2. **Performance risk:** Our business depends on our ability to provide a satisfactory experience to consumers. The following table sets forth the number of complaints which were received and resolved /settled as at and for the years/ periods indicated:

in million

Particulars	From July 1, 2025 to August 17, 2025	Three months ended June 30,		Fiscals		
		2025	2024	2025	2024	2023

Complaints pending	0.00	0.00	0.00	0.01	0.01	0.01

3. **Competition risk:** We face substantial competition from both traditional offline service providers and online platforms offering similar services and we compete in two-sided markets and must attract both consumers and service professionals to use our platform. We primarily compete on factors including service quality, pricing, brand recognition, consumers' and service professionals' experiences and operational efficiencies.
4. **Service professionals' attrition risk:** Our success significantly depends on our ability to maintain and increase our network of service professionals on our platform. The table below sets forth the number of average monthly active service professionals on our platform for the periods indicated.

	Three months ended June 30,		Fiscals		
	2025	2024	2025	2024	2023
Average monthly active service professionals	54,347	50,992	47,833	46,012	42,523

5. **Future business growth risk:** Our rapid growth has placed significant demands on our operations and systems, and continued expansion may increase these pressures. Inability to manage growth effectively could harm our platform quality, reputation, and financial performance. The following table sets forth our growth:

in number

Particulars	As at June 30,		As at March 31,		
	2025	2024	2025	2024	2023

Net Transaction Value (in ₹ million)	10,306.06	8,591.82	32,709.14	25,639.05	20,779.49

6. **Platform circumvention risk:** Consumers and service professionals may circumvent our platform to avoid fees, despite reduced assurance in service quality, support, and accountability. Service professionals may build reputation and clientele through our platform, then transact with consumers outside of our platform.
7. **Limited operating history:** We started our operations in 2014. We have a limited operating history in some business lines, including Native brand products, InstaHelp services and new home services. Our historical growth is not necessarily indicative of future performance.
8. **Brand and reputation risk:** Our business relies on the strength of our brand, including 'Urban Company' (formerly known as 'Urban Clap') and 'Native'. Negative publicity, even if inaccurate or isolated, may harm the size of our network, the engagement, loyalty of consumers, increased regulation and legislative scrutiny.

...continued from previous page.

9. Operational risks: We face operational risks from improper actions, errors, or oversights by employees, service professionals, consumers, and third parties, despite our vetting and safety measures. Any such incidents, including fraud, use of counterfeit products, or safety issues, could lead to reputational damage, regulatory scrutiny, financial losses, and adverse effects on our business and operations. Goodwill refunds given to consumers on account of such instances are as given below:

in ₹ million

Particulars	Three months ended June 30,		Fiscals		
	2025	2024	2025	2024	2023
Goodwill refunds granted to consumers	146.37	137.33	373.90	285.08	176.88

10. Service professional unrest: Service professionals operating on our platform are ‘independent contractors’ and not ‘employees’ under the existing regulatory framework of India. In Fiscal 2024, certain gig-worker unions initiated protests and filed complaints with the regional labor offices against us in several states and cities where we operate, alleging that employer-employee relationships exist between us and service professionals.

11. Lease obligations risk: The table below sets forth details of our lease liabilities as of the dates indicated.

in ₹ million

Particulars	As of and for three months ended June 30,		As of and for Fiscals ended March 31,

Lease liabilities	1,192.59	1,224.40	1,199.09	1,041.19	1,017.34

Our lease liabilities may increase in the future as we enter into additional leases to support our business growth or as lease rent increase due to market conditions. If our sales do not increase in line with our rent and costs, including setup and interior design costs, our profitability and results of operations could be adversely affected.
