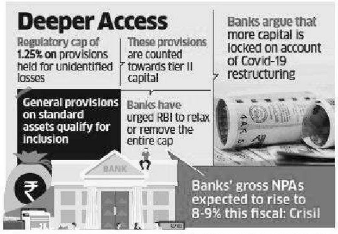
# Banks Want More Provisions Included as Statutory Capital

Easing rules will free up more funds for banks amid economic revival

Dheeraj.Tiwari
@timesgroup.com



New Delhi: Banks have urged the Reserve Bank of India (RBI) to relax norms and allow more of the provision made towards unidentified losses to be reckoned as statutory capital.

At present, because of the regulatory cap, only provisions to the extent of 1.25% of the credit risk weighted assets are considered as tier II capital. If rules are relaxed, more funds can be freed up and made available for banks at a time when recovery is firming up and credit is expected to pick up. On Wednesday, in its monthly economic report, the finance ministry said India is on its way to becoming the fastest growing major economy in the world & forecast a strong possibility of faster credit growth.

"There is a uniform view among banks that due to increased provision burden, the regulatory cap of 1.25% can be removed. We have also approached RBI to either remove the cap or increase eligible percentage so banks will benefit from the additional provisions made by them," said an executive aware of developments.

As per RBI's July 2015 circular on Basel III Capital Regulations –Elements of Tier II Capital for Indian Banks, under "General Provisions and Loss Reserves", provisions held for currently unidentified losses, which are freely available to meet losses that subsequently materialise, will qualify for inclusion under tier II capital.

"With expected increase in standard assets provision on account of restructuring of stressed accounts under Covid-19 dispensations, ranging from 5% to 15%, substantial amount of provisions made will not be qualifying as tier II capital because of the cap," said another bank executive.

## 'Tax Devolution to Exceed States' Loss from Fuel Levy Reduction'

Our Bureau

New Delhi: States are expected to lose revenue of around ₹44,000 crore from the reduction in value added tax (VAT) on petrol and diesel, and a cut in excise duty by the Centre, but gains from the more-than-budgeted tax devolution are likely to be relatively higher, at ₹60,000 crore, according to estimates by ratings firm ICRA. However, it cautioned against the fiscal risk posed by a rise in guarantees extended by state governments to state-level entities, since contributions made by several states to their guarantee redemption funds have been low.

The excise cut on petrol and diesel will lower their VAT inflows by ₹9,000 crore, ICRA estimated. "We tentatively estimate the revenue loss to all states and UTs from the VAT cuts on these fuels at ₹350 billion (₹35,000 crore). Accordingly, their total revenue foregone is assessed at ₹440 billion (₹44,000 crore) for FY2022, in line with the expected revenue loss of the Government of India," said Aditi Nayar, chief economist at ICRA.

**The excise cut on petrol and diesel will lower their VAT inflows by ₹9,000 crore, ICRA estimated**

Nayar said the fiscal loss or revenue foregone was warranted given the benefit it will have in terms of softening the inflation trajectory and boosting the overall confidence levels of households and other economic agents.

### TAX DEVOLUTION UPSIDE

On the other hand, the ratings firm expects central tax devolution to exceed the government's FY22 budget estimates of ₹6.7 lakh crore by ₹60,000 crore, and FY21 provisional actuals by ₹1.3 lakh crore. Yet, tax devolution to states was nearly unchanged at ₹2.6 lakh crore in the first half of FY21 and FY22.

# Agri, Trade Cheer to Push Growth to 10%: NITI Aayog V-C

NEW DELHI: NITI Aayog vice-chairman Rajiv Kumar said the Indian economy is expected to grow beyond 10% this fiscal year, supported by a record kharif crop, bright rabi prospects and strong rebound in trade. However, inflation is emerging as a key risk to sustainable global economic recovery with supply-chain constraints and rising energy prices, said Kumar.

"We expect India's real GDP growth in FY22 to exceed 10%, supported by a record kharif crop and bright rabi prospects. This will boost rural demand and spur the revival in the manufacturing sector," Kumar said in the eighth edition of the newsletter arthNITI.

The government has projected the Indian economy to grow 9.5% in the fiscal year ending March 31, 2022.

Kumar said that a significant rise in exports will also boost economic growth and employment generation, while the gradual pickup in contact-intensive services sector is further likely to support growth momentum. — Our Bureau

# Nokia, Cisco, Ericsson, Tejas Get Trusted Sources Nod

Danish.Khan@timesinternet.in

**New Delhi:** European majors Ericsson and Nokia along with US-based Cisco and home-bred Tejas are among the first set of telecom equipment vendors to have received trusted sources approval from the National Cyber Security Coordinator (NCSC) even as China's Huawei and ZTE continue to wait.

Tejas Networks, which was recently acquired by Tata Sons arm Panatone Finvest, is the only domestic telecom equipment vendor to have received the approval so far, people familiar with the matter said.

Industrial IoT (Internet of Things) solutions provider Proscend, France-based identity-related security services provider IDEMIA, PC Solutions and Dori Software have also received trusted sources approval from the designated authority, the NSCS.

However, telecom operators in the country still can't place purchase orders with these vendors as the approval for 'trusted product' for telecom equipment is still to be given by the NCSC.

"This is a first step in the process but for now it doesn't mean much since companies with trusted sources approval can still get their equipment rejected if the authority is unsatisfied," the person said. "The first list of trusted products is expected between November-end and mid-December period."

National Cyber Security Coordinator Lt General (retd) Rajesh Pant confirmed the development to ET and said that the National Security Committee on Telecom meets on a monthly basis and decides on the grant of Trusted Sources and Trusted Products.

"Details of these are intimated to the telcos who had submitted their requirements on the portal. This process has commenced with effect from October 21 and the system is working as desired by the Cabinet decision," he added.

A second person said that Chinese equipment vendor Huawei is in the process of meeting obligations under the process to get the trusted sources approval. "Huawei has still not completed the documentation process."

Queries sent to Ericsson, Nokia, Tejas, Cisco, Huawei and ZTE didn't elicit any response.

Both Huawei and ZTE are seeking the approval under the Indian Registered Entity (IRE) category. However, multinational companies with local manufacturing either directly or through EMS, or contract manufacturers, will be considered for approval under the Indian Registered (IR) category similar to domestic vendors.

Both Ericsson and Nokia have local production facilities in the country. While Nokia manufactures equipment on its own through the Chennai factory, Ericsson gets its equipment manufactured in Pune through Jabil.

Pant had previously told ET that Huawei and ZTE were not barred from participating in the process to identify trusted sources and products for deployments but will need to go through the process of scrutiny like others.

A senior executive working with a European vendor said that there are chances that if any product or component is manufactured in China, it may not be given approval and this may also apply on non-Chinese vendors.

TWO-DAY GENERAL STRIKE

## TUs Planning Stir During '22 Budget Session

Our Bureau

**New Delhi:** The joint platform of 10 central trade unions, barring the RSS-backed Bhartiya Mazdoor Sangh, has called for a two-day general strike during the budget session of Parliament in 2022, if the government does not heed to the long-pending demands of the unions.

Besides, the joint platform, along with several other industry associations and federations, will hold a nationwide demonstration on November 26 against what they call anti-national and pro-corporate policies of the government.

A decision on this was made at the national convention of central trade unions held in New Delhi on Thursday.

"The national convention calls upon the working people and people in general to make the two days countrywide general strike a massive success," the trade unions said in their declaration.

The 10 central trade umions are the Congress-backed INTUC, Left's CITU and AITUC, and the AIUTUC, TUCC, HMS, SEWA, LPF, AICCTU and UTUC.
