ADVERTORIAL

GNFC registers PAT of Rs. 185 crores and Rs. 495 crores for the second Quarter and half year ended 30th September, 2026 of FY -2026-2027.

Gandhinagar, 02nd November, 2026: A meeting of the Board of Directors was held today to consider and approve the unaudited Financial Results for Q-2 & H1, FY 2026-27.

Commenting on the results, Mr. Sanjeev Kumar, IAS, Managing Director stated that it gives me pleasure in sharing results for Q-2 & H-1 FY 26-27.

During Q-o-Q Q2, Revenue increased mainly due to higher volume across majority of the products, which is partially offset by lower realization. Result is decreased mainly due to lower realization and higher fixed cost partially offset by higher volume.

During Y-o-Y Q 2, Revenue increased mainly due to higher realizations across majority of the products higher volume. Result is marginally increased mainly due to higher realization & higher volume partially offset by higher input cost & higher fixed cost.

Y-o-Y H 1, Revenue & PBT are not comparable due to Annual turnaround in Bharuch complex during H 1 FY 25-26.

The change in other comprehensive income is attributable to change in the fair market value of both quoted and unquoted investments as well as actuarial assumptions of employee benefit obligations.

At Dahej captive Coal base power plant has started resulting into reduction in the operation cost. The balance activity of the project in parallel are in closer mode.

Neem Urea Energy Norms are revised from 6.20 Gcal/MT to 6.37 Gcal/MT effective from 01.04.2025, which augurs well for company. The revision in fixed cost for NCU is being pursued with the Government at industry level and task has been assigned to NITI Aayog.

The announcement for Nutrient based subsidy rates in respect of complex fertilizer is awaited which are going to be effective from RABI season.

While the cash flow on account of subsidy receipt is regular, due to high feed and fuel prices due to geo political situation specially war, the working capital intensity has increased.

While high energy prices in general due to war and its consequential effect on some of the immediate down stream products have impacted operating cost in spite of which company has been in position to maintain profitable operations.

The Q 2 FY 26-27 has witnessed liquidation of substantial built up inventory at the beginning of quarter.
