## Press Release

### **QatarEnergy, BHEL, EIL and GSFC empanel Mangalam Worldwide Ltd. as an approved vendor**

- **Opens new revenue streams for MWL through sector diversification**

India, Ahmedabad, April 10, 2026: Mangalam Worldwide Limited (MWL), a fully integrated stainless-steel manufacturer, announced its empanelment with leading global and domestic institutions, including QatarEnergy, Bharat Heavy Electricals Limited (BHEL), Engineers India Limited (EIL), and Gujarat State Fertilizers & Chemicals Limited (GSFC).

These approvals strengthen MWL's positioning across international energy, refinery, infrastructure, power and industrial sectors, enabling participation in high-specification projects and expanding its presence across both international and domestic markets.

**Commenting on the development, Chandragupt Prakash Mangal, Managing Director of Mangalam Worldwide Limited, said,** "Our empanelment with globally recognized institutions such as QatarEnergy, BHEL, EIL, and GSFC is a strong validation of our product quality, manufacturing capabilities and operational reliability. As we expand our footprint across domestic and international markets, we remain focused on enabling such institutions with predictable delivery and timelines. Our integrated model supports consistent quality and execution, while strengthening our participation across global and domestic energy and EPC-led ecosystems."

These approvals validate MWL's quality assurance systems, compliance capabilities and reliability in supplying critical materials. QatarEnergy grants MWL access to global oil and gas supply chains, while partnerships with BHEL and EIL establish footholds in India's power infrastructure and refinery-petrochemical sectors. GSFC further extends MWL's reach into chemicals and industrial manufacturing.

At the core of MWL's strength is its vertically integrated manufacturing ecosystem, covering melting, rolling, bright bar finishing, and seamless pipe and tube production. The company delivers approximately 190,000 MT annually and offers a diversified stainless steel portfolio including billets, ingots, hot rolled and forged bars, bright bars, and seamless pipes and tubes for critical applications across sectors.

**About Mangalam Worldwide Limited**

Mangalam Worldwide Limited, established in 1995, is a fully integrated stainless steel manufacturer, with operations ranging from scrap melting to the manufacturing of seamless pipes and tubes. The company also produces stainless steel (SS) billets, ingots, flat bars, round bars, bright bars, as well as seamless pipes & tubes, heat exchanger tubes and U-tubes. Its infrastructure includes steel melting shops, rolling mills, peeling unit with finishing machines and Seamless Pipes & Tubes unit, spread across four plants located in Halol (Unit I), Changodar (Unit II), and Kapadvanj (Unit III & IV), Gujarat. Together, these facilities cover over 1,25,000 square meters and have a total installed capacity of more than 1,90,000 MTPA. With a skilled workforce of 750+ people, Mangalam Worldwide is well-positioned to meet the growing demand for stainless steel products, including billets, ingots, bars, and seamless pipes & tubes. On 18 September 2025, the company transitioned its equity shares from the NSE SME Platform (Emerge) to the Capital Market Segment (Main Board) of the National Stock Exchange of India (NSE).
