EXTERNAL RISK FACTORS

Below mentioned risks are the top 5 risk factors as per the RHP:

- 1) We depend on our Multipurpose Products category for a significant portion of our revenues (55.79%, 59.02%, 62.01%, and 64.75% of our revenue from operations for the period ended September 30, 2025 and Fiscal Year March 31, 2025, March 31, 2024, and March 31, 2023).
- 2) We rely on the availability of Toluene, Hexane, Synthetic Rubber and other raw materials, as well as third-party suppliers and manufacturers, for the uninterrupted supply of raw materials. We do not have continuing or exclusive arrangements with any supplier, and our top 10 suppliers contribute to more than 76.74% of our total raw material and supply costs for the period ended September 30, 2025. The loss of key suppliers or delays in raw material deliveries could adversely impact our business, financial condition, results of operations, and cash flows.
- 3) Our existing and proposed manufacturing facility situated in Maharashtra, which exposes us to regional risks and risks in relation to our manufacturing process. Any disruption, slowdown, or shutdown in our manufacturing operations could adversely affect our business, results of operations, financial condition and cash flows.
- 4) Our revenues are highly dependent on customers primarily located in Maharashtra. Any decline economic health in Maharashtra could adversely affect our business, financial condition and results of operations.
- 5) We are dependent on third party transportation providers for delivery of raw materials to our company from our suppliers and delivery of our finished products to our customers. We have not entered into any formal contracts with our transport providers and any failure on part of such service providers to meet their obligations could adversely affect our business, financial condition and results of operation.

Due to character limits prescribed in the applicable regulations, entire text of the Risk Factors has not been incorporated here. Please refer the section titled 'Risk Factors' on page 32 of the RHP for further details.
