## New Income Tax Bill Passed by Parliament

CBDT to issue standard operating procedures on handling data during searches to protect taxpayer privacy: FM

**Our Bureau**  
New Delhi: Parliament on Tuesday passed the new income tax bill, to replace the six-decade-old Income Tax Act, 1961, which seeks to make direct tax law easier to read, understand and implement. The Rajya Sabha returned the legislation to the Lok Sabha with a voice vote as part of the parliamentary procedure. The new bill introduces the concept of a "tax year", replacing the financial year and assessment year to reduce confusion. It also broadens the definition of "virtual digital assets" to include crypto-assets, non-fungible tokens and other digital assets as specified by the government. The bill also makes it mandatory for taxpayers to provide access to

virtual spaces such as social media accounts, email servers and cloud storage during a search operation. Finance minister Nirmala Sitharaman said that the Central Board of Direct Taxes (CBDT) will issue standard operating procedures on handling digital data during searches to protect taxpayer privacy. She also said that the computer systems need to be "rebooted" for the new law by April 1, 2026. "These changes are not superficial, they reflect a new simplified approach to tax administration and the learner and more focused law is designed to make it easy to read, understand and implement," she said, responding to the discussion in the upper house. She slammed the opposition for not participating in the discussion on such an important legislation after agreeing to hours of debate on the bill in both houses in the Business Advisory Committee. "I am shocked that the opposition doesn't want to participate," Sitharaman said. Opposition parties staged a walkout in the Rajya Sabha on Tuesday, as they had done in the Lok Sabha on the previous day. The bill had already been passed by the Lok Sabha. Sitharaman said that it is important to pass the bill on time as the income tax department has to upgrade its computer system and there is very less time as the government has implemented the new law from April 1 next year. "The finance minister also introduced the Taxation Laws (Amendment) Bill, 2025, which was passed by the Rajya Sabha, to provide tax

exemption to public investment funds of the Kingdom of Saudi Arabia and its subsidiaries, tax exemption for partial withdrawal of subscribers of the Unified Pension Scheme to make it more attractive and change the definition of "income" in block assessments during search and seizure cases. These changes are included in the new income tax bill. "Normally taxation amendments are done with finance bills, we could wait for the finance bill (next year), but because of the economy everybody wants to have it very quickly... Look at how things are developing," Sitharaman said. Opposition parties staged a walkout in the Rajya Sabha as they had done in the Lok Sabha earlier.

Isolated heavy to very heavy rainfall likely over Jammu till August 15. Increase in rainfall activity over east central India and adjoining north peninsular India.

Isolated heavy to very heavy rainfall likely over Sub-Himalayan West Bengal & Sikkim, Arunachal Pradesh, Assam & Meghalaya during August 11-14 with extremely heavy falls over Sub-Himalayan West Bengal & Sikkim, Arunachal Pradesh & Meghalaya on August 12.

## Direct Tax Mopup Falls 4% So Far in FY26 amid Big Refunds, ITR Deadline Extension

Net corporate tax collection up 2.3% to ₹2.29 lakh crore; overall collections expected to pick up from September

**Our Bureau**  
New Delhi: India's net collection of direct taxes so far this fiscal year fell nearly 4% from a year earlier, as tax cuts, large refunds and an extended deadline to file returns weighed. Government officials said there was no cause for worry as they expect collections to pick up from next month and meet the projections for the fiscal year. Economists also expect the numbers to improve as the year progresses. Direct tax collections net of refunds fell to ₹6.64 lakh crore between April and August

numbers are now expected to reflect in the collections in the coming months. "It is too early to jump to any conclusion... A clear picture on the collection trend will emerge only at the end of second quarter," a senior official told ET, adding that the government is confident of meeting FY26 direct tax targets "comfortably". The official said collections should pick up September onwards. Expectations also have similar views. "...the growth rates in net personal income tax and corporate tax collections are likely to improve as the year progresses, and the base remains," said Aditi Nayar, chief economist at ratings firm ICRA. Nayar said that the government would have had to be required to give in high double-digit in the remaining part of FY2026 to meet the 2026 targets. Securities transaction tax (STT) mop-up was ₹2,362 crore between April and August 11, up 3% from ₹1,598 crore a year earlier. The government aims to collect ₹78,000 crore in STT in the current financial year.

Collection	breakeven	(Cr)	YoY
Net Direct Tax	6,63,874	-3.9%	
Net Corporate Tax	2,28,959	-2.2%	
Net Non Corporate Tax	4,12,274	-7.4%	
Gross Collections	7,98,822	-1.8%	
Security transaction tax	22,632	3.5%	
Refund	1,34,948	9.6%	

## Retail Inflation Slips to 8-Year Low in July

Food inflation at its lowest since January 2019

**Our Bureau**  
New Delhi: India's retail inflation fell to an eight-year low of 1.5% in July, below the central bank's 2% target range, driven largely by a drop in food prices, official data released Tuesday showed. This marks the sixth straight month of Consumer Price Index (CPI) inflation staying below 2%. The Reserve Bank of India (RBI) is mandated to keep inflation at 4% within the range. Food inflation, which carries significant weight in the CPI, remained in deflation for the second consecutive month at 1.8% in July, down from 1.9% in June. "The CPI inflation was dampened by the continued year-on-year decline in food prices on an elevated base, even as vegetable prices displayed a surprising uptick," said Aditi Nayar, chief economist at ICRA. Parvina Nasral, associate director at India Ratings and Research (Ind-Ra), said, "The benign inflationary environment is quite favourable especially for a sustainable improvement in consumption demand." "The tariff issue could have some impact on crude oil price for India but the impact, if at all, would be more on Wholesale Price Index (WPI) as the CPI components are regulated by the government," said

Madan Sabnavis, chief economist at Bank of Baroda. The US has imposed a 50% tariff on Indian iron pipes, which includes 35% for iron pipes for importing oil from Russia. Rural inflation eased to 1.2% in July from 1.7% in June. In Jammu and Kashmir, inflation fell to 2.1% from 2.6%. Out of 22 major states and union territories, 11 recorded a higher inflation than national average. Kerala led at 6.9%, followed by Jammu & Kashmir (4.8%), Punjab (3.5%), Karnataka (2.7%), and Maharashtra (2.3%).

**FOOD, CORE INFLATION**  
Food inflation fell due to a decline in vegetables (-20.7%), pulses (-13.8%), and fall in cereals inflation to 49-month low of 2%. Prices of key vegetables also dropped - potato (34.35%), onion (34.86%), and tomato (34.17%). "Looking ahead, food inflation is likely to remain contained, supported by healthy agricultural activities and a favourable base," said Rajani Sinha, chief economist at CARE Ratings. Core inflation, which excludes food and energy slipped to a three-month low of 4.1% in July from 4.4% last month. "The fall in core inflation was largely due to the sharp moderation of inflationary pressures in transport, communication, and education," said Sinha.

## SECI Cancels Two Offshore Wind Energy Tenders

**Our Bureau**  
New Delhi: The Solar Energy Corporation of India (SECI) on Tuesday cancelled two offshore wind energy tenders—a 500 MW project in the north-eastern states and a 4,000 MW sea-bed lease rights allocation. According to two people familiar with the development, the tenders were cancelled because of "lack of response from developers". The company had invited proposals for setting up a 500 MW inter-state transmission system connected offshore wind project in Gujarat on build-own-operate basis when it would enter into a power purchase agreement with the successful bidder for 25 years. The successful bidder would have had to undertake surveys of seabed and associated development activities required for validation of available data sets towards financial closure. However, the SECI may float a revised tender although it has yet to take a decision, according to one of the persons. There may be some changes. The idea is not off," said the person. "If the project has not been able to generate that sort of interest from developers, this is the first time there is an attempt to establish... and it is a complex technology while being capital intensive."

The tender to set up a 500 MW offshore wind energy project was issued in November last year while the final closure for bids was August this year for offline submission.

## Centre Targets Dec for Digitisation of Land Right Records

NE states and Ladakh exempted for now; Centre, states in talks to remove hurdles

**Bankikar Pattansyalk**  
New Delhi: The central government is aiming for a 100% digitisation of land right records by December across the country, barring north-eastern states and Ladakh, a senior official said. This would be a significant step in paving the way for future land reforms in the country to spur economic growth. So far, 372.12 million, or 96.8%, of available land records, have been digitised, according to the latest land resources department data. Similarly, 97.3% of cadastral maps under the viability project, as many as 89.7% of revenue courts and all the sub-registrar offices across the country have been computerised. The Centre is in regular talks with states to remove any remaining hurdles in the digitisation efforts, the official said. Records are not available in most parts of the north-eastern states due to the community ownership of land. Records started the digitisation of land records a couple of years ago and will need some more time to wrap up the process, the official said. Land reforms are among the most critical measures that the government is planning to initiate to bolster the market and drive rural economic expansion. Senior finance ministry officials have already stated that land reforms would be undertaken with a focus on transparency in such record management systems. The central government fully funds this programme, which is implemented with the help of states.

## Modernising Mode Digital India Land Records Modernization Programme was launched in 2016

**FULLY FUNDED BY CENTRAL GOVERNMENT**  
₹875 crore approved by FinMin for five-year period through FY26

**PART OF AGENDA**  
Computerisation of revenue courts; their integration with land records; and Aachhar linking of records.

## Cabinet OkRs ₹8kr for Arunachal Hydro Unit

**Our Bureau**  
New Delhi: The Cabinet Committee on Economic Affairs on Tuesday approved investment of ₹8,186.21 crore for the construction of Talo Hydro power project in Shi Yomi District of Arunachal Pradesh. The Centre will extend ₹64.79 crore as budgetary support for construction of roads, bridges and essential construction line under enabling infrastructure besides Central Financial Assistance of ₹48.13 crore towards equity share of the state. The project, which is four units of 175MW each is likely to be completed within 72 months of the start. It will produce 2,388 crore million units of energy which is likely to improve power supply in Arunachal Pradesh and will also help in balancing of the national grid, according to the government. The project will be implemented by a joint venture between North Eastern Electric Power Corporation Ltd. (NEEPCO) and Arunachal Pradesh. The state will get 12% free power and another 1% towards Local Area Development Fund besides significant infrastructure improvement and socio-economic development of the region.

## LS Clears Indian Ports Bill 2025

**Our Bureau**  
New Delhi: The Lok Sabha Tuesday gave its nod to Indian Ports Bill, 2025, which aims at integrated planning and strategic development of ports. "As cargo volumes increase, the development of port multimodal connectivity becomes essential to ensure seamless and cost-effective transportation," Union Ports, Shipping, and Waterways Minister, Sarbananda Sonowal, said. The Bill seeks to statutorily establish the Maritime State Development Council (MSDC) as a recommendatory body empowered to advise the Central and State Governments, State-level Dispute Resolution Committees are also being introduced to adjudicate certain port-related disputes at ports other than major ports.
