Dear Sir/ Madam,

Sub.: Press Release

Please find enclosed herewith a copy of a Press Release titled 'Strategic Tie-Up with FotoFinder / DermLite' which will be disseminated shortly. The Press Release is self-explanatory.

The above information is also being made available on the website of the Company at <https://aakaarmedical.in/disclosures-as-per-regulation-46-of-the-sebi-lodr-regulations/>

Thanking you,

Yours truly,
For Aakaar Medical Technologies Ltd.

Anoopkumar V. Pillai
Company Secretary & Compliance Officer

Encl: as above.

Strategic Tie-Up with FotoFinder / DermLite

Aakaar Medical Technologies Ltd has entered into an agreement with FotoFinder Systems GmbH. Following FotoFinder's global acquisition of DermLite, the DermLite portfolio is now part of Aakaar's medical aesthetics and dermatology offerings.

Strategic Impact and Market Opportunity

The global medical aesthetics market is projected to grow from ~USD 28–30 billion (2024–25) to nearly USD 90 billion by 2034, at a ~13–14% CAGR, driven by rising demand for evidence-based aesthetic treatments.

The dermatology imaging and diagnostic devices market is estimated at ~USD 2.4 billion (2023) and expected to exceed USD 5.5 billion by 2030 (CAGR ~13%).

India's medical aesthetics market is estimated at ~USD 1.8–2.0 billion and growing at double-digit CAGR, supported by rapid expansion of dermatology and aesthetic clinics.

By integrating FotoFinder and DermLite's diagnostic and AI-enabled imaging solutions, Aakaar intends to strengthen its end-to-end dermatology ecosystem, enhance clinical credibility, enable premium cross-selling, and position itself for sustained growth in the rapidly expanding medical aesthetics market.

For Aakaar Medical Technologies Ltd.
