Leading Through Innovation

ACME Solar awarded LOA for 220 MW Solar + BESS project by RUMSL in Madhya Pradesh

GURUGRAM – FEBRUARY 10, 2026: ACME Solar Holdings Ltd (ACME Solar) has been awarded Letter of Award (LOA) for 220 MW Solar with Battery Energy Storage System (BESS) project by Rewa Ultra Mega Solar Limited (RUMSL). The project is part of a 440 MW tender floated by RUMSL for the Morena Solar Park in Madhya Pradesh. The tender was floated under tariff-based competitive guidelines (TBCB) for which an e-reverse auction was conducted in September 2025.

The project requires supplying power with maximum annual CUF of 35%, along with 4 hours of peak supply (2 hours each in the morning and evening) at 95% annual availability. Charging energy for the evening peak will be sourced from the solar plant, while energy for the morning peak would be supplied free of cost by the procurer during night hours. The land and evacuation infrastructure above 33 kV level would be provided by RUMSL as part of the facilities offered by the solar park developer. Additionally, the project also incorporates the benefit of reduced GST rates already passed through and will be required to adhere only to ALMM List-I (Approved List of Models and Manufacturers - List I).

The project would combine Solar and BESS technologies to meet the supply obligations for Power Purchase Agreement (PPA) tenor of 25 years. Going forward, PPA would be signed with Madhya Pradesh Power Management Company Limited (MPPMCL) and RUMSL.

About ACME Solar: ACME Solar Holdings Limited is a leading integrated renewable energy player with a diversified portfolio of 8,071 MW spanning solar, wind, storage, FDRE and hybrid solutions and an operational contracted capacity of 2,966 MW and under construction contracted capacity of 5,105 MW including ~17 GWh of BESS installation. The under construction PPA signed portfolio stands at 2,664 MW. With an in-house EPC and O&M division, the company does end-to-end development and O&M of the plants, thereby delivering projects in a time & cost-effective manner while ensuring best in class operating performance evident in its industry leading CUF and operating margins.
