Any adverse event affecting Rajasthan, including regulatory changes, labour unrest, natural calamities or infrastructure disruption, could have a material & disproportionate effect on our business, financial condition, results of operations & cash flows.

2.Single Manufacturing Facility: Our Company currently carries out its business operations from a single Manufacturing Facility located at Bhilwara, Rajasthan. Any slowdown or shutdown of this facility could adversely affect our business, financial condition and results of operations.

3.Negative Cashflow: We have experienced negative cash flows from operating and investing activities in Fiscal 2026. Our cash flows for the last three Fiscals are set forth in the table below:

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Net cash flow from operating activities	(109.89)	(141.77)	176.08

Net cash flow from financing activities	331.54	606.71	946.50

4.Litigations: There are outstanding litigations involving our Company, Subsidiary, Promoters, Directors, KMPs and Senior Management. As on the date of the RHP, the Company is involved in certain tax, civil and criminal legal proceedings pending before various courts, tribunals and appellate authorities, with no assurance that these will be decided in its favour; an adverse tax outcome could require payment of disputed amounts along with interest and penalty.

5.Secondary transfers by our Promoters after DRHP filing: Subsequent to the filing of the DRHP, our Promoters, Deepank Bhandari and Harshil Nuwal, have transferred 5.75% and 2.80%, respectively, of the Equity Shares held by them in our Company to various persons and entities, and the Company has made requisite disclosures to the Stock Exchanges in compliance with Regulation 54 of the SEBI ICDR Regulations. The Hon'ble High Court of Delhi stayed this disqualification on May 3, 2019, and his DIN was reactivated on December 1, 2019. He was also a designated partner in two LLPs, Shiso Fintech Ventures LLP and West World Mobility LLP, both since voluntarily struck off. We cannot assure you that such past associations will not result in regulatory action in the future.

9.High debt-equity ratio: Our high debt-equity ratio of 2.48, 2.96 and 3.72 times for Fiscal 2026, Fiscal 2025 and Fiscal 2024, respectively, may adversely affect our financial condition Our debt service coverage ratio (DSCR) was 1.70, 1.58 and 1.81 times in the same periods, respectively. Our high leverage exposes us to increased interest obligations and reduced financial flexibility, particularly during adverse economic conditions or interest rate fluctuations.

While these instances did not have a material adverse impact on our business, financial condition or cash flows other than the payment of statutory fees and penalties, we cannot assure you that the RoC or other regulatory authorities will not initiate inquiries or impose penalties for such past non-compliances, or that similar instances will not recur in the future.

9. Explanation for Issue Price / Cap Price being 0.57 times and 0.95 times of weighted average cost of acquisition of primary issuance price and secondary transaction price respectively of Equity Shares (set out above) along with our Company's key performance indicators and financial ratios for Fiscal 2026, Fiscal 2025 and Fiscal 2024 and in view of the external factors which may have influenced the pricing of the Issue:

1.Our strategically located Manufacturing Facility with modern technologies supports our product portfolio. It is at Bhilwara, Rajasthan, recognised as the "Textile City" of Rajasthan, which hosts over 400 spinning, weaving and dyeing units offering a complete fibre-to-fabric value chain, giving us access to reliable suppliers, skilled manpower and support services. The facility runs advanced machines such as stenter, merceriser, washing range, sanforiser and singeing, many linked to real-time digital monitoring, along with an in-house quality assurance laboratory. Keeping all operations at a single location reduces material handling, lowers production lead times & improves coordination across process stages.

2.We follow an integrated business model combining manufacturing and job work activities, which gives us operational flexibility, stronger quality control and better utilisation of our installed capacity. Having commenced operations by acquiring an established processing

unit, we were already engaged in both manufacturing and job work, and expanded our installed capacity to 82.44 million meters per annum, with commercial production under the enhanced capacity commencing in July 2024. This scaled up manufacturing from 11.28% of revenue in FY24 to 81.50% in FY26, with capacity utilisation of 82.71%, 78.24% and 89.50% in FY26, FY25 and FY24.

3.We have built strong standing relationships with customers with high retention rate. We catered to 909 customers in FY26, up from 417 in FY25 and 191 in FY24, and 132 of them have maintained an ongoing relationship with us for at least three reporting periods. Our ability to offer fabric tailored to specific quality, volume and delivery requirements gives us revenue visibility, industry goodwill and quality assurance.

4.We are led by experienced Promoters supported by a professional management team with domain knowledge, who are actively involved in business development, manufacturing operations, product development, marketing and finance. Our Promoter and Chairman, Subhash Chandra Nuwal, has over 30 years of experience in the textile sector, and our Promoter and Managing Director, Harshil Nuwal, has over 14 years. They are supported by Rajnikant Saraswat, our General Manager, with over 39 years in operations and financial planning, and Ajay Jain, our Plant Head, with over 24 years in fabric processing.

5.We have a healthy track record and steady growth, with consistent growth in scale of operations, revenue and profitability over the past three Fiscals. Revenue from operations grew from ₹1,209.79 million in FY24 to ₹5,169.49 million in FY26, a CAGR of 106.71%. EBITDA and profitability grew at CAGRs of 72.51% and 61.19% respectively over the same period.
