# Heat threat for millions of jobs in India: World Bank

FE BUREAU
New Delhi, July 31

## THE HEAT IS ON

- New Delhi may lose **266,000** full-time jobs by 2030 due to working hours being rendered unsafe by extreme heat
- Mumbai could lose over **200,000 jobs** by 2030 and **255,000** by 2050
- India already lost an estimated **$194 billion** in potential income and **247 billion** labour hours to extreme heat in 2024

New Delhi's IGI is among a small number of major airports globally projected to face temperatures near or above **50°C** by 2030

**EXTREME HEAT IS** set to cost Indian cities jobs and growth over the coming decades as outdoor work becomes unsafe, the World Bank said a report. Not just India, high temperatures will also hurt jobs and growth in South Asia, with the region's economy projected to contract by nearly 7% by 2050, the report said.

According to the 'A Livable Future: Protecting Jobs and Growth from Extreme Heat in South Asia's' report, New Delhi may lose 266,000 full-time jobs by 2030 due to working hours being rendered unsafe by extreme heat. The number of jobs lost in New Delhi could increase to 418,000 by 2050 and 629,000 by 2080.

Mumbai could lose over 200,000 jobs by 2030 and 255,000 by 2050, while Kolkata could lose 360,000 jobs by 2030, which may rise to 833,000 by 2080. Chennai, Ahmedabad, Surat, and Varanasi are all projected to lose over 100,000 full-time jobs by 2080 because of extreme heat, the World Bank said.

India already lost an estimated $194 billion in potential income and 247 billion labour hours to extreme heat in 2024, the report said.

Patna is projected to see 6.3% of annual working hours rendered unsafe by 2080, a sharp jump from 2.4% in 2030. For Jaipur, this figure is projected to rise to 2.9% by 2080 from 1.5% in 2030.

New Delhi's Indira Gandhi International Airport is among a small number of major airports globally projected to face temperatures near or above 50°C for multiple days per year by 2030. At such temperatures, reduced air density compromises both lift and engine thrust, forcing airlines to reduce passenger loads, carry less cargo, or burn additional fuel to achieve safe take-off, the report said.

"Extreme heat is costing South Asia nearly the equivalent of 31 million full-time jobs every year and is on track to reduce the region's economy by nearly 7% by 2050," the report said. "As South Asia prepares to add 280 million working-age people by 2050, rising temperatures are one of the greatest threats to jobs, productivity, and long-term economic growth in the region."

# Solar's share tops 10% in power output

SAURAV ANAND
New Delhi, July 31

## RE POWER BET

- India's electricity generation increased **9%** to a record **524 billion units** in the first quarter of FY27
- Solar generation has more than doubled from **28 billion units** in the first quarter of FY24 and touched a daily record of **696 million units** on May 11

- Solar contributed **36%** of the y-o-y increase in electricity generation, up sharply from **11%** in the corresponding quarter last year

**SOLAR POWER SUPPLIED** more than one in every 10 units of electricity generated in India during the April-June quarter for the first time, as output rose 37% year-on-year (y-o-y) to 57 billion units (BU), according to the Centre for Research on Energy and Clean Air's (CREA) quarterly energy snapshot.

India's electricity generation increased 9% to a record 524 BU in the first quarter of FY27, with solar accounting for 10.9% of the generation mix. Coal continued to dominate with a share of about 69-70%. Solar generation has more than doubled from 28 BU in the first quarter of FY24 and touched a daily record of 696 million units on May 11.

Solar contributed 36% of the y-o-y increase in electricity generation, up sharply from 11% in the corresponding quarter last year, and accounted for 84% of the growth in renewable energy output. Renewables together contributed 43% of the incremental generation, while the share of coal and lignite declined to 68% from 71% a year earlier.

The growth came as national peak electricity demand climbed to a record 271 GW on May 21, 12% higher than a year earlier. Peak demand occurred during solar generation hours on 61 of the quarter's 91 days, with solar supplying more than one-fifth of generation during the system peak.

Among states, Maharashtra recorded the highest peak demand at 30 GW, followed by Uttar Pradesh at 27 GW and Gujarat at 25 GW.

Battery energy storage also began contributing to night demand, supplying up to 4.1 GW, or 1.1-1.8% of national demand, during peak hours. India has about 7.5 GWh of operational battery storage capacity, with another 3 GWh expected to be commissioned by December. Storage tenders totalling nearly 272 GWh have already been issued.

However, grid constraints continued to force renewable generation cuts. Around 473 MU of solar and 112 MU of wind power were directly curtailed, while another 1,286 MU of solar and 211 MU of wind were backed down under the Tertiary Reserve Ancillary Service mechanism. Gujarat recorded the highest curtailment.

# NZ FTA opens new avenues for trade

PRASANTA SAHU
Auckland, July 31

ANZ New Zealand CEO Antonia Watson & India New Zealand Business Council CEO Sunil Kaushal

**MORE THAN A** tariff-cutting pact, the India–New Zealand Free Trade Agreement (FTA) is being viewed as a catalyst for investment, innovation and deeper business partnerships, with industry leaders urging companies to move quickly to capture emerging opportunities.

The India-New Zealand FTA is expected to be operational by the end of 2026.

ANZ New Zealand CEO Antonia Watson told *FE* that the agreement provides certainty for trade and capital flows while unlocking opportunities in premium exports, education, tourism and financial services. India New Zealand Business Council CEO Sunil Kaushal called on Indian businesses to leverage New Zealand as a gateway to the Pacific and use the partnership to access wider global markets.

"New Zealand and India already have strong connections," Watson said, noting that around 12% of Auckland's population is Indian while about 20% of ANZ's global workforce is based in India. "The FTA formalises these relationships and provides greater certainty around tariffs and areas of cooperation."

Watson said India's market of 1.4 billion people presents significant opportunities for New Zealand's premium exports. "We're never going to feed 1.4 billion people, but some of our premium products can have a real market there. It's a very exciting development," she said.

Founded as a trade bank, ANZ has deep expertise in supporting trade and capital flows across the Asia-Pacific. "We help connect Indian and New Zealand businesses through trade finance, transaction banking and institutional banking services," Watson said, adding that the bank has already assigned dedicated staff to strengthen links between its India and New Zealand teams.

# Case against Meta India head over posts on PM

**THE HYDERABAD POLICE** has registered a case against the head of Meta India, Arun Srinivas, over multiple videos posted on the company's Facebook platform that depicted Prime Minister Narendra Modi in an 'abusive manner', a senior police officer said on Friday.

The videos spread as Modi contended with the biggest wave of youth-led protests India has seen in more than a decade, a movement over leaked papers in national examinations that has led to the resignation of his education minister.

Police are preparing to send a notice to Meta Platforms regarding the case, said V Aravind Babu, deputy commissioner of police for cyber crimes in Hyderabad. Meta did not immediately respond to a Reuters' request for comment on -Friday. **— REUTERS**

# Realty projects get four-month extension amid W Asia conflict

PRESS TRUST OF INDIA
New Delhi, July 31

## SUPPLY DELAYS

- The West Asia conflict has affected supply chains, resulting in shortage of building materials
- Housing ministry has advised authorities to issue suitable orders for completion timelines

The relief would apply to projects whose original, revised completion date falls on or after Feb 28, 2026

**THE UNION HOUSING** and Urban Affairs Ministry on Friday issued an advisory asking all state Real Estate Regulatory Authorities (RERAs) to grant a four-month extension in the registration and completion timelines of eligible real estate projects affected by disruptions arising from the ongoing conflict in West Asia.

The ministry, in an advisory issued to all regulatory authorities, said the prevailing situation in West Asia has adversely affected global supply chains, resulting in a shortage of construction materials, thereby impacting the timely construction of the real estate projects. It said the ministry had received several representations from stakeholders in the real estate sector seeking relief in view of the disruptions affecting timely completion of projects.

Referring to an Office Memorandum issued by the Department of Expenditure under the Ministry of Finance on April 29, the advisory noted that the ongoing West Asia situation has been treated as "war" for invocation of the Force Majeure clause.

Section 6 of the Real Estate (Regulation and Development) Act, 2016 provides for extension of registration of a real estate project on account of Force Majeure, which, inter alia, includes "war" affecting the regular development of a real estate project. Further, under Section 7(3) of RERA, the Authority may, instead of revoking the registration, permit it to remain in force subject to such terms and conditions as it considers appropriate in the interest of the allottees, it said.

Notes:

1 The financial results have been prepared in accordance with Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013, as amended ("the Act") read with relevant rules issued thereunder and other accounting principles generally accepted in India. The standalone and consolidated financial results of LT Foods Limited ("the Company" or "the Holding Company"), will be available on the website of BSE (www.bseindia.com) or/and NSE (www.nseindia.com) and on the Company's website (www.ltfoods.com).

2 The Company, it's subsidiaries, it's associates and its joint ventures (the "Group") are primarily engaged in the business of manufacturing, trading and marketing of rice which is a single primary reportable segment as per Indian Accounting Standard "Operating Segment" ("IND AS 108") which is in line with review of operating result by chief operating decision maker.

3 The Group has an insurance claim recoverable of ₹13,410.53 lakhs (non-current asset) relating to loss of raw materials due to fire at the premises of Daawat Foods Limited ("the Subsidiary Company") in financial year 2014-15. The Group had recognized the insurance claim recoverable (asset) amounting to ₹17,810.88 lakhs in financial year 2014-15, based on the management's assessment of the loss amount and the positive outcome in the reports of the surveyors, then appointed by the Insurance Company, and subsequently the Group had written off claim amounting to ₹4,400.35 lakhs in financial year 2015–16 pursuant to repudiation of the claim by the Insurance Company in February 2016 and report of the surveyors which were received subsequent to the reports submitted by the surveyors initially appointed by the Insurance Company. The Subsidiary Company filed a commercial suit with Hon'ble District Court of Raisen, Bhopal ("District Court"). The District Court passed a decree in favour of the Subsidiary Company in December 2023, allowing the claim to the extent of ₹16,120.27 lakhs along with interest of 6% p.a with effect from date of fire incident amounting to ₹10,383.23 lakhs. The Insurance Company filed an appeal before the Hon'ble High Court of Madhya Pradesh ("High Court") on two grounds; (i) Challenging the decree on merits and (ii) Seeking stay on execution order of the District Court. While the appeal on merits has been admitted and remains pending before the High Court, the stay applications were rejected successively by both the High Court and the Hon'ble Supreme Court ("Supreme Court"). The Hon'ble Supreme Court's vide it's order dated January 10, 2025, clarified that the entire decretal amount needs to be deposited by the Insurance Company within two months and the underlying bank guarantee charges shall be borne equally by the Insurance Company and the Subsidiary Company. The Insurance Company as per the order of the Hon'ble Supreme Court deposited the amount of ₹26,503.50 lakhs (₹16,120.27 lakhs claim amount and ₹10,383.23 lakhs interest) on March 04, 2025, which was released by the District Court to the Subsidiary Company on April 08, 2025 against a 100% bank guarantee which is valid till final disposal of the First Appeal pending before the High Court. Further, the amount so received has been recorded as a liability, considering that the matter is sub judice. In April 2026, basis directions from the bank, the Subsidiary Company renewed the bank guarantee for ₹26,503.50 lakhs, being the original amount released pursuant to the District Court decree, but excluding interest accrued thereon since the collection of the amount. Based on management's assessment, supported by external legal opinion and favourable orders from the Courts, the Group considers the carrying value of ₹13,410.53 lakhs (March 31, 2026: ₹13,410.53 lakhs) as recoverable and appropriate as at June 30, 2026, in light of the applicable accounting guidance. However, considering the matter is sub-judice before the High Court and subject to further legal proceedings, the Group has not recognised the differential excess amount awarded over and above the carrying value of the claim and the recoverability of such differential amount will be established once the verdict is passed by the higher courts leaving no further course of appeal.

4 The financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on July 30, 2026.

5 The figures of last quarter are the balancing figures between audited figures in respect of the full financial year ended March 31, 2026 and the unaudited published year to date figures upto December 31, 2025, being the date of the end of the third quarter of the financial year which were subjected to limited review.

6 During the previous year, Ecopure Specialities Limited ("Ecopure"), a subsidiary of the Company which is engaged in the business of manufacturing and selling organic soybean products, has been served with a preliminary determination of countervailing duty ("CVD") by the U.S. Department of Commerce ("US-DOC") under its Administrative Review on organic soybean meal exports from India for the period January 1, 2023 to December 31, 2023. US-DOC, in its preliminary determination, based on an 'Adverse Facts Available' methodology, has imposed a CVD rate of 340.27% on the exports amounting to INR 50 crores (approx.) made by Ecopure during the said period. The US-DOC, vide its final order dated February 23, 2026, reduced the CVD rate applicable to Ecopure's exports of organic soybean meal to the United States from 340.27% to 75.48%. Nature Bio Foods Inc., being the importer on record in the United States, shall be liable for payment of the applicable duty (if any) upon final disposal of the matter.

In response to the above results, Ecopure had filed a summons with the United States Court of International Trade ("U.S. CIT") on March 27, 2026, followed by an appeal on April 27, 2026. On May 11, 2026, the U.S. CIT issued an injunction enjoining the liquidation of the Company's entries until the final outcome of the proceedings. Based on the legal opinion and management assessment of the facts of the case, the management believes that it has a strong legal position and, accordingly, does not expect a material impact on these financial results.

7 During the current quarter, a new wholly owned subsidiary has been incorporated by the Company under the name LT Foods Australia PTY Limited in Australia, vide Australian Company No. 699353805 dated June 23, 2026.

8 The consolidated financial results include the results of the Holding Company, twenty two subsidiaries, two joint ventures and five associates.

नोट:

1. ये वित्तीय परिणाम कम्पनी अधिनियम, 2013 की धारा 133, यथा संशोधित ("अधिनियम"), इसके अंतर्गत संबंधित नियमों के साथ पठित और भारत में सामान्य रूप से स्वीकृत अन्य लेखांकन सिद्धांतों के अनुसार वर्णित भारतीय लेखा मानकों ("इंड-एएस") के अनुसार तैयार किए गए हैं। सिर्फ एलटी फूड्स लिमिटेड ("कम्पनी" या "होल्डिंग कम्पनी") के वित्तीय परिणाम और समेकित वित्तीय परिणाम बीएसई (www.bseindia.com) और/या एनएसई (www.nseindia.com) की वेबसाइट और कम्पनी की वेबसाइट (www.ltfoods.com) पर उपलब्ध होंगे।
2. कम्पनी, इसकी सहायक कम्पनियां, इसके सहयोगी और संयुक्त उद्यम ("ग्रुप") मुख्य रूप से चावल के मैन्युफैक्चरिंग, व्यापार और विपणन व्यवसाय में संलग्न हैं, जो भारतीय लेखा मानक "ऑपरेटिंग सेगमेंट" ("इंड एएस 108") के अनुसार मुख्य रूप से रिपोर्ट योग्य करने योग्य सिंगल सेगमेंट है, जो मुख्य परिचालन निर्णय अधिकारी द्वारा परिचालन परिणामों की समीक्षा के अनुसार प्रस्तुत किया गया है।
3. वित्त वर्ष 2014-15 में दावत फूड्स लिमिटेड ("सब्सिडियरी कम्पनी") के परिसर में आग लगने से कच्चे माल की हानि के बीमा दावे से इस ग्रुप को 13,410.53 लाख रु. (गैर-चालू परिसंपत्ति) की प्राप्ति होनी है। ग्रुप ने वित्त वर्ष 2014-15 में बीमा दावे से प्राप्य 17,810.88 लाख रु. की राशि (संपत्ति) दर्ज की थी। यह राशि प्रबंधन द्वारा हानि की कथित राशि के आकलन और बीमा कम्पनी द्वारा नियुक्त सर्वेक्षकों की रिपोर्ट के सकारात्मक परिणाम के आधार पर दर्ज की गई थी। लेकिन बाद में बीमा कम्पनी ने फरवरी 2016 में दावे को अस्वीकार कर दिया और शुरू में नियुक्त बीमा कम्पनी के सर्वेक्षकों से रिपोर्टों के बाद प्राप्त सर्वेक्षकों की रिपोर्ट के आधार पर ग्रुप ने वित्त वर्ष 2015-16 में इस दावे की राशि 4,400.35 लाख रु. को बट्टे खाता में दर्ज कर दिया। सब्सिडियरी कम्पनी ने माननीय रायसेन जिला न्यायालय, भोपाल ("जिला न्यायालय") में एक वाणिज्यिक मुकदमा दायर किया। जिला न्यायालय ने दिसंबर 2023 में सब्सिडियरी कम्पनी के पक्ष में फैसला सुनाते हुए 16,120.27 लाख रु. के दावे को स्वीकार करते हुए आग लगने की तिथि से सालाना 6% की दर से 10,383.23 लाख रु. ब्याज भी देने का आदेश दिया। बीमा कम्पनी ने दो आधार पर मध्य प्रदेश उच्च न्यायालय ("उच्च न्यायालय") में अपील दायर की: (i) इस फैसले को मेरिट के आधार पर चुनौती देना और (ii) जिला न्यायालय के निष्पादन आदेश पर स्थगन आदेश देने की मांग करना। मेरिट के आधार पर अपील स्वीकार कर ली गई है और उच्च न्यायालय में लंबित है, जबकि स्थगन आदेश के आवेदनों को क्रमशः उच्च न्यायालय और माननीय सर्वोच्च न्यायालय ("सर्वोच्च न्यायालय") दोनों ने खारिज कर दिया। माननीय सर्वोच्च न्यायालय ने 10 जनवरी, 2025 दिनांकित अपने आदेश में स्पष्ट किया कि बीमा कम्पनी को दो महीनों के अंदर न्यायालय आदेश के अनुसार पूरी राशि जमा करनी होगी और बैंक गारंटी शुल्क का बीमा कम्पनी और सब्सिडियरी कम्पनी बराबर वहन करेंगी। माननीय सर्वोच्च न्यायालय के आदेशानुसार, बीमा कम्पनी ने 4 मार्च, 2025 को 26,503.50 लाख रु. (16,120.27 लाख रु. दावा राशि और 10,383.23 लाख रु. ब्याज) की राशि जमा की। जिला न्यायालय ने 8 अप्रैल, 2025 को 100% बैंक गारंटी के बदले सब्सिडियरी कम्पनी को यह राशि जारी कर दी। यह बैंक गारंटी उच्च न्यायालय में लंबित पहली अपील के अंतिम फैसले तक वैध है। और चूंकि यह मामला न्यायालय में विचाराधीन है, इसलिए प्राप्त राशि बतौर देनदारी दर्ज की गई है। अप्रैल 2026 में बैंक के निर्देशों के आधार पर सब्सिडियरी कम्पनी ने 26,503.50 लाख रु. बैंक गारंटी का रिन्यूअल किया, जो जिला न्यायालय के फैसले के अनुसार जारी की गई मूल राशि थी, लेकिन इसमें राशि प्राप्त होने के बाद से अर्जित ब्याज शामिल नहीं था। यह ग्रुप प्रबंधन के आकलन, बाहर से कानूनी परामर्श और न्यायालयों के अनुकूल आदेशों के आधार पर 13,410.53 लाख रु. (31 मार्च, 2026 : 13,410.53 लाख रु.) वहन राशि को 30 जून, 2026 तक लागू लेखांकन दिशानिर्देशों के आलोक में प्राप्य और उचित मानता है। हालांकि, चूंकि यह मामला उच्च न्यायालय में विचाराधीन है और आगे कानूनी प्रकियाएं होंगी, इसलिए ग्रुप ने इस दावे की वहन राशि के अतिरिक्त अंतर राशि को मान्यता नहीं दी है और इस अंतर राशि की प्राप्यता उच्च न्यायालयों के निर्णय सुनाए जाने के बाद स्थापित की जाएगी, जिसके बाद अपील की कोई गुंजाइश नहीं बचेगी।
4. लेखा परीक्षा समिति ने वित्तीय परिणामों की समीक्षा कर ली है और 30 जुलाई, 2026 को आयोजित निदेशक मंडल की बैठक में इसे अनुमोदित किया गया है।
5. पिछली तिमाही के आंकड़े 31 मार्च, 2026 को समाप्त पूरे वित्तीय वर्ष के संबंध में लेखापरीक्षित आंकड़ों और 31 दिसंबर, 2025 तक अलेखापरीक्षित प्रकाशित वर्ष के आंकड़ों के बीच संतुलन के आंकड़े हैं, जो कि वित्तीय वर्ष की तीसरी तिमाही के अंत की तारीख है जो सीमित समीक्षा के अधीन थे।
6. विगत वर्ष के दौरान कम्पनी की सब्सिडियरी कम्पनी इकोप्योर स्पेशलिटीज लिमिटेड ("इकोप्योर"), जो जैविक सोयाबीन उत्पाद निर्माण और बिक्री कारोबार करती है, उसे 1 जनवरी, 2023 से 31 दिसंबर, 2023 की अवधि तक भारत से जैविक सोयाबीन आहार के निर्यात पर अमेरिकी वाणिज्य विभाग ("यूएस-डीओसी") की प्रशासनिक समीक्षा के तहत प्रतिपूरक शुल्क ("सीवीडी") का प्रारंभिक निर्धारण किया गया। यूएस-डीओसी ने अपने प्रारंभिक निर्धारण में 'प्रतिकूल उपलब्ध तथ्यों' की पद्धति के अनुसार इस अवधि में इकोप्योर के लगभग 50 करोड़ रुपये के निर्यात पर 340.27% की सीवीडी दर लगाई है। यूएस-डीओसी ने 23 फरवरी, 2026 दिनांकित अपने अंतिम आदेश से इकोप्योर द्वारा संयुक्त राज्य अमेरिका को निर्यात किए गए जैविक सोयाबीन मील पर लागू सीवीडी दर 340.27% से घटाकर 75.48% कर दी। इस मामले के अंतिम फैसले के बाद लागू शुल्क (यदि कोई हो) के भुगतान के लिए नेचर बायो फूड्स इंक. जिम्मेदार है जो संयुक्त राज्य अमेरिका में दर्ज इस उत्पाद का आयातक है।

   उपरोक्त निष्कर्षों के जवाब में इकोप्योर ने 27 मार्च, 2026 को संयुक्त राज्य अमेरिका के अंतर्राष्ट्रीय व्यापार न्यायालय ("यू.एस. सीआईटी") में एक समन दायर किया, जिसके बाद 27 अप्रैल, 2026 को अपील दायर की थी। यू.एस. सीआईटी ने 11 मई, 2026 को कार्यवाही के अंतिम निर्णय आने तक कम्पनी के लिए अंतिम आकलन करने पर रोक लगाने का आदेश जारी किया। इस मामले पर कानूनी परामर्श और प्रबंधन द्वारा तथ्यों के आकलन के आधार पर प्रबंधन का मानना है कि उसकी कानूनी स्थिति मजबूत है और तदनुसार इन वित्तीय परिणामों पर कोई खास प्रभाव पड़ने की उम्मीद नहीं है।
7. चालू तिमाही के दौरान कम्पनी ने 23 जून, 2026 को ऑस्ट्रेलिया में एलटी फूड्स ऑस्ट्रेलिया पीटीवाई नाम से एक नई पूर्ण स्वामित्व वाली सब्सिडियरी कम्पनी का गठन किया है, जिसका ऑस्ट्रेलिया कम्पनी नंबर 699353805 है।
8. समेकित वित्तीय परिणामों में होल्डिंग कम्पनी, बाइस सब्सिडियरी कम्पनियों, दो संयुक्त उद्यमों और पांच सहयोगी कम्पनियों के परिणाम शामिल हैं।
