Media Release

Adani Ports commissions Tuna Tekra bulk terminal at Kandla in a record time of 24 months

Tuna Tekra terminal has a capacity of 20 million tonnes/year

Editor's Synopsis

- **Adani Ports commissions dry bulk terminal at Tuna Tekra, Kandla Port**
- **Adani Ports' Tuna Tekra dry bulk terminal has 20 mmtpa capacity**
- **Adani Ports now operates in four locations in Gujarat**
- **Adani Ports now operates seven port facilities across India**
- **Adani Ports is India's largest private sector port infrastructure operator**

Ahmedabad, February 09, 2015: Adani Ports & Special Economic Zone Ltd (APSEZ), India's largest port developer and part of Adani Group, a global integrated player, today said it had commissioned a bulk terminal at Tuna Tekra, Kandla Port, with an annual handling capacity of over 20 million tonnes, further consolidating its leadership one position on the west coast of India.

Mr Nitin Gadkari, the Honourable Minister for Shipping, Road Transport and Highways inaugurated the terminal after the berthing of the project's first vessel MV Sheng Ming earlier in the day.

"The Tuna Tekra terminal is yet another feather in the Adani cap. We expect the terminal to be a game-changer for Export Import trade of the Northwest hinterland of India, thanks to its strategic location. Add to it Adani Group's infrastructural prowess, speed of execution and operational efficiencies," said Mr Karan Adani, Executive Director, APSEZ.

"It is a proud moment for us at Adani as we commission the Tuna Tekra dry bulk terminal. The port facility is our fourth in Gujarat and fifth on the entire western coast. Its

commissioning marks the further consolidation of our leadership in the port infrastructure sector in India. This new facility will play a crucial role in the Make In India campaign. We are now aiming to complete the container terminal project in Chennai in a record time frame," said Mr. Sudipta Bhattacharya, CEO, APSEZ.

The consortium led by APSEZ, formed a SPV named Adani Kandla Bulk Terminal Pvt. Ltd (AKBTPL) after winning the contract in June 2012 to set up the bulk terminal. The terminal was completed within the stipulated time frame. The dry bulk cargo handling terminal facilities includes a T shaped jetty with four bulk berths, a vessel handling capacity of 1,00,000 DWT with (-) 16.2 m CD dredged depth and a capacity of 20 MMTPA.

The project is expected to benefit the states of Gujarat, Rajasthan, Haryana, Punjab and Madhya Pradesh amongst others. It is connected to the National Highway grid through NH-8A coming from Ahmedabad via Wankaner, Morbi and terminates at the Kandla Port.

APSEZ also operates ports in Mundra, Hazira and Dahej, in Gujarat, Dhamra in Odisha and operates specialized coal handling facilities in Mormugao in Goa, Visakhapatnam in Andhra Pradesh. It is currently setting up a container terminal in Tuticorin, Chennai.

About The Adani Group

The Adani Group is one of India's leading business houses with revenue of over \$9.4 billion.

Founded in 1988, Adani has grown to become a global integrated infrastructure player with businesses in key industry verticals - resources, logistics and energy. The integrated model is well adapted to the infrastructure challenges of the emerging economies.

The Group has also made significant inroads in the agri-infrastructure business by setting up grain storage silos and cold storage facilities, catering to storage of apples from Himachal Pradesh. We are a market leader in edible oil business with our Fortune brand of oil leading the pack.

We live in the communities where we operate and take our responsibility to society, seriously. Through Adani Foundation, we ensure development and progress is sustainable and inclusive; not just for the people living in these areas, but the environment on the

whole. At Adani, we believe in delivering benefits that transcend our immediate stakeholders.

Resources means obtaining coal from mines and trading; in future it will also include oil and gas production.

Adani is developing and operating mines in India, Indonesia and Australia as well as importing and trading coal from many other countries. Currently, we are the largest coal importers in India. We also have extensive interests in oil and gas exploration. Our extractive capacity has increased threefolds to 4 MMT in 2014 and we aim to extract 200 MMT per annum by 2020, thereby making Adani one of the largest mining groups in the world.

Logistics denotes a large network of ports, Special Economic Zone (SEZ) and multi-modal logistics - railways and ships.

Adani owns and operates six ports and terminals – Mundra, Dahej, Kandla and Hazira in Gujarat, Dhamra in Orissa, Murmugao in Goa and Visakhapatnam in Andhra Pradesh, India. Mundra Port, which is the largest port in India, benefits from deep draft, first-class infrastructure and SEZ status. It crossed the 100 MMT mark of cargo handling in FY14. Adani is also developing ports at Ennore in Tamil Nadu, India.

Energy involves power generation & transmission and gas distribution.

Adani is the largest private thermal power producer in India with an installed capacity of 9,280 MW. Our three power projects are spread out across the states of Gujarat, Maharashtra & Rajasthan.

We also provide a range of reliable and environment friendly energy solutions, in the form of CNG and PNG. In fact, the above-mentioned installed capacity also includes a 40 MW solar plant at Bitta, Gujarat.
