Tata Power's Trombay Thermal Power bags an award at the Best Safety Practices Award Competition

National, November 6th 2015: Tata Power, India's largest integrated power company has constantly endeavored to deliver exemplary performance across Economic, Environmental and Social dimensions of business. In recognition of this commitment, ***Tata Power's Trombay Thermal Power*** has been honoured with the second prize in the 'Power Generation' group at the Best Safety Practices Award Competition, 2015. The award competition was jointly organized by National Safety Council-Maharashtra Chapter & Directorate Industrial Safety and Health Government, Maharashtra.

A total of 122 companies participated in the event across sectors like Automobiles, Cement, Construction, Petro, Oil and Power, etc. The competition was adjudged by prominent judges from Directorate of Industrial Safety & Health (DISH) and industry experts from various sectors. The team from Trombay presented the 'Trombay Safety Park' initiative, and the Best Safety Practices implemented and followed at the plant. Mr. Sagar Shahane and Mr. C. H. Patil received the award on behalf of the entire Trombay Division.

Speaking on the achievement, **Mr. Anil Sardana, CEO and Managing Director, Tata Power,** "*It is an honour to have been bestowed with an award at the Best Safety Practices Award Competition. This achievement serves as a motivation to calibrate our approach, raise the bar, and surpass the increasing expectations around safety practices employed at plants. We are delighted that our initiatives and the hard work and efforts put in by our teams have been appreciated.*"

Shri Baldev Singh, (IAS) Principal Secretary (Labour), Government of Maharashtra, was the Chief Guest at the award function. In addition, **Shri J. M. Motghare, Director, Directorate Industrial Safety & Health, Govt. Maharashtra State,** was also present at the event.

About Tata Power:

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of [8669] MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR") and a geothermal project; in Singapore through Trust Energy Resources to securitise coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in South Africa, Botswana and Namibia; in Australia through investments in enhanced geothermal and clean coal technologies and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come.
