3 The previous period / year figures have been regrouped/reclassified to make them comparable with that of current period / year wherever necessary.

4 The Auditors have commented on,

Auditors' Qualification	Company's Response
(a) In respect of certain suspended / delayed contracts as of 31st March, 2016, trade receivables of Rs.1,923 lacs (net of mobilization advance of Rs. 2,934 lacs) (as at 31st Dec ., 2015 and 31st March, 2015 Rs. 1,128 lacs and Rs.1,501 lacs net of mobilization advance of Rs.4,211 lacs and Rs.4,240 lacs respectively) And unbilled revenue of Rs.6,256 lacs (as at 31st Dec 2015 and 31st March 2015 Rs. 7,805 lacs and Rs.7,756 lacs respectively) receivables from customers are pending confirmation/ negotiation; trade payables w.r.t. these stated customers aggregated to Rs. 819 lacs (as at 31st Dec 2015 and 31st March 2015 Rs.1,206 lacs and Rs.1,323 lacs respectively) are subject to negotiation/ confirmation, where we are unable to comment on the same and its corresponding impact on profit and assets / liabilities as at that date. This matter was also qualified in the report of the predecessor auditors on the financial statements for the quarter / year ended 31stMarch 2015 and in our limited review report for the quarter ended 31st Dec, 2015.	The matter mainly relates to a mega project (the largest private investment in the region) – which is nearly 60% complete, which had hit a roadblock because of the cost escalation, natural disaster and financial constraints at the client's end. In March 2015 and subsequently in the current year, the company had meetings with the client wherein the client has confirmed that they are in discussions with various prospective investors for financial support to restart the project. Considering the recent developments, the management is confident that the project will restart in near future. Apart from the above, the same has also been reaffirmed by the top executives of the said customer. As commented by the auditors in their report, on the realization of trade receivables and unbilled revenue, the management hereby informs that the amount outstanding in the form of trade receivables is pending negotiations with client and the unbilled revenues are in the form of unfinished works and inventories, most of which are marketable, if required. The management is confident of its recovery upon restart of the project. In respect of trade receivables and unbilled revenue of other contracts, the company is negotiating with the clients and is confident of realisation of those receivables. In the current year the company was successful in ariving settlement with one client which has resulted in reduction in unbilled revenue. Further, the accounts payables are subject to the reconciliation of the work performed at the said project and can be accurately ascertained after re-negotiation upon restart of the project or otherwise, as the case may be.
(b)The company has recognised revenue of Rs.1,353 lacs during earlier periods (till 31st Dec 2015 Rs1,353/- lacs)(till 31st March 2015 Rs.2,555/- lacs) on account of cost overruns on certain contracts, pending acceptance / confirmation from customers and our inability to comment on the amounts ultimately receivable in respect of these contracts and its impact on the reported profit for the quarter/ year ended 31st March' 2016 and corresponding assets as on date .This matter was also qualified in the report of the predecessor auditors on the financial statements for the quarter / year ended 31st March' 2015 and in our limited review report for the quarter ended 31st Dec, 2015.	The contracts have provisions for issuance of change orders due to modifications in specifications, scope and methodology of execution of work, escalation in rates due to prolongation of the contracts . During execution of works, some of the specifications, scope, methodology of execution have undergone changes for which change order requests have been sent to the respective clients. The management is confident of receiving the recognised revenue after completion of pending formalities in due course of time.
(c) the Company has recognised revenues of Rs. 1,621 lacs during nine months period ended 31st Dec'2015 (till 31st March 2015 Rs.1,301 lacs) , on account of cost overruns on certain contracts, which are not in accordance with the principles set out in the Accounting Standards AS-7 'Construction Contracts '. Accordingly the Revenue and profit is higher by Rs.1,621 lacs for the year ended 31st March 2016 and also balance in retained earnings and unbilled revenue balance as at 31st March 2016 is higher by Rs.2,922lacs (as at 31st March 2015 by Rs.1,301 lacs) . This matter was also qualified in the report of the predecessor auditors on the financial statements for the quarter/ year ended 31st March 2015 and in our limited review report for the quarter ended 31st Dec, 2015.	There are contractual provisions in some of the contracts for claims against extended stay at pre-determined rates per month as specified in the respective contracts. Accordingly the Company has lodged claims for the extended stay. Further, during execution of works, some of the specifications, scope and methodology of execution have undergone changes for which change order requests have been submitted with the respective clients. The Company is negotiating with the Clients and is confident of realisation of those claims.

Management Comments:

On matter referred in (i) above: The Company has a system of balance reconciliation on regular basis. As a practice, the Company sends letters to its vendors and its clients for balance confirmation. Depending upon the response received, the reconciliation is being carried out. On final confirmation / reconciliation of balances as stated there will not be any material impact.

On matter referred in (ii) above: As the system of internal financial control (IFC) over financial reporting is a new reporting requirement, the management is in process of establishing effective implementation with the help of past experience, internal and outside consultants. However, internal controls are exercised departmentally adopting standard procedures in line with the industry. Hence the Company is reasonably confident about fair and complete disclosure.
