

NSE's End of the Day Data

| Feed Details | Domestic (INR) | | International (USD) |
|--|----------------|--|----------------------------|
| | Internal Usage | Display on Website/Application/Information tools | Internal or External Usage |
| Capital Market and Futures & Options Segment | 25000 | 100000 | 5000 |
| Wholesale Debt Market Segment | 10000 | 10000 | 2000 |
| Currency Derivatives Segment | 5000 | 5000 | 2000 |

Note:

1. For Domestic and International clients, the above mentioned commercials are as per medium of data display i.e Website/App being two different mediums.
2. Real time market data vendors of NSE are allowed to provide End of Day (EOD) data on their proprietary terminal/software without any additional fees for display. However if EOD / Previous Day EOD data is provided to vendor's clients for any type of usage, written consent from NSE Data & Analytics Ltd is mandatory.

Vendors are requested to get in touch with NSE Data & Analytics Ltd for any such requirements or advise their clients to contact NSE Data & Analytics Ltd.
