Mindtree

Mindtree ranked among the top global product engineering service providers by Zinnov research and analysis

Bangalore (India) and San Jose (CA), September 26, 2013 - Mindtree Limited, a global IT solutions company, announced today that it has again been selected as a leader in the product engineering services space by Zinnov, a leading globalization and market expansion advisory firm, in its recently released report, 'Global Service Provider Ratings- 2013.' In the overall rankings, Mindtree is placed in the top leadership quartile for its services and capabilities.

Mindtree's expertise is highlighted in multiple sub-verticals including automotive, consumer electronics, semiconductor, enterprise software, computer peripherals and storage. Most notably, Mindtree was listed in Zinnov's 'leadership zone' in the telecommunications and consumer software sectors. This reflects Mindtree's ability to execute end-to-end lifecycle services from product concept to product development, testing and deployment and forging 'Go-to-Market' partnerships.

"The Zinnov rankings are an important guide for current and potential customers evaluating partners for ER&D services. Our inclusion in the leadership zone is great validation for Mindtree and a valuable tool for us as we work with our existing customers and cultivate relationships with new ones," said Parthasarathy NS, President, Enterprise Service Lines, Mindtree. "Mindtree Minds are constantly devising innovative solutions and services to meet our customers' expectations. Zinnov's recognition is further endorsement of our expertise in the market and we are very pleased that Mindtree is once again ranked prominently."

Zinnov partners with service providers to identify areas of key competence based on detailed study and analysis. It brings deep insights into the product engineering industry, with consultants who are widely considered experts in the field. Zinnov regularly releases comprehensive benchmarking studies and reports that are considered an industry standard.
