Adani Transmission Ltd Results for Q1FY16

EDITOR'S SYNOPSIS

- Total Consolidated Income for Q1FY16 at Rs 469 crores
- EBIDTA for Q1FY16 at Rs 442 crores
- PAT for the quarter was Rs 30 crores
- The company got listed on 31st July, 2015 on National Stock Exchange (NSE) and Bombay Stock Exchange (BSE)

Ahmedabad, August 10 2015: Adani Transmission Ltd, part of the Adani Group, today announced its results for the first quarter ended June 30, 2015.

Financial Highlights:

The total Income for Q1FY16 stood at Rs 469 crore, EBIDTA stood at Rs 442 crore and consolidated PAT at Rs 30 crore. The figures for the previous quarter are not comparable as the company acquired the transmission business of ATIL and MEGPTCL with effect from March, 2015.

Adani Transmission Limited (ATL) on completion of the group restructuring and consolidation of Transmission Business holds 100% equity stake of Maharashtra Eastern Grid Power Transmission Company Limited (MEGPTCL) and Adani Transmission (India) Limited (ATIL). MEGPTCL has implemented 765 Kv Transmission system of about 1185 Ckt Kms from Tiroda to Aurangabad and ATIL have three fully operational transmission projects as given below:

- 400 kV DC transmission line of approximately 219 kms. from Tiroda to Warora
- 400 kV DC transmission line of approximately 434 kms. from Mundra to Dehgam
- 500 kV HVDC bipole Transmission Line of approximately 990 kms. from Mundra, Gujarat to Mohindergarh, Haryana

Speaking on the financial performance of the company **Mr Gautam Adani, Chairman Adani Group**, said, "Listing of Adani Transmission Limited on stock exchanges is a step towards unlocking shareholders' value. ATL has become one of the largest private sector Power transmission company in the country with the completion of consolidation of Power Transmission Business, it will enable ATL to participate in the various growth opportunities being witnessed in the Power Transmission sector".

Mr. Deepak Bhargava , Whole time director, Adani Transmission Limited, said, "Power Transmission in Adani Group started as a vertical of Adani Power Limited, for the purpose of evacuation of power from Power generating stations. The transmission vertical further expanded with the completion of the 765 Kv Transmission system of about 1185 Ckt Kms from Tiroda to Aurangabad and now ATL has emerged as country's largest private sector Power Transmission Company."

Business Highlights:

The company got listed on 31st July, 2015

Adani Transmission is today one of the largest private sector transmission companies in India with over 5,000 circuit kms of transmission lines across Western & Northern regions of India along with 12000 MVA Transformation Capacity.

About The Adani Group

The Adani Group is one of India's leading business houses with revenue of over \$10 billion.

Founded in 1988, Adani has grown to become a global integrated infrastructure player with businesses in key industry verticals - resources, logistics and energy. The integrated model is well adapted to the infrastructure challenges of the emerging economies.

The Group has also made significant inroads in the agri-infrastructure business by setting up grain storage silos and cold storage facilities, catering to storage of apples from Himachal Pradesh. We are a market leader in edible oil business with our Fortune brand of oil leading the pack.

We live in the same communities where we operate and take our responsibility towards the society very seriously. Through Adani Foundation, we ensure development and progress is sustainable and inclusive; not just for the people living in these areas, but the environment on the whole. At Adani, we believe in delivering benefits that transcend our immediate stakeholders.

Resources means obtaining Coal from mines and trading; in future it will also include oil and gas production.

Adani is developing and operating mines in India, Indonesia and Australia as well as importing and trading coal from many other countries. Currently, we are the largest coal importers in India. We also have extensive interests in oil and gas exploration. Our extractive capacity has increased three folds to 5 MMT in 2015 and we aim to extract 200 MMT per annum by 2020, thereby making Adani one of the largest mining groups in the world.

Logistics denotes a large network of Ports, Special Economic Zone (SEZ) and Multi-Modal Logistics - Railways and Ships.

Adani owns and operates seven ports and terminals – Mundra, Dahej, Kandla and Hazira in Gujarat, Dhamra in Orissa, Mormugao in Goa and Visakhapatnam in Andhra Pradesh, India. Mundra Port, which is the largest port in India, benefits from deep draft, first-class infrastructure and SEZ status. It crossed the 144 MMT mark of cargo handling in FY15. Adani is also developing terminal at Ennore in Tamil Nadu, India.

Energy involves Power generation & transmission and Gas distribution.

Adani is the largest private thermal power producer in India with an installed capacity of 10,480 MW. Our four power projects are spread out across the states of Gujarat, Maharashtra, Karnataka and Rajasthan.

We also provide a range of reliable and environment friendly energy solutions, in the form of CNG and PNG. In fact, the above-mentioned installed capacity also includes a 40 MW solar plant at Bitta, Gujarat.
