4. **Failure or Delays to develop CTU or ISTS connected projects successfully:** We are currently developing CTU or ISTS connected projects that can supply power throughout India by utilising the national grid network. Our first CTU project - a 525 MWp solar in Bikaner, Rajasthan is expected to commence operations by July 31, 2026. The following table provides additional details about the first phase of these projects as of September 30, 2025.

Type of project	Site	Solar Capacity (MWp)	Wind Capacity (MW)	Status of contracted capacity	Evacuation status	Project type	Financing status (% of total capacity sanctioned)	Land status (% of required and acquired/leased/entered into agreement to lease or sell)^	
								Solar	Wind

5. **Failure to acquire, develop and secure rights to land suitable for the development of our solar and wind projects:** We secure rights to land for the development of our solar and wind projects through a mix of leases and land acquisitions. Suitable sites are determined based on availability of grid connection infrastructure, distance of transmission line from proposed land to the grid substation, wind and solar resource levels, cost, type of land, type of soil, availability of contiguous land, number of owners and other relevant factors. Discrepancies between various records, improperly executed or unregistered conveyance instruments, unregistered encumbrances, and claims by third parties or prior owners can further complicate title verification. As a result, disputes over land title may arise that we may not be able to fully resolve

6. **Risk of termination of PPAs or EAPAs :** We sell electricity generated at our renewable energy plants to customers through long-term PPAs and EAPAs. We have built a portfolio of PPAs and EAPAs with a weighted average tenure of 22.85 years and a weighted average lock-in periods of 16.86 years, as of September 30, 2025. A breach of obligations of PPAs and EAPAs and failure to cure such breaches may entitle our customers to terminate the PPAs and EAPAs. We cannot assure you that any of these matters will be settled in favour of our Company, Promoter, or Directors, respectively, or that no additional liability will arise out of these proceedings, any unfavourable decision in connection with such proceedings, individually or in the aggregate, could adversely affect our reputation, continuity of our management, business, cash flows, financial condition and results of operation.
