Sub: Forward Integration by putting up manufacturing facility of Polyester Fully Drawn Yarns

Dear Sir,

We would like to inform you that the Company, in order to increase its profitability on long term basis, proposes to put up manufacturing facilities for manufacture of 100 MT/day of Polyester Fully Drawn Yarns at its existing unit at Dahej, for which the Company needs to put up only balancing equipments as other infrastructure facilities like land, auxiliary buildings, utilities, etc. are already available at the existing plant at Dahej. This will lead to lower per ton capital cost which in turn will put the Company to a recurring advantage by way of lower depreciation and interest. Also other fixed expenses like staff cost and factory overheads would also be spread over bigger production volumes leading to improvement in profitability. The total capital expenditure for implementing the said expansion programme is about Rs.100 Crores. The Company has already made the financial closure with its Bankers for the said expansion. It is expected that the trial run will commence by end of March 2016.

Thanking You,

Yours Faithfully,
For FILATEX INDIA LIMITED
