,345	15,255
<b>Current Assets</b>			
Inventories	14	8	6
Trade receivables	166	97	69
Cash & bank balances	4	2	2
Fixed deposits – BG	13,728	8,006	5,722
Other fixed deposits	81,621	47,602	34,020
Other current assets	4,255	2,481	1,773
<b>Total</b>	<b>1,37,231</b>	<b>80,033</b>	<b>57,198</b>

#### Amounts held in current accounts, fixed deposits, sweep accounts

Balances have been recognised to the extent of company share as per the demerger plan approved by the Government of Andhra Pradesh vide its G.O.Ms.No 19 dated 29.01.2019 consequent to bifurcation of the state of Andhra Pradesh with effect from 02-06-2014. Out of these balances an amount of Rs.89,402 Lakhs (sweep accounts of Rs.809 lakhs and fixed deposits of Rs. 88,593 lakhs) in various banks were frozen by all the banks as per instructions of the government of Telangana vide its letter dated 20-10-2014. However, company has been renewing the fixed deposits upon maturity and created fresh fixed deposits together with the interest earned there on.

#### 50. Loan to Andhra Pradesh State Fiber Net limited (APSFL)

Corporation has received a Government order (GO) from Energy. Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan. Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00

3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **51. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment and management is confident of recovery of this advance and considered this advance as good.

#### **52. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day to day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC. It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

#### **53. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.11.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.11.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

#### **54. Non valuation of inventory**

##### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 8,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and due to further rise demands for C+D+W Grade of barytes and based on the sales of current financial year, and also considering the current orders in hand as on balance sheet date 2022-23, closing stock is considered for 12,00,000 MTs from existing 8,00,000 MTs and the remaining stock (78.37 lakhs MTs) is considered without value.

##### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs. 72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company.

During the FY 2019-20, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.03.2023 is 1.63 lakh MT (including 151 MTs of Grade – 1) which the company has not valued.

#### **55. Leasehold Lands**

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Madanpur	713.95
<b>Total</b>		<b>2,556.86</b>

#### 56. Term loan from the State Bank of India

During the financial year 2020-21, company has availed a term loan of Rs.918.00 crores from the state Bank of India, Industrial finance Branch, Guntur for meeting part of the project cost of Suliyari coal mine, Madhya Pradesh and same is repayable through 102 equal monthly instalments from September, 2022. This facility is secured by way of exclusive charge over total fixed and current assets of the company. The company has been regular in repayment of interest and principal amounts on due dates

#### 57. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSFSC)

Company has received a letter from APSFSC with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSFSC. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 and 250.00 crores during the current financial year totalling to Rs.555.00 crores till 31-03-2023 for which Deposit certificates have been obtained from the APSFSC. APMDCL has received interest regularly till 31-03-2023 and during the year APMDCL has not withdrawn any amounts deposited with the APSFSC.

#### 58. Note on Survey Stones

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Accordingly issued a Government memo No:INC01-MG/10/2022-M-III DATED 02.09.2022 and Go.Ms.No:33 dated 30.05.2023 entrusted APMDCL with the responsibility of procurement and supply of survey stones to meet the requirement of SS & LR department for the prestigious programme (YSR Jagananna Shaswata Bhu Hakku mariyu Bhu Raksha Pathakam) and fixed prices for various activities i.e. Production and transportation of survey stones along with service charge of 7% of the value of survey stones supplied.

Accordingly, software application has been developed through an outside agency to track all activities connected with supply, transportation and delivery of survey stones to the designated places provided by the SS & LR department from time to time. Further necessary tax invoices have been raised on the SS & LR department for the survey stones supplied with mark up of 7% as per the GO.

#### 59. Commencement of commercial operations in Suliari Coal project, Madhya Pradesh.

The company has commenced its commercial operations on 10-03-2022 in its Suliari Coal Project, Madhya Pradesh and same has been notified to the Nominated authority, Ministry of Coal, New Delhi. During the first year of operations 22,900 MT's of coal has been produced. Of which, 87.35 MT's coal has been dispatched leaving a closing stock of 22,812.65 MT's as of 31-03-2022. All Evaluation expenditures incurred till 09-03-2022 totalling to Rs.1360.71 crores have been capitalised as Intangible asset. Amortisation expenses have been recognised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved by the Nominated Authority, Ministry of Coal, Government of India.

During the current year, 1,941,507.45 MT's of coal has been produced (Cumulative 1,964,407.45 MT's) and 1,420,268.44 MT's has been dispatched (Cumulative 1,420,355.79 MT's) leaving a closing stock of 544,051.66 MT's as of 31-03-2023. Further, an additional amount of Rs.144.54 crores has been incurred on project intangible assets.

#### 61. Non adoption of previous year financials at the general meeting by the Members

The financial statements of the company for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March 2020, 31<sup>st</sup> March 2021 and 31<sup>st</sup> March 2022 are considered but not adopted by the members of the company at the adjourned annual general meetings held 17<sup>th</sup> September, 2022, 16<sup>th</sup> November, 2022, 22<sup>nd</sup> August, 2023, 10<sup>th</sup> October 2023 and 22<sup>nd</sup> November 2023 respectively, due to non-completion of supplementary audit by the Comptroller and Audit General of India (C&AG). Pending completion of supplementary audit by the Comptroller and Audit General of India (C & AG), for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March, 2020, 31<sup>st</sup> March 2021 and 31<sup>st</sup> March 2022, the board of directors of the company in their meeting held on 22<sup>nd</sup> November, 2023 approved the financial statements for the ending 31<sup>st</sup> March, 2022. In view of this, the reported amounts as on 31<sup>st</sup> March, 2023 may undergo change, based on the final comments of the Comptroller and Audit General of India (C & AG) for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March, 2020, 31<sup>st</sup> March 2021 and 31<sup>st</sup> March 2022 and subsequent approval at annual general meetings. Necessary adjustments if any will be made in subsequent years.

## 62. General

- Some of the balances appearing under trade receivables, trade payables, advances, security deposits, unknown receipts, other payables and deposits with various Government Authorities are subject to confirmations, subsequent reconciliations and consequential adjustment required if any.
- Amounts incurred towards power, fuel charges and excavation and transportation charges for run of mine and overburden have been reported separately in respective note no's 33 and 34 for better presentation purposes.
- Figures of the previous year have been regrouped/rearranged wherever considered necessary, so as to confirm to the classification of the current year.
- All amounts have been reported in Rs. lakhs unless otherwise stated/mentioned, except for the share data and earnings per share (EPS). Further, Rs. (0) mentioned in the financial statements represents value less than Rs.0 50 lakhs.

## INDEPENDENT AUDITOR'S REPORT

To  
The Members of  
The Andhra Pradesh Mineral Development Corporation Limited

**Report on the Audit of Standalone Financial Statements.**

### Qualified Opinion:

We have audited the accompanying Standalone Financial Statements of **The Andhra Pradesh Mineral Development Corporation Limited** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the *Basis for Qualified Opinion* section of our Report, the aforesaid Standalone Financial Statements give the information required by the companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015 as amended, (Ind AS) and other accounting principles generally accepted in India of the:

- In case of Balance Sheet, of state of affairs of the Company as at 31<sup>st</sup> March 2024,
- In case of Statement of Profit and Loss (including Other Comprehensive Income), of profit of the Company for the year ended on that date,
- In case of Statement of Changes in Equity, and
- In case of Statement of Cash Flows, of cash flows for the year ended on that date.

### Basis for Qualified Opinion

- Refer Note 4B of the accompanying Standalone financial statements, where the company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Company has paid & adjusted Fixed Deposits, Interest on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on Confirmation obtained from them vide Memo No 4354/MI(1)/2018 dated 30-Jan-2024. The following balances still continue in the Standalone Financial Statements, after adjustment of the afore Fixed Deposits. In the absence of information, we are not able to ascertain the impact of the following amounts:

Sl. No	Name of the ledger	Note no	Classification	Rs. in lakhs	Dr/Cr
1	APMDC Telangana Region Advance (Cr)	18	Other Financial liability(non-current)	2,630.94	Cr
2	Vijayawada (bank)	11	Cash and cash equivalents	203.92	Dr

Head Office : Vaishnavi Plaza - 2<sup>nd</sup> Floor, A-40-6-3-9 Near V. P. Siddhartha Public School, Mogalrajapuram, Vijayawada - 520 010, Andhra Pradesh, INDIA.

Branch Offices : • Tenali • Hyderabad • Narasaraopet

2. The company has accounted for interest on credit sales from customers amounting to Rs.1.17 Cr for the FY:2023-24. The basis for calculation of accounting interest on credit sales has not been provided. The contractual copies which contain the terms and conditions for levying interest have not been provided. Considering the non-availability of the records we are not able to ascertain and comment on the correctness of the Income recognised under the head Interest on credit sales for the FY: 2023-24. Accordingly, the resultant impact on the standalone financial statements could not be ascertained.
3. In respect of property, plant and equipment, Fixed Asset Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the standalone financial statements. Further, Extra shift depreciation as per Sch II is not being provided for equipment(s) which are continuously used in the mining operations.

4. **Non-Conformity with Ind AS 115 - Revenue from Contracts:**

APMDC has neither adopted nor disclosed the 5-step model specified in Ind AS 115 to account Revenue arising from contracts with customers which requires that the Revenue be recognized to an amount that reflects the consideration to which the company expects to be entitled in exchange for transferring goods or services to a customer. However, the Revenue Recognition policy disclosed in Note 2(f) of the Significant Accounting Policies is not in line with Ind AS 115 Revenue from Contracts & Ind AS-1 Presentation of Financial Statements.

i) **Recognition & Measurement - Grade Variance of Coal not adjusted to Revenue:**

As per Ind AS 115, Revenue has to be measured at standalone fair value of the consideration received or receivable taking into account contractually defined terms of payment. However, Grade Variances on account of quality difference in coal as per Clause 6 of Sale Agreement with Adani Power Limited (APL) for the FY: 2023-24 has not been adjusted to Revenue disclosed in Note 27 of the accompanying Standalone Financial Statements, which constitutes a departure from Ind AS 115. Accordingly, Revenue & Profit are overstated by Rs.148 Cr (Basic Coal Value) for the FY: 2023-24.

ii) **Measurement – Statutory Levies included in Revenue:**

As per Ind As 115, transaction price “... is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, **excluding** amounts collected on behalf of third parties (for example, some sales taxes).” Revenue disclosed in Note 27 of the accompanying Standalone Financial Statements is inclusive of all Statutory Levies excl. GSTs per Note 2(f) of the Significant Accounting Policies. As, inappropriate accounting policy cannot be rectified by disclosure, measurement of Revenue by incl. Statutory Levies, constitutes a departure from Ind AS 115. Accordingly, Revenue disclosed in Note 27 is overstated by Rs. 678.35 Cr and corresponding overstatement of Rates & Taxes (Note-35 Other Expenses) by Rs. 678.35 Cr for the FY: 2023-24.

iii) **Measurement - Survey Stones:**

As per G.O.Ms.No.33 dated 30-May-2023 of Mines & Minerals Department, in respect of supply of Survey Stones by APMDC “4(c) reimburse the expenditure incurred by Andhra Pradesh Mineral Development Corporation (M/s APMDC) for production and transportation of stones, along with service charge of 7% of the value of survey stones supplied.” i.e., APMDC receives Service charge of @ 7%. However, no accounting policy regarding revenue recognition & measurement criteria, pertaining to Survey Stones consequent to APMDC receiving only Service Charge was disclosed, which is not in line with Para 117 of Ind AS-1 Presentation of Financial Statements.

Out of the total Rs. 275 Cr Survey Stone Sales disclosed in Note 27 of the accompanying Standalone Financial Statements, Rs. 267.3 Cr sale was made by APMDC on Service Charge basis. Instead of recognizing Revenue at Rs. 17.5 (7% Service Charge Income), APMDC has recognized the entire Rs. 267.3 Cr (Stone Purchase Cost + 7% Service Charge) as Revenue & corresponding expenditure of Rs. 249.8 (Stone Purchase Cost) Cr as Other Expenses disclosed in Note 35, which is not in line with the Ind AS 115, resulting in overstatement of Revenue & Other Expenses to the tune of Rs. 249.8 Cr for the FY: 2023-24.

**5. Loss Allowance for Expected Credit Losses / impairment as required under Ind AS 109:**

- a) Corporation has stated in Note No.10 of the accompanying Standalone financial statements that a total amount of Rs.738.4 Cr was outstanding towards unsecured trade receivable being considered good by the Management. In our opinion, receivables those beyond certain period as decided by the board and those disputed in courts (if any) should have been classified under the heads 'significant increase in credit risk' and 'credit impaired' and adequate loss allowance from profit before tax should have recognised for expected credit losses in accordance with Ind AS 109. This resulted in overstatement of profit and overstatement of trade receivables.
- b) Of the Rs.738.4 Cr trade receivables in Note 10, Rs.417.6 Cr is due from the Survey Settlements & Land Records (SS&LR) Dept., Govt. of Andhra Pradesh, for supply of survey stones by APMDC. These receivables are unsecured and no guarantee is provided by the government. As per Sl. No. 4(d) of G.O.Ms.No.33 dt. 30-May-2023, payment should be made via adjustment bill to APMDC's PD account, but no funds were received in FY 2022-23 or FY: 2023-24. Management has not provided any expected Credit Losses on the same.
- c) Further, Out of the Rs.738.4 Cr trade receivables in Note 10, Rs. 152.4 Cr is due from Dept., of Mines and Geology, Andhra Pradesh towards sand operations carried on by the company as an agent during FY: 2022-23. These receivables are unsecured and no guarantee is provided by the government. Management has not provided any expected Credit Losses on the same.
- d) Further, Corporation has not provided the list of trade receivables which remain uncollected for more than 3 years and exceeded the limitation period for filing suit in the court, but where no legal case was filed for recovery.
- e) An amount of Rs.48.89 Cr only was kept under 'Reserve for Bad and Doubtful Debts' by the Company as on 31-Mar-2024. We are of the opinion that the Company should create adequate provision for loss allowance from profit before tax (instead of appropriation of after-tax profit as reserve) in accordance with Ind AS 109 for bad and doubtful trade receivables, and other recoverable.
- f) Balance confirmations are not obtained for the Trade receivables disclosed in Note 10 of the accompanying Standalone Financial Statements, and the balances remained unreconciled. Further, corporation has no regular system to maintain ageing analysis of trade receivables. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the standalone financial statements.

6. There exists long outstanding credit balances towards advances received from customers, trade payables, security deposits payable, EMD Payable Penalty Suspense, Statutory Dues Payable, and Other deposits payable which are disclosed in Note No.18, 20, 23, 24 and 25 of the accompanying Standalone financial statements and remain unpaid and unreconciled. Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Even though, Corporation has disclosed an accounting policy for de-recognition of financial liabilities which were discharged, expired or cancelled in accordance with Ind AS 109 in Note 2(x), the same is not being followed / implemented. The precise effect of consequential adjustments upon such confirmations/ reconciliations, if any, on the accounts is not ascertainable but considered to have significant impact on the profit.
7. There exists long outstanding advances given to Govt. Departments, Deposits with Collectors, Security Deposits, amounts recoverable from vendors & customers, which are disclosed in Note No. 5, 6, 8, 12 & 14 of the accompanying Standalone financial statements and remain outstanding and unreconciled. Further, confirmations / Utilization Certificate from Parties are also not available. Even though the corporation has disclosed an accounting policy for de-recognition of financial assets in accordance with Ind AS 109 in Note 2(x), & an accounting policy for impairment as per Ind AS 36 in Note 2(i), the same is not being followed / implemented. The precise effect of consequential adjustments upon such Utilization Certificate / confirmations/ reconciliations, if any, on the accounts is not ascertainable but considered to have significant impact on the profit.
8. Refer Note 38, where the company has disclosed Classification of Financial Instruments as per Ind AS 109 as Amortized Cost & FVTPL. However, Loans and advances given to staff at concessional rate of interest, Trade Receivables, Trade Payables, Other Financial Assets & Other Financial Liabilities are not accounted at fair value and required disclosures have not been made as per Ind AS 109.
9. Note 35 Other expenses does not include Rs 132.28 Cr for the year and Rs 857.65 cr for previous years totalling to Rs 989.93 Cr payable by the company towards contribution to Mineral Exploration Research and Innovation Trust (MERIT), as on reporting date though the company required to contribute 10% of the sales turnover to MERIT, which was formed by State Government (G.O.Ms. No 18 dated 13-Jan-2016) in place of Development of Mineral Resources and Technology Up-gradation Fund (DMRTUF) established in March 1997. Rather, the liability towards the contribution is disclosed as contingent Liability in Note -37 to accounts quoting that Company requested (November 2019) the Government for exemption from contributing 10% of sales turnover and a fixed amount would be contributed. As per the latest information (Feb-2025) no exemption was granted by the State Government / MERIT. Hence suitable provision should have been recognised along with disclosures. Thus, non-recognition of provision should have been recognised along with disclosures. Thus, non-recognition of provision resulted in understatement of Other Expenses and Other current liabilities (Note-25) by 989.93 Cr each with consequent overstatement of the Profit for the year by the same amount.
10. The Company has been generally filing Income Tax Returns based on Provisional Financials (incl. for the FY:2023-24) without fully complying with the provisions of the Income Tax Act. Refer Note 8, where the Company stated Corporate Tax Receivable amounting to Rs. 175.45 Cr which are pending on account of various disputes at different forums & Refer Note 26, where the company has stated Provision for Income Tax Payable amounting to Rs.144.53 Cr for previous years. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Any consequential effect on account of actual tax liability based on the audited financial statements of previous years on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the standalone financial statements.

Further, APMDC has recognized Current Tax & Deferred Tax for the FY: 2023-24 in the statement of profit & Loss based on internal assessment. The estimate of Provision for Current Tax & Deferred Tax is subject to change on completion of Tax Audit u/s 44AB of Income Tax Act based on Audited Financial Statements. The precise effect of consequential adjustments upon such allowances / disallowances on completion of Tax Audit, if any, on the Standalone Financial Statements is not ascertainable.

11. The Board of Directors have declared Interim Dividend of Rs.400 Cr for the FY: 2022-23 & Rs.1,000 Cr for the FY: 2023-24 during Jan-24 & Feb-24. Out of the interim dividend declared amounting to Rs. 1,000 Cr. for the F.Y 2023-24, only an amount of Rs. 900 cr. was paid as on date, leaving a balance of Rs. 100 Cr which has not been deposited in a separate bank account as required under provision of Sec 124 of the Companies Act, 2013.

Further, the company has written off Suspense A/c & Security Deposits totaling to Rs. 3.26 Cr during FY: 2023-24 and offered the same as Income. However, the corporation has neither a policy for write off of such Outstanding Deposits beyond a timeframe nor has documented approvals of the appropriate authority for such write offs. In addition, information in respect of ageing analysis of Security Deposits Payable, EMD Payable and Advances received from customers are not available. In the absence of information, we are unable to ascertain whether these amounts qualify as deposits under Companies (Acceptance of Deposits) Rules, 2014 & as to whether the Dividend paid by the company during the year is in compliance with provisions of Sec 123(6) r.w.s. 73 & 74 of the Companies Act, 2013.

12. The company is required to disclose Contingent Liabilities as per Ind AS 37. The best estimate of contingent liabilities is disclosed in Note 37 to the accompanying Standalone Financial statements as at March 31, 2024. The same could not be audited by us, as the company has not provided the related legal litigation files for our clear understanding and verification. Further, the disclosure in Note 37 does not contain details of current status of dispute, management estimate of outcome, accrued interest payout and amount involved for which no provision is made.

Further, the disputed income tax demands as disclosed as at 31-Mar-2024 in Note 37 of the accompanying Standalone Financial Statements is not matching with latest demand outstanding notice for which reconciliation and current status of dispute is not provided. Certain demands are found to be adjusted with income tax refund due, which are stated as receivable under Note 8 (Others – Balance with Statutory Authorities).

### 13. Inventory

- a) Physical Verification of Inventories on 31-Mar-2024 has not been carried on by the Management or by an external agency. Management has arrived at the quantities of closing stock of coal, Barytes & Survey Stones as on 31-Mar-2024 based on the Opening Stock, Production and Dispatch records. In the absence of physical verification of Inventories, the actual quantities as on 31-Mar-2024 may differ from the reported quantities by the management. Therefore, the precise effect due to any consequential variances in the quantities of inventories, cannot be ascertained.

Refer Note 2(i) & Note 53, where company has recognized closing stock for C+D+W Grade of Barytes only for a quantity of 15,00,000 MTs as against the actual quantities of 77,34,091 MT and considering no value for the remaining stock of 62 Lakh MTs (approx.), as management expect this grade not to fetch any value in the market.

However, on 24-Jan-2024 a tender was issued by APMDC for the sale of C+D+W grade material, with a reserve price of Rs.1,200/- per MT basing on the pricing strategy conducted by PWC. Single bid has been received & several parties expressed interest to lift the C+D+W grade material on reduction of EMD & Tender fees. Therefore, the estimate of the management that the C+D+W+ grade material has no market value is not appropriate and not in line with Ind AS 2 - resulting in undervaluation of Inventory to an extent of Rs. 489 Cr. (62 Lakh MT @ Rs.784 / MT – Actual Cost of Production of C+D+W for FY: 2023-24).

- b) As required under para 97 and 98 of Ind AS 1, Corporation shall disclose the exceptional items like Carrying amount of inventory written down to net realisable value separately in its financial statements. However, carrying amount of inventory (C+D+W Barytes & Survey Stones) written down in the year & previous years to net realisable value (Nil) is not disclosed separately in the Standalone financial statements.

14. The total Mine Closure Cost for Suliyan Coal Mine as per the Mining Plan is Rs.526.6 Cr to be incurred over a period of 26 years & the company recognized Decommissioning Asset & corresponding Provision for Decommissioning based on Mine Closure guidelines of Ministry of Coal for Total Mine Closure (Refer Note 2(p)). However, as per Clause 16.2(b) read with Clause 7.6 of the agreement between APMDC & M/s Adani Enterprises Limited (AEL), Mining Fee payable to AEL shall also include costs incurred towards "Progressive Mine Closure activities" and therefore, no additional cost is to be incurred by APMDC towards Progressive Mine Closure activities. In the absence of adequate information relating to Total Mine closure cost apportionment between AEL & APMDC, we were unable to ascertain the adequacy and extent of Decommissioning Asset (Note 3.3) & Provision for Decommissioning (Note 19) recognised in the Standalone Financial Statements and their corresponding accumulated depreciation & Unwinding Costs debited to Profit & Loss for the FY: 2023-24. The precise effect due to the consequent distribution of Mine Closure costs between AEL & APMDC could not be ascertained.

Further, APMDC has been operating Granite Mines at Chimakurthy, Andhra Pradesh. No provision for Mine Closure & Decommissioning costs as required under Ind AS 16 has been recognized in the Standalone Financial Statements as on 31-Mar-2024. The resulting impact on Standalone financial statements could not be ascertained, in the absence of adequate information.

15. We draw your attention to Note 34, where the company expensed Rs. 374 Cr towards Removal of Overburden in Barytes (Mangampet Mine) achieving Stripping Ratio of 3.17, as against 1.77 Stripping Ratio as per Mining Plan. The management has represented that, the significant increase in OB Removal in Mangampet Mine during the year is on account of OB removed in the adjacent Dolomite Mine, which is not included in computation of Stripping ratio of the Barytes Mining Plan. The expenses incurred for OB removal of Dolomite mine is required to be considered as Development expenditure and is required to be capitalized as per Accounting Policy disclosed in Note 2(aa). The OB Excavation expenses of Rs. 374 Cr is not allocated / apportioned between Barytes & Dolomite Mine and is charged entirely to Revenue for the FY: 2023-24. In the absence of bifurcation of the OB excavation expenditure between Barytes & Dolomite Mine, we are unable to ascertain the impact on profit & Loss account. Accordingly, the accounting policy selected and adopted by the company for accounting Overburden removal costs is not in line with Para 10, 11 & 12 of Ind AS 8.

16. As per Para 13 of Ind AS 8, an entity shall select and apply its accounting policies consistently for similar transactions & it shall be selected and applied consistently to each category. The Company has not adopted any Accounting Policy in respect of treatment for R&R Costs. The following account treatment is followed by the company in respect of R&R Costs:

- a) In respect of Mangampet mine, the R&R costs incurred at the inception of the project is not found as an asset, as the same is charged to revenue as and when incurred. However, part of the R&R Costs incurred by the company during the previous years are parked as advances and neither expensed off nor capitalized amounting to Rs. 155 Cr. These R&R costs along with R&R costs incurred during the FY: 2023-24 of Rs. 290 Cr, aggregating to Rs. 445 Cr were capitalized as Mining Assets during FY: 2023-24 and amortized over the remaining life of the mine (5 Years). Amortization Cost debited to Profit & Loss on this account is Rs. 106 Cr. Further, justification for incurring R&R costs when the mine is nearing closure is not available.
- b) R&R Costs and Mine Development Costs incurred in respect of Suliari mine amounting to Rs. 1,517 Cr up to FY: 2022-23 are capitalized as Mining Infrastructure Assets as and when incurred, which is in contrary to the accounting for R&R costs adopted for Mangampet Mine up to FY: 2022-23.
- c) On verification of the Lands in (PPE - Note 3), R&R Costs are capitalized as Land amounting to Rs. 18.9 Cr, which is neither charged to revenue nor amortized. This is in contrary to the accounting treatment given by the company for Mangampet & Suliari Mines.

As the Company has neither adopted & disclosed the accounting Policy nor applied the accounting treatment for these costs consistently in respect of R&R Costs, the same is not in line with Para 10, 11, 12 & 13 of Ind As 8. The precise effect of consequential adjustments on the Standalone Financial Statements on adoption of the accounting policy by the company is not ascertainable.

**17. Suliari Coal project, Madhya Pradesh:**

- a) The company has outsourced the entire Mine Development & Operations of Suliari Coal Mine, Madhya Pradesh to "Adani Enterprises Limited" (MDO) & around 70% of coal produced during FY:2023-24 is sold to "Adani Power Limited" (APL) vide a coal supply agreement for 5 years. During the FY: 2023-24, the average Sale rate of coal to APL is significantly lower than compared to the avg. sale rate to other parties, resulting in forgone potential revenue of Rs. 430 Cr. The documentation along with justification of awarding the Mine Production & Sale agreements to parties related to each other are not on record.
- b) Further, Liquidated Damages / Compensation / Penalties for delay in commencement of Coal production & for not meeting the monthly quantity obligations as per the terms of the agreement are not levied on AEL by APMDC. Similarly, no Penalties are levied by APMDC on APL for Short Lifting of Coal produced as per the terms of Coal Supply agreement. Further, no waiver by competent authority is available on record.
- c) Additionally, Interest bearing Performance Security Deposit (PSD) of Rs.250 Cr is taken from Adani Power Limited (APL) by APMDC instead of a Bank Guarantee. Justification of the management in accepting Interest bearing PSD instead of Interest free Bank Guarantee cannot be ascertained.
- d) An amount of Rs. 1,652 Cr. was capitalized towards R&R & Mine Development Costs of Suliari Coal Mine as on 31-Mar-2024. As the records relating to the costs incurred during the previous years are not available, we are unable to comment on the appropriateness of the R&R and Mine Development Costs Capitalized.

In the absence of any effective documented Risk Management Policy by the company, we are unable to ascertain the corresponding effect on the Standalone financial Statements and operations of the Suliari Mine, due to potential Risks (if any) involved in the aforesaid matters.

18. Corporation has not obtained confirmation of MSME classification from vendors and hence, bifurcation of trade payables to MSME and others is not disclosed as required under Schedule III of Companies Act. Further, the ageing of Trade Payables, Trade Receivables & Capital Work in Progress, Cost & Time Overrun of CWIP is not disclosed as required under Schedule III of Companies Act, 2013.

**19. Interest Free Loan to Andhra Pradesh State Fiber Net Limited (APSFL):**

The Company has released an interest free unsecured loan of Rs. 100 Cr during the financial year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly instalments starting from FY: 2018-19 and ending in FY: 2021-22. APSFL has not repaid the instalments due in FY 2018-19, FY 2019-20, FY 2020-21 & FY 2021-22 as per terms of the agreement till date. The said loan is unsecured and not backed up by any government guarantee.

The management has not provided for impairment on the loan amount as it is confident of the recovery of the loan. In the absence of Audited Financial Statements of APSFL from FY 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognized in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.

**20. Loan to Machilipatnam Urban Development Authority (MUDA):**

The Company has released unsecured loan of Rs. 200 Cr. to M/s Machilipatnam Urban Development Authority ("MUDA") on 01-Nov-2018 bearing interest at 8% per annum and repayable in 45 days. Despite multiple requests for repayment by APMDC, both the principal and the outstanding interest remain unpaid as on date. The said loan is an unsecured loan and is not backed by any government guarantee.

Additionally, APMDC received G.O.Ms. No. 32 dated 14-Mar-2024 to Waive off Rs.7.07 Cr of principal amount and corresponding interest that is recognised in the books of account. The Company has not written off / impaired the Loan. Further, in the absence of Audited Financial Statements of MUDA from FY 2018-19 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements.

Further, the management has not provided for impairment on the loan amount as it is confident of the recovery of the loan, but on the other hand management has not recognized Interest Income amounting to Rs. 84.7 Cr for the period of 1931 days from 16.12.2018 to 31.03.2024 (excl. penal interest leviable under Clause 4 of loan agreement), on the basis of the accounting policy stating that Interest Income on irregular / overdue advances are recognized on realization basis. Thus, the practice of the Company to defer the recognition of interest accrued on loan referring to its accounting policy disclosed at 2(f)(iv) to recognise interest income on irregular / overdue advances on realisation basis is not justified and appropriate to that extent since neither uncertainty in realisation of the said loan was justified nor carrying amount of loan was impaired. As, inappropriate accounting policy cannot be rectified by disclosure. Deviation from accrual basis of accounting results in understatement of Other Income and Loans by Rs. 84.7 Cr each with understatement of Profit by the same amount.

21. APMDC has secured a term loan from SBI at an initial interest rate of 7.20% to fund the Capex of the Suliyan Coal Mine. Subsequently, on 13-Oct-2021, it received an interest-bearing Performance Security Deposit (PSD) from Adani Power Limited (APL) at an initial interest rate of 9%, payable to APL on a quarterly basis. The decision to accept an interest-bearing PSD from APL instead of a cost-free bank guarantee lacks commercial justification.

Furthermore, APMDC has invested Rs. 555 Cr. in Inter-Corporate Deposits (ICDs) of Andhra Pradesh State Financial Services Corporation (APSFSCCL), earning an initial interest rate of 5% per annum. These ICDs are redeemable with a 21-day notice. The investment was made using Rs. 250 Cr. from the interest-bearing PSD received from APL, along with other bank balances of APMDC. This has resulted in APMDC borrowing at higher interest rates (Term Loans & PSD) while investing in ICDs at lower interest rates, leading to a revenue loss for the Corporation.

The financial rationale behind the management's decision to continue holding these ICDs, despite their redeemability within 21 days, and not utilizing the funds to repay borrowings remains unclear. As a result, APMDC has incurred a revenue loss of Rs. 10 Cr. for FY 2023-24 (based on revised Interest rates for FY: 2023-24) due to the continued investment in these ICDs. The total revenue loss to APMDC from inception could not be determined due to the fluctuating nature of interest rates on these borrowings.

22. APMDC has employed maximum of 336 Nos. of Contract employees during FY: 2023-24 with a monthly remuneration totaling to Rs. 1.14 Cr during that period and debited Rs. 10.5 Cr for the FY: 2023-24 to the statement of profit & loss.

On comparison with Dec-2024, the No. of. Contract Employees substantially dropped to 74 Nos. from 336 Nos. and the monthly remuneration to Rs.0.5 Cr from Rs.1.14 Cr. The designations of the contract employees during FY: 2023-24 were DEO or DPO and the Job Descriptions were not specified in the terms of the agreement. Further, we are unable to obtain any explanation and justification of the management for the significant decline in the total no. of contract employees. In the absence of sufficient & adequate information, we are unable to ascertain the existence and accuracy of the Contract Employee Cost of Rs. 10.5 Cr debited to profit & loss for the FY: 2023-24 under Employee Benefit Expenses.

23. We draw attention to Note 43 to the accompanying Standalone financial statements, where the company has not adequately disclosed segment information in accordance with Indian Accounting Standard (Ind AS) 108 – Operating Segments. The standard requires an entity to disclose information about its operating segments based on internal management reporting used for decision-making, including segment revenue, segment results, and segment assets and liabilities.

The Company has coal and barytes operations, which comprise two major sources of revenue. However, the company has disclosed Segment reporting under a single segment as mining operations, instead of presenting them as separate operating segments. Since these operations have distinct economic characteristics and are subject to different risks and returns, their aggregation does not align with the principles set out in Ind AS 108. The lack of appropriate segment reporting may impact the users' ability to assess the financial performance, profitability, and risk profile of each business segment individually. As a result, the Standalone financial statements do not provide sufficient information to enable a proper evaluation of the Company's performance across its operating segments.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

**Emphasis of matter Paragraph:**

Without qualifying our opinion, we draw attention to the following matters in the Standalone Financial Statements:

1. Refer Note No. 64, the supplementary Audit of C&AG for the FY: 2017-18, 2018-19, 2019-20, 2020-21, 2021-22 & 2022-23 is yet to be completed and thus, same are yet to be adopted by the members in Annual General Meeting. As the Financial statements along with independent auditors' report of the corporation for the FY: 2022-23 are yet to be adopted by the members in AGM, (corporation submitted the same to CAG for supplementary Audit only on 04-Feb-2025), the comparative figures for previous year 2022-23 which are provided in the current year financial statements are unadopted.
2. Refer Note No. 45, the company has paid an amount of Rs. 30.54 Cr against outstanding balances pertaining to sand operations, which was carried over from the previous year financials on which previous auditors have issued a disclaimer of opinion.

**Key Audit Matters:**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of Key audit matters as per SA 701, are not applicable to the company as it is an Unlisted company.

**Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

### **Management's Responsibility for the Standalone Financial Statements:**

The Management is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of Standalone Financial Statements:**

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimate and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Other Matters:**

1. APMDC has completed its migration to a new ERP system (Dynamics 365) during the year. However, no independent audit was conducted to verify the accuracy, completeness, and integrity of data migration, system controls and its effectiveness, and reconciliation with previous records.
2. Note 14 (Other Current Assets) of the accompanying Standalone financial statements primarily comprises of GST Input Tax Credit (ITC) receivables representing accumulation of ITC due to inverted duty structure & RCM applicable on royalty. Management estimates to utilize this accumulated ITC in future for payment of Output GST based on various factors such as volume increase and price revisions, change in business operation model (i.e., departmental capabilities in place of outsourcing), changes in output GST Rate, diversification of business etc., However, the scale and magnitude of GST ITC accumulation by the company in recent years is significant (Rs. 256 Cr as on 31-Mar-2024 as compared to Rs.120 Cr as on 31-Mar-2023). With the company not having any departmental operations and the fact that, the entirety of the mining operations outsourced, the anticipated use of the GST ITC by the management may not align with the estimates, potentially necessitating write-offs which can have a substantial impact on the profit.

Our opinion is not modified in respect of these matters.

### Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Companies Act 2013, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the said order, to the extent applicable.
2. As required under Section 143(5) of the Companies Act 2013, we give in "Annexure B" a statement on the directions and sub-directions issued by the Comptroller and Auditor General of India, action taken thereon and the impact on the accounts and Standalone financial statements of the Company, on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us.
3. As required by Section 143(3) of the Act, based on our audit, we report that:
  - a) We have sought, except for the effects/ possible effects of the matter described in the Basis for Qualified Opinion paragraph, and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts.
  - d) Except for the effects/ possible effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the aforesaid Standalone financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.
  - e) Being a Government Company, pursuant to Notification No. GSR 463(E) dated 15-Jun-2015 issued by Government of India, Provisions of clause (g) of sub-section (3) of section 143 of the Companies Act 2013 are not applicable to the Company.
  - f) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the company.
  - g) The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on cash flows of the Company.
  - h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C". Our report expresses disclaimer of opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. Due to qualification stated at Para No. 12 of the Basis of Qualified Opinion, we are unable to comment on whether the Company has disclosed the impact of pending litigations on its financial position in its Standalone financial statements.
- ii. In our opinion and as per the information and explanations provided to us, the Company did not have any long-term contracts, requiring provisions under applicable laws or accounting standards, for material foreseeable losses.
- iii. There are no amounts which are required to be transferred to 'Investor Education and Protection Fund' by the company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provided any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.  
  
(b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and  
  
(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that representations under sub clause [a] and [b] above, contain any material mis-statement.
- v. As stated by the company in Note 65 of the accompanying Standalone Financial Statements & due to the qualification stated in Para No. 11 of the Basis of Qualified Opinion, we are unable to ascertain whether the interim dividend declared by the company is as per the provisions of Sec 123(6) r.w.s. 73 & 74 of the Companies Act, 2013.

Further, out of the interim dividend declared amounting to Rs. 1000 Cr. for the F.Y 2023-24, only an amount of Rs. 900 cr. was paid leaving a balance of Rs. 100 Cr which has not been deposited in a separate bank account as required under provision of Sec 124 of the Companies Act, 2013.

The Final dividend for the FY: 2022-23 & FY: 2023-24 is not yet proposed by the board of Directors, as on the date of the Audit Report.

- vi Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As provision to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024

Encl.: Annexure A, B and C to the Audit Report

**Annexure - A to the Independent Auditors' Report**

*(Referred to in paragraph 1 under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2024.)*

We report that:

1. In respect of Company's Property, Plant and Equipment, right-of-use (ROU) assets and Intangible Assets:
  - a) The Company has not maintained proper records showing full particulars such as location, asset identification number, state of the asset, quantity, etc., of property, plant and equipment and right-of-use (ROU) assets.
  - b) The Company has not maintained proper records showing full particulars of intangible assets.
  - c) There is no documented policy / laid down procedures for conducting physical verification of Property, Plant and Equipment. Hence, we are unable to comment on the process of physical verification of Property, Plant and Equipment by the company.
  - d) Reference is drawn to the Para 3 of the Basis of our qualified opinion where it is mentioned that proper records of Property, Plant and Equipment were not maintained. In the absence of adequate information, we were unable to comment whether the title deeds of the immovable properties held as on 31-Mar-2024 were in the name of the company. However, we were able to verify the lands acquired during the year and the possession certificates / Letter of Award / Letter of Alienation were available on record.
  - e) The company has not revalued its property, plant and equipment or intangible assets or both during the year. Therefore, the Clause 3(i)(d) of the order is not applicable to the company.
  - f) No proceedings have been initiated during the year or are pending against the company as at 31-Mar-2024 for holding any benami property under the Benami Transaction Prohibition Act 1988. Therefore, the Clause 3(i)(e) of the Order is not applicable to the Company.
2. In respect of inventory
  - a) Reference is drawn to Para 13 of the Basis of our Qualified Opinion & according to the information and explanations furnished to us, physical verification of inventory has not been conducted at reasonable intervals by the Management. Hence, the coverage and procedure of physical verification of inventory is not being followed by the management.
  - b) The company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks or financial institutions on the basis of security of current assets and the quarterly returns / stock statements, were not filed by the company.
3. According to the information and explanations given to us, the Company has not maintained register as prescribed under Section 189 of Companies Act, 2013 and hence we are unable to report on the reporting requirements as specified in Clause (iii) of the Paragraph 3 of the Order.

4. As per Notification GSR 463 (E) dated 5<sup>th</sup> June 2015 issued by the Ministry of Corporate Affairs, the provisions of Section 185 and 186 of the Companies Act, 2013 are not applicable as it is a Government Company and if such company obtains approval of the Ministry or Department of the Central Government which is administratively in charge of the company or as the case may be the State Government before making any loan or giving any guarantee or providing any security under the section. As per our verification of the records, the loans given by the company were in accordance with the GOs received from the administrative department of the State Government and hence, the Company is compliant with the provisions of section 185 and 186 of the Act.
5. Reference is drawn to para 11 of the Basis of our qualified opinion in the audit report, where we are unable to determine whether the amounts qualify as deposits under Companies (Acceptance of Deposits) Rules, 2014 and hence the compliance with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2014 could not be ascertained.
6. The maintenance of cost records has been specified by the Central Government under sub-section (1) of section 148 of the Act for the company. We are of the opinion that prima facie the prescribed accounts and records have been maintained. However, we have not made detailed examination of the records with the view to determine whether they are complete.
7. a. According to the information and explanations given to us and on the basis of examination of the records of the Company, the Company has generally been regular in depositing undisputed statutory dues including Employees Provident Fund, Employees State Insurance, Income Tax, Goods and Service Tax, Duty of Customs, Cess and other material statutory dues as applicable with appropriate authorities except for dues towards tax deducted at source under Income Tax Act, tax deducted at source under GST which are as tabulated below. Further, few statutory dues such as District Mineral Foundation, Merit and Cess could not be paid on account of non-availability of payment portal.

Sl.no	Name of Statute	Nature of Dues	Period to which amount relates	Amount in Rupees
1	Income Tax Act	TDS	2019-20	8,32,824
2	Central Goods and Services Tax, Act	TDS	2019-20	1,29,16,730
3	Mines and Minerals (Development Regulation Act)	District mineral foundation	2016-17 to 2019-20	13,71,60,972
4	Mines and Minerals (Development Regulation Act)	Merit	2016-17 to 2019-20	94,19,538
5	Mines and Minerals (Development Regulation Act)	Cess	2016-17 to 2023-24	29,38,31,864
6	Mines and Minerals (Development Regulation Act)	Royalty from Sub leaseholders	2018-19 to 2023-24	24,88,497

- (b) According to the information and explanations given to us, the following Statutory dues have not been deposited by the company on account of disputes:

Sl. no	Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which amount relates	Amount In Rupees
1	Income Tax Act	Demand	ITAT	2011-12(A.Y)	5,49,46,047

11	CESTAT	Service tax on Seigniorage	CESTAT Hyderabad	2021-22	7,77,63,051
12	CESTAT	Penalty on service tax on Seigniorage	CESTAT Hyderabad	2021-22	7,77,63,051

The aforesaid details are provided based on the information provided by the management and could not be verified by us due to absence of adequate information and records.

We also draw attention to Para 10 & Para 12 of the Basis of our Qualified Opinion.

8. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence, reporting under clause 3(viii) is not applicable. We also draw attention to Para 10 of the Basis of Qualified Opinion.
9. a. According to the information and explanations give to us and on the basis of our examination of the records of the Company, there were no defaults in repayment of loans or other borrowings or in the payment of interest thereon to the lenders.

- b. The Company has opened current accounts in non-lending banks which is not permitted as per the terms of sanction of working capital loans and the company has not obtained NOC from the lending bank as on date to open current accounts in other banks.
  - c. According to the information and explanations give to us by the management, in our opinion, term loan availed by the Company were applied by the Company for the purposes for which the loans were obtained.
  - d. According to the information and explanations given to us and on an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - e. The Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiaries, associates and joint ventures and hence reporting under Clause 3(ix) (e) of the order is not applicable.
  - f. The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associates and joint ventures and hence reporting under Clause 3(ix) (f) of the order is not applicable.
10. a. The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence, reporting under clause 3(x)(a) of the Order is not applicable.
- b. During the year, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially optionally convertible) during the year. Hence, reporting under Clause 3(x)(b) of the Order is not applicable.
11. a. To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- b. No Audit Report in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 has been filed with Central Government in terms of provisions of sub section 12 of Section 143 of the Companies Act during the year under report.
- c. According to the information and explanations given to us, no whistle blower complaint has been received by the company during the year.
12. The Company is not a Nidhi company and hence reporting under Clause 3 (xii) of the Order is not applicable.
13. According to the information and explanations given to us and based on our examination of the records, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. a. In our opinion, the Company has an internal audit system which is inadequate and not commensurate with the size and nature of its business.
- b. We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with them during the year and hence reporting under Clause(xv) of the Order is not applicable.
16. a. In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- b. In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
17. The Company has not incurred cash losses during the financial year covered by our audit and also in the immediately preceding financial year.
18. There has been no resignation of the statutory auditors of the Company during the year.
19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payments of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet date as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the futures viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. a. There are no unspent amounts towards Corporate Social Responsibility (CSR) that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year
- b. The company is not carrying on any CSR activities towards ongoing projects and hence the reporting under clause (3)(xx)(b) of the order is not applicable for the year under report.
21. Based on our review of the audit reports received by us in respect of four Joint Ventures and according to the information and explanations given to us in respect of other subsidiaries, joint ventures and associates, included in the consolidated financial statements of the Company, where reporting on matters specified in paragraph 3 and 4 of the Order is applicable, and based on the identification of any qualifications or adverse remarks in their Companies (Auditor's Report) Order, 2020 reports by the respective component auditors, we report that no qualifications or adverse remarks have been reported by the auditors of such companies in their CARO reports.

As such there is no financial impact involved
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation.	No such Funds have been received / receivable for specific schemes from central / state agencies
<b>B. Sub-Directions</b>		
1.	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received utilized returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centlage realized on these works, with full quantitative details may be detailed	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies
2.	Where Grants are received from Central or State government(s)/ other user department(s) or their agencies.  a) Where grants are taken as revenue for the year whether the concerned orders are clear that the funds can be utilised for revenue expenditure.	According to the information and explanations given to us and on the basis of our examination of the records of the company there are no grants received by the corporation from Central or State government(s)/ other user department(s) or their agencies.

	b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;	
3.	Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease).	There are no long-term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.
4.	Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately	According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company has accounted Taxes on Expenditure appropriately, wherever applicable.
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable / its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p> <p>e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;</p>	<p>The Company has been maintaining Public Deposit Account vide PD DDO Code: 27002403004 and there are no transactions in the PD account during the FY: 2023-24.</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been received by APMDC during the year.</p> <p>c) During the year company has not deposited any amount in PD Account.</p> <p>d) According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no restrictions or additional permissions required for withdrawing the funds from this account.</p> <p>e) There are no returned/ unpaid bills as on 31-Mar-2024.</p>

6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no funds which have been raised by the company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly.
7	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided	As per the information and explanations provided by the management, there are no such instances taken place and reported during the year.
8	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	Reference is invited to Para 13 of the Basis of Qualified Opinion in the Audit Report.
9	Whether the cost incurred on abandoned projects has been written off?	We draw attention to Note 57, where corporation has made doubtful provision of Rs 23.94 Cr for the Upfront Fee regarding Madanpur South Coal Mine written off during FY 2022-23
10	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported	According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not received any amounts for projects/schemes.
11	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalized and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have Qualified our report for want of Information and records. Accordingly on account of the reasons as stated in Basis for Qualified Opinion para 1, we are unable to comment upon the same.  We also draw attention to Note 4B in the accompanying financial Statements.
12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	We are unable to comment upon the same as we have not visited the mine. As per the representation provided by the management, they are in compliance with stipulated norms.
13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company has obtained the requisite statutory compliances that was required under mining and environmental rules and regulations.

14.	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Reference is invited to Para 14 & 15 of the Basis of Qualified Opinion in the Audit Report.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified	According to the information and explanations given to us and on perusal of the mining plans submitted to us, the company has not disbanded or discontinued any mines during the year.
16.	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	Reference is invited to Para 14, 15 & 17 of the Basis of Qualified Opinion in the Audit Report.

### **Annexure - C to the Independent Auditors' Report**

(Referred to in paragraph 3(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited on the financial statements for the year ended March 31, 2024)

#### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Disclaimer of Opinion:

According to the information and explanations given to us, the Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2024.

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of Financial Statements of the company, and the disclaimer does not affect our opinion on the Financial Statements of the Company.

## Notes forming part of the Financial Statements

### 1. Corporate Information

The Andhra Pradesh Mineral Development Corporation Ltd., was incorporated on 24th Feb., 1961 as a wholly owned undertaking of the Government of Andhra Pradesh for the development of mineral resources and promotion of mineral-based industries in Andhra Pradesh including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products. The administrative office of the company is situated at 294/1D, 100 ft road, Kanuru Village, Penamaluru Mandal, Vijayawada, Andhra Pradesh-521137.

### 2. Significant Accounting Policies

#### a. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendment Rules, 2020 and relevant provisions of the Companies Act, 2013.

#### b. Basis of preparation

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for the certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments) and defined benefit and other long term employee benefits that have been measured at fair value as required by relevant Ind AS. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### c. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The standalone financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless stated otherwise

#### d. Use of Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period.

Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

### **Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

### **Formulation of accounting Policies**

Accounting policies are formulated in a manner that result in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the Company;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e., free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the company has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect taxes, service taxes and Goods and Service Tax.

### iii. Dividend

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

### iv. Interest Income

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

### g. Property, plant and equipment

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the Property, Plant and Equipment are ready for use, as intended by the Management. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013 on written down value basis. except for certain assets where the useful life is determined by technical assessment / Company's past experiences. Assets acquired under finance lease and leasehold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Decommissioning assets is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

#### **h. Intangible assets**

Intangible assets are measured on initial recognition at cost including all directly attributable cost (net of recoverable taxes, if any). They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining exploration and evaluation and development assets, which are amortised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining assets are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

#### **i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the Company at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in Subsidiary, Associates and Joint Ventures are measured at cost as per Ind AS 27 – Separate Financial Statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 15,00,000 MTs from financial year 2023-24 onwards and the remaining stock is considered without value (Refer note no. 53).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

#### **Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### **Post-employment obligation**

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

#### **Defined Benefit Plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

**Defined contribution plan**

Employee benefits in the form of provident fund, pension fund, superannuation fund and employees state insurance are defined contribution plans. The Company recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

**n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented with in other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in statement of Profit and Loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred. As per the mine closure guidelines issued by the Department of Mines and Geology, Government of Andhra Pradesh on 27<sup>th</sup> Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3 lakh per hectare for category A mines and Rs. 2 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The company has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan.

In the case of Barytes, mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The

provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

#### **r. Leases**

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the company recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the

commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

**Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

**i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

The losses arising from impairment are recognised in the statement of Profit and Loss. This category generally applies to trade and other receivables.

**ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company.

The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management. Amortization of exploration intangible assets commences in the year when commercial operations begin. The amortization expense is then calculated using the unit of production method, which allocates the

cost of the exploration intangible assets based on the ratio of the current period's production to the total estimated reserves as per the approved mining plan.

**ab. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 2.00% of the previous year turnover of the company.

#### Nature and purpose of reserves

##### General reserve

General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.

##### Reserve for bad and doubtful debts

Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.

##### Retained earnings

Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

<b>Total income tax expense for the year</b>	<b>37,438</b>	<b>21,852</b>

**37. Contingent liabilities and commitments**

(To the extent not provided for)

All the amounts are in Rs. lakhs, unless otherwise stated

Sl.no	Particulars	As at 31.03.2024	As at 31.03.2023
<b>A</b>	<b>Claims against the company not acknowledged as debts consisting of :</b>		
i	Against the cases pending with money suits and arbitration.	10,702	10,547
ii	Demand raised by Income tax authorities which has been disputed and pending before appellate authorities.	50,418	50,418
iii	Capital commitment towards Chimakurthy black galaxy granite project- land towards consideration of land admeasuring to 266.86 acres for patta land at Chimakurthy belonging to animal husbandry department, Govt. of Andhra Pradesh, for which final value has not yet been determined, pending at appropriate authorities.	622	622
iv	Dispute towards reimbursement of Service Tax, Collected from Barytes Buyers of Mangampet during the year 2007-08 & 2008-09 towards payment to excavation contractor on submission of proof of payment of service tax.	600	600
v	The Corporation is contributing MRTU Fund as per G.O.RT No.237, dt.29-03-1997 and as per the GO, the Corporation has to contribute 10% of sales turnover every year. Since in 1997-98, the income tax authorities disallowed this amount. The Government created a trust and the Corporation contributed Rs.1.00 crores from the financial year 2013-14 onwards as the tax benefit available to the Corporation is very meagre.  The Government of Andhra Pradesh vide G.O.Ms.No.18, dt.13-01-2016 issued a G.O. rechristening of DMRTUF Trust as MERIT and permitted to collect 2% contribution on seigniorage fee from all the minor minerals lease holders in addition to the existing contribution of 10% on sales turnover. The Corporation requested the Government		

	<p>a. To exempt APMDC from payment of contribution for the years 1998-99 to 2001-02 and 2004-05</p> <p>b. To ratify the action taken viz., lump sum payments towards contribution of Rs.40,00,000/- for the years 2002-03 and 2003-04, 2005-06 to 2007-08, @Rs.50,00,000/- for the years 2008-09 and 2009-10, @ Rs.75,00,000/- from the years 2010-11 to 2012-13 and Rs.1,00,00,000/- from the year 2013-14 to 2015-16.</p> <p>c. It is mentioned in the G.O. at para 1 that "as per the G.O.237, the APMDC is to contribute 10% of sales turnover for exclusive rights of exploration in certain minerals.</p> <p>d. The Corporation requested to withdraw the G.O.Rt No.237,dt.29-03-1997 from the financial year 2015-16 onwards as it will burden to the Corporation and 10% in addition to the clause for payment of 2% contribution on royalty for all minerals as MERIT is common to all lease holders and for prospecting cum lease holders including the Corporation.</p> <p>e. And to permit to contribute only 2% on seigniorage fee as per the G.O.Ms.No.18, dt.13/1/2016. There is no communication received from the Government.</p>

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/ modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	2023-24	2022-23
Ageing	>12 Months	>12 Months
Gross carrying amount	3,417	3,524
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,417	3,524
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2023-24	2022-23
Ageing	<12 Months	<12 Months
Gross carrying amount	74,564	37,477
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	74,564	37,477

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below

**i. Commercial risk****a. Sale price risk**

Particulars	Impact on profit	
	2023-24	2022-23
Selling price increase by 5%		
Barytes& Coal	17,627	9,915
Survey Stones	1,377	409
Selling price decrease by 5%		
Barytes& Coal	(17,627)	(9,915)
Survey Stones	(1,377)	(409)

**b. Excavation & Transport Charges risk**

Particulars	Impact on profit			
	2023-24		2022-23	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(306)	306	(327)	327
Excavation & transport charges for overburden	(1,870)	1,870	(1,883)	1,883
Excavation of Coal & OB Removal	(3,319)	3,319	(1,603)	1,603

**40. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st March 2024**

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long term obligations to make future benefit payments.

#### x. Liability risks

##### a. Discount rate risk

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

##### b. Future salary escalation and inflation risk

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

#### 42. Earnings per share (EPS)

Particulars	As at	As at

Basic and diluted earnings per share (In Rupees) – after exceptional item	168,276.58	94,799.44

#### 43. Segment Information

##### i. Description of segment and principal activities

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### ii. Segment revenue and expense

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

##### iii. Segment assets and liabilities

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs.2,36,138 Lakhs is derived from four customers (P.Y 1,40,544 Lakhs from five customers).

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

**a. Segment reporting for the financial year 2023-24**

<b>Total</b>	<b>1,37,231</b>	<b>80,033</b>	<b>57,198</b>

#### Interim division of funds in current accounts, fixed deposits, sweep accounts

During the year a Memorandum of Understanding (MOU) has been signed by both the corporations i.e. APMDCL and TSMDC on 29<sup>th</sup> January, 2024 and as per terms of the MOU, both APMDCL and TSMDC have decided to de freeze current accounts, fixed deposits and sweep accounts and distribute funds in the population ratio.

Accordingly, they have arrived balances in current accounts, fixed deposits and sweep accounts totalling to Rs.1,393.43 crores and same has been distributed in the population ratio i.e. APMDCL @58.32% and TSMDCL @ 41.68%. As per MOU Rs.842.65 crores and Rs.550.78 crores was distributed to APMDCL and TSMDCL respectively, vide Memo No.4354/M.I(1)/2018 dated 30-01-2024 issued by the Industries and commerce (Mines.I) Department, Government of Telangana.

#### **49. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy. Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017 duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received from the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan.

Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **50. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment. Confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **51. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day-to-day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDCL.

It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

## **52. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.12.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.12.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

## **53. Non valuation of inventory**

### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and due to further rise demands for C+D+W Grade of barytes and also considering the current orders in hand as on balance sheet date 2022-23, closing stock is considered for 12,00,000 MTs from existing 8,00,000 MT's. Further, considering current orders and market demand the current orders in hand closing stock is considered for 15,00,000 MTs from existing 12,00,000 MT's and the remaining stock (62.34 lakhs MTs) is considered without value.

### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs.72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT's every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company. During the financial year 2019-20, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s.Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.03.2024 is 1.56 lakh MT's (including 501 MTs of Grade – 1) which the company has not valued.

#### c. Inventory of survey stones

Production of survey stones at Ballikurava unit has been stopped during the year and O&M contract has not been renewed due to uncertainty on continuity of operations. Closing stock of survey stones of 9,458 are available as on 31.03.2024. However, in view of uncertainty in continuing future operations, management has decided to impair the plant and machinery. Further, there is no realisable value to the stock. Hence, no value has been considered for the closing stock of 9,458 stones as on 31-03-2024.

#### 54. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
<b>Total</b>		<b>1,842.91</b>

#### 55. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSF5CL)

Company has received a letter from APSF5CL with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSF5CL. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 and 250.00 crores during the financial year 2022-23 totalling to Rs.555.00 crores till 31-03-2024 for which deposit certificates have been obtained from the APSF5CL. APMDCL has received interest regularly till 31-03-2024 and during the year APMDCL has not withdrawn any amounts deposited with the APSF5CL and confirmation of balance has been obtained.

## **56. Note on Survey Stones**

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Accordingly issued a government memo No.INC01-MG/10/2022-M-III DATED 02.09.2022 and GO.Ms.No:33 dated 30.05.2023 entrusted APMDC with the responsibility of procurement and supply of survey stones to meet the requirement of SS&LR department for the prestigious programme (YSR Jagananna Shaswata Bhu Hakku mariyu Bhu Raksha Pathakam) and fixed prices for various activities i.e. Production and transportation of survey stones along with service charge of 7% of the value of survey stones supplied.

Accordingly, software application has been developed through an outside agency to track all activities connected with supply, transportation and delivery of survey stones to the designated places provided by the SS&LR department from time to time. Further necessary tax invoices have been raised on the SS&LR department for the survey stones supplied with mark up of 7% as per the GO and revenue has been recognised accordingly.

## **57.Termination of Coal Mine Development & production Agreement (CMDPA) of Madanpur South Coal Mine.**

Corporation has signed Coal Mine Development and Production Agreement dated 24-08-2016 with the Nominated authority with respect to Madanpur south coal block under the regime of CMSP Act, 2015. Corporation has approached Government of Chhattisgarh for implementation of project. However, State Government authorities have expressed that the State Government is contemplating an extension of the Lemru Elephant Corridor, which would encompass the mining lease area of the Madanpur South coal mine. Therefore, corporation might not obtain the clearance to operate the coal mine. Same has been brought to the notice of Nominated authority vide letter dated 15-10-2020.

Further, Government of Chhattisgarh vide Gazette notification dated 22-10-2021 notified the areas falling within the Lemru elephant corridor and intimated the nominated authority through letter dated 20-12-2022 and affirmed that the Madanpur South Coal Block falls within the Lemru Elephant Corridor and therefore mining activities in the said area is prohibited and unlawful.

In view of this, corporation surrendered the coal mine and requested for return of the Performance Guarantee submitted to the Nominated authority with respect to Madanpur south coal block vide letter dated August 22, 2022 and accordingly, nominated authority has terminated the Coal Mine Development and Production Agreement (CMDPA) dated 24-08-2016 vide its letter reference F.No 103/9/2016-NA, dated February 06, 2024 and returned the Performance Bank Guarantee. Hence, amount capitalised previously on this project has been charged to revenue during the previous year. During the year doubtful provision has been made for an amount of Rs.2,394 lakhs paid to Nominated authority, Ministry of Coal towards upfront fee.

## 58. Joint ventures

Corporation has executed Joint venture agreements for development of black galaxy granite deposits in prakasam district from time to time and as per agreement terms following associate is incorporated and free ride equity shares were allotted and details of same is as under.

Sl.no	Name of the associate	No of shares allotted	% of holding	Nature of shares
1	Shambhavi Stones AP Private limited	13,00,000	26%	Equity

The above equity shares were allotted as free ride equity shares as per respective joint venture agreements executed by the corporation with the agencies. Further, transactions with these parties are mentioned in the relative section of related party transactions – note 44

## 59. Leases (Ind AS 116)

## INDEPENDENT AUDITOR'S REPORT

To

The Members of

**The Andhra Pradesh Mineral Development Corporation Limited**

**Report on the Audit of Consolidated Financial Statements**

### Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of **The Andhra Pradesh Mineral Development Corporation Limited** ("hereinafter referred to as the "Holding Company"), and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), its associates and jointly controlled entities, which comprise the consolidated Balance Sheet as at 31<sup>st</sup> March 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'Consolidated financial statements').

In our opinion and to the best of our information and according to the explanations given to us, except for the effects for the possible effects of the matters described in the *Basis for Qualified Opinion* section of our Report, the aforesaid Consolidated Financial Statements give the information required by the companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India.

- In case of accompanying Consolidated Balance Sheet, of state of affairs of the Group as at 31<sup>st</sup> March 2024,
- In case of accompanying Consolidated Statement of Profit and Loss (including Other Comprehensive Income) of profit of the Group for the year ended on that date,
- In case of accompanying Consolidated Statement of Changes in Equity, and
- In case of accompanying Consolidated Statement of Cash Flows, of cash flows for the year ended on that date.

### Basis for Qualified Opinion.

- We draw attention to Note No 46 of the consolidated financial statements where in the Group has stated the reasons for not consolidating the Subsidiaries, Associates and joint ventures as tabulated below. In the absence of audited financial statements, management certified accounts for the year ended March 31, 2024 and further reasons as detailed in Note No 46, the transactions of subsidiaries and share in profit/losses of joint ventures and associates of the below mentioned entities are not incorporated in these consolidated financial statements. The list of such entities are as tabulated below

Sl.no	Name of the Company	Nature of Holding	% of Holding
1	Ongole iron ore mining company pvt ltd	Subsidiary	51.00%
2	Andhra phosphate private limited	Subsidiary	50.00%
3	APMDC SCCL Suliari coal company ltd	Subsidiary	51.00%
4	Nuagon coal company ltd	Subsidiary	50.00%
5	Andhra Baryte Corporation Private Limited	Joint Venture	11.00%
6	Andhra Pradesh Iron Ore Company Ltd	Joint Venture	11.00%
7	Gimpex AP Barytes Beneficiation Private Limited	Joint Venture	11.00%
8	Trimex Baryte Private Limited	Joint Venture	11.00%
9	V.V Minerals Private Limited	Joint Venture	12.36%
10	Alliance Andhra Pradesh Black Granites Pvt Ltd	Joint Venture	11.00%
11	Pallava Red Granite Private Limited	Joint Venture	11.00%
12	Aswani Mineral Development Private Ltd	Associate	26.00%
13	Arham Minerals Exports (P) Ltd	Associate	26.00%
14	Isra Minerals Exports (P) Ltd	Associate	26.00%
15	Margasree Granites (P) Ltd	Associate	26.00%
16	Ongole Minerals Exports (P) Ltd	Associate	26.00%
17	RLP Granites (P) Ltd	Associate	26.00%
18	SRAP Minerals Private Limited	Associate	26.00%
19	A.P.Coastal Sand & Metals Pvt Ltd	Associate	26.00%
20	Andhra Pradesh Tribal Mining (P) Ltd	Associate	26.00%

In the absence of information, we are unable to quantify the impact on the Group's financials. Further, in respect of all the above entities, the carrying value of the investment (net of impairment/ provision) in Holding Company's books is NIL.

Holding Company's Basis for Qualified Opinion (As stated in the report of Consolidated financial statements):

- Refer Note 48 of the accompanying Consolidated financial statements. Where the Holding company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Holding Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC. The Holding Company has paid & adjusted Fixed Deposits, Interest on Fixed Deposits and Tax on Interest Income pertaining to TSMDC based on Confirmation obtained from them vide Memo No 4354/M.I(1)/2018 dated 30-Jan-2024. The following balances still continue in the Consolidated Financial Statements, after adjustment of the afore Fixed Deposits. In the absence of information, we are not able to ascertain the impact of the following amounts:

Sl. No	Name of the ledger	Note no	Classification	Rs. in lakhs	Dr/Cr
1	APMDC Telangana Region Advance (Cr)	18	Other Financial liability(non-current)	2,630.94	Cr
2	Vijayawada (bank)	11	Cash and cash equivalents	203.92	Dr

3. The Holding company has accounted for interest on credit sales from customers amounting to Rs.1.17 Cr for the FY:2023-24. The basis for calculation of accounting interest on credit sales has not been provided. The contractual copies which contain the terms and conditions for levying interest have not been provided. Considering the non-availability of the records we are not able to ascertain and comment on the correctness of the Income recognised under the head Interest on credit sales for the FY: 2023-24. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.
4. In respect of property, plant and equipment, Fixed Asset Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the Consolidated financial statements. Further, Extra shift depreciation as per Sch II is not being provided for equipment(s) which are continuously used in the mining operations.

5. **Non-Conformity with Ind AS 115 - Revenue from Contracts:**

The Holding Company has neither adopted nor disclosed the 5-step model specified in Ind AS 115 to account Revenue arising from contracts with customers which requires that the Revenue be recognized to an amount that reflects the consideration to which the Holding company expects to be entitled in exchange for transferring goods or services to a customer. However, the Revenue Recognition policy disclosed in Note 2(f) of the Significant Accounting Policies is not in line with Ind AS 115 Revenue from Contracts & Ind AS-1 Presentation of Consolidated Financial Statements.

i) **Recognition & Measurement - Grade Variance of Coal not adjusted to Revenue:**

As per Ind AS 115, Revenue has to be measured at Consolidated fair value of the consideration received or receivable taking into account contractually defined terms of payment. However, Grade Variances on account of quality difference in coal as per Clause 6 of Sale Agreement with Adani Power Limited (APL) for the FY: 2023-24 has not been adjusted to Revenue disclosed in Note 27 of the accompanying Consolidated Financial Statements, which constitutes a departure from Ind AS 115. Accordingly, Revenue & Profit are overstated by Rs.148 Cr (Basic Coal Value) for the FY: 2023-24.

ii) **Measurement – Statutory Levies included in Revenue:**

As per Ind AS 115, transaction price “... is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, **excluding** amounts collected on behalf of third parties (for example, some sales taxes).” Revenue disclosed in Note 27 of the accompanying Consolidated Financial Statements is inclusive of all Statutory Levies excl. GSTs per Note 2(f) of the Significant Accounting Policies. As, inappropriate accounting policy cannot be rectified by disclosure, measurement of Revenue by incl. Statutory Levies, constitutes a departure from Ind AS 115. Accordingly, Revenue disclosed in Note 27 is overstated by Rs. 678.35 Cr and corresponding overstatement of Rates & Taxes (Note-35 Other Expenses) by Rs. 678.35 Cr for the FY: 2023-24.

iii) **Measurement - Survey Stones:**

As per G.O.Ms.No.33 dated 30-May-2023 of Mines & Minerals Department, in respect of supply of Survey Stones by APMDC “4(c) reimburse the expenditure incurred by Andhra Pradesh Mineral Development Corporation (M/s APMDC) for production and transportation of stones, along with service charge of 7% of the value of survey stones supplied.” i.e., Holding company receives Service charge of @ 7%. However, no accounting policy regarding revenue recognition & measurement criteria, pertaining to Survey Stones consequent to APMDC receiving only

Service Charge was disclosed, which is not in line with Para 117 of Ind AS-1 Presentation of Consolidated Financial Statements.

Out of the total Rs. 275 Cr Survey Stone Sales disclosed in Note 27 of the accompanying Consolidated Financial Statements, Rs. 267.3 Cr sale was made by Holding company on Service Charge basis. Instead of recognizing Revenue at Rs. 17.5 (7% Service Charge Income), APMDC has recognized the entire Rs. 267.3 Cr (Stone Purchase Cost + 7% Service Charge) as Revenue & corresponding expenditure of Rs. 249.8 (Stone Purchase Cost) Cr as Other Expenses disclosed in Note 35, which is not in line with the Ind AS 115, resulting in overstatement of Revenue & Other Expenses to the tune of Rs. 249.8 Cr for the FY: 2023-24.

**6. Loss Allowance for Expected Credit Losses / impairment as required under Ind AS 109:**

- a) The Holding company has stated in Note No.10 of the accompanying Consolidated financial statements that a total amount of Rs.738.4 Cr was outstanding towards unsecured trade receivable being considered good by the Management of the Holding company. In our opinion, receivables those beyond certain period as decided by the board and those disputed in courts (if any) should have been classified under the heads 'significant increase in credit risk' and 'credit impaired' and adequate loss allowance from profit before tax should have recognised for expected credit losses in accordance with Ind AS 109. This resulted in overstatement of profit and overstatement of trade receivables.
- b) Of the Rs.738.4 Cr trade receivables in Note 10, Rs.417.6 Cr is due from the Survey Settlements & Land Records (SS&LR) Dept., Govt. of Andhra Pradesh, for supply of survey stones by Holding company. These receivables are unsecured, and no guarantee is provided by the government. As per Sl. No. 4(d) of G.O.Ms.No.33 dt. 30-May-2023, payment should be made via adjustment bill to Holding company's PD account, but no funds were received in FY 2022-23 or FY: 2023-24. Management of the Holding company has not provided any expected Credit Losses on the same.
- c) Further, Out of the Rs.738.4 Cr trade receivables in Note 10, Rs. 152.4 Cr is due from Dept., of Mines and Geology, Andhra Pradesh towards sand operations carried on by the holding company as an agent during FY: 2022-23. These receivables are unsecured, and no guarantee is provided by the government. Management of the holding company has not provided any expected Credit Losses on the same.
- d) Further, Holding company has not provided the list of trade receivables which remain uncollected for more than 3 years and exceeded the limitation period for filing suit in the court, but where no legal case was filed for recovery.
- e) An amount of Rs.48.89 Cr only was kept under 'Reserve for Bad and Doubtful Debts' by the Holding Company as on 31-Mar-2024. We are of the opinion that the Holding Company should create adequate provision for loss allowance from profit before tax (instead of appropriation of after-tax profit as reserve) in accordance with Ind AS 109 for bad and doubtful trade receivables, and other recoverable.
- f) Balance confirmations are not obtained for the Trade receivables disclosed in Note 10 of the accompanying Consolidated Financial Statements, and the balances remained unreconciled. Further, holding company has no regular system to maintain ageing analysis of trade receivables. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the Consolidated financial statements.

7. There exists long outstanding credit balances towards advances received from customers, trade payables, security deposits payable, EMD Payable Penalty Suspense, Statutory Dues Payable, and Other deposits payable which are disclosed in Note No.18, 20, 23, 24 and 25 of the accompanying Consolidated financial statements and remain unpaid and unreconciled. Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Even though, holding company has disclosed an accounting policy for de-recognition of financial liabilities which were discharged, expired or cancelled in accordance with Ind AS 109 in Note 2(x), the same is not being followed / implemented. The precise effect of consequential adjustments upon such confirmations/ reconciliations, if any, on the accounts is not ascertainable but considered to have significant impact on the profit.
8. There exists long outstanding advances given to Govt. Departments, Deposits with Collectors, Security Deposits, amounts recoverable from vendors & customers, which are disclosed in Note No. 5, 6, 8, 12 & 14 of the accompanying Consolidated financial statements and remain outstanding and unreconciled. Further, confirmations / Utilization Certificate from Parties are also not available. Even though the holding company has disclosed an accounting policy for de-recognition of financial assets in accordance with Ind AS 109 in Note 2(x), & an accounting policy for impairment as per Ind AS 36 in Note 2(i), the same is not being followed / implemented. The precise effect of consequential adjustments upon such Utilization Certificate / confirmations/ reconciliations, if any, on the accounts is not ascertainable but considered to have significant impact on the profit.
9. Refer Note 38, where the holding company has disclosed Classification of Financial Instruments as per Ind AS 109 as Amortized Cost & FVTPL. However, Loans and advances given to staff at concessional rate of interest, Trade Receivables, Trade Payables, Other Financial Assets & Other Financial Liabilities are not accounted at fair value and required disclosures have not been made as per Ind AS 109.
10. Note 35 Other expenses does not include Rs 132.28 Cr for the year and Rs 857.65 cr for previous years totalling to Rs 989.93 Cr payable by the holding company towards contribution to Mineral Exploration Research and Innovation Trust (MERIT), as on reporting date though the company required to contribute 10% of the sales turnover to MERIT, which was formed by State Government (G.O.Ms. No 18 dated 13-Jan-2016) in place of Development of Mineral Resources and Technology Up-gradation Fund (DMRTUF) established in March 1997. Rather, the liability towards the contribution is disclosed as contingent Liability in Note -37 to accounts quoting that holding Company requested (November 2019) the Government for exemption from contributing 10% of sales turnover and a fixed amount would be contributed. As per the latest information (Feb-2025) no exemption was granted by the State Government / MERIT. Hence suitable provision should have been recognised along with disclosures. Thus, non-recognition of provision should have been recognised along with disclosures. Thus, non-recognition of provision resulted in understatement of Other Expenses and Other current liabilities (Note-25) by 989.93 Cr each with consequent overstatement of the Profit for the year by the same amount.
11. The Holding Company has been generally filing Income Tax Returns based on Provisional Financials (incl. for the FY:2023-24) without fully complying with the provisions of the Income Tax Act. Refer Note 8, where the holding Company stated Corporate Tax Receivable amounting to Rs. 175.45 Cr which are pending on account of various disputes at different forums & Refer Note 26, where the holding company has stated Provision for Income Tax Payable amounting to Rs.144.53 Cr for previous years. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Any consequential effect on account of actual tax liability based on the Consolidated Audited financial statements of previous years on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the Consolidated financial statements.

Further, Holding company has recognized Current Tax & Deferred Tax for the FY: 2023-24 in the statement of profit & Loss based on internal assessment. The estimate of Provision for Current Tax & Deferred Tax is subject to change on completion of Tax Audit u/s 44AB of Income Tax Act based on Audited Financial Statements. The precise effect of consequential adjustments upon such allowances / disallowances on completion of Tax Audit, if any, on the Consolidated Financial Statements is not ascertainable.

12. The Board of Directors have declared Interim Dividend of Rs.400 Cr for the FY: 2022-23 & Rs.1,000 Cr for the FY: 2023-24 during Jan-24 & Feb-24. Out of the interim dividend declared amounting to Rs. 1,000 Cr. for the F.Y 2023-24, only an amount of Rs. 900 cr. was paid as on date, leaving a balance of Rs. 100 Cr which has not been deposited in a separate bank account as required under provision of Sec 124 of the Companies Act, 2013.

Further, the Holding company has written off Suspense A/c & Security Deposits totaling to Rs. 3.26 Cr during FY: 2023-24 and offered the same as Income. However, the holding company has neither a policy for write off of such Outstanding Deposits beyond a timeframe nor has documented approvals of the appropriate authority for such write offs. In addition, information in respect of ageing analysis of Security Deposits Payable, EMD Payable and Advances received from customers are not available. In the absence of information, we are unable to ascertain whether these amounts qualify as deposits under Companies (Acceptance of Deposits) Rules, 2014 & as to whether the Dividend paid by the holding company during the year is in compliance with provisions of Sec 123(6) r.w.s. 73 & 74 of the Companies Act, 2013.

13. The holding company is required to disclose Contingent Liabilities as per Ind AS 37. The best estimate of contingent liabilities is disclosed in Note 37 to the accompanying Consolidated Financial statements as at March 31, 2024. The same could not be audited by us, as the holding company has not provided the related legal litigation files for our clear understanding and verification. Further, the disclosure in Note 37 does not contain details of current status of dispute, management estimate of outcome, accrued interest payout and amount involved for which no provision is made.

Further, the disputed income tax demands as disclosed as at 31-Mar-2024 in Note 37 of the accompanying Consolidated Financial Statements is not matching with latest demand outstanding notice for which reconciliation and current status of dispute is not provided. Certain demands are found to be adjusted with income tax refund due, which are stated as receivable under Note 8 (Others – Balance with Statutory Authorities).

#### 14. Inventory

- a) Physical Verification of Inventories on 31-Mar-2024 has not been carried on by the Management of the Holding company or by an external agency. Management of the holding company has arrived at the quantities of closing stock of coal, Barytes & Survey Stones as on 31-Mar-2024 based on the Opening Stock, Production and Dispatch records. In the absence of physical verification of Inventories, the actual quantities as on 31-Mar-2024 may differ from the reported quantities by the management of the holding company. Therefore, the precise effect due to any consequential variances in the quantities of inventories, cannot be ascertained.

Refer Note 2(i) & Note 53, where holding company has recognized closing stock for C+D+W Grade of Barytes only for a quantity of 15,00,000 MTs as against the actual quantities of 77,34,091 MT and considering no value for the remaining stock of 62 Lakh MTs (approx.), as management of the holding company expect this grade not to fetch any value in the market.

However, on 24-Jan-2024 a tender was issued by Holding company for the sale of C+D+W grade material, with a reserve price of Rs.1,200/- per MT basing on the pricing strategy conducted by PWC. Single bid has been received & several parties expressed interest to lift the C+D+W grade material on reduction of EMD & Tender fees. Therefore, the estimate of the management of the holding company that the C+D+W+ grade material has no market value is not appropriate and not in line with Ind AS 2 - resulting in undervaluation of Inventory to an extent of Rs. 489 Cr. (62 Lakh MT @ Rs.784 / MT – Actual Cost of Production of C+D+W for FY: 2023-24).

- b) As required under para 97 and 98 of Ind AS 1, holding company shall disclose the exceptional items like Carrying amount of inventory written down to net realisable value separately in its Consolidated financial statements. However, carrying amount of inventory (C+D+W Barytes & Survey Stones) written down in the year & previous years to net realisable value (Nil) is not disclosed separately in the Consolidated financial statements.
15. The total Mine Closure Cost for Suliari Coal Mine as per the Mining Plan is Rs.526.6 Cr to be incurred over a period of 26 years & the company recognized Decommissioning Asset & corresponding Provision for Decommissioning based on Mine Closure guidelines of Ministry of Coal for Total Mine Closure (Refer Note 2(p)). However, as per Clause 16.2(b) read with Clause 7.6 of the agreement between Holding company & M/s Adani Enterprises Limited (AEL), Mining Fee payable to AEL shall also include costs incurred towards "Progressive Mine Closure activities" and therefore, no additional cost is to be incurred by holding company towards Progressive Mine Closure activities. In the absence of adequate information relating to Total Mine closure cost apportionment between AEL & holding company, we were unable to ascertain the adequacy and extent of Decommissioning Asset (Note 3.3) & Provision for Decommissioning (Note 19) recognised in the Consolidated Financial Statements and their corresponding accumulated depreciation & Unwinding Costs debited to Consolidated Profit & Loss for the FY: 2023-24. The precise effect due to the consequent distribution of Mine Closure costs between AEL & Holding company could not be ascertained.

Further, holding company has been operating Granite Mines at Chimakurthy, Andhra Pradesh. No provision for Mine Closure & Decommissioning costs as required under Ind AS 16 has been recognized in the Consolidated Financial Statements as on 31-Mar-2024. The resulting impact on Consolidated financial statements could not be ascertained, in the absence of adequate information.

16. We draw your attention to Note 34, where the Holding company expensed Rs. 374 Cr towards Removal of Overburden in Barytes (Mangampet Mine) achieving Stripping Ratio of 3.17, as against 1.77 Stripping Ratio as per Mining Plan. The management of the Holding company has represented that, the significant increase in OB Removal in Mangampet Mine during the year is on account of OB removed in the adjacent Dolomite Mine, which is not included in computation of Stripping ratio of the Barytes Mining Plan. The expenses incurred for OB removal of Dolomite mine is required to be considered as Development expenditure and is required to be capitalized as per Accounting Policy disclosed in Note 2(aa). The OB Excavation expenses of Rs. 374 Cr is not allocated / apportioned between Barytes & Dolomite Mine and is charged entirely to Revenue for the FY: 2023-24. In the absence of bifurcation of the OB excavation expenditure between Barytes & Dolomite Mine, we are unable to ascertain the impact on Consolidated Profit & Loss account. Accordingly, the accounting policy selected and adopted by the holding company for accounting Overburden removal costs is not in line with Para 10, 11 & 12 of Ind AS 8.

17. As per Para 13 of Ind AS 8, an entity shall select and apply its accounting policies consistently for similar transactions & it shall be selected and applied consistently to each category. The Holding Company has not adopted any Accounting Policy in respect of treatment for R&R Costs. The following account treatment is followed by the Holding company in respect of R&R Costs:

- a) In respect of Mangampet mine, the R&R costs incurred at the inception of the project is not found as an asset, as the same is charged to revenue as and when incurred. However, part of the R&R Costs incurred by the Holding company during the previous years are parked as advances and neither expensed off nor capitalized amounting to Rs. 155 Cr. These R&R costs along with R&R costs incurred during the FY: 2023-24 of Rs. 290 Cr, aggregating to Rs. 445 Cr were capitalized as Mining Assets during FY: 2023-24 and amortized over the remaining life of the mine (5 Years). Amortization Cost debited to Consolidated Profit & Loss on this account is Rs. 106 Cr. Further, justification for incurring R&R costs when the mine is nearing closure is not available.
- b) R&R Costs and Mine Development Costs incurred in respect of Suliari mine amounting to Rs. 1,517 Cr up to FY: 2022-23 are capitalized as Mining Infrastructure Assets as and when incurred, which is in contrary to the accounting for R&R costs adopted for Mangampet Mine up to FY: 2022-23.
- c) On verification of the Lands in (PPE - Note 3), R&R Costs are capitalized as Land amounting to Rs. 18.9 Cr, which is neither charged to revenue nor amortized. This is in contrary to the accounting treatment given by the Holding company for Mangampet & Suliari Mines.

As the Holding Company has neither adopted & disclosed the accounting Policy nor applied the accounting treatment for these costs consistently in respect of R&R Costs, the same is not in line with Para 10, 11, 12 & 13 of Ind As 8. The precise effect of consequential adjustments on the Consolidated Financial Statements on adoption of the accounting policy by the Holding company is not ascertainable.

**18. Suliari Coal project, Madhya Pradesh:**

- a) The Holding company has outsourced the entire Mine Development & Operations of Suliari Coal Mine, Madhya Pradesh to "Adani Enterprises Limited" (MDO) & around 70% of coal produced during FY:2023-24 is sold to "Adani Power Limited" (APL) vide a coal supply agreement for 5 years. During the FY: 2023-24, the average Sale rate of coal to APL is significantly lower than compared to the avg. sale rate to other parties, resulting in forgone potential revenue of Rs. 430 Cr. The documentation along with justification of awarding the Mine Production & Sale agreements to parties related to each other are not on record.
- b) Further, Liquidated Damages / Compensation / Penalties for delay in commencement of Coal production & for not meeting the monthly quantity obligations as per the terms of the agreement are not levied on AEL by Holding company. Similarly, no Penalties are levied by Holding company on APL for Short Lifting of Coal produced as per the terms of Coal Supply agreement. Further, no waiver by competent authority is available on record.
- c) Additionally, Interest bearing Performance Security Deposit (PSD) of Rs.250 Cr is taken from Adani Power Limited (APL) by Holding company instead of a Bank Guarantee. Justification of the management of the holding company in accepting Interest bearing PSD instead of Interest free Bank Guarantee cannot be ascertained.

- d) An amount of Rs. 1,652 Cr. was capitalized towards R&R & Mine Development Costs of Suliari Coal Mine as on 31-Mar-2024. As the records relating to the costs incurred during the previous years are not available, we are unable to comment on the appropriateness of the R&R and Mine Development Costs Capitalized.

In the absence of any effective documented Risk Management Policy by the Holding company, we are unable to ascertain the corresponding effect on the Consolidated financial Statements and operations of the Suliari Mine, due to potential Risks (if any) involved in the aforesaid matters.

19. The Holding company has not obtained confirmation of MSME classification from vendors and hence, bifurcation of trade payables to MSME and others is not disclosed as required under Schedule III of Companies Act. Further, the ageing of Trade Payables, Trade Receivables & Capital Work in Progress, Cost & Time Overrun of CWIP is not disclosed as required under Schedule III of Companies Act, 2013.

**20. Interest Free Loan to Andhra Pradesh State Fiber Net Limited (APSFL):**

The Holding Company has released an interest free unsecured loan of Rs. 100 Cr during the financial year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly instalments starting from FY: 2018-19 and ending in FY: 2021-22. APSFL has not repaid the instalments due in FY 2018-19, FY 2019-20, FY 2020-21 & FY 2021-22 as per terms of the agreement till date. The said loan is unsecured and not backed up by any government guarantee.

The management of the Holding company has not provided for impairment on the loan amount as it is confident of the recovery of the loan. In the absence of Audited Financial Statements of APSFL from FY 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognized in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.

**21. Loan to Machilipatnam Urban Development Authority (MUDA):**

The Holding Company has released unsecured loan of Rs. 200 Cr. to M/s Machilipatnam Urban Development Authority ("MUDA") on 01-Nov-2018 bearing interest at 8% per annum and repayable in 45 days. Despite multiple requests for repayment by APMDC, both the principal and the outstanding interest remain unpaid as on date. The said loan is an unsecured loan and is not backed by any government guarantee.

Additionally, Holding company received G.O.Ms. No. 32 dated 14-Mar-2024 to Waive off Rs.7.07 Cr of principal amount and corresponding interest that is recognised in the books of account. The Company has not written off / impaired the Loan. Further, in the absence of Audited Financial Statements of MUDA from FY 2018-19 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Consolidated Financial statements.

Further, the management of the Holding company has not provided for impairment on the loan amount as it is confident of the recovery of the loan, but on the other hand management of the Holding company has not recognized Interest Income amounting to Rs. 84.7 Cr for the period of 1931 days from 16.12.2018 to 31.03.2024 (excl. penal interest leviable under Clause 4 of loan agreement), on the basis of the accounting policy stating that Interest Income on irregular / overdue advances are recognized on realization basis. Thus, the practice of the Holding

Company to defer the recognition of interest accrued on loan referring to its accounting policy disclosed at 2(f)(iv) to recognise interest income on irregular / overdue advances on realisation basis is not justified and appropriate to that extent since neither uncertainty in realisation of the said loan was justified nor carrying amount of loan was impaired. As, inappropriate accounting policy cannot be rectified by disclosure. Deviation from accrual basis of accounting results in understatement of Other Income and Loans by Rs. 84.7 Cr each with understatement of Profit by the same amount.

22. Holding company has secured a term loan from SBI at an initial interest rate of 7.20% to fund the Capex of the Suliari Coal Mine. Subsequently, on 13-Oct-2021, it received an interest-bearing Performance Security Deposit (PSD) from Adani Power Limited (APL) at an initial interest rate of 9%, payable to APL on a quarterly basis. The decision to accept an interest-bearing PSD from APL instead of a cost-free bank guarantee lacks commercial justification.

Furthermore, APMDCL has invested Rs. 555 Cr. in Inter-Corporate Deposits (ICDs) of Andhra Pradesh State Financial Services Corporation (APSFSCCL), earning an initial interest rate of 5% per annum. These ICDs are redeemable with a 21-day notice. The investment was made using Rs. 250 Cr. from the interest-bearing PSD received from APL, along with other bank balances of Holding company. This has resulted in Holding company's borrowing at higher interest rates (Term Loans & PSD) while investing in ICDs at lower interest rates, leading to a revenue loss for the Holding company.

The financial rationale behind the management of the Holding company's decision to continue holding these ICDs, despite their redeemability within 21 days, and not utilizing the funds to repay borrowings remains unclear. As a result, Holding company has incurred a revenue loss of Rs. 10 Cr. for FY 2023-24 (based on revised Interest rates for FY: 2023-24) due to the continued investment in these ICDs. The total revenue loss to the holding company from inception could not be determined due to the fluctuating nature of interest rates on these borrowings.

23. The Holding company has employed maximum of 336 Nos. of Contract employees during FY: 2023-24 with a monthly remuneration totaling to Rs. 1.14 Cr during that period and debited Rs. 10.5 Cr for the FY: 2023-24 to the statement of Consolidated Profit & Loss.

On comparison with Dec-2024, the No. of. Contract Employees substantially dropped to 74 Nos. from 336 Nos. and the monthly remuneration to Rs.0.5 Cr from Rs.1.14 Cr. The designations of the contract employees during FY: 2023-24 were DEO or DPO and the Job Descriptions were not specified in the terms of the agreement. Further, we are unable to obtain any explanation and justification of the management of the holding company for the significant decline in the total no. of contract employees. In the absence of sufficient & adequate information, we are unable to ascertain the existence and accuracy of the Contract Employee Cost of Rs. 10.5 Cr debited to profit & loss for the FY: 2023-24 under Employee Benefit Expenses.

24. We draw attention to Note 43 to the accompanying Consolidated financial statements, where the holding company has not adequately disclosed segment information in accordance with Indian Accounting Standard (Ind AS) 108 – Operating Segments. The standard requires an entity to disclose information about its operating segments based on internal management reporting used for decision-making, including segment revenue, segment results, and segment assets and liabilities.

The Holding Company has coal and barytes operations, which comprise two major sources of revenue. However, the holding company has disclosed Segment reporting under a single segment as mining operations, instead of presenting them as separate operating segments. Since these operations have distinct economic characteristics and are subject to different risks and returns, their aggregation does not align with the principles set out in Ind AS 108. The lack of appropriate segment reporting may impact the users' ability to assess the financial performance, profitability, and risk profile of each business segment individually. As a result, the Consolidated financial statements do not provide sufficient information to enable a proper evaluation of the Holding Company's performance across its operating segments.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Holding Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

**Emphasis of matter Paragraph:**

Without qualifying our opinion, we draw attention to the following matters in the Consolidated Financial Statements:

1. Refer Note No. 64, the supplementary Audit of C&AG for the FY: 2017-18, 2018-19, 2019-20, 2020-21, 2021-22 & 2022-23 is yet to be completed and thus, same are yet to be adopted by the members in Annual General Meeting. As the Consolidated Financial statements along with Independent Auditors' report of the corporation for the FY: 2022-23 are yet to be adopted by the members in AGM, (corporation submitted the same to CAG for supplementary Audit only on 04-Feb-2025), the comparative figures for previous year 2022-23 which are provided in the current year Consolidated financial statements are unadopted.
2. Refer Note No. 45, the Holding company has paid an amount of Rs. 30.54 Cr against outstanding balances pertaining to sand operations, which was carried over from the previous year financials on which previous auditors have issued a disclaimer of opinion.

**Key Audit Matters:**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of Key audit matters as per SA 701, are not applicable to the company as it is an Unlisted company.

## **Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the Consolidated financial statements and our auditor's report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

## **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements:**

The Holding Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Consolidated financial statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance including other comprehensive income, Consolidated cash flows and Consolidated changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

## **Auditor's Responsibility for the Audit of Consolidated Financial Statements:**

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimate and related disclosures made by management.
- Conclude on the appropriateness of management of the Holding company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Other Matters:**

1. The Holding company has completed its migration to a new ERP system (Dynamics 365) during the year. However, no independent audit was conducted to verify the accuracy, completeness, and integrity of data migration, system controls and its effectiveness, and reconciliation with previous records.
2. Note 14 (Other Current Assets) of the accompanying Consolidated financial statements primarily comprises of GST Input Tax Credit (ITC) receivables representing accumulation of ITC due to inverted duty structure & RCM applicable on royalty. Management of the Holding company estimates to utilize this accumulated ITC in future for payment of Output GST based on various factors such as volume increase and price revisions, change in business operation model (i.e., departmental capabilities in place of outsourcing), changes in output GST Rate, diversification of business etc., However, the scale and magnitude of GST ITC accumulation by the company in recent years is significant (Rs. 256 Cr as on 31-Mar-2024 as compared to Rs.120 Cr as on 31-Mar-2023). With the Holding company not having any departmental operations and the fact that, the entirety of the mining operations outsourced, the anticipated use of the GST ITC by the management may not align with the estimates, potentially necessitating write-offs which can have a substantial impact on the profit.
3. We did not audit the financial statements / financial information of subsidiaries, associates and jointly controlled entities. The consolidated financial statements include the Group's share of Net Profit of Rs 380 lakhs (Including 3 lakhs in OCI) for the year ended March 31, 2024 and the financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, jointly controlled entities and associates, is based solely on the reports of the other auditors. Further, we draw our attention to Note No. 68 of the consolidated financial statements. Out of the four joint ventures included in the consolidated financial statements, only one joint venture, namely Andhra Pradesh Granite (Midwest) Private Limited, has prepared and presented its financial statements as per Ind AS. The other three have not reported their financial statements as per Ind AS, which is not in line with Ind AS 110. Accordingly, the resultant impact on the Consolidated financial statements could not be ascertained.
4. Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

**Report on Other Legal and Regulatory Requirements:**

1. As required under Section 143(5) of the Companies Act 2013, we give in "Annexure A" a statement on the directions and sub-directions issued by the Comptroller and Auditor General of India, action taken thereon and the impact on the accounts and Standalone financial statements of the Company, such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us.

2. As required by Section 143(3) of the Act, based on our audit, we report that:

- a) We have sought, except for the effects/ possible effects of the matter described in the Basis for Qualified Opinion paragraph and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts.
- d) Except for the effects/ possible effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.
- e) Being a Government Company, pursuant to Notification No. GSR 463(E) dated 15-Jun-2015 issued by Government of India, Provisions of clause (g) of sub-section (3) of section 143 of the Companies Act 2013 are not applicable to the Company.
- f) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of Section 197 of the Act, are not applicable to the company.
- g) The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on cash flows of the Group.
- h) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**". Our report expresses disclaimer of opinion on the adequacy and operating effectiveness of the Holding Company's internal financial controls over financial reporting.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
  - i. Due to qualification stated at para- No.12 of the Basis of Qualified Opinion, we are unable to comment on whether the Holding Company has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements.

- ii. In our opinion and as per the information and explanations provided to us, the Holding Company did not have any long-term contracts, requiring provisions under applicable laws or accounting standards, for material foreseeable losses.
- iii. There has been no amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, associate companies and jointly controlled companies incorporated in India.
- iv. (a) The management of the Holding company has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the Holding company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the Holding company ("Ultimate Beneficiaries") or provided any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.  
  
(b) The Management of the Holding company has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and  
(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that representations under sub clause [a] and [b] above, contain any material mis-statement.
- v. As stated by the Holding company in Note 65 of the accompanying Consolidated Financial Statements & due to the qualification stated in para-No.11 of the Basis of Qualified Opinion above, we are unable to ascertain whether the interim dividend declared by the Holding company is as per the provisions of Sec 123(6) r.w.s. 73 & 74 of the Companies Act, 2013.  
  
Further, out of the interim dividend declared amounting to Rs. 1000 Cr. for the F.Y 2023-24, only an amount of Rs. 900 cr. was paid leaving a balance of Rs. 100 Cr which has not been deposited in a separate bank account as required under provision of Sec 124 of the Companies Act, 2013.  
  
The Final dividend for the FY: 2022-23 & FY: 2023-24 is not yet proposed by the Holding company's Board of Directors, as on the date of the Audit Report.  
  
Further, in one of the Joint ventures namely AP (Midwest) Private Limited dividend was declared or paid during the year.
- vi. Based on our examination, which included test checks, and based on the audit reports submitted by us the Holding Company used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has been in operation throughout the year for all relevant transactions recorded. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Further, as per reports submitted by the independent statutory auditors of the Four Joint ventures namely Andhra Pradesh Granite (Midwest) Private Limited, Samyuktha Granites PL, Naandhi Granites Private Limited, Shantibhavi Stones AP Private Limited, in case of Andhra Pradesh Granite (Midwest) Private Limited which has used an accounting software for maintaining its books of account has feature of recording audit trail except that this feature was not enabled in the accounting software throughout the year. In respect of other three JV's, their statutory auditor has not reported the required status with respect to audit trail maintained by the said subsidiary and as such we are not able to comment on the same

As provision to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Enclosed: Annexure A and B to the Audit Report

**Annexure - A to the Independent Auditors' Report**

*(Referred to in paragraph 1 under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Holding company on the Consolidated financial statements for the year ended March 31, 2024)*

**Report on Directions & Sub-Directions Issued by the Comptroller and Auditor General of India under section 143(5) of the Companies Act, 2013**

Sl.no	Directions/Sub-directions	Observations/Findings
<b>A. Directions</b>		
1	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated	The Holding Company has system in place to process all the accounting transactions through IT System i.e., Microsoft Dynamics ERP. However, many areas have not been covered under the ERP such as Accounting of Inventory, Payroll, Stores Consumption, Depreciation etc which are manually maintained
		We draw attention to Para 1 of the Other Matters section of our Audit Report, in respect of ERP Migration during the year.
2	Whether there is any restructuring of an existing loan or cases of waiver/write off of debts/loans/interest etc made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated	According to the information and explanations given to us and based on our examination of the records of the Holding Company, there has been no restructuring/ waiver/write off of any existing loan taken by the Holding Company. As such there is no financial impact involved.
3.	Whether funds received/receivable for specific schemes from central/ state agencies were properly accounted for/ utilized as per its term and conditions? List the cases of deviation	No such Funds have been received / receivable for specific schemes from central / state agencies.
<b>B. Sub-Directions</b>		
1	In case of works executed with the funds of Central or State government(s)/ other user department(s) or their agencies, whether there is conclusive evidence that the assets created will be the assets of the PSU? If not, the accounting treatment of the funds received, utilized, returned, assets created up to and during the year (work-in-progress or completed), assets handed over to the fund-giving agency up to and during the year, assets impaired, if any, and the revenue/ commission/ centage realized on these works, with full quantitative details may be detailed	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no works executed with the funds of Central or State government(s)/ other user department(s) or their agencies
2	Where Grants are received from Central or State government(s)/ other user department(s) or their agencies a) Where grants are taken as revenue for the year, whether the concerned orders are clear that the funds can be utilised for revenue expenditure;	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no grants received by the Holding company from Central or State government(s)/ other user department(s) or their agencies.

	b) Where guarantee commission is to be paid, the quantitative details viz., amount guaranteed, rate of guarantee commission, whether the commission was paid or payable along with the details of the purpose of raising the funds with guarantee and whether the funds were utilised for the stated purpose;	
3.	Where any long-term liability is undertaken against an asset of finite lifetime, whether there is a clear accounting policy thereon (for instance, land obtained on lease for a specific period (whether renewable or non-renewable) but shares issued in lieu of the land lease).	There are no long-term liabilities in respect of asset with finite life time except for mines in respect of which Provision for Decommissioning of Mine has been provided in line with the provisions of Ind AS.
4.	Whether the corresponding expenditure on which the taxes paid/ payable are accounted in the financial statements is also included appropriately	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, the Holding Company has accounted Taxes on Expenditure appropriately, wherever applicable.
5.	<p>Whether there is a Public Deposit account in the name of the PSU? If yes,</p> <p>a) Funds debited from the PD account erroneously/ lapsed by the treasury, but claimed by the Company as receivable / its own funds;</p> <p>b) If any funds given by any Government or agencies other than the State Government were lapsed, the details of the same may be detailed;</p> <p>c) Details of the funds raised through loans (with or without government guarantee) and deposited in PD Account; Purpose of the loans and whether the purpose is initiated/completed;</p> <p>d) Whether suitable disclosure on the restrictions or additional permissions required on withdrawing the funds in PD Accounts is included or not;</p> <p>e) The quantitative details of the bills sent for clearing against the PD account balances but not cleared/ returned unpaid as on the reporting date along with age-wise analysis;</p>	<p>The Holding Company has been maintaining Public Deposit Account vide PD DDO Code: 27002403004 and there are no transactions in the PD account during the FY: 2023-24.</p> <p>a) Based on our verification, we have not found any such transactions during the year covered under our audit.</p> <p>b) No funds have been received by APMDC during the year.</p> <p>c) During the year holding company has not deposited any amount in PD Account.</p> <p>d) According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no restrictions or additional permissions required for withdrawing the funds from this account.</p> <p>e) There are no returned/ unpaid bills as on 31-Mar-2024.</p>

6.	Where funds are raised by the Company and the payment of Principal or Interest or both are met by the State Government or its agencies, directly or indirectly, the details and the purpose of these loans may be stated along with the fact whether the funds were utilised for the stated purpose	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, there are no funds which have been raised by the Holding company for which payment of principal or interest or both are met by the State Government or its agencies, directly or indirectly
7.	Whether the land owned by the Company is encroached, under litigation, not put to use or declared surplus. Details may be provided	As per the information and explanations provided by the management, there are no such instances taken place and reported during the year.
8.	Whether the inventory has been taken on the basis of physical verification after adjustment of shortage/ excess found and whether due consideration has been given for deterioration/ obsolescence in the quality which may result into overvaluation of stock?	Reference is invited to Para 13 of the Basis of Qualified Opinion in the Audit Report.
9.	Whether the cost incurred on abandoned projects has been written off?	We draw attention to Note 57, where corporation has made doubtful provision of Rs.23.94 Cr for the Upfront Fee regarding Madanpur South Coal Mine written off during FY 2022-23
10.	Cases of wrong accounting of interest earned on account of non-utilization of amounts received for certain projects/schemes may be reported.	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, the Holding company has not received any amounts for projects/schemes.
11.	Whether the bifurcation plan (between Andhra Pradesh & Telangana States), if any, for the Company is finalized and approved; Whether the accounting treatment as per the plan and the suitable detailed disclosures are given. Deviations may be stated.	We have Qualified our report for want of information and records. Accordingly on account of the reasons as stated in Basis for Qualified Opinion para 1, we are unable to comment upon the same  We also draw attention to Note 48 in the accompanying Consolidated financial Statements.
12.	Whether the company has taken adequate measures to reduce the adverse effect on environment as per established norms and taken up adequate measures for the relief and rehabilitation of displaced people.	We are unable to comment upon the same as we have not visited the mine. As per the representation provided by the management of the Holding company, they are in compliance with stipulated norms

13.	Whether the Company had obtained the requisite statutory compliances that was required under mining and environmental rules and regulations?	According to the information and explanations given to us and on the basis of our examination of the records of the Holding company, the Holding Company has obtained the requisite statutory compliances that was required under mining and environmental rules and regulations.
14	Whether overburden removal from mines and backfilling of mines are commensurate with the mining activity?	Reference is invited to Para 14 & 15 of the Basis of Qualified Opinion in the Audit Report.
15.	Whether the Company has disbanded and discontinued mines, if so, the payment of corresponding dead rent there against may be verified	According to the information and explanations given to us and on perusal of the mining plans submitted to us, the Holding company has not disbanded or discontinued any mines during the year.
16	Whether the Company's financial statements had properly accounted for the effect of Rehabilitation Activity and Mine Closure Plan?	Reference is invited to Para 14, 16 & 17 of the Basis of Qualified Opinion in the Audit Report.

### **Annexure - B to the Independent Auditors' Report**

(Referred to in paragraph 2(h) under 'Reports on Other Legal and Regulatory Requirements' section of our report of even date to the members of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") on the Consolidated financial statements for the year ended March 31, 2024)

#### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We were engaged to audit the internal financial controls over financial reporting of The Andhra Pradesh Mineral Development Corporation Limited ("the Holding Company") and its subsidiaries (the Holding company and its subsidiaries referred to as "The Group"), its associates and jointly controlled entities as of March 31, 2024 in conjunction with our audit of the Consolidated financial statements of the Group for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Company included in the Group are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Holding Company, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting with reference to these Consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls over financial reporting with reference to these Consolidated financial statements.

### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records, that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Disclaimer of Opinion:

According to the information and explanations given to us, the Holding Company has not established its internal control over financial reporting on criteria based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial controls over financial reporting issued by the Institute of Chartered Accountants of India. As a result, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal control over financial reporting and whether such internal control was operating effectively as on 31<sup>st</sup> March, 2024.

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of Consolidated Financial Statements of the company, and the disclaimer does not affect our opinion on the Consolidated Financial Statements of the Company.

## Notes to the consolidated financial statements

### 1. Corporate Information

The Andhra Pradesh Mineral Development Corporation Ltd ("The Company") and its subsidiaries (collectively referred to as "The Group") are principally engaged in development of mineral resources and promotion of mineral-based industries in India including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products.

### 2. Significant accounting policies

#### a. Statement of compliance

These consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair values/ amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### b. Basis of consolidation

The consolidated financial statements ("CFS") relate to Andhra Pradesh Mineral Development Corporation ("the Company") and its subsidiary companies (the Company and its subsidiaries collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

- I. The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses, in accordance with Indian accounting standard 11D - "Consolidated Financial Statements".
- II. In the case of investment in subsidiaries, where the Company's shareholding is less than 100%, non-controlling interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.
- III. An associate is an entity over which the group is in a position to exercise significant influence over operating and financial policies.
- IV. A Joint arrangement is an arrangement of which two or more parties have joint control. Joint control is considered when there is contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Investments in joint arrangements are classified as either joint operations or joint venture. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

- V. Investment in associates/joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.
- VI. The difference between the cost of investment in the subsidiaries, joint ventures, and associates and the Company's share of net assets at the time of acquisition of shares in the subsidiaries, joint ventures and associates is recognized in the financial statements as goodwill or capital reserve as the case may be.

**c. Functional and presentation currency**

The consolidated financial statements are presented in Indian rupees, which is also the functional currency for all its operations. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless stated otherwise.

**d. Use of Judgements, estimates and assumptions**

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

**Judgements**

In the process of applying the group accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

### **Formulation of accounting policies**

Accounting policies are formulated in a manner that result in consolidated financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind As that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the group;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e. free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The group operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of Property, Plant and Equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

### **e. Current and non-current classification**

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the group's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the group's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The group has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable.

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the group has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except for Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect taxes, service taxes and Goods and Service Tax.

**iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

**iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

**g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the property, plant and equipment are ready for use, as intended by the management. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in schedule II of the Companies Act, 2013 on written down value basis. except for certain assets where the useful life is determined by technical assessment / Group's past experiences. Assets acquired under finance lease and lease hold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Decommissioning assets is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

**h. Intangible assets**

Intangible assets are measured on initial recognition at cost including all directly attributable cost (net of recoverable taxes, if any). They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining exploration and evaluation and development assets, which are amortised using a unit-of-production method based on the data available with the group as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

**i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to statement of profit and loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the group at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in subsidiary, associates and joint ventures are measured at cost as per Ind AS 27 – Separate financial statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 15,00,000 MTs from financial year 2023-24 onwards and the remaining stock is considered without value (Refer note no. 54).

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**Post-employment obligation**

The Group operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

**Defined benefit plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government Bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

**Defined Contribution Plan**

Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Group recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

**n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to

apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in statement of profit and loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred.

As per the mine closure guidelines issued by the department of mines and geology, Government of Andhra Pradesh on 27th Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3.00 Lakh per hectare for category A mines and Rs. 2.00 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

In the case of Barytes, mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

**r. Leases**

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the group recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Group does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the group takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Group becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### **Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

##### **i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

##### **ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

##### **iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the group may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency. Debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

##### **iv. De-recognition of financial assets**

The group de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The group de-recognizes financial liabilities when and only when, the group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in Statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional Items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the group is such that its disclosure improves the understanding of the performance of the group, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and Evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed. Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the group will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the group.

The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management. Amortization of exploration intangible assets commences in the year when commercial operations begin. The amortization expense is then calculated using the unit of production method, which allocates the cost of the exploration intangible assets based on the ratio of the current period's production to the total estimated reserves as per the approved mining plan.

**ab. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 2.00% of the previous year turnover of the company.

Nature and purpose of reserves	
General reserve	
General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.	
Reserve for bad and doubtful debts	
Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.	
Retained earnings	
Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

**37. Contingent liabilities and commitments**

(To the extent not provided for)

All the amounts are in Rs. lakhs, unless otherwise stated

Sl.no	Particulars	As at 31.03.2024	As at 31.03.2023
A	<b>Claims against the company not acknowledged as debts consisting of :</b>		
i	Against the cases pending with money suits and arbitration.	10,702	10,547
ii	Demand raised by Income tax authorities which has been disputed and pending before appellate authorities.	50,418	50,418
iii	Capital commitment towards Chimakurthy black galaxy granite project- land towards consideration of land measuring to 266.86 acres for patta land at Chimakurthy belonging to animal husbandry department, Govt. of Andhra Pradesh, for which final value has not yet been determined, pending at appropriate authorities.	622	622
iv	Dispute towards reimbursement of Service Tax, Collected from Barytes Buyers of Mangampet during the year 2007-08 & 2008-09 towards payment to excavation contractor on submission of proof of payment of service tax	600	600
v	The Corporation is contributing MRTU Fund as per G.O.RT No.237, dt.29-03-1997 and as per the GO, the Corporation has to contribute 10% of sales turnover every year. Since in 1997-98, the income tax authorities disallowed this amount. The Government created a trust and the Corporation contributed Rs.100 crores from the financial year 2013-14 onwards as the tax benefit available to the Corporation is very meagre.		
	The Government of Andhra Pradesh vide G.O.Ms.No.18, dt.13-01-2016 issued a G.O. rechristening of DMRTUF Trust as MERIT and permitted to collect 2% contribution on seigniorage fee from all the minor minerals lease holders in addition to the existing contribution of 10% on sales turnover. The Corporation requested the Government.		

	<p>a. To exempt APMDC from payment of contribution for the years 1998-99 to 2001-02 and 2004-05</p> <p>b. To ratify the action taken viz., lump sum payments towards contribution of Rs.40,00,000/- for the years 2002-03 and 2003-04,2005-06 to 2007-08, @Rs.50,00,000/- for the years 2008-09 and 2009-10, @ Rs.75,00,000/- from the years 2010-11 to 2012-13and Rs.1,00,00,000/- from the year 2013-14 to 2015-16.</p> <p>c. It is mentioned in the G.O. at para 1 that "as per the G.O.237, the APMDC is to contribute 10% of sales turnover for exclusive rights of exploration in certain minerals.</p> <p>d. The Corporation requested to withdraw the G.O.Rt No.237,dt.29-03-1997 from the financial year 2015-16 onwards as it will burden to the Corporation and 10% in addition to the clause for payment of 2% contribution on royalty for all minerals as MERIT is common to all lease holders and for prospecting cum lease holders including the Corporation.</p> <p>e. And to permit to contribute only 2% on seigniorage fee as per the G.O.Ms.No.18, dt.13/1/2016. There is no communication received from the Government.</p>		
	<p>i) Aggregate till end of the previous year</p> <p>ii) For the year(net off payment)</p>	<p>85,765</p> <p>13,228</p>	<p>73,469</p> <p>12,296</p>
Vi	<p>As per the Assessment order issued by the Sales tax / VAT authorities for the years 1998-99 to 2022-23, the total demand raised, deposits made and remining un paid amount.</p> <p>(Details given below)</p>	<p>2,262</p>	<p>2,262</p>

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

Expected credit loss for trade receivables under simplified approach is as under:

Particulars	2023-24	2022-23
Ageing	>12 Months	>12 Months
Gross carrying amount	3,417	3,524
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,417	3,524
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	2023-24	2022-23
Ageing	<12 Months	<12 Months
Gross carrying amount	74,564	37,477
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	74,564	37,477

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

#### i. Commercial risk

##### a. Sale price risk

Particulars	Impact on profit	
	2023-24	2022-23
Selling price increase by 5%		
Barytes & Coal	17,677	9,915
Survey Stones	1,377	409
Selling price decrease by 5%		
Barytes & Coal	(17,627)	(9,915)
Survey Stones	(1,377)	(409)

##### b. Excavation & Transport Charges risk

Particulars	Impact on profit			
	2023-24		2022-23	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(306)	306	(327)	327
Excavation & transport charges for overburden	(1,870)	1,870	(1,883)	1,883
Excavation of Coal & OB Removal	(3,319)	3,319	(1,603)	1,603

#### 40. Management of liquidity risk

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

As at 31st March 2024

Particulars	Contractual cash flows			
	Carrying Amount	Total	Less than 12 months	More than 12 months

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

#### **x. Liability risks**

##### **a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

##### **b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

#### **42. Earnings per share (EPS)**

Particulars	As at 31-03-2024	As at 31-03-2023
Profit after tax before exceptional items	106,119	59,782
Add: exceptional items	-	-
Profit after tax after exceptional items	106,119	59,782
Profit available for equity shareholders	106,119	59,782
Weighted number of equity shares outstanding	63,062	63,062
Nominal Value of equity share in Rs.	1,000	1,000
<b>Basic and diluted earnings per share (In Rupees) – before exceptional item</b>	<b>168,613.73</b>	<b>94,971.37</b>
<b>Basic and diluted earnings per share (In Rupees) – after exceptional item</b>	<b>168,613.73</b>	<b>94,971.37</b>

#### **43. Segment Information**

##### **i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### **ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

##### **iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

#### iv. Secondary segment reporting

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

#### v. Information about major customers

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs.2,36,138 Lakhs derived from four customers(P Y 1,40,544 Lakhs from five customers).

#### vi. Information about product and services

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

##### a. Segment reporting for the financial year 2023-24

Particulars	For the year ended 2023-24			Total
	Mining projects	Sand operations	Unallocated	
<b>Segment revenue</b>

**45. Note on sand operations**

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state for the period from 05-09-2019 to 14-05-2021.
- c. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.
  - i. Finalised the cut-off date for transition of sand operations to new agency
  - ii. Cancelled all pending orders and refunded the amount of cancelled bookings.
  - iii. Handed over sand reaches
  - iv. Transferred balance sand stocks in depots
  - v. Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de-siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency during the previous year. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedures laid down in the Government Order. Further, during the current financial year corporation has paid an amount of Rs.30.54 crores against pending payables recognised in previous years.

**46. The following subsidiaries/associates/joint venture companies are not consolidated for the following reasons:**

<b>Subsidiaries</b>	
<b>Name of the subsidiary</b>	<b>Reason</b>
Ongole iron ore mining company private limited	The company has not commenced the operations due to agreement cancelled by the GOAP and suffers from significant impairment in its ability to transfer the funds to the investor.
Andhra phosphate private limited	The company lease rights were expired and not renewed. Hence it is not carrying on any activity.
APMDC - SCCL Suliari coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Nuagon coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
<b>Associates</b>	
<b>Name of the associate</b>	<b>Reason</b>
Aswani mineral development private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Arham minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Isra minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Margasree granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.

Onigole minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
RLP granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
SRAP minerals private limited	The company has not commenced the operations and became in operative.
AP coastal sand & metals private limited	The lease rights and MOU have been cancelled by the GOAP. Hence the company became in operative.
Andhra Pradesh tribal mining private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
<b>Joint Ventures</b>	
<b>Name of the joint venture</b>	<b>Reason</b>
Andhra baryte corporation private limited	The company has not commenced the operations and non-operative.
Andhra Pradesh iron ore company limited	The company has not commenced the operations and non-operative.
Gimrex AP barytes beneficiation private limited	The company has not commenced the operations and non-operative.
Trimex barite private limited	The company has not commenced the operations and non-operative.
V.V minerals private limited	The joint venture agreement was expired in the financial year 2013 and same has not been renewed by the government. In absence of joint venture agreement as on the date of preparation of CFS, same has not been considered for consolidation.
Alliance Andhra Pradesh black granites private limited	The joint venture agreement was cancelled by the GOAP. Hence the company became in operative.
Pallavared granite private limited	The company's share of losses in joint venture has exceeded its interest in the joint venture. Hence, we have discontinued recognising its share of further losses. The company's interest in the joint venture is the carrying amount of the investment determined using the equity method together with any long term interests that, in substance, form part of the company's net investment in the joint venture.

**47. Deferred tax asset /(liability)**

<b>Total</b>	<b>1,37,231</b>	<b>80,033</b>	<b>57,198</b>

#### **Interim division of funds in current accounts, fixed deposits, sweep accounts**

During the year a Memorandum of Understanding (MOU) has been signed by both the corporations i.e. APMDCL and TSMDCL on 29<sup>th</sup> January, 2024 and as per terms of the MDU, both APMDCL and TSMDCL have decided to de freeze current accounts, fixed deposits and sweep accounts and distribute funds in the population ratio. Accordingly, they have arrived balances in current accounts, fixed deposits and sweep accounts totalling to Rs.1,393.43 crores and same has been distributed in the population ratio i.e. APMDCL @58.32% and TSMDCL @ 41.68%. As per MOU Rs.842.65 crores and Rs.550.78 crores was distributed to APMDCL and TSMDCL respectively, vide Memo No.4354/M.II(1)/2018 dated 30-01-2024 issued by the Industries and commerce (Mines.) Department, Government of Telangana.

#### **50. Loan to Andhra Pradesh State Fiber Net limited (AP5FL)**

Corporation has received a Government order (GO) from Energy, Infrastructure & Investment (Airports) Department vide G.O.RI.No.161 dated 22-11-2016 to give an interest free loan of Rs 100.00 crores to AP State Fibernet Limited (AP5FL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan.

Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.Out of thesanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **51. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment. Confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **52. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day-to-day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC.

It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

#### **53. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.12.00 crores till 31-03-2021.

However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.12.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

#### **54. Non valuation of inventory**

##### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and due to further rise demands for C+D+W Grade of barytes and also considering the current orders in hand as on balance sheet date 2022-23, closing stock is considered for 12,00,000 MTs from existing 8,00,000 MT's. Further, considering current orders and market demand the current orders in hand closing stock is considered for 15,00,000 MTs from existing 12,00,000 MT's and the remaining stock (62.34 lakhs MTs) is considered without value.

##### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs.72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT's every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company. During the financial year 2019-20, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s. Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.03.2024 is 1.56 lakh MT's (including 501 MTs of Grade – 1) which the company has not valued.

##### **c. Inventory of survey stones**

Production of survey stones at Ballikurava unit has been stopped during the year and O&M contract has not been renewed due to uncertainty on continuity of operations. Closing stock of survey stones of 9,458 are available as on 31.03.2024. However, in view of uncertainty in continuing future operations, management has decided to impair the plant and machinery. Further, there is no realisable value to the stock. Hence, no value has been considered for the closing stock of 9,458 stones as on 31-03-2024.

## 55. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
<b>Total</b>		<b>1,842.91</b>

## 56. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSFSC)

Company has received a letter from APSFSC with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSFSC.

Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 and 250.00 crores during the financial year 2022-23 totalling to Rs.555.00 crores till 31-03-2024 for which deposit certificates have been obtained from the APSFSC. APMDCL has received interest regularly till 31-03-2024 and during the year APMDCL has not withdrawn any amounts deposited with the APSFSC and confirmation of balance has been obtained.

## 57. Note on Survey Stones

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Accordingly issued a government memo No.INC01-MG/10/2022-M-III DATED 02.09.2022 and GO.Ms.No:33 dated 30.05.2023 entrusted APMDCL with the responsibility of procurement and supply of survey stones to meet the requirement of SS & LR department for the prestigious programme (YSR Jagananna Shaswata Bhu Hakku mariyu Bhu Raksha Pathakam) and fixed prices for various activities i.e. Production and transportation of survey stones along with service charge of 7% of the value of survey stones supplied.

Accordingly, software application has been developed through an outside agency to track all activities connected with supply, transportation and delivery of survey stones to the designated places provided by the SS&LR department from time to time. Further necessary tax invoices have been raised on the SS&LR department for the survey stones supplied with mark up of 7% as per the GO and revenue has been recognised accordingly.

## **58. Termination of Coal Mine Development & production Agreement (CMDPA) of Madanpur South Coal Mine.**

Corporation has signed Coal Mine Development and Production Agreement dated 24-08-2016 with the Nominated authority with respect to Madanpur south coal block under the regime of CMSP Act, 2015. Corporation has approached Government of Chhattisgarh for implementation of project. However, State Government authorities have expressed that the State Government is contemplating an extension of the Lemru Elephant Corridor, which would encompass the mining lease area of the Madanpur South coal mine. Therefore, corporation might not obtain the clearance to operate the coal mine. Same has been brought to the notice of Nominated authority vide letter dated 15-10-2020.

Further, Government of Chhattisgarh vide Gazette notification dated 22-10-2021 notified the areas falling within the Lemru elephant corridor and intimated the nominated authority through letter dated 20-12-2022 and affirmed that the Madanpur South Coal Block falls within the Lemru Elephant Corridor and therefore mining activities in the said area is prohibited and unlawful.

In view of this, corporation surrendered the coal mine and requested for return of the Performance Guarantee submitted to the Nominated authority with respect to Madanpur south coal block vide letter dated August 22, 2022 and accordingly, nominated authority has terminated the Coal Mine Development and Production Agreement (CMDPA) dated 24-08-2016 vide its letter reference F.No.103/9/2016-NA, dated February 06, 2024 and returned the Performance Bank Guarantee. Hence, amount capitalised previously on this project has been charged to revenue during the previous year. During the year doubtful provision has been made for an amount of Rs.2,394 lakhs paid to Nominated authority, Ministry of Coal towards upfront fee.

## **59. Joint ventures**

Corporation has executed Joint venture agreements for development of black galaxy granite deposits in prakasam district from time to time and as per agreement terms following associate is incorporated and free ride equity shares were allotted and details of same is as under.

Sl.no	Name of the associate	No of shares allotted	% of holding	Nature of shares
1	Shambhavi Stones AP Private limited	13,00,000	26%	Equity

The above equity shares were allotted as free ride equity shares as per respective joint venture agreements executed by the corporation with the agencies. Further, transactions with these parties are mentioned in the relative section of related party transactions – note 44.

## **60. Leases (Ind AS 116)**

#### 65. Non adoption of previous year financials at the general meeting by the Members

The financial statements of the company for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March 2020, 31<sup>st</sup> March 2021, 31<sup>st</sup> March 2022 and 31<sup>st</sup> March, 2023 are considered but not adopted by the members of the company at the adjourned annual general meetings held 17<sup>th</sup> September, 2022, 16<sup>th</sup> November, 2022, 22<sup>nd</sup> August, 2023, 10<sup>th</sup> October 2023, 22<sup>nd</sup> November 2023 and 20<sup>th</sup> January, 2025 respectively, due to non-completion of supplementary audit by the Comptroller and Audit General of India (C&AG).

Pending completion of supplementary audit by the Comptroller and Audit General of India (C & AG), for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March, 2020, 31<sup>st</sup> March 2021, 31<sup>st</sup> March 2022 and 31<sup>st</sup> March, 2023, the board of directors of the company in their meeting held on 5<sup>th</sup> February, 2025 approved the financial statements for the year ending 31<sup>st</sup> March, 2024.

In view of this, the reported amounts as on 31<sup>st</sup> March, 2024 may undergo change, based on the final comments of the Comptroller and Audit General of India (C & AG) if any for the year ended 31<sup>st</sup> March, 2018, 31<sup>st</sup> March, 2019, 31<sup>st</sup> March, 2020, 31<sup>st</sup> March 2021, 31<sup>st</sup> March 2022 and 31<sup>st</sup> March, 2023. Necessary adjustments if any will be made in subsequent years.

#### **66. Payment of dividend**

During the year company has paid an interim dividend of Rs.400.00 crores for the financial year 2022-23 and Rs.900.00 crores for the financial year 2023-24.

#### **67. Additional Regulatory Disclosures.**

- a. There are no proceedings initiated or pending against the company for holding any benami property under Benami transaction (Prohibitions) Act, 1988 (45 of 1988) and the rules made thereunder.
- b. The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- c. The company has not been declared a willful defaulter by any bank or financial institutions.
- d. The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall :
  - i. Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or
  - ii. provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- e. The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall :
  - i. Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party(Ultimate Beneficiaries) or
  - ii. provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- f. There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income tax Act, 1961, that has not been recorded in books of accounts.

- g. The company have been sanctioned borrowings/ facilities from banks on the basis of security of current assets. The quarterly stock statements filed by the company with the banks/ financial institutions are in agreement with the books of accounts.
- h. The company uses accounting software for maintaining books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software.
- i. Corporation has not traded or invested in any Crypto currency or Virtual Currency during the financial year.

#### **68. Note on consolidation of following joint ventures/associates**

- a. The financial statements of Samyuktha Granite Private Limited, Naandhi Granites India Private Limited, and Shambhavi Stones AP Private Limited are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention and applicable accounting standards as prescribed under Section 133 of the Companies Act, 2023 ("Act"). These financial statements have been considered for consolidation, as the management has conducted an impact analysis of the differences between IGAAP and IND AS. Since the differences are immaterial, the holding company's management has incorporated the share of loss from the three joint ventures, amounting to Rs. 76 lakhs, into the consolidation.
- b. During the financial year 2023-24 Samyuktha granite private limited has restated its financial statement for the previous year (2022-23). As a result of the restatement, corporation has restated the consolidated financial statement of the previous year. Due to this, the total share of profit of the joint venture/associates are reduced by Rs. 50 lakhs and corresponding reduction in investments in previous year.

#### **69. Note on Andhra Pradesh Sand Corporation Limited (APSCL)**

The state Government has issued a G.O and incorporated Andhra Pradesh Sand Corporation Limited (APSCL) CIN: U14100AP2020SGC115366 on 17-08-2020 to take up the sand operations in the state of Andhra Pradesh with paid up capital of Rs.2.00 crores. However, corporation neither contributed to any capital nor advanced any money to the APSCL in any form. Since, there are no transactions between the organisation and Andhra Pradesh Sand Corporation Limited no investments are recorded in books.

#### **70. General**

- a. Some of the balances appearing under trade receivables, trade payables, advances, security deposits, unknown receipts, other payables and deposits with various Government Authorities are subject to confirmations, subsequent reconciliations and consequential adjustment required if any.
- b. Amounts incurred towards power, fuel charges and excavation and transportation charges for run of mine and overburden have been reported separately in respective note no's 33 and 34 for better presentation purposes.

- c. Figures of the previous year have been regrouped/rearranged wherever considered necessary, so as to confirm to the classification of the current year.
- d. All amounts have been reported in Rs. In lakhs unless otherwise stated/mentioned, except for the share data and earnings per share (EPS). Further, Rs. {0} mentioned in the financial statements represents value less than Rs.0.50 lakhs

## INDEPENDENT AUDITOR'S REPORT

To  
The Members of  
**The Andhra Pradesh Mineral Development Corporation Limited**

### **Report on the Audit of Standalone Financial Statements (Special Purpose Interim Financial Statements)**

#### **Qualified Opinion:**

We have audited the accompanying Standalone Financial Statements (Special Purpose Interim Financial Statements) of **The Andhra Pradesh Mineral Development Corporation Limited** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> December 2024 and containing comparative figures as at 31<sup>st</sup> March 2024, the Statement of Profit and Loss for the 9 months period ended 31<sup>st</sup> December 2024 (including Other Comprehensive Income) and containing comparative figures for year ended 31<sup>st</sup> March 2024, the Statement of Cash Flows for the 9 months period ended 31<sup>st</sup> December 2024 and containing comparative figures for the year ended 31<sup>st</sup> March 2024 and the Statement of Changes in Equity for the 9 months period ended 31<sup>st</sup> December 2024 and containing comparative figures for the year ended 31<sup>st</sup> March 2024 along with notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the *Basis for Qualified Opinion* section of our Report, the aforesaid Financial Statements give the information required by the companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the:

- a) In case of Balance Sheet (Special purpose Interim), of state of affairs of the Company as at 31<sup>st</sup> December 2024,
- b) In case of Statement of Profit and Loss (Special purpose Interim) including Other Comprehensive Income, of profit of the Company for the 9 months period ended 31<sup>st</sup> December 2024,
- c) In case of Statement of Changes in Equity (Special purpose Interim), for the 9 months period ended 31<sup>st</sup> December 2024, and
- d) In case of Statement of Cash Flows (Special purpose Interim), of cash flows for the 9 months period ended 31<sup>st</sup> December 2024.

#### **Basis for Qualified Opinion:**

1. Refer Note 48 of the accompanying Financial Statements, where the company has passed entries for bifurcation as per AP Reorganisation Act, 2014 in the past years except with respect to share capital based on recommendations of the Committee and as per GO issued by Govt of Andhra Pradesh. We are informed that such an exception is based on agreement between both the companies for which no written document was produced for our verification. Consequent to bifurcation, the Company has transferred certain amounts to M/s Telangana State Mineral Development Corporation Limited ("TSMDC") account ledgers which are subject to acceptance and confirmation by TSMDC.

**Head Office** : Vaishnavi Plaza (2<sup>nd</sup> Floor), # 40-6/3-9, Near V. P. Siddhartha Public School, Mogalrajapuram, Vijayawada - 520 010, Andhra Pradesh, INDIA.

**Branch Offices** : • Tenali • Hyderabad • Narasaraopet

The Company has passed entries for Interest Income pertaining to TSMDC based on estimates for which no supporting document was produced. Further, during the years after bifurcation, Income tax of the erstwhile entity was recovered from APMDC Income Tax Refund but no entries were passed in the books, as the complete recovery details are not available. In the absence of information, we are not able to ascertain the impact of the following amounts:

Sl. No	Name of the ledger	Note no	Classification	Rs. lakhs	in Dr/Cr
1	APMDC Telangana Region Advance (Cr)	18	Other Financial liability(non-current)	2,630.94	Cr
2	Vijayawada (bank)	11	Cash and cash equivalents	208.70	Dr

2. In respect of property, plant and equipment, Fixed Asset Register providing details such as Identification Number, Location of the Assets is not available. In the absence of the same, we are unable to comment upon the maintenance of adequate records in respect of Property, Plant and Equipment. Accordingly, we are not able to comment upon the resultant impact of non-availability, non-existence and impairment of Property, Plant and Equipment on the standalone financial statements. Further, Extra shift depreciation as per Sch II is not being provided for equipment(s) which are continuously used in the mining operations.

**3. Non-Conformity with Ind AS 115 - Revenue from Contracts:**

APMDC has neither adopted nor disclosed the 5-step model specified in Ind AS 115 to account Revenue arising from contracts with customers which requires that the Revenue be recognized to an amount that reflects the consideration to which the company expects to be entitled in exchange for transferring goods or services to a customer. Further, Revenue has to be measured at standalone fair value of the consideration received or receivable taking into account contractually defined terms of payment.

**i) Recognition & Measurement - Grade Variance of Coal not adjusted to Revenue:**

As per Ind AS 115, Revenue has to be measured at standalone fair value of the consideration received or receivable taking into account contractually defined terms of payment. However, Grade Variances on account of quality difference in coal as per Clause 6 of Sale Agreement with Adani Power Limited (APL) has not been adjusted to Revenue disclosed in Note 27 of the accompanying Financial Statements, which constitutes a departure from Ind AS 115. Accordingly, Revenue & Profit are overstated by Rs.25.24 Cr (Basic Coal Value).

- ii) Ministry of Coal has declared Seam wise Annual Grade of Coal for the FY: 2024-25. Based on the seam wise estimated production for the year, APMDC has declared the Composite Grade of Coal (Weighted Avg.) for the FY: 2024-25 as **G-7**. The actual quantities of Seam-Wise Coal production may vary from estimates, which could lead to a change in the declared grade of coal and Revenue. The precise effect on Financial Statements, due change in declared Grade of Coal (if any) could not be ascertained, until the completion of FY: 2024-25.

**iii) Measurement – Statutory Levies included in Revenue:**

As per Ind As 115, transaction price “... is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, **excluding** amounts collected on behalf of third parties (for example, some sales taxes).” Revenue disclosed in Note 27 of the accompanying Standalone Financial Statements is inclusive of all Statutory Levies excl. GSTs per Note 2(f) of the Significant Accounting Policies. As, inappropriate accounting policy cannot be rectified by disclosure, measurement of Revenue by incl. Statutory Levies, constitutes a departure from Ind AS 115. Accordingly, Revenue disclosed in Note 27 is overstated by Rs. 464.04 Cr and corresponding overstatement of Rates & Taxes (Note-35 Other Expenses) by Rs. 464.04 Cr for the period of nine months ended 31-Dec-2024.

- iv) We draw attention to Note 58 in the accompanying Financial Statements, where the management has disclosed that, the Sale Agreements with Barytes customers have expired in June-2024 and basing on Government Orders, APMDC has been Invoicing customers on existing rates, until the finalization of new rates. The Revenue disclosed in Note 27 of the accompanying Financial Statements is subject to change based on the finalized sale rate of Barytes. In the absence of adequate information, the resulting effect on the Financial Statements could not be ascertained.

**4. Loss Allowance for Expected Credit Losses / impairment as required under Ind AS 109:**

- a) Corporation has stated in Note No.10 of the accompanying Standalone financial statements that a total amount of Rs.790.36 Cr was outstanding towards unsecured trade receivable being considered good by the Management. In our opinion, receivables those beyond certain period as decided by the board and those disputed in courts (if any) should have been classified under the heads 'significant increase in credit risk' and 'credit impaired' and adequate loss allowance from profit before tax should have recognised for expected credit losses in accordance with Ind AS 109. This resulted in overstatement of profit and overstatement of trade receivables.
- b) Of the Rs.790.36 Cr trade receivables in Note 10, Rs.426 Cr is due from the Survey Settlements & Land Records (SS&LR) Dept., Govt. of Andhra Pradesh, for supply of survey stones by APMDC. These receivables are unsecured and no guarantee is provided by the government. As per Sl. No. 4(d) of G.O.Ms.No.33 dt. 30-May-2023, payment should be made via adjustment bill to APMDC's PD account, but no funds were received in FY 2022-23, FY: 2023-24 or during FY: 2024-25. Management has not provided any expected Credit Losses on the same.
- c) Further, Out of the Rs.790.36 Cr trade receivables in Note 10, Rs. 152.4 Cr is due from Dept., of Mines and Geology, Andhra Pradesh towards sand operations carried on by the company as an agent during FY: 2022-23. These receivables are unsecured and no guarantee is provided by the government. Management has not provided any expected Credit Losses on the same.
- d) Further, Corporation has not provided the list of trade receivables which remain uncollected for more than 3 years and exceeded the limitation period for filing suit in the court, but where no legal case was filed for recovery.
- e) An amount of Rs.45.29 Cr only was kept under 'Reserve for Bad and Doubtful Debts' by the Company as on 31-Dec-2024. We are of the opinion that the Company should create adequate provision for loss allowance from profit before tax (instead of appropriation of after-tax profit as reserve) in accordance with Ind AS 109 for bad and doubtful trade receivables, and other recoverable.

- f) Balance confirmations are not obtained for the Trade receivables disclosed in Note 10 of the accompanying Standalone Financial Statements, and the balances remained unreconciled. Further, corporation has no regular system to maintain ageing analysis of trade receivables. Considering non-confirmation and non-reconciliation, we are not in a position to ascertain and comment on the correctness of the outstanding balances and the resultant impact on the financial statements.
5. There exists long outstanding credit balances towards advances received from customers, trade payables, security deposits payable, EMD Payable Penalty Suspense, Statutory Dues Payable, and Other deposits payable which are disclosed in Note No.18, 20, 23, 24 and 25 of the accompanying Standalone financial statements and remain unpaid and unreconciled. Party wise Ledger has not been maintained. Further, confirmations from Parties are also not available. Even though, Corporation has disclosed an accounting policy for de-recognition of financial liabilities which were discharged, expired or cancelled in accordance with Ind AS 109 in Note 2(x), the same is not being followed / implemented. The precise effect of consequential adjustments upon such confirmations/ reconciliations, if any, on the accounts is not ascertainable but considered to have significant impact on the profit.
6. There exists long outstanding advances given to Govt. Departments, Deposits with Collectors, Security Deposits, amounts recoverable from vendors & customers, which are disclosed in Note No. 5, 6, 8, 12 & 14 of the accompanying Standalone financial statements and remain outstanding and unreconciled. Further, confirmations / Utilization Certificate from Parties are also not available. Even though the corporation has disclosed an accounting policy for de-recognition of financial assets in accordance with Ind AS 109 in Note 2(x), & an accounting policy for impairment as per Ind AS 36 in Note 2(i), the same is not being followed / implemented. The precise effect of consequential adjustments upon such Utilization Certificate / confirmations/ reconciliations, if any, on the accounts is not ascertainable but considered to have significant impact on the profit.
7. Refer Note 38, where the company has disclosed Classification of Financial Instruments as per Ind AS 109 as Amortized Cost & FVTPL. However, Loans and advances given to staff at concessional rate of interest, Trade Receivables, Trade Payables, Other Financial Assets & Other Financial Liabilities are not accounted at fair value and required disclosures have not been made as per Ind AS 109.
8. Note 35 Other expenses does not include Rs 55.65 Cr for the year and Rs 989.93 Cr for previous years totalling to Rs 1,045.58 Cr payable by the company towards contribution to Mineral Exploration Research and Innovation Trust (MERIT), as on reporting date though the company required to contribute 10% of the sales turnover to MERIT, which was formed by State Government (G.O.Ms. No 18 dated 13-Jan-2016) in place of Development of Mineral Resources and Technology Up-gradation Fund (DMRTUF) established in March 1997. Rather, the liability towards the contribution is disclosed as contingent Liability in Note -37 to accounts quoting that Company requested (November 2019) the Government for exemption from contributing 10% of sales turnover and a fixed amount would be contributed. As per the latest information (Feb-2025) no exemption was granted by the State Government / MERIT. Hence suitable provision should have been recognised along with disclosures. Thus, non-recognition of provision resulted in understatement of Other Expenses and Other current liabilities (Note-25) by Rs 1,045.58 Cr each with consequent overstatement of the Profit for the year by the same amount.

9. The Company has been generally filing Income Tax Returns based on Provisional Financials (up to FY:2023-24) without fully complying with the provisions of the Income Tax Act. Refer Note 8, where the Company stated Corporate Tax Receivable amounting to Rs. 245.48 Cr which are pending on account of various disputes at different forums & Refer Note 26, where the company has stated Provision for Income Tax Payable amounting to Rs.144.53 Cr for previous years. The balances are subject to reconciliation and consequential adjustments on outcomes, the impact of which is not ascertainable. Any consequential effect on account of actual tax liability based on the audited financial statements of previous years on Income Tax and Deferred Tax has not been provided for in the books, due to which we are unable to ascertain the resultant impact on the financial statements.

Further, APMDC has recognized Current Tax & Deferred Tax for the period of 9 months ended 31-Dec-2024 in the statement of profit & Loss based on internal assessment. The estimate of Provision for Current Tax & Deferred Tax is subject to change on completion of 12 months period and subsequent completion of Tax Audit u/s 44AB of Income Tax Act based on Audited Financial Statements. The precise effect of consequential adjustments upon such allowances / disallowances on completion of Tax Audit, if any, on the Financial Statements is not ascertainable.

10. The Board of Directors have declared an Interim Dividend of Rs.1,000 Cr during the FY: 2023-24. Further, out of the interim dividend declared, only an amount of Rs. 900 cr. was paid, leaving a balance of Rs. 100 Cr which has not been deposited in a separate bank account as required under provision of Sec 124 of the Companies Act, 2013.
11. The company is required to disclose Contingent Liabilities as per Ind AS 37. The best estimate of contingent liabilities is disclosed in Note 37 to the accompanying Standalone Financial statements for the period ended 31-Dec-2024. The same could not be audited by us, as the company has not provided the related legal litigation files for our clear understanding and verification. Further, the disclosure in Note 37 does not contain details of current status of dispute, management estimate of outcome, accrued interest payout and amount involved for which no provision is made.

Further, the disputed income tax demands as disclosed as at 31-Dec-2024 in Note 37 of the accompanying Standalone Financial Statements is not matching with latest demand outstanding notice for which reconciliation and current status of dispute is not provided. Certain demands are found to be adjusted with income tax refund due, which are stated as receivable under Note 8 (Others – Balance with Statutory Authorities).

## 12. Inventory

- a) Physical Verification of Inventories on 31-Dec-2024 has not been carried on by the Management or by an external agency. Management has arrived at the quantities of closing stock of coal, Barytes & Survey Stones as on 31-Dec-2024 based on the Opening Stock, Production and Dispatch records. In the absence of physical verification of Inventories, the actual quantities as on 31-Dec-2024 may differ from the reported quantities by the management. Therefore, the precise effect due to any consequential variances in the quantities of inventories, cannot be ascertained.
- b) Refer Note 2(i) & Note 53, where company has recognized closing stock for C+D+W Grade of Barytes only for a quantity of 15 lakh MTs as against the actual quantities of 83.3 Lakh MT and considering no value for the remaining stock of 68.3 Lakh MTs (approx.), as management expect this grade not to fetch any value in the market. However, tender for sale of C+D+W Grade barytes has been issued during Feb-2025 and sale prices were fixed at Rs.1,188/- per MT. Therefore, the estimate of the management that the C+D+W grade material has no market value is not appropriate and not in line with Ind AS 2 - resulting in undervaluation of Inventory to an extent of Rs. 635 Cr. approx. (68.3 Lakh MT @ Rs.929.25 / MT – Wt. Avg. Cost of C+D+W as on 31-Dec-2024).

13. The total Mine Closure Cost for Suliari Coal Mine as per the Mining Plan is Rs.526.6 Cr to be incurred over a period of 26 years & the company recognized Decommissioning Asset & corresponding Provision for Decommissioning based on Mine Closure guidelines of Ministry of Coal for Total Mine Closure (Refer Note 2(p)). However, as per Clause 16.2(b) read with Clause 7.6 of the agreement between APMDC & M/s Adani Enterprises Limited (AEL), Mining Fee payable to AEL shall also include costs incurred towards "Progressive Mine Closure activities" and therefore, no additional cost is to be incurred by APMDC towards Progressive Mine Closure activities. In the absence of adequate information relating to Total Mine closure cost apportionment between AEL & APMDC, we were unable to ascertain the adequacy and extent of Decommissioning Asset (Note 3.3) & Provision for Decommissioning (Note 19) recognised in the Standalone Financial Statements and their corresponding accumulated depreciation & Unwinding Costs debited to Profit & Loss for the 9 months period ended 31-Dec-2024. The precise effect due to the consequent distribution of Mine Closure costs between AEL & APMDC could not be ascertained.
14. We draw your attention to Note 34, where the company expensed Rs. 306 Cr towards Removal of Overburden in Barytes (Mangampet Mine) achieving Stripping Ratio of 3.01, as against 1.78 Stripping Ratio as per Mining Plan. The management has represented that, the significant increase in OB Removal in Mangampet Mine during the year is on account of OB removed in the adjacent Dolomite Mine, which is not included in computation of Stripping ratio of the Barytes Mining Plan. The expenses incurred for OB removal of Dolomite mine is required to be considered as Development expenditure and is required to be capitalized as per Accounting Policy disclosed in Note 2(aa). The OB Excavation expenses of Rs. 306 Cr is not allocated / apportioned between Barytes & Dolomite Mine and is charged entirely to Revenue for the 9 months period ended 31-Dec-2024. In the absence of bifurcation of the OB excavation expenditure between Barytes & Dolomite Mine, we are unable to ascertain the impact on profit & Loss account. Accordingly, the accounting policy selected and adopted by the company for accounting Overburden removal costs is not in line with Para 10, 11 & 12 of Ind AS 8.
15. Refer Note 34, where company has disclosed Excavation of Coal & Overburden of Suliari Mine of Rs. 541 Cr. for the 9 months period ended on 31-Dec-2024. Adjustments to the Mining Fees on account of Short / Excess OB removal & Annual Reconciliations as per terms of the agreement with Mine Development Operator (MDO) are yet to be carried out for FY: 2021-22, FY: 2022-23, FY: 2023-24 & for the current period of 9 months ended 31-Dec-2024. The precise effect of these adjustments (if any) on the Excavation Charges disclosed in Note 34 of the Financial Statements could not be ascertained, in the absence of information.

Further, the payments for Excavation of Coal & Overburden Charges are being made based on the effective Mining Fee applicable on date of sale to customers by APMDC instead of Mining Fee applicable on the date of Production of Coal by MDO, which is not in line with the agreement terms. In the absence of adequate information, the precise effect on the Financial Statements could not be ascertained.

Further, APMDC has not adopted any policy on accounting for Shortfall / excess Overburden removal during the year as compared the Overburden Removal as per the Stripping Ratio of the Mining Plan, which is not in line with Para 10, 11 & 12 of Ind AS 8. The precise effect on the Financial Statements could not be ascertained in the absence of information.

16. Note 14 (Other Current Assets) of the accompanying Standalone financial statements primarily comprises of GST Input Tax Credit (ITC) receivables representing accumulation of ITC due to inverted duty structure & RCM applicable on royalty. Management estimates to utilize this accumulated ITC in future for payment of Output GST based on various factors such as volume increase and price revisions, change in business operation model (i.e., departmental capabilities in place of outsourcing), changes in output GST Rate, diversification of business etc., However, the scale and magnitude of GST ITC accumulation by the company in recent years is significant (Rs. 374 Cr as on 31-Dec-2024 as compared to Rs.256 Cr as on 31-Mar-2024 & Rs. 120 Cr as on 31-Mar-2023). With the company not having any departmental operations and the fact that, the entirety of the mining operations outsourced, the anticipated use of the GST ITC by the management may not align with the estimates, potentially necessitating write-offs which can have a substantial impact on the profit.
17. As per Para 13 of Ind AS 8, an entity shall select and apply its accounting policies consistently for similar transactions & it shall be selected and applied consistently to each category. The Company has not adopted any Accounting Policy in respect of treatment for R&R Costs.
- a) In respect of Mangampet mine, the R&R costs incurred at the inception of the project is not found as an asset, as the same is charged to revenue as and when incurred. However, R&R Costs of Rs. 445 Cr were capitalized as Mining Assets during FY: 2023-24 and amortized over the remaining life of the mine (5 Years). Further, justification for incurring R&R costs when the mine is nearing closure is not available.
  - b) In respect of Suliyari Mine, the entire R&R Costs and Mine Development Costs are capitalized as Mining Infrastructure Assets as and when incurred, which is in contrary to the accounting for R&R costs adopted for Mangampet Mine.

As the Company has neither adopted & disclosed the accounting Policy nor applied the accounting treatment for these costs consistently in respect of R&R Costs, the same is not in line with Para 10, 11, 12 & 13 of Ind As 8. The precise effect of consequential adjustments on the Standalone Financial Statements on adoption of the accounting policy by the company is not ascertainable.

**18. Suliyari Coal project, Madhya Pradesh:**

- a) The company has outsourced the entire Mine Development & Operations of Suliyari Coal Mine, Madhya Pradesh to "Adani Enterprises Limited" (MDO) & around 67% of coal produced during the period ended 31-Dec-2024 is sold to "Adani Power Limited" (APL) vide a coal supply agreement for 5 years. During the period of 9 months ended 31-Dec-2024, the average sale rate of coal to APL is significantly lower compared to the avg. sale rate to other parties, resulting in forgone potential revenue of Rs. 219 Cr. The documentation along with justification of awarding the Mine Production & Sale agreements to parties related to each other are not on record.
- b) Further, Liquidated Damages / Compensation / Penalties for delay in commencement of Coal production as per the terms of the agreement are not levied on AEL by APMDC. Further, no waiver by competent authority is available on record.
- c) Additionally, Interest bearing Performance Security Deposit (PSD) of Rs.250 Cr is taken from Adani Power Limited (APL) by APMDC instead of a Bank Guarantee. Justification of the management in accepting Interest bearing PSD instead of Interest free Bank Guarantee cannot be ascertained.

- d) An amount of Rs. 1,727 Cr was capitalized towards R&R and Mine Development Costs of Suliari Coal Mine as on 31-Dec-2024. As the records relating to the costs incurred during the previous years are not available, we are unable to comment on the appropriateness of the R&R and Mine Development Costs capitalized in previous years.

In the absence of any effective documented Risk Management Policy by the company, we are unable to ascertain the corresponding effect on the Standalone financial Statements and operations of the Suliari Mine, due to potential Risks (if any) involved in the aforesaid matters.

19. Corporation has not obtained confirmation of MSME classification from vendors and hence, bifurcation of trade payables to MSME and others is not disclosed as required under Schedule III of Companies Act. Further, the ageing of Trade Payables, Trade Receivables & Capital Work in Progress, Cost & Time Overrun of CWIP is not disclosed as required under Schedule III of Companies Act, 2013.

**20. Interest Free Loan to Andhra Pradesh State Fiber Net Limited (APSFL):**

The Company has released an interest free unsecured loan of Rs. 100 Cr during the financial year 2017-18 and 2018-19 to M/s Andhra Pradesh State Fiber Net Limited ("APSFL"). The loan is repayable in 4 yearly instalments starting from FY: 2018-19 and ending in FY: 2021-22. APSFL has not repaid the instalments due in FY 2018-19, FY 2019-20, FY 2020-21 & FY 2021-22 as per terms of the agreement till date. The said loan is unsecured and not backed up by any government guarantee.

The management has not provided for impairment on the loan amount as it is confident of the recovery of the loan. In the absence of Audited Financial Statements of APSFL from FY 2017-18 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of APSFL, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements. Further, the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognized in the books as the loan agreement was not clear on purpose of issuance of interest free unsecured loan.

**21. Loan to Machilipatnam Urban Development Authority (MUDA):**

The Company has released unsecured loan of Rs. 200 Cr. to M/s Machilipatnam Urban Development Authority ("MUDA") on 01-Nov-2018 bearing interest at 8% per annum and repayable in 45 days. Despite multiple requests for repayment by APMDC, both the principal and the outstanding interest remain unpaid as on date. The said loan is an unsecured loan and is not backed by any government guarantee.

Additionally, APMDC received G.O.Ms. No. 32 dated 14-Mar-2024 to Waive off Rs.7.07 Cr of principal amount and corresponding interest that is recognised in the books of account. The Company has not written off / impaired the Loan. Further, in the absence of Audited Financial Statements of MUDA from FY 2018-19 and subsequent years and other supportive audit evidence substantiating the credit worthiness/Repayment capability of MUDA, we are unable to comment upon its impairment/recoverability and consequential impact on the Standalone Financial statements.

Further, the management has not provided for impairment on the loan amount as it is confident of the recovery of the loan, but on the other hand management has not recognized Interest Income amounting to Rs. 96.74 Cr for the period of 2207 days from 16.12.2018 to 31.12.2024 (excl. penal interest leviable under Clause 4 of loan agreement), on the basis of the accounting policy stating that Interest Income on irregular / overdue advances are recognized on realization basis. Thus, the practice of the Company to defer the recognition of interest accrued on loan referring to its accounting policy disclosed at 2(f)(iv) to recognise interest income on irregular / overdue advances on realisation basis is not justified and appropriate to that extent since neither uncertainty in realisation of the said loan was justified nor carrying amount of loan was impaired. As, inappropriate accounting policy cannot be rectified by disclosure. Deviation from accrual basis of accounting results in understatement of Other Income and Loans by Rs. 96.74 Cr each with understatement of Profit by the same amount.

22. Refer Note 28 - Other Income to the accompanying financial statements, where the corporation has recognized Penalty income of Rs. 83.55 Crores (Penalty on ROM – Rs. 37.03 Cr & Penalty on Buyers – 46.52 Cr), arising from short production of coal by Mine Development Operator (MDO) & Penalty on short lifting of coal by Customers relating to FY 2022-23 and FY: 2023-24. The basis for calculation of this Penalty income has not been provided. Further, any corresponding penalties payable by APMDC for short despatch to customers & short lifting of coal produced by MDO was neither paid nor recognized as provision in the books of account. The same is not disclosed as an Exceptional Item in the statement of Profit & Loss & no restatement of the previous year Financial Statements has been carried out even though it exceeds the limit adopted by the company in Note 2(ab). Due to non-availability of the supporting records, we are not able to ascertain and comment on the correctness of the Income recognised under the head Penalty for the period of 9 months ended 31-Dec-2024.

23. APMDC has secured a term loan from SBI at an initial interest rate of 7.20% to fund the Capex of the Suliari Coal Mine. Subsequently, on 13-Oct-2021, it received an interest-bearing Performance Security Deposit (PSD) from Adani Power Limited (APL) at an initial interest rate of 9%, payable to APL on a quarterly basis. The decision to accept an interest-bearing PSD from APL instead of a cost-free bank guarantee lacks commercial justification.

Furthermore, APMDC has invested Rs. 555 Cr. in Inter-Corporate Deposits (ICDs) of Andhra Pradesh State Financial Services Corporation (APSFSC), earning an initial interest rate of 5% per annum. These ICDs are redeemable with a 21-day notice. The investment was made using Rs. 250 Cr. from the interest-bearing PSD received from APL, along with other bank balances of APMDC. This has resulted in APMDC borrowing at higher interest rates (Term Loans & PSD) while investing in ICDs at lower interest rates, leading to a revenue loss for the Corporation.

The financial rationale behind the management's decision to continue holding these ICDs, despite their redeemability within 21 days, and not utilizing the funds to repay borrowings remains unclear. The total revenue loss to APMDC from inception could not be determined due to the fluctuating nature of interest rates on these borrowings.

24. APMDC has employed maximum of 341 Nos. of Contract employees during April-2024, with a monthly remuneration totaling to Rs. 1.15 Cr during that period and debited Rs. 6.7 Cr for the period of 9 months period ended 31-Dec-2024 to the statement of profit & loss.

On comparison with Dec-2024, the No. of Contract Employees substantially dropped to 74 Nos. from 341 Nos. and the monthly remuneration to Rs.0.5 Cr from Rs. 1.15 Cr. The designations of the contract employees during FY: 2024-25 were DEO or DPO and the Job Descriptions were not specified in the terms of the agreement. Further, we are unable to obtain any explanation and justification of the management for the significant decline in the total no. of contract employees. In the absence of sufficient & adequate information, we are unable to ascertain the existence and accuracy of the Contract Employee Cost of Rs. 6.7 Cr debited to profit & loss for the period of 9 months ended 31-Dec-2024 under Employee Benefit Expenses.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements (Special Purpose Interim) section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

**Emphasis of Matter Paragraph:**

Without qualifying our opinion, we draw attention to the following matters in the Financial Statements:

1. Refer Note No. 2(b), where the company disclosed the purpose of preparation of these Financial Statements (Special Purpose Interim) and the basis of the reporting framework adopted by it. The Financial Statements are prepared for use by the Board of Directors & Investment Bankers for filing Offer Document / Placement Memorandum with SEBI and Other Regulators, in respect of private placement of securities by the company.
2. Refer Note No. 68(e), where the company disclosed that the Financial Statements (Special Purpose Interim) as at and for the 9-month period ended 31<sup>st</sup> December 2024 are prepared in accordance with Ind AS 34 "Interim Financial Reporting", specified under section 133 of the Act and other accounting principles generally accepted in India except for the comparative figures that have not been included in Financial Statements (Special Purpose Interim) as at and for the 9 month period ended 31<sup>st</sup> December 2023 as per the requirements of Ind AS 34, instead the comparative figures for the year ended 31<sup>st</sup> March 2024.
3. Refer Note No. 64, the supplementary Audit of C&AG for the FY: 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, 2022-23 & 2023-24 is yet to be completed and thus, same are yet to be adopted by the members in Annual General Meeting. As the Financial statements along with independent auditors' report of the corporation for the FY: 2023-24 are yet to be adopted by the members in AGM, (company submitted the Audited Financial Statements of FY: 2023-24 to CAG for supplementary Audit on 18-Feb-2025), the comparative figures for previous year 2023-24 which are provided in the financial statements for current period of 9 months are unadopted.
4. Refer Note No. 45, the company has paid an amount of Rs. 0.39 Cr against outstanding balances pertaining to sand operations, which was carried over from the previous year financials on which previous auditors have issued a disclaimer of opinion.

**Information Other than the Financial Statements (Special Purpose Interim Financial Statements) and Auditor's Report Thereon**

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Report on Corporate Governance but does not include the Financial Statements and our Auditor's Report thereon. The Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Report on Corporate Governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

**Management's Responsibility for the Financial Statements (Special Purpose Interim Financial Statements):**

The Management is responsible for the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibility for the Audit of Financial Statements (Special Purpose Interim Financial Statements):**

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimate and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Restriction on Distribution and Use**

These Financial Statements (Special Purpose Interim) have been prepared by the management and this audit report thereon is intended for its inclusion in the Offer Document / Placement Memorandum to be filed with SEBI and other regulators in connection with the private placement of securities by the Board of Directors of the company. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

## Notes forming part of the Financial Statements

### 1. Corporate Information

The Andhra Pradesh Mineral Development Corporation Ltd., was incorporated on 24th Feb., 1961 as a wholly owned undertaking of the Government of Andhra Pradesh for the development of mineral resources and promotion of mineral based industries in Andhra Pradesh including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products. The administrative office of the company is situated at 294/1D, 100 ft road, Kanuru Village, Penamalluru Mandal, Vijayawada, Andhra Pradesh-521137

### 2. Significant Accounting Policies

#### a. Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendment Rules, 2020 and relevant provisions of the Companies Act, 2013

#### b. Basis of preparation of financial statements and compliance with Indian Accounting Standards ("Ind AS")

The financial statements for the period from April 1, 2024, to December 31, 2024, comprise the Balance Sheet as at December 31, 2024; the Statement of Profit and Loss (including Other Comprehensive Income); the Statement of Cash Flows; the Statement of Changes in Equity for the period then ended, and a summary of significant accounting policies and other explanatory information (together hereinafter referred to as "Financial Statements"). These financial statements are prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 (Ind AS 34), as specified under Section 133 of the Companies Act, 2013 (the "Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other recognized accounting principles and policies generally accepted in India. However, they do not include certain presentation and disclosure requirements prescribed under Ind AS 34, such as certain explanatory information and comparative financial information. Accordingly, the financial statements have been prepared using a framework by the management of the Company for use by the Board of Directors and investment bankers for the purpose of private placement of securities.

#### c. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The standalone financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless stated otherwise

**d. Use of Judgements, Estimates and Assumptions**

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period.

Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

**Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

**Formulation of accounting Policies**

Accounting policies are formulated in a manner that result in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a.** relevant to the economic decision-making needs of users and
- b.** reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the Company;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e., free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the company has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MER, cess collected on behalf of third parties except Goods and Service Tax.

## **ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect taxes, service taxes and Goods and Service Tax.

## **iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

## **iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis.

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

## **g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the Property, Plant and Equipment are ready for use, as intended by the Management. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013 on written down value basis, except for certain assets where the useful life is determined by technical assessment / Company's past experiences. Assets acquired under finance lease and leasehold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Decommissioning assets is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

#### **h. Intangible assets**

Intangible assets are measured on initial recognition at cost including all directly attributable cost (net of recoverable taxes, if any). They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining exploration and evaluation and development assets, which are amortised using a unit-of-production method based on the data available with the Company as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining assets are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

**i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the Company at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in Subsidiary, Associates and Joint Ventures are measured at cost as per Ind AS 27 – Separate Financial Statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 15,00,000 MTs from financial year 2023-24 onwards and the remaining stock is considered without value (Refer note no. 53).

#### **m. Employee benefits**

##### **Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

##### **Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

##### **Post-employment obligation**

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees,
- Defined contribution plans such as provident fund

##### **Defined Benefit Plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

#### **Defined contribution plan**

Employee benefits in the form of provident fund, pension fund, superannuation fund and employees state insurance are defined contribution plans. The Company recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

#### **n. Taxes on income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented with in other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in statement of Profit and Loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred. As per the mine closure guidelines issued by the Department of Mines and Geology, Government of Andhra Pradesh on 27<sup>th</sup> Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3 lakh per hectare for category A mines and Rs. 2 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

The company has to maintain stripping ratio as per the mining plan every year. Accordingly, provision has to be made for the shortfall in the quantity of overburden not removed as per the ratio of the mining plan.

In the case of Barytes, mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CODM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

#### **r. Leases**

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the company recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets.

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**x. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### **Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

##### **i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

The losses arising from impairment are recognised in the statement of Profit and Loss. This category generally applies to trade and other receivables.

##### **ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

##### **iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

##### **iv. De-recognition of financial assets**

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

#### **Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company.

The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management. Amortization of exploration intangible assets commences in the year when commercial operations begin. The amortization expense is then calculated using the unit of production method, which allocates the cost of the exploration intangible assets based on the ratio of the current period's production to the total estimated reserves as per the approved mining plan.

**ab. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 2.00% of the previous year turnover of the company.

#### Nature and purpose of reserves

##### General reserve

General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.

##### Reserve for bad and doubtful debts

Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.

##### Retained earnings

Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of creditworthiness and accordingly individual credit limits are defined/ modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	Up to 31-12-2024	2023-24
<b>Ageing</b>	<b>&gt;12 Months</b>	<b>&gt;12 Months</b>

Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	<b>79,037</b>	<b>74,564</b>

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company's exposure to, and the management of these risks is explained below:

**i. Commercial risk**

**a. Sale price risk**

Particulars	Impact on profit	
	Up to 31-12-2024	2023-24
Selling price increase by 5%		
Barytes & Coal	10,894	17,627
Survey Stones	-	1,377
Selling price decrease by 5%		
Barytes & Coal	(10,894)	(17,627)
Survey Stones	-	(1,377)

**b. Excavation & Transport Charges risk**

Particulars	Impact on profit			
	Up to 31-12-2024		2023-24	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense:				
Excavation & transport charges for run of mine	(229)	229	(306)	306
Excavation & transport charges for overburden	(1,531)	1,531	(1,870)	1,870
Excavation of Coal & OB Removal	(2,707)	2,707	(3,319)	3,319

**40. Management of liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

**As at 31st December 2024**

**vii. Significant estimates: Sensitivity analysis**

Discount rate, salary escalation rate and withdrawal rate are significant actuarial assumptions. The change in present value of defined benefit obligation for a change of 100 basis points from the assumed assumption is given below:

**Effect on gratuity valuation**

Particulars	Defined benefit obligation (Rs.in.Lakhs)		[% of change]	
	As at 31-12-2024	As at 31-03-2024	As at 31-12-2024	As at 31-03-2024
Under base scenario	566	684	0.00%	0.00%
Salary escalation - up by 1%	683	702	2.58%	2.65%
Salary escalation - down by 1%	646	664	-2.98%	-2.91%
Withdrawal rates - up by 1%	672	691	0.92%	0.96%
Withdrawal rates - down by 1%	659	677	-1.03%	-1.07%
Discount rates - up by 1%	626	645	-5.96%	-5.73%
Discount rates - down by 1%	711	729	6.80%	6.52%
Mortality rates - up by 10%	667	684	0.05%	0.05%
Mortality rates - down by 10%	666	684	-0.05%	-0.05%

**viii. Effect on leave encashment valuation**

Particulars	Defined benefit obligation (Rs. in. Lakhs)		[% of change]	
	As at 31-12-2024	As at 31-03-2024	As at 31-12-2024	As at 31-03-2024
Under base scenario	663	682	0.00%	0.00%
Salary escalation - up by 1%	691	712	4.20%	4.40%
Salary escalation - down by 1%	637	654	-3.90%	-4.10%
Withdrawal rates - up by 1%	663	682	0.00%	0.00%
Withdrawal rates - down by 1%	663	682	0.00%	0.00%
Discount rates - up by 1%	640	658	-3.50%	-3.50%
Discount rates - down by 1%	688	707	3.80%	3.70%
Mortality rates - up by 10%	663	682	0.00%	0.00%
Mortality rates - down by 10%	663	682	0.00%	0.00%

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

#### **x. Liability risks**

##### **a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

##### **b. Future salary escalation and inflation risk**

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk

#### **42. Earnings per share (EPS)**

Particulars	As at 31-12-2024	As at 31-03-2024
Profit after tax before exceptional items	52,090	106,119
Add. exceptional items	-	-
Profit after tax after exceptional items	52,090	106,119
Profit available for equity shareholders	52,090	106,119
Weighted number of equity shares outstanding	63,062	63,062
Nominal Value of equity share in Rs.	1,000	1,000
Basic and diluted earnings per share (In Rupees) – before exceptional item	82,601.80	168,276.58
Basic and diluted earnings per share (In Rupees) – after exceptional item	82,601.80	168,276.58

#### **43. Segment Information**

##### **I. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### **II. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

##### **iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

iv. Secondary segment reporting

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company.

v. Information about major customers

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs.1,19,528 Lakhs is derived from four customers (P.Y 2,36,138 Lakhs from four customers).

vi. Information about product and services

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

a. Segment reporting for the period from 01-04-2024 to 31-12-2024

Particulars	for the period from 01-04-2024 to 31-12-2024

#### 45. Note on sand operations

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process.
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state for the period from 05-09-2019 to 14-05-2021.
- c. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.
  - i. Finalised the cut-off date for transition of sand operations to new agency
  - ii. Cancelled all pending orders and refunded the amount of cancelled bookings.
  - iii. Handed over sand reaches
  - iv. Transferred balance sand stocks in depots
  - v. Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de-siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency during the previous year. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedures laid down in the Government Order. Further, during the current financial year corporation has paid an amount of Rs.39.07 lakhs against pending payables recognised in previous years.

**46. Deferred tax asset /(liability)**

Particulars	As at 31-12-2024	As at 31-03-2024
<b>Tax effect of items constituting deferred tax assets</b>		
Provision for decommissioning asset	2,526	2,363
Provision for lease liability	0	0
Other provisions	3,438	3,441

<b>Deferred tax asset /(liability) - net</b>	<b>14,683</b>	<b>12,663</b>

**47. CSR Expenditure**

- a. Gross amount required to be spent by the company during the year is Rs 1,331/- (Previous Year Rs 944)
- b. Amount spent during the year

Particulars	Period ended 31-12-2024	Year ended 31-03-2024
Construction/ acquisition of any assets	-	-
Purpose other than above	1,083	3,545

- c. Provision for unspent CSR : Nil
- d. Total of previous year shortfall : Nil
- e. Reason for shortfall : Not applicable
- f. Nature of CSR activities: The corporation undertakes impactful social projects which are in alignment with the areas specified under Schedule VII of the companies Act 2013 of the company takes up CSR projects largely in the projects related to Education, Health & Hygiene, Nutrition, Drinking water, Rural development, Skill Development and Income Generation, Promotion of Sports, Protection of Cultural and Heritage, Flood Relief and Natural Calamities, Environment & Others.
- g. Details of related party transaction: Contribution to a trust controlled by the company in relation to CSR expenditure amounting to Rs. 1,083 lakhs (PY Rs. 3,545 lakhs)
- h. Where a provision is made with respect to a liability incurred by entering a contractual obligation, the movement in the provision during the year/period should be shown separately: Nil

#### 48. Treatment of demerger plan in the Books of accounts

- a. The AP Re-organization Act 2014 has bifurcated the combined Andhra Pradesh state into Andhra Pradesh & Telangana.
- b. Section 53 of the AP Re-organization Act 2014 provides the basis and procedure for distribution of Assets & Liabilities between both the states in respect of head office and location basis for other projects.
- c. In line with the provisions of the Act, the demerger plan for bifurcation of assets & liabilities of APMDC as on 01.06.2014 between APMDC and TSMDC was prepared.
- d. The then Principal Secretary (Ind & Comm.), and Chairman, APMDC (Combined State) addressed letters on 24.10.2014 to all the bank instructing them to freeze the accounts of APMDC as on 01.06.2014 and directed them not to permit any transactions.
- e. The demerger plan was discussed by the boards of APMDC and TSMDC. After detailed deliberations, consensus was arrived between APMDC and TSMDC and the formula for bifurcation was approved.
- f. The demerger plan was subsequently presented before the expert appraisal committee (EAC) constituted for this purpose. The EAC also approved the demerger plan and sent its recommendations to the respective Governments.
- g. As per the demerger plan, the assets & liabilities of APMDC (head office) are to be split between APMDC and TSMDC in the following ratio.
  - APMDC –58.32%
  - TSMDC –41.68%
- h. APMDC has sent demerger plan to the Andhra Pradesh state government and the same has been approved by GOAP vide G.O.Ms.No 19 dated 29.01.2019.
- i. The approval of the Telangana State Government is still pending. VC&MD, APMDC has addressed TSMDC vide Lr. No. APMDC/F&A/Demerger/2019-20/1959 dated 06.11.2019 to take up the issue with the Telangana State Government and complete the pending formalities.

**Distribution of the assets & liabilities of common pool as on 01.06.2014 are given below:**

Equity & liabilities	Common pool	AP	TS
Ratio		58.32%	41.68%
<b>Shareholder's Funds</b>			
Share capital	631	368	263
Reserve & surplus	1,04,281	60,817	43,464
Deferred Govt. grants	-	-	-

#### **Interim division of funds in current accounts, fixed deposits, sweep accounts**

During the financial year 2023-24 a Memorandum of Understanding (MOU) has been signed by both the corporations i.e. APMDCL and TSMDCCL on 29<sup>th</sup> January, 2024 and as per terms of the MOU, both APMDCL and TSMDCCL have decided to de freeze current accounts, fixed deposits and sweep accounts and distribute funds in the population ratio.

Accordingly, they have arrived balances in current accounts, fixed deposits and sweep accounts totalling to Rs 1,393.43 crores and same has been distributed in the population ratio i.e. APMDCL @58.32% and TSMDCCL @ 41.68%. As per MOU Rs.842.65 crores and Rs.550.78 crores was distributed to APMDCL and TSMDCCL respectively, vide Memo No.4354/M.I(1)/2018 dated 30-01-2024 issued by the Industries and commerce (Mines.I) Department, Government of Telangana.

#### **49. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy, Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs.100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017 duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II – Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received form the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan.

Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under:

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **50. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the Loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment. Confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **51. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day-to-day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC.

It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

#### **52. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.12.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.12.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

### **53. Non valuation of inventory**

#### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and due to further rise demands for C+D+W Grade of barytes and also considering the current orders in hand as on balance sheet date 2022-23, closing stock is considered for 12,00,000 MTs from existing 8,00,000 MT's. Further, considering current orders and market demand the current orders in hand closing stock is considered for 15,00,000 MTs from existing 12,00,000 MT's and the remaining stock (68.30 lakhs MTs) is considered without value.

#### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs.72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT's every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company. During the financial year 2019-20, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s.Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.12.2024 is 1.55 lakh MT's (including 61 MTs of Grade – 1) which the company has not valued.

#### c. Inventory of survey stones

Production of survey stones at Ballikurava unit has been stopped during the year and O&M contract has not been renewed due to uncertainty on continuity of operations. Closing stock of survey stones of 9,458 are available as on 31.03.2024. However, in view of uncertainty in continuing future operations, management has decided to impair the plant and machinery. Further, there is no realisable value to the stock. Hence, no value has been considered for the closing stock of 9,458 stones as on 31-12-2024.

#### 54. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Brahmadiha	105.153
Total		1,948.063

#### 55. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSFSCCL)

Company has received a letter from APSFSCCL with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSFSCCL. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 and 250.00 crores during the financial year 2022-23 totalling to Rs.555.00 crores till 31-12-2024 for which deposit certificates have been obtained from the APSFSCCL. APMDCL has received interest regularly till 31-12-2024 and during the period APMDCL has not withdrawn any amounts deposited with the APSFSCCL and confirmation of balance has been obtained.

#### 56. Note on Survey Stones

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Accordingly issued a government memo No.INC01-MG/10/2022-M-III DATED 02.09.2022 and GO.Ms.No:33 dated 30.05.2023 entrusted APMDCL with the responsibility of procurement and supply of survey stones to meet the requirement of SS&LR department for the prestigious programme (YSR Jagananna Shaswata Bhu Hakku mariyu Bhu Raksha Pathakam) and fixed prices for various activities i.e. Production and transportation of survey stones along with service charge of 7% of the value of survey stones supplied.

Accordingly, software application has been developed through an outside agency to track all activities connected with supply, transportation and delivery of survey stones to the designated places provided by the SS&LR department from time to time. Further necessary tax invoices have been raised on the SS&LR department for the survey stones supplied with mark up of 7% as per the GO and revenue has been recognised accordingly.

#### **57.Termination of Coal Mine Development & production Agreement (CMDPA) of Madanpur South Coal Mine.**

Corporation has signed Coal Mine Development and Production Agreement dated 24-08-2016 with the Nominated authority with respect to Madanpur south coal block under the regime of CMSP Act, 2015. Corporation has approached Government of Chhattisgarh for implementation of project. However, State Government authorities have expressed that the State Government is contemplating an extension of the Lemru Elephant Corridor, which would encompass the mining lease area of the Madanpur South coal mine. Therefore, corporation might not obtain the clearance to operate the coal mine. Same has been brought to the notice of Nominated authority vide letter dated 15-10-2020.

Further, Government of Chhattisgarh vide Gazette notification dated 22-10-2021 notified the areas falling within the Lemru elephant corridor and intimated the nominated authority through letter dated 20-12-2022 and affirmed that the Madanpur South Coal Block falls within the Lemru Elephant Corridor and therefore mining activities in the said area is prohibited and unlawful.

In view of this, corporation surrendered the coal mine and requested for return of the Performance Guarantee submitted to the Nominated authority with respect to Madanpur south coal block vide letter dated August 22, 2022 and accordingly, nominated authority has terminated the Coal Mine Development and Production Agreement (CMDPA) dated 24-08-2016 vide its letter reference F.No 103/9/2016-NA, dated February 06, 2024 and returned the Performance Bank Guarantee. Hence, amount capitalised previously on this project has been charged to revenue during the previous year. During the year doubtful provision has been made for an amount of Rs.2,394 lakhs paid to Nominated authority, Ministry of Coal towards upfront fee.

#### **58. Note on sale of barytes**

Pursuant to Letter No. 2481753/A2/M.III/2024 dated 16th August 2024, the corporation has recognized revenue from the sale of barytes at the prevailing rates, which are based on the price fixed in December 2023 as per government orders. The previous rate fixed in December 2023 remained in effect until June 2024. Additionally, a 10% premium over the existing price has been collected as a security deposit, which will be adjusted upon the finalization of new prices through the sales tender. Necessary adjustments to sales will be made accordingly. Therefore, the recognized revenues are subject to change to that extent.

**59. Leases (Ind AS 116)**

## Notes to the consolidated financial statements

### 1. Corporate information

The Andhra Pradesh Mineral Development Corporation Ltd ("The Company") and its subsidiaries (collectively referred to as "The Group") are principally engaged in development of mineral resources and promotion of mineral-based industries in India including exploration, exploitation, conservation, processing, beneficiation and conversion into value added products.

### 2. Significant accounting policies

#### a. Statement of compliance

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendment Rules, 2020 and relevant provisions of the Companies Act, 2013.

The Consolidated financial statements for the period from April 1, 2024, to December 31, 2024, comprise the Consolidated Balance Sheet as at December 31, 2024; the Consolidated Statement of Profit and Loss (including Other Comprehensive Income); the Consolidated Statement of Cash Flows; the Statement of Changes in Equity for the period then ended; and a summary of significant accounting policies and other explanatory information (together hereinafter referred to as "Consolidated Financial Statements"). These consolidated financial statements are prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 (Ind AS 34), as specified under Section 133 of the Companies Act, 2013 (the "Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other recognized accounting principles and policies generally accepted in India. However, they do not include certain presentation and disclosure requirements prescribed under Ind AS 34, such as certain explanatory information and comparative financial information. Accordingly, the consolidated financial statements have been prepared using a framework by the management of the Company for use by the Board of Directors and Investment bankers for the purpose of private placement of securities.

#### b. Basis of consolidation

The consolidated financial statements ("CFS") relate to Andhra Pradesh Mineral Development Corporation ("the Company") and its subsidiary companies (the Company and its subsidiaries collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

- i. The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in un-realised profits or losses, in accordance with Indian accounting standard 110 - "Consolidated Financial Statements"

- ii. In the case of investment in subsidiaries, where the Company's shareholding is less than 100%, non-controlling interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.
- iii. An associate is an entity over which the group is in a position to exercise significant influence over operating and financial policies.
- iv. A joint arrangement is an arrangement of which two or more parties have joint control, joint control is considered when there is contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.  
  
Investments in joint arrangements are classified as either joint operations or joint venture. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.
- v. Investment in associates/joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.
- vi. The difference between the cost of investment in the subsidiaries, joint ventures, and associates and the Company's share of net assets at the time of acquisition of shares in the subsidiaries, joint ventures and associates is recognized in the financial statements as goodwill or capital reserve as the case may be.

**c. Functional and presentation currency**

The consolidated financial statements are presented in Indian rupees, which is also the functional currency for all its operations. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless stated otherwise.

**d. Use of Judgements, estimates and assumptions**

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period.

Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

#### **Judgements**

In the process of applying the group accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

#### **Formulation of accounting policies**

Accounting policies are formulated in a manner that result in consolidated financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial. In the absence of an Ind As that specifically applies to a transaction, other event or condition, management has used its judgement in developing and applying an accounting policy that results in information that is:

- a. relevant to the economic decision-making needs of users and
- b. reliable in that financial statements:
  - i. represent faithfully the financial position, financial performance and cash flows of the group;
  - ii. reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
  - iii. are neutral, i.e. free from bias;
  - iv. are prudent; and
  - v. are complete in all material respects on a consistent basis.

In making the judgement, management considers the most recent pronouncements of the Institute of Chartered Accountants of India and in absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature and accepted industry practices, to the extent that these do not conflict with the sources in above paragraph.

The group operates in the mining sector (a sector where the exploration, evaluation, development production phases are based on the varied topographical and geo mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. The key areas involving critical estimates or judgements are in respect of useful lives of Property, Plant and Equipment, valuation of deferred tax assets, provisions and contingent liabilities etc.

**e. Current and non-current classification**

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current, when it satisfies any of the following criteria:

- It is expected to be realized in or is intended for sale or consumption in the group's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within twelve months after the reporting date; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as non-current.

A liability is classified as current, when it satisfies any of the following criteria:

- it is expected to be settled in the group's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The group has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

**f. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable.

**i. Sale of products**

Revenue from sale of products / goods is recognized, when the group has transferred significant risks and rewards of ownership of the goods to the buyer, it no longer retains control over the goods sold, it is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised gross of all statutory levies i.e. Royalty, DMF, MERIT, cess collected on behalf of third parties except for Goods and Service Tax.

**ii. Consideration**

Consideration amount from raising cum sale contracts is reduced to the extent of sales made subject to charge of minimum consideration amount as per terms the agreements entered with the respective customers. Consideration is reported net of discounts, indirect taxes, service taxes and Goods and Service Tax.

**iii. Dividend**

Dividend income is recognized in the statement of profit and loss only when the right to receive dividend is established.

#### **iv. Interest Income**

Interest Income from debt instruments is accrued on a time basis, by reference to the principal outstanding using the effective interest rate method. Interest income from loans and advances to employees has been recognised on realisation basis.

Interest income on irregular/overdue advances has been recognised on realisation basis

Other claims (including interest on delayed realization from customers) are accounted for, when there is certainty of realisation and can be measured reliably.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

#### **g. Property, plant and equipment**

Property, plant and equipment other than freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset until the property, plant and equipment are ready for use, as intended by the management. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and carrying amount of the property, plant and equipment and is recognised in the statement of profit and loss.

Depreciation is provided for property, plant and equipment so as to expense the cost over their estimated useful lives as prescribed in schedule II of the Companies Act, 2013 on written down value basis, except for certain assets where the useful life

is determined by technical assessment / Group's past experiences. Assets acquired under finance lease and lease hold improvements are depreciated over the lower of estimated useful life and lease term. Fixed assets costing five thousand or less are fully depreciated in the year of purchase.

Decommissioning assets is depreciated on a unit of production method over the expected useful life of the identified component of the ore body. The estimated useful lives and residual values are reviewed at end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Assets in the course of construction are capitalized in capital work in progress account.

At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Mining properties and other assets in the course of development or construction and freehold land are not depreciated.

**h. Intangible assets**

Intangible assets are measured on initial recognition at cost including all directly attributable cost (net of recoverable taxes, if any). They are amortised on Written Down Value method (WDV) based on the useful lives determined based on technical evaluation done by the management except mining exploration and evaluation and development assets, which are amortised using a unit-of-production method based on the data available with the group as regards extraction of the minerals as compared to the technical estimation of gross geological mineral reserves as mentioned in the mining plan submitted/approved to the mining authorities. Capitalised mining rights are amortised once commercial production commences. The intangible assets are assessed for impairment whenever there is an indication that the item of intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date.

**i. Impairment**

Assets are tested for impairment when carrying cost exceeds its recoverable value. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. An impairment loss is charged to statement of profit and loss in the year in which an asset is identified as impaired.

**j. Foreign currency transactions and balances**

Transactions in foreign currency are translated to the functional currency of the group at the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

**k. Investment in subsidiaries, associates and joint ventures**

A subsidiary is an entity controlled by the Company. Investment in subsidiaries is measured at cost less impairment. The cost comprises price paid to acquire investment and directly attributable cost.

Investments in subsidiary, associates and joint ventures are measured at cost as per 'Ind AS 27 – Separate financial statements.

**l. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for quantity of 15,00,000 MTs from financial year 2023-24 onwards and the remaining stock is considered without value (Refer note no. 54)

**m. Employee benefits**

**Short term employee benefit obligations**

Liabilities for wages, salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### **Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method.

The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other comprehensive income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### **Post-employment obligation**

The Group operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees.
- Defined contribution plans such as provident fund

#### **Defined benefit plan**

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the Government Bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net-off deferred tax).

They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

#### **Defined Contribution Plan**

Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Group recognises contribution payable to a defined contribution plan as an expense, when an employee renders the related service.

#### **n. Taxes on Income**

Income Tax expense comprises of current tax and deferred tax.

The current income tax is the amount of income taxes payable in respect of the taxable income for a period, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

#### **o. Government grants**

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are recognised in Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in statement of profit and loss in the period in which they become receivable.

**p. Provisions, contingent liabilities and contingent assets**

**Provisions**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of PPE. Progressive mine closure expenses are accounted for as and when incurred.

As per the mine closure guidelines issued by the department of mines and geology, Government of Andhra Pradesh on 27th Feb 2017, the annual mine closure cost needs to be provided @ Rs. 3.00 Lakh per hectare for category A mines and Rs. 2.00 lakh per hectare for category B mines and as per mine closure guidelines issued by the nominated authority, Ministry of coal on 29<sup>th</sup> May 2020, the escalated rate for current base year i.e. 01-04-2019 is Rs. 9 lakh per hectare for opencast mines. Such annual cost is required to be modified with reference to WPI as mentioned and considered in the mine closure plan submitted / approved for the respective mines. The mine closure provisions are required to be provided in line with the approved / submitted / prepared mine closure plans. In case the mine closure plan has not been submitted / approved / prepared, the annual cost is estimated based on the above referred guidelines.

In the case of Barytes, mining plans are generally prepared every 5 years or such shorter intervals as prescribed by mining authorities and the stripping ratio estimate keeps changing based on the situation as on the date of preparation of the plan. The provision for shortfall in the quantity of overburden is restated in line with the updated mining plan and the previous provision, if any shall be reversed. Excess quantity of overburden removed over and above the stripping ratio as per mining plan is adjusted to the extent of provision available in the books. Any further excess quantity which is in the nature of an asset is not recognised in the books.

#### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:-

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

#### **Contingent assets**

Contingent assets are not recognised in the financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

#### **q. Segment reporting**

Operating segments are defined as components of our entity for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

Accordingly, the board of directors of the Company is CDDM for the purpose of segment reporting. Refer note no. 43 for segment information presented.

#### **r. Leases**

The company lease assets consist of lease for buildings. The company assesses whether a contract is or contain a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assess whether:

- i. The contract involves the use of identified asset.
- ii. The company has substantially all of the economic benefits from use of the asset through the period of lease and
- iii. The company has right to direct the use of the asset.

At the date of commencement of the lease, the group recognised a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term lease) and leases of low value assets up to one lakh per month

The right-of-use assets are initially recognised at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the

lease or, if not readily determinable, using incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made

A lease liability is remeasured upon the occurrence of certain events such as change in lease term or change in an index or rate used to determine lease payments. The remeasurement normally also adjust the leased assets

**s. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**t. Cash flow statement**

Cash flows are reported using the indirect method, whereby the profit before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**u. Borrowing costs**

Borrowing costs attributable to acquisition, construction or production of qualifying assets are capitalized as part of cost of the assets until such time as the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale. Borrowing cost also includes foreign exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are recognised as an expense in the period in which they are incurred

**v. Earnings per share (EPS)**

Basic EPS is calculated by dividing profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Group does not have any dilutive securities in any of the years presented.

**w. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the

group takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

#### **k. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised in the balance sheet when the Group becomes party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### **Financial assets - subsequent measurement**

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

#### **i. Financial assets measured at amortised cost**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

#### **ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and the asset's contractual cash flows represents solely payments of principal and interest.

The group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity instruments not held for trading. If the group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). On sale of investments, cumulative gain or loss is recognised in OCI and the amount is not reclassified to profit or loss.

**iii. Financial assets at fair value through profit or loss (FVTPL)**

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the group may elect to designate a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency. Debt instruments that do not meet the amortized cost criteria are measured at FVTPL.

**iv. De-recognition of financial assets**

The group de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities – subsequent measurement**

All financial liabilities are subsequently measured at amortized cost using the effective interest method except for financial liabilities at FVTPL.

**i. Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when it is held for trading or it is designated as at FVTPL upon initial recognition.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

**ii. Financial liabilities measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. De-recognition of financial liabilities**

The group de-recognizes financial liabilities when and only when, the group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred and the consideration paid and payable is recognized in Statement of profit and loss as other income or finance costs.

**y. Reserve for bad and doubtful debts**

Reserve for bad and doubtful debts is maintained @ 5.73% of net trade receivables.

**z. Exceptional Items**

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the group is such that its disclosure improves the understanding of the performance of the group, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

**aa. Exploration and Evaluation**

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- Researching and analysing existing exploration data;
- Conducting geological studies, exploratory drilling and sampling;
- Examining and testing extraction and treatment methods; and/or
- Compiling pre-feasibility and feasibility studies

Exploration expenditure relates to the initial search for deposits with economic potential. Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed. Evaluation expenditures are capitalised as Intangible assets when there is a high degree of confidence that the group will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the group.

The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management. Amortization of exploration intangible assets commences in the year when commercial operations begin. The amortization expense is then calculated using the unit of production method, which allocates the cost of the exploration intangible assets based on the ratio of the current period's production to the total estimated reserves as per the approved mining plan.

**ab. Restatement of earliest prior period financials on material error/omissions**

The value of error and omissions is construed to be material for restating the opening balance of assets and liabilities and equity for the earliest prior period presented if the amount in each case of earlier period income/expense exceeds 2.00% of the previous year turnover of the company.

#### Nature and purpose of reserves

##### General reserve

General reserve is created by the company by appropriating the balance of Retained Earnings. It is a free reserve which can be used for meeting future contingencies, creating working capital for business operations, strengthening the financial position of the company.

##### Reserve for bad and doubtful debts

Reserve for bad and doubtful debts is created by appropriating the balance of retained earnings. It is a free reserve which can be used to meet the contingencies related to debtors.

##### Retained earnings

Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, reserve for bad and doubtful debts, dividends or other distributions paid to shareholders.

**37. Contingent liabilities and commitments**

(To the extent not provided for)

All the amounts are in Rs. lakhs, unless otherwise stated

Sl.no	Particulars	As at 31.12.2024	As at 31.03.2024
<b>A</b>	<b>Claims against the company not acknowledged as debts consisting of :</b>		
i	Against the cases pending with money suits and arbitration.	10,702	10,702
ii	Demand raised by Income tax authorities which has been disputed and pending before appellate authorities.	50,418	50,418
iii	Capital commitment towards Chimakurthy black galaxy granite project- land towards consideration of land admeasuring to 266.86 acres for patta land at Chimakurthy belonging to animal husbandry department, Govt. of Andhra Pradesh, for which final value has not yet been determined, pending at appropriate authorities.	622	622
iv	Dispute towards reimbursement of Service Tax, Collected from Barytes Buyers of Mangampet during the year 2007-08 & 2008-09 towards payment to excavation contractor on submission of proof of payment of service tax.	600	600
v	<p>The Corporation is contributing MRTU Fund as per G.O.RT No.237, dt.29-03-1997 and as per the GO, the Corporation has to contribute 10% of sales turnover every year. Since in 1997-98, the income tax authorities disallowed this amount. The Government created a trust and the Corporation contributed Rs.1.00 crores from the financial year 2013-14 onwards as the tax benefit available to the Corporation is very meagre.</p> <p>The Government of Andhra Pradesh vide G.O.Ms.No.18, dt.13-01-2016 issued a G.O. rechristening of DMRTUF Trust as MERIT and permitted to collect 2% contribution on seigniorage fee from all the minor minerals lease holders in addition to the existing contribution of 10% on sales turnover. The Corporation requested the Government.</p>		

	<p>a. To exempt APMDC from payment of contribution for the years 1998-99 to 2001-02 and 2004-05</p> <p>b. To ratify the action taken viz., lump sum payments towards contribution of Rs.40,00,000/- for the years 2002-03 and 2003-04, 2005-06 to 2007-08, @Rs.50,00,000/- for the years 2008-09 and 2009-10, @ Rs.75,00,000/- from the years 2010-11 to 2012-13 and Rs 1,00,00,000/- from the year 2013-14 to 2015-16.</p> <p>c. It is mentioned in the G.O. at para 1 that "as per the G.O.237, the APMDC is to contribute 10% of sales turnover for exclusive rights of exploration in certain minerals.</p> <p>d. The Corporation requested to withdraw the G.O.Rt No.237,dt.29-03-1997 from the financial year 2015-16 onwards as it will burden to the Corporation and 10% in addition to the clause for payment of 2% contribution on royalty for all minerals as MERIT is common to all lease holders and for prospecting cum lease holders including the Corporation.</p> <p>e. And to permit to contribute only 2% on seigniorage fee as per the G.O.Ms.No.18, dt.13/1/2016. There is no communication received from the Government.</p>

### 39. Financial Risk Management

#### A. Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables is monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of creditworthiness and accordingly individual credit limits are defined/ modified.

Expected credit loss for trade receivables under simplified approach is as under.

Particulars	Up to 31-12-2024	2023-24
Ageing	>12 Months	>12 Months
Gross carrying amount	3,417	3,417
Expected loss rate	100.00%	100.00%
Expected credit loss (loss allowance provision)	3,417	3,417
Carrying amount of trade receivables (net of impairment)	-	-

Particulars	Up to 31-12-2024	2023-24
Ageing	<12 Months	<12 Months
Gross carrying amount	79,037	74,564
Expected loss rate	0.00%	0.00%
Expected credit loss (loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	79,037	74,564

#### B. Management of market risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the management of these risks is explained below:

##### i. Commercial risk

###### a. Sale price risk

Particulars	Impact on profit	
	Up to 31-12-2024	2023-24
Selling price increase by 5%		
Barytes & Coal	10,894	17,627
Survey Stones	.	1,377
Selling price decrease by 5%		
Barytes & Coal	(10,894)	(17,627)
Survey Stones	.	(1,377)

###### b. Excavation & Transport Charges risk

Particulars	Impact on profit			
	Up to 31-12-2024		2023-24	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
Name of the expense.				
Excavation & transport charges for run of mine	(229)	229	(306)	306
Excavation & transport charges for overburden	(1,531)	1,531	(1,870)	1,870
Excavation of Coal & OB Removal	(2,707)	2,707	(3,319)	3,319

#### 40. Management of liquidity risk

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.

As at 31st December 2024

Particulars	Contractual cash flows			
	Carrying Amount	Total	Less than 12 months	More than 12 months

vi. Maturity profile of defined benefit obligations:

Particulars	Gratuity		Leave encashment	
	As at 31-12-2024	As at 31-03-2024	As at 31-12-2024	As at 31-03-2024
Expected cash flow in year 1	85	104	146	153
Expected cash flow in year 2	72	65	117	122
Expected cash flow in year 3	80	70	104	101
Expected cash flow in year 4	91	76	105	91
Expected cash flow in year 5	34	88	56	94
Expected cash flow in year 6	148	32	95	49
Expected cash flow in year 7	72	147	50	84
Expected cash flow in year 8	8	66	24	44
Expected cash flow in year 9	83	8	60	21

Expected cash flow in year 10	41	85	22	54
Expected cash flow in year 11+	480	485	124	123

**vii. Significant estimates: Sensitivity analysis**

Discount rate, salary escalation rate and withdrawal rate are significant actuarial assumptions. The change in present value of defined benefit obligation for a change of 100 basis points from the assumed assumption is given below:

**Effect on gratuity valuation**

Particulars	Defined benefit obligation (Rs.in.Lakhs)		(% of change)	
	As at 31-12-2024	As at 31-03-2024	As at 31-12-2024	As at 31-03-2024
Under base scenario	666	684	0.00%	0.00%
Salary escalation - up by 1%	683	702	2.58%	2.65%
Salary escalation - down by 1%	646	664	-2.98%	-2.91%
Withdrawal rates - up by 1%	672	691	0.92%	0.96%
Withdrawal rates - down by 1%	659	677	-1.03%	-1.07%
Discount rates - up by 1%	626	645	-5.96%	-5.73%
Discount rates - down by 1%	711	729	6.80%	6.52%
Mortality rates- up by 10%	667	684	0.05%	0.05%
Mortality rates- down by 10%	666	684	-0.05%	-0.05%

**viii. Effect on leave encashment valuation**

Particulars	Defined benefit obligation (Rs. in. Lakhs)		(% of change)	
	As at 31-12-2024	As at 31-03-2024	As at 31-12-2024	As at 31-03-2024
Under base scenario	663	682	0.00%	0.00%
Salary escalation - up by 1%	691	712	4.20%	4.40%
Salary escalation - down by 1%	637	654	-3.90%	-4.10%
Withdrawal rates - up by 1%	663	682	0.00%	0.00%
Withdrawal rates - down by 1%	663	682	0.00%	0.00%
Discount rates - up by 1%	640	658	-3.50%	-3.50%
Discount rates - down by 1%	688	707	3.80%	3.70%
Mortality rates- up by 10%	663	682	0.00%	0.00%
Mortality rates- down by 10%	663	682	0.00%	0.00%

**ix. Risk exposure**

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as company take on uncertain long-term obligations to make future benefit payments.

#### **k. Liability risks**

##### **a. Discount rate risk**

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

##### **b. Future salary escalation and Inflation risk**

Since price Inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

#### **42. Earnings per share (EPS)**

Particulars	As at 31-12-2024	As at 31-03-2024
Profit after tax before exceptional items	52,183	106,331
Add: exceptional items	-	-
Profit after tax after exceptional items	52,183	106,331
Profit available for equity shareholders	52,183	106,331
Weighted number of equity shares outstanding	63,062	63,062
Nominal Value of equity share in Rs.	1,000	1,000
Basic and diluted earnings per share (In Rupees) – before exceptional item	82,749.37	168,613.73
Basic and diluted earnings per share (In Rupees) – after exceptional item	82,749.37	168,613.73

#### **43. Segment Information**

##### **i. Description of segment and principal activities**

The chief operational decision maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment, and accordingly, the Company has identified two reportable operating segments viz. mining and sand operations. Operating segments have been identified and reported in a manner consistent with the internal reporting provided to the CODM.

##### **ii. Segment revenue and expense**

Revenue and expenses have been identified to a segment on the basis of relationship to operating of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

##### **iii. Segment assets and liabilities**

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable.

**iv. Secondary segment reporting**

The Company does not have geographical distribution of revenue as the operations of the Company are carried out within the country and hence secondary segmental reporting based on geographical locations of its customers is not applicable to the Company

**v. Information about major customers**

Revenue from mining segment (which exceeds 10% of total segment revenue) amounting to Rs.1,19,528 Lakhs is derived from four customers (P.Y 2,36,138 Lakhs from four customers).

**vi. Information about product and services**

The company revenue from external customers for each product is same as that disclosed below under "segment revenue".

**a. Segment reporting for the period from 01-04-2024 to 31-12-2024**

Particulars	for the period from 01-04-2024 to 31-12-2024			
	Mining projects	Sand operations	Unallocated	Total
<b>Segment revenue</b>

#### 45. Note on sand operations

- a. The Government of Andhra Pradesh had appointed the corporation as an agent vide G.O.Ms.No.70 dated 04.09.2019 and directed the company to carry out the following initial activities.
  - i. Put in place an online system for registration of end consumers and transporters, receipt of orders directly from the end consumers, collection of payments and remittance to the treasury account of the State Government online and maintenance of stockyards, disposal of sand from the stockyards and real time tracking of Sand carrying vehicles.
  - ii. Allot the work of sand extraction, loading and transportation of sand to stockyard, ramp maintenance, loading of sand into dispatch vehicles at the stockyard through a competitive reverse tendering process
  - iii. Install weighbridges at the stockyards and CCTV cameras at Sand reaches and Stockyards to monitor sand operations and vehicular movement.
- b. Accordingly, under the overall authorization provided under the above GO, company had executed the sand policy and had allotted various work orders for excavation, loading, and ramp maintenance at various locations across the state and performed the necessary activities. Additionally, the company has appointed several transporters for internal transport and sand door delivery across the state for the period from 05-09-2019 to 14-05-2021.
- c. Further government vide its G.O.MS.No.78 dated 12-11-2020 upgrading the sand policy and issuance of standard operating procedures for transition of sand operations from the corporation to the new agency appointed by the Government, the corporation has completed the following activities.
  - i. Finalised the cut-off date for transition of sand operations to new agency
  - ii. Cancelled all pending orders and refunded the amount of cancelled bookings.
  - iii. Handed over sand reaches
  - iv. Transferred balance sand stocks in depots
  - v. Sold its assets / infrastructure created for the sand operations

Additionally, to arrive at the physical sand quantities available at the stock yards at reaches/pattalands/de-siltation points and sand depots joint inspections were conducted at all stock yards at reaches/pattalands/de siltation points and sand depots by representatives of corporation and along with the representatives of new agency. After completion of joint inspections, 14.33 lakhs MT's of sand was available at various stock yards at reaches/pattalands/de-siltation points and sand depots as on the cut-off date and same has been handed over to new agency during the previous year. Further, as per Government orders various assets were also transferred to the new agency as per the prescribed procedures laid down in the Government Order. Further, during the current financial year corporation has paid an amount of Rs.39.07 lakhs against pending payables recognised in previous years.

**46. The following subsidiaries/associates/joint venture companies are not consolidated for the following reasons:**

<b>Subsidiaries</b>	
<b>Name of the subsidiary</b>	<b>Reason</b>
Ongole iron ore mining company private limited	The company has not commenced the operations due to agreement cancelled by the GOAP and suffers from significant impairment in its ability to transfer the funds to the investor.
Andhra phosphate private limited	The company lease rights were expired and not renewed. Hence it is not carrying on any activity.
APMDC - SCCL Suliari coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
Nuagon coal company limited	The license has been cancelled by the honourable supreme court. Hence business has not been commenced.
<b>Associates</b>	
<b>Name of the associate</b>	<b>Reason</b>
Aswanl mineral development private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Arham minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Isra minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Margasree granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Ongole minerals exports private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
RLP granites private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
SRAP minerals private limited	The company has not commenced the operations and became in operative.
AP coastal sand & metals private limited	The lease rights and MOU have been cancelled by the GOAP. Hence the company became in

	operative
Andhra Pradesh tribal mining private limited	Due to continuous defaults the company has been strike of by the ROC and no financial records are available. Hence same has not been considered in consolidation.
Samyuktha Granite private limited	The financial statements of the associate for the interim period were not available at the time of preparing the consolidated financial statements. Consequently, the interim results have not been included. However, based on a materiality assessment, the associate's share of profit or loss is considered immaterial in relation to the overall financials of the parent company, and its exclusion is not expected to have a significant impact on the consolidated results.
Naandhi Granites India Private limited	The financial statements of the associate for the interim period were not available at the time of preparing the consolidated financial statements. Consequently, the interim results have not been included. However, based on a materiality assessment, the associate's share of profit or loss is considered immaterial in relation to the overall financials of the parent company, and its exclusion is not expected to have a significant impact on the consolidated results.
Shambhavi Stones AP Private Limited	The financial statements of the associate for the interim period were not available at the time of preparing the consolidated financial statements. Consequently, the interim results have not been included. However, based on a materiality assessment, the associate's share of profit or loss is considered immaterial in relation to the overall financials of the parent company, and its exclusion is not expected to have a significant impact on the consolidated results.

#### Joint Ventures

Name of the Joint venture	Reason
Andhra baryte corporation private limited	The company has not commenced the operations and non-operative
Andhra Pradesh iron ore company limited	The company has not commenced the operations and non-operative.
Gimpex AP barytes beneficiation private limited	The company has not commenced the operations and non-operative.
Trimex barite private limited	The company has not commenced the operations and non-operative.
V.V minerals private limited	The joint venture agreement was expired in the financial year 2013 and same has not been renewed

	by the government. In absence of joint venture agreement as on the date of preparation of CFS, same has not been considered for consolidation.
Alliance Andhra Pradesh black granites private limited	The joint venture agreement was cancelled by the GOAP. Hence the company became in operative.
Pallavared granite private limited	The company's share of losses in joint venture has exceeded its interest in the joint venture. Hence, we have discontinued recognising its share of further losses. The company's interest in the joint venture is the carrying amount of the investment determined using the equity method together with any long term interests that, in substance, form part of the company's net investment in the joint venture.

#### 47. Deferred tax asset /(liability)

Particulars	As at 31-12-2024	As at 31-03-2024
<b>Tax effect of items constituting deferred tax assets</b>

#### Interim division of funds in current accounts, fixed deposits, sweep accounts

During the financial year 2023-24 a Memorandum of Understanding (MOU) has been signed by both the corporations i.e. APMDCL and TSMDC on 29<sup>th</sup> January, 2024 and as per terms of the MOU, both APMDCL and TSMDC have decided to de freeze current accounts, fixed deposits and sweep accounts and distribute funds in the population ratio.

Accordingly, they have arrived balances in current accounts, fixed deposits and sweep accounts totalling to Rs.1,393.43 crores and same has been distributed in the population

ratio i.e. APMDCL @58.32% and TSMDCL @ 41.68%. As per MOU Rs.842.65 crores and Rs.550.78 crores was distributed to APMDCL and TSMDCL respectively, vide Memo No.4354/M.I(1)/2018 dated 30-01-2024 issued by the Industries and commerce (Mines I) Department, Government of Telangana.

#### **50. Loan to Andhra Pradesh State Fiber Net limited (APSFL)**

Corporation has received a Government order (GO) from Energy, Infrastructure & Investment (Airports) Department vide G.O.RT.No.161 dated 22-11-2016 to give an interest free loan of Rs.100.00 crores to AP State Fibernet Limited (APSFL) which is repayable within 5 years towards the margin money for the proposed procurement of 10 Lakh sets of CPE boxes.

The board discussed the proposal in detail and accorded its approval to grant a inter corporate loan of Rs 100.00 crores to APSFL at an interest rate of 7.00% p.a. In compliance with the Board decision matter has been communicated to the secretary to Government (Mines), Industries & Commerce department and also on 08-02-2017 duly requesting to take further action on the matter.

In responses to the above correspondence, a letter reference Lr.No.Fin-21022/6/2017 -AS, II - Finance dated 28-03-2017 has been received and directed to remit the amount of Rs.100.00 crores transferable to the consolidated fund of the state and they have also confirmed that, this amount would be refunded in the next financial year and same has been refunded on 29-06-2017.

Further, a letter reference APSFL/APMDC Loan/226/2017 dated 04-07-2017 received from the CFO, APSFL requesting to sanction Rs.100.00 crores loan and also shared draft loan agreement to be entered. Accordingly, loan agreement between the corporation and APSFL has been executed and corporation has remitted the funds as per terms of the loan agreement entered.

Wherein the company has sanctioned an interest free loan to M/s Andhra Pradesh State Fibernet limited amounting to Rs.100.00 crores and disbursed an amount of Rs.60.00 crore during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19, However the difference between fair value of the instrument and transaction price on initial recognition of the instrument has not been recognised in the books as the loan agreement was silent on purpose of issuance of interest free loan.

Further, the disbursement schedule and repayment schedule has specified in the loan agreement dated 22<sup>nd</sup> July, 2017 has not been followed and no revised loan agreement was agreed upon with the party.

Out of the sanctioned amount of Rs.100.00 crores, an amount of Rs.60.00 crores have been released during the financial year 2017-18 and the balance amount of Rs.40.00 crores has been released in the financial year 2018-19 to be repayable in the period of 5 years as under-

(Rs.in.Crores)		
Sl.no	Year	Proposed repayment
1	2017-2018	Nil
2	2018-2019	20.00
3	2019-2020	25.00
4	2020-2021	25.00
5	2021-2022	30.00
<b>Total</b>		<b>100.00</b>

APSFIL has not repaid the due instalments as per terms of the agreement. However, continuous follow ups are being made for repayment and confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **51. Loan to Machilipatnam Urban Development Authority (MUDA)**

Company has received a Government order (GO) MS.No.127 dated 31-10-2018 to give loan of Rs.200.00 crores to Machilipatnam Urban Development Authority at an interest of 7.00% per annum and same shall be repaid within 45 days. Accordingly, Board of Directors in its 396<sup>th</sup> meeting held on 01-11-2018 approved the loan amount with interest of 8% and necessary loan agreement has been executed.

The company disbursed the loan amount of Rs.200.00 crores on 1<sup>st</sup> November 2018. As per terms of the loan agreement in case of failure to repay by MUDA along with interest on due dates, penal interest at a rate charged by national banks will be paid. The stipulated time of 45 days was completed on 15<sup>th</sup> December, 2018, but the repayment has not been made by the MUDA. However, continuous follow ups are being made for repayment. Confirmation of balance has been obtained and management is confident of recovery of this advance and considered this advance as good.

#### **52. Advance to Rayalaseema Steel Corporation limited**

Company has paid an amount of Rs.3.27 crores to Rayalaseema Steel Corporation limited (RSCL) to meet the essential expenses relating to day-to-day operations of the company on reimbursement basis pursuant to G.O.MS No.131, 132 and 133 with the approval of the board of directors of the company. However, RSCL intimated that, Government of Andhra Pradesh has not infused any equity into the company and the company met the running expenses from the proceeds of loan sanctioned by the APMDC

It is further informed that company doesn't have any assets or shareholder funds to repay the loan to APMDC and all transactions of the company were closed. In view of the uncertainty in realising the advanced amount, an amount of Rs.3.27 crores has been provided towards provision for doubtful advance in the financial year 2019-20.

### **53. Advance to AP High Grade Steel Limited**

As per the endorsement of special chief secretary, Industries & Commerce department, Company has paid Rs.3.00 crores (Rs.2.00 crores to AP High Grade Steels Limited and Rs.1.00 crore to district collector, YSR Kadapa district) towards expenses incurred for laying of foundation and inaugural function for the integrated steel plant till 31<sup>st</sup> March, 2020 and same has been ratified by the board of directors in their 404<sup>th</sup> meeting held on 17-07-2020.

Further, loan agreement has been executed between the company and AP High Grade Steels Limited as on 15<sup>th</sup> September, 2020. During the year 2020-21 an additional amount of Rs.9.00 crores has been paid totalling to Rs.12.00 crores till 31-03-2021. However, management has uncertainty in realising the amount advanced to AP High Grade Steel Limited and district collector, YSR Kadapa district, hence, an amount totalling to Rs.12.00 crores have been provided towards provision for doubtful advance till 31-03-2021.

### **54. Non valuation of inventory**

#### **a. C+D+W Grade of barytes**

Based on the past experience, sales statistics and considering slow moving nature of C+D+W Grade of Barytes, closing stock is recognised for a quantity of 5,00,000 MTs from financial year 2013-14 onwards, and due to the rise in demand in national and international markets for C+D+W grade of barytes, closing stock is recognised for a quantity of 8,00,000 MTs from existing 5,00,000 MTs from financial year 2018-19 onwards and due to further rise demands for C+D+W Grade of barytes and also considering the current orders in hand as on balance sheet date 2022-23, closing stock is considered for 12,00,000 MTs from existing 8,00,000 MT's. Further, considering current orders and market demand the current orders in hand closing stock is considered for 15,00,000 MTs from existing 12,00,000 MT's and the remaining stock (68.30 lakhs MTs) is considered without value.

#### **b. Inventory of Ball clay at Dwaraka Tirumala**

The company has awarded a contract for mining of ball clay at Dwaraka Tirumala on Raising-cum-sale basis to M/s. CNR Tiles & Sanitary (RCS contractor) on February 02, 2017 for a period of 5 years with a consideration of Rs.72 per MT of quantity sold by the contractor with a minimum consideration of 24,000 MT's every year.

As per the terms and conditions of the agreement with RCS contractor, the contractor shall lift the stock available within three months from the expiration of the contract, failing which, stock available shall be the sole property of the company. During the

financial year 2019-20, the company terminated the contract with the RCS contractor for violation of the mining rules, and the company has entered fresh agreement with M/s.Raghuram Hume Pipes Private Limited vide agreement dated 4<sup>th</sup> May, 2020 and The Closing stock as on 31.12.2024 is 1.55 lakh MT's (including 61 MTs of Grade - 1) which the company has not valued.

#### c. Inventory of survey stones

Production of survey stones at Ballikurava unit has been stopped during the year and O&M contract has not been renewed due to uncertainty on continuity of operations. Closing stock of survey stones of 9,458 are available as on 31.03.2024. However, in view of uncertainty in continuing future operations, management has decided to impair the plant and machinery. Further, there is no realisable value to the stock. Hence, no value has been considered for the closing stock of 9,458 stones as on 31-12-2024.

#### 55. Leasehold Lands

The company has been allotted following lands on lease hold basis and has rights of conducting mining operations as per the respective lease rights granted by the government authorities. Fair value of these mining rights has not been incorporated in the value of plant, property and equipment.

Sl.no	Project	Area in Hectors
1	Mangampet	443.67
2	Chimakurthy	33.60
3	Dwaraka Tirumala	13.29
4	Visakapatnam	46.31
5	Srikakulam	8.04
6	Suliyari	1,298.00
7	Brahmadiha	105.153
	<b>Total</b>	<b>1,948.063</b>

#### 56. Deposit with Andhra Pradesh State Financial Services Corporation Limited (APSF5CL)

Company has received a letter from APSF5CL with a request to deposit the excess and / or unutilised funds if any in the form ICD which shall carry a minimum interest of 5% payable monthly and same can be withdrawn by giving 21 days prior notice to the Vice Chairman and Managing Director (VC&MD) of APSF5CL. Accordingly, APMDCL has remitted an amount of Rs.305.00 crores till 31-03-2022 and 250.00 crores during the financial year 2022-23 totalling to Rs.555.00 crores till 31-12-2024 for which deposit certificates have been obtained from the APSF5CL. APMDCL has received interest regularly till 31-12-2024 and during the period APMDCL has not withdrawn any amounts deposited with the APSF5CL and confirmation of balance has been obtained.

## **57. Note on Survey Stones**

Government of Andhra Pradesh launched a comprehensive land survey project in the state. Accordingly issued a government memo No.INC01-MG/10/2022-M-III DATED 02.09.2022 and GO.Ms.No:33 dated 30.05.2023 entrusted APMDC with the responsibility of procurement and supply of survey stones to meet the requirement of SS&LR department for the prestigious programme (YSR Jagananna Shaswata Bhu Hakku mariyu Bhu Raksha Pathakam) and fixed prices for various activities i.e. Production and transportation of survey stones along with service charge of 7% of the value of survey stones supplied.

Accordingly, software application has been developed through an outside agency to track all activities connected with supply, transportation and delivery of survey stones to the designated places provided by the SS&LR department from time to time. Further necessary tax invoices have been raised on the SS&LR department for the survey stones supplied with mark up of 7% as per the GO and revenue has been recognised accordingly.

## **58.Termination of Coal Mine Development & production Agreement (CMDPA) of Madanpur South Coal Mine.**

Corporation has signed Coal Mine Development and Production Agreement dated 24-08-2016 with the Nominated authority with respect to Madanpur south coal block under the regime of CMSP Act, 2015. Corporation has approached Government of Chhattisgarh for implementation of project. However, State Government authorities have expressed that the State Government is contemplating an extension of the Lemru Elephant Corridor, which would encompass the mining lease area of the Madanpur South coal mine. Therefore, corporation might not obtain the clearance to operate the coal mine. Same has been brought to the notice of Nominated authority vide letter dated 15-10-2020

Further, Government of Chhattisgarh vide Gazette notification dated 22-10-2021 notified the areas falling within the Lemru elephant corridor and intimated the nominated authority through letter dated 20-12-2022 and affirmed that the Madanpur South Coal Block falls within the Lemru Elephant Corridor and therefore mining activities in the said area is prohibited and unlawful.

In view of this, corporation surrendered the coal mine and requested for return of the Performance Guarantee submitted to the Nominated authority with respect to Madanpur south coal block vide letter dated August 22, 2022 and accordingly, nominated authority has terminated the Coal Mine Development and Production Agreement (CMDPA) dated 24-08-2016 vide its letter reference F.No 103/9/2016-NA, dated February 06, 2024 and returned the Performance Bank Guarantee. Hence, amount capitalised previously on this project has been charged to revenue during the previous year. During the year doubtful provision has been made for an amount of Rs.2,394 lakhs paid to Nominated authority, Ministry of Coal towards upfront fee.

## **59. Note on sale of barytes**

Pursuant to Letter No. 2481753/A2/M.III/2024 dated 16th August 2024, the corporation has recognized revenue from the sale of barytes at the prevailing rates, which are based on the price fixed in December 2023 as per government orders. The previous rate fixed in December 2023 remained in effect until June 2024. Additionally, a 10% premium over the existing price has been collected as a security deposit, which will be adjusted upon the

finalization of new prices through the sales tender. Necessary adjustments to sales will be made accordingly. Therefore, the recognized revenues are subject to change to that extent.

## Press Release

May 06, 2025

### THE ANDHRA PRADESH MINERAL DEVELOPMENT CORPORATION LIMITED Rating Assigned

Product	Quantum (Rs. Cr)	Long Term Rating	Short Term Rating
<b>Non Convertible Debentures (NCD)</b>	9000.00	Provisional   ACUITE AA   CE   Stable   Assigned	-
<b>Total Outstanding</b>	9000.00	-	-
<b>Total Withdrawn</b>	0.00	-	-

### Rating Rationale

Acuite has assigned its long-term rating of '**Provisional ACUITE AA (CE)**' (read as **provisional ACUITE double A (Credit Enhancement)**) on the Rs. 9000 Cr. proposed Non-Convertible Debentures of The Andhra Pradesh Mineral Development Corporation Limited (APMDCL). The Outlook is '**Stable**'.

The rating on the proposed Rs. 9000 Cr. Non-Convertible Debentures is provisional and conversion to final rating is subject to the following documents:

- Receipt of final signed term sheet
- Receipt of final signed debenture trust deed
- Confirmation from trustee regarding the compliance with all terms and conditions
- Legal opinion
- Setting up of Debt Service Reserve Account (DSRA)
- All the other relevant documents relating to NCDs issue besides the above mentioned documents.

### Rationale for rating assigned

The assigned rating considers APMDCL's complete ownership by the Government of Andhra Pradesh (GoAP) and its strong financial and operational linkages with the state government. Additionally, it considers the strategic importance of APMDCL as a nodal agency for mining in the state of Andhra Pradesh. The rating also factors in the state's improving economic performance, however it is constrained by its vulnerable fiscal position. Furthermore, the rating is supported by GoAP's unconditional, irrevocable, and legally enforceable guarantee, ensuring timely servicing of interest and principal payments for the NCD's. The structured payment mechanism established for the NCD issue also enhances the financial security of the transaction. Additionally, the rating factors in the APMDCL's adequate liquidity profile with expected cash flow sufficiency for debt servicing, further backed by the maintenance of a DSRA covering peak service requirements for two quarters.

Acuite has assigned the CE suffix to the rating based on credit enhancement support from GoAP's explicit guarantee for the NCD's and replenish the upfront DSRA fully covering peak service requirement of two quarters in case of shortfall/impairment and provision of Direct Debit Mechanism (DDM) from the consolidated fund of GoAP.

### About the Company

Incorporated in 1961, The Andhra Pradesh Mineral Development Corporation Limited is a Hyderabad based, wholly owned entity of the GoAP engaged in the exploration, mining, and marketing of various minerals both within and outside the State of Andhra Pradesh. Mr. Pravin Kumar is the current managing director of the company.

### Unsupported Rating

ACUITE A+| Stable (Post notch up in the view of the support from Government of Andhra Pradesh)

### Analytical Approach:

Acuite has considered the standalone business and financial risk profile of APMDCL and further notched up for the support of GoAP, structured payment mechanism and provision of direct debit mechanism from the consolidated funds of GoAP.

## Key Rating Driver

### Strengths

#### **Wholly owned by Government of Andhra Pradesh (GoAP), nodal agency for development of mining in the state**

Established on February 24, 1961, Andhra Pradesh Mineral Development Corporation Limited (APMDCL) formerly known as A.P. Mining Corporation Limited is a wholly owned entity of the Government of Andhra Pradesh (GoAP) and is under administrative control of Mines and Geology Department, which is the nodal department in the GoAP. APMDCL is engaged in exploration, exploitation, conservation and processing of mineral resources while promoting mineral based industries. The company has been one of the largest global producers and suppliers of barytes since 1975, currently contributing to ~90-95% of India's baryte production. In addition to barytes, APMDCL has diversified into coal mining having been allocated two coal blocks in Madhya Pradesh and Jharkhand with commercial production from the Suliyari coal block commencing in March 2022. Its mining portfolio also includes granite, ball clay and iron ore and the company is actively planning diversification into minor minerals through 436 designated minor mineral mines by FY2027 and into beach sand minerals by 2029.

#### **Strong growth in operating performance, albeit moderation in FY2025**

APMDCL's operating income increased to Rs. 3,841.82 Cr. in FY2024 from Rs. 2,102.39 Cr. in FY2023 reflecting an 83% year-on-year growth, primarily driven by increased coal mining activity. However, revenue is expected to moderate in FY2025, largely due to lower baryte sales during June-August 2024, although improvements are expected in the near term. The company reported revenue of Rs.2,205.83 Cr in 9MFY2025.

The profitability remains strong with EBITDA margin 41.55% in FY2024 as against 39.87% in FY2023 while the PAT margin stood at 27.62% in FY2024, compared to 28.44% in FY2023. Further, APMDCL's operating margin for 9MFY2025 stood at 35%.

Going ahead, APMDCL's operational performance is expected to strengthen, supported by further diversification of its revenue profile. This will be driven by commencement of commercial production at 436 designated minor mineral mines from FY2027 and exploration of beach sand minerals by FY2029, which are expected to contribute to sustained growth in the medium to long term.

#### **Structured payment mechanism**

Under this structure, APMDCL would ensure that on the first working day of every quarterly servicing cycle, an amount equivalent to 30% of the requisite servicing amount should get transferred from RCA to the BSA. The company should further transfer an amount equivalent to 35% of the quarterly servicing requirement both by T-60 and T-30 (i.e. 60 and 30 days prior to the servicing date) to BSA from the RCA so as to ensure full built up of servicing amount payable at least 30 days prior to the relevant quarterly servicing date (T-30). The Debenture Trustee (DT) should independently check whether the requisite amount of funds has been transferred to BSA on the next working days in all the above cases and in case of any shortfall in amounts transferred, must immediately enforce the Default Escrow arrangement on RCA, which shall remain in force till the entire built up of the particular cycle gets completed. In the event of DT finding any shortfall during the monitoring on T-29 days, it shall immediately send a written communication to the State Government to provide fund support for meeting the shortfall. A provision in the Guarantee Deed would specifically stipulate a pre-invocation responsibility of the State Government to bridge this shortfall on or before T-9 to prevent any DSRA impairment and consequential invocation of the guarantee. In case the shortfall in BSA still persists on T-5 day, such shortfall would be met by transferring requisite funds from DSRA to BSA. On the due date, the payout would be made to the Bond holders from BSA.

#### **DSRA shortfall guarantee from GoAP and support from DDM**

In the event of any shortfall in DSRA due to impairment on account of transfer of funds to BSA or for any other reason, the DT would send DSRA shortfall notice to GoAP on the next day (T+1) stating that if the amount is not fully replenished within the next 30 days, the guarantee would be invoked to the extent of such shortfall along with simultaneous triggering of defined recourse mechanism – Direct Debit Mechanism from the consolidated funds of GoAP (i.e. DDM) in the post invocation scenario.

The Debenture Trustee should also ensure that the Default Escrow Mechanism on RCA remains in force till all the irregularities including requisite DSRA replenishment get completely remedied.

If DSRA is not fully restored at the expiry of aforesaid 30 days, the Debenture Trustee would invoke the guarantee to the extent of such shortfall on the next working day (T+31) through issue of Guarantee Invocation Notice, along with simultaneous triggering of DDM in the post invocation scenario.

### Weaknesses

#### **Vulnerable fiscal profile of Andhra Pradesh amid improved economic performance**

The current state of Andhra Pradesh was created in 2014-15 following the bifurcation of the original state into the former and Telangana. The reorganisation led to the conversion of the state into an economy where the share of agriculture was significant and higher than national average. As per Andhra Pradesh State budget, the revenue receipts are estimated at Rs. 2,18,002 Cr. for FY2025-26 (Budgeted Estimates) an increase of 24% as against Rs. 1,76,056 Cr. for FY2024-25 (Revised). The revenue deficit is estimated at Rs. 33,186 Cr. for FY2025-26 (Budgeted Estimates) which is 1.8% of the Gross State Domestic Product (GSDP) as against 3% of GSDP for FY2024-25. Further, the fiscal deficit is estimated at Rs.79,927 Cr. (4.4%) for FY2025-26 (Budgeted Estimates) against Rs.73,362 Cr. (4.6%) for FY2024-25 (Revised Estimates). The fiscal deficit in FY2024-25 (4.6%) is higher than the budget estimate of 4.2% of GSDP which is driven by a shortfall in receipts as compared to the budget target (12% lower).

However, on the economic front, state of Andhra Pradesh recorded the second highest economic growth rate in India at 8.21% for FY2024-25. Further, the GSDP of Andhra Pradesh for 2025-26 (at current prices) is projected increase

by 14% over the revised estimates of 2024-25 (Rs.16,06,109 Cr.).

Going forward, the ability of AP to improve its fiscal profile while continue facilitating higher GSDP growth will be a key determinant of GoAP's credit profile. Any adverse changes in the fiscal indicators of GoAP due to factors such as prolonged slowdown in industrial activities or socio-economic challenges faced by AP can have a significant impact on APMDCL and thus will remain as a key monitoring factor.

#### **Susceptibility to risks related to regulations in the mining industry**

Operational and regulatory risks in the mining industry have risen sharply in recent years. Regulatory measures, aimed primarily at curbing illegal mining, have included actions such as withholding permits and imposing bans on mining and exports. APMDCL is exposed to execution challenges arising from regulatory hurdles, potential law and order issues in mining regions and shifts in government policies all of which could adversely affect its revenue.

#### **Assessment of Adequacy of Credit Enhancement under various scenarios including stress scenarios (applicable for ratings factoring specified support considerations with or without the "CE" suffix)**

##### **Government guarantee for DSRA replenishment**

The Government of Andhra Pradesh (GoAP) has provided a guarantee to cover any shortfall in the DSRA within the specified timeline. The Debenture Trustee would check the adequacy of funds available in the DSRA on the first day of every quarterly servicing cycle. In the event of any shortfall in DSRA due to impairment on account of transfer of funds to BSA or for any other reason, the DT would send DSRA shortfall notice to GoAP on the next day stating that if the amount is not fully replenished within the next 30 days, the guarantee would be invoked to the extent of such shortfall along with simultaneous triggering of Defined Recourse Mechanism (Direct Debit Mechanism) in the post invocation scenario.

#### **Stress case Scenario**

Acuite has stressed the projected cash flows against maturing repayment obligations and found that even in a stressed scenario, APMDCL would be able to timely meet its scheduled repayment obligations.

Further, Acuite believes that, given the adequacy of the structure and unconditional, irrevocable and legally enforceable guarantee provided by Government of Andhra Pradesh (GoAP) including direct debit mechanism (DDM), APMDCL will be able to service its debt on time, even in a stress scenario.

#### **Rating Sensitivity**

- Credit Profile of GoAP.
- Adherence to the stipulated transaction structure.

#### **All Covenants**

1. Unconditional and Irrevocable Guarantee from Government of Andhra Pradesh for timely servicing of Interest and Principal in respect of Bonds.
2. Maintenance of Debt Service Reserve Amount (DSRA) to the extent of fully covering the peak servicing requirements for 2 quarters as a liquidity support.
3. Entire revenue of the Issuer from all activities to be collected in a single account – Revenue Collection Account.
4. Stipulation for invocation of Government Guarantee for impairment of DSRA if not remedied within 30 days of stipulated timelines and ensuring Default Escrow Mechanism on the Revenue Collection Account remaining active till DSRA replenishment gets completed.
5. Stipulation for invocation of Government Guarantee in case of an Event of Default, if settlement of entire liabilities not effected within stipulated timelines and activation of the Default Escrow Mechanism on the Revenue Collection Account in the post invocation scenario.
6. Maintenance of security value at all times shall be sufficient to ensure at least 1.0 times coverage of the outstanding liabilities.
7. The Issuer shall give the following undertakings:
  - maintenance of corporate existence.
  - compliance with applicable laws.
  - no change of business other than as may be permitted under the terms of the Debenture Trust Deed.
  - creation of security and maintenance of security cover as per applicable law
  - compliance with information covenants including submission of financial results and providing compliance certificate as agreed under the Debenture Trust Deed
  - intimation to the Debenture Trustee prior to undertaking or entering into any amalgamation, demerger, merger or corporate restructuring or reconstruction scheme proposed by the Issuer
  - such other information regarding the financial condition, business and operations of the Company's the Debenture Trustee may reasonably request

#### **Liquidity Position Adequate**

The liquidity position is adequate with expected sufficient cash flows against its projected maturing repayment obligations. The average DSCR is expected to remain at ~1.78 times during the tenure of the NCDs. The cash and bank balance stood at Rs. 288.99 Cr. as on 31st March 2024 and Rs. 415.30 as on 31<sup>st</sup> December 2024. Further, the liquidity is supported by provision of upfront DSRA creation, GoAP support in the form of replenishment of DSRA balance in case of impairment or any shortfall, unconditional irrevocable and legally enforceable guarantee and provision of direct debit mechanism.

**Outlook: Stable**

## Supplementary disclosures for Provisional Ratings

### Risks associated with the provisional nature of the credit rating

In case there are material changes in the terms of the transaction after the initial assignment of the provisional rating and post the completion of the issuance (corresponding to the part that has been issued). Acuite will withdraw the existing provisional rating and concurrently, assign a fresh final rating in the same press release, basis the revised terms of the transaction.

### Rating that would have been assigned in absence of the pending steps/ documentation

ACUITE A+/ Stable

### Timeline for conversion to Final Rating for a debt instrument proposed to be issued

The provisional rating shall be converted into a final rating within 90 days from the date of issuance of the proposed debt instrument. Under no circumstance shall the provisional rating continue upon the expiry of 180 days from the date of issuance of the proposed debt instrument.

### Interaction with Audit Committee anytime in the last 12 months (applicable for rated-listed / proposed to be listed debt securities being reviewed by Acuite)

Not applicable

### Any Other Information

The statutory auditors have issued qualified opinion for FY2023 and FY2024. The qualification comments include a significant amount of long-standing unsecured trade receivables, high level of contingent liabilities and loans extended to other GoAP entities, among other matters. Further, the management has provided clarifications to the auditor on these matters and has also submitted a detailed response to Acuite.

## Note on complexity levels of the rated instrument

In order to inform the investors about complexity of instruments, Acuite has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on [www.acuite.in](http://www.acuite.in).

April 16, 2025

*Dear Sir/Madam,*

**Re: Rating Letter for NCD of The Andhra Pradesh Mineral Development Corporation Ltd.**

India Ratings and Research (Ind-Ra) has rated The Andhra Pradesh Mineral Development Corporation Ltd's (APMDC) proposed non-convertible debentures (NCDs) as follows:

Instrument Type	Size of Issue (million)	Rating Assigned along with Outlook/Watch	Rating Action
Proposed non-convertible debentures <sup>\$^</sup>	INR90,000	Provisional IND AA(CE)/Stable	Assigned

<sup>\$</sup>Credit ratings with (CE) suffix indicates that the instruments are supported by an external explicit credit enhancement.

<sup>^</sup>The rating on the proposed NCDs is provisional and contingent upon the execution of certain documents and/ occurrence of certain steps.

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security.

The manner of India Ratings factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in India where the rated security is offered and sold, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website

of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. Individuals identified in an India Ratings report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

It will be important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason India Ratings deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between India Ratings and you or between India Ratings and any user of the ratings.

In this letter, "India Ratings" means India Ratings & Research Pvt. Ltd. and any successor in interest.

We are pleased to have had the opportunity to be of service to you. If we can be of further assistance, please email us at [infogrp@indiaratings.co.in](mailto:infogrp@indiaratings.co.in)

Sincerely,

India Ratings

**Dr Devendra Pant**  
Senior Director

## India Ratings Assigns The Andhra Pradesh Mineral Development Corporation’s Proposed NCDs ‘Provisional IND AA(CE)’/Stable

Apr 16, 2025 | Industrial Minerals

India Ratings and Research (Ind-Ra) has rated The Andhra Pradesh Mineral Development Corporation Ltd's (APMDC) proposed non-convertible debentures (NCDs) as follows:

### Details of Instruments

Instrument Type	Date of Issuance	Coupon Rate	Maturity Date	Size of Issue (million)	Rating Assigned along with Outlook/Watch	Rating Action
Proposed non-convertible debentures\$^	-	-	-	INR90,000	Provisional IND AA(CE)/Stable	Assigned

\$Credit ratings with (CE) suffix indicates that the instruments are supported by an external explicit credit enhancement. Please refer to section DISCLOSURES FOR CE RATING for additional details as per the Securities and Exchange Board of India’s (SEBI) Master Circular dated 6 July 2023.

^The rating on the proposed NCDs is provisional and contingent upon the execution of certain documents and/ occurrence of certain steps. Please refer to section DISCLOSURES FOR PROVISIONAL RATING for additional details as per SEBI Master Circular.

### Analytical Approach

Ind-Ra has taken a standalone view of APMDC while assigning the rating, while factoring in support from the credit profile of the government of Andhra Pradesh(GOAP), which has extended an unconditional and irrevocable guarantee for the debt issuance. The rating is notched up on the basis of the strength of the structured payment mechanism, the creation of a debt service reserve account (DSRA) equivalent to peak two quarter of debt servicing, the likely adequate debt service coverage ratio (DSCR) and the provision of direct debit mechanism from the consolidated fund of Andhra Pradesh.

### Detailed Rationale of the Rating Action

Ind-Ra takes comfort from the irrevocable, unconditional and continuing pre-default guarantee agreement executed by the GoAP, which will remain in force and effect until the entire NCDs are fully redeemed. The guarantee is also available to replenish the DSRA, if it is utilised to meet its debt payment obligations. Based on the pre-default guarantee and enforceability of the guarantee, Ind-Ra has assigned a ‘CE’ suffix to the NCD rating and the base rating of the transaction is linked to the credit profile of GoAP.

Ind-Ra has notched up the NCD rating based on the legal and financial strengths of the transaction structure, which will be monitored by a debenture trustee and credit enhancers. The transaction rating benefits from the presence of peak two-quarter of DSRA, the structured payment mechanism under which the entire revenue of APMDC would be deposited into the revenue collection account which will be used for building up of balance in bond service account and direct debit mechanism from the consolidated fund of the state.

# List of Key Rating Drivers

## Strengths

- Supportive transaction structural features
- Structured payment mechanism
- DSRA shortfall guarantee from GoAP
- GoAP ownership and control of APMDC
- Improvement in state's economic performance
- Diversified revenue profile

## Weaknesses

- State's moderate fiscal performance
- Regulatory risk

## Detailed Description of Key Rating Drivers

**Supportive Transaction Structural Features:** Ind-Ra believes the structural features of the transaction provide sufficient comfort on debt servicing. The proposed NCDs will be secured by i) an exclusive charge over identified minor minerals being acquired by APMDC and the mining rights over such mines; ii) an exclusive charge on the revenue collection account, of which the transfer of funds, as per defined periodic intervals, to the bond servicing account (BSA) is required to be made as mentioned in the structured payment mechanism; iii) an exclusive charge on APMDC's bond servicing escrow account in favour of the debenture trustee (DT); iv) an exclusive charge on the DSRA and the funds lying therein in favour of the DT; and v) an unconditional and irrevocable guarantee from the GoAP with provisions for direct debit mechanism from the consolidated fund of the state maintained with the Reserve Bank of India (RBI) as the banker to the state government.

As per the guarantee and undertaking deed executed among the GoAP, DT and APMDC, the guarantor/GoAP has irrevocably and unconditionally authorised the DT to advise the RBI to debit such amount as mentioned in the guarantee invocation notice from the account(s) of the guarantor maintained with the RBI, subject to the availability of clear and sufficient balance in the account at the time of executing the request of DT or immediately on availability of funds in the account(s), and credit the same to the DSRA or the BSA, as required under the provisions of the guarantee deed and subject to the conditions stipulated in the irrevocable letter of authority furnished by the guarantor in favour of the RBI.

As per the structured payment mechanism detailed in the draft term sheet, APMDC's entire revenue accruing from whatsoever activity would be deposited only into the revenue collection account (RCA). The balance in RCA will be utilised as per a pre-defined waterfall mechanism, which would inter alia include transfer of funds to the BSA. APMDC will acquire the identified minor mineral mines, valuation of which will be determined based on the present value of the estimated mineral reserves available in the concerned mines. APMDC needs to maintain a minimum security/asset cover of 1.0x of the outstanding liability at any point of time.

The company is required to maintain an amount equivalent to two quarters of servicing of interest plus principal of the outstanding bonds (falling due at the end of fifth and sixth quarter from the deemed date of allotment) in the DSRA and the amount is to be deposited on a priority basis from the issue proceeds. Furthermore, as the servicing liability would progressively reduce after the sixth quarter, APMDC would be permitted to take out the excess amount from the DSRA progressively after obtaining the DT's approval, subject to no unresolved breach of any covenants.

The deed of guarantee also provides for the necessary fund infusion in the DSRA, in the event of its impairment, to the extent of a DSRA shortfall. If the shortfall in the DSRA is not replenished within the stipulated timelines, the DT would issue a guarantee invocation notice for invocation of guarantee, along with simultaneous triggering of defined recourse (direct debit mechanism) in the post invocation scenario.

**Structured Payment Mechanism:** Ind-Ra believes the structured payment mechanism, as detailed in draft term sheet, ensures availability of funds for timely debt servicing. Under the structure, APMDC would ensure that on the first working day of every quarterly servicing cycle, an amount equivalent to 30% of the requisite servicing amount would get transferred to the BSA from RCA. APMDC would further transfer an amount equivalent to 35% of the quarterly servicing

requirement both by T-60 and T-30 (i.e. 60 days and 30 days prior to the servicing days) from RCA to the BSA, so as to ensure a full build-up of servicing amount payable, at least 30 days prior to the relevant quarterly servicing date (T-30). The DT would independently monitor the adequacy of funds in the BSA on the next working day in all above cases. Any shortfall in the amount transferred shall enforce the default escrow arrangement of RCA, which shall remain in force till the entire built-up of that particular cycle has been completed. The DT would independently monitor the adequacy of funds in the BSA on T-29 day. In case of any shortfall in the built-up, it shall immediately send a written communication to the state government to provide fund support for meeting the shortfall.

In case the shortfall in BSA persists at T-5 days, such shortfall would be met by transferring the requisite funds from the DSRA to BSA to ensure the payment is made on the due date.

**DSRA Shortfall Guarantee from GoAP:** Ind-Ra believes the DSRA shortfall guarantee from the GoAP reduces the risk of delay in debt servicing. The GoAP has extended a guarantee to fund the DSRA shortfall within the specified timeline. Under the guarantee deed, on the next business day after the payment due date, if funds available in the DSRA are less than required for the immediate next two servicing dates, the DT will issue a shortfall notice to the GoAP on the next business day (T+1) to meet the shortfall within 30 calendar days from the date of issuance of the DSRA shortfall notice. Also, the DT shall ensure the default escrow mechanism on RCA remains in force till the DSRA replenishment is remedied. If the irregularity continues beyond the stipulated timeline, the DT shall invoke the government guarantee to the extent of the shortfall in the DSRA by issuing a guarantee invocation notice to the GoAP and simultaneously advise the RBI to debit such amount(s) as may be specified in the guarantee invocation notice from the account(s) of the GoAP maintained with the RBI. The government shall be required to pay the shortfall amount, forthwith, directly into the DSRA.

**GoAP Ownership and Control of APMDC:** Ind-Ra considers GoAP's control and oversight over APMDC as strongly supportive of its credit quality. APMDC is fully owned by the GoAP and is under the administrative control of Mines and Geology Department, which is its nodal department in the GoAP. The GoAP exercises a significant control over APMDC's policy design and strategy through its board of directors. All the directors are nominated by the GoAP from time to time. The statutory auditors of APMDC are appointed by the Comptroller and Auditor General of India.

APMDC has its own budget and its debt is not consolidated in GoAP's debt. Being a profitable entity, there are no regular equity infusions from the GoAP. However, the GoAP is providing non-financial support to APMDC in terms of allocating mining rights on nomination basis. The state government has extended a pre-default guarantee for the proposed NCDs. The rating factors in the ability and willingness of the state government to extend budgetary support to APMDC for its developmental activities, as and when required. Ind-Ra expects the GoAP to continue providing strategic support to APMDC.

**Improvement in State's Economic Performance:** Andhra Pradesh's (AP) economic structure is somewhat different from that of the national economy. In FY25, the state's share of the agricultural sector in the state economy was 29.6%, considerably higher than that of the national economy (14.4%). AP's gross state value-added (GSVA) grew at a higher CAGR of 5.7% during FY19-FY25 than the national economic growth (CAGR: 5.1%), considering Hyderabad, which is a centre of industrial activity, became a part of Telangana following the reorganisation of the erstwhile state of AP. The state's GSVA growth increased to 8.4% yoy in FY25 (FY24: 4.8% yoy), led by the robust growth in the agriculture and services sectors.

**Diversified Revenue Profile:** Ind-Ra expects APMDC's revenue profile to be diversified in medium-to-long term as it proposes to start commercial operations at 436 designated minor mineral mines from FY27. Furthermore, APMDC proposes to start exploration of beach sand minerals by FY29. Presently, APMDC is engaged in mining of Baryte in Mangampet, Andhra Pradesh, and coal in Suliari Madhya Pradesh. APMDC reported a total revenue of INR23.43 billion in 9MFY25 (FY24: INR39.72 billion; FY23: INR22.02 billion).

**State's Moderate Fiscal Performance:** As per the FY25 revised estimate (RE), the state's revenue deficit came in higher at INR483.1 billion (3% of gross state domestic product (GSDP)) than budget estimate (BE) of INR347.4 billion (2.1% of GSDP). This was primarily due to lower-than-budgeted revenue receipts of INR251.4 billion in FY25(RE). Despite the lower-than-budgeted growth in AP's revenue expenditure of 5.6% yoy (budgeted growth: 11.0%), a minimal growth of 1.3%

yoy in revenue receipts led to the higher revenue deficit in FY25(RE). The reduced capex compared with FY25(BE) and better-than-projected GSDP growth for FY25 could not compensate for the gap in revenue receipts versus FY25(BE), resulting in a higher-than-budgeted fiscal deficit of 4.6% in FY25(RE) (FY25(BE): 4.2% of GSDP).

For FY26, the state government has estimated a revenue deficit of 1.8% and a fiscal deficit of 4.4% of the GSDP. The debt/GSDP is projected to be at 35.5% for FY26 (FY25(RE): 35.2%).

**Regulatory Risk:** Ind-Ra views timely compliance and approval of statutory clearances such as environmental clearance, approved mining plan and consent to operate from Pollution Control Board as critical. Any non-compliance or delay in statutory clearances will affect APMDC's long-term sustainability and future cashflows.

## Liquidity

**Adequate:** APMDC's liquidity is supported by its accumulated cash and bank balances, and operating cash flows. The cash and bank balance stood at INR2.03 billion at FYE25 (Provisional), against INR2.89 billion in FY24. Ind-Ra expects the liquidity to remain supported by receipt of advance payments against the sale of minerals, operating revenue and strong EBITDA. The total debt servicing obligations on the outstanding bank loan and proposed NCDs based on the prevailing interest rate are estimated to be at INR9.66 billion for FY26 and INR19.23 billion for FY27. Ind-Ra expects APMDC to service this debt from a combination of EBITDA and government support. The liquidity is also supported by the DSRA.

## Rating Sensitivities

**Positive:** An improvement in the credit profile of the GoAP will be positive for the rating.

**Negative:** The following developments could, individually or collectively, lead to a negative rating action:

- deterioration in GoAP's credit profile,
- deterioration in APMDC's liquidity position resulting in continuous dipping into the DSRA,
- a non-maintenance of the minimum asset/security coverage ratio as per the terms of the NCDs on a sustained basis.

## Disclosures for CE Rating

### 1) UNSUPPORTED RATING

Ind-Ra has assigned an unsupported rating of 'IND A'/Stable to APMDC.

The unsupported rating is arrived at without factoring in the explicit CE. It helps in understanding the extent of the CE factored into the instrument rating.

## ANALYTICAL APPROACH

Ind-Ra continues to factor in the strong legal and operational linkages between APMDC and the GoAP.

## DETAILED RATIONALE OF THE RATING ACTION

Ind-Ra has classified APMDC as a dependent public sector entity under its Rating of Public Sector Entities criteria. The unsupported rating considers the legal status of the entity, entity's strategic importance and the significant control exercised by the GoAP over its policy objective.

## LIST OF KEY RATING DRIVERS

### Strengths

- GoAP ownership and control of APMDC
- Improvement in state's economic performance

- Diversified revenue profile

## Weaknesses

- State's moderate fiscal performance
- Regulatory risk

## Detailed Description of Key Rating Drivers

The detailed description of key rating drivers and liquidity profile for the unsupported rating are the same as that of the NCDs.

## Rating Sensitivities

**Positive:** An improvement in the credit profile of the GoAP will be positive for the ratings.

**Negative:** The following developments could, individually or collectively, lead to a negative rating action:

- a deterioration in GoAP's credit profile,
- deterioration in APMDC's liquidity position,
- weakening of linkages with the GoAP,
- weakening of standalone financial profile.

## 2) INSTRUMENT COVENANTS

Refer to Annexure I

## 3) ADEQUACY OF CE STRUCTURE:

**DSRA Shortfall Guarantee from GoAP:** The GoAP has extended a guarantee to fund the DSRA shortfall within the specified timeline. Under the guarantee deed, on the next business day after the payment due date, if funds available in the DSRA are less than required for the immediate next two servicing dates, the DT will issue a shortfall notice to the GoAP on the next business day (T+1) to meet the shortfall within 30 calendar days from the date of issuance of the DSRA shortfall notice. Also, DT shall ensure that the default escrow mechanism on the RCA remains in force till the DSRA replenishment is remedied. If the irregularity continues beyond the stipulated timeline, the DT shall invoke the government guarantee to the extent of the shortfall in the DSRA by issuing a guarantee invocation notice to the GoAP and simultaneously advise the RBI to debit, such amount(s) as may be specified in the guarantee invocation notice from the account(s) of the GoAP maintained with the RBI. The government shall be required to pay the shortfall amount, forthwith, directly into the DSRA.

**State Government Guarantee:** The guarantee is unconditional and irrevocable and is a continuing obligation. The guarantee will remain in force and effect until the NCDs are fully redeemed. Ind-Ra, in its analysis, has stressed the GoAP's credit profile by considering a sizeable portion of the guarantee to devolve. As per Ind-Ra's analysis, the guarantor, even in the stress scenario, is likely to meet all the guaranteed debt obligations.

## Disclosures for Provisional Rating

### 1) RATING THAT WOULD HAVE BEEN ASSIGNED IN ABSENCE OF THE PENDING STEPS/ DOCUMENTATION

Ind-Ra would have assigned 'IND A'/Stable in the absence of the pending steps/documentation.

### 2) PENDING STEPS/ DOCUMENTATION CONSIDERED WHILE ASSIGNING PROVISIONAL RATING AND RISKS ASSOCIATED WITH THE PROVISIONAL NATURE OF THE CREDIT RATING:

Sr.no.	Pending Critical Documentation while Assigning Provisional Rating*	Risks Associated with Provisional Nature of Credit Rating in the Absence of Completed Documentation or Change in Documentation

1	Final term sheet	In the absence of executed documents or the final executed documents deviating from the draft documents submitted at the time of provisional rating, the transaction structure would be weak.
2	Deed of hypothecation	
3	Debenture trust deed	
4	Accounts agreement	
5	Creation of peak DSRA	Non-creation of DSRA would increase the vulnerability to cashflow mismatches and the risk of timely debt servicing.
6	RBI acknowledged copy of direct debit mandate	In the absence of RBI acknowledgement of direct debit mandate, the transaction structure would be weak.

\*Additionally, any other relevant documents executed for the transaction should be provided to the agency.

### 3) VALIDITY PERIOD

The final rating, upon the receipt of executed documents consistent with the draft documents, shall be assigned within 90 days from the date of issuance of the instrument. The provisional rating may be extended by another 90 days, subject to Ind-Ra's policy, if the execution of the documents is pending.

## ESG Issues

**ESG Factors Minimally Relevant to Rating:** Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on APMDC, due to either their nature or the way in which they are being managed by the entity. For more information on Ind-Ra's ESG Relevance Disclosures, please [click here](#). For answers to frequently asked questions regarding ESG Relevance Disclosures and their impact on ratings, please [click here](#).

## About the Company

APMDC is a state-owned public sector entity incorporated on 24 February 1961 and registered under the Companies Act, 1956. It is a wholly owned undertaking of the GoAP. APMDC has an authorised share capital of INR100 million as on 31 March 2025. It is primarily engaged in the excavation of mineral resources, including exploration and mineral beneficiation, development of the surroundings and protection of the ecology system around the mines.

## Annexure

### For Proposed NCDs

- a. Unconditional and irrevocable guarantee from the GoAP for the timely servicing of interest and principal in respect of bonds, including defined recourse in the post invocation scenario.
- b. Maintenance of the DSRA to the extent of fully covering the peak servicing requirements for two quarters as liquidity support.
- c. Stipulation for invocation of government guarantee for impairment of DSRA if not remedied within stipulated timelines and defined recourse in the post invocation scenario.
- d. Stipulation for invocation of government guarantee in case of a default, if settlement of entire liabilities not effected within stipulated timelines and defined recourse in the post invocation scenario.
- e. Maintenance of minimum asset/security cover of 1.0x.

**BOND/DEBENTURE TRUSTEE AGREEMENT**

Dated MARCH 11, 2025

BY AND AMONGST

**THE ANDHRA PRADESH MINERAL DEVELOPMENT CORPORATION LIMITED**  
(as the Issuer / Company)

AND

**BEACON TRUSTEESHIP LIMITED**  
(As the Bond/Debenture Trustee)

## BOND/DEBENTURE TRUSTEE AGREEMENT

This **Bond/Debenture Trustee Agreement** ("**Agreement**") made on this 11<sup>th</sup> day of March, 2025 at Vijayawada between: -

**THE ANDHRA PRADESH MINERAL DEVELOPMENT CORPORATION LIMITED**, a company incorporated under the provisions of the Companies Act, 1956, and validly existing under the provisions of the Companies Act, 2013 with corporate identification number U13209TG1961SGC000871 and having its registered office at D.No.6-1-67/19/1 & 67/20, Flat No.302, Super Classic Apartments, Saifabad, Lakdikapool, Hyderabad, Telangana, India – 500004 and its corporate office at 294/1D, Tadigadapa to Enikepadu 100' Road, Kanur Village, Penamaluru Mandal, Krishna District, Andhra Pradesh, India, 521002 (hereinafter called the "**Issuer**" which expression shall include its successors and permitted assigns wherever the context or meaning shall so require or permit) of **ONE PART**

AND

**BEACON TRUSTEESHIP LIMITED**, a company incorporated under the provisions of the Companies Act, 2013 with corporate identification number L74999MH2015PLC271288 and having its Registered Office at 5W, 5th Floor, The Metropolitan, Bandra Kurla Complex, Bandra (East), Mumbai, Maharashtra, India, 400051 (hereinafter called the "**Trustee/Bond/Debenture Trustee**" which expression shall include its successors and assigns for the time being wherever the context or meaning shall so require or permit) of the **OTHER PART**.

### WHEREAS:

- A. The Issuer is *inter alia* engaged in the business of dealing in minerals and precious stones, mining and other allied activities.
- B. The Issuer pursuant to the authority granted by the resolutions of its board of directors passed at its meeting held on February 21, 2025 and the resolutions of its shareholders passed at meeting held on February 21, 2025 is proposing to offer to certain potential investors, to subscribe to, by way of private placement, the Bonds, issue and allot senior, secured, rated, listed, redeemable, taxable, non-convertible Bonds of the nominal value of INR 1,00,000/- (Indian Rupees One Lakh only) each, aggregating up to INR 10,000,00,00,000 /- (Indian Rupees Ten thousand Crores only) ("**Bonds**"), on private placement basis, subject to the terms and conditions contained in the Bond/Debenture trust deed ("**Bond/Debenture Trust Deed**"), for the purposes as shall be set out in the Bond/Debenture Trust Deed and Offer Document.
- C. Pursuant to the Companies Act, 2013, including any statutory modification or reenactment or replacement thereof, for the time being in force ("**Companies Act**"), SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (as amended, amended and restated, supplemented, modified or replaced from time to time) ("**SEBI NCS Regulations**") and the SEBI (Debenture Trustees) Regulations 1993, (as amended, amended and restated, varied, modified or replaced from time to time) ("**SEBI Debenture**

Trustee Regulations") the Issuer is required to appoint a trustee for the benefit of the holders of the Bonds/Debentures. The Trustee is registered with the Securities and Exchange Board of India as a Debenture trustee under the SEBI Debenture Trustee Regulations. Accordingly the Issuer has approached Beacon Trusteeship Limited to act as the Trustee for the Bond/Debenture Holders and Beacon Trusteeship Limited have consented to act as Bond/Debenture Trustee for the benefit of the Bond/Debenture Holders of the proposed issue of the Bonds, subject to the disclosure of the applicable information as required by the SEBI circular dated May 16, 2024, as amended and restated, supplemented or replaced from time to time ("SEBI DT Master Circular") and SEBI circular dated May 22, 2024 as amended, amended and restated, supplemented or replaced from time to time ("SEBI Master Circular") sought by the Trustee from the Issuer and completion of diligence of all such relevant information to the satisfaction of the Bond/Debenture Trustee.

- D. Accordingly, the Issuer and the Bond/Debenture Trustee have agreed to execute this Agreement being these presents on the terms and conditions agreed upon and hereinafter set out.
- E. Capitalised terms used but not defined herein shall have the meaning ascribed to them in the Bond/Debenture Trust Deed.

**NOW IT IS AGREED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS:**

1. That the Issuer hereby appoints Beacon Trusteeship Limited as the Bond/Debenture Trustee for the Bond/Debenture Holders of the Bonds aggregating up to INR 10,000,00,00,000 /- (Indian Rupees Ten Thousand Crores only) to be issued by the Issuer from time to time and Beacon Trusteeship Limited hereby agrees to act as Bond/Debenture Trustee for the Bond/Debenture Holders. The Bond/Debenture Trustee and the Issuer shall on or around the date hereof also enter into a Bond/Debenture trust deed and such other documents as may be required from time to time in relation to the Bonds. The Bond/Debenture Trustee agrees to act as Bond/Debenture Trustee on behalf of and for the benefit of the Bond/Debenture Holders and for the purposes related thereto, strictly in accordance with the provisions of the Transaction Documents and as more particularly provided in the Bond/Debenture Trust Deed. Notwithstanding anything to the contrary, the Bond/Debenture Trustee shall not act on any instructions of the Issuer and shall only act with the instruction of the Bond/Debenture Holders in accordance with Bond/Debenture Trust Deed.
2. The Bond/Debenture Trust Deed shall be finalized by the parties and contain statutory/standard information pertaining to the debt issue inter alia consisting of clauses pertaining to Form SH-12 in terms of Rule 18(5) of the Companies (Share Capital and Bonds) Rules, 2014 as well as details specific to the Bonds. The Bond/Debenture Trust Deed shall consist of two parts:
  - a) Part A containing statutory/standard information pertaining to the Issue.
  - b) Part B containing details specific to the Issue

K. Kethala

3. The Bonds/Debentures are to be secured by way of a creating charge over such assets as shall be described in the Transaction Documents to be executed pursuant to the Issue, on such terms and conditions as agreed by the Bond/Debenture Holders and disclosed in the Offer Document, the Bond/Debenture Trust Deed and other Transaction Documents. The Security so created pursuant to the Security Documents shall be registered with the Sub-Registrar (as applicable), Registrar of Companies, Central Registry of Securitization Asset Reconstruction and Security Interest ("CERSAI"), depository or any other institution, as applicable, within 30 days of creation of charge or such earlier date as is provided in the Transaction Documents. The Company shall execute the Security Document and Bond/Debenture Trust Deed on or before making the final listing application. The issuer shall provide the Trustee No objection certificates from the existing lender for creation of charge in case such assets are already charged.
4. The Issuer shall pay to the Bond/Debenture Trustee so long as they hold the office of the Bond/Debenture Trustee, remuneration for their services as Bond/Debenture Trustee in addition to all reasonable and actual legal, traveling and other costs, charges and expenses which the Bond/Debenture Trustee or their officers, employees or agents may incur in relation to execution of the Bond/Debenture Trust Deed and all other documents executed/to be executed to give effect to the creation of Security for securing the Bonds. The remuneration of the Bond/Debenture Trustee shall be as per the fee letter bearing reference no. 69565/CL/MUM/24-25/DEB/620 dated March 03, 2025 (as may be amended/modified from time to time).
5. The Issuer shall comply with the provisions of SEBI Debenture Trustees Regulations, SEBI NCS Regulations, Debt Listing Agreement SEBI Circular No. SEBI/IMD/DOF-1/Debenture/2009/11/05 dated 11/05/2009 on Simplified Listing Agreement for Debt Securities read with the SEBI Circular No. SEBI/IMD/DOF-1/DEBENTURE/Cir-5/2009 dated the 26th November, 2009, LODR and the Act, each as amended, amended and restated, supplemented, replaced or modified from time to time, and other applicable provisions. Further the Issuer undertakes to comply with all regulations/provisions of the Companies Act, guidelines of other regulatory authorities in respect of allotment of Bonds till redemption.
6. This agreement is made in compliance with the Regulation 13 of the SEBI Debenture Trustee Regulations, And the parties undertake to ensure compliance with the same at all times till existence of this Agreement.
7. The Issuer shall provide to the Bond/Debenture Trustee on or prior to date of execution of this Agreement, all the applicable information and documents as required in terms of the SEBI NCS Regulations.
8. Terms of carrying out due diligence:
  - a. The Bond/Debenture Trustee, either through itself or its, advisors or experts, shall independently carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Offer Document and the SEBI DT Master Circular, has been obtained. For the purpose of carrying out

the due diligence as required in terms of Applicable Law, the Bond/Debenture Trustee, either through itself or its, advisors or experts, shall have the power to examine the books of account of the Issuer and to have the Issuer's assets inspected by its officers and/or external auditors, valuers, consultants, lawyers, technical experts or management consultants appointed by the Bond/Debenture Trustee.

- b. The Issuer shall provide all assistance to the Bond/Debenture Trustee to enable verification from the Registrar of Companies, CERSAI, depositories, information utility or any other authority, as may be required, where the assets and/or prior encumbrances in relation to the assets of the Issuer or any third party security provider for securing the Bonds, are registered / disclosed.
  - c. Further, in the event that any existing charge holders, the concerned trustee or agent on behalf of the existing charge holders, have provided conditional consent / permissions to the Issuer to create further charge on the assets, the Bond/Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant Transaction Documents or any other documents executed between existing charge holders/trustee and the Issuer.
  - d. Without prejudice to the aforesaid, the Issuer shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Bond/Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the Bonds, in accordance with the Applicable Law..
  - e. The Bond/Debenture Trustee shall have the power to independently appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Bond/Debenture Trustee. All reasonable and actual costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports or certificates or documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Issuer.
  - f. The Debenture Trustee shall obtain all such necessary certificates as stipulated below from the empaneled agency as a part of due diligence, as applicable:
    - i. ROC Search Report
    - ii. CERSAI Search Report
    - iii. Valuation Certificate of Assets secured
    - iv. Security Cover Certificate
    - v. Undertaking from the asset owner for non encumbrance
    - vi. Details of guarantor viz. holding/ subsidiary/ associate company etc.
    - vii. Conditions of invocation of guarantee including details of put options or any other terms and conditions which may impact the security created
    - viii. Undertaking by the guarantor that the guarantee shall be disclosed as "contingent liability" in the "notes to accounts" of financial statement of the guarantor
    - ix. Executed copies of previously entered agreements for providing guarantee to any other person, if any
9. The Issuer undertakes to promptly furnish all and any information as may be required by the Bond/Debenture Trustee in terms of the Companies Act and the Bond/Debenture

K. Karan

Trust Deed on a regular basis, including without limitation the following documents, as may be applicable:

- a. drafts of the Offer Document in relation to the issue of Bonds to facilitate the Bond/Debenture Trustee to review and provide comments, if any, as also the final Offer Document;
- b. the necessary corporate authorisations by way of board resolution and/or shareholder resolution necessary for the issue, allotment and the creation of security thereunder;
- c. agreement with the Registrar and Transfer Agent;
- d. letters from credit rating agencies regarding ratings;
- e. depository details;
- f. proof of credit of the Bonds in favour of the Bond/Debenture Holders;
- g. bank account details of the Issuer along with copy of pre-authorisation letter issued by Issuer to the banker in relation to the payment of redemption amount and Coupon in such format acceptable to the Bond/Debenture Trustee;
- h. executed copy of this Agreement;
- i. Bond/Debenture Trust Deed;
- j. Security Documents executed in relation to the Bonds;
- k. acknowledgement of filing the Offer Document with the Stock Exchange/;
- l. listing and trading permission from the stock exchange;
- m. approval for listing of the Bonds from the stock exchange;
- n. listing application along with the required details / annexures submitted to the stock exchange;
- o. certificate issued by the Registrar of Companies in relation to the charge created to secure the Bonds;
- p. confirmation or proof of payment of interest and principal amounts made to the Bond/Debenture Holders on due dates as per the terms of the Bond/Debenture Trust Deed and applicable rules and regulations as may be issued by SEBI including applicable law;

Page 6 | 10

- w. such other documents as may be reasonably required, from time to time, by the Bond/Debenture Trustee.

The Issuer shall ensure to furnish the list of documents as per the compliance checklist with reference number BTL/OPR/24-25/ 69578 dated March 03, 2025 provided by the Bond/Debenture Trustee within the prescribed timeline.

10. Information Accuracy and Storage

- a. The Issuer declares that the information and data furnished by the Issuer to the Bond/Debenture Trustee is true and correct and that the Bond/Debenture Trustee may in good faith rely upon the same and shall not be liable for acting or refraining from acting upon such information or data furnished to it under this Agreement.
- b. The Issuer confirms that the requisite disclosures made in the Offer Document are true and correct.
- c. All disclosures made in the Offer Document with respect to creation of security are in confirmation with the clauses of this Agreement.
- d. The Issuer undertakes and acknowledges that the Bond/Debenture Trustee and any other authorized agency may use, process the information and data disclosed to the Bond/Debenture Trustee in the manner as deemed fit by them in relation to the purpose of the due diligence to be undertaken in relation to the issuance of the Bonds.
- e. The Issuer hereby agrees that the Bond/Debenture Trustee shall have an unqualified right to disclose to the Bond/Debenture Holders (in accordance with applicable law) information including the credit history and the conduct of the account(s) of the Issuer as well as all details in relation to the assets of the Issuer and all third party security providers, guarantors and other undertaking providers, in such manner and through such medium as the Bond/Debenture Trustee in its absolute discretion may think fit. The Issuer agrees that such disclosure shall not be considered to be breach of confidentiality on the part of the Bond/Debenture Trustee.

11. Other Terms and Conditions

- a. The Bond/Debenture Trustee, ipso facto does not have the obligations of a borrower or a principal debtor or a guarantor as to the monies paid/invested by investors for the Bonds.
- b. The Debenture Trustee confirms that it: (a) is not an associate of the Issuer (b) does not beneficially hold shares in the Issuer; (c) is not a promoter, director or key managerial personnel or any other officer or an employee of the Issuer or of any holding company or a subsidiary or affiliate of the Issuer, under the Companies Act; (d) is not beneficially entitled to monies which are to be paid by

R. Karthi

the Issuer otherwise than as remuneration payable to the Debenture Trustee; (e) has not furnished any guarantee in respect of the Debentures or any interest thereon; (f) is not indebted to the Issuer, or its subsidiary or its holding or associate company or a subsidiary of such holding company; (g) does not have any pecuniary relationship with the Issuer amounting to 2% (two percent) or more of its gross turnover or total income or INR 50 lakhs, whichever is lower, during the two immediately preceding financial years or during the current financial year; and (h) is not a relative of any promoter or any person who is in the employment of the Issuer as a director or 'key managerial personnel', under the Companies Act,

- c. The Issuer hereby declares and confirms that the assets on which the charge is proposed to be created to secure the Bonds are free Encumbrances / if encumbered, necessary permissions or no objections have been obtained from the existing charge holders, and the same will be disclosed in the Offer Document.
  - d. The Issuer hereby declares and confirms that the charge on the secured assets shall be created in favour of the Bond/Debenture Trustee prior to filing of the application for listing of the Bonds. Further, the charges created by Issuer or third party security providers shall be registered with, Registrar of Companies, CERSAI, Depository etc., as applicable, within 30 days of creation of charge or such earlier date as is provided in the Transaction Documents.
  - e. The Issuer confirms that all necessary disclosures shall be made in the Offer Document including but not limited to statutory and other regulatory disclosures.
  - f. The Issuer confirms that the necessary documents for the creation of the charge, where applicable, including the Bond/Debenture Trust Deed would be executed within the time frame prescribed in the relevant regulations/act/rules etc., and the same would be uploaded on the website of the designated stock exchange, where the debt securities have been listed,
  - g. The Issuer shall on or prior to the date of execution of Bond/Debenture Trust Deed, provide to the Bond/Debenture Trustee, the bank account details from which the Issuer proposes to make the payment of redemption and coupon amount due to the Bond/Debenture holder. Further, the Issuer hereby undertakes that it shall preauthorize the Bond/Debenture Trustee to seek the redemption amount payment related information from such bank.

## ANNEXURE L- EVENTS OF DEFAULT AND COVENANTS

### EVENTS OF DEFAULT AND REMEDIES

#### 1. Events of Default

- 1.1. An Event of Default shall mean the occurrence of any one or more of the events specified in this Clause (each, an “**Event of Default**”), whether voluntarily or involuntarily, or resulting from the operation of law or otherwise (and in the event that such Event(s) of Default is/are not remedied by the Issuer within the cure period provided in respect thereof, if any), then the Debenture Trustee shall have the right to enforce its rights under this Deed in terms of Clause 2 (*Remedies*) below.

It is clarified that unless otherwise specified, the events listed in Clause 1.2 below shall not have any cure period, and, in particular, no cure period shall be available in respect of: (a) any default in redemption of Bonds, (b) any default in payment of Coupon / Principal Amount, and (c) any failure to replenish any shortfall in the Debt Service Reserve Amount in the DSRA within 30 (thirty) days from the date of issuance of a Shortfall / Event of Default Notice.

- 1.2. Notwithstanding anything to the contrary herein contained, each of the events set out below is an Event of Default (whether caused by any Person whatsoever outside the control of the Issuer or of any other Person) (such determination being at the sole discretion of Debenture Trustee):

(a) Default in redemption of Bonds

Any default in the redemption of the Bonds as and when the same shall have become due and payable.

(b) Default in payment of Coupon/Principal Amount

Default by the Issuer in the payment of Secured Obligations as and when the same shall have become due and payable on the Due Date.

(c) Failure to perform material obligations under Transaction Documents

The Issuer and/or the Government of Andhra Pradesh fails to perform or breaches any of its respective material obligations with respect to any covenant, condition or agreement under this Deed or any other Transaction Document (to which it is a party), and such failure is not capable of being cured in the Debenture Trustee’s opinion or there is an event or circumstance which will affect the ability of the Issuer and/or the Government of Andhra Pradesh to enter into and perform its / their obligations under the Transaction Documents or the legality, validity or the binding nature of the Transaction Documents.

(d) Breach of terms of the Deed of Guarantee

(i) The Government of Andhra Pradesh fails to pay the shortfall in DSRA towards maintenance of Debt Service Reserve Amount pursuant to receipt of a Shortfall / Event of Default Notice in terms of Clause 3.2 of the Deed of Guarantee cum Undertaking (*Payment of shortfall in DSRA and Invocation of Guarantee*).

(ii) Any misrepresentation by the Government of Andhra Pradesh in terms of Clause 4 (*Representations and Undertakings of the Parties*) of the Deed of Guarantee cum Undertaking and/or the Issuer in terms of the Transaction Documents, and such misrepresentation is not cured (if curable) within 30 (thirty) calendar days.

- (iii) The Government of Andhra Pradesh fails to comply with, or breaches the terms set out in Clause 6 (*Special Covenants and Undertakings*) of the Deed of Guarantee, and such failure is not remedied within 30 (thirty) calendar days.

(e) Security

- (i) Failure of the Issuer to create and/or perfect the Security Interest over the Secured Properties within the timelines specified under the relevant Transaction Documents, and such failure, if capable of being remedied, is not remedied within 30 (thirty) calendar days.
- (ii) Occurrence of any event or circumstance whereby any of the Security Document(s) once executed and delivered shall fail to have or provide the priority or ranking contemplated over the relevant Secured Properties, or any such Security Document(s) cease to be in full force and effect and such default has not been cured within a period of 30 (thirty) calendar days from the date of occurrence of such default.
- (iii) Any event or circumstance takes place which, in the opinion of the Debenture Trustee, is materially prejudicial to, or materially imperils, or otherwise depreciates the value of the Security Interest expressed to be provided under the relevant Security Document(s) in favour of the Debenture Trustee, which is not cured within 30 (thirty) calendar days.
- (iv) The Asset Coverage Ratio falling below 1 (one), leading to the value of the Security Interest being depreciated, thereby entitling the Debenture Trustee to call for additional / alternate security, and failure of the Issuer to provide such additional / alternate security within a period of 30 (thirty) days.

(f) Material adverse effect

Breach of the terms of any of the Transaction Documents or occurrence of any other event, which is likely to result in, or which may have, any material adverse effect, and such breach or event, if capable of being remedied, is not remedied within 30 (thirty) calendar days.

(g) Failure to maintain insurance

- (i) Failure by the Issuer/ Government of Andhra Pradesh to obtain or maintain (as the case may be) any insurance in respect of the Secured Properties as may be required by the insurance advisor appointed by the Secured Parties; and/or to renew such insurance; or paying the premium necessary towards maintaining such insurance when due, and such default, if capable of remedy, is not cured within a period of 90 (ninety) calendar days.
- (ii) Any insurance policy contracted or taken by the Issuer in relation to the Secured Properties is not, or ceases to be, in full force and effect at any time when it is required to be in effect and such default, if capable of remedy, is not cured within 90 (ninety) calendar days from the date of its occurrence.

(h) Supply of misleading information

Any information provided by the Issuer/ Government of Andhra Pradesh under the Transaction Documents and/or any other information furnished and/or any other

document delivered by or on behalf of the Issuer/ Government of Andhra Pradesh and/ or any representation, warranty or statement given or deemed to have been given by the Issuer/ Government of Andhra Pradesh to the Debenture Trustee/Bond Holders in connection with the Bonds is or proves to be misleading or incorrect or is found to be incorrect, and such default is not remedied within 30 (thirty) calendar days.

(i) Categorisation as a Wilful Defaulter

(i) In the event the Issuer or any of its directors (except any nominee directors nominated by any financial institution) are included in Reserve Bank of India's list of wilful defaulters and the same is not cured within 30 (thirty) calendar days from the occurrence of such event.

(ii) In the event an independent director is included in wilful defaulters list and such director is not replaced promptly, within a period of 30 (thirty) calendar days.

(j) Issuer ceases to carry on business

If the Issuer ceases, or threatens to cease, to carry on all or substantially all its business, and such default, if capable of being remedied, is not remedied within 30 (thirty) calendar days.

(k) Liabilities exceed the assets

If it is certified by an accountant or a firm of accountants appointed by the Debenture Trustee that the liabilities of the Issuer exceed its assets indicating the inability of the Issuer to discharge the Secured Obligations, and such default, if capable of being remedied, is not remedied within 30 (thirty) calendar days.

(l) Expropriation

If any Governmental Authority condemns, nationalizes, compulsorily acquires or seizes or otherwise expropriates all or any material part (in the opinion of the Debenture Trustee) of the assets of the Issuer (including but not limited to the Secured Properties), or any Governmental Authority (other than the Government of Andhra Pradesh) assumes custody or Control of the shares or business or operations of the Issuer or takes any action for the dissolution of the Issuer or any action that would prevent the Issuer or its officers from carrying on its business or operations or a substantial part thereof, and such default, if capable of being remedied, is not remedied within 30 (thirty) calendar days.

(m) Alteration in provisions of memorandum and/or articles of association

If the Issuer, without the previous consent in writing of the Debenture Trustee, makes or takes steps to make any alteration in the provisions of its Constitutional Documents which might, in the opinion of the Debenture Trustee, detrimentally affects or is prejudicial to the interests of the Bond Holders and upon demand by the Debenture Trustee refuses, neglects or is unable to rescind such alteration within 30 (thirty) calendar days of such alteration.

(n) Authorizations

Any of the necessary clearances required or desirable in relation to the Issuer, Government of Andhra Pradesh or the Bonds in accordance with any of the Transaction Documents is not received or is revoked, terminated, withdrawn, suspended, modified, withheld or ceases to be in full force, and such default, if capable of being remedied, is

not remedied within 30 (thirty) calendar days.

(o) Insolvency

- (i) the Issuer has voluntarily or involuntarily become the subject of proceedings under any Applicable law relating to insolvency or the Issuer is voluntarily or involuntarily dissolved or any application being initiated against the Issuer under the Insolvency and Bankruptcy Code, 2016 (or any other analogous law for the time being in force) and the same is not stayed or dismissed within 21 (twenty one) calendar days from the date of such initiation;
- (ii) if a petition for winding up of the Issuer has been filed and not stayed or dismissed within 7 (seven) calendar days from the date of filing by a court of competent jurisdiction or if an order of a court of competent jurisdiction is made for the winding up of the Issuer and the Issuer has taken any action or any actions having been taken or legal proceedings being started, in relation to all or part of the undertaking of the Issuer, for its dissolution, administration, bankruptcy, insolvency, any reorganization or attachment of its assets, which has the effect of dissolution or for the appointment of a liquidator, receiver, administrator, administrative receiver, conservator, custodian, trustee or similar officer of it or of any or all of its revenues and assets.

(p) Unlawfulness and Illegality

If:

- (i) it is, or becomes, unlawful for the Issuer to perform or comply with any of its obligations under any Transaction Document in the opinion of the Debenture Trustee or the collection of, and/or charge over the Revenue (including but not limited to the revenue arising from the Identified Mines / Identified Mine Documents / Identified Mine Contracts) is found untenable in a court of law, or the Issuer is in any manner restrained from the collection / appropriation of the Revenue (including but not limited to the revenue arising from the Identified Mines / Identified Mine Documents / Identified Mine Contracts); or
- (ii) the Identified Mine Documents and/or the grant of quarry leases / mining rights in respect of the Identified Mines is/are or become/s illegal, invalid, unenforceable, or there is any defect in any material provision thereof / in relation thereto; or
- (iii) any Transaction Document is not, or ceases to be, in full force and effect, or becomes illegal, invalid, unenforceable or there is any defect in any material provision of any of the Transaction Document,

and such default, if capable of being remedied, is not remedied within 90 (ninety) calendar days.

(q) Credit Rating

- (i) In the event, the credit rating of the Bonds is withdrawn or suspended by any Rating Agency and the same is not remedied within 90 (ninety) calendar days from the date of such occurrence; or
- (ii) The Issuer fails to renew the credit rating obtained by it in accordance with the provisions of the Transaction Documents.

(r) Reorganisation

The Issuer has taken/ takes any action for its of merger (other than mergers of its wholly owned subsidiaries), consolidation, reorganisation or amalgamation, demerger, buyback of its shares or change in its ownership without the prior written approval of the Debenture Trustee, and such action is prejudicial to the interest of the Debenture Holders; *provided* that such default, if capable of being remedied, is not remedied within 30 (thirty) calendar days.

(s) Operation and maintenance of the Revenue Collection Account.

Any breach or violation of the Issuer's undertaking to deposit all its Revenues into the Revenue Collection Account in accordance with the terms of this Deed and any other Transaction Documents; and such breach or violation is not fully remedied within 3 (three) working days from its occurrence.

(t) Repudiation

Repudiation of any of the Transaction Documents to which the Issuer or the Government of Andhra Pradesh is a party, or intention of the Issuer or the Government of Andhra Pradesh to repudiate any Transaction Document to which it is a party, and such default, if capable of being remedied, is not remedied within 30 (thirty) calendar days.

## 2. Remedies

2.1. The Security Interest created/ to be created under the Transaction Document in favour of the Debenture Trustee shall become enforceable, upon the occurrence of an Event of Default.

2.2. If an Event of Default has occurred, the Debenture Trustee may, without prejudice to any other rights it may have under Applicable Law:

- (i) accelerate the maturity of the Bonds and declare all of the amounts outstanding on the Bonds (including but not limited to any Coupon accrued thereon) and other Secured Obligations as on that date, to be immediately due and payable;
- (ii) enforce the Security Interest(s) created in its favour in terms of the relevant Transaction Document and undertake all actions and proceedings as may be necessary or required for the purposes of such enforcement.
- (iii) instruct the Account Bank to activate the Default Escrow Mechanism in the manner specified in the Accounts Agreement, in order to make payment of the Secured Obligations;
- (iv) issue a Shortfall / Event of Default Notice, calling upon the parties to remedy the Event of Default within 30 (thirty) calendar days from the date of issuance of the Shortfall / Event of Default Notice. In the event that the Event of Default is not cured before the closure of the 30<sup>th</sup> (thirtieth) calendar day from the date of issuance of the Shortfall / Event of Default Notice, the Debenture Trustee shall invoke the guarantee provided by the Government of Andhra Pradesh, by issuing a Guarantee Invocation Notice to the Government of Andhra Pradesh on the next Business Day and simultaneously direct the RBI to debit forthwith, on first priority basis, such amount as mentioned in the Guarantee Invocation Notice from the account(s) of the Government of Andhra Pradesh maintained with RBI, in accordance with the provisions of the Deed of Guarantee cum

Undertaking. The Debenture Trustee shall, further, notify the Rating Agencies who have rated the Bonds of (i) the invocation of the Guarantee (through the Guarantee Invocation Notice), and (ii) the issuance of the Notice to RBI;

- (v) initiate legal proceedings against the Issuer/ Government of Andhra Pradesh to realise the entire Secured Obligations payable in respect of the Bonds, enforce Security Interest, if any, in accordance with Applicable Law;
- (vi) exercise all powers under Applicable Law and/or the Transaction Documents; and
- (vii) appoint independent agents to examine operations of the Issuer and the value of the Security.

*Provided*, the proceeds from enforcement of Security will be appropriated by the Debenture Trustee towards the payment of Secured Obligations to the Secured Parties, in terms of the Transaction Documents.

- 2.3. Upon the occurrence of an Event of Default, the Debenture Trustee shall ensure that the Default Escrow Mechanism is effective and in full force till the Bond Servicing Account is adequately maintained for servicing the Bonds for full and final redemption. The Default Escrow Mechanism shall cease to be in effect from the date of such maintenance in the Bond Servicing Account. It is clarified that the Debenture Trustee may initiate any action mentioned above, along with giving effect to the Default Escrow Mechanism.
- 2.4. The Debenture Trustee shall have the authority to act upon and enforce the provisions of this Deed in accordance with these presents or to adopt appropriate remedies in that behalf on the instructions by the Majority Bond Holders for each series or sub-series of the Bonds and not on a consolidated basis (apart from a default in payment of Coupon/Principal Amount), and may in that behalf adopt remedies in relation thereto, and shall exercise all powers under this Deed in accordance with Applicable Law.
- 2.5. It is hereby clarified that prior to invocation of the Guarantee in terms of the Deed of Guarantee, the obligations with respect to the Bonds in terms of the Transaction Documents shall be solely upon the Issuer, and the liability of the Government of Andhra Pradesh shall not be direct, but contingent to the terms of invocation set out in the Deed of Guarantee. Upon invocation of the Guarantee, the liability on account of the outstanding Bonds, including payments with respect to shortfall in DSRA, shall become the direct and primary liability of the Government of Andhra Pradesh and shall be treated at par with all other liabilities of the Government of Andhra Pradesh, and shall be co-terminus with the obligations of the Issuer under this Deed.

## 2.6. Inter Creditor Agreement

Upon occurrence of a payment Event of Default in terms of Clause 1.2 (a) and Clause 1.2 (b) hereof, the Debenture Trustee in accordance with the SEBI DT Master Circular, shall:

- (a) send a notice to the Bond Holders within 3 (three) days of the occurrence of a payment Event of Default in terms of Clause 1.2 (a) and Clause 1.2 (b) hereof, by way of registered post with acknowledgement due, speed post with acknowledgement due, courier, hand delivery with proof of delivery or through electronic mail as a text or an attachment with notification of read receipt and proof of such delivery of notice or e-mail shall be maintained by the Debenture Trustee;
- (b) the notice delivered by the Debenture Trustee in accordance with (a) above, shall provide:
  - (A) the negative consent for proceeding with enforcement of the Security Interest; (B) positive consent for signing an inter-creditor agreement in accordance with the RBI circular

dated June 07, 2019 (“ICA”); (C) the time period within which the Bond Holders are required to provide their consent, that is, within 15 (fifteen) days from the date of such notice; and (D) the date on which the meeting of Bond Holders will be convened. The Debenture Trustee shall convene a meeting of the Bond Holders no later than 30 (thirty) days from the occurrence of a payment Event of Default in terms of Clause 31.1.2 (a) (*Events of Default*) and Clause 31.1.2 (b) (*Events of Default*) of this Deed provided that in case the Event of Default is cured by the Issuer to the satisfaction of the Debenture Trustee / Bond Holders, no meeting of the Bond Holders will be required;

- (c) the Debenture Trustee shall take the necessary action for enforcement of the Security Interest or for entering into an ICA, as decided by the Majority Bond Holders for ICA in terms with the Applicable Law;
- (d) In the event the Majority Bond Holders for ICA agree to sign an ICA and the Debenture Trustee signs such ICA on behalf of the Bond Holders, the Debenture Trustee shall be subject to the conditions stipulated in the SEBI DT Master Circular.

## COVENANTS AND UNDERTAKINGS

### 1. Covenants and Undertakings

The Issuer hereby covenants and undertakes that:

- (a) it shall comply with and observe and perform all the terms, conditions and covenants contained in these presents and the other Transaction Documents;
- (b) it shall at all times comply with the provisions of the Act and the rules and circulars issued thereunder, in respect of performance of its respective obligations under the Transaction Documents;
- (c) it shall ensure that the Bonds are listed on the wholesale debt market segment of the Designated Stock Exchange within 3 (three) Business Days from the Issue Closing Date;
- (d) it shall not make modification to the structure of the Bonds in terms of Coupon, conversion, redemption, or otherwise than in accordance with Applicable Law and with the prior approval of the Designated Stock Exchange;
- (e) it shall make payment of the guarantee commission payable by it to the Government of Andhra Pradesh in relation to the Guarantee, in accordance with the terms of the government order bearing reference no. G.O. Ms. No. 33 dated March 12, 2025 issued by the Industries and Commerce (M.III) Department of the Government of Andhra Pradesh);
- (f) it shall not induct any person into its Board who has been identified as a wilful defaulter by the RBI / credit information companies or any other Governmental Authority authorised in this behalf. If any such person is already a member of the Board, the Issuer shall take expeditious and effective steps for removal of such person so inducted, upon becoming aware of such facts;
- (g) it shall not amend or modify its Constitutional Documents in any manner which would result in restrictions on the Issuer complying with its obligations under the Transaction Documents;
- (h) it shall not sell, transfer, assign, Encumber or otherwise dispose off (whether voluntarily or involuntarily) (or agree to do any of the foregoing at any future time) any of its business undertaking or assets or any of the Secured Properties;
- (i) unless required by Applicable Law, it shall not change the financial year-end from the date Issuer has currently adopted;
- (j) it shall ensure that the disclosures in respect of the Use of Proceeds are provided in the Offer Document, in form and manner satisfactory to the Debenture Trustee;
- (k) save and except the Security created in accordance with the terms of the Transaction Documents (and any Security Interest created with respect to the Permitted Indebtedness with the approval of the Debenture Trustee), it shall not create any Encumbrance over the properties over which a Security Interest has been created (including, without limitation the Secured Properties) in accordance with the terms of the Transaction Documents without the prior written consent of the Debenture Trustee;

- (l) it shall diligently preserve its corporate existence and status and all rights, contracts, privileges, franchises and concessions now held or hereafter acquired by it, in the conduct of its business and that it will comply with each and every term of the said franchises and concessions and all acts, rules, regulations, orders and directions of any legislative, executive, administrative or judicial body applicable to its assets or any part thereof; *PROVIDED* that the Issuer may contest in good faith the validity of any such acts, rules, regulations, orders and directions and pending the determination of such contest, may postpone compliance therewith if the rights enforceable under the Bonds or the security for the Bonds is not thereby materially endangered or impaired;
- (m) it will not do or voluntarily suffer or permit to be done any act or thing whereby its right to transact its business might or could be terminated or whereby payment of the Principal and / or Coupon on the Bonds might or would be hindered or delayed;
- (n) it shall not change the nature of its business in any manner, unless permitted under the terms of this Deed;
- (o) it shall punctually pay all rents, royalties, taxes, rates, levies, cesses, insurance premium, assessments, impositions, governmental, municipal or otherwise imposed upon or payable by the Issuer, as and when the same shall become payable and when required by the Debenture Trustee, produce the receipts of such payment and shall also punctually pay and discharge all Financial Indebtedness, obligations and liabilities which may have priority over the Bonds and observe perform and comply with all covenants and obligations which ought to be observed and performed by the Issuer in respect of or any part of its assets;
- (p) it shall ensure that it keeps the Secured Properties adequately insured and in proper condition;
- (q) it shall forthwith give notice in writing to the Debenture Trustee of all orders, directions, notices of a court or tribunal or likely to affect its assets including in particular, the Secured Properties;
- (r) *Financial Covenants and Security:*
  - (i) The Issuer shall, at all times until the Final Settlement Date, maintain:
    - (A) a minimum Asset Coverage Ratio of 1 (one); and
    - (B) a DSCR of at least 1.25 (one decimal two-five) – *Provided* that in the event the Issuer avails any Permitted Indebtedness, the Issuer shall instead be required to maintain a DSCR of at least 1.50 (one decimal five-zero).
  - (ii) The Asset Coverage Ratio requirement under paragraph (i) above shall be tested on a yearly basis (or such other frequency as may be required under Applicable Law).
  - (iii) Compliance with the DSCR requirement shall be tested on a yearly basis (or such other frequency as may be required under Applicable Law) at the end of each financial year.
  - (iv) Notwithstanding anything contained in this Deed or any other Transaction Document, in the event the Issuer fails to maintain the Asset Coverage Ratio at the level stipulated in sub-clause (i) hereinabove, the Debenture Trustee

(acting on the instructions of the Bond Holders) may require the Issuer to, within 30 (thirty) days of such occurrence, create such further Security Interest as may be required to fully restore the Asset Coverage Ratio to the stipulated level. The Issuer agrees and undertakes that in the event such further Security Interest is required to be provided by it, that the same will be provided in a form and manner acceptable to the Debenture Trustee.

- (v) The Issuer shall submit to the Debenture Trustee valuation reports (in such form and manner as may be acceptable to the Debenture Trustee) in respect of the value of the underlying mineral deposits in the Identified Mines, every 3rd (third) year from the Deemed Date of Allotment.

(s) *Anti-Bribery and Corruption Law:*

- (i) The Issuer shall not directly or indirectly use the proceeds of the Debentures for any purpose which would breach the Bribery Act 2010, the United States Foreign Corrupt Practices Act of 1977 or other similar legislation in other jurisdictions.
- (ii) The Issuer shall:
  - (A) conduct its businesses in compliance with applicable Anti-Bribery and Corruption Laws; and
  - (B) maintain systems, controls, policies and procedures designed to promote and achieve compliance with such Anti-Bribery and Corruption Laws.
- (iii) The Issuer shall not directly or indirectly use the transaction proceeds for any purpose that would breach any Anti-Bribery and Corruption Laws.
- (iv) In connection with the transactions contemplated by this Deed, the Issuer shall not directly or indirectly, authorise, offer, promise, or make payments of anything of value, including but not limited to cash, cheques, wire transfers, tangible and intangible gifts, favours, services, and those entertainment and travel expenses that go beyond what is reasonable and customary and of modest value to (A) an executive, official, employee or agent of a governmental department, agency or instrumentality, (B) a director, officer, employee or agent of a wholly or partially government-owned or controlled company or business, (C) a political party or official thereof, or candidate for political office, (D) a foreign public official, or (E) any other person; while knowing or having a reasonable belief that all or some portion will be used for the purpose of:
  - (1) influencing any act, decision or failure to act by any such Person in his or her official capacity,
  - (2) inducing any such Person to use his or her influence with a government or instrumentality to affect any act or decision of such government or entity, or
  - (3) securing an unlawful advantage; in order to obtain, retain or direct business.

(t) *Maintenance of Internal Controls:*

The Issuer shall duly maintain adequate internal controls for the purposes of:

- (i) preventing any act of fraud, embezzlement, misstatement, misappropriation or siphoning off of the funds or revenues of the Issuer or any other act having a similar effect being committed by the management or any officer of the Issuer; and
  - (ii) preventing the use of the funds or revenues of the Issuer in violation of Anti-Money Laundering Laws and Anti-Terrorism Financing Laws and/or for other purposes not in compliance with Applicable Law.
- (u) The Issuer shall ensure that no Obligor shall become a FATCA FFI or a U.S. Tax Obligor.
- (v) *Financial Indebtedness*
- (i) The Issuer shall not, directly or indirectly, contract, create, incur or assume any senior Financial Indebtedness, except for the Permitted Indebtedness, without the prior written approval of the Debenture Trustee until the DSCR is less than (one decimal five-zero). *Provided that*, if the Issuer maintains a DSCR in excess of 1.50 (one decimal five-zero) at the end of any financial year, it would be permitted to raise further direct liabilities (having recourse to the Issuer) as per its requirements, from time to time, without requiring such prior written approval of the Debenture Trustee, on the condition that the Issuer continue to maintain a minimum Debt Servicing Coverage Ratio of at least 1.50 (one decimal five-zero) throughout the tenure of the Bonds.
  - (ii) Notwithstanding the provisions of sub-clause (i), the Issuer shall agree with the Debenture Trustee by furnishing the relevant guarantee document to the Debenture Trustee, a limit for availing bank guarantee facilities, which would be unconditionally and irrevocably guaranteed by the Government of Andhra Pradesh and without any recourse to the Issuer. As on the date of this Deed, this limit is fixed at INR 906,52,00,000 (Indian Rupees Nine Hundred and Six Crores Fifty-Two Lakhs only).
  - (iii) The Issuer shall not undertake any guarantee obligation(s) for or on behalf of any other Person.
  - (iv) The aggregate Financial Indebtedness availed by the Issuer (including all forms of guarantee obligations and contingent liabilities) should at all times be restricted to an amount such that the minimum Debt Servicing Coverage Ratio remains at least 1.50 (one decimal five-zero) times throughout the tenure of the Bonds.
  - (v) All subsequent Financial Indebtedness availed by the Issuer shall be *pari-passu* with, the Bonds, in all respects, including but not limited to seniority, guarantee by the Government of Andhra Pradesh (including the recourse mechanism / direct debit mechanism thereunder), security, servicing priority, circumstances triggering enforcement of Default Escrow Mechanism, and Event of Default
- (w) The Issuer shall take every necessary action and do everything under the Applicable Law in order to: (i) create, perfect and maintain the Security in full force and effect at all times (including the priority thereof) in accordance with this Deed within the timelines specified hereunder (or within such extended timelines as may be permitted

by the Debenture Trustee in writing), (ii) preserve and protect the Security and protect and enforce its rights and title, and the rights and title of the Debenture Trustee, to the Security in accordance with this Deed.

## **2. Information Covenants**

- (a) The Issuer shall submit to the Debenture Trustee a copy of all notices, resolutions and circulars relating to:
  - (i) non-convertible debt securities at the same time as they are sent to shareholders/ holders of non-convertible debt securities; and
  - (ii) the meetings of holders of non-convertible debt securities at the same time as they are sent to the holders of non-convertible debt securities or advertised in the media including those relating to proceedings of the meetings.
- (b) The Issuer shall promptly intimate the Debenture Trustee (along with the Designated Stock Exchange) if any of the following proposals are going to be placed before its Board:
  - (i) any alteration in the form or nature or rights or privileges of the Bonds; or
  - (ii) any alteration in the Due Dates on which Coupon on the Bonds or any Principal Amount is payable.
- (c) The Issuer shall promptly inform the Designated Stock Exchange and the Debenture Trustee all information having bearing on the performance/operation of the Issuer, any price sensitive information or any action that may affect the payment of interest or redemption of the Bonds in terms of Regulation 51(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- (d) The Issuer shall give prior intimation to the Designated Stock Exchange, with a copy to the Debenture Trustee at least 2 (two) Business Days before the date on and from which the Coupon on Bonds, and the Principal Amount of Bonds becomes payable, or within such timelines as maybe prescribed under Applicable Law.
- (e) The Issuer shall submit to the Designated Stock Exchange for dissemination, such disclosures as may be required under Applicable Law, including but not limited to those required under the SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015, along with its quarterly/annual financial results.
- (f) The Issuer shall submit/ provide to the Debenture Trustee all relevant documents/ information, as applicable, including in particular, the reports / certifications set out below, so as to enable the Debenture Trustee to submit the reports / certifications to the stock exchanges as required under the SEBI DT Master Circular as maybe amended from time to time:
  - (i) a certificate (certified by the statutory auditor of the Issuer) confirming compliance by the Issuer with the Asset Coverage Ratio requirements stipulated in this Deed, in such form as may be required by the Debenture Trustee, on a quarterly basis within 60 (sixty) calendar days from end of each Quarter or within such other timelines as maybe prescribed under Applicable Law;

- (ii) a certificate stating the value of the Secured Properties, in such form as may be required by the Debenture Trustee, on a quarterly basis within 60 (sixty) calendar days from end of each Quarter or within such other timelines as maybe prescribed under Applicable Law; and
  - (iii) a valuation report of the Secured Properties, in such form as may be required by the Debenture Trustee, on an annual basis within 75 (seventy-five) calendar days from end of each financial year or within other such timelines as maybe prescribed under Applicable Law.
- (g) The Issuer shall supply to the Debenture Trustee (in sufficient copies for all Bond Holder(s) if the Debenture Trustee so requests): (i) quarterly financial results within 45 (forty five) days of the end of each Quarter, and (ii) the annual audited standalone financial statements for each financial year (along with the documents specified under SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015) by no later than 60 (sixty) days from the end of the relevant financial year, in accordance with Applicable Law.
- (h) The Issuer shall submit such information from time to time as may be required by the Debenture Trustee pursuant to Applicable Law.
- (i) The Issuer shall promptly and forthwith inform the Debenture Trustee of any effect or change which may occur / has occurred, which may adversely affect the interests of the Bond Holder(s) or the Debenture Trustee.
- (j) The Issuer shall notify the Debenture Trustee of any Event of Default, or any potential Event of Default (and the steps, if any, being taken to remedy the same) promptly upon becoming aware of its occurrence.
- (k) The Issuer shall promptly and forthwith inform the Debenture Trustee, no later than 1 (one) day after the introduction of any Applicable Law that either restricts it from carrying out the business set out in its Constitutional Documents, or otherwise substantially alters the nature of its business activities.
- (l) The Issuer shall promptly and forthwith inform the Debenture Trustee, no later than 1 (one) day after:
  - (i) any of the Government Orders have been rescinded, superseded, or substantially modified by the Government of Andhra Pradesh; and/or
  - (ii) there are any orders passed in proceedings instituted before any competent authority in respect of any of the Secured Properties.
- (m) The Issuer shall provide information pertinent to a credit assessment of the Issuer undertaken by the Bond Holders as may be required from time to time, including, but not limited to, the latest financial information, rating letter and rating rationale, copies of the board and shareholder resolutions (as applicable) authorizing the Bonds and the latest company profile.
- (n) The Issuer shall, at least on each of the Funding Dates, provide the bank account statement of the Bond Servicing Account, the Debt Service Reserve Account, Contingency Reserve Account, and the Demat Account to the Debenture Trustee.
- (o) The Issuer shall provide to the Debenture Trustee, at the end of every Quarter a compliance certificate in relation to compliance by the Issuer with the financial covenants in such form and manner as may be required to the Debenture Trustee.

- (p) The Issuer shall provide all relevant documents and information as may be required from time to time, including its financial condition, business and operations, so as to enable the Debenture Trustee to conduct continuous and periodic due diligence and monitoring of the Security, in accordance with Applicable Law.

### 3. Further assurances

- (a) The Issuer shall permit the Debenture Trustee and its authorised representatives to inspect all records, registers and accounts of the Issuer. Any such representative of the Debenture Trustee shall have free access (after prior notice) at all times, to any part of the Issuer's records, registers and accounts and to all schedules, costs, estimates, plans and shall receive full co-operation and assistance from the employees of the Issuer. The cost of inspection, including travelling and all other expenses shall be payable by the Issuer to the Debenture Trustee in this behalf;
- (b) The Issuer shall furnish Information required by the Debenture Trustee for the effective discharge of the Debenture Trustee's duties and obligations, including copies of reports, balance sheets, profit and loss account etc.;
- (c) Upon occurrence of an Event of Default or Default, the Issuer shall not declare any dividend to its shareholders in any year until the Issuer has duly received authorisation to such effect from the Debenture Trustee in writing and the Issuer has paid or made satisfactory provision for the payment of the instalments of Principal Amount and Coupon due on the Bonds;
- (d) The Issuer shall obtain the prior written consent of the Debenture Trustee prior to undertaking any change in nature and conduct of business by the Issuer;
- (e) The Issuer shall keep the Debenture Trustee informed about any significant changes in the composition of its board of directors;
- (f) The Issuer shall keep the Secured Properties and in proper condition; and the Issuer covenants to pay or procure that all taxes, cesses, insurance premium with respect to the Secured Properties shall be paid (as the case may be) as may be required from time to time;
- (g) The Issuer shall not undertake or enter into any composition, compromise, settlement, restructuring, or any amalgamation, merger, demerger or corporate reconstruction scheme (whether proposed by the Issuer and/ or the Government of Andhra Pradesh or not), without the prior consent of the Debenture Trustee;
- (h) The Issuer shall and/ or shall cause the Government of Andhra Pradesh to keep the Debenture Trustee informed about any order, directions, notices, of court/tribunal affecting or likely to adversely affect the Secured Properties, and in this regard, the Issuer shall promptly provide or inform the Debenture Trustee of the details of all such orders, directions, notices, of any court/Tribunal affecting or likely to adversely affect the Secured Properties;
- (i) The Issuer shall furnish a quarterly report to the Debenture Trustee, within 30 (thirty) Days of the end of each Quarter, or such other timeline as may be prescribed under Applicable Law, containing the following particulars:
  - (i) updated list of the names and address of the Bond Holders;

- (ii) details of Coupon due but unpaid, and reasons thereof;
- (iii) details of payment of Coupon made on the Bonds in the immediately preceding calendar quarter;
- (iv) the number and nature of grievances received from the Bond Holders (i) resolved by the Issuer; and (ii) unresolved by the Issuer and the reasons for the same;
- (v) a statement that the assets of the Issuer is sufficient to discharge the claims of the Bond Holders as and when they become due; and
- (vi) maintenance of the debenture redemption reserve and investment of the monies lying therein as and if stipulated in the guidelines formulated (or modified or revised) by the Governmental Authority,

in addition to any other disclosures required to be made, or information required to be provided, by the Issuer to the Debenture Trustee in terms of Applicable Law.

- (j) So long as the Bond Holder(s) continue to hold the Bonds, the Issuer agrees and undertakes to comply with all Applicable Laws including the Act, all provisions of SEBI (Debenture Trustee), Regulations, 1993 as amended from time to time and SEBI (Issue and Listing of Non Convertible Securities) Regulations, 2021 as amended from time to time, SEBI (Listing Obligations and Disclosure Requirements), 2015 as amended from time to time, the debt listing agreement entered into with the stock exchanges (where the Bonds are listed/ proposed to be listed) and/or this Deed;
- (k) The Issuer agrees that this Deed is also subject to such guidelines as may be issued by SEBI, Government of India, and other statutory or regulatory authorities from time to time.

#### 4. **Additional Covenants**

- (a) The Bonds shall be issued by crediting the dematerialized accounts of the Bond Holder(s)/beneficial owner(s) and the same shall be issued by the Issuer by following the procedure stipulated for issuance of the Bonds in dematerialized form.
- (b) The Issuer shall immediately on allotment of Bonds take steps to credit the beneficiary account of the beneficial owner(s) with the relevant depository participant with the number of Bonds allotted.
- (c) For payment to the Bond Holder(s)/beneficial owner(s) in full discharge of all Principal Amounts and Coupon due upon their Bonds, the Issuer shall make the payment of Principal Amount to the Bond Holders or to any subsequent transferees who are entitled to receive the payment on the due date of redemption on receipt of the necessary corporate debit action from the Bond Holder.
- (d) The Issuer shall, at all times until the Secured Obligations have been duly discharged, maintain the Bond Servicing Account with the Account Bank from which the Due Amount in respect of the Bonds shall be paid. The Issuer agrees and acknowledges that it shall also inform the Debenture Trustee within 1 (one) Business Day of any change in the Account Bank details.
- (e) The Issuer further acknowledges, agrees, and shall cause the Account Bank to acknowledge and agree, that the Debenture Trustee is authorised to seek redemption

payment and Coupon payment related details and information from the Account Bank in terms of the extant regulations of SEBI. Further, in case of change of account bank, the Debenture Trustee shall accept such change only upon submission of the duly acknowledged and accepted pre-authorisation letter from the successor / new account bank.

- (f) The Issuer shall not make modification to the structure of the Bonds in terms of Coupon, conversion, redemption, or otherwise. *Provided* that prior approval of the stock exchange would also be required to make such modifications as per the Applicable Law.
- (g) The Issuer shall promptly submit any information, as required by the Debenture Trustee, including, but not limited to, intimations regarding all covenants of the issue (including side letters, breach of covenants (if any), accelerated payment clause, etc.).
- (h) The Issuer agrees and confirms that the Government of Andhra Pradesh will make payments under the Deed of Guarantee cum Undertaking free from any withholding or deduction into the Bond Servicing Account and/or the Debt Service Reserve Account (as the case may be) and that necessary confirmations have been issued to the RBI by way of the Defined Recourse Mechanism on or prior to the date of execution of this Deed. The Government of Andhra Pradesh has represented and warranted that the Defined Recourse Mechanism is in accordance with and does not breach any provision of the Constitution of India, the laws made by the legislature of the State of Andhra Pradesh and / or the rules made by the Governor of the State of Andhra Pradesh and / or any agreement(s) entered into by the Government of Andhra Pradesh with the RBI.
- (i) The Issuer shall ensure that the payment obligations of the Government of Andhra Pradesh under the Deed of Guarantee cum Undertaking will be recognized through requisite acknowledgement of the same in the budget of the Government of Andhra Pradesh, every year until the Final Settlement Date, and that the Government of Andhra Pradesh will provide for the payments of amounts due to the Bond Holder(s) during a particular financial year as a part of the relevant appropriation acts of the State of Andhra Pradesh.
- (j) The Issuer shall not, and shall procure that the Government of Andhra Pradesh does not, while the Bonds are still subsisting and outstanding, amend, withdraw, revoke or alter the written instructions to the RBI in relation to the Defined Recourse Mechanism, in any manner whatsoever, without the prior consent of the Debenture Trustee.
- (k) The Issuer shall procure that the Government of Andhra Pradesh ensures that the RBI shall honour all payment instructions provided by the Debenture Trustee by way of the RBI Notice within the specified timelines or as soon as the amounts become available in the RBI Accounts, in accordance with this Deed and the Deed of Guarantee cum Undertaking (including under the circumstances arising out of 'stop payment mechanism' or otherwise in terms of the ways and means advances and special drawing facilities in terms of the ways and means advances scheme and the overdraft regulations notified by the RBI).
- (l) The Issuer shall ensure that the Government of Andhra Pradesh shall not: (i) dissent to the instructions of the Debenture Trustee, and / or (ii) do any action which may prevent the RBI from acting on the instructions of the Debenture Trustee.
- (m) As on the Deemed Date of Allotment, the Government of Andhra Pradesh owns 100% (one hundred percent) of the shareholding of the Issuer and exercises Control over the Issuer. The Issuer shall ensure that the Government of Andhra Pradesh owns at-least

51% (fifty one percent) of the shareholding in the Issuer (on a fully diluted basis) and the Government of Andhra Pradesh continues to have Control over the Issuer, at all times till the Final Settlement Date, provided that any dilution of shareholding of the Government of Andhra Pradesh in the Issuer from the existing 100% to the permitted 51% shall be without affecting any provisions of the Deed of Guarantee cum Undertaking and with the full guarantee liability thereunder being that of the State Government of Andhra Pradesh, at all times till the Final Settlement Date.

- (n) The Issuer shall ensure that the Government of Andhra Pradesh complies with the provisions of Clause 6 (*Special Covenants and Undertakings*) of the Deed of Guarantee cum Undertaking, at all times till the Final Settlement Date.
- (o) The Issuer shall cause the Government of Andhra Pradesh to ensure that the RBI honours all payment instructions issued to the RBI by the Debenture Trustee pursuant to the Defined Recourse Mechanism.
- (p) The Issuer shall enter into / execute the relevant Identified Mine Documents and all other documents, deeds, notices, letters, agreements, declarations, undertakings, instruments and forms as may be required in relation to or in connection with or for the purposes of, the grant of quarry leasehold rights and mining rights in respect of the Identified Mines to the Issuer, within such time period as may be permitted under Applicable Law.
- (q) The Issuer shall ensure that the Government of Andhra Pradesh extends all reasonable assistance to the Issuer for facilitating the execution of the Identified Mine Documents.
- (r) The Issuer shall promptly undertake all steps necessary for receipt of all requisite approvals / consents / permissions (by whatever term referred to) from the Government of Andhra Pradesh and/or any other relevant Governmental Authority (including without limitation, required approvals from the relevant District Mines & Geology Officer (DMGO) / Divisional Mines & Geology Officer (Div. MGO)), as required under the Andhra Pradesh Minor Mineral Concession Rules, 1966 and other Applicable Laws in relation to execution of the Identified Mine Documents and the commencement of mining activity in respect of the Identified Mines.
- (s) The Issuer shall keep the Debenture Trustee apprised of the status of necessary clearances and approvals from relevant authorities (including without limitation, required approvals from the relevant District Mines & Geology Officer (DMGO) / Divisional Mines & Geology Officer (Div. MGO)), as required under the Andhra Pradesh Minor Mineral Concession Rules, 1966 and other Applicable Laws.
- (t) The Issuer shall ensure that all monies constituting the Revenue shall be transferred by the Issuer to the Revenue Collection Account at all times until the Final Settlement Date. To this effect, the Issuer shall issue irrevocable standing instructions in respect of all its existing bank accounts (other than the Accounts) where any of the Revenue is collected, instructing the banks with which such accounts are maintained to transfer such amounts constituting the Revenue to the Revenue Collection Account, on a daily basis. It is hereby clarified that in the event this arrangement is breached for any reason whatsoever, and the same is not remedied within 3 (three) Business Days, the same would be an Event of Default in terms of this Deed.
- (u) The Issuer shall promptly: (i) apply for the written consent of the Director of Mines and Geology, Andhra Pradesh / relevant Deputy Director of Mines and Geology in charge of the region(s) for the creation of Security Interest by way of the Deed of

Hypothecation; and (ii) apply for any other approval / permission as may be required for the creation of Security Interest by way of the Deed of Hypothecation.

- (v) The Issuer shall execute the Negative Lien Undertaking in terms of which the Issuer shall seek prior written consent of the Debenture Trustee prior to undertaking (or agreeing to undertake) the disposal or alienation of any part of the existing quarry leases / mining leases / mining rights of the Issuer (i.e., other than in relation to the Identified Mines) - including in particular, those relating to the 'Sulyari coal mines' and the 'barytes mines' - in any form or manner whatsoever till the Final Settlement Date.
