निफ्टी २५ हजारांखाली घसरल्यास नफावसुलीचा दबाव वाढण्याची शक्यता

मुंबई, दि. १३ (प्रतिनिधी) : सलग तीन दिवसांच्या तेजीला विराम देत निफ्टी ५० निर्देशांक शुक्रवारी ०.६१ टक्क्यांनी घसरून २५ हजार १४४ अंकांवर बंद झाला. नफावसुलीमुळे बाजारावर दिवसभर दबाव राहिला. पुढील आठवड्यात निफ्टीने २५ हजारांची पातळी तोडल्यास नफावसुलीचा दबाव आणखी वाढू शकतो. तसेच २४ हजार ८०० ते २४ हजार ७०० या महत्त्वाच्या आधार पातळीखाली निर्देशांक घसरल्यास विक्रीचा जोर वाढण्याची शक्यता तांत्रिक विश्लेषकांनी व्यक्त केली आहे. दुसरीकडे, अलीकडील २५ हजार ४२५ या उच्चांकाच्या वर निर्देशांक टिकल्यास बाजारात पुन्हा जोरदार तेजी येऊ शकते.

शुक्रवारी निफ्टीची सुरुवात सुमारे ९० अंकांच्या घसरणीसह झाली. त्यानंतर निर्देशांकाने २५ हजार २५० अंकांपर्यंत सावरण्याचा प्रयत्न केला; मात्र ही तेजी टिकू शकली नाही. अखेर तो १५५ अंकांनी घसरून २५ हजार १४४ अंकांवर बंद झाला. मागील सत्रांच्या तुलनेत व्यवहाराचे प्रमाणही कमी राहिले. दैनंदिन आलेखावर निर्देशांकाने खालच्या बाजूला सावली असलेली मंदीची मेणवत्ती तयार केली. त्यामुळे घसरणीदरम्यान खालच्या स्तरावर काही प्रमाणात खरेदी झाल्याचे दिसून आले. अल्पकालीन सरासरी निर्देशांक मध्यम आणि दीर्घकालीन सरासरीच्या वर असल्याने बाजाराची व्यापक रचना अद्याप सकारात्मक आहे. मात्र, गती दर्शवणाऱ्या निर्देशकांमध्ये काहीशी कमजोरी दिसत आहे.

एचडीएफसी सिक्युरिटीजचे वरिष्ठ तांत्रिक संशोधन विश्लेषक नागराज शेट्टी यांच्या मते, निफ्टीची एकूण आलेखीय रचना सकारात्मक असून सध्याची घसरण किंवा स्थिरतेचा टप्पा हा खालच्या आधार पातळ्यांवर खरेदीची संधी ठरू शकतो. २४ हजार ८०० ते २४ हजार ७०० ही तातडीची आधार पातळी असून २५ हजार ४०० च्या आसपास प्रतिरोध आहे. या पातळीच्या वर निर्देशांक टिकल्यास तेजीची पुढील दिशा खुली होऊ शकते. साप्ताहिक पर्याय व्यवहारांच्या आकडेवारीनुसार निफ्टी २४ हजार ५०० ते २५ हजार ५०० या व्यापक पट्ट्यात राहण्याची शक्यता आहे. २५ हजार आणि २५ हजार १०० या पातळ्यांवर खरेदीचे, तर २५ हजार २०० आणि २५ हजार ४०० या पातळ्यांवर विक्रीचे व्यवहार अधिक असल्याचे दिसते. दरम्यान, बाजारातील अस्थिरतेचा निर्देशांक 'इंडिया व्हीआयएक्स' ६.७५ टक्क्यांनी घसरून १५.४९ वर आला.

1 The above is an extract of the detailed format of Quarterly Financial Results filed with the Stock Exchanges under Regulation 33 of the Securities And Exchange Board Of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the Quarterly Financial Results are available on the Bombay Stock Exchange website http://www.bseindia.com and National Stock Exchange website http://www.nseindia.com and the company website http://www.globalhelicorp.com

2 Other income for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 3,396.44 lakhs as no longer payable.Other expenses for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 704.38 lakhs as no longer payable.Applicable impact has been given in Current tax for the year ended March 31, 2026, on account of above writeback and write-off.

3 Exceptional items represent impact on account of New Labour Codes amounting to Rs. (156.39) lakhs. Effective 21 November 2025, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four Labour Codes (collectively referred to as the 'New Labour Codes'). These legislative changes have revised the definition of wages for the purpose of computation of employee benefits and expanded the scope and eligibility of certain employee related social security benefits.Based on a detailed assessment carried out by the Company, information currently available and consistent with the FAQs on key accounting implications arising from the New Labour Codes issued by the Institute of Chartered Accountants of India, the Company has evaluated the incremental impact arising from the implementation of the New Labour Codes. Considering the materiality, regulatory driven and non-recurring nature of this impact, the Company has recognised impact of Rs. (156.39) lakhs (consisting of gratuity and compensated absences) as an exceptional item in the financial results for the year ended 31 March 2026.

Post the balance sheet date, while the Central Government has notified the final Rules on May 8, 2026, the relevant State Rules are yet to be notified. The Company will monitor the developments and update the estimates once the State Rules are notified.

4 During the quarter ended September 30, 2026, the Company has received an Order-in-Original passed by the Principal Commissioner of Customs, Mumbai dated 1st September 2026 under Section 28 of the Customs Act, 1962, ascertaining Tax dues totalling to Rs. 7,616.84 lakhs along with applicable interest and penalties amounting to Rs. 17,616.84 lakhs.The order pertains to a dispute regarding the fulfilment of conditions prescribed for claiming Integrated Goods and Services Tax (IGST) exemption under Notification no. 50/2017 -Customs for the import of helicopters and aircraft parts under lease arrangements.

The company is in the process of filing an appeal before CESTAT. Based on legal advice and judicial precedents, management is confident of favorable outcome and considers any cash outflow to be highly unlikely. Accordingly, no provision has been considered necessary in the financial results for the quarter and half year ended September 30, 2026.

5 The Board of Directors and Management are confident that the Company will continue as a going concern for the foreseeable future. This assessment is supported by a series of concrete operational improvements and financing measures that have been implemented or are well advanced, as described below.For the half year ended September 30, 2026, the Company recorded a net loss after taxes of Rs. 3,832.64 lakhs and a net loss after other comprehensive loss of Rs. 4,285.40 lakhs, resulting in a negative net worth of Rs. 5,202.16 lakhs as at that date. Current liabilities exceeded current assets by Rs. 29,811.69 lakhs. These outcomes reflect a period of significant external headwinds rather than structural deterioration in the Company's business model.

The losses were driven by identifiable and largely external factors: industry-wide supply chain disruptions affecting aircraft availability, the consequent contractual penalties levied by the customer, and the sustained depreciation of the Indian Rupee against the US Dollar and Euro. The Company has directly addressed each of these factors through targeted operational actions.On the operational side, customer penalties have been substantially reduced through the induction of a dedicated standby aircraft, the establishment of consignment stock arrangements directly with Original Equipment Manufacturers (OEMs) to improve parts availability, and a comprehensive fleet rationalisation programme. Critically, the Company has secured materially improved contract values on a going-forward basis, which are expected to contribute significantly to revenue and profitability in the coming periods.On the financing side, the Company has been allocated enhanced working capital credit facilities by the bank and has also availed External Commercial Borrowings to further strengthen its liquidity position. Company is in process of finalising Term loan/additional working capital facility to consolidate the liquidity position. These measures are expected to ensure that the Company is able to realise its assets and discharge its liabilities in the normal course of business.

Having regard to the above measures, the future business plans, and the detailed cash flow projections reviewed by the Board, these unaudited financial results for the quarter ended September 30, 2026 have been prepared on a going concern basis. The financial statements do not include any adjustments that would result from the going concern basis of accounting being inappropriate.

6 The Company is engaged in providing helicopter services in India, which is considered as one reportable segment. There are no separate reportable segments as per Ind AS 108 Operating Segments.

7 The Company does not have any subsidiary/associate/joint venture company(ies), as on September 30, 2026 and therefore the Consolidation of the Financial Results is not applicable.

Notes:

1 The above is an extract of the detailed format of Quarterly Financial Results filed with the Stock Exchanges under Regulation 33 of the Securities And Exchange Board Of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the Quarterly Financial Results are available on the Bombay Stock Exchange website http://www.bseindia.com and National Stock Exchange website http://www.nseindia.com and the company website http://www.globalhelicorp.com

2 Other income for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 3,396.44 lakhs as no longer payable.Other expenses for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 704.38 lakhs as no longer payable.Applicable impact has been given in Current tax for the year ended March 31, 2026, on account of above writeback and write-off.

3 Exceptional items represent impact on account of New Labour Codes amounting to Rs. (156.39) lakhs. Effective 21 November 2025, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four Labour Codes (collectively referred to as the 'New Labour Codes'). These legislative changes have revised the definition of wages for the purpose of computation of employee benefits and expanded the scope and eligibility of certain employee related social security benefits.Based on a detailed assessment carried out by the Company, information currently available and consistent with the FAQs on key accounting implications arising from the New Labour Codes issued by the Institute of Chartered Accountants of India, the Company has evaluated the incremental impact arising from the implementation of the New Labour Codes. Considering the materiality, regulatory driven and non-recurring nature of this impact, the Company has recognised impact of Rs. (156.39) lakhs (consisting of gratuity and compensated absences) as an exceptional item in the financial results for the year ended 31 March 2026.

Post the balance sheet date, while the Central Government has notified the final Rules on May 8, 2026, the relevant State Rules are yet to be notified. The Company will monitor the developments and update the estimates once the State Rules are notified.

4 During the quarter ended September 30, 2026, the Company has received an Order-in-Original passed by the Principal Commissioner of Customs, Mumbai dated 1st September 2026 under Section 28 of the Customs Act, 1962, ascertaining Tax dues totalling to Rs. 7,616.84 lakhs along with applicable interest and penalties amounting to Rs. 17,616.84 lakhs.The order pertains to a dispute regarding the fulfilment of conditions prescribed for claiming Integrated Goods and Services Tax (IGST) exemption under Notification no. 50/2017 -Customs for the import of helicopters and aircraft parts under lease arrangements.

The company is in the process of filing an appeal before CESTAT. Based on legal advice and judicial precedents, management is confident of favorable outcome and considers any cash outflow to be highly unlikely. Accordingly, no provision has been considered necessary in the financial results for the quarter and half year ended September 30, 2026.

5 The Board of Directors and Management are confident that the Company will continue as a going concern for the foreseeable future. This assessment is supported by a series of concrete operational improvements and financing measures that have been implemented or are well advanced, as described below.For the half year ended September 30, 2026, the Company recorded a net loss after taxes of Rs. 3,832.64 lakhs and a net loss after other comprehensive loss of Rs. 4,285.40 lakhs, resulting in a negative net worth of Rs. 5,202.16 lakhs as at that date. Current liabilities exceeded current assets by Rs. 29,811.69 lakhs. These outcomes reflect a period of significant external headwinds rather than structural deterioration in the Company's business model.

The losses were driven by identifiable and largely external factors: industry-wide supply chain disruptions affecting aircraft availability, the consequent contractual penalties levied by the customer, and the sustained depreciation of the Indian Rupee against the US Dollar and Euro. The Company has directly addressed each of these factors through targeted operational actions.On the operational side, customer penalties have been substantially reduced through the induction of a dedicated standby aircraft, the establishment of consignment stock arrangements directly with Original Equipment Manufacturers (OEMs) to improve parts availability, and a comprehensive fleet rationalisation programme. Critically, the Company has secured materially improved contract values on a going-forward basis, which are expected to contribute significantly to revenue and profitability in the coming periods.On the financing side, the Company has been allocated enhanced working capital credit facilities by the bank and has also availed External Commercial Borrowings to further strengthen its liquidity position. Company is in process of finalising Term loan/additional working capital facility to consolidate the liquidity position. These measures are expected to ensure that the Company is able to realise its assets and discharge its liabilities in the normal course of business.

Having regard to the above measures, the future business plans, and the detailed cash flow projections reviewed by the Board, these unaudited financial results for the quarter ended September 30, 2026 have been prepared on a going concern basis. The financial statements do not include any adjustments that would result from the going concern basis of accounting being inappropriate.

6 The Company is engaged in providing helicopter services in India, which is considered as one reportable segment. There are no separate reportable segments as per Ind AS 108 Operating Segments.

7 The Company does not have any subsidiary/associate/joint venture company(ies), as on September 30, 2026 and therefore the Consolidation of the Financial Results is not applicable.

Notes:

1 The above is an extract of the detailed format of Quarterly Financial Results filed with the Stock Exchanges under Regulation 33 of the Securities And Exchange Board Of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the Quarterly Financial Results are available on the Bombay Stock Exchange website http://www.bseindia.com and National Stock Exchange website http://www.nseindia.com and the company website http://www.globalhelicorp.com

2 Other income for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 3,396.44 lakhs as no longer payable.Other expenses for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 704.38 lakhs as no longer payable.Applicable impact has been given in Current tax for the year ended March 31, 2026, on account of above writeback and write-off.

3 Exceptional items represent impact on account of New Labour Codes amounting to Rs. (156.39) lakhs. Effective 21 November 2025, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four Labour Codes (collectively referred to as the 'New Labour Codes'). These legislative changes have revised the definition of wages for the purpose of computation of employee benefits and expanded the scope and eligibility of certain employee related social security benefits.Based on a detailed assessment carried out by the Company, information currently available and consistent with the FAQs on key accounting implications arising from the New Labour Codes issued by the Institute of Chartered Accountants of India, the Company has evaluated the incremental impact arising from the implementation of the New Labour Codes. Considering the materiality, regulatory driven and non-recurring nature of this impact, the Company has recognised impact of Rs. (156.39) lakhs (consisting of gratuity and compensated absences) as an exceptional item in the financial results for the year ended 31 March 2026.

Post the balance sheet date, while the Central Government has notified the final Rules on May 8, 2026, the relevant State Rules are yet to be notified. The Company will monitor the developments and update the estimates once the State Rules are notified.

4 During the quarter ended September 30, 2026, the Company has received an Order-in-Original passed by the Principal Commissioner of Customs, Mumbai dated 1st September 2026 under Section 28 of the Customs Act, 1962, ascertaining Tax dues totalling to Rs. 7,616.84 lakhs along with applicable interest and penalties amounting to Rs. 17,616.84 lakhs.The order pertains to a dispute regarding the fulfilment of conditions prescribed for claiming Integrated Goods and Services Tax (IGST) exemption under Notification no. 50/2017 -Customs for the import of helicopters and aircraft parts under lease arrangements.

The company is in the process of filing an appeal before CESTAT. Based on legal advice and judicial precedents, management is confident of favorable outcome and considers any cash outflow to be highly unlikely. Accordingly, no provision has been considered necessary in the financial results for the quarter and half year ended September 30, 2026.

5 The Board of Directors and Management are confident that the Company will continue as a going concern for the foreseeable future. This assessment is supported by a series of concrete operational improvements and financing measures that have been implemented or are well advanced, as described below.For the half year ended September 30, 2026, the Company recorded a net loss after taxes of Rs. 3,832.64 lakhs and a net loss after other comprehensive loss of Rs. 4,285.40 lakhs, resulting in a negative net worth of Rs. 5,202.16 lakhs as at that date. Current liabilities exceeded current assets by Rs. 29,811.69 lakhs. These outcomes reflect a period of significant external headwinds rather than structural deterioration in the Company's business model.

The losses were driven by identifiable and largely external factors: industry-wide supply chain disruptions affecting aircraft availability, the consequent contractual penalties levied by the customer, and the sustained depreciation of the Indian Rupee against the US Dollar and Euro. The Company has directly addressed each of these factors through targeted operational actions.On the operational side, customer penalties have been substantially reduced through the induction of a dedicated standby aircraft, the establishment of consignment stock arrangements directly with Original Equipment Manufacturers (OEMs) to improve parts availability, and a comprehensive fleet rationalisation programme. Critically, the Company has secured materially improved contract values on a going-forward basis, which are expected to contribute significantly to revenue and profitability in the coming periods.On the financing side, the Company has been allocated enhanced working capital credit facilities by the bank and has also availed External Commercial Borrowings to further strengthen its liquidity position. Company is in process of finalising Term loan/additional working capital facility to consolidate the liquidity position. These measures are expected to ensure that the Company is able to realise its assets and discharge its liabilities in the normal course of business.

Having regard to the above measures, the future business plans, and the detailed cash flow projections reviewed by the Board, these unaudited financial results for the quarter ended September 30, 2026 have been prepared on a going concern basis. The financial statements do not include any adjustments that would result from the going concern basis of accounting being inappropriate.

6 The Company is engaged in providing helicopter services in India, which is considered as one reportable segment. There are no separate reportable segments as per Ind AS 108 Operating Segments.

7 The Company does not have any subsidiary/associate/joint venture company(ies), as on September 30, 2026 and therefore the Consolidation of the Financial Results is not applicable.

The full format of the Quarterly Financial Results are available on the Bombay Stock Exchange website http://www.bseindia.com and National Stock Exchange website http://www.nseindia.com and the company website http://www.globalhelicorp.com

2 Other income for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 3,396.44 lakhs as no longer payable.Other expenses for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 704.38 lakhs as no longer payable.Applicable impact has been given in Current tax for the year ended March 31, 2026, on account of above writeback and write-off.

3 Exceptional items represent impact on account of New Labour Codes amounting to Rs. (156.39) lakhs. Effective 21 November 2025, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four Labour Codes (collectively referred to as the 'New Labour Codes'). These legislative changes have revised the definition of wages for the purpose of computation of employee benefits and expanded the scope and eligibility of certain employee related social security benefits.Based on a detailed assessment carried out by the Company, information currently available and consistent with the FAQs on key accounting implications arising from the New Labour Codes issued by the Institute of Chartered Accountants of India, the Company has evaluated the incremental impact arising from the implementation of the New Labour Codes. Considering the materiality, regulatory driven and non-recurring nature of this impact, the Company has recognised impact of Rs. (156.39) lakhs (consisting of gratuity and compensated absences) as an exceptional item in the financial results for the year ended 31 March 2026.
Post the balance sheet date, while the Central Government has notified the final Rules on May 8, 2026, the relevant State Rules are yet to be notified. The Company will monitor the developments and update the estimates once the State Rules are notified.

4 During the quarter ended September 30, 2026, the Company has received an Order-in-Original passed by the Principal Commissioner of Customs, Mumbai dated 1st September 2026 under Section 28 of the Customs Act, 1962, ascertaining Tax dues totalling to Rs. 7,616.84 lakhs along with applicable interest and penalties amounting to Rs. 17,616.84 lakhs.The order pertains to a dispute regarding the fulfilment of conditions prescribed for claiming Integrated Goods and Services Tax (IGST) exemption under Notification no. 50/2017 -Customs for the import of helicopters and aircraft parts under lease arrangements.
The company is in the process of filing an appeal before CESTAT. Based on legal advice and judicial precedents, management is confident of favorable outcome and considers any cash outflow to be highly unlikely. Accordingly, no provision has been considered necessary in the financial results for the quarter and half year ended September 30, 2026.

5 The Board of Directors and Management are confident that the Company will continue as a going concern for the foreseeable future. This assessment is supported by a series of concrete operational improvements and financing measures that have been implemented or are well advanced, as described below.For the half year ended September 30, 2026, the Company recorded a net loss after taxes of Rs. 3,832.64 lakhs and a net loss after other comprehensive loss of Rs. 4,285.40 lakhs, resulting in a negative net worth of Rs. 5,202.16 lakhs as at that date. Current liabilities exceeded current assets by Rs. 29,811.69 lakhs. These outcomes reflect a period of significant external headwinds rather than structural deterioration in the Company's business model.
The losses were driven by identifiable and largely external factors: industry-wide supply chain disruptions affecting aircraft availability, the consequent contractual penalties levied by the customer, and the sustained depreciation of the Indian Rupee against the US Dollar and Euro. The Company has directly addressed each of these factors through targeted operational actions.On the operational side, customer penalties have been substantially reduced through the induction of a dedicated standby aircraft, the establishment of consignment stock arrangements directly with Original Equipment Manufacturers (OEMs) to improve parts availability, and a comprehensive fleet rationalisation programme. Critically, the Company has secured materially improved contract values on a going-forward basis, which are expected to contribute significantly to revenue and profitability in the coming periods.On the financing side, the Company has been allocated enhanced working capital credit facilities by the bank and has also availed External Commercial Borrowings to further strengthen its liquidity position. Company is in process of finalising Term loan/additional working capital facility to consolidate the liquidity position. These measures are expected to ensure that the Company is able to realise its assets and discharge its liabilities in the normal course of business.
Having regard to the above measures, the future business plans, and the detailed cash flow projections reviewed by the Board, these unaudited financial results for the quarter ended September 30, 2026 have been prepared on a going concern basis. The financial statements do not include any adjustments that would result from the going concern basis of accounting being inappropriate.

6 The Company is engaged in providing helicopter services in India, which is considered as one reportable segment. There are no separate reportable segments as per Ind AS 108 Operating Segments.

7 The Company does not have any subsidiary/associate/joint venture company(ies), as on September 30, 2026 and therefore the Consolidation of the Financial Results is not applicable.

1 The above is an extract of the detailed format of Quarterly Financial Results filed with the Stock Exchanges under Regulation 33 of the Securities And Exchange Board Of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the Quarterly Financial Results are available on the Bombay Stock Exchange website http://www.bseindia.com and National Stock Exchange website http://www.nseindia.com and the company website http://www.globalhelicorp.com

2 Other income for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 3,396.44 lakhs as no longer payable.Other expenses for the year ended March 31, 2026, includes write back of balances payable to related parties amounting to Rs. 704.38 lakhs as no longer payable.Applicable impact has been given in Current tax for the year ended March 31, 2026, on account of above writeback and write-off.

3 Exceptional items represent impact on account of New Labour Codes amounting to Rs. (156.39) lakhs. Effective 21 November 2025, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four Labour Codes (collectively referred to as the 'New Labour Codes'). These legislative changes have revised the definition of wages for the purpose of computation of employee benefits and expanded the scope and eligibility of certain employee related social security benefits.Based on a detailed assessment carried out by the Company, information currently available and consistent with the FAQs on key accounting implications arising from the New Labour Codes issued by the Institute of Chartered Accountants of India, the Company has evaluated the incremental impact arising from the implementation of the New Labour Codes. Considering the materiality, regulatory driven and non-recurring nature of this impact, the Company has recognised impact of Rs. (156.39) lakhs (consisting of gratuity and compensated absences) as an exceptional item in the financial results for the year ended 31 March 2026.

Post the balance sheet date, while the Central Government has notified the final Rules on May 8, 2026, the relevant State Rules are yet to be notified. The Company will monitor the developments and update the estimates once the State Rules are notified.

4 During the quarter ended September 30, 2026, the Company has received an Order-in-Original passed by the Principal Commissioner of Customs, Mumbai dated 1st September 2026 under Section 28 of the Customs Act, 1962, ascertaining Tax dues totalling to Rs. 7,616.84 lakhs along with applicable interest and penalties amounting to Rs. 17,616.84 lakhs.The order pertains to a dispute regarding the fulfilment of conditions prescribed for claiming Integrated Goods and Services Tax (IGST) exemption under Notification no. 50/2017 -Customs for the import of helicopters and aircraft parts under lease arrangements.

The company is in the process of filing an appeal before CESTAT. Based on legal advice and judicial precedents, management is confident of favorable outcome and considers any cash outflow to be highly unlikely. Accordingly, no provision has been considered necessary in the financial results for the quarter and half year ended September 30, 2026.

5 The Board of Directors and Management are confident that the Company will continue as a going concern for the foreseeable future. This assessment is supported by a series of concrete operational improvements and financing measures that have been implemented or are well advanced, as described below.For the half year ended September 30, 2026, the Company recorded a net loss after taxes of Rs. 3,832.64 lakhs and a net loss after other comprehensive loss of Rs. 4,285.40 lakhs, resulting in a negative net worth of Rs. 5,202.16 lakhs as at that date. Current liabilities exceeded current assets by Rs. 29,811.69 lakhs. These outcomes reflect a period of significant external headwinds rather than structural deterioration in the Company's business model.

The losses were driven by identifiable and largely external factors: industry-wide supply chain disruptions affecting aircraft availability, the consequent contractual penalties levied by the customer, and the sustained depreciation of the Indian Rupee against the US Dollar and Euro. The Company has directly addressed each of these factors through targeted operational actions.On the operational side, customer penalties have been substantially reduced through the induction of a dedicated standby aircraft, the establishment of consignment stock arrangements directly with Original Equipment Manufacturers (OEMs) to improve parts availability, and a comprehensive fleet rationalisation programme. Critically, the Company has secured materially improved contract values on a going-forward basis, which are expected to contribute significantly to revenue and profitability in the coming periods.On the financing side, the Company has been allocated enhanced working capital credit facilities by the bank and has also availed External Commercial Borrowings to further strengthen its liquidity position. Company is in process of finalising Term loan/additional working capital facility to consolidate the liquidity position. These measures are expected to ensure that the Company is able to realise its assets and discharge its liabilities in the normal course of business.

Having regard to the above measures, the future business plans, and the detailed cash flow projections reviewed by the Board, these unaudited financial results for the quarter ended September 30, 2026 have been prepared on a going concern basis. The financial statements do not include any adjustments that would result from the going concern basis of accounting being inappropriate.

6 The Company is engaged in providing helicopter services in India, which is considered as one reportable segment. There are no separate reportable segments as per Ind AS 108 Operating Segments.

7 The Company does not have any subsidiary/associate/joint venture company(ies), as on September 30, 2026 and therefore the Consolidation of the Financial Results is not applicable.
