PRESS RELEASE

NIBE Limited Signs Contract with Indian Army for Supply of “Vayuastra” Loitering Munition System Under Fast Track Procurement (FTP) Route

Company secures L2 vendor share valued at ₹ 563.35 crore, reinforcing its position as a leading indigenous player in loitering munitions and precision strike systems

August 14, 2026 : NIBE Limited, today announced the signing of a contract with the Indian Army for the supply of the “**Vayuastra**” loitering munition system, procured under the Fast Track Procurement (FTP) category. NIBE has been awarded the L2 vendor share of the contract, valued at approximately ₹ 563.35 crore.

The contract was formally concluded today in the presence of senior representatives from the Indian Army and NIBE Limited, marking a significant milestone in the Company’s loitering munitions programme and its continued contribution to the Government of India’s Atmanirbhar Bharat and Make in India initiatives in the defence sector.

The Vayuastra system is a man-portable, precision-guided loitering munition designed for high-value target engagement with minimal collateral impact. Induction of the system under the FTP route reflects the Indian Army’s emphasis on rapid capability infusion using proven, combat-ready, indigenous platforms.

The order is expected to contribute meaningfully to NIBE’s defence order book over [FY/delivery timeline], with deliveries to commence in line with the contractual schedule agreed with the Indian Army.

Key Facts
