RISKS TO INVESTOR

- Our revenue is majorly concentrated from projects undertaken or awarded by government, semi-government and government-controlled entities. As of June 30, 2024, Fiscal 2024, Fiscal 2023 and Fiscal 2022, the Revenue from projects undertaken for Government, Semi-Government and Government related entities amounts to 74.66%, 92.30%, 80.13%, 82.68%. Any adverse changes in the government policies may lead to our contracts being foreclosed, terminated, restructured or renegotiated, which may have a material effect on our business and results of operations.
- Our project portfolio has historically been concentrated in Punjab. As on June 30, 2024, our ongoing projects amounts to ₹13,803.89 million out of which ₹4,261.91 million representing 30.87% of our ongoing projects is concentrated in the state of Punjab. Any changes affecting the policies, laws and regulations or the political and economic environment in the region may adversely impact our business, financial condition and results of operations.
- Historically, our EBITDA margin and Profit after Tax margin was below 12% and 5% respectively. However, recently we have witnessed growth in our EBITDA margin and Profit after Tax margin in the recent past. Our EBITDA margin increased from 12.20% in Fiscal 2023 to 22.98% in Fiscal 2024 and 29.92% during the three months period ended June 30, 2024 and our Profit after Tax margin increased from 4.94% in Fiscal 2023 to 11.81% in Fiscal 2024 and 13.52% during the three months period ended June 30, 2024. There can be no assurance that we will continue to witness such growth or maintain the present level in our Profit after Tax margin and EBITDA margin in future.
- Our business is working capital intensive involving relatively long implementation periods. If we experience insufficient cash flows to enable us to make required payments on our debt or fund working capital requirements, there may be an adverse effect on our results of operations. As on June 30, 2024, Fiscal 2024, Fiscal 2023, Fiscal 2022, our Company's net working capital requirement consisted of ₹2,536.08 million, ₹2,404.44 million, ₹1,323.91 million and ₹1,044.83 million constituting 241.28%, 47.02%, 30.54% and 28.78% of revenue from operations, respectively for such period.
- Our Company's credit rating issued in Fiscal 2021 by CARE Rating was downgraded from CARE BB-; stable (Issuer not Cooperating) assigned in Fiscal 2020 by CARE Rating to CARE B+ stable (Issuer not Cooperating). Although, post Fiscal 2021, our rating has not been downgraded by the credit rating agencies, our ability to access capital at attractive costs depends on our credit ratings. Non-availability of credit ratings or a poor rating may restrict our access to capital and thereby adversely affect our business and results of operations.
- In past, our Promoter, Deepak Kumar Singal have been subject to penalty for contravention of Foreign Exchange Management Act, 1999 and certain search operations were carried out by the Income Tax Department under section 132(1) of the Income-tax Act against our Company and the Promoters. Our Promoters and Company are also subject to certain litigations and any adverse order or direction in such cases by the concerned authorities, even though not quantifiable, may have an adverse effect on our reputation, brand, business, results of operations and financial condition.
- We have sustained negative cash flows from operating activities in the past and may experience earnings declines or operating losses or negative cash flows from operating activities in the future. There can be no assurances that cash flows will be positive in the future thereby creating an adverse impact on our ability to meet working capital expenditure, repay loans without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations. Information relating to our cash flows during the three months period ended June 30, 2024, and for the Fiscals 2024, 2023 and 2022 are follows: (₹ in million)

Particulars	For three months period ended June 30, 2024	Fiscal 2024	Fiscal 2023	Fiscal 2022
Net cash generated from/ (used in) operating activities	64.26	(268.46)	128.82	6.01

- As on June 30, 2024, our order book was ₹13,803.89 million. However, our order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our order book due to any reason such as project delays, modifications in the scope or cancellations of projects, delay in payments by our customers or our own defaults, incidents of force majeure, adverse cash flows, regulatory delays and other factors beyond our control. Any such factor could adversely affect our business, financial condition, results of operations and prospects.
- We derive a significant portion of our revenues from a limited number of government clients. For the three months period ended June 30, 2024, Fiscal 2024, Fiscal 2023 and Fiscal 2022, our revenue from top ten (10) clients constitutes ₹784.70 million, ₹4,720.02 million, ₹3,473.43 million, ₹2,999.31 million representing 74.66%, 92.30%, 80.13%, 82.61% of revenue from operations. The loss of any significant clients may have an adverse effect on our business, financial condition, results of operations, and prospects.
- We operate in the construction industry where there are low entry barriers and is highly competitive. Construction & Infrastructure Projects are typically awarded to us on satisfaction of prescribed qualification criteria and following a competitive bidding process. During the three months period ended June 30, 2024, Fiscal 2024, Fiscal 2023 and Fiscal 2022, we participated in 44 bids out of which 9 of our bids were accepted, 23 of the bids were lost and 12 bids were cancelled by government. Our business and our financial condition may be adversely affected if new Construction & Infrastructure Projects are not awarded to us or if contracts awarded to us are prematurely terminated.
- There were certain instances of secretarial non-compliances in our Company, wherein our Company filed compounding application for settlement of non-compliance for (i) delay in appointment of cost auditor; (ii) delay in appointment of company secretary. Any such instance of non-compliance may have an adverse effect on our reputation and impact our profitability.
- As on June 30, 2024, we have contingent liabilities amounting to ₹ 2932.82 million which majorly consist of bank guarantee provided by our Company in favour of our government clients under the respective contracts for our projects. Our financial condition and profitability may be adversely affected if any of these contingent liabilities materialize.
- 4,015,952 Equity Shares of face value of ₹10 each held by our Promoters, Deepak Kumar Singal and Sunita Singal, representing 11.19% of our pre-Offer paid up share capital are pledged and invocation of such pledge in the event of any default by our Company may reduce our Promoters shareholding in the Company.
- Any defects in construction quality during the construction of our projects, could give rise to claims, liabilities, costs account of additional works required to be undertaken towards rectifying such construction faults, which may result in increased expenditure for our Company and we may not be able to pass on to our clients.
- Our operations are subject to hazards inherent in providing engineering and construction services, such as risk of equipment failure, work accidents, fire or explosion, including hazards that may cause injury and loss of life, severe damage to and destruction of property and equipment, and environmental damage. Any such event could expose us to material liabilities, loss in revenues and increased expenses.
- The Offer comprises an Offer for Sale by the Selling Shareholders. The Selling Shareholders will receive the entire proceeds from the Offer for Sale (after deducting applicable Offer related expenses) and our Company will not receive any part of the proceeds of the Offer for sale.
- Weighted average cost of acquisition of primary and secondary issuance compared to Floor Price and Cap Price:
