### RISKS TO INVESTORS

For detailed Risk Factor refer to page 42 of the Red Herring Prospectus.

1. Risk to Investors: Summary description of key risks based on materiality:

- Our business is substantially dependent on certain key customers, from whom we derive a significant portion of the revenue. The loss of any significant customer may have a material and adverse effect on the business and results of operations.
- Our business is highly dependent on their suppliers for uninterrupted supply of Raw-Materials. Any shortfall in the supply of the raw materials, or an increase in the raw material costs and other input costs, may adversely affect the pricing and supply of the products with subsequently having an adverse effect on the business, results of operations and financial conditions of the company.
- The pricing of our base oil, which is our primary raw material, is tied to international indices. These indices are influenced by exchange rates, so any significant depreciation in the currency can lead to an increase in our raw material costs.
- Significant portion of the company's revenue has been generated from Eastern states of India, any loss of business from these states may adversely affect their revenues and profitability.
- Our Company operations require significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.
