INTERNAL RISK FACTORS

Below mentioned risks are the top 5 risk factors as per the RHP. For further details, see "Risk Factors" on page 30 of the RHP.

- We incurred losses aggregating to ₹(118.82) million and ₹(1,426.38) million in the Financial Years 2024 and 2023, respectively and negative cash flows from operating, investing and financing activities in certain periods. We may continue to experience losses and negative cash flows in the future as we anticipate increased expenses in the future.
- We significantly rely on a scaled and unified network infrastructure for our business operations, largely comprising 4,299 touchpoints, distributed across first and last mile centers and sort centers, and supported by more than 3.50 million square feet of operational space, and reaching 14,758 pin codes as of September 30, 2025. Any disruptions to our network may adversely affect our business operations, financial condition and cash flows.
- We rely on key commercial relationships with our clients. Our largest client contributed 48.91%, 51.23%, 48.00%, 59.23%, and 59.52% of our revenue from operations for the six months period ended September 30, 2025, and September 30, 2024, and the Financial Years 2025, 2024, and 2023, respectively. The loss of any such key commercial relationships could adversely affect our business.
- While our total revenue from operations grew from ₹14,151.24 million in the Financial Year 2023 to ₹24,851.31 million in the Financial Year 2025, our historical growth rates may not reliably forecast future performance and failure to manage growth or execute strategies effectively could impede our expansion and materially affect our business and future prospects.
- Any inability to expand and grow our network infrastructure in a balanced manner could adversely affect our future growth, business operations, financial condition and cash flows.
