No one shall go blind for want of money or lack of care - Dr. K. R. Murthy

Donate Eyes : Gift Sight

Self - Reported Annual Disclosures of
Sri Keshava Trust
NSE SSE Registration No.: NSESENPO00176
For the period from 01/04/2025 to 31/03/2026

1) DISCLOSURES ON GENERAL ASPECTS

1a) Name of the Organization: Sri Keshava Trust.

1b) Location of headquarters and location(s) of operations:

Registered Office – #504, 40th Cross, Jayanagar 8th Block Banashankari 2nd Stage, Bangalore-560060, Karnataka

1c1) Vision Statement: “No one shall be blind for want of money or lack of care”

Our Work is inspired by our founder Dr. K Ramachandramurthy (1943-2008) a visionary ophthalmologist and a much respected pioneering legend in the area of eye care. Dr. KRM as he was fondly called dedicated his life towards providing quality eye care to his countrymen, at a time when such care was scarcely available. He gave us our motto "**Shraddahi Paramagathihi**" (**Dedication is the ultimate goal**) a tenet by which the institution functions to this day.

1c2) Purpose & Mission:

Purpose

- To identify individuals requiring cataract surgery through Vision Centre consultations, community outreach activities, and community-based screening programmes conducted within the catchment areas of VCN, VCJ, and VCSM.
- To facilitate timely referral, counselling, transportation, admission, and surgical scheduling for eligible patients requiring cataract surgery at VIIO's tertiary eye care hospital.
- To provide free cataract surgery, intraocular lens implantation, medicines, consumables, diagnostics, and peri-operative care for eligible beneficiaries who would otherwise face financial barriers to treatment.
- To ensure continuity of care through structured post-operative follow-up at Day 1, Week 1, and Week 6 following surgery, enabling monitoring of recovery, visual outcomes, and potential complications.
- To strengthen community access to sight-restoring interventions through an integrated referral pathway linking community-based Vision Centers with specialist ophthalmic services.
- To establish a robust monitoring and evaluation framework that tracks patient identification, referral completion, surgical uptake, post-operative outcomes, and programs effectiveness in accordance with SSE reporting requirements.

- Through these objectives, the project seeks not only to increase the number of cataract surgeries completed but also to improve treatment uptake, reduce delays in accessing care, and ensure that patients identified within the community successfully progress through the full continuum of cataract care.

Mission

“To provide quality and affordable eye care to every patient through integrated clinical practice, education, and research”

1d) Organizational goals, activities:

Organizational Goals

- To reduce avoidable visual impairment and blindness among vulnerable populations by financing cataract surgeries and associated referral support services for patients identified through three established VIIO Vision Centers over a two-year implementation period.
- The core goal is to provide **affordable and high-quality eye care** to eliminate preventable or treatable ophthalmological conditions by overcoming barriers like lack of access to high quality specialized services and costs associated with treatment.
- Additionally, working directly within the community helps increase awareness and directly impact **healthcare promotion** acting as a form of primary healthcare prevention.

Activities

- The project will be implemented through a coordinated community-to-hospital eye care pathway connecting three operational Vision Centers (VCN, VCJ and VCSM) with VIIO's tertiary eye care hospital. Activities are grouped into five key implementation components.
- **Vision Centre-Based Clinical Services**
 - **The Vision Centers serve as the primary access point for eye care within target communities and facilitate early identification of cataract and other vision-threatening conditions.**

- Key activities include:
 - **Walk-in consultations and eye examinations**
 - **Cataract screening and diagnosis**
 - **Follow-up consultations**
 - **Spectacle prescription and dispensing**
 - **Tele-ophthalmology consultations where required**
- These services provide the foundation for early detection of visual impairment and identification of patients requiring specialist intervention.
- **Community Outreach and Awareness**
 - Community outreach activities support early case detection and improve awareness regarding available eye care services. Key Activities
 - Door-to-door awareness and case finding
 - Community eye health awareness programmes
 - Diabetic retinopathy awareness activities
 - Community stakeholder engagement
 - Referral of high-risk individuals to Vision Centers
- **Cataract Referral and Surgical Services**
 - **This is the primary intervention supported through the SSE fundraising initiative and focuses on facilitating access to sight-restoring cataract surgery. Key Activities.**
 - Identification of cataract patients
 - Surgical counselling and referral
 - Pre-operative assessment and scheduling
 - Transportation and patient support
 - Cataract surgery at VIIIO
- **Specialist Eye Care Services**
 - Patients requiring advanced ophthalmic care will be referred through established specialist pathways. Key Activities
 - Diabetic retinopathy screening and referral
 - Retinal evaluation and treatment
 - Referral for glaucoma and other specialist services
 - Pediatric ophthalmology referrals

- **Post-Operative Follow-Up**
 - Structured follow-up ensures continuity of care and monitoring of surgical outcomes. Key Activities
 - Day 1 post-operative review
 - Week 1 follow-up assessment
 - Week 6 follow-up assessment
 - Management of complications
 - Spectacle provision where required
- **Monitoring, Evaluation and Reporting**
 - Programs performance will be monitored through Vision Centre, hospital and referral records.
 - Key Activities
 - Beneficiary and referral tracking
 - Surgical outcome monitoring
 - Quarterly program reviews
 - Data quality verification
 - SSE reporting and compliance

2) DISCLOSURES ON GOVERNANCE ASPECTS

2a) Ownership and legal form:

Legal Form: Sri Keshava Trust, founded in 1988 is a public charitable trust established in Bangalore, Karnataka. It was officially registered on January 2nd 1988, under The Indian Trust Act, 1882, with registration number - 308/87-88.

3.	Dr. Vinod Vyasulu	Trustee	External member, guidance to the trust activities, reviews financial and organizational performance
4.	Dr. Vinay R Murthy	Trustee	Guidance to the trust activities, reviews financial and organizational performance
5.	Sri Jaganmohanlal Maheshwari	Trustee	External Member Guidance to the trust activities, reviews financial and organizational performance
6.	Mr. Prabhushankar B	Administrative Manager	Hospital administration functions, facilities and support services, vendor coordination, procurement, staff administration, compliance, infrastructure management
7	M/s. Ganapath Raj & Co	Statutory Auditor	Review financial statement, Inquire into Specific Matters, Evaluate Internal Controls, Detect and Disclose Irregularities & Report to the Management
8.	Dr.Vandana Sayra	Medical Superintendent	Clinical administration, quality and patient safety, coordination of medical and support services, clinical performance monitoring
9	Dr.Bhargavi Murali	NABH Accreditation Coordinator	NABH compliance and quality-management activities.

10.	Mr.Nagaraj	Project Manager	Project planning, implementation, coordination, monitoring
11.	Mr.Yajur Arora	Programme Manager & Donor Engagement	Programme planning and implementation, donor engagement, proposal development, grant coordination, monitoring, donor reporting, impact documentation
*Add extra cells if required			

2e) Number of meetings by governing body and other committees:

The Governing Body met four times in 2025-26. Minutes of the meetings were documented and circulated

2f) Organization level potential risks and mitigation plan:

Likelihood

Likelihood refers to the probability that a risk event will occur during the project period.

Rating	Meaning	Indicative Interpretation
Low	Unlikely to occur under normal operating conditions	May occur only in exceptional circumstances; limited historical occurrence
Low-Medium	Possible but not expected to occur frequently	Has occurred occasionally or could arise under specific conditions
Medium	Reasonably likely to occur during implementation	Known operational challenge that may arise periodically and requires active management
Medium-High	Likely to occur unless mitigated	Expected to arise regularly or under foreseeable circumstances

High	Very likely or almost certain to occur	Expected to occur repeatedly during the project period
------	--	--

Impact

Impact refers to the extent to which the project's objectives, finances, operations, beneficiaries, reputation, or compliance obligations would be affected if the risk occurs.

Rating	Meaning	Indicative Interpretation
Low	Limited effect on project delivery	Minor disruption that can be resolved through routine management actions
Medium	Noticeable effect on operations or outcomes	May cause delays, increased costs, reduced beneficiary reach, or temporary service disruption
High	Significant effect on project objectives	Could materially affect service delivery, beneficiary outcomes, financial sustainability, compliance, or organizational reputation

Current risk/impact rating interpretation

Temporary vacancy of an optometrist

- **Likelihood: Low-Medium**
 - Staff vacancies can occur, but are not expected frequently.
- **Impact: High**
 - Even a short vacancy could significantly affect patient consultations and referrals.

Patients declining referral or surgery

- **Likelihood: Medium**
 - This is a common challenge in community eye care programmes.
- **Impact: High**
 - Failure to complete referrals directly affects the project's intended health outcomes.

Increase in operating costs

- **Likelihood: Medium**
 - Inflation and cost escalation are reasonably expected over a multi-year period.
- **Impact: Medium**
 - Costs may affect budgets but are unlikely to stop programme delivery entirely.

Data breach or loss of patient information

- **Likelihood: Low**
 - Existing HMIS controls reduce the probability.
- **Impact: High**
 - A breach could have serious compliance, reputational, and operational consequences.

Adverse weather affecting VC patient camps

- **Likelihood: Medium**
 - Weather disruptions occur periodically.
- **Impact: Low**
 - Activities can generally be rescheduled without major consequences **Level**

Interpretation

- **Low Likelihood** = less than 25% chance of occurring during a year
- **Medium Likelihood** = 25-50% chance of occurring during a year
- **High Likelihood** = greater than 50% chance of occurring during a year

Impact Level Interpretation

- **Low Impact** = minimal effect on beneficiaries, finances, or operations
- **Medium Impact** = measurable effect requiring management intervention
- **High Impact** = significant effect on project outcomes, compliance, reputation, or financial sustainability

Risk Category	Risk Description	Likelihood	Impact	Mitigation Measures	Monitoring Indicator
Operational	Attrition of Community Health Workers (CHWs) resulting in reduced community outreach and beneficiary mobilization	Medium	Medium	Continuous recruitment, local hiring, cross-training of staff, supervisor oversight, periodic refresher training	Staff vacancy rate; outreach activities completed
Operational	Temporary vacancy of optometrist or key Vision Centre personnel	Low-Medium	High	Backup staffing arrangements, internal redeployment where necessary, advance recruitment planning	Days of service disruption
Clinical	Patients identified through screening may decline referral or surgery due to fear, cultural beliefs, family obligations or financial concerns	Medium	High	Counselling, patient education, family engagement, transport support, follow-up by CHWs and counsellors	Referral completion rate; surgery uptake rate
Clinical	Delayed presentation of advanced disease despite availability of services	Medium	Medium	Community awareness programmes, diabetic retinopathy screening, repeat outreach activities	Stage of disease at presentation

Financial	Increase in operating costs including staff salaries, fuel, consumables, transport and food expenses	Medium	Medium	Annual budget review, contingency allocation, cost optimization, periodic financial monitoring	Budget variance reports
Financial	Dependence on grant funding for free surgeries and subsidized services	Medium	Medium	Development of diversified donor portfolio, cross-subsidization through institutional services and optical revenue	Funding source concentration ratio
Community	Gender-related barriers limiting access to referral services among women and elderly beneficiaries	Medium	Medium	Gender-disaggregated monitoring, targeted awareness activities, involvement of family members and local leaders	Female beneficiary utilization rate
Community	Communities developing expectations of permanently free services irrespective of ability to pay	Low	Medium	Clear communication of eligibility criteria and continued use of cross-subsidy model	Patient payment mix trends

Logistics	Disruption to organized patient transportation for referral and surgical services	Low	High	Advance scheduling, backup vehicle arrangements, maintenance planning and transport coordination systems	Missed referral appointments
Logistics	Adverse weather, traffic or local disruptions affecting outreach camps and referral visits	Medium	Low	Flexible scheduling, alternative outreach dates and communication with beneficiaries	Outreach completion rate
Data & Governance	Loss, corruption or unauthorized access to patient information within HMIS systems	Low	High	Regular system backups, access controls, staff training and periodic audits	Data security incidents
Data & Governance	Challenges associated with migration or upgrading HMIS systems for ABDM compliance	Medium	Medium	Phased implementation, vendor support, testing periods, parallel system validation and staff training	System downtime; successful migration milestones
Environmental	Increased biomedical waste generation resulting from higher service utilization and surgeries	Low	Medium	Biomedical waste segregation, authorized disposal vendors and compliance with applicable regulations	Waste management compliance reports

Reputational	Adverse beneficiary experience resulting in reduced trust in Vision Centre services	Low	High	Grievance redressal mechanism, patient feedback systems, service quality monitoring and timely corrective action	Patient feedback mechanism
Regulatory	Changes in healthcare, data protection or SSE compliance requirements	Low	Medium	Regular compliance review, governance oversight and policy updates	Compliance audit findings

2g) Mechanisms for advice and concerns about ethics, along with conflict of interest and communicating other critical concerns:

Does the organization have code of ethics pertaining to above issues: Yes

The organization has a strong policy framework for various operational aspects as well as governance. Various policies related to Governance and transparency are.

- 1) No Conflict-of-Interest Policy
- 2) Whistle Blower Protection Policy
- 3) Anti-Fraud, Corruption and Bribery Policy
- 4) Prevention of Sexual Harassment Policy
- 5) Grievance Redressal Policy

The escalation mechanism for various policies is well defined and senior staff members and board members and wherever necessary members from the outside organization are part of the escalation hierarchy. All the staff members are briefed properly about the policies as part of their induction process.

2h) Remuneration Policies:

We strongly believe in philanthropy true to the spirit of “not-for-profit”. They do not benefit themselves through any form of remuneration or perquisites. Their contribution is in the form of time and expertise.

The Directors operate without prejudice. In the realm of Sri Keshava Trust, they are driven by collective wisdom, compassion, and a desire to serve.

The Directors meet regularly, and all policy decisions are planned and finalized unanimously.
Remuneration to Our Trustees:

None of the Trustees are paid any remuneration, sitting fee or monetary reward.

Remuneration and other Benefits to the Employees:

The HR works along with the Senior Management closely and decisions are taken based on the conditions (including Geographical location) and needs. This includes salary and other incentive components. Annual appraisals are done for all the employees.

2i) Stakeholder grievance, process of grievance redressal and number of grievance received and resolved:

We have a Grievance Redressal Policy which is shared with all employees and it is also available on our website under 'Governance'. Our operations team is regularly in touch with the Government officials and the college authorities to ensure that our staff always work as per prescribed guidelines in an ethical and lawful manner. The authorities have our contact numbers and email IDs at their disposal in case they have to raise any concern. We have not had any cases of grievances. In the event there are any grievances, such grievances are marked to the attention of our Chief Executive Officer, who will thereafter discuss it with the Board and relevant heads of department to ensure timely redressal. The correspondence with regard to the grievance redressal will either be handled by our human resources department or the operations team, depending on the nature of the grievance.

Stakeholders have not raised any grievances during the reporting period.

Any grievance can be shared by any stakeholder to the mail ID accounts@viio.org

Number of grievance received: 0

Number of grievance resolved: 0

2j) Organization registration certificate and other licenses and certifications:

resolved to include specific clauses as addendum to the earlier Trust Deed as detailed hereunder:

I. INVESTMENT:

The Funds of the Trust/ Society shall be invested in the modes specified under the provisions of Section 13(1) (d) read with Section 11(5) of the Income Tax Act, 1961, as amended from time to time.

II. ACCOUNTS:

The Accounts of the Trust/Society shall be maintained regularly. The accounts shall be duly audited by a qualified chartered Accountant. Every year, the accounts shall be closed by 31st March.

III. AMENDMENT:

No Amendments to the Trust Deed/ Memorandum of Association/Byelaws/Rules & Regulations shall be made which may prove to be repugnant to the provisions of Sections 2(15), 11, 12, 13 & 80G of the Income Tax Act, 1961, as amended from time to time. FURTHER NO AMENDMENT SHALL BE CARRIED OUT WITHOUT THE PRIOR APPROVAL OF THE COMMISSIONER OF INCOME TAX.

IV. DISSOLUTION:

In the event of dissolution or winding up of the trust/society the assets remaining as on the date of dissolution shall under no circumstances be distributed among the trustees/members of the Managing Committee/Government body but the same shall be transferred to another charitable trust/society whose objects are similar to those of this trust/society and which enjoys recognition under Section 80G of the Income Tax Act, 1961, as amended from time to time.

V. IRREVOCABILITY:

The Trust formed shall be irrevocable.

VI. BENEFICIARY:

The benefits of the Trust/Society shall be open to all irrespective of caste, creed or religion.

VII. UTILISATION:

10	Conditions subject to which provisional registration is being granted	
	The provisional registration is granted subject to the following conditions:-	

For SRI KESHAVA TRUST

K. K. Murthy
Managing Trustee

a. As and when there is a move to amend or alter the objects/rules and regulations of the applicant, prior approval of the Commissioner of Income Tax shall be sought along with the draft of the amended deed and no such amendment shall be effected until and unless the approval is accorded.
b. In the event of dissolution, surplus and assets shall be given to an organization, which has similar objects and no part of the same will go directly or indirectly to anybody specified in section 13(3) of the Income Tax Act, 1961.
c. In case the trust/institution is converted into any form, merged into any other entity or dissolved in any previous year in terms of provisions of section 115TD, the applicant shall be liable to pay tax and interest in respect of accreted income within specified time as per provisions of section 115TD to 115TF of the Income Tax Act, 1961 unless the application for fresh registration under section 12AB for the said previous year is granted by the Commissioner.
d. The Trust/ Institution should quote the PAN in all its communications with the Department.
e. The registration u/s 12AB of the Income Tax Act, 1961 does not automatically confer any right on the donors to claim deduction u/s 80G.
f. Order u/s 12AB read with section 12A does not confer any right of exemption upon the applicant u/s 11 and 12 of Income Tax Act, 1961. Such exemption from taxation will be available only after the Assessing Officer is satisfied about the genuineness of the activities promised or claimed to be carried on in each Financial Year relevant to the Assessment Year and all the provisions of law acted upon. This will be further subject to provisions of section 2(15) of the Income Tax Act, 1961.
g. No change in terms of Trust Deed/ Memorandum of Association shall be effected without due procedure of law and its intimation shall be given immediately to Office of the Jurisdictional Commissioner of Income Tax. The registering authority reserves the right to consider whether any such alteration in objects would be consistent with the definition of "charitable purpose" under the Act and in conformity with the requirement of continuity of registration.
h. The Trust/ Society/ Non Profit Company shall maintain accounts regularly and shall get these accounts audited in accordance with the provisions of the section 12A(1)(b) of the Income Tax Act, 1961. Separate accounts in respect of each activity as specified in Trust Deed/ Memorandum of Association shall be maintained. A copy of such account shall be submitted to the Assessing Officer. A public notice of the activities carried on/ to be carried on and the target group(s) (intended beneficiaries) shall be duly displayed at the Registered/ Designated Office of the Organisation.
i. The Trust/ Institution shall furnish a return of income every year within the time limit prescribed under the Income Tax Act, 1961.
j. Separate accounts in respect of profits and gains of business incidental to attainment of objects shall be maintained in compliance to section 11(4A) of Income Tax Act, 1961.
k. The registered office or the principal place of activity of the applicant should not be transferred outside the jurisdiction of Jurisdictional Commissioner of Income Tax except with the prior approval.
l. No asset shall be transferred without the knowledge of Jurisdictional Commissioner of Income Tax to anyone, including to any Trust/ Society/ Non Profit Company etc.
m. The registration so granted is liable to be cancelled at any point of time if the registering authority is satisfied that activities of the Trust/ Institution/ Non Profit Company are not genuine or are not being carried out in accordance with the objects of the Trust/ Institution/ Non Profit Company.
n. If it is found later on that the registration has been obtained fraudulently by misrepresentation or suppression of any fact, the registration so granted is liable to be cancelled as per the provision u/s section 12AB(4) of the Act.

**OFFICE OF THE
DIRECTOR OF INCOME-TAX (EXEMPTIONS)
C.R. BUILDING, 3rd Floor, Queen's Road, BANGALORE - 560 001**

No : DIT(E)BLR/80G(R)/334/AACT/TS1012L/ITO(E)-3/Vol 2008-2009

Date : 22/09/2008

APPROVAL UNDER SECTION 80G(5)(vi) OF THE INCOME TAX ACT, 1961

Name : Sri Keshava Trust

Address : 504, 40Th Cross, 8Th Block, Jayanagar, Bangalore,
Bangalore, Karnataka, 560070.

On verification of the application filed on 26/03/2008 by the above applicant and other details and documents submitted, it is seen that the trust/institution has been Registered under section 12A of the Income-tax Act, 1961 vide Registration No. Accts/718/10a/vOI/h-l/c-166 dated 14/03/1988 and the applicant satisfies the conditions referred to in section 80G(5)(vi) of the Income tax Act 1961. In view of the above, approval is granted u/s 80G(5)(vi) of the I.T. Act 1961 for the period from 01/04/2008 to 31/03/2011, subject to the following conditions:

1. The donations made to the above Institution/Fund are deductible under section 80G(2)(vi) r.w.s. 80G(5)(vi) of the Income-tax Act, 1961 in the hands of the donors subject to the limits prescribed therein.
2. The grant of approval is further subject to the following conditions:
 - i) The donee Institution/Fund shall forfeit this benefit provided under the law, if any of the conditions stated herein is not complied with or in any way violated.
 - ii) The Institution/Fund shall maintain its accounts regularly and also get them audited in accordance with sec.80G (5) (iv) read with section 12A (b) and 12A(c) and submit the same along with the return of income before the Assessing Officer within the due date as per the requirements of section 139(1) read with section 139(4A) of the Income Tax Act 1961.
 - iii) The Institution/Fund must issue serially numbered and dated receipts to the donors for the donations (voluntary contributions) received, duly signed by any one of the Trustees or their authorized persons. Such receipts shall bear the PAN number of the trust, number and date of this order, and the period of its validity. The name and address of the donor must also be clearly mentioned on the receipt.
 - iv) This approval to the Institution/Fund shall apply to the donations received only if the Institution/Fund is established in India for charitable purposes, and fulfils the conditions laid down in section 80G(5)(i), (ii), (iii), (iv) & (v), 80G(5A), 80G(5B) and 80G(5C) of the Income-tax Act.
 - v) The Institution/Fund should not issue receipts allowing any benefit under this section to any person if the amount so received is in lieu of any goods, benefit or services rendered directly or indirectly by the Institution/Fund to such person.
 - vi) It is advised that the Institution/Fund prominently displays its name and address, and 80G recognition certificate number at the place where its charitable activities are carried on. If there is any change in the address, the same should be intimated to the undersigned as well as to the Assessing Officer.

Sir,

Sub:- Application for approval U/s80G(5)(vi) - In your case - reg.
Ref:- Your application filed on 11.10.2010.

-oOo-

With reference to your application in Form No. 10G filed on 07.01.2011 for seeking renewal of certificate issued u/s 80G of the Act, it is brought to your knowledge that an amendment was made to Section 80G(5)(vi) through Finance Act (No.2) 2009.

2. In view of the same there is no need to seek renewal of the certificate already issued u/s 80G and which is valid up to 31.03.2010. The same certificate is valid from **01.04.2010 onwards till it is rescinded** and subject to the same conditions and also subject to the condition that your case should not be hit by the Proviso to Section 2(15) of the I.T. Act.

3. This issues with the prior approval of the Director of Income Tax (Exemptions), Bangalore.

Yours faithfully,

Details of Achievements

Started in 1988, Sri Keshava trust(SKT) is a bangalore based public charitable trust engaged in provision of health care services to those that need it the most. Focusing on eye care in particular, Sri Keshava trust started in a small way out of Prabha eye clinic and research center. A need was felt to take diagnostic and treatment services to rural areas around bangalore, five rural ophthalmic clinics in Jigani, Anekal, Magadi, Hosur and Yelandur were started with the help of other NGOs. In 1998 the Governemnt of Karnataka granted us a civic amenity site in the new area of Banashankari III stage. Supported by over 3500 donors big and small, SKT built a statre of the art tertiary care ophthalmic center called Vittala International Institute of Ophthalmology(VIIO). This facility started offereing its services since October 2001. Sri Keshava Trust is a â€œSustainable Charityâ€□ engaged in provision of eye care services primarily in the Southern Indian State of Karnataka. The Trust has its activities in clinical work, out reach programs and in research. No patient is turned away for economic reasons and no effort is stinted to be at the cutting edge of eye care in all spheres. The trust undertakes research and training in all areas of ophthalmology and is currently in the process of creating comprehensive care models. The trust has built, VIIO, a Rs.20 Crore (3.5 Million USD) super specialty charitable Ophthalmic Hospital and research center, with the help of over 3500 donors big and small. The institute focuses on clinical work, Research and Training as its core areas with main motto as Dedication is the Ultimate Goal.Sri Keshava Trust has a very clear focus on affordable quality eye care by providing cost effective access to preventive and diagnostic care through unique Advanced Eye Care Mobiles, combined with a successful economic model based on revenue sharing with existing medical establishments in the hinterland .This model piloted through three separate units for various eye conditions have proven sustainable. The aim is to increase compliance for follow-up by patients afflicted by chronic conditions like diabetes and prevent irreversible blindness before it occurs

Subject: Renewal of Registration under Foreign Contribution (Regulation) Act,

Sir/Madam

With reference to your application dated **28-05-2021** seeking renewal of registration under the Foreign Contribution (Regulation) Act, 2010, I am directed to convey the approval of competent authority for renewal of registration of your Association in terms of the provisions contained in Section 16 of Foreign Contribution (Regulation) Act, 2010 read with Rule 12 of Foreign Contribution (Regulation) Rules, 2011 as amended from time to time, as follows:-

Registration Number **094420842**

Nature : **Social**

2. The association shall receive foreign contribution only in its designated/exclusive bank account **40070301869** in **STATE BANK OF INDIA, 11 Sansad Marg, New Delhi 110 001, NEW DELHI, Delhi, Delhi, 110001** as mentioned in its application for online application for grant of renewal of registration.
3. In terms of section 18 of the Foreign Contribution (Regulation) Act, 2010 read with Rules 17 of the Foreign Contribution (Regulation) Rules, 2011, as amended from time to time, you are advised to furnish intimations online within the prescribed time to the Central Government of the amounts of each foreign contribution received by you, the source and the manner in which the foreign contribution was utilised, as per the provisions of the Act and the Rules. An association is required to furnish the return even when the particulars are 'NIL'. The FC-4 form is required to be submitted online on this Ministry's website <https://fcraonline.nic>. The Bank Account mentioned in your application should be used for receiving foreign contribution and no other amount should be credited to this account. The Association should immediately intimate online, within 15 days, in Form FC-6 to this Ministry regarding any change in the name of the Association, aims and objects, its address and Bank/Bank Account.
4. The association cannot bring out any publication (registered under PRB Act, 1867) or act as correspondent, columnist, editor, printer or publisher of a registered newspaper or engage in the production or broadcast of audio news or audio visual news or current affairs programmes through electronic mode or any other electronic form or any other mode of mass communication at a later stage thereby attracting provisions of the Section 3(1) (g) and (h) of the FC(R) Act, 2010. In addition to this, the association is forbidden from getting involved in any activity of political nature.
5. Transfer of foreign contribution has been made completely prohibited under amended section 7 of the Foreign Contribution (Regulation) Act, 2010.
6. Physical inspection of the activities done by the Association may be carried out at any time by this Ministry.

For **SRI KESHAVA TRUST**

1	Azim Premji Philanthropic Initiatives -	Bangalore urban	313862847	38192684	133263066	Community based rehabilitation programme: due to the unavailability of and the inaccessibility to eye care services in and around the rural and semi urban areas of Bangalore community based approach - the 'Vision Center Model' was commenced by VIIO with the establishment of vision centres at identified locations. With	No one shall go blind for the want of money or lack of care	

					support from the Azim Premji Foundation the programme was implemented. Direct Beneficiaries: • 8,231 beneficiaries received surgical interventions for various eye ailments, including sight-saving surgeries, thereby directly benefiting through treatment and prevention of avoidable vision loss. • 79,649 beneficiaries were screened for eye ailments through the Vision Centre network. Beneficiaries identified as requiring further evaluation or surgical intervention were referred to the base hospital for appropriate treatment. Total individuals directly reached through screening and surgical intervention: 87,880. Indirect beneficiaries: The programme indirectly benefits the family members and caregivers of patients. Restoration of vision improves patients' independence and quality of life, while reducing the caregiving and economic burden on their families. The wider community also benefits through increased awareness and early

						identification of eye ailments. Institutional Entities Impacted: The programme strengthens the capacity and service delivery of Vision Centres		
2	Givaudan (India) Pvt Ltd	Bangalore urban	67902337	13281365	56468960	Direct Beneficiaries: Under the donor-supported programme, the donor supported the running/operational costs of the Vision Centre, enabling continuous access to community-based eye screening and referral services. Through the donor-supported Vision Centre, 27,536 beneficiaries were screened for various eye ailments, 1958 were operated for cataract ailment. Indirect beneficiaries: The programme indirectly benefits the family members and caregivers of patients. Preservation or restoration of vision improves patients' independence, productivity and quality of life. Institutional Entities Impacted: The donor support strengthened the functioning of the Vision Centre as a community-level eye-care facility and supported its linkage with the base hospital for referral and treatment.	No one shall go blind for the want of money or lack of care	

3	Dr. Shroff's Charity Eye Hospital	Bangalore urban	13064240	2407272	9709158	The Eicher Driver care programme started at VIIIO in 2019 as a joint effort between Eicher Group Foundation and Vittala International Institute of Ophthalmology is to improve the working conditions of commercial vehicle drivers by providing an environment where they can easily access their daily needs to improve their efficiency. Direct Beneficiaries: The programme directly benefited 35,770 commercial vehicle drivers through eye screening and related eye-care services provided through 999 camps. A total of 56,311 individuals were screened, of whom 35,770 were drivers. Glasses prescription were provided to those with refractive errors Indirect Beneficiaries: The programme indirectly benefited the families and dependents of the drivers by supporting timely identification of vision problems and access to appropriate eye-care services. Improved vision among commercial vehicle drivers can also contribute to their ability to perform their	No one shall go blind for the want of money or lack of care	
---	---	--------------------	----------	---------	---------	---	---	--

						occupational responsibilities safely and effectively. Institutional Impact: The programme strengthened VIIO's capacity for community-based and occupational eye-health outreach through the organisation of 999 screening camps. It enhanced the institution's ability to reach commercial vehicle drivers at their workplaces and other accessible locations, conduct screening, identify vision-related concerns and facilitate appropriate eye-care management and referral.		
4	Sasken Technologies Ltd	Districts of Karnataka	35322017	7866757	35322017	CSR support was provided towards establishing a new Nayana Van with necessary instruments and equipment to facilitate community-based eye screening and outreach services and to improve access to eye care among underserved communities. enabling the Trust to undertake screening and outreach services more effectively. Support for treatment interventions: CSR funding also supported the provision of injections and diabetic retinopathy (DR) surgeries for eligible	No one shall go blind for the want of money or lack of care	

						beneficiaries requiring treatment. Direct Beneficiaries: The direct beneficiaries comprise individuals who received eye screening and those who benefited from treatment interventions supported through the CSR programme, including beneficiaries receiving laser treatment, injections and DR surgeries. The programme reached 11,012 beneficiaries through DR Van screening, with 2,802 laser treatment sessions in van and in base hospital 469 VR surgeries and 420 injection treatments provided to beneficiaries requiring appropriate intervention. Indirect beneficiaries include the family members and caregivers of patients who received screening and treatment. Improved access to eye-care services and timely treatment can also reduce the financial and caregiving burden associated with untreated eye conditions. Institutional Impact The CSR support strengthened the Trust's institutional capacity by		
--	--	--	--	--	--	--	--	--

						enabling the establishment of a new Nayana Van, provision of ophthalmic instruments and equipment, and support for specialised treatment services including injections and DR surgeries. This has enhanced the Trust's ability to extend eye-care services to communities and provide timely treatment to beneficiaries identified through its outreach activities.		
5	Cognizant Foundation	District of Karnataka	2532750	1355325	2123800	Under CSR support, the Sight4All programme was implemented to screen and manage children with late sequelae of Retinopathy of Prematurity (ROP) and complications associated with preterm birth. The programme focused on early identification of visual impairment and timely provision of appropriate interventions. Direct Beneficiaries: Children are the primary recipients of eye care. 331 children were screened, with a total of 387 screening consultations provided. Following assessment, 99 children were prescribed and provided spectacles, helping address refractive errors and improve functional vision. In addition, 11	No one shall go blind for the want of money or lack of care	

					children were identified for vision therapy and all 11 received the prescribed therapy, 4 children were identified as requiring surgical intervention, and all four underwent surgery. Indirect Beneficiaries: Parents/ family members and caregivers of the children who benefited through early identification and management of visual problems, reduced burden of care, and improved access to appropriate eye treatment. institutional Impact: The programme strengthened the institution's capacity to provide specialised screening and management for children with late sequelae of Retinopathy of Prematurity and preterm birth. It supported an integrated continuum of care comprising screening, refractive correction through spectacles, vision therapy, surgical intervention and follow-up. The programme also contributed to strengthening institutional experience and service delivery systems for paediatric ophthalmic care.

Sub-Section 1B.2.1 Annual Impact Report (AIR) Self-Reported

Sri Keshava Trust for the period

April 01, 2025 to March 31, 2026

For Vision Centers Programme comprising 67 % spending in the financial year under review
Under SSE Thematic Area

Programme start date: 1982

Programme Objective(s): To identify individuals requiring cataract surgery

1) Strategic Intent and Planning

a) What is the social or environmental or cultural challenge the organization is addressing in this thematic area? Has this changed in the last year?

The social issue our trust aims to tackle is Visual impairment and blindness, which remain major public health challenges despite the fact that many eye conditions are preventable, treatable, or reversible when identified and managed in a timely manner. According to the World Health Organization (WHO), at least 2.2 billion people worldwide live with a vision impairment or blindness, and in approximately one billion cases the condition could have been prevented or has yet to be addressed through access to appropriate eye care services. The leading causes of vision impairment globally include uncorrected refractive errors, cataracts, glaucoma, diabetic retinopathy, age-related eye diseases, and corneal conditions, many of which can be effectively managed through relatively low-cost interventions when diagnosed early.

b) How is the organization attending to the challenge or planning to attend to the challenge in this thematic area? Has this changed in the last year?

- The initial step is the identification of an under-served region with limited health facilities for eye care.
- The door-to-door survey conducted by our health workers helps us identify people with visual impairment and also produces a master document of the people with visual impairment in the project areas.
- The presence of the vision Centre within the project area helps serve as the first area of contact for those with visual impairment where an optometrist evaluates

them and if the patient has a refractive error, prescribes a pair of glasses to them. Patients with more serious ailments such as cataract, glaucoma or retinal conditions is referred to Vittala International Institute of Ophthalmology (Tertiary eye care Centre)

- Since the treatment is provided free of cost and since transport between the vision Centre and the base hospital is provided by the hospital, the financial lack of accessibility barrier is overcome, hence significantly improving compliance to treatment.
- Post-operative follow-up and treatment is monitored in the vision Centres and hence improving overall compliance rates to completion of treatment.
- Regular awareness campaigns are conducted in the project area about various eye disorders hence improving awareness and the health seeking behavior

c) Who or what is being impacted (target segment/ affected area)? Has this changed in the last year?

Target segment:

Patients will be identified through routine Vision Centre consultations, community outreach activities, awareness programmes, referrals from Community Health Workers (CHWs), and targeted screening initiatives. Optometrists and Vision Centre staff will conduct comprehensive eye examinations and identify individuals with cataract and other vision-threatening conditions requiring specialist evaluation.

Screen **1500** diabetic patients for diabetic retinopathy and treat **200** patients with sight threatening diabetic retinopathy - projected from last 3 years (2024 through 2026 March), 180 Diabetic Retinopathy Project laser treatments and 1215 DR screened.

The project results in better utilization of the hospital's capacity, existing programmes and schemes of the government and other organizations with special focus on rehabilitation. It also promotes gender equity resulting in gender equality pertaining to eye health including those suffering with incurable conditions.

Affected area:

- Target area selection: One to four blocks consisting of a population of 45,000 to 50,000 is identified as the intervention area. This will be done after preliminary survey and meeting of local authorities for collecting some basic statistics of the area & population, health status, etc
- Delineation of clusters: The selected project intervention areas will be divided into 3-4 clusters, each cluster comprising 15,000 to 20,000 persons depending on density of population.
- Selection of community Health Workers, Project Coordinator and Documentation In-charge: Post graduate in social work with prior experience of working with NGOs will be selected as the Project Coordinator. A candidate having proven computer skills (MS Excel, data entry etc.) will be selected as the Documentation In-charge for the project. Two trainee workers (women candidates preferred) will be selected from each cluster using a tested methodology preferably from the family of visually impaired persons. Selection of qualified teacher for visually impaired children / identifying agencies such as National Association for the Blind and seek help for teachers.

d) What will be the outcomes of the activities, intervention, programs or project? Disclosure should include positive and potential unintended negative outcomes.

- Outcome Statement: Improved access, utilization and continuity of comprehensive eye care services among rural and semi-urban populations served by the three Vision Centers.
- The project aims to reduce avoidable visual impairment and blindness by increasing the uptake and successful completion of cataract surgery among vulnerable populations identified through three operational Vision Centres located at Nandini Layout (VCN), Jigani (VCJ), and Maddur/Nidaghatta (VCSM).

- Over the two-year implementation period, the project will strengthen the pathway from community-level identification of cataract patients to referral, surgical treatment, and post-operative follow-up at VIIIO's tertiary eye care hospital. Through the provision of free cataract surgery and associated patient support services, including transportation, counselling, diagnostics, medicines, consumables, meals, and follow-up care, the project will remove financial and logistical barriers that often prevent patients from accessing treatment.
- As a result, beneficiaries are expected to experience improved visual function, enhanced independence in daily activities, improved mobility, increased social participation, and better overall quality of life. Particular emphasis will be placed on reaching elderly individuals, women, economically disadvantaged households, and other vulnerable populations who are disproportionately affected by avoidable blindness and visual impairment.
- The project will further strengthen referral completion rates and continuity of care between Vision Centers and specialist ophthalmic services, ensuring that patients identified within the community successfully progress through the full cataract treatment pathway. Ultimately, the project seeks to demonstrate a scalable and sustainable community-to-hospital cataract care model that contributes to the reduction of avoidable blindness and supports equitable access to sight-restoring treatment.

2) Approach

a) What is the baseline status* at the start of the activity/intervention/programs or project and at the end of the last reporting period?

*Baseline status includes situation analysis/ context description at the start

Our trust aims to tackle is Visual impairment and blindness, which remain major public health challenges despite the fact that many eye conditions are preventable, treatable, or reversible when identified and managed in a timely manner. According to the World Health Organization (WHO), at least 2.2 billion people worldwide live with a vision impairment or blindness, and in approximately one billion cases the condition could have been prevented or has yet to be addressed through access to appropriate eye care services. The leading causes of vision impairment globally include uncorrected refractive errors, cataracts, glaucoma, diabetic

retinopathy, age-related eye diseases, and corneal conditions, many of which can be effectively managed through relatively low-cost interventions when diagnosed early.

b) What has been the past performance trend? (if relevant)

Please find below the details of our past performance during the last 3 Financial Years:

1. Number of patients treated in the past 3 years having Visual impairment and blindness.

Total patients – **87547**

Out patient department free consultations – **9178**

Inpatient department paid / subsidised/free surgeries - **7909**

c) What is the solution implementation plan and the measures taken for sustainability of activity/intervention/programs or project outcomes? Has there been any material change in your implementation model in the last one year?

Solution implementation plan

VCs act as a first level response for eye care and provide on-site facilities to identify and diagnose visual disabilities and impairments. Patients who require advanced interventions are identified and referred immediately to the base hospital. The combined effort of the VCs and the base hospital reduces the prevalence of visual disability in the community. Reaching out to younger members of the communities is enabled through school eye care visits and treatments..

VIIO strives to provide free or subsidised treatments for economically disadvantaged patients through maximising revenue from the hospital through efficiency in operations, cost effectiveness and the generous support of their funders. Covering six different locations, the program has surveyed a population of almost 300,000 in order to identify and treat, wherever possible, visual disabilities and impairments.

Infrastructure and setting up centres

Capacity Building- Training of community health workers (CHW) through an in house developed curriculum Community awareness programs by CHW for the community members

Outcomes

Equitable access to primary eye care for the beneficiaries and advanced eye care for the needy through removal of barriers to access Accessible eye care services through timely diagnosis allowing for cases of avoidable blindness to be addressed Accessible eye care services in school contributing to diagnosis and addressing challenges related to childhood blindness through timely interventions Members of the community have improved knowledge of the importance of

eye health and eye care and thus are responsible for their own and their family's eye care. Members of the community who receive training from the community healthcare workers are able to lead relatively more independent lives through sustainable income.

Demonstrate the level of access patients have to proper treatments and care. Establish the reach of the on-site centres, and the demographics that are able to take advantage of the treatments and eye care offered at each location, as well as the base hospital. Ascertain the extent of the impact made on rural communities by the Vision Centres Programs at each location.

This report aims to demonstrate the impact delivered by the Vision Centres Program through the level of care and support that it extends towards patients suffering from vision impairment, allowing them to lead healthier, and more productive lives.

d) Please brief out alignment of solution to Sustainable Development Goals (SDGs)/national priorities/state priorities/developmental priorities.

Sl NO	Goal No	Goal	Remarks
1	1	To reduce visual impairment	A population with reduced cases of visual disabilities and communities with improved health-seeking behaviour (specific to eyes) and avoidable blindness.
2	2	Improved quality of Life	Improved quality of life of people who are incurably blind through reduced dependency on others and to live a life with dignity
3	3	Improve the socio economic status	Improvement in the socio economic status of the incurably blind through sustainable livelihoods and job placements

e) How have you taken into consideration stakeholder feedback in this reporting period?

A dipstick study was conducted with a small sample of patients, program team members, and other relevant stakeholders. Through interviews and conversations with the program team, assessment tools were developed to evaluate the outcomes and impact of the program. The study's sample was selected using random sampling from the following stakeholders: optometrists, community healthcare workers, beneficiaries, program coordinators.

f) In the last year, what have you seen as the biggest risks to the achievement of the desired impact? How are these being mitigated?

RISKS	Mitigation Measures
Temporary vacancy of an optometrist	Continuous recruitment, local hiring, cross-training of staff, supervisor oversight, periodic refresher training
Patients declining referral or surgery	Counselling, patient education, family engagement, transport support, follow-up by CHWs and counsellors Community awareness programmes, diabetic retinopathy screening, repeat outreach activities
Increase in operating costs	Annual budget review, contingency allocation, cost optimization, periodic financial monitoring
Data breach or loss of patient information	Regular system backups, access controls, staff training and periodic audits, reduce unauthorized access to patient information within HMIS systems
Failure to retain and attract professionals could have an impact on our operations	Under the programmes of our Trust , we engage professionals from the various areas who work with us and assist us with training. This has led to some delays in hiring and execution. We had kept additional time to complete the program and we were able to manage. Our trust keeps hiring professionals on a regular basis

3) Impact Indicators

a) What are the indicators used to evaluate the effectiveness and outcomes of programmes

Our trust aims to ensure that the impact of the VIIO program is measured under the following heads (which we expect to be more than 80%):

1. Earlier Detection of Eye Disease
2. Improved Access to Treatment.
3. Improved Visual Function

1. Earlier Detection of the eye Disease is achieved through the following:

- Patients screened
- Cataracts identified
- DR cases detected
- Diabetic patients identified
- Hypertensive patients identified

2. Improved Access to Treatment:

- Patients referred to VIIO
- Referral completion rate
- Cataract surgeries completed
- Patients declared fit for surgery
- Post-op follow-up completion

3. Improved Visual Function:

- Day 1 post-op visual improvement
- Week 6 visual improvement
- Spectacles prescribed post-op
- Surgical complication rate
- Follow-up compliance

Our Trusts aim is to ensure

1. Improve access to eye care services for the remote communities in the rural and semi-rural areas during the project period of three years
2. Establish and develop a referral network for both eye health and eye care patients through which the community can continue to access services beyond the project period
3. Develop human resources to provide sustainable eye care services in the project area during the project period and beyond
4. Increase awareness levels of the community about eye care by the end of the project period
5. Socially and economically empower community members with incurable blindness through rehabilitative measures

i) Timeline specific output indicators from inception to end of project

1. *Number of interventions implemented*

Trust has three vision centres in Vision Centers: Nandini Layout (VCN), Jigani (VCJ), and Maddur/Nidaghatta (VCSM) and trust has completed and treated 87547 No of patients.

2. Timeliness of intervention delivery -

Throughout the year for all the programs.

3. % of planned vs. achieved programmes -

100% in terms of the beneficiaries achieved

ii) Intermediate outcomes indicators (for e.g.) - starts around mid-term and continue to end-term of project

(1) Increased awareness or knowledge among the target population

Throughout the year making eye care services available to the people who otherwise would not have access and make eye care affordable taking into consideration the socio economic causes of avoidable blindness

(2) Changes in attitudes or perceptions

No major changes in attitudes or perceptions towards the treatments

(3) Adoption of new behaviours or practices

The Vision centre model provides comprehensive primary eye care through establishment of new eye care centres at locations within communities, providing accessibility to its members. The beneficiaries are largely the community members and the school children in schools at the service locations and create awareness in the community.

(4) Improved skills or capabilities

A team consisting of a Program Managers, skilled and trained technicians, doctors, optometrists with a vehicle travels with medical equipment (Retcam for screening, portable lasers, laptops, with data connectivity, and software) to the locations on a specific day of the week for each of the NICUs (in each district), within the radius of 250 - 300 km from the base hospital and are required to stay overnight in certain locations. The team of technicians conduct visits to the NICUs for the weekly screenings for patients, in addition the doctors appraised of patient care and treatment progress.

(5) Increased access to resources or services

Increased access to trusts resources or services is given to the public at large as the trust provides

- Door-to-door awareness and case finding
- Community eye health awareness programmes
- Diabetic retinopathy awareness activities
- Community stakeholder engagement
- Referral of high-risk individuals to Vision Centres

iii) Overall outcome indicators (for e.g.) towards end-term and after end of the project period (depends on project gestation period)

(1) Behavioral change sustained over time

No major behavioral change noticed towards the trusts vision centers and treatments provided by the trusts.

(2) Improved social or economic conditions

VIIIO's program components of creating awareness and educating the parents and caregivers has increased the ownership of the parents and health caregivers in providing better outcomes for the infants, senior citizens and others who require eye care and Building capacities through rigorous training has built greater confidence and improved the social or economic conditions of the community.

(3) Reduced rates of negative outcomes

Negative Outcomes are as follows and following measures are taken to mitigate the negative outcomes.

Sl.No	Negative Outcomes	Mitigations to overcome the negative outcomes
1	Increased demand could exceed referral capacity	a. Maintain scheduled referral quotas from each Vision Centre. b. Expand tele-ophthalmology triage. c. Prioritize patients based on clinical urgency. d. Monitor referral-to-treatment turnaround times

2.	Detection without treatment uptake	a. Pre-operative counselling. b. Family engagement. c. Transportation support. d. Follow-up and home visits e. Monitoring Indicator: Referral completion rate, Surgery acceptance rate
3.	Gender based access disparities	a. Gender-disaggregated monitoring. b. Female community health workers. c. Monitoring indicator: % of female beneficiaries, female surgery uptake rate
4.	Community dependence on subsidized services	a. Communicate eligibility criteria clearly. b. Maintain differential pricing structures. c. Conduct financial assessments where appropriate
5.	False sense of health security following screening	● Patient education. ● Recommended screening intervals. ● Recall systems. ● Awareness materials
6.	Privacy & data protection concerns	● Role-based EMR access. ● Data encryption. ● Staff training.

		• Periodic audits.
7.	Environmental impact from increased service utilization	• Biomedical waste management protocols. • Authorized disposal vendors. • Digitized records. • Efficient patient transport planning.

(4) Enhanced quality of life

The beneficiaries are expected to experience improved visual function, enhanced independence in daily activities, improved mobility, increased social participation, and better overall quality of life.

(5) Increased resilience to future challenges

- Improvement in the socio economic status of the incurably blind through sustainable livelihoods and job placements.
- Improved quality of life of people who are incurably blind through reduced dependency on others and to live a life with dignity.

4) Relevance and Sustainability

i) Relevance: Explain with a supporting fact/ data point how the initiative aligns with the organization's values and goals and is relevant to the target audience

The organization's core values are as under:

- 1) Authenticity
- 2) Quality
- 3) Effectiveness
- 4) Dedication

The organization's vision and mission are as under:

Vision: No one shall go blind for the want of money or lack of care.

Mission: To provide quality and affordable eye care to every patient through integrated clinical practice, education, and research.

The organization is clearly engaged in the above mission and guided by the core values.

ii) Sustainability: Explain with a supporting fact/ data point how the initiative is sustainable and if it can continue to make a positive impact in the future.

The organization is a Not for Profit and runs these programs through various stakeholder engagements. The programs have been going on over years and it is quite clear from the past records that it has added huge value in providing the eye care services to the patient.

Therefore, the positive impact which the program has created makes it a sustainable program.

a) Briefly include narratives of Social, Environmental, Cultural and Economic impact on target segment(s) in the reporting period.

The programs of the organization have ensured that the social and economic impact on the beneficiaries, over the years, has been profound and they have become contributors to the country's GDP and many of them have become the main breadwinners for their family.

b) Beneficiary/Stakeholder Validation through surveys and other feedback mechanism

Photographs conveying before and after impact of the Programmes

1. Azim Premji Philanthropic initiatives

Project Theme:

To reduce avoidable blindness by expanding access to quality, equitable and affordable eye-care services through Vision Centres and community-based eye-health interventions in rural and semi-rural areas around Bengaluru.

VIIO functions with the motto “No one shall go blind for want of money or lack of care.” The Vision Centres Programme was established to provide primary eye-care services to underserved communities, strengthen referral linkages to advanced eye care, and contribute towards creating avoidable blindness-free communities.

Key Objectives

1. Improve access to eye care for underserved and remote communities in rural and semi-rural areas.
2. Establish and strengthen referral networks between communities, Vision Centres and the base hospital.
3. Develop community-level human resources to support sustainable eye-care services.
4. Increase awareness regarding eye health, prevention and timely treatment.
5. Support treatment and rehabilitation of persons affected by avoidable and irreversible visual impairment.

Key Interventions and Outputs

Intervention 1: Identification and Treatment of Avoidable Blindness

The programme follows a community-based pathway involving household-level identification, referral through Community Health Workers (CHWs), screening at Vision Centres and referral of patients requiring advanced care to the base hospital.

Key Outputs, Targets and Achievements

The programme adopted a community-based approach to identify persons with eye conditions, provide screening through Vision Centres, and facilitate referral to the base hospital for further examination and treatment.

Key Programme Outputs

Indicator	Achievement
Population surveyed	181,332
Persons referred to Vision Centres by Community Health Workers (CHWs)	46,050
Persons screened at Vision Centres	47,954
Patients referred to base hospital	9,336

Target and Achievement – Vision Restoration

Outcome Indicator	Planned Target	Achievement
Beneficiaries receiving vision-restoring interventions through surgical and non surgical interventions	5,000	6,861

Outcome

Against the planned target of **5,000 beneficiaries**, the programme provided vision-restoring interventions to **6,861 beneficiaries** through a combination of **surgical treatment, cataract surgeries and other specialised ophthalmic surgeries**.

The programme therefore reached **1,861 more beneficiaries than the planned target**, demonstrating the programme's ability to extend treatment access to a larger number of persons requiring vision-restoring care.

Overall, the intervention established a continuum of care from **community-level identification and screening to referral, diagnosis and vision-restoring treatment**, thereby improving access to eye care for underserved communities.

The programme has contributed to:

- Improved access to primary and advanced eye-care services for underserved communities.
- Early identification and treatment of avoidable eye conditions.
- Improved referral and follow-up linkages between communities, Vision Centres and the base hospital.
- Increased awareness of eye health and the importance of timely treatment.
- Improved access to eye-care services for children through community and school-based screening.
- Rehabilitation and skill development for persons with irreversible visual impairment.
- Reduced barriers to accessing eye-care services, particularly for underserved rural and semi-rural communities.

Current Seven-Year Grant

A new long-term grant commenced in December 2024 for a period of seven years to continue and expand the programme.

Under the current grant, donor support is utilised towards both:

1. Programme running and operational costs – supporting Vision Centre and community-based activities, outreach, screening, human resources and other programme-related operational requirements; and
2. Eye-care treatment and surgical interventions – supporting eligible beneficiaries requiring surgical and other advanced eye-care services through the referral network and base hospital.

The current phase aims to expand the Vision Centre network, strengthen community screening and referral systems, increase access to surgical and advanced eye-care services, and improve the overall reach and sustainability of the programme.

Sustainability

The programme is being implemented as a long-term community eye-care model, linking community-level identification and screening with Vision Centre services, referral, advanced treatment, surgery and follow-up. The seven-year grant commencing in December 2024 provides a sustained framework for strengthening this model and extending access to eye care among underserved communities.

Overall Impact

The programme has established a structured continuum of care. This approach enables underserved communities to access timely and affordable eye-care services while addressing avoidable blindness through both preventive/community interventions and treatment, including surgery.

1. STORIES OF CHANGE

Mr. N. M., 27 years old, was identified by the Community-Based Rehabilitation (CBR) team as a person with visual impairment since birth. He lives with his parents in Vyasarayanapalya village. He and his twin sister have visual impairment.

He completed his primary education in a regular school and subsequently studied from 7th to 10th Standard at BGS Blind School, Ramanagara. Through the CBR programme, the team assessed his rehabilitation needs and provided guidance on activities of daily living and livelihood opportunities. As his family was engaged in flower-stringing work, the team encouraged him to participate in the family occupation as a means of contributing to the household income and remaining engaged in productive activity.

As part of the livelihood support, VIIO provided a weighing machine with a speaker to facilitate his participation in the flower business. He now accompanies his parents to Magadi Town for the daily flower business.

The intervention has enabled him to participate more actively in a family livelihood activity, contribute to household income and lead a more engaged and independent life.

The CBR team also facilitated access to available government entitlements, including monthly pension, UDID card, medical certificate and bus pass.

Change Achieved

The case demonstrates how community-based rehabilitation can extend beyond clinical eye care by connecting persons with visual impairment to daily-living skills, livelihood opportunities and government entitlements, thereby supporting greater independence and social and economic participation.

-
2. Name : S (MRD # 73221)
Age: 16 years / Female
Address : Koppala district, Karnakata

Ms. S has been under the care and management of Vittala International Institute of Ophthalmology (VIO) since 2015 for Herpes Zoster and keratitis. She comes from a financially constrained family. Her father, Late K, passed away, and her mother, Mrs. V, had previously worked in a paper-plate manufacturing unit but had to discontinue work due to ill health. Her elder brother discontinued his education after 10th Standard and took up employment in a steel utensil shop to support the family.

Need and Intervention

Ms.S underwent a left-eye penetrating keratoplasty (corneal transplantation) under general anaesthesia in 2017 under the free-treatment category.

During a review in May 2022, graft failure was identified in the operated eye, and her visual acuity was recorded as Counting Fingers close to face. A repeat corneal transplant was advised, and she was registered on the hospital's keratoplasty waiting list. Following the availability of a suitable donor cornea, Spoorthi underwent repeat left-eye penetrating keratoplasty under general anaesthesia on 28 December 2022.

The procedure was supported under the Azim Premji Philanthropic Initiatives (APPI) grant, which helped address the financial barrier to accessing specialised corneal surgery.

Outcome and Follow-up

At the follow-up visit on 18 November 2023, she was doing well. She is also continuing her education which highlights the importance of sustained access to eye care for children and young people from economically vulnerable families.

Social Impact

The intervention enabled a young beneficiary from a financially constrained family to access specialised corneal transplantation and continued follow-up care. The donor-supported intervention helped reduce the financial barrier to specialised treatment and supported continuity of care.

This case demonstrates how eye-care programmes can facilitate access to specialised ophthalmic treatment for economically vulnerable beneficiaries and support their continued education and participation in daily life.

2.

Givaudan (India) Pvt Ltd	community based rehabilitation programme
-----------------------------	---

'Community Based Rehabilitation of the Visually Impaired – Nandini Layout and Marappanapalya ward'

Project Overview

The project was initiated in June 2014 to improve access to eye care and rehabilitation services for persons with visual impairment in Nandini Layout and Lakshmedevi Nagar, covering approximately 90,000 population across two BBMP wards. In 2019 one more ward was added Marappanapalya with population of 40,000.00

Partners

- Vittala International Institute of Ophthalmology (VIO), Bengaluru – Project implementation
- Givaudan India Ltd., Jigani – Financial support
- Operation Eyesight Universal India – Technical support

Implementation

The project began with a community outreach team receiving 11 days of training in household survey methodology, basic eye diseases, visual acuity assessment and identification of suspected cataract and other eye conditions.

The project area was divided into clusters, and trained CHWs conducted household surveys (**Total surveyed 88075**)

to identify individuals with eye problems and visual impairment and facilitate referral for appropriate eye examination and treatment.

Eye check at homes

Visual acuity check at homes

eye check up at vision centre

Rehabilitation of Persons with Visual Impairment

The project identified 69 persons with incurable blindness in the project area and provided rehabilitation support based on individual needs. The interventions included:

- Mobility training for persons who had not received previous mobility support.
- Activities of Daily Living (ADL) training for women and older persons, including skills related to personal care, washing and cooking.
- Vocational and job-skills training for visually impaired persons of working age who were unemployed.
- Employment linkage, with some trained beneficiaries placed in employment through networks with other NGOs.

These interventions aimed to improve independence, functional ability, livelihood opportunities and social inclusion among persons with visual impairment.

Sustainability and Current Status

Givaudan India Pvt. Ltd., provided financial support towards the running and operational costs of the project. The support was utilised for implementation of community-based activities, including field-level outreach and related project operations. No specific financial support was provided for surgical interventions. Since 2022, following the conclusion of the external project support, VIIO has continued the programme using hospital funds. The programme remains active, ensuring continued community outreach, identification, referral and access to appropriate eye-care and rehabilitation services.

Social Impact

The community-based approach has helped bring eye-care and rehabilitation services closer to underserved populations. In addition to identifying and referring people for treatment, the project addressed the long-term functional and socioeconomic needs of persons with irreversible visual impairment through mobility training, daily living skills, vocational training and employment linkages.

Mobility training

employment in network with other NGO's

2.1

Givaudan (India) Pvt Ltd	Community Based Rehabilitation of the Visually Impaired – 'Jigani
-----------------------------	--

Community Based Rehabilitation of the Visually Impaired – “Jigani”

Project Overview

The Community Based Rehabilitation of the Visually Impaired – Jigani Project was initiated in March 2017 and was completed in June 2023 covering geographical area of 28 villages coming under Jigani Hobli, Anekal taluk, Bangalore urban district, with a combined population of 85,711. The project was envisaged for a period of 6 years. Phase I for 3 years and Phase II for 3 years with an aim to improve access to eye-care services and rehabilitation support for visually impaired persons in 28 villages under Jigani Hobli, Anekal Taluk, Bengaluru Urban District.

Project Partners

Partner	Role
Vittala International Institute of Ophthalmology (VIO), Bengaluru	Project implementation and delivery of eye-care and rehabilitation services
Givaudan India Pvt. Ltd., Jigani	Financial support
Operation Eyesight Universal India	Technical support

Project Period

- **Initial project period:** 01 March 2017 to 28 February 2020
- **Extension:** Extended by four months up to **30 June 2020** to complete pending activities. **69267 (phase I and II)**
- **Phase 2:** Completed in **2023**.

Implementation Approach

The CHWs underwent **11 days of structured training** covering household survey methodology, basic eye diseases and anatomy, identification of cataract using a torch, visual acuity assessment, and other community-based eye-care activities.

The trained CHWs carried out household-level identification and screening, facilitated referrals for further examination and treatment, and supported access to appropriate eye-care and rehabilitation services.

Sustainability and Current Status

Financial Support and Project Sustainability

Givaudan India Pvt. Ltd., Jigani provided financial support towards the running and operational costs of the project. The support was utilised for implementation of community-based activities, including field-level outreach and related project operations. No specific financial support was provided towards surgical procedures. The externally supported project phase was completed in **2023**. Following completion of the supported phase, VIO continued the community-based activities using **hospital funds**, ensuring continuity of services to the communities covered under the programme.

Social Impact

The project established a community-based approach for identifying persons with visual impairment and facilitating timely access to eye-care, treatment, referral and rehabilitation services. The continued hospital-funded implementation after completion of the project demonstrates the institution's commitment to sustaining community eye-care services beyond the period of external funding.

Programmes of Declaration of some villages as 'Avoidable Blindness Free'

Patients in the vision centre

Patient screening at Vision Centre

2.2. Retinopathy of Prematurity is a retinal disorder found in some of pre-maturely born infants. VIIO has facility to screen & identify such infants & provide treatment to them. The project is one of the largest tele-ophthalmological screening programmes in India for the disease Retinopathy Of Prematurity(ROP), which affects premature neonates. The ROP Program focuses on all at-risk babies with special consideration for underserved communities that are often overlooked due to lack of access to screening and treatment facilities, due to the financial burden of meeting healthcare cost.

Camera with software

screening activity

Treatment activity

ROP PROJECT impact report

Intervention for Retinopathy of Prematurity (ROP)

- 1. Beneficiary:** Baby of F, **Gender:** Male
MRD No.: R01008
Date of Birth: 04 February 2013
Location: Bengaluru, Karnataka
Age at Follow-up: 5 years
Educational Status: Studying in 1st std

Condition and Intervention

The baby was diagnosed with Retinopathy of Prematurity (ROP), an eye condition affecting premature infants that can lead to severe visual impairment if not identified and treated in time.

The baby underwent laser treatment for ROP on 23 March 2013, followed by appropriate ophthalmic follow-up.

Outcome

At the age of 5 years, the child was attending school and studying in 1st Standard. The case demonstrates the importance of early screening, timely diagnosis and appropriate treatment of ROP in protecting children's vision.

Impact

Timely ROP screening and treatment can help prevent avoidable childhood visual impairment and support a child's ability to participate in education and age-appropriate activities. The beneficiary's continued schooling represents an important functional and social outcome following early eye care intervention.

Direct Beneficiary: Child who received ROP laser treatment and follow-up care.

Indirect Beneficiaries: Family/caregivers who benefited from timely access to specialized pediatric eye care and treatment.

Photo of baby of F

baby of F at 5 years at follow-up– School-going Child

Timely Treatment for Retinopathy of Prematurity (ROP)

2. **Beneficiary:** Baby D R

MRD No.: 168679

Gender: Male

Date of Birth: 10 September 2022

Gestational Age: 26 weeks

Birth Weight: 900 grams

Location: Kolar District, Karnataka

Background

Baby D R was born **preterm at 26 weeks of gestation**, with a birth weight of **900 grams**. Due to prematurity, the baby was screened for Retinopathy of Prematurity (ROP).

The baby was evaluated at **Jalappa Hospital, Kolar**, and was diagnosed with **ROP in both eyes**. Laser intervention was advised to treat the affected avascular retinal areas and prevent progression of the condition.

Intervention

The baby underwent **laser treatment in both eyes for ROP**.

Follow-up and Outcome

The baby was reviewed at the base hospital on 24 November 2023. At follow-up, the baby was reported to be doing well, with a weight of 8 kg. The baby was fixing and following light, indicating visual response.

Further refraction and retinoscopy were advised to assess the need for corrective glasses and continue appropriate visual follow-up.

Social Impact

This case highlights the importance of **early ROP screening, timely diagnosis and access to specialized treatment** for premature infants. Timely laser intervention can help protect vision and reduce the risk of severe visual impairment associated with progressive ROP.

The child's subsequent follow-up and visual response demonstrate the importance of continued monitoring and early intervention in supporting healthy visual development.

Beneficiary Category

Direct Beneficiary: Baby DR, who received ROP screening, diagnosis, bilateral laser treatment and follow-up care.

Indirect Beneficiaries: The child's parents/family, who benefited from access to specialized ROP care, timely intervention and continued ophthalmic follow-up.

Dr. Shroff's Charity Eye Hospital	The Eicher Driver care programme
---	--

The **Eicher Driver Care Programme**, initiated at Vittala International Institute of Ophthalmology (VIO) in 2019 as a joint initiative with Eicher Group Foundation, has improved access to eye-care services for commercial vehicle drivers, a population that may face challenges in accessing routine eye examinations due to the nature and demands of their occupation.

The programme follows a **multi-modal outreach approach through fixed centres, community outreach camps and the Eicher Eye and Ear Screening Mobile Van (EMV)**, enabling services to reach drivers at transport hubs and other accessible locations.

The programme's key impact includes:

- **Improved access to eye screening:** Drivers can access free eye screening services at fixed centres, outreach camps and mobile van locations.
- **Early identification of vision problems:** Screening facilitates identification of refractive errors and other eye conditions requiring further evaluation or treatment.
- **Refractive correction:** Drivers identified with refractive errors can receive appropriate spectacle prescriptions, including correction for distance vision and age-related near-vision requirements where clinically indicated.
- Since 2019, 999 camps have been conducted, screening 56,311 individuals, including 35,770 drivers. The Eicher Mobile Van (EMV 6 Bangalore) was also recognised with the **Best Team Award for 2022–23 in the Southern Region among 13 EMVs**. This recognition reflects the performance of the mobile outreach team in delivering the programme's services.

Screening of drivers

Direct beneficiaries: 35,770 commercial vehicle drivers directly reached/screened through the programme.

Indirect beneficiaries: Family members/dependents of the drivers who may benefit from improved access to eye care and the driver's ability to address vision-related problems.

Institutional impact: Strengthened VIO's capacity for **large-scale occupational eye-health outreach**, including fixed-centre services, community camps, mobile screening, referral and continuity of care.

4.

Sasken Technologies Ltd	Screening and treatment of Diabetic Retinopathy (NAYANA)
-------------------------	--

With CSR support from Sasken Technologies, VIIO procured a new Advanced Eye Treatment Unit (AETU) equipped for screening and treatment of Diabetic Retinopathy (NAYANA). The initiative addressed the need to strengthen and modernise the institution's mobile/community-based eye-care infrastructure for people at risk of vision loss due to diabetes.

The earlier AETU had been in service since 2005 and had been refurbished in 2016. After these many years of field-based use, the unit had reached the end of its operational capacity and required replacement.

The new AETU has strengthened VIIO's ability to take Diabetic Retinopathy screening and treatment services closer to underserved communities, reducing the need for beneficiaries to travel long distances for initial screening and evaluation. The unit supports early identification of retinal changes associated with diabetes and facilitates timely referral and treatment at the appropriate level of care.

Under the programme, **Sasken CSR support is utilised towards retinal surgeries and intravitreal injections** for eligible beneficiaries. **DR (diabetic Retinopathy) laser treatment is not covered under the Sasken CSR support.**

The programme reaches beneficiaries across multiple districts of Karnataka. In **Bengaluru Urban, Chitradurga and Chamarajanagar**, Treatment activity of Diabetic Retinopathy laser are supported through **District Blindness Control Society (DBCS)** programmes. Services in the **other project locations are supported through hospital funds**, enabling VIIO to continue screening, referral and treatment services for underserved communities.

Impact

- The programme reached **11,012** beneficiaries through DR Van screening, with **2,802** laser treatment sessions in van and in base hospital **469** VR surgeries and **420** injection treatments provided to beneficiaries requiring appropriate intervention
- Improved access: Enabled diabetic eye-care services to be taken closer to communities through a mobile outreach model.
- Early detection: Facilitated screening and identification of Diabetic Retinopathy at an earlier stage, supporting timely intervention.
- Continuum of care: Beneficiaries identified with abnormalities can be referred for further evaluation and treatment at VIIO.
- Strengthened infrastructure: Replaced an ageing mobile eye-care unit and enhanced the institution's capacity to provide specialised diabetic eye-care services.
- Community outreach: Strengthened VIIO's ability to reach underserved and vulnerable populations who may otherwise have limited access to specialised retinal services.

Beneficiary and Institutional Impact

Direct beneficiaries: Individuals from underserved communities who receive Diabetic Retinopathy screening, evaluation and referral/treatment through the AETU.

Indirect beneficiaries: Families and caregivers of beneficiaries who benefit from early identification and management of diabetic eye disease and improved access to specialised eye care.

Institutional impact: Enhanced VIIO's mobile eye-care infrastructure and capacity for Diabetic Retinopathy screening, early detection, referral and treatment, enabling sustained outreach to underserved communities.

Screening activities

Laser Treatment activity

Cognizant Foundation	“Sight4All: Screening and management of late sequelae of Retinopathy of prematurity and preterm births”,
----------------------	--

The Project of **Sight 4 all : “ Screening and management of late sequelae of Retinopathy of prematurity and preterm births”** was initiated on 1st of January 2025 in partnership with the Cognizant foundation.

The programme enabled **331** children affected by or at risk of visual impairment associated with ROP sequelae and preterm birth to receive screening and appropriate eye-care intervention. A total of **387** screening encounters were provided during the year.

Following screening and clinical assessment, **99** children received spectacles, while **11** children received vision therapy. **4** children underwent surgical intervention, with five surgeries performed, supporting timely management of conditions requiring surgical care.

Direct Beneficiaries:

331 children directly benefited through screening, diagnosis and appropriate interventions, including spectacles, vision therapy and surgical management.

Indirect Beneficiaries:

Parents, caregivers and family members of the children benefited indirectly through improved access to specialised eye care, timely management of visual problems and reduced burden associated with untreated visual impairment.

Institutional Impact:

The programme strengthened VIO's capacity to provide specialised paediatric eye-care services for children with ROP sequelae and preterm birth-related visual conditions. It supported an integrated continuum of care from screening and early identification to refractive correction, vision therapy, surgical intervention and follow-up.

Key Outcome

The CSR-supported programme contributed to early identification and timely management of visual impairment among children, helping ensure that treatable or manageable conditions are addressed at an appropriate stage and supporting better functional visual outcomes.

INDEPENDENT AUDITOR'S REPORT

To
The Members of Sri Keshava Trust,
504, 40th cross, Jayanagar 8th Block,
Bangalore Urban, Karnataka,
India, 560085,

Report on the audit of Financial Statements

Opinion

We have audited the Financial Statements of **SRI KESHAVA TRUST**, which comprise the balance sheet as at 31st March 2026, the Income and Expenditure account and Cash Flow Statement for the year then ended, and notes to Financial Statements, including a summary of material accounting policies.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Trust as at 31st March 2026 and of its excess of Expenditure over Income and its cash flows for the year ended on that date.

Basis for Opinion

We conducted audit of the Financial Statements in accordance with Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ('ICAI'). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the entity in accordance with the 'Code of Ethics' together with the ethical requirements that are relevant to our audit of the Financial Statements, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide our audit opinion on the Financial Statements.

Responsibility of Management and Those Charged with Governance for Financial Statements

The Management of the Trust is responsible for the preparation of the Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Trust in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records and design, implementation and maintenance of Internal Control, relevant to the preparation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

The Management is also responsible for overseeing the Trust's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with management of the Trust, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Regulatory Requirements

Further, we report that:

- We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- In our opinion, proper books of account have been kept by the entity so far as appears from our examination of those books.
- The Society Balance Sheet and Statement of Income and Expenditure dealt with by this Report are in agreement with the books of accounts.

SRI KESHAVA TRUST

Notes forming part of the Financial Statements for the year ended, 31st March, 2026

Note - 1 Brief about the entity:

Sri Keshava Trust is an NGO registered under 12A of Income Tax Act 1956. It runs an eye Hospital in the name of Vittala International Institute of Ophthalmology. The Trust is a "Sustainable impact driven Charity" committed to delivering equitable, high quality eye care across Karnataka. The Trust has its activities in clinical work, outreach programs, training and research. The motto, "Shraddahi Paramagathihi" (Dedication is the ultimate goal), of the our founder continues to inspire us and is the tenet by which the institution functions to this day. No patient is turned away for economic reasons and no effort is withheld in order to be at the cutting edge of eye care in all spheres. The Trust was incorporated in the year 1988.

Note - 2 Material Accounting Policies

2.1 Basis of preparation of financial statements

- ♦ The Financials Statements are maintained and presented in accordance with the applicable Accounting Standards issued by the 'Institute of Chartered Accounts of India (ICAI)' and 'Generally Accepted Accounting Principles (GAAP)' in India. In the current year the Financial statements are prepared as prescribed by "The Institute of Chartered Accountants of India (ICAI) for Non Profit Organisation (NPO). The figures are regrouped and rearranged as per the New NPO Norms.
- ♦ All the figures reported in the Financial Statements are in Indian Rupees.
- ♦ Accounts have been prepared on going concern basis under historical cost convention. Organization follows accrual system of accounting unless stated otherwise. The preparation of Financial Statements requires Organization to make estimates and assumptions that affect the figures reported in Balance Sheet, Statement of Income & Expenditure and Statement of Receipts and Payments. The accrual results could differ from these estimates.

2.2 Use of estimates

The preparation of financial statements requires the organization to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the organization's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

2.3 Revenue recognition

- ♦ All income is recognized on an accrual basis when the Organization has established a legally enforceable right to receive the income and the amount can be measured with reasonable certainty, in accordance with applicable accounting standards and financial reporting frameworks.
- ♦ Interest income arising from the deployment of funds is recognized on an accrual basis using the time production method, taking into account the applicable interest rates and the effective yield on the underlying financial instruments.
- ♦ Donations: Donations are recognized as Income when it was received from donors for the welfare of Trust.
- ♦ Grant in aid income is on Receipt basis as & when received.
- ♦ The Free, Concession treatment to Poor and needy patients are accounted as Income in IPD, OPD receipts & the same is also disclosed separately in Income & Expenditure account as Expenses to arrive at actual services rendered

For Sri Keshava Trust
Chairman

For SRI KESHAVA TRUST

Managing Trustee

2.4 Unrestricted Fund

General Fund

These are unconditional expendable funds available for use at the discretion of governing body for furtherance of Organization's objectives. These funds are neither restricted by donor nor designated for specific purpose by the governing body. All unrestricted unutilized donations are credited to General Fund. Surplus or deficit arising out of the operations in each of the program focused areas is adjusted against their respective general fund. It is assumed that at times fluctuations will occur in projected income and expenditure, which cannot be fully anticipated during the planning process. In the light of such circumstances, it is the policy of the organization to maintain a prudent level of General Fund to provide stability and flexibility.

2.5 Restricted Fund

Restricted Funds are funds received subject to specific stipulations imposed by donors or mandated by applicable statutory provisions, which limit their use to designated purposes and/or defined time periods. In accordance with the principle of fund accountability, upon satisfaction of the conditions precedent- such as completion of the specified activity or lapse of the restricted period- such funds shall be reclassified. Where applied toward revenue expenditure, the corresponding amount shall be transferred to the Statement of Income and Expenditure; where applied toward capital expenditure, such amount shall be transferred to the Asset fund in accordance with generally accepted accounting principles and the governing legal and regulatory framework.

2.6 Property, Plant & Equipment

♦ Property, Plant & Equipment are stated at historical cost of acquisition or construction. In the case of assets received by way of donation in kind, such assets are capitalized at a nominal value. Expenditure incurred on routine maintenance, repairs, and acquisition of minor assets is charged to the Statement of Income and Expenditure in the year in which it is incurred.

♦ Expenditures that result in a material enhancement of the value of an asset or that extend its estimated useful life are capitalized and added to the carrying amount of the asset.

♦ Assets that have completed their estimated useful life are retired from active use and written off at their book value, with the corresponding charge recognized in the Statement of Income and Expenditure.

♦ Proceeds from the sale of assets are credited to the assets account up to the extent of their net book value. Any resulting gain or loss on disposal of asset is recognized in the Statement of Income and Expenditure in the year of disposal.

2.7 Depreciation

For the purposes of computing depreciation as well as gain or loss on disposal of assets, the Society adopts the concept of Block of Assets as per the provisions of Income tax Act, 1961. The rate of depreciation specified under the Income tax regulations are considered for computing depreciation. Depreciation on property, plant and equipment used for less than 180 days in the year purchase is calculated at 50% of the below rates.

Depreciation on Property, Plant & Equipment has been charged on Written Down Value (WDV) basis at the following rates:

Particulars	Rate of Depreciation
Land & Building	10%
Furniture & Fixtures	10%
Computers & Software	40%
Plant & Machineries	15%
Office Equipment	15%
Vehicles	15%

2.8 Inventories

- ♦ Cost of inventories is computed on a FIFO basis. Cost includes purchase price, freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. Cost of traded goods is determined on a FIFO basis.
- ♦ Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.
- ♦ The Value of Closing Stocks as on 31.3.2026 are taken at cost or market value whichever is lower. The Closing Stocks of Traded goods are as verified, valued and certified by the Trustees.

2.9 Foreign exchange transactions

Transactions denominated in foreign currencies are converted to Indian Rupees at the exchange rates prevailing on the date of the transaction. This conversion is performed in accordance with applicable accounting standards and regulatory requirements to ensure accurate reflection of monetary items in the Financial Statements.

3 Investments

Investments are made in compliance with the provisions of Section 11 of the Income Tax Act, 1961. All funds are collectively pooled for investment purposes, with each participating fund's contributions and withdrawals adjusted in accordance with fund movements. Investments are stated at cost, inclusive of accrued interest, in accordance with applicable accounting standards and statutory requirements.

2.20 Borrowing costs

Borrowing costs include interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are capitalized. All other borrowing costs are recognized as expenditure in the period in which they are incurred.

2.21 Accounting for Leases

Leases under which the lessor retains substantially all the risks and rewards incidental to ownership of the leased asset are classified as operating leases. Lease payments under operating leases are recognized as expenses in the Statement of Income and Expenditure on a systematic basis over the lease term, in accordance with applicable accounting standards and regulatory guidelines.

2.22 Taxation

The Organization is registered under Section 12A of the Income Tax Act, 1961, and accordingly, is exempted from Income Tax on its income and gains, subject to compliance with the conditions prescribed under the said section and other applicable provisions of the Act.

2.23 Employee benefits

i) Defined Contribution Plans: Provident Fund

The Organization operates defined contribution plans for post-employment benefits in the form of a Provident Fund, applicable to all employees, which is administered by the Regional Provident Fund Commissioner in accordance with statutory requirements. Contribution to the Provident Fund are recognized as an expense in the Statement of Income and Expenditure in the year in which they are incurred. The Organization bears no further obligation, whether contractual or constructive beyond the fixed contributions made to the fund.

For Sri Keshava Trust

[Signature]
Chairman

For SRI KESHAVA TRUST

[Signature]
Managing Trustee

ii) Defined Benefit Plans: Gratuity Fund

♦ The Organization maintains a Gratuity scheme classified as a defined benefit plan, established in accordance with applicable labor laws, for the benefit of all eligible employees. Pursuant to the provisions of this scheme, the Organization is obligated to disburse a lump sum gratuity payment to employees upon cessation of employment, whether by way retirement, resignation, or termination. The quantum of such benefit is actuarially determined, taking into account the employee's last drawn salary and the length of continuous service rendered to the Organization.

♦ The organization shall invest contributions to the Gratuity Fund exclusively in securities and term deposits authorized under applicable regulatory frameworks. The amount of such contributions is determined pursuant to an actuarial valuation conducted as of the balance sheet date in accordance with accepted actuarial standards. The resulting contribution liability is recognized as an expense in the Statement of Income and Expenditure. The Trust has chosen and subscribed LIFE INSURANCE CORPORATION OF INDIA for their Group Gratuity Scheme and will contribute as per their calculation of Gratuity Contribution yearly.

2.24 Provisions and contingencies

Provision is recognized when, as a result of obligating events, there is a present obligation that probably requires an outflow of resources, and a reliable estimate can be made of the amount of obligation. The disclosure of contingent liability is made when, as a result of obligating events, there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. No provision or disclosure is made when, as a result of obligating events, there is a possible obligation or a present obligation where the likelihood of an outflow of resources is remote.

Leasehold Property is on lease from Bangalore Development Authority (BDA) for a period of 30 years from 13-02-1997 and the amount of lease charges is apportioned every year from the Prepaid amount of total lease. The trust shall request the authorities to extend the lease for a further period of 30 years. Since lease expires on 13-02-2027 the minimum rent payable cannot be determined and is given as Nil above. The managing trustees are confident to get the lease hold property renewed for further period depending on the decision by BDA (Bangalore Development Authority).

29 Provisions

In the opinion of the Management, adequate provision has been made in the accounts for all known liabilities and the current assets, loans and advances have a value on realization in the ordinary course of business at least equal to the value stated in the balance sheet.

30 Valuation of Property, Plant and Equipment and Intangible Assets

The Management has not revalued its property, plant and equipment or intangible assets or both during the current or previous year.

31 Donations

Donation from parties who have given donation with instruction to keep the donated amount in Fixed Deposits and use only interest portion for charitable activity are adhered to and are kept in Fixed Deposit and free from encumbrance.

32 Cash & Cash Equivalents

The society considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents include cash in hand, demand deposits with banks, and other highly liquid investments.

The Overdraft facility with State Bank of India and Karnataka Bank are secured by fixed deposit of the trust with respective banks.

33 General

Regrouping: Previous year figures are regrouped & rearranged wherever necessary to conform to this year's classification.

1	Azim Premji Philanthropic Initiatives	Combating Blindness Through Vision Centres	Bangalore urban	313,862,047	38,192,684	133,263,064	Community based rehabilitation programme: Due to the unavailability of and the inaccessibility to eye care services in and around the rural and semi urban areas of Bangalore community based approach - the "Vision Center Model" was commenced by VSD with the establishment of vision centres at identified locations. With support from the Azim Premji Foundation the programme was implemented. Direct Beneficiaries: (2020 to march 2023) • 8,231 beneficiaries received surgical interventions for various eye ailments, including sight-saving surgeries, thereby directly benefiting through treatment and prevention of avoidable vision loss. • 79,649 beneficiaries were screened for eye ailments through the Vision Centre network. Beneficiaries identified as requiring further evaluation or surgical intervention were referred to the base hospital for appropriate treatment. Total individuals directly reached through screening and surgical intervention: 87,880 . Indirect beneficiaries: The programme indirectly benefits the family members and caregivers of patients. Restoration of vision improves patient's independence and quality of life, while reducing the caregiving and economic burden on their families. The wider community also benefits through increased awareness and early identification of eye ailments. Institutional Entities Impacted: The CSR-supported programme strengthened the institution's capacity to provide comprehensive ROP services, including screening, retinal laser treatment, Anti-VEGF therapy and complex retinal surgery. It contributed to strengthening clinical expertise, and referral systems for timely management and follow-up of children at risk of vision loss.	SDG 3 - Good Health and Well-being, particularly Target 3.4 - Prevention and treatment of non-communicable diseases and promotion of well-being.	Running Project - From 1st September 2020	
2	Givaudan (India) Pvt Ltd	Project ROP - districts of large		67,902,337	13,281,365	56,468,960	Under this ongoing programme, during the programme period, 33,395 ROP screenings were conducted. 1,131 treatment interventions, including ROP laser treatment and Anti-VEGF injections, were provided, along with 17 complex and sight-saving retinal surgeries for children requiring advanced retinal care. Direct Beneficiaries: Infants and children who underwent ROP screening and subsequently received treatment or surgical intervention were the direct beneficiaries of the programme. Indirect Beneficiaries: Parents, families and caregivers of the children benefited indirectly through early detection and timely access to specialised ROP treatment. The programme helped reduce the burden on families associated with delayed diagnosis and treatment which would lead to blindness and also increasing awareness regarding the importance of timely ROP screening/follow-up & treatment. Institutional Impact: The CSR-supported programme strengthened the institution's capacity to provide comprehensive ROP services, including screening, retinal laser treatment, Anti-VEGF therapy and complex retinal surgery. It contributed to strengthening clinical expertise, and referral systems for timely management and follow-up of children at risk of vision loss.		Running Project (ROP) - From 1st July 2018	

3)	Dr. Shroff's Charity Eye Hospital	The Eicher Driver care programme	13,064,240	2,407,272	9,709,158	The Eicher Driver care programme started at VVD in 2019 as a joint effort between Eicher Group Foundation and Vitreals International Institute of Ophthalmology to improve the working conditions of commercial vehicle drivers by providing an environment where they can easily access their daily needs to improve their efficiency. Direct Beneficiaries: The programme directly benefited 35,778 commercial vehicle drivers through eye screening and related eye care services provided through 999 camps. A total of 56,311 individuals were screened, of whom 35,778 were drivers. Glasses prescription were provided to those with refractive errors. Indirect Beneficiaries: The programme indirectly benefited the families and dependents of the drivers by supporting timely identification of vision problems and access to appropriate eye care services. Improved vision among commercial vehicle drivers can also contribute to their ability to perform their occupational responsibilities safely and effectively. Institutional Impact: The programme strengthened VVD's capacity for community-based and occupational eye health outreach through the organisation of 999 screening camps. It enhanced the institution's ability to reach commercial vehicle drivers at their workplaces and other accessible locations, conduct screening, identify vision-related concerns and facilitate appropriate eye care management and referral.	Running Project (EMV-6) - from 1st April 2019
4)	Sankar's Technologies Ltd	Screening and treatment of Diabetic Retinopathy (NANNA)	35,322,017	7,866,757	35,322,017	The programme strengthened VVD's capacity for community-based and occupational eye health outreach through the organisation of 999 screening camps. It enhanced the institution's ability to reach commercial vehicle drivers at their workplaces and other accessible locations, conduct screening, identify vision-related concerns and facilitate appropriate eye care management and referral. Direct Beneficiaries: The programme directly benefited 35,778 commercial vehicle drivers through eye screening and related eye care services provided through 999 camps.
