POLITICS OF NEGATIVITY | Cong leader says Indo-US trade deal will hurt textile industry, farmers; Goyal accuses him of lying

18% tariff vs 0%: Rahul slams Centre over 'deal'

Gaurav Vivek Bhatnagar
NEW DELHI

Congress leader Rahul Gandhi on Saturday charged that the Prime Minister and his Cabinet colleagues were deliberately creating confusion over the differential tariff imposed by the United States on India and Bangladesh and that this would adversely impact nearly 5 crore families dependent on the Indian textile sector.

In a video message, with the title "18% Tariff vs 0%", that he posted on "X", Gandhi said the India-US trade deal that Prime Minister Narendra Modi has signed with the United States will "devastate the country's textile sector".

Elaborating on the issue, he said, he had also raised the issue in Parliament that the consequence of 0% tariff on Bangladesh and 18% on India will be that "Bangladesh's textile industry will wipe out our

country's industry".

Reacting to Commerce Minister Piyush Goyal's recent remarks that the trade deal will expand cotton demand rather than hurt cotton growers in India, Gandhi said, "A minister in the Modi government said -- if we import cotton from the US, it will benefit us too, but the truth is that our country's cotton runs the nation's textile mills and also goes to Bangladesh."

He added that "If we choose the Bangladesh route, our cotton farmers and cotton industry will be finished, and if we don't, the textile industry will be finished. This is the real truth of the trade

deal, so Piyush Goyal ji, don't lie. This deal will only bring harm to the country."

Further on how 18% tariff on India and 0% on Bangladesh would impact trade, Gandhi charged that the PM and his Cabinet were "spreading confusion on this issue" and "cheating India's cotton farmers and textile exporters through the India-US trade deal."

He insisted that "Bangladesh is being given 0% tariff benefit on garment exports to the US -- the only condition is that they import American cotton." He said an Indian minister had said that, "If we also want the same benefit, we will have to im-

port cotton from America."

Gandhi asked "why was this fact hidden from the country till now? And what kind of policy is this? Is this really any kind of choice -- or is it a trap designed to push us into a 'well in front, ditch behind' situation?"

Stating that the situation is that, "If we import American cotton, our own farmers will be ruined; if we don't import it, our textile industry will lag behind and get destroyed," Gandhi accused the government of getting into an agreement that is likely to "inflict deep damage on both sectors".

Reacting to his comments, Goyal said in a post that, "Rahul Gandhi was getting exposed by his own foolishness" and that when he could not find any fault with the India-US trade deal he is using "falshood" and "trying to sabotage India's growth story with his politics of negativity".

BJP calls Rahul leader of propaganda
IANS
NEW DELHI

The BJP on Saturday mounted a sharp counterattack against Leader of Opposition in the Lok Sabha Rahul Gandhi over his criticism of the India-US trade deal announced Saturday that he is attempting to "mislead" the country's farmers by spreading "propaganda" against the deal.

The reaction came after Rahul Gandhi launched a strong critique of the Centre over the trade pact with the United States, claiming that the agreement would "destroy" India's textile sector and severely impact cotton farmers.

In a video message posted on X, the Congress leader asserted that millions of livelihoods linked to textiles and cotton cultivation were at risk due to the deal.

Gandhi argued that the tariff structure under the agreement placed India at a disadvantage when compared to Bangladesh, suggesting that the disparity would hurt Indian industry and farmers alike. Responding to his remarks, BJP leaders and allies accused him of deliberately distorting facts. Several party

One PAN, Rs 25 crore loan; UPSC aspirant trapped in massive cyber fraud in Varanasi

Biswaajet Banerjee
VARANASI

A shocking case of cyber fraud has surfaced in which the PAN card of a UPSC aspirant was misused to take loans worth over Rs 25.59 crore, leaving a negative lien in his bank account. The fraud came to light when the student tried to make a small online payment of Rs 3,500 and his transaction failed.

The victim, Anurag Mishra, who is preparing for the UPSC examination in Delhi, attempted to pay his library fee through Google Pay on January 17. When the transaction failed, he checked his account and was stunned to find that his ICICI Bank account showed a negative lien of more than Rs 25 crore.

A panicked Anurag immediately contacted customer care and later approached the bank branch. The preliminary inquiry, it emerged that an unknown person had misused his PAN card to open a current account in Varanasi and availed loans worth crores in his name. The account was allegedly used to register a fake firm under GST and route financial transactions.

Following the complaint, the cyber crime team swung into action. Cyber crime in charge Gopalji Kushwaha said a case has been registered on the complaint of Kamlesh Kumar Mishra. Initial findings have raised suspicion of possible internal collusion at the bank, which is also being probed.

Officials said Anurag has no connection with the fake company and had never applied to open any current account in Varanasi. Despite this, loans running into crores and GST-

related actions were recorded in his name, exposing serious loopholes in verification processes.

The case has raised major concerns over cyber security and identity misuse. Police

and concerned departments are now working to trace the fraudsters and identify how a single identity document was used to create such a large financial liability in the name of an ordinary student.

Agencies
NEW DELHI

Booker prize-winning author Arundhati Roy has announced that she will not attend the Berlin International Film Festival due to the "unconscionable statements" made by the members of the festival jury about "the genocide in Gaza".

Roy was scheduled to attend the festival for the screening of her 1989 film "In Those Ones" under the Classics section. According to a statement published in The Wire on Friday, "The God of

Small Things" author said that "to hear the jury say that art should not be political is jaw-dropping".

"This morning, like millions of people across the world, I heard the unconscionable statements made by members of the jury of the Berlin film festival when they were asked to comment about the genocide in Gaza."

"To hear them say that art should not be political is jaw-dropping. It is a way of shutting down a conversation about a crime against humanity even as it unfolds before us in real time?" when artists, writers and film makers should be doing everything in their power to stop it," Roy said in the statement.
