Sub.: APSEZL - Operational performance update

Dear Sir/Madam,

We would like to inform about operational performance of Adani Ports and Special Economic Zone Limited ("APSEZ") as under:

APSEZ records 35.8 MMT of cargo volumes in May'24

1. In May'24, APSEZ handled ~35.8 MMT of cargo volumes, which is almost flat YoY. Due to shutdown of the Gangavaram Port, APSEZ lost around 6 MMT of cargo volumes in April & May'24. However, with the operations now restarted, we are confident of recovering these lost volumes in the coming months.
2. Our flagship port Mundra recorded a key milestone of handling 17.6 MMT of cargo in May'24, which is the highest ever monthly volume at any of the Indian ports. The port also achieved another milestone of handling over 7 Lac TEUs in a month.
3. Despite the closure of Gangavaram port, during the initial two months of FY25, APSEZ handled 72 MMT of cargo, implying 5% YoY growth. This increase is primarily driven by containers (+11% YoY) and liquids & gas (+13%).

Kindly take the same on your record.

Thanking you,

Yours faithfully,

For Adani Ports and Special Economic Zone Limited
