Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

Financial Data

Unless stated or the context requires otherwise, the financial information and financial ratios in this Draft Red Herring Prospectus are derived from our Restated Consolidated Financial Statements. For further information, see *"Restated Consolidated Financial Information*" on page no. 235.

Our Company's financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular *"financial year(s)" or "fiscal year(s)" or "fiscal(s)"*, unless stated otherwise, are to the 12-month period ended on March 31 of that year. Unless stated otherwise, or the context requires otherwise, all references to a "year" in this Draft Red Herring Prospectus are to a calendar year.

The Restated Consolidated Financial Information comprises the restated statement of assets and liabilities as for the Financial Years ended March 31, 2026, March 31, 2025 and March 31, 2024; the restated statement of profit and loss (including other comprehensive income); the restated statement of changes in equity; the restated statement of cash flow for the Financial Years ended March 31, 2026, March 31, 2025 and March 31, 2024, and the summary of significant accounting policies and other explanatory information prepared, in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, SEBI ICDR Regulations and the Guidance Note on "Reports in Company Prospectuses (Revised 2019)" issued by ICAI, as amended from time to time and included in "Restated Consolidated Financial Information" on page no. 235 The Restated Consolidated Financial Information has been compiled from audited Ind AS financial statements of our Company as at and for the Financial Years ended March 31, 2026, March 31, 2025 and March 31, 2024 prepared in accordance with Ind AS as prescribed under Section 133 of the Companies Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India.

There are significant differences between Ind AS, Indian GAAP, US GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or US GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company's financial data. The degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting policies and practices, the Companies Act, 2013, Ind AS and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. Further, any figures sourced from third-party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Any percentage amounts, as set forth in "*Risk Factors*", "*Our Business*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" on page no. 22, 160 and 278, respectively, and elsewhere in this Draft Red Herring Prospectus, unless otherwise stated or context requires otherwise, have been calculated on the basis of our Restated Consolidated Financial Statements.

Non-Generally Accepted Accounting Principles ("Non-GAAP") Financial Measures

Certain measures included in this Draft Red Herring Prospectus, for instance EBIT, EBITDA, EBIT Margin, EBITDA Margin, PAT Margin, Return on Capital Employed and Return on Equity (**"Non-GAAP measures"**), presented in this

Draft Red Herring Prospectus are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, IFRS or US GAAP. Furthermore, these non-GAAP measures, are not a measurement of our financial performance or liquidity under Indian GAAP, IFRS or US GAAP and should not be considered as an alternative to net profit/loss, revenue from operations or any other performance measures derived in accordance with Ind AS, IFRS or US GAAP or as an alternative to cash flow from operations or as a measure of our liquidity. We compute and disclose such non-Indian GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance.

In addition, non-GAAP measures used are not a standardised term, hence a direct comparison of non-GAAP measures between companies may not be possible. Other companies may calculate non-GAAP measures differently from us, limiting its usefulness as a comparative measure. See "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" on page no. 278.

For the risks relating to our non-GAAP measures, see "*Risk Factors – **Error! Reference source not found.**. We have included certain non-GAAP financial measures and operational metrics in this Draft Red Herring Prospectus, which are not defined under Ind AS and may not be comparable with similarly titled measures presented by other companies*." on page 42

Industry and Market Data

Unless stated otherwise, information pertaining to the industry in which our Company operates in and market data used in this Draft Red Herring Prospectus has been obtained or derived from the report titled "Research Report on Residential Real Estate Sector in India" dated September 28, 2026 (the "CareEdge Research Report") prepared and issued by CARE Analytics and Advisory Private Limited ("CareEdge Research") and publicly available information as well as other industry publications and sources. CareEdge Research is an independent agency which has no relationship with our Company, our Subsidiaries, our Promoters, any of our Directors, Key Managerial Personnel, Senior Management or the Book Running Lead Manager. The CareEdge Research Report has been commissioned by and paid for by our Company pursuant to an engagement letter with CareEdge Research dated November 18, 2025, exclusively for the purposes of confirming our understanding of the industry in which our Company operates, in connection with the issue. The CareEdge Research Report is available on the website of our Company at www.sanghvirealty.com from the date of the Draft Red Herring Prospectus until the Bid/Issue Closing Date. CareEdge Research has, through its letter dated September 28, 2026, accorded its consent to use the CareEdge Research Report in this Draft Red Herring Prospectus.

The data used in these sources may have been reclassified by us for the purposes of presentation and may also not be comparable. Industry sources and publications may also base their information on estimates and assumptions that may prove to be incorrect. The extent to which the industry and market data presented in this Draft Red Herring Prospectus is meaningful and depends upon the reader's familiarity with, and understanding of, the methodologies used in compiling such information. There are no standard data gathering methodologies in the industry in which our Company conducts business and methodologies and assumptions may vary widely among different market and industry sources. Such information involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in *"Risk Factors – 64. Industry information included in this Draft Red Herring Prospectus has been derived from an industry report prepared by CareEdge Research exclusively commissioned and paid for by us for such purpose."* on page 48.

In accordance with the SEBI ICDR Regulations, the section "*Basis for Issue Price*" on page 107, includes information relating to our listed peer. Such information has been derived from publicly available sources and accordingly, no investment decision should be made solely on the basis of such information.

Currency and Units of Presentation

All references to "**Rupees**" or "**₹**" or "**Rs.**" or "**INR**" are to Indian Rupees, the official currency of the Republic of India.

All references to "**U.S.$**", "**U.S. Dollar**", "**USD**" or "**U.S. Dollars**" are to United States Dollars, the official currency of the United States of America.

In this Draft Red Herring Prospectus, our Company has presented certain numerical information. All figures have been expressed in lakhs. Ten lakhs represent one million or 1,000,000, one hundred crore represents one billion, and one lakh crore represents one trillion. However, where any figures that may have been sourced from third-party industry sources are expressed in denominations other than lakhs, such figures appear in this Draft Red Herring Prospectus expressed in such denominations as provided in their respective sources.

FORWARD-LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain statements which are not statements of historical fact and may be described as "forward-looking statements". These forward-looking statements generally can be identified by words or phrases such as "aim", "anticipate", "are likely", "believe", "continue", "can", "could", "expect", "estimate", "intend", "may", "likely", "objective", "plan", "propose", "will continue", "seek to", "will achieve", "will likely", "will pursue" or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Draft Red Herring Prospectus that are not historical facts. However, these are not the exclusive means of identifying forward-looking statements. These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements.

This could be due to risks or uncertainties associated with expectations relating to, and including, regulatory changes pertaining to the industry in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, changes in the incidence of any natural calamities and/ or violence, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our expectations include such factors as stated in *"Risk Factors"* on page 22

For a further discussion of factors that could cause our actual results to differ, see *"Risk Factors"*, *"Our Business"* and *"Management's Discussion and Analysis of Financial Condition and Results of Operations"* on pages 22 , 160 and 278 respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could be materially different from those that have been estimated.

There can be no assurance to Bidders that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, bidders are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward looking statements reflect current views on the date of this Draft Red Herring Prospectus are not a guarantee of future performance. These statements are based on our management's beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Promoter, our Directors, the BRLM, the Syndicate Members nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI ICDR Regulations, our Company and the BRLM will ensure that the Bidder in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchanges for the Equity shares pursuant to the Issue.

SECTION II-RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below before making an investment in the Equity Shares.

We have described the risks and uncertainties that our management believes are material, but these risks and uncertainties may not be the only risks relevant to us, the Equity Shares, or the real estate development industry in which we currently operate. Unless specified or quantified in the relevant risk factor below, we are not in a position to quantify the financial or other implications of any of the risks mentioned in this section. If any or a combination of the following risks actually occur, or if any of the risks that are currently not known or deemed to be not relevant or material now actually occur or become material in the future, our business, cash flows, prospects, financial condition and results of operations could suffer, the trading price of the Equity Shares could decline, and you may lose all or part of your investment. For more details on our business and operations, see "Our Business", "Industry Overview", "Key Regulations and Policies", "Restated Consolidated Financial Information" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on page no. 160, 121,187, 235 and 278, respectively, as well as other financial information included elsewhere in this Draft Red Herring Prospectus. In making an investment decision, you must rely on your own examination of us and the terms of the Issue, including the merits and risks involved, and you should consult your tax, financial and legal advisors about the particular consequences of investing in the Issue. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment which may differ in certain respects from that of other countries.

This Draft Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including but not limited to the considerations described below. For details, see "Forward-Looking Statements" on page 21.

Unless the context otherwise requires, in this section, references to "we", "us" and "our" refer to our Company and its Subsidiaries and Associates on a consolidated basis, while "our Company" or "the Company" refers to our Company on a standalone basis. Our financial or fiscal year ends on March 31 of each calendar year. Accordingly, references to a "Fiscal" or "fiscal year" are to the 12-month period ended March 31 of the relevant year. Unless otherwise stated or the context otherwise requires, the consolidated financial information included in this section is based on our Restated Consolidated Financial Information included in this Draft Red Herring Prospectus. For further information, see "Restated Consolidated Financial Information" on page 235.

We have also included various operational and financial performance indicators in this Draft Red Herring Prospectus, some of which have not been derived from our Restated Consolidated Financial Information. The manner of calculation and presentation of some of the operational and financial performance indicators, and the assumptions and estimates used in such calculation, may vary from those used by other companies in India and other jurisdictions.

Unless otherwise indicated, industry and market data used in this section have been derived from the industry report titled "Research Report on Residential Real Estate Sector in India" dated September 28, 2026 (the "CareEdge Research Report") prepared and issued by CARE Analytics and Advisory Private Limited ("CareEdge Research"), appointed by us on November 18, 2025 and exclusively commissioned and paid for by us to enable the investors to understand the industry in which we operate in connection with the Issue. The data included herein include excerpts from the CareEdge Research Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Issue) that have been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the CareEdge Research Report and included herein with respect to any particular year refers to such information for the relevant calendar year. A copy of the CareEdge Research Report is available on the website of our Company at www.sanghvirealty.com.

Internal Risks

1. ***Our real estate development activities are geographically concentrated in the Mumbai Metropolitan Region ("MMR") and Thane district, exposing us to risks arising from economic and regulatory changes and natural disasters in these regions. Varying market conditions in the MMR and Thane district may affect our ability to ensure the sale of our projects and the pricing of units in such projects, which may adversely affect our results of operations and financial condition***.

   Our real estate development activities are primarily focused in and around Mumbai City (South-Central Mumbai) and Mumbai Suburban (Western & Central Suburbs of Mumbai) districts in the MMR, and Thane district, Maharashtra.

Our business, financial condition and results of operations have been and will continue to be heavily dependent on the performance of, and the prevailing conditions affecting, the real estate markets in the MMR and Thane district. The real estate markets in these regions may be affected by various factors outside our control, including prevailing local and economic conditions, changes in the supply and demand for properties comparable to those we develop, changes in the applicable governmental regulations, demographic trends, employment and income levels and interest rates, among other factors. These factors may contribute to fluctuations in real estate prices and the availability of land in the MMR and Thane district and may adversely affect our business, financial condition and results of operations. These factors can also negatively affect the demand for and valuation of our Ongoing Projects and Upcoming Projects.

The table below sets forth details of our Completed Projects, Ongoing Projects and Upcoming Projects in the MMR and Thane district as of the date of this DRHP:

(Area in sq. ft.)

Region	Completed Projects			Ongoing Projects			Upcoming Projects		
	Total Developable Area	Total Saleable Area	No. of Projects	Estimated Total Developable Area	Estimated Total Saleable Area	No. of Projects	Estimated Total Developable Area	Estimated Total Saleable Area	No. of Projects

(3) *Thane District: Comprises Thane City and Vasind.*

2. Our current business model is primarily focused on redevelopment projects; our bids may not always be accepted for society redevelopment projects. We may not be able to qualify for, compete for and win redevelopment projects, which could adversely affect our business and results of operations.

As of the date of this Draft Red Herring Prospectus, nine (9) of our Ongoing Projects and fourteen (14) of our Upcoming Projects are redevelopment projects. We intend to participate in the bidding process for the tenders issued by such societies for redevelopment projects under the provisions of the Maharashtra Co-operative Societies Act, 1960. Redevelopment projects are awarded following competitive bidding processes and satisfaction of prescribed qualification criteria as set out by the society. While service quality and performance, health and safety records and personnel, reputation and experience, and sufficiency of financial resources are important considerations in a society's decision, there can be no assurance that we would be able to meet such qualification criteria, particularly for such redevelopment projects. We cannot assure you that our bids for such redevelopment projects, when submitted, would be accepted. In addition, such societies conducting tender processes may change qualification criteria, leading to unexpected delays and uncertainties. We may not be successful in these bids and may lose out on such housing society redevelopment projects. There can be no assurance that redevelopment projects for which we bid will be tendered within a reasonable time, or at all. We will be required to compete with other developers for housing society redevelopment projects where tenders are issued by co-operative societies seeking bids from developers. In the event that redevelopment projects which we plan to bid for are not put up for tender within the announced timeframe, or qualification criteria are modified such that we are unable to qualify, our business, prospects, financial condition, cash flows and results of operations could be materially and adversely affected.

3. Our redevelopment projects have long gestation periods and any delays and cost overruns could adversely affect our prospects, business and results of operations.

Redevelopment projects are, by their very nature, different from the development of new projects, and pose unique challenges. Prior to commencing the redevelopment of existing structures, we enter into development agreements with entities that have an interest in the existing structures, which detail the inter-se rights, liabilities and obligations of the parties. However, since redevelopment projects involve multiple entities, these projects generally tend to have long gestation periods, and delays and cost overruns are not uncommon. Further, due to the involvement of multiple entities,

we are required to engage with entities that could have potentially conflicting interests, and dissatisfaction with either completion timelines or other aspects of the redevelopment could result in such entities ceasing to cooperate with us, raising objections and/or engaging in litigation which would affect our ability to complete the project within the anticipated timelines or at all, and would adversely impact our business and financial condition. Any delays, cost overruns or litigation could adversely affect our business and financial condition.

Redevelopment projects require the consent of the members of the co-operative housing society in accordance with the applicable regulations, and individual agreements with each existing member or occupant. Until the permanent alternate accommodation is handed over, we are required to pay existing members rent for alternate accommodation and, in certain cases, hardship compensation, shifting charges and corpus, in accordance with our agreements with them. These payments begin at the start of the project, often before we realise any sale proceeds, and continue for the duration of construction, so that any delay in completion increases our costs. The balance compensation payable to members towards alternate accommodation for our Ongoing Projects Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire is ₹ 1,754.53 lakhs, as certified by the Independent Chartered Engineer.

Further, one or more existing members or occupants may refuse to vacate their premises, withhold their consent, or raise disputes in relation to the area, specifications or location of the permanent alternate accommodation or the amounts payable to them. Obtaining vacant possession of the entire property is a pre-condition to demolition and construction, and any such refusal or dispute may require us to initiate legal proceedings, and may delay the project or increase our costs.

4. ***Inability to complete our Ongoing Projects by their respective RERA completion dates, or our Upcoming Projects within the anticipated timelines, or at all, could have a material adverse effect on our business, results of operations and financial condition.***

As on the date of this Draft Red Herring Prospectus, our 10 Ongoing Projects have an aggregate total estimated developable area of 928,880 square feet, and our 15 Upcoming Projects have an aggregate total estimated developable area of 4,015,000 square feet. Our Ongoing Projects and Upcoming Projects may be subject to significant changes and modifications from our currently estimated management plans and timelines due to factors beyond our control. Our ability to complete projects within the estimated timeframes, or at all, is subject to various risks and unforeseen events, including defects or challenges to land titles, or clearing encroachments, expiration or non-renewal of development agreements, changes in applicable laws and regulations, and failure or delay in securing or revising necessary statutory or regulatory approvals and permits. In addition, constraints in the availability of financing on commercially viable terms, legal proceedings initiated by third parties or regulatory authorities, natural disasters, adverse weather conditions, geopolitical events, pandemics, supply chain disruptions affecting the availability and transportation of construction materials, and fluctuations in market demand may adversely affect the development, completion, sale and pricing of our projects, which could have a material adverse effect on our business, results of operations, cash flows and financial condition.

In addition, the agreements we enter into with customers for our Ongoing Projects and Upcoming Projects may require us to pay interest or penalties under the Real Estate (Regulation and Development) Act, 2016 ("RERA") and the rules framed thereunder in the event of any delay in the completion of the construction and development of such projects within the specified timelines, or in the event of cancellation of any of these projects. Accordingly, any such delay or cancellation resulting in payments by us may have an adverse effect on our business, financial condition and results of operations. Further, any delays in completing our projects as scheduled could result in dissatisfaction among our customers, negative publicity, litigation and lack of confidence among future buyers for our projects. Additionally, we may not be able to achieve the economic benefits expected from such projects. In the event there are any delays in the completion of such projects, our relevant approvals may expire or be revoked.

We have not faced any instance of delay in the completion and handover of our projects in the preceding three Fiscals, and we have completed all our projects before their respective RERA completion dates. As on the date of this Draft Red Herring Prospectus, no penalty has been paid by us and no fine has been levied on us under RERA.

The following table sets forth the RERA completion dates of our Ongoing Projects as on the date of this Draft Red Herring Prospectus:

Sr. No.	Project name	Location	Type of Project	% of completion [(1)]	RERA Completion Date
1	Sanghvi Nesta (Phase 2) [(2)]	Thane	Greenfield	98.66%	December 31, 2026

Notes:

(1) The percentage of completion set out above is as on March 31, 2026.

(2) Part of a larger project

(3) The project has received its commencement certificate but has not been registered under the Real Estate (Regulation and Development) Act, 2016 as on the date of this Draft Red Herring Prospectus.

For further information on our Ongoing Projects and Upcoming Projects, see "*Our Business*" on page160.

Further, in case of a layout development, under the applicable provisions of Real Estate (Regulation and Development) Act, 2016 ("**RERA")**, the developer is required to execute a conveyance in respect of the said land within three months from the date of receipt of the occupancy certificate of the last wing or building in that layout or within three months from the date of formation of the apex body or federation or holding company. In the event we fail to convey title to the land and building for our projects to the co-operative housing society within the time prescribed under the Maharashtra Ownership Flats (Regulation of the Promotion of Construction, Sale, Management and Transfer) Act, 1963 (**"MoFA**") and/or RERA, as may be applicable, the co-operative housing society can make an application to the competent authority seeking an order for the execution of a deemed conveyance unilaterally in its favour and also have such conveyance registered in the manner set out under MoFA/RERA. Further, such co-operative housing society may also initiate litigation against us.

5. Our revenue from operations is significantly dependent on our ability to sell our units in a timely manner. As of March 31, 2026, we had a total of 56 unsold units in our Completed Projects and 434 unsold units in our Ongoing Projects. If we are not able to sell our project inventory in a timely manner, it may adversely affect our business, results of operations and financial condition*.*

Our 6 Completed Projects have a saleable area of 198,169 square feet and 10 Ongoing Projects have an estimated saleable area of 329,036 square feet.

The table below sets out details of unsold units for our Completed Projects and Ongoing Projects as on March 31, 2026:

(2) Sanghvi Palazzo received OC on April 27, 2026

If we are not able to sell our project inventory in a timely manner, it may adversely affect our business, results of operations and financial condition.

6. ***We undertake a majority of our projects through our Subsidiaries and Associates, and a significant portion of our revenue and profits is derived from our Subsidiaries and Associates. These entities are under no obligation to distribute their profits to us and our Company may not receive expected return on its investments in them***.

We undertake a majority of our projects through our Subsidiaries and Associates, and we currently record a majority of our sales through our Subsidiaries and a share of profits from Associates, which are included in our consolidated profit. For further details of our Ongoing Projects and Upcoming Projects, please see *"Our Business"* on page 160.

However, our Subsidiaries and Associates are separate and distinct legal entities having no obligation to distribute their profits to us. A majority of them are limited liability partnerships or partnership firms which have no share capital and cannot declare a dividend; any return to us from these entities takes the form of a share of profits credited under the relevant LLP agreement or partnership deed, the distribution of which requires the consent of the other partners. In the case of our Associates, we do not exercise absolute control, and our ability to procure a distribution depends on the decisions of the other partners or shareholders, whose interests may differ from ours.

Our Material Subsidiaries have contributed substantially to our revenue and Profit after Tax during the Fiscal 2026, 2025 and 2024 and set forth are the details regarding the Material Subsidiaries and revenue and profit after tax of record all our Subsidiaries for the periods indicated:

As we recognise revenue as our projects progress and units are sold, a limited number of projects account for a significant portion of our revenue in any Fiscal. Any delay in the construction or sale of units in these projects, any decline in demand for them, or any dispute or regulatory action affecting them, may cause our revenue to fluctuate significantly and may adversely affect our business, results of operations and financial condition.

We cannot assure you that our Subsidiaries and Associates will generate sufficient profits and cash flows, or otherwise be able to distribute profits to us in the future, which may impact the standalone business, results of operations and financial condition of our Company.

7. ***We have incurred substantial indebtness in the past as per the requirements of our operations, and any inability to effectively manage our indebtedness may adversely affect our business, financial condition, results of operations and cash flows***.

As of March 31, 2026, our debt–equity ratio stood at 1.61, as compared to 2.30 as of March 31, 2025 and 3.75 as of March 31, 2024, which indicates a relatively high level of leverage. Although the ratio has improved during the period under review, our Company continues to maintain a significant level of indebtedness. A high level of borrowings exposes our Company to various risks, including higher interest and finance costs, increased repayment and servicing obligations, and restrictions that may be imposed under financing arrangements.

Our borrowings are secured by a combination of collateral arrangements, including mortgage on the development rights in, and the developers' share of unsold units of the projects financed, mortgage on commercial properties of the Company, hypothecation on the present and future trade receivables from the sold and unsold units in the projects financed, hypothecation of vehicles purchased out of the loan proceeds. Certain facilities are additionally backed by guarantees provided by the promoter director.

Further, our ability to service our debt obligations depends substantially on our future operating performance and cash flows. Any deterioration in our operating performance, delays in realisation of receivables, increase in working capital requirements, or any adverse developments in the markets in which we operate may impact our ability to generate sufficient cash flows to meet our debt servicing obligations. In addition, any increase in prevailing interest rates or tightening of credit conditions may increase our borrowing costs or restrict our ability to obtain additional financing on favourable terms.

If we are unable to effectively manage our indebtedness, refinance our borrowings when required, or generate adequate cash flows from operations to meet our debt servicing obligations, it may have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our term loans, loans against property and construction finance carry floating rates of interest linked to the lenders' benchmark rates, including the repo rate, which are subject to periodic reset. Accordingly, the interest payable by us may increase during the tenor of such borrowings if there is an increase in the applicable benchmark rates or if the lenders

revise the applicable spreads or interest rates. Any increase in interest rates may result in higher finance costs and may increase the cost of funding our ongoing and future projects.

Our ability to generate sufficient cash flows from our operations and projects to meet our interest and principal repayment obligations may be affected by an increase in interest costs. Higher finance costs may also affect the cash flows available for construction and development activities, acquisition of development rights and land, and other business requirements. Further, if interest rates remain elevated for a prolonged period, our borrowing costs may remain higher for an extended period, which could adversely affect our profitability, cash flows and financial condition.

Any significant increase in interest rates may therefore increase our finance costs, reduce our profit and cash flows, and adversely affect our business, results of operations and financial condition.

8. ***As on March 31, 2026, the total unsecured loans stood at ₹ 5,391.92 lakhs which is 46.79% of the total loans availed by our Company on a consolidated basis. The unsecured loans taken by our Company may be recalled by the respective lenders at any time.***

We have availed unsecured loans from related parties and other parties. As at March 31, 2026, our unsecured borrowings aggregated to ₹ 5,391.92 lakhs, representing 46.79% of our total borrowings of ₹ 11,524.75 lakhs, and comprised non-current unsecured loans from other parties of ₹ 2,606.64 lakhs, current unsecured loans from related parties of ₹ 1.93 lakhs and current unsecured loans from other parties of ₹ 2,783.35 lakhs.

If any of our lenders were to recall these loans at short notice, we may be required to repay them out of our internal accruals or arrange alternative financing, which may not be available on acceptable terms or at all, and which could adversely affect our liquidity, the execution of our projects, and our business, financial condition, results of operations and cash flows.

Any failure to service such indebtedness, or otherwise perform any obligations under such financing agreements, may lead to a termination of one or more of our credit facilities or incur penalties and acceleration of payments under such credit facilities, which may adversely affect our Company. For further information with respect to the unsecured loans availed by us, see *"Restated Consolidated Financial Information - Note 14 - Non-Current Borrowing"* and *"Note 17 - Current Borrowing"*, *"Financial Indebtedness"* and *"Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Indebtedness"* on page no. 235, 307 and 278, respectively.

9. We have experienced negative cash flows from operating activities in Fiscal 2026 , 2025 and Fiscal 2024, and may continue to do so in the future as our projects require significant expenditure ahead of the receipt of sale proceeds, which could adversely affect our liquidity, financial condition and results of operations.

We have experienced negative operating cash flows in the recent past. The following table sets forth our cash flows for Fiscal 2026, Fiscal 2025 and Fiscal 2024:

(₹ in lakhs)

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Operating Profit/(Loss) before working capital changes	3,135.40	2,853.71	1,295.41
Cash generated from/(used in) Operating Activities	(2,602.20)	(1,927.49)	(188.65)
Net cash generated from/(used in) Operating Activities (A)	(3,726.06)	(2,443.37)	(315.95)
Net cash generated from/(used in) Investing Activities (B)	1,652.77	159.19	(579.92)
Net cash generated from/(used in) Financing Activities (C)	1,996.11	2,571.27	1,206.35
Net Increase / (Decrease) in cash & cash Equivalents (A+B+C)	**(77.18)**	**287.09**	**310.48**

Any negative cash flows in the future could adversely affect our results of operations and financial condition. For further details, see "*Management's Discussion and Analysis of Financial Condition and Results of Operations – Cash Flows*" on page 278.

10. A significant portion of our borrowings is secured by collateral over our assets, and any enforcement of such security may adversely affect our business, cash flows, financial condition and results of operations.

A significant portion of our borrowings is secured by way of charge over our assets, including project land, development rights, unsold units, future FSI/TDR and project receivables. As per our Restated Consolidated Financial Information, our total borrowings (including current and non-current borrowings) amounted to ₹ 11,524.75 lakhs as of March 31, 2026, of which secured borrowings aggregated to ₹ 6,132.83 lakhs, representing approximately 53.21%, of our total borrowings.

Our borrowings are secured by a combination of collateral arrangements, including mortgage on development rights in, and the developers' share of unsold units of the projects financed, mortgage on commercial properties of the Company,

hypothecation on the present and future trade receivables, from the sold and unsold units in the projects financed, hypothecation of vehicles purchased out of the loan proceeds. Certain facilities are additionally backed by guarantees provided by promoter directors.

In the event of any default in servicing our debt obligations, our lenders may enforce their security interests over the collateral provided which are critical to our operations and cash flow generation. Any such enforcement may adversely impact our Ongoing Projects, restrict our ability to generate revenues and affect our overall business operations. Any failure to meet our obligations under such secured financing arrangements or any adverse impact on the value or realisability of the underlying collateral may have a material adverse effect on our business, cash flows, financial condition and results of operations.

11. Our financing arrangements contain restrictive covenants, and any non-compliance may adversely affect our business, financial condition and results of operations.

Our financing documentation contains certain restrictive covenants that limit our ability to undertake certain types of actions, any of which could adversely affect our business and financial condition. Our Company is required to obtain prior approval from, and provide prior information to, our lenders for, among other things, a change in control of our Company and a change in its capital structure. We have obtained the necessary consents required under the relevant financing documentation for undertaking the activities in relation to the Issue. Any failure in the future to satisfactorily comply with any condition or covenant under our financing agreements (including technical defaults) may lead to termination of one or more of our credit facilities, immediate repayment of our credit facilities or the disclosure of our name as a defaulter, any of which may adversely affect our business, financial condition and results of operations. Although we have not defaulted on our financial obligations and have been in compliance with covenants in the past, we cannot assure you that we will be able to comply with all such financial obligations and covenants in the future. Further, we have granted security interests over certain of our assets, including mortgages over certain of our properties and projects, and hypothecation of project receivables and vehicles, in order to secure our borrowings, and any failure to satisfy our obligations under such borrowings could lead to the forced sale and seizure of such assets, which may adversely affect our business, financial condition and results of operations.

12. Our Company is a co-borrower on, or has provided guarantees for, certain borrowings availed by our Subsidiaries and Associate, and any default by such borrowers may require us to repay these borrowings.

Our Company is a co-borrower on, or has provided guarantees for, certain borrowings availed by our Subsidiaries and Associate. Accordingly, our Company is exposed to financial obligations arising from such borrowings, notwithstanding that the funds may have been utilised by the respective borrowers for their business operations, project development or other financing requirements. In the event that any of these borrowers fail to meet their repayment obligations, including the payment of principal, interest or other amounts due under the respective financing arrangements, our Company may be required to discharge such obligations in accordance with the terms of the relevant loan agreements or guarantees.

The ability of our Subsidiaries and Associate to service their borrowings is dependent on several factors, including their financial performance, availability of cash flows, timely completion of projects, realisation of revenue and prevailing market conditions. Any delays in project execution, cost overruns, lower-than-anticipated sales or other adverse developments may affect their ability to meet their repayment obligations. Further, depending on the terms of the relevant financing arrangements, lenders may be entitled to initiate recovery proceedings against our Company in its capacity as a co-borrower or guarantor, without first exhausting their remedies against the respective borrowers.

In the event that our Company is required to repay any such borrowings or discharge its obligations under the guarantees, we may have to utilise our existing cash reserves, divert funds otherwise intended for our ongoing and future projects or arrange additional financing to meet such obligations. This may increase our financial liabilities, affect our liquidity and limit our ability to fund our business operations, acquire additional development rights or undertake new projects. Further, any amounts paid by our Company on behalf of such borrowers may not be recoverable in full or in a timely manner, particularly if the respective borrowers are experiencing financial difficulties.

We cannot assure you that our Subsidiaries and Associate will be able to meet all their repayment obligations as and when they become due, or that our Company will not be required to make payments pursuant to its obligations as a co-borrower or guarantor. Any invocation of such guarantees, enforcement of our co-borrower obligations or inability to recover amounts paid on behalf of such borrowers may adversely affect our business, cash flows, results of operations and financial condition.

13. We are exposed to liquidity risk, which may adversely affect our business, cash flows, financial condition and results of operations.

We are exposed to liquidity risk, which is the risk that we may not be able to meet our financial obligations as they become due. Our ability to maintain adequate liquidity depends on the timely generation of cash flows from operations, efficient working capital management, and continued access to external funding, including term loans, loans against property, construction finance and vehicle loans.

As per our Restated Consolidated Financial Information, a significant portion of our financial liabilities is concentrated in the short term. Our financial liabilities with contractual cash flows falling due within one year comprised current borrowings of ₹ 2,825.06 lakhs, ₹ 3,486.73 lakhs and ₹ 4,064.11 lakhs, and trade payables of ₹ 369.76 lakhs, ₹ 415.82 lakhs and ₹ 275.55 lakhs, as at March 31, 2026, March 31, 2025 and March 31, 2024, respectively.

Given this concentration of near-term obligations, any delays in realisation of receivables, slowdown in business operations, or adverse market conditions may result in cash flow mismatches and impact our ability to meet such obligations in a timely manner. While we actively monitor our liquidity position and funding options, there can be no assurance that sufficient liquidity will be available under all circumstances or that additional financing will be accessible on acceptable terms.

Any inability to effectively manage our liquidity position may lead to delays in payments, adversely impact our relationships with creditors and financial institutions, and may have a material adverse effect on our business, cash flows, financial condition and results of operations.

14. We are required to obtain statutory and regulatory approvals, licenses or permits at various stages in the development of our projects. We may not be able to fully develop our Ongoing Projects and Upcoming Projects as presently contemplated. If we fail to obtain, maintain or renew our statutory and regulatory approvals or permits, our business, results of operations, financial condition, and cash flows could be adversely affected.

We (and in certain cases, the third parties developing the relevant project pursuant to arrangements with us) are required to obtain statutory and regulatory approvals, licenses or permits at various stages in the development of our projects, including requisite change of land use approvals, environmental approvals, fire safety clearances, no objection certificates for height clearance, and commencement, completion and occupation certificates from the relevant governmental authorities. We may need some additional approvals to complete our Ongoing Projects and may be required to renew our existing approvals from time to time. Further, some of our Upcoming Projects are in the preliminary stages of planning and development and we are yet to apply for certain approvals in order to commence the development of such projects. We may encounter problems in obtaining the requisite approvals or licenses, may experience delays in fulfilling the conditions precedent to any required approvals and we may take time to adapt ourselves to new laws, regulations or policies that may come into effect from time to time with respect to the construction and development sector. There can be no assurance that we will receive such approvals or renewals in the time frames anticipated by us, or at all. There may also be unanticipated delays by the relevant regulatory bodies in reviewing our applications and granting approvals. We may also encounter difficulties in fulfilling the conditions precedent and conditions subsequent for such approvals (including for any approvals that we may require in the future), some of which may be onerous and may require us to incur unanticipated expenditure. Further, delays or onerous conditions could impact the overall viability of the project, potentially rendering it unfeasible. Additionally, delays caused by the extended approval process may affect project timelines, resulting in longer completion periods and potentially lower returns on investment than originally anticipated. Furthermore, project costs may increase, requiring additional funding or borrowing, which would depend on the availability of funds and could impact the financial condition of our Company. We have not experienced any instance of failure to obtain or renew required approvals and permits that materially affected our business, results of operations or financial condition in Fiscal 2026, Fiscal 2025 and Fiscal 2024. However, if we fail to do so in the future, in a timely manner or at all, our business, results of operations, financial condition, or cash flows could be adversely affected. Also see "*Government and Other Approvals*" on page 323.

We may also incur increased costs, be subject to penalties, or have our approvals and permits revoked for non-compliance with the applicable laws and conditions attached to our approvals and permissions. The penalties for non-compliance can be severe, including the imposition of fines. For details of litigation and government actions against us in relation to such approvals and permissions, please see "*Outstanding Litigation and Material Developments*" on page 315. Any such occurrence in the future would adversely affect our business, results of operations and financial condition.

Further, we may not receive the expected benefits of the development rights or the relevant land, and we may not be able to develop the estimated developable area as a result of a lack of knowledge of, or any misinterpretation with respect to, existing or proposed regulations and policies or changes in the existing applicable laws and regulations. For more details, please see "*Outstanding Litigation and Material Developments*" on page 315. If any of the foregoing risks materialise, we may not be able to complete our projects or develop our Ongoing Projects and Upcoming Projects in the manner we currently contemplate, which could have a material adverse effect on our business, results of operations and financial condition.

15. ***Certain of our Ongoing Projects and Upcoming Projects require approvals, permits and the fulfilment of specific conditions precedent. Any delay in obtaining the required approvals, or failure to obtain them altogether, may adversely affect our business, cash flows, results of operations and reputation.***

As of the date of this Draft Red Herring Prospectus, we had 10 Ongoing Projects and 15 Upcoming Projects. For the successful execution of these projects, we are required to obtain various statutory and regulatory approvals, permits and licences from relevant governmental authorities. Applications for such approvals are required to be submitted at different stages of project development.
These approvals include, among others, approvals of building and layout plans, no-objection certificates for high-rise construction, environmental clearances and fire safety approvals. In projects involving redevelopment of existing properties, we may also be required to obtain approvals and permissions relating to demolition of existing structures, commencement of construction, rehabilitation of existing occupants and other project-specific requirements. Additionally, where the land is designated for purposes other than real estate development, we are required to obtain a certificate for change of land use before commencing development activities.

Any delay in obtaining the required approvals, or failure to obtain them altogether, may result in delays in the execution of our projects. Such delays could adversely affect our growth strategy and may have a material adverse effect on our business, results of operations and future prospects. For further information, see "*Government and Other Statutory Approvals*" on page 323

16. ***Some of our projects are in preliminary stages and require various approvals and permits. Any delay or failure in obtaining these approvals may delay our projects or affect the development of our Land Reserves, which could adversely impact our growth strategy, results of operations, and prospects.***

As of the date of this Draft Red Herring Prospectus, we had 10 Ongoing Projects and 15 Upcoming Projects. Our building plans in relation to some of the Upcoming Projects are yet to be finalised and approved. Further, we may need some additional approvals to complete our Ongoing Projects. To successfully execute each of these projects, we are required to obtain statutory and regulatory approvals and permits, and applications need to be made at appropriate stages of the projects with various government authorities. For example, we are required to obtain the approval of building plans and layout plans, no-objection certificates for construction of high-rise projects, environmental consents and fire safety clearances, as and where applicable. We are also required to obtain certain labour-related approvals and registrations, and may be required to renew certain of our existing approvals. We cannot assure you that the relevant authorities will issue any such approvals or renewals in the anticipated time frames or at all. Consequently, we cannot assure you that we will be able to monetise land which we acquire in a timely manner, or at all. Any delay or failure to obtain the required approvals or renewals in accordance with our plans may adversely affect our ability to implement our Ongoing Projects and Upcoming Projects and may adversely affect our business and prospects.

17. *Our redevelopment projects require compliance with the provisions of various legislations, including the Development Control and Promotion Regulations for Greater Mumbai, 2034 ("DCPR") and the Maharashtra Regional and Town Planning Act, 1966 ("MRTP Act"). Such compliance, inter alia, involves obtaining approvals from the SRA, MHADA or MCGM, as the case may be, and constructing the rehabilitation and saleable components.*

As of the date of this Draft Red Herring Prospectus, in our 5 Completed Redevelopment Projects, we have allotted 298 units, free of cost, to the existing members of the respective co-operative housing societies. Subject to the conditions prescribed under the DCPR and the MRTP Act, additional FSI may be sanctioned by the regulatory authorities for development or redevelopment. The MRTP Act and the DCPR apply to all development, redevelopment, erection and/or re-erection of buildings and change of user, as well as to the design, construction or reconstruction of, and additions and alterations to, buildings in the Greater Mumbai region, and compliance with them may take longer than anticipated by us. In addition, the use and development of land is subject to regulations by various local authorities.

Further, we are subject to municipal planning and land use regulations in effect in the Mumbai region, which may limit the maximum square footage of completed buildings we may construct on plots to specified amounts, calculated based on a ratio of the combined gross floor area of all floors, except areas specifically exempted, to the total area of each plot of land (the floor space index, or "FSI").

If there is a change in any regulation, we may be subject to additional compliance requirements and may need to make fresh or revised applications for approvals and licenses from regulatory authorities.

18. ***Our Redevelopment Projects may require TDRs to develop area beyond the permissible FSI which may not be available or may not be available at the expected price. Our inability to acquire TDRs may affect our ability to***

increase the size and scope of our Redevelopment Projects which may lead to lower revenues and impact our financial condition and results of operation

Our Redevelopment Projects with Co-operative Housing Societies have inherent FSI as per the DCPR. Municipal planning and land use regulations limit the maximum square footage of completed buildings we may construct on plots to specified amounts, calculated based on a ratio of the combined gross floor area of all floors, except areas specifically exempted, to the total area of each plot of land (FSI). TDRs granted by the relevant statutory authority provide a mechanism by which a person, who is unable to use the available FSI of his/ her plot for various reasons, is permitted to use the unused FSI on other properties in accordance with applicable regulations or transfer the unused FSI to a third party. This TDRs is available with third parties for a price determined by demand and supply factors. We may be required to acquire TDRs for our Redevelopment plans. We seek to secure FSI for the entire Redevelopment Project during the initial construction phase, to avoid any delay or risks due to change in applicable rules and regulations which enables us to complete our Redevelopment Projects in a timely manner. During Fiscals 2026, 2025, and 2024, we have acquired ₹ 3.82 lakhs, ₹ 7.19 lakhs and ₹2.37 lakhs TDRs, respectively for our Redevelopment Projects. If we are unable to acquire TDRs due to non-availability or if the market price of the available TDRs is high or unviable, then this may impact our ability to increase the size of certain Redevelopment Projects due to us having insufficient FSI or because of a significant increase in the cost of acquisition of TDRs. Our inability to acquire TDRs may affect our ability to increase the size and scope of our Redevelopment Projects which may lead to lower revenues and our financial condition and results of operations in general.

19. We may not be able to identify and secure suitable redevelopment opportunities, which may affect our business and growth prospects.

Our business is primarily focused on the redevelopment of existing buildings and co-operative housing societies in the MMR and Thane district. As of the date of this Draft Red Herring Prospectus, nine (9) of our Ongoing Projects and fourteen (14) of our Upcoming Projects are redevelopment projects. Our growth therefore depends on our ability to continue to identify and secure redevelopment projects that are commercially viable and located in micro-markets preferred by our target customers.

Identifying a suitable redevelopment opportunity involves assessing, among other things, the title to the land and the existing structures, the number and nature of existing members and occupants, the entitlements that must be provided to them, the development potential available under the applicable development control regulations, and the approvals required. We carry out an internal assessment and due diligence exercise before entering into a redevelopment arrangement. However, this assessment is based on information that is available or accessible to us, including records and information provided by the society, its members and third parties. We cannot assure you that such information is accurate, complete or current. Any decision based on inaccurate, incomplete or outdated information, including in relation to title, tenancy or the permissible development potential, may expose us to risks and liabilities that could adversely affect the viability of the project and our business and growth prospects.

In addition, there is significant competition for redevelopment projects in Mumbai, where the supply of land is limited and a large number of ageing buildings and housing societies are being considered for redevelopment. We compete with other developers for such projects, and societies typically select developers through a competitive process based on the terms offered to existing members, including additional area, corpus and rent during the construction period. Increased competition may require us to offer more favourable terms to societies and their members, which could reduce the saleable area available to us and the profitability of the project, or we may decide not to pursue certain projects on commercial grounds.

Further, the development potential of a redevelopment project depends on the regulations applicable to the relevant plot. Certain plots may be subject to reservations, including for road widening, which may be deducted from the developable area. Certain areas may fall within eco-sensitive zones, buffer zones, green zones or coastal regulation zones, where development may be restricted under the applicable regulations. Changes in the development control regulations, or in the availability or cost of additional FSI and transferable development rights, may also affect the viability of a redevelopment project. We also undertake greenfield development on land parcels, where we face similar risks in identifying land with clear title and suitable development potential. For more information, see *"Key Regulations and Policies"* beginning on page 187.

Accordingly, our inability to identify and secure suitable redevelopment projects on commercially viable terms, or any restrictions on the development potential of such projects, may adversely affect our business and growth prospects.

20. In the event that we are unable to secure development rights for properties for which we have entered into agreements or similar arrangements, or such arrangements are held to be invalid or expire, we may not be able to undertake the proposed development and may also lose advances paid towards such arrangements.

As part of our process of securing development rights, particularly in relation to redevelopment projects, we enter into development agreements, agreements for purchase or other similar arrangements with landowners, housing societies, property owners or other counterparties prior to obtaining the requisite development rights or completing the transfer or conveyance of title to the underlying property. Such arrangements may require the relevant counterparties to satisfy certain conditions within the stipulated time frame, including providing title deeds and other documents relating to the property, obtaining requisite consents and approvals and fulfilling other conditions precedent.

Upon entering into such arrangements, we may be required to pay advances or other amounts to the relevant counterparties towards securing the development rights. These arrangements may provide for the grant, transfer or vesting of development rights in our favour within a prescribed period. In the event that we are unable to secure the development rights contemplated under such arrangements, we may not be able to undertake the proposed development and may also be unable to recover all or part of the advances or other amounts paid in relation to such arrangements.

Further, if any such arrangement is held to be invalid, expires or is otherwise terminated, we may lose our right to undertake the proposed development and may also not be able to recover the advances made to the relevant counterparties. Any delay or failure on our part in fulfilling our obligations under such arrangements may also jeopardise our ability to secure the development rights within the applicable time period.

Although we have not experienced any such material instances in Fiscal 2026, Fiscal 2025 and Fiscal 2024 where we were unable to secure development rights pursuant to such arrangements or were unable to recover advances paid in relation thereto, there can be no assurance that similar circumstances will not arise in the future. Any failure to renew or extend such arrangements on similar terms, secure the development rights within the stipulated period, or recover advances from the relevant counterparties following the expiry or termination of such arrangements could adversely affect our business, financial condition and results of operations.

21. We intend to utilise the Net Proceeds for funding the development and construction cost of our projects, and we are yet to place orders for certain of these requirements. There is no assurance that we would be able to source such requirements in a timely manner or at commercially acceptable prices.

We propose to utilise ₹ 16,477.65 lakhs of the Net Proceeds for investment in our Subsidiaries, Sanghvi Green LLP, SanghviP Builders LLP and PSanghvi & Jain Builders LLP, for part-funding the development and construction cost of our Ongoing Projects, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire, respectively. For further information, see "*Objects of the Issue*" on page 92. While we have issued work orders and received invoices for certain works, we are yet to place orders for the balance requirements and have relied on quotations received from suppliers for them. Further, such total estimated cost and related fund requirements have not been appraised by any bank or financial institution or any other independent agency. Such quotations may be subject to revision on account of commercial and technical factors. Further, the estimated cost of these projects is based on the certificate of M/s. Dosin Engineers, Independent Chartered Engineer, dated September 24, 2026. We cannot assure you that we will be able to undertake such development and construction of our projects within the cost indicated by such quotations, that there will not be cost escalations and that we would be able to procure such materials and services in a timely manner, or that we will complete such construction within the estimated timelines, and if not, obtain extensions for the quotations at reasonable cost to us, if at all. There is no assurance that we would be able to source such materials and services in a timely manner or at commercially acceptable prices, which could adversely affect our development plans and, consequently, our business and results of operations.

22. We have not identified the specific projects to be acquired from the portion of the Net Proceeds allocated towards funding acquisition of future projects and general corporate purposes.

We propose to utilise a portion of the Net Proceeds towards funding acquisition of future projects and general corporate purposes, which will not individually exceed 25% and will not together exceed 35% of the Gross Proceeds. As on the date of this Draft Red Herring Prospectus, we have not identified any specific project to be acquired. The acquisition of a project depends on, among other things, the outcome of our due diligence on title, the terms we are able to negotiate and the approvals required, and may take longer than we expect. If we are unable to utilise such amount by the end of Fiscal 2027, we may, with the approval of our Board, utilise it for general corporate purposes. The deployment of these funds will be at the discretion of our management, subject to applicable law. For further details, see *"Objects of the Issue"* on page 92.

23. We intend to invest a part of the Net Proceeds in our Subsidiaries in which other partners also hold interests, and the mode of such investment has not been finalised.

We propose to invest ₹ 16,477.65 lakhs of the Net Proceeds in our Subsidiaries, Sanghvi Green LLP, SanghviP Builders

LLP and PSanghvi & Jain Builders LLP, in which our Company holds 99.00%, 50.00% and 60.00% interest, respectively. The other partners in these Subsidiaries will be entitled to a share of their profits in proportion to their interest, including profits from the projects funded out of the Net Proceeds. As on the date of this Draft Red Herring Prospectus, the mode of such investment has not been finalised and may be in the form of debt, equity or in any other manner. We cannot assure you that such investment will generate returns for our Company in proportion to the amount invested.

24. The objects of the Fresh Issue for which the funds are being raised have not been appraised by any bank or financial institution. Any variation in the utilisation of our Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval.

The fund requirements and deployment of the Net Proceeds are based on management estimates and have not been appraised by any bank or financial institution. As a part of the Objects of the Issue, we intend to part-fund the development and construction cost of certain of our Ongoing Projects, namely, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire. For further details, see "*Objects of the Issue*" on page 92. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds without obtaining our Shareholders' approval through a special resolution. In the event of any such circumstances that require us to undertake a variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain our Shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders' approval may adversely affect our business or operations.

Further, only part of our development expenses will be funded by utilising a portion of the Net Proceeds. We cannot assure you that we will be able to fund the remaining portion of our development expenses from our internal accruals and we may have to incur additional indebtedness to fund our development expenses, which may not be available on favourable terms and may also increase the finance cost of our Company.

Further, our Promoters would be required to provide an exit opportunity to Shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at such price and in such manner as prescribed by SEBI. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders may deter our Promoters from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI. In light of these factors, we may not be able to undertake a variation of the objects of the Issue to use any unutilised proceeds of the Issue, or vary the terms of any contract referred to in the Draft Red Herring Prospectus, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of the Net Proceeds, if any, or varying the terms of any contract, which may adversely affect our business and results of operations. Further, we will appoint a monitoring agency for monitoring the utilisation of proceeds of the Issue in accordance with Regulation 41 of the SEBI ICDR Regulations and the monitoring agency will submit its report to us on a quarterly basis in accordance with the SEBI ICDR Regulations.

25. We are dependent on third-party contractors for the construction and development of our projects. Any failure on their part to perform their obligations could adversely affect our business, results of operations and cash flows.

As part of our operations, we contract with independent construction contractors and specialist agencies like architects for the construction and development of our projects. We do not provide any construction services on our own and are dependent on third-party contractors for the construction of our projects. We are also dependent on specialist agencies like architects for the design, layout and elevation plans of our projects. We select the third-party construction contractors and specialist agencies based on their past performance, team size and cost.

If a contractor fails to perform its obligations satisfactorily or within the prescribed time periods with regard to a project or terminates its arrangements with us, we may be unable to develop the project within the intended timeframe, at the intended cost, or at all. If this occurs, we may be required to incur additional cost or time to develop the property to appropriate quality standards in a manner consistent with our development objective, which could result in reduced profits or, in some cases, significant penalties and losses. Although no instances of material default or delay by the independent construction contractors and specialist agencies like architects have occurred in the construction of our projects in the past three Fiscals that have had any material impact on our prospects, business and results of operations, we cannot assure you that the services rendered by such independent construction contractors and specialist agencies will always be satisfactory or match our requirements for quality. In order to ensure the timely completion of the projects by the independent construction contractors, we have stationed full-time site engineers and supervisors at the

construction sites, and architects and various consultants, including project management consultants, regularly inspect the sites to review the progress of the construction work on a continuous basis. In addition, we may be subject to claims in relation to defaults and late payments to our contractors, which may adversely affect our business, results of operations, and cash flows.

26. We are subject to credit and performance risk from third-party contractors and specialist agencies like architects that assist us on our projects. If our contractors fail to perform as required under our agreements with them, our business, results of operations and financial condition may be adversely affected.

We enter into contracts with third-party contractors and specialist agencies like architects for the development and construction of our projects. If our contractors do not perform their obligations, or if any of the services they deliver do not comply with the specified quality standards and technical specifications, it may result in our inability to meet project schedules or breaches of our warranties to our customers. While we may be able to make a claim against third-party contractors or specialist agencies to cover all or a portion of the expenses or losses associated with their contractual breaches, such claims may not be sufficient to cover all our expenses and losses, which could have an adverse impact on our business, results of operations and financial condition. In addition, third-party contractors could cease operations and no longer honour their contracts with us. Further, if our third-party contractors and specialist agencies are unable to perform their obligations, including due to bankruptcy, winding up or any injunction, we may incur additional costs in finding a replacement service provider in a timely manner and could experience significant delays in completing our projects.

Third-party contractors and specialist agencies in our projects are generally subject to liquidated damages for failures to achieve timely completion or for performance shortfalls. Liquidated damages payable under third-party contracts are generally limited to a specified amount or a percentage of the contract price. As a result, the liquidated damages recovered from defaulting contractors and specialist agencies may not be sufficient to cover our losses.

27. Significant increases in the prices of, shortages of, or delay or disruption in the supply of labour and key building materials could affect our estimated construction costs and timelines, resulting in cost overruns or lower profits.

We procure raw building materials for our projects, such as steel, cement, ready-mix concrete, flooring products, hardware, bitumen, sand and aggregates, doors and windows, and other interior fittings, from third-party suppliers. The prices and supply of basic building materials and other raw materials depend on factors outside our control, including the cost of raw materials, general economic conditions, geopolitical events (such as the conflicts concerning Russia, Ukraine, and Israel), commodity prices, competition, production costs and levels, transportation costs, indirect taxes and duties. Our ability to develop and construct projects profitably is dependent on our ability to obtain an adequate and timely supply of building materials within our estimated budget. Further, the imposition of tariffs on imported materials and goods may materially affect our operations and financial performance. Specifically, the introduction or escalation of tariffs on key construction materials could significantly increase project costs, potentially eroding profit margins on both existing and future developments. Additionally, the potential for higher construction costs because of tariffs may necessitate higher sale prices, which could reduce the demand for our properties. The resulting decline in affordability could reduce the attractiveness of our developments to potential buyers, negatively affecting future revenue streams.

Further, we depend on the availability of skilled and unskilled contract labour through our contractors. Any shortage of labour, increase in wages, labour disputes, strikes or work stoppages at our project sites or at the operations of our contractors or suppliers, or any change in labour laws, may delay the construction of our projects and increase our costs.

The table below sets forth details of our cost of materials consumed for each of the periods indicated.

(₹ in lakhs)

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Revenue from operations	10,183.86	7,558.75	6,264.44
Cost of materials consumed	6,444.84	4,210.29	4,557.29
Cost of materials consumed as a percentage of revenue from operations	63.28%	55.70%	72.75%

28. Our business is dependent on the residential real estate market, and any inability to anticipate and respond to customer preferences may adversely affect our business.

We derive our revenue from operations primarily from the sale of residential units in the MMR and Thane district. Our business is therefore dependent on the demand for residential real estate in these markets, which is affected by factors such as interest rates, the availability of home loans, employment and income levels, and customer sentiment.

Our success also depends on our ability to anticipate and respond to customer preferences as to location, unit size and configuration, amenities, design and price. 25 of our 31 Completed Projects, Ongoing Projects and Upcoming Projects

are in the mid-market and economy segments. As we pursue larger projects and projects in the premium and ultra-luxury segments, we may be required to meet customer expectations that differ from those of our existing customers. Customer preferences may also change over the course of a project. If we fail to anticipate or respond to such preferences, we may be unable to sell our units at the expected prices or within the expected timelines, which may adversely affect our business, results of operations and financial condition.

29. Sales of our projects may be adversely affected by the ability of our prospective customers to purchase property which is dependent on the availability of financing to potential customers, or by changes in taxation laws or stamp duty.

Low interest rates on housing loans and favourable tax treatment of these loans have helped boost the recent growth of the Indian real estate market. Increases in interest rates in India could discourage consumers from taking loans for acquiring real estate and thereby weaken the real estate market. Various provisions and norms imposed by the RBI in relation to housing loans by banks and housing finance companies could reduce the attractiveness of the properties, and the RBI or the GoI may take further steps to directly or indirectly reduce the amount of credit extended to the real estate sector, which could adversely affect the availability of housing loans at attractive rates. Any changes in the home loans market, making home loans less attractive to our customers, may adversely affect our business, results of operations and financial condition.

An economic slowdown can lead to decreased demand for residential properties as potential buyers may delay purchases due to uncertainty. Increased interest rates on home loans can make borrowing more expensive, reducing the affordability of homes for many buyers. Frequent changes in real estate regulations can create uncertainty for developers and buyers. Policies like RERA have increased transparency, but developers have also had to set up additional processes to meet mandatory compliances. Further, changes in taxation policies, such as GST on under-construction properties and stamp duty rates, can affect the overall cost of property transactions.

The use of home loans for residential properties has also become attractive due to income tax benefits. In the event of a change in fiscal, monetary or other policy and a consequent withdrawal of such income tax benefits, the use of home loans may be reduced, which could adversely affect our business, results of operations and financial condition. These factors can negatively affect the demand for and valuation of our Ongoing Projects and Upcoming Projects. Our business, financial condition and results of operations could be adversely affected if real estate market conditions deteriorate.

30. Adverse macro-economic conditions could cause customer payment delays and may impact our receivables, working capital and financial condition.

We typically sell units in our projects during the construction phase. Customers pay the sale consideration in instalments linked to the stage of construction, as set out in the agreements for sale. These instalments are an important source of funding for the construction of our projects. For further details, see *"Risk Factor 31 - A significant portion of our working capital needs is funded by presales. Any cancellation of sales or change in the laws or regulations governing the use of presales may affect our working capital and financial position."* on page 36.

Adverse economic conditions, including a slowdown in economic growth, job losses, reduced incomes or an increase in interest rates, may affect our customers' ability to pay these instalments on time or at all. Many of our customers depend on home loans to fund their purchases, and any tightening in the availability of housing finance or increase in its cost may affect their ability to make payments. If customers delay or default on their instalments, or request changes to their payment schedules, the funds available to us for construction may be reduced. We may then need to fund construction from our internal accruals or through additional borrowings, which would increase our finance costs. We may also need to initiate proceedings to recover amounts due, which may be time-consuming and costly. Where defaults lead to the cancellation of bookings, we may be required to reverse revenue previously recognised, and we may not be able to resell the cancelled units in a timely manner or at similar prices.

Further, the timely collection of instalments depends on our ability to meet our own obligations under the agreements for sale, including construction milestones and delivery schedules. If we are unable to meet these obligations, customers may withhold or delay payments. Any of the foregoing may adversely affect our cash flows, working capital, business, results of operations and financial condition.

31. A significant portion of our working capital needs is funded by presales. Any cancellation of sales or change in the laws or regulations governing the use of presales may affect our working capital and financial position.

We typically focus on selling a sizeable percentage of units prior to the receipt of the occupation certificate. Our presales, meaning sales made during the launch and construction of a project, have allowed us to benefit from instalment payments from our customers, which we are able to use as working capital. However, we cannot assure you that we will be able to

achieve a sizeable percentage of presales in the future. Any decrease in our presales may cause our working capital needs to increase.

While we aim to sell majority of our project during the construction phase, we cannot assure you that we will be able to meet such a target with respect to all our projects. In addition, our ability to use such presales to meet our working capital needs may be affected by laws or regulations, or changes in the Government's interpretation or implementation thereof. We may be unable to find alternative sources of working capital in a timely manner, which could have an adverse effect on our financial position.

32. We have reversed some of the revenue recognised in prior periods as a result of cancelled bookings for some of our projects and may be required to do so in the future.

We and our customers have cancelled bookings for certain units of our projects in recent years. For example, we have cancelled bookings where our customers have failed to make instalment payments. Although we have had no projects delayed during Fiscal 2026, Fiscal 2025 or Fiscal 2024, if any projects are delayed beyond their scheduled completion dates in the future, our customers have the right to cancel their bookings. For some of these projects, we have recognised all or a portion of the income from these bookings as revenue.

We have consequently been required to reverse the revenue recognised from these bookings. If an increasing number of bookings are cancelled in respect of projects where we have recognised revenue, this could lead to a decline in our business prospects, financial position and results of operations.

33. Delays in execution of our projects and potential write-offs or obsolescence of inventory may adversely affect our business, financial condition and results of operations.

Our business is dependent on the timely execution of our Ongoing Projects and Upcoming Projects. Such projects are exposed to inherent risks including delays arising from factors beyond our control, such as delays in receipt of regulatory approvals, disruptions in supply chains, volatility in raw material availability or pricing, changes in customer specifications, labour shortages, logistical constraints, or other unforeseen circumstances. Any delay in project execution may lead to cost escalations, deferment of revenue recognition, exposure to contractual penalties or liquidated damages, and may adversely impact our margins, cash flows, and overall financial performance.

Further, prolonged delays or adverse changes in market conditions may render certain projects or related inventories commercially unviable. In such instances, we may be required to recognise provisions, write-downs, or write-offs of project costs or inventory. However, there have been no material instances of write-offs, write-downs or obsolescence of inventory in the past three financial years.

Although we have internal monitoring mechanisms and periodic review processes in place to track project execution and inventory levels, there can be no assurance that such measures will be effective in mitigating the risks of delays, cost overruns, or potential write-offs. Any such occurrence could have a material adverse effect on our business, financial condition and results of operations.

34. Our business is capital intensive and relies heavily on the availability of real estate financing in India. Adverse conditions in global capital markets or the broader global economy may negatively impact our business operations by limiting access to funding.

There can be no assurance that we will be able to obtain sufficient financing on acceptable terms, or at all. The development and marketing of our Ongoing Projects and Upcoming Projects require substantial capital, and our future capital requirements and their timing may vary from current estimates due to factors such as unforeseen project delays, cost overruns, changes in business strategies driven by economic conditions, unexpected expenses, regulatory developments, or modifications in engineering designs. If our planned expenditures exceed our available financial resources, we may need to seek additional funding through debt or equity financing. Any additional debt financing, if available, may increase our interest expenses and could subject us to additional restrictive covenants under financing agreements. Furthermore, regulations governing foreign investment in housing, built-up infrastructure, and construction and development projects in India impose significant restrictions on the types of financing activities we may undertake. Our ability to obtain additional financing on favourable commercial terms will depend on several factors, including our operational performance and cash flows, the level and terms of our existing indebtedness, prevailing market conditions in the regions where we operate, interest rate trends in India and globally, and the overall condition of the debt and equity markets in India. In addition, fluctuations in global and Indian credit and financial markets may limit the availability of credit to our customers, which could reduce demand for our developments. If we are unable to obtain funding on reasonable terms, or at all, it may hinder the development of our Ongoing Projects and Upcoming Projects and adversely affect our business and results of operations.

35. One of our Subsidiaries has incurred losses, and our Subsidiaries may incur losses in the future.

Our Subsidiary, Vaibhav Builders & Contractors Private Limited incurred a loss after tax of ₹ 7.65 lakhs in Fiscal 2026, and its reserves and surplus stood at ₹ (14.27) lakhs as at March 31, 2026.

The financial performance of our Subsidiaries is dependent on several factors, including the progress and timely completion of their projects, receipt of necessary regulatory approvals, availability of financing, construction costs, market demand and timely realization of revenue. Any delays in project execution, cost overruns, lower-than-anticipated sales or other adverse developments may affect their ability to generate sufficient revenue and cash flows to meet their operational and financial obligations. We cannot assure you that our Subsidiaries will achieve or maintain profitability in the future or that they will not incur further losses.

Further, our Subsidiaries may require additional funding to meet their working capital requirements, finance their ongoing and future projects, service their borrowings or meet other financial obligations. In the event that our Subsidiaries continue to incur losses or are unable to generate sufficient cash flows from their operations, we may be required to provide additional financial support through equity contributions, loans, advances or other funding arrangements. Such additional funding requirements may place pressure on our financial resources and limit the availability of funds for our existing operations and future business expansion.

Any continued or significant losses incurred by our Subsidiaries, or any requirement to provide them with additional financial support, may adversely affect our business, consolidated results of operations, cash flows and financial condition.

36. There are certain outstanding litigation proceedings involving our Company and Promoters, an adverse outcome which, may have an adverse impact on our reputation, business, financial condition, results of operations and cash flows.

There are outstanding legal proceedings involving our Company and our Promoters, which are pending at varying levels of adjudication at different forum. Such proceedings could divert management time and attention and consume financial resources in their defence or prosecution. The amounts claimed in these proceedings have been disclosed to the extent ascertainable and quantifiable and include amounts claimed jointly and severally from our Company and our Promoters. The summary of outstanding matters set out below includes details of outstanding criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving our Company, Subsidiaries, Directors, Promoters, Key Managerial Personnel and Senior Management:

(1) In accordance with the Materiality Policy
(2) Not quantifiable

As on the date of this Draft Red Herring Prospectus, there is no outstanding litigation involving our Group Companies which may have a material impact on our Company.

We cannot assure you that any of the above-mentioned matters will be settled in favour of our Company, our Directors or our Promoters, as applicable, or that no additional liability will arise out of these proceedings. We may also, in the future, be subject to further litigation, including in relation to our business operations, employees, contractual arrangements, statutory and regulatory compliances and taxation matters, and we cannot assure you that such proceedings, if any, will be decided in our favour or that no additional liability will arise from such proceedings. Further, decisions in proceedings in which our Company, Promoters or Directors are not parties, but which involve our industry, may adversely affect our business operations. Any adverse outcome in any of these proceedings, including any that may arise in the future, may have an adverse effect on our business, cash flows, financial condition, results of operations, prospects and reputation. Any liability arising out of such proceedings, if not adequately provided for, may also have an adverse effect on our financial condition. For further details, see *"Outstanding Litigation and Material Developments"* on page 315.

37. Our Promoters and some of our Directors may have interests in us other than reimbursement of expenses incurred and normal remuneration or benefits.

Our Promoters and some of our Directors may be regarded as having an interest in us other than reimbursement of expenses incurred and normal remuneration or benefits. Our Promoters and certain Directors may be deemed to be interested to the extent of Equity Shares held by them or their relatives (or the Promoter Group), as well as to the extent of any bonus or dividend on such Equity Shares. Our Promoters are also co-borrowers or guarantors on certain borrowings availed by our Company, our Subsidiaries and our Associate, and are interested to that extent. We cannot assure you that there will be no conflict of interest between such persons and our Company. For further details, see "*Our Management" and "Our Promoters and Promoter Group"* on pages 210 and 226, respectively.

38. Our Promoters, certain members of the Promoter Group, Group Companies, Directors and related entities have interests in a number of ventures which are in businesses similar to ours, and this may result in potential conflicts of interest with us.

A conflict of interest may occur between our business and the business of ventures in which our Promoters, certain members of the Promoter Group, Group Companies, our Directors and related entities are involved, which could have an adverse effect on our operations. Conflicts of interest may also arise out of common business objectives shared by us, our Promoters, certain members of our Promoter Group, our Directors and related entities. Our Promoters, members of the Promoter Group, Group Companies, our Directors and related entities may compete with us and have no obligation to direct any opportunities to us. For example, certain of our Group Companies are engaged in businesses similar to ours. We cannot assure you that these or other conflicts of interest will be resolved in an impartial manner.

39. Our Company has entered into, and will continue to enter into, related party transactions, and there can be no assurance that such transactions will not have an adverse effect on our results of operations and financial condition.

We have entered into transactions with related parties, including our Promoters, our Key Managerial Personnel, entities in which our Promoters or Key Managerial Personnel are interested, and our Associates. These include remuneration and professional fees, unsecured loans availed and repaid, loans and advances given to an Associate, the purchase of immovable property, investments in Associates and capital introduced by our Promoters. The table below sets forth details of the related party transactions undertaken by us during Fiscal 2026, Fiscal 2025 and Fiscal 2024, as per our Restated Consolidated Financial Information:

Unsecured loans from related parties	1.93	1,129.58	997.08
Loans and advances to Associate (Suparshwa Homes Private Limited)	294.12	276.20	8.60

For details of our related party transactions, see *"Restated Consolidated Financial Information – Note 33 – Related Party Disclosures"* on page 235. The related party transactions disclosed in our Restated Consolidated Financial Information have been carried out in the ordinary course of business and at arm's length. All related party transactions that we may enter into post-listing will be subject to approval by our Audit Committee and, where applicable, our Board and/or Shareholders. Such related party transactions in the future or any other future transactions may potentially involve conflicts of interest which may be detrimental to the interest of our Company, and our Company cannot assure you that such transactions, individually or in the aggregate, will always be in the best interests of our minority shareholders and will not have an adverse effect on our business, financial condition, results of operations, cash flows and prospects.

40. Any delay or default in the recovery of short-term loans and advances extended by our Company may adversely affect our liquidity, business and financial condition.

We have provided short-term loans and advances to certain parties in the ordinary course of business. The repayment of such loans and advances is generally expected to be received within the agreed timelines. However, there may be instances where borrowers delay repayment or default on their obligations. In such circumstances, the recovery of outstanding loans and advances may be delayed or uncertain, which could adversely affect our business, results of operations and financial condition. Although there have not been any instances of non-recovery of such loans and advances in Fiscal 2026, Fiscal 2025 and Fiscal 2024, there can be no assurance that such instances will not occur in the future.

As these loans and advances are expected to be recovered in the normal course of business, they have not been considered impaired. Nevertheless, there is a risk that our estimates regarding recoverability may not be accurate, and we cannot assure you that we will not experience delays in repayment or defaults by such parties in the future.

The table below sets forth our short-term loans and advances for the periods indicated:

(₹ in lakhs)

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Revenue from operations	10,183.86	7,558.75	6,264.44
Short-term loans and advances	540.25	3,152.43	2,790.90
as a % of revenue from operations	5.30%	41.71%	44.55%

41. Our success largely depends upon the knowledge and experience of our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel, as well as our ability to attract and retain personnel with technical expertise. Our inability to retain our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel, or our inability to attract and retain other personnel with technical expertise, could adversely affect our business, results of operations and financial condition.

We depend on the management skills and guidance of our Promoters and Board of Directors for the development of business strategies, monitoring their successful implementation and meeting future challenges. We benefit from the experience of our Promoters in the real estate industry. Further, we also significantly depend on the expertise, experience and continued efforts of our Key Managerial Personnel and Senior Management Personnel. Any loss of our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel, or our inability to attract and retain them and other skilled personnel, could adversely affect our business, results of operations and financial condition. Our future performance will depend largely on our ability to retain the continued service of our management team. If one or more of our Key Managerial Personnel or Senior Management Personnel are unable or unwilling to continue in their present

positions, it could be difficult for us to find a suitable or timely replacement and our business, results of operations and financial condition could be adversely affected.

In addition, we may require a long period of time to hire and train replacement personnel when personnel with technical expertise terminate their employment with us. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting and retaining personnel with technical expertise that our business requires. The loss of the services of such persons could have an adverse effect on our business, results of operations and financial condition. While these positions have been appropriately filled and we have not faced any impact due to any resignations, we cannot assure you that future resignations will not have any impact on our Company's business or operations.

There is significant competition for management and other skilled personnel in the real estate development industry, and it may be difficult to attract and retain the personnel we require in the future. There can be no assurance that our competitors will not offer better compensation packages, incentives and other perquisites to such skilled personnel. If we are not able to attract and retain talented employees as required for conducting our business, or if we are unable to motivate and retain existing employees, our business, results of operations and financial condition may be adversely affected. For further information, see "*Our Management*" on page 210.

42. After the completion of the Issue, our Promoters and Promoter Group will continue to collectively hold a substantial shareholding in our Company.

Currently, our Promoters and Promoter Group own an aggregate of 99.99% of our issued, subscribed and paid-up Equity Share capital. Following the completion of the Issue, our Promoters and Promoter Group will continue to hold [●] % of our post-Issue Equity Share capital. For details of their shareholding pre- and post-Issue, see "*Capital Structure*" on page 77. By virtue of their shareholding, our Promoters and Promoter Group will have the ability to exercise significant control over the outcome of matters submitted to our shareholders for approval, including the appointment of Directors, the timing and payment of dividends, the adoption of and amendments to our Memorandum and Articles of Association, the approval of a merger or sale of substantially all of our assets and the approval of most other actions requiring the approval of our shareholders. The interests of our Promoters and Promoter Group in their capacity as our Shareholders could be different from the interests of our other Shareholders. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

43. It is difficult to compare our performance between periods, as our revenues from operations and expenses fluctuate significantly from period to period.

Our income may fluctuate significantly due to a variety of factors, including the size of our developments and general market conditions. We derive income from the sale of residential and commercial units we have developed. Revenue from the sale of units depends on various factors, such as the size of our developments, competition and general market conditions. A combination of these and other factors may result in significant variations in our revenue and profits, and our financial position in a particular period may not accurately reflect our level of activity in that period.

Further, the revenue we recognise in a year depends on the timing and progress of our projects in accordance with our revenue recognition policy, and not on the construction activity commenced during that year. Our projects typically take several years from the commencement of construction to completion. We believe that period-to-period comparisons of our results of operations are not necessarily meaningful and should not be relied upon as indicative of our future performance.

The following table sets forth certain of our key financial performance indicators as of and for the years indicated:

(₹ in lakhs, unless otherwise stated)

Sr. No.	Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024

Notes:

(1) Revenue from Operations means the revenue from operations as appearing in the Restated Consolidated Financial Information.

(2) Growth in Revenue from Operations (%) is calculated as revenue from operations of the relevant year minus revenue from operations of the preceding year, divided by revenue from operations of the preceding year. Growth for Fiscal 2024 has not been presented, as the Restated Consolidated Financial Information does not include Fiscal 2023.

(3) Total Income is calculated as revenue from operations plus other income.

(4) EBITDA is calculated as profit before tax (including share of profit of associates), plus finance costs and depreciation and amortisation expenses, less other income.

(5) EBITDA Margin (%) is calculated as EBITDA divided by revenue from operations.

(6) PAT means the restated profit for the year, including share of profit of associates and the share attributable to non-controlling interests.

(7) PAT Margin (%) is calculated as PAT divided by revenue from operations.

(8) Debt to Equity Ratio is calculated as total borrowings (non-current and current borrowings) divided by total equity, including non-controlling interests.

(9) Debt to EBITDA Ratio is calculated as total borrowings (non-current and current borrowings) divided by EBITDA.

(10) Basic and Diluted EPS is as appearing in the Restated Consolidated Financial Information.

(11) RoCE is calculated as profit before tax plus finance costs, divided by capital employed. Capital employed is total borrowings plus total equity, including non-controlling interests.

(12) RoE is calculated as PAT divided by total equity, including non-controlling interests, at the end of the year.

44. We have included certain non-GAAP financial measures and operational metrics in this Draft Red Herring Prospectus, which are not defined under Ind AS and may not be comparable with similarly titled measures presented by other companies.

This Draft Red Herring Prospectus includes certain non-GAAP financial measures, such as EBITDA, EBITDA margin, PAT margin, debt to equity ratio, debt to EBITDA ratio, return on capital employed and return on equity, and certain operational metrics, such as developable area, saleable area, number of projects and units under development and unsold units. These measures are supplemental measures of our performance that are not required by, or presented in accordance with, Ind AS, and have not been audited or reviewed by our Statutory Auditors. They should not be considered in isolation or as a substitute for the measures of performance or liquidity presented in accordance with Ind AS. These measures are not standardised terms, and other companies in the real estate industry may calculate them differently, which may limit their usefulness as comparative measures. Our operational metrics are based on our internal records and management estimates.

45. Information included in this Draft Red Herring Prospectus, including the measurements with respect to the saleable area of our Completed Projects, the estimated saleable area of our Ongoing Projects and Upcoming Projects and the RERA completion dates of our projects, is based on assumptions and estimates which may change for various reasons.

Some of the information contained in this Draft Red Herring Prospectus with respect to our Completed Projects, Ongoing Projects and Upcoming Projects, such as the amount of land or development rights owned by us, location and type of development, estimated saleable area, description of amenities, our funding requirements and intended use of the Net Proceeds by our Company, is based on certain assumptions and estimates and has not been independently appraised or verified. Further, the RERA completion date of a project is the date by which the project is required to be completed in terms of its registration under RERA, as extended from time to time.

The saleable area of our Completed Projects and the estimated saleable area of our Ongoing Projects and Upcoming Projects have been calculated based on the current rules and regulations which govern the construction area of the respective projects. The total area of a project that is ultimately developed and the actual saleable area may differ from the descriptions of the project presented herein, and a particular project may not be completely booked, sold or developed until a date subsequent to its RERA completion date. We may also have to revise our assumptions, estimates, development plans (including the type of proposed development) and the estimated construction commencement dates

and RERA completion dates of our projects depending on future contingencies and events, including, among others, changes in our business plans due to prevailing economic and market conditions, and changes in laws and regulations. Further, the information we have provided in relation to our Completed Projects, Ongoing Projects and Upcoming Projects is not representative of our future results.

We may also change our management plans and timelines for strategic, marketing, internal planning and other reasons. Therefore, management's estimates and plans with respect to our projects are subject to uncertainty.

46. The industry in which we operate is competitive and highly fragmented. Any inability to compete effectively may lead to a lower market share or reduced operating margins.

We are a real estate developer engaged in the construction of residential and commercial premises in the MMR and Thane district, Maharashtra. Given its fragmented nature, the real estate industry is highly competitive. We face competition from various national and regional real estate developers. Prominent listed developers include Sri Lotus Developers and Realty Limited, Arkade Developers Limited, Modi's Navnirman Limited, Arihant Superstructures Limited and Hubtown Limited. *(Source: CareEdge Research Report)* We also face intense competition from a large number of developers and various small unorganised operators in the residential segment in the MMR and Thane district.

Due to the lower requirement of technical expertise in the residential real estate sector as opposed to the industrial/infrastructure construction sector, the residential real estate sector has a larger number of new entrants and existing players from whom we face competition. These new and existing players undertake projects in the same regional markets in which our projects are located. Given the fragmented nature of the real estate development industry, we often do not have adequate information about the properties our competitors are developing and, accordingly, run the risk of underestimating supply in the market. Our inability to compete successfully in our industry with the new entrants or the existing players may materially affect our business prospects and financial condition.

Further, we compete for land, land development rights, sale of projects, manpower resources and skilled personnel with other developers. Our Company preferentially operates on an asset-light business model, in which a low initial investment is deployed. Some of our competitors may have greater resources (including financial resources, land resources and other types of infrastructure) to take advantage of efficiencies created by size, and may have access to capital at lower costs, better brand recall and established relationships with homeowners. Our success in the future will depend significantly on our ability to maintain and increase market share in the face of such competition. Our inability to compete successfully with the existing players in the industry may affect our business prospects and financial condition.

47. We do not have exclusive rights over the 'Sanghvi' brand name, and third parties may use similar or identical names, which could adversely affect our reputation and business.

Our Company operates under the brand name 'Sanghvi Realty'. The name 'Sanghvi' is not exclusively owned or controlled by us and may also be used by our Promoters, Promoter Group entities or other third parties. Accordingly, we may not have exclusive rights to the use of such name or brand in connection with our business operations. As a result, multiple individuals or entities may conduct business under the same or similar name in the market.

While our 'Sanghvi realty' device marks "SANGHVI realty" are registered in Classes 36 and 37 (registration nos. 3017821 and 3017822), our applications dated February 20, 2025 for registration of the 'Sanghvi Realty' device mark "SANGHVI REALTY" in Class 36 (application no. 6868120) and Class 37 (application no. 6868119) have been objected to by the Trade Marks Registry, Mumbai. In respect of application no. 6868120, the Registry issued an Examination Report dated August 17, 2026 raising an objection under Section 11(1) of the Trade Marks Act, 1999, on the ground that the mark is identical with or similar to four earlier marks bearing the word 'Sanghvi' in respect of similar services. In respect of application no. 6868119, the Registry issued an Examination Report dated August 13, 2026 raising objections under Sections 9(1)(a), 9(1)(b) and 11(1) of the Trade Marks Act, 1999, on the grounds, among others, that 'Sanghvi' is a common surname and that the mark is similar to seven earlier marks bearing the word 'Sanghvi' or 'Sanghavi'. Our company has filed a detailed reply explaining our right to use this brand name and is confident of receiving the registration shortly. We cannot assure you that these objections will be resolved in our favour or that our applications will proceed to registration. If our applications are refused or abandoned, we may be unable to prevent third parties from using a similar logo and may be required to change our branding.

The use of identical or similar names by other parties may create confusion among customers, suppliers, lenders, regulatory authorities and other stakeholders regarding our identity, operations or association with such parties. In addition, our ability to prevent or restrict the use of the same or similar name by other parties may be limited, particularly where we do not have enforceable contractual arrangements or exclusive intellectual property rights over such brand name.

Additionally, the existence of multiple entities operating under the same or similar name may dilute the distinctiveness of our brand and limit our ability to establish a unique identity in the market. Any such confusion, reputational impact or brand dilution may adversely affect our goodwill, marketing efforts, competitive position and ability to attract customers and business opportunities. Consequently, this may have a material adverse effect on our business, financial condition, results of operations and prospects.

48. Problems pertaining to the clearance of encroachments, especially in the case of redevelopment projects, could have a material adverse effect on our business, results of operations and financial condition.

Illegal encroachments on the land parcels owned by us or over which we have development rights could have a material adverse effect on our business, results of operations and financial condition. We may be required to incur additional costs and face delays in our project development schedule in order to clear such encroachments. Disputes relating to land title can take several years and considerable expense to resolve if they become the subject of legal proceedings and their outcome can be uncertain. If we are unable to resolve such disputes, the title to and/or interest in such land may be affected. While we have not experienced any instances of faulty or disputed title, unregistered encumbrances or adverse possession rights in the past which have adversely impacted our financial results, an inability to obtain good title to any plot of land may adversely affect the development of a project for which such plot of land is critical, and this may result in the write-off of expenses incurred in relation to such development. As a result, our business, financial condition and results of operations could be materially and adversely affected.

49. We may be unable to enforce our rights under some of our agreements in relation to acquisition of land or under our agreements with our customers on account of insufficient stamping and non-registration.

We enter into sale agreements with our customers and agreements with our partners for our projects. The terms, tenure and the nature of these agreements may vary depending, amongst other factors, on the project and the region where such project is being executed. Some of the agreements executed by us may be inadequately stamped or not registered. Inadequately stamped documents, while not illegal, cannot be enforced in a court of law until the applicable stamp duty, with penalty, has been paid and could impact our ability to enforce our rights in a timely manner under the agreements. In addition, we may not have good and marketable title to some of our land as a result of non-execution or non-registration or inadequate stamping of conveyance deeds and other acquisition documents. There have been no material instances in the past three financial years where we have been unable to enforce our rights under our agreements due to inadequate stamping or non-registration of such agreements.

50. We may be subject to third-party indemnification or liability claims, which may adversely affect our business, cash flows, results of operations and reputation.

Some of the agreements that we have entered into with third parties, such as agreements for sale with flat purchasers, place indemnity obligations on us, and certain provisions of MoFA and RERA and the rules framed thereunder may require us to compensate such third parties for loss or damage suffered by them on account of a default or breach by us. In the event that such third parties successfully invoke these indemnity/compensation clauses under their respective agreements, we may be liable to compensate them for loss or damage suffered in respect of such agreements, which may adversely affect our financial condition. We may be subject to claims resulting from defects in our developments, including claims brought under RERA and MoFA. See "*Key Regulations and Policies*" beginning on page 187. For details of litigation involving claims relating to defaults in our developments, see "*Outstanding Litigation and Material Developments*" beginning on page 315. We may also be exposed to third-party liability claims for injury or damage sustained on our properties.

We have not received any claims resulting from defects in our developments, including claims brought under RERA and MoFA, during Fiscal 2026, Fiscal 2025 and Fiscal 2024. However, any future liabilities and costs under RERA and MoFA could have an adverse effect on our business, results of operations, financial condition and reputation.

51. Inability to maintain adequate insurance coverage in relation to our business may adversely impact our operations and profitability.

We have obtained various insurance policies in connection with our operations, including contractors' all risk policies, employees' compensation policies, public liability policies and a health insurance policy for our employees. Our real estate projects could suffer physical damage from fire or other causes, resulting in losses, which may not be fully compensated by insurance. In addition, there are certain types of losses, such as those due to earthquakes, floods, other natural disasters, terrorism or acts of war, which may be uninsurable or not insurable at a reasonable premium. We may also be subject to claims resulting from defects. The proceeds of any insurance claim with respect to insurance that either we or our contractors have taken may be insufficient to cover any expenses faced by us, including higher rebuilding

costs as a result of inflation, changes in building regulations, environmental issues and other factors. Should an uninsured loss or a loss in excess of insured limits occur, we may lose the capital invested in and the anticipated revenue from the affected property. We could also remain liable for any debt or other financial obligation related to that property. Although we believe that our current insurance coverage is reasonably adequate for the risks typically associated with our operations, there can be no assurance that any claims under these policies will be honoured in full, in part or within the required timeframe. Furthermore, our insurance policies may not provide sufficient coverage in all circumstances and are subject to deductibles, exclusions and coverage limits.

Our insurance policies are also subject to periodic renewal. While we generally seek renewal of such policies in the ordinary course of business, we cannot guarantee that renewals will be obtained on a timely basis, on commercially acceptable terms, or at all. To the extent we incur losses or damages for which insurance coverage is not maintained, is inadequate, or where claims are rejected or exceed the coverage limits, such losses would have to be borne by us, which could adversely affect our results of operations, cash flows and financial condition.

In addition, we may face claims arising from defects in our projects. Insurance proceeds available under policies obtained by us or our contractors may not be sufficient to cover all costs incurred, including increased rebuilding expenses resulting from inflation, changes in building regulations, environmental requirements or other factors. In the event of an uninsured loss or a loss exceeding insured limits, we may lose the capital invested in, as well as the anticipated revenue from, the affected property, while continuing to remain liable for any associated debt or financial obligations. Any payments made by us to address uninsured losses, damages or liabilities could have a material adverse effect on our business, financial condition and results of operations.

52. Our operations and our workforce are exposed to various natural disasters, hazards and risks that could result in material liabilities, increased expenses and diminished revenues.

We conduct various site studies and assessments prior to undertaking the development and construction of our projects. However, certain unanticipated or unforeseen risks may arise during demolition, construction and development activities due to adverse weather and geological conditions, including storms, cyclones, lightning, floods, landslides and earthquakes. Our projects are located across the MMR and Thane district, which are exposed to natural disasters and seismic activity to varying extents, and could suffer significant damage should an earthquake, flood or other natural disaster occur.

Our project activities may involve demolition of existing structures, construction of new buildings, rehabilitation of existing occupants and work in close proximity to adjoining structures and properties. Such activities may expose us to risks relating to structural stability, damage to adjoining properties, site access and movement of materials and equipment, safety of occupants, workers and other persons in or around the project site, and other site-specific conditions. Any such incident could result in project delays, additional costs, claims or liabilities and may adversely affect our business and financial condition.

Additionally, operations at our project sites are subject to hazards inherent in construction and development activities, such as equipment failure, work accidents, fire or explosion. As a standard practice, we regularly inspect the health of tower cranes at set intervals and undertake safety measures at our project sites. However, we cannot assure you that, even after following safety protocols, such incidents will not occur in the future. Many of these hazards can cause injury and loss of life, severe damage to or destruction of property and equipment and environmental damage. The occurrence of any such events could adversely affect our project timelines, costs, business and reputation. We cannot assure you that we will not incur any liability as a result of these hazards.

53. Compliance with, and changes in, environmental, health and safety and labour laws and regulations could adversely affect the development of our projects and our financial condition.

We are subject to environmental, health and safety regulations in the ordinary course of our business. If we face any environmental concerns during the development of a project or if the government introduces more stringent regulations, we may incur delays in our estimated timelines and may need to incur additional expenses. We are subject to various national and local laws and regulations relating to the protection of the environment that may require a current or previous owner of a property to investigate and clean up hazardous or toxic substances at a property. Under these laws, owners and operators of property may be liable for the costs of removal or remediation of certain hazardous substances or other regulated materials on or in such property. Such laws often impose such liability without regard to whether the owner or operator knew of, or was responsible for, any environmental damage or pollution and the presence of such substances or materials. The cost of investigation, remediation or removal of these substances may be substantial. Environmental laws, including regulations pertaining to coastal regulation zone activities, may also impose compliance obligations on owners and operators of real property with respect to the management of hazardous materials and other regulated substances. Failure to comply with these laws can result in penalties or other sanctions.

Environmental reports that we may request a third party to prepare with respect to any of our properties may not reveal (i) all environmental liabilities, (ii) any material environmental condition created by any prior owner or operator of our properties that is not known to us, or (iii) that a material environmental condition does not otherwise exist as to any one or more of our properties. There also exists the risk that material environmental conditions, liabilities or compliance concerns may have arisen after the review was completed or may arise in the future. Finally, future laws, ordinances or regulations and future interpretations of existing laws, ordinances or regulations may impose additional material environmental liability. We may be subject to liabilities or penalties relating to environmental matters, which could adversely affect the development of our projects and our financial condition.

54. Our business and results of operations could be adversely affected by the incidence and rate of property taxes and stamp duties.

As a real estate company, we are subject to the property tax regime in the geographies in which we operate. We are also subject to stamp duty on the agreements entered into in respect of the properties we buy and sell. These taxes could increase in the future, and new types of property taxes and stamp duties may be introduced, which would increase our overall costs. If these property taxes and stamp duties increase, the cost of buying and selling properties may rise. Additionally, if stamp duties or higher stamp duties were to be levied on instruments evidencing transactions which we believe are currently subject to nil or lower duties, our acquisition costs and sale values may be affected, resulting in a reduction of our profitability. Any such changes in the incidence or rates of property taxes or stamp duties could have an adverse effect on our business and results of operations.

55. Failure to successfully implement our business strategies and our development plans may materially and adversely affect our business, results of operations and financial condition.

We are embarking on a growth strategy which involves an expansion of our current business. We are currently focused on developing residential real estate projects in certain micro-markets within the MMR and Thane district. We intend to leverage our experience in the real estate industry to capitalise on emerging industry opportunities in other micro-markets in Mumbai. We cannot assure you that we will be able to execute our strategies on time and within the estimated budget, or that we will meet the expectations of targeted customers.

Further, as we expand our operations, we may be unable to manage our business efficiently, which could result in delays and increased costs, affect the quality of our projects and may adversely affect our reputation. Such expansion also increases the challenges involved in preserving a uniform culture, set of values and work environment across our business operations, developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, internal control and other internal systems, recruiting, training and retaining management, technical and marketing personnel, maintaining high levels of customer satisfaction, and adhering to health, safety, and environmental standards. Our failure to manage our growth could have an adverse effect on our business, results of operations and financial condition.

Each of the new project initiatives that we develop to grow our business carries significant risks, as well as the possibility of unexpected consequences, including: acceptance by, and sales of the new project initiatives to, our customers may not be as high as we anticipate; our marketing strategies for the new projects may be less effective than planned and may fail to effectively reach the targeted consumer base or engender the desired consumption; we may incur costs exceeding our expectations as a result of the continued development and launch of the new projects; we may experience a decrease in sales of certain of our existing projects as a result of the introduction of new projects nearby; and any delays or other difficulties impacting our ability, or the ability of our third-party contractors and developers, to develop and construct projects in a timely manner in connection with launching the new project initiatives. In the event of failure on our part to successfully implement our business strategies and our development plans for any of the foregoing reasons, our business, results of operations and financial condition could be adversely affected.

56. We may experience difficulties in expanding our business into additional geographical markets, which may contribute to fluctuations in our results of operations and financial condition.

Our projects have been geographically focused in the MMR and Thane district. We may expand geographically if we get attractive growth opportunities in other micro-markets. We may not be able to leverage our experience in existing micro-markets to expand our operations in other regions or into other cities, should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, customer tastes, behaviour and preferences in these regions where we may plan to expand our operations may differ from those in the micro-markets where we are currently present, and our experience in such micro-markets may not be applicable to other regions. In addition, as we enter new regions, we are likely to compete not only with national developers but also with local developers who have an established local presence, are more familiar with local regulations, business practices and

customs, have stronger relationships with local contractors, suppliers and relevant government authorities, and have access to existing land reserves or are in a stronger financial position than us, all of which may give them a competitive advantage over us. In addition, we may need to engage in marketing and promotion activities as we expand to other markets.

If we plan to expand our geographical footprint, our business will be exposed to various additional challenges, and we may be adversely affected by various factors, including the need to adjust our construction methods to different geographic areas, obtain necessary governmental and other approvals in a timely manner or at all, failure to realise expected synergies and cost savings, challenges in attracting potential customers in markets where we lack significant experience, and the additional cost of hiring new employees and absorbing increased infrastructure costs. Our inability to expand into other areas may adversely affect our business prospects, financial condition and results of operations.

57. Failure to adopt emerging technological trends could pose a significant risk to our business.

The real estate industry is seeing increasing use of technology across the project lifecycle, including in design and planning, construction methods and materials, project monitoring, sales and marketing, and customer service. We, and the architects, consultants and contractors we engage, rely on design and engineering software, and we use information technology systems for project management, procurement, finance and accounting, and sales and customer relationship management. If we are unable to continue investing in improvements in technology or fail to adopt emerging technological trends, it could pose a significant risk to our business. The absence of efficient, cutting-edge tools may lead to operational inefficiencies, hinder innovation, and reduce our competitiveness in the market. Additionally, not integrating technology in areas such as project management, construction, and customer service could result in delays, increased costs, and an inability to meet customer expectations, ultimately affecting our profitability, growth prospects, and market position.

Construction technologies and methods, including formwork and prefabrication systems, building materials and energy-efficient and sustainable building practices, continue to evolve, as do the digital channels through which customers search for and purchase homes. Our competitors may adopt new technologies earlier or at a lower cost than we do, and customers and authorities may come to expect standards of design, construction, sustainability or service that require investment in new technology.

If we are unable to anticipate, adapt to or invest in such technologies in a timely and cost-effective manner, whether directly or through our contractors and consultants, we may experience operational inefficiencies, delays and higher costs, and our projects may become less competitive. Further, the adoption of new technologies may require significant investment and training and may not yield the expected benefits.

58. Any failure to adequately safeguard our information technology systems and data may expose us to cybersecurity risks, data breaches and unauthorised access, which may adversely affect our business and reputation.

We handle sensitive customer, employee and project-related data through our IT systems, including third-party and cloud-based platforms. While we have implemented data security measures such as access controls, firewalls, system monitoring and data backups, our systems may remain vulnerable to cyberattacks or unauthorised access.

We have not experienced any material data breach or data leakage in Fiscal 2026, Fiscal 2025 and Fiscal 2024. However, any future breach may result in operational disruption, financial loss, legal liability and reputational damage.

We currently do not maintain cyber risk insurance. In the absence of adequate insurance coverage, we may be required to bear losses arising from such incidents. Any failure to safeguard data may have a material adverse effect on our business, financial condition and results of operations.

59. If we fail to establish or maintain effective internal controls and compliance systems, our business and reputation may be adversely affected.

We are responsible for establishing and maintaining adequate internal controls commensurate with the size and complexity of our operations. Our internal audit function evaluates the adequacy and effectiveness of internal systems on an ongoing basis so that our operations adhere to our policies, compliance requirements and internal guidelines. Although we maintain internal audit processes and periodically review and update our systems to ensure compliance with policies, financial reporting standards, and applicable laws, these controls may not always prevent operational risks, human error, or system failures. Our operations are also subject to anti-corruption laws, which prohibit improper payments to obtain business advantages. While we have implemented a code of conduct and compliance procedures, these measures may not fully prevent violations, particularly in emerging markets such as India. Any breach or

investigation related to such laws could result in penalties, legal costs, and reputational damage, adversely affecting our business, financial condition, and results of operations.

60. Corrupt practices or fraud or improper conduct may delay the development of a project and adversely affect our business and results of operations.

The real estate development and construction industries in India and elsewhere are not immune to the risks of corrupt practices or fraud or improper practices. Large construction projects in all parts of the world provide opportunities for corruption, fraud or improper conduct, including bribery, deliberate poor workmanship, theft or embezzlement by employees, contractors or customers or the deliberate supply of low-quality materials. If we or any other persons involved in any of the projects are victims of or involved in any such practices, our reputation or our ability to complete the relevant projects as contemplated may be disrupted, thereby adversely affecting our business and results of operations.

61. Fluctuations in the value of our investments and inadequate provisioning may adversely affect our financial condition.

As of March 31, 2026, we had invested ₹ 159.04 lakhs in mutual funds, namely units of the Aditya Birla Sun Life Corporate Bond Fund and the Aditya Birla Sun Life Ultra Short-Term Fund. Such investments are subject to market risks and are exposed to fluctuations in their fair value due to changes in interest rates, credit conditions, liquidity in the financial markets, and other macroeconomic factors.

Any material decline in the value of our investments may require us to recognise losses, which could adversely affect our results of operations and cash flows. Additionally, adverse market movements impacting our investment portfolio may constrain our liquidity, which could affect our ability to fund our Ongoing Projects and Upcoming Projects, meet working capital requirements, or service our indebtedness. There can be no assurance that the value of our investments will not decline in the future or that we will be able to mitigate such risks effectively. Any decline in the value of such investments, and our failure to make adequate provisions for such diminution, may adversely affect our financial condition.

62. We may incur contingent liabilities in the future, which could adversely affect our business, results of operations and financial condition.

As per our Restated Consolidated Financial Information, there are no material pending contingent liabilities on account of litigations or commitments which we believe could reasonably be expected to have a material adverse effect on our results of operations, cash flows or financial position. For further information, see *"Restated Consolidated Financial Information - Note 29 - Contingent Liabilities and Commitments"* on page 235.

However, we may incur contingent liabilities in the future, including in connection with litigation, guarantees or other commitments. If any such contingent liabilities were to materialise, it may materially and adversely impact our business, results of operations and financial condition.

63. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.

Our Company has not declared dividends on our Equity Shares during the current Fiscal and the last three Fiscals. Our ability to pay dividends in the future will depend upon our dividend policy, future results of operations, financial condition, cash flows, working capital requirements and capital expenditure requirements and other factors considered relevant by our Directors and Shareholders. Our ability to pay dividends may also be restricted under certain financing arrangements that our Company may enter into. Our Company cannot assure you that we will be able to pay dividends on the Equity Shares at any point in the future. For details pertaining to dividend policy, see "*Dividend Policy*" on page 234.

64. Industry information included in this Draft Red Herring Prospectus has been derived from an industry report prepared by CareEdge Research exclusively commissioned and paid for by us for such purpose.

We have commissioned the services of an independent third-party research agency, CARE Analytics and Advisory Private Limited ("CareEdge Research"), and have relied on the report titled "*Research Report on Residential Real Estate Sector in India*" dated September 28, 2026 (the "CareEdge Research Report"), for industry-related data in this Draft Red Herring Prospectus. This report uses certain methodologies for market sizing and forecasting. Neither we nor our Book Running Lead Manager have independently verified such data and, therefore, while we believe them to be true, we cannot assure you that they are complete or reliable. Accordingly, investors should read the industry-related disclosures in this Draft Red Herring Prospectus in this context. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications

may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. While industry sources take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data. Accordingly, investors should not place undue reliance on, or base their investment decision solely on, this information.

65. Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with Ind AS contained in this Draft Red Herring Prospectus.

Our Restated Consolidated Financial Information has been compiled from our audited financial statements prepared and presented in accordance with Ind AS and restated in accordance with the SEBI ICDR Regulations. Ind AS differs from accounting principles with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Ind AS, U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with Ind AS contained in this Draft Red Herring Prospectus. Accordingly, the degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is dependent on the prospective investor's familiarity with Ind AS and the Companies Act. Any reliance by persons not familiar with Ind AS on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. In addition, some of our competitors may not present their financial statements in accordance with Ind AS, and their financial statements may not be directly comparable to ours; accordingly, reliance on such comparisons should be limited.

EXTERNAL RISKS

66. The real estate industry in India has witnessed significant downturns in the past, and any significant downturn in the future could adversely affect our business, financial condition and results of operations.

Economic developments within and outside India have adversely affected the property market in India in the past. The global credit markets have experienced, and may continue to experience, significant volatility, which may affect the availability of credit and the confidence of financial markets, globally as well as in India.

Market volatility and economic turmoil may worsen industry conditions or have other unforeseen consequences, leading to uncertainty about future conditions in the real estate industry. These effects include, but are not limited to, a decrease in the sale of, or pricing for, units in our projects, delays in the launch of our projects and the inability of our contractors to obtain working capital. We cannot assure you that the Government's responses to any disruption in the financial markets will restore consumer confidence, stabilise the real estate market or increase the liquidity and availability of credit. Any significant downturn in the future may adversely affect our business, financial condition and results of operations.

67. Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations, cash flows and financial condition.

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. Our Company is incorporated in India, and all our assets and employees are located in India. As a result, we are dependent on prevailing economic conditions in India, and our results of operations are affected by factors influencing the Indian economy. The following external risks may have an adverse impact on our business and results of operations, should any of them materialise:

a. an increase in interest rates, which may adversely affect our access to capital and increase our borrowing costs, and may constrain our ability to grow our business and operate profitably;
b. a downgrade of India's sovereign debt rating by an independent agency;
c. political instability resulting from a change in government or in economic and fiscal policies;
d. strikes, lock-outs, work stoppages or increased wage demands by workers, suppliers or other service providers;
e. civil unrest, acts of violence, terrorist attacks, regional conflicts or war;
f. fires, floods, earthquakes, other natural calamities or severe weather, which may damage our projects and require us to suspend operations;
g. financial instability and turmoil in other countries; and
h. epidemics and pandemics such as COVID-19, or other contagious diseases.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations and financial condition and the price of the Equity Shares. As on the date of this Draft Red Herring Prospectus, we have not faced any adverse impact on our business and results of operations due to such external risks, except to the extent disclosed in "*Restated Consolidated Financial Information"* on page 235.

68. Changing laws, rules and regulations and legal uncertainties, including any adverse application of tax laws and regulations, could have an adverse effect on our business, financial condition, results of operations and cash flows.

In India, our business is governed by various laws and regulations, including the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013, RERA and the rules made thereunder, the Maharashtra Ownership Flats (Regulation of the Promotion of Construction, Sale, Management and Transfer) Act, 1963, the Maharashtra Regional and Town Planning Act, 1966, the Development Control and Promotion Regulations for Greater Mumbai, 2034, the Unified Development Control and Promotion Regulations for Maharashtra, the Maharashtra Land Revenue Code, 1966, the Maharashtra Tenancy and Agricultural Lands Act, 1948, the Indian Stamp Act, 1899, the Maharashtra Stamp Act, 1958, the Registration Act, 1908, the Transfer of Property Act, 1882, the Environment (Protection) Act, 1986 and the Consumer Protection Act, 2019, each as amended. For further information, see *"Key Regulations and Policies"* on page 187.

RERA imposes certain obligations on real estate developers, including us, such as mandatory registration of real estate projects, not issuing any advertisements or accepting advances unless projects are registered under RERA, maintaining a separate account for amounts realised from each project with restrictions on withdrawals from such account, and obtaining customer approval for major changes in the sanctioned plan. In the event our interpretation of the provisions of RERA differs from, or contradicts, any judicial pronouncements or clarifications issued by the Government in the future, we may face regulatory actions or may be required to undertake remedial steps.

The regulatory and policy environment in which we operate is evolving and is subject to change. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent, may be time-consuming and costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future. Unfavourable changes in, or interpretations of, existing laws, or the promulgation of new laws, including foreign investment and stamp duty laws, could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, financial condition and results of operations.

69. If inflation were to rise in India, we might not be able to increase the prices of our units at a proportional rate, thereby reducing our margins.

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of transportation, wages, raw materials and other expenses relevant to our business. Further, an increase in interest rates may have a detrimental effect on our business by lowering demand for our housing projects and increasing our financing costs. In addition, high fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our customers, whether entirely or in part, and may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or entirely offset any increases in costs with increases in the prices of our units. In such a case, our business, results of operations and financial condition may be adversely affected. Further, the Government has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

70. Our business is affected by global economic conditions, which may have an adverse effect on our business, results of operations and financial condition.

The Indian economy and its securities markets are influenced by global economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India, and could then adversely affect our business, financial performance and the price of our Equity Shares.

Several armed conflicts and geopolitical tensions are currently ongoing across different regions of the world. Major conflicts include the war between Russia and Ukraine, continuing hostilities between Israel and Hamas in the Gaza region, escalating tensions involving Israel, Iran and the United States in the Middle East, and the prolonged civil war

in Sudan. In addition, conflicts persist in countries such as Myanmar, Yemen and parts of the Sahel region in Africa, along with instability in regions such as Syria and the Democratic Republic of Congo. These conflicts have contributed to global political and economic uncertainty, volatility in financial and commodity markets, disruptions in supply chains and energy markets, and fluctuations in capital flows, which may affect economic conditions in emerging markets such as India. If we are unable to successfully anticipate and respond to changing economic and market conditions, our business, results of operations and financial condition may be adversely affected.

71. Financial instability in other countries may cause increased volatility in Indian financial markets.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in the United States, Asia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India.

Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Recent developments in the ongoing conflict between Russia and Ukraine have resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, increase borrowing costs, cause outflows of capital from emerging markets and may lead to an overall slowdown in economic activity in India. In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries.

In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented several policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilising effects. Any significant financial disruption could have a material adverse effect on our business, financial condition and results of operations. These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition and results of operations and reduce the price of the Equity Shares.

72. Natural calamities, climate change and health epidemics and pandemics in India could adversely affect our business, results of operations and financial condition. In addition, hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect our business, results of operations and financial condition.

India has experienced natural calamities, such as earthquakes and floods, as well as the global Covid-19 pandemic, in recent years. Natural calamities could have an adverse impact on the Indian economy which, in turn, could adversely affect our business, and they may also damage or destroy our projects or real estate assets. Further, such events may also lead to the disruption of, or damage to, construction equipment and machines, information systems, electrical systems and telecommunication services for sustained periods. Natural calamities may also make it difficult or impossible for employees to reach our business locations. Damage or destruction that interrupts our operations or assets could adversely affect our reputation, our relationships with our customers, our senior management team's ability to administer and supervise our business, or may cause us to incur substantial additional expenditure to repair or replace damaged assets, equipment or machines. Though some of these losses are covered under appropriate insurance, the above factors may still adversely affect our business, results of operations and financial condition.

73. Land is subject to compulsory acquisition by the government and compensation in lieu of such acquisition may be inadequate.

The right to own property in India is subject to restrictions that may be imposed by the Government from time to time. In particular, the Government under the provisions of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 ("**Land Acquisition Act**") has the right to compulsorily acquire any land if such acquisition is for a "public purpose", after providing compensation to the owner. However, the compensation paid pursuant to such acquisition may not be adequate to compensate the owner for the loss of such property. The likelihood of such acquisitions may increase as central and state governments seek to acquire land for the

development of infrastructure projects such as roads, railways, airports and townships. Additionally, we may face difficulties in interpreting and complying with the provisions of the Land Acquisition Act due to limited jurisprudence on them, or if our interpretation differs from or contradicts any judicial pronouncements or clarifications issued by the government. In the future, we may face regulatory actions or we may be required to undertake remedial steps. Any such action in respect of any of the projects in which we are investing or may invest in the future may adversely affect our business, financial condition or results of operations.

74. We may be affected by competition law in India and any adverse application or interpretation of the Competition Act may in turn adversely affect our business.

The Competition Act, 2002, of India, as amended ("**Competition Act**"), regulates practices having an appreciable adverse effect on competition in the relevant market in India ("**AAEC**"). Under the Competition Act, any formal or informal arrangement, understanding, or action in concert, which causes or is likely to cause an AAEC, is considered void and may result in the imposition of substantial penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment, or the provision of services, or shares the market or source of production or provision of services in any manner, including by way of allocation of geographical area or number of customers in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void. The Competition Act also prohibits abuse of a dominant position by any enterprise.

On April 11, 2023, the Competition (Amendment) Bill 2023 received the assent of the President of India to become the Competition (Amendment) Act, 2023 ("**Competition Amendment Act**"), amending the Competition Act and giving the Competition Commission of India ("CCI") additional powers to prevent practices that harm competition and the interests of consumers. It has been enacted to increase the ease of doing business in India and enhance transparency. The Competition Amendment Act, inter alia, modifies the scope of certain factors used to determine AAEC, reduces the overall time limit for the assessment of combinations by the CCI and empowers the CCI to impose penalties based on the global turnover of entities, for anti-competitive agreements and abuse of dominant position.

The Competition Act aims to, among other things, prohibit all agreements and transactions which may have an AAEC in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extraterritorial powers and can investigate any agreements, abusive conduct, or combination occurring outside India if such agreement, conduct, or combination has an AAEC in India. However, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. We may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, results of operations and financial condition.

75. Our business operations may be subject to the provisions of the Insolvency and Bankruptcy Code, 2016, as amended. Any adverse application, interpretation or enforcement of the Code could have a material adverse effect on our business.

The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 ("**IBC Amendment**"), which came into force on June 6, 2018, amended the Insolvency and Bankruptcy Code, 2016 ("IBC") to grant homebuyers the status of financial creditors. Prior to this amendment, real estate allottees were classified as unsecured creditors and were neither considered financial creditors nor operational creditors. As a result, allottees were not entitled to initiate insolvency proceedings against defaulting builders or real estate developers.

With the IBC Amendment, real estate allottees now have the right to invoke Section 7 of the IBC to initiate corporate insolvency resolution process against defaulting builders or developers. The Supreme Court has upheld the retrospective application of the IBC Amendment. Although no such proceedings have been initiated against us to date, there can be no assurance that similar proceedings will not be initiated against us or our partners in the future, particularly in instances where our partners are responsible for the development of certain projects. Such proceedings, if initiated, could adversely affect our business and operational results.

76. A reduction in India's foreign exchange reserves could potentially affect liquidity and influence interest rates within the Indian economy, thereby having an adverse impact on our financial position.

A decline in India's foreign exchange reserves could have a detrimental impact on the valuation of the Indian Rupee, potentially leading to reduced liquidity and increased interest rates. The inflows to India's foreign exchange reserves can be subject to significant volatility, and previous declines have negatively impacted the valuation of the Indian Rupee.

There can be no assurance that India's foreign exchange reserves will not experience further reductions in the future. A continued decline in these reserves, along with other influencing factors, may further affect the valuation of the Indian Rupee, leading to reduced liquidity and elevated interest rates, which could have a negative impact on our business, financial condition, results of operations, and cash flows.

77. Any downgrading of India's sovereign debt rating by an international rating agency could have a negative impact on our business, results of operations and cash flows.

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of India. Any adverse revisions to credit ratings for India by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such funding is available. A downgrading of India's credit ratings may occur, for example, upon a change in government tax or fiscal policy, which is outside our control. This could have an adverse effect on our ability to fund our growth on favourable terms and consequently adversely affect our business and financial performance and the price of the Equity Shares.

78. The extent and reliability of Indian infrastructure, to the extent insufficient, could adversely impact our business, results of operations and financial condition.

India's physical infrastructure is less developed than that of many developed nations. Any congestion or disruption with its road and rail networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the construction industry, including our real estate development projects, and add costs to doing business in India. These problems could interrupt our business operations, which could have an adverse effect on our business, results of operations and financial condition.

79. Investors may not be able to enforce a judgment of a foreign court against us.

Our Company is a company incorporated under the laws of India. All the members of our Board of Directors are Indian citizens. All of our Key Managerial Personnel and Senior Management Personnel are residents of India, and a majority of the assets of our Company and such persons are located in India. As a result, it may not be possible for investors outside India to effect service of process upon our Company or such persons in India, or to enforce against them judgments obtained in courts outside India.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, which include, among others, the United Kingdom, Singapore, United Arab Emirates and Hong Kong. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India cannot be executed in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us or our officers or Directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in a non-reciprocating territory within three years of obtaining such final judgment in the same manner as any other suit filed to enforce a civil liability in India. If, and to the extent that, an Indian court were of the opinion that fairness and good faith so required, it would, under current practice, give binding effect to the final judgment that had been rendered in the non-reciprocating territory, unless such a judgment contravenes principles of public policy in India. It is unlikely that an Indian court would award damages on the same basis or to the same extent as was awarded in a final judgment rendered by a court in another jurisdiction if the Indian court believed that the amount of damages awarded was excessive or inconsistent with Indian practice. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate any amount recovered pursuant to the execution of such a judgment.

80. The average cost of acquisition of Equity Shares held by our Promoters may be lower than the Issue Price.

The average cost of acquisition of Equity Shares held by our Promoters, Prithviraj Sankalchand Sanghvi and Pakshal Prithviraj Sanghvi, is ₹ 2.78 and ₹ 1.43 per Equity Share, respectively, which may be lower than the Issue Price. A substantial portion of the Equity Shares held by our Promoters was acquired by way of bonus issues and gifts, for which no consideration was paid. The weighted average price at which Equity Shares were acquired by our Promoters in the last one year is Nil, as all such Equity Shares were acquired by way of bonus issue or gift. For further details, see *"Capital Structure – Build-up of Promoters' shareholding in our Company"* on page 81.

81. We have issued Equity Shares by way of a bonus issue in the last 12 months, at a price that is lower than the Issue Price.

On February 28, 2026, our Company allotted 72,50,000 Equity Shares by way of a bonus issue in the ratio of one Equity Share for every one Equity Share held, by capitalising retained earnings. Our Company had also allotted 71,25,000 Equity Shares by way of a bonus issue in the ratio of 57 Equity Shares for every one Equity Share held on March 16, 2023. These bonus Equity Shares were issued without consideration and, accordingly, at a price lower than the Issue Price. The price at which Equity Shares have been issued in the past is not indicative of the Issue Price or of the price at which the Equity Shares will trade after listing. For further details, see *"Capital Structure"* on page 77.

82. The Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.

The Issue Price of the Equity Shares will be determined by our Company in consultation with the Book Running Lead Manager through the Book Building Process. This price will be based on numerous factors, as described under the chapter "*Basis of Issue Price*" beginning on page 107 and may not be indicative of the market price for the Equity Shares after the Issue. The market price of the Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that you will be able to resell your Equity Shares at or above the Issue Price.

83. The determination of the Price Band is based on various factors and assumptions and the Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue. Further, the current market prices of some securities listed pursuant to certain previous issues managed by the Book Running Lead Manager are below their respective issue prices.

The determination of the Price Band is based on various factors and assumptions and will be determined by our Company in consultation with the Book Running Lead Manager. Furthermore, the Issue Price of the Equity Shares will be determined by our Company in consultation with the Book Running Lead Manager through the Book Building Process. These will be based on numerous factors, including the factors described under "*Basis of Issue Price*" on page 107, and may not be indicative of the market price for the Equity Shares after the Issue.

Additionally, the current market prices of securities listed pursuant to certain previous initial public offerings managed by the Book Running Lead Manager are below their respective issue prices. For further details, see "*Other Regulatory and Statutory Disclosures – Price information of past issues handled by the Book Running Lead Manager*" commencing on page 337. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, financial performance and results of our Company post-listing, and other factors beyond our control. We cannot assure you that an active market will develop or that sustained trading will take place in the Equity Shares, or provide any assurance regarding the price at which the Equity Shares will be traded after listing. Subsequent to listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measures and Graded Surveillance Measures by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.

SEBI and the Stock Exchanges, in the past, have introduced various pre-emptive surveillance measures with respect to the shares of listed companies in India (the "**Listed Securities**") to enhance market integrity, safeguard the interests of investors and curb potential market abuse. In addition to various surveillance measures already implemented, and to further safeguard the interest of investors, SEBI and the Stock Exchanges have introduced additional surveillance measures ("**ASM**") and graded surveillance measures ("**GSM**").

ASM is conducted by the Stock Exchanges on Listed Securities with surveillance concerns based on certain objective parameters such as price-to-earnings ratio, percentage of delivery, client concentration, variation in volume of shares and volatility of shares, among other things. GSM is conducted by the Stock Exchanges on Listed Securities where the price quoted on the Stock Exchanges is not commensurate with, among other things, the financial performance and financial condition measures such as earnings, book value, fixed assets, net worth, other measures such as price-to-earnings multiple and market capitalisation.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, and low trading volumes as a percentage of combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares being imposed by SEBI and the Stock Exchanges. These restrictions may include higher margin requirements, limits on trading frequency or freezing of the price on the upper side of trading, as well as the mention of our Equity Shares on the surveillance dashboards of the Stock Exchanges. The imposition of these restrictions and curbs on trading may

have an adverse effect on the market price, trading and liquidity of our Equity Shares and on the reputation and condition of our Company. Any such instance may result in a loss of reputation and diversion of our management's attention and may also decrease the market price of our Equity Shares which could cause you to lose some or all of your investment.

84. Our Company's Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Issue; an active trading market for the Equity Shares may not develop; the price of our Equity Shares may be volatile and may not be indicative of the market price of the Equity Shares after the Issue; and you may be unable to resell your Equity Shares at or above the Issue Price or at all.

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market for our Equity Shares may not develop. Listing and quotation do not guarantee that a market for our Equity Shares will develop, or if developed, the liquidity of such market for our Equity Shares. Investors might not be able to rapidly sell the Equity Shares at the quoted price if there is no active trading in the Equity Shares. The Issue Price of our Equity Shares will be determined through the Book Building Process and may not be indicative of the market price of our Equity Shares at the time of commencement of trading of our Equity Shares or at any time thereafter.

There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Issue could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Draft Red Herring Prospectus. These broad market fluctuations and industry factors may materially reduce the market price of our Equity Shares, regardless of our Company's performance. In addition, following the expiry of the applicable lock-in periods on certain portions of the pre-Issue Equity Share capital, our Promoters may sell their shareholding in our Company, depending on market conditions and their investment horizon. Any perception by investors that such sales might occur could additionally affect the trading price of our Equity Shares. Consequently, the price of our Equity Shares may be volatile, and you may be unable to sell your Equity Shares at or above the Issue Price, or at all. A decrease in the market price of our Equity Shares could cause investors to lose some or all of their investment.

85. There is no guarantee that our Equity Shares will be listed on the BSE and NSE in a timely manner or at all.

In accordance with Indian law and practice, permission for listing and trading of our Equity Shares will not be granted until certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the BSE and NSE within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

86. Investors will not be able to sell any Equity Shares on the Stock Exchanges until we receive the appropriate listing and trading approvals.

Pursuant to applicable Indian laws, certain actions must be completed before our Equity Shares can be listed and trading in our Equity Shares may commence. Permission for listing of our Equity Shares will be granted only after the Equity Shares in this Issue have been Allotted and all other relevant documents authorising the issuing of our Equity Shares have been submitted. The Allotment of Equity Shares in this Issue and the credit of such Equity Shares to the applicant's demat account with the depository participant could take approximately two Working Days from the Bid/Issue Closing Date, and trading in the Equity Shares, upon receipt of final listing and trading approvals from the Stock Exchanges, is expected to commence within three Working Days of the Bid/Issue Closing Date. There can be no assurance that our Equity Shares will be credited to investors' demat accounts, or that trading in our Equity Shares will commence, within the prescribed time periods. We could also be required to pay interest at the applicable rates if Equity Shares are not Allotted, refund orders are not dispatched or demat credits are not made to investors within the time periods prescribed under law.

87. The requirements of being a listed company may strain our resources.

Our Company is not a listed company and has not, historically, been subject to the increased scrutiny of its affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, our Company will incur significant legal, accounting, corporate governance and other expenses that it did not incur as an unlisted company, and will be subject to the SEBI Listing Regulations, which require it to file audited annual and unaudited quarterly reports with respect to its business and financial condition.

If our Company experiences any delays, it may fail to satisfy its reporting obligations or may not be able to readily determine and report any changes in its results of operations as promptly as other listed companies. Further, our Company

will need to maintain and improve the effectiveness of its disclosure controls and procedures and internal control over financial reporting, which will require significant resources and management attention. As a result, the attention of our management may be diverted from our business, which may adversely affect our business, prospects, results of operations and financial condition.

88. Any future issuance of Equity Shares or convertible securities or other equity linked securities by our Company may dilute holders' shareholding, and sales of the Equity Shares by our Promoters or other shareholders may adversely affect the trading price of the Equity Shares.

Our Company may be required to finance our growth through future equity offerings. Any future equity issuances by our Company may lead to the dilution of investors' shareholding in our Company. Any disposal of Equity Shares by our shareholders or the perception that such issuance or sales may occur, including to comply with the minimum public shareholding norms applicable to listed companies in India, may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of the Equity Shares or incurring additional debt. Additionally, the disposal, pledge or encumbrance of the Equity Shares by our Promoters or other shareholders, or the perception that such transactions may occur, may affect the trading price of the Equity Shares. There can be no assurance that our Company will not issue further Equity Shares or that the shareholders will not dispose of the Equity Shares. Such securities may also be issued at prices below the Issue Price.

89. QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Bidders are not permitted to withdraw their Bids after the Bid/Issue Closing Date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their bids (in terms of quantity of Equity Shares or the bid amount) at any stage after submitting a bid. Similarly, Retail Individual Bidders can revise or withdraw their bids at any time during the Bid/Offer Period and until the Bid/Offer Closing Date, but not thereafter. While we are required to complete all necessary formalities for listing and commencement of trading our Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed, including Allotment within such period as may be prescribed by the SEBI, adverse events affecting the investors' decision to invest in our Equity Shares may arise between the date of submission of the Bid and Allotment. Therefore, QIBs and Non-Institutional Bidders will not be able to withdraw or lower their bids following adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or otherwise at any stage after the submission of their bids. Our Company may complete the Allotment of our Equity Shares even if such events occur, and such events limit the Bidders' ability to sell our Equity Shares Allotted pursuant to the Offer or cause the trading price of our Equity Shares to decline on listing.

90. Investors may be subject to Indian taxes on income arising from the sale of, and dividends on, the Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Securities transaction tax ("STT") is levied on equity shares sold on an Indian stock exchange. Any capital gains exceeding ₹ 1.25 lakhs realised on the sale of listed equity shares on a recognised stock exchange, held for more than 12 months, may be subject to long-term capital gains tax in India at the rate of 12.50% (plus applicable surcharge and cess), subject to payment of STT. Further, any capital gains realised on the sale of listed equity shares held for more than 12 months, which are sold other than on a recognised stock exchange and on which no STT has been paid, will be subject to long-term capital gains tax in India at the rate of 12.50% (plus applicable surcharge and cess), without indexation benefits.

Further, any gain realised on the sale of our Equity Shares held for a period of 12 months or less immediately preceding the date of transfer will be subject to short-term capital gains tax in India at the rate of 20% (plus applicable surcharge and cess), subject to STT being paid at the time of sale of such shares. Otherwise, such gains will be taxed at the applicable rates.

Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India where relief from such taxation is provided under a treaty between India and the country of which the seller is resident, read with the Multilateral Instrument, if and to the extent applicable. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to tax in India as well as in their own jurisdiction on a gain realised upon the sale of the Equity Shares. Dividends declared by our Company are taxable in the hands of shareholders and are subject to tax deduction at source, and we may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

91. Foreign investors are subject to investment restrictions under Indian laws, which limit our ability to attract foreign investors and may adversely impact the market price of Equity Shares.

Foreign ownership of Indian securities is subject to Government regulation. Under the foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents is freely permitted (subject to compliance with sectoral norms and certain other restrictions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or does not fall under any of the exceptions specified by the RBI, then prior approval of the RBI will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy upto any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment.

Additionally, shareholders who seek to convert the Indian Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or tax clearance certificate from the Indian income tax authorities. We cannot assure investors that any required approval from the RBI or any other Indian government agency can be obtained on any particular terms, or at all.

Further, pursuant to Press Note No. 3 (2020 Series) dated April 17, 2020, issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can only be made through the Government approval route, as prescribed in the Consolidated FDI Policy and the FEMA Rules. These investment restrictions shall also apply to subscribers of offshore derivative instruments. The Company cannot assure investors that any required approval from the RBI or any other government agency can be obtained on any particular terms, or at all.

92. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time taken for such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares, may reduce the proceeds received by Shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the returns on our Equity Shares, independent of our operating results.

93. Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer holders of its Equity Shares pre-emptive rights to subscribe and pay for a proportionate number of Equity Shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the Equity Shares who have voted on such resolution. However, if the laws of the jurisdiction in which the holders are located do not permit the exercise of such pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, the holders will be unable to exercise such pre-emptive rights unless we make such a filing. The Company may elect not to file a registration statement in relation to pre-emptive rights otherwise available under Indian law to the holders. To the extent that the holders are unable to exercise pre-emptive rights granted in respect of the Equity Shares, they may suffer future dilution of their ownership position and their proportional interests in our Company would be reduced.

94. The ability of investors to acquire and sell Equity Shares is restricted by the distribution and transfer restrictions set forth in this Draft Red Herring Prospectus.

No actions have been taken to permit a public offering of our Equity Shares in any jurisdiction other than India. As such, our Equity Shares have not been and will not be registered under the U.S. Securities Act, any state securities laws or the law of any jurisdiction other than India. Furthermore, our Equity Shares are subject to restrictions on transferability and resale. You are required to inform yourself about and observe these restrictions. See *"Other Regulatory and Statutory Disclosures – Disclaimer in respect of Jurisdiction"* on page 333. We, our representatives and our agents will not be

obligated to recognise any acquisition, transfer or resale of our Equity Shares made other than in compliance with the restrictions set forth herein.

95. If security or industry analysts do not publish research, or publish unfavourable or inaccurate research about the business of our Company, the price and trading volume of the Equity Shares may decline.

The trading market for the Equity Shares may depend, in part, on the research and reports that securities or industry analysts publish about us or our business. We may be unable to sustain coverage by established and/or prominent securities and industry analysts. If no securities or industry analysts, or only a limited number of them, maintain coverage of our Company, or if these securities or industry analysts are not widely respected within the general investment community, the trading price for our Equity Shares would be negatively impacted. In the event we obtain securities or industry analyst coverage, if one or more of the analysts downgrade our Equity Shares or publish inaccurate or unfavourable research about our business, our Equity Shares price may decline. If one or more of these analysts cease coverage of our Company or fail to publish reports on us regularly, demand for our Equity Shares could decrease, which might cause the price and trading volume of our Equity Shares to decline.

96. Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. For instance, the economic downturn in the U.S. and several European countries during parts of Fiscal 2008 and Fiscal 2009 adversely affected market prices in the global securities markets, including India. Following the United Kingdom's exit from the European Union (**Brexit**), there still remains significant uncertainty around the impact of Brexit on the general economic conditions in the United Kingdom and the European Union and any consequential impact on global financial markets. In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. Further, the collapse of Silicon Valley Bank in 2023 also caused volatility in global financial markets. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general.

A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of the Equity Shares.

97. Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face more challenges in asserting their rights as a shareholder in an Indian company than as a shareholder of an entity in another jurisdiction.

98. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Although the SEBI Takeover Regulations have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated. Shareholders' rights under Indian law and our Articles of Association may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face more challenges in asserting their rights as a shareholder in an Indian company than as a shareholder of an entity in another jurisdiction.

***Subject to finalisation of the Basis of Allotment.*

**Our Company, in consultation with the Book Running Lead Manager, may consider further issuance of specified securities, by way of private placement(s), preferential allotment(s) or any other mode as may be permitted under the applicable law, aggregating upto ₹ [●] lakhs (the "Pre-IPO Placement"), prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the Book Running Lead Manager. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Issue, subject to compliance with Rule 19(2)(b) of the Securities Contracts*

(Regulations) Rules, 1957, as amended ("SCRR"). The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Issue. Prior to the completion of the Issue and allotment pursuant to the Pre-IPO Placement, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Issue or the Issue may be successful and will result in listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and Prospectus.

(1) *The Issue has been authorised by our Board pursuant to a resolution passed at its meeting held on August 10, 2026 and by our Shareholders pursuant to a special resolution passed at their meeting held on August 12, 2026 in terms of Section 62(1)(c) of the Companies Act, 2013.*

(2) *Our Company, in consultation with the BRLM, may allocate upto 60% of the said allocation of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. In accordance with the SEBI ICDR Notification no. SEBI/LAD-NRO/GN/2025/271 dated October 31, 2025, 40 % of the Anchor Investor Portion, within the aforesaid limit shall be reserved as follows: (a) 33.33 % shall be allocated to domestic Mutual Funds and (b) 6.67 % shall be allocated to Life Insurance Companies and Pension Funds. Further in the event of under-subscription in the portion reserved for Life Insurance Companies and Pension Funds, the balance portion may be re-allocated to domestic Mutual Funds. Furthermore, in the event of under-subscription or non-Allotment in the Anchor Investor Portion, the balance Equity Shares in the Anchor Investor Portion shall be added to the Net QIB Portion. For details, see "Issue Procedure" on page. 355.*

(3) *Under-subscription, if any would be allowed to be met with spill-over from other categories or a combination of categories. In the event of under-subscription in the Issue, the Equity Shares will be allocated in the manner specified in "Terms of the Issue" on page. 343.*

(4) *Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, would be allowed to be met with spill-over from any other category or combination of categories, as applicable, at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange, subject to applicable laws.*

(5) *Allocation to Bidders in all categories, other than Anchor Portion, Retail Individual Portion and Non-Institutional Portion, shall be made on a proportionate basis, subject to valid Bids received at or above the Issue Price. The allocation to each Retail Individual Bidder shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in Retail Portion and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis. One-third of the Non-Institutional Portion shall be reserved for applicants with application size of more than ₹2.00 lakhs and upto ₹10.00 lakhs, two-thirds of the Non-Institutional Portion shall be reserved for Bidders with an application size of more than ₹10.00 lakhs and the unsubscribed portion in either of the above sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Bidders. The Allocation to each Non-Institutional Investor shall not be less than the minimum application size viz. ₹2.00 lakhs, subject to availability of Equity Shares in the Non-Institutional Portion and the remaining Equity Shares, if any, shall be allocated on a proportionate basis. Allocation to Anchor Investors shall be on a discretionary basis, in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations. For details, please see "Issue Procedure" on page 355.*

For further details, see *"Issue Structure", "Issue Procedure" and "Terms of the Issue"* on page no.350, 355 and 343 respectively.

Note: The above details shall be filled in the Prospectus to be filed with the RoC

Our Company undertakes that the Equity Shares that are being locked-in are not and will not be ineligible for computation of Minimum Promoters' Contribution in terms of Regulation 15 of the SEBI ICDR Regulations. In this connection, we confirm the following:

(i) The Equity Shares offered for Minimum Promoters' Contribution do not include Equity Shares acquired in the three immediately preceding years (a) for consideration other than cash, and revaluation of assets or capitalisation of intangible assets; or (b) have resulted from bonus issue by utilization of revaluation reserves or unrealised profits of our Company or bonus issue against Equity Shares, which are otherwise ineligible for computation of Minimum

Promoters' Contribution;

(ii) The Minimum Promoters' Contribution does not include any Equity Shares acquired during the immediately preceding one year at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;

(iii) Our Company has not been formed by the conversion of one or more partnership firms or of a limited liability partnership firm into a company;

(iv) The Equity Shares forming part of the Minimum Promoters' Contribution are not subject to any pledge; and

(v) All the Equity Shares held by the Promoters are held in dematerialised form.

d) **Other Lock-in requirements**

(i) In terms of Regulation 17 of the SEBI ICDR Regulations, in addition to the Minimum Promoters' Contribution which shall be locked-in as specified above, the entire pre-Issue Equity Share capital of our Company (including the Equity Shares held by our Promoters in excess of Minimum Promoters' Contribution), shall, unless otherwise permitted under the SEBI ICDR Regulations, be locked-in for a period of 6 (six) months from the date of Allotment as required under the SEBI ICDR Regulations.

(ii) In terms of Regulation 21 of the SEBI ICDR Regulations, the Equity Shares held by our Promoters, which are locked-in as per Regulation 16 of the SEBI ICDR Regulations, may be pledged only with scheduled commercial banks, public financial institutions, NBFC-SIs or housing finance companies as collateral security for loans granted by such entities, provided that such loans have been granted for the purpose of financing one or more of the objects of the Issue and pledge of the Equity Shares is a term of sanction of such loans.

(iii) In terms of Regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by our Promoters, which are locked-in may be transferred to and amongst the members of the Promoter Group including other Promoters or to any new promoter, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the SEBI Takeover Regulations, as applicable and such transferee shall not be eligible to transfer them till the lock-in period stipulated in SEBI ICDR Regulations has expired.

(iv) 50% of the Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 30 days from the date of Allotment and the remaining 50% shall be locked-in for a period of 90 days from the date of Allotment.

13. All issuances of Equity Shares by our Company from the date of incorporation of our Company till the date of this Draft Red Herring Prospectus have been made in compliance with Companies Act 2013. The Equity Shares are fully paid-up and there are no partly paid-up Equity Shares as on the date of this Draft Red Herring Prospectus. The Equity Shares to be issued pursuant to the Issue shall be fully paid-up at the time of Allotment.

14. As on the date of this Draft Red Herring Prospectus, our Company has no outstanding warrants, options to be issued or rights to convert debentures, loans or other convertible instruments or which would entitle any person any option to receive Equity Shares of our Company.

15. No person connected with the Issue, including our Company, the BRLM, the member of the Syndicate, our Promoters, member of our Promoter Group, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.

16. None of our Directors, Promoters, members of our Promoter Group, Key Managerial Personnel, Senior Management (in each case, who hold Equity Shares of our Company) and other existing shareholders of our Company, are directly or indirectly related to the BRLM or its associates (as defined in the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992, as amended).

17. We confirm that the BRLM is not an associate of the Company as per Regulation 21A(1) of the SEBI (Merchant Bankers) Regulations, 1992, as amended.

18. As on the date of this Draft Red Herring Prospectus, neither the BRLM nor their respective associates (as defined in the SEBI Merchant Bankers Regulations) hold any Equity Shares of face value ₹10 each in our Company. The BRLM and their respective associates and affiliates may engage in transactions with, and perform services for, our Company and its affiliates or associates in the ordinary course of business and may in the future engage in commercial banking and investment banking transactions with our Company and its affiliates or associates for which they may in the future receive compensation.

19. Neither the (i) BRLM or any associate of the BRLM (other than mutual funds sponsored by entities which are associates of the BRLM or insurance companies promoted by entities which are associates of the BRLM or AIFs sponsored by entities which are associates of the BRLM) or FPIs (other than individuals, corporate bodies and family offices) sponsored by entities which are associates of the BRLM or pension funds sponsored by entities which are associates of the BRLM; nor (ii) any person related to the Promoters or Promoter Group can apply under the Anchor Investor Portion.

20. Except for the allotment of Equity Shares pursuant to (i) the Issue; (ii) the Pre-IPO Placement; and (iii) any specified securities issued by our Company, there will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of this Draft Red Herring Prospectus with SEBI until the Equity Shares have been listed on the Stock Exchanges or all application monies have been refunded, as the case may be.

21. Our Company presently does not intend or propose and is not under negotiations or considerations to alter its capital structure for a period of six months from the Bid/Issue Opening Date, by way of split or consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares) whether on a preferential basis or by way of issue of bonus shares or on a rights basis or by way of further public issue of Equity Shares or qualified institutions placements or otherwise. Provided however, that the foregoing restrictions do not apply to the issuance of any Equity Shares under the Issue. However, if our Company enters into acquisitions, joint ventures or other arrangements, our Company may, subject to necessary approvals, consider raising additional capital to fund such activity or use Equity Shares as currency for acquisitions or participation in such joint ventures.

22. Except as disclosed above in *"- Build-up of our Promoters' shareholding in our Company"*, *"- Shareholding of the members of the Promoter Group in our Company"*, on page 81 and 88 our Promoters, any member of our Promoter Group, our Directors, or their relatives have not purchased or sold any securities of our Company during the period of six months immediately preceding the date of this Draft Red Herring Prospectus.

23. There have been no financing arrangements whereby our Promoters, members of our Promoter Group, our directors and their relatives have financed the purchase by any other person of securities of our Company during a period of six months preceding the date of filing of this Draft Red Herring Prospectus.

24. Our Company shall ensure that any transactions in the specified securities of our Company by our Promoters and our Promoter Group during the period between the date of filing of this Draft Red Herring Prospectus and the date of closure of the Issue shall be reported to the Stock Exchanges within 24 hours of such transactions.

25. Neither our Company, nor any of our directors have entered into any existing buy-back arrangements for purchase of Equity Shares from any person. Further, the Book Running Lead Manager has not made any buy-back arrangements for purchase of Equity Shares from any person.

26. Our Company shall ensure that there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.

27. As on the date of this Draft Red Herring Prospectus, our Company does not have any Shareholders entitled with right to nominate Directors or any other rights.

28. As of the date of this Draft Red Herring Prospectus, our Company has Seven (7) Shareholders.

29. Except as disclosed in this section, our Company has not undertaken any public issue of securities or any rights issue of any kind or class of securities in terms of SEBI ICDR Regulations, since its incorporation.

30. Any oversubscription to the extent of 1% of the Issue size can be retained for the purposes of rounding off to the nearest multiple of minimum allotment lot while finalizing the Basis of Allotment.

31. Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

Our Company shall comply with Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended, in relation to its post-Issue paid-up Equity Share capital.

SECTION IV- PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

Fresh Issue

The Issue comprises of a Fresh Issue of upto 60,00,000 Equity Shares of face value of ₹ 10 each aggregating upto ₹ [●] lakhs. The proceeds of the Fresh Issue, after deducting the Issue related expenses, are estimated to be ₹ [●] lakhs (**Net Proceeds**).

Requirement of funds

Our Company proposes to utilise the Net Proceeds towards the following objects:

1. Investment in our Subsidiaries, Sanghvi Green LLP, SanghviP Builders LLP and Psanghvi & Jain Builders LLP for part-funding development and construction cost of our Ongoing Projects, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire, respectively; and

2. Funding acquisition of future projects and general corporate purposes.

(Collectively, referred to herein as the **Objects**).

In addition, our Company expects to receive the benefits of listing of our Equity Shares on the Stock Exchanges including enhancing our Company's visibility and brand image and creation of a public market for our Company's Equity Shares in India.

The main objects and objects incidental and ancillary to the main objects, as set out in our Company's Memorandum of Association, enable our Company to undertake our existing business activities and the activities proposed to be funded from the Net Proceeds.

Net Proceeds

The details of the proceeds from the Fresh Issue are set forth in the table below:

(Rs. in lakhs)

(2) For details with respect to of fees and expenses, see "Objects of the Issue – Issue related expenses" on page 104.

Utilisation of Net Proceeds

The Net Proceeds are proposed to be utilised in accordance with the details provided in the table below:

(Rs. in lakhs)

Sr. No.	Particulars	Estimated utilisation from Net Proceeds
1.	Investment in our Subsidiaries, Sanghvi Green LLP, SanghviP Builders LLP and Psanghvi & Jain Builders LLP for part-funding development and construction cost of our Ongoing Projects, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire, respectively.	16,477.65
2.	Funding acquisition of future projects and general corporate purposes. [(1)]	[●]
	Net Proceeds	[●]

(1) To be finalised upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount to be utilised for funding acquisition of future projects and general corporate purposes will not individually exceed 25% of the Gross Proceeds respectively, and will not collectively exceed 35% of the Gross Proceeds.

Proposed schedule of implementation and deployment of Net Proceeds

Our Company proposes to deploy the Net Proceeds for the Objects in accordance with the estimated schedule of implementation and deployment of funds set forth in the table below:

(Rs. in lakhs)

Sr. No.	Particulars	Amount to be funded from Net Proceeds	Estimated deployment
			Fiscal 2027
1	Investment in our Subsidiaries, Sanghvi Green LLP, SanghviP Builders LLP and Psanghvi & Jain Builders LLP for part-funding development and construction cost of our Ongoing Projects, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire, respectively	16,477.65	16,477.65
2	Funding acquisition of future projects and general corporate purposes [(1)]	[●]	[●]
	Total Net Proceeds	[●]	[●]

(1) To be finalised upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount to be utilised for funding acquisition of future projects and general corporate purposes will not individually exceed 25% of the Gross Proceeds respectively, and will not collectively exceed 35% of the Gross Proceeds.

The fund requirements, the proposed deployment of funds and the intended use of the Net Proceeds as described herein are based on our Company's current business plan, management estimates, prevailing market conditions and other commercial and technical factors. However, such fund requirements and deployment of funds have not been appraised by any bank, or financial institution. See '*Risk Factor - 24. The objects of the Fresh Issue for which the funds are being raised have not been appraised by any bank or financial institution. Any variation in the utilisation of our Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval.'* on page 34. We may have to revise our funding requirements and deployment on account of a variety of factors such as financial and market conditions, the conditions prevailing in the real estate market in India, change in the legal and regulatory landscape affecting the real estate industry, macro-economic factors, change in government policy, changes in business and strategy, competition, and other external factors such as changes in the business environment and interest or exchange rate fluctuations, which may not be within the control of our Company's management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our Company's management, subject to compliance with applicable laws.

In the event that the estimated utilisation of the Net Proceeds in a scheduled Fiscal Year is not completely met, such unutilised amounts shall be utilised (in part or full) in the next Fiscal Year, as may be determined by our Company, in accordance with applicable laws. We may, however, utilize the proceeds prior to the specific periods mentioned in the schedule of deployment, in accordance with the requirements of our Company. Subject to applicable laws, in the event of any increase in the actual utilization of funds earmarked for the purposes set forth above, such additional funds for a particular activity will be met by way of funding means available to us, including from internal accruals and any additional equity and/or debt arrangements. Further, if the actual utilisation towards any of the objects is lower than the proposed deployment, such balance will be used towards acquiring future projects and general corporate purposes, provided that the total amount to be utilised towards acquiring future projects and general corporate purposes will not exceed 35% of the Gross Proceeds in accordance with Regulation 7(3) of the SEBI ICDR Regulations. For details on risks involved, see "See '*Risk Factor - 24. The objects of the Fresh Issue for which the funds are being raised have not been appraised by any bank or financial institution. Any variation in the utilisation of our Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval*." on page 34.

Details of the Objects of the Issue

A. Investment in our Subsidiaries, Sanghvi Green LLP, SanghviP Builders LLP and Psanghvi & Jain Builders LLP for part-funding development and construction cost of our Ongoing Projects, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire, respectively.

We are a real estate developer engaged in the construction and development of residential and commercial projects across the Mumbai Metropolitan Region, Maharashtra, with our core focus on the redevelopment of existing residential properties and housing societies in established urban locations in the western and central suburbs of Mumbai, in South-Central Mumbai and in the Thane district.

We propose to deploy a part of the proceeds of the Issue towards part-funding the development and construction cost of three of our Ongoing Projects, namely Sanghvi Horizon at Borivali (through our Subsidiary, Sanghvi Green LLP), Sanghvi Boulevard at Malad (through our Subsidiary, SanghviP Builders LLP) and Sanghvi Sapphire at Jogeshwari (through our Subsidiary, Psanghvi & Jain Builders LLP). As on the date of this Draft Red Herring Prospectus, the actual mode of investment into our Subsidiaries has not been finalised and may be in the form of debt or capital or in any other manner as may be required under the respective facility agreements. We believe that the said investment in our Subsidiaries will enhance the value of our investment in them and will be in furtherance of our growth strategies.

Each of the three Projects is a Redevelopment Project. Sanghvi Green LLP, SanghviP Builders LLP and Psanghvi & Jain Builders LLP have each entered into a development agreement with the concerned co-operative housing society and its members, and have obtained the approvals required to commence the development and construction work for the respective Project, including the commencement certificate issued by the concerned planning authority. The table below illustrates key details of the same:

Project Name	Date of Development Agreement	Commencement Certificate Issued on	RERA Completion Date
Sanghvi Horizon	February 15, 2022	October 16, 2023	December 31, 2028
Sanghvi Boulevard	January 4, 2024	February 27, 2026	December 31, 2032
Sanghvi Sapphire	November 12, 2024	January 12, 2024	March 31, 2028

Further details of the Projects are provided in the section entitled *"Our Business"* on page 160.

We propose to utilise upto ₹ 16,477.65 lakhs from the Net Proceeds for costs in relation to the 3 (three) Ongoing Projects, namely, Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire.

Estimated Cost

We propose to utilise a sum of ₹ 16,477.65 lakhs from the Net Proceeds towards costs of the Projects. The fund requirements, the deployment of funds and the intended use of the Net Proceeds towards our Funding Expenses are based on our management estimates, the other commercial and technical factors and have been certified by M/s. Dosin Engineers, Independent Chartered Engineer, by way of their certificate dated September 24, 2026. However, such total estimated cost and related fund requirements have not been appraised by any bank or financial institution.

B. Investment in our Subsidiary Sanghvi Green LLP for part-funding development and construction cost of our Ongoing Project, Sanghvi Horizon

Sanghvi Green LLP ("Sanghvi Green"), our Subsidiary, entered into a development agreement dated February 15, 2022 with Shanti Bhuvan, New Mahavir Darshan Co-operative Housing Society Limited and its members for the redevelopment of the society's premises. The redevelopment of the society's premises has been named Sanghvi Horizon.

Sanghvi Horizon is located at Borivali, Mumbai, Maharashtra (C.T.S. No. 61 situated at Kasturba Road in R/C Ward) and is one of our 10 (ten) Ongoing Projects.

The estimated total developable area of Sanghvi Horizon is 1,05,000 sq. ft. and the estimated total saleable area is 38,537 sq. ft. The Project comprises 100 units, of which 37 units are to be allotted to the existing members of the society and 63 units are available to us for sale. As on August 31, 2026, the Project was 70.00% complete. Sanghvi Green has obtained the approvals required to commence the development and construction of the Project, including the commencement certificate issued on October 16, 2023, and the Project is registered with the Maharashtra Real Estate Regulatory Authority under registration no. P51800054086. The completion date of the Project as per its registration under the Real Estate (Regulation and Development) Act, 2016 is December 31, 2028.

We intend to utilise a part funding from the Net Proceeds amounting to ₹ 2,685.76 lakhs to make an investment in Sanghvi Green LLP for Project Sanghvi Horizon. The actual mode of investment into our Subsidiary has not been finalised and may be in the form of debt or capital or in any other manner as may be required under the respective facility agreements.

Cost towards obtaining government and statutory approvals and purchase of additional FSI

The estimated expenditure towards making payments for obtaining certain of our government and statutory approvals and purchase of additional FSI, which we propose to deploy from the Net Proceeds for our Ongoing Project, Sanghvi Horizon is ₹ 2,589.00 lakhs.

Set out below is a detailed break up of our Funding Expenses along with the list of government and statutory approvals and additional FSI we propose to obtain for Sanghvi Horizon:

(Rs. in lakhs)

Sr. No.	Particulars	Issuing authority	Purpose	Amount to be funded from Net Proceeds*
1	Premium for Fungible FSI	MCGM	MCGM premium	479.00
2	Development Cess	MCGM	MCGM premium	110.00
3	Purchase of tenements for project affected persons (PAP) and permanent transit camp (PTC)	Third Party Vendor	For additional FSI	2,000.00
			Total	**2,589.00**

**As certified by M/s. Dosin Engineers, Independent Chartered Engineer, by way of their certificate dated September 24, 2026.*

Manner of calculation of MCGM premiums and charges; purchase of additional FSI; and property tax:

Obtaining the approvals required for the development of our Projects from the Municipal Corporation of Greater Mumbai ("MCGM") involves the payment of various premiums and charges, and the development potential available to a property may be augmented by acquiring additional Floor Space Index ("FSI").

The premiums and charges payable to MCGM, including fungible FSI premium, premium for additional FSI, staircase and lift lobby premium, deficiency in open space premium, development charges and development cess, are computed as a prescribed percentage of the Ready Reckoner Rate ("RRR") notified for open land in the relevant area, applied to the area relevant to the particular premium or charge. The amount payable in respect of additional FSI purchased from MCGM is computed in the same manner, being a prescribed percentage of the RRR for open land applied to the additional FSI area. Additional FSI acquired from private parties, whether by way of transferable development rights or otherwise, is acquired on negotiated terms and the consideration payable is not determined by reference to the RRR.

During the period of construction, MCGM levies property tax on the property under the 'land under construction' category. This tax is computed on the capital value of the land, being the land area multiplied by the applicable RRR for open land

			Total	**825.20**

**As certified by M/s. Dosin Engineers, Independent Chartered Engineer, by way of their certificate dated September 24, 2026.*

Manner of calculation of MCGM premiums and charges; purchase of additional FSI; and property tax:

Obtaining the approvals required for the development of our Projects from the Municipal Corporation of Greater Mumbai ("MCGM") involves the payment of various premiums and charges, and the development potential available to a property may be augmented by acquiring additional Floor Space Index ("FSI").

The premiums and charges payable to MCGM, including fungible FSI premium, premium for additional FSI, staircase and lift lobby premium, deficiency in open space premium, development charges and development cess, are computed as a prescribed percentage of the Ready Reckoner Rate ("RRR") notified for open land in the relevant area, applied to the area relevant to the particular premium or charge. The amount payable in respect of additional FSI purchased from MCGM is computed in the same manner, being a prescribed percentage of the RRR for open land applied to the additional FSI area. Additional FSI acquired from private parties, whether by way of transferable development rights or otherwise, is acquired on negotiated terms and the consideration payable is not determined by reference to the RRR.

During the period of construction, MCGM levies property tax on the property under the 'land under construction' category. This tax is computed on the capital value of the land, being the land area multiplied by the applicable RRR for open land

***Means* of finance**

The total estimated cost for the 3 (three) Projects is ₹ 29,923.09 lakhs. As of August 31, 2026, our Subsidiaries have already deployed funds towards an aggregate amount of ₹ 6,239.78 lakhs as costs towards the Projects- Sanghvi Horizon, Sanghvi Boulevard and Sanghvi Sapphire (as certified by M/s. Shrawan Roy & Assosciates, Chartered Accountants, the Statutory Auditors of our Company, by way of their certificate dated September 21, 2026). We intend to fund the estimated cost of these three projects as follows:

(Rs. in lakhs)

Particulars	Amount
Total estimated cost of our Ongoing Projects (A)	29,923.09[(1)]
(less) Amount deployed as at August 31, 2026 (B)	6,239.78[(2)]
Balance estimated cost to be funded (C=A-B)	23,683.31
Amount to be funded by infusion of Net Proceeds (D)	16,477.65
Amount proposed to be funded through Internal Accruals (E)	7,205.66

(1) As certified by M/s. Dosin Engineers, Independent Chartered Engineer, by way of their certificate dated September 24, 2026.
(2) As certified by M/s. Shrawan Roy & Assosciates, Chartered Accountants, the Statutory Auditors of our Company, by way of their certificate dated September 21, 2026 bearing UDIN 26113842QXPTCB1854.

The entire fund requirements yet to be funded for the above Projects are proposed to be entirely funded from the Net Proceeds and internal accruals. Hence, no amount is proposed to be raised through any other means of finance. Accordingly, we are in compliance with the requirements prescribed under Paragraph 9(C)(1) of Part A of Schedule VI and Regulation 7(1)(e) of the SEBI ICDR Regulations which require firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Issue and existing internal accruals. In case of a shortfall in the Net Proceeds or any increase in the actual utilisation of funds earmarked for the Objects, our Company may explore a range of options including utilizing our internal accruals.

No part of the Issue proceeds will be utilised for recouping the loans given to the associates, related parties and other entities or to repay loans taken by our Company or its Subsidiaries from our Promoters/ Directors or any other related parties

Funding acquisition of future projects and general corporate purpose

We propose to utilise upto ₹ [●] lakhs of the Net Proceeds towards funding acquisition of future projects and general corporate purposes and for the business requirements of our Company as approved by the Board, from time to time, subject to (a) the cumulative amount to be utilised for general corporate purposes and our object of 'Funding acquisition of future projects' shall not exceed 35% of the amount raised by our Company; and (b) the amount utilised for our object of 'Funding acquisition of future projects' shall not exceed 25% of the amount raised by our Company, in compliance with the SEBI ICDR Regulations.

Funding acquisition of future projects

We undertake both Redevelopment Projects and Greenfield Projects. In a Redevelopment Project we enter into a development agreement with a co-operative housing society under which we acquire development rights in respect of the society's property, in place of acquiring the land outright. This limits the capital we commit at the outset of a project, as we do not incur the cost of purchasing land, and it shortens the period spent on establishing and clearing title, which is typically longer in an outright land acquisition. In a Greenfield Project we acquire land, or development rights in respect of land, and develop it. Redevelopment has been the predominant route through which we have added projects to our portfolio, and we expect it to remain so, while we continue to evaluate opportunities to acquire land where we believe the location and the terms of acquisition support the returns we seek.

For the classification of our projects as Completed Projects, Ongoing Projects, Upcoming Projects, Redevelopment Projects and Greenfield Projects, see "*Definitions and Abbreviations*" on page 1

We intend to use our presence in our existing micro-markets, and our understanding of the requirements of societies and of purchasers in these micro-markets, to add to our pipeline, both in the areas in which we already operate and in adjacent areas in which we presently have no projects. Our Upcoming Projects are located at Andheri (West), Andheri (East), Goregaon (West), Borivali (East), Bandra (West), Mahim, Gamdevi, Tardeo, Worli and Sion in Mumbai, and at Vasind in Thane district, and we continue to evaluate opportunities in other micro-markets. We believe that our record of rehousing occupants and of completing projects and obtaining occupation certificates, and our relationships with societies, landowners, architects, consultants and contractors in these areas, allow us to identify and bid for projects and to move them to commencement within a shorter timeline. Accordingly, we intend to undertake further projects and to grow our portfolio, by entering into development agreements with co-operative housing societies and by acquiring land or development rights in respect of land (each such undertaking hereinafter referred to as a "Project").

The cost of acquiring a Project varies with, among other things, the location of the property, the outcome of our technical and financial feasibility assessment, the documents available with the society or the owner of the land, the consideration agreed, and design and site constraints. In the case of a Redevelopment Project, the cost of acquisition also includes the amounts payable in connection with the redevelopment arrangement, such as amounts payable to the society and its members at the outset, rent and corpus payable to members during the period of redevelopment, and hardship and shifting compensation. In the case of a Greenfield Project, it includes the consideration payable for the land or the development rights and the cost of conversion of the status of the land, where applicable. In each case, the cost of acquisition also includes brokerage, cost of title investigation, stamp duty and registration charges, taxes, legal and professional fees, premium and other amounts payable to the planning authority, and the cost of obtaining approvals. All of these form part of the cost of acquisition of a Project. We intend to utilise the entire amount earmarked for the undertaking of Projects during Fiscal 2027.

As on the date of this Draft Red Herring Prospectus, we have not identified any specific Project which we propose to acquire. The acquisition of a Project is a time-consuming process, requiring an extensive set of diligence procedures to assess title, and is affected by factors outside our control. In the event we are unable to utilise the funds earmarked towards the acquisition of Projects by the end of Fiscal 2027, we may, with the approval of our Board of Directors, utilise such funds for general corporate purposes towards acquiring land or development rights, funding the construction cost of our Upcoming Projects, or such other related expenses as may be determined by our Board of Directors. We undertake that details of any payments or expenses incurred in this regard, with an adequate break-up of the costs involved, will be provided to the Stock Exchanges.

Further, in accordance with the SEBI Listing Regulations, our Company will disclose to the Stock Exchanges, as and when acquired, the cost of acquisition and other details of the Project, including the name of the society, the seller or other counterparty and the interest acquired.

General corporate purposes

The general corporate purposes for which our Company proposes to utilise the Net Proceeds include, but not limited to: (i) strategic initiatives; (ii) funding growth opportunities; (iii) strengthening marketing capabilities and brand building exercises; (iv) meeting ongoing general corporate exigencies and contingencies; (v) capital expenditure; (vi) meeting working capital requirements; (vii) expenses of our Company; and (viii) any other purpose, as may be approved by the Board or a duly constituted committee thereof, subject to compliance with applicable law, including provisions of the Companies Act.

The quantum of utilisation of funds towards each of the above purposes will be determined by our Board, based

on the amount available under this head, the business requirements of our Company and other relevant considerations, from time to time. Our Company's management shall have flexibility in utilising surplus amounts, if any. In the event that we are unable to utilise the entire amount that we have currently estimated for use out of Net Proceeds in a Fiscal, we will utilise such unutilised amount(s) in the subsequent Fiscals.

The amount to be utilised from the Net Proceeds towards general corporate purpose shall not be used for utilisation for any of the other identified objects of the Issue.

Appraisal and Bridge Loans

The Objects have not been appraised by any banks, financial institutions or agency. Further, our Company has not raised any bridge loans from any bank or financial institution as on the date of this Draft Red Herring Prospectus, which are proposed to be utilised from the Net Proceeds.

Monitoring of Utilization of Funds

In accordance with Regulation 41 of the SEBI ICDR Regulations, our Company shall appoint a Monitoring Agency for monitoring the utilization of Gross Proceeds prior to the filing of the Red Herring Prospectus, as the Fresh Issue size exceeds ₹ 10,000 lakhs. Our Audit Committee and the Monitoring Agency will monitor the utilization of the Gross Proceeds. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay. Our Company will disclose the utilization of the Gross Proceeds, including interim use under a separate head in its balance sheet for such fiscal periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Gross Proceeds have been utilized. Our Company will also, in its balance sheet for the applicable fiscal periods, provide details, if any, in relation to all such Gross Proceeds that have not been utilized, if any, of such currently unutilized Gross Proceeds.

Pursuant to Regulation 18(3) and Regulation 32(3) of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Gross Proceeds. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than those stated in this Draft Red Herring Prospectus and place it before the Audit Committee and make other disclosures as may be required until such time as the Gross Proceeds remain unutilized. Such disclosure shall be made only until such time that all the Gross Proceeds have been utilized in full. The statement shall be certified by the statutory auditor of our Company. Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall

furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilization of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above; and (ii) details of category wise variations in the actual utilization of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above. This information will also be uploaded onto our website.

Interim Use of Funds

Our Company will make interim use of Net Proceeds as per applicable laws. Pending utilisation of the Net Proceeds for the purposes described above, our Company may temporarily deposit the Net Proceeds with one or more scheduled commercial banks included in the Second Schedule of Reserve Bank of India Act, 1934 for the necessary duration, wherein no lien of any nature shall be created on the funds. Such investments will be approved by the Board of Directors from time to time. In accordance with Section 27 of the Companies Act, our Company confirms that it shall not use the Net Proceeds for any buying, trading or otherwise dealing in any equity or equity linked securities of any listed company or for any investment in the equity market.

Variation in Objects

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules and Regulation 59 and Schedule XX of the SEBI ICDR Regulations, our Company shall not vary the Objects of the Issue unless our Company is authorized to do so by way of a special resolution of its Shareholders and our Company shall include the requisite explanation in the director's report in relation to such variation. In addition, the notice issued to the Shareholder in relation to the passing of such special resolution shall specify the prescribed details and be published in accordance with the Companies Act. Pursuant to the Companies Act, the Promoters will be required to provide an exit opportunity to the Shareholders who do not agree to such proposal to vary the objects, subject to the provisions of the Companies Act and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with our Articles of Association, the Companies Act, and the SEBI ICDR Regulations.

Other Details and Confirmations

No part of the Net Proceeds will be utilized by our Company as consideration to the Promoters, members of the Promoter Group, the Directors, Key Managerial Personnel, Senior Management or our Group Companies. Our Company has not entered into or is not planning to enter into any arrangement / agreements with the Promoter, the Directors, and the Key Managerial Personnel in relation to the utilization of the Net Proceeds of the Issue. Further, except in the ordinary course of business, there is no existing or anticipated interest of such individuals and entities in the objects of the Issue as set out above.

We confirm that the audited standalone and consolidated financial statements of our Company for past three full financial years immediately preceding the date of filing of offer document have been provided on our website in accordance with the ICDR Regulations

BASIS FOR ISSUE PRICE

The Price Band and the Issue Price will be determined by our Company, in consultation with the BRLM, on the basis of assessment of market demand for the Equity Shares issued through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹10 each and the Issue Price is [●] times the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band.

Investors should also see "*Risk Factors*", "*Summary of Financial Information*", "*Our Business*", "*Restated Consolidated Financial Information*", and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" beginning on page no. 22, 61, 160, 235 and 278 respectively, to have an informed view before making an investment decision.

Qualitative Factors

We believe some of the qualitative factors and our strengths, which form the basis for computing the Issue Price are as follows:

- Established presence in the Mumbai Metropolitan Region
- Experience in Redevelopment and Tenant Rehabilitation in the MMR
- Strong Execution Capabilities and Timely Completion of Projects
- Experienced Promoters and Management Team

For further details, please see "*Our Business –Our Strengths*" on page no. 160.

Quantitative Factors

Some of the information presented below relating to our Company is derived from the Restated Financial Information. For details, see "*Restated Consolidated Financial Information*" and "*Other Financial Information*" beginning on page no. 235 and 276 respectively.

1. Basic and Diluted Earnings Per Share ("EPS"), as adjusted for changes in Capital

As derived from the Restated Consolidated Financial Information of our Company:

Weighted Average EPS:

Particulars	Basic and Diluted EPS	Weights
Financial year ended March 31, 2026	14.60	**3**
Financial year ended March 31, 2025	13.69	**2**
Financial year ended March 31, 2024	5.08	**1**
Weighted Average	**12.71**	

Notes:

i. Basic Earnings per Equity Share and Diluted Earnings per Equity Share are computed in accordance with Indian Accounting Standard 33 'Earnings per share'.

ii. Basic and Diluted Earnings per Equity Share (Basic and Diluted EPS) (in ₹) = Restated Profit/Loss for the financial year attributable to owners of the company, divided by weighted average number of Equity Shares outstanding during the year and adjusted for the effects of all dilutive potential Equity Shares.

iii. Weighted average outstanding Equity Shares is the number of Equity Shares outstanding at the beginning of the financial year adjusted by the number of Equity Shares issued during the financial year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the financial year.

iv. Weighted average is calculated as an aggregate of financial year-wise, weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each financial year divided by total of weights.

v. Basic Earnings per Equity Share and Diluted Earnings per Equity Share have been adjusted for corporate actions including split, bonus and further issuance of Equity Shares.

2. Price/Earnings Ratio (P/E) in relation to the Price Band of ₹ [●] to ₹ [●] per Equity Share

Particulars	P/E at the Floor Price (No of times) *	P/E at the Cap Price (No of times) *
Based on basic EPS for the financial year ended March 31, 2026	[●]	[●]
Based on diluted EPS for the financial year ended March 31, 2026	[●]	[●]

** To be computed after finalization of the price band*

3. Industry Peer Group P/E ratio:

Based on the peer group information given below in this section:

Particulars	P/E Ratio
Highest	441.38
Lowest	16.62
Average	109.83

Notes:

i. The industry highest and lowest P/E has been considered from the industry peer set provided later in this section. The industry average has been calculated as the arithmetic average P/E of the peer set provided later in this section.

ii. The industry P/E ratio for the peer is computed based on the closing market price of equity shares on website of BSE (www.bseindia.com) and NSE (www.nseindia.com) on September 23, 2026 divided by the Diluted EPS based on the audited consolidated financials declared by the peers with the stock exchange / available on website of BSE (www.bseindia.com) for the financial year ending March 31, 2026.

4. Return on Net Worth ("RoNW")

Period ended	RoNW (%)	Weight
Financial year ended March 31, 2026	36.15	3
Financial year ended March 31, 2025	53.13	2
Financial year ended March 31, 2024	41.75	1
Weighted Average	**42.74**	

Notes:

i. Return on Net Worth (%) = Restated Profit/loss for the financial year attributable to owners of the company after exceptional items divided by Net Worth excluding non-controlling interest at the end of the financial year

ii. Net worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, derived from the Restated Consolidated Financial Information, but does not include reserves created out of revaluation of assets, capital reserve arising on consolidation, write-back of depreciation and amalgamation in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations.

iii. Weighted average = Aggregate of financial year-wise weighted RoNW divided by the aggregate of weights i.e. (RoNW x Weight) for each financial year/total of weights

5. Net Asset Value ("NAV") per Equity Share (Face Value of ₹ 10 each)

Financial Year	Net Asset Value per Equity Share
As on March 31, 2026	40.45
After Completion of the Issue	
- At the Floor Price	[●]
- At the Cap Price	[●]
Issue Price	[●]

Notes:

i. Issue Price per Equity Share will be determined on conclusion of the Book Building Process.

ii. *Net assets value per share (in ₹): Net Asset Value per equity share represents net worth as at the end of the fiscal year, as restated, divided by the number of Equity Shares outstanding at the end of the period/year.*

Dear Sir/Madam,

Sub: Proposed initial public offering of equity shares of face value of ₹ 10/- each (the "Equity Shares") of Sanghvi Housing and Infrastructure Limited (the "Company" and such offering, the "Issue")

Sub.: Statement of possible Special Tax Benefits available to the Company, its subsidiaries and its shareholders prepared to comply with the requirements of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements), 2018 as amended (the "SEBI ICDR Regulations) in connection with the proposed initial public offering of equity shared of face value of ₹ 10/- each of the Company.

At the request of the Company, we, **M/s Shrawan Roy & Associates**, Chartered Accountants, (FRN: 1**37326W**), are the statutory auditors of the Company, appointed in accordance with section 139 of the Companies Act, 2013, as amended. We refer to the proposed initial public offering of equity shares of the Company. We enclose herewith the statement (the "**Annexure**") showing the current position of special tax benefits available to the Company, its subsidiaries and to its shareholders as per the provisions of the Indian direct and indirect tax laws including the Income-tax Act, 2025,("**Act**") the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "**GST Act**"), the Customs Act, 1962 ("**Customs Act**") and the Customs Tariff Act, 1975 ("**Tariff Act**") (collectively the "**Taxation Laws**") including the rules, regulations, circulars and notifications issued in connection with the Taxation Laws, as presently in force and applicable to the Financial Year 2026-27 for inclusion in the Draft Red Herring Prospectus with respect to the Issue ("**DRHP**") for the proposed initial public offering of shares of the Company as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("**SEBI ICDR Regulations**").

Several of these benefits are dependent on the Company, its subsidiaries or its shareholders fulfilling the conditions prescribed under the relevant provisions of the direct and indirect taxation laws including the Income-tax Act 2025. Hence, the ability of the Company or its shareholders to derive these direct and indirect tax benefits is dependent upon their fulfilling such conditions.

This statement of possible special tax benefits is required as per Schedule VI (Part A)(9)(L) of the SEBI ICDR Regulations. While the term 'special tax benefits' has not been defined under the SEBI ICDR Regulations, for the purpose of this Statement, it is assumed that with respect to special tax benefits available to the Company, the same would include those benefits as enumerated in the Annexure. Any benefits under the taxation laws other than those specified in the Annexure are considered to be general tax benefits and therefore not covered within the ambit of this Statement. Further, any benefits available under any other laws within or outside India, except for those mentioned in the Annexure have not been examined and covered by this statement.

The benefits discussed in the enclosed Annexure are neither exhaustive nor conclusive. The contents stated in the Annexure are based on the information and explanations obtained from the Company. This statement is only intended to provide general information to guide the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultants, with respect to the specific tax implications arising out of their participation in the Issue particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail. We are neither suggesting nor are we advising the investors to invest or not to invest money based on this statement.

The contents of the enclosed Annexure are based on the representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company. Our views expressed herein are based on the facts and assumptions indicated to us. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of the Taxation Laws and their interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.

We do not express any opinion or provide any assurance whether:

- The Company, its subsidiaries or its Shareholders will continue to obtain special tax benefits in future;
- The conditions prescribed for availing the possible special tax benefits where applicable, have been/would be met;
- The revenue authorities/courts will concur with the views expressed herein.

This statement is provided solely for the purpose of assisting the Company in discharging its responsibilities under the SEBI ICDR Regulations.

We hereby give our consent to include this report and the enclosed Annexure regarding the tax benefits available to the Company, its subsidiaries and its Shareholders, in the DRHP for the proposed initial public offer of equity shares which the Company intends to submit to the Securities and Exchange Board of India and the National Stock Exchange of India Limited and BSE Limited (the "**Stock Exchanges**").

We conducted our examination in accordance with the "Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)" (the "**Guidance Note**") issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

This certificate may be relied upon by the Company, the Book Running Lead Manager, and the legal counsel appointed by the Company and the Book Running Lead Manager in relation to the Issue. We hereby consent to extracts of, or reference to, this certificate being used in the draft red herring prospectus, red herring prospectus and prospectus or any other documents in connection with the Issue (collectively, the **"Issue Documents**"). We also consent to the submission of this certificate as may be necessary to any regulatory or statutory authority and/or for the records to be maintained by the Book Running Lead Manager in connection with the Issue and in accordance with applicable law. This certificate may be disclosed by the Book Running Lead Manager, if required, (i) by reason of any law, regulation or order of a court or by any governmental or competent regulatory authority, or (ii) in seeking to establish a defense in connection with, or to avoid, any actual, potential or threatened legal, arbitral or regulatory proceeding or investigation.

We have carried out our work on the basis of Restated Consolidated Financial Information and other documents, information in the public domain and information made available to us by the Company, which has formed substantial basis for this Statement.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements. We hereby consent to our name and the aforementioned details being included in the Issue Documents and/or consent to the submission of this certificate as may be necessary, to any regulatory/ statutory authority, the Stock Exchanges, any other authority as may be required and/or for the records to be maintained by the BRLM in connection with the Issue and in accordance with applicable law.

We also consent to the references to us as "Experts" as defined under Section 2(38) of the Companies Act, 2013, read with Section 26(5) of the Companies Act, 2013 to the extent of the certification provided hereunder and included in the Draft Red Herring Prospectus, Draft Abridged Prospectus, Red Herring Prospectus, Prospectus, the Abridged Prospectus and any other addendum thereto of the Company to be submitted/filed with the Securities and Exchange Board of India ("**SEBI**"), the Registrar of Companies, Mumbai at Maharashtra ("**ROC**") and the stock exchanges, or any other material (including in any corporate or investor presentation made by or on behalf of the Company) to be issued in relation to the issue or in any other documents in connection with the Issue.

All capitalized terms not defined hereinabove shall have the same meaning as defined in the Issue Documents.

Yours faithfully

In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer.

3) The Statement is prepared on the basis of information available with the Management of the Company and there is no assurance that:

    - the Company or its shareholders will continue to obtain these benefits in future;
    - the conditions prescribed for availing the benefits have been/ would be met with; and
    - The revenue authorities/courts will concur with the view expressed herein.

The above views are based on the existing provisions of laws which are subject to change from time to time.

SECTION V – ABOUT OUR COMPANY

INDUSTRY OVERVIEW

Economic Overview

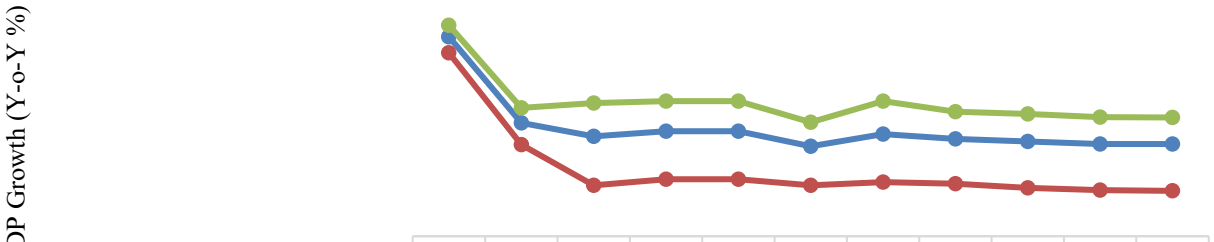

Global Economy

Global economic growth expected to sustain at ~3% in near term

Global economic growth is projected to moderate to around 3.0% in 2026, reflecting the impact of geopolitical tensions in energy and trade flows. The ongoing Middle East conflict poses downside risks with prolonged disruptions, potentially reducing growth further to 2.5%, or lower.

However, supportive factors such as continued investment momentum and policy support are helping offset some of these pressures.

Indian Economic Outlook

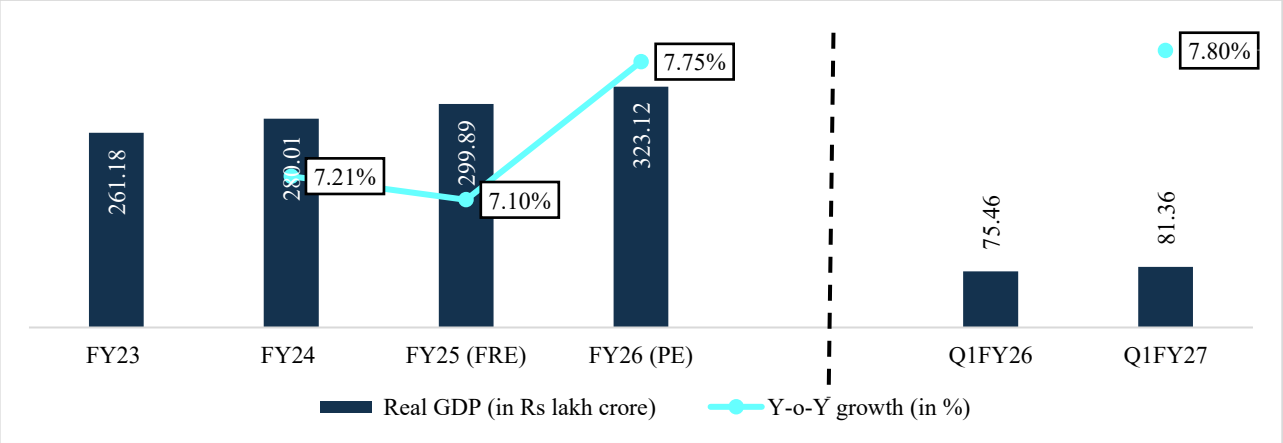

i.a.i. GDP Growth and Outlook

Resilience to External Shocks remains Critical for Near-Term Outlook

The Indian economy continues to show rapid growth. As per provisional estimates, GDP in FY26 is expected to have grown by 7.75%, supported by strong domestic consumption, investment, manufacturing and services activity. The economy showed resilience while the global economic environment remains challenging due to geopolitical tensions, trade-policy uncertainty and financial vulnerabilities. In Q1FY27, the GDP has been estimated to grow by 7.8%, against the growth of 6.9% experienced during Q1FY26.

For FY25, first revised estimates show a growth of 7.10% (Rs 299.89 lakh crore), led by robust performance in manufacturing, construction and financial services. Consumer spending rose by 7.70%, and government spending increased by 5.50%, both contributing to the overall growth. In FY23, the real GDP stood at Rs 261.18 lakh crore and registered Y-o-Y growth of 7.21% in FY24 (Rs 280.01 lakh crore).

GDP Growth Outlook (August 2026)

FY27 GDP Outlook: The Reserve Bank of India (RBI) projects real GDP growth at 6.70% for 2026–27, supported by sustained momentum in the services sector, strong reservoir levels aiding the agricultural sector, and private consumption expected to remain uplifted by discretionary spending.

However, elevated energy and other commodity prices, cost pressures, as well as the travel disruptions in the Strait of Hormuz are likely to affect growth this year. However, the government is working towards minimising the impact of the supply chain disruptions towards critical sectors to ensure limited interruptions.

i.a.ii.Consumer Price Index

Between January and August 2026, inflation averaged around 3.17% across the Consumer Price Index. By August 2026, inflation increased to 4.82% on a Year-on-Year basis, compared with 4.45% in July 2026 over July 2025. Within this, the rural inflation rate stood at 5.23%, while the urban inflation rate was comparatively lower at 4.31%. This indicates an overall modest inflationary trend, with rural areas experiencing relatively higher price pressures than urban regions.

Chart 3: Retail Price Inflation in terms of index and Y-o-Y Growth in % (Base: 2011-12=100)

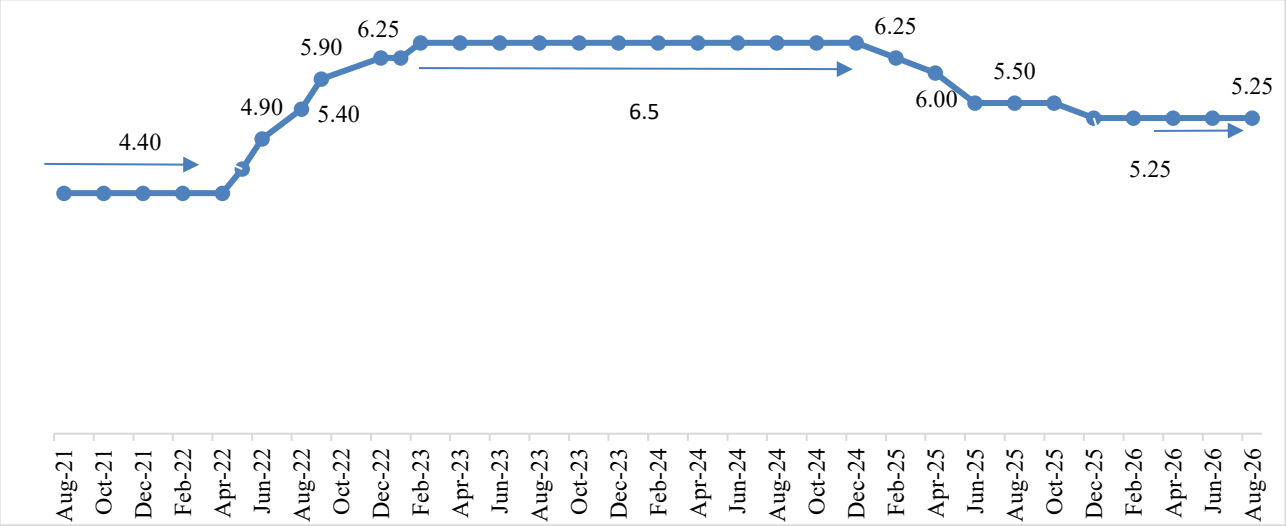

Source: MOSPI

The CPI is primarily factored in by the RBI while preparing its bi-monthly monetary policy. At the bi-monthly meeting held in August 2026, the RBI projected inflation at 5.00% for FY27, with inflation during Q2FY27 at 4.70%, Q3FY27 at 5.90%, Q4FY27 at 5.50%, and Q1FY28 at 5.30%.

Considering the current inflation situation, RBI has maintained the repo rate at 5.25% in the August 2026 meeting of the Monetary Policy Committee (MPC).

Chart 4: RBI historical Repo Rate

Source: RBI

RBI maintained a 'neutral' monetary policy stance, even as the Monetary Policy Committee (MPC) noted an increase in geopolitical tensions. The RBI has adopted a non-inflationary growth strategy, supported by strong demand and supply fundamentals while maintaining macroeconomic stability. With volatile trade conditions in view, the domestic growth and inflation curve requires policies to be supportive.

The India Meteorological Department (IMD) expects a below-normal monsoon, with rains in most parts of the country, except in some areas of the northeast, southern peninsula, and northwest India, which is likely to affect inflation levels.

Despite elevated global crude oil prices, India initially kept retail petrol and diesel prices stable by reducing central excise duty and absorbing part of the cost through state-owned oil marketing companies. Subsequently, retail fuel prices were increased in a phased manner to partly pass on the higher input costs to consumers. The rise in energy prices and weather disturbances affecting food prices are upside risks to inflation.

i.a.iii.Gross Added Value (GVA)

GVA is the measure of the value of goods and services produced in an economy. GVA gives a picture of the supply side, whereas GDP represents consumption. GVA in FY25 was powered by a broad-based rebound across sectors.

In FY26 (PE), real GVA growth of 7.9% is primarily led by manufacturing, Trade, Hotels, Transport, Communication & Services related to Broadcasting. Industry is estimated at 8.5%, supported by a pickup in manufacturing and construction (10.7% and 7.4%, respectively). The gap between GDP and GVA growth stood at 0.15 percentage points in FY26, with GDP growing at 7.75% and GVA at 7.90%. GVA grew by 8.2% in Q1FY27, accelerating from 7.0% in Q1FY26, indicating broad-based improvement in economic activity.

i.a.iv.Per Capita PFCE and GNDI

Increasing Disposable Income and Consumer Spending

Gross National Disposable Income (GNDI) is a measure of the income available to the nation for final consumption and gross savings. Between the period FY23 and FY26, per capita GNDI at current prices registered a CAGR of 9.1%. More disposable income drives more consumption, thereby driving economic growth.

With an increase in disposable income, there has been a gradual change in the country's consumer spending behaviour. Per capita Private Final Consumption Expenditure (PFCE), which is a measure of consumer spending, has also shown significant growth from FY23 to FY26 at a CAGR of 8.6%.

i.a.v.Overview on Key Demographic Parameters

Population growth and Urbanization

The trajectory of economic growth and private consumption in India is driven by socio-economic factors such as demographics and urbanisation. According to the World Bank, India's population in CY22 surpassed 142.5 crore, slightly higher than China's population (141.2 crore) and became the most populous country in the world.

The Age Dependency Ratio, which is the ratio of dependents to the working age population has been on a declining trend. The ratio covers age 15 to 64 years, wherein dependents are population younger than 15 and older than 64. Declining dependency ratio indicates that the country has an improving share of working-age population generating income, which is a good sign for the economy. It was as high as 76% in 1983, which has reduced to 47% in CY23. However, this ratio is expected to rise again to 54% by CY36, driven by an increase in the elderly population as life expectancy improves.

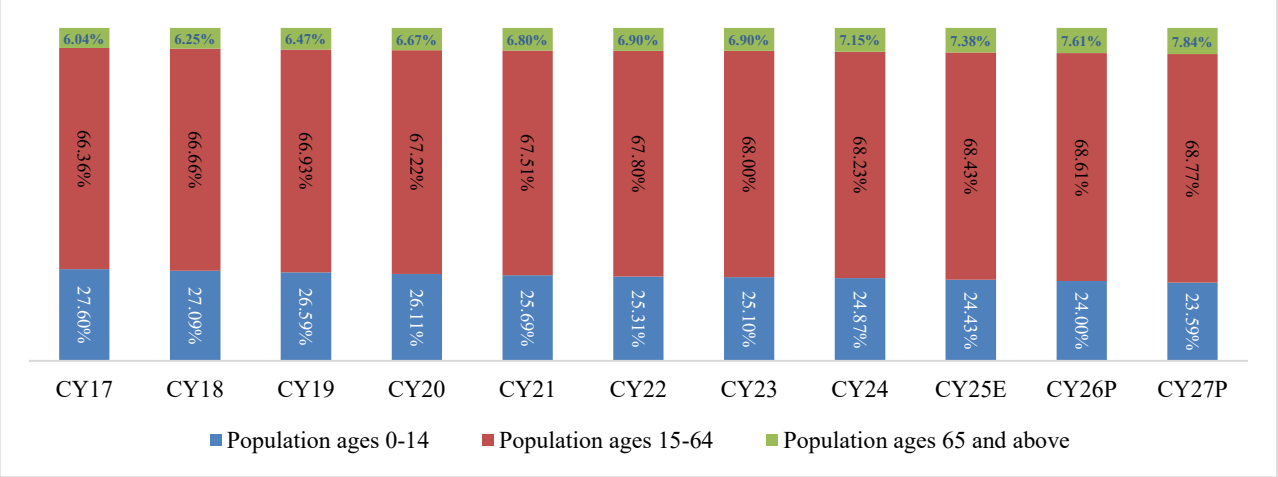

Chart 6: Trend in Population growth vis-à-vis dependency ratio in India (in Crore)

Source: World Bank Database, MOSPI; Note; E- Estimated, F- Forecasted

Despite a projected rise in the dependency ratio to 54% by CY36, India's young and growing workforce, especially in newly urbanised towns, will continue to drive income growth and consumer demand. This presents strong opportunities for sectors like consumer electronics, transportation and railways. Rising employment, urbanisation, and government investment in rural development and digital infrastructure will further boost demand, while increased tech adoption supports long-term consumption growth across both urban and rural markets.

Chart 7: Age-Wise Break Up of Indian population (% of working-age population)

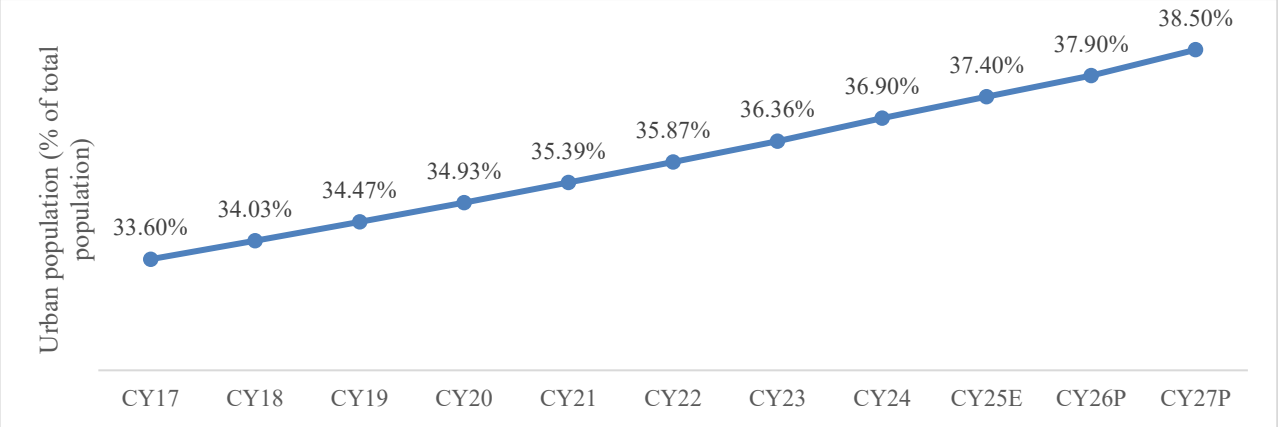

Source: World Bank Database; Note; E- Estimated, F- Forecasted

The urban population is significantly growing in India. The urban population in India is estimated to have increased from 41.3 crore (32% of total population) in CY13 to 51.9 crore (36.4% of total population) in the year CY23. India is

undergoing a significant urban transformation, with the urban population projected to rise to 40% by CY36. This shift is driven by factors such as improved living standards, increased employment opportunities in urban areas and government initiatives aimed at urban development. This rapid urbanisation might necessitate substantial investments in infrastructure, housing and transportation.

i.a.vi.Trends in Household and Gross Savings

Household savings are of the household sector, measured as the excess of income over consumption and invested in financial assets and physical assets. Household savings in India have grown at a 13.10% CAGR since FY18, reaching Rs 59.64 lakh crore in FY25, a 15.71% Y-o-Y increase. A shift toward physical assets, particularly housing and gold/silver ornaments, reflects a preference for tangible investments amid high inflation and slow growth in monetary assets. Savings in the form of gold and silver ornaments (% of Household sector savings) were reported at 3.16% in FY25.

This increasing trend towards physical assets is occurring alongside a rise in household leverage, with borrowing, especially for housing, automobiles, and personal consumption, pushing household financial liabilities to a six-year high. Mutual funds and life insurance also grew, with a 23.11% and 7.23% Y-o-Y increase, respectively, while investment in equities and capital market instruments rose as they offer higher returns than bank deposits.

Chart 9: Household Savings

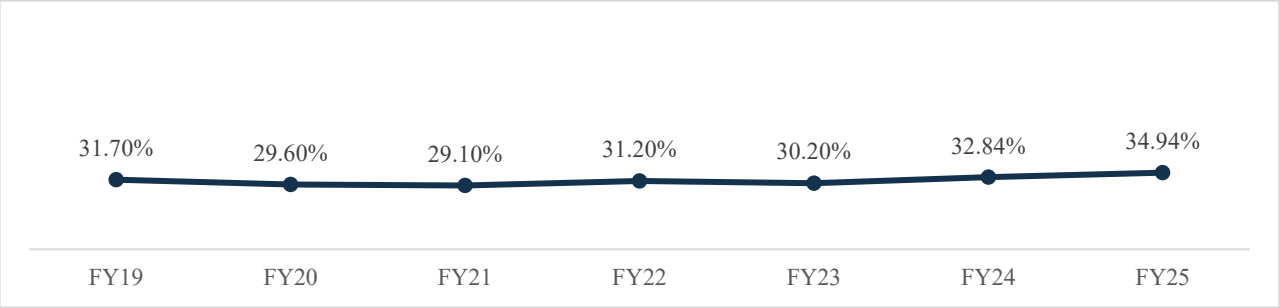

Source: MOSPI

Gross Domestic Savings (GDS) are the total savings within the economy, comprising the savings of the household, private corporate and public sectors. GDS as a percentage of GDP has seen a flat growth, moving within a narrow range. Within the last five years, it was highest in FY25 at 34.94%. It declined to less than 30% during FY20 and FY21 on account of the COVID-19 pandemic, increasing again to 31.2% in FY22 before declining to 30.2% in FY23. The trend picked up again in FY24 to 32.84% and further to 34.94% in FY25.

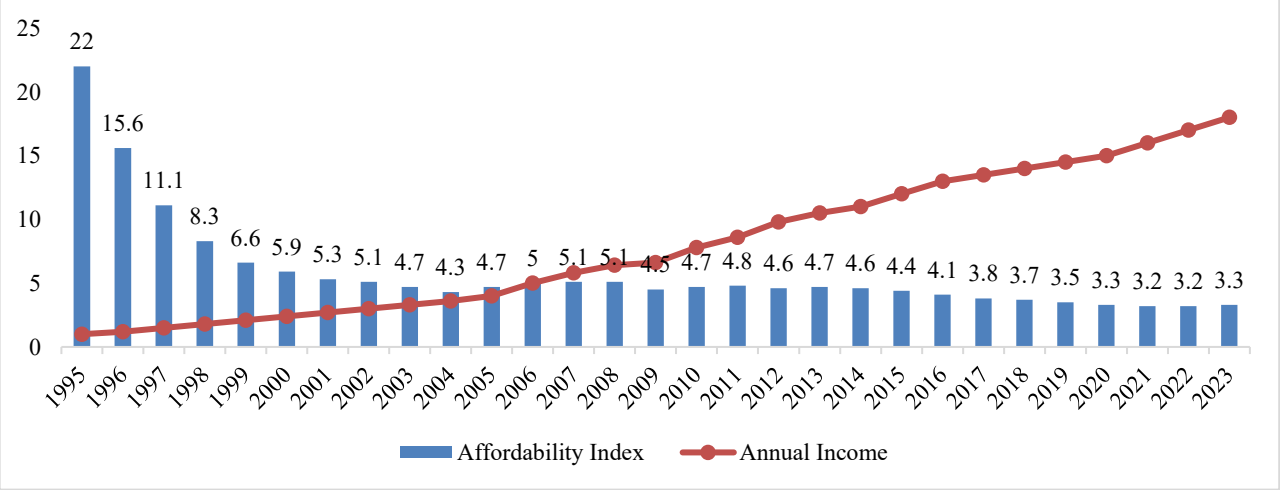

As of FY25, Savings were Rs 111.13 lakh crore indicating a Y-o-Y growth of 16.77%, while GDP was at Rs 318.07 lakh crore showing a growth of 9.74%.

i.a.vii.Trends in Housing Loans Outstanding in India

Bank's credit towards housing finance gained significant traction post the pandemic. As of FY25, total housing loan portfolio of banks and HFC's has reached Rs 36.8 lakh crore, registering 11.0% y-o-y growth. In FY26, the total housing loan portfolio of HFCs is expected at Rs 39-41 lakh crore registering lower y-o-y growth as compared to FY25.

i.a.viii.Trends in Housing Loans to GDP Ratio in India

India's housing loan to GDP ratio has seen steady growth, reaching 19.6% in FY25. The steady increase reflects rising housing finance penetration, driven by robust GDP growth and rising household incomes, urbanisation-led demand for homeownership, supportive government policies such as PMAY and concessional interest rates, digitisation of lending platforms that improved access and efficiency, and changing consumer preferences post-pandemic for larger, owned homes over rentals.

i.a.ix.Overview of Housing Finance Companies (HFCs) in India

Housing Finance Companies (HFCs) serve as an alternative financing channel to the real estate and housing sector and are a part of the NBFC sector. HFCs play an important role in the Indian financial system by complementing and competing with banks, specializing in credit delivery to home buyers, providing an opportunity to those businesses which want to monetize their real estate assets and developers. HFCs have developed strong niches with their specialized credit delivery models.

The rapid growth of housing loans in banks' portfolios over the last two decades has resulted in these loans becoming a significant component of the overall loan portfolio of banks. Banks also purchase housing loan portfolios from other intermediaries and so the stock of loans outstanding may not reflect the proportion of disbursements. Similarly, housing loans form a large chunk of HFCs loan portfolio, more than 70% of HFCs loan book comprises of housing loans.

The market share of SCBs in the housing loan portfolio is expected to be ~81% in FY26 whereas HFCs are estimated to account for ~19% of housing loan portfolio in FY26.

Concluding Remarks

From a macroeconomic standpoint, India remains one of the most resilient large economies in a challenging global environment. The IMF forecasts GDP growth for India at 6.40% in CY26, far outpacing the estimated CY26 global average of 3.00%. This performance reflects a combination of strong domestic fundamentals, policy stability, and a sustained focus on capital formation. While the global economy continues to face uncertainty from geopolitical conflicts, commodity price volatility and rising public debt, India's diversified growth drivers, stable policy framework and expanding export ecosystem position it well to navigate these headwinds.

The key sectors with potential exposure to changes in US tariff policy include engineering goods, electronics, gems and jewellery, pharmaceuticals, textiles and automobiles/auto components, given their material export linkages to the US market.

India continues to strengthen its position through diversification of trade partnerships and expansion of FTAs with the European Union, the United Kingdom, EFTA and other key economies. India continues to strengthen its position through diversification of trade partnerships and expansion of FTAs. The India-UK Free Trade Agreement officially came into effect on 15th July 2026, providing improved market access and lower trade barriers between the two countries. The agreement is expected to support greater trade in goods and services and create new opportunities for Indian exporters. India is also continuing engagement with the EU, EFTA, GCC and other key markets to reduce dependence on any single trading partner.

Policy momentum remains strong. The 56th meeting of the GST Council marked a major structural reform by proposing a simplified two-rate system of 5% and 18%, replacing the earlier four-slab framework, along with a 40% demerit rate for luxury and sin goods. This rationalisation aims to reduce compliance burdens, enhance efficiency, and stimulate private consumption. Together with recent revisions in personal income tax rates, these measures are projected to release savings exceeding Rs 2.5 lakh crore into the economy, supporting demand and easing inflationary pressures. For the real estate sector, the reduction in GST on cement from 28% to 18% is expected to moderate construction costs.

The Union Budget's allocation of Rs 12.20 lakh crore for capital expenditure in FY27 further reinforces the government's commitment to infrastructure-led growth. Public investment is expected to catalyse private sector activity, evidenced by rising project announcements and growing imports of capital goods. Improving rural demand, supported by healthy monsoon progress, favourable sowing conditions, and adequate reservoir levels, provides additional tailwinds for consumption and investment.

For the real estate sector, and particularly for intermediaries whose revenue is linked to transaction value, these macroeconomic conditions are relevant in three respects: (i) income growth and urbanisation sustain household formation and housing demand; (ii) the easing interest rate cycle supports home loan affordability; and (iii) growth in services and Global Capability Centre employment drives demand for office and investor-grade commercial assets.Overview of the Real Estate Sector in India

Overview

The real estate sector in India comprises residential, commercial office, retail, logistics and emerging asset classes such as data centres, co-living and is a significant contributor to economic activity and employment. The sector's share in GVA has been on upward trend over recent years and is contributing around 19.3% of GVA in FY25.

Residential real estate, the largest sub-segment, accounted for a 69% share of the overall real estate market in CY25. Housing units, including apartments, villas and plots, make up the largest portion of real estate activity. The demand has been supported by demographic factors, urbanisation and rising income levels, leading to sustained housing sales recorded in major urban centres. At the same time, the commercial office segment has witnessed steady expansion, driven by occupier demand from technology services, GCCs, professional services, and manufacturing-linked enterprises. Office space demand is expected to remain healthy, supported by flex-office operators, data centres, technology firms, and GCCs, with Grade-A supply additions across major cities reflecting continued interest from both domestic and global developers.

The logistics and warehousing segment has gained momentum, supported by growth in e-commerce, supply-chain consolidation, and rising demand for large-format industrial and distribution parks. Retail real estate has also evolved, with a gradual shift towards organised formats, increased mall penetration, and mixed-use developments across metropolitan as well as Tier-II cities. In addition, emerging asset classes such as data centres, co-living, and student

housing are gaining traction in response to changing consumption patterns, digitalisation, and evolving operational requirements of occupiers.

Regulatory reforms have influenced the sector's development. The Real Estate Regulation and Development Act (RERA) strengthened project-level accountability and disclosure, while the Benami Transactions (Prohibition) Amended Act enhanced transparency in property ownership. The introduction of REIT guidelines supported institutional ownership of income-generating office and industrial assets. Urban development programmes such as the Smart Cities Mission have also supported planned infrastructure and real estate activity in India.

Figure 1: Real Estate Hotspot in India

Market Size of Real Estate Sector in India

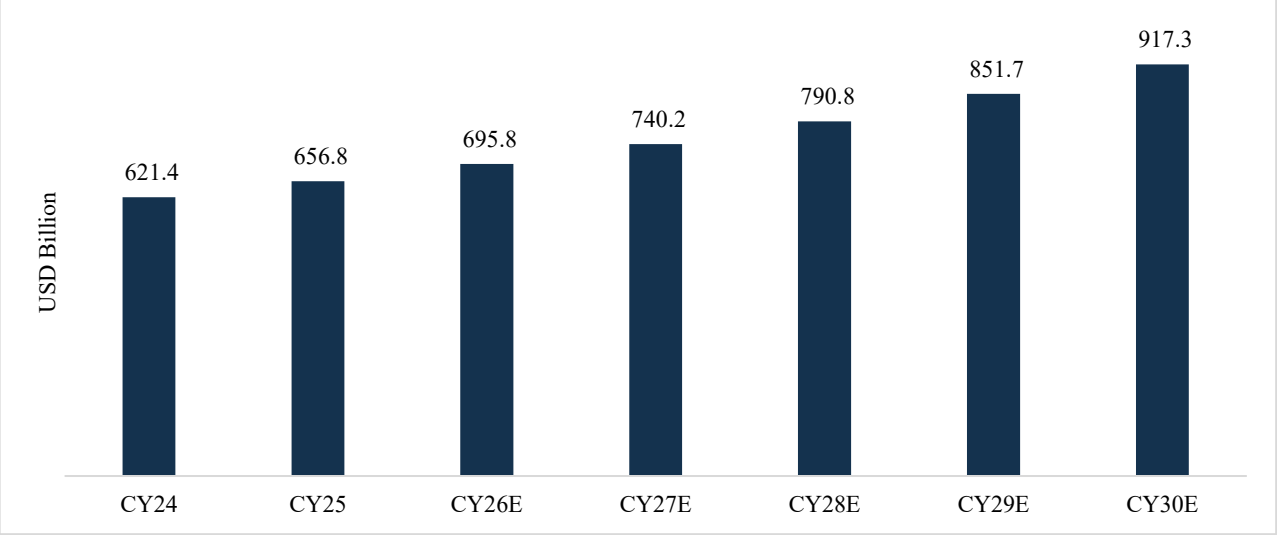

India's real estate sector continues to demonstrate robust expansion, with the overall market size estimated at USD 656.8 billion in CY25, and is projected to reach USD 917.3 billion by CY30, at a CAGR of 6.9%. This growth trajectory is underpinned by rising urbanization, infrastructure development, and evolving consumer demand across residential, commercial, and industrial segments.

The sector's momentum is expected to be led by metro cities, particularly Mumbai Metropolitan Region (MMR), Delhi-NCR, Bengaluru, Hyderabad, and Pune, where demand for residential and mixed-use developments remains strong. Within these metros, suburban corridors and peripheral zones are emerging as high-growth pockets due to improved connectivity and affordability. Simultaneously, Tier II and Tier III cities such as Indore, Coimbatore, Lucknow, and Bhubaneswar are witnessing increased real estate activity, driven by infrastructure upgrades, digital penetration, and migration of talent and capital.

Key trends shaping future growth include a boom in commercial and industrial real estate, especially in warehousing, data centres, and flex office formats. The rise of smart and sustainable buildings, incorporating ESG principles and green certifications, is becoming a mainstream requirement for developers and investors. Affordable housing continues to be a priority segment, supported by government schemes such as PMAY and interest subventions. Additionally, the sector is witnessing increased institutional investment, with global funds, REITs, and pension capital entering residential and mixed-use platforms.

The overall expansion is being catalysed by supportive government policies, including the National Infrastructure Pipeline, Model Tenancy Act, and digitization of land records. Falling interest rates and improved credit access have further boosted buyer sentiment and developer liquidity.

Investment in Real Estate Sector in India

i.a.x.FDI in Real Estate Sector

Policy reforms in Foreign Direct Investment (FDI), along with efforts to facilitate investment and the introduction of alternative funding avenues, have led to a rise in FDI inflows into India. Additionally, the Indian government has devised initiatives such as PM Gati Shakti, Smart Cities Mission, Affordable Housing Scheme etc, have created opportunities for foreign investors to participate in infrastructure development projects. The government has liberalized FDI policies in the real estate sector, allowing for 100% FDI under the automatic route in certain segments such as townships, housing, built-up infrastructure, and construction development projects. Despite periodic fluctuations, the real estate market in India remains attractive to foreign investors due to factors such as rising urban population, increasing disposable incomes, and growing demand for residential and commercial properties.

The contribution of top ten sectors were Rs 388,202.8 crore, which attracts about 75% of total FDI Inflows in FY26. During the same period, the total FDI inflows for construction development (Real estate sector) stood at Rs 3,651 crore.

Chart 16: FDI Inflow Trend in Construction Sector and Real Estate Development

i.a.xi.Private Equity Investments in Real Estate Sector

In CY25, the total private equity investment in real estate stood at USD 3.43 billion, registering a decline of 29.4% compared to USD 4.85 billion in CY24. The moderation in investment activity was primarily driven by high global interest rates, geopolitical uncertainties, and persistent inflationary pressures, which resulted in cautious investor sentiment. Despite the decline, the office segment remained the largest investment destination, accounting for 57.8% of the total investments, followed by the retail and warehousing segment with 25.5%, while the residential sector contributed 16.6%.

Foreign investors continued with ~73% share of total investment, and most of their focus was on office sector. The country's strong economic fundamentals, underscored by its position as one of the fastest growing economies globally, played a pivotal role in sustaining investor confidence. Additionally, a growing focus on multi-city deals helped attract substantial capital inflows, enabling the completion of several landmark transactions.

While investment activity remained below the peak levels, continued demand for Grade A commercial assets, expanding Global Capability Centres (GCCs), and improving residential fundamentals are expected to support private equity inflows over the medium term.

Demand drivers of Real Estate Sector

Increased Economic Growth and Urbanization to Boost Demand

The Indian economy has experienced steady growth over the past decade and is expected to be one of the fastest-growing economies globally. Whereas the rising income and employment opportunities have led to migration to urban areas, thereby creating a greater need for real estate in major Indian cities.

Government Policies Enabling Demand through Greater Transparency

The real estate segment has received a massive boost from government initiatives such as the Affordable Housing Scheme, Goods and Services Tax (GST), and the Real Estate Regulation and Development Act, 2016 (RERA). While the initial months following the implementation of these initiatives created some disruption, the policies increased the transparency and competence of the sector. As a result, the confidence of domestic and foreign investors in the real estate industry witnessed a boost leading to higher FDI in the sector.

Rising Number of Nuclear Families

India has the highest population in the world which is about 147 crore. The population largely consists of young and middle-aged and hence this shows that India has a huge potential consumer market and a huge housing demand gap. According to the World Bank, India's urban population will account for 40% of the total population by 2036. With the deepening of the process of urbanization in India, the continuous increase of urban population and the continuous development of economy will continue to promote the development of this industry. The nuclear family concept is well-linked with the rapid urbanization of the country. According to the 2001 census, out of 19 crore households, 10 crore or a little over 50% were nuclear households. Whereas in the 2011 census, the share reached 52.1% – 13 crores nuclear out of 24.9 crore households. People migrate from one place to another in search of jobs which ultimately increases the nuclear family counts. An increase in the nuclear family will lead to an eventual growth in demand for residential units.

Rise in Aspirational Housing and Amenities

Homebuyers today are increasingly aspirational and discerning. They are seeking lifestyle-oriented homes with amenities like clubhouses, gyms, green areas, co-working spaces, and digital infrastructure. Developers are responding by launching projects that cater to these preferences. The rise of branded residences and theme-based housing (wellness homes, senior living, smart homes) is further evidence of evolving demand patterns, especially among millennials and NRIs.

Infrastructure Development and Connectivity

The government's strong push towards infrastructure through schemes like Smart Cities Mission, Bharatmala, and urban metro expansions is unlocking new real estate corridors. Improved connectivity through new expressways, ring roads, metro lines, and suburban rail networks is boosting residential demand in peripheral and emerging locations. This trend is evident in cities like Pune, Bengaluru, Hyderabad, and NCR, where homebuyers are exploring well-connected but more affordable outskirts.

Declining Interest Rates Supporting Affordability

The RBI's monetary easing cycle has brought the policy repo rate down to 5.25%, compared with 6.50% at the beginning of 2025. The lower policy rate is expected to support transmission to lending rates, thereby reducing borrowing costs and improving housing affordability. This could support housing demand and buyer sentiment, particularly in the affordable and mid-income segments, where purchasing decisions are relatively more sensitive to changes in home loan interest rates and monthly repayment obligations.

Retail and Warehousing Sector Expansion

The Indian retail industry is growing steadily, with increased footfall in malls and high-street locations. Tier-2 and tier-3 cities are witnessing rising demand for organized retail spaces due to urbanization, better infrastructure, and the increasing purchasing power of the middle class. The expansion of brands, especially in fashion, food, and electronics, is driving leasing activity in malls and retail plazas. Additionally, the rise of e-commerce, FMCG, and 3PL (third-party logistics) has accelerated demand for modern warehousing facilities. With strategic locations near consumption hubs, multi-modal logistics parks are gaining traction. Warehousing demand is being further driven by the government's infrastructure push under the National Logistics Policy, PM Gati Shakti, and Bharatmala Pariyojana.

Institutional Capital and REITs

Institutional investors are showing growing interest in rent-yielding assets. Real Estate Investment Trusts (REITs) have further institutionalized commercial real estate, offering stable returns and liquidity to investors. REITs are also increasing transparency, compliance, and operational efficiency in the sector, attracting global capital inflows into Indian commercial real estate.

Growth of the Services and IT/ITeS Sector

The continued expansion of India's services sector, especially IT/ITeS, BFSI, and Global Capability Centers (GCCs), has resulted in a sustained demand for high-grade office infrastructure in major urban centers. With global firms expanding their India footprint, there is strong appetite for premium and sustainable office spaces.

Challenges for Real Estate Sector

Challenge	Description
Land Availability	- **Litigated Land**: 16% of projects and 31% of built-up spaces in India face legal disputes. In Mumbai, 30% of projects and 50% of built-up space are affected. Thane has 26% and 36% respectively. - **Affordable Land**: The shortage of affordable land hinders affordable housing projects. Unutilized government land banks can be allocated for affordable housing under a PPP model.
Outdated Building Bylaws	- **Population Growth**: With India's population reaching 147 crore, and urbanization increasing, demand for space is critical. - **FSI Norms**: Current Floor Space Index (FSI) norms do not meet growing housing demands. Outdated bylaws limit housing supply despite rising demand.
Speculation in Land and Property Prices	- **Rise in real estate price**: The prices of land and real estate in India have increased exponentially in the last decade, leading to overpricing of commercial and residential properties. On the other hand, real estate agents or brokers buy or sell property frequently with their own investments, causing property prices to surge.
Approvals and Procedural Difficulties	- **Regulatory Burdens**: Real estate developers must comply with numerous laws and regulations at the central, state, and local levels, often varying across regions. - **Delays**: Any delay in obtaining approvals, particularly during the planning phase, impacts project timelines and escalates costs for both developers and buyers.

Transportation Costs	India's logistics costs, currently estimated at around 14% of the GDP, are significantly higher than those in developed countries, where they typically range between 8–10%. These elevated costs hinder the efficiency benefits of expanding warehousing infrastructure and lead to higher export expenses, reducing the global competitiveness of Indian goods. Additionally, they contribute to longer delivery times, posing challenges for e-commerce and supply chain operations. However, ongoing developments such as the expansion of expressways, Dedicated Freight Corridors (DFCs), and Multi-Modal Logistics Parks (MMLPs) are expected to reduce logistics costs to single-digit levels within the next two years, thereby enhancing the attractiveness and operational efficiency of warehousing and logistics-driven commercial real estate.
Oversupply Pressure in Key Micro Market	Many office hubs especially peripheral districts in major metros are seeing high upcoming supply. A significant pipeline of Grade-A office projects launched during the pre-pandemic demand upcycle is now reaching completion at a time when occupier expansion has moderated and leasing cycles have lengthened. This makes it challenging for developers to maintain rental rates, achieve target occupancies, and differentiate assets in a competitive market.

Residential Real Estate Industry in India

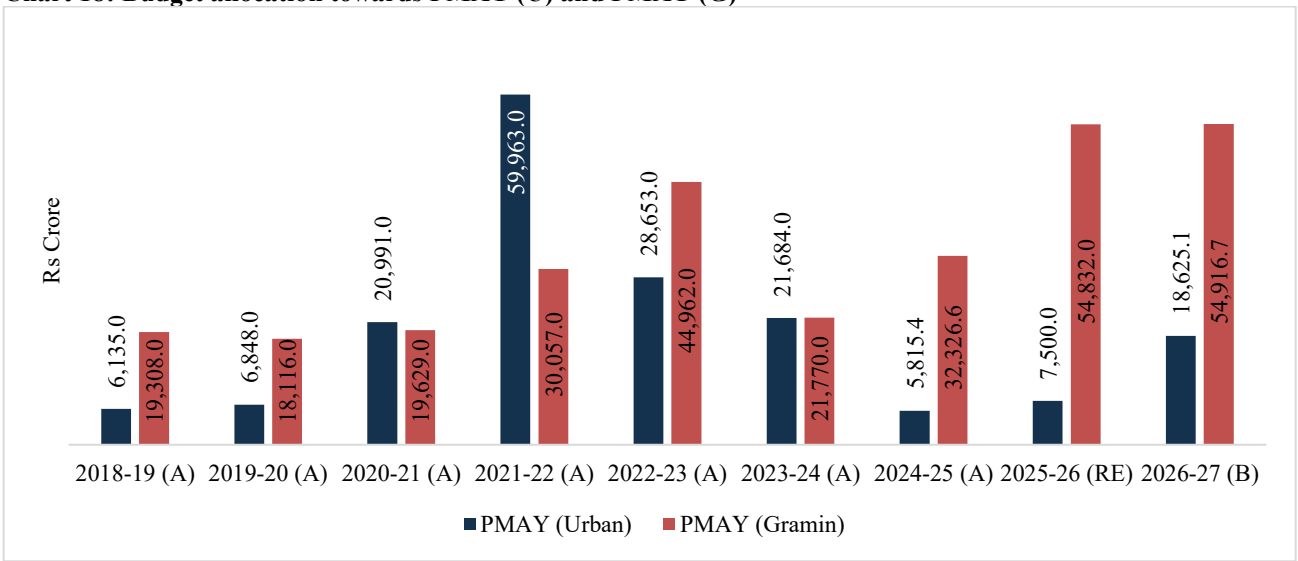

Industry Overview

The residential real estate industry in India has grown in scale with rising urbanisation, household income growth and changes in housing preferences. Demand remains concentrated in major metropolitan regions such as Mumbai, Delhi-NCR, Bengaluru, Hyderabad and Pune, which continue to drive activity in the mid-income and premium segments. At the same time, Tier II and Tier III cities are emerging as growth centres due to improvements in connectivity, infrastructure development, relative affordability and the wider distribution of employment opportunities.

Government programmes such as Pradhan Mantri Awas Yojana (PMAY), the Model Tenancy Act and initiatives to digitise land and property records have supported transparency and improved access to formal housing. Policy support for affordable housing and movements in interest rates have also influenced buyer sentiment and project viability. Institutional investors, including global funds and domestic platforms, have increased participation in residential development through joint ventures, platform investments and rental housing formats.

There is a significant thrust on providing housing for all under the PMAY by the government and the scheme has been getting steady allocation under the union budget. Further, the sustained efforts in sanctioning and completing a substantial number of houses under both PMAY-Urban and PMAY-Gramin schemes demonstrate the government's commitment toward promoting affordable housing and improving living conditions for individuals and families across the country.

Chart 18: Budget allocation towards PMAY (U) and PMAY (G)

Developers are adopting digital tools and PropTech solutions to streamline project monitoring, sales processes and customer engagement, reflecting a shift toward more organised operating models. There is also an increasing focus on planned communities, integrated developments and sustainability-linked features as part of new project pipelines.

Market Size of Residential Real Estate

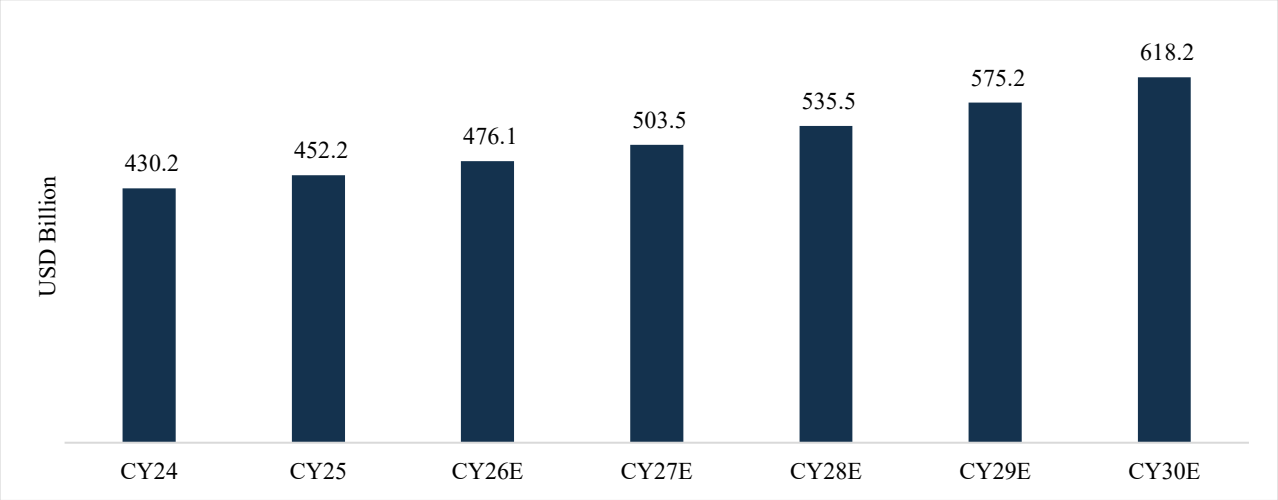

India's residential real estate market is projected to expand from USD 452.2 billion in CY25 to USD 618.2 billion by CY30, reflecting a CAGR of 6.5%. The government measures such as the RERA act, which has increased transparency timely project completion, robust homebuyer protection, standardised sale agreements, mandatory project registration, safeguarding buyer's interest, and the Pradhan Mantri Awas Yojna (PMAY), Affordable Housing scheme and the Smart Cities Mission, have significantly boosted the sector.

The key trends driving growth within the residential sector include shifting consumer preferences, with increased demand for larger homes that offer modern amenities, open spaces, and proximity to workplaces and family. The demand for well-designed projects with recreational facilities for children and the elderly is also expected to rise. Additionally, developers are increasingly adopting innovative sales strategies, such as attractive payment terms and zero floor rise charges, to attract homebuyers. These incentives have significantly enhanced inventory movement, particularly within the premium housing segment. Furthermore, growth in India's Information Technology (IT) sector is also contributing to rising housing demand by creating more jobs and increasing disposable incomes, especially among young professionals.

Technology continues to play a key role in reshaping the sector. AI powered property searches, recommendations and analytics, the Internet of Things (IoT), and blockchain technology has transformed the way properties are designed, developed, and marketed. With a growing focus on sustainable living, developers are incorporating modern features like automated lighting, advanced security systems, and energy-efficient solutions. These innovations not only enhance the appeal of residential projects but also meet the evolving expectations of buyers, thereby driving stronger demand in the market.

With India's urban population projected to increase from 36% of the total population in 2022 to 40.00% by 2036, according to the World Bank, the demand for residential spaces in metropolitan and tier-2 cities is set to witness significant growth. Despite potential affordability challenges arising from rising property prices, high construction costs and limited land availability, the sector's long-term prospects remain strong, supported by increasing income levels, economic expansion, technological advancement, and favourable government policies.

Key Trends in Residential Real Estate

i.a.xii. Trend in New Launches in Top 8 Cities in Residential Real Estate

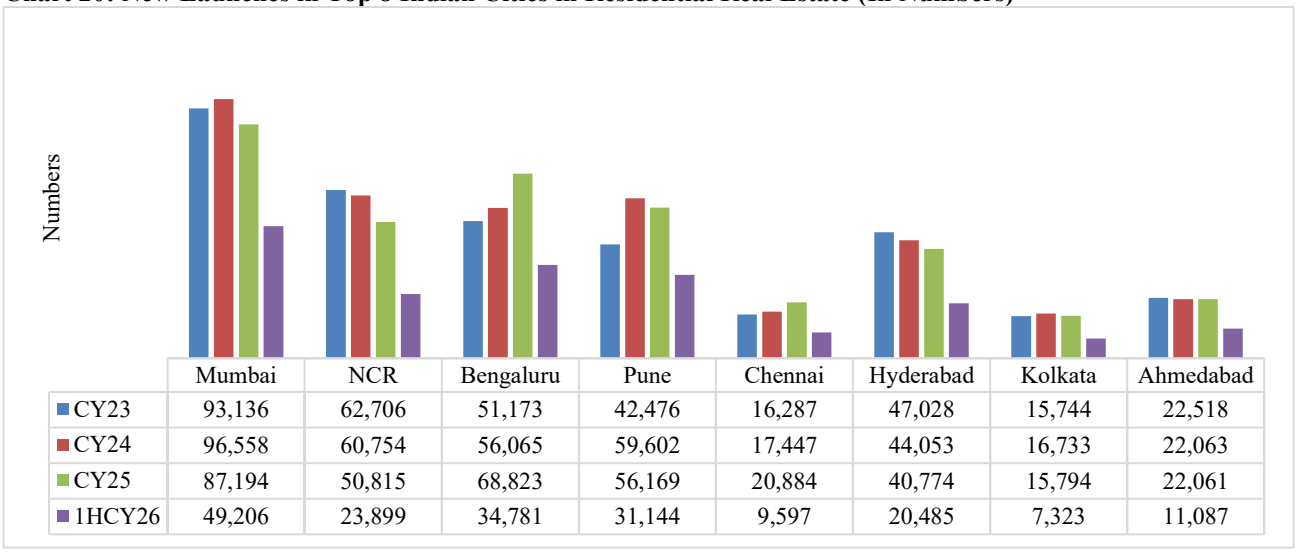

In 1HCY26, new launches continued to outpace sales, with 187,521 units launched across the top eight cities, growing by 4% YoY as compared to 1HCY25. The new launches-to-sales gap stood at approximately 15,964 units during the period. Pune led launch growth at 17% YoY, followed by Mumbai at 8%, while NCR and Kolkata each declined 5% and

Hyderabad fell 2%. The composition of new supply remained skewed toward higher ticket sizes, with premium and luxury launches dominating project launches while affordable additions remained constrained.

In CY25, new launches across the top eight cities stood at 3,62,515 units, declining 2.9% YoY. The moderation reflects developer caution in the mid and affordable housing segments, even as the focus on premium offerings remained strong. Bengaluru was the standout performer, with launches surging 22.8% YoY to 68,823 units, supported by sustained demand for premium housing. In contrast, NCR recorded a sharp 16.4% contraction to 50,815 units, as affordability pressures from steep price appreciation tempered supply momentum. Mumbai, the country's largest residential market, saw launches slip 9.0% YoY to 87,194 units, with activity concentrated in the mid-premium category.

Developers are increasingly aligning supply with evolving consumer preferences, prioritizing larger homes, premium amenities, and community-centric living. The rise of integrated townships, premium residential projects, and smart housing formats underscores the growing shift toward lifestyle-driven homeownership.

i.a.xiii. Trend in Sales in Top 8 Cities in Residential Real Estate

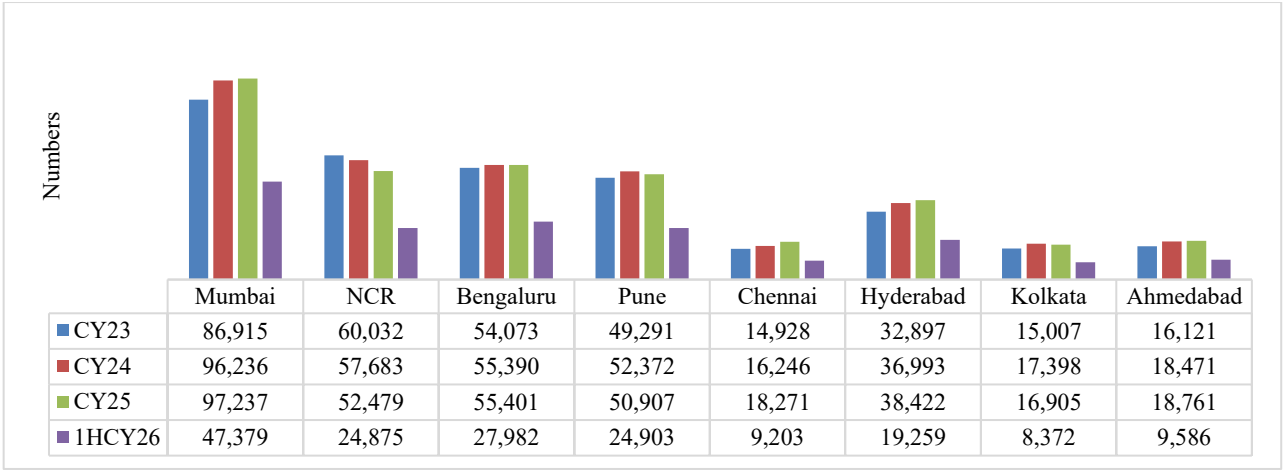

In H1CY26, residential sales across India's top eight cities recorded a marginal increase of 1%, with 171,558 units sold as compared to H1CY25. Mumbai retained its position as the largest market with 47,379 units sold, increasing by 1% YoY. Bengaluru led growth at 5% YoY, supported by homebuyers from the largely resilient technology sector. Pune recorded 2% growth, while Chennai, Kolkata, and Ahmedabad each gained between 2% and 3%. NCR continued to underperform, declining 7% YoY to 24,862 units.

In CY25, residential sales registered a marginal dip, with 348,383 units sold, down 0.7% YoY. The moderation in sales was mainly due to rising property prices, which affected homebuyer affordability. However, lower interest rates following the RBI's cumulative 125 bps repo rate cut, along with easing inflation, provided some support to demand. Developers also introduced flexible payment plans, subvention schemes and stamp duty incentives to maintain sales momentum.

Mumbai recorded sales of 97,237 units in CY25, increasing by 1.0% YoY, reflecting relatively stable demand following the strong 10.7% YoY growth recorded in CY24. NCR witnessed a comparatively sharper decline, with sales decreasing by 9.0% YoY to 52,479 units in CY25. Chennai recorded the highest YoY growth among the cities covered, with sales increasing by 12.5% to 18,271 units. Kolkata recorded a 2.8% YoY decline in sales to 16,905 units in CY25.

After four years of strong recovery from the pandemic-led downturn in 2020, the market has now entered a phase of stabilisation, with sales growth remaining largely flat, launches continue to exceed sales, unsold inventory is rising over the past two years. As buyer momentum moderated, developers introduced measures such as flexible payment plans, subvention schemes and stamp duty waivers to support sales and improve affordability.

i.a.xiv.Average Price Movement in Top 8 cities in Residential Real Estate

Price movement across the top eight residential markets have moved up steadily between CY23 and 1HCY26, indicating higher transaction values across all major cities. Mumbai remained the most expensive market, with average prices rising from Rs 7,895 to Rs 8,887 per sq.ft, driven by limited new supply, redevelopment projects, and strong demand in premium areas. Bengaluru and Hyderabad saw faster price growth due to rising incomes, strong buyer interest, and a shift toward bigger, better homes. NCR, Pune, and Chennai also experienced gradual price increases, showing healthy demand in mid and upper-mid segments. In smaller cities like Kolkata and Ahmedabad, prices stayed lower but continued to rise steadily, pointing to slow but steady improvement in demand and housing options.

However, the rise in headline prices should also be viewed alongside higher use of developer incentives such as flexible payment plans, subvention schemes and stamp duty support, which can lower the effective transaction price. Price growth has also been influenced by a higher share of premium and luxury housing, particularly in markets such as NCR, Bengaluru and Hyderabad. As a result, reported price appreciation may not reflect a similar increase across all housing segments, particularly affordable and mid-income housing.

This growth is driven by rising disposable incomes, improving consumer confidence, and sustained demand from both end-users and investors have supported the absorption of higher-priced residential units. Further, interest rates on home loans have been low in recent years, making it easier for people to afford mortgages and thus pushing up prices.

i.a.xv. Residential Real estate Ticket Size Analysis in India

India's residential market has steadily shifted towards higher ticket-size housing. The share of sales in the Rs 1-2 crore segment increased from 24% in CY23 to 29% in 1HCY26, while the Rs 2-5 crore segment increased from 10% to 20%. This reflects stronger demand for premium housing as well as rising property prices, which have moved several projects into higher price brackets. In comparison, the share of homes priced below Rs 0.5 crore declined from 28% in CY22 to 19% in 1HCY26, while the Rs 0.5-1 crore segment declined from 35% to 27%.

The shift towards higher ticket sizes has been supported by demand for larger and better-quality homes, particularly among mid- and high-income buyers. At the same time, limited supply of affordable housing and developers' increasing focus on higher-margin projects have reduced the share of lower-priced homes. Hence, the changing sales mix reflects both stronger premium demand and the impact of sustained property price increases.

i.a.xvi.Property Prices in Residential Real Estate

The All-India Housing Price Index by the RBI shows that average housing prices across India recorded an increase in both absolute and growth terms. The index recorded a growth during the H1FY26 over the corresponding year-ago period. Housing prices increased by 2.2% y-o-y in Q2FY26 but declined by 0.6% q-o-q, primarily due to a fall in price indices across major cities such as Kolkata, Chennai, Lucknow, and Hyderabad. In Q1FY26, the HPI reached its highest level in the past two years, standing at 113.4, a growth of 3.6% y-o-y. The HPI continued its upward trend and reached 117.5 in Q1FY27, increasing by 1.1% q-o-q, primarily driven by higher prices in Chandigarh, Lucknow and Thiruvananthapuram.

Overall, housing prices have maintained an upward trend, supported by sustained end-user demand, rising household incomes and a growing preference for larger and premium homes. The increasing share of higher-ticket housing has also supported average transaction values, with high-end and luxury housing continuing to gain share across major cities. At the same time, higher land and construction costs and developers' focus on premium projects have kept prices elevated.

i.a.xvii.Property Prices in major Indian Cities in Residential Real Estate

The outbreak of the pandemic impaired the demand and supply scenario of the industry which put downward pressure on prices, the prices have recovered from thereon across cities.

The resumption in economic activity and increased mobility contributed to housing prices inching up once again. All the cities clocked a rise in property prices in FY25. It is expected that the rise in prices might inch up, as the market returns to normalcy due to greater demand amid limited land availability.

i.a.xviii.NHB RESIDEX

NHB RESIDEX, India's first official housing price index, is an initiative of the National Housing Bank (NHB). It is designed to track fluctuations in housing prices at neighbourhood, city, and national levels. Price changes will be measured over time and across cities and various locations within cities. NHB RESIDEX helps to identify current trends in both micro and macro markets, while also forecasting the future behaviour of the housing market.

Further, the HPI represents the price changes in residential housing properties. At present, the geographical coverage consists of 50 cities in India including 18 state/UT capitals and 37 smart cities, which will progressively expand to over 100 cities including all state/UT capitals and smart cities. Measuring overall change in housing prices in India is complex and challenging because of various data sources with dissimilar data sets. The information on housing prices varies according to the stage of the transaction in which data is collected. Consequently, three distinct price categories—registered price, assessment price, and market price—are used in the calculation.

A city-wise break-up of the NHB RESIDEX for under-construction properties shows that housing prices for under-construction properties were witnessing a contraction in five of India's seven major housing markets before the pandemic. Bengaluru and Hyderabad were the only two cities that were registering a growth in prices of under-construction properties in the year before the pandemic.

The index for all the major cities has improved in all the quarters of FY24 except Chennai in Q3, which has had minimal reduction. The improvement has been more prominent in Tier II and Tier III cities, and the momentum is expected to continue, backed by positive home buyer sentiment, which is also reflected in FY24. Sales volume has been stable in H1FY25. Throughout the period, the prices have either increased or remained stable when viewed sequentially. The sector is still consolidating, with residential developments gradually passing to more resilient developers who have withstood the financial storm brought on by the pandemic.

Furthermore, the residential market has been on a strong recovery path as the economy emerged from the pandemic's shadow. While low-interest rates and comparatively low residential prices sparked the revival in demand, the momentum in residential sales sustained even as interest rates rose. The residential market breached a nine-year high in terms of annual residential sales in 2022 in an inflationary environment that caused increasing concerns about economic growth across the world. Thus, while the momentum looked strong, it remains to be seen if it would sustain in 2024 amid high inflation and recessionary fear amongst developed nations.

Regulatory Framework for the Residential Real Estate Sector

Policy	Description
Real Estate and Regulation Act (RERA)	RERA, implemented in May 2017, has made the real estate sector more transparent and process driven. RERA is expected to benefit the organized real estate sector and Information and Communication Technology Industry (ICTI) in the medium term.
Foreign Direct Investment (FDI)	In January 2018, 100% FDI in single-brand retail and construction development was allowed without Government approvals. This has attracted foreign agencies, bringing in technology, expertise, and capital, resulting in higher demand for office spaces, technology centres, and residential segments.
Make in India	Launched in 2014 to foster manufacturing in India by attracting global investment. It has boosted infrastructure development like townships, roads, and bridges. India's Ease of Doing Business rank improved from 184 in 2014 to 63 in 2019, positively impacting residential demand near business centres.
Smart Cities	Focused on infrastructure development, including roads, railways, and commercial centres. The scheme also includes affordable housing. As of March 2026, 8,067 projects worth Rs. 1,64,811 crores were under construction, with 7,790 (97% of total projects undertaken) worth Rs. 1,56,257 crores completed.
Real Estate Investment Trust (REIT)	SEBI-approved REITs allow pooling of funds for investment in commercial properties, potentially extending to the residential sector in the future. Proposed tax exemptions for dividend payments and enabling debt financing by Foreign Portfolio Investors. This will enhance liquidity and transparency in the real estate sector, attracting more institutional and retail investors and accelerating project development.
Goods & Services Tax (GST)	Introduced in July 2017, GST simplified the home-buying process with the "One Nation, One Market, One Tax" principle, reducing ambiguities from the previous multi-taxation system and benefiting the real estate sector.
Insolvency & Bankruptcy Code (IBC), 2016	The IBC facilitates the assessment of debtors' viability and allows a formal, time-bound insolvency resolution process. It includes a new institutional framework of regulators, insolvency professionals, and adjudicatory mechanisms.
Pradhan Mantri Awas Yojana	The PMAY- Urban aims to provide affordable housing to all eligible urban households. As of August 2026, 99.25 lakh houses have been completed and 96% of houses are allotted to women. Additionally, under PMAY-G out of the 3.91 crore houses sanctioned, 3.13 crore houses have been completed and ~ 75% of the houses sanctioned are either in the name of women or under joint ownership
Affordable Rental Housing Complexes (ARHCs)	ARHCs provide decent rental housing for urban migrants/poor near their workplaces. This initiative unlocks vacant housing stock and promotes entrepreneurship in rental housing, while addressing the needs of industrial and non-formal urban economies.
State Government Housing Schemes	Various state housing schemes (e.g., Delhi Development Authority, Maharashtra Housing) offer affordable housing based on income categories (LIG, MIG, HIG, EWS). These schemes provide housing at lower costs than private builders and are linked to central or specific state programs.

Industry Outlook for Residential Real Estate

The residential real estate market remained supported by end-user demand, urban income growth and a preference for upgraded housing. However, the market witnessed a gradual moderation in activity during FY26 following a prolonged period of strong growth. Housing sales across major cities remained at healthy levels, supported by sustained end-user demand, although transaction volumes softened compared to the previous year. New project launches also moderated as developers adopted a more measured approach towards supply additions. Residential prices continued to remain elevated across most markets, driven by demand for premium and larger homes as well as rising input costs. While demand fundamentals remained favourable, higher property prices and affordability concerns led to a more cautious buying environment in certain segments. Overall, the residential market continues to be supported by favourable demographics, urbanisation and income growth, although near-term growth is expected to stay moderate as the market adjusts to elevated price levels and evolving buyer preferences.

Further, government initiatives, including the Pradhan Mantri Awas Yojana (PMAY), the Urban Development Plan and digitisation of land records, have continued to support the residential real estate sector. These measures have helped improve the housing ecosystem by supporting affordable housing, improving transparency in land records and creating a more structured environment for residential development. While affordability pressures remain in select markets due

to sustained price appreciation, improving income levels, end-user demand, and flexible developer offerings are expected to support residential sales across segments.

Within the residential real estate segment, buyers are increasingly prioritizing homes that offer more open space, modern amenities, and proximity to workplaces, schools, and family. This shift in lifestyle and buying behaviour is encouraging demand for well-designed residential projects with quality architecture, ample ventilation, and community-driven spaces. Additionally, there is a rising preference for developments that include recreational facilities for children and the elderly, reflecting a broader focus on holistic and experience-driven living environments.

Schemes such as PMAY-Urban and PMAY-Gramin schemes demonstrate the government's commitment to promoting affordable housing and improving living conditions for individuals and families across the country. According to the World Bank, India's urban population will account for 40.00% of the total population by 2036. Thus, to accommodate the urban population, the demand for residential real estate is likely to witness stellar growth in the long term.

Moreover, the RBI has kept the repo rate unchanged at 5.25% in its August 2026 monetary policy meeting, after cumulative monetary easing in the previous policy cycle. This is expected to provide support to housing affordability, subject to the transfer of lower rates by lenders and movement in home loan rates. In addition to monetary policy adjustments, the government's fiscal measures, particularly income tax reforms, are anticipated to further influence the housing market. The Union Budget 2025 introduced significant tax reliefs, including a zero-income tax policy for individuals earning up to Rs 12 lakhs under the new tax regime. This measure is expected to improve middle-class disposable income, thereby supporting housing affordability and residential demand. Given the sustained demand for housing and the rising income levels, the long-term outlook for the residential real estate segment remains positive.

Residential Real Estate Industry in MMR Region

Infrastructure Overview in MMR Region

Several infrastructure projects are underway across Greater Mumbai and the Mumbai Metropolitan Region to enhance long-term urban sustainability and increase the carrying capacity of transport and civic networks. These investments are aimed at improving mobility, reducing travel time and strengthening connectivity across key residential, commercial and employment hubs, thereby improving transportation capacity in the region both in terms of scale and service quality.

The expansion of mass transit systems, development of new road corridors and upgrades to existing arterial routes are connecting peripheral and previously under-served areas with established business districts. Improved access to public utilities and transport infrastructure has increased the viability of these locations for residential development, supporting the expansion of housing supply beyond traditional micro markets.

Enhanced connectivity and improved liveability in newer growth corridors, along with infrastructure upgrades in established areas, have contributed to higher residential demand, improved absorption and price appreciation across select markets. As a result, infrastructure development continues to play a central role in shaping residential real estate trends in the MMR region.

Thane	Thane City, Ghodbunder Road, Majiwada, Wagle Estate	Thane is known for large integrated townships, relatively affordable housing compared to Mumbai core, strong connectivity to major highways, and growing IT and commercial presence alongside green spaces.
Extended Eastern Suburbs	Kalyan, Dombivli, Badlapur, Ambernath, Titwala, Karjat	These locations are dominated by affordable housing clusters, strong suburban rail connectivity, and emerging educational and healthcare facilities, making them attractive to first-time buyers and workforce families.
Navi Mumbai	Vashi, Airoli, Ghansoli, Rabale, Mahape, Belapur, Nerul, Seawoods, Kharghar	Navi Mumbai is a planned city with wide roads and modern infrastructure, offering a balanced residential–commercial mix, affordable to mid-income housing, and growth potential driven by the upcoming international airport.
Vasai–Virar	Vasai, Virar East and West, Nalasopara	This micro market is an affordable housing corridor experiencing rapid population growth, supported by suburban rail connectivity and strong demand from the workforce commuting to Mumbai.
Mira Bhayandar	Mira Road, Bhayandar East and West	Emerging residential and industrial corridor. Affordable housing demand supported by industrial employment and rail access.
Palghar	Palghar, Boisar, Dahanu	Palghar is characterized by affordable housing and its role as an industrial belt, with demand driven by workforce housing needs and connectivity through suburban rail.
Panvel	Old Panvel, New Panvel, Kalamboli, Taloja	Panvel is a strategic growth hub with proximity to the Navi Mumbai International Airport, MTHL, and JNPT, offering affordable to mid-income housing and strong potential for future expansion.

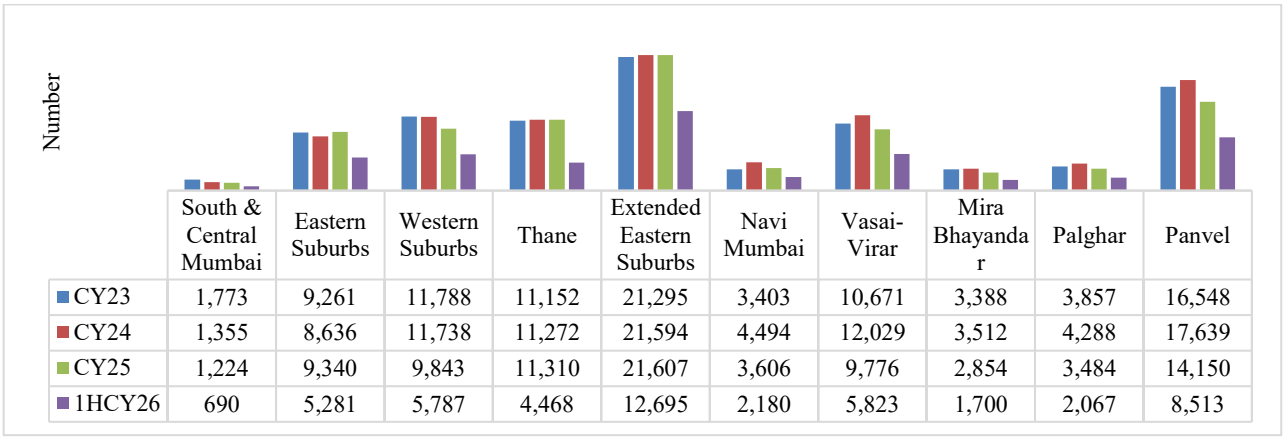

Key Trends in Residential Real Estate

i.a.xix.Trend in New Launches in Top 10 Micro Markets in MMR region

Between CY23 and 1HCY26, new residential launches across MMR's top micro-markets have shifted from core city zones to infrastructure-linked peripheral corridors. Extended Eastern Suburbs, Panvel, Thane, and Western Suburbs consistently led in launch volumes, with Extended Eastern Suburbs having the largest share between CY23 and 1HCY26. South and Central Mumbai continue to account for a comparatively lower share of launches, largely due to limited availability and higher cost of developable land, with new supply in these markets increasingly dependent on redevelopment opportunities.

Launch activity in Panvel, Navi Mumbai, Vasai-Virar and other peripheral corridors continues to be supported by transport infrastructure, access to employment centres and the availability of larger development parcels. Buyer preference is also becoming less dependent on proximity to the traditional city core, with commute efficiency, connectivity and surrounding social infrastructure gaining relevance in residential location decisions. At the same time, developers are increasingly launching larger and higher-ticket homes as land and construction costs rise and demand shifts towards improved unit configurations.

i.a.xx.Trend in Sales in Top 10 Micro Markets in MMR region

Between CY23 and 1HCY26, residential sales across MMR's key micro-markets indicate a gradual shift in demand from core city areas toward suburban and peripheral corridors with better connectivity and relatively affordable price points. Extended Eastern Suburbs, Panvel, Thane and Western Suburbs consistently accounted for a large share of sales volumes during the period, reflecting the depth of end-user demand in these markets. Extended Eastern Suburbs remained the largest contributor to sales. Vasai Virar and Navi Mumbai recorded a gradual increase in sales, supported by improving infrastructure, better connectivity to employment hubs, and lower entry prices compared to core Mumbai. Western and Eastern Suburbs also saw consistent absorption, supported by established infrastructure, redevelopment activity and access to employment centres. Core markets in Central and South Mumbai, in comparison, continue to account for a lower share of transaction volumes due to higher ticket sizes and a narrower addressable buyer base.

Navi Mumbai has emerged as an increasingly relevant residential demand corridor, with sales growing faster than the addition of new supply, indicating that infrastructure improvements are translating into buyer demand rather than only influencing future development. Improved connectivity through the Mumbai Trans Harbour Link, the development of Navi Mumbai International Airport and planned rail and metro connectivity are reducing dependence on traditional Mumbai employment centres, while growth in office, data centre, logistics and other commercial activity is supporting the development of a local employment base.

Across MMR, buyer preference is increasingly influenced by commute efficiency, price-value proposition, social infrastructure and unit configuration rather than proximity to the traditional city core alone. This has supported absorption in peripheral locations while redevelopment continues to remain an important source of supply in established Mumbai micro-markets.

i.a.xxi.Average Ticket Size in Top 10 Micro Market in MMR region

Between FY23 and FY26, average ticket sizes increased across most MMR micro-markets, reflecting a combination of residential price appreciation, larger unit configurations and a gradual shift in demand towards mid-income and premium housing. Navi Mumbai recorded the highest increase in average ticket size during the period, rising by around 34%, followed by Mira Bhayandar and Thane. The increase in Navi Mumbai also reflects the market's transition from being primarily an affordability-led residential destination towards a broader mid-income and premium market, supported by improving transport connectivity, social infrastructure and an expanding local employment base. Across MMR, buyer preference for larger homes and better project amenities has also supported higher transaction values, while rising land and development costs have reduced the availability of new housing at lower ticket sizes. South and Central Mumbai remained the highest-priced micro-market, while Extended Eastern Suburbs, Vasai-Virar, and Palghar continued to offer relatively affordable options.

The widening ticket-size differential across micro-markets reflects increasing segmentation within MMR, with established city locations retaining high-value demand, Navi Mumbai and Thane moving towards higher-value housing and peripheral markets continuing to cater to relatively price-sensitive buyers.

i.a.xxii.Unsold Inventory in Top 10 Cities in Micro Markets in MMR region

Despite robust sales growth in recent years, unsold inventory has consistently edged higher since 2020 as supply levels exceeded demand. The trend was evident in CY22 and CY23, when most region saw a rise in under-construction stock. By CY24, Panvel, Western Suburbs, Thane, Eastern Suburbs and Extended Eastern Suburbs collectively accounted for nearly 75% of the unsold inventory, with Extended Eastern Suburbs holding the largest quantum and value, followed by Panvel and Thane. On a percentage basis, Navi Mumbai recorded the steepest increases in unsold stock, underlining the impact of aggressive launch activity amid uneven demand absorption. The trend reversed in CY25, with unsold inventory declining across most major micro-markets as developers moderated launches and aligned new supply more closely with absorption. The reduction was visible across Extended Eastern Suburbs, Panvel, Thane, Western Suburbs and Eastern Suburbs. In 1HCY26, unsold inventory increased marginally across several micro-markets as launch activity picked up, although the increase remained limited relative to the existing inventory base.

Demand Drivers for Residential Real Estate in MMR Region

Drivers	Description
Robust Infrastructure Development	Continued investment in metro corridors, coastal roads, expressways, and airport connectivity has enhanced accessibility across MMR, unlocking new residential catchments and boosting end-user confidence.
Growth of Commercial Real Estate and Employment	Expansion of Grade-A office spaces in BKC, Lower Parel, Navi Mumbai, and Thane has generated residential demand in adjacent micro-markets, driven by workforce migration and rental yield potential.
Integrated Township Policy (ITP)	The ITP has facilitated large-scale, self-sustained residential clusters in peripheral areas, offering lifestyle amenities and better planning, which appeal to mid-income and aspirational buyers.
Mumbai Development Control and Promotion Regulations (DCPR), 2034	The revised DCPR has enabled higher FSI, incentivized redevelopment, and streamlined approvals, encouraging supply creation in land-starved zones.
Redevelopment of Ageing Housing Stock	Replacement demand from older buildings in core and suburban Mumbai drives sustained residential demand, particularly for mid and premium housing.
Majhe Ghar—Majha Adhikar (Housing Policy 2025)	Maharashtra's housing policy aims to promote affordable housing, rental models, and inclusive development, supporting demand across income segments.
Demand for Larger Homes and Lifestyle Amenities	Post-pandemic preferences have shifted toward spacious units with balconies, work-from-home zones, and gated communities offering clubhouses, gyms, and green spaces.

Redevelopment of Real Estate Projects in MMR Region

Overview of Redevelopment Projects

Redevelopment has become a major component of real estate activity in the Mumbai Metropolitan Region (MMR), driven by ageing housing stock, limited availability of vacant land and the need for urban infrastructure upgrades. As per 2017 BMC Audit, 1.6 lakh building across Mumbai were constructed over 30 years old, leading to an increasing requirement for structural renewal and compliance with safety norms. In addition, Mumbai's 70% of land is already built-up and population density exceeds 30,600 persons per sq km, making city functionally landlocked, with outward expansion no longer a viable option. This has positioned redevelopment as a key supply-side channel for new housing in the core city and its extended suburbs.

The policy framework has been pivotal. DCPR 2034 introduced higher FSI incentives for cessed buildings, cluster redevelopment, and MHADA layouts, making projects financially viable even in dense urban precincts. Transit-oriented overlays along Metro corridors and the Coastal Road have further boosted redevelopment potential. MHADA continues to play a central role in rehabilitating pre-1969 cessed buildings, while cooperative housing societies are increasingly exploring self-redevelopment models, supported by new state guidelines offering single-window approvals and concessional financing. Redevelopment activity is concentrated in South Mumbai (Byculla, Mazgaon, Girgaon) and Western suburbs (Andheri, Vile Parle, Borivali), where older buildings built before 1980 are structurally weak and land values are high. The Eastern suburbs are also witnessing a surge in MHADA and SRA-led redevelopment, supported by infrastructure upgrades such as Metro lines and arterial road expansion.

Figure 2: Redevelopment Hotspot in Mumbai

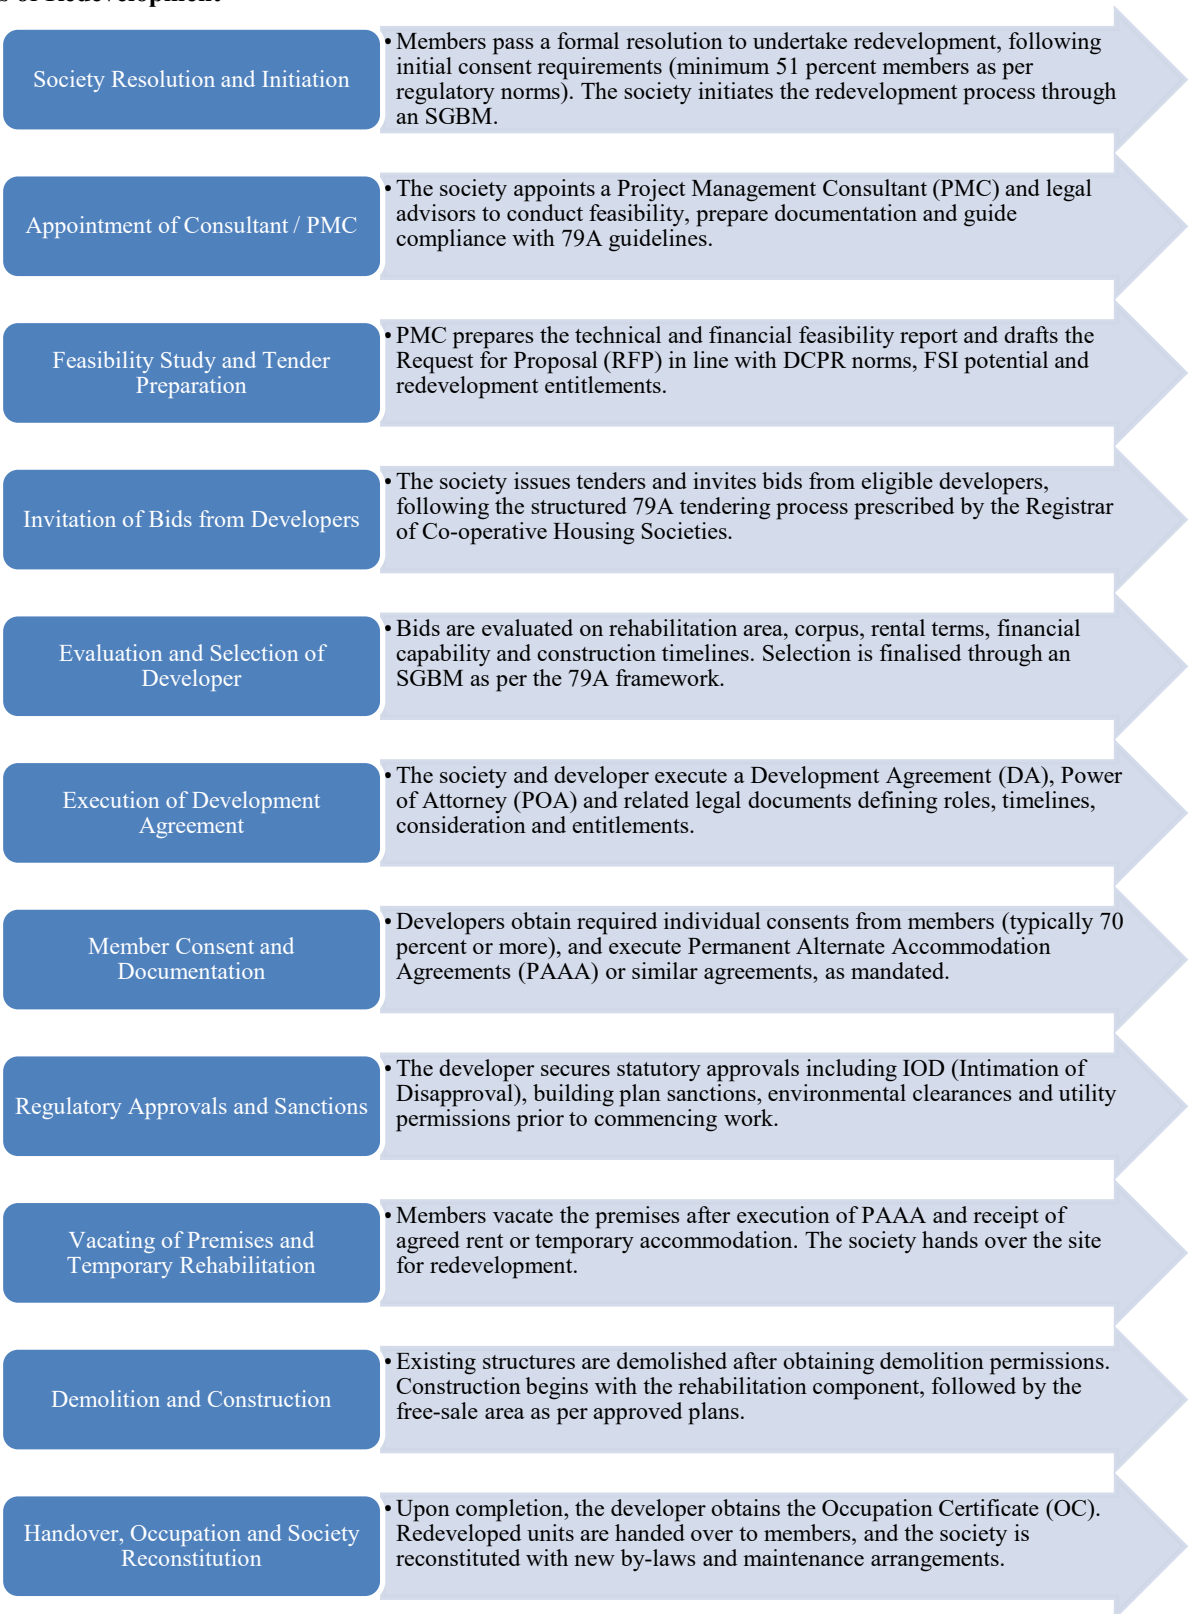

Policy Framework for Redevelopment

Policy / Regulation	Scope	Key Provisions	Implications for Redevelopment
DCPR 2034	Applies to redevelopment across Mumbai including	Defines FSI norms, incentive FSI, premium	Enhances project feasibility through higher development

Policy / Regulation	Scope	Key Provisions	Implications for Redevelopment
	cess buildings, society buildings and cluster zones	structures, rehabilitation area requirements and plot-level conditions	potential and codified incentive mechanisms
SRA Regulations	Slum clusters notified under the Slum Rehabilitation Authority	Rehabilitation + free-sale model, minimum rehab area norms, eligibility criteria for slum dwellers	Enables large-scale slum renewal with clear entitlement rules and developer obligations
MHADA & BMC Guidelines for Cess/Chawl Buildings	Buildings constructed before 1980 and classified as cess structures	Higher FSI, incentive area calculations, specific procedures for structural audits and tenant rehousing	Supports replacement of dilapidated stock through clearer benefits for residents and developers
Cluster Redevelopment Policy	Consolidation of multiple structures or plots within defined minimum area thresholds	Common FSI for aggregation, unified planning, phased approvals and infrastructure integration	Facilitates large-scale renewal in dense precincts with coordinated redevelopment
Transit-Oriented Development (TOD) Policy	Areas within influence zones of metro and rail corridors	Additional development rights linked to public transit connectivity	Supports higher-density redevelopment along major transit corridors

Process of Redevelopment

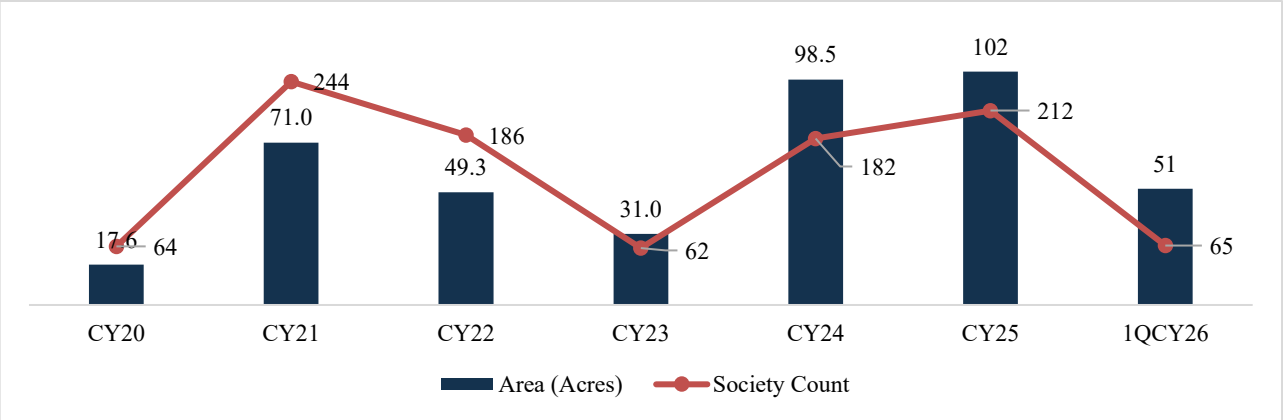

Redevelopment Activity

Redevelopment activity in the Mumbai Metropolitan Region has scaled up materially since 2020, with societies increasingly opting to replace ageing housing stock through structured redevelopment models. Between 2020 and Q1 CY26, a total of 1,015 society redevelopment agreements were executed, cumulatively unlocking 420.1 acres of land for renewal. This reflects one of the largest land recycling cycles observed in the post-DCPR 2034 period.

Across this period, redevelopment projects supported both land aggregation and densification, with societies contributing varying development potential based on plot sizes, building classification and regulatory entitlements. The aggregate area unlocked highlights the growing role of redevelopment as a primary driver of new residential supply in urban micro markets where greenfield land availability is limited. The steady increase in society participation also indicates greater comfort with the redevelopment framework, standardised processes, and improved commercial and rehabilitation terms offered by developers.

Chart 29: Redevelopment Activity in MMR

Average Deal Size

The scale of redevelopment projects in the Mumbai Metropolitan Region has increased over time, reflected in the steady growth in average deal size. The average built-up area unlocked per redevelopment agreement has increased from 0.21 acres per deal in CY20 to 0.48 acres per deal in CY25. The doubling of average deal size indicates that societies undertaking redevelopment are increasingly part of larger clusters, benefiting from improved aggregation efforts and higher development potential under current regulations.

The trend also points toward greater efficiency in land utilisation, with developers and societies leveraging revised planning norms and incentive structures to consolidate plots and optimise project layouts. As redevelopment becomes more structured, larger redevelopment agreements are expected to continue contributing to scale-driven execution and increased supply generation in the MMR region.

Trends in Micro Markets in Mumbai

Redevelopment activity in the Mumbai Metropolitan Region has been concentrated primarily in the suburban micro markets. Between 2020 and Q1 2026, the Western Suburbs accounted for 717 out of 1,015 society redevelopment deals, representing nearly 71% of total transactions. The Central Suburbs contributed 242 societies, taking the overall suburban share to about 95% during this period.

In contrast, Central and South Mumbai together recorded 55 society redevelopment deals, indicating limited participation relative to the suburban markets. The distribution reflects differences in existing building stock, redevelopment eligibility, building classification and organisational readiness of societies.

In terms of development potential unlocked, the Western Suburbs added approximately 312.3 acres of built-up area, accounting for over 74% of the total area released for redevelopment. This concentration is supported by favourable FSI norms, wider road networks, relatively uniform building layouts and more structured cooperative societies, which enabled faster aggregation and decision-making.

Drivers and Challenges

Key Drivers

Drivers	Description
Ageing Housing Stock	A significant share of Mumbai's residential buildings are over 30 years old, many of which are structurally weak and lack modern amenities. Redevelopment provides residents with safer, upgraded homes featuring improved layouts, facilities, and compliance with current building standards.
Land Scarcity	With more than 70% of MMR's land already built-up, fresh land supply is severely limited. Redevelopment becomes the most practical mechanism to unlock land value, recalibrate density, and optimize usage in prime urban locations.
Policy Incentives	The Mumbai Development Control and Promotion Regulations (DCPR) 2034 enable higher FSI, cluster redevelopment, and transit-oriented overlays, making projects financially viable. Additionally, MHADA and SRA frameworks support rehabilitation of cessed and slum housing, further driving redevelopment activity.
Infrastructure Upgrades	Large-scale projects such as Metro corridors, the Coastal Road, and arterial road expansions are transforming connectivity across MMR. These upgrades enhance the attractiveness of suburban micro-markets, making redevelopment projects more appealing to both residents and investors.
Developer & Investor Interest	Redevelopment offers developers asset-light entry models with limited land acquisition risk, while investors benefit from high-margin infill projects and strong pre-sales visibility. This combination ensures sustained interest and capital flow into redevelopment initiatives.

Key Challenges

Challenges	Description
Consent & Coordination	Achieving society-level consensus is often complex, as multiple stakeholders with differing interests must agree. Delays in aggregating member approvals frequently stall projects, making coordination one of the biggest hurdles in redevelopment.
Regulatory Bottlenecks	Despite digitization of processes, approval timelines remain unpredictable. Multiple agencies are involved in clearances, creating overlaps and inefficiencies that slow down project initiation and execution.

Challenges	Description
Execution Risks	Developers face challenges in managing tenant rehousing, adhering to construction timelines, and controlling cost escalations. These risks can erode project viability and affect delivery schedules, especially in large-scale redevelopments.
Heritage & Legal Constraints	In South and Central Mumbai, heritage restrictions, fragmented property ownership, and ongoing litigation limit redevelopment potential. These constraints add layers of complexity and delay to projects in prime locations.
Financing & Liquidity	While concessional financing is available for self-redevelopment, smaller societies often struggle to secure adequate funding. Limited liquidity slows adoption of redevelopment models and impacts project feasibility.

Brief Profile of the Company

About the Company

Sanghvi Housing and Infrastructure Limited, headquartered in Mumbai, is engaged in the development of residential and commercial real estate projects, primarily within Mumbai and its surrounding regions. The company undertakes activities across the real estate development lifecycle, including project planning, design coordination, construction management and customer servicing. Its portfolio is predominantly residential in nature, with select commercial developments. Since inception, the company has undertaken 31 real estate projects in Mumbai and Thane, with a focus on redevelopment projects; as of date, 10 projects are under development. The company has a major presence in the Western Suburbs of the Mumbai region, where it has executed and continues to develop most of its projects. Sanghvi Housing and Infrastructure's share in total residential unit sales in Mumbai increased from 0.02% in FY23 to 0.10% in FY25. Further, the company's residential unit sales grew at a CAGR of 134.5% between FY23 and FY25.

Business Model

Sanghvi Housing and Infrastructure's business model involves the development of residential and commercial real estate projects in Mumbai and nearby areas. The company undertakes land identification and project planning, coordinates with architects and consultants for design and regulatory approvals and manages construction through external contractors. Sales and customer engagement are handled directly, supported by an in-house customer-care team that assists buyers throughout the transaction process.

Overview

We are a real estate developer primarily engaged in the construction and development of commercial and residential projects across the Mumbai Metropolitan Region ("MMR") and Thane district, Maharashtra. Our company has a major presence in the Western Suburbs of the Mumbai region, where it has executed and continues to develop most of its projects *(Source: CareEdge Research Report)*. Our core focus is on the redevelopment of existing residential properties and housing societies, particularly in established urban locations, where we seek to unlock development potential and create modern residential developments while providing rehabilitation premises to eligible existing occupants. We also undertake selective greenfield development on land parcels acquired by us. Our project portfolio is predominantly concentrated in MMR and Thane district, enabling us to leverage our understanding of local market dynamics, property values, customer preferences, development regulations and approval processes.

Our portfolio comprises 31 projects aggregating 5,482,635 sq. ft. of total developable area and 2,181,772 sq. ft. of total saleable area across three stages of development. The table below summarizes details of the same:

(Area in sq. ft.)

	No. of projects	Total Developable Area	Total Saleable Area
Completed Projects	6	538,755	198,169
Ongoing Projects	10	928,880	329,036
Upcoming Projects	15	4,015,000	1,654,567
Total	**31**	**5,482,635**	**2,181,772**

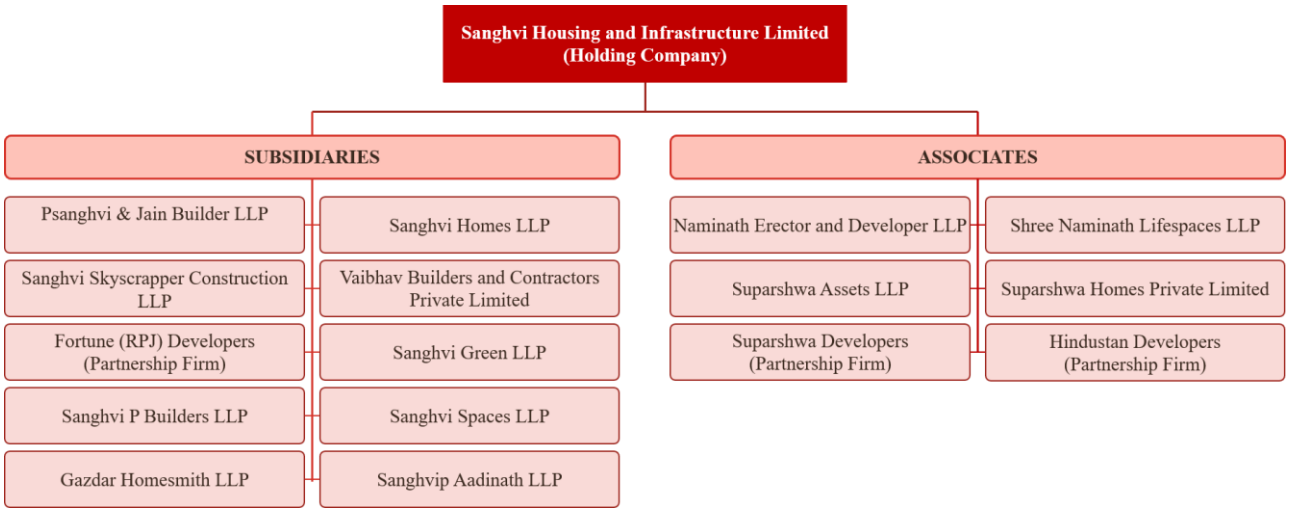

Notes:
1. "Total Developable Area" means the aggregate area proposed to be constructed on the relevant property, comprising the rehabilitation component (in the case of a redevelopment project) and the free sale component, and includes areas attributable to common areas and amenities.
2. "Total Saleable Area" means the aggregate area of the units available to us for sale in the relevant project and, in the case of a redevelopment project, excludes the area allotted to the existing occupants as the rehabilitation component.

Our project portfolio reflects our presence across several established residential micro-markets in the MMR, including Santacruz, Girgaon, Vile Parle, Andheri, Bandra, Lalbaug, Jogeshwari, Borivali, Matunga, Goregaon, Malad, Dharavi, Mahim, Gamdevi, Tardeo, Worli and Sion in Mumbai, and Thane District. Our presence across these locations provides us with exposure to diverse residential markets and enables us to evaluate development opportunities based on location-specific demand, development potential and project feasibility. Of our 31 projects across the three stages of development (Completed, Ongoing and Upcoming), 28 projects are redevelopment projects, demonstrating our predominant focus and experience in redevelopment, while 3 projects are greenfield projects. We undertake greenfield development on suitable land parcels acquired by us, providing us with an additional avenue to pursue residential development opportunities and complement our redevelopment-led project pipeline.

Our brand "Sanghvi Realty" has received industry recognition for our redevelopment work. In 2026, we were recognised for Excellence in Re-Development Projects at the ET Now Realty Conclave and Awards - West Edition 2026, and as one of the "Best Realty Brands 2026" at the ET Edge & TOI Best Brands Awards. Our brand has also received the "Smart Project of the Year - Redevelopment 2024" award at the Real Estate & Business Excellence Awards, and were recognised as "Iconic Redevelopment Developer of the Year 2023" at the Mid-Day Real Estate & Infrastructure Icons 2023 - Western Mumbai.

Our development activities extend across various stages of the real estate development cycle, from identification and evaluation of development opportunities through project structuring, planning and design, obtaining requisite approvals, construction, marketing and sale of residential units and completion of projects. We work with architects, consultants, contractors, suppliers, regulatory authorities, existing occupants and other stakeholders during various stages of project development. We seek to leverage specialised external resources while retaining oversight of project planning, development and execution. Our approach enables us to manage the different requirements involved in residential development and coordinate various stakeholders throughout the project lifecycle.

We operate through the Company and a network of subsidiaries and associates through which we undertake and develop various residential projects. Our subsidiaries and associates provide the structure through which we pursue development opportunities, enter into project-specific arrangements and undertake project execution. The current corporate structure of our Company is set out below:

As of the date of this Draft Red Herring Prospectus, we have 10 (ten) subsidiaries and 6 (six) associates. Several of our projects are undertaken through our subsidiaries and associates, while certain projects are undertaken directly by the Company.

Our Completed Projects demonstrate our experience in executing and delivering residential developments, while our Ongoing Projects represent our current development activities and our Upcoming Projects provide visibility into our future development pipeline.

In addition to our development portfolio, we have identified and secured interests in certain land parcels that may provide opportunities for future development. Our land bank comprises properties held through our subsidiaries, associates and the Company, with our economic interest varying across such properties. These properties provide us with potential

opportunities to undertake future development, subject to applicable approvals, project feasibility, development arrangements and other relevant factors.

Notes:

[(1)] Revenue from Operations means the revenue from operations as appearing in the Restated Consolidated Financial Information.

[(2)] Growth in Revenue from Operations is calculated as the percentage change in Revenue from Operations for the relevant financial year over the Revenue from Operations for the previous financial year.

[(3)] Total Income means the total income as appearing in the Restated Consolidated Financial Information, being the sum of Revenue from Operations and Other Income.

[(4)] EBITDA is calculated as restated profit before tax (including share of profit/(loss) of associates), plus finance costs and depreciation and amortisation expense, less other income.

[(5)] EBITDA Margin is calculated as EBITDA divided by Revenue from Operations.

[(6)] PAT means the restated profit for the year as appearing in the Restated Consolidated Financial Information, including share of profit/(loss) of associates and profit attributable to non-controlling interest.

[(7)] PAT Margin is calculated as PAT divided by Revenue from Operations.

[(8)] Debt to Equity Ratio is calculated as Total Debt divided by Total Equity. Total Debt is the sum of non-current borrowings and current borrowings. Total Equity means total equity as appearing in the Restated Consolidated Financial Information, including non-controlling interest, as at the end of the relevant financial year.

[(9)] Debt to EBITDA Ratio is calculated as Total Debt divided by EBITDA.

(10) Basic / Diluted EPS means the basic and diluted earnings per equity share as appearing in the Restated Consolidated Financial Information.

[(11)] Return on Capital Employed is calculated as EBIT divided by Capital Employed. EBIT is restated profit before tax (including share of profit/(loss) of associates) plus finance costs. Capital Employed is Total Equity plus Total Debt as at the end of the relevant financial year.

[(12)] Return on Equity is calculated as PAT divided by Total Equity as at the end of the relevant financial year.

(5) Units available for sale means the number of sale flats/units, excluding units allotted to existing members in the case of redevelopment projects.

Competitive Strengths

We believe we are well positioned to capitalize on the growth opportunities in the Indian real estate market. Our key competitive strengths are outlined below:

Established presence in the Mumbai Metropolitan Region

Mumbai, the capital city of Maharashtra, is a major economic hub with robust infrastructure and connectivity, making it attractive for commercial and residential developments. Our real estate development activities are primarily focused in and around the Mumbai City (South-Central Mumbai and Western & Central Suburbs of Mumbai), within the Mumbai Metropolitan Region (MMR), and Thane districts Maharashtra. Our projects are located in established micro-markets and emerging growth corridors supported by infrastructure such as metro lines, coastal road, expressways and suburban rail networks, which enhances project attractiveness and sales potential. The expansion of mass transit systems, development of new road corridors and upgrades to existing arterial routes are connecting peripheral and previously under-served areas with established business districts. Improved access to public utilities and transport infrastructure has increased the viability of these locations for residential development, supporting the expansion of housing supply beyond traditional micro markets. Enhanced connectivity and improved liveability in newer growth corridors, along with infrastructure upgrades in established areas, have contributed to higher residential demand, improved absorption and price appreciation across select markets.

The table below sets forth details of Completed, Ongoing and Upcoming Projects across regions:

(Area in sq. ft.)

(2) *South-Central Mumbai: Girgaon, Gamdevi, Tardeo, Lalbaug, Worli, Matunga, Mahim, Dharavi and Sion.*

(3) *Thane District: Comprises Thane City and Vasind.*

We believe that our focus and experience in the MMR provide us with a practical understanding of the local residential real estate market, including prevailing property values, customer preferences, location-specific demand, development potential and factors influencing the feasibility of residential projects. Our experience across various micro-markets in Mumbai and Thane has enabled us to develop familiarity with the characteristics of established residential locations, including connectivity, surrounding infrastructure, availability of social amenities and the nature of existing residential properties. This understanding assists us in evaluating potential development and redevelopment opportunities based on location, project feasibility, development potential, expected market demand and applicable regulatory requirements.

Further, our experience in undertaking redevelopment projects has enabled us to understand the requirements involved in coordinating with housing societies, existing occupants, property owners, consultants, contractors and other stakeholders throughout the development process. We believe that this familiarity with local market conditions and the regulatory and approval environment supports our evaluation of development opportunities and our approach to planning and executing residential projects in MMR.

Experience in Redevelopment and Tenant Rehabilitation in the MMR

We have established experience in undertaking redevelopment projects across the Mumbai Metropolitan Region ("MMR"), including projects involving the rehabilitation and settlement of existing tenants and occupants. As of the date of this Draft Red Herring Prospectus, our redevelopment portfolio comprised 5 (five) completed projects, 9 (nine) ongoing projects and 14 (fourteen) upcoming projects, reflecting our experience across various stages of the redevelopment lifecycle. Redevelopment projects typically involve the demolition of existing structures and construction of new buildings on the same land, pursuant to development arrangements with existing housing societies, associations of allottees or property owners.

The MMR has limited availability of developable land and a substantial stock of ageing buildings and housing societies, making redevelopment an important avenue for residential and commercial development in the region. Redevelopment projects involve coordination with existing tenants and occupants, and effective tenant settlement and rehabilitation are integral to the successful execution of such projects. The ability to effectively manage these requirements can influence the timelines for obtaining vacant possession, securing necessary approvals and commencing construction activities. Our experience in tenant rehabilitation and redevelopment has enabled us to develop an understanding of the commercial, operational and coordination requirements associated with redeveloping occupied properties in the MMR.

Through our track record and continued involvement in redevelopment projects, we believe we have developed practical, MMR-specific experience in tenant settlement, rehabilitation and stakeholder coordination, which supports our ability to undertake and execute redevelopment opportunities in the region. The following table sets out the details of our project portfolio by nature of project and stage of development:

(Area in sq. ft.)

Nature of Projects [1]	No. of Projects	Total Developable Area	Total Saleable area
Completed Projects			
Redevelopment projects	5	4,27,255	1,35,983

Notes:
(1) "Redevelopment projects" refers to projects involving the redevelopment of existing residential properties and housing societies, under which we develop modern residential developments and provide rehabilitation premises to eligible existing occupants. "Greenfield projects" refers to projects undertaken on land parcels acquired by us and not involving the redevelopment of existing residential properties.
(2) The information set out above in respect of our Upcoming Projects is based on our current management plans and estimates and is subject to change.

Strong Execution Capabilities and Timely Completion of Projects

We have established structured systems and processes for the development and execution of our real estate projects, covering key stages including design and planning, procurement, construction and project monitoring. These processes are designed to facilitate effective coordination among various stakeholders, optimize the use of resources and enable us to execute projects efficiently and within planned timelines and budgets. We believe that our systematic approach to project execution also enables us to maintain consistency in quality and effectively monitor project progress across various stages of development.

Our execution capabilities are supported by an experienced team with expertise across various aspects of the real estate development lifecycle, including land acquisition, feasibility studies, project planning and estimation, obtaining approvals from government authorities, interpretation of local regulations, construction and project execution, and sales and marketing. Our personnel have experience in coordinating with regulatory authorities and other stakeholders and in managing third-party contractors engaged for various land development and construction-related activities. This combination of in-house capabilities and external stakeholder management enables us to coordinate multiple aspects of project execution and respond effectively to project-specific requirements.

We have also developed relationships and experience in liaising with relevant regulatory authorities and managing third-party contractors for land development and other execution activities. Our understanding of local regulations and approval processes, together with our experience in coordinating with external contractors and other stakeholders, enables us to effectively manage project dependencies and address execution-related requirements. We believe these capabilities are particularly important in real estate development, where project timelines may depend on multiple approvals, construction activities and stakeholder interactions.

Timely completion of projects is an important component of successful real estate development, as delays may increase project costs, defer revenue realization and affect customer satisfaction. Our ability to plan, coordinate and monitor various stages of project execution has enabled us to complete projects within, and in certain cases ahead of, their scheduled completion timelines. We believe that our track record of timely project completion reflects our execution capabilities and has contributed to our growth and reputation in the real estate market.

The table below sets out details of the projects completed by us within or ahead of their respective scheduled completion timelines:

Project Name	Location	Nature of Project	Date of CC [1]	Date Of OC[2]	RERA Completion Date[3]	Period Completed Ahead of RERA Completion Date
Sanghvi Infenia	Santacruz	Redevelopment	February 2, 2022	October 08, 2025	December 31, 2026	14 months 23 days
Onyx	Girgaon	Redevelopment	June 22, 2017	September 10, 2025	December 31, 2026	15 months 21 days

Sanghvi Palazzo	Andheri	Redevelopment	October 18, 2023	April 27, 2026	December 31, 2027	20 months 4 days

Notes:
(1) "Date of CC" means the date on which the commencement certificate in respect of the relevant project was received from the concerned authority.
(2) "Date of OC" means the date on which the occupation certificate in respect of the relevant project was received from the concerned authority.
(3) "RERA Completion Date" means the date by which the relevant project was required to be completed in terms of its registration under the Real Estate (Regulation and Development) Act, 2016, as extended from time to time.

Experienced Promoters and Management Team

Our Promoters, Directors, Key Managerial Personnel ("KMP") and senior management team bring extensive experience across key functions of the real estate development business. The Company is led by our Promoters, Prithviraj Sankalchand Sanghvi and Pakshal Prithviraj Sanghvi, whose complementary backgrounds support the Company's strategic, operational and financial functions. Mr. Prithviraj Sanghvi, our Promoter provides strategic direction to the Company. Pakshal Prithviraj Sanghvi, our Chairman and Managing Director, holds a Bachelor's degree in Architecture from NMIMS and a Master's degree in Management from Manchester Business School, United Kingdom. His combination of architectural and management qualifications supports his involvement in the planning and development of our projects.

The broader management team provides functional support across project planning and execution, regulatory approvals, finance, sales and marketing and other operational functions. This structure enables us to bring together industry knowledge, technical capabilities and financial oversight in evaluating development opportunities and managing projects through various stages of their lifecycle. The management team is also focused on identifying opportunities in our existing and new micro-markets and aligning our project offerings with prevailing market demand and customer preferences. We believe that the continuity of leadership, complementary skill sets and sector knowledge of our Promoters, KMP and management team provide a strong foundation for the continued growth of our business.

For further information on our Promoters, Directors, KMP and senior management, please see "Our Management" on page 210.

Business Strategies

Convert Development Rights into Project Launches

Our Upcoming Projects comprised 15 (fifteen) projects with an estimated aggregate developable area of approximately 40,15,000 sq. ft., representing approximately 73.23% of the aggregate estimated developable area of our Completed Projects, Ongoing Projects and Upcoming Projects. We have received appointment letters or letters of intent, or executed development agreements or acquired land, in respect of these projects, including projects located at Tardeo, Andheri (East), Gamdevi and Sion. Our near-term focus is to progress these projects through the requisite approvals and pre-development activities towards commencement of development and project launches.

Our Upcoming Projects are at various stages of the approval process, with certain projects having already received key approvals such as Intimation of Disapproval ("IOD") and Provisional Fire NOCs. We intend to build on this progress by pursuing the remaining approvals and sanctions applicable to each project under the relevant planning and regulatory framework. In parallel with the regulatory approval process, we intend to undertake project-specific pre-development activities, including tenant consent, tenant settlement, rehabilitation and transit accommodation arrangements, where

applicable. Our experience in redevelopment and tenant rehabilitation enables us to coordinate with existing occupants and other stakeholders while progressing regulatory and development-related activities.

We intend to launch these projects in a phased manner based on project readiness, regulatory approvals, tenant rehabilitation requirements, prevailing market conditions and other commercial considerations. By focusing on projects for which we have already secured land or development rights, we seek to move our existing pipeline towards development and monetisation while reducing our dependence on fresh land acquisition to support our medium-term growth.

We believe that our existing portfolio of Upcoming Projects provides us with a visible development pipeline across established MMR micro-markets. Converting these into project launches may enable us to leverage our existing project pipeline, deepen our presence in strategically located markets and create opportunities for future revenue generation. Our continued focus will be on progressing projects efficiently while maintaining a disciplined approach to capital deployment, project selection and execution.

Increase the Scale of Individual Projects

Our project portfolio is increasingly focused on opportunities of a larger scale. Our Completed Projects have an average saleable area of approximately 33,028 sq. ft and our Ongoing Projects have an average estimated saleable area of approximately 32,904 sq. ft. In comparison, our Upcoming Projects have an average estimated saleable area of approximately 1,10,304 sq. ft. Four of our Upcoming Projects, located at Vasind, Andheri (East), Mahim (West) and Gamdevi, each have an estimated saleable area exceeding 1,00,000 sq. ft., and our largest Upcoming Project, Sanghvi Rio at Vasind, is a greenfield development with an estimated saleable area of approximately 6,10,000 sq. ft.

Going forward, we intend to selectively pursue larger redevelopment opportunities within our existing micro-markets in the MMR, including projects involving multiple societies, larger plots or contiguous properties. We also intend to selectively pursue larger land parcels suitable for development on a greenfield basis. We believe that larger projects can provide greater scope to leverage our existing capabilities and spread project-level costs and resources across a larger saleable area. In the case of our redevelopment projects, activities such as tenant coordination and consent, regulatory approvals, rehabilitation of existing occupants, project planning and site establishment require substantial management effort irrespective of project size. Accordingly, projects of a larger scale may enable us to achieve greater operating efficiencies and improve the utilisation of our management and execution resources.

Larger projects also provide opportunities to phase development and sales, allowing us to manage construction and monetisation across different stages of the project lifecycle. At the same time, we recognise that larger projects may involve longer development periods, greater capital requirements and increased execution complexity, and that greenfield development involves the acquisition of land and consequently a different capital commitment from our redevelopment projects. Accordingly, our approach will remain selective, with project size being evaluated alongside location, development potential, regulatory requirements, tenant rehabilitation considerations, capital requirements, expected realizations and execution timelines.

Through this strategy, we seek to gradually increase the scale of our projects while leveraging our established capabilities in redevelopment and tenant rehabilitation, with the objective of building a larger project portfolio.

Attract, Retain and Develop Qualified Personnel

Our ability to execute our growth strategy depends, in part, on our ability to attract, retain and develop personnel with relevant experience across the real estate development and redevelopment lifecycle. Our projects require capabilities across areas such as identifying and evaluating redevelopment opportunities, coordinating with housing societies, tenants and property owners, navigating regulatory and approval processes, project planning and execution, sales and marketing, and financial management.

As our project portfolio expands, we intend to further strengthen our team across project management, regulatory liaison, sales and marketing, finance and other project-specific functions. We plan to recruit personnel with relevant experience from the real estate and construction sectors, while also developing our existing personnel through internal training and on-the-job exposure to our project execution, approval and stakeholder management processes.

We also intend to maintain compensation and employee development practices that enable us to remain competitive in attracting and retaining talent, including performance-linked incentives where appropriate. We believe that developing a

capable and stable workforce will support continuity across our projects and enable us to effectively manage the increasing scale and complexity of our redevelopment pipeline.

Through these initiatives, we seek to build a skilled and experienced team capable of supporting our expanding project portfolio and maintaining the quality and efficiency of our project execution.

Scale up our presence in the premium and ultra-luxury segments in the MMR

Our projects have to date been developed principally in the mid-market and economy segments, which together account for 25 of our 31 Projects across the three stages of development, namely, Completed Projects, Ongoing Projects and Upcoming Projects and approximately 84% of their aggregate saleable area. We intend to increase our presence in the premium and ultra-luxury residential segments in the Mumbai Metropolitan Region, which we believe are characterised by demand from high-net-worth individuals, limited availability of land parcels and properties available for redevelopment in prime locations, and higher barriers to entry.

The table below sets forth the segment-wise details of our Completed Projects, Ongoing Projects and Upcoming Projects:

(Area in sq. ft.)

Segment [(1)]	Completed Projects			Ongoing Projects			Upcoming Projects			Total

Notes:

(1) "Economy" refers to apartments upto ₹150 lakhs; "Mid-Market" refers to apartments between ₹150 lakhs and ₹300 lakhs; "Premium" refers to apartments between ₹300 lakhs and ₹700 lakhs; "Ultra-Luxury" refers to apartments above ₹700 lakhs.

Our Upcoming Projects include Sanghvi Sea Crest at Gamdevi in the ultra-luxury segment, with an estimated developable area of 4,50,000 square feet and an estimated saleable area of 1,10,000 square feet, and four projects in the premium segment at Tardeo, Mahim (West), Bandra (West) and Worli, with an aggregate estimated developable area of 6,60,000 square feet and an aggregate estimated saleable area of 2,26,500 square feet. Our Ongoing Projects include Sanghvi Optima at Matunga in the premium segment. We intend to pursue further opportunities in these segments through the redevelopment of properties in established micro-markets and, selectively, through the acquisition of land parcels, in locations which in our assessment demonstrate demand visibility, connectivity and pricing potential.

In these projects we intend to focus on the unit mix and layouts, specifications, amenities and quality of common areas appropriate to the segment, and to engage architects, designers and consultants having experience of comparable developments. We intend to apply to these projects the processes for approvals, rehabilitation of existing occupants, construction supervision and quality control that we apply to our existing projects, and to draw on our relationships in the micro-markets in which these projects are located.

Focus on enhancing our brand visibility and reputation through development of quality real estate projects

We believe that we have established a reputation for developing projects characterized by innovation, quality construction and timely delivery. We intend to continue emphasizing design innovation and superior project execution standards in

order to enhance customer satisfaction. We also plan to leverage technologically advanced tools, construction methodologies and processes to maintain high standards of quality across our developments.

We aim to expand the scale of our operations while maintaining operational efficiency and quality. Our business model, which involves outsourcing construction and related activities to service providers, enables us to undertake multiple developments while optimizing resource utilization. We intend to continue engaging established firms for services such as design, architecture and construction, and to further strengthen and leverage our relationships with real estate consultants and contractors to support our growth strategy.

Business Operations

Our Projects

We have, for the purpose of describing our business, classified the description of our projects into the following categories: (i) Completed Projects; (ii) Ongoing Projects; and (iii) Upcoming Projects. The majority of our projects are redevelopment projects, being projects undertaken on properties held by co-operative housing societies or by landowners, on which an existing structure is demolished and redeveloped and a part of the constructed area is allotted to the existing occupants. The development of such a project involves the following steps: (i) identification of redevelopment opportunities; (ii) feasibility assessment and title due diligence; (iii) appointment as developer and execution of the development agreement; (iv) consent of members, individual agreements with the existing occupants, vacation of the premises and provision of transit accommodation; (v) design and planning; (vi) statutory approvals; (vii) registration under the Real Estate (Regulation and Development) Act, 2016; (viii) appointment of contractors and consultants, demolition of the existing structure and site establishment; (ix) sales and marketing; (x) construction and project management; (xi) quality assurance and control; and (xii) completion, handover and defect liability.

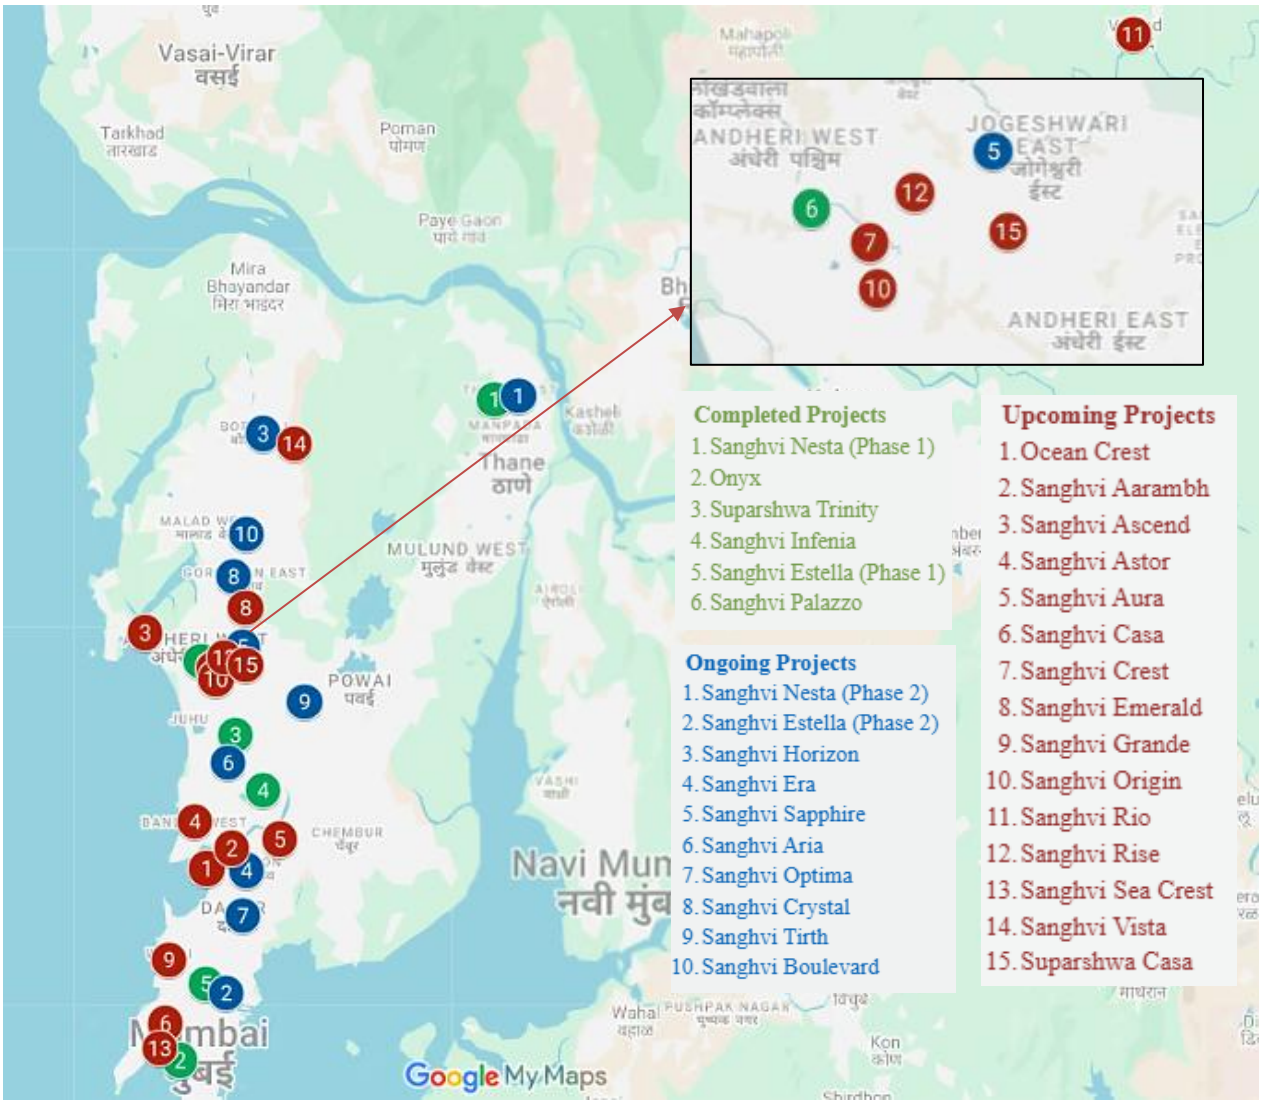

Note: Steps (iii), (iv) and the demolition of the existing structure referred to in step (viii) arise only in a redevelopment project. Steps (ix) and (x) are undertaken concurrently and not in sequence.

We have, for the purpose of describing our business, classified our projects into the categories set out below. The table below sets out the definitions for each of these classifications and other relevant terms:

Particulars	Brief description
Completed Projects	**"Completed Projects"** are those projects which have been developed by our Company, by our Subsidiaries or by our Associates, and in respect of which the occupation certificate has been received from the concerned authority.
Ongoing Projects	**"Ongoing Projects"** are those projects in respect of which (i) the title to the land, or the development rights or other interest in the land, is held directly or indirectly by our Company, by our Subsidiaries or by our Associates, whether by way of acquisition of the land or pursuant to a development agreement with a co-operative housing society or a landowner; (ii) the approvals required for commencement of development, being the commencement certificate issued by the concerned planning authority, or the corresponding sanction under the scheme applicable to the project, have been received; and (iii) the occupation certificate has not been received.
Upcoming Projects	**"Upcoming Projects"** are those projects in respect of which (i) in the case of a Redevelopment Project, an appointment letter, a letter of intent or a development agreement has been executed by our Company, by our Subsidiaries or by our Associates with the concerned co-operative housing society, association of allottees or landowner, and, in the case of a Greenfield Project, the land, or the development rights or other interest in the land, has been acquired or secured by our Company, by our Subsidiaries or by our Associates; and (ii) the commencement certificate issued by the concerned planning authority, or the corresponding sanction under the scheme applicable to the project, has not been received, and construction and sales have not commenced.
Redevelopment Projects	**"Redevelopment projects"** refers to projects involving the redevelopment of existing residential properties and housing societies, under which we develop modern residential developments and provide rehabilitation premises to eligible existing occupants.
Greenfield Projects	**"Greenfield projects"** refers to projects undertaken on land parcels acquired by us and not involving the redevelopment of existing residential properties.

Particulars	Brief description
Total Developable Area	**"Total Developable Area"** means the aggregate area proposed to be constructed on the relevant property, comprising the rehabilitation component (in the case of a redevelopment project) and the free sale component, and includes areas attributable to common areas and amenities.
Total Saleable Area	**"Total Saleable Area"** means the aggregate area of the units available to us for sale in the relevant project and, in the case of a redevelopment project, excludes the area allotted to the existing occupants as the rehabilitation component.
No. of Total flats/ units	**"No. of Total flats/ units"** means the aggregate number of units in the relevant project, comprising the units allotted to the existing occupants as the rehabilitation component and the units available to us for sale.
No. of Sale flats/ units	**"No. of Sale flats/ units"** means the number of units in the relevant project available to us for sale, being the No. of Total flats/ units less the units allotted to the existing occupants as the rehabilitation component.
Units allotted to existing members	**"Units allotted to existing members"** means the units comprising the rehabilitation component allotted to the existing occupants of the property, which are not available to us for sale.
Economy	**"Economy"** refers to apartments upto ₹150 lakhs.
Mid-Market	**"Mid-Market"** refers to apartments between ₹150 lakhs and ₹300 lakhs.
Premium	**"Premium"** refers to apartments between ₹300 lakhs and ₹700 lakhs.
Ultra-Luxury	**"Ultra-Luxury"** refers to apartments above ₹700 lakhs.

Our Land Reserves

Land is a vital resource and plays a significant role in facilitating real estate development. Our Land Reserves consist of saleable areas of land to which we have, or are in the process of acquiring, title, on which no development activity has commenced and no plan for development has been initiated but which we intend to develop in future, subject to various factors including marketability, receipt of regulatory clearances and development of adequate infrastructure. The details of these land reserves are as below:

Sr No.	Location	Company Name	Plot Area *(Sq. Metre)*	Plot Area (*Sq. Ft.)*
1	Tardeo	Gazdar Homesmith LLP	497.49	5,354.93
2	Andheri	Suparshwa Assets LLP	23,450.74	2,52,421.42
3	Sion	Sanghvi Housing & Infrastructure Limited	1,433.00	15,424.67
Total			**25,381.23**	**2,73,201.02**

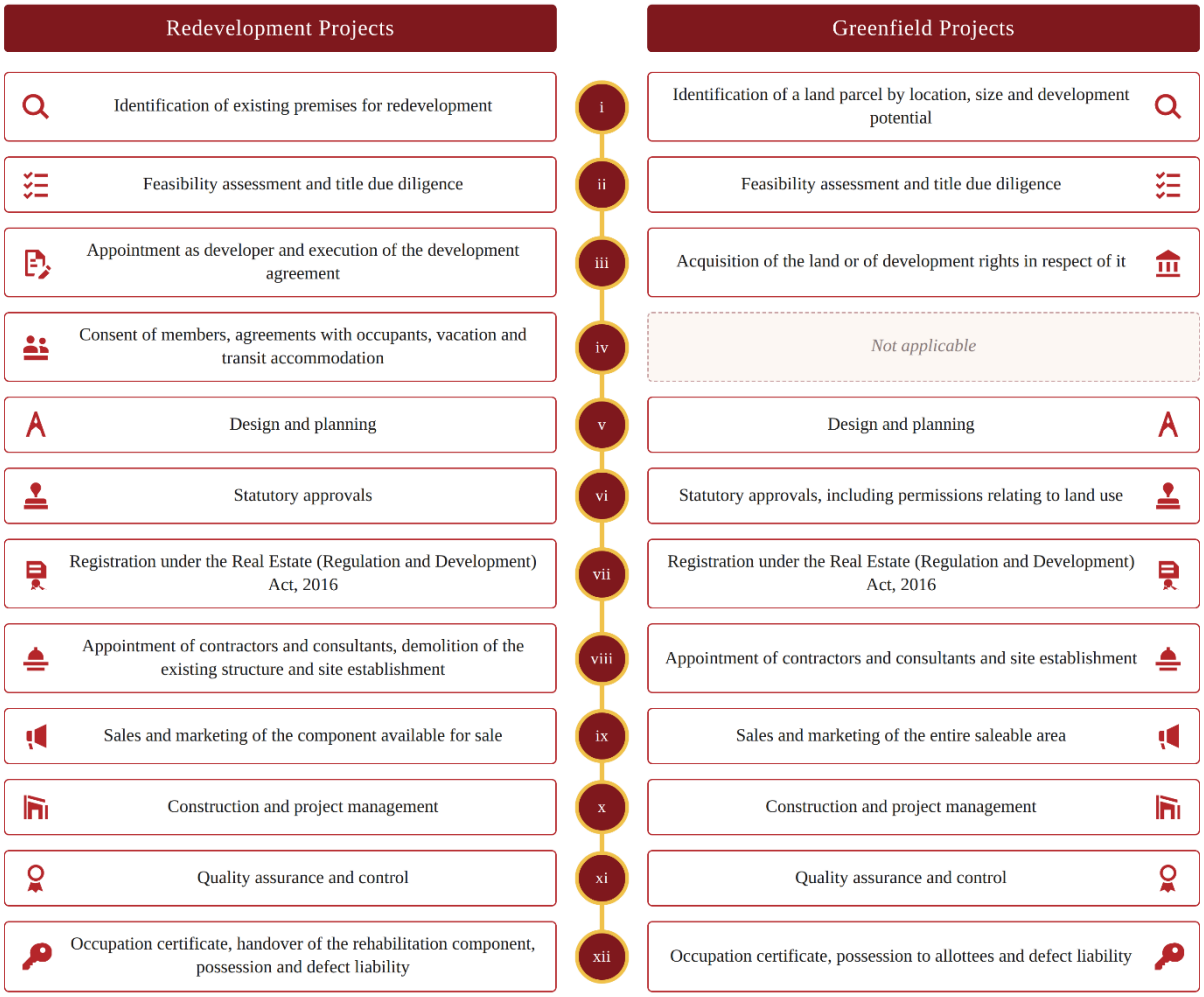

We also hold a constructed commercial property at Lonavala, being the hotel property known as Hotel Montana held by our subsidiary, Sanghvi Skyscraper Construction LLP.

Key Business Processes

We undertake our projects either by way of redevelopment of properties held by co-operative housing societies or by landowners, or by way of greenfield development, being development of land acquired by us. Of our 31 Projects across various stages (Completed Projects, Ongoing Projects and Upcoming Projects), 28 are redevelopment projects and 3 are greenfield projects.

Our project execution process comprises the stages set out below. The stages are common to both categories of projects except where stated otherwise, and certain of them are undertaken concurrently rather than in sequence. The time taken

at each stage varies between projects depending on the location of the property, the manner in which it has been secured, the applicable planning regime, the number of existing occupants and the approvals required.
The chart below illustrates the stages of our project execution process for each category of projects:

i. Identification of opportunities

We identify opportunities in the Mumbai Metropolitan Region and Thane District through our own business development efforts, through channel partners, brokers, architects and liaison consultants active in these localities, and through references from co-operative housing societies and landowners with whom we have previously dealt.

Redevelopment Projects: Opportunities also arise through co-operative housing societies and landowners inviting proposals from developers. We assess the location and connectivity of the property, the size and configuration of the plot, the tenure of the property, the nature of the existing occupancy and the number of existing occupants, and the indicative development potential available under the applicable development control regulations.
Greenfield Projects: Opportunities arise through land parcels available for acquisition being brought to us. We assess the location and connectivity of the land, its size and configuration, the land use applicable to it and the indicative development potential available under the applicable development control regulations.

ii. Feasibility assessment and title due diligence

In each case we obtain search reports and title certificates from advocates, examine the property card, revenue records, conveyance and other title documents, and identify encumbrances, pending litigation and outstanding statutory dues in respect of the property. We concurrently assess the floor space index and other development potential available under the applicable regulations, the estimated cost of construction, prevailing rates and absorption in the locality, the estimated period of development and the funding required for the project. A project is taken forward only upon the outcome of this assessment being approved in accordance with our internal approval process.

Redevelopment Projects: Due diligence additionally covers the constitution and records of the society or the landowner and the list of existing members or occupants and their respective tenures. The feasibility assessment additionally covers the area required to be allotted to the existing occupants as the rehabilitation component, the balance area available to us for sale, and the transit accommodation, corpus and other amounts payable to the existing occupants.

Greenfield Projects: Due diligence additionally covers the land use applicable to the property and the permissions required in relation to it. The feasibility assessment additionally covers the cost of acquisition of the land, and the entire saleable area of the project is available to us for sale.

iii. Securing the property

Redevelopment Projects: Where the property is held by a co-operative housing society, our appointment as developer is made by the society in accordance with its bye-laws and the guidelines applicable to redevelopment of buildings of co-operative housing societies, and is recorded by way of a resolution of its general body, followed by a letter of intent and thereafter a development agreement. Where the property is held by a landowner, we enter into a development agreement or a joint development arrangement, as applicable. The development agreement is registered and is generally accompanied by an irrevocable power of attorney in our favour enabling us to carry out the development, apply for approvals and deal with the saleable area. Our principal outlay before commencement of construction is the rent and other amounts payable to the existing occupants.

Greenfield Projects: We acquire the land, or the development rights in respect of it, by way of a registered conveyance or other definitive document, and the acquisition is completed before design and the application for approvals commence. The cost of the land is incurred by us at the outset, with the result that a larger proportion of the capital committed to such a project is deployed before construction commences.
In each case we determine at this stage the manner in which the project is to be held, including whether it is to be undertaken by our Company, by a subsidiary, or through a project entity in which we hold an interest along with other partners.

iv. Consent of members, agreements with occupants, vacation and transit accommodation

Redevelopment Projects: We obtain the consent of the members or occupants of the existing building to the extent required under the applicable regulations, and enter into individual agreements with each of them recording the area, location and specifications of the permanent alternate accommodation to be provided to them in the redeveloped building, the amounts payable to them towards rent for alternate accommodation, shifting and corpus, and the period within which possession of the permanent alternate accommodation is to be handed over. The existing occupants thereafter vacate their premises and we make payment of rent for alternate accommodation, or provide alternate accommodation, for the duration of the development. Obtaining vacant possession of the entire property is a pre-condition to commencement of demolition and construction, and delay in obtaining such possession, or in the payment obligations arising during this period, may affect the cost and timeline of a project.

Greenfield Projects: This stage does not arise, and the period between securing the property and commencement of construction is correspondingly shorter.

v. Design and planning

We appoint architects, structural consultants, and mechanical, electrical and plumbing consultants for each project, and work with them to develop the concept design, the unit mix and unit layouts, the specifications for the units and common areas, and thereafter the working drawings required for construction. We seek to utilise the development potential available to the property, including any additional or fungible floor space index and transferable development rights permissible under the applicable regulations, and we carry out value engineering with our consultants with a view to controlling the cost of construction. The bill of quantities and the project cost estimate are prepared on the basis of the approved design.

Redevelopment Projects: The design provides for the rehabilitation component to be allotted to the existing occupants and the balance component available to us for sale.

Greenfield Projects: The entire development is available to us for sale.

vi. Statutory approvals

We apply for the approvals required for the development of the project, which generally include the intimation of disapproval and the commencement certificate issued by the concerned planning authority, and further commencement certificates as construction progresses, together with the no-objection certificates and clearances required in relation to fire safety, tree authority, storm water drains, sewerage, water supply, height clearance and, where applicable, environmental clearance. Certain approvals are obtained in the name of the entity undertaking the project rather than in the name of our Company.

Redevelopment Projects: Projects undertaken under a scheme for slum rehabilitation, cluster redevelopment or redevelopment within an area notified for development by a special planning authority additionally require the sanctions applicable under the relevant scheme.

Greenfield Projects: The approvals additionally include the permissions relating to the land use applicable to the property, where required.

vii. Registration under the Real Estate (Regulation and Development) Act, 2016

This stage is common to both categories of projects.

Each project, or each phase of a project, is registered with the Maharashtra Real Estate Regulatory Authority prior to any advertisement, marketing or booking of units in that project or phase. The registration records the sanctioned plans, the specifications, the details of the units, and the date by which we undertake to complete the project.

Following registration we are required to deposit the prescribed proportion of the amounts realised from allottees in a separate account to be utilised towards the cost of construction and the land cost, to withdraw such amounts in proportion to the percentage of completion as certified by the architect, engineer and chartered accountant of the project, to update the details of the project on the website of the authority at the prescribed intervals, and to obtain the prescribed annual audit.

viii. Appointment of contractors and consultants, demolition and site establishment

We do not undertake construction with our own workforce and equipment, and we appoint third party contractors for civil construction and for the various trades required for a project. Contractors and other service providers are selected on the basis of quotations or tenders invited from parties having experience of comparable work, and are engaged under work orders or contracts recording the scope, rates, timelines and quality requirements. We also appoint project management consultants and other consultants for the project as required. The site is thereafter established for construction, including site enabling works and arrangements for storage of materials, site safety and compliance with the labour and construction site requirements applicable to the project.

Redevelopment Projects: Upon obtaining vacant possession and the permissions required for demolition, the existing structure is demolished before site establishment commences.

Greenfield Projects: No demolition arises and site establishment commences upon receipt of the commencement certificate.

ix. Sales and marketing

We commence sales in a project following its registration with the Maharashtra Real Estate Regulatory Authority. Sales are undertaken by our in-house sales team together with channel partners and brokers operating in the relevant micro-market, supported by a site office and, in certain projects, a sample apartment, and by marketing through digital and other media and through references from existing customers. Upon a booking, we issue an allotment letter and thereafter enter into a registered agreement for sale with the allottee. Consideration is generally payable in accordance with a schedule linked to the stages of construction, and our sales and customer relationship function follows up on collections against the agreements executed, assists allottees with documentation for home loans and registration, and provides customers with information on the progress of construction. This stage is undertaken concurrently with the construction of the project.

Redevelopment Projects: Only the component of the development other than the rehabilitation component is available for sale.

Greenfield Projects: The entire saleable area of the project is available for sale.

x. Construction and project management

This stage is common to both categories of projects.

Construction is carried out by the contractors appointed by us under the supervision of our project management team and, where appointed, the project management consultant for the project. We monitor progress against the approved construction schedule, verify measurements and running account bills submitted by contractors, and monitor the procurement and consumption of materials at site.

We review the status of each project periodically at a management level, including construction progress, cost incurred against the project cost estimate, sales and collections and the status of pending approvals, and we allocate resources between projects on the basis of this review.

xi. Quality assurance and control

This stage is common to both categories of projects.

We carry out checks at defined stages of construction, including in relation to the quality of materials received at site, testing of concrete, steel and other principal materials, workmanship at the structural and finishing stages, and compliance with the specifications recorded in the agreements for sale executed with our allottees. Deviations identified are required to be rectified by the concerned contractor. Prior to handover, each unit is inspected and any defects identified are rectified before possession is offered.

xii. Completion, handover and defect liability

Upon completion of construction we apply for the occupation certificate from the concerned authority. Following its receipt, we offer possession of the sold units to our allottees against payment of the amounts due from them. We thereafter assist in the formation of the society or other association of the allottees and in the handover of the common areas, the records of the building and the balance of the amounts collected towards maintenance and other charges to such body, and, where applicable, in the conveyance of the property in its favour. We remain liable to rectify defects notified within the period prescribed under Section 14(3) of the Real Estate (Regulation and Development) Act, 2016.

Redevelopment Projects: We additionally hand over the permanent alternate accommodation to the existing occupants of the earlier building.

Greenfield Projects: No rehabilitation component arises and possession is offered only to our allottees.

Competition

The real estate industry in India, while fragmented, is highly competitive and competition is primarily due to limited entry barriers. We face competition from various national and regional real estate developers. Prominent listed developers include Sri Lotus Developers and Realty Limited, Arkade Developers Limited, Modi's Navnirman Limited, Arihant Superstructures Limited and Hubtown Limited. (Source: CareEdge Research Report) We also face competition from various small unorganized operations in the residential segment.

Information Technology

We utilize information technology systems to maintain data integrity, reliability, and operational efficiency, and consider such systems to be an integral component of our execution and delivery model. Our integrated technology-enabled processes support various administrative, operational, and management functions across departments, including planning, procurement, sales and customer relationship management, finance and accounting, human resources, project execution, and management reporting. We have implemented enterprise-wide applications to integrate workflows across our departments and enhance coordination, monitoring, and control functions, and we continue to upgrade and implement additional systems, including customer relationship management solutions, to further streamline our processes. Information technology systems and digital tools are integral to our operations and facilitate efficient project design,

planning, execution, and management through the use of advanced software applications, automation, and robust infrastructure. We also utilize enterprise resource planning systems and specialized design and engineering software to support our business processes and decision-making across the organization.

Intellectual property

To establish and protect our intellectual property rights, we primarily rely on trademarks and other intellectual property laws. As of August 31, 2026, we have applied for/ renewed the following trademarks in India:

Sr. No.	Application Number	Trademark	Class	Date of Application/ Renewal	Status

Health, Safety and Environment

We are committed to adhering to all applicable laws and regulations including those applicable in the Greater Mumbai Region, Maharashtra and Thane District in which we operate and are committed to sustainable development practices. We comply with the various national, state and municipal environmental laws and regulations in India, as applicable. Our operations are also subject to monitoring and inspections by the government officials with regard to various environmental issues.

Our Projects are also developed in compliance with the relevant permissions accorded by various authorities. Furthermore, we also have developed health and safety measures that we and each contractor we engage must comply with. We take the safety and welfare of our employees and the workers who work at our Project sites very seriously and ensure that the appropriate safety instructions and warnings are prominently displayed in English and vernacular at each of our Project sites.

We have implemented construction practices aimed at adopting sustainability. We have developed strategies to incorporate energy and water efficiency by designing our Ongoing Projects and Upcoming Projects in such manner.

Insurance

Our operations are subject to risks inherent in the real estate development industry, including accidents at project sites, equipment failure, fire, earthquakes, floods, explosions, acts of terrorism and other force majeure events, which may result in injury or loss of life, damage to property and equipment, environmental damage, and business interruptions. To mitigate such risks, we have implemented risk management procedures and maintain insurance coverage for our assets and operations at levels that we believe are appropriate and in line with industry practice.

We generally maintain insurance covering our assets and operations at levels that we believe to be appropriate. Accordingly, we and our project entities have obtained contractors' all risk policies, employees' compensation policies, public liability policies and a health insurance policy for our employees.

KEY REGULATIONS AND POLICIES

Given below is a summary of certain relevant laws and regulations applicable to the business and operations of our Company and Material Subsidiaries. The information detailed in this chapter has been obtained from publications available in the public domain. The description of the applicable regulations as given below has been set out in a manner to provide general information to the investors and is not exhaustive and shall not be treated as a substitute for professional legal advice. The statements below are based on the current provisions of applicable law, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

Under the provisions of various Central Government and State Government statutes and legislations, our Company is required to obtain, and periodically renew certain licenses or registrations and to seek statutory permissions to conduct our business and operations. For details, see "Government and Other Approvals" on page 323.

The statements below are based on the current provisions of Indian law, and the judicial, regulatory and administrative interpretations thereof, which are subject to change or modification by legislative, regulatory, administrative, quasi-judicial or judicial decisions/actions

.

Central Legislations

Real Estate (Regulation and Development) Act, 2016 ("RERA") and the rules thereunder

RERA seeks to regulate and promote real estate sector by establishing a specialized forum known as the Real Estate Regulatory Authority ("Authority") and to ensure sale of plot, apartment or building, as the case may be, or sale of real estate project, in an efficient and transparent manner and to protect the interest of consumers in the real estate sector and to establish an adjudicating mechanism for speedy dispute redressal. RERA mandates that promoters of an ongoing real estate project can only market the project or book for selling, or sell or offer apartments for sale if it has a valid registration with the Authority established under RERA. In terms of the provisions of RERA, a promoter, including that the promoters must park 70% of all project receivables in a separate account. Drawdown from such account is permitted for land and construction costs only, in proportion to the percentage of project completion (as certified by an architect, an engineer and a chartered accountant in practice). Further, a promoter can accept only up to 10% of the cost of the apartment, plot, or building as the case may be, as an advance payment or an application fee prior to entering into a written agreement for sale with any person. Further, the promoter is prohibited from creating any charge or encumbrance on any apartment after executing an agreement for sale for the same. In the event such charge or encumbrance is created, it will not affect the right and interest of the allottee. Further, the promoter shall not transfer or assign his majority rights and liabilities in respect of a real estate project to a third party without obtaining the prior written permission of two-third of the allottees and prior written approval of the Authority. RERA also ensures that the promoter does make any addition or alteration in the sanctioned plans without the previous written consent of two third of the allottees, other than the promoter, who have agreed to take apartments in such building. It is required that a promoter obtain all insurances in respect of the real estate projects such as insurance in respect of title of land and construction as and when the same is notified by the appropriate Government.

Non-registration of a real estate project as per RERA would result in penalties up to 10% of the estimated cost of the project as determined by the Authority. Contravention of any other provision of RERA or order issued by the Authority may result in penalties up to 5% of estimated cost of the project or imprisonment up to three years or both. Further, the promoter's contravention or failure to comply with any order of the Appellate Tribunal formed under RERA will result in imprisonment for a term extending to three years or with a fine further up to 10% of the estimated cost of the project, or both.

Additionally, if the promoter fails to give possession of an apartment, plot or building in accordance with the terms of the agreement for sale, or due to discontinuance of business or suspension or revocation of registration under RERA, and the allottee wishes to withdraw from the project, the promoter must return the amount received from such allottee, along with interest and compensation as provided under the RERA. Where an allottee does not intend to withdraw from the project, he shall be paid, by the promoter, interest for every month delay, till the handing over of the possession, at such rate as may be prescribed. In case there is a defect in the title of the land due to which the allottees suffer loss, then the promoter is liable to compensate the allottees for such loss. Further, in case of any structural defect or any other defect in workmanship, quality or provision of services or any other obligations of the promoter as per the agreement for sale brought to the notice of the promoter within five years of the handing of possession to the allottee, the promoter shall rectify such defect without further charge within thirty days and if he fails to do so, the aggrieved allottee shall be entitled to receive appropriate compensation.

We are also required to comply with the rules and regulations issued under RERA by the State of Maharashtra. For instance, Maharashtra has issued the Maharashtra Real Estate (Regulation and Development) (Registration of Real Estate Projects, Registration of Real Estate Agents, Rates of Interest and Disclosure on Website) Rules, 2017 and Maharashtra

Real Estate (Regulation and Development) (Recovery of interest, Penalty, Compensation, Fine payable, Forms of Complaints and Appeal, etc.) Rules, 2017

Transfer of Property Act, 1882 ("TP Act")

The TP Act establishes the general principles relating to the transfer of property in India. It stipulates the general principles relating to the transfer of property including, among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. It also provides for the rights and liabilities of the vendor and purchaser and the lessor and lessee in a transaction for the sale or lease of property, as the case may be. The TP Act also covers provisions with respect to mortgage of property.

Registration Act, 1908 ("Registration Act")

The Registration Act has been enacted with an objective, amongst other things, to provide a method of public registration of documents so as to give information to the public regarding legal rights and obligations arising or affecting a particular property, and to perpetuate documents which may afterwards be of legal importance, and also to prevent fraud. The Registration Act details the formalities for registering an instrument. The Registration Act requires the compulsory registration of certain documents, including documents relating to the conveyance of immovable property. A document relating to the conveyance of immovable property must be registered within four months from the date of its execution and must be registered with the sub-registrar, within whose sub-district the whole or some portion of the property is situated. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the TP Act or as collateral), unless it has been registered.

Indian Stamp Act, 1899 ("Stamp Act")

The Stamp Act requires stamp duty to be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped, are incapable of being admitted in a court of law as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments that are not sufficiently stamped or not stamped at all by the collector and he may impose a penalty of the amount of the proper stamp duty, or the amount of deficient portion of the stamp duty payable.

Indian Easements Act, 1882 ("Easement Act")

The Easement Act governs easements in India, including the nature of easements as continuous or discontinuous and apparent or non-apparent. Under the Easement Act, an easement may be imposed by any person in the circumstances and to the extent to which he may transfer his interest in the property. In terms of the provisions of the Easement Act, an owner or occupier enjoys the right to enjoyment without disturbance by any other person. An easement is a right which the owner or occupier of certain land possesses for the beneficial enjoyment of that land and which permits him to do or to prevent something from being done, in or upon, other land not his own. Under the Easements Act, a license is defined as a right to use property without any interest in favour of the licensee. The period and incident upon which a license may be revoked and grounds for the same may be provided in the license agreement entered in between the licensee and the licensor.

National Building Code of India, 2016 (the "Code")

The Code, a comprehensive building code, is a national instrument providing guidelines for regulating the building construction activities across the country. It serves as a model code for adoption by all agencies involved in building construction works, including the public works departments, other government construction departments, local bodies or private companies in the field of construction. The Code mainly contains administrative regulations, development control rules and general building requirements; fire safety requirements; stipulations regarding materials, structural design and construction (including safety) and building and plumbing services.

The Consumer Protection Act, 2019

The Consumer Protection Act, 2019 ("Consumer Act") has replaced the Consumer Protection Act, 1986, introducing stricter provisions to safeguard consumer interests across all forms of commerce. The Consumer Act broadly defines consumers to include both offline and online transactions conducted through electronic means, tele-shopping, direct selling, and multi-level marketing. It establishes a three-tier grievance redressal system comprising district, state, and national commissions to ensure swift resolution of consumer complaints. Notably, the Consumer Act imposes severe penalties for unfair trade practices and misleading advertisements, including imprisonment of up to two years and fines

extending to ₹1.00 million. The legislation holds manufacturers, service providers, and traders accountable for deficiencies in goods or services, while empowering consumer forums to award compensation and issue corrective orders. These enhanced provisions significantly raise compliance standards for businesses operating in India's consumer market, particularly in the digital commerce space. The Consumer Act's comprehensive framework emphasizes timely dispute resolution while strengthening consumer rights protection against modern trade malpractices.

The Companies Act, 2013

The Companies Act, 2013 serves as the primary legislation governing corporate entities in India, replacing the earlier 1956 Act with a modernized regulatory framework. It establishes comprehensive guidelines for company formation, operations, and dissolution while emphasizing corporate governance, transparency, and accountability. The said Act introduces stricter compliance requirements for businesses, including enhanced disclosure norms and robust oversight mechanisms. It strengthens shareholder rights and director responsibilities while mandating corporate social responsibility provisions for eligible companies. The legislation also modernizes insolvency procedures and incorporates provisions to address contemporary business challenges. By balancing regulatory oversight with operational flexibility, the Companies Act, 2013 aims to foster responsible business practices while protecting stakeholder interests.

Foreign Exchange Laws

The foreign investment in our Company is governed by inter alia the provisions of the Foreign Exchange Management Act, 1999, as amended read with the applicable Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 as amended, the FDI Policy issued and amended by way of press notes, and the SEBI FPI Regulations. Recently, the Government issued Press Note No. 2 (2026 Series) on March 15, 2026, to ease certain restrictions mentioned in Press Note No. 3 (2020 Series), including introducing a "beneficial owner" definition aligned with the Prevention of Money Laundering Act, 2002 and permitting non-controlling investments up to 10% beneficial ownership from land border countries under the automatic route with DPIIT reporting. These changes have been operationalized via the Foreign Exchange Management (Non-Debt Instruments) (Amendment) Rules, 2026, notified on May 1, 2026. Accordingly, non-controlling investments with beneficial ownership up to 10% from land border countries are permitted under the automatic route (subject to prescribed DPIIT reporting), while investments exceeding this threshold or conferring control continue to require prior Government approval. Currently, 100% FDI is permitted (except in the prohibited sectors) under the automatic route in companies which are engaged in construction-development projects (including development of townships, construction of residential/commercial premises, roads or bridges, hotels, resorts, hospitals, educational institutions, recreational facilities, city and regional level infrastructure and townships) subject to compliance with prescribed conditions. The conditions prescribed are as follows:

i. Each phase of the construction development project would be considered as a separate project;

ii. The investor shall be permitted to exit on completion of the project or after development of trunk infrastructure i.e., roads, water supply, street lighting, drainage and sewerage. However, a person resident outside India shall be permitted to exit and repatriate foreign investment before the completion of project under automatic route, provided that a lock-in-period of three years, calculated with reference to each tranche of foreign investment has been completed. Further, transfer of stake from a person resident outside India to another person resident outside India, without repatriation of foreign investment will neither be subject to any lock-in period nor to any government approval;

iii. The project shall conform to the norms and standards, including land use requirements and provision of community amenities and common facilities, as laid down in the applicable building control regulations, bye-laws, rules, and other regulations of the State Government/ municipal/ local body concerned;

iv. The Indian investee company shall be permitted to sell only developed plots, i.e., plots where trunk infrastructure i.e., roads, water supply, street lighting, drainage and sewerage, have been made available;

v. The Indian investee company shall be responsible for obtaining all necessary approvals, including those of the building/layout plans, developing internal and peripheral areas and other infrastructure facilities, payment of development, external development and other charges and complying with all other requirements as prescribed under applicable rules/bye-laws/regulations of the State Government/municipal/local body concerned; and

vi. The State Government/municipal/local body concerned, which approves the building/development plans, will monitor compliance with the above conditions by the developer.

The condition of lock-in period does not apply to hotels and tourist resorts, hospitals, SEZs, educational institutions, old age homes and investment by NRIs or OCIs. Additionally, foreign investment up to 100% under the automatic route is permitted in completed projects for operating and managing townships, malls/shopping complexes and business centres.

Consequent to such foreign investment, transfer of ownership and/or control of the investee company from residents to non-residents is also permitted.

However, there would be a lock-in-period of three years, calculated with reference to each tranche of foreign investment and transfer of immovable property or part thereof is not permitted during this period. Completion of the project will be determined asper the local bye-laws/ rules and other regulations of State Governments.

State Laws

State legislations provide for the planned development of urban areas and the establishment of regional and local development authorities charged with the responsibility of planning and development of urban areas within their jurisdiction. Real estate projects have to be planned and developed in conformity with the norms established in these laws and regulations made thereunder and require sanctions from the government departments and developmental authorities at various stages.

Unified Development Control and Promotion Regulations for Maharashtra ("UDCPR")

The State Government has introduced the UDCPR, which applies to building activities and development works on land within the jurisdiction of all planning authorities and regional plan areas except the MCGM and other exclusions as specified in the UDCPR.

Key provisions of the UDCPR include:

- Increase in the floor space index ("**FSI**") enabling us to increase the size of units and correspondingly increase the developable area available for sale.
- Provisions for deferring payment of approval expenses that were previously required to be paid upfront. The payment of these expenses can now be deferred subject to payment of an interest at the rate of 8.5% per annum.
- A decrease in approval and other premium costs driven by a decrease in staircase premium charges, scrutiny fee, infrastructure charges and premium FSI charges.

The Maharashtra Stamp Act, 1958 (the "MS Act")

Stamp duty on instruments in the State of Maharashtra is governed by the MS Act. The MS Act levies stamp duty on documents/instruments which are specified in the schedule to the MS Act and by which any right or liability is or purports to be created, transferred, limited, extended, extinguished or recorded. All instruments chargeable with duty and executed by any person are required to be stamped before or at the time of execution or immediately thereafter on the next working day following the day of execution. It authorises the State Government, on receiving information from any source, to call for examination of any instrument to satisfy itself that the market value of the property referred therein has been truly set forth and the duty paid on it is adequate. Instruments not duly stamped are incapable of being admitted in court as evidence of the transaction in question. The State Government has the authority to impound insufficiently stamped documents.

Maharashtra Land Revenue Code, 1966 (the "MLR Code")

The MLR Code is a consolidated code governing the sphere of land revenue and powers of revenue officers in the State of Maharashtra. Under the MLR Code, the commissioner is the chief controlling authority in all matters connected with the land revenue for a particular division within the state, subject to the superintendence, direction and control of the State Government. Land revenue has been defined to mean all sums and payments claimable by or on behalf of the State Government on account of any land or interest in or right exercisable over any land held, and any cess or rate authorised by the State Government, any rent, lease money, quit rent or any other payment provided under any law or contract. All land, whether applied for agricultural or other purposes, and wherever situated, is liable for the payment of land revenue to the State Government as provided under the MLR Code, unless otherwise exempted. Further, any arrears of land revenue due on a land shall be a paramount charge on the land and shall have precedence over every other debt, demand or claim. Additionally, the Maharashtra Land Revenue (Conversion of Occupancy Class-II and Leasehold lands into Occupancy Class-I) Rules, 2019 were enacted on March 8, 2019, which provides details upon the fees applicable for conversion of Occupancy Class-II lands into Occupancy Class-I lands.

Maharashtra Regional and Town Planning Act, 1966 (the "MRTP Act")

The MRTP Act has been enacted with the object of establishing local development authorities in the state of Maharashtra to ensure better town planning and development of lands within their jurisdiction. The MRTP Act provides for the creation of new towns and compulsory acquisition of land required for public purposes. The MRTP Act provides a mechanism for the better preparation of planning proposal and their effective execution.

Mumbai Municipal Corporation Act, 1888 (the "Municipal Corporation Act")

The Municipal Corporation Act has been enacted to regulate the municipal administration of the city of Bombay (now Mumbai) and to secure the due administration of municipal funds. The Municipal Corporation of Brihan Mumbai, established under the Municipal Corporation Act, carries out functions including, inter alia, granting of approvals for projects situated in Brihan Mumbai.

Mumbai Metropolitan Region Development Authority Act, 1974 (the "MMRDA Act")

The MMRDA Act has been enacted with the objective of forming Brihan Mumbai and certain areas roundabout into a Mumbai Metropolitan Region ("Region"), to enable the establishment of the Mumbai Metropolitan Region Development Authority ("MMRDA") for the purpose of planning, co-ordinating and supervising the proper, orderly and rapid development of the areas in that Region and of executing plans, projects and schemes for such development, and to deal with other matters connected therewith. The MMRDA carries out functions, inter alia, reviewing any project or scheme for development which may be proposed or be completed in the Region, and financing any project or scheme for development in the Region. The MMRDA also gives recommendations to the State Government on any matter action by the State Government or any other authority for overall development of the Region.

Maharashtra Slum Areas (Improvement, Clearance and Redevelopment) Act, 1971 (the "Slums Act")

The Slums Act has been enacted with the objective of providing better provisions for the improvement and clearance of slum areas in the State of Maharashtra, redevelopment and protection of occupiers from eviction and distress warrants. It establishes a specialised authority known as the Slum Rehabilitation Authority ("SRA") that is engaged in surveying and reviewing existing position regarding slum areas, formulation of schemes for rehabilitation of slum areas and to get the scheme implemented. The Slums Act provides that provisional slum rehabilitation scheme will be published by the authority to invite the objections and suggestions regarding the general slum rehabilitation scheme that will be implemented for areas as specified by the State Government. The scheme generally lays down the parameters for declaration of any area as the slum rehabilitation area and indicate the manner in which rehabilitation of the area declared as the slum rehabilitation area will be carried out. The SRA is responsible to submit to the State Government each financial year, an annual financial statement and the program of work for the succeeding Financial Year along with the estimated receipts, expenditures during the succeeding Financial Year. The SRA can undertake improvement works such as (i) laying of water mains, sewers and storm water drains; (ii) provision of urinals, latrines, community baths, and water taps; (iii) widening, realigning or paving of existing roads, lanes and pathways and constructing new roads, lanes and pathways; (iv) providing street lighting; (v) cutting, filling, levelling and landscaping the area; (vi) partial development of the area with a view to providing land for purposes such as parks, playgrounds, welfare and community centres, schools, dispensaries, hospitals, police stations, fire stations and other amenities run on a non-profit basis; (vii) demolition of obstructive or dilapidated buildings or portions of buildings; and (viii) any other matter for which it is expedient to make provision for preventing the area from being or becoming a source of danger to safety or health or a nuisance.

Maharashtra Fire Prevention and Life Safety Measures Act, 2006 (the "Fire Safety Act")

The Fire Safety Act has been enacted to make more effective provisions for fire prevention and life safety measures in various types of buildings in different areas in the State of Maharashtra, imposition of fee and constitution of a special fund. The Director or the Chief Fire Officer or the nominated officer may, after giving three hours' notice to the occupier, or if there is no occupier, to the owner of any place or building or part thereof, enter and inspect such place or building or part thereof at any time between sunrise and sunset where such inspection appears necessary for ascertaining the adequacy or contravention of fire prevention and life safety measures. If the Director or the Chief Fire Officer or the nominated officer is satisfied that due to inadequacy of fire prevention and life safety measures the condition of any place or building or part thereof is in imminent danger to person or property, then notwithstanding anything contained in this Fire Safety Act, or any other law for the time being in force, he shall, by order in writing, require the persons in possession or in occupation of such place or building or part thereof to remove themselves forthwith from such place or building or part thereof.

The Maharashtra Ownership of Flats (Regulation of the Promotion of Construction, Sale, Management and Transfer) Act, 1963 ("Ownership of Flats Act")

The Ownership of Flats Act applies throughout the State of Maharashtra. It applies to promoters who intend to construct a block or building of flats on ownership basis. The Ownership of Flats Act requires promoters to make full and true disclosures regarding the nature of title to land on which the construction is to take place and all encumbrances on the land. The promoter is required to enter into a written agreement for the sale of flats with each purchaser and such agreement contains prescribed particulars with relevant copies of documents. These agreements must be compulsorily registered. Any contravention of the provisions of the Ownership of Flats Act may be punishable with imprisonment for a term of up to three years or a fine, or both.

The Maharashtra Apartment Ownership Act, 1970 ("MAO Act")

The MAO Act, as amended, was enacted to provide for the ownership of an individual apartment in a building and to make such apartment heritable and transferable property in the State of Maharashtra. The MAO Act provides for, inter alia, provisions related to ownership of apartments, common areas and facilities, common profits and expenses, bye-laws, insurance, disposition of property etc.

The Maharashtra Housing and Area Development Act, 1976 ("MHADA")

The MHADA has been enacted for giving effect to the policy of the state towards securing distribution of ownership and control of the material resources of the community so as best to serve the common good. To give effect to this policy, the MHADA provides for execution of proposals, plans or projects, acquisition of lands and buildings and transferring the lands, buildings or tenements to needy persons and cooperative societies of occupiers of such lands or buildings. The MHADA consolidated the law relating to housing, repairing and reconstruction of dangerous buildings and carrying out improvement works in slum area. It establishes the Maharashtra Housing and Area Development Authority with a view to integrate the activities and functions of different corporate and statutory bodies.

The Development Control and Promotional Regulations (DCPR) 2034 ("DCPR 2034")

The DCPR 2034 came into effect from September 1, 2018, with some provisions notified on November 13, 2018. The DCPR 2034 primarily governs all the building development activity and development work in the jurisdiction of the MCGM and covers redevelopment projects that were to obtain completion certificate. All development, erection and/or re-erection of a building. as well as to the design, construction or reconstruction of, and additions and alterations to a building by our Company must be in accordance with the requirements and specifications including safety requirements provided under the DCPR 2034 and be compliant with the safety requirements provided in the DCPR 2034.

Maharashtra Co-operative Societies Act, 1960 ("Co-operative Societies Act")

The Co-operative Societies Act provides for the orderly development of the co-operative movement in State of Maharashtra in accordance with the relevant directive principles of state policy enunciated in the Constitution of India. The Co-operative Societies Act provides the application process and conditions for registration of co-operative societies. Further, the Co-operative Societies Act specifies the eligibility criteria of and voting by members of co-operative societies. The Co-operative Societies Act permits the state government to subscribe to the shares of a co-operative society with limited liability or provide funds to a co-operative society for the purchase of shares in other co-operative societies. The Co-operative Societies Act, inter alia, governs management, audit and liquidation of co-operative societies. Contravention of the provisions of the Co-operative Societies Act is punishable with a fine, imprisonment or both.

Environment Legislations

We are subject to various environmental regulations as the operation of our establishments might have an impact on the environment. The basic purpose of such statutes is to control, abate and prevent pollution. In order to achieve these objectives, Pollution Control Boards ("PCBs") have been set up in each state and at the central level. Establishments, as prescribed under various regulations, may be required to obtain consent orders from the PCBs. These consent orders are required to be renewed periodically.

The Environment (Protection) Act, 1986 (the "EPA")

The EPA has been enacted with the objective of protecting and improving the environment and for matters connected therewith. As per the EPA, the Central Government has been given the power to take all such measures for the purpose of protecting and improving the quality of the environment and to prevent environmental pollution. Further, the Central Government has been given the power to give directions in writing to any person or officer or any authority for any of the purposes of the EPA, including the power to direct the closure, prohibition or regulation of any industry, operation or process.

Environment (Protection) Rules, 1986 ("Environment Rules")

The Environment Rules lay down specific provisions regarding standards for emission or discharge of environmental pollutants and prohibition on carrying out industrial activities in certain geographical locations. Pursuant to the Environment Rules, every person who carries on an industry, operation or process requires consent under the Water (Prevention and Control of Pollution) Act, 1974 or Air (Prevention and Control of Pollution) Act, 1981 or shall submit to the concerned PCB an environmental statement for that Financial Year in the prescribed form.

The Environmental Impact Assessment Notification, 2006 (the "Notification")

As per the Notification, any construction of new projects or activities or the expansion or modernisation of existing projects or activities as listed in the Schedule attached to the notification entailing capacity addition with change in process and/or technology can be undertaken only after the prior environmental clearance from the Central Government or as the case may be, by the State Level Environment Impact Assessment Authority, duly constituted by the Central Government under the provisions of the Environment (Protection) Act, 1986, in accordance with the procedure specified in the notification. The environmental clearance process for new projects comprises of four stages viz. screening, scoping, public consultation and appraisal. However, in 2016, the Ministry of Environment, Forest and Climate Change ("MoEF") issued a notification for integrating standard and objectively monitorable environmental conditions with building permissions for buildings of different sizes with rigorous monitoring mechanism for implementation of environmental concerns and obligations in building projects. This is in line with the objective of the Central Government to streamline the permissions for buildings and construction sector so that affordable housing can be provided to weaker sections in urban area under the scheme 'Housing for All by 2022' and is proposing to remove the requirement of seeking a separate environment clearance from the MoEF for individual buildings having a total build up area between 5,000 square metre and 150,000 square metre, apart from adhering to the relevant bye-laws of the concerned State authorities.
Further, the Ministry of Environment, Forest and Climate Change has issued the Draft EIA, 2020 which proposes to replace the erstwhile Environment Impact Assessment Notification, 2006. The Draft EIA, 2020 inter alia contemplates two kinds of approvals, being (i) prior environment clearance with the approval of expert committees; and (ii) prior environment permission from the regulatory authority, without the approval of expert committees. Certain projects including clay and sand extraction, digging well or foundations of buildings, solar thermal power plants and common effluent treatment plants have been exempted from such approvals. The Draft EIA, 2020 is yet to be finalised and notified.

Municipal Solid Wastes (Management and Handling) Rules, 2000 ("Waste Management Rules, 2000") as superseded by Solid Waste Management Rules, 2016 ("Waste Management Rules, 2016")

The Waste Management Rules, 2000 applied to every municipal authority responsible for collection, segregation, storage, transportation, processing and disposal of municipal solid wastes. Any municipal solid waste generated in a city or a town was required to be managed and handled in accordance with the compliance criteria and the procedure laid down in Schedule II of the Waste Management Rules, 2000. The Waste Management Rules, 2000 made the persons or establishments generating municipal solid wastes responsible for ensuring delivery of wastes in accordance with the collection and segregation system as notified by the municipal authority. The Waste Management Rules, 2000 have been superseded by the Waste Management Rules, 2016 which stipulate various duties of waste generators which, inter alia, include segregation and storage of waste generated by them in the manner prescribed in the Waste Management Rules, 2016; separate storage of construction and demolition waste and payment of user fee for solid waste management as specified in the bye-laws of the local bodies.

Costal Regulation Zone Notification, 2019 ("CRZ")

The CRZ has been issued to protect the unique environment of coastal stretches and marine areas, and to promote sustainable development based on scientific principles taking into account the dangers of natural hazards, and sea-level rise due to global warming. As per the CRZ, the coastal stretches of the country and the water area up to its territorial water limit have been declared a coastal regulation zone. The CRZ sets out a list of prohibited activities within the coastal regulation zone which, inter alia, include land reclamation. The CRZ mandates approval from various authorities before the construction of building for residential purposes in the coastal regulation zone. Further, the CRZ has categorized all open areas indicated in the development plans of the Greater Mumbai area within CRZ-II as a no development zone and prohibited residential and commercial uses of such open spaces. However, a floor space index up to 15% is permitted for construction of civic amenities within CRZ-II, as defined in the CRZ for Greater Mumbai area.

Public Liability Insurance Act, 1991 ("Public Liability Act")

The Public Liability Act imposes a liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of 'hazardous substances' covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. This amount is payable to the insurer. Any party violating the provisions of the Public Liability Act can be imposed with a fine, imprisonment or both.

Labour laws

In order to rationalize and reform labour laws in India, the Central Government had framed four labour codes ("Labour Codes"), which (barring certain provisions) have been brought into effect, through a notification, from November 21, 2025, namely:

a) ***The Code on Wages, 2019***

The Code on Wages, 2019, subsumes 4 (four) legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. It provides for a new definition of 'wages' and minimum wages to be notified for all employees in all industries, based on the categories of employees and/or geographical locations and other conditions of service, which shall be equal to or above the rate of floor wages set by the Central Government, and further mandates fixation of wage period and timely wage payment. It also requires that pay parity should be ensured for all genders, and provides for payment of annual bonus, and normal working hours to be prescribed (with the requirement to pay overtime at twice the normal pay rates in the event an employee works beyond the normal working hours).

b) ***The Industrial Relations Code, 2020***

The Industrial Relations Code, 2020, subsumes 3 (three) legislations, inter alia, the Trade Unions Act, 1926, the Industrial Disputes Act, 1947 and the Industrial Employment (Standing Orders) Act, 1946. The objective of the Industrial Relations Code, 2020, is to promote industrial harmony whilst balancing worker protection with business flexibility. The key provisions include (i) recognition of negotiating union and negotiation council, (ii) specific recognition of fixed-term employment with equal benefits including parity in wages, working hours, and allowances with permanent workers, (iii) definitions of key terms including 'employee' and 'worker', (iv) conditions for lay-offs, retrenchment and closure, including increase in the head count threshold from 100 (one hundred) to 300 (three hundred) workers for applicability of certain special provisions of retrenchment, lay-off and closure to factories, mines and plantations, (v) constitution of a grievance redressal committee with equal employer and employee representatives, (vi) mandatory notice requirements for strikes and lock-outs in all industrial establishments, (vii) provision of notice to workers prior to change in certain conditions of service; (viii) prohibition of identified unfair labour practices, (ix) adoption and certification of standing orders, and (x) dispute resolution through conciliation, labour courts and industrial tribunals.

c) ***The Occupational Safety, Health and Working Conditions Code, 2020 ("Occupational Safety Code")***

The Occupational Safety Code subsumes 13 (thirteen) legislations such as the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996, among others.

The Occupational Safety Code provides for definitions of key terms including 'contract labour', 'contractor', 'principal employer' and 'establishment', annual leave with wages and prescription of working hours and rest intervals, special provisions on employment of women in night shifts, and prescription of health and safety obligations and provision of welfare facilities. The Occupational Safety Code provides for a common registration to be obtained by establishments (including factories and commercial establishments), licence for contractors supplying contractor labour, and scope for prescription of requirement for factories to obtain specific licences, etc. The Occupational Safety Code also regulates the employment of contract labour including inter-state migrant workers in certain establishments including with respect to prohibition of engagement of contract labour in core activities, and provisions for welfare and health of contract labour.

d) ***The Code on Social Security, 2020***

The Code on Social Security, 2020 subsumes 9 (nine) social security related legislations, inter alia, the Employee's Compensation Act, 1923, the Employee's State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, and the Payment of Gratuity Act, 1972. The Code on Social Security, 2020 provides for a common registration to be obtained, social security provisions including on provident fund, pension, and employees' deposit-linked insurance, employees' state insurance coverage and benefits including sickness benefit, disablement benefit, etc., compensation to be paid to employees for workplace injuries/occupational diseases, maternity benefits, gratuity payments including to fixed-term employees, and prescription of social security benefits including for building and other construction workers, unorganised workers, gig workers and platform workers. Employers are required to obtain necessary registration and make necessary contributions/payments as prescribed.

The Labour Codes prescribe penalties in the form of monetary fine or imprisonment or both for violations of the provisions provided therein. In furtherance of the implementation of the Labour Codes, including requirements relating to registration and other procedural compliances, the Ministry of Labour and Employment notified the Industrial Relations Code (Central) Rules, 2026, the Code on Wages (Central) Rules, 2026 and the Social

Security Code (Central) Rules, 2026 on May 8, 2026, and the Occupational Safety, Health and Working Conditions Code (Central) Rules, 2026 on May 9, 2026.

In addition to Labour Codes and shops and establishments legislations, certain other labour and employment-related legislations (and rules issued thereunder) that may apply to our operations, from the perspective of protecting the workers' rights, reporting and other compliances, and the requirements that may apply to us as an employer, such as:

- The Child and Adolescent Labour (Prohibition and Regulation) Act, 1986;
- Labour welfare fund legislations; and
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

Intellectual Property Laws

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for trademark protection under the Trademark Act, 1999. The above enactment provide for protection of intellectual property by imposing civil and criminal liability for infringement.

Other Legislations

Additionally, we are required to comply with other legislations such as the laws governing taxation aspects of our business. Goods and services tax legislations, including Central Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017, States Goods and Services Tax Act, 2017 are applicable to us.

Dear Sirs,

1. We, Shrawan Roy & Associates, Chartered Accountants have examined the attached restated consolidated financial information of Sanghvi Housing and Infrastructure Limited (the "Company" or "SHIL") and its subsidiaries (the Company and its subsidiaries together referred to as "the Group") and its Associates, comprising the restated consolidated statement of assets and liabilities as at 31 March 2026, 31 March 2025 and 31 March 2024, the restated consolidated statement of profit and loss (including other comprehensive income), the restated consolidated statement of changes in equity, the restated consolidated statement of cash flows for the years ended 31 March 2026, 31 March 2025 and 31 March 2024, the material accounting policies, explanatory notes and annexures (collectively, the "Restated Consolidated Financial Information"), as approved by the Board of Directors of the Company at their meeting held on September 21,2026 for the purpose of inclusion in Draft Red Herring Prospectus ("DRHP") prepared by the Company in connection with the proposed initial public offering of equity shares (the "Proposed Issue"), prepared in terms of the requirements of:

(a) section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "Act");

(b) the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations");

(c) the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI") (the "Guidance Note"); and

(d) e-mail dated October 28, 2021 from Securities and Exchange Board of India ("SEBI") to Association of Investment Bankers of India, instructing lead managers to ensure that companies provide consolidated financial statements prepared in accordance with Indian Accounting Standards ("Ind-AS") for all the three years (hereinafter referred to as the "the SEBI e-mail").

2. The Company's Board of Directors is responsible for the preparation of the Restated Consolidated Financial Information for the purpose of inclusion in DRHP and Prospectus to be filed with SEBI, BSE Limited and National Stock Exchange of India Limited, as applicable, and the Registrar of Companies, Mumbai, situated in Maharashtra ("RoC"), in connection with the Proposed Issue. The Restated Consolidated Financial Information have been prepared by the management of the Company on the basis of preparation stated in Note No. 1 to the Restated Consolidated Financial Information. The responsibility of respective Board of Directors of the companies included in the Group includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Consolidated Financial Information. The respective Board of Directors are also responsible for identifying and ensuring that the Group and its associates complies with the Act, ICDR Regulations, the Guidance Note and the SEBI e-mail.

3. We have examined such Restated Consolidated Financial Information taking into consideration:

(a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated September 01, 2026 in connection with the Proposed Issue;

(b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;

(c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Information; and

(d) The requirements of Section 26 of the Act, the ICDR Regulations and the SEBI e-mail.

Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations, the Guidance Note and the SEBI e-mail in connection with the Proposed Issue.

4. These Restated Consolidated Financial Information have been compiled by the management from:

(a) Audited consolidated financial statements of the Group as at and for the year ended 31 March 2026, prepared in accordance with Indian Accounting Standards ('Ind AS') as specified under Section 133 of Act and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on September 18,2026;

(b) Audited special purpose Ind AS consolidated financial statements of the Group as at and for the years ended 31 March 2025 alongwith comparative numbers for the year ended 31 March 2024, which were prepared by the Company after taking into consideration the requirements of the SEBI e-mail and were approved by the Board of Directors at their Board meeting held on September 17, 2026. These special purpose Ind AS combined financial statements have been prepared in accordance with the Guidance Note on Combined and Carve-Out Financial Statements issued by the ICAI.

5. For the purpose of our examination, we have relied on:

(a) Auditor's report issued by us dated September 18, 2026 on the consolidated financial statements of the Group and its associates as at and for the year ended 31 March 2026 as referred in Paragraph 4 (a) above;

(b) Auditor's report issued by us dated September 17, 2026 on the special purpose Ind AS consolidated financial statements of the Group as at and for the years ended 31 March 2025 alongwith comparative numbers for the year ended 31 March 2024, as referred in Paragraph 4 (b) above.

Note 1: Group Overview

Sanghvi Housing and Infrastructure Limited is a public limited company with multiple subsidiaries and associates operating under the Sanghvi Housing and Infrastructure Limited umbrella domiciled in India, having its registered office at 208 to 212 & 214, 2nd Floor, Varma Chembers, Homji Street, Hornimam Circle, Fort, Mumbai-400001. The Group was incorporated on January 06, 2005 under the provision of the Companies Act, 1956.

The group is engaged in construction of residential/commercial cum residential buildings and providing hospitality services.

Note 1.1: Summary of Material Accounting Policies

a) Statement of Compliance

The Restated Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards ("Ind-AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other relevant provisions of the Act.

Restated Consolidated Financial Information and Restated Standalone Financial Information are collectively referred to as the "Restated Financial Information".

The Restated Financial Information have been prepared by the management of the Group for the purpose of inclusion in the Draft Red Herring Prospectus (the "DRHP") to be filed by the Holding Company with the Securities and Exchange Board of India ("SEBI"), National Stock Exchange of India Limited and BSE Limited in connection with the proposed Initial Public Offer of equity shares ("IPO") by the Company. The Restated Financial Information have been prepared by the management of the Group to comply with the requirements of:

(a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");

(b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the "ICDR Regulations");

(c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note"); and

(d) Email dated 28 October 2021, from Securities and Exchange Board of India (SEBI) to Association of Investment Bankers of India ("SEBI Communication").

(e) The Companies (Indian Accounting Standards) Second Amendment Rules, 2024, dated September 9, 2024, as applicable to the reporting period.

The effect on reported financial position and financial performance of the Group on transition to Ind AS and other restatements if any have been provided in Note 2 of Financial Statement, which also includes reconciliations of total equity and total comprehensive income for comparative years under Indian GAAP to those reported for respective years under Ind AS.

b) Basis of Consolidation

The Group consolidates entities which it owns or controls. The restated consolidated financial statements comprise the financial statements of the company and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The subsidiary company is consolidated from the date control commences until the date control ceases.

The restated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain/ loss from such transactions are eliminated upon consolidation. These restated financial statements are prepared by applying uniform accounting policies in use at the Group. Profit and loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non- controlling interests having a deficit balance. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The excess of cost to the Group of its investments in the Subsidiaries over its share of profit/(loss) of the subsidiaries, at the dates on which the investments in the subsidiaries were made, is recognised as 'Goodwill' being an asset in the restated consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the Subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the restated consolidated financial statements.

"Non-Controlling Interest" (NCI) represents the amount of equity attributable to minority shareholders at the date on which investment in the subsidiary is made and its share of movements in the equity since that date. Minority Interest in
the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the
equity, subsequent to the dates of investments. Net profit/ loss for the year and each component of Other Comprehensive Income of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company. Restated Consolidated statement of profit or loss and each component of OCI are attributed to

the equity holders of the Parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

c) Basis of Preparation

The Restated Consolidated financial statements have been prepared on a historical cost basis except for certain financial assets and financial liabilities (including financial instruments) which have been measured at fair value at the end of each reporting period as explained in the accounting policies stated below. The Restated Consolidated Financial Statements have been prepared on accrual and going concern basis.

d) Current versus non-current classification

The Group has classified all its assets and liabilities under current and non-current as required by Ind AS 1- Presentation of Financial Statements.

The asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non- current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realizations in cash and cash equivalents. The Group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

The Group's functional currency is the Indian Rupee. These restated financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs, except when otherwise stated.

e) Use of Estimates, Judgments and Assumptions

The preparation of the restated financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the restated financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these restated financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the restated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the restated financial statements.

f) Revenue Recognition

Revenue is recognized in accordance with **Ind AS 115 – Revenue from Contracts with Customers**, notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The Company presents revenue from contracts with customers net of indirect taxes in its Statement of Profit and Loss

The Company is engaged in the business of **development and sale of real estate projects**, including residential and commercial units.

Customer contracts primarily involve **agreements for sale** of constructed or under-construction real estate units together with an undivided share in land and related common amenities. Such contracts generally represent a **single performance obligation**, as the promised goods and services are highly interrelated and are provided as a combined output.

The Company follows specific recognition criteria as described below before the revenue is recognized.

- **Recognition of revenue from contractual projects**

  Revenue from contractual project is recognised over time, using an input method with reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs.

  The Company recognises revenue only when it can reasonably measure its progress in satisfying the performance obligation. Until such time, the Company recognises revenue to the extent of cost incurred, provided the Company expects to recover the costs incurred towards satisfying the performance obligation.

  The stage of completion on a project is measured on the basis of proportion of the contract work based upon the contracts/ agreements entered into by the Company with its customers.

  When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately when such probability is determined.

- **Contract Balances**

  Contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

  Trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due)

  Contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contracts in which the goods or services transferred are lower than the amount billed to the customer, the difference is recognised as "Unearned revenue" and presented in the Balance Sheet under "Other current liabilities".

  Recognition of Contract Assets and Contract Liabilities
  Contract Asset - Revenue recognised in excess of amounts billed
  Contract Liability - Amounts received / billed in excess of revenue recognized

  Contract assets and liabilities are presented **separately** in the Balance Sheet and are **not netted off**.

- **Other Operating Revenue**

- Other Operating revenue comprises of following Items
  - Rent Income
  - Maintenance Revenue
  - Sale of Services

- **Other Income**

- Other income comprises of interest income, dividend from investment and profits on redemption of investments, profit on sale of fixed assets, net gain on fair value of financial instruments, and other misc. income.

- Interest income from financial assets is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time basis by reference to the principal outstanding and at the effective rate applicable, which is the rate exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

- Dividend income from investment is recognized when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably).

- Profit on redemption of investment is recognized by upon exercise of power by the company to redeem the investment held in any particular security / instrument (non-current as well as current investment).

g) Foreign Currency-Transactions and Balances

Items included in the Restated Financial Statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('functional currency'). The Company's functional currency is Indian Rupee and accordingly, the restated financial statements are presented in Indian Rupee.

Transactions in foreign currencies are initially recorded by the company in functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting period. Gains and losses arising on account of differences in foreign exchange rates on settlement/ translation of monetary assets and liabilities are recognized in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of that item (i.e. translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

h) Employee Benefits

- **Short-term obligations**

  Liabilities for wages and salaries, including non- monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee's services up to the end of the reporting period and are measured at the undiscounted amounts of the benefits expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

- **Long-term obligations**

  Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

- **Post-employment obligations**

  The Company operates the following postemployment schemes:
  I. Defined benefit plans such as gratuity
  II. Defined contribution plans such as provident fund.

  I. Defined benefit plan - Gratuity Obligations

  The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

  The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is actuarially determined using the Projected Unit Credit method.

  The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have a terms approximating to the terms of the obligation. The net interest cost, calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets, is recognised as employee benefit expenses in the statement of profit and loss.

  Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the other comprehensive income in the year in which they arise and are not subsequently reclassified to Statement of Profit and Loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

  II. Defined Contribution Plan

  The Company pays provident fund contributions to publicly administered provident funds as per local regulatory authorities. The Company has no further obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

i) Tax Expenses

The tax expense for the period comprises current and deferred tax. Taxes are recognized in the statement of profit and loss, except to the extent that it relates to the items recognized in the comprehensive income or in Equity. In which case, the tax is also recognized in the comprehensive income or in Equity.

- **Current tax:**
  Current tax payable is calculated based on taxable profit for the year. Current tax is recognized based on the amount expected to be paid to or recovered from the tax authorities based on applicable tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in the tax return with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

- **Deferred tax:**
  Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the restated financial statements and the corresponding tax bases used in the computation of taxable profit.

  Deferred tax liabilities are generally recognized for all taxable temporary timing difference. Deferred tax assets are recognized for deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized.

  The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

  Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted on the reporting date. Current and deferred tax for the year, are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

j) Property, Plant and Equipment

Land is carried at historical cost. All other items of property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. All other repairs and maintenance costs are recognized as expense in the statement of profit and loss account as and when incurred.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work- in- Progress.

Cost of the assets less its residual value (estimated at 5% of the cost) is depreciated over its useful life. Depreciation is calculated on written down basis over the useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sale proceeds and the carrying amount of the asset and is recognized in profit and loss account.

The management believes that the estimated useful lives are realistic and reflects fair approximation of the period over which the assets are likely to be used. At each financial year end, management reviews the residual values, useful lives and method of depreciation of property, plant and equipment and values of the same are adjusted prospectively where needed.

k) Investment Properties

Investment properties are properties that is held for long- term rentals yields or for capital appreciation (including property under construction for such purposes) or both, and that is not occupied by the Company, is classified as investment property.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated impairment loss, if any.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes.

Fair values are determined based on reasonable interval performed by an accredited external independent valuer.

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit and loss in the period of de- recognition.

l) Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

m) Impairment of Non-Financial Assets

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimate to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss When an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of an impairment loss is recognised immediately in Statement of Profit and Loss.

n) Inventories

Related to contractual and real estate activity Direct expenditure relating to construction activity and other expenditure (including borrowing costs) during construction period is inventoried to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use is capitalised in the cost of inventory. Other expenditure (including borrowing costs) incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the Statement of Profit and Loss. Direct and other expenditure is determined based on specific identification to the construction and real estate activity. Cost incurred/ items purchased specifically for projects are taken as consumed as and when incurred/received.

Work-in-progress - Real estate projects (including land inventory): Represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognised. Real estate work-in-progress is valued at lower of cost and net realisable value.

Finished goods - Flats & Plots: Valued at lower of cost and net realisable value.

Land inventory - Valued at lower of cost and net realisable value.

o) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the company has present obligation (legal or constructive) as a result of past event and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense related to a provision is presented in the statement of profit and loss net of any reimbursement/contribution towards provision made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liability: Contingent liability is disclosed in the case;

- When there is a possible obligation which could arise from past event and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or;
- A present obligation that arises from past events but is not recognized as expense because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or;
- The amount of the obligation cannot be measured with sufficient reliability.

Contingent asset: Contingent asset is disclosed in case a possible asset arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Where it is probable that total project costs will exceed total project revenues, the expected loss is recognised immediately in the Statement of Profit and Loss as a provision, in accordance with Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

p) Leases

As lessee
Initial measurement
Lease Liability: At the commencement date, a Company measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

Right-of-use assets**:** initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

Subsequent measurement
Lease Liability: Company measures the lease liability by

(a) increasing the carrying amount to reflect interest on the lease liability;
(b) reducing the carrying amount to reflect the lease payments made; and
(c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

Right-of-use assets: subsequently measured at cost less accumulated depreciation and impairment losses. Right- of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the under lying asset.

Impairment: Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Short term Lease
Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit

As a lessor
Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. Lease income is recognized in the statement of profit and loss on straight line basis over the lease term.

q) Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes party to the contractual provision of the instrument.

Part I - Financial Assets

- **Initial recognition and measurement**The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. Financial assets are initially measured at its fair value excepts for trade receivable which are initially recognized at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the concerned financial assets, as appropriate, on initial recognition.

  Transaction costs directly attributable to acquisition of financial assets at fair value through profit or loss are recognized immediately in profit or loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

- **Subsequent measurement**
  For purposes of subsequent measurement, financial assets are classified in three categories:
  - Financial Assets at amortized cost
  - Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)
  - Financial Assets at FVTPL (Fair Value through Profit or Loss)

  - **Financial Assets at amortized cost:**
    A Financial Assets is measured at the amortized cost if both the following conditions are met:
    - The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
    - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

    This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

- **Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income):**
  A Financial Assets is classified as at the FVTOCI if following criteria are met:

  The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets.

  Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On de- recognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

- **Financial Assets at FVTPL (Fair Value through Profit or Loss):**
  FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

  In addition, the Company may elect to designate a financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any financial instrument as at FVTPL.

  Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

  All other equity investments are measured at fair value, with value changes recognized in Statement of Profit and Loss.

- De- recognition:
  A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the Company has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

- Impairment of financial assets:
  In accordance with Ind AS 109, the Company uses 'Expected Credit Loss'(ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

  ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

  Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

  For trade receivables, Company applies 'simplified approach', which requires expected lifetime losses to be recognized from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analyzed.

  For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

  ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'.

Part II - Financial Liabilities

- **Initial recognition and measurement**
  The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

  All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

  Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

- **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss
  Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Gains or losses on liabilities held for trading are recognized in the profit or loss.

  Financial liabilities designated upon initial recognition at fair value through profit or loss is designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

- Loans and borrowings
  This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

- Financial guarantee contracts
  Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognized less cumulative amortization.

- De-recognition:
  A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

- Offsetting of financial instruments:
  Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Part-III Fair Value Measurement:
The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or;
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the restated financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 - inputs that are unobservable for the asset or liability

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

r) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in value.

s) Cash Flow Statements:

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non- cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of Company is segregated.

t) Derivative Financial Instruments and Hedge Accounting

Initial recognition and subsequent measurement:

Company uses derivative financial instruments such as forward currency contracts to mitigate its foreign currency fluctuation risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of hedging instrument is recognized in the Statement of Profit or Loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

u) Earnings Per Share

Basic earnings/ (loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, other than conversion of potential equity shares, that have changed the number of equity shares outstanding without a corresponding change in resources.

In case of a bonus issue, the number of ordinary shares outstanding is increased by number of shares issued as bonus shares in current year and comparative period presented as if the event had occurred at the beginning of the earliest year presented.

For the purpose of calculating diluted earnings/ (loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

v) Insurance Claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

w) Segment Reporting

The Company identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

Note 1.2: Key Accounting Judgements, Estimates & Assumptions

The preparation of the Company's restated financial statements requires the management to make judgments', estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

A. Income taxes and Deferred tax assets:

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. The management assumes that taxable profit will be available while recognizing the deferred tax assets.

B. Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life as prescribed in the Schedule II of the Companies Act, 2013 and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

C. Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

D. Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

E. Recognition and measurement of other provisions:

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may, therefore, vary from the figure included in other provisions.

F. Contingencies:

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

G. Allowances for uncollected trade receivable and advances:

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated amounts which are irrecoverable. Individual trade receivables are written off when management deems them not collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets. The impairment provisions for financial assets are based on assumption about risk of default and expected loss rates. Judgement in making these assumptions and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.

Note:

1. No depreciation has been claimed on assets, to the extent of input credit claimed.
2. Refer Note 18 & Note 20 for information on property, plant and equipment hypothecated / mortgaged as security by the Group.

3. The Group measures its and and building under the cost model in accordance with Ind AS 16 – Property, Plant and Equipment. Accordingly, the assets are carried at historical cost less accumulated depreciation and impairment losses, if any. No independent valuation of land and building has been carried out during the current financial year.

Based on management's assessment, there has been no material change in the fair value of the land and building during the year, and the carrying amounts of these assets continue to reasonably reflect their recoverable value as at the reporting date.

The management has further evaluated whether there are any indicators of impairment in accordance with Ind AS 36 – Impairment of Assets and has concluded that no impairment exists as at the balance sheet date. Accordingly, the management believes that obtaining an external valuation during the year is not necessary, and the carrying value of land and building as disclosed in the financial statements is fair and appropriate.

Notes to Restated Consolidated Financial Statements

Note:

Contract assets represent the Company's right to consideration in exchange for goods or services transferred to customers, where such right is conditional upon fulfilment of certain contractual or procedural obligations other than the passage of time.

Revenue from real estate projects is recognised over time in accordance with Ind AS 115 – Revenue from Contracts with Customers, based on the percentage of completion method, determined with reference to the proportion of project costs incurred to the total estimated project costs.

Accordingly, contract assets arise where revenue recognised exceeds the amount billed to customers as per the terms of the respective customer agreements.

The Occupancy Certificate (OC) for certain projects has not been received during the year, the group has not reclassified the related contract asset balances to trade receivables, as the right to consideration continues to remain conditional upon completion of certain contractual formalities and customer-specific conditions, including:
-issuance of final demand letters to customers in accordance with the payment schedule;
-completion of documentation and possession-related formalities;
-execution / registration of conveyance or sale agreements, where applicable; and
-fulfilment of other contractual conditions precedent to raising the final invoice.

Accordingly, the Company does not yet have an unconditional right to consideration, and therefore such balances continue to be presented as Contract Assets rather than Trade Receivables.
The classification is consistent with the definition of a receivable under Ind AS 115 – Appendix A, which states that a receivable represents an entity's right to consideration that is unconditional, i.e., only the passage of time is required before payment becomes due.

The management regularly reviews these balances and reclassifies them to trade receivables once the right to consideration becomes unconditional.

B. Fair value Measurement

All assets and liabilities for which the fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Inputs are quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement are (other than quoted prices) included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

C. Financial Risk Management Objective And Policies

Risk management framework

1. Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date. The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various geographical areas. The Company has no history of customer default and considers the credit quality of trade receivables that are not past due or impaired to be good. The credit risk for cash and cash equivalents, mutual funds, bank deposits and loans is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings. Company provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draws to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

2. Liquidity risk

Liquidity Risk is defined as the risk that the Company will not be able to settle or meets its obligations on time at a reasonable price In addition; processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity through rolling forecasts of expected cash flows.

Exposure to liquidity risk

The table below is an analysis of Company's financial liabilities based on their remaining contractual maturities of financial liabilities at the reporting date.

3. Market risk

Changes in market prices which will affect the Company's income or the value of its holdings of financial instruments is considered as market risk. It is attributable to all market risk sensitive financial instruments.

a. Currency risk

Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency.
The Company is not exposed to foreign exchange risk as there are no foreign currency transactions, primarily with respect to the US Dollar.

b. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Industry Overview

Overview of Real Estate

The real estate sector in India comprises residential, commercial office, retail, logistics and emerging asset classes such as data centres, co-living and is a significant contributor to economic activity and employment. The sector's share in GVA has been on upward trend over recent years and is contributing around 19.3% of GVA in FY25.

Residential real estate, the largest sub-segment, accounted for a 69% share of the overall real estate market in CY25. Housing units, including apartments, villas and plots, make up the largest portion of real estate activity. The demand has been supported by demographic factors, urbanization and rising income levels, leading to sustained housing sales recorded in major urban centres. At the same time, the commercial office segment has witnessed steady expansion, driven by occupier demand from technology services, GCCs, professional services, and manufacturing-linked enterprises. Office space demand is expected to remain healthy, supported by flex-office operators, data centres,

technology firms, and GCCs, with Grade-A supply additions across major cities reflecting continued interest from both domestic and global developers.

The logistics and warehousing segment has gained momentum, supported by growth in e-commerce, supply-chain consolidation, and rising demand for large-format industrial and distribution parks. Retail real estate has also evolved, with a gradual shift towards organized formats, increased mall penetration, and mixed-use developments across metropolitan as well as Tier-II cities. In addition, emerging asset classes such as data centres, co-living, and student housing are gaining traction in response to changing consumption patterns, digitalization, and evolving operational requirements of occupiers.

Regulatory reforms have influenced the sector's development. The Real Estate Regulation and Development Act (RERA) strengthened project-level accountability and disclosure, while the Benami Transactions (Prohibition) Amended Act enhanced transparency in property ownership. The introduction of REIT guidelines supported institutional ownership of income-generating office and industrial assets. Urban development programmes such as the Smart Cities Mission have also supported planned infrastructure and real estate activity in India.

Our Business

We are a real estate developer primarily engaged in the construction and development of commercial and residential projects across the Mumbai Metropolitan Region ("MMR") and Thane district, Maharashtra. Our core focus is on the redevelopment of existing residential properties and housing societies, particularly in established urban locations, where we seek to unlock development potential and create modern residential developments while providing rehabilitation premises to eligible existing occupants. We also undertake selective greenfield development on land parcels acquired by our Company. Our project portfolio is predominantly concentrated in MMR and Thane district, enabling us to leverage our understanding of local market dynamics, property values, customer preferences, development regulations and approval processes.

Our project portfolio reflects our presence across several established residential micro-markets in the MMR, including Santacruz, Girgaon, Vile Parle, Andheri, Bandra, Lalbaug, Jogeshwari, Borivali, Matunga, Goregaon, Malad, Dharavi, Mahim, Gamdevi, Tardeo, Worli and Sion in Mumbai, and Thane District. Our presence across these locations provides us with exposure to diverse residential markets and enables us to evaluate development opportunities based on location-specific demand, development potential and project feasibility. Of our 31 projects across the three stages of development (Completed, Ongoing and Upcoming), 28 projects are redevelopment projects, demonstrating our predominant focus and experience in redevelopment, while 3 projects are greenfield projects. We undertake greenfield development on suitable land parcels acquired by our Company, providing us with an additional avenue to pursue residential development opportunities and complement our redevelopment-led project pipeline.

We have also received industry recognition for our redevelopment work. In 2026, we were recognised for Excellence in Re-Development Projects at the ET Now Realty Conclave and Awards - West Edition 2026, and as one of the "Best Realty Brands 2026" at the ET Edge & TOI Best Brands Awards.

Significant Developments after March 31, 2026, that may affect our Future Results of Operations

There was no significant event after the end of the reporting period, which requires any adjustment or disclosure in the Consolidated Financial Statements.

FACTORS AFFECTING OUR RESULT OF OPERATIONS

Except as otherwise stated in the Draft Red Herring Prospectus and the Risk Factors given in the Draft Red Herring Prospectus, the following important factors could cause actual results to differ materially from the expectations include, among others:

General economic and market conditions in India and globally

All of our projects are located in Maharashtra, particularly in Mumbai. The economic condition of these regions has a significant impact on our revenues and results of operations. The table below sets forth the geography-wise break-up of our Completed, Ongoing and Upcoming Projects as of March 31, 2026 in these regions:

Region	Completed Projects			Ongoing Projects			Upcoming Projects		
	Total Developable Area	Total Saleable area (in sq. ft.)	No. of Projects	Estimated Total Developable Area	Estimated Total Saleable area (in sq. ft.)	No. of Projects	Estimated Total Developable Area	Estimated Total Saleable area (in sq. ft.)	No. of Projects
Western & Central Suburbs of Mumbai (1)	2,42,355	85,980	3	7,21,000	2,39,247	6	18,69,000	6,78,567	8
South-Central Mumbai (2)	1,84,900	50,003	2	1,87,880	79,365	3	11,46,000	3,66,000	6
Thane district (3)	1,11,500	62,186	1	20,000	10,424	1	10,00,000	6,10,000	1
Total	**5,38,755**	**198,169**	**6**	**9,28,880**	**3,29,036**	**10**	**40,15,000**	**16,54,567**	**15**

We are dependent on the state of the Indian real estate sector, particularly the real estate sector in Maharashtra, and the Indian economy in general. As demand for new residential properties is driven by increased employment and increasing disposable income, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business and financial performance. The real estate market in these regions may perform differently in terms of supply, absorption and selling price from real estate markets in other parts of India. Any change in the performance of these real estate markets, including as a result of other factors described in this section may affect our results of operations and financial condition. For further information on the real estate market, see "*Industry Overview*" on page 121.

Costs of construction and development

Our cost of construction includes the cost of raw materials such as cement, sand, steel, brick, ready-mix concrete, wood, aluminium and other building materials and labour costs and the continued availability of these raw materials are crucial for our business and operating margins. We do not have any long-term agreements with our construction material suppliers and raw materials are typically procured on the basis of purchase orders placed with such suppliers. Raw material prices, particularly those of steel and cement may be affected by price volatility caused by various factors that affect the Indian and international commodity markets. At times, even the availability of raw materials could be a challenge. For example, sand shortages can impact construction costs. Increases in costs for any construction materials may affect our construction costs, and consequently the sales prices for our projects.

The stage of completion of our projects and the timing of recognition of revenue

Our revenue is derived principally from the sale of residential units in the projects developed by us, our Subsidiaries and our Associates. Revenue from a project is recognised in accordance with our accounting policy set out under "*Significant Accounting Policies*" and is accordingly a function of the stage at which each of our projects stands at the end of a period rather than of the units booked or the amounts collected during that period. A project therefore contributes to revenue only upon reaching the stage at which our accounting policy requires revenue to be recognised, with the result that our revenue and profitability in any period may not be comparable with those of any other period, and a period in which a project reaches that stage may show materially higher revenue than a period in which no project does so.

Our portfolio comprises 31 projects aggregating 5,482,635 sq. ft. of total developable area and 2,181,772 sq. ft. of total saleable area across three stages of development. The table below summarizes details of the same:

	No. of projects	Total Developable Area	Total Saleable Area
Completed Projects	6	5,38,755	1,98,169
Ongoing Projects	10	9,28,880	3,29,036
Upcoming Projects	15	40,15,000	16,54,567
Total	**31**	**54,82,635**	**21,81,772**

Our results of operations in future periods will accordingly depend on the rate at which our Ongoing Projects progress and on the periods in which the units in those projects are sold and handed over.

Our ability to convert our Upcoming Projects into launches, and the timing of regulatory approvals

Our Upcoming Projects comprise 15 (fifteen) projects with an estimated aggregate developable area of 4,015,000 sq. ft. and an estimated aggregate saleable area of 1,654,567 sq. ft., representing 73.23% and 75.84% respectively of our aggregate portfolio. We have secured land or development rights in respect of each of these projects, but none of them has received the commencement certificate or the corresponding sanction under the applicable scheme, and construction and sales in respect of them have not commenced.

A project is capable of generating revenue only after the requisite statutory approvals, including the intimation of disapproval, the commencement certificate and further commencement certificates as construction progresses, together with the no-objection certificates and clearances relating to fire safety, tree authority, storm water drains, sewerage, water supply and height clearance, have been obtained, and after the project or the relevant phase has been registered with the Maharashtra Real Estate Regulatory Authority, registration being a pre-condition to any advertisement, marketing or booking of units. The time taken at each of these stages varies between projects depending upon the location of the property, the manner in which it has been secured, the applicable planning regime and the number of existing occupants. Any delay in obtaining these approvals defers the commencement of construction and of sales in the affected project, and consequently defers the recognition of revenue from it, while the costs already incurred in respect of the project continue to be carried by us.

Tenant consent, settlement and vacant possession in our redevelopment projects

28 (twenty-eight) of our 31 (thirty-one) projects across the three stages of development are redevelopment projects, accounting for 1,499,162 sq. ft., or 68.71%, of our aggregate saleable area. In a redevelopment project we are required to obtain the consent of the members or occupants of the existing building to the extent required under the applicable regulations, to enter into individual agreements with each of them recording the permanent alternate accommodation to be provided and the amounts payable towards rent for alternate accommodation, shifting and corpus, and to obtain vacant possession of the entire property before demolition and construction can commence.

These arrangements affect our results of operations in two ways. First, the rent, shifting and corpus payable to the existing occupants, together with the cost of transit accommodation, constitute our principal outlay before commencement of construction and continue to accrue for the duration of the development, so that any extension of the development period increases the amount payable under this head. Second, vacant possession of the entire property is a pre-condition to demolition, and any delay in obtaining possession from one or more occupants, or any dispute with them, defers the commencement of construction of the entire project and consequently the recognition of revenue from it. Our ability to manage tenant consent, settlement and rehabilitation is therefore a significant determinant of both the cost and the timing of our redevelopment projects.

The mix of our portfolio between redevelopment and greenfield projects

Our results of operations are affected by the proportion of our portfolio undertaken by way of redevelopment as against greenfield development, the two involving different cost structures and different profiles of capital deployment. In a redevelopment project we do not incur the cost of acquiring the land at the outset, but a part of the constructed area, being the rehabilitation component, is allotted to the existing occupants and is not available to us for sale, and we incur rent, shifting and corpus costs over the development period. In a greenfield project the entire saleable area of the project is available to us for sale, but the cost of the land is incurred by us at the outset, with the result that a larger proportion of the capital committed to such a project is deployed before construction commences and remains deployed until the units are sold.

Nature of project	No. of projects	Total Developable Area (sq. ft.)	Total Saleable Area (sq. ft.)	%
Redevelopment projects	28	4,351,135	1,499,162	68.71%
Greenfield projects	3	1,131,500	682,610	31.29%
Total	**31**	**5,482,635**	**2,181,772**	**100.00%**

The mix of our projects across price segments and micro-markets, and realizations per square foot

Our revenue and margins in any period depend on the segments and the micro-markets in which the units sold in that period are located, since realisations per square foot differ materially between the economy, mid-market, premium and ultra-luxury segments and between the micro-markets of the Mumbai Metropolitan Region in which we operate. Our projects have to date been developed principally in the mid-market and economy segments, which together account for 25 (twenty-five) of our 31 (thirty-one) projects and approximately 83.83% of our aggregate saleable area. As part of our business strategies, we intend to increase our presence in the premium and ultra-luxury segments, and a change in the composition of our portfolio in favour of those segments may be expected to affect our average realisations, our project costs and our margins.

Segment	No. of projects	Total Developable Area (sq. ft.)	Total Saleable Area (sq. ft.)	% of saleable area
tra Luxury	1	450,000	110,000	5.04%
emium	5	706,730	242,897	11.13%
id-Market	20	2,984,405	1,045,820	47.93%
onomy	5	1,341,500	783,055	35.89%
tal	**31**	**5,482,635**	**2,181,772**	**100.00%**

Our portfolio is also concentrated in the Western and Central Suburbs of Mumbai, South-Central Mumbai and Thane district, and the prevailing rates, absorption and price appreciation in each of these micro-markets, which are influenced by connectivity, infrastructure development and the supply of comparable residential stock, accordingly, affect our realisations

Timely completion of our projects and our obligations under the Real Estate (Regulation and Development) Act, 2016

Each of our projects is registered under the Real Estate (Regulation and Development) Act, 2016, and the registration records the date by which we undertake to complete the project. Timely completion affects our results of operations because a delay increases the period over which project overheads, the rent and other amounts payable to existing occupants in a redevelopment project and finance costs are incurred, defers the recognition of revenue from the project, and may give rise to liability to the allottees of that project under the said Act. We are also liable to rectify defects notified within the period prescribed under Section 14(3) of the said Act. We have completed 4 (four) of our Completed Projects ahead of their respective RERA completion dates, by periods ranging between 14 months and 23 days and 20 months and 4 days.

SIGNIFICANT ACCOUNTING POLICIES

Note 1: Company and Group Overview

Sanghvi Housing and Infrastructure Limited is a public limited company with multiple subsidiaries and associates operating under the Sanghvi Housing and Infrastructure Limited umbrella domiciled in India, having its registered office at 208 to 212 & 214, 2nd floor, Varma Chambers, Homji Street, Hornimam Circle, Fort, Mumbai-400001. The Group was incorporated on January 06, 2005 under the provision of the Companies Act, 1956.

The group is engaged in construction of residential/commercial cum residential buildings and providing hospitality services.

Note 1.1: Summary of Material Accounting Policies

a) Statement of Compliance

The Restated Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards ("Ind-AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other relevant provisions of the Act.

Restated Consolidated Financial Information and Restated Standalone Financial Information are collectively referred to as the "Restated Financial Information".

The Restated Financial Information have been prepared by the management of the Group for the purpose of inclusion in the Draft Red Herring Prospectus (the "DRHP") to be filed by the Holding Company with the Securities and Exchange Board of India ("SEBI"), National Stock Exchange of India Limited and BSE Limited in connection with the proposed Initial Public Offer of equity shares ("IPO") by the Company. The Restated Financial Information have been prepared by the management of the Group to comply with the requirements of:

(a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");

(b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the "ICDR Regulations");

(c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note"); and

(d) Email dated 28 October 2021, from Securities and Exchange Board of India (SEBI) to Association of Investment Bankers of India ("SEBI Communication").

(e) The Companies (Indian Accounting Standards) Second Amendment Rules, 2024, dated September 9, 2024, as applicable to the reporting period.

The effect on reported financial position and financial performance of the Group on transition to Ind AS and other restatements if any have been provided in Note 2 of Financial Statement, which also includes reconciliations of total equity and total comprehensive income for comparative years under Indian GAAP to those reported for respective years under Ind AS.

b) Basis of Consolidation

The Group consolidates entities which it owns or controls. The restated consolidated financial statements comprise the financial statements of the company and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The subsidiary company is consolidated from the date control commences until the date control ceases.

The restated consolidated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain/ loss from such transactions are eliminated upon consolidation. These restated consolidated financial statements are prepared by applying uniform accounting policies in use at the Group. Profit and loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non- controlling interests having a deficit balance. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The excess of cost to the Group of its investments in the Subsidiaries over its share of profit/(loss) of the subsidiaries, at the dates on which the investments in the subsidiaries were made, is recognised as 'Goodwill' being an asset in the restated consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the Subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the restated consolidated financial statements.

"Non-Controlling Interest" (NCI) represents the amount of equity attributable to minority shareholders at the date on which investment in the subsidiary is made and its share of movements in the equity since that date. Minority Interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit/ loss for the year and each component of Other Comprehensive Income of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company. Restated Consolidated statement of profit or loss and each component of OCI are attributed to the equity holders of the Parent

of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

c) Basis of Preparation

The Restated Consolidated financial statements have been prepared on a historical cost basis except for certain financial assets and financial liabilities (including financial instruments) which have been measured at fair value at the end of each reporting period as explained in the accounting policies stated below. The Restated Consolidated Financial Statements have been prepared on accrual and going concern basis.

d) Current versus non-current classification

The Group has classified all its assets and liabilities under current and non-current as required by Ind AS 1- Presentation of Financial Statements.

The asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non- current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realizations in cash and cash equivalents. The Group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

The Group's functional currency is the Indian Rupee. These restated consolidated financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs, except when otherwise stated.

e) Use of Estimates, Judgments and Assumptions

The preparation of the restated consolidated financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the restated consolidated financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these restated consolidated financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the restated consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the restated consolidated financial statements.

f) Revenue Recognition

Revenue is recognized in accordance with Ind AS 115 – Revenue from Contracts with Customers, notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. Revenue from contracts with

customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The Company presents revenue from contracts with customers net of indirect taxes in its Statement of Profit and Loss

The Company is engaged in the business of development and sale of real estate projects, including residential and commercial units.

Customer contracts primarily involve agreements for sale of constructed or under-construction real estate units together with an undivided share in land and related common amenities. Such contracts generally represent a single performance obligation, as the promised goods and services are highly interrelated and are provided as a combined output.

The Company follows specific recognition criteria as described below before the revenue is recognized.

- **Recognition of revenue from contractual projects**

Revenue from contractual project is recognised over time, using an input method with reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs.

The Company recognises revenue only when it can reasonably measure its progress in satisfying the performance obligation. Until such time, the Company recognises revenue to the extent of cost incurred, provided the Company expects to recover the costs incurred towards satisfying the performance obligation.

The stage of completion on a project is measured on the basis of proportion of the contract work based upon the contracts/ agreements entered into by the Company with its customers.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately when such probability is determined.

- **Contract Balances**

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due)

Contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contracts in which the goods or services transferred are lower than the amount billed to the customer, the difference is recognised as "Unearned revenue" and presented in the Balance Sheet under "Other current liabilities".

Recognition of Contract Assets and Contract Liabilities
Contract Asset - Revenue recognised in excess of amounts billed
Contract Liability - Amounts received / billed in excess of revenue recognized

Contract assets and liabilities are presented separately in the Balance Sheet and are not netted off.

- **Other Operating Revenue**

Other Operating revenue comprises of following Items

- Rent Income
- Maintenance Revenue
- Sale of Services

- **Other Income**

- Other income comprises of interest income, dividend from investment and profits on redemption of investments, profit on sale of fixed assets, net gain on fair value of financial instruments, and other misc. income.

- Interest income from financial assets is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time basis by reference to the principal outstanding and at the effective rate applicable, which is the rate exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

- Dividend income from investment is recognized when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably).

- Profit on redemption of investment is recognized by upon exercise of power by the company to redeem the investment held in any particular security / instrument (non-current as well as current investment).

g) Foreign Currency-Transactions and Balances

Items included in the Restated consolidated financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('functional currency'). The Company's functional currency is Indian Rupee and accordingly, the restated consolidated financial statements are presented in Indian Rupee.

Transactions in foreign currencies are initially recorded by the company in functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting period. Gains and losses arising on account of differences in foreign exchange rates on settlement/ translation of monetary assets and liabilities are recognized in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of that item (i.e. translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

h) Employee Benefits

- **Short-term obligations**

Liabilities for wages and salaries, including non- monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee's services upto the end of the reporting period and are measured at the undiscounted amounts of the benefits expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

- **Long-term obligations**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms

approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

- **Post-employment obligations**

The Company operates the following postemployment schemes:

I. Defined benefit plans such as gratuity
II. Defined contribution plans such as provident fund.

I. Defined benefit plan - Gratuity Obligations

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is actuarially determined using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have a terms approximating to the terms of the obligation. The net interest cost, calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets, is recognised as employee benefit expenses in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the other comprehensive income in the year in which they arise and are not subsequently reclassified to Statement of Profit and Loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

II. Defined Contribution Plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulatory authorities. The Company has no further obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

i) Tax Expenses

The tax expense for the period comprises current and deferred tax. Taxes are recognized in the statement of profit and loss, except to the extent that it relates to the items recognized in the comprehensive income or in Equity. In which case, the tax is also recognized in the comprehensive income or in Equity.

- **Current tax:**

Current tax payable is calculated based on taxable profit for the year. Current tax is recognized based on the amount expected to be paid to or recovered from the tax authorities based on applicable tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in the tax return with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

- **Deferred tax:**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the restated consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary timing difference. Deferred tax assets are recognized for deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted on the reporting date. Current and deferred tax for the year, are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

j) Property, Plant and Equipment

Land is carried at historical cost. All other items of property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. All other repairs and maintenance costs are recognized as expense in the statement of profit and loss account as and when incurred.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work- in- Progress.

Cost of the assets less its residual value (estimated at 5% of the cost) is depreciated over its useful life. Depreciation is calculated on written down basis over the useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ upto the date of such additions/ deletions.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sale proceeds and the carrying amount of the asset and is recognized in profit and loss account.

The management believes that the estimated useful lives are realistic and reflects fair approximation of the period over which the assets are likely to be used. At each financial year end, management reviews the residual values, useful lives and method of depreciation of property, plant and equipment and values of the same are adjusted prospectively where needed.

k) Investment Properties

Investment properties are properties that is held for long- term rentals yields or for capital appreciation (including property under construction for such purposes) or both, and that is not occupied by the Company, is classified as investment property.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated impairment loss, if any.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes.

Fair values are determined based on reasonable interval performed by an accredited external independent valuer.

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit and loss in the period of de- recognition.

l) Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

m) Impairment of Non-Financial Assets

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimate to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than it carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss When an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of an impairment loss is recognised immediately in Statement of Profit and Loss.

n) Inventories

Related to contractual and real estate activity Direct expenditure relating to construction activity and other expenditure (including borrowing costs) during construction period is inventoried to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use is capitalised in the cost of inventory. Other expenditure (including borrowing costs) incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the Statement of Profit and Loss. Direct and other expenditure is determined based on specific identification to the construction and real estate activity. Cost incurred/ items purchased specifically for projects are taken as consumed as and when incurred/received.

Work-in-progress - Real estate projects (including land inventory): Represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognised. Real estate work-in-progress is valued at lower of cost and net realisable value.

Finished goods - Flats & Plots: Valued at lower of cost and net realisable value.

Land inventory - Valued at lower of cost and net realisable value.

o) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the company has present obligation (legal or constructive) as a result of past event and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense related to a provision is presented in the statement of profit and loss net of any reimbursement/contribution towards provision made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liability: Contingent liability is disclosed in the case;

- When there is a possible obligation which could arise from past event and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or;
- A present obligation that arises from past events but is not recognized as expense because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or;
- The amount of the obligation cannot be measured with sufficient reliability.

Contingent asset: Contingent asset is disclosed in case a possible asset arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Where it is probable that total project costs will exceed total project revenues, the expected loss is recognised immediately in the Statement of Profit and Loss as a provision, in accordance with Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

p) Leases

As lessee

Initial measurement

Lease Liability: At the commencement date, a Company measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

Right-of-use assets: initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

Subsequent measurement

Lease Liability: Company measures the lease liability by

(a) increasing the carrying amount to reflect interest on the lease liability;
(b) reducing the carrying amount to reflect the lease payments made; and
(c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

Right-of-use assets: subsequently measured at cost less accumulated depreciation and impairment losses. Right- of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the under lying asset.

Impairment: Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Short term Lease

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit

As a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. Lease income is recognized in the statement of profit and loss on straight line basis over the lease term.

q) Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes party to the contractual provision of the instrument.

Part I - Financial Assets

- **Initial recognition and measurement:**

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. Financial assets are initially measured at its fair value excepts for trade receivable which are initially recognized at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the concerned financial assets, as appropriate, on initial recognition.

Transaction costs directly attributable to acquisition of financial assets at fair value through profit or loss are recognized immediately in profit or loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

- **Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial Assets at amortized cost
- Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)
- Financial Assets at FVTPL (Fair Value through Profit or Loss)

- **Financial Assets at amortized cost:**

  A Financial Assets is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

- **Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income):**

A Financial Assets is classified as at the FVTOCI if following criteria are met:

The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets.

Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On de- recognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

- **Financial Assets at FVTPL (Fair Value through Profit or Loss):**

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any financial instrument as at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

All other equity investments are measured at fair value, with value changes recognized in Statement of Profit and Loss.

- **De- recognition:**

A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the Company has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

- **Impairment of financial assets:**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss'(ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

For trade receivables, Company applies 'simplified approach', which requires expected lifetime losses to be recognized from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analyzed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'.

Part II - Financial Liabilities

- **Initial recognition and measurement**

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

- **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss is designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

- Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

- Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognized less cumulative amortization.

- De-recognition:

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

- Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Part-III Fair Value Measurement:

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or;
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the restated consolidated financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 - inputs that are unobservable for the asset or liability

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

r) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in value.

s) Cash Flow Statements:

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non- cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of Company is segregated.

t) Derivative Financial Instruments and Hedge Accounting

Initial recognition and subsequent measurement:

Company uses derivative financial instruments such as forward currency contracts to mitigate its foreign currency fluctuation risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of hedging instrument is recognized in the Statement of Profit or Loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

u) Earnings Per Share

Basic earnings/ (loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, other than conversion of potential equity shares, that have changed the number of equity shares outstanding without a corresponding change in resources.

In case of a bonus issue, the number of ordinary shares outstanding is increased by number of shares issued as bonus shares in current year and comparative period presented as if the event had occurred at the beginning of the earliest year presented.

For the purpose of calculating diluted earnings/ (loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

v) Insurance Claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

w) Segment Reporting

The Company identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

Note 1.2: Key Accounting Judgements, Estimates & Assumptions

The preparation of the Company's restated consolidated financial statements requires the management to make judgments', estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

A. Income taxes and Deferred tax assets:

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. The management assumes that taxable profit will be available while recognizing the deferred tax assets.

B. Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life as prescribed in the Schedule II of the Companies Act, 2013 and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

C. Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher

of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

D. Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

E. Recognition and measurement of other provisions:

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may, therefore, vary from the figure included in other provisions.

F. Contingencies:

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

G. Allowances for uncollected trade receivable and advances:

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated amounts which are irrecoverable. Individual trade receivables are written off when management deems them not collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets. The impairment provisions for financial assets are based on assumption about risk of default and expected loss rates. Judgement in making these assumptions and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.

RESULTS OF OPERATIONS

The following discussion of our results of operations should be read in conjunction with our Restated Consolidated Financial Information, including the notes thereto, included elsewhere in this Draft Red Herring Prospectus. Our historical results of operations have been significantly influenced by the stage of completion of our projects and the consequent timing of recognition of revenue, the progression of our project portfolio across the Completed, Ongoing and Upcoming stages, the timing of the statutory approvals and RERA registrations required before construction and sales in a project may commence, the predominance of redevelopment projects in our portfolio and the tenant settlement, transit accommodation and rehabilitation costs and the time required to obtain vacant possession in such projects, the mix of our projects across price segments and micro-markets and the realisations achieved, price fluctuations in key construction materials such as steel and cement and the rates at which we engage third-party contractors under our asset-light execution model, project-level financing and the restrictions on the utilisation of amounts realised from allottees, the manner in which our projects are held through our Company, our Subsidiaries and our Associates, and changes in the development control regulations and in the premiums payable in respect of the development potential availed

Our business has witnessed substantial growth during the periods under review, with revenue from operations increasing from ₹6,264.44 lakhs in Fiscal 2024 to ₹7,558.75 lakhs in Fiscal 2025 and further to ₹10,183.86 lakhs in Fiscal 2026.

Other Income

Our other income comprises of interest income, gain on fair valuation of financial instruments and sundry balances written back. Other income, as a percentage of total income was 2.52% and 3.63%, 3.76% for the financial year ended March 31, 2026, March 31, 2025 and March 31, 2024 respectively.

PRINCIPAL COMPONENTS OF EXPENDITURE

Our total expenses comprise (i) cost of materials and construction; (ii) employee benefit expenses; (iii) finance costs; (iv) depreciation; and (v) other expenses. Our total expenses were ₹7,362.41 lakhs, ₹4,868.90 lakhs and ₹5,238.18 lakhs, representing 70.47%, 62.07% and 80.48% of our total revenue, for Fiscals 2026, 2025 and 2024 respectively.

Total Cost of Construction

Cost of construction is the principal component of our expenditure and comprises (i) material and construction expenses, including the amounts payable to the contractors engaged by us for civil construction and for the various trades required for a project, labour and other direct site expenses; (ii) administrative expenses attributable to, and transferred to, projects during the year; and (iii) finance expenses attributable to, and transferred to, projects during the year, being borrowing costs capitalised as part of the cost of the qualifying project. The aggregate of these costs is adjusted for the movement in work-in-progress during the year, and for work-in-progress acquired, to arrive at the cost of construction charged to the statement of profit and loss for the year, so that the amount charged corresponds to the proportion of project cost recognised in arriving at revenue for that year.

Employee benefit expenses

Our employee benefit expenses comprise (i) salaries and wages; (ii) contributions to provident and other funds; (iii) remuneration to our directors; (iv) staff welfare expenses; and (v) gratuity expenses. Employee costs attributable to projects are transferred to the cost of the relevant project and are not included under this head.

Finance costs

Our finance costs comprise interest on secured term loans, unsecured loans and car loans, other interest expenses and other borrowing costs. Borrowing costs attributable to a qualifying project are capitalised as part of the cost of that project and are transferred to project cost, being ₹1,034.12 lakhs, ₹666.93 lakhs and ₹541.16 lakhs for Fiscals 2026, 2025 and 2024 respectively, and only the balance is charged to the statement of profit and loss under this head.

Depreciation

Depreciation comprises depreciation on our property, plant and equipment, including our office premises, the commercial property held by us, motor vehicles, office equipment, computers and furniture and fixtures. Depreciation was ₹66.90 lakhs, ₹31.84 lakhs and ₹31.45 lakhs, representing 0.64%, 0.41% and 0.48% of our total revenue, for Fiscals 2026, 2025 and 2024 respectively.

Other expenses

Our other expenses comprise legal and professional fees, brokerage, advertisement expenses, electricity and water charges, rent, rates and taxes, repairs and maintenance, conveyance expenses, office expenses, fees payable to the Registrar of Companies, printing and stationery, telephone and internet expenses, insurance, payments to the statutory auditor, postage and courier, interest and late fees on statutory compliance and miscellaneous expenses. Our other expenses were ₹330.31 lakhs, ₹279.26 lakhs and ₹267.85 lakhs, representing 3.16%, 3.56% and 4.12% of our total revenue, for Fiscals 2026, 2025 and 2024 respectively. Legal and professional fees constituted 44.89%, 32.99% and 10.71%, and brokerage 6.87%, 26.50% and 34.25%, of our other expenses in the said Fiscals.

FISCAL 2026 COMPARED TO FISCAL 2025

Revenue from Operations

Our revenue from operations increased by ₹2,625.11 lakhs, or 34.73%, to ₹10,183.86 lakhs in Fiscal 2026 from ₹7,558.75 lakhs in Fiscal 2025, primarily on account of: (i) an increase in contract revenue by ₹2,260.96 lakhs, or 30.81%, to ₹9,598.28 lakhs from ₹7,337.32 lakhs, reflecting the progress of construction achieved on our Ongoing Projects during

the year, revenue from our real estate projects being recognised over time with reference to the proportion of project costs incurred to the total estimated project costs; (ii) an increase in income from sale of services by ₹302.69 lakhs to ₹347.76 lakhs from ₹45.07 lakhs; and (iii) an increase in rent income by ₹83.37 lakhs, or 184.65%, to ₹128.52 lakhs from ₹45.15 lakhs. These increases were partly offset by a decrease in maintenance revenue by ₹21.91 lakhs, or 16.70%, to ₹109.30 lakhs from ₹131.21 lakhs.

Other Income

Our other income decreased by ₹21.47 lakhs, or 7.54%, to ₹263.41 lakhs in Fiscal 2026 from ₹284.88 lakhs in Fiscal 2025. Interest income, being the principal component, was broadly stable at ₹252.26 lakhs as against ₹247.87 lakhs. The decrease was principally on account of miscellaneous income of ₹26.59 lakhs recognised in Fiscal 2025 which did not recur in Fiscal 2026.

Total Expenses

Cost of construction

Our cost of construction increased by ₹2,234.55 lakhs, or 53.07%, to ₹6,444.84 lakhs in Fiscal 2026 from ₹4,210.29 lakhs in Fiscal 2025, and increased as a proportion of our total revenue to 61.69% from 53.68%. The expenses incurred by us on our projects during the year increased by ₹3,718.69 lakhs, or 50.74%, to ₹11,047.81 lakhs from ₹7,329.12 lakhs, comprising an increase in material and construction expenses (including labour and other direct site expenses) by ₹3,166.24 lakhs, or 48.63%, to ₹9,677.59 lakhs, an increase in administrative expenses transferred to projects by ₹185.26 lakhs to ₹336.10 lakhs, and an increase in finance expenses transferred to projects by ₹367.19 lakhs, or 55.06%, to ₹1,034.12 lakhs, consistent with the higher level of construction activity across our Ongoing Projects during the year. Our work-in-progress at the end of the year increased by ₹5,052.96 lakhs, or 38.42%, to ₹18,203.93 lakhs from ₹13,150.97 lakhs, which includes work-in-progress of ₹449.99 lakhs acquired on the acquisition of a subsidiary during Fiscal 2026, and represents the cost incurred on projects in respect of which revenue had not been recognised as at the end of the year.

Employee benefit expenses

Our employee benefit expenses increased by ₹32.58 lakhs, or 12.39%, to ₹295.43 lakhs in Fiscal 2026 from ₹262.85 lakhs in Fiscal 2025, principally on account of an increase in salaries and wages by ₹16.24 lakhs, or 9.50%, to ₹187.16 lakhs and an increase in gratuity expenses by ₹7.76 lakhs to ₹10.97 lakhs. As a proportion of our total revenue, employee benefit expenses decreased to 2.83% from 3.35%, our employee costs not having increased in proportion to the growth in our revenue.

Finance costs

Our finance costs increased by ₹140.26 lakhs, or 165.65%, to ₹224.93 lakhs in Fiscal 2026 from ₹84.67 lakhs in Fiscal 2025, principally on account of an increase in interest on secured term loans by ₹125.46 lakhs to ₹168.64 lakhs from ₹43.18 lakhs. Our total borrowings increased to ₹11,524.75 lakhs as at March 31, 2026 from ₹10,821.24 lakhs as at March 31, 2025, our non-current borrowings having increased by 18.61% to ₹8,699.69 lakhs and our current borrowings having decreased by 18.98% to ₹2,825.06 lakhs. Borrowing costs of ₹1,034.12 lakhs were capitalised to projects during Fiscal 2026 as against ₹666.93 lakhs during Fiscal 2025, and only the balance has been charged to the statement of profit and loss.

Depreciation

Depreciation increased by ₹35.06 lakhs, or 110.11%, to ₹66.90 lakhs in Fiscal 2026 from ₹31.84 lakhs in Fiscal 2025, on account of the increase in our property, plant and equipment to ₹1,787.08 lakhs as at March 31, 2026 from ₹602.67 lakhs as at March 31, 2025.

Other expenses

Our other expenses increased by ₹51.05 lakhs, or 18.28%, to ₹330.31 lakhs in Fiscal 2026 from ₹279.26 lakhs in Fiscal 2025, principally on account of an increase in legal and professional fees by ₹56.13 lakhs, or 60.92%, to ₹148.27 lakhs, which includes professional fees of ₹75.60 lakhs paid during Fiscal 2026 to a related party, and increases in electricity charges, water charges and repairs and maintenance consequent upon the increase in the number of project sites in operation, partly offset by a decrease in brokerage by ₹51.32 lakhs, or 69.35%, to ₹22.68 lakhs and a decrease in

advertisement expenses by ₹12.77 lakhs, or 37.53%, to ₹21.26 lakhs. As a proportion of our total revenue, other expenses decreased to 3.16% from 3.56%.

Total expenses

As a result of the foregoing, our total expenses increased by ₹2,493.51 lakhs, or 51.21%, to ₹7,362.41 lakhs in Fiscal 2026 from ₹4,868.90 lakhs in Fiscal 2025, and increased as a proportion of our total revenue to 70.47% from 62.07%.

Share of profit of Associates

Our share of the profit of our Associates increased by ₹322.82 lakhs, or 214.26%, to ₹473.49 lakhs in Fiscal 2026 from ₹150.67 lakhs in Fiscal 2025, reflecting the progress of construction achieved during the year on the projects undertaken through the entities in which we hold an interest along with other partners and which are accounted for under the equity method.

Profit before tax

As a result of the foregoing, our profit before tax increased by ₹432.95 lakhs, or 13.85%, to ₹3,558.35 lakhs in Fiscal 2026 from ₹3,125.40 lakhs in Fiscal 2025. Our profit before the share of profit of our Associates increased by ₹110.13 lakhs, or 3.70%, to ₹3,084.86 lakhs, and decreased as a proportion of our total revenue to 29.53% from 37.93%, principally on account of the higher proportion of cost of construction charged in Fiscal 2026.

Tax expense

Our total tax expense decreased by ₹112.48 lakhs, or 10.77%, to ₹931.99 lakhs in Fiscal 2026 from ₹1,044.47 lakhs in Fiscal 2025, and our effective tax rate decreased to 26.19% from 33.42%, principally on account of our share of the profit of our Associates, which is recognised net of the tax borne by those entities and on which no further tax expense arises in our consolidated financial statements.

Profit for the year

As a result of the foregoing, our profit for the year increased by ₹545.43 lakhs, or 26.21%, to ₹2,626.36 lakhs in Fiscal 2026 from ₹2,080.93 lakhs in Fiscal 2025, and our profit for the year as a proportion of our total revenue was 25.14% as against 26.53%.

Of our profit for the year, ₹2,120.54 lakhs was attributable to the owners of our Company, an increase of ₹128.90 lakhs, or 6.47%, over ₹1,991.64 lakhs in Fiscal 2025, and ₹505.82 lakhs was attributable to non-controlling interests, an increase of ₹416.53 lakhs over ₹89.29 lakhs in Fiscal 2025. The share of our profit attributable to non-controlling interests accordingly increased to 19.26% of our profit for the year from 4.29%, principally on account of the profit earned during Fiscal 2026 by a Subsidiary in which non-controlling interests hold a 50% interest, the projects undertaken by that entity having progressed materially during the year.

Our other comprehensive loss was ₹2.92 lakhs in Fiscal 2026 as against ₹6.83 lakhs in Fiscal 2025, and our total comprehensive income increased by ₹549.34 lakhs, or 26.49%, to ₹2,623.44 lakhs from ₹2,074.10 lakhs.

FISCAL 2025 COMPARED TO FISCAL 2024

Revenue from operations

Our revenue from operations increased by ₹1,294.31 lakhs, or 20.66%, to ₹7,558.75 lakhs in Fiscal 2025 from ₹6,264.44 lakhs in Fiscal 2024, primarily on account of an increase in contract revenue by ₹1,133.22 lakhs, or 18.27%, to ₹7,337.32 lakhs from ₹6,204.10 lakhs, reflecting the progress of construction achieved on our Ongoing Projects during the year. Maintenance revenue of ₹131.21 lakhs was recognised for the first time in Fiscal 2025, following the handover of units in projects completed by us, there having been no such revenue in Fiscal 2024. Income from sale of services increased by ₹11.00 lakhs, or 32.29%, to ₹45.07 lakhs and rent income increased by ₹18.87 lakhs, or 71.80%, to ₹45.15 lakhs.

Other income

Our other income increased by ₹40.36 lakhs, or 16.51%, to ₹284.88 lakhs in Fiscal 2025 from ₹244.52 lakhs in Fiscal 2024, principally on account of miscellaneous income of ₹26.59 lakhs recognised during the year and an increase in interest income by ₹10.70 lakhs, or 4.51%, to ₹247.87 lakhs.

Cost of construction

Our cost of construction decreased by ₹347.00 lakhs, or 7.61%, to ₹4,210.29 lakhs in Fiscal 2025 from ₹4,557.29 lakhs in Fiscal 2024, notwithstanding the increase in our revenue from operations, and decreased as a proportion of our total revenue to 53.68% from 70.02%. The expenses incurred by us on our projects during the year decreased by ₹527.91 lakhs, or 6.72%, to ₹7,329.12 lakhs from ₹7,857.03 lakhs, while our work-in-progress at the end of the year increased by ₹3,118.82 lakhs, or 31.09%, to ₹13,150.97 lakhs from ₹10,032.15 lakhs. A larger proportion of the cost incurred by us during Fiscal 2025 accordingly related to projects in respect of which revenue had not been recognised as at the end of the year, and was carried forward as work-in-progress rather than being charged to the statement of profit and loss.

Employee benefit expenses

Our employee benefit expenses increased by ₹111.66 lakhs, or 73.85%, to ₹262.85 lakhs in Fiscal 2025 from ₹151.19 lakhs in Fiscal 2024, principally on account of an increase in salaries and wages by ₹102.44 lakhs, or 149.59%, to ₹170.92 lakhs from ₹68.48 lakhs, consequent upon the strengthening of our project management, regulatory liaison, sales and marketing and finance functions, and the recognition of gratuity expenses of ₹3.21 lakhs for the first time in Fiscal 2025. As a proportion of our total revenue, employee benefit expenses increased to 3.35% from 2.32%.

Finance costs

Our finance costs decreased by ₹145.72 lakhs, or 63.25%, to ₹84.67 lakhs in Fiscal 2025 from ₹230.39 lakhs in Fiscal 2024, principally on account of a decrease in interest on secured term loans by ₹120.51 lakhs, or 73.62%, to ₹43.18 lakhs from ₹163.69 lakhs. This reflects the higher proportion of borrowing costs capitalised to projects during the year, being ₹666.93 lakhs as against ₹541.16 lakhs in Fiscal 2024, and the reduction in our current borrowings to ₹3,486.73 lakhs as at March 31, 2025 from ₹4,064.11 lakhs as at March 31, 2024.

Depreciation

Depreciation was broadly stable at ₹31.84 lakhs in Fiscal 2025 as against ₹31.45 lakhs in Fiscal 2024, an increase of ₹0.39 lakhs, or 1.24%.

Other expenses

Our other expenses increased by ₹11.41 lakhs, or 4.26%, to ₹279.26 lakhs in Fiscal 2025 from ₹267.85 lakhs in Fiscal 2024, principally on account of an increase in legal and professional fees by ₹63.45 lakhs, or 221.16%, to ₹92.14 lakhs from ₹28.69 lakhs, partly offset by a decrease in advertisement expenses by ₹36.62 lakhs, or 51.83%, to ₹34.03 lakhs and a decrease in brokerage by ₹17.73 lakhs, or 19.33%, to ₹74.00 lakhs, consequent upon the lower level of marketing activity required in the year. As a proportion of our total revenue, other expenses decreased to 3.56% from 4.12%.

Total expenses

As a result of the foregoing, our total expenses decreased by ₹369.28 lakhs, or 7.05%, to ₹4,868.90 lakhs in Fiscal 2025 from ₹5,238.18 lakhs in Fiscal 2024, and decreased as a proportion of our total revenue to 62.07% from 80.48%.

Share of profit of Associates

Our share of the profit of our Associates was ₹150.67 lakhs in Fiscal 2025 as against ₹0.06 lakhs in Fiscal 2024, the projects undertaken through the entities accounted for under the equity method having commenced contributing to our results during Fiscal 2025.

Profit before tax

As a result of the foregoing, our profit before tax increased by ₹1,854.56 lakhs, or 145.93%, to ₹3,125.40 lakhs in Fiscal 2025 from ₹1,270.84 lakhs in Fiscal 2024, and increased as a proportion of our total revenue to 39.85% from 19.52%.

Tax expense

Our total tax expense increased by ₹534.08 lakhs, or 104.64%, to ₹1,044.47 lakhs in Fiscal 2025 from ₹510.39 lakhs in Fiscal 2024, in line with the increase in our profit before tax. Our effective tax rate decreased to 33.42% from 40.16%.

Profit for the year

As a result of the foregoing, our profit for the year increased by ₹1,320.48 lakhs, or 173.64%, to ₹2,080.93 lakhs in Fiscal 2025 from ₹760.45 lakhs in Fiscal 2024, and our profit for the year as a proportion of our total revenue increased to 26.53% from 11.68%.

Of our profit for the year, ₹1,991.64 lakhs was attributable to the owners of our Company, an increase of ₹1,255.39 lakhs, or 170.51%, over ₹736.25 lakhs in Fiscal 2024, and ₹89.29 lakhs was attributable to non-controlling interests, an increase of ₹65.10 lakhs over ₹24.19 lakhs in Fiscal 2024.

Our other comprehensive loss was ₹6.83 lakhs in Fiscal 2025, there having been no other comprehensive income or loss in Fiscal 2024, and our total comprehensive income increased by ₹1,313.65 lakhs, or 172.75%, to ₹2,074.10 lakhs from ₹760.45 lakhs.

DISCUSSION ON STATEMENT OF CASHFLOWS

The following table sets forth certain information relating to our Company's statement of cash flows for the periods indicated:

(₹ in lakhs)

Particulars	Fiscal		
	2026	2025	2024
Net cash flows from/ (used in) operating activities	(3,726.06)	(2,443.37)	(315.95)
Net cash flows from/ (used in) investing activities	1,652.77	159.19	(579.92)
Net cash flows from/ (used in) financing activities	1,996.11	2,571.27	1,206.35
Total cash and cash equivalents	680.54	757.72	470.63

Real estate development is working capital intensive and the period between the commitment of funds to a project and the realisation of the proceeds of sale of the units in that project is extended. The cost incurred on a project is capitalised to work-in-progress as it is incurred and is charged to the statement of profit and loss only to the extent of the proportion of the project cost against which revenue is recognised. Accordingly, in periods in which we are constructing a larger number of projects, or in which our projects are at earlier stages of construction, our cash outflow towards construction exceeds the cost charged in arriving at our profit for the year, and our cash flows from operating activities may be negative notwithstanding that we are profitable.

Quantitative and Qualitative Disclosure about Market Risk

Risk Management

The Company is exposed to various financial risks arising from its operations and the use of financial instruments. The key financial risks include market risk, credit risk and liquidity risk. The risk management policies are established to identify and analyse the risks faced by the Company and seek to, where appropriate, minimize potential impact of the risk and to control and monitor such risks. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short-term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

The following sections provide details regarding the exposure to the financial risks associated with financial instruments held in the ordinary course of business and the objectives, policies and processes for management of these risks.

Liquidity risk and funding management

Liquidity Risk is defined as the risk that the Company will not be able to settle or meets its obligations on time at a reasonable price In addition; processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity through rolling forecasts of expected cash flows.

Market Risk

Changes in market prices which will affect the Company's income or the value of its holdings of financial instruments is considered as market risk. It is attributable to all market risk sensitive financial instruments.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Foreign Currency Risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The exposure to the risk of change in foreign exchange rates is very minimum, as the Company does not have any foreign currency payable and receivables.

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date. The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various geographical areas. The Company has no history of customer default and considers the credit quality of trade receivables that are not past due or impaired to be good. The credit risk for cash and cash equivalents, mutual funds, bank deposits and loans is considered negligible, since the counterparties are reputable organizations with high-quality external credit ratings. Company provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draws to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss-based impairment recognized on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

SECTION VII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

*Except as disclosed in this section, as on the date of this Draft Red Herring Prospectus, there are no outstanding (i) criminal proceedings (including matters which are at first information report stage and police complaints irrespective of any cognizance taken by any court or not); (ii) actions taken by regulatory or statutory authorities including notices by such authorities (including any findings/observations of any of the inspections by SEBI or any other regulatory authority or any penalties imposed); (iii) claims related to direct and indirect tax matters (disclosed in a consolidated manner); and (iv) other pending litigation (including civil and/or arbitration proceedings) as determined to be material by our Board pursuant to its resolution dated September 22, 2026 ("**Materiality Policy**") in each case involving our Company, Subsidiaries, Promoters and Directors ("**Relevant Parties**"). Further, there are no disciplinary actions including penalties imposed by the SEBI or the Stock Exchanges against our Promoters in the last five Fiscals including any outstanding action. There are no outstanding, (i) criminal proceedings; and (ii) actions by regulatory authorities and statutory authorities, involving any Key Managerial Personnel and Senior Management of our Company.*

For the purposes of (iv) above, in terms of the Materiality Policy, any pending litigation / arbitration proceedings involving the Relevant Parties shall be considered "material" for the purposes of disclosure in this Draft Red Herring Prospectus, if the aggregate monetary amount of claim involved, whether by or against the Relevant Parties, in any such pending litigation exceeds the lower of the following: (i) two percent of consolidated turnover, as per the last annual Restated Consolidated Financial Information, i.e., financial year ended March 31, 2026 (amounting to ₹ 203.68 lakhs); or (ii) two percent of consolidated net worth, as per the last annual Restated Consolidated Financial Information, i.e., financial year ended March 31, 2026 (amounting to ₹ 117.32 lakhs); or (iii) five percent of the average of absolute value of consolidated profit or loss after tax, as per the Restated Consolidated Financial Information for the last three financial years, i.e., financial years ended March 31, 2026, March 31, 2025, and March 31, 2024 (amounting to ₹ 91.12 lakhs).

*Accordingly, outstanding litigation involving Relevant Parties have been considered material and disclosed in this section where the aggregate amount involved in such litigation exceeds ₹ 91.12 lakhs i.e. 5% of the five percent of the average of absolute value of consolidated profit or loss after tax, as per the Restated Consolidated Financial Information for the last three financial years of our Company ("**Materiality Threshold**").*

In the event any tax claim in relation to any Relevant Parties involves an amount exceeding the Materiality Threshold, individual disclosures of such tax claims have been included.

Any such litigation wherein (a) a monetary liability is not determinable or quantifiable, or which does not fulfil the Materiality Threshold, but the outcome of which, in the opinion of our Board, could nonetheless, have a material adverse effect on the business, operations, performance, prospects, financial position or reputation of our Company; or (b) there are any findings or observations arising out of any of the inspections by SEBI or by any other regulator in or outside India, which are outstanding, shall be considered "material" for the purposes of disclosure in this section.

It is clarified that for the purposes of the above, pre-litigation notices received by any Relevant Party (excluding notices issued by any governmental, statutory, regulatory, judicial, quasi-judicial or taxation authorities or notices threatening criminal action), unless otherwise decided by our Board, shall not be evaluated for materiality until such time that such parties are impleaded as defendants in litigation proceedings before any judicial forum.

Any outstanding litigation involving a Group Company shall be considered 'material' for the purposes of disclosure in this section, if the outcome of such litigation (irrespective of any amount involved in such litigation) could have a material adverse effect on the financial position, business, operations, prospects, or reputation of our Company.

Except as stated in this section, there are no outstanding dues to Material Creditors (as defined below) of our Company. Further in terms of the Materiality Policy, creditors of our Company to whom amount due by our Company is equal to or in excess of 5% of the restated consolidated trade payables of our Company, as per the latest completed fiscal or period of the Restated Consolidated Financial Information, would be considered as 'material creditors'. Accordingly, a creditor has been considered 'material' by our Company if the amount due to such creditor exceeds ₹ 18.48 lakhs. Further, for outstanding dues to MSMEs, the disclosure is based on information available with our Company regarding status of the creditors as defined under Section 2 read with Section 7 of the Micro, Small and Medium Enterprises Development Act, 2006, as amended.

Unless stated to the contrary, the information provided below is as of the date of this Draft Red Herring Prospectus. All

terms defined herein in a particular litigation disclosure pertain to that litigation only.

Litigation against our Company

Criminal Proceedings

Except as disclosed below, as on the date of this Draft Red Herring Prospectus, there are no criminal proceedings initiated against our Company:

1. Jyoti Vinayak Mete, Ku. Akanksha Vinayak Mete and Ashutosh Vinayak Mete (collectively, the "**Applicants**"), being the wife, daughter and son, respectively, of late Vinayak Tukaram Mete ("**Deceased**"), have filed an application ("**Application**") before the Motor Accident Claims Tribunal for Greater Mumbai, at Mumbai ("**Tribunal**"), under Sections 166 and 140 of the Motor Vehicles Act, 1988 ("**MV Act**"), against our Company, Rambachan Yadav, Bajaj Allianz General Insurance Company Limited and Cholamandalam MS General Insurance Company Limited (collectively, the "**Respondents**"), impleading Lochanabai Tukaram Mete, mother of the Deceased, as a respondent to the Application. The Applicants have alleged that on August 14, 2022, the Deceased died in a motor vehicular accident on the Pune-Mumbai Expressway, near Bhatan Tunnel, Panvel, District Raigad, when a motor vehicle, owned by our Company ("**Company Vehicle**"), in which the Deceased was travelling, collided with another motor vehicle, owned by Rambachan Yadav. An FIR bearing no. 218 of 2022, dated November 15, 2022, was registered with the Rasayani Police Station against the driver of the Company Vehicle under Sections 279, 337, 338, 304(II) and 427 of the Indian Penal Code, 1860 and Section 184 of the MV Act. The Applicants have claimed compensation of ₹ 500.00 lakhs from the Respondents, jointly and severally, together with interest at the rate of 12% per annum from the date of filing of the Application till realisation, in addition to interim compensation of ₹ 0.50 lakhs under Section 140 of the MV Act. The matter is currently pending before the Tribunal.

Actions taken by Statutory/Regulatory Authorities

As of the date of this Draft Red Herring Prospectus, there are no actions taken by regulatory or statutory authorities against our Company.

Material Civil Litigations/ Other Material Litigations

Except as disclosed below, as on the date of this Draft Red Herring Prospectus, there are no material civil litigations/ other material Litigations initiated against our Company:

1. Rudiben Narshi Patel, Dinesh Narshi Patel, Hiren Narshi Patel, and Bhavika Tushar Gathani (collectively, the "**Complainants**") have lodged a short cause suit on June 30, 2025 ("**Suit**") before the Bombay City Civil Court at Dindoshi, Mumbai (Borivali Division) ("**Court**") against our Company, Kiran Devji Patel, Dipak Devji Patel, Kanta Harish Patel W/O Harish Bhojraj Patel, Jayita Chirag Nandola D/O Harish Bhojraj Patel, Prajesh Harish Patel S/O Harish Bhojraj Patel, Kushagra Harish Patel S/O Harish Bhojraj Patel, M/s. Suparshwa Assets LLP ("**Associate Company**" and "**Respondent No. 7**"), Madhuben Karsan Patel, Vinay Karsan Patel, Naina Jenti Patel, and Nilesh Karsan Patel (collectively, the "**Respondents**") for the alleged breach of a Supplementary Deed of Partnership and the unauthorized, fraudulent execution of a Deed of Conveyance dated February 14, 2024. The Complainants, acting as the legal heirs of a deceased partner of M/s. C.S. Construction Co., alleged that another now-deceased partner, Harish Bhojraj Patel, executed the conveyance of the firm's property to Respondent No. 7 without the consent or knowledge of the co-partners. Further, the Plaintiffs alleged that this transfer was the product of a criminal conspiracy, claiming the executing partner admitted his sons as partners in Respondent No. 7 immediately prior to the sale to siphon off the firm's assets for personal benefit. The Plaintiffs have prayed that, *inter alia* (i) the Court declare the Deed of Conveyance dated February 14, 2024, as null, void, and not binding upon the Plaintiffs; (ii) the Court annul, set aside, and cancel the suit Conveyance Deed and direct Respondent No. 7 to deliver it up for cancellation; (iii) the Court issue a permanent injunction restraining Respondent No. 7 from creating third-party rights, parting with possession, or alienating the suit property; (iv) the Court appoint a Court Receiver to take control of the suit property pending the final disposal of the suit; and (v) the Court grant ad-interim and interim injunctions preventing the disposal of the property. In response, Respondent No. 7 has filed a Notice of Motion seeking the rejection of the plaint under Order VII Rule 11 of the Code of Civil Procedure, 1908, arguing a lack of cause of action and improper valuation. The matter is currently pending before the said Court.

B. Litigation involving our Promoters

Litigation against our Promoters

Criminal Litigations

Except as disclosed below, as on the date of this Draft Red Herring Prospectus, there are no criminal proceedings initiated against our Promoters:

1. Ashirwad Realcon LLP, through its Partner Mehul Laxmikant Vasavda ("**Complainant**"), has filed a criminal complaint before the Judicial Magistrate First Class, 3rd Court, Kalyan ("**Court**"), against Sanghvi Premises Private Limited and its directors, including our Promoter, Prithviraj Sankalchand Sanghvi (**our** "**Promoter**"), Sankalchand Chunnilal Jain, Rakesh Sankalchand Sanghvi, Shailesh Sankalchand Sanghvi, and Ramesh Sankalchand Sanghvi (collectively, "**Accused**"), for the commission of offences of, *inter alia*, criminal breach of trust and cheating, under Sections 316(1) and 318(4) read with Section 3(5) of the Bharatiya Nyaya Sanhita, 2023. The Complainant has alleged that it had entered into a registered Development Agreement dated October 25, 2013 with the Accused, whereby the Complainant was granted exclusive rights to develop land bearing New Survey No. 22 (part) admeasuring 48,000 sq. meters. and New Survey No. 17, Hissa No. 1/A admeasuring 3,790 sq. meters, situated at Village Golavali, Taluka Kalyan, District Thane ("**Said Property**"), and paid a security deposit of ₹ 700.00 lakhs to the Accused in instalments during October 2013.

   The Complainant has further alleged that the Accused failed to fulfil their obligations under the said Development Agreement and, in breach thereof, fraudulently sold approximately 20 gunthas of the Said Property to M/s. Rashtriya Ramsevak Seva Samiti Trust for a consideration of approximately Rs. 240.00 lakhs, without the knowledge or consent of the Complainant and in violation of the said Development Agreement. Prior to filing the present complaint, the Complainant had approached the Commissioner of Police, Thane, by way of a written complaint dated January 13, 2025, pursuant to which an inquiry was conducted by the Maharashtra Protection of Interests of Depositors ("**MPID**") Unit, Thane. Upon completion of the said inquiry, the Senior Police Inspector, MPID Unit, Thane declined to register a First Information Report, upon which the Complainant approached the Commissioner of Police, Thane, seeking re-investigation, which remained unacted upon. The Complainant accordingly approached the Court by way of the present complaint. The Complainant has prayed that the Court direct the Senior Inspector of Police, Manpada Police Station, to register a First Information Report against the Accused and investigate the matter, or alternatively, issue process against the Accused under the BNS. The Manpada Police Station has filed its say before the Court. The matter is currently pending before the Court.

2. Sanghvi Majestic Co-operative Housing Society Ltd. ("**Complainant Society**") has filed a criminal complaint ("**Complaint**"), before the Additional Chief Metropolitan Magistrate, 9th Court, Bandra, Mumbai ("**Magistrate Court**") against Sanghvi Jagmohandas Bhagwandas Trust and others including Sanghvi Premises Private Limited, Prithviraj Sankalchand Sanghvi (our "**Promoter**") and certain other directors of the Group Company ("**Accused**"), for the commission of offences punishable under Section 13(1) of the Maharashtra Ownership Flats Act, 1963 ("**MOFA**") read with Sections 114/115 of the Indian Penal Code, 1860 ("**IPC**") alleging that the Accused failed to execute conveyance of land admeasuring approximately 945 sq. meters. on which Sanghvi Majestic Tower was constructed, in favor of the Complainant Society within the statutory period and seeking prosecution of the Accused under the Complaint and a decree for conveyance of the said land under the Suit. The Magistrate Court, upon receiving a police inquiry report finding that the Accused had not completed the conveyance procedure, held that a prima facie case was made out and directed that process be issued against the Accused. Aggrieved by the said order, the Group Company and the Promoter filed a revision application before the Court of Sessions for Greater Bombay, seeking (i) setting aside of the said order and (ii) stay of further proceedings in the Complaint, on the grounds that (i) the Group Company was only a developer and not the owner of the said land, the actual owner being Sanghvi

Jagmohandas Bhagwandas Trust as acknowledged in the Complainant Society's own complaint; (ii) the Magistrate Court failed to record that the Accused had contravened the provisions of the applicable law without reasonable excuse, which is a prerequisite for establishing the alleged offence; and (iii) the individual directors could not be held liable in the absence of specific allegations that they were in-charge of and responsible for the conduct of the business of the Group Company. The said revision application is currently pending before the Court of Sessions for Greater Bombay.

3. Dhiren Manilal Limbani, partner of M/s. Paradise Corporation ("**Complainant**") has filed a criminal complaint presented on July 24, 2017 ("**Complaint**") before the Judicial Magistrate First Class (J.M.F.C.), First Court at Thane ("**Court**") against M/s. Sanghvi Premises Private Limited and its directors Rakesh Sanghvi, Sankalchand Jain, Prithviraj Sankalchand Sanghvi (**our** "**Promoter**"), Ramesh Sanghvi, and Shailesh Sanghvi (collectively, the "**Respondents/Accused**") for alleged commission of offences inter alia criminal breach of trust, cheating, intentional insult, and criminal intimidation punishable under sections 406, 420, 504, and 506(II) read with section 34 of the Indian Penal Code, 1860 ("**IPC**"). The Complainant was appointed as the civil contractor for the civil construction of the 'Sanghvi Valley' project (A1 & A2 wing) located at Parsik, Kalwa, Thane, under a Work Order dated December 19, 2013. The Complainant alleged that he had brought his own machinery and materials to the site, but the Respondents consistently delayed payments, halting work multiple times due to a lack of proper commencement certificates. Further, the Complainant alleged that after inducing him to restart work on false promises of clearing dues, the Respondents unilaterally terminated the contract on October 19, 2016, owing him ₹ 294.20 lakhs. The Complainant alleged that the Respondents restrained his workers, illegally retained and converted his construction machinery/tools for their own use, and threatened him with death when he demanded his dues and materials. The Complainant has prayed that, *inter alia*, the Court issue directions to the Sr. P.I., Kalwa Police Station to investigate the matter under section 156(3) of the Code of Criminal Procedure, 1973 ("**CrPC**") by registering an FIR against all the Respondents for the mentioned offences. The matter saw an FIR registered and a subsequent 'C-Summary' (closure) report filed by the police, leading the Complainant to file a Protest Petition. The Magistrate initially issued a process against the accused for offences under Sections 504 and 506 of the IPC. However, the Bombay High Court, via an order dated December 8, 2023, has stayed further proceedings in the Criminal Case (RCC No. 1050/2017), and the matter is currently pending before the said Court.

4. Sanjay Gajanan Kadam, ("**Complainant**") has filed a criminal complaint before the Judicial Magistrate First Class, 71st Court at Bandra, Mumbai ("**Court**") against M/s. Rao Associates, Veena Kashi, Y.C. Sathe, M/s. Sanghvi Premises Pvt. Ltd, Prithviraj Sankalchand Sanghvi (**our** "**Promoter**"), and others ("**Respondents**") for alleged commission of offences inter alia cheating, forgery, fraud, and criminal conspiracy originally cited under sections 406, 420, 463, 465, 467, 468, 471 and 120B read with section 34 of the Indian Penal Code, 1860 ("**IPC**"). The Complainant alleged that his grandfather, Sahadev Arjunrao Kadam, was the lawful tenant and occupier of the property known as 'Kadamwadi' in Santacruz (East), Mumbai, initially leased from the original owner John Felix Jacinto in 1950. Further, the Complainant alleged that the Respondents conspired to grab the said plot of land by forming a fake unregistered trust ("**Jacinto Private Family Trust**"), creating bogus conveyance deeds, and executing illegal development agreements dated April 19, 2007 and rectification deeds dated May 29, 1998. The Complainant claimed these documents were executed by unauthorized persons and forged signatures to bypass the legal heirs and tenants. The Complainant has prayed that the Court direct the police to register an FIR and investigate the matter under section 175(3) of the Bharatiya Nagarik Suraksha Sanhita, 2023. On April 6, 2026, the Court rejected the prayer for police investigation, observing that a prior Bombay High Court order dated March 8, 2018 had already dismissed a related writ petition after concluding that the dispute is essentially of a civil nature. The Court has instead directed the Complainant to lead his evidence under section 223(1) of the Bharatiya Nagarik Suraksha Sanhita, 2023. The matter is currently pending before the said Court.

5. Kiran Kumari Vinod Yadav, ("**Complainant**"), has filed a criminal complaint on December 17, 2025 ("**Complaint**") before the Judicial Magistrate of First Class at Kurla, Mumbai ("**Court**") against M/s Sanghvi Premises Private Limited, and its directors/authorized signatories Sankalchand Chunilal Jain, Rakesh Sankalchand Sanghvi, Shailesh Sankalchand Sanghvi, Prithviraj Sankalchand Sanghvi (**our** "**Promoter**"), and Ramesh Sankalchand Sanghvi (collectively, the "**Respondents**") for the alleged commission of an offence under Section 138 read with Section 141 of the Negotiable Instruments Act, 1881. The Complainant alleged that she had paid a total of ₹ 8.50 lakhs for the purchase of Flat No. 304 in the project 'Sanghvi Parrsssva City'. Due to delays in the project, the booking was mutually cancelled, and the Respondents issued multiple refund cheques. One such cheque for ₹ 0.14 was deposited but dishonoured by the bank due to 'Funds Insufficient'. Further, the Complainant alleged that despite issuing a legal demand notice on November 14, 2025, which was returned unserved, the Respondents failed and neglected to make the payment of the enforceable legal liability. The Complainant has prayed that, inter alia (i) the Court issue process, summons, and necessary warrants against the Respondents; (ii) the Respondents be prosecuted and punished under Section 138 of the Negotiable Instruments Act with imprisonment extending up to

two years; (iii) on conviction, the Respondents be imposed a penalty to pay double the amount of the dishonoured cheque and provide compensation to the Complainant under Section 395 of the Bhartiya Nyaya Sanhita, 2023; (iv) the cost of the proceedings be granted; and (v) interim compensation under Section 143A of the NI Act be passed. The matter is currently pending before the said Court.

Actions taken by regulatory/statutory authorities

As on the date of this Draft Red Herring Prospectus, there are no actions taken by statutory or regulatory authorities against our Promoters.

Civil and other Material Litigation

Except as disclosed below, there are no civil and other material litigation proceedings against our Promoters:

1. Sanghvi Jagmohandas Bhagwandas Trust, Kishor Gopaldas Sanghvi, Satish Gopaldas Sanghvi, and Sharad Dhirajlal Mehta (collectively, the "**Plaintiffs**") have filed a Suit in July 2011 in the High Court of Judicature at Bombay, with recent proceedings before the City Civil and Sessions Court, Mumbai ("**Court**"), against Sanghvi Premises Private Limited and its directors, Prithviraj Sankalchand Sanghvi (**our** "**Promoter**"), and others (collectively, the "**Defendants**"). The Plaintiffs alleged that the Defendant sold an area of 3,366.70 square feet more than its entitlement under the Agreement for Development dated July 30, 2003, and failed to construct or hand over a balance built-up area of 366.70 square feet. Furthermore, the Plaintiffs alleged that the Defendant wrongfully allotted car parking space No. 28, which belonged to the Plaintiffs. The Plaintiffs have prayed for the recovery of ₹ 350.00 lakhs for the allegedly sold excess area, mandatory directions for the Defendant to construct and hand over the balance area, and compensation for the parking space. In its Written Statement, the Defendant vehemently denied these allegations, asserting that it only dealt with its rightful entitlement of 23 flats and specified parking spaces, and argued that the suit is barred by the law of limitation since the building was handed over years prior. The matter is currently pending before the said Court.

Disciplinary action taken (including outstanding action) against our Promoters in the five Fiscals preceding the date of this Draft Red Herring Prospectus by SEBI or any stock exchanges

As on the date of this Draft Red Herring Prospectus, there are no outstanding actions against our Promoters and no disciplinary action nor any penalty has been imposed by SEBI or stock exchanges in the last five financial years.

Litigation by our Promoters

Criminal Litigation

Except as disclosed below, there are no outstanding criminal proceedings initiated by our Promoters:

1. Prithviraj Sankalchand Sanghvi (**our** "**Promoter**"), along with Ramesh Sankalchand Sanghvi, Shailesh Sankalchand Sanghvi, and Rakesh Sankalchand Sanghvi (collectively, the "**Applicants**"), have filed Criminal Revision Application ("**Revision Application**") under Section 397 of the Code of Criminal Procedure, 1973 before the Court of the Additional Sessions Judge, Kalyan ("**Sessions Court**"), against (i) the State of Maharashtra ; and (ii) Mohan Ramchandra Satpute (collectively, the "**Respondents**"), seeking to quash an order dated July 27, 2016 passed by the Metropolitan Magistrate Court, 3rd Court, Kalyan ("**Magistrate Court**") issuing process against the Applicants. By way of background, Sanghvi Premises Private Limited had acquired land admeasuring 56,700 sq. meters at Village Golivali, Taluka Kalyan, District Thane vide a deed of conveyance dated August 17, 2009, on which certain unauthorized hutments existed, and upon a fire breaking out on March 15, 2010 destroying approximately 25 such hutments, Respondent No. 2, an occupant of one such hutment, alleged that the Applicants had conspired to cause the fire to vacate the land, pursuant to which an FIR was registered. Despite Respondent No. 2 subsequently retracting his complaint by way of affidavits and the police twice finding insufficient evidence to prosecute, Respondent No. 2 filed a fresh private complaint being O.M.A No. 681 of 2015 against the Applicants and one Prabhu Dinda Jadhav, leading to the impugned order dated July 27, 2016.

   The Applicants have contended, *inter alia*, that: (i) the Magistrate Court acted without application of mind by issuing process despite the police having twice found no evidence against the Applicants; (ii) Respondent No. 2 had himself retracted his complaint by way of affidavits stating it was based on a misunderstanding; (iii) the private complaint contained no new allegations beyond the original FIR; (iv) no specific averment was made regarding caste-based abuse to invoke the SC/ST Act; and (v) the allegations were general and vague without establishing any personal

role of the individual Applicants. Hence, the Applicants prayed, *inter alia*, for: (i) quashing and setting aside the order dated July 27, 2016; (ii) staying all further proceedings in O.M.A No. 681 of 2015 pending hearing and final disposal of the Revision Application; and (iii) grant ad-interim relief in terms of the stay prayer and pass such other orders as the Court deems just, fit, and proper. The Sessions Court vide an order dated January 23, 2017, stayed in further proceedings in O.M.A No. 681 of 2015 before the Magistrate Court. The Revision Application is currently pending before the Sessions Court.

Bidders are advised to ensure that any Bid from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law.

Certain persons outside India are restricted from participating in the Issue. For details, see "*Restrictions on Foreign Ownership of Indian Securities*" on page no. 378

Selling restrictions and transfer restrictions

This Draft Red Herring Prospectus does not constitute an invitation to subscribe to or purchase the Equity Shares in the Issue in any jurisdiction, including India. Invitations to subscribe to or purchase the Equity Shares in the Issue will be made only pursuant to the Red Herring Prospectus if the recipient is in India or the preliminary offering memorandum for the Issue, which comprises the Red Herring Prospectus and the preliminary international wrap for the Issue, if the recipient is outside India. No person outside India is eligible to Bid for Equity Shares in the Issue unless that person has received the preliminary offering memorandum for the Issue, which contains the selling restrictions for the Issue outside India.

The Equity Shares offered in the Issue have not been and will not be registered, listed or otherwise qualified in any jurisdiction except India and may not be offered or sold to persons outside of India except in compliance with the applicable laws of each such jurisdiction. In particular, the Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "U.S. Securities Act"), or the securities laws of any state of the United States and may not be offered or sold in the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. The Equity Shares offered in the Issue are being offered and sold only outside the United States in "offshore transactions" as defined in and in reliance on Regulation S under the U.S. Securities Act ("Regulation S").

Until the expiry of 40 days after the commencement of this Issue, an offer or sale of Equity Shares within the United States by a dealer (whether or not it is participating in this Issue) may violate the registration requirements of the U.S. Securities Act.

Bidders were advised to ensure that any Bid from them would not have exceeded the investment limits or the maximum number of Equity Shares that could be held by them under applicable law. Further, each Bidder where required agreed in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, offered against the Equity Shares or any similar security, other than pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act

Each purchaser of the Equity Shares in the Issue who does not receive a copy of the preliminary offering memorandum shall be deemed to represent and warrant to and agree with our Company and the Members of the Syndicate as follows:

- It was outside the United States (as defined in Regulation S) at the time the issue of the Equity Shares was made to it and it was outside the United States (as defined in Regulation S) when its buy order for the Equity Shares was originated.

- It did not purchase the Equity Shares as a result of any "directed selling efforts" (as defined in Regulation S).

- It bought the Equity Shares for investment purposes and not with a view to the distribution thereof. If in the future it decides to resell or otherwise transfer any of the Equity Shares, it agrees that it will not offer, sell or otherwise transfer the Equity Shares except in a transaction complying with Rule 903 or Rule 904 of Regulation S or pursuant to any other available exemption from registration under the U.S. Securities Act.

- It will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares, other than in accordance with applicable laws.

- If it acquired any of the Equity Shares as fiduciary or agent for one or more investor accounts, it has sole investment discretion with respect to each such account and that it has full power to make the foregoing representations, warranties, acknowledgements and agreements on behalf of each such account.

- If it acquired any of the Equity Shares for one or more managed accounts, that it was authorized in writing by each such managed account to subscribe to the Equity Shares for each managed account and to make (and it hereby makes) the representations, warranties, acknowledgements and agreements herein for and on behalf of each such account, reading the reference to "it" to include such accounts.

- It agrees to indemnify and hold the Company and the Members of the Syndicate harmless from any and all costs, claims, liabilities and expenses (including legal fees and expenses) arising out of or in connection with any breach of these representations, warranties or agreements. It agrees that the indemnity set forth in this paragraph shall survive the resale of the Equity Shares.

- It acknowledges that our Company and the Members of the Syndicate and others will rely upon the truth and accuracy of the foregoing representations, warranties, acknowledgements and agreements.

Stock Market Data of Equity Shares

This being an initial public Issue of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange as on the date of this Draft Red Herring Prospectus and accordingly, no stock market data is available for the Equity Shares.

Mechanism for Redressal of Investor Grievances

The Registrar Agreement provides for the retention of records with the Registrar to the Issue for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges or any such period as prescribed under the applicable laws, to enable the investors to approach the Registrar to the Issue for redressal of their grievances. The Registrar to the Issue shall obtain the required information from SCSBs for addressing any clarifications or grievances of ASBA Bidders.

Bidders can contact our Company Secretary and the Compliance Officer and/or the Registrar to the Issue in case of any pre-issue or post-issue related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund orders or non-receipt of funds by electronic mode, etc. For all issue related queries and for redressal of complaints, Bidders may also write to the BRLMs, in the manner provided below. Our Company, the BRLMs and the Registrar to the issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the applicable provisions of the SEBI ICDR Regulations.

All issue related grievances, other than of Anchor Investors, may be addressed to the Registrar to the issue with a copy to the relevant Designated Intermediary, with whom the Bid cum Application Form was submitted giving full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder's DP ID, Client ID, PAN, address of the Bidder, number of the Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders), date of Bid cum Application Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall also enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove.

Further, bidders shall also enclose a copy of the Acknowledgment Slip or specify the application number duly received from the Designated Intermediaries in addition to the documents/information mentioned hereinabove. All issue-related grievances of the Anchor Investors may be addressed to the Registrar to the issue, giving full details such as the name of the sole or first bidder, Anchor Investor Application Form number, Bidders' DP ID, Client ID, PAN, date of the Anchor Investor Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Anchor Investor Application Form and the name and address of the BRLMs where the Anchor Investor Application Form was submitted by the Anchor Investor.

Pursuant to the SEBI ICDR Master Circular, SEBI has identified the need to put in place measures, in order to manage and handle investor issues arising out of the UPI Mechanism inter alia in relation to delay in receipt of mandates by Bidders for blocking of funds due to systemic issues faced by Designated Intermediaries/SCSBs and failure to unblock funds in cases of partial allotment/non allotment within prescribed timelines and procedures.

In terms of SEBI ICDR Master Circular and subsequent circulars issued by the SEBI, as may be applicable, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, in terms of SEBI ICDR Master Circular, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding two Working Days from the Bid/issue Closing Date, the Bidder shall be compensated by the intermediary responsible for causing such delay in unblocking in accordance with applicable law. Further, investors shall be entitled to compensation in the manner specified in the SEBI ICDR Master Circular in case of delays in resolving investor grievances in relation to blocking/unblocking of funds. The BRLMs, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation Amount	Compensation Period
Delayed unblock for cancelled/withdrawn/deleted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation/withdrawal/deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount; and₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock.
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount; and ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non - Allotted/ partially Allotted application	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Book Running Lead Manager, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB

Our Company, the BRLM and the Registrar to the Issue accepts no responsibility for errors, omissions, commission or any acts of any SCSB, Registered broker, Syndicate member, RTA or CDP including any defaults in complying with its obligations under the SEBI ICDR Regulations.

Disposal of Investor Grievances by our Company

Our Company shall, after filing this Draft Red Herring Prospectus, obtain authentication on the SCORES in compliance with the SEBI master circular bearing reference number SEBI/HO/OIAE/IGRD/CIR/P/2023/156 dated September 20, 2023, in relation to redressal of investor grievances through SCORES.

Our Company estimates that the average time required by our Company or the Registrar to the Issue or the relevant Designated Intermediary, for the redressal of routine investor grievances shall be 10 (ten) Working Days from the date of receipt of the complaint, provided however, in relation to complaints pertaining to blocking/unblocking of funds, investor complaints shall be resolved on the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Our Company has not received investor complaints in relation to the Equity Shares for the three years prior to the filing of the Draft Red Herring Prospectus, hence no investor complaint in relation to our Company is pending as on the date of filing of the Draft Red Herring Prospectus.

Our Company has appointed Aishwarya Kachhawaha, Company Secretary as the Compliance Officer and he may be contacted in case of any pre- Issue or post-Issue related problems, at the address set forth hereunder.

Nomination facility to investors

In accordance with Section 72 of the Companies Act, 2013 read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the sole or First Bidder, along with other joint Bidders, may nominate any one person to whom, in the event of the death of the sole Bidder or in case of joint Bidders, the death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner. A person, being a nominee, entitled to the Equity Shares by reason of death of the original holder(s), shall be entitled to the same advantages to which such person would be entitled if such person were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to the Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer of Equity Share(s) by the person nominating. A nomination may be cancelled or varied by nominating any other person in place of the present nominee by the holder of the Equity Shares who has made the nomination by giving a notice of such cancellation. A buyer will be entitled to make a fresh nomination in the manner prescribed. A fresh nomination can be made only on the prescribed form, which is available on request at our Registered Office or with the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 as mentioned above, shall, upon the production of such evidence as may be required by our Board, elect either:

- to register himself or herself as the holder of the Equity Shares; or
- to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividend, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment will be made only in dematerialized form, there shall be no requirement for a separate nomination with our Company. Nominations registered with the respective Depository Participant of the applicant will prevail. If Bidders wish to change their nomination; they are requested to inform their respective Depository Participant.

Option to receive Equity Shares in Dematerialized Form

Allotment of Equity Shares to successful Bidders will only be in the dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchanges.

** In case of (i) any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Issue Closing Date for cancelled/withdrawn/deleted ASBA Forms, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the date on which the request for cancellation/withdrawal/deletion is placed in the Stock Exchanges bidding platform until the date on which the amounts are unblocked (ii) any blocking of multiple amounts for the same ASBA Form (for amounts blocked through the UPI Mechanism), the SCSBs shall, instantly revoke the blocked funds other than the original Bid Amount and the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the total cumulative blocked amount except the original application amount, whichever is higher from the date on which such multiple amounts were blocked till the date of actual unblock; (iii) any blocking of amounts more than the Bid Amount, the SCSBs shall instantly revoke the difference amount, i.e. the blocked amount less the Bid Amount, and the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the difference in amount, whichever is higher from the date on which such excess amounts were blocked till the date of actual unblock; (iv) any delay in unblocking of non-allotted/ partially allotted Bids, shall be compensated at a rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the Working Day subsequent to the finalization of the Basis of Allotment till the date of actual unblock. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, the Bidder shall be compensated in the manner specified in the SEBI ICDR Master Circular which for the avoidance of doubt, shall be deemed to be incorporated in the deemed agreement of our Company with the SCSBs, to the extent applicable.*

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with the SEBI ICDR Master Circular and SEBI circular number SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, read with SEBI circular number SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, SEBI circular number SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular number SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 each to the extent applicable and not rescinded by the SEBI ICDR Master Circular.

The above timetable is indicative and does not constitute any obligation or liability on our Company, or the BRLM, or the Members of the Syndicate.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within three Working Days of the Bid/Issue Closing Date or such other time as may be prescribed by SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges or delay in receipt of final certificates from SCSBs. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws to facilitate the completion of listing and commencement of trading of Equity Shares on the Stock Exchanges within three Working Days from the Bid/Issue Closing Date or such time as prescribed by SEBI.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSBs on daily basis within 60 minutes of the Bid closure time from the Bid/Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the Registrar on a daily basis as per the format prescribed in SEBI ICDR Master Circular.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within three Working Days from the Bid/Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for initial public offerings. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Issue will be made under UPI Phase III on mandatory basis, subject to the timing of the Issue and any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

Any circulars or notifications from SEBI after the date of this Draft Red Herring Prospectus may result in changes to the listing timelines. Further, the Issue procedure is subject to change to any revised SEBI circulars to this effect.

Modification/ Revision/cancellation of Bids	
Upward Revision of Bids by QIBs and NII categories[#]	Only between 10.00 a.m. and upto 4.00 p.m. IST
Upward or downward Revision of Bids or cancellation of Bids by RIIs	Only between 10.00 a.m. and upto 5.00 p.m. IST

[*] *UPI mandate end time and date shall be at 5:00 pm on Bid/Issue Closing Date.*
[#] *QIBs and Non-Institutional Investors can neither revise their bids downwards nor cancel/withdraw their bids.*

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Investors, and until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIIs.

On Bid/Issue Closing Date, extension of time may be granted by the Stock Exchanges only for uploading Bids received by Retail Individual Investors after taking into account the total number of Bids received upto closure of timings for acceptance of Bid cum Application Form and as reported by the BRLM to the Stock Exchanges.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

To avoid duplication, the facility of re-initiation provided to Syndicate Members shall preferably be allowed only once per bid/batch and as deemed fit by the Stock Exchanges, after closure of the time for uploading Bids. Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date and in any case no later than 3:00 p.m. IST on the Bid/Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids and any revision in Bids will be accepted only during Working Days during the Bid/Issue Period. Bidders may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006 and letter no. NSE/IPO/25101-6 dated July 6, 2006 issued by BSE and NSE, respectively, Bids and any revision in Bids shall not be accepted on Saturdays, Sundays and public holidays as declared by the Stock Exchanges. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges. Our Company in consultation with the BRLM reserves the right to revise the Price Band during the Bid/Issue Period, in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly but the Floor Price shall not be less than the Face Value of the Equity Shares. In all circumstances, the Cap Price shall be at least 105% of the Floor Price and less than or equal to 120% of the Floor Price.

In case of revision in the Price Band, the Bid/Issue Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar unforeseen circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, may extend the Bid/Issue Period for a minimum of one Working Day, subject to the Bid/Issue Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLM and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same. In case of discrepancy in data entered in the electronic book vis-a-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

Minimum Subscription

If our Company does not receive the minimum subscription in the Issue as specified under Rule 19(2)(b) of the SCRR or the minimum subscription of 90% of the Issue on the Bid/Issue Closing Date; or subscription level falls below aforesaid minimum subscription after the Bid/Issue Closing Date due to withdrawal of Bids or technical rejections or any other reason; or in case of devolvement of Underwriting, aforesaid minimum subscription is not received within 60 days from the date of Bid/Issue Closing Date or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares in the Issue, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law. If there is a delay beyond the prescribed time after our Company becomes liable to pay the amount, our Company and every Director of our Company, who are officers in default, shall pay interest at the rate of 15% per annum or such other amount prescribed under applicable law.

Undersubscription, if any, in any category except the QIB Portion, would be met with spill-over from the other categories at the discretion of our Company, in consultation with the BRLM, and the Designated Stock Exchange.

In case of under-subscription in the Issue, the Equity Shares will be allotted in the following order of priority: (a) Equity Shares will first be Allotted by the Company such that 90% of the Fresh Issue portion is subscribed ("**Minimum Subscription**"); (b) all the issued Shares will be allotted; and (c) once Equity Shares have been Allotted as per (a), (b) above, such number of Equity Shares will be Allotted by the Company towards the balance 10% of the Fresh Issue portion.

Further, in terms of Regulation 49(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of Bidders to whom the Equity Shares will be Allotted will be not less than 1,000 failing which the entire application money shall be unblocked in the respective ASBA Accounts of the Bidders. In case of delay, if any, in unblocking the ASBA Accounts within such timeline as prescribed under applicable laws, our Company shall be liable to pay interest on the application money in accordance with applicable laws to the Bidders if required to do so under applicable law, including due to failure to obtain listing or trading approval or pursuant to any direction or order of SEBI or any other governmental authority.

Undersubscription, if any, in any category except the QIB portion, would be met with spill-over from the other categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange.

Arrangements for disposal of odd lots

There are no arrangements for disposal of odd lots since our Equity Shares will be traded in dematerialized form only and market lot for our Equity Shares will be one Equity Share.

New financial instruments

Our Company is not issuing any new financial instruments through this Issue.

Restriction, if any on transfer and transmission of shares

Except for the lock-in of the pre-Issue Equity Shares, the Promoters' Contribution and Equity Shares allotted to Anchor Investors pursuant to the Issue, as detailed in "*Capital Structure*" on page no. 77, there are no restrictions on transfers and transmission of Equity Shares or on their consolidation or splitting, except as provided in the Articles of Association. See, "*Main Provisions of the Articles of Association*" at page no. 381.

Withdrawal of the Issue

The Issue shall be withdrawn in the event the requirement of the minimum subscription as prescribed under Regulation 45 of the SEBI ICDR Regulations is not fulfilled. Our Company, in consultation with the BRLM, reserves the right not to proceed with the Issue, in whole or in part thereof, after the Bid/Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue and price band advertisements were published, within two days of the Bid/Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue and inform the Stock Exchanges promptly on which the Equity Shares are proposed to be listed. The BRLM, through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders and shall notify the Escrow Collection Bank to release the Bid Amounts to the Anchor Investors, within one Working Day from the date of receipt of such notification and also inform the Bankers to the Issue to process refunds to the Anchor Investors, as the case may be. The notice of withdrawal will be issued in the same newspapers where the pre-Issue and price band advertisement has appeared, and the Stock Exchanges will also be informed promptly.

If our Company, in consultation with the BRLM withdraws the Issue after the Bid/Issue Closing Date and thereafter determines that it will proceed with a public offering of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI. Notwithstanding the foregoing, the Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the filing of the Prospectus with the RoC.

ISSUE STRUCTURE

The Issue is being made through the Book Building Process. The Issue is of upto 60,00,000 Equity Shares of face value of ₹ 10 each for cash at a price of ₹ [●] per Equity Share (including a premium of ₹ [●] per Equity Share) aggregating upto ₹ [●] lakhs by our Company. The Issue shall constitute [●] % of the post-issue paid-up Equity Share capital of our Company.

Our Company, in consultation with the Book Running Lead Manager, may consider further issuance of specified securities, by way of private placement(s), preferential allotment(s) or any other mode as may be permitted under the applicable law, aggregating upto ₹ [●] lakhs (the "Pre-IPO Placement"), prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the Book Running Lead Manager. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Issue, subject to compliance with Rule 19(2)(b) of the Securities Contracts (Regulations) Rules, 1957, as amended ("SCRR"). The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Issue. Prior to the completion of the Issue and allotment pursuant to the Pre-IPO Placement, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Issue or the Issue may be successful and will result in listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and Prospectus.

^ SEBI vide its circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, has mandated that ASBA applications in Public Issues shall be processed only after the application monies are blocked in the investor's bank accounts. Accordingly, Stock Exchanges shall, for all categories of investors and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

(1) Our Company may, in consultation with the BRLM, allocate upto 60% of the QIB Portion to Anchor Investors at the Anchor Investor Issue Price, on a discretionary basis, subject to there being (i) a maximum of two Anchor Investors, where allocation in the Anchor Investor Portion is upto ₹1,000 lakhs, (ii) minimum of two and maximum of 15 Anchor Investors, where the allocation under the Anchor Investor Portion is more than ₹1,000 lakhs but upto ₹ 25,000 lakhs under the Anchor Investor Portion, subject to a minimum Allotment of ₹ 5,000 lakhs per Anchor Investor, and (iii) in case of allocation above ₹ 25,000 lakhs under the Anchor Investor Portion, a minimum of five such investors and a maximum of 15 Anchor Investors for allocation upto ₹ 25,000 lakhs, and an additional 15 Anchor Investors for every additional ₹ 25,000 lakhs or part thereof will be permitted, subject to minimum allotment of ₹ 5,000 lakhs per Anchor Investor. An Anchor Investor will make a minimum Bid of such number of Equity Shares, that the Bid Amount is at least ₹1,000 lakhs. 33.33% of the Anchor Investor Portion will be reserved for domestic Mutual Funds, subject to valid Bids being received at or above the price at which allocation is made to Anchor Investors, which price shall be determined by the Company in consultation with the BRLM.

(2) Subject to valid Bids being received at or above the Issue Price. This Issue is being made through Book Building Process in accordance with Rule 19(2)(b) of the SCRR and Regulation 6(1) of the SEBI ICDR Regulations wherein not more than 50% of the Net issue shall be available for allocation on a proportionate basis to QIBs provided that our Company, in consultation with the BRLM may allocate upto 60% of the QIB Portion (the Net QIB Portion is what remains after anchors) on a discretionary basis in accordance with the SEBI ICDR Regulations. 40% shall be reserved in the following manner: (i) 33.33% of the Anchor Investor Portion shall be reserved for domestic Mutual Funds; and (ii) 6.67% of the Anchor Investor Portion shall be reserved for Life Insurance Companies and Pension Funds, subject to valid Bids being received from domestic Mutual Funds, Life Insurance Companies and Pension Funds, as applicable, at or above the Anchor Investor Allocation Price. Any under-subscription in the category in clause (ii) above, may be allocated to domestic Mutual Funds, in accordance with the SEBI ICDR Regulations.Further, in the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB

Portion. Such number of Equity Shares representing 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only. The remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received from them at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion will be added to the remaining Net QIB Portion for proportionate allocation to all QIBs. Further, not less than 15% of the Net issue shall be available for allocation to Non Institutional Investors, of which (a) one-third portion shall be reserved for applicants with application size of more than ₹ 2 lakhs and upto ₹ 10 lakhs; and (b) two-thirds portion shall be reserved for applicants with application size of more than ₹ 10 lakhs, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of Non Institutional Investors, subject to valid Bids being received at or above the Issue Price and not less than 35% of the Net issue shall be available for allocation to Retail Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received from them at or above the Issue Price.

(3) In the event that a Bid is submitted in joint names, the relevant Bidders should ensure that the depository account is also held in the same joint names and the names are in the same sequence in which they appear in the Bid cum Application Form. The Bid cum Application Form should contain only the name of the First Bidder whose name should also appear as the first holder of the beneficiary account held in joint names. The signature of only such First Bidder would be required in the Bid cum Application Form and such First Bidder would be deemed to have signed on behalf of the joint holders. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.

(4) Anchor Investors shall pay the entire Bid Amount at the time of submission of the Anchor Investor Bid, provided that any positive difference between the Anchor Investor Allocation Price and the Issue Price, shall be payable by the Anchor Investor Pay-in Date as mentioned in the CAN.

Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in the Non-Institutional Portion or the Retail Portion would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company, in consultation with the BRLM and the Designated Stock Exchange, on a proportionate basis. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories. For further details, see "*Terms of the Issue*" on page no. 343. In case of any revision in the Price Band, the Bid/ issue Period shall be extended for at least three additional Working Days after such revision of the Price Band, subject to the total Bid/ Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company, in consultation with the BRLM, for reasons to be recorded in writing, may extend the Bid/ issue Period for a minimum of one Working Day, subject to the Bid/ issue Period not exceeding 10 Working Days. Any revision in the Price Band, and the revised Bid/ issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges by issuing a public announcement and also by indicating the change on the websites of the BRLM and at the terminals of the members of the Syndicate.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges may be taken as the final data for the purpose of Allotment.

ISSUE PROCEDURE

*All Bidders should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 issued by SEBI and the UPI Circulars ("**General Information Document**") which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the BRLM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue, including in relation to the process for Bids by UPI Bidders. The investors should note that the details and process provided in the General Information Document should be read along with this section.*

*Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of Confirmation of Allocation Note ("**CAN**") and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) Designated Date; (viii) disposal of applications and electronic registration of bids; (ix) submission of Bid cum Application Form; (x) other instructions (limited to joint Bids in cases of individual, multiple Bids and instances when an application would be rejected on technical grounds); (xi) applicable provisions of the Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.*

*SEBI through the UPI Circulars, has introduced an alternate payment mechanism using UPI and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. ("**UPI Phase I**"). The UPI Phase I was effective until June 30, 2019. Further, pursuant to the SEBI ICDR Master Circular, all individual bidders in initial public offerings whose application size are upto ₹5 lakhs shall use the UPI Mechanism. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 2 lakhs and upto ₹ 5 lakhs, using the UPI Mechanism, shall provide their UPI ID in the Bid cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.*

*With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with the existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later ("**UPI Phase II**"). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders ("**UPI Phase III**") and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. Accordingly, the Issue will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide the SEBI ICDR Master Circular has prescribed certain additional measures for streamlining the process of initial public offers and redressing investor grievances.*

With the issuance of the SEBI ICDR Master Circular, all directions/instructions contained in the aforementioned circulars shall stand rescinded to the extent they relate to the SEBI ICDR Regulations. Furthermore, the SEBI RTA Master Circular consolidated the aforementioned circulars (excluding SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023) to the extent relevant for RTAs and rescinded these circulars (excluding and SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023) to extent applicable to RTAs.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in the SEBI ICDR Master Circular and the SEBI RTA Master Circular shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and Book Running Lead Manager shall continue to coordinate with intermediaries involved in the said process.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Issue Closing Date, the Bidder shall be compensated in

accordance with applicable law. The BRLM shall, in its sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, Bidders shall be entitled to compensation in the manner specified in the SEBI ICDR Master Circular, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

Pursuant to circular no. NSDL/CIR/II/28/2023 dated August 8, 2023 issued by NSDL and circular no. CDSL/OPS/RTA/POLCY/2023/161 dated August 8, 2023, issued by CDSL, our Company may request the Depositories to suspend/ freeze the ISIN in depository system till listing/ trading effective date. Pursuant to the aforementioned circulars, our Company may request the Depositories to suspend/ freeze the ISIN in depository system from or around the date of this Draft Red Herring Prospectus till the listing and commencement of trading of our Equity Shares. The shareholders who intend to transfer the pre-Issue shares may request our Company and/ or the Registrar for facilitating transfer of shares under suspended/frozen ISIN by submitting requisite documents to our Company and/or the Registrar.

Our Company and/or the Registrar would then send the requisite documents along with applicable stamp duty and corporate action charges to the respective depository to execute the transfer of shares under suspended ISIN through corporate action. The transfer request shall be accepted by the Depositories from our Company till one day prior to Bid/Issue Opening Date.

Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus, the Red Herring Prospectus and the Prospectus. The Book Running Lead Manager shall be the nodal entity for any issues arising out of public issuance process.

Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus, when filed.

Further, our Company, and the Members of the Syndicate are not liable for any adverse occurrence consequent to the implementation of the UPI Mechanism for application in the Issue.

Book Building Procedure

The Issue is being made in terms of Rule 19(2)(b) of the SCRR, read with Regulation 31 of the SEBI ICDR Regulations through the Book Building Process in accordance with Regulation 6(1) of the SEBI ICDR Regulations wherein in terms of Regulation 32(1) of the SEBI ICDR Regulations, not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company, in consultation with the BRLM, may allocate upto 60% of the QIB Portion to Anchor Investors and the basis of such allocation will be on a discretionary basis by our Company, in consultation with the BRLM in accordance with the SEBI ICDR Regulations, of which 40% shall be reserved in the following manner: (i) 33.33% shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds; and (ii) 6.67% of the Anchor Investor Portion shall be reserved for Life Insurance Companies and Pension Funds, subject to valid Bids being received from domestic Mutual Funds, Life Insurance Companies and Pension Funds, as applicable at or above the Anchor Investor Allocation Price. Any under-subscription in the Life Insurance Companies and Pension Funds category specified in (ii) above may be allocated to domestic Mutual Funds, in accordance with the SEBI ICDR Regulations. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidder of which one-third of the Non-Institutional Portion will be available for allocation to Bidders with a Bid size of more than ₹ 2 lakhs and upto ₹ 10 lakhs and two- thirds of the Non-Institutional Portion will be available for allocation to Bidders with a Bid size of more than ₹ 10 lakhs and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion. Further, not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Under-subscription, if any, in any category except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories on proportionate basis, at the discretion of our Company, in consultation

with the BRLM and the Designated Stock Exchange subject to applicable laws and receipt of valid Bids received at or above the Issue Price.

In accordance with Rule 19(2)(b) of the SCRR, the Issue will constitute at least [●] % of the post-Issue paid-up Equity Share capital of our Company.

Investors must ensure that their PAN is linked with Aadhaar and are in compliance with Central Board of Direct Taxes notification dated February 13, 2020 and press releases dated June 25, 2021 and September 17, 2021, CBDT circular no. 7 of 2022, dated March 30, 2022 and March 28, 2023, and any subsequent press releases in this regard.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including the DP ID and the Client ID and the PAN and UPI ID (for UPI Bidders), shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia equity shares and convertibles by introducing an alternate payment mechanism using UPI. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by UPI Bidders through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to upto three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars and the Previous UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended until June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase was applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI pursuant to its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, had decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI pursuant to its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds was discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continued to be six Working Days during this phase.

Phase III: This phase became applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("**T+3 Notification**"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The SEBI ICDR Master Circular, has consolidated and rescinded the aforementioned circulars, including the T+3 Notification, to the extent they relate to the SEBI ICDR Regulations. The Issue shall be undertaken pursuant to the processes and procedures as notified in the SEBI ICDR Master Circular as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by the SEBI.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular and the SEBI ICDR Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law.

All SCSBs offering the facility of making application in public issues shall also provide facility to make application using UPI.

NPCI through its circular (NPCI/UPI/OC No. 127/ 2021-22) dated December 9, 2021, read with SEBI ICDR Master Circular inter alia, has enhanced the per transaction limit from ₹ 2 lakhs to ₹ 5 lakhs for applications using UPI in initial public offerings.

Pursuant to the SEBI ICDR Master Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the SEBI ICDR Master Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send short message service ("**SMS**") alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalized under the relevant securities law. Further, in terms of the SEBI ICDR Master Circular, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLM, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post-Issue BRLM will be required to compensate the concerned investor.

Our Company will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/or payment instructions of the UPI Bidders.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLM.

Further, in accordance with the SEBI ICDR Master Circular, all UPI Bidders shall provide their UPI ID in the Bid cum Application Form submitted with any of the entities mentioned herein below:

(i) a member of the syndicate;

(ii) a stock broker registered with a recognized stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);

(iii) a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity); or

(iv) a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity).

Electronic registration of Bids

a) The Designated Intermediary may register the Bids using the online facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the online facilities for the Book Building process on a regular basis before the closure of the Issue.

b) On the Bid/Issue Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Red Herring Prospectus.

c) Only Bids that are uploaded on the Stock Exchanges' platform are considered for allocation/Allotment. The Designated Intermediaries are given till 5:00 pm on the Bid/Issue Closing Date to modify select fields uploaded in the Stock Exchanges' platform during the Bid/Issue Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing.

d) QIBs and Non-Institutional Bidders can neither revise their bids downwards nor cancel/withdraw their bids.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the Abridged Prospectus will be available with the Designated Intermediaries at the Bidding Centres and our Registered Office. An electronic copy of the ASBA Form will also be available for download on the websites of NSE (www.nseindia.com) and BSE (www.bseindia.com) at least one day prior to the Bid/Issue Opening Date.

All Bidders (other than Anchor Investors) must compulsorily use the ASBA process to participate in the Issue. Anchor Investors are not permitted to participate in this Issue through the ASBA process.

UPI Bidders submitting their Bid cum Application Form to any Designated Intermediary (other than SCSBs) shall be required to Bid using the UPI Mechanism and must provide the UPI ID in the relevant space provided in the Bid cum Application Form. Bids submitted by UPI Bidders with any Designated Intermediary (other than SCSBs) without mentioning the UPI ID are liable to be rejected. UPI Bidders may also apply through the SCSBs and mobile applications using the UPI handles as provided on the website of SEBI.

Further, ASBA Bidders shall ensure that the Bids are submitted at the Bidding Centres only on ASBA Forms bearing the stamp of a Designated Intermediary (except in case of electronic ASBA Forms) and ASBA Forms not bearing such specified stamp maybe liable for rejection. Bidders using the ASBA process to participate in the Issue must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked therein. In order to ensure timely information to investors SCSBs are required to send SMS alerts to investors intimating them about the Bid Amounts blocked/unblocked.

Since the Issue is made under Phase III (on a mandatory basis), ASBA Bidders may submit the ASBA Form in the manner below:

a) RIBs (other than RIBs using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

b) UPI Bidders may submit their ASBA Forms with the Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts) provided by certain brokers.

c) QIBs and NIIs not using the UPI Mechanism may submit their ASBA Forms with SCSBs, Syndicate, Sub- Syndicate members, Registered Brokers, RTAs or CDPs.

d) ASBA Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount which can be blocked by the SCSB or the Sponsor Bank(s), as applicable, at the time of submitting the Bid. In order to ensure timely information to investors, SCSBs are required to send SMS alerts to investors intimating them about Bid Amounts blocked / unblocked including details as prescribed in Annexure II of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

ASBA Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount which can be blocked by the SCSB or the Sponsor Bank(s), as applicable, at the time of submitting the Bid. In order to ensure timely information to investors, SCSBs are required to send SMS alerts to investors intimating them about Bid Amounts blocked/unblocked.

Anchor Investors are not permitted to participate in the Issue through the ASBA process. For Anchor Investors, the Anchor Investor Application Form will be available with the BRLM.

The prescribed colour of the Bid cum Application Forms for various categories is as follows:

Category	Color of Bid cum Application Form*
Resident Indians including resident QIBs, Non-Institutional Investors, Retail Individual Investors and Eligible NRIs applying on a non-repatriation basis (1)	[●]
Non-Residents including FPIs, Eligible NRIs applying on a repatriation basis, FVCIs and registered bilateral and multilateral institutions (1)	[●]
Anchor Investors (2)	[●]

* *Excluding electronic Bid cum Application Forms*

Notes:

(1) *Electronic Bid cum Application Forms will also be available for download on the website of NSE (www.nseindia.com) and BSE (www.bseindia.com).*

(2) *Bid cum Application Forms for Anchor Investors will be made available at the offices of the BRLM.*

The Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any escrow bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. Stock Exchanges shall validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded upto 5.00 p.m. on Bid/ Issue Closing Date.

In case of ASBA Forms, the relevant Designated Intermediaries shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. For UPI Bidders, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis to enable the Sponsor Bank(s) to initiate UPI Mandate Request to UPI Bidders for blocking of funds. For ASBA Forms (other than UPI Bidders) Designated Intermediaries (other than SCSBs) shall submit/deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank. Stock Exchanges shall validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For UPI Bidders, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis through API integration to enable the Sponsor Bank(s) to initiate UPI Mandate Request to the UPI Bidders, for blocking of funds. The Sponsor Bank(s) shall initiate request for blocking of funds through NPCI to the UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank(s), NPCI or the issuer bank) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Issue shall provide the audit trail to the BRLMs for analyzing the same and fixing liability. For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in the SEBI ICDR Master Circular. In accordance with circular issued by NSE having reference no. 25/2022 dated August 3, 2022, and the notice issued by BSE having reference no. 20220803-40 dated August 3, 2022, for all pending UPI Mandate Requests, the Sponsor Bank(s) shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5.00 p.m. on the Bid/Issue Closing Date ("Cut-Off Time"). Accordingly, UPI Bidders should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse. Further, modification of Bids shall be allowed in parallel during the Bid/Issue Period until the Cut-Off Time. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank(s), NPCI or the issuer bank) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Issue shall provide the audit trail to the BRLMs for analysing the same and fixing liability. For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in the SEBI ICDR Master Circular.

The Sponsor Bank(s) will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank(s) will undertake reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with the BRLM in the format and within the timelines as specified under the UPI Circulars. Sponsor Bank(s) and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Bank(s) on a continuous basis.

The Sponsor Bank(s) shall host a web portal for intermediaries (closed user group) from the date of Bid/Issue Opening Date till the date of listing of the Equity Shares with details of statistics of mandate blocks/unblocks, performance of apps and UPI handles, down-time/network latency (if any) across intermediaries and any such processes having an impact/bearing on the Issue Bidding process.

Pursuant to NSE circular dated August 3, 2022 with reference no. 25/2022, the following is applicable to all initial public offers opening on or after September 1, 2022:

a) Cut-off time for acceptance of UPI mandate shall be upto 5:00 p.m. on the initial public issue closure date and existing process of UPI bid entry by syndicate members, registrars to the Issue and Depository Participants shall continue till further notice;

b) There shall be no T+1 mismatch modification session for PAN-DP mismatch and bank/location code on T+1 day for already uploaded bids. The dedicated window provided for mismatch modification on T+1 day shall be discontinued;

c) Bid entry and modification/cancellation (if any) shall be allowed in parallel to the regular bidding period upto 4.00 p.m. for QIBs and Non-Institutional Investors categories and upto 5.00 p.m. for Retail Individual categories on the initial public issue closure day;

d) QIBs and Non-Institutional Investors can neither revise their bids downwards nor cancel/withdraw their bids;

e) The Stock Exchanges shall display Issue demand details on its website and for UPI bids the demand shall include/consider UPI bids only with latest status as RC 100–black request accepted by Investor/client, based on responses/status received from the Sponsor Bank(s).

Participation by Promoters, Promoter Group, the BRLM, associates and affiliates of the BRLM and the Syndicate Members

The BRLM and the Syndicate Members shall not be allowed to purchase or subscribe to the Equity Shares in this Issue in any manner, except towards fulfilling their respective underwriting obligations. Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents ([●] in colour). Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment.

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorize their respective SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders) to block their NRE accounts, or foreign currency non-resident accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorize their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders) to block their NRO accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Eligible NRIs applying on a non-repatriation basis in the Issue through the UPI Mechanism are advised to enquire with their relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

In accordance with the FEMA NDI Rules, the total holdings of all individual persons resident outside India, on a repatriation basis, shall not exceed 24% of the total paid-up Equity Share capital on a fully diluted basis or shall not exceed 24% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company listed on a recognised stock exchange and the total holdings of all NRIs and OCIs on a repatriation basis put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company listed on a recognised stock exchange.

Individual persons resident outside India will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

For further details of restrictions on investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" on page no. 378.

Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

Bids by HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form as follows: "Name of sole or first Bidder/applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids by HUFs will be considered at par with Bids from individuals.

Bids by FPIs

An FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognized stock exchange in India, and/or may purchase or sell securities other than equity instruments.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, i.e., the individual holding of an FPI (including its investor group (which means multiple entities registered as foreign portfolio investors and directly or indirectly, having common ownership of more than 50% or common control)) shall be below 10% of our post- Issue Equity Share capital on a fully diluted basis. In case the total holding of an FPI or investor group increase beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis, the total investment made by the FPI or investor group will be re- classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements. Further, the total holdings of all FPIs put together can be upto the sectoral cap applicable to the sector in which our Company operates (i.e., upto 100%). In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company in consultation with BRLM, reserve the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents ([●] in colour).

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalization of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines for Issue procedure, as prescribed by SEBI from time to time.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI is permitted to issue, subscribe to, or otherwise deal in offshore derivative instruments, directly or indirectly, only if it complies with the following conditions:

a) such offshore derivative instruments are issued only by persons registered as Category I FPIs;

b) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs;

c) such offshore derivative instruments are issued after compliance with the 'know your client' norms as specified by SEBI; and

d) such other conditions as may be specified by SEBI from time to time.

An FPI is required to ensure that the transfer of an offshore derivative instruments issued by or on behalf of it, is subject to (a) the transfer being made to persons which fulfil the criteria provided under Regulation 21(1) of the SEBI FPI Regulations (as mentioned above from points (a) to (d)); and (b) prior consent of the FPI is obtained for such transfer, except in cases, where the persons to whom the offshore derivative instruments are to be transferred, are pre-approved by the FPI.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the SEBI master circular bearing reference number SEBI/HO/AFD/AFD-PoD-2/CIR/2024/70 dated May 30, 2024 ("**MIM Structure**"), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids:

- FPIs which utilize the multi-investment manager structure;
- Offshore derivative instruments which have obtained separate FPI registration for ODI and proprietary derivative investments;
- Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration;
- FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager.
- Multiple branches in different jurisdictions of foreign bank registered as FPIs;
- Government and Government related investors registered as Category 1 FPIs; and
- Entities registered as collective investment scheme having multiple share classes.

The Bids belonging to any of the above mentioned seven structures and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares allotted in the Bid may be proportionately distributed to the applicant FPIs (with same PAN).

In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize any of the above-mentioned structures and indicate the name of their respective investment managers in such confirmation. In the absence of such compliance from the relevant FPIs with the operational guidelines for FPIs and designated Collecting Depository Participants issued to facilitate implementation of SEBI FPI Regulations, such multiple Bids shall be rejected. Participation of FPIs in the Issue shall be subject to the FEMA Rules.

There is no reservation for Eligible NRI Bidders, AIFs and FPIs. All Bidders will be treated on the same basis with other categories for the purpose of allocation.

Bids by SEBI registered Alternative Investment Funds, Venture Capital Funds and Foreign Venture Capital Investors

The SEBI FVCI Regulations as amended, inter alia, prescribe the investment restrictions on VCFs, and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Information for Bidders

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated / Allotted. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he / she shall surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and/or the BRLM are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the

correctness or completeness of any of the contents of this Draft Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

In the event of an upward revision in the Price Band, RIBs who had Bid at Cut-off Price could either (i) revise their Bid or (ii) shall make additional payment based on the cap of the revised Price Band (such that the total amount i.e. original Bid Amount plus additional payment does not exceed ₹ 2 lakhs with respect to RIBs if the Bidder wants to continue to Bid at Cut-off Price). The revised Bids must be submitted to the same Designated Intermediary to whom the original Bid was submitted. If the total amount (i.e. the original Bid Amount plus additional payment) exceeds ₹ 2 Lakhs with respect to RIBs, the Bid will be considered for allocation under the Non-Institutional Portion. If, however, the Retail Individual Bidder does not either revise the Bid or make additional payment and the Issue Price is higher than the cap of the Price Band prior to revision, the number of Equity Shares Bid for shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the Retail Individual Bidder and the Retail Individual Bidder is deemed to have approved such revised Bid at Cut-off Price.

In the event of a downward revision in the Price Band, Retail Individual Bidders who have bid at Cut-off Price may revise their Bid; otherwise, the excess amount paid at the time of Bidding would be unblocked after Allotment is finalized.

Any revision of the Bid shall be accompanied by instructions to block the incremental amount, if any, to be paid on account of the upward revision of the Bid.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India ("**DPIIT**") makes policy announcements on FDI through press notes and press releases which are notified by the RBI as amendments to the FEMA. The DPIIT also issues the Consolidated Foreign Direct Investment Policy ("**FDI Policy**") from time to time. The regulatory framework pertaining to foreign investment, over a period of time, thus, consists of acts, regulations, master circulars, press notes, press releases, and clarifications among other amendments.

India's current FDI Policy issued by the DPIIT with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT till October 15, 2020. All the press notes, press releases, clarifications on FDI issued by DPIIT till October 15, 2020 stand rescinded as on October 15, 2020. In terms of the FDI Policy, Foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which foreign investment is sought to be made. In terms of the FDI Policy, the work of granting government approval for foreign investment under the FDI Policy and FEMA Regulations has now been entrusted to the concerned Administrative Ministries/Departments.

Currently, 100% FDI is permitted under the automatic route in the companies which are engaged in construction-development projects (including development of townships, construction of residential / commercial premises, roads or bridges, hotels, resorts, hospitals, educational institutions, recreational facilities, city and regional level infrastructure and townships) and industrial parks, subject to compliance with prescribed conditions. The conditions prescribed are as follows:

i. Each phase of the construction development project would be considered as a separate project;

ii. The investor will be permitted to exit on completion of the project or after development of trunk infrastructure i.e. roads, water supply, street lighting, drainage and sewerage. However, a person resident outside India will be permitted to exit and repatriate foreign investment before the completion of project under automatic route, provided that a lock-in-period of three years, calculated with reference to each tranche of foreign investment has been completed. Further, transfer of stake from a person resident outside India to another person resident outside India, without repatriation of foreign investment will neither be subject to any lock-in period nor to any government approval;

iii. The project shall conform to the norms and standards, including land use requirements and provision of community amenities and common facilities, as laid down in the applicable building control regulations, bye-laws, rules, and other regulations of the State Government or Municipal or Local Body concerned;

iv. The Indian investee company will be permitted to sell only developed plots, i.e. plots where trunk infrastructure i.e. roads, water supply, street lighting, drainage and sewerage, have been made available;

v. The Indian investee company shall be responsible for obtaining all necessary approvals, including those of the building/layout plans, developing internal and peripheral areas and other infrastructure facilities, payment of development, external development and other charges and complying with all other requirements as prescribed under applicable rules/bye-laws/ regulations of the State Government/ Municipal/ Local Body concerned; and

vi. The State Government/Municipal/Local Body concerned, which approves the building/ development plans, will monitor compliance of the above conditions by the developer.

Condition of lock-in period does not apply to hotels and tourist resorts, hospitals, special economic zones, educational institutions, old age homes and investment by NRIs/ OCIs. Additionally, foreign investment upto 100% under automatic route is permitted in completed projects for operating and managing townships, malls / shopping complexes and business centres. Consequent to such foreign investment, transfer of ownership and/or control of the investee company from persons resident in India to persons resident outside India is also permitted. However, there would be a lock-in-period of three years, calculated with reference to each tranche of foreign investment and transfer of immovable property or part thereof is not permitted during this period. Completion of the project will be determined as per the local bye-laws / rules and other regulations of State Governments In accordance with the FEMA Non-debt Instruments Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Instruments Rules, in the Issue subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our

Company and the aggregate limit for FPI investment currently not exceeding 100% (sectoral limit); and (ii) Eligible NRIs only on non-repatriation basis under Schedule IV of the FEMA Non-debt Instruments Rules. Further, other non-residents such as FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. For more information on bids by FPIs and Eligible NRIs, see "*Issue Procedure*" on page no. 355

Further, In accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the FDI Policy and the Foreign Exchange Management (Nondebt Instruments) Rules, 2019. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India.

Subscription by an Individual Person Resident Outside India including a Non-Resident Indian ("NRI") or Overseas Citizen of India ("OCI") on Repatriation basis

As per Schedule III of the FEMA (Non-Debt Instruments) Rules, an individual person resident outside India including a NRI or an OCI may purchase or sell equity instruments of a listed Indian company on repatriation basis, through a recognised stock exchange in India, subject to the conditions that an individual person resident outside India including NRIs or OCIs may purchase and sell shares through a branch designated by an authorised dealer for the purpose. The total holding by any individual person resident outside India including a NRI or an OCI shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall be less than 10% of the paid-up value of each series of debentures, preference shares, or share warrants issued by an Indian company. The total holdings of all person resident outside India including NRIs and OCIs put together shall not exceed 24% of the total paid-up equity capital on a fully diluted basis or shall not exceed 24% of the paid-up value of each series of debentures or preference shares or share warrants. The transfer of shares between an Indian resident and a Non-resident does not require prior approval of RBI, subject to fulfillment of certain conditions as specified by DPIIT / RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

For further details, see "*Issue Procedure*" on page no. 355. Each Bidder should seek independent legal advice about its ability to participate in the Issue. Share Capital and Variation of rights

1. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.

Share Capital and Variation of rights

i. Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided:
   a. one certificate for all his shares without payment of any charges; or
   b. several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.

ii. Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid - up thereon.

iii. In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

i. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.

ii. The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.

4. Except as required by law, no person shall be recognized by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

i. The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
ii. The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
iii. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

i. If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
ii. To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.

8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

Lien

Lien

i. The company shall have a first and paramount lien-
   a. on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
   b. on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company: Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.
ii. The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien: Provided that no sale shall be made-
   a. unless a sum in respect of which the lien exists is presently payable; or

b. until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

i. To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof
ii. The purchaser shall be registered as the holder of the shares comprised in any such transfer.
iii. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

i. The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
ii. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

i. The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times: Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.
ii. Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
iii. A call may be revoked or postponed at the discretion of the Board.

14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

Calls on shares

i. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine.
ii. The Board shall be at liberty to waive payment of any such interest wholly or in part.

i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
ii. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board -
i. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him and

ii. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

i. The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
ii. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

20. The Board may, subject to the right of appeal conferred by section 58 decline to register-
i. the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
ii. any transfer of shares on which the company has a lien.

Transfer of shares

21. The Board may decline to recognize any instrument of transfer unless-
i. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
ii. the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
iii. the instrument of transfer is in respect of only one class of shares.

- On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:
- Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

Transmission of shares

i. On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares
ii. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

i. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-
a. to be registered himself as holder of the share; or
b. to make such transfer of the share as the deceased or insolvent member could have made.

Transmission of shares

ii. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

i. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
ii. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

iii. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

- A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:
- Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

27. In case of a One Person Company-

Forfeiture of shares

28. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

29. The notice aforesaid shall-
    i. name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
    ii. state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

30. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

Forfeiture of shares

i. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

i. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
ii. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

i. A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
ii. The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
iii. The transferee shall thereupon be registered as the holder of the share; and

iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

34. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

35. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
36. Subject to the provisions of section 61, the company may, by ordinary resolution-
    - consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
    - convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
    - sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
    - cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
37. Where shares are converted into stock-

Alteration of capital

    - the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
    - Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
    - the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
    - such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.

38. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law-
    - it shares capital;
    - any capital redemption reserve account; or
    - any share premium account.

Capitalisation of profits

39. company in general meeting may, upon the recommendation of the Board, resolve-

Capitalisation of profits

    - that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and
    - that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

- The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards-
- paying up any amounts for the time being unpaid on any shares held by such members respectively;
- paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
- partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
- A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
- The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

i. Whenever such a resolution as aforesaid shall have been passed, the Board shall-
   a. make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and
   b. generally, do all acts and things required to give effect thereto.

ii. The Board shall have power-
   a. to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
   b. to authorize any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;

iii. Any agreement made under such authority shall be effective and binding on such members.

Buy-back of shares

Buy-back of shares

41. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

General meetings

42. All general meetings other than annual general meeting shall be called extraordinary general meeting.

i. The Board may, whenever it thinks fit, call an extraordinary general meeting.

ii. If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

Proceedings at general meetings

i. No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

ii. Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.

45. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

46. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

47. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

48. In case of a One Person Company-

Adjournment of meeting

Adjournment of meeting

i. The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so, directed by the meeting, adjourn the meeting from time to time and from place to place.
ii. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
iii. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
iv. Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

50. Subject to any rights or restrictions for the time being attached to any class or classes of shares-
- on a show of hands, every member present in person shall have one vote; and
- on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

Voting rights

51. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
i. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
ii. For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

53. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

54. Any business other than that upon which a poll has been demanded maybe proceeded with, pending the taking of the poll.

55. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

i. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
ii. Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

57. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

Proxy

58. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
    - A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:
    - Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

60. The Following shall be the First Directors of the Company: PRITHVIRAJ SANKALCHAND SANGHVI and RAMESH SANKALCHAND SANGHVI.

Board of Directors

- The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
- In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them-
- in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
- in connection with the business of the company.

62. The Board may pay all expenses incurred in getting up and registering the company.

63. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.

64. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.

65. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.

i. Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
ii. Such person shall hold office only upto the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

Proceedings of the Board

- The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.

- A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.

i. Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
ii. In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

69. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.

i. The Board may elect a chairperson of its meetings and determine the period for which he is to hold office.
ii. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

i. The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
ii. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

i. A committee may elect a chairperson of its meetings.
ii. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

i. A committee may meet and adjourn as it thinks fit.
ii. Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

74. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

75. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

i. In case of a One Person Company-
ii. where the company is having only one director, all the businesses to be transacted at the meeting of the Board shall be entered into minutes book maintained under section 118;
iii. such minute's book shall be signed and dated by the director;
iv. the resolution shall become effective from the date of signing such minutes by the director.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

Chief Executive Officer, Manager, Company

77. Subject to the provisions of the Act-
i. A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such

Secretary or Chief Financial Officer

conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

ii. A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

iii. A provision of the Act or these regulations requiring or authorizing a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

iv. The Board shall provide for the safe custody of the seal.

v. The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorized by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

The Seal

Dividends and Reserve

80. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

81. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

i. The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, thinks fit.

ii. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

Dividends and Reserve

i. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

ii. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

iii. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

84. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

i. Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

ii. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

86. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

87. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

88. No dividend shall bear interest against the company.

Accounts

Accounts

i. The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

ii. No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorized by the Board or by the company in general meeting.

Winding up

90. Subject to the provisions of Chapter XX of the Act and rules made thereunder-

Winding up

- If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
- For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
- The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

Indemnity

91. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
