Our Company serves specialty chemicals to a wide range of industries such as Food, Personal care, Textiles, Mining, Industrial and Institutional Cleaners, Metal Working, Oil & Gas Industry, Lubricants and Other Industries.

The manufacturing facility has a production capacity of 7,800 metric tons per annum. The capacity has been increased from 4,800 MT per annum to 7,800 MT per annum due to additional Reactors installed, equipped with process control, innovative R&D centre, Quality Control and Application Laboratories. Operations at the facility are managed by an able and motivated team of highly qualified technical personnel, having expertise in their individual fields. Multipurpose facility designed to have a high degree of flexibility to meet customer needs. Multiple high-pressure stainless-steel reactors equipped to deliver yields from 100 Kg to 8,000 kg per batch providing a high level of flexibility.

The facility can carry out reactions at temperatures ranging from 10°C to 250°C and pressure 5 kg to 8 kg/cm², the reactors are equipped with condenser, vacuum arrangement and receiver and high-speed stirred reactor.

As part of the strategic diversification and expansion of our business into the manufacturing and supply of specialty chemicals, including Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation, Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers our Company proposes to establish a new manufacturing unit at Plot C-3, Lote Parshuram MIDC. The total construction area will be 1118.20 m².

SUMMARY OF OUR INDUSTRY

Covering more than 80,000 commercial products, India's chemical industry is extremely diversified and can be broadly classified into bulk chemicals, specialty chemicals, agrochemicals, petrochemicals, polymers, and fertilisers. India is the 6th largest producer of chemicals in the world and 3rd in Asia, contributing 7% to India's GDP. The Indian chemical industry is currently valued at US\$ 220 billion and is expected to reach US\$ 300 billion by 2030 and US\$ 1 trillion by 2040. This industry remains an active hub of opportunities, even in an environment of global uncertainty.

Globally, India is the fourth-largest producer of agrochemicals after the United States, Japan and China. India accounts for 16-18% of the world's production of dyestuffs and dye intermediates. Indian colourants industry has emerged as a key player with a global market share of ~15%. The country's chemicals industry is de-licensed, except for a few hazardous chemicals.

India has traditionally been a world leader in generics and biosimilars and a major Indian vaccine manufacturer, contributing more than 50% of the global vaccine supply.

India holds a strong position in exports and imports of chemicals at a global level and ranks 14th in exports and 8th in imports at the global level (excluding pharmaceuticals). From April-November 2024, India's dye exports (Dyes and Dye Intermediates) totalled Rs. 14,712 crore (US\$ 1.70 billion).

Major chemical production reached 1,008.9 thousand metric tonnes in December 2024, while petrochemical production reached 1,840.22 thousand metric tonnes.

India's proximity to the Middle East, the world's source of petrochemicals feedstock, enables it to benefit on economies of scale.

For further details, please refer to the section titled 'Industry Overview' at page 63.

ISSUE OF EQUITY SHARES FOR CONSIDERATION OTHER THAN CASH IN THE LAST ONE YEAR

Our Company has not issued any Equity Shares for consideration other than cash during the last 1 (One) year immediately preceding the date of filing this Letter of offer.

SECTION II – RISK FACTORS

An investment in equity shares involves a high degree of risk. Prospective Investors should carefully consider all the information disclosed in this Letter of offer, including the risks and uncertainties described below and the “Financial Statements” on page 97 before making an investment in the Equity Shares. The risks described below are not the only risks relevant to us or the Equity Shares or the industries in which we currently operate. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may also impair our business, cash flows, prospects, results of operations and financial condition. In order to obtain a complete understanding about us, investors should read this section in conjunction with “Our Business”, “Industry Overview” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 67, 63 and 101, respectively, as well as the other financial information included in this Letter of offer. If any of the risks described below, or other risks that are not currently known or are currently deemed immaterial actually occur, our business, cash flows, prospects, results of operations and financial condition could be adversely affected, the trading price of the Equity Shares could decline, and investors may lose all or part of the value of their investment. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below.

However, there are certain risk factors where the financial impact is not quantifiable and, therefore, cannot be disclosed in such risk factors. You should consult your tax, financial and legal advisors about the particular consequences to you of an investment in this Issue. The following factors have been considered for determining the materiality: (1) some events may not be material individually but may be found material collectively; (2) some events may have material impact qualitatively instead of quantitatively; and (3) some events may not be material at present but may have material impact in future.

This Letter of offer also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Letter of offer. Any potential investor in, and purchaser of, the Equity Shares should pay particular attention to the fact that our Company is an Indian company and is subject to a legal and regulatory environment which, in some respects, may be different from that which prevails in other countries. For further information, see “Forward Looking Statements” on page 19.

Unless otherwise indicated or the context requires otherwise, the financial information included herein is based on our Audited Financial Statements included in this Letter of offer. For further information, see “Financial Statements” on page 97. In this section, unless the context otherwise requires, a reference to “our Company” on a standalone basis.

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoter, our Directors, see “*Outstanding Litigations and Material Developments*” beginning on page no. 108 of this Letter of offer.

2. *Our reliance on certain industries for a significant portion of our sales could have an adverse effect on our business.*

We are primarily engaged in the business of chemicals finding its application in Food, Personal care, Textiles, Mining, Industrial and Institutional Cleaners, Metal Working, Oil & Gas Industry and Lubricants. Consequently, our revenues are dependent on the end user industries that use our products as an input. The table set forth below provides customer segment split of our revenue from operations for the financial year ended March 31, 2025, March 31, 2024 and March 31, 2023.

(Rs. in lakhs)

Industry Segment	March 31, 2025	%	March 31, 2024	%	March 31, 2023	%
Mining Explosives/ Lubricants	3037.79	30.01%	2286.32	34.29%	1300.86	31.59%
Metal Working / Oil & Gas	1103.36	10.90%	856.78	12.80%	473.56	11.50%
PersonalCare/ Cosmetics / Others	2360.59	23.32%	1652.23	24.78%	1008.90	24.50%
Textiles / Others	1907.09	18.84%	1544.88	23.17%	1139.02	27.66%

Cleaning / Industrial	1237.99	12.23%	92.67	1.39%	51.47	1.25%
Total		100%		100%		100%

Factors affecting any of these industries in general, or any of our customers in particular, could have a cascading adverse effect on our business, financial condition and results of operations. Such factors include, but are not limited to, the following:

- seasonality of demand for our customers’ products, which may cause our manufacturing capacities to be underutilized during specific periods;

- b) our customers' failure to successfully market their products or to compete effectively;
- c) change in any registration requirements or non-renewal of registrations or imposition of a regulatory ban, or trade sanctions imposed across the country or any such restrictions on the business or product or customer's final product;
- d) loss of market share, which may lead our customers to reduce or discontinue the purchase of our products; e) economic conditions of the markets in which our customers operate;
- e) regulatory issues faced by these industries in India and internationally;
- f) downturns or industry cycles that impact demand; and
- g) changes in technology or consumer tastes and requirements that alter demands for our products.

3. Our business is dependent and will continue to depend on our manufacturing facilities, and we are subject to certain risks in our manufacturing process. Any slowdown or shutdown in our manufacturing operations or strikes, work stoppages or increased wage demands by our employees that could interfere with our operations could have an adverse effect on our business, financial condition and results of operations.

We conduct our operations through one manufacturing facilities at E-10, Lote Parshuram MIDC, Tal-Khed, District-Ratnagiri- 415 722, Maharashtra, India. Our Manufacturing Facility is an approximately 4,050 square meters facility for acts as a large scale production facility. Our business is dependent upon our ability to manage our manufacturing facilities, which are subject to various operating risks, including those beyond our control, such as the breakdown, failure of equipment or industrial accidents, severe weather conditions and natural disasters. Any significant malfunction or breakdown of our machinery, our equipment, our reactors, our automation systems, our any other systems or any other part of our manufacturing processes or systems (together, our **"Manufacturing Assets"**) may entail significant repair and maintenance costs and cause delays in our operations. While we have not had such instances during the last three financial years. where our Company was affected, we cannot assure you that we shall not experience any malfunction or breakdown of our Manufacturing Assets in the future. If we are unable to repair Manufacturing Assets in a timely manner or at all, our operations may need to be suspended until we procure the appropriate Manufacturing Assets to replace them. In addition, we may be required to carry out planned shutdowns of our facilities for maintenance, statutory inspections, customer audits and testing, or may shut down certain facilities for capacity expansion and equipment upgrades.

Success of our operations depend on availability of labour and good relationships with our labour force. As of the date of this Letter of offer, our employees are not members of any organised labour unions. Strikes and lockouts as a result of disputes with our labour force may adversely affect our operations. While we have not had instance of strikes, lockouts or labour disputes in the past, we cannot assure you that we shall not experience any strikes or lockouts on account of labour disputes in the future. Such events could disrupt our operations and may have a material adverse effect on our business, financial condition and results of operations.

Further, we may be subject to manufacturing disruptions due to contraventions by us of any of the conditions of our regulatory approvals, which may require our manufacturing facilities to cease, or limit, production until the disputes concerning such approvals are resolved.

Although we have not experienced any significant disruptions at our manufacturing facilities in the past, we cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shutdown of our operations or the under-utilization of our manufacturing facilities, which in turn may have an adverse effect on our business, financial condition and results of operations.

4. We have experienced negative cash flows in the past. Any such negative cash flows in the future could adversely affect our business, results of operations and prospects.

The following table sets forth our cash flow for the periods indicated:

(Rs. In Lakhs)				
Particulars	For the Financial year ended March 31, 2025	For the Financial year ended March 31,2024	For the Financial year ended March 31,2023	For the Financial year ended March 31,2022
Net Cash from Operating	(1654.91)	35.32	18.94	(576.00)

Net cash from Financing	4034.50	760.66	0	810.01
-------------------------	---------	--------	---	--------

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans, and make new investments without raising finance from external resources. Such negative cash flows lead to a net decrease in cash and cash equivalents. Any negative cash flow in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares.

5. *We derive a significant part of our revenue from major customers. If one or more of such customers choose not to source their requirements from us or to terminate their contracts with us, our business, financial condition and results of operations may be adversely affected.*

Our operations are dependent on the requirements of our customers, from our Top 5 Customers and Distribution Channels, we generate Rs. 9051.03 Lakhs of revenue, which is 90% of the Total Revenue generated as on March 31, 2025. We are an innovation driven enterprise and to produce new products which attracts higher cost. Thus, the cost of the new product is comparatively higher than the usual product. This thus raises the price of the product and thus involves the risk of acceptance by the customer. As a result, number of potential consumer of our product/ services may reduce which will ultimately affect our potential revenue in future to that extent. Accordingly, any failure to retain these customers and/or negotiate and execute contracts on terms that are commercially viable, with these select customers, could adversely affect our business, financial condition and results of operations. In addition, any defaults or delays in payments by a major customer or the insolvency or financial distress by a major customer may have an adverse effect on business, financial condition and results of operations.

Cancellation by customers or delay or reduction in their orders or instances where anticipated orders fail to materialize can result in mismatch between our inventories of raw materials and of manufactured products, thereby increasing our costs relating to maintaining our inventory and reduction of our margins, which may adversely affect our profitability and liquidity. Further, we may not find any customers or purchasers for the surplus or excess capacity, in which case we would be forced to incur a loss. Further, our inability to find customers for surplus products may result in excessive inventories which may become obsolete and may be required to be written off in the future.

Additionally, our customers have high standards for product quality and quantity as well as delivery schedules. Any failure to meet our customers' expectations could result in the cancellation or non-renewal of contracts or purchase orders. There are also a number of factors, other than our performance that could cause the loss of a customer. Customers may demand price reductions, set-off any payment obligations, require indemnification for themselves or their affiliates, or replace their existing products with alternative products, any of which may have an adverse effect on our business, financial condition, results of operations and prospects.

6. *Our top five suppliers contribute majority of our purchases. Any loss of business with one or more of them may adversely affect our business operations top five suppliers contribute and profitability.*

Our top Five suppliers contributed approximately 92.63%, 86.12%, 93.51% and 91.83% of our total purchases for the period ended June 30, 2025 and for the Financial year ended March 31, 2025, March 31, 2024 and March 31, 2023 based on Financial Statements. Our top five suppliers remain consistent supply to us over period of time due to the stable demand-supply mechanism. Consequently, the supply process from these suppliers remains unchanged as we consistently prioritize cost-effective sourcing in our normal course of business. Since our business is concentrated among relatively few significant suppliers, we could experience a reduction in our purchases and business operations if we lose one or more of these suppliers, including but not limited on account of any dispute or disqualification. While we believe we have maintained good and long-term relationships with our other suppliers too, there can be no assurance that we will continue to have such long-term relationship with them. We cannot assure that we shall do the same quantum of business, or any business at all, with these customers, and loss of business with one or more of them may adversely affect our purchases and business operations.

7. *Our manufacturing process involves the use of hazardous and flammable industrial chemicals which entails significant risks and could also result in enhanced compliance obligations.*

Our Company manufacturing and supply of Specialty Chemicals, consequently, our manufacturing facilities utilises various hazardous and inflammable industrial chemicals and other corrosive raw materials. While our Company believes that it has necessary controls and processes in place, any failure of such systems, mishandling of hazardous chemicals or any adverse

incident related to the use of these chemicals or otherwise during the manufacturing process may cause industrial accidents, fire, loss of human life, damage to our and third-party property and, or, environmental damage. If any industrial accident, loss of human life or environmental damage were to occur we could be subject to significant penalties, other actionable claims and, in some instances, criminal prosecution. Any such event would in addition to adversely affecting our reputation also temporarily reduce our manufacturing capacity which could adversely affect our business, results of operations and reputation.

Further, any environmental damages could increase the regulatory scrutiny and result in enhanced compliance requirements including on use of materials and effluent treatment which would, amongst others, increase the cost of our operations.

8. *Our business is dependent on our continuing relationships with our clients, with whom we have not entered into long term arrangements.*

We do not have any long term arrangements with any of our clients. Our business is based upon mutual agreed terms with our clients without any written arrangement. Although we have satisfactory business relations with our clients but we cannot assure continued flow of business from them. The loss of or interruption of work by, a significant client or a number of significant client or the inability to procure work on a regular basis or at all may have an adverse effect on our revenues, cash flows and business and financial operations.

9. *Our existing manufacturing facility are concentrated in a single region i.e., Lote, Maharashtra and the inability to operate and grow our business in this particular region may have an adverse effect on our business, financial condition, results of operations, cash flows and future business prospects.*

Our manufacturing unit is located at Lote, Maharashtra which exposes us to risks of concentration. Our success depends on our ability to successfully manufacture and deliver our products to meet our customer demand. Although in the past we have not experienced instances of operating risks, however our manufacturing facility is susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. It is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties. If our Company experiences delays in production or shutdowns at our facility due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company's operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations.

10. *We are subject to strict quality requirements and any product defect issues or failure by us or our raw material suppliers to comply with quality standards may lead to the cancellation of existing and future orders, recalls and exposure to potential product liability claims.*

We face an inherent business risk of exposure to product defects and subsequent liability claims if the use of any of our products results in personal injury or property damage. We may not be able to meet the quality standards imposed by our customers and applicable to our manufacturing processes, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

If any of our products are defective, we may be, inter alia, (i) responsible for damages relating to any defective products, (ii) required to replace or recall such products or (iii) incur significant costs to defend any such claims. The failure by us or any of our suppliers to achieve or maintain compliance with customer requirements or quality standards may disrupt our ability to supply products sufficient to meet demand until compliance is achieved or, until a new supplier has been identified and evaluated. The quality of raw materials will have an impact on the quality of the finished products and in turn affect our brand image, business and revenue. There is no assurance that our products will always meet the satisfaction of our customers' quality standards. Our failure to comply with applicable regulations could cause adverse consequences to be imposed on us, including injunctions, civil penalties, suspensions or seizures or recalls of products, operating restrictions and criminal prosecutions, all of which could harm our business. There can be no assurance that if we need to engage new suppliers to satisfy our business requirement, we will be able locate new suppliers in compliance with customer requirements in a timely manner, or at all. Failure to do so could lead to the cancellation of existing and future orders and have a material adverse effect on our business and revenue. However, no such instances occurred in the past.

11. We have in the past entered into related party transactions and may continue to do so in the future.

We have entered into transactions with our Promoters, Directors, Key Managerial Personnel and Group companies. While all such related party transactions are conducted on an arms' length basis in accordance with the Companies Act, 2013 and other applicable regulations and law, there can be no assurance that we could not have achieved more favorable terms had such transactions not been entered into with the related parties. Furthermore, it is likely that we enter into related part transactions in future and they will be entered on arms' length basis in accordance with the Companies Act, 2013 and other applicable regulations and law There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations. For further details, please refer to the Financial Information of our Company on page 97 of the Letter of Offer.

12. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to use systems/equipment capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will use such systems/equipment effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analysis of market and other data or the strategies we use or plan in future to use will be successful under various market conditions.

13. Our business is based on the trust and confidence of our customers; any damage to that trust and confidence may materially and adversely affect our business, future financial performance and results of operations.

We are dedicated to earning and maintaining the trust and confidence of our customers and we believe that the good reputation is essential to our business. The reputation of our Company could be adversely affected by any threatened and/or legal proceedings and/or any negative publicity or news articles in connection with our Company. As such, any damage to our reputation could substantially impair our ability to maintain or grow our business. If we fail to maintain brand recognition with our target customers due to any issues with our product offerings, a deterioration in service quality, or otherwise, declines our market perception and customer acceptance of our brands may also decline.

14. In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions. Further we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or need to update pursuant to change in name and conversion of company to public Company.

While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities. There can be no assurance that the relevant authority will issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavor to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, see "Government and Other Approvals" beginning on page no. 110 of this Letter of offer.

15. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and have not been independently appraised and may be subject to change based on various factors, some of which are beyond our control.

Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and have

not been independently appraised and may be subject to change based on various factors, some of which are beyond our control. Our funding requirements and deployment of the Net Proceeds are based on internal management estimates based on current market conditions, and have not been appraised by any bank or financial institution or other independent agency. Further, in the absence of such independent appraisal, our funding requirements may be subject to change based on various factors which are beyond our control. For details, see “*Objects of the Issue*” on page 47. However, the deployment of the Gross Proceeds will be monitored by the Monitoring Agency, Infomerics Valuation and Rating Limited.

16. *Our success depends largely upon the services of our Managing Directors and other key managerial personnel and our ability to attract and retain them.*

We are dependent on our Managing Director and Key Managerial Personnel for setting our strategic direction and managing our businesses. Our Company has over past years built relations with suppliers, customers and other persons who are connected with us. Accordingly, our Company’s performance is dependent upon the services of our Managing Director, and other key managerial personnel. Our future performance will depend upon the continued services of these persons. Demand for key managerial personnel in the industry is intense and our inability to attract and retain key managerial personnel may affect the operations of our Company.

17. *We operate in a highly competitive industry. Any inability to compete effectively may lead to a lower market share or reduced operating margins.*

We operate in a highly competitive industry with a number of other manufacturers that produce competing products, both in India and internationally. As a result, to remain competitive in the market we must continuously strive to reduce our production and distribution costs and improve our operating efficiencies and innovate our products offering. If we fail to do so, it may have an adverse effect on our market share and results of operations.

In relation to our products segment, we may incur significant expense in preparing to meet anticipated customer requirements which may not be recovered. For example, if a customer is preparing to launch a new product, we may need to incur substantial capital investments for transition of our manufacturing facilities and resources, which may adversely impact production rates or other operational efficiency measures at our facilities.

18. *As the securities of our Company are listed on Stock Exchanges in India, our Company is subject to certain obligations and reporting requirements under the SEBI Listing Regulations.*

Any non-compliances/delay in complying with such obligations and reporting requirements may render us liable to prosecution and/or penalties. The Equity Shares of our Company are listed on SME platform of NSE Limited (SME Platform of National Stock Exchange of India), therefore we are subject to the obligations and reporting requirements prescribed under the SEBI Listing Regulations.

Our Company endeavors to comply with all such obligations/reporting requirements, there may be nondisclosures/delayed/erroneous disclosures and/or any other violations which might have been committed by us, and the same may result into Stock Exchanges and/or SEBI imposing penalties, issuing warnings and show cause notices against us and/or taking actions as provided under the SEBI Act and Rules and Regulations made there under and applicable SEBI Circulars. Any such adverse regulatory action or development could affect our business reputation, divert management attention, and result in a material adverse effect on our business prospects and financial performance and on the trading price of the Equity Shares. As on the Date of Filing of DLOF there is no pending prosecution and/or penalties from the exchange.

19. *Our insurance coverage may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.*

Our business and assets could suffer damage from fire, natural calamities, misappropriation or other causes, resulting in losses, which may not be fully compensated by insurance. There can be no assurance that the terms of our insurance policies will be adequate to cover any damage or loss suffered by our Company or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim.

Further, our Company is required to renew these insurance policies from time to time and in the event, we fail to renew the insurance policies within the time period prescribed in the respective insurance policies or not obtain at all,

our Company may face significant uninsured losses. If our Company suffers a large uninsured loss or if any insured loss suffered, significantly exceeds our insurance coverage, our business, financial condition and results of operations may be adversely affected.

20. Any shortages, delay or disruption in the supply of the raw materials we use in our manufacturing process due to factors beyond our control may have a material adverse effect on our business, financial condition, results of operations and cash flows.

We strive to maintain adequate inventory levels. We are expanding our suppliers base. However, if we face shortage in raw materials in the future, there can be no assurance that we may be able to acquire the raw materials from the market in a timely manner, or at all, and if we are not able to procure raw materials in sufficient quantities, we may not be able to manufacture our products according to our pre-determined timeframes or as contracted with our customers, at our previously estimated product costs, or at all. Therefore, any shortage, delay or disruption in supply of any of our raw materials could have an adverse effect on our business, results of operations, cash flows and reputation.

21. If we are unable to manage our growth effectively and further expand into new markets our business, future financial performance and results of operations could be materially and adversely affected.

The success of our business will depend on our ability to effectively implement our business and growth strategy. As part of our growth strategy, we aim to, among other things, continue to grow our businesses as and when opportunities exist including by Continuing to strengthen our existing product portfolio with attractive growth and profitability prospects, to strive for cost efficiency, attracting and retaining talented employees and focusing on consistently meeting quality standards.

As we continue to grow our business and expand into newer markets, we may face several challenges, including as set forth below:

- acquiring new customers;
- identifying customer requirements and preferences in such markets;
- obtaining approvals and certifications for our products in such jurisdictions;
- making accurate assessments of the resources we will require;
- preserving a uniform culture, values and work environment;
- developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, internal control and other internal systems;
- recruiting, training and retaining sufficient skilled management, technical and marketing personnel;
- maintaining high levels of customer satisfaction; and
- adhering to expected performance and quality standards.

In pursuing our growth strategy, we will require additional capital investments and cash outlays, which may have a material impact on our cash flows and results of operations.

Our operating expenses and capital requirements may increase significantly pursuant to our expansion plans. Our ability to manage our growth effectively requires us to forecast accurately our sales, growth and manufacturing capacity and to expend funds to improve our operational, financial and management controls, reporting systems and procedures. An inability to implement our future business plan, manage our growth effectively, further expand into new markets or failure to secure the required funding on favourable terms or at all could have a material and adverse effect on our business, future financial performance and results of operations.

22. Any IT system failures or lapses on part of any of our employees may lead to operational interruption, liabilities or reputational harm.

The success of our businesses depends in part upon our ability to effectively deploy, implement and use information technology systems and advanced technology initiatives in a cost effective and timely basis. Our information technology systems include multiple applications, coding, configuration and other systems that allocate resources and facilitate internal and external communications, enabling us to coordinate and make quick decisions across our business. Our computer networks may be vulnerable to un-authorized access, computer hacking, computer viruses, worms, malicious applications and other security problems caused by un-authorized access to, or improper use of, systems by our employees, subcontractors or third-party vendors. Any systems failure or security breach or lapse on

our part or on the part of our employees and other ecosystem participants that results in the release of user data could harm our reputation and brand and, consequently, our business, in addition to exposing us to potential legal liability. Any such legal proceedings or actions may subject us to significant penalties and negative publicity, require us to change our business practices, increase our costs and severely disrupt our business.

Till the date of this Letter of offer there have been no such instances or event that have occurred in the Company relating to the any IT system failures or lapses on part of any of our employees may lead to operational interruption, liabilities or reputational harm.

23. If our security measures are compromised, our products and services would be perceived as vulnerable, our brand and reputation would be damaged and customers could stop using our products and services, all of which would materially adversely affect us.

Our products and services store, retrieve and manage our customers' information and data, external data, as well as our own data. Third parties may identify and exploit product and its service vulnerabilities, penetrate or bypass our security measures, and gain un-authorised access to our or our customers, networks and systems, any of which could lead to the compromise of personal information or the confidential information or our data or that of our customers.

High-profile security breaches at companies have increased in recent years, and security industry experts and government officials have warned about the risks of hackers and cyber-attacks targeting IT products and businesses. These risks will increase as we continue to grow, store and process increasingly large amounts of data, including personal information and our customers' confidential information and data and other external data. Further, as privacy and data protection become more sensitive issues in India, we may also become exposed to potential liabilities. For instance, under the Information Technology Act, 2000 ("**IT Act**"), we are subject to civil liability for wrongful loss or gain arising from any negligence by us in implementing and maintaining reasonable security practices and procedures with respect to sensitive personal data or information on our computer systems, networks, databases and software. India has also implemented privacy laws, including the IT Security Rules, which impose limitations and restrictions on the collection, use and disclosure of personal information. We could suffer significant damage to our brand and reputation if a cyber-attack or other security incident were to allow un-authorised access to or modification of our customers' data, other external data, or our own data or our IT systems or if the services we provide to our customers were disrupted, or if our products or services are perceived as having security vulnerabilities. Customers could lose confidence in the security and reliability of our products and services, and this could lead to fewer customers using our products and services and result in reduced revenue and earnings. The costs we may incur to address and fix these security incidents would increase our expenses. These types of security incidents could also lead to breach of contracts with customers, lawsuits, regulatory investigations and claims and increased legal liability, including contractual costs related to customer notification and fraud monitoring, all of which could materially adversely affect us.

Till the date of this Letter of offer there have been no such instances or event that have occurred in the Company relating to any cyber-attack or other security breach that would compromise our Company's data.

24. Our continued success is dependent upon our ability to hire, retain, and utilize qualified personnel.

The success of our business is dependent upon our ability to hire, retain, and utilize qualified personnel, including project managers, engineers, and corporate management professionals who have the required experience and expertise. From time to time, it may be difficult to attract and retain qualified individuals with the expertise and in the timeframe demanded by our clients, and we may not be able to satisfy the demand for our services because of our inability to successfully hire and retain qualified personnel.

If we cannot attract and retain qualified personnel or effectively implement appropriate succession plans, it could have a material adverse impact on our business, financial condition, and results of operations. Moreover, we may be unable to manage knowledge developed internally, which may be lost in the event of our inability to retain employees. The cost of providing our services, including the extent to which we utilize our workforce, affects our profitability. If an expected any award is delayed or not received, we could incur cost resulting from excess staff, reductions in staff, or redundancy of facilities that could have a material adverse impact on our business, financial conditions, and results of operations.

ISSUE SPECIFIC FACTORS

1. ***Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of shareholding.***

The Rights Entitlements that are not exercised prior to the end of the Issue Closing Date will expire and become null and void, and Eligible Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for dilution of your percentage ownership of the equity share capital of our Company that may be caused as a result of the Issue. Renouncees may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the demat account of the Renouncees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renouncee will not be able to apply in this Issue with respect to such Rights Entitlements.

2. ***SEBI has recently, by way of Rights Issue Circulars streamlined the process of rights issues. You should follow the instructions carefully, as stated in such SEBI circulars and in this Letter of offer.***

The concept of crediting Rights Entitlements into the demat accounts of the Eligible Shareholders has recently been introduced by the SEBI. Accordingly, the process for such Rights Entitlements has been recently devised by capital market intermediaries. Eligible Shareholders are encouraged to exercise caution, carefully follow the requirements as stated in the SEBI Rights Issue Circulars and ensure completion of all necessary steps in relation to providing/updating their demat account details in a timely manner. For details, see '**Terms of the Issue**' on page 122 of this Letter of offer.

In accordance with Regulation 77A of the SEBI (ICDR) Regulations read with the SEBI Rights Issue Circular, the credit of Rights Entitlements and Allotment of Right Shares shall be made in dematerialized form only. Prior to the Issue Opening Date, our Company shall credit the Rights Entitlements to (i) the demat accounts of the Eligible Shareholders holding the Equity Shares in dematerialised form; and (ii) a demat suspense escrow account (namely being INDIAN EMULSIFIERS LIMITED-SUSPENSE ESCROW DEMAT ACCOUNT) opened by our Company, for the Eligible Shareholders which would comprise Rights Entitlements relating to:

- (a) Equity Shares held in a demat suspense account pursuant to Regulation 39 of the SEBI (LODR) Regulations; or
- (b) Equity Shares held in the account of IEPF authority; or
- (c) The demat accounts of the Eligible Equity Shareholder which are frozen or suspended for debit or credit or details of which are unavailable with our Company or with the Registrar on the Record Date; or
- (d) Equity Shares held by Eligible Equity Shareholders holding Equity Shares in the physical form on the Record Date the details of demat accounts are not provided by Eligible Equity Shareholders to our Company or Registrar; or
- (e) Credit of the Rights Entitlements returned/reversed/failed; or
- (f) The ownership of the Equity Shares currently under dispute, including any court proceedings.

3. ***You may be subject to Indian taxes arising out of capital gains on the sale of the Right Shares and Rights Entitlement.***

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares of an Indian Company are generally taxable in India. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any gain realized on the sale of listed equity shares held for a period of 12 (Twelve) months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of the Equity Shares may be partially or completely exempt from taxation in India in cases where such exemption is provided under a treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital

gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on gains made upon the sale of the Equity Shares.

Further, the Finance Act, 2019, which has been notified with effect from April 01, 2019, stipulates the sale, transfer and issue of securities through exchanges, depositories or otherwise to be charged with stamp duty. The Finance Act has also clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, and the onus will be on the transferor. The stamp duty for transfer of securities other than debentures, on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. These amendments have been notified on December 10, 2019 and have come into effect from July 01, 2020.

The Finance Act, 2020 has also provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident.

4. *Investors will be subject to market risks until our Equity Shares credited to the investor's demat account are listed and permitted to trade.*

Investors can start trading our Equity Shares Allotted to them only after they have been credited to an investor's demat account, are listed and permitted to trade. Since our Equity Shares are currently traded on the Stock Exchanges, investors will be subject to market risk from the date they pay for our Equity Shares to the date when trading approval is granted for the same. Further, there can be no assurance that our Equity Shares allocated to an investor will be credited to the investor's demat account or that trading in such Equity Shares will commence in a timely manner.

5. *There is no guarantee that our Equity Shares will be listed in a timely manner or at all which may adversely affect the trading price of our Equity Shares.*

In accordance with Indian law and practice, final approval for listing and trading of the Equity Shares will not be granted by BSE until after those Equity Shares have been issued and allotted. Approval will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on BSE. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares. Further, historical trading prices, therefore, may not be indicative of the prices at which the Equity Shares will trade in the future which may adversely impact the ability of our shareholders to sell the Equity Shares or the price at which shareholders may be able to sell their Equity Shares at that point of time.

6. *Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.*

Under the Companies Act, any Company incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the shares voted on such resolution, unless our Company has obtained government approval to issue without such rights. However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights unless we make such a filing. We may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to you. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interests in us would be reduced.

7. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may adversely affect the value of our Equity Shares, independent of our operating results.*

On listing, our Equity Shares will be quoted in Rupees on the Stock Exchange. Any dividends in respect of our Equity Shares will also be paid in Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity

shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may adversely affect the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

8. ***Applicants to this Issue are not allowed to withdraw their Applications after the Issue Closing Date.***

In terms of the SEBI ICDR Regulations, the Applicants in this Issue are not allowed to withdraw their Applications after the Issue Closing Date. The Allotment in this Issue and the credit of such Rights Equity Shares to the Applicant's demat account with its depository participant shall be completed within such period as prescribed under applicable laws. There is no assurance, however, that material adverse changes in the international or national monetary, financial, political, or economic conditions or other events in the nature of force majeure, material adverse changes in our business, results of operation or financial condition, or other events affecting the Applicant's decision to invest in the Rights Equity Shares, would not arise between the Issue Closing Date and the date of Allotment in this Issue. Occurrence of any such events after the Issue Closing Date could also impact the market price of our Equity Shares. The Applicants shall not have the right to withdraw their applications in the event of any such occurrence. We cannot assure you that the market price of our Equity Shares will not decline below the Issue Price. To the extent the market price for the Equity Shares declines below the Issue Price after the Issue Closing Date, the shareholder will be required to purchase the Rights Equity Shares at a price that will be higher than the actual market price of the Equity Shares at that time. Should that occur, the shareholder will suffer an immediate unrealised loss as a result. We may complete the Allotment even if such events may limit the Applicant's ability to sell our Equity Shares after this Issue or cause the trading price of our Equity Shares to decline.

9. ***Any future issue of Equity Shares may dilute your shareholding and sales of our Equity Shares by our major shareholders may adversely affect the trading price of the Equity Shares.***

Any future equity issues by us, including in a primary offering, may lead to the dilution of investors' shareholdings in us. Any future equity issuances by us or sales of its Equity Shares by the major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

10. ***Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.***

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a Company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian Company than as shareholder of a corporation in another jurisdiction.

11. ***There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.***

Following the Issue, we will be subject to a daily "circuit breaker" imposed by BSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The BSE may not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

Furthermore, prior trading prices may not be indicative of future trading values for the Rights Equity Shares. A stock exchange may halt secondary market trading in our Equity Shares due to market conditions or other reasons. Furthermore, an exchange or market may close or issue trading halts on specific securities, or the ability to buy or sell certain securities or financial instruments may be restricted, all of which may have an adverse impact on our Shareholders' ability to sell their Equity Shares or the price at which Shareholders may be able to sell their Equity Shares at any given time.

EXTERNAL RISK FACTORS

1. Any downturn in the macroeconomic environment in India could adversely affect our business, results of operations, cash flows and financial condition.

India is our key market. For Fiscal 2025, entire of our Company's revenue from operations was from India. In addition, an increase in India's trade deficit, a downgrading in India's sovereign debt rating or a decline in India's foreign exchange reserves could increase interest rates and adversely affect liquidity, which could adversely affect the Indian economy and our business, results of operations, cash flows and financial condition.

2. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, in the jurisdictions in which we operate may adversely affect our business and results of operations.

Our business is subject to various laws and regulations, which are evolving and subject to change. We are also subject to corporate, taxation and other laws in effect in India, which require continued monitoring and compliance. These laws and regulations and the way in which they are implemented and enforced may change. There can be no assurance that future legislative or regulatory changes will not have any adverse effect on our business, results of operations, cash flows and financial condition.

3. Natural disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business.

Natural disasters (such as typhoons, flooding and earthquakes), epidemics, pandemics such as , acts of war, terrorist attacks and other events, many of which are beyond our control, may lead to economic instability, including in India, or globally, which may in turn materially and adversely affect our business, financial condition and results of operations. Our operations may be adversely affected by fires, natural disasters and/or severe weather, which can result in damage to our property or inventory and generally reduce our productivity and may require us to evacuate personnel and suspend operations.

4. Significant differences exist between Ind AS and Indian GAAP and other accounting principles, such as IFRS and US GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

Our financial statements for Fiscals 2019, 2018 and 2017 included in this offer documents are prepared and presented inconformity with Indian GAAP and restated in accordance with the requirements the SEBI (ICDR) Regulations and the Guidance Note on "Reports in Company Offer Documents (Revised 2016)" issued by the ICAI. Ind AS differs from Indian GAAP and other accounting principles with which prospective investors may be familiar in other countries, such as IFRS and U.S. GAAP. Accordingly, the degree to which the Financial Statements included in this Offer Documents will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices.

5. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition. India's physical infrastructure is in a developing phase, as compared to that of many developed nations.

Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could have an adverse effect on our results of operations and financial condition.

6. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

Details of the Objects

The details of the Objects of the Issue are set out below:

1. To meet incremental working Capital requirements;

The Company's working capital requirement has been increasing gradually over the past years and is expected to grow further in the upcoming years. To support its growth and expansion plans, the Company requires a larger working capital base in the coming period. The increased working capital is required primarily for two reasons: first, to support the growth in day-to-day operations, and second, to meet the additional needs arising from the Company's planned capital expenditure. The proposed capital expenditure will lead to higher operational expenses, thereby increasing the overall working capital requirement.

Being engaged in the Specialty Chemical Industry, specifically in the production of speciality emulsifiers, the Company maintains a large inventory base. This is driven by several factors affecting both raw materials, intermediates and finished goods. The major raw materials used by the Company are subject to price changes, procurement lead times, conversion time based on production campaigns, large number of intermediates

production that are required in the finished products hence necessitates certain inventory levels and inventory management depending upon favourable price levels. On the finished goods side, the Company offers a wide product range, which naturally results in a higher stock of finished products. Furthermore, as these finished goods are supplied to industries such as Food, Personal care, Textiles, Mining, Industrial and Institutional Cleaners, Metal Working, Oil & Gas Industry and Lubricants, each industry has a different demand cycle during the year hence the company is required to maintain adequate stock during peak demand periods. Collectively, these factors contribute to a larger inventory base and, consequently, a higher working capital requirement.

In addition to inventory, trade receivables represent another significant factor driving the need for increased working capital. The Company anticipates that its receivables will rise in proportion to the growth in revenue. Moreover, it follows a lenient credit policy to boost sales and strengthen customer relationships. A substantial portion of working capital is tied up in receivables, and with the expected increase, the Company's working capital requirement correspondingly rises.

Advances to suppliers also contribute to the increase in working capital needs. Operating in an industry where timely procurement of raw materials is crucial, the Company must secure supplies during peak seasons and when prices are advantageous. To achieve this, it plans to make advances to suppliers, thereby ensuring procurement at favourable prices and availing discounts. This approach also safeguards against missing critical procurement windows. Similarly, the Company's strategy of making prompt payments to trade payables will enable it to secure better pricing and benefit from early payment discounts, though it reduces the reliance on extended supplier credit.

Taken together, these factors account for the Company's growing working capital requirements. The need for a larger inventory base, rising trade receivables, advances to suppliers, and prompt payments to trade payables all add to the demand for additional working capital. An enhanced working capital base will enable the Company to effectively meet both its operational and expansion requirements in the years ahead.

Details of Estimation of Working Capital requirement are as follows:

SECTION IV – ABOUT THE COMPANY

INDUSTRY OVERVIEW OF CHEMICAL BUSINESS

INTRODUCTION

Covering more than 80,000 commercial products, India's chemical industry is extremely diversified and can be broadly classified into bulk chemicals, specialty chemicals, agrochemicals, petrochemicals, polymers, and fertilisers. India is the 6th largest producer of chemicals in the world and 3rd in Asia, contributing 7% to India's GDP. India's chemical sector, which was estimated to be worth around Rs. 21,50,750 crore (US\$ 250 billion) in 2024, is anticipated to grow to US\$ 300 billion by 2025 and Rs. 86,03,000 (US\$ 1 trillion) by 2040. This industry remains an active hub of opportunities, even in an environment of global uncertainty.

Globally, India is the fourth-largest producer of agrochemicals after the United States, Japan and China. India accounts for 16-18% of the world's production of dyestuffs and dye intermediates. Indian colourants industry has emerged as a key player with a global market share of ~15%. The country's chemicals industry is de-licensed, except for a few hazardous chemicals. India has traditionally been a world leader in generics and biosimilars and a major Indian vaccine manufacturer, contributing more than 50% of the global vaccine supply. India holds a strong position in exports and imports of chemicals at a global level and ranks 14th in exports and 8th in imports at the global level (excluding pharmaceuticals). From (April-February) FY25, India's dye exports (Dyes and Dye Intermediates) totalled Rs. 20,088 crore (US\$ 2.3 billion).

Major chemical production reached 1,014 thousand metric tonnes in March 2025, while petrochemical production reached 1,877 thousand metric tonnes.

In March 2025, production levels of various chemicals were as follows:

- Soda Ash: 299.27 ('000 MT)
- Caustic Soda: 320.43 ('000 MT)
- Liquid Chlorine: 223.72 ('000 MT)
- Formaldehyde: 31.03 ('000 MT)
- Pesticides and Insecticides: 19.18 ('000 MT)

India's proximity to the Middle East, the world's source of petrochemicals feedstock, enables it to benefit on economies of scale.

MARKET SIZE

India has traditionally been a world leader in generics and biosimilars and major Indian vaccine manufacturers, contributing more than 50% of the global vaccine supply. Chemicals and petrochemicals demand in India is expected to nearly triple and reach US\$ 1 trillion by 2040.

An investment of Rs. 8 lakh crore (US\$ 107.38 billion) is estimated in the Indian chemicals and petrochemicals sector by 2025. Specialty chemicals account for 20% of the global chemicals industry's US\$ 4 trillion, with India's market expected to increase at a CAGR of 12% to US\$ 64 billion by 2025. This gain would be driven by a healthy demand growth (CAGR of 10-20%) in the export/end-user industries.

The Department of Chemicals & Petrochemicals intends to bring PLI in the chemical & petrochemical sector and will redraft the Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) guidelines.

A shift in the global supply chain brought on by the China+1 strategy and a resurgence in domestic end-user demand was expected to fuel significant revenue growth of 18–20% in 2022 and 14–15% in 2023.

INVESTMENTS/DEVELOPMENTS

A few recent developments/investments in the Indian chemical sector are as follows:

- In FY25 exports of organic chemicals stood at Rs. 67,162 crore (US\$ 7.8 billion) & inorganic stood at Rs. 19,426 crore (US\$ 2.27 billion).
- Imports of organic chemicals were Rs. 1,28,470 crore (US\$ 15.03 billion) and inorganic chemicals Rs. 51,034 crore (US\$ 5.97 billion) from FY25 (April–February).
- In FY25 (April–February), Imports of castor oil, essential oil, and cosmetics and toiletries stood at Rs. 21,981 crore (US\$ 2.57 billion).
- Export of castor oil, essential oil, and cosmetics and toiletries are Rs. 32,487 crore (US\$ 3.8 billion) during FY25 (April–February).
- In FY25 (April–February), the export of agrochemicals was Rs. 32,838 crore (US\$ 3.8 billion), dyes were Rs. 18,778 crore (US\$ 2.2 billion) and the other dye intermediates were Rs. 1,179 crore (US\$ 138 million).
- The import of agrochemicals was Rs. 12,624 crore (US\$ 1.48 billion), dyes were Rs. 2,526 crore (US\$ 295.5 million) and the other dye intermediates were Rs. 10,498 crore (US\$ 1.23 billion) during FY25 (April–February).
- After three years of discussions, the UK and India have finalized a landmark Free Trade Agreement (FTA). The agreement removes tariffs on 99% of Indian exports and reduces duties on 90% of UK exports to India, with the chemical industry standing out as one of the major winners.
- In August 2023, the Prime Minister announced a subsidy of Rs. 10 lakh crore (US\$ 120.93 billion) for providing cheaper Urea to farmers.
- In July 2023, Global Chemicals and Petrochemicals Manufacturing Hubs in India (GCPMH 2023) was organized in Delhi, India.
- In June 2023, Himadri Speciality Chemical invested Rs. 58 crore (US\$ 7.01 million) in Sicona Battery Technologies Pty Ltd, (Sydney) for a 12.79% stake.

- In June 2023, Mumbai-based UPL Ltd, will hive off its speciality chemicals business on a slump sale basis to a wholly owned arm of UPL Speciality Chemicals Ltd for Rs. 3,572 crore (US\$ 431.96 million).
- In June 2023, Reliance plans to invest Rs. 75,000 crore (US\$ 9.06 billion) over 5 years to expand its oil to chemical business.
- Tata Chemicals intended to invest about Rs. 8,000 crore (US\$ 967.45 million) over the next 2-3 years as capex on an expansion spree that includes scaling businesses sustainably.
- In May 2023, Reliance Industries plans to set up a 10 GW solar project in Andhra Pradesh.
- In March 2023, Chennai awaits more bio-CNG plants to enable a switch to clean energy.
- On February 15th, 2023, the Indian Speciality Chemical Manufacturer' Association (ISCMA) signed an MoU with USIIC to promote trade in speciality chemicals.
- In February 2023, the company is setting up a new formaldehyde plant with 300 TPD capacity at the existing manufacturing facility at GIDC, Ankleshwar in Gujarat.
- In January 2023, Tata Chemicals Europe signed a pact with Essar-backed Vertex for the sale of low-carbon hydrogen.

GOVERNMENT INITIATIVES

The government has started various initiatives such as mandating BIS-like certification for imported chemicals to prevent dumping of cheap and substandard chemicals into the country.

The Indian government recognises the chemical industry as a key growth element and is forecast to increase share of the chemical sector to ~25% of the GDP in the manufacturing sector by 2025.

- Under the Union Budget 2025-26 the government allocated Rs. 1,61,965 crore (US\$ 18.7 billion) to the Ministry of Chemicals and Fertilizers.
- In February 2025, the government has implemented enhanced quality compliance requirements via Quality Control Orders (QCOs) for more than 150 products across various sectors, including household appliances and industrial materials. This initiative, overseen by the Bureau of Indian Standards (BIS), aims to enforce stricter safety and performance standards.
- In April 2023, the Cabinet approved the National Medical Devices Policy, 2023.
- The Department of Chemicals & Petrochemicals intends to bring PLI in the chemical & petrochemical sector and will redraft the Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) guidelines.
- PLI schemes have been introduced to promote Bulk Drug Parks, with a budget of Rs. 1,629 crore (US\$ 213.81 million).
- The Government of India is considering launching a production-linked incentive (PLI) scheme in the chemical sector to boost domestic manufacturing and exports.
- A 2034 vision for the chemicals and petrochemicals sector has been set up by the government to explore opportunities to improve domestic production, reduce imports and attract investments in the sector. The government plans to implement a production-link incentive system with 10-20% output incentives for the agrochemical sector; to create an end-to-end manufacturing ecosystem through the growth of clusters.

- 100% FDI is allowed under the automatic route in the chemicals sector with a few exceptions that include hazardous chemicals. FDI inflows in the chemicals sector (other than fertilizers) reached Rs. 1,39,776 crore (US\$ 22.8 billion) between April 2000-September 2024.
- The government has proposed several incentives for setting up a sourcing or manufacturing platform within an Indian SEZ:
 - Single window clearance for central and state-level approvals.
 - Duty-free import/domestic procurement of goods for development, operation and maintenance of SEZ units.

ROAD AHEAD

Post the pandemic, the Indian chemical industry has captured opportunities considering the supply chain disruption in China and the trade conflict between the US, Europe and China. Anti-pollution measures in China will also create opportunities for the Indian chemical industry in specific segments.

Additional support, in terms of fiscal incentives, such as tax breaks and special incentives through PCPIRs or SEZs to encourage downstream units will enhance production and development of the industry. The dedicated integrated manufacturing hubs under the Petroleum, Chemicals and Petrochemicals Investment Regions (PCPIR) policy to attract an investment of Rs. 20 lakh crore (US\$ 276.46 billion) by 2035.

To bring about structural changes in the working of the domestic chemical industry, future investments should not only focus on the transportation of fuels such as petrol and diesel but also on crude-to-chemicals complexes or refineries set up to cater to the production of chemicals.

BUSINESS OVERVIEW

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and also the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the Twelve-month period ended March 31 of that year.

You should carefully consider all the information in this Letter of Offer, including, “Risk Factors”, “Industry Overview”, “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition” beginning on pages 26, 63, 97 and 101 respectively, before making an investment in the Equity Shares.

In this section, any reference to the “Company” “we”, “us” or “our” refers to Indian Emulsifiers Limited.

OVERVIEW

Our company was originally incorporated as Private limited Company under the Companies Act, 1956 as “*Indian Emulsifiers Private Limited*” vide certificate of incorporation dated December 05, 2020 issued by Registrar of Companies, Mumbai. Subsequently, our company converted from Private Limited company to Public Limited company and upon conversion its name was changed from ‘*Indian Emulsifiers Private Limited*’ to ‘*Indian Emulsifiers Limited*’, vide a fresh Certificate of Incorporation dated January 05, 2024, issued by Registrar of Companies, Mumbai.. The company got listed on SME Platform of NSE Limited on May 22, 2024, having Scrip Name: **IEML** The ISIN of the Company is **INE0RRU01016**.

Our Promoter Yash Tikekar laid down the foundation of our company in the year 2020 as a Private Limited in the name of “Indian Emulsifiers Private Limited” with a vision to become a pioneer specialty chemicals manufacturer with a focus on tailor-made solutions to meet customers’ diverse requirements, as we believe that Chemistry Drives Performance. The Company was incorporated with the objective of Manufacturing and Supplying of Specialty Chemicals i.e., Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation, Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers.

The Company has its manufacturing plant at Plot No. E-10 MIDC, Lote Parshuram, Tal. Khed, Ratnagiri 415 722, Maharashtra, India since inception. The facility has a production capacity of 7,800 metric tons per annum as on March 31, 2025 which would be further increased to 12,000 metric tons per annum in the upcoming months, equipped with process control, innovative R&D centre, Quality Control and Application Laboratories, and its Registered office at Shop 206, Floor 2, Sumer Kendra, Shivram Seth, Amrutwar Road Near Doordarshan Kendra, Off Pandurang Budhwar Marg, Worli, Mumbai 400 018, Maharashtra, India. The Company was formed with a vision to become a pioneer specialty chemicals manufacturer.

The Company got ISO Certified in the year 2021 as ISO 9001:2015. We are manufacturing Specialty chemicals with a focus on Esters, Phosphate Esters, Imidazolines, Succinimides, Sulfosuccinates, Specialty Emulsifiers and formulated products. Our Company serves specialty chemicals to a wide range of industries such as Food, Personal care, Textiles, Mining, Industrial and Institutional Cleaners, Metal Working, Oil & Gas Industry, Lubricants and Other Industries.

The manufacturing facility has a production capacity of 7,800 metric tons per annum. The capacity has been increased from 4,800 MT per annum to 7,800 MT per annum due to additional Reactors installed, equipped with process control, innovative R&D centre, Quality Control and Application Laboratories. Operations at the facility are managed by an able and motivated team of highly qualified technical personnel, having expertise in their individual fields. Multipurpose facility designed to have a high degree of flexibility to meet customer needs. Multiple high-pressure stainless-steel reactors equipped to deliver yields from 100 Kg to 8,000 kg per batch providing a high level of flexibility.

The facility can carry out reactions at temperatures ranging from 10°C to 250°C and pressure 5 kg to 8 kg/cm², the reactors are equipped with condenser, vacuum arrangement and receiver and high-speed stirred reactor.

As part of the strategic diversification and expansion of our business into the manufacturing and supply of specialty chemicals, including Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation, Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers our Company proposes to establish a new manufacturing unit at Plot C-3, Lote Parshuram MIDC. The total construction area will be 1118.20 m².

OUR BUSINESS SEGMENT/ MAJOR PRODUCTS INCLUDE

Our main products are broadly categories in:

Sr. no.	Name of the Product
1.	Esters
2.	Sulphates / Sulphonates
3.	Quaternary Compounds
4.	Phosphate Esters
5.	Imidazolines
6.	Amphoterics
7.	Polymers / Polyquaternary Compounds
8.	Specialties
9.	Wax Emulsions

1. ESTERS.

Esters are made by reacting a select fatty acid with an alcohol. The fatty acid employed is usually oleic acid or stearic acid. The alcohol can be a monohydric alcohol like ethyl hexanol, or a dihydric alcohol like ethylene glycol or neopentyl glycol, or a polyhydric alcohol (polyol) like trimethyl propane, pentaerythritol, glycerol, sorbitol etc.

Esters are used in a wide variety of Industries extensively. While the ethylene glycol esters and glycerol esters are used as pearling agents and emulsifiers, the higher alcohol esters are used as emollients for creams and lotions.

Application: -

- **Fragrances and Flavors:** Esters contribute to the pleasant scents and flavors in perfumes, cosmetics, and food products. Many natural and artificial flavors are esters.
- **Solvents:** Some esters serve as solvents in paints, coatings, and cleaning products due to their ability to dissolve various substances.
- **Plastics and Polymers:** Esters are building blocks for polymers like polyesters, which are used in making textiles, packaging materials, and bottles.
- **Pharmaceuticals:** They play a role in pharmaceuticals as ingredients in drug formulations and in the production of various pharmaceutical compounds.
- **Lubricants:** Certain esters are used as lubricants in automotive and industrial applications due to their properties like high lubricity and thermal stability.

2. AMPHOTERICS.

These are preferred in industrial cleaning formulations due to its hydrotropic and dirt lifting properties, especially when applied by pressure washers. Amphoterics elevate the cloud point of detergent systems and formulations containing non- ionic surfactants, alkali and builders.

They impart free rinsing properties on detergents, leaving a smear free surface. They have very low toxicity and can be used in cleaning in the food industry.

The Dipropionates and Monopropionates are made by reacting fatty alkyl amines and acrylic acid. By changing

the type of alkyl amine, and also by changing the mole ratio of the reactants, different grades of Amphoterics are produced.

The Betaines are produced by the reaction of tertiary amines with sodium mono chloro acetate. These are used extensively in shampoos and hand wash formulations by cosmetics manufacturers.

Application: -

- **Personal Care Products:** Due to their mildness and compatibility with the skin and hair, amphoterics are commonly used in cosmetics and personal care formulations.
- **Cleaning and Detergents:** They are utilized in household and industrial cleaning products for their ability to provide foaming, cleansing, and mildness properties.
- **Industrial and Institutional Applications:** Amphoterics find use in various industrial processes, including inks, coatings, and as additives in the textile and leather industries.

3. PHOSPHATE ESTERS.

Mono and diesters of phosphoric acids from alcohols, ethoxylated alcohols and ethoxylated alkyl phenol substrates. They are made by phosphorylation reaction of fatty alcohol substrates by either the polyphosphoric acids route or the phosphorus pentoxide route.

They are highly versatile surfactants offering wide range of applications and are characterized by good stability in alkaline systems and hydrotropic.

They are used in hard surface cleaners, laundry detergents, textile and leather, maintenance chemicals, traffic film removers, paper de-inking, acid cleaners.

They are extensively used in lubricant formulations due to its multiple properties of emulsification, lubricity, load carrying and anti-corrosive properties. They are also used in oil-field chemicals.

Application: -

- **Flame Retardants:** Phosphate esters are widely used as flame retardants in plastics, textiles, electronics, and construction materials. They help reduce the spread of fires and enhance fire safety in various products.
- **Lubricants:** Some phosphate esters serve as lubricants in industrial machinery due to their excellent lubricating properties and resistance to degradation at high temperatures.
- **Detergents and Cleaners:** Their surfactant properties make certain phosphate esters valuable in cleaning products, contributing to their foaming and cleaning abilities.

4. IMIDAZOLINES.

They strongly adsorb on negatively charged surfaces like metal, fibres, plastic, glass and minerals, converting them into hydrophobic surfaces.

They are produced by reacting fatty acids with polyamines, and then carrying out cyclisation at high temperatures.

Imidazolines contain a tertiary amine grouping and thus can be quaternised with usual quaternising agents to form textile softeners.

Application: -

- **Oil and Gas Industry:** Imidazolines are extensively used in the oil and gas sector as corrosion inhibitors in drilling fluids and pipeline systems to protect metal surfaces from degradation caused by corrosive substances.
- **Cleaning and Personal Care:** Their surfactant properties make imidazolines useful in various cleaning products, shampoos, and cosmetics, contributing to their foaming and cleansing abilities.
- **Agricultural and Biocidal Applications:** Imidazolines with biocidal properties are used in agriculture as fungicides and in disinfectants and antiseptics for their ability to inhibit microbial growth.

5. WAX EMULSIONS.

They are manufactured under high pressure or the wax to water method. Wax Emulsions are used in paper coating to impart gloss and water resistance. They are used in textile industry as softeners and lubricants.

They are used in paints and printing inks as anti-scuff and anti-mar additives. They are used as temporary protective coatings, façade protection and in wood polishes.

Application: -

- **Construction and Coatings:** Wax emulsions are applied in construction materials like paints, coatings, and sealants to enhance durability and water resistance.
- **Paper and Packaging:** They are used in paper coatings to impart gloss and improve moisture resistance in packaging materials.
- **Personal Care and Cosmetics:** In personal care products, wax emulsions are utilized in creams, lotions, and cosmetics for their emollient properties.
- **Agriculture:** Wax emulsions find use in agrochemicals for their role in creating protective coatings on seeds or as components in crop protection formulations.

6. QUATERNARY COMPOUNDS

Esterquats, typically used in laundry & cleaning industry, combine fatty acids with quaternary ammonium compounds. These emulsifiers provide softening properties along with their emulsifying function.

Application: -

Fabric Softeners (Laundry): Emulsifiers in fabric softeners improve softness and prevent phase separation.

7. SULPHATES / SULPHONATES

Sulphates are salts or esters of sulphuric acid containing the anion SO_4^{2-} .

Sulphonates are salts or esters of sulfonic acids containing the group $-\text{SO}_3^-$ bonded to an organic radical.

They are widely used as **surfactants, detergents, wetting agents, emulsifiers, and dispersants** in multiple industries.

Application: -

Detergents & Cleaning Products

SLS and LAS are the most common surfactants in household & industrial cleaners.

Provide **foaming, emulsification, and soil removal**.

Personal Care & Cosmetics

Found in shampoos, toothpastes, body washes, hand soaps.

Function as **cleansing and foaming agents**.

Agrochemicals

Used as **emulsifiers and dispersants** in pesticide formulations.

Lignin sulphonates act as **dispersing agents** in wettable powders.

Textile & Leather Industry

Wetting agents in dyeing and finishing.

Aid penetration of dyes into fibres.

Petroleum Industry

Petroleum sulphonates used in **Enhanced Oil Recovery (EOR)**.

Function as oil–water emulsifiers and demulsifiers.

Pharmaceuticals

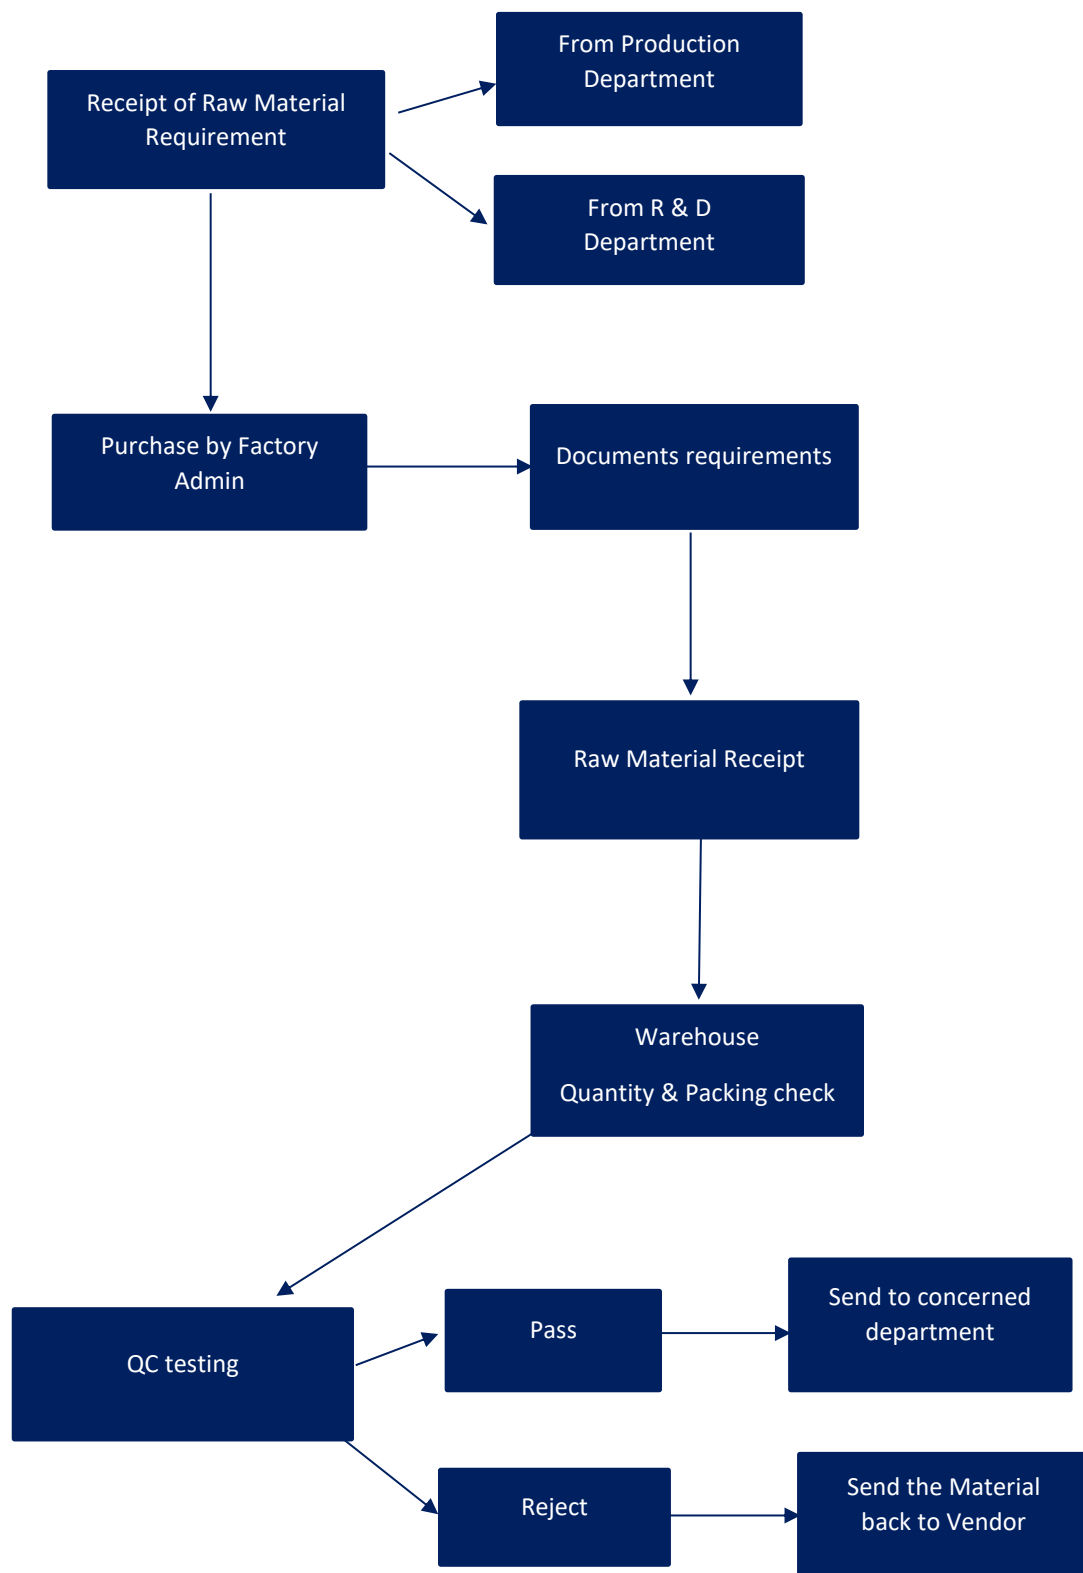

Used as excipients in tablets and formulations.

Some sulphonate salts improve drug solubility (e.g., mesylates, besylates).

Construction & Industrial Uses

Lignin sulphonates used as **plasticizers** in concrete.

Act as **dispersants** in paints, pigments, ceramics.

RAW MATERIAL

Behind these specialized compounds lie a diverse range of raw materials which are of foreign and domestic sources based on origin and competitive market price at the time of procurement. Below is a comprehensive list of raw materials utilized in the production of various specialty chemicals:

- Petroleum/Synthetic Sources: Various organic compound that are a member of the class of ethanolamine, ethyl, carbolic acid, phenolic acid, oleic acid, sodium, zinc, phosphorous, etc.
- Agricultural/Fatty Oil Sources: Various organic compound that form part of or are derived from fatty acids, lauric acids, glycerin, refined soyabean oil, sorbitol, etc.
- Agrochemical Sources: Various organic compound that form part of or are derived from methanol, phenolic acid, maleic acid, Alkyl alcohol, etc.

Petroleum Sources: Various organic compound that form part of or are derived from polyether, isobutene, etc.

OUR COMPETITIVE STRENGTH

Experienced Promoter and Management Team.

Our Promoter have played a key role in guiding, developing, and growing our business. Under the leadership and experience of our Promoter, our company has seen significant growth in the overall business started. We believe that leadership is the result of teamwork where a consensus is arrived at for implementation of new ideas & business practices to widen our competitive advantage. Our Promoter, who also form part of the Board of Directors of our Company, have a proven background and experience in the manufacturing of Specialty Chemical.

Also, our Company is managed by a team of industry experienced members. The team comprises of personnel having technical, operational, and business development experience in chemical industries. We believe that our management team's experience and their understanding of the industry, regulatory affairs, manufacturing, quality control, sales, marketing, and finance will enable us to continue to take advantage of both current and future market opportunities within India and Abroad.

We believe our Promoter and Management's overall experience and vision will enable us to manage and grow our business in the existing markets and to enter new geographies with our competitive advantage. This will help us in addressing and mitigating various risks inherent in our business, including technical problems, facing the competitive landscape changes in global economy resulting in fluctuations in chemical pricing across the globe, etc.

Scalable Business Model.

We believe that we have a scalable business model as our business model is customer-centric and order driven, and requires optimum utilization of our existing resources, assuring quality supply and achieving consequent economies of scale. The business scale generation is basically due to the development of new markets and products in both domestic and international markets by exploring customer needs, marketing expertise and consistent product quality.

Wide and diverse range of product offerings.

We have more than 40 plus Specialty Chemicals & Intermediates for Food, Personal care, Textiles, Mining, Industrial and Institutional Cleaners, Metal Working, Oil & Gas Industry and Lubricants. We propose to enhance our product basket in various segment. We manufacture various types of chemical such as Esters / Transesters, Sulphates, Quaternary compounds, Phosphate Esters, Imidazoline, Wax Emulsion, Amphoterics, Polymers, Poly-quaternary compounds and a variety of specialty emulsifiers. We also manufacture products based on needs and requirements of the clients and our market. We believe that we have necessary resources, experience, and network to launch additional products in future.

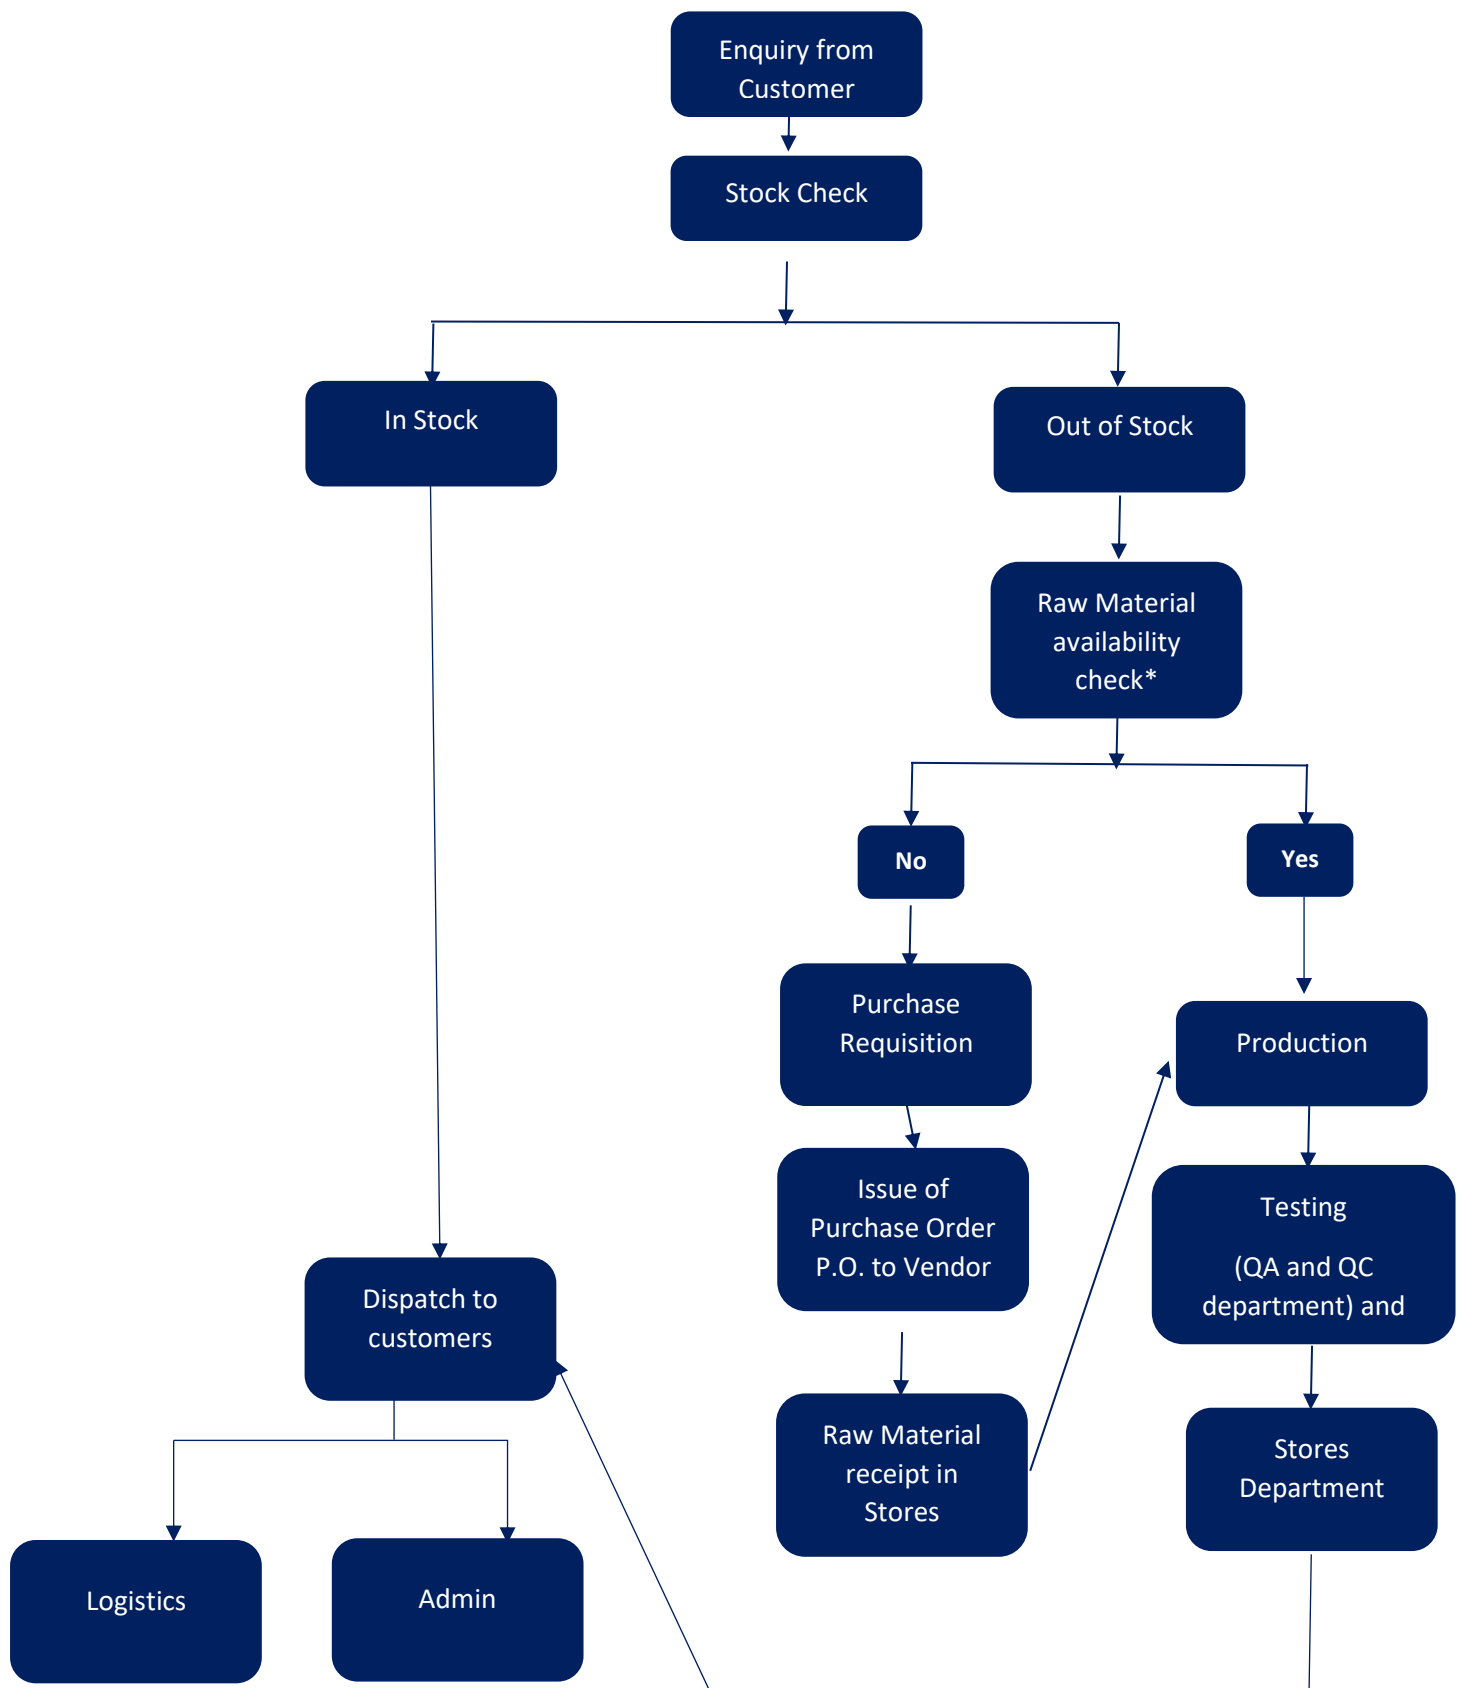

In-house manufacturing facility with equipped machines and processes. Further having in-house Quality Control and Research & Development facility.

Our manufacturing infrastructure is equipped with stainless steel reactors and supporting equipments. Our manufacturing facility situated at Lote, Ratnagiri District in Maharashtra. Our facility has its own quality control department. Moreover, we source majority of our raw material locally.

The factory is equipped with a comprehensive organizational structure comprising vital departments such as Sales, Procurement, Stores, Quality Control, Production, Research & Development, Facility Maintenance, Administration, Quality Assurance, and Security. Each department is instrumental in contributing to the overall operational synergy, working cohesively to uphold the internal quality standards of the company. Sales and Procurement oversee the strategic acquisition of resources, while Stores manage inventory to facilitate smooth production processes. Quality Control and Quality Assurance departments meticulously monitor and uphold the high standards of the final products, ensuring that they meet or exceed the company's benchmarks. Production and Research & Development collaborate to innovate and produce goods of exceptional quality. Facility Maintenance ensures the smooth functioning of equipment, while Administration oversees the administrative aspects of the business. Lastly, Security plays a crucial role in safeguarding the company's assets and maintaining a secure working environment. Together, these departments form a robust framework, ensuring the company's commitment to excellence and quality in every aspect of its operations.

The cornerstone of product development within our facility lies in the Research and Development Department, where innovation takes center stage. Here, products undergo a transformative journey encompassing development, standardization, and commercialization. Leveraging advanced machinery, the chemical processes employed are diverse and sophisticated. These processes include Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation, Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers.. The Research and Development Department serves as the nucleus for pushing the boundaries of chemical processes, ensuring that our products not only meet but exceed industry standards, leading to innovative solutions that cater to diverse market needs.

OUR BUSINESS MODEL

The following steps define the chain of events in case of a new project/ customer order:**Enquiry from Customer:**

As a Specialty Chemical Company, the process typically begins with receiving inquiries from customers regarding specific chemical products tailored to their requirements. These inquiries could range from custom formulations to existing product offerings. If we have Stock in our store which is readily available for suitable customer, then we directly dispatch to them from our warehouse.

Raw Material Availability Check:

If specific stock is not readily available to dispatch to customer, then the next step involves checking the availability of raw materials required to manufacture the requested Chemical Product. This involves assessing inventory levels, lead times for procurement, and ensuring that the necessary materials are in stock or can be sourced in a timely manner.

Purchase Requisition:

Once the raw material availability is confirmed, a purchase requisition is generated to procure the required materials. This involves communicating with suppliers, negotiating prices, and placing orders to ensure a steady supply chain.

Raw Material Receipt in Stores:

Upon delivery, the raw materials are received in the stores department, where they undergo inspection for quality and quantity by our in-house Research and Development team. This step is crucial to ensure that only high-quality materials are used in the manufacturing process, adhering to strict quality standards.

Production:

With the necessary raw materials in stock, the production process begins. This involves carefully following formulation recipes, mixing chemicals, and adhering to precise manufacturing protocols to produce the desired chemical product. Quality control measures are integrated throughout the production process to maintain product consistency and integrity.

Testing (QC Department) and Packing:

After production, the finished chemical products undergo rigorous testing in the quality control (QC) departments. This involves conducting various tests to assess product quality, purity, stability, and safety parameters. Once the products pass quality testing, they are packed according to customer specifications, ensuring proper labeling and packaging to meet regulatory requirements.

Stores Department and Dispatch to Customer:

The packed products are then transferred to the stores department for final inventory management. Upon receiving customer orders, the products are picked, packed, and dispatched for delivery. This involves coordinating with logistics partners to ensure timely and efficient delivery to customers while maintaining product integrity throughout the supply chain.

Overall, the business model of a specialty chemical company revolves around delivering high-quality, customized chemical solutions to meet customer needs while maintaining stringent quality control measures and ensuring efficient supply chain management from raw material procurement to product dispatch.

OUR MANUFACTURING FACILITY

OUR FACTORY

BUSINESS STRATEGY

Expand our existing product portfolio.

We have, since our inception, consistently sought to diversify our portfolio of products which could cater to customers across segments, sectors, and geographies. In accordance with this, while we seek to continue to strengthen our existing product portfolio, we intend to further diversify into products with prospects for increased growth and profitability. We plan to continue to increase offerings in our current business segments as well as diversify into new products by tapping into segments which in the view of our management have attractive growth prospects. For instance, we intend to increase our focus on products manufactured using continuous flow chemistry as these will be more sustainable and are good value propositions.

In addition, given the increasing number of environment conservation initiatives being undertaken by governments across the world, we believe that the demand for automotive emission control mechanisms are going to grow. Further, we believe that since the requirements of the various sectors that our existing customers are currently servicing are continuously evolving, as a consequence of the same, there will be a continuous demand to evolve our existing products and expand our product portfolio to meet these requirements. We believe that our emphasis on quality of manufacture and timely delivery of our offerings have been a key factor in our ability to attract new customers and to retain our existing customers. We intend to draw on our experience, market position and ability to timely deliver quality products to successfully foray into other sectors as well as to other geographies.

Increasing Operational efficiency.

We will continue to invest in increasing our operational efficiency throughout the organization. Higher operational effectiveness results in greater production volumes and higher sales, and therefore allows us to spread fixed costs over a higher number of units sold, thereby increasing profit margins. We further intend to continue and invest in our in-house technical capabilities to develop customized systems and processes and ensure effective management control over our critical resources for optimal utilization.

Continue to focus on contract manufacturing / exclusive manufacturing by developing innovative processes and value engineering.

We seek to continue to explore opportunities to enhance our existing customer relationships by undertaking customer relationship and manufacturing services for new molecules. We believe our focus on value engineering by extending our process and chemistry expertise to enter into new value chains and replace the lower value products with higher value products in the same chemistry will enable us to service more of our customers' needs and increase our revenues from existing customers. By leveraging the long-standing relationships and repeat orders from our customers, we intend to capitalize on the significant cross-selling opportunities that higher value products offer. Further, we intend to focus on early-stage process innovation and development that we believe will enable us to capitalize on the complete lifecycle of these products and give us the opportunity to be the initial suppliers for such customized specialty chemicals and strengthen our relationships with multinational corporations.

Continue to focus on innovation and grow our business across customer segments.

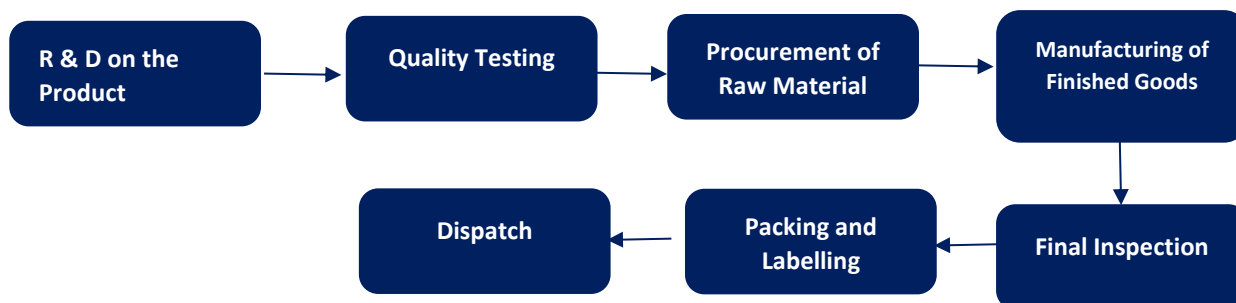

As a manufacturer of specialty chemicals, we understand that performance and functionality of our products are

the primary drivers for their success with our customers. Accordingly, we seek to continue to focus on our ability to customize our products according to the specific requirements of our customers through innovation including creation of new molecules and focusing on sustainable solutions. We continuously seek to improve on our products to make them more effective for our customers and their applications and processes. We aim to innovate, manufacture and supply specialty chemicals which will make the processes followed by our customers more efficient, environmentally more sustainable as well as more cost efficient. We also seek to improve our agility and flexibility in offering customized products to our customers at short notice which we believe will be a differentiator among the companies engaged in manufacturing specialty chemicals in near future. Towards that we have customer service and support to all our customers and each of our customers has been tagged individually to an executive of our Company. We want to continue to focus on such dedicated consultative processes between our customers and our Company as that helps us to understand the processes followed by our customers and their specific application requirements better and we are able to provide them specific solutions at the earliest. We want to continue to promote and strengthen our formulation and application expertise which is led by our technical R&D team. We also seek to grow our business across diverse customer segments by focusing on innovation and customization of our solutions. We believe that our ability to customize our products for the various applications of our customers at a short notice can help us diversify our operations across different customer segments.

PROCESS FOR FINISH GOODS

Akin to our business model, our Research & Development Department wherein the product is developed, standardized and commercialized capacity which later goes through various Quality testing with our Quality Control Department. Initially the product to be developed based on the reactions we can do in our facility is

theoretically formulated on paper, desired raw materials are identified and procured through procurement department and then development trials are conducted in the laboratory in glass set-up and then Autoclave set-up based on progress of the development. Development may happen over 4-5 trials or may take 50 trials depending on the complexity of the product. Once the product is developed as per desired specifications, the Research and Development will finalize a Standard Operating Procedure and internal testing specifications for the raw materials, in-process and finished product for this development product.

The process of QC is undertaken at various stages of the production in order to maintain the standard of the product. The production department will take batches depending upon the production plan and will ensure that all products are produced as per the Standard Operating procedure for the individual product. During production also there will be an in-process sample sent to Quality Control to test as per specifications. The finished product is sent to the QC Department and only after the receipt of approval, the product is unloaded and handed over to stores department for packing and labelling of the product.

Finally, the Stores department moves all produced material to storage and based on dispatch requirements following inputs from Sales the material is dispatched to the major transport hubs such as Bhiwandi, Kalamboli, Vashi and material dropped off to customer designated transporter warehouses.

COLLABORATIONS/ TIE-UPS/JOINT VENTURES

Except as disclosed in this Letter of offer, we do not have any Collaboration/Tie Ups/ Joint Ventures as on date of Letter of offer.

RESEARCH AND DEVELOPMENT FACILITY

As a specialty chemical manufacturing company, we are driven by technical innovation in formulations and applications of our products. Our R&D efforts are driven by customer needs, in terms of meeting specific needs that our direct customers communicate to us prior to us manufacturing our products. As a specialty chemical manufacturing company, we continuously monitor industry trends so as to ensure that our products continue to remain relevant and help our customers meet the evolving market demands.

Our qualified and experienced in-house R&D team focuses on the development of new products and formulations including collaborative product development with our customers to customize our products in line with customer expectations and end-user preferences, whilst simultaneously ensuring shorter lead-times and cost competitiveness. Our R&D Department situated at our Lote MIDC Factory wherein the product is developed, standardized and commercialized capacity which later goes through various Quality testing by QC team. Here the products undergo a transformative journey encompassing development, standardization, and commercialization. Leveraging advanced machinery, the chemical processes employed are diverse and sophisticated. These processes include Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation, Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers.. The Research and Development Department serves as the nucleus for pushing the boundaries of chemical processes, ensuring that our products not only meet but exceed industry standards, leading to innovative solutions that cater to diverse market needs.

COMPETITION

Even in a competitive market landscape where competition arises from both organized and diverse regional or national players, the company's consistent growth is attributed to a well-structured operational framework. Over the years, the company has amassed substantial experience in executing orders, enabling the provision of high-quality services promptly, meeting customer demands efficiently. While facing competition from various players, the company has honed its expertise and remains a strong contender in the market.

CUSTOMERS, SALES AND MARKETING

Our business operations and products primarily cater to the business-to-business segment. We maintain direct contact with majority of our customers which allows us to understand the technical needs and specifications of our customers. As a B2B manufacturer, our channels of marketing are such that we need to reach and target our clients of various industries to offer our diversified products. Physical access to B2B decision makers is always

difficult and restricted; hence the first step is to connect with them digitally. We have in-house team which looks after the sales and marketing of our products. This team is also responsible for the marketing of our products, negotiating prices, procuring repeat orders and ensuring timely dispatch and deliveries. Our sales team has built long-term relationships with a number of our customers.

INVENTORY MANAGEMENT

Our finished products and raw materials are mainly stored at our manufacturing facility, our warehouses at Lote MIDC and Panvel. Our products after clearing the Quality control checks are stored at these facilities and based on dispatch requirements following inputs from Sales the material is dispatched to the major transport hubs such as Bhiwandi, Kalamboli, Vashi in Maharashtra and material dropped off to customer designated transporter warehouses. In some cases, according to customer demand we hold strategic stock, so our lead times can be reduced. These are in most cases according to a stocking policy with customers, but in some instances, these are pro-active steps taken by the organization to ensure better supply chain management.

Our minimum stock level for raw materials, packaging material, intermediates and finished goods is maintained based on input from sales and lead time of raw materials and production lead time. We also analyze estimated lead time, delivery schedule, nature, mode and speed of transport) while managing our inventory level at our manufacturing facilities and ware houses.

INFORMATION TECHNOLOGY

We believe that an appropriate information technology infrastructure is important in order to support the growth of our business. Our organisation has the required IT framework to facilitate operational efficiency of our manufacturing, sales, procurements, payments to vendors and receivables from customers.

REPAIR AND MAINTENANCE

We conduct periodic repair and maintenance programs for our manufacturing facility. Our machinery and electrical repair teams carry out periodic maintenance and repair of the plants and machinery on an as-needed basis. In addition, our manufacturing facility is periodically inspected by our technicians.

QUALITY CONTROL

We operate at as per standard environmental, health, safety and quality standards in our operations. The Company got ISO Certified in the year 2021 as ISO 9001:2015. To ensure that our products adhere to the quality standards, we employ a stringent set of tests at every step of product development and the supply chain. In-process quality control is employed by implementing critical control points in various manufacturing SOPs. In addition, each production process and log sheet is audited frequently to ensure it is being followed. Once manufactured, the products are tested on physical and chemical characteristics to ensure they meet the required specifications. After every batch the vessel is also subjected to a stringent high-pressure cleaning followed by testing to ensure that no cross-contamination occurs between batches. Apart from the product, we also test packing material for drop strength, compression strength and leakage to ensure their integrity during storage and transit.

We have a dedicated in-house team of professionals at Lote Manufacturing Facility who ensure Quality Control of the Chemical products.

LOGISTICS

Once any raw material is ordered by procurement team, the suppliers either deliver goods directly to manufacturing factory or our designated transporter collects the material from transportation hubs such as Bhiwandi, Kalamboli or Vashi in Maharashtra and deliver the same to the factory. In case of Finished goods, the product is dispatched to transportation hubs as mentioned earlier and is then picked up by the designated transportation team of the customer. We generally do not provide direct supply of products to our customer instead the product is dropped by our transporters to their designated transporter warehouses or the aforementioned transportation hubs.

ENVIRONMENT, HEALTH & SAFETY AND WASTE MANAGEMENT

Our activities are subject to various environmental laws and regulations which govern, among other matters, air emissions, waste water discharges, the handling, storage and disposal of hazardous substances and wastes and employee health and employee safety.

We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations. We have complied, and will continue to comply, with all applicable environmental and associated laws, rules and regulations. We have obtained, or are in the process of obtaining or renewing, all material consents and licenses from the relevant governmental agencies that are necessary for us to carry on our business.

The waste generation of the facility is restricted to water generated during the washing of reactors as the facility has batch process system and after every product change the reactors have to be washed. The washing effluent generated is collected at the Effluent treatment facility within the factory through internal drains and chambers. After collection, the effluent water is treated to levels as per MPCB norms which include primary, secondary, and tertiary treatment after which the water is sent by pipelines installed by MIDC in the industrial facility to the common effluent treatment plant for the MIDC for final treatment.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

You should read the following discussion of our financial condition and results of operations together with our Audited Financial Statements as of and for the year ended March 31, 2025 all prepared in accordance with the Companies Act and Ind AS, including the schedules, annexure and notes thereto and the reports thereon, included in the section titled "Financial Statements" on page 97 of this Letter of offer. Unless otherwise stated, the financial information used in this chapter is derived from the Audited Financial Statements of our Company.

This discussion contains forward looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in the sections titled "Risk Factors" and "Forward Looking Statements" on pages 26 and 19 respectively, of this Letter of offer.

Our financial year ends on March 31 of each year, so all references to a particular "Financial year" and "Fiscal" are to the twelve (12) month period ended March 31 of that financial year. References to the "Company", "we", "us" and "our" in this chapter refer to Indian Emulsifiers Limited, as applicable in the relevant period, unless otherwise stated. Unless otherwise indicated or the context requires, the financial information for Financial Year 2025 included in this Letter of offer. For further information, see "Financial Statements" beginning on page 97.

OVERVIEW OF OUR COMPANY

Our Promoter Yash Tikekar laid down the foundation of our company in the year 2020 as a Private Limited in the name of "Indian Emulsifiers Private Limited" with a vision to become a pioneer specialty chemicals manufacturer with a focus on tailor-made solutions to meet customers' diverse requirements, as we believe that Chemistry Drives Performance. The Company was incorporated with the objective of Manufacturing and Supplying of Specialty Chemicals i.e., Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation, Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers.

The Company has its manufacturing plant at Plot No. E-10 MIDC, Lote Parshuram, Tal. Khed, Ratnagiri 415 722, Maharashtra, India since inception. The facility has a production capacity of 7,800 metric tons per annum as on March 31, 2025 which would be further increased to 12,000 metric tons per annum in the upcoming months, equipped with process control, innovative R&D centre, Quality Control and Application Laboratories, and its Registered office at Shop 206, Floor 2, Sumer Kendra, Shivram Seth, Amrutwar Road Near Doordarshan Kendra, Off Pandurang Budhwar Marg, Worli, Mumbai 400 018, Maharashtra, India. The Company was formed with a vision to become a pioneer specialty chemicals manufacturer.

The Company got ISO Certified in the year 2021 as ISO 9001:2015. We are manufacturing Specialty chemicals with a focus on Esters, Phosphate Esters, Imidazolines, Succinimides, Sulfosuccinates, Specialty Emulsifiers and formulated products. Our Company serves specialty chemicals to a wide range of industries such as Food, Personal care, Textiles, Mining, Industrial and Institutional Cleaners, Metal Working, Oil & Gas Industry, Lubricants and Other Industries.

The manufacturing facility has a production capacity of 7,800 metric tons per annum. The capacity has been increased from 4,800 MT per annum to 7,800 MT per annum due to additional Reactors installed, equipped with process control, innovative R&D centre, Quality Control and Application Laboratories. Operations at the facility are managed by an able and motivated team of highly qualified technical personnel, having expertise in their individual fields. Multipurpose facility designed to have a high degree of flexibility to meet customer needs. Multiple high-pressure stainless-steel reactors equipped to deliver yields from 100 Kg to 8,000 kg per batch providing a high level of flexibility.

The facility can carry out reactions at temperatures ranging from 10°C to 250°C and pressure 5 kg to 8 kg/cm², the reactors are equipped with condenser, vacuum arrangement and receiver and high-speed stirred reactor.

As part of the strategic diversification and expansion of our business into the manufacturing and supply of specialty chemicals, including Esterification / Transesterification, Sulphation, Quaternization, Phosphorylation,

Emulsification, Imidazoline, Wax Emulsion, Amphoterics, Polymerization, Poly-quaternary compounds and a variety of specialty emulsifiers our Company proposes to establish a new manufacturing unit at Plot C-3, Lote Parshuram MIDC. The total construction area will be 1118.20 m².

Significant developments after March 31, 2025, that may affect our future results of operations

Other than as disclosed in this Letter of offer, there have been no significant developments after March 31, 2025, that may affect our future results of operations.

MATERIAL DEVELOPMENTS

Except as stated elsewhere in this Letter of offer and as disclosed below, to our knowledge, no circumstances have arisen since March 31, 2025, which materially or adversely affect or are likely to affect, within the next 12 months, our operations, performance, prospects or profitability, or the value of our assets or our ability to pay our liabilities.

Qualitative Disclosure About Market Risk**Financial Market Risks**

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations in future and our access to funds.

Effect of Inflation

We are affected by inflation as it has an impact on the salary, wages, etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our customers. If our customers do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

OTHER MATTERS**1. Unusual or infrequent events or transactions**

Except as described in this Letter of offer, during the periods under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

2. Significant economic changes that materially affected or are likely to affect income from continuing Operations

Other than as described in the section titled “Risk Factors” beginning on page no. 26 of this Letter of offer respectively, to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

3. Known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations

Other than as described in the section titled “*Risk Factors*” beginning on page no. 26 of this Letter of offer, in our opinion there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

4. Future changes in relationship between costs and revenues, in case of events such as future increase in labour or material costs or prices that will cause a material change are known

Other than as described in the section titled “*Risk Factors*” and chapter titled “*Management’s Discussion and Analysis of Financial Conditions and Results of Operations*” beginning on pages 26 and 101 respectively of this Letter of offer, and elsewhere in this Letter of offer, there are no known factors to our knowledge which would have a material adverse impact on the relationship between costs and income of our Company. Our Company’s future costs and revenues will be determined by demand/supply situation and government policies.

5. Competitive conditions

We operate in a competitive atmosphere. Some of our competitors may have greater resources than those available to us. While product quality, brand value, distribution network, etc are key factors in client decisions among competitors, however, reliability and competitive pricing is the deciding factor in most cases. We face fair competition from both organized and unorganized players in the market.

We believe that our experience, and reliability record with our customers will be key to overcome competition posed by such organized and unorganized players. Although, a competitive market, there are not enough number of competitors offering services similar to us. We believe that we are able to compete effectively in the market with our quality of services and our reputation. We believe that the principal factors affecting competition in our business include client relationships, reputation, and the relative quality and price of the services.

MATERIAL DEVELOPMENTS

Except as stated elsewhere in this Letter of offer and as disclosed below, to our knowledge, no circumstances have arisen since March 31, 2025, which materially or adversely affect or are likely to affect, within the next 12 months, our operations, performance, prospects or profitability, or the value of our assets or our ability to pay our liabilities.

The Rights Entitlements may not be transferred or sold to any person in the United States.

INVESTOR GRIEVANCES AND REDRESSAL SYSTEM

1. Mechanism for Redressal of Investor Grievances

Our Company has made adequate arrangements for redressal of investor complaints in compliance with the corporate governance requirements under the SEBI (LODR) Regulations as well as a well-arranged correspondence system developed for letters of routine nature. We have been registered with the SEBI Complaints Redress System (SCORES) as required by the SEBI Circular bearing reference number 'CIR/OIAE/2/2011 dated June 3, 2011'. Consequently, investor grievances are also tracked online by our Company through the SCORES mechanism.

Our Company has a Stakeholders Relationship Committee comprising of 3 (Three), members of the said committee, which meets as and when required. Its terms of reference include considering and resolving grievances of shareholders in relation to transfer of shares and effective exercise of voting rights. All investor grievances received by us have been handled by the Company Secretary and Compliance Officer.

The Investor complaints received by our Company are generally disposed of within 15 (Fifteen) days from the date of receipt of the complaint.

The average time taken by the Registrar to the Issue, **Maashitla Securities Private Limited** for attending to routine grievances will be within 30 (thirty) days from the date of receipt. In case of non-routine grievances where verification at other agencies is involved, it would be the endeavor of the Registrar to the Issue to attend to them as expeditiously as possible. We undertake to resolve the investor grievances in a time bound manner.

2. Investor Grievances arising out of this Issue

Our Company's investor grievances arising out of the Issue will be handled by **Maashitla Securities Private Limited**, who is the Registrar to the Issue. The Registrar to the Issue will have a separate team of personnel handling only post- Issue correspondence.

The agreement between our Company and the Registrar to the Issue will provide for retention of records with the Registrar for a period of at least one year from the last date of dispatch of Allotment Advice to enable the Registrar to redress grievances of Investors.

All grievances relating to this Issue may be addressed to the Registrar to the Issue giving full details such as folio no., name and address, contact details, Email-ID of the first applicant, number and type of Equity Shares applied for, Application Form serial number, amount paid on application and the name of the bank and the branch where the application was deposited, along with a photocopy of the acknowledgement slip. In case of renunciation, the same details of the Renouncee should be furnished.

The average time taken by the Registrar to the Issue for attending to routine grievances will be seven to ten days from the date of receipt of complaints. In case of non-routine grievances where verification at other agencies is involved, it would be the endeavor of the Registrar to the Issue to attend to them as expeditiously as possible. Our Company undertakes to resolve the Investor grievances in a time bound manner.

Investors may contact the Company Secretary and Compliance Officer of our Company and/ or Registrar to the Issue at the below mentioned address in case of any pre-Issue/ post-Issue related problems such as non-receipt of allotment advice/ demat credit etc.

Investors may contact the Registrar to the Issue or the Company Secretary and Compliance Officer of our Company of our Company for any pre-Issue or post-Issue related matter. All grievances relating to the ASBA process may be addressed to the Registrar to the Issue, with a copy to the SCSBs (in case of ASBA process), giving full details such as name, address of the Applicant, contact number(s), e mail address of the sole/ first holder, folio number or demat account number, number of Right Shares applied for, amount blocked, ASBA Account number and the Designated Branch of the SCSBs where the Application Form or the plain paper application, as the case may be, was submitted by the Investors along with a photocopy of the acknowledgement slip. SECTION VI – ISSUE INFORMATION

TERMS OF THE ISSUE

This section is for the information of the Investors proposing to apply in this Issue. Investors should carefully read the provisions contained the Issue Materials, before submitting the Application Form. Our Company is not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Letter of offer. Investors are advised to make their independent investigation and ensure that the Application Form is correctly filled up.

Unless otherwise permitted under the SEBI (ICDR) Regulations read with SEBI Rights Issue Circulars, Investors proposing to apply in this Issue can apply only through ASBA facility as disclosed in this section.

OVERVIEW

This issue and the Right Shares proposed to be issued on a rights basis, are subject to the terms and conditions contained in this Draft Letter of Offer, the Letter of Offer, the Rights Entitlement Letter, the Application Form, and the Memorandum of Association and the Articles of Association of our Company, the provisions of the Companies Act, 2013, FEMA, FEMA Rules, the SEBI (ICDR) Regulations, the SEBI (LODR) Regulations, and the guidelines, notifications and regulations issued by SEBI, the Government of India and other statutory and regulatory authorities from time to time, approvals, if any, from the RBI or other regulatory authorities, the terms of the Listing Agreements entered into by our Company with the National Stock Exchange Limited (SME Platform of National Stock Exchange of India) and the terms and conditions as stipulated in the Allotment advice.

IMPORTANT

1. Dispatch and availability of Issue materials

Pursuant to the requirements of the SEBI ICDR Regulations and other applicable laws, the Rights Entitlements will be credited to the demat account of the Eligible Equity Shareholders who are Equity Shareholders as on the Record Date, however, the Issue Materials will be sent/ dispatched only to such Eligible Equity Shareholders who have provided an Indian address to our Company and only such Eligible Equity Shareholders are permitted to participate in the Issue. The credit of Rights Entitlement does not constitute an offer, invitation to offer or solicitation for participation in the Issue, whether directly or indirectly, and only dispatch of the Issue Material shall constitute an offer, invitation or solicitation for participation in the Issue in accordance with the terms of the Issue Material. Further, receipt of the Issue Materials (including by way of electronic means) will not constitute an offer, invitation to or solicitation by anyone in (i) the United States or (ii) any jurisdiction or in any circumstances in which such an offer, invitation or solicitation is unlawful or not authorized or to any person to whom it is unlawful to make such an offer, invitation or solicitation. In those circumstances, the Letter of Offer and any other Issue Materials must be treated as sent for information only and should not be acted upon for subscription to Rights Equity Shares and should not be copied or re-distributed, in part or full. Accordingly, persons receiving a copy of the Issue Materials should not distribute or send the Issue Materials in or into any jurisdiction where to do so, would or might contravene local securities laws or regulations, or would subject our Company or its affiliates to any filing or registration requirement (other than in India). If Issue Material is received by any person in any such jurisdiction or the United States, they must not seek to subscribe to the Rights Equity Shares.

The Application Form, the Rights Entitlement Letter and other Issue material will be sent/ dispatched only to the Eligible Equity Shareholders who have provided an Indian address to our Company. In case such Eligible Equity Shareholders have provided their valid e-mail address, the Letter of Offer, the Application Form, the Rights Entitlement Letter and other Issue material will be sent only to their valid e-mail address and in case such Eligible Equity Shareholders have not provided their valid e-mail address, then the Application Form, the Rights Entitlement Letter and other Issue material will be physically dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

Further, the Letter of Offer will be sent/ dispatched to the Eligible Equity Shareholders who have provided their Indian address and who have made a request in this regard.

Investors can access the Letter of Offer, and the Application Form (provided that the Eligible Equity Shareholder is eligible to subscribe to the Rights Equity Shares under applicable laws) on the websites of:

- a. Our Company's website at www.indianemulsifiers.com
- b. Registrar to the Issue's website at www.maashitla.com
- c. NSE India's website at www.nseindia.com

Eligible Shareholders can obtain the details of their respective Rights Entitlements from the website of the Registrar to the Issue's website at www.maashitla.com by entering their DP-ID and Client-ID and PAN. The link for the same shall also be available on the website of our Company at www.indianemulsifiers.com

Further, our Company will undertake all adequate steps to reach out the Eligible Shareholders who have provided their Indian address through other means, as may be feasible. In light of the current situation and pursuant to the SEBI Rights Issue Circulars, our Company, and the Registrar to the Issue will not be liable for non-dispatch of physical copies of Issue materials, including the Letter of Offer, the Rights Entitlement Letter and the Application Form attributable to the non-availability of the e-mail addresses of Eligible Shareholders or electronic transmission delays or failures, or if the Letter of Offer, Application Forms or the Rights Entitlement Letters are delayed or misplaced in transit.

2. Facilities for Application in this Issue

In accordance with Regulation 76 of the SEBI (ICDR) Regulations, SEBI - Rights Issue Circulars and ASBA Circulars, all Investors desiring to make an Application in this Issue are mandatorily required to use the ASBA. Investors should carefully read the provisions applicable to such Applications before making their Application through ASBA. For details, please refer to the Paragraph titled '*Procedure for Application through the ASBA Process*' page no. 133 of this Letter of offer.

ASBA facility

Investors can submit either the Application Form in physical mode to the Designated Branches of the SCSBs or online/ electronic Application through the website of the SCSBs (if made available by such SCSB) authorizing the SCSB to block the Application Money in an ASBA Account maintained with the SCSB. Application through ASBA facility in electronic mode will only be available with such SCSBs who provide such facility.

Investors applying through the ASBA facility should carefully read the provisions applicable to such Applications before making their Application through the ASBA process. For details, Paragraph titled '*Procedure for Application through the ASBA Process*' on page 133 of this Letter of offer.

Please note that subject to SCSBs complying with the requirements of SEBI circular bearing reference number CIR/CFD/DIL/13/2012 dated September 25, 2012, within the periods stipulated therein, Applications may be submitted at the Designated Branches of the SCSBs.

Further, in terms of the SEBI circular bearing reference number CIR/CFD/DIL/1/2013 dated January 02, 2013, it is clarified that for making Applications by SCSBs on their own account using ASBA facility, each such SCSB should have a separate account in its own name with any other SEBI registered SCSB(s). Such account shall be used solely for the purpose of making an Application in this Issue and clear demarcated funds should be available in such account for such an Application.

The trades through On Market Renunciation and Off Market Renunciation will be settled by transferring the Rights Entitlements through the depository mechanism.

The On Market Renunciation shall take place electronically on the secondary market platform of the NSE on T+1 rolling settlement basis, where T refers to the date of trading. The transactions will be settled on trade-for-trade basis. The Rights Entitlements shall be tradable in dematerialized form only. The market lot for trading of Rights Entitlements is one Rights Entitlement.

The On Market Renunciation shall take place only during the Renunciation Period for On Market Renunciation, i.e., from Friday, October 24, 2025 to Monday, November 03, 2025 (both days inclusive). No assurance can be given regarding the active or sustained On Market Renunciation or the price at which the Rights Entitlements will trade. Eligible Shareholders are requested to ensure that renunciation through off-market transfer is completed in such a manner that the Rights Entitlements are credited to the demat account of the Renouncees on or prior to the Issue Closing Date. For details, see '*Procedure for Renunciation of Rights Entitlements – On Market Renunciation*' and '*Procedure for Renunciation of Rights Entitlements – Off Market Renunciation*'.

Please note that the Rights Entitlements which are neither renounced nor subscribed by the Investors on or before the Issue Closing Date shall lapse and shall be extinguished after the Issue Closing Date.

7. Terms of Payment

The entire amount of the Issue Price of Rs. 80.00/- per Rights Equity Share shall be payable at the time of Application.

Each Rights Equity Share is being offered at a price of Rs.80.00/- per Rights Equity Share (including a premium of Rs.70.00/- per Rights Equity Share), for every 1 Rights Equity Share allotted in this Issue.

Where an Applicant has applied for additional Right Shares and is Allotted a lesser number of Right Shares than applied for, the excess Application Money paid/blocked shall be refunded/unblocked. The un-blocking of ASBA funds / refund of monies shall be completed within such period as prescribed under the SEBI (ICDR) Regulations. In the event that there is a delay in making refunds beyond such period as prescribed under applicable law, our Company shall pay the requisite interest at such rate as prescribed under applicable law.

8. Fractional Entitlements

The Rights Shares are being offered on a rights basis to existing Eligible Shareholders in the ratio of 1 Rights Shares for every 2 Equity Shares held as on the Record Date. As per SEBI Rights Issue Circulars, the fractional entitlements are to be ignored. Accordingly, if the shareholding of any of the Eligible Shareholders is less than 2 Equity Shares or is not in the multiple of 2 Equity Shares, the fractional entitlements of such Eligible Shareholders shall be ignored by rounding down of their Rights Entitlements. However, the Eligible Shareholders whose fractional entitlements are being ignored, will be given preferential consideration for the Allotment of one additional Rights Security if they apply for additional Rights Shares over and above their Rights Entitlements, if any, subject to availability of Rights Shares in this Issue post allocation towards Rights Entitlements applied for.

Further, the Eligible Shareholders holding less than 2 Equity Shares shall have 'zero' entitlement for the Rights Shares. Such Eligible Shareholders are entitled to apply for additional Rights Shares and will be given preference in the Allotment of one Rights Shares, if such Eligible Shareholders apply for additional Rights Shares, subject to availability of Rights Shares in this Issue post allocation towards Rights Entitlements applied for. However, they cannot renounce the same in favour of third parties.

9. Ranking of Equity Shares

The Right Shares to be issued and Allotted pursuant to this Issue shall be subject to the provisions of the Letter of Offer, the Rights Entitlement Letter, the Application Form, and the Memorandum of Association and the Articles of Association, the provisions of the Companies Act, 2013, FEMA, the SEBI (ICDR) Regulations, the SEBI (LODR) Regulations, and the guidelines, notifications and regulations issued by SEBI, the Government of India and other statutory and regulatory authorities from time to time, the terms of the Listing Agreements entered into by our Company with the NSE and the terms and conditions as stipulated in the Allotment advice.

The Right Shares being issued and Allotted shall be subject to the provisions of the Memorandum of Association and Articles of Association. The Right Shares shall rank pari-passu, in all respects including dividend, with our existing Equity Shares.

The voting rights in a poll, whether present in person or by representative or by proxy shall be in proportion to the paid-up value of the Shares held, and no voting rights shall be exercisable in respect of moneys paid in advance, if any.

10. Credit Rating

As this Issue is a Rights Issue, there is no requirement for credit rating for this Issue

11. Listing and trading of the Right Shares to be issued pursuant to this Issue

Subject to receipt of the listing and trading approvals, the Right Shares proposed to be issued on a rights basis shall be listed and admitted for trading on the Stock Exchange. Unless otherwise permitted by the SEBI (ICDR) Regulations, the Right Shares Allotted pursuant to this Issue will be listed as soon as practicable and all steps for completion of necessary procedures for listing and commencement of trading in the Right Shares will be taken within such period prescribed under the SEBI (ICDR) Regulations. Our Company has received in-principle approval from the NSE through letter bearing reference number NSE/LIST/C/2025/1035 dated September 24, 2025. Our Company will apply to the National Stock Exchange Limited (SME Platform of National Stock Exchange of India)for final approvals for the listing and trading of the Right Shares subsequent to their Allotment. No assurance can be given regarding the active or sustained trading in the Right Shares or the price at which the Right Shares offered under this Issue will trade after the listing thereof.

The Right Shares shall be listed and admitted for trading on the National Stock Exchange Limited Emerge (SME Platform of National Stock Exchange of India) under ISINs for Right Shares. The listing and trading of the Equity Shares issued pursuant to this Issue shall be based on the current regulatory framework then applicable. Accordingly, any change in the regulatory regime would affect the listing and trading schedule.

The existing Equity Shares are listed and traded on SME platform of NSE bearing Symbol 'IEML' under ISIN*INE0RRU01016. The Rights Equity shall be credited to temporary ISINs which will be frozen until the receipt of the final listing/ trading approval from the Stock Exchange. Upon receipt of such listing and trading approvals, the Rights Equity Shares shall be debited from such temporary ISINs and credited to the existing ISIN as fully paid-up Equity share of our company.

The listing and trading of the Rights Equity Shares issued pursuant to this Issue shall be based on the current regulatory framework then applicable. Accordingly, any change in the regulatory regime would affect the listing and trading schedule. In case our Company fails to obtain listing or trading permission from the NSE (SME Platform of National Stock Exchange of India) , we shall refund through verifiable means/unblock the respective ASBA Accounts, the entire monies received/blocked within four days of receipt of intimation from the NSE (SME Platform of National Stock Exchange of India), rejecting the application for listing of the Rights Equity Shares, and if any such money is not refunded/ unblocked within 4 (Four) days after our Company becomes liable to repay it, our Company and every director of our Company who is an officer-in-default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at rates prescribed under applicable law.

12. Rights of holders of Right Shares of our Company

Subject to applicable laws, holders of the Right Shares shall have the following rights:

- a. The Right Shares shall rank *pari-passu* with the existing Equity Shares in all respects;
- b. The right to receive dividend, if declared;
- c. The right to vote in person, or by proxy, except in case of Right Shares credited to the demat suspense account for resident Eligible Shareholders;
- d. The right to receive surplus on liquidation;
- e. The right to free transferability of Right Shares;
- f. The right to attend general meetings of our Company and exercise voting powers in accordance with law; and

- g. Such other rights as may be available to a shareholder of a listed public Company under the Companies Act, 2013, the Memorandum of Association and the Articles of Association.

Subject to applicable law and Articles of Association, holders of Right Shares shall be entitled to the above rights in proportion to amount paid-up on such Right Shares in this Issue.

13. Mode of Payment of Dividend

In the event of declaration of dividend, our Company shall pay dividend to the shareholders of our Company as per the provisions of the Companies Act and the provisions of the Articles of Association.

GENERAL TERMS OF THE ISSUE

1. Market Lot

The Equity Shares of our Company are tradable only in dematerialized form. The market lot for trading of Rights Entitlements is 500 Shares and in multiples of 500 Shares. To clarify further, fractional entitlements are not eligible for trading.

2. Joint Holders

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as the joint holders with the benefit of survivorship subject to the provisions contained in our Articles of Association. In case of Equity Shares held by joint holders, the Application submitted in physical mode to the Designated Branch of the SCSBs would be required to be signed by all the joint holders (in the same order as appearing in the records of the Depository) to be considered as valid for allotment of Right Shares offered in this Issue.

3. Nomination

Nomination facility is available in respect of the Rights Equity Shares in accordance with the provisions of the Section 72 of the Companies Act, 2013 read with Rule 19 of the Companies (Share Capital and Debenture) Rules, 2014. Since the Allotment is in dematerialized form, there is no need to make a separate nomination for the Rights Equity Shares to be allotted in this Issue. Nominations registered with the respective Depository Participants of the Investors would prevail. Any Investor holding Equity Shares in dematerialized form and desirous of changing the existing nomination is requested to inform its Depository Participant.

4. Arrangements for Disposal of Odd Lots

The Rights Equity Shares are traded in dematerialized form only. The market lot for trading of Rights Entitlements is 500 Shares and in multiples of 500 Shares and therefore the marketable lot is 500 Equity Shares.

5. Restrictions on transfer and transmission of shares and on their consolidation/splitting

There are no restrictions on transfer and transmission and on their consolidation/splitting of shares issued pursuant to this Issue. However, the Investors should note that pursuant to provisions of the SEBI (LODR) Regulations, with effect from April 1, 2019, except in case of transmission or transposition of securities, the request for transfer of securities shall not be affected unless the securities are held in the dematerialized form with a depository.

6. Notices

In accordance with the SEBI (ICDR) Regulations, SEBI Rights Issue Circulars and MCA General Circular No. 21/2020, our Company will send, the Rights Entitlement Letter, Application Form and other issue material only to the Eligible Shareholders who have provided an Indian address to our Company and who are located in jurisdictions where the offer and sale of the Rights Entitlement or Right Shares is permitted under laws of such jurisdiction and does not result in and may not be construed as, a public offering in such jurisdictions. In case the Eligible Shareholders have provided their valid e-mail address, the Issue Materials will be sent only to their valid e-mail address and in case the Eligible Shareholders have not provided their e-mail address, then the Issue Materials will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

The Letter of Offer will be provided by the Registrar to the Issue on behalf of our Company to the Eligible Shareholders who have provided their Indian addresses to our Company and who make a request in this regard. In case the Eligible Shareholders have provided their valid e-mail address, the Letter of Offer will be sent only to their valid e-mail address and in case the Eligible Shareholders have not provided their email address, then the Letter of Offer will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

All notices to the Eligible Shareholders required to be given by our Company shall be published in one English language national daily newspaper with wide circulation, one Marathi language national daily newspaper with wide circulation (Marathi being the regional language of Mumbai where our Registered Office is situated).

The Letter of Offer, and the Application Form shall also be submitted with the Stock Exchange for making the same available on their website.

OFFER TO NON-RESIDENT ELIGIBLE SHAREHOLDERS/INVESTORS

As per Rule 7 of the FEMA Rules, the RBI has given general permission to Indian companies to issue Right Shares to non-resident shareholders including additional Right Shares. Further, as per the Master Direction on Foreign Investment in India dated January 4, 2018 issued by the RBI, non-residents may, amongst other things:

1. Subscribe for additional Equity Shares over and above their Rights Entitlements;
2. Renounce the Equity Shares offered to them either in full or in part thereof in favour of a person named by them; or
3. Apply for the Equity Shares renounced in their favour.

Applications received from NRIs and non-residents for allotment of Right Shares shall be, amongst other things, subject to the conditions imposed from time to time by the RBI under FEMA in the matter of Application, refund of Application Money, Allotment of Right Shares and issue of Rights Entitlements Letters/ letters of Allotment/Allotment advice.

the Rights Entitlement Letter and Application Form shall be sent to the e-mail address of non-resident Eligible Shareholders who have provided an Indian address to our Company or who are located in jurisdictions where the offer and sale of the Right Shares is permitted under laws of such jurisdictions. Investors can access the Letter of Offer, and the Application Form (provided that the Eligible Equity Shareholder is eligible to subscribe for the Right Shares under applicable securities laws) from the websites of the Registrar, our Company and the Stock Exchange. The Board of Directors may at its absolute discretion, agree to such terms and conditions as may be stipulated by the RBI while approving the Allotment. The Right Shares purchased by non-residents shall be subject to the same conditions including restrictions in regard to the repatriation as are applicable to the original Equity Shares against which Right Shares are issued on rights basis.

In case of change of status of holders, i.e., from resident to non-resident, a new demat account must be opened. Any Application from a demat account which does not reflect the accurate status of the Applicant is liable to be rejected at the sole discretion of our Company.

Any non-resident shareholder who has applied in the Issue without submitting RBI approval and/or without providing Indian address, his/her application will be liable for rejection.

PROCEDURE FOR APPLICATION

How to Apply

In cases where multiple Application Forms are submitted for Applications pertaining to Rights Entitlements credited to the same demat account or in demat suspense escrow account, including cases where an Investor submits Application Forms along with a plain paper Application, such Applications shall be liable to be rejected. Investors are requested to strictly adhere to these instructions. Failure to do so could result in an Application being rejected, with our Company and the Registrar not having any liability to the Investor. The plain paper Application format will be available on the website of the Registrar at www.maashitla.com.

I/ We acknowledge that Our Company and the Registrar shall not be responsible if the Applications are not uploaded by SCSB or funds are not blocked in the Investors’ ASBA Accounts on or before the Issue Closing Date.’

In cases where multiple Application Forms are submitted for Applications pertaining to Rights Entitlements credited to the same demat account or in demat suspense escrow account, including cases where an Investor submits Application Forms along with a plain paper Application, such Applications shall be liable to be rejected. Investors are requested to strictly adhere to these instructions. Failure to do so could result in an Application being rejected, with our Company and the Registrar not having any liability to the Investor. The plain paper Application format will be available on the website of the Registrar at www.maashitla.com

MODE OF PAYMENT

All payments against the Application Forms shall be made only through ASBA facility only.

The Registrar will not accept any payments against the Application Forms, if such payments are not made through ASBA facility.

In case of Application through ASBA facility, the Investor agrees to block the entire amount payable on Application with the submission of the Application Form, by authorizing the SCSB to block an amount, equivalent to the amount payable on Application, in the Investor’s ASBA Account.

After verifying that sufficient funds are available in the ASBA Account, details of which are provided in the Application Form, the SCSB shall block an amount equivalent to the Application Money mentioned in the Application Form until the Transfer Date. On the Transfer Date, upon receipt of intimation from the Registrar, pursuant to the finalization of the Basis of Allotment as approved by the Designated Stock Exchange, the SCSBs shall transfer such amount as per the Registrar’s instruction from the ASBA Account into the Allotment Account which shall be a separate bank account maintained by our Company, other than the bank account referred to in Section 40 (3) of the Companies Act, 2013.

The balance amount remaining after the finalization of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB. The Investors would be required to give instructions to the respective SCSBs to block the entire amount payable on their Application at the time of the submission of the Application Form.

The SCSB may reject the application at the time of acceptance of Application Form if the ASBA Account, details of which have been provided by the Investor in the Application Form does not have sufficient funds equivalent to the amount payable on Application mentioned in the Application Form. Subsequent to the acceptance of the Application by the SCSB, our Company would have a right to reject the Application on technical grounds as set forth hereinafter.

1. Mode of payment for Resident Investors

All payments on the Application Forms shall be made only through ASBA facility. Applicants are requested to strictly adhere to these instructions.

2. Mode of payment for non-resident Investors

As regards the Application by non-resident Investors, payment must be made only through ASBA facility and using permissible accounts in accordance with FEMA, FEMA Rules and requirements prescribed by RBI and subject to the following:

- a) Individual non-resident Indian Applicants who are permitted to subscribe to Rights Shares by applicable local securities laws can obtain Application Forms on the websites of the Registrar, the BSE Limited (BSE), National Stock Exchange Limited (SME Platform of National Stock Exchange of India) and our Company;

Note: In case of non-resident Eligible Shareholders, the Issue Materials shall be sent to shall be sent to their email addresses if they have provided their Indian address to our Company and if they are located in jurisdictions where the offer and sale of the Rights Entitlement or Rights Shares is permitted under laws of such jurisdiction and does not result in and may not be construed as, a public offering in such jurisdictions. The Letter of Offer will be provided by the Registrar on behalf of our Company to the Eligible Shareholders who have provided their Indian addresses to our Company and who are located in jurisdictions where the offer and sale of the Rights Entitlement or Rights Shares is permitted under laws of such jurisdiction and does not result in and may not be construed as, a public offering in such jurisdictions.

- i. Application Forms will not be accepted from non-resident Investors in any jurisdiction where the offer or sale of the Rights Entitlements and Rights Shares may be restricted by applicable securities laws;
- ii. Payment by non-residents must be made only through ASBA facility and using permissible accounts in accordance with FEMA, FEMA Rules and requirements prescribed by the RBI;

Notes

DEPOSITORY ACCOUNT AND BANK DETAILS FOR INVESTORS HOLDING SHARES IN DEMAT ACCOUNTS AND APPLYING IN THIS ISSUE

IT IS MANDATORY FOR ALL THE INVESTORS APPLYING UNDER THIS ISSUE TO APPLY THROUGH THE ASBA PROCESS, TO RECEIVE THEIR RIGHT SHARES DEMATERIALISED FORM AND TO THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY THE INVESTOR AS ON THE RECORD DATE. ALL INVESTORS APPLYING UNDER THIS ISSUE SHOULD MENTION THEIR DEPOSITORY PARTICIPANT'S NAME, DP-ID AND BENEFICIARY ACCOUNT NUMBER/ FOLIO NUMBER IN THE APPLICATION FORM. INVESTORS MUST ENSURE THAT THE NAME GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE NAME IN WHICH THE DEPOSITORY

ACCOUNT IS HELD. IN CASE THE APPLICATION FORM IS SUBMITTED IN JOINT NAMES, IT SHOULD BE ENSURED THAT THE DEPOSITORY ACCOUNT IS ALSO HELD IN THE SAME JOINT NAMES AND ARE IN THE SAME SEQUENCE IN WHICH THEY APPEAR IN THE APPLICATION FORM OR PLAIN PAPER APPLICATIONS, AS THE CASE MAY BE.

Investors applying under this Issue should note that on the basis of name of the Investors, Depository Participant's name and identification number and beneficiary account number provided by them in the Application Form or the plain paper Applications, as the case may be, the Registrar will obtain Demographic Details from the Depository. Hence, Investors applying under this Issue should carefully fill in their Depository Account details in the Application.

These Demographic Details would be used for all correspondence with such Investors including mailing of the letters intimating unblocking of bank account of the respective Investor and/or refund. The Demographic Details given by the Investors in the Application Form would not be used for any other purposes by the Registrar. Hence, Investors are advised to update their Demographic Details as provided to their Depository Participants.

By signing the Application Forms, the Investors would be deemed to have authorized the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.

The Allotment advice and the email intimating unblocking of ASBA Account or refund (if any) would be emailed to the address of the Investor as per the email address provided to our Company or the Registrar or Demographic Details received from the Depositories. The Registrar will give instructions to the SCSBs for unblocking funds in the ASBA Account to the extent Right Shares are not Allotted to such Investor. Please note that any such delay shall be at the sole risk of the Investors and none of our Company, the SCSBs, Registrar shall be liable to compensate the Investor for any losses caused due to any such delay or be liable to pay any interest for such delay.

In case no corresponding record is available with the Depositories that match three parameters, (a) names of the Investors (including the order of names of joint holders), (b) the DP ID, and (c) the beneficiary account number, then such Application Forms are liable to be rejected.

MULTIPLE APPLICATIONS

In case where multiple Applications are made in respect the Rights Entitlements using same demat account, such Applications shall be liable to be rejected. However supplementary applications in relation to further Right Shares with/without using additional Rights Entitlements will not be treated as multiple application. A separate Application can be made in respect of each scheme of a mutual fund registered with SEBI and such Applications shall not be treated as multiple applications. For details, see *'Procedure for Applications by Mutual Funds'* below. Cases where Investor submits Application Forms along with plain paper or multiple plain paper Applications for same Rights Entitlements shall be treated as multiple applications.

In cases where multiple Application Forms are submitted, such Applications shall be treated as multiple applications and are liable to be rejected.

LAST DATE FOR APPLICATION

The last date for submission of the duly filled in the Application Form or a plain paper Application is Friday, November 07, 2025, i.e., Issue Closing Date. The Board of Directors may extend the said date for such period as it may determine from time to time, subject to the Issue Period not exceeding 30 days from the Issue Opening Date (inclusive of the Issue Opening Date).

If the Application Form is not submitted with an SCSB, uploaded with the Stock Exchange and the Application Money is not blocked with the SCSB, on or before the Issue Closing Date or such date as may be extended by the Board of Directors, the invitation to offer contained in this Letter of offer shall be deemed to have been declined and the Board of Directors shall be at liberty to dispose of the Right Shares hereby offered, as provided under the section, *'Basis of Allotment'* on 190 of this Letter of offer.

Please note that on the Issue Closing Date, Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the National Stock Exchange Limited (SME Platform of National Stock Exchange of India),

Please ensure that the Application Form and necessary details are filled in. In place of Application number, Investors can mention the reference number of the e-mail received from Registrar informing about their Rights Entitlement or last eight digits of the demat account. Alternatively, SCSBs may mention their internal reference number in place of application number.

WITHDRAWAL OF APPLICATION

An Investor who has applied in this Issue may withdraw their Application at any time during Issue Period by approaching the SCSB where application is submitted. However, no Investor, whether applying through ASBA facility, may withdraw their Application post the Issue Closing Date.

No withdrawal of the Application by Specific Investor(s) shall be permitted, if such application is made pursuant to renunciation of Rights Entitlement by Our Promoter or members of our Promoter Group in favour of such Specific Investor.

BASIS OF ALLOTMENT

Subject to the provisions contained in this Draft Letter of Offer, the Letter of Offer, the Rights Entitlement Letter, the Application Form, the Articles of Association and the approval of the Designated Stock Exchange, our Board will proceed to Allot the Right Shares in the following order of priority:

1. Full Allotment to those Eligible Shareholders who have applied for their Rights Entitlements of Right Shares either in full or in part and also to the Renouncee(s) who has or have applied for Right Shares renounced in their favour, in full or in part.
2. Eligible Shareholders whose fractional entitlements are being ignored and Eligible Shareholders with zero entitlement, would be given preference in allotment of one additional Rights Equity Share each if they apply for additional Right Shares. Allotment under this head shall be considered if there are any unsubscribed Right Shares after allotment under (a) above. If number of Right Shares required for Allotment under this head are more than the number of Right Shares available after Allotment under (a) above, the Allotment would be made on a fair and equitable basis in consultation with the Designated Stock Exchange and will not be a preferential allotment.
3. Allotment to the Eligible Shareholders who having applied for all the Right Shares offered to them as part of this Issue, have also applied for additional Right Shares. The Allotment of such additional Right Shares will be made

as far as possible on an equitable basis having due regard to the number of Equity Shares held by them on the Record Date, provided there are any unsubscribed Right Shares after making full Allotment in (1) and (2) above. The Allotment of such Right Shares will be at the sole discretion of our Board in consultation with the Designated Stock Exchange, as a part of this Issue and will not be a preferential allotment.

4. Allotment to Renouncees who having applied for all the Right Shares renounced in their favour, have applied for additional Right Shares provided there is surplus available after making full Allotment under (1), (2) and (3) above. The Allotment of such Right Shares will be made on a proportionate basis in consultation with the Designated Stock Exchange, as a part of this Issue and will not be a preferential allotment.
5. Allotment to Specific Investor, if any, as disclosed by our Company before opening of the Issue, or to any other person, as deem fit by our Board, provided there is surplus available after making Allotment under (1), (2), (3) and (4) above, and the decision of our Board in this regard shall be final and binding.

After taking into account Allotment to be made under (1) to (5) above, if there is any unsubscribed portion, the same shall be deemed to be 'unsubscribed'

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall send to the Controlling Branches, a list of the Investors who have been allocated Right Shares in this Issue, along with:

1. The amount to be transferred from the ASBA Account to the separate bank account opened by our Company for this Issue, for each successful Application;
2. The date by which the funds referred to above, shall be transferred to the aforesaid bank account; and
3. The details of rejected ASBA applications, if any, to enable the SCSBs to unblock the respective ASBA Accounts.

ALLOTMENT ADVICE OR REFUND/ UNBLOCKING OF ASBA ACCOUNTS

Our Company will send/ dispatch Allotment advice, refund intimations, if applicable, or demat credit of securities and/or letters of regret, only to the Eligible Equity Shareholders who have provided Indian address; along with crediting the Allotted Rights Equity Shares to the respective beneficiary accounts (only in dematerialised mode) or in Demat Suspense Account (in respect of Eligible Equity Shareholders holding Equity Shares in physical form on the Allotment Date) or issue instructions for unblocking the funds in the respective ASBA Accounts, if any, within a 2 working days from the Issue Closing Date. In case of failure to do so, our Company and our Directors who are "officers in default" shall pay interest at such other rate as specified under applicable law from the expiry of such 3 working days' period.

The Rights Entitlements will be credited in the dematerialized form using electronic credit under the depository system and the Allotment advice shall be sent, through a mail, to the Indian mail address provided to our Company or at the address recorded with the Depository.

In the case of non-resident Investors who remit their Application Money from funds held in the NRE or the FCNR Accounts, unblocking refunds and/or payment of interest or dividend and other disbursements, if any, shall be credited to such accounts.

Where an Applicant has applied for Additional Rights Equity Shares in the Issue and is Allotted a lesser number of Rights Equity Shares than applied for, the excess Application Money paid/blocked shall be refunded/unblocked. The unblocking of ASBA funds / refund of monies shall be completed be within such period as prescribed under the SEBI (ICDR) Regulations. In the event that there is a delay in making refunds beyond such period as prescribed under applicable law, our Company shall pay the requisite interest at such rate as prescribed under applicable law.

PAYMENT OF REFUND***Mode of making refunds***

The payment of refund, if any, including in the event of oversubscription or failure to list or otherwise would be done through any of the following modes.

1. Unblocking amounts blocked using ASBA facility.
2. National Automated Clearing House (hereinafter referred to as '**NACH**') – National Automated Clearing House is a consolidated system of electronic clearing service. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including MICR code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where Applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.
3. National Electronic Fund Transfer (hereinafter referred to as '**NEFT**') – Payment of refund shall be undertaken through NEFT wherever the Investors' bank has been assigned the Indian Financial System Code (hereinafter referred to as 'IFSC Code'), which can be linked to a MICR, allotted to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Investors have registered their nine digit MICR number and their bank account number with the Registrar to our Company or with the Depository Participant while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of refund will be made to the Investors through this method.
4. Direct Credit – Investors having bank accounts with the Bankers to the Issue shall be eligible to receive refunds through direct credit. Charges, if any, levied by the relevant bank(s) for the same would be borne by our Company.
5. RTGS – If the refund amount exceeds Rs.2,00,000, the Investors have the option to receive refund through RTGS. Such eligible Investors who indicate their preference to receive refund through RTGS are required to provide the IFSC Code in the Application Form. In the event the same is not provided, refund shall be made through NACH or any other eligible mode. Charges, if any, levied by the refund bank(s) for the same would be borne by our Company. Charges, if any, levied by the Investor's bank receiving the credit would be borne by the Investor.
6. For all other Investors, the refund orders will be dispatched through speed post or registered post subject to applicable laws. Such refunds will be made by cheques, pay orders or demand drafts drawn in favor of the sole/first Investor and payable at par.
7. Credit of refunds to Investors in any other electronic manner, permissible by SEBI from time to time.

Refund payment to non-residents

The Application Money will be unblocked in the ASBA Account of the non-resident Applicants, details of which were provided in the Application Form.

ALLOTMENT ADVICE OR DEMAT CREDIT OF SHARES

The demat credit of Shares to the respective beneficiary accounts or the demat suspense account (pending receipt of demat account details for Eligible Shareholders holding Equity Shares in physical form/ with IEPF authority/ in suspense, etc.) will be credited within 3 working days from the Issue Closing Date or such other timeline in accordance with applicable laws.

RECEIPT OF THE RIGHT SHARES IN DEMATERIALIZED FORM

Please Note That the Right Shares Applied for Under This Issue Can Be Allotted Only in Dematerialized Form And to

1. The Same Depository Account/ Corresponding PAN in which The Equity Shares Are Held By Such Investor On The Record Date, Or
2. The Depository Account, Details of which Have Been Provided to our Company or The Registrar at Least Two Working Days Prior To The Issue Closing Date by The Eligible Equity Shareholder Holding Equity Shares In Physical Form As On The Record Date, Or
3. Demat Suspense Account Pending Receipt of Demat Account Details for Resident Eligible Shareholders/ Where the Credit of The Rights Entitlements Returned/Reversed/Failed.

Investors shall be Allotted the Right Shares in dematerialized (electronic) form.

INVESTORS MAY PLEASE NOTE THAT THE RIGHT SHARES CAN BE TRADED ON THE NATIONAL STOCK EXCHANGE LIMITED (SME PLATFORM OF NATIONAL STOCK EXCHANGE OF INDIA) ONLY IN DEMATERIALIZED FORM.

The procedure for availing the facility for Allotment of Right Shares in this Issue in the dematerialized form is as under:

1. Open a beneficiary account with any depository participant (care should be taken that the beneficiary account should carry the name of the holder in the same manner as is registered in the records of our Company. In the case of joint holding, the beneficiary account should be opened carrying the names of the holders in the same order as registered in the records of our Company). In case of Investors having various folios in our Company with different joint holders, the Investors will have to open separate accounts for such holdings. Those Investors who have already opened such beneficiary account(s) need not adhere to this step.
2. It should be ensured that the depository account is in the name(s) of the Investors and the names are in the same order as in the records of our Company or the Depositories.
3. The responsibility for correctness of information filled in the Application Form vis-a-vis such information with the Investor's depository participant, would rest with the Investor. Investors should ensure that the names of the Investors and the order in which they appear in Application Form should be the same as registered with the Investor's depository participant.
4. If incomplete or incorrect beneficiary account details are given in the Application Form, the Investor will not get any Right Shares and the Application Form will be rejected.
5. The Right Shares will be allotted to Applicants only in dematerialized form and would be directly credited to the beneficiary account as given in the Application Form after verification or demat suspense account (pending receipt of demat account details for resident Eligible Shareholders with IEPF authority/ in suspense, etc.). Allotment advice, refund order (if any) would be sent directly to the Applicant by email and, if the printing is feasible, through physical dispatch, by the Registrar but the Applicant's depository participant will provide to him the confirmation of the credit of such Right Shares to the Applicant's depository account.
6. Non-transferable Allotment advice/ refund intimation will be directly sent to the Investors by the Registrar, by email and, if the printing is feasible, through physical dispatch.
7. Renouncees will also have to provide the necessary details about their beneficiary account for Allotment of Right Shares in this Issue. In case these details are incomplete or incorrect, the Application is liable to be rejected.

The FPIs who wish to participate in the Offer are advised to use the Application Form for non-residents. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against Shares held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons registered as Category I FPI under the SEBI FPI Regulations; (ii) such offshore derivative instruments are issued only to persons who are eligible for registration as Category I FPIs (where an entity has an investment manager who is from the Financial Action Task Force member country, the investment manager shall not be required to be registered as a Category I FPI); (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) compliance with other conditions as may be prescribed by SEBI.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions: (a) such offshore derivative instruments are transferred only to persons in accordance with the SEBI FPI Regulations; and (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre – approved by the FPI.

2. Procedure for Applications by AIFs, FVCIs and VCFs

The SEBI VCF Regulations and the SEBI FVCI Regulations prescribe, among other things, the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among other things, the investment restrictions on AIFs.

As per the SEBI VCF Regulations and SEBI FVCI Regulations, VCFs and FVCIs are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by VCFs or FVCIs will not be accepted in this Issue. Venture capital funds registered as Category I AIFs, as defined in the SEBI AIF Regulations, are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by venture capital funds registered as category I AIFs, as defined in the SEBI AIF Regulations, will not be accepted in this Issue. Other categories of AIFs are permitted to apply in this Issue subject to compliance with the SEBI AIF Regulations. Such AIFs having bank accounts with SCSBs that are providing ASBA in cities / centres where such AIFs are located are mandatorily required to make use of the ASBA facility. Otherwise, applications of such AIFs are liable for rejection.

3. Procedure for Applications by NRIs

Investments by NRIs are governed by the FEMA Rules. Applications will not be accepted from NRIs that are ineligible to participate in this Issue under applicable securities laws.

As per the FEMA Rules, an NRI or Overseas Citizen of India ('OCI') may purchase or sell capital instruments of a listed Indian Company on repatriation basis, on a recognized stock exchange in India, subject to the conditions, inter alia, that the total holding by any individual NRI or OCI will not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian Company and the total holdings of all NRIs and OCIs put together will not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24%, if a special resolution to that effect is passed by the general body of the Indian company.

Further, in accordance with press note 3 of 2020, the FDI Policy has been recently amended to state that all investments by entities incorporated in a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ('Restricted Investors'), will require prior approval of the Government of India. It is not clear from the press note whether or not an issuance of the Right Shares to Restricted Investors will also require a prior approval of the Government of India and each Investor should seek independent legal advice about its ability to participate in the Issue. In the event such prior

approval of the Government of India is required and such approval has been obtained, the Investor shall intimate our Company and the Registrar about such approval within the Issue Period.

4. Procedure for Applications by Mutual Funds

A separate application can be made in respect of each scheme of an Indian mutual fund registered with SEBI and such applications shall not be treated as multiple applications. The applications made by asset management companies or custodians of a mutual fund should clearly indicate the name of the concerned scheme for which the application is being made.

5. Procedure for Applications by Systemically Important Non-Banking Financial Companies ('NBFC-SI')

In case of an application made by NBFC-SI registered with the RBI, (a) the certificate of registration issued by the RBI under Section 45IA of the RBI Act, 1934 and (b) net-worth certificate from its statutory auditors or any independent chartered accountant based on the last audited financial statements is required to be attached to the application.

6. Application by Specific Investor

In case of renunciation of Rights Entitlement to Specific Investor by Our Promoter or members of our Promoter Group

Our Promoter or members of our Promoter Group may renounce any portion of their Rights Entitlement to one or more Specific Investor(s) subject to disclosure of the same in terms of the SEBI ICDR Regulations. The name of the Specific Investor(s) (i.e. the Renouncee), the name of our Promoter or members of our Promoter Group (i.e. renouncer) and the number of Rights Entitlements renounced in favour of such Specific Investor(s) shall be disclosed by our Company in the public advertisement at least two days prior to the Issue Opening Date.

In case of such renunciation of Rights Entitlement by our Promoter or members of our Promoter Group to any Specific Investor, all rights and obligations of the Eligible Equity Shareholders in relation to Applications and refunds pertaining to this Issue shall apply to the Specific Investor(s) (i.e. the Renouncee) as well.

The Application by such Specific Investor(s) shall be made on the Issue Opening Date before 11:00 a.m. (Indian Standard Time) and no withdrawal of such Application by the Specific Investor(s) shall be permitted. Our Company undertakes to disclose to the Stock Exchange(s) whether such Specific Investor(s) have made the Application or not, for dissemination on the Issue Opening Date by 11:30 a.m. (Indian Standard Time).

In case of allotment of any undersubscribed portion of the Rights Issue to Specific Investor

Our Company may allot any undersubscribed portion (if any) of the Rights Issue to one or more Specific Investor(s) and the names of such Specific Investor(s) shall be disclosed by our Company in the public advertisement at least two days prior to the Issue Opening Date. The Application by such Specific Investor(s) shall be made along with their Application Money before the finalisation of Basis of Allotment for undersubscribed portion of the Rights Issue in co-ordination with our Company and Registrar.

IMPERSONATION

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of Section 38 of the Companies Act, 2013 which is reproduced below:

'Any person who makes or abets making of an application in a fictitious name to a Company for acquiring, or subscribing for, its Shares; or makes or abets making of multiple applications to a Company in different names or in different combinations of his name or surname for acquiring or subscribing for its Shares; or otherwise induces directly or indirectly a Company to allot, or register any transfer of, Shares to him, or to any other person in a fictitious name, shall be liable for action under Section 447.'

The liability prescribed under Section 447 of the Companies Act for fraud involving an amount of at least Rs. 10 lakhs or 1% of the turnover of the company, whichever is lower, includes imprisonment for a term of not less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount.

In case the fraud involves (i) an amount which is less than Rs.10 lakhs or 1% of the turnover of the company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to Rs.50 lakhs or with both.

PAYMENT BY STOCK INVEST

In terms of RBI Circular DBOD No. FSC BC 42/24.47.00/2003- 04 dated November 5, 2003, the stock invest scheme has been withdrawn. Hence, payment through stock invest would not be accepted in this Rights Issue.

DISPOSAL OF APPLICATION AND APPLICATION MONEY

No acknowledgment will be issued for the Application Money received by our Company. However, the Designated Branch of the SCSBs receiving the Application Form will acknowledge its receipt by stamping and returning the acknowledgment slip at the bottom of each Application Form.

Our Board of Directors of the Company reserves its full, unqualified and absolute right to accept or reject any Application, in whole or in part, and in either case without assigning any reason thereto.

In cases where refunds are applicable, such refunds shall be made within a period of 15 days. In case of failure to do so, our Company and the Directors who are 'officers in default' shall pay interest at the prescribed rate. In case an Application is rejected in full, the whole of the Application Money will be unblocked in the respective ASBA Accounts, in case of Applications through ASBA. Wherever an Application is rejected in part, the balance of Application Money, if any, after adjusting any money due on Right Shares Allotted, will be refunded / unblocked in the respective bank accounts from which Application Money was received / ASBA Accounts of the Investor within a period of 15 days from the Issue Closing Date. In case of failure to do so, our Company shall pay interest at such rate and within such time as specified under applicable law.

For further instructions, please read the Application Form carefully.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

There are two routes through which foreign investors may invest in India. One is the 'automatic route', where no government approval is required under Indian foreign exchange laws to make an investment as long as it is within prescribed thresholds for the relevant sector. The other route is the 'government route', where an approval is required under foreign exchange laws from the relevant industry regulator, prior to the investment.

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise way such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 (**'FDI Circular 2020'**), which, with effect from October 15, 2020, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2020 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict, the relevant notification under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 will prevail. The payment of inward remittance and reporting requirements are stipulated under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 issued by RBI. The FDI Circular 2020, issued by the DPIIT, consolidates the policy framework in place as on October 15, 2020, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that:

1. The activities of the investee company fall under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the SEBI (SAST) Regulations;
2. The non- resident shareholding is within the sectoral limits under the FDI Policy; and
3. The pricing is in accordance with the guidelines prescribed by SEBI and RBI.

No investment under the FDI route (i.e., any investment which would result in the investor holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the investors to ensure that the necessary approval or the pre-existing approval from the government is valid to make any investment in the Issue.

Our Company will not be responsible for any allotments made by relying on such approvals. Please also note that pursuant to Circular no. 14 dated September 16, 2003, issued by RBI, Overseas Corporate Bodies have been derecognized as an eligible class of investors and RBI has subsequently issued the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies (OCBs)) Regulations, 2003. Any Investor being an OCB is required not to be under the adverse notice of RBI and in order to apply for this issue as a incorporated non-resident must do so in accordance with the FDI Circular 2020 and Foreign Exchange Management (Non-Debt Instrument) Rules, 2019. Further, while investing in the Issue, the Investors are deemed to have obtained the necessary approvals, as required, under applicable laws and the obligation to obtain such

approvals shall be upon the Investors. Our Company shall not be under an obligation to obtain any approval under any of the applicable laws on behalf of the Investors and shall not be liable in case of failure on part of the Investors to obtain such approvals.

The above information is given for the benefit of the Applicants / Investors. Our Company is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Letter of offer. Investors are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

SECTION VI – OTHER INFORMATION

Please note that the Right Shares applied for under this Issue can be allotted only in dematerialised form and to (a) the same depository account/ corresponding pan in which the Equity Shares are held by such Investor on the Record Date, or (b) the depository account, details of which have been provided to our Company or the Registrar at least two working days prior to the Issue Closing Date by the Eligible Equity Shareholder, or (c) demat suspense account where the credit of the Rights Entitlements returned/reversed/failed.
