Press reports regarding Unichem Laboratories Limited

The press today had reports that Unichem Laboratories has kicked off discussions with Medicorp Technologies to form a strategic partnership for the export market. The talks could result in Unichem picking up a stake in the company and using Medicorp's bulk drug facility for exports.

The Exchange in order to verify the accuracy or otherwise of the information reported in the press and to inform the market place so that the interest of the investors is safeguarded had written to the officials of Unichem Laboratories Ltd and Medicorp Technologies Ltd.

Medicop Technologies Ltd has vide its letter dated December 6, 2001 inter alia stated, "The company is in talks with various financial institutions, FIIs etc for mobilising of the required funds. The company is also exploring the options for entering into understanding with companies having readymade formulations facility of international standards. However, as on date, the company is yet to finalise upon the options available."

Unichem Laboratories Ltd has vide its letter dated December 6, 2001 inter alia stated, "In this connection, we have to inform you that talking about export tie-ups' with various national and international companies is a normal and usual business activity for a pharma company like us and there is nothing price sensitive about it. However, with respect to 'picking up stake' as reported, we deny that our talks on export possibilities would result in an event like this."
