**INTERNAL RISK FACTORS**

Below mentioned risks are the top 5 risk factors as per the RHP. For further details, see 'Risk Factors' on page 38 of the RHP.

1. We are dependent on LG Electronics, our Promoter, in various aspects of our business, and we pay royalty to them under the License Agreement (defined below). Any adverse change in our relationship with LG Electronics and the companies in the LG Group could have an adverse impact on our business, reputation, financial condition and results of operations.
2. The royalty payments made by us to our Promoter under the License Agreement or otherwise may attract regulatory scrutiny or action. As of the date of this Red Herring Prospectus, we have a contingent liability of ₹3,153.00 million in respect of royalty payments to our Promoter. There is no assurance that such observations will not be raised by the tax authorities in respect of future periods, which could then have an adverse impact on our results of operations.

In particular, Hi-M Solutek India Private Limited, an indirectly wholly owned subsidiary of Promoter provides services only to our Company. However, our Company does not have an exclusive contractual arrangement with Hi-M Solutek. Further, our Directors, Key Managerial Personnel and Senior Management may have interests in our Company in addition to their remuneration and reimbursement of expenses.
4. Increases in the prices of raw materials required for our operations could adversely affect our business and results of operations.
5. Our top-five suppliers and top-10 suppliers contributed 22.08% and 32.25% of our total purchases of raw materials, including components, in the three months ended June 30, 2025, respectively. Further, we source certain raw materials from suppliers in select countries outside India. Any interruption in the availability of raw materials due to geopolitical uncertainties, shortages or supplier misconduct, among other reasons, could adversely impact our business operations.
